County Dads of State in Session in Boise

O. G. ZICK OF TWIN FALLS COUNTY, CHAIRMAN OF MEETING.

Badly Chances Are Necessary to Give Legislative Relief to the People

Taxation was the feature of the first day's session of the state county commissioners and county assessors who began their annual convention at the Commercial club rooms Tuesday.

Discussion on Taxation Resumes after the Address of Welcome by the Mayor

Governor Halnes was not present and that part of the program for the reception by him of the delegates was eliminated and the program was followed as outlined.

CONTRACTS READ DIFFERENT

They Signed the Contract and Now They Regret It

It pays a man to sign a written instrument before he signs it. The man who has been preached into this view the day we first, in a cramped, shabby hall, tried to induce the lot at the top of the page in our copy-book at school. But, just the same, folks will persist in getting into a jacket-up contract.

REGIONS IN COUNTIES AND LOCALITIES

There were evidences of ancient activities in a vast number of local centers throughout the county.

Efficient and public initiative into the business of managing counties, towns, and villages. Groups of men and women are awakening to the needs of their local communities.

While realizing that the success of our children is largely dependent upon the start you give them when they are young, do not overlook the fact that it is not only the amount of money you leave them but also the kind of habits they learn from you.

The dollar they save out of their own pocket money, if placed in the bank, where they can see it grow, means more than just a little money saved up. It will mean the firm establishment of the habit of thrift, which will mean a great deal to them all through life.

This is important both to save for your children and to teach them to save for themselves. Parents ought to co-operate in this work. Home-New York, bank just north of the metropolitan Westchester has been vic-

timed for two or three generations mother, may be treated to save also by rival party machines which have stood for interbreed with. Good citizenship is the result of this year the Republic-

can run a straight ticket, and the Progressives and Democrats supported a fusion, or non-partisan, ticket, the subject of which was to get the county office out of the hands of professional politicians. There were many epithets of abuse, which in fact was a personal libel and which failed to do any good. It is a sad thing to allow party distinctions to govern county, town, or village elections. American citizenship is the best of us.

TALKS ON THRIFT

Nov. 29—FOR YOUR CHILDREN'S SAKE.

"I should think if of any man who did not leave his children a little better off materially than himself," Theodore Roosevelt. Children are expensive. It costs a good deal of money to bring them into the world. It costs more to bring them up—to feed, clothe and educate them.

Nevertheless, there are very few parents who would not do anything in their power to promote the well-being of their children. But parents do not always know what is best for their offspring.

In providing for the present needs and comfort of your children, do not forget the needs of the future. Nowadays young people cannot be too well prepared for the battle of life.

You are a wise parent, therefore, when you with your money, you save money to provide for the thorough education of your children, and, if possible, to give them some financial assistance in making their first independent career they may choose.

While realizing that the success of our children is largely dependent upon the start you give them when they are young, do not overlook the fact that it is not only the amount of money you leave them but also the kind of habits they learn from you.

The dollar they save out of their own pocket money, if placed in the bank, where they can see it grow, means more than just a little money saved up. It will mean the firm establishment of the habit of thrift, which will mean a great deal to them all through life.

This is important both to save for your children and to teach them to save for themselves. Parents ought to co-operate in this work. Home-New York, bank just north of the metropolitan Westchester has been vic-

timed for two or three generations mother, may be treated to save also by rival party machines which have stood for interbreed with. Good citizenship is the result of this year the Republic-

cent necessities. The larger planning and economies will fall to the lot of the husband and father. While the children are young, do not overlook the fact that it is not only the amount of money you leave them but also the kind of habits they learn from you.

The school savers banks are doing a lot of good, but there are not enough of them. Even where such institutions exist, parents cannot escape the responsibility of teaching their boys and girls to appreciate what money means. When a girl arrives at the age of twelve or thirteen years, she can well begin to learn from her mother the principles of wise buying, so that eventually she will be of great assistance to her mother in the marketing and other household purchases.

Girls, as well as boys, should be encouraged to earn money, by real activities, and both should early learn what banks are for, and how money grows.

When it is planted in the right soil, so it speaks.

There is a broader aspect of this subject because if our children are not trained in the principles of thrift—thrift as a whole will suffer for it later on. Germany, France and Belgium are educating the young to save in a sensible manner, and are finding that great additions are being made thereby to the national wealth.

The example of these older nations along this line is one which we would do well to follow in this country.

DON'T LET YOUR HAIR SPOIL YOUR GOOD LOOKS

Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beauty your hair with hairdressing, ribbons and hair bands. Kink-kinks make lumpy hair look even worse, because the contrast shows off its ugliness to greater effect.

If you want beautiful hair—soft, silky, lustrous and glossy—use Harmony Hair Dressing, a dainty, liquid hair dressing. Use it also if you want your hair to go into place—in waves, curls, or straight—easily, and stay where you put it. It is colorless, unobtrusive, and has a delightful rose fragrance. Very easy to apply—simply sprinkle a little on your hair, comb it through, and brush it.

Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp clean and free and rich, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich, lather that loosens dirt, cleanses, and soothes the scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet fragrance.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Dressing, 25c. Harmony Shampoo, 25c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Retail Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony Laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made—Skeels-Wiley Drug Co., Perrine Corner, Twin Falls—Adv.

SOME SELECTIONS IN COLLARS AND JABOTS

By JULIA BOTTOMLEY. There are so many designs in neckwear to choose from! Here are a few of them which are so faithfully pictured for the camera that it seems almost unnecessary to describe them.

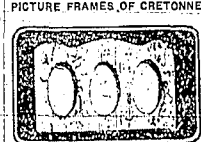

most popular of styles. Plain or dotted net alone, or net combined with shadow lace, makes the body of the collar and jabot as a rule. Platings are usually of net and are unobtrusive on many of the ribbons. The finest and different machine-made laces are handwoven designs for other weavers. These collars are lined at the sides and often adorned with small sparkling rhinestone buttons or collar-laces and nets are used for the jabots and when very short the platings are

made double—that is, one falling over another, as shown in the picture. High, close-fitting collars of net and lace are liked by young people. They are easy to make and a small bit of net and lace will furnish material for any one of a number of designs. They are usually finished with a tiny cravat, bow of velvet or silk ribbon. Buttons, too, play a part in their make-up.

Such collars should be lined at the sides and back. They fasten either with tiny buttons and eyes or busy buttons. Very elegant little cravats of velvet ribbon serve as a background for medallions of hand-embroidered lace. These are worn by all the grown-ups, young or old, and make most acceptable Christmas gifts. The medallions are in the high lace patterns and very delicate. They will outwear the bit of velvet and stand handier week in and out. The same medallions may be tucked to cravats of different colors from time to time. Bright green velvet ribbon, black and also vivid red are popular for cravats.

Picture frames are cut out of heavy cardboard and covered with cretonne. The back is covered with a strong, plain paper. Rings are added by which to hang them, or they may be made with a support, hinged to the back by means of a padded bit of cloth, like an easel.

CANCELLATION OF ENTRIES ASKED

Entrypmen Fail to Comply With Rules Requiring Cultivation of Land.

Cancellation of 129 Carey act entries comprising approximately 19,000 acres or about one-ninth of the land entered under the Idaho Irrigation company's tract surrounding Blufffield, Deerlich, Gooding and Shoshone, was taken into consideration by the state land board at a meeting held late yesterday afternoon. Application for the cancellation of the entries was made by Norman M. Bueck, attorney for the company. Grounds for the cancellation are that the entrymen failed to comply with the law in the matter of cultivation and proof, or failed to show that water was not available for the lands included within their respective entries.

Attorney Bueck explained to the board, and his statements were corroborated by Army Act Manager Stephen B. Taylor, that every one of the entrymen are non-residents of the various tracts in which they made their filings; that they have been only notified by registered letter that they had no made proof of cultivation and complied with the Carey act laws and that none of them has made an attempt to do so although the time limit has elapsed in which this is required, both by the laws and the rules and regulations of the land board. These entrymen made an initial payment of \$2.00 per acre to the promoting company and 20 cents to the state at the time of entry. Many of them are non-residents of the state and their lands stand unimproved today.—Capital News.

P. P. Holmes, who has a dry farm near the Shoshone town, is in the city and will remain for several days holding Mill business affairs.

J. E. Davis, assistant superintendent of the Oregon Short Line, was in the city the middle of the week from his headquarters in Portland.

W. J. Eldridge of the Eldridge Lumber company, returned Wednesday from Twin Falls City, Idaho, where he had been for several days on business.

Herman Stricker, one of the pioneer ranchers of the Rock Creek neighborhood, was a business visitor in the county seat for a day the middle of the week.

W. H. Anderson of Twin Falls, will open a cafe in the building now occupied by the Watt Furniture Co. as soon as that company vacates the building.—Barley Bulletin.

A. A. Wilcox, commercial agent for the Great Shoshone and Twin Falls Light and Power company, is in the city this week looking after business affairs for his company.

Mrs. E. M. Sawley and daughters returned yesterday from Spokane, Washington, where they had been visiting with relatives.—Barley Bulletin.

M. H. Day, conductor on the Halley or branch of the Short Line, is confined in his home by sickness. His place has been filled by A. M. Jensen of Porterville.

Rev. S. S. Sober left yesterday morning for Idaho Falls and Leslie in the Lost River county, to be absent for several days on business for the board of missions for the Church of the Brethren.

Mohr Fred R. Reed, executive committee member for the state of Idaho of the Pan-American exposition at San Francisco, was in the city yesterday.

W. H. Anderson, a brother of Rev. M. Anderson, arrived in the city Wednesday from Idaho and Ohio, where he has been visiting for the past year and a half. After visiting here for some time he will go on to his home in Harrison county, Ohio.

Mrs. Geo. Harlan and children returned the latter part of last week from an extended visit with relatives and friends in Illinois. On their return trip they were snow-bound in Niagara Falls for forty-two hours and are now more firmly than ever of the opinion that there is no place like Sunny Southern Idaho.

Congressman Smith has secured the passage through the house of a bill to restore to the voters the name of Mrs. Sarah P. Trimmer, of Twin Falls, and a bill to increase the pension of Jerome H. Grenstedt, Idaho, to \$4000 per month. Mr. Grenstedt is totally blind and deaf, and requires the periodical aid of another person to care for him.

Mr. and Mrs. George McAllister left Monday evening for Salt Lake City where they will visit for several weeks before returning to California.

On December 10, Twin Falls Chapter No. 23, O. E. S., will hold a chapter for the coming year. State and territorial officers are invited to attend and participate in the program.

County Commissioner D. E. Carlson left Tuesday evening for Boise, where he will attend the meeting of the county commissioners of the state. He was joined at Kimberly by County Commissioner Z. H. Brown of the county. Commissioners were called by Governor Hildner in connection with the tax question.

USE OF PARCELS POST

Gifts Which Are Useful During the Holiday Season.

Parcels mailed at the local post-office cannot exceed 72 inches in length and eight ounces.

Parcels must be securely wrapped and tied, and must have the sender's name and address on the upper left-hand corner.

Postage and articles of a perishable nature will not be accepted for mailing unless the sender pays and will not be accepted at all unless securely wrapped and marked "perishable." Fragile articles should be plainly marked "fragile."

Parcels can be insured for their value not to exceed \$25 for 5 cents in stamps and for not to exceed \$50 for 10 cents in stamps in addition to the postage.

The Christmas rush at the local postoffice will be on in force this week and the officials and employees are preparing for it. They furnished the above important hints to those mailing or who expect to mail packages. The fact that a parcel post package can be insured warrants no risk on the part of the sender and assures safe delivery if it put the sender will be delivered by his local Special Insurer Page are based.

The following instructions, if carried out, will be of great help if followed:

The patrons are kindly asked to endeavor to mail parcels as early before Christmas as possible in order to avoid any possible congestion and probable delay in the routing of the parcels by the addresses. Patrons are also asked to mail their parcels and letters as early in the day as possible as it is more convenient for them to be mailed upon at that time as many of the patrons do not come to the office until the afternoon.

CROPS COVER 1-7TH OF U. S.

Corn and Cotton Crops Most Valuable Ever Produced, Says Second.

Washington—With the most valuable crops of corn and cotton ever produced and the second most valuable oat crop, the value of the nation's 14 principal farm crops has again aggregated the enormous total of \$130,201,000, the department of agriculture announced Monday in its final estimate of "average" production and value. This is an increase of \$12,225,000 over the value for the same crops last year and \$26,772,000 over those of 1911, based on the prices paid to farmers on December 1.

The average of these crops is equivalent to a farm one-seventh the size of continental United States. The exact area planted to these 14 crops which is more than 95 per cent of the total of all crop area, was 293,625,000 acres, an increase of almost 5,000,000 acres over last year's area, and of more than 2,000,000 over the 1911 area. More than one-third of the total acreage was planted to corn.

For the crops as a whole the average production per acre was valued at about \$16.50. The corn crop averaged \$12.90 per acre; cotton \$22 by gins; beans, \$20.64; wheat, \$12.11; oats, \$11.47; sweet potatoes, \$68.00; rice, \$28.82; potatoes, \$25.10; tobacco, \$100.22 and soy, \$12.81.

Dear Friend: Why don't you put yourself on the pay-
roll? You pay the landlord, the grocer, the butcher, the
coal man, and the electric light company every month.
How much is there in it for you? Who are you working
for—the landlord, the coal man or yourself?

Next pay day why don't you bring your pay check
down to the bank and get it cashed, and, first of all, put
one dollar into a savings account. Then try keeping this
one each pay day for a while, and, if later on, you get a
raise, try to pay the amount of that raise to yourself.
Try to add it to your savings account.

MARKET NEWS.

March 10, 1915. Mr. and Mrs. Frank L. Johnson were passengers to Twin Falls Wednesday, where Mr. Johnson is receiving treatment for his eye at Dr. Shurgan. He has to receive treatment here but says his eye is now feeling better than it has for a year and he expects to be well.

LIVE NEWS FROM IDAHO.

(From the Idaho Herald.) Mrs. H. J. Kelly and P. Reed spent the week-end at Twin Falls. Mr. G. G. Constant was in Twin Falls business yesterday. A. G. Constant was a Twin Falls business visitor Saturday.

FOR NERVOUSNESS

Nervousness comes from nerve exhaustion, an inability to resist the effects of some sort of toxic body, usually by lack of nerve nourishment. If you are nervous, you need a nerve food—something to tone and strengthen your nerves. It will give you a new vigor and strength and health for the mind and every part of the system. It is a real medicine, containing ingredients necessary to overcome your weakness and nervousness, and give you new strength and life and health to every part. It may not make you feel better the first day, because the nerve food has to get into the blood before the good work of rebuilding can begin.

Advertising has no value unless it is founded on truth. Every statement we make is absolutely true. Our Business is Your Business. A FEW FACTS AND A FEW FIGURES.

You have read our "Foreword" and you know we're going to tell you the truth about our business and our company. When we say "your" company we mean your company, too—for you are a partner in the business. Our company (your company), as now constituted, embraces the seven states in the Rocky Mountain region; it owns and operates 198,666 telephones. The actual cash value of the wire, poles, switchboards, batteries and instruments (the "tools" with which we make your service) is \$3,271,335. The total issue of treasury stock—the money which we paid for these properties (these "tools") is \$29,633,600, and we have no bonds. You see, we have over three million dollars more invested in actual physical property and equipment than we have stock issued. Your service is based on the larger amount—the actual physical valuation, but your rates are based on the smaller amount—the money invested in our business. In other words, you get the benefit-in-service of over three million dollars for which you pay nothing. The money you pay for telephone service goes to the operators, the linemen and other employees in salaries and wages. It goes to pay for our supplies and material, our taxes, insurance, dividends and other necessities. Not a cent of it goes to pay for extensions and additions to plants, new switchboards, new exchanges, or Long Distance lines. The money for these things comes from the people who invest their savings in our business. We pay them seven per cent for the use of their money. You'll admit that this is only a fair return upon their money—and a great deal less than your grocer makes on the money he has invested in his business. We realize that you are not an accountant. We don't believe you would read a lot of figures if we printed them. We have these figures, though, prepared under the direction and supervision of the Interstate Commerce Commission. They are ready for your inspection at any time. We'll show them—explain them—and prove them to you any time you say. Each of our advertisements will contain a few of these figures—not enough to worry you—but enough to prove the truth of our statements.

All Skin Remedies Fail

Have you tried all the advertised skin remedies without success? Have you spent needless money in vain? And you still suffer from that terrible, itchy, hot, that horrible, unsightly skin disease? Do not despair. Consult the doctor and you will receive the relief you need. We will prescribe for you the best of all. We will give you a full size bottle of the D.D.D. Prescription for Eczema, a simple, reliable remedy on your positive guarantee that unless it cures the itch AT ONCE it will cost you not a cent. You owe it to yourself to take advantage of this offer. We are confident it will succeed or we will refund the money to you. D.D.D. is a penetrating liquid that kills and washes away disease germs, leaving the skin smooth and healthy. A few bottles is enough to start the cure of the most obstinate cases of Eczema, Psoriasis and all other skin diseases. Write for a catalogue and ask us about it. Deftard Drug Co.—Adv.
