On All of Your Printed Matter, It Represents Good Workmanlike, Good Wages, and Good Conditions.

The Harlan forces have intimated through their headlines that the objection to Mr. Harlan as mayor, coming from the Times is purely personal with the editor. The editor of the Times wishes to strongly deny this situation. It is true that the editor does not like Mr. Harlan and has made known of the matter, but the editor has not in the past and will not in the future allow personal grievances to enter into his views on public matters as expressed through the Times. The records of the Times will show that this paper has constantly supported Mr. Harlan as manager of the Twin Falls Canal company. The editor has also worked with Mr. Harlan in several campaigns in the past and would do so again if the issues at stake would allow such united efforts.

Therefore, in upholding Mr. Harlan as mayor, the issue is not a personal one, but merely of public policy. The Times does not believe that Mr. Harlan is the logical candidate for mayor at the present time by reason of his associates. It does not believe that Mr. Harlan is broad enough "man" to fully cope with the situation unflinchingly by interested persons. The issue with the Times is a municipal waterworks system which will furnish pure water in the shortest possible time. The Times does not question Mr. Harlan's integrity in any manner. But the Times does question the ability of Mr. Harlan to carry out the platform upon which he is running while beset with the influences surrounding him.

But the Times promises Mr. Harlan any other candidate elected next Tuesday, that as long as it deems he or the other candidates elected are doing their utmost to keep the pledges made prior to election, that the hearty support of this paper will be accorded. Election day will see the end of the fight which this paper will make except to insist on quick action on a municipal system. It is not the purpose of the editor to harbor malice or to use this paper to the detriment of the city officers, trying to do their duty.

HARLAN CORRECTS TWIN FALLS TIMES

Open Letter to W. S. Hill, Editor of Twin Falls Times.

Twin Falls, Idaho, April 23, 1915.

Dear Sir:

I note what you have to say in your issue of April 20th in regard to the 8th avenue ditch.

In reply I wish to say that you have grossly misstated the facts in regard to my position in the matter.

I have never taken the position at any time that the ditch should not be covered.

The records of the Twin Falls Canal company show that they offered to the extent of one thousand dollars to help cover this ditch. This was done through the advice of their at-

torney, Mr. Bowen. They did not admit any liability but as a business proposition concluded that it would cost them a considerable amount to carry the case through the courts. They hoped to avoid litigation and to get this question settled and there.

I think there never has been a difference in opinion in regard to the necessity of covering this ditch, but the only question has been that of who should pay for the same. In all such matters I followed the advice of my attorney. What would you have done?

If you will investigate this matter you will find the facts as I have stated them.

I call your attention to the fact that since all this controversy up to March 1st, 1915, I was in the employ of the Twin Falls Canal Company and as an honest man was bound to look after their interest first, also that we attempted to make an equitable adjustment of the affair. If I am elected Mayor of Twin Falls City, I will sever my interest with the company. I served the Twin Falls Canal Company.

Respectfully,
G. E. HARLAN.

From Twin Falls Chronicle.

RECORDS FROM THE COURTS

In the Case of the City of Twin Falls vs. George Harlan.

George Harlan was arrested as manager of the Twin Falls Canal Company for violating ordinance requiring the covering of Eighth avenue ditch. Was tried in the police court November 29th and convicted of the misdemeanor.

Appeared in district court December 2nd, 1912, was tried in the district court August 20th, 1913, and was convicted.

Mr. Harlan filed notice of appeal to the supreme court of the state January 28th, 1914. Since that time nothing has been done by Mr. Harlan in pressing his appeal nor by the city to force the issue. Fourteen months have elapsed since that appeal. Why does not Mr. Harlan clear himself as speedily as possible. For what reason does the city or council fail to press home the appeal issue and get the ditch covered if each is so greatly concerned about "protecting the honor of the little children?" The Times will have the verdict to the voters of the city.

Mr. Harlan has accused the Times of a misstatement with regard to the litigation on the Eighth avenue ditch. The above records taken from the court docket of the district court speak stronger in refutation of Mr. Harlan's denial than any thing the Times could say. The Times has not attempted to injure Mr. Harlan in any way by a plain statement of facts in the case. In Mr. Harlan's open letter published in the Chronicle to the editor of the Times, he makes charges of false statement and then goes on in the rest of his communication to contradict himself by admitting that as manager of the company he did refuse to admit liability or to cover the ditch when ordered by the city council. Now it is easy perhaps, for Mr. Harlan to evade the issue, claiming that he was never an employee of the Twin Falls Canal Company and that he was paid to do his duty by his company, but there is a higher code of ethics than loyalty to a corporation. If Mr. Harlan in his heart thought the ditch was a menace to the lives of little children and should have been covered, then his loyalty to humanity should have been stronger than to the corporation. There are some men who would have used their influence to have had the matter settled even at the cost of their job with the corporation. A thousand dollars offered by the Canal company toward covering the ditch, as he admits was merely an attempt to save money through litigation, and from any compensation over lives or

dangered. It will appear to the unbiased reader that Mr. Harlan, by his own statements stands convicted of a very materialistic viewpoint on a purely humanitarian proposition. The Times will let the matter rest with the voters as to their verdict.

TALKS ON THRIFT

No. 12-A. SALARIED MAN WHO GOT OUT OF A RUT

"No man can afford not to be thrifty. Only the poor are wasteful."—E. H. Harriman.
"Living on a salary is a more or less precarious form of existence, but it is not wise for every man to go into business for himself. Some men are not fitted for that responsibility, and there are a great many failures of men who strike out for themselves without sufficient backing of capital or experience."

However, if you never save any money out of your salary, you will never get ahead financially. You always will be the tail of another man's kite, always stooping to keep up steam in the boilers of somebody else's business.

"Plan your course so that you will not always be dependent upon your salary. Build up a reserve fund. From time to time make wise investments, and in a comparatively few years you can become independent, and in the meantime you will be able to do better work and more of it, because your mind will be relieved of anxiety as to what would happen if your regular income should fail."

How one salaried man got ahead is told in this letter a Chicago man wrote his savings bank.

"I was married in 1904 on a salary of \$75 a month. In November, 1910, I was receiving \$135 a month. That winter sickness cost us \$350 and we had very little money in the bank to pay for it. We determined that we would save."

"To show what people can do with a fixed determination to succeed, we began immediately to save from \$35 to \$75 per month, and in eighteen months I paid in \$1050 on a lot and sold the equity for \$1200 cash and also paid back a loan of \$50 with interest."

"Two days after I received my cash I received my money in another lot, paying \$1200 down on a \$2500 lot. In five months I sold my equity for \$1600. I then had about \$1850. Two days after I invested again. I paid \$550 cash on two lots at a contract price of \$5500. In two days I sold my contract on one for \$555 cash, making \$200 net for the transaction. That afternoon I bought another one for \$2500, paying \$755 down and in two and one-half days I sold my \$275 equity for \$575, making \$200 on that lot."

"I then had one lot left on which I paid \$1200 down, keeping the balance for investment. In about five and a half months I sold my equity for \$2000. November 12th, 1913, I purchased another lot for \$2500."

"One does not need to devote himself of the remainder of life to accomplish the foregoing results, for we have lived very comfortably and I have given my mother from \$5 to \$100 per month during this time, and last summer I purchased a motor boat and my family and I spent three months at one of the nearby lakes."

"I have a checking and savings account also with about \$200 to my credit after paying for my last lot. I consider it worth any man's time and interest to save and go without some of the luxuries of life. If he can start with \$45 in November, 1910, and have \$2000 cash in November, 1913, three years thereafter."

It will not take long for a thrifty man like this to become independent of the pay envelope and fearless of the "blue" envelope.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION AT SHERIFFS SALE.

Execution—General

The Central National Bank of Attica, Ind., plaintiff, vs. T. V. Jordan, defendant.

BY VIRTUE OF AN EXECUTION issued out of the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, wherein The Central National Bank of Attica, Ind., plaintiff, and T. V. Jordan, defendant, upon a judgment rendered the 22nd day of December, A. D. 1914, for the sum of Six Hundred Seventeen and 63-100 Dollars, and money on the said judgment, and sales costs and interest, by reason of said execution, issued on the 1st day of April, 1915, wherein it acts forth that there is now due at the date of said writ, the sum of Five Hundred Forty-Nine and 18-100 Dollars, with interest at the rate of 7 per cent, from and after April 1st, 1915, I did, on the 1st day of April, 1915, levy upon all the right, title, claim and interest of said defendant, T. V. Jordan, of, in and to that certain real property situated in the County of Twin Falls, and State of Idaho, and more particularly described as follows, to-wit:

Lot Seven (7), block one hundred forty-one (141) in Twin Falls Town, said according to the first and second plat thereof, City of Twin Falls, County of Twin Falls, State of Idaho. Said real property standing on the records of Twin Falls County, State of Idaho, in the name of T. V. Jordan.

PUBLIC NOTICE IS HEREBY GIVEN, that I will, on the 27th day of May, A. D. 1915, at 10 o'clock A. M. of said day, in front of the Court House Door of the County of Twin Falls, State of Idaho, sell at Public Auction, for cash, all the money of the United States, all the right, title, claim and interest of said defendant, T. V. Jordan, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment with interest, costs, etc., to the highest and best bidder.

Dated April 23, 1915.

FRANK M. KENDALL,

Sheriff Twin Falls County, Idaho.

By W. G. THOMPSON,

Deputy.

James H. Wise, attorney for plaintiff.

TWO RANCH BARGAINS

160 acres, 1 1/2 miles from town, 80 acres alfalfa, no better soil on this tract, land easily watered, fair improvements, rented this year for \$1250 cash rent, which goes to buyer if sold soon. Price \$110 per acre. This ranch is positively worth \$130 per acre, good terms on future payments.

A NATURAL SHEEP RANCH.

160 acres 5 miles from town, 80 acres alfalfa, deep rich soil, good small house, price \$60 per acre, easily worth \$80. This is a natural sheep ranch, being well protected from west winds. Additional adjoining land, which is absolutely as good soil as there is in this county, can be had to make a ranch of 300 acres. If you are interested in sheep raising, investigate this proposition. It can be bought on very favorable terms.

J. CLYDE LINDSEY

Real Estate and Loans Twin Falls, Idaho, Perrine Hotel Building

More and more every day Ford cars grow in general demand. Their great usefulness is one of the daily life of all the people, though giving universal service with universal economy less than two cents a mile to operate and maintain.

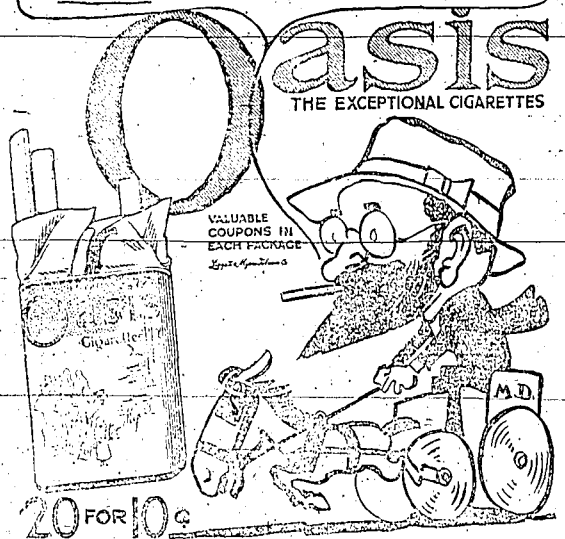

So simple in design that anyone can drive it, no bewildering mechanism the Ford owner looks after his car himself. Then there's the "Ford After Service for Ford Owners," assuring the daily use of the car.

Buyers of Ford cars will share in profits if we sell at retail 300.00 now Ford cars between August 1914 and August 1915. Touring Car, \$190. Runabout, \$140. Town Car, \$200. Coupelet, \$750. Sedan, \$850. completely equipped, 1915 D. 1915.

HIGHWAY FOLLOWING RAILROAD

Saving of About \$6,000 Will Be Made Near American Falls.

The State highway between the American Falls and Hannock county line will parallel the Oregon Short Line practically all the way. The old abandoned grade of the Short Line will be used for about three miles and will result in a saving in construction of about \$6,000. Coming from Po-

stello the road will cross the Short Line about a mile east of the present crossing and from that point follow the old grade to about a mile west of Hannock creek, where the old grade merges with the present railroad grade. The highway will cross the railroad at this point and parallel the railway into American Falls. This route will be shorter than the present traveled road. The old railroad grade will be widened to sixteen feet on top and a bridge will have to be constructed over Hannock creek. The survey to

the Hannock county line was completed Tuesday. South from American Falls the highway will practically follow the old Oregon Trail through Newby and on to the Cassia county line. A new crossing will be made at Ferry hollow, and the county highway will continue with the state highway a short distance south of the crossing. This crossing will do away with the long grade and curve at that point and will result in quite a saving in the construction of the county highway as well.

The forms have been taken out of the concrete flume at Spring hollow and work in the north end of the fill will soon begin. Engineer Porter believes the new road along the telephone line will be completed and opened for traffic by the first of June. City engineers will be the sand all the way. City plans will be opened along the road at convenient places in order to have hauling long distances. At the fill road cut is found at both sides of Spring hollow and so no long hauls will have to be made.—American Falls Press.

BETTER BABIES AT KIMBERLY

Contest Begins Out Seventy Contestants for Laurels Thursday.

The Better Babies Contest held Thursday under the direction of the Pioneer club was a decided success. More than seventy children were examined by competent nurses, dentists and physicians, who gave their services for the day. They report a remarkably fine lot of children, but several were found to be in need of medical attention in ways the parents did not know anything about. This is one of the benefits a contest of this kind. Saturday afternoon in the school auditorium the following program will be given. All are invited to this entertainment, which promises to be an interesting one:

Flora Eubanks
Piano solo
Lecture
Dr. Coughlin
Violin solo
Herbert Hardin
Songs
Greta's Chorus
Lecture
Dr. Davy
Piano duo Mrs. Arthur, Mrs. McMaster
Awarding of medals and certificates given by the Woman's Home Companion by Mrs. Van Hook.

Mr. and Mrs. W. F. Brecken, Mr. and Mrs. Bremer were in Artesian City Sunday.

Z. H. North, of Twin Falls, was a business visitor in Kimberly Friday.

Mrs. Hagel and children, of Hannock, were visiting Kimberly friends Friday.

One of the most enthusiastic ball games was played here Friday, when the Kimberly high school team crossed bats with the Twin Falls high school team. The final score was 1 to 1 in favor of the home team. The business houses were all closed during the game.

Friday at three o'clock will be played the last of the games on the home grounds the game being with Buhl.

The Methodist ladies will serve tea at the church Wednesday afternoon.

The well at the school house has been in almost constant use while the water has been out of the ditch.

Mrs. J. E. White, of Twin Falls, was a Kimberly visitor Friday.

Robert Taylor returned to Kimberly Friday.

Clara Belle Severance is recovering very satisfactorily from an operation for appendicitis.

"IDAHOME" THE FLOUR OF QUALITY

It has long been a well established fact that Idahome flour, especially among the best bakers and in homes where quality is desired.

Idahome is made from the choicest wheat grown in Idaho and the result is the best flour on the market today.

Just try a sack and notice the difference in your bread, cakes, rolls, or anything you care to make—it will be a delight to you.

Idahome is put up in twenty-four, fifty and one-hundred pound sacks and is very moderately priced when quality is considered. In fact it costs you no more than inferior grades.

When ordering your groceries tomorrow, be sure that you include a sack of Idahome flour—try it along with the brand you have been using, we're sure you'll be pleased. If not, return it to your grocer—Idahome is guaranteed.

At all good grocers.

PURE WATER PARTY TICKET

Mayor—Robert M. Sweeney, Councilman, First Ward—R. P. Logan, and C. M. Smith.

Councilman, Second Ward—R. E. Bohler and Dr. R. A. Parrott.

City Clerk—R. M. Williams, City Treasurer—H. E. Rounde.

City Engineer—J. A. Byrnes, Police Judge—W. S. Mallory.

PLATFORM OF THE PURE WATER PARTY

The principal matters of public interest are those relating to our water supply and our rights as against the waterworks company.

For a long period we have been promised satisfactory and prompt action but promises have been broken pledges have been forgotten. We are still using water of an inferior quality from an uncertain supply delivered through a faulty system that is ruining our streets and furnished by an outside private corporation. We have grown weary in waiting and justly feel that we can expect no relief except from a change of policy through the election of men who are not in sympathy with the things which we consider should be accomplished has not been made or dictated by a few interested individuals.

We insist upon an abundant supply of pure water from a source other than the irrigation canals through a system owned by the city and installed without further delay.

We demand the immediate bringing and vigorous prosecution of actions to determine the rights of the city in its water rights and the water works company and particularly in regard to the damages done to our street pavements.

We believe that appointive city officers should be selected because of their fitness and ability to do the work required of them, and that no person should be allowed them at the expense of the city only when demanded by actual necessity.

We do not only believe in a fair apportionment of public funds among the banks but demand that public money be deposited with interest at the highest rate that can be obtained, and in this connection we give voice to our objection to the attempted control of the public affairs of our city by any private interest.

We favor the extension of our street lighting system and of the permanent improvements of our streets in rapidly changing financial conditions warrant.

The Eighth Avenue Inter-lake and for a long time has been a menace to life and although demand has been continuous and insistent that it be removed in order that lives of children might be protected, action has been delayed, either for private interests or through indifference. We direct public attention to those who are to blame for the delay and declare our opposition to the election to office of any person who has been in any manner responsible for the existing conditions or who is not pledged to immediate action to relieve it.

We reiterate in the passage of the law which provides for state-wide prohibition of the liquor traffic and pledge our active and earnest support to all efforts to enforce it to the end that our crime may be lessened and public morals increased.

THE COUNTRY WOMAN'S CLUB met with Mrs. C. E. McLaughlin April 15. Officers for the year were elected as follows: President, Mrs. J. E. White; vice president, Mrs. C. E. McLaughlin; secretary, Mrs. C. E. McLaughlin; treasurer, Mrs. J. E. White; chairman of program committee, Mrs. J. E. White; chairman of social committee, Mrs. J. E. White; chairman of refreshment committee, Mrs. J. E. White.
