TO QUALIFY AS "BEST MAN"

Man Who Has Risen From the Ranks to High Position Describes Qualities One Must Possess.

What constitutes the "best man" in any line of commercial activity? The question put to the New York agent of a steel corporation who came up from a puddler in his company's plant. The requisites to make such a man, in his opinion, are: "Amenable to discipline and able to take criticism in good form. "Ability to apply patience and consideration to those who through force of circumstances are placed under him. "Must not hesitate to criticize when criticism is needed, and for the sole benefit of his company. "Perform such work as comes to him with the best of his attention. "Does not pay too serious attention to the clock and is willing to work a few minutes over time without protest. "Takes the assignment of new and difficult work to him with good grace. "Always ready to profit by his associations with his fellow workers."

LINE OF LEAST RESISTANCE

It is natural and easy to follow the line of least resistance. But it is the hardest thing in the world to spend money foolishly or carelessly. It takes strength and determination to resist the temptation to do so, but successfully resisting the temptation brings two rewards: a satisfaction of your mental and moral backbone and an increase in your material resources.

We want to help you all we can in your efforts to get ahead in the shape of money saved.

STATUS OF STATE HIGHWAY

Report by Highway Engineer to Commercial Club.
State of Idaho—Highway Department.
Boise, Idaho Buildings, April 25, 1914.
To the Commercial Club, Twin Falls, Idaho.
Dear Mr. McMillan: I am in receipt of your letter of the 22nd in regard to a map of the estimate for the Twin Falls section of the highway. At the time I made the estimate the field notes did not show the location of the road between the highway and the river and I was therefore not able to segregate the portion of the cost attributable to the road. I have since obtained a map of the highway which shows the cost line and I have thereupon made a revised estimate to show the cost of the highway from this line to the east boundary of Twin Falls county. It is now appearing as follows:
Twin Falls County Exclusive of Half Highway District:
Earth work and grading, \$14,962
Buildings and culverts, \$12,952
Total, \$27,914
County share of cost, two-thirds, \$18,276
The money to be raised and collected from the Twin Falls county is \$18,276. It is estimated that the amount of the highway can be adjusted to the amount of the county share of the cost. The amount of the highway can be adjusted to the amount of the county share of the cost. The amount of the highway can be adjusted to the amount of the county share of the cost.

...prisoner gazing upon the ground that is not for him. Three other men, members of the London club, were mingling with the crew in a friendly fashion and enjoying themselves; but John Collins, seaman, looked at the surroundings.

...Walter said a little of this circumstance, Tom would have passed him by without a word; but just as he got behind the man, Collins stood upright with a sudden movement and said: "This is a man who has been with my clearest light, at the same time spluttering an oath. He favored Tom with a helpful glare.

...Tom said, "I'm not feeling very anxious look with eyes so somber that Tom was alarmed. 'A touch of health don't let me spoil your appetite' he said, and then he looked at Tom, who mused for the moment of a while, his own countenance reflecting his sudden awakened concern.

...The three other men—his bulky companion, a stout, round man, and a thin man, who looked at Tom with only a brief and in a general way.
