CHOLERA ON MINIDOKA PROJECT Dr. Sullivan and Assistants Will Give All Aid Possible.

Hot cholera has finally made its appearance on the Minidoka project, says the Burley Bulletin. Last Friday experts from the government hospital at Twin Falls were called to examine a sick hog of E. Tomson on the Krieger farm about a mile from the town.

The hogs had been running at large and many other animals in that neighborhood had been exposed to the disease. Dr. Sullivan and his assistants, Drs. Hendricks and Murphy, vaccinated over 500 animals here on Saturday. The treatment has been successful by the state veterinary. Dr. Hendricks is still here waiting developments closely, and the usual methods will be used to eradicate the disease.

In speaking to a representative of the Bulletin, Dr. Sullivan stated that it is important that all owners of stock on the project do up their pens and see that the animals are given plenty of fresh water and kept out of the pens and manure pits to prevent the disease. The state veterinarian will visit the project without first disinfecting their shoes. Cholera was brought here in one of three ways and will continue to spread if the greatest possible care is not taken.

PRACTICAL DARYMEN High School Students to Test Dairy Herds.

It is one of their training in agriculture. Professor Hoke of the Twin Falls high school is requiring of his students some practical work upon agricultural lines.

The students in dairymen must keep a record of the cows at home or some herd in the local district. In the latter case it will be necessary to have the cooperation of the owner, who will be asked to keep a daily record of the milk produced by each cow and to assist in determining the amount of milk produced per month. One during each month students will be sent out to procure samples of milk from the cows and to determine the amount of feed consumed. Plans for the keeping of these records will be furnished by Dr. H. D. Barry Division within the local office.

Why not put your herd on record?

CAUGHT BY BELT OF THRESHER John W. Kingston Instantly Killed at his Farm Near Dietrich.

John W. Kingston, farmer, teacher and ordained preacher of the Lutheran church, was instantly killed in the belt of a threshing machine yesterday at his home near Dietrich, formerly known as Averell, which is four miles east of Dietrich. Mr. Kingston was passing near the swiftly flying belt when his clothing, he was caught and killed. The threshing machine was being operated by one of his sons, being torn from the shoulder and his body crushed and flung in the impact. He never spoke.

The machine had been set up only a few hours. It belongs to J. D. Taylor. It is a steam outfit with a powerful engine.

Mr. Kingston leaves a wife and seven children, one young son and six daughters. He had come to Lincoln county from Westport, N. D., and had improved 40 acres of a Carey Act holding. He preached regularly for a congregation at Averell and was a ready and eloquent speaker. The family as well as the community are shocked at the news of his death. Four of the daughters are young ladies away from home attending school. He was about 15 years of age—Shoshone Journal.

E. W. RISING TO SHOSHONE Appointed Local Manager of the Great Niboshone Power Company.

W. H. Hahn, who has been connected with the Great Shoshone and Twin Falls Light and Power company in the capacity of collector for a year, has been appointed local manager of the company in Shoshone for a year or two of lost work looking over the situation. Mr. Hahn is well known in this city, having been manager of the Mountain States Trading Company here for several years, before taking a position with the power company. He and his family will leave for Shoshone before the first of the month.

ARMY OF CROWN PRINCE RETREATS Obligated to Abandon Many Guns and Much Equipment

THE RUSSIAN AND TURKISH NAVAL BATTLE IN BLACK SEA. Fleet's Fighting in Progress Yesterday West of Warsaw. Report Allies Have Re-Occupied Oostend.

Salt Lake City, Oct. 20, 1914. Advantages today go to Allies. Practically all points in conflict, Germany has broken back Army of Crown Prince but heavily and in retreat was obliged to leave many guns and much equipment. Efforts of Germans to get control of line which would give them sweep of channel coast also defeated.

Along the Meuse an eastern wing of fierce fighting is in progress. French artillery playing in the Black Sea. French official communication says, Belgium army is holding its own on position on river Lys.

Belgian army is holding its own on position on river Lys. French official communication says, Belgium army is holding its own on position on river Lys.

A Lincaur telegram says that the Russian and Turkish naval battle is being fought in the Black Sea. A Tokyo dispatch says that Japan for military purposes has occupied the "important islands" in "Marion" (Lanzhou, Marshall, East Caroline and West Caroline) archipelagos.

The allies have recaptured Oostend according to a correspondent in the north of France, who says he has obtained information from the excellent authority.

Belgian official statement of yesterday morning says that the German troops had reached the neighborhood of Dunkirk and that the inhabitants of city and of Boulogne were fleeing.

French war office claimed victory in fighting between Arras and Tournai and near St. Mihiel on first bank of the Meuse. The German official statement is silent on the operations in these quarters.

In the eastern theatre of war an American statement claims that the Russians had lost 10,000 men to fruitless attacks on Przemyel.

Todd adds that the Japanese cruiser Takachiho had been captured on October 17 by German mine at Kaili Chow bay with a loss of 27 men.

An American statement says that the German liner sunk in the North Sea. The vessel was carrying 1,000 tons of coal.

Shell fire from the forts at Tinsley is said to have been directed against the Turkish ship. Turkey has refused to assent to Great Britain's request that the German officers and crew of the German liner be discharged.

Flotilla fighting has been in progress since war carefully studied before the camera to which the wounded and being flung theatrically and bloodlessly. Heavily as these may seem in the North Sea, they are not as serious as they appear to be. They are but a shadow-fight, in which, at least, of actual warfare.

Modern inventions, the wireless, the aeroplane, the dirigible and the automobile, may find their use in modern wars, but the most important discovery in the present war is the tank, and for the same reason they would find too much use.

FILER MAN DIES ON HUNTING TRIP Two Others of Party Very Ill, Caused by Ptomaine Poisoning

DEATH AND ILLNESS OF MEN DUE TO EARLY FRUITING LEFT STAGNANT IN TRUCKET, ALL WELL KNOWN.

Word was received in this city this morning of a very sad event, happening to a party of hunters from Filer, Saturday. They were hunting big game in the Wood River country. The party was composed of Clifford Lancaster, J. J. Lancaster and Russell Irwin and several others from the Filer neighborhood. All the rest of the party had returned home without the exception of the three named, who had stayed for a longer hunt.

Clifford and Russell returned to their camp from the hills and proceeded to eat their dinner, among the food some potatoes, which they had cooked and left standing in a tin bucket. Shortly after dinner, the three were taken very ill. The men were caused by ptomaine poisoning, several of the men were taken very ill.

GUEST OF COMPANY D. Sergeant Bennett Practices Company D and is Recipient of Gift.

The numbers of company D, N. G. B. met in their next quarters for the first time Monday evening, Oct. 13. They were occupied the Deane hall, where they have a fine drill mat and locker rooms.

Sergeant Bennett, U. S. A., Inspector-Inspector for the state of Idaho was present. He spent some time in drilling and instructing the company. Sergeant Bennett also presented the silver loving cup to the company, which was at the recent first competition at Payette and presented the high individual members of the team the medals which they won in the competition.

Sergeant Bennett commended the men and officers of company D on the work which they have done during the past year and urged them to double their energies in the future with an order that they may keep the cup which they have won. He also stated that the city of Twin Falls had given a great deal of advertising to the company and the officers of company D.

Captain McElroy, on behalf of the officers and men of company D presented Sergeant Bennett with a traveling case as a token of their appreciation of his services on their behalf. The case is a very fine one and they are busy trying to win the gold medal of \$100 for the company, that has the most men about the present time.

SCHOOL FAIR IS SUCCESSFUL Many Exhibits Mark Interest of Boys and Girls.

MOVEMENT BEGAN BY T. W. POTTER BEARING FRUIT. Judges Find Difficulty in Making the Awards Because of Superior Exhibits in Many Lines.

The boys and girls club fair held in the high school auditorium on Thursday was a marked success, with the standpoint of the interest taken by the county schools and also from the number of exhibits made by the various schools.

Much encouragement was given by the splendid display of the work of the boys and girls club and their prizes were given winners in each class. Inspirational talks were made by the high superintendent, W. W. Potter and Superintendent Blue. There were the features of the program carried out in the school.

The contest was held in the auditorium and the judges found difficulty in awarding the ribbons to the winners. Eleven pigs from different sections of the east side, fed and grown till they were fit for any show, were shown. The judges, each finding "with good argument" an award of ribbon.

Many entries were made in potatoes but many were badly displayed, thus making stress upon the importance of proper treatment of soil before planting. The corn and vegetable exhibit was splendid and large. Canned fruit and butter were exhibited by the girls and the display was by far the best exhibited in the county since the high school.

Many classes were presented and the day was happily spent by the visitors. Those winning prizes together with the school they represent follow:

Much encouragement was given by the splendid display of the work of the boys and girls club and their prizes were given winners in each class. Inspirational talks were made by the high superintendent, W. W. Potter and Superintendent Blue. There were the features of the program carried out in the school.

The contest was held in the auditorium and the judges found difficulty in awarding the ribbons to the winners. Eleven pigs from different sections of the east side, fed and grown till they were fit for any show, were shown. The judges, each finding "with good argument" an award of ribbon.

Many entries were made in potatoes but many were badly displayed, thus making stress upon the importance of proper treatment of soil before planting. The corn and vegetable exhibit was splendid and large. Canned fruit and butter were exhibited by the girls and the display was by far the best exhibited in the county since the high school.

TO THE VOTERS OF TWIN FALLS COUNTY.

As a candidate for member of the State Legislature from Twin Falls County, I desire to make clear my position, show I am a sincere reformer, big but a single issue, that of county division. I am one of three regular nominees of the Democratic party and stand for every principle of good clean government advocated by that party. Should I be elected, I shall use every honorable means in my power for the betterment of the laws of the state of Idaho. Some of the vital questions that will come before the next session of the legislature are revision of the revenue, the public utilities, the primary, the school, the highway, and the liquor laws. These are problems that only business men and men of experience along special lines should presume to solve. I believe in economy and business methods in conducting the affairs of the state. Taxation should be based upon actual cash value as nearly as can be ascertained, and all projects should be assessed upon the same basis. I shall bear my proportionate part of the burden of maintaining government. Our present revenue law is ineffective in that it discriminates and allows class legislation. I believe that the state should have a public utilities law; but the present law is not fulfilling the functions for which it was intended. Instead of regulating it is deterring, and doing the very things the people intended that it should not do. The primary law is sorely in need of revision that it may serve the purposes for which it was drafted. Our public school law is in a deplorable condition and should be improved in toto. I am a firm believer in Internal Improvements in the way of good roads, bridges, etc.; but do not advocate a reckless haste in trying to accomplish these improvements in too short a time, and thereby incur an expense the people cannot stand. I believe that a systematic method should be worked out and followed from year to year until completed. I am in favor of state wide prohibition, and would like to see it include every state in the Union. As to my fitness to serve as a member of the legislature, before which these above questions will come, I am perfectly willing to submit to your judgment. I have lived in northern Idaho for nearly twenty years, have been in business in Twin Falls County for seven years, am a citizen of this county, and have lived in northern Idaho for nearly every year of my life. I have almost every phase of school work in this state for fifteen years, and am familiar with the wants and needs of the public schools. The law prescribes the exact procedure in the question of county division, and should be strictly followed. I am a devoted, exacting, and thorough course will be pursued in regard to this question. In case you wish to trust me, one of the three to represent you in dealing with the above and all other questions that will come before the next session of the legislature, I shall appreciate your opinions, advice and counsel, and in return for your confidence, I shall use every effort. Respectfully yours, JOHN W. TANNER.

NOTICE OF SHERIFF'S SALE Notice of sheriff's sale under foreclosure. Twin Falls Land and Water Company, a corporation, plaintiff, vs. L. B. Portage, Hortense Portage, Jennie H. Graham and Henry J. Wall, defendants. By virtue of an order of sale made by the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, wherein Twin Falls Land and Water Company, a corporation, plaintiff, obtained a decree of foreclosure and order of sale against L. Do You Like Cold Spring Water?

Here is one of the best buys in the Twin Falls country. 50 extra fine line, two miles east of Ithiel with cold spring water. One of the very few eighties that all waters one way and that the long way of the farm. All cleared and fenced ready for ready planting. 20 years and it is in good land with sufficient annual payments yet back at six per cent interest. Salmon River water rich. Connell 40 acres separately. Do not rent when one good grass seed crop will pay for a farm like this. Bear in mind that in this rain belt near the foot hills, even under present conditions there is plenty of water for a good seed crop. We have the exclusive sale of this place. The price is right.

Last Friday occurred the second of the "High-Tops" series of parties which are being given by Mrs. A. P. Senior. Bridal was the order of the day. Mrs. Condit, winner of the "High-Tops" held a chess second, both being presented with hand woven baskets. Messames C. H. Harrison, L. P. Morse, and W. C. Hamilton, superior hostesses, presided over the affair. The high school auditorium was the scene of a pretty party last Friday evening when the diners of the high school, the young women's club, and the young men's in profusion decorated the walls and the stage with a bower of ferns and flowers. A short program followed consisting of songs, recitations, (sung by Fannie Hart, Truth Miller, and Emory Bonney), a piano solo by Zita Leach, recitation by Gladys Dwight and George Viera, a violin solo by Viola Alforte. The rest of the evening was taken up with games and dancing.

Complimenting Mrs. Corbett was the charming Kenanbon given by Mrs. Sherriff after the affair. The Kenanbons being decorated with many colored autumn flowers. As a greeting to the Kenanbons, Mrs. Corbett, (Misses Edith Ramsey and Barbara Meehan served the delicious three course lunch to the high school. Charming among the events of the past week was the bridge luncheon given by Mrs. J. F. Condit Saturday. The color scheme of yellow, green and white in this six course luncheon, was carried out wherever yellow, red, red and white were being of California people and the table dimly lighted by green and yellow shades. The affair was given at the home of Mrs. Condit, which followed, Mrs. J. F. Evans carried off the first prize, a beautiful hand painted glass holder. Harriet K. Larsen and Miss Marion Pennington, both of Highgate, were married at the court house in this city, Monday morning. The ceremony was performed by Rev. Walter E. Harman, pastor of the First Christian church. The young people will make their home on a farm near Burien.

A special meeting of Gooding Camp No. 59, I. O. F., was held Wednesday evening for the purpose of conferring degrees on four candidates. George Herrigfeld of St. Anthony, grand patriarch, conferred the ceremonies and was assisted by Geo. Schaefer, of Twin Falls—Gooding leader.

On Saturday, H. B. Buck and J. A. Smith, were before Judge W. J. Smith to answer to the charge of being under the influence of liquor. They pleaded guilty and were fined five dollars and costs, not having any one to serve the sentence in jail. On Monday morning John Faria was before the judge on a similar charge and he also pleaded guilty and is now serving a five dollar fine on the rock pile.

GREAT CROP OF BEANS

Filer Man Harvests 3 1/2 Bushels Per Acre.

Over 100,000 bushels of beans that Mr. Wm. Frazier raised on the 10-acre 2 1/2 mile farm here. These beans were planted after the first of June and the yield was about 3 1/2 bushels to the acre which at the present time would bring about \$4.25 an acre. This crop has been the best ever raised in this county. We understand that there are many more good crops of beans in the country.—Filer Journal.

None But a Fool Is Always Right---And We Know It

Because we know it, you will find fewer errors in our business than in most dry goods and clothing stores. When we do err, we make good. All goods are sold at lowest prices consistent with quality and subject to exchange or money refunded. To the stranger or unacquainted with our stores and the high grade merchandise we carry we would say—do not con found our remarks with the everyday poppycock of merchants who live on their losses. And your inexperience.

Did you ever try to describe to a friend some article of particular beauty, and you could not find words adequate without it being thought you were exaggerating. That is how we feel about our Fall and Winter stock of ladies', misses' and children's ready-to-wear. We have now a larger variety than ever before—a style to suit most everybody. Woollex and Redfern coat suits and skirts are wonderful. Then in the piece goods, we have a very creditable showing of silks and dress goods. Other departments too, are well equipped.

Jenkins says that many salesmen are prone to "slop over" a customer in their anxiety to make a sale. This is bad for any store, we don't have to do it. We have made a study of the tailoring art and are convinced that our ready made clothes are without question—correct in every detail of make-up, quality of fabrics and prices are reasonable. SOCIETY or KUPPENHEIMER models run from eighteen to thirty dollars.—The BROWNSTONE models are from ten to fifteen dollars the suit. Overcoats same price.

W. F. HRECKON

Republican Candidate for County Commissioner for the Third District.

the office of district judge, I desire to make the following announcement to the people of the district.

If I am elected judge on the third of November, I will exert my utmost ability and conscientiously devote my time and energy to the performance of the duties of the office.

I believe that there is too much delay in the courts. From my experience at the bar I believe a large part of this can be remedied by the judge. I promise to use my best endeavor to so systematic and accurate the court work that litigants may be granted speedy relief.

I also believe that the business of the courts can be more economically administered without impairing the functions. To this end I would be willing to try all cases, in which the parties or their attorneys, agree, without a jury, thus expediting business and saving litigants and the public the expense attending jury trials.

I believe in the broad interpretation of the law, and not in allowing technicalities to defeat or impair a fair and substantial administration of justice. —W. F. HRECKON.—Adv.

THAT ALL-GIRL SHOW COMING

Grace M. Russell Minstrel Maids, the Big Attraction at Orpheum.

After a very successful summer tour of Canada, where all the larger cities were visited, the clever all-girl show, Grace M. Russell's "Merry Minstrel Maids," has returned to the States and is playing record engagements in nearly all of the cities that were visited last season. During the summer the company has been enlarged, new scenery has been added and the offering is entirely new.

As a special added feature attraction, the management has procured the Lawrence Slater, English Society Dancers, and this is said to be one of the cleverest and lightest soloists ever carried with a traveling organization.

The date here is next Thursday, Oct. 22, at the Orpheum theatre. Those are looking for delightful entertainment as provided by a company of clever, handsome girls, cannot afford to miss seeing the "Merry Minstrel Maids" in their great show.

IDAHO HOG SHIPMENTS

At Average Price the Packers Constitute Great Profit-Producers.

That Idaho is building something in the way of a rosy industry in the shipment of hogs, is the testimony of the hog business men here. The fact that hog raising is one of the most profitable branches of the farming industry, and it is gratifying to note that with but one or two sections this country is free from disease, and in those sections referred to, the authorities are rapidly stamping out the disease, and other ailments that formerly not a slight hold.—Pocatello Tribune.

ARTESIAN FLOW AT SELBY

Flowing Well Found on Canaan Plain.

Fifty marling contractor Theo. Strick, a strong artesian flow at the Selby ranch, and when the well was capped and caving put above the ground surface, the water rose to 100 feet. Over the top of the well it is flowing a heavy stream, sufficient, Mr. Selby says to irrigate 50 acres and furnish flowing water for his house.

The flow was struck at a depth of 205 feet, which is less than the depth at which the flow was encountered at Gardiner. The striking of this well demonstrates that at least portions of it, if not the entire valley, have artesian flow and we know of no one factor which will cause more toward the upland and final development of the section than a certainty of paying wells at this depth. The cost is about \$1000, and if it is possible for every rancher to have a flowing well of this kind on his place it will add thousands of dollars to the real estate value of the valley.—Soldier Courier.

DEER KILLED IN ORCHARD

Goatling Man Has Luck Killing Two-Point Buck.

An exciting deer hunt took place almost within the Glendon subdivision Sunday, resulting in the first disaster to the deer. It was first seen at the southeast corner of Dallas Fowler's place, near the mouth of the river, and T. W. Home and the Janulewicz boys armed with a shot gun and a light rifle gave chase. They followed the deer all over the big hater and on to Dr. Herzog's ranch where a heavier rifle was obtained. The deer was then in Dr. Herzog's orchard and Home brought it down with the heavier rifle. It was a fine two-point buck.

It is related by old-timers that in the early days the deer came down from the Sawtooth mountains in droves, at this season, on their way across to winter pastures on the Snake, and traces of their old trails, are still to be seen. The route taken by this deer was the same as that formerly followed.—Glendon Leader.
