A FEW FACTS FOR VOTERS ON COUNTY DIVISION

Every voter who is paying taxes must with the present high taxes, count the cost of any and every move which concerns this county as a rule. The benefit must greatly exceed the cost before any new venture should meet with approval.

The county believes that such solid conclusions have not been produced by the county divisions, who merely made promises, stated unwarped figures taken from other counties and have by low estimates, made it appear to the advantage of the taxpayers of the new county.

Lowered costs of conducting county offices have been repeatedly made with nothing upon which to base the assumption from any information obtained from other counties.

For the purpose of making the voters view the truth about county division, The Times will here advance a number of reasons why county division is both unnecessary and expensive, not only to the new county but to the old.

In the first place, the county, as it is now located, is small enough for all purposes and with a county seat centrally located, works no hardship upon any taxpayer in transacting his county business. There are no smaller counties created as a rule, than the present Twin Falls county, back in the western States, where expenses are carefully considered.

One of the claims made by the Bull divisionists is that they can manage the county office for less money than is now being used in this county, making their estimate approximately \$30,000 dollars per year against the same cost for Twin Falls county of about \$30,000.

There is not one single good reason for county division existing in the minds of its supporters. There is not one single reason which does not have concealed back of it selfish interests of a few men in and about the city of Bull, who hope to profit by creating a new county.

ROAD WORK EXPENSE UNDER-ESTIMATED.

They have in their proposed estimate, made little provision for road improvements, which in the Castelford and other portions of the new county, must for a number of years be heavy.

Must Bear Proportion of Bonds Issued.

The Bull divisionists have a number of times told the farmer of the new county that the new county would not have to be responsible for its share of the bonds already issued.

creating enabling act, made to bear their share of the bonded indebtedness. For the proof we will refer them to the Idaho code of the eleventh session.

Will Want More Bonds.

The Bull bunch in their attempts to make the farmers swallow the sugar coated county division pill, have refrained from any suggestion of anything but rented rooms for the county offices.

County Seats Do Not Always Raise Land Values.

The Bull enthusiasts have gone to the ranches living near Bull with the plausible argument that land values will be raised if Bull becomes the county seat.

Loss of Prestige.

The word 'Twin Falls' is probably better known all over the United States today as the name of a wonderful irrigation country in the west.

County Division Only a Selfish Ruse.

There is not one single good reason for county division existing in the minds of its supporters. There is not one single reason which does not have concealed back of it selfish interests of a few men in and about the city of Bull, who hope to profit by creating a new county.

Some Expenses Not on the Estimate.

The Bull bunch have not by any manner been frank with their proposed constituents and neighbors in the matter of the expense incidental to the creation of a new county.

When you go into the booth to cast a vote that has nothing of merit for you and only increase d expense for every taxpayer in the county.

ROCK CREEK MAN COMITS SUICIDE

James O. Young Takes Life By Blowing Top of Head Off

DEED DONE WITH SINGLE BARREL SHOT GUN

Had Only Been Married About Eight Months, Insanely Jealous of Wife Without Cause.

Word was received at the sheriff's office in this city Wednesday afternoon that a man had been killed southeast of the village of Rock Creek. Deputy sheriff Hiram Cook went on to the scene and it was discovered that James O. Young, a resident of that part of the county had committed suicide by blowing the top of his head off with a single barreled shot gun.

ROAD CONTRACT LET

Helmer and Mull Has Contract for Road and Bridge Work

Last week the county commissioners let a contract for road and bridge work on the east and west end of the county. The contract was secured by Helmer and Mull, of this city, after a competitive bidding covering about fifty miles of road, including several bridges. Work will commence as soon as the state engineer sets the survey started. It is understood that the subcontractor who will do the grading, has established his camp near Murghart. The contract was let to the contractor part of the grading done this fall.

BRUNK-SOMMERS

Twin Falls Young Couple Joined in Matrimony

Thomas C. Brunk, the genial and efficient meat cutter at the Independent hotel, and Nellie M. COUNTY DIVISION FACTS AND FIGURES

Past history is, as a rule, more reliable than the estimates made by interested parties and the following figures may be factoring for those who imagine that smaller units are always managed more economically than larger tracts. The total valuation of the county for 1913 was \$24,422,000. The Buhl Highway District, which comprises the western part of the county and whose boundaries are 2 1/2 miles west of the east line of the proposed new county, had an assessed valuation of \$2,649,930.00. This road district received from the county, the total tax of \$12,773.35, or a total for Buhl Highway District of \$16,422.35. Doubtless the valuation of this district from the total of the county, leaves \$18,552,069.65 and on 1st, produced a revenue of \$18,552.07, or in other words, a total of \$18,570.64. The Buhl Highway District for road taxes, \$16,422.35 for a territory considerably smaller than the proposed county, while the balance of the county, which comprises five times the valuation, paid in road taxes \$18,552.07 or only \$112.81 more than the little highway district in the west end.

On the item of railroad taxes, the Oregon Short Line paid state and county taxes in 1914 amounting to \$17,713.44. While in divided county, the proposed Buhl County would receive \$2,839.95. Buhl Falls County would receive \$14,873.49. Here is one location where the property of the heaviest tax paying corporation is located in that territory which would result in a part of Twin Falls county. Twin Falls county would still receive the benefit of these taxes without one cent of extra expense to handle, while the proposed Buhl County would get less than one-sixth of the revenue to pay the expenses required just to pay off the bonds.

A few weeks after the County Treasurer had taken charge of the tax collection office—a prominent, well-known taxpayer you would have heard he denuded it was to be the policy of the Treasurer to concentrate all funds in Twin Falls banks and that the funds in other banks were to be withdrawn, adding "I have investigated and found this to be true." He gave the Treasurer's office a long list of names or threatened to "expose" him. In answer the Treasurer sent him the following figures taken from a report made just a few days before:

Twin Falls Bank	2,000.00
Bank of Hansen	2,000.00
Buhl Bank and Trust Co.	2,000.00
Cherokee State Bank	2,000.00
Bank of Hillier	2,000.00
Bank of Hines	2,000.00
Twin Falls Bank & Trust Co.	2,000.00
Bank of Kimberly	2,000.00
Total Cash and checks in care	2,000.00
Total cash on hand	2,000.00

The above-mentioned man, has up to this time, failed to make any "exposure".
Used the tax, public funds were deposited with banks in amounts proportionate with the capital stock and it has been the aim of the County Treasurer to keep these divided equally as could be done.
Would it seem from these figures that Twin Falls are being held in Twin Falls?

The above figures were made on May 21, 1914, and to show that it has been the aim of the County Treasurer to keep these divided equally as could be done.
Would it seem from these figures that Twin Falls are being held in Twin Falls?

The amount of salaries of Twin Falls County officers is, at present, \$13,775.00. Should the county be divided a levy of .0002 in Twin Falls would be sufficient to pay \$13,775.00. In case of division, Buhl County would have to support the same number of officers and for the same amount of expenses, we will say that they can get their officers for 25 percent less than the present cost, or \$10,331.25. Taking the valuation of \$2,000,000.00, we find that it will be quite a levy of .0002 to raise the \$10,331.25 or more than double the amount that Twin Falls county would have to pay after the division, while a levy of .0007 would pay the salary list of the undivided county. If there were eleven such in case of division, Buhl County would be compelled to pay 2 1/2 times the amount that would be necessary as an individual county. If you cut your taxes raised 50 percent, your other expenses would run in the name proportion.

Comparing Twin Falls County with other counties of about the same size and we find:
Donnellville county, assessed value (about 1/2 value of T. F. county) 1913 current expense, \$7,254.53
Shoshone county, assessed value, \$20,000,000.00, we find that it will be quite a levy of .0002 to raise the \$10,331.25 or more than double the amount that Twin Falls county would have to pay after the division, while a levy of .0007 would pay the salary list of the undivided county. If there were eleven such in case of division, Buhl County would be compelled to pay 2 1/2 times the amount that would be necessary as an individual county. If you cut your taxes raised 50 percent, your other expenses would run in the name proportion.

Scientist, Friday their current "Business account" at \$1,100.00, while Minkidok County, with little more than 2-3 of the valuation of the proposed Buhl County, shows the 1913 current expense account to have been \$16,683.21. Buhl County valuation: \$2,700,000.00 Minkidok County: \$2,200,000.00 Think what it means to you.

REPUBLICAN TICKET

For United States Senator—James H. Brady.
For Representative in Congress—William T. Smith.
Robert M. McCracken.

SHOULD MAKE IT SOLID VOTE.

Twin Falls county has a chance to have a representative on the state ticket in the office of lieutenant-governor by the election of J. W. Tanner, of Piler, the Democratic nominee for that office. Mr. Tanner is an ardent Democrat and makes no apologies for his political belief, but he is above all a man and a loyal citizen of this county. He has in the past five years proven his worth as a citizen and his integrity. Twin Falls county should know no politics in giving him a solid vote. The voters owe it to the man and a citizen.

Constant reiteration of the same thing may perhaps grow tiresome to the voters who have been served up with little else than politics in the last few weeks, but The Times believes that the "Republican" voters should not make a mistake in the election of granting a single vote to

the ballot with regard to the county candidate. No matter what may be the opinion of any voter regarding the state affairs, there is not a single bit of stigma which can be attached to any one of the local candidates. For the candidates for senator to the last man on the county ticket, they are all men in every respect. They have been proven in a number of ways and their integrity and ability is unquestioned. Through the present campaign they have played the same fair and square and in the open and have not in a single case attempted to besmirch the reputation of any of their opponents. They have made a canvass of the county in every legitimate way and attempted to reach the voters of the county and not acquainted with the various sections in a spirit of fairness. You cannot get better men on any ticket and for that reason should give your vote to the men of your own party. These men would have your loyal support next Tuesday.

State Senator—William P. Guttridge.
State Representatives—J. A. Waters, J. P. Dunlap, W. F. Mireault, County Auditor—C. C. Shigdon, County Treasurer—J. Howard Helms, County Attorney—W. Houchman, County Sheriff—P. O. Herriman, Probate Judge—O. P. Duval, County Prosecutor—H. C. Haset, County Sup. of Public Instruction—Miss Britton-Wolfe, County Coroner—J. Grossman, County Commissioners—1st District—E. E. Moore, 2nd District—Chas. H. Norton, 3rd District—W. F. Brockton.

The measure of any man's strength can be taken by the opinion of his opponents, and if the hard fight which has been waged against W. P. Guttridge, Republican candidate for the state senate by the west end county division is a good gauge, then he is conceded to be the strongest man in the county. The "Bull-men" are fighting Guttridge and are quaking in terror at his name. They claim that Guttridge if elected would defeat county division. If the Bull-men people are so keen by his defeat, if in a pretty good position to bring forth by the anti-divisionists for sending him to the senate. If you want an active supporter for your theories on a united Twin Falls county, make your vote count. You know it will do the most good.

Mr. Guttridge is a heavy taxpayer in this county and is greatly concerned in keeping down the taxes and the extravagances of the state. He has been regarding legislation for the

inforcing people which should be hearty approval by that element. He has on record for a re-adjustment of the Land Board system in order that the settlers may get a square deal. He is open and above board in his platform. For state-wide prohibition, Mr. Guttridge is a settled resident of this county and his interests are such that he can be counted upon as a fixture and for that reason dependable. His property interests are in the Twin Falls country and there is not one reason why the voters opposing county division should not pick a man with interests mutual to his own. There is no question but what the whole fate of a county division measure may depend upon the strength and fighting ability of the senator from this county. Pick the man who can best conserve your interests as a taxpayer in an undivided county. It does not pay to take chances.

KILLS COYOTE

H. W. Coffman Wins in Battle With Coyote.

Mr. M. Coffman tells a very interesting story of a coyote which he killed on the Big Wood river a few days ago. He and John Byrne were coming in for dinner to the Byrne place, when a coyote sprang out of the grass ahead of them, seized a chicken in its mouth and made off out of the barn yard, and Byrne was on horseback, and he and his dog gave chase. The coyote, which had still carrying the chicken. They ran into the water, which was about four feet deep, and swift and cool. Byrne got across the stream on horseback and got on the other side before the coyote could swim it, while the dog was still jelling at the coyote heels and preventing him from landing back on that side. The animal drifted down into some willows, where it tried to make some headway against the current, but the dog would not let it land. Mr. Coffman seeing the predicament of the beast waded into the water, and seizing the coyote by its long, bushy tail, dragged it up stream until it was almost drowned, and he could land it and beat it to death with a convenient club—Hitchfield Recorder.

Force of Habit.

The telephone operator was spending the summer holiday by the bounding sea. On the first morning, however, she had occasion to hazard the matter to her lodgings for real or imagined negligence. "Why didn't you call me up I told you this morning?" she demanded. "I did, miss," replied the maid with an injured air. "I called out 'Seventy-three,' and all you see was 'Number engaged'."

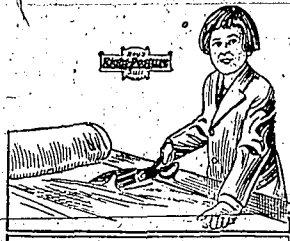

Humanitarian.

At an evening party a very elderly lady was dancing with a young partner. A stranger approached Douglas Jerrold, who was looking on, and said: "Pray sir, can you tell me who is the young gentleman dancing with that elderly lady?" "One of the humane society, I should judge," replied Jerrold.—Exchange.

The Luncheon club meets with Mrs. H. J. Felling Friday.

Mrs. Harce was hostess to the Fortnightly Bridge club Tuesday.

Mr. and Mrs. I. H. Perrino will entertain a number of their friends Friday evening.

Miss Eloise Stanford has issued invitations for a Halloween party Saturday evening.

Miss Laura Thompson will give a Halloween party to a large number of her friends Friday evening.

The postponed meeting of the Monday 600 club was held Wednesday afternoon at the home of Mrs. H. D. Johnson.

Mrs. G. F. Baker entertained the Wednesday Auction Bridge club this week. Mrs. Everett Sweeley carried off the prize.

Mrs. E. S. Larned will entertain next Monday with a luncheon, in compliance to her mother, Mrs. Ostrander, of Lansing, Michigan.

Mrs. Madeline Herrigan, Harman and Rozant, have issued invitations to the Ideal Bible class, of the Christian church, for Friday evening.

The members of the Eastern Star enjoyed a dance at the Masonic hall last Tuesday evening. Treatments were served at a late hour. About twenty-five couples were present.

Miss Alice Varney entertained several of her young friends at a Halloween party at the home of her parents Thursday evening. The business was beautifully decorated for the occasion and dainty refreshments were served.

Miss Margaret Williams was the charming hostess to a group of friends Monday evening. Dancing was the order of the evening and which was followed by a chess party. Other attractions and shaded candles adding a pretty touch to the table. Those present were Misses Jennings, DeWalt, Harris, Lillert and Messrs. Dean, Smith and Pilgrat.

Another of the pretty luncheons which are so generally being given by a society was that given by Mrs. F. A. Wright, Wednesday afternoon. Historical and literary topics were abundantly used throughout the rooms and on the table. The latter being further enhanced with beautiful garden chrysanthemums. The guests present were Mesdames W. H. Dwinth, Blinn, Snook, Gee, Fisher, Griffin, and Ferguson.

Numbered among the enjoyable guests of the week, was the dancing given at the Evans home on Wednesday evening. Jack-Lanterns on the porch lighted the guests for the tables, where many decorations of Halloween nature were in evidence. The Alamo orchestra furnished the music for the merry dance after which a buffet lunch was indulged in by the fifteen couples present.

As a compliment to Miss West, of Portland, was the delightful luncheon given by Mrs. L. J. Breckenridge, Tuesday. The unique decorations were in keeping with the Halloween season, the centerpiece being a pumpkin filled with fruits—white-green shaded candies and nuts. The guests present were set by each plate. Following the luncheon, much amusement was derived by the guests taking part in a "secretly by Mrs. H. J. Felling, Mrs. Thomas, Ramsey, Mann, and Glenn enjoyed this affair.

The Twentieth Century club opened its doors last Tuesday afternoon to all neighboring clubs, and very gratifying to the local club women, was the hearty response to their invitation. Jewel hall was all too small to accommodate the large crowd who had gathered to listen to the interesting program. Sixty-five out of town guests, representing eighteen clubs, including all clubs in the Hagerman and Burley, were present. After listening to "Timely Topics," read by Mrs. Kunkley, and a vocal solo beautifully rendered by Mrs. H. J. Felling, Mrs. C. M. Booth gave an interesting talk urging the women to use their influence for the passage of certain bills, for the further protection of their own sex. An interesting feature of the afternoon was the splendid paper prepared and read by Mrs. Harvey of Burley, which called forth many words of commendation. A social hour followed the close of the meeting. Misses J. C. and M. H. Schickling, who were with a violin solo, while the guests partook of tea and small cakes, before their departure.

OLIVER P. DUVAL

Will make Twin Falls County an Efficient Probate Judge

WHAT the public demands in the administration of the probate court is efficiency and ability to dispose of the legal questions presented and a sound judgment and sympathetic heart to deal with juvenile delinquencies. The important duties devolving upon this court by reason of its jurisdiction in civil cases involving amounts under five hundred dollars, making it the "poor man's court," its jurisdiction in a large corporation of the criminal cases arising in the county, and of the administration of the juvenile law, make it imperative, in the language of the Utah supreme court, that "it shall be administered by those who have learned in the law and versed in the rules of procedure to the end that the beneficent purposes of the law may be made effective and individual rights respected."

Oliver P. Duvall.

Understands the Law. Oliver P. Duvall is particularly well fitted to administer the duties of the probate court. He is a native of Kansas, who he gained experience in the duties of the office for which he is a candidate. He was for four years clerk of the district court of the fifth county, and during the last two years a victim of a "hot" then made effective his familiarity with legal procedure was demonstrated by stalling procedure for three years with one of the leading lawyers of Northwest Kansas during which time he practiced law in probate and civil courts.

A Probate Settler.

Mr. Duvall is one of the pioneer settlers of the Salmon tract, making his home in Hollister since 1890. Being long and prominently identified with every movement tending to the betterment of the community, he has served three as justice of the peace, and chairman of the school board. He is familiar with school conditions in his county, and is able to consider juvenile questions from the viewpoint of the child as well as from the legal point of view. To quote Judge Tom B. Lindsay: "A young man who sponsors well his own boyhood has a special asset for that position."

Progressive Purposes.

His policy with regard to the administration of the juvenile law is progressive. In the case of girl delinquents, by-forever, men have been appointed referees in such cases. Mr. Duvall believes that in such cases a woman is much better qualified to gain the confidence of the girl, resulting in the moral gain of the delinquent, and the increased efficiency of the court dealing with the juvenile problem. Mr. Duvall is by temperament, association and education especially adapted to the work of the juvenile courts. No charge is made on his honor by Mr. Duvall will violate his parole. Because of those qualifications which he possesses to a marked degree, Mr. Duvall is receiving magnificent support from men and women who are back of the educational, civic and business community and are particularly interested in the juvenile court.—Adv.

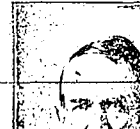

ENDORSE SIMS.

Members of Salmon River Country Want Representative in Legislature.

The larger, but less officially populated section of Twin Falls county situated south of the high line canal, is dissatisfied upon the voters in other parts of the county for support for their candidate for the legislature, Harold M. Sims, of Hollister. The cause of the dissatisfied conditions existing on the Salmon tract, these people feel particularly in need of having a man in the legislature who is thoroughly acquainted with this situation, and with the needs of the tract, and will be able to carry out projects generally. Mr. Sims has the gratitude of the people of this section for the fact he has worked in their behalf through the columns of the newspaper, The Herald, and by his work as secretary of the settlers' organization. They feel he can work them further in the legislature and work the support of the county's voters because they know he is qualified and capable of representing the entire county in a most creditable manner.

The voters of the county of all parties are now asked to give their support to this man from this section. Every voter can vote for three candidates and the Salmon tract will appreciate one of these from each voter cast for their candidate.

A. E. CALDWELL, President, Salmon River Settlers' Association.—Adv.

MISS BERTHA NOEL

Candidate for Re-election for County Superintendent of Schools.

"The question of efficiency in the matter of county office should be the paramount issue with the taxpayer voter. The man on the job can be expected to have a much better understanding

of the work than the mere applicant for position. It is this idea that makes the loss on the job the most important machinery of any office. Any county office is no different in the requirements of efficiency and expertness in order to get the most efficient and of value for the taxpayer's money."

J. W. Beauchamp Honored.

The following clipping taken from a recent issue of the Twin Falls Times will interest many Free Press readers who are acquainted with the subject.

Mr. Beauchamp was honored by the recent primaries by the nomination to the office of county assessor. The Twin Falls and Progressive tickets. Mr. Beauchamp finally made his choice as to which ticket he will run and is entitled to the best support of the Republicans.

JUDGE J. M. SHANK FOR PROBATE JUDGE

The most important office to be filled at the election on next Tuesday is the Judge of the Probate Court, and there is no position that requires a more careful scrutiny than that.

The Probate Judge has not only the supervision of the administration of estates of deceased persons, but also over the conduct and welfare of children who by force of transmission or by association with undistributed persons, unfortunately become delinquents. This branch of the jurisdiction of the Probate Judge requires the utmost tact and must be discharged with gentleness and firmness.

In order that the welfare of the county may properly have before the information upon which they may determine the qualifications of the respective candidates, it is only just that a short statement be made concerning this matter.

It is claimed by the Republican nominees that because he was Clerk of the District Court in one of the Middle-Western States; because he studied law in the office of an attorney for a short period of time and has been Justice of the Peace at Hollister, he is the necessary qualifications.

Perhaps he does, but such may yet be proven. Judge Shank the present incumbent, settled in Twin Falls, Idaho, in 1890, and has lived here ever since, so that he is in fact, one of the pioneers of the Twin Falls country. Prior to his arrival here, he practiced law in Nebraska, having been admitted to the bar of the supreme court of that state, after graduating from the law department of the University of Nebraska. Since he has been the present Probate Judge of Twin Falls County, he has handled one hundred and thirty-nine actual cases than his predecessor during the four years he held office.

It has claimed by the Republican supporters the administration of estates of deceased persons and "booked" after the interest of the orphans to the will of the estate, all interests in all respects protected. This has demonstrated without the question of a doubt that he can deliver the goods.

Why take a chance.—Adv.

SALMON'S CANDIDATE

Southern Half of Twin Falls County Entitled to Representation in County Affairs.

Will a Republican legislature give the affairs of the state of Idaho the thorough overhauling that they need? Will a Republican legislature be free from the influence of the corrupt politicians who compose the powerful machine?

A machine that controls eighty-five per cent of Idaho's newspapers by coercion and patronage? A machine the influence of which are seen in many other places, the direction of political appointees, the favoritism extended to political workers in the matter of loans from state funds.

Soaking no favors from the hands of partisanship, and accepting the unanimous endorsement which the people of my community have given me as evidence of simple qualification, I urge that I run and be in a position to represent Twin Falls county in the next legislature as ought to be presented, without regard to partisan politics or factional interests.

I am for truly popular and clean government, and I can be depended on to work for all practical measures designed to remove these evils.

Vote for J. W. Beauchamp in the election for the legislature and for the next legislature will be interested in knowing how their candidates for the legislature stand on the so-called "wet and dry" question.

I am unhesitatingly pledged to be in the liquor traffic; fought it with Mr. Herwig, the state superintendent of the anti-saloon league, in Idaho county three years ago; and I may add further that I believe any compromise with the kindred evils is a crime against civilization.

In conclusion may I not add a word about the work in which I am particularly interested. The unfortunate condition of Twin Falls county today makes it imperative that someone familiar with the needs of this project be sent to the next legislature. Twin Falls county will be interested in knowing how their candidates for the legislature stand on the so-called "wet and dry" question.

I am unhesitatingly pledged to be in the liquor traffic; fought it with Mr. Herwig, the state superintendent of the anti-saloon league, in Idaho county three years ago; and I may add further that I believe any compromise with the kindred evils is a crime against civilization.

I am unhesitatingly pledged to be in the liquor traffic; fought it with Mr. Herwig, the state superintendent of the anti-saloon league, in Idaho county three years ago; and I may add further that I believe any compromise with the kindred evils is a crime against civilization.

IDAHO EXECUTIVE SENDS MESSAGE TO PEOPLE OF TWIN FALLS COUNTY

Against Division in Twin Falls County, Says Governor John M. Haines

Executive Expresses Himself as Opposed to Proposition and Will Look With Disfavor Upon Any Movement Having for Its Object Change in County Boundaries.

IN THE MATTER OF COUNTY DIVISION AN EXPRESSION WAS BOUGHT WEDNESDAY FROM GOVERNOR HAINES, AND THE FOLLOWING STATEMENT PREPARED AND SUBMITTED FOR HIS APPROVAL. GOVERNOR HAINES IN CONVERSATION WITH THE UNDERSIGNED, EMPHATICALLY ENFORCED THE FOLLOWING WORDS: "GIVE US HERBERT, WITH, AND WE WHOSE NAMES APPEAR HEREWITH, VOUCH FOR ITS ABSOLUTE AUTHENTICITY."

JOHN M. MAXWELL,
R. M. MCCOLLIM,
JAMES McMILLAN,
JOHN W. GRAHAM,
C. E. HOOTH,
R. A. REED,
P. E. MEATHE.

The Statement Follows:

When the first steps were taken looking to the creation of Twin Falls county, the one thought uppermost in the minds of those having the enterprise in charge was that through the arrangement of the arrangement of the new county, the two big irrigation projects, the Twin Falls South Side and the Salmon River, would be contained in full within the sphere of action of one county seat.

There were many good reasons for this, all of which are still good. It was pointed out that endless difficulties in the distribution of the water and in the care and management of the systems, would in this way be obviated, and the years which have followed have proven a splendid endorsement of this early judgment.

Twin Falls county is laid out in a manner which makes of it a Carey act county. None of its canal systems spread out into another county. One county seat serves as the common meeting place in connection with the operation, maintenance and management of the systems, and one set of taxes and tax collection goes duly over the entire two projects.

These facts are so important today, as was the case when the original Fathers of the County prepared their plans, in the days when Cassia County extended clear to the Salmon River.

A division of Twin Falls County sets at naught all of the advantages gained in this way, and substitutes a double set of officials to look after the work now being carried on by one.

The proposed division gives an assurance of a single advantage such as cheapness of operation or easier access to the county seat. Instead of this, a division of Twin Falls County would compel residents of the Salmon tract, for the most part, to come to Twin Falls first, and then take the train to Burd in order to reach the county headquarters.

One of the surest of all results in the case of a division of the county is the fact that every taxpayer in what is left of the old county will pay a third more taxes for the first year than last, because of the fact that there will be less work in the various offices, no reduction in salaries can be effected until two years from now.

These are a few of the main advantages of avoiding a division and some of the disadvantages of the establishment of a new county. Twin Falls is a young county, and it is not a reasonable proposition to cut it up and disturb its internal arrangement.

Under the circumstances I cannot look with favor upon any movement having for its object a division of Twin Falls County, and am unalterably opposed to the proposition on principle and I make this statement so that there need be no misunderstanding as to my attitude on the whole matter of county division.

CAUGHT BY LIVE WIRE

Employee of Power Company Has Very Close Call Near Hagerman.

Geo. W. Byrd, a lineman for the Great-Bohannon and Twin Falls Power company, was caught Monday by a live wire, and received a shock that came near resulting fatally. Byrd was placed a transformer on the line near the Hagerman Seed and Grain store when a power wire connected with his face, sending the current through his body. He was rendered unconscious from the shock. J. A. Turley, was the first to discover the accident, and removed Byrd from the pole. He was taken to the hotel, where Dr. Silverthorn attended him, but all efforts to revive him proved fruitless. J. H. Sever, superintendent for the company, was notified and came over, He immediately ordered a palmtree from Twin Falls, Ernest Kierstead

making the trip from that place in an hour with the machine. The palmtree soon revived Byrd, and he is now able to be up and about town. Byrd is a husband of a number of years experience, and has a wife and child in Salt Lake. Aside from a few burns he seems but little affected from the shock, although he was unconscious for several hours. —Hagerman, Sun.

OPENING OF NEW LAYERING THEATRE

The Shepherd of the Hills Saturday Eve., Nov. 7th

ONLY ATTRACTION OF NOTE TO BE HAD BEFORE DECEMBER

Saturday Evening Only Date Which Could be Secured. Company Makes Jump From Salt Lake.

As was understood by nearly everyone including Mr. E. C. Layering, the new Layering theatre would formally open November 10th, with "Peg O My Heart." John Curt, of Seattle, the booking representative for all attractions of any consequence notified Mr. Layering a few days ago that this date would be changed to Nov. 7th, and could not promise definitely that this date would not be changed to a later one. With this in view, and the house nearly complete, it was necessary as can be plainly seen to secure something to replace the above attraction.

After much parleying, Gaskell and Mackey's Chicago production of "The Shepherd of the Hills," a dramatization of Harold Bell Wright's novel, was secured for Saturday night, November 7th. Knowing this to be rather an inconvenient night for many of the business people to attend, efforts were made to arrange their time so as to come here any other night in the week, but such plans were impossible, which will be verified by one of the telegrams published in this issue. So it was a case of taking this attraction for Saturday, November 7th, of allowing the house to stand dark indefinitely as an other attraction would be available until December. It is Mr. Layering's wish that the people should know that he has been meticulous in his many endeavors connected with the erection of the theatre and it is hoped that he will be met with encouragement instead of antagonism.

WESTERN UNION DAY LETTER

Salt Lake City, Oct. 27, 1914.

E. C. Layering,
Care New Theatre, Twin Falls, Ida.
Shepherd of the Hills play Elko, Nov. 9, Reno, 10, Sacramento, 11. Can't attend. They played Turinella, Logan, Blenheim, Grand previous to engagement here. To make Elko from Twin Falls cannot have Sunday for ride, no other time on line as you give sufficient business to justify paying. Had to alter all northern Utah time and cancel two towns to get them into Salt Lake, that they can make number 12, only train they can reach you for performance November 7th, only available date. Have all printing, etc., here to forward to you immediately upon your acceptance. Delayed answering until I got auct on phone Grand Junction. Must know quick that they don't lose Saturday that I have cancelled to give you this date.

IDAHO HAS LARGE CROP

Two Thousand Cars of Spuds Moved Since October 1.

While Idaho farmers are elated over a 50 per cent increase in their potato crop, the Utah farmer is compelled to be content with a crop that is at least 50 per cent short of that of last year. Drouth and climatic conditions were all against the potato in Utah this year in spite of all that the farmers, with the aid of the agricultural college, could do. The crop in some portions of southern Idaho also suffered from similar causes, but throughout the rest of this border state the yield was a bumper one. Since the first of October the Oregon Short Line has hauled about 2000 cars of "spuds" from Idaho and northern Utah. The big percentage of the shipments has come from Idaho and some have been consigned to houses here. A good grade of the article has been advertised in the last few days as low as 50 cents a bushel. In Idaho Falls last week potatoes, sold as low as 40 cents a hundred weight.—Salt Lake Telegram.

STYLE PLUS VALUE

Is the usual measure adopted by all women in making their purchases. Everything worn by the fastidious women must first of all be of the prevailing style in order that the desire to be well dressed may be satisfied. The quality or the value measured in dollars and cents is the second requirement and without the second, no good wise shopper will even look at a stylish garment. In our purchasing of Fall and Winter wear for the customers of this store we have looked solely to these two requirements. You may be sure that for every garment purchased here that it is up to the last word for style and that quality and price charged are also in harmony. We fully believe that we can offer you just a little better goods for less money than any place in the county. We are willing to leave it to your judgment, and urge that you will visit our store.
