WORKINGMAN'S COMPENSATION

Draft of Proposed Law Submitted to Governor Haines.

The workmen's compensation commission appointed by Governor Haines last year to report a law to the next session of the legislature has completed its work.

This commission consisting of J. C. Reynolds, of Spirit Lake, chairman; E. M. Hoover, of Boise, treasurer; A. H. Conner, of St. Paul, Idaho; secretary; Messrs. W. H. Tennant, of Wallula, T. W. Robinson, of Portland, and J. P. Nicholas, of Wartburg, Idaho, have reported their findings and recommendations to the governor.

The commission has recommended a bill which provides for the payment of compensation to the dependents of a workman who is injured or killed while engaged in his work. The bill also provides for the payment of compensation to the dependents of a workman who is injured or killed while engaged in his work.

generally followed in recent enactments. The entire bill is modeled after safe and conservative laws as to its general features; the changes referred to herein are those patent defects and omissions shown in the experience of other states.

The provisions of the bill recommended by the commission to the governor are as follows:

Administration.—Administration of the general duties of the industrial accident board, is provided for in a number of these provisions. Two of these consist of the commission of labor and immigration and the state insurance commissioner, the chief executive member being appointed by the governor. The bill contemplates a division of the duties of the commission in such a way that the appointment of but one new state official is necessary, an economy to be contemplated.

It also has the provision of all-branch employment under the supervision of the labor commissioner and the insurance features in the office of the state insurance commissioner, leaving charge of the compensation features of the act to the executive member, a satisfactory working body also approved by Governor Haines last year to investigate and recommend a bill to the next legislature.

The commission has recommended a bill to the next legislature, which provides for the payment of compensation to the dependents of a workman who is injured or killed while engaged in his work.

come under the net must be considered. **Abrogation.**—Liability—Defense of "contributory negligence," "assumption of risk," and "negligence of a fellow servant," are abolished by the act, but all employers who elect not to come under the act, but are available to compensation who does come under the act, are not affected.

It also has the provision of all-branch employment under the supervision of the labor commissioner and the insurance features in the office of the state insurance commissioner, leaving charge of the compensation features of the act to the executive member, a satisfactory working body also approved by Governor Haines last year to investigate and recommend a bill to the next legislature.

The commission has recommended a bill to the next legislature, which provides for the payment of compensation to the dependents of a workman who is injured or killed while engaged in his work.

bill or where the financial ability to meet the liability of the board. Stringent provisions for the enforcement of this plan as well as "immediate" availability of "insurance" are provided. Special provisions are required as in plan number one.

Compensation Plan No. 2—Compensation plan number two is modeled along the lines of the Washington law, occupational being divided into classes according to the hazard of the industry.

The actual experience of the state in industrial accident cost is made the basis of premium charges, rather than the assumed knowledge of the industry, and the commission has recommended a bill to the next legislature, which provides for the payment of compensation to the dependents of a workman who is injured or killed while engaged in his work.

immortal." Sunday school at 10 a. m. Fraternal meeting Wednesday at 8:15 p. m. Reading room in church open from 2:30 to 3:30 p. m., except Sundays and holidays.

The third sermon, in the series on "The Great Awakening of the Twentieth Century," at the First Baptist church next Sunday at 11:00 a. m. "China, A World Bleeding, or A World Bright, Which?" At 8:00 p. m., "The First Church of the Bible in the Light of Today." Home for a few more in the up-to-date Sunday school at 10:00 a. m. Live young people's meeting at 8:00 p. m. at the home of Mrs. M. J. Smith, the pulpit of the local Baptist church will be occupied by Rev. Chas. L. Trawin, pastor of the Baptist church at Boise, and the pastor of the church here will read the Sunday with the Boise church.

RESOLUTION TO THE COMMISSION

City Council Takes Action on Power Situation.

"Whereas, the Idaho Power & Light company, commonly known as the Beaver River Power company, has applied to the public utilities commission of the state of Idaho, for a certificate of convenience and necessity, to permit it to operate under a franchise heretofore granted by the city of Twin Falls, to the Beaver River Power company, and by it transferred to the Idaho Power & Light company; and Whereas, an order of the commission has heretofore been made excluding the said Idaho Power & Light company from operating in the said city of Twin Falls under such franchise; and Whereas, a copy of said petition of said Idaho Power & Light company has been served upon the city for answer by it; Now therefore be it resolved by the Mayor and the Council of the city of Twin Falls:

exorbitant with the advent of the Beaver River Power company interest, when it reduced the rates slightly. That it would greatly benefit residents of the city of Twin Falls, if the Idaho Power & Light company were permitted to carry on its business in said city. That proper and the regard for the growing needs and necessities of this community demand that the electrical power resources of the Idaho Power & Light company be available to the residents of the Twin Falls tract; that the future development and growth of the said city and tract would be greatly advanced and encouraged by making this supply of electricity available for use.

That the Mayor and City Council of the city of Twin Falls being in best of said city, do state as they believe and opinion that the commission and necessary to the Idaho Power & Light company, under the franchise granted to it by the commission, to do business in the city of Twin Falls, under the franchise ordinance heretofore granted to it.

LOST PART OF SCALP
Halley Man Meets With Stripes Accidents in Minn.
Proposed to be laid at his home on Halley street, the city, J. C. Sawyer, superintendent of the Kimberly Milling company, was in the city for several days of this week looking after business matters.
Mr. and Mrs. W. C. Hazard were in the city Tuesday of this week, returning from their home at Bear Lake. Mr. Hazard is interested in the promotion of the electric plant which his friends hope to install at Clear Lake.

This is somewhat unexpected on Mr. Sawyer met with an accident Wednesday that might have been fatal if it had not been for the fact that he was coming out of the long tunnel pushing the last loaded car for the day. The car was running down grade at a good clip when it jumped the track. Mr. Sawyer was thrown against the side of the tunnel. He felt a scraping on his head but he paid no thought to it until he found it bleeding by his hat. He picked up the car and leaving it on the track, went to the boarding house. On taking of his hat to wash his hands and face he found it bleeding from the forehead. His head had evidently planned against rock and he had almost been killed. A large iron shoddy tin extending from both temples to the back of the head being so nearly secured from the scalp that it fell back on the pillow when Mr. Sawyer was put to bed.
A telephone call was given to Halley for an auto and by 5 o'clock Mr. Sawyer was home with a bruise on the top 28 stitches in the scalp—Halley Times.

POWER PLANT ON CLEAR LAKE

Owners Wish to Supply Electrical Energy for County.
William C. Hazard, of Milwaukee, Wis., president of the Clear Lake Power & Improvement company, accompanied by his attorney, appeared before the public utilities commission on Monday afternoon and filed a petition for a certificate of convenience and necessity for his company to construct and maintain electric transmission and distribution lines in Twin Falls county for the benefit of the cities and towns of that section.
Clear Lake is eleven miles from the business of the corporation. It is incorporated for \$100,000. Of the stock, \$50,000 is common and \$50,000 is preferred. Of this total, \$25,000 has been issued having \$11,500 in the treasury.
The petition includes a financial statement of the company. As to earnings and expenditures it is set forth that as the plant is still in the

in a local demand for this power; that there is a need of it to supply all of Twin Falls and all the surrounding country; that because Clear Lake is fed by numerous springs the power would be uniform throughout the year and never interfered with by freezing or shortage of water; that because of the fact that the water could be sold at a lower figure than the power of competing companies and still at a profit to the company.

Company representing this plant are described in detail and the statement is made that the transmission line would be but 20 miles in length. It is the intention to utilize this energy for best as well as for light and power.
Sawyerman.

The Porter home was the scene of a very beautiful affair in honor of Mrs. Porter on Sunday evening. The affair was given by Misses Dinkus, Hays, Porter and Cook entertained in honor of Mrs. Porter. The room was decorated with flowers, and the tables were set with a table of flowers, and yellow and white flowers were carried out throughout the affair. The afternoon was spent in talking fortunes, after which each two guests wrote a chapter on Miss Porter's life. These chapters were read before the company and proved for much amusement. Each of the guests were served. Miss Stuckley received many beautiful gifts from her friends.

Mrs. Green, entertained about forty of her friends on Sunday evening in honor of John Williams, who will leave shortly for Idaho. The affair was given in the Odd Fellows hall and an enjoyable evening was spent until the party was over. Each of the guests on the evening when dancing was indulged in.

Miss Polly Thomas entertained ten of her friends in honor of her birthday on Tuesday evening. The hour set for the party was 7:30 o'clock and every little girl was there for the party. After the party was over the girls were invited to a party at the home of Mrs. Thomas.

The attention includes a financial statement of the company. As to earnings and expenditures it is set forth that as the plant is still in the

in a local demand for this power; that there is a need of it to supply all of Twin Falls and all the surrounding country; that because Clear Lake is fed by numerous springs the power would be uniform throughout the year and never interfered with by freezing or shortage of water; that because of the fact that the water could be sold at a lower figure than the power of competing companies and still at a profit to the company.

Company representing this plant are described in detail and the statement is made that the transmission line would be but 20 miles in length. It is the intention to utilize this energy for best as well as for light and power.
Sawyerman.

The Porter home was the scene of a very beautiful affair in honor of Mrs. Porter on Sunday evening. The affair was given by Misses Dinkus, Hays, Porter and Cook entertained in honor of Mrs. Porter. The room was decorated with flowers, and the tables were set with a table of flowers, and yellow and white flowers were carried out throughout the affair. The afternoon was spent in talking fortunes, after which each two guests wrote a chapter on Miss Porter's life. These chapters were read before the company and proved for much amusement. Each of the guests were served. Miss Stuckley received many beautiful gifts from her friends.

This is somewhat unexpected on Mr. Sawyer met with an accident Wednesday that might have been fatal if it had not been for the fact that he was coming out of the long tunnel pushing the last loaded car for the day. The car was running down grade at a good clip when it jumped the track. Mr. Sawyer was thrown against the side of the tunnel. He felt a scraping on his head but he paid no thought to it until he found it bleeding by his hat. He picked up the car and leaving it on the track, went to the boarding house. On taking of his hat to wash his hands and face he found it bleeding from the forehead. His head had evidently planned against rock and he had almost been killed. A large iron shoddy tin extending from both temples to the back of the head being so nearly secured from the scalp that it fell back on the pillow when Mr. Sawyer was put to bed.
A telephone call was given to Halley for an auto and by 5 o'clock Mr. Sawyer was home with a bruise on the top 28 stitches in the scalp—Halley Times.

Every Week More and More Sick People are Taking My Chiropractic Adjustments and are Being Restored to Perfect Health by Nature

They have faith in the science of Chiropractic, because it has been explained to them because they have learned how logical its conclusions are, because they have received chiropractic adjustments—and have seen immediately how this wonderful science DOES REMOVE THE CAUSE of disease. It has now been proven that disease is not sent by providence or a result of fate or chance but that it is a definite EFFECT following a definite CAUSE and that disease can be prevented.

A host of questions have no doubt arisen in your mind, which require an answer from me. I shall be pleased to have you call at my office and will deem it a privilege to furnish a further explanation to prove that Chiropractic is based on logic and is applicable to your case.

Remember, I do not ask you your troubles. I analyze your spine and tell you what your trouble is.

LINE OF LEAST RESISTANCE

It is natural and easy to follow the line of least resistance. It is doing the hard things that develops character. It is the easiest thing in the world to spend money foolishly or carelessly. It takes strength and determination to resist the temptation to do so, but successfully resisting the temptation brings its rewards—a stiffening of your mental and moral backbone and an increase in your material resources.

We want to help you all we can in your efforts to get ahead financially—to create a tangible proof of your accomplishments in the shape of money saved.

Start an account in the Savings Department. Interest 4 per cent—compounded semi-annually.

ALIAS SUMMONS.

In the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls.

The First National Bank of Twin Falls, a corporation, plaintiff, vs. Duncan L. Alexander, defendant.

The State of Idaho sends greetings to the above-named defendant, Duncan L. Alexander.

You are hereby notified, that a complaint has been filed against you in the district court of the Fourth Judicial District of the State of Idaho, in and for the county of Twin Falls, by the above-named plaintiff, and you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere.

This action is brought to collect a certain promissory note made by the defendant to the order of one James McCoy, for the sum of \$500.00, dated October 27th, 1934, due six months after date, with interest at the rate of 10 per cent per annum, and the further sum of \$100.00 attorney's fees hereon, together with the costs and disbursements of this action, which said note is due and payable, and in due course of business without notice, came into the possession of plaintiff.

And you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint, a copy of which is hereby attached and herewith served upon you, and you are further notified that the seal of said District Court, this day of May, A. D. 1934.

PIERER NEWS

(From the Pierer Journal.)
To be a hard matter, usually, to land a surprise on the Journal but the class of 1914 certainly put one over when they arranged their class book, "The Piler," which made its appearance this week. The book contains 100 pages great credit upon this little community. The work shows ability of a high order and is doubly "classy" because it covers the year. The work was done by the Twin Falls Times, and is a credit to that concern. The book can be had at the drug store as long as they last at \$1 per copy and should find their way into every home in the school district. It is a matter in which everybody can have a pride, as it is the work of the youngsters who have grown up amongst us.
Edward Williamson, one of the biggest doing younger set of Sucker Hill, was in to purchase a buggy of Piler dealers the first of the week.
Mr. Harlan, one of the foremost mechanics of the tract, who owns a splendid overland near Oliver, was here for his visit to the school inspecting the track.
The Piler and Buhl High school teams played a great game on the scenic grounds yesterday. The game went to Hulings, when Buhl won the deciding race. At the end of the 20th inning, the score was 3 to 2.
Carl O. Walter returned this week from his visit to Ohio. Mrs. Walter will visit for several weeks longer before returning. Earl says he never wants to live back there again.
The water was frozen and the spring cut and lots of snow.
A Phelps moved with his family this week to his home in the Shoshone basin. Mr. Phelps has many friends in that country, and is landing his family in a fine home.
The Greater Salt Lake Train Executive's band of 25 pieces and a major conductor. Other information to be given in the program will appear in these columns later.
Harry Hammerquist, H. A. Reynolds and Guy Shearer, members of the 77th T.M.P., went to Twin Falls Tuesday to investigate the street lighting system in place of the present arc system in Piler. They are considering a proposition of single lights at the corners around town. A sample light will be installed at the school before the end of the usefulness test.
Mr. Barker spent the day here yesterday visiting Rev. Finley.
Elmer E. Hugg, vice president of the

bank, was a Salt Lake visitor over Sunday.

Mr. and Mrs. Whitworth, parents of Mrs. Finley, accompanied by their daughter, Lei Belle, from Murtagh, are visiting here.

"Gull" fishing is reported by all the anglers who have been trying out the ponds, lakes and Snake river.

L. S. Lambing was in Piler last Friday renewing old acquaintances and transacting business on the side.

Wm. Hance left Saturday for a month's visit to his old Missouri home. "Bully" goes back just to his "show" about every six days.

M. E. Finch, a one time resident, and an always boner of Piler, was in the city from Twin Falls on business matters Wednesday.

The Davis Bros. "Terry" team is still maintaining proportions. The boys will have a lot of the finest horses in the county when completed.

Irish Adkins was in town one day last week. He has been athletic instructor in Chicago for a year, but couldn't resist the call of the west. Buhl would not refuse to take on such an expert teacher just to keep his hand in. Who wants a match?

It seems that the frost has done but little if any damage in fact. In fact the trees are so full of blossoms that it would be a blessing if about half the prospects were blighted. They would be plenty left.

H. G. Mayson has had a well drilled on his Cripplefoot. He struck water at 140 feet and has 50 feet of water. Wells on the tract are the stiff and sooner or later every farm will be equipped.

Another tragedy was narrowly averted last Sunday morning. When John Jarvis, the ditch rider, was running over the road, he discovered the little five-year-old son of Fred J. Kluss in the canal. The little fellow was playing in the water, moving water and near the top of the bank. Mr. Jarvis, who was something of a dandy, horse some 200 yards away happened to notice that something was amiss and sprinting quickly to the scene jumped neck deep into the water and rescued the child after it had floated some fifty feet.

ROCK-CREEK NEWS

Rock Creek, Ida., May 16, 1914.
Mr. and Mrs. Lawrence Hansen are here for the last time. They are leaving for last Sunday. A good number attended. Mrs. John Peterson from Oakley, was an out-of-town visitor. Every one reports a most enjoyable day spent in visiting.
Mrs. Ed. Dornrose spent this week in Piler with friends and relatives in Kimberly.
A good crowd attended the five-cent social at Pleasant Valley last Saturday night and enjoyed the program and lunch very much.
Miss Myrtle Elmer of Kimberly, spent last week the guest of Miss Freda Dornrose.
Rev. McMillen, travelling Sunday school missionary for six counties, was with us last Sunday. He made a short talk at the Sunday school in the morning, then visited the Piler school. Sunday night he delivered a very interesting lecture at the school house, which was enjoyed by a good crowd. We always appreciate Mr. McMillen's visits and hope he will be able to come more often in the future.
We now have a Sunday school organized which meets at 10 o'clock every Sunday morning and we hope all the young people will make it a rule to attend, also all the older ones that can possibly come.
Miss Maude Tatro, who underwent an operation at the Twin Falls hospital last week to remove a tumor, is now as usual very nicely and will be able to be removed from the hospital some time soon.
Mr. and Mrs. Peterson, who have been with Mr. and Mrs. Peterson for the past week, has returned to his home at Oakley.
E. M. Crockett spent several days last week at Twin Falls attending to his business affairs.
Mrs. Kate Larsen visited at the Crockett ranch last week.
James Murphy's clover holler is around finishing up jobs that were left last fall.
The Twin Falls Canal company are having a well drilled on Messers-Larsen's ranch to test the extent of seepage water. The crew is handling with Mr. and Mrs. Martina Larsen.
Dick Haray was over Sunday from the cowboys camp. He reports that R. Pearson resigned and a new superintendent now on the line.
Henry Hansen "took" everybody's surprise Tuesday when he flew in from Los Angeles, California, where he has been for over one year.
The county commissioners have lately discovered that there are a few people in the Rock Creek all of whom are taxpayers and ready to appreciate a little recognition in the distribution of the county road funds, as a result of the late discovery a band of men and teams are at present at work grading the roads along the Rock Creek line for four miles.
Mr. and Mrs. Theodore Miller were over from the Point Ranch visiting with their parents at the Garrity ranch this week.
Miss Freda Dornrose left Monday for Hansen. She will be with Mr. and Mrs. Vanderpool for an indefinite period.
Mr. and Mrs. B. F. Hays of Kimberly, were over Monday on business.
Miss Ethel Larson will entertain the W. C. T. U. on Friday May 22nd.
Robert Dross has a force of men at work building a new barn.
Miss Wanda Dross is at home this week.
The Rock Creek school will be out Friday. The teacher and children will have a picnic at the home of Mrs. H. P. Larsen on the lawn. The parents of the children are invited to attend also.
The high ball is the prevailing sport. Rock Creek has decided to have a team. A meeting was held on Sunday afternoon, the following officers were elected: George W. Hulings, Billy Kitch, captain; Marion Larsen, secretary and treasurer. The boys are very enthusiastic and have announced a dance for Thursday night to raise some money for the cause. They would like to hear from all outside towns who wish to play with them. All communications should be addressed to Orley Tilley, Rock Creek, Idaho.

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Idaho State Highway Commission at the office of the Secretary, Boise, Idaho, until ten o'clock A. M., Monday, May 18, 1914, for the construction of portions of the proposed State Highway in Twin Falls county, as follows:

From the Snake River near Owsen's Ferry to the east line of Twin Falls County, via Buhl, Twin Falls and Murtagh, extensive of the portion of said highway across the Buhl Highway Triangle, about forty-four miles. Also the portion of said highway in the Buhl Highway triangle, about seventeen miles; in all about sixty-one miles.

This work contemplates the construction of a road of the earth, sandstone or concrete type, the character of which will be designated approximately upon the plans and profiles. Separate bids are requested for general grading work and for bridge and culvert construction. No bid will be considered for any portions of said highway less than one mile in extent.

Plans, profiles, specifications and contracts may be seen, and proposal forms obtained, at the office of the State Highway Engineer, Boise, Idaho, and also at the office of the Turner, Chairman, State Highway Commission, Pocatello, Idaho. An individual set of plans and specifications will be furnished a bidder upon a cash deposit of \$2.00 for each contract. Said deposit to be returned to bidder to whom the contract is awarded.

Each proposal must be accompanied by a certified check in favor of the State Highway Commission, for the amount of the bid, but to be enclosed with the bid, but to be forwarded in a separate envelope.

The bidder to whom the contract is awarded will be required to furnish a bond in a sum equal to the amount of the contract. The Commission reserves the right to reject any or all bids or to let the same in part or as a whole.

THEO. TURNER, Chairman.
WILFRED L. GIFFORD, Secretary.

When there's a place for you in the boarding house in which you'd feel so much at home, that life would grow like a "wonder-while-smerry" and there was in someone of the "Boarders Wanted" ads.
