## Sweeping Rate Decision Made Public Utilities Commission Decides Wendell Case

### Fix Rates for All Power Companies of State

**Great Shoshone Company Must Not Make Lower Rates at Competitive Points as Against Monopolies.**

Unfair methods of rates to be charged consumers in the towns and villages of Wendell, Gooding, Mountain Home and Glenns Ferry for electricity by the Great Shoshone and the Idaho Power & Light company, forcing the Great Shoshone power company, as ordered by the public utilities commission of this state through an order issued and made of record with that body. The ruling is on that complaint of the village of Wendell against the Great Shoshone & Twin Falls water power company in which the charge was made that the company had discriminated against Wendell in the matter of rates as compared with other power companies in that territory.

The Great Shoshone power company has made a part of the proceedings and this was subsequently ordered. The commission later found that the charge of discrimination as made by Wendell against the Great Shoshone & Twin Falls water power company was well founded in case of the Great Shoshone company was required to immediately reflect all outstanding bills in Wendell home, Glenns Ferry and Gooding. Shortly afterward the Great Shoshone company filed a protest with the Public power company over the field and gave consumers very low rates. The commission then made a further investigation and ordered both companies to present to it a list of outstanding accounts in Wendell and Glenns Ferry and Gooding.

Now the commission orders both companies to put in a uniform schedule of rates for consumers in that territory in unpriced territory and collect all outstanding bills and recompute the rates of all consumers and to proceed with and put in force in the villages of Glenns Ferry, Mountain Home and Gooding as far as uniform rate which is brief as follows:

#### Resident Rates

For one consumer kilowatt-hour for the first 20 kilowatt hours: 65 cents for the next 30 hours; 55 cents for the next 20 hours; 4 cents for the next 20 hours, and 3 cents for the next 40 hours. These rates are subject to 10 per cent of tax on the first 20 hours of each month. Minimum bill 70 cents per month for all kilowatt-hour fees paid on or before the 10th of the month succeeding that in which service is rendered; otherwise, the minimum charge will be \$1.00 per month.

#### Commercial Rates

Seven and one-half cents per kilowatt-hour for the first 20 hours; 6 cents for the next 50 hours; 4½ cents for the next 100 hours; 2 cents for each additional. The 10 per cent surcharge is also allowed on the first 20 hours of each month.

The minimum charge is fixed at 70 cents per month for all kilowatt-hour fees paid on or before the 10th of the month succeeding that in which service is rendered; otherwise, the minimum charge will be \$1.00 per month.

#### Homes Rates

The following home rates are established for smoking, incans, cleanants, small house motors, etc.: 3 cents per kilowatt-hour for the first 20 kilowatt hours; 2½ cents per kilowatt-hour for all additional kilowatt-hours.

The commission directs the Great Shoshone company to file the following schedule as a supplemental rate schedule establishing rates for Wendell and rural districts:

#### Residential Services, Etc.

The following rates are provided by the order for benevolent, religious and missionary institutions: 20½ cents per kilowatt-hour for the first 20 kilowatt hours, with commercial minimum.

The commission directs the Great Shoshone company to file the following schedule as a supplemental rate schedule establishing rates for Wendell and rural districts:

#### Commercial

Seven and one-half cents per kilowatt-hour for the first 20 kilowatt hours; 6 cents for the next 50 hours; 4½ cents for the next 100 hours; 2½ cents for each additional. The 10 per cent surcharge is also allowed on the first 20 hours of each month.

The minimum charge is fixed at 70 cents per month for all kilowatt-hour fees paid on or before the 10th of the month succeeding that in which service is rendered; otherwise, the minimum charge \$1.00 per month.

#### Commercial

Seven and one-half cents per kilowatt-hour for the first 20 kilowatt hours; 6 cents for the next 50 hours; 4½ cents for the next 100 hours; 2½ cents for each additional. The 10 per cent surcharge is also allowed on the first 20 hours of each month.

The following residential rates are established for smoking, incans, cleanants, small house motors, etc.: 3 cents per kilowatt-hour for the first 20 kilowatt hours; 2½ cents for the next 50 hours; 4½ cents for the next 100 hours; 2½ cents for each additional. The 10 per cent surcharge is also allowed on the first 20 hours of each month.

#### Commercial

## REJUVENATION OF THE SONS OF JOVE Members and Candidates Present From all Over the Country

### CEREMONIES HELD IN MASONIC TEMPLE SATURDAY EVENING

**Jovian Order Has Grown to Be the Strongest in the United States—Membership of 34,000.**

One of the best arranged Rejuvenations of the Jovian Order that has ever been held in Idaho was conducted in the Masonic hall Saturday evening under the skillful management of H. T. Fulten, chairman, and S. Gates, secretary, of the local committee.

During the afternoon, the visiting Jovians were treated to a ride to the Great Shoshone falls on the now famous water battery interurban line. This was a real treat, especially to those from the East who have never seen the falls or ridden on storage battery cars.

The "ceremonies" of the ritual were transferred in an unusually capable manner by the following degree team:

E. C. Weller, Neptune.

A. W. Hull, Pluto.

P. H. Hauer, Pluto.

A. K. Seaver, Vulcan.

R. C. Vancil, Mars.

W. A. Major, Mercury.

The fifteen electrical men to be made Jovians on this occasion were:

I. W. Green, power plant foreman, Great Shoshone Co., Twin Falls.

H. D. McLean, superintendent transmission, Great Shoshone Co., Twin Falls.

F. E. Gray, power engineer Hot Point Heating Co., Seattle.

D. F. Cook, office manager Great Shoshone Co., Twin Falls.

L. E. Fulton, conductor Twin Falls Interurban Co., Twin Falls.

J. T. Krivinek, district manager Great Shoshone Co., Jerome.

F. P. Hall, foreman Great Shoshone Co., Twin Falls.

T. C. Stiles, manager Mt. St. Helens Telephone & Telegraph Co., Co. Twin Falls.

The Jovians were entertained by the Great Shoshone Co., Twin Falls.

Pluto, Norman, substation foreman, Great Shoshone Co., Twin Falls.

John Stumpf, senior sales agent, Idaho Fuel & Gasoline Co., Twin Falls.

A. R. Overman, sales manager, Hughes Electrical Heating Co., Twin Falls.

C. D. Tull, manager Electric Auto Co., Twin Falls.

**PORTLAND MARKET REPORT**

North Portland, Ore., Feb. 27, 1914.  
Gentlemen: Receipts for the week have been: Cattle, 1724; salver, 20;

hog, 3434; sheep, 5261.

Cattle.

This week cattle trade showed a few soft spots, but was generally good. The big Monday run of steers clipped to rent out from pricier. Sheep market received a great deal of light. But the week on the market has been rather thin. These sheep brought \$7.50 and \$7.60, while lambs and calves \$9.00. Killers have not been over-supplied the staff and the market appears very steady.

Hogs.

Time dropped back to \$5.70 Thursday, which is 15 cents under Monday's price. Prices are scarcely more than a week ago. The market is on a tear with February, but as many unexpected things have occurred in the early market this year, the operators have gone to cover. Market steady with outlook good.

Sheep.

Mutton and lamb prices hit the high place this week. Tuesday, Wednesday and Thursday were barren of receipts. Friday was a quiet day and market and market remained stationary. Monday, the big day and fat mutton or lambs were attractive commodities. A few lambs appeared in the ring, mostly weaned "off" lambs at \$3.85 each. \$4.75 for fat lambs, and fat lamb demand found a ready outlet at \$6.75.

The following table are representatives:

No.	Weight, Price
223 Steers	1272 \$5.15
191	1184 7.20
	1179 7.75
169	1174 7.50
199 Hogs	275 8.85
275	284 8.90
276	284 8.75
277	287 8.75
278	287 8.75
279	287 8.75
280 Lambs	1155 7.05
281 Calves	1110 6.75
282	1110 6.75
283	1110 6.75
284	1110 6.75
285	1110 6.75
286	1110 6.75

## TWO MAPS AND TWO METHODS

In the nine foreign countries shown on the map there is a total population of 214,878,500.

More than one hundred times as many people as there are in the territory of your telephone company.

Yet all nine of these countries could be laid down in your telephone company's territory with several thousand miles to spare.

Your telephone company operates 222,672 telephones in an area of 777,700 square miles.

In these seven states there is one telephone to every eleven people.

In Europe there is only one telephone to every forty-three people.

In Europe the government owns the telephone companies.

In the United States the telephone users, through their Public Utilities Commissions, control them.

The development shows which is the better way.
