New Year Attractions

100% Over-Strength 8 Mitchell-Built Bodies 24% Extra Luxury 31 Extra Features

We have to offer you this year some new results of the famous Mitchell methods. Some new attractions which we pay for out of factory savings. These are due, like all the Mitchell extras, to John W. Bate, the efficiency engineer.

EUROPEAN DURABILITY

Mr. Bate fixed for all Mitchell parts a standard of 50 per cent over-strength. That standard has long been considered extreme. But it gave to the Mitchell unique endurance. It meant safety, long life, small repairs.

Seven Mitchell built under that standard have averaged over 175,000 miles each, or some 25 years of ordinary service.

But three years ago Mr. Bate spent an entire year in Europe. The leading engineers there—in England, France and Germany—were adopting higher standards. They were aiming at lifetime cars.

So Mr. Bate resolved to attain in the Mitchell 100 per cent over-strength. That is, each part twice as strong as used before.

He has now accomplished that. Now, for the first time, we announce double strength in every important part.

A LIFETIME CAR

But double strength for American roads means more than double strength for Europe. To find what it meant Mr. Bate has worn out fifty cars in tests. He has devised machines for applying to parts the most radical of shop tests.

Now over 440 parts in the Mitchell are built of toughened steel. Important parts are given

greater over-size. Paris which get a major strain are built of Chrome-Vanadium. The result is a car which ought to render a lifetime of good service.

ONE EXAMPLE—SPRINGS

One example is the Bate cantilever springs. In rough-road service, springs break frequently. But in 18 months, used in thousands of Mitchells, not one Bate cantilever spring has broken. Not one leaf of one. That same high standard now exists in every Mitchell part.

NEW LUXURIES

Now we occupy our new body plant. With the yards it covers 14 city blocks. Under Mr. Bate's efficiency methods it will save us hundreds of thousands of dollars.

Out of this new saving we have added 24 per cent to the cost of our finish, upholstery and trimming.

Our finish coats are now fixed by heat, in enormous ovens. This gives a deep, rich finish and a lustre that lasts for years.

TWO SIZES

MITCHELL—a roomy, 7-passenger Six, with 127-inch wheelbase. A high-speed, economical 98 horsepower motor. Disappearing extra seat and 31 extra features included.

Price \$1460 f. o. b. Racine. MITCHELL JUNIOR—a five-passenger Six on similar lines, with 120-inch wheelbase. A 40-horsepower motor—1.4-inch smaller bore than larger Mitchell.

Price \$1150, f. o. b. Racine. Also all styles of enclosed and convertible bodies. Also demountable tops.

We have added 50 per cent to the cost of our leather. We have added 50 per cent to the cost of our cushion springs to give you better upholstery. No other maker could possibly offer such luxury at the Mitchell price.

31 EXTRA FEATURES

This year we give you 31 extra features. That means attractions which other makers omit.

There is a power tire pump, a new-type control, an extra-cost carburetor, a ball-bearing steering gear. There's an engine primer at the driver's hand. There's a light in the tonneau, a locked compartment for valuables. The headlights are reversible. The Mitchell includes 31 such extras without extra price.

DUE TO THIS MODEL PLANT

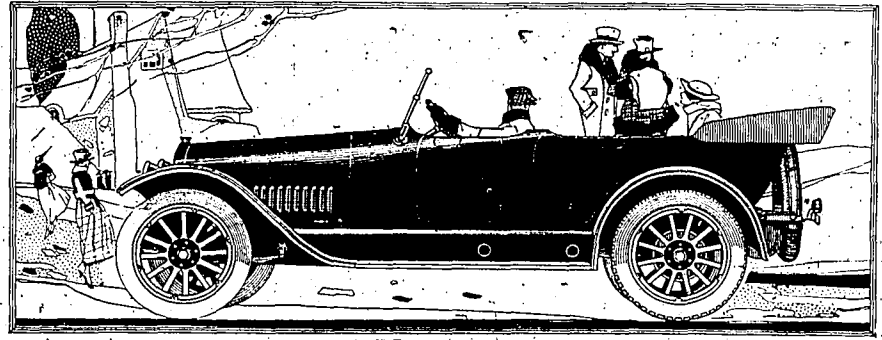

All this extra value is due to this modern efficiency plant. This whole factory, covering 45 acres, was built and equipped under John W. Bate. By efficiency methods it has cut our factory costs in two.

Nowhere else, we believe, could a car like the Mitchell be built within 20 per cent of our cost.

See what extra value this saving brings to you. See the extra strength, the extra luxury and the extra features. You are bound to want them. But you cannot get them at the Mitchell price in any but the Mitchell cars.

See your nearest Mitchell dealer; if you don't know him, ask us for his name.

Murtaugh News

(Times' Special Correspondence) Mr. and Mrs. D. A. Engstrom returned home from Colorado Springs Tuesday evening after a five months' stay with relatives, being called there by the serious illness of his mother, who is now much improved. J. S. Stewart of Golden Valley returned Tuesday evening from a trip to Iowa. Rev. Vermont of Nampa returned home Wednesday, after holding an interesting two weeks series of Bible studies. Carroll True took over Foster Hatmaker's interest in the Murtaugh Mercantile store Thursday and Mr. Hatmaker has left with his family for their old home in Illinois. Ed. Johnson of Eagle, Colorado, arrived Saturday to make his parents, Mrs. and Mrs. J. A. Johnson, as visit. Roy Hunt and Charles Worrell returned home from Twin Falls Thursday night, where they finished their commercial course at the Taylor business college. Mr. and Mrs. W. B. Hall and Miss Gertrude Hall returned home Saturday from Boise where they have been for the health of Mrs. Hall, who is

better known as Grandma Hall. All three had been here again. While she is still an invalid she is somewhat better. Geo. Jensen made a business trip to Twin Falls Thursday. Miss Blanche Hovroka was a shopper in Twin Falls Saturday. The school gave an interesting literary program in the auditorium Friday afternoon. Bob Kendall was a passenger to Twin Falls Saturday, where he is having dental work done. Mrs. A. L. Bradley and X. O. Hall of Twin Falls and Andy Hall of Burley were called to the bedside of their mother, Mrs. W. B. Hall, Sunday. The Young People's Sunday school class will hold a business and social meeting at the home of Mrs. H. Hunt Tuesday evening. James Allen is moving his family and furniture to Miller where he will work on the rail road section.

Hansen News

Mr. Rev. Stoy visited at the Alhambra Wednesday and Thursday. At the meeting of the County Agent and party at Excelsior Monday night Jack Craig was elected president of

the Excelsior branch of the association and to have her home again. Mr. Zumwalt is suffering from an injured knee. While excavating for an ice cellar, a large chunk of frozen earth fell on him and it was feared for a time that the bones of his leg were broken. Little Buel Vanderpool was in the hospital last week. He seemed better when he was brought home, but had to be taken back again. He is improving. While wrestling at the hall Thursday night George Henry fell. His physician informed him Friday that some of his ribs were cracked. Among those attending the meeting of the beet growers in Twin Falls Thursday were Messrs. McCoy, Zollinger, Autrey and Milson. Mr. Louis Ritzberger has bought an interest in the McVey Hardware store. A very enjoyable social was held at Excelsior Friday evening. The evening was spent in playing rance. A program was given and luncheon was served. All present report a jolly good time. A reception is to be tendered Mrs. Hale and daughters by the Ladies Aid society at the church next Saturday from three until five. Everyone is invited. At the hall Thursday night a very interesting basket ball game was

Berger Items

(Times' Special Correspondence)

W. J. Trueblood of the Goodwin neighborhood was seen putting up a sign on our streets Monday. Mr. Trueblood is one of the extensive farmers on the Salmon and has one of the best improved farms on the tract. It seems that Mr. Trueblood has confidence in a satisfactory adjustment of our difficulties on this tract, having added another parcel of land to his real estate holdings.

C. E. Carder and family were Plier visitors Saturday.

E. J. Harmlbrook, one of the Salmon's successful shepherds, was over from Twin Falls looking after his interests on the Salmon Monday and Tuesday.

Newton Galley, one of the prominent ranchers of the west end of the Salmon tract was looking after business matters in Plier Saturday.

Thomas A. Parrott and H. C. Erickson were down to Plier Saturday.

There will be services in Berger at 3 o'clock on Sunday. Rev. Kammann of Pleasant View will officiate.

The sale of Raymond Jones' Thursday was well attended.

The veteran auctioneer, Co. H. B. Lue, of Twin Falls, cried the Jones sale.

Walter Starr took in the sights of the Sugar City, Twin Falls, Monday. Art and Alfred Parrott were "doing" Plier Saturday.

E. J. Johnson was a patron of the Plier after school Saturday.

The young people's Sunday school class, Hop-It-to-Win, was pleasantly entertained by Clifford and Viola Evans at their pleasant home Friday evening. It seemed that all the members of the class had turned out to enjoy the hospitality of the Evanses.

Since the last communication some business changes have been made in Berger, as one of our mercantile establishments has been transferred to Simpson. Hollister people in Plier Saturday. It is now the new postmaster and proprietor of one of Berger's oldest mercantile establishments, having purchased the store in Plier Saturday.

Mr. Simpson is not a stranger amongst us, having resided on this tract for several years, being interested in the Salmon River store in Hollister for the past three or four years.

Before deciding on any particular location Mr. and Mrs. Curry will take a trip to their home state in Kansas, to visit friends and relatives.

We understand an interesting program will be presented every Saturday night. The subject chosen for debate is "Resolved, That all public utilities should be owned and controlled by the government."

J. M. Pierce is contemplating making some improvements about his premises. Mr. Pierce has one of the best improved and well fenced farms in southern Idaho. His residence, a commodious, modern bungalow, being one of the finest in this section of the country. Water is piped into his residence, barn and other buildings, on the place, from a cistern with several thousand barrels capacity, located a short distance every on his farm, higher than the buildings. Mr. Pierce and family enjoy all the comforts and conveniences of their city cousins as they also have all the rooms of their residence heated by a furnace. No more lamps to fill and clean, as electric lights have been recently installed and nearly all the buildings on the place are now electrically lighted by Delec Light system, for which the D. C. Watson company of Twin Falls, is agent.

Mr. Pierce has secured the necessary equipment to run the washing machine, cream separator, churn, refrigerator, etc. The place is improved with forest and ornamental trees, flowers and shrubbery of various kinds, driveways to the residence and barn from the public highway, ornamented with trees and roses on either sides. Mr. Pierce, like the rest of the Salmon River settlers, has not as yet made a fence on the tract, but is one of the "stickers" believing the difficulties on this tract will be recited before long. Mr. Pierce and family located on this tract five years ago, coming from California.

FIELD AGENT EXAMS.

The United States Civil Service commission announces an open competitive examination for field agent, for men only, on February 21-23, 1917, at Boise, Coeur d'Alene, Grangeville, Moscow, Pocatello, Sandpoint, St. Anthony, Twin Falls, and Weiser, Idaho. A vacancy under the Bureau of Crop Estimates, Department of Agriculture, in the State of Idaho, at \$1,608 a year, and future vacancies in that state requiring similar qualifications will be filled from this examination, unless it is found in the interest of the service to fill any vacancy by reinstatement, transfer, or promotion. Applicants should at once apply for forms 1312, stating the title of the examination desired, to the civil service commission, Washington, D. C. or to the secretary of the United States civil service board at the post office at any city in which this examination is to be held. Applications should be properly executed, excluding the medical certificate, and filed with the commission at Washington in time to arrange for the examination at the place selected by the applicant.

CHALMERS SIX-30

The Highest-Grade Low-Priced Six-Cylinder Car

Built for those who want a thoroughly reliable, powerful, six-cylinder car at a reasonable price.

Wanted in every county—in every township—in America.
No other car so perfectly fits the needs of many thousands of buyers.
It has size, beauty, power. It is economical and dependable. It can be bought at a moderate price.

Chalmers Style

Chalmers design, finish and accessories always have been beyond criticism.

The name of Chalmers stands always for a car of beauty. There is grace and harmony in every line and curve. Chalmers upholstery, tops and trimmings are goodness clear through.

No car at a less price approaches its charm. Few, even at much higher prices equal it. Every Chalmers owner is proud of his car.

Chalmers Comfort

Smoothly elastic springs—built with costly vanadium steel—unbreakable in ordinary use, and unexcelled for luxurious riding.

Cushions firm, yet soft as eider down. Wide, ease-inducing seats. Ample room for even the tallest and longest.

A balance that exquisitely swings with the contour of the road, yet holds it with a grip of steel.

Windshield just right; glove-fitting, top and curtains; doors that don't rattle and joints that don't squeak.

Chalmers Performance

Scores of gold, silver and bronze trophies adorn the reception room at the Chalmers factory. They were won for speed, for hill-climbing, for endurance and economy.

In 1916 Chalmers cars won in recent events—Pike's Peak hill climb—record run from Chicago to New York—famous Giant's Despair climbing classic—and other convincing road performances.

To drive a Chalmers is a constant pleasure. The motor is a giant in velvet clothing—its smoothness and power delight all users.

In city-traffic slowness or at arrow-speed along the open road the Chalmers is supreme.

Chalmers Economy and Dependability

Economy begins with the price of the car. It is needless to pay more than the Chalmers price.

Upkeep is satisfyingly low. The car is economical of fuel and easy on tires. A Chalmers always can be depended upon to meet any conditions of roads or weather.

DODGING THE BLAME

The explanations offered by the editor of the Statesman for the Boise commercial club's activity in bringing about the transfer of the place of commercialization of the Second Idaho from Salt Lake to Boise, should not be regarded lightly. It was, in popular vernacular, some effort. And in view of the definitely known facts of the case, it must have been quite a strain.

It seems, from our contemporary's explanation, that the Boise commercial club plead in bonded knees with the governor of the state to have him desist from his avowed intention of bringing the boys to Boise, where there were not adequate accommodations. However, the governor was going to "do" or "bust," so the club yielded after many vain entreaties and proceeded to spend much money to make the men at home. Picture shows were thrown open with no free liberality; dances were arranged for the entertainment of the men; the matutonium opened its doors to them (without pay) quite frequently; and the street railway company refused to take their nickles. Boise was a Good Fellow in every sense of the word, the editor of the Statesman modestly admits. Its cartoonist also is quite impressed with the hospitality of the capital city, giving expression to that feeling with a picture of Liberality Personified receiving abuse in return.

Also is the editor of THE TIMES, according to the Statesman, to be charged with derelictions both in his duties as an editor and a legislator, to say nothing of a few other minor matters with which he might be charged if they could be put in political language.

But somehow or other the Statesman's will fails to carry conviction.

The secretary of the Twin Falls commercial club says he declined to comply with the telegram of the Boise club urging the local club to get busy on the wire with Idaho's congressman and help have the boys sent to Boise. "We gather from that somebody at Boise connected with an institution known as the Commercial Club was tremendously active, the Statesman's claim notwithstanding, and the picture of a committee from that club begging the governor to have the boys quartered in Salt Lake instead of Boise, has a strong element of humor in it.

As for the lavish entertainment bestowed upon the men upon their return to Boise from the border—why, ask the boys!

The Statesman seems to have had some poor tips; or else has not yet got away from the habits it acquired during the recent campaign.

DR. PICKETT SAYS LOCAL CENSORSHIP MAY BE NEEDED

The following self-explanatory correspondence relative to the question of local censorship for motion pictures, between Dr. Pickett, of the Presbyterian church of this city and the M. E. Board of Temperance at Washington, D. C., has been submitted to the TIMES as indicating the necessity of local censorship for movies under certain conditions and as showing that in some places, notably in the state of California, the motion picture shows were proscribed by the saloon element.

Twin Falls, Ida. Jan. 25, 1917.
Rev. C. T. Wilson, D. D., Secretary of M. E. Board of Temperance, Washington, D. C.

My Dear Dr. Wilson: Last summer a little lot of eleven years shot to death a splendid man, as he discovered the land and a small brother robbing his home. The lad confessed to his crime and was sentenced to a year and a half in the penitentiary. Recently some of our shows have become so suggestive of vice and crime that men on the streets have expressed in strongest terms, their disgust.

At a recent meeting, attended by about half a hundred representative men, including the Mayor of the city, the superintendent of schools, a former city solicitor, lawyers, doctors, and ministers, it was unanimously agreed to favor a certain form of local censorship for the protection of our youth.

Immediately the movie syndicate got busy, spending over \$100 in advertising in our three city papers, in stock ads, but using a local theatre proprietor as their mouthpiece. Their first attempt was in the form of "Fable" and consisted in calling all the splendid men who favored censorship, such names as "Fossil," "Mossback" and "Fanatic," supposing this to be convincing argument. Their second, a full page ad, brings your splendid board to such prominence and association, that I am mailing it to you for your consideration. May I hear from you as to this method of advertising?

Very sincerely yours,
J. F. SHEPHERD.

To this Dr. Pickett replies for the board, under date of Feb. 25. After calling attention to that part of the ad which declares that "Protection must come, he adds, "We sought to stop the progressive prohibition of censorship by the liquor traffic in California. We have favored federal censorship as the only means of getting this great and dangerous power into the hands of men with sufficient intelligence and culture to use it without abusing it. But in the absence of such federal board, local censorship may be necessary and successful. Indeed, such has been the case without doubt. The exhibition of indecent and similarly improper pictures can be, and should be prosecuted, whether you get your censorship or not."

Cordially yours,
DEBTS PICKETT,
Research Secretary,
Moral: A half truth may be a whooper.

BASKET BALL LOCALS. LOSE AND WIN ONE

Locals Play Two Games In One Day—Teamwork Developing In Fine Shape, Says Coach

Both bad and good luck accompanied the high school basketball team on their trip to Burley and Heyburn last Friday. The former they defeated by the score of 20 to 29, and the latter, in a hard fought game won from Twin Falls by the score of 18 to 15.

The local boys were somewhat handicapped in the games with Heyburn, owing to the fact that it was their second game for the day and that they were unused to the indoor football style of play employed by the Heyburn quintet. Furthermore the gymnasium was covered with a very low ceiling, thus preventing the loop style of basket shooting, which in the past has been one of Twin Falls' strongest points. In spite of these handicaps the local boys showed splendid teamwork and played an all-around good game.

"We'll have a championship team yet," stated Coach Nafziger, soon after the game. "The boys are developing a teamwork that will carry us through the season in fine shape."

The first game, which was with Burley, was characterized by clean playing, no personal fouls being held against either team. In four previous games, from 9 to 24 personal fouls have been made by both teams.

During the first half, Strong of the Twin Falls team made four field goals, Newman, two, and Glasco, one. Of the Burley team, Craker made five. The score for this half was 14 to 10 with Twin Falls in the lead.

Newman made eleven points in the second half, making him a total of 17 points for the game. Burley shot five more field goals, but lost the half 10 to 15. The score for the game was 20 to 29.

The game with Heyburn showed up the teamwork which for the past two weeks has been absent from the Twin Falls team. The local aggregation held down the opposing team to the best of their ability, but lost the game by three points.

The one basket made by Twin Falls in the first half, was credited to McCracken. Heyburn managed to get away with five before the gong sounded.

The second half was a loser for Heyburn, but, according to those who witnessed the game, did not last quite long enough. Twin Falls was credited with 15 points, when the game ended, while Heyburn walked off the floor with three points to spare, or a total of 18.

The Bull team plays here Friday, February 9, at 7 o'clock. Although Bull won from Twin Falls at Burley three weeks ago, the general opinion is that Twin Falls will put it over them by a large margin.

LOCAL BREVITIES

Boy Scouts—Troup two Boy Scouts will meet Saturday evening, a most important meeting and every boy is urged to be present.

Eastern Stars Meeting—The next regular meeting of Twin Falls chapter E. S. will be held Tuesday, February 13 in Masonic Temple at 8 p. m. The regular meeting will be followed by a social session.

Buhl Game in Day—The time for holding the basket ball game with Buhl Friday has been changed from 8 o'clock in the evening to 3 o'clock in the afternoon, in order that it may be a daylight contest.

May Move Forestry Office—An effort is being made to secure the removal of the office of the forester for the Mindoka forest reserve from Oakley to Burley on the ground of convenience to the public.

New Library Books—Two sets of historical biographies have just been placed on the shelves of the Twin Falls public library, the American Statesman series, and a Jewel set entitled True Stories of Great Americans.

Socialists to Entertain—The Socialist local will give a social at the Moose hall Sunday night, beginning at 8 o'clock. The program will be an invited without charge. There will be a literary program and refreshments without charge.

Married Men Favored—While Uncle Sam taxes bachelors who have an income of \$3,000 or over every year, he has little more to say to the head of a married unit and does not begin to tax family folks until their income reaches \$4,000 a year.

Quietly Married—Fred Helfrecht and Hilam Anderson were quietly married last Saturday were quietly married home at 445 Fifth avenue north, by the Lutheran minister, J. A. Schlichter. Miss Anderson has for some time been in the employ of the Perrine and Mr. Helfrecht is one of the mechanics at the Lind Auto Garage.

Russell Gets Results—Word has been received here that, through the efforts of George J. Russell, secretary of the Elko Independent, the county commissioners of Elko county, Nevada, have appropriated \$250 for the immediate improvement of the Crispin grade, pending future road changes and improvements.

Entertainment Free—The evening entertainments at the Catholic bazaar at the Parish hall Tuesday, Wednesday and Thursday of next week will be free. Excellent programs have been arranged. While the price of the chicken dinner on Tuesday and the 530 dinners each day will be four bits for adults and two for children will be only a quarter.

Back From Boise—County Auditor E. J. Finch returned yesterday from a visit of several days in the state capital, where he saw the representatives of this county and watched the wheels of government in motion. Everybody seemed busy, the editor of the TIMES being especially active. Everything seemed to be running as smoothly as could be expected.

Orange Day Announced—An effort is being made to have national orange day, March 10, more widely observed than ever before. The Union Pacific System is pushing the idea and announces that it will have special displays and menus on that day at its restaurants. The co-operation of hotels, restaurants and stores in the same cause is urged by its promoters.

Missionary Circle Friday—The Anna Hild Evans Missionary circle of the First Christian church, will meet Friday afternoon, Feb. 9, at 8 o'clock in the home of Mrs. A. B. Colwell, 201 Tenth avenue north. Mrs. Emma Thomsen-Wilder, Mrs. Buelch C. Sawyer, president. Topic for the evening, "Work Among the Nations." All members are urged to attend. Lady visitors welcome.

Came For Bride—Fred Oren Larkin of Byron, Thayer county, Nebraska, traveled all the way from that state to south Idaho to claim as his bride Miss Gladie M. Willis, a popular young waitress of the Hotel Rogerson. Mr. Larkin is a thrifty young rancher and together with his bride will return to his home state a couple of weeks hence, where they will reside on a farm. The young couple were married Tuesday evening at the study of the First Christian church, with E. Harman, performing the ceremony. They were accompanied by the bride's father, Mr. Joseph Willis, and Mrs. Goldie Goldson.

Born—On Monday, an eight-pound boy was born to Mr. and Mrs. W. L. Doss, at 631 Blue Lakes Boulevard.

A number of valued contributions, both prose and poetry, have been held over from this issue for lack of room.

Change Meeting Time—The Business Women's association will meet on Tuesday of next week at the home of Mrs. I. J. Young on Monday night at the Parish hall as formerly announced.

Althorpe Jurlidge Accident—A report from Jurlidge this week says that a team owned by A. E. Hudson slipped over the Crispin grade with a load of hay. The team regained its footing but the hay rolled down hill.

Auto Licenses Received—After some delay the new forms for auto licenses have been received from the state by the Motor Vehicle Bureau. The owners of gas wagons cut now dispense the 1917 model license at the regular price.

Hornbrook Coming—W. H. Hornbrook, a former Twin Falls journalist, and for the past two years United States minister to Siam, is expected to arrive here with his family tomorrow to visit his brother, E. J. Hornbrook and other friends, before returning to his home in Albany, Ore. Mr. Hornbrook resigned last fall to return to the position of editor of the Albany Democrat, of which he is the owner.

"Mike" Cannon Appeals—Dwight E. Cannon was four weeks yesterday in the city of Idaho. He is now in the appeal court, when the alleged violation of the city ordinance is said to have taken place. He claims to have applied for a license and asserts that he has always complied with the law while conducting his business until he refused a license and that he refused to let the city to grant a license without legal grounds, hence, according to his theory, he is not guilty, even should the city prove that he conducted a card game. The city attorney declined to issue a license to him.

Hackenschmidt Defeated—"Yung Hackenschmidt, brother of "Yung Hackenschmidt, and claimant of the light heavy weight championship was easily defeated last night at the Idaho arena by Roy Mercer of Pendleton, Oregon, who threw the Muscovite twice in ten and a half minutes. The audience was surprised at the shortness of the fight. The Russian contenders engaged in a controversy relative to the probable length of the bout before it began, which indicated an eight round fight. The Russian contended that if it lasted over two hours it should be considered a draw, while the Pendletonian insisted that it go all night unless a fall should be obtained.

Local International War—Several local conflicts involving casualties but no fatalities have resulted from the outbreak of the diplomatic relations between the United States and Germany. While the overwhelming majority of the Teutons have "nailed to the main," a few have been guilty of un diplomatic observations which led other citizens to an immediate enforcement of the Monroe Doctrine. In one instance, in an effort to "carry the war into Africa," an enthusiastic patriot made some derogatory observations about Germany in the presence of an offending Teuton, with the result that he thought he had been struck by a torpedo. With these few exceptions, the relations of American citizens, regardless of descent or former allegiance, has been firmly for the policy of President Wilson in the crisis.

Miss Tachell Books Arrive—The regular Tuesday evening luncheon of the Business Women's association was attended this week by forty-five members of the association and was held in the Parish hall. The delicious luncheon, prepared by Misses Doris Stiles and Cleve McAllister, was served at the regular tables by Miss Ellen Goebel, hostess for the evening, and her assistants. After the luncheon the study of the evening was taken up under the leadership of Dr. Emma Crossland, who has had charge of the department during the absence of Mrs. C. H. Krengle, who has been with her husband, Leonard, in Kringle, Ore., the Mexican border. Mrs. Krengle returned to Twin Falls last week and was in attendance at the luncheon this week where her presence was greeted with applause. The luncheon next week will be held in Parish hall on Monday evening instead of Tuesday night, when the study will come to the first of a series of studies of the life of Ida M. Tarbell, and her books, will be taken up under leadership of Miss Grace Hornaday.

Raised \$100 For Grade—The Twin Falls Chamber of Commerce this morning raised \$100 from merchants here for the improvement of the Crispin grade. A similar sum has been raised at Rogerson. With the \$250 allowed by the county committee, it is believed that the grade can be put in passable condition.

Charged With Sheep Stealing—Noah Greenbush and Deek Weenig, Jr., two Buhl boys aged about eighteen years were bound over to the district court Tuesday by Judge Henry H. Gaffney, after they had been charged with stealing sheep from the ranch of Ellison & Bushmann. The preliminary was held before Justice of the Peace Roy Kiburgh, another Buhl boy was bound over last week on the same charge but "jumped his bond," and escaped. The boys had taken away from their mistresses, when arrested, they denied having taken more, and though others are said to be missing, there is no evidence connecting them with the disappearance.

The Lecture by Hon. J. Adam Bede, ex-congressman from Minnesota, before the great law entertainment in the Lyceum course for this season, transpired at the Lavering last night. Mr. Bede is both a philosopher and an orator, his address was philosophical and very complimentary reference to the fine appearance of Twin Falls—introduced by a comparison of the larger to the smaller cities, very much to the advantage of the latter; he launched into his subject "proper. This might, perhaps, be defined as a plea for good taste in the culture and for helpfulness in all the problems and relations of life. Happiness, which the speaker said Jefferson's great motto was, is not a matter of right to "pursue"—not necessarily to overtake, is most often and most perfectly found in the comfortable home of America's great cities, in the class midway between poverty and affluence. And no one should worry over the so-called problems with which advancing civilization is being confronted as long as there is progress there will be problems; but no one desires to go back to the methods and inconveniences of the past or to avoid them. The lecture bristled with aphorisms and epigrams, and clever and unexpected turns. Henry Hill, of Englehard, in answer to a question as to the monarch who "killed his queens out of season, with no regard to the game laws," and his audience was invited to think what would become of King George, should he treat his one queen in that manner.

PERSONALS

Phone No. 38

J. Guy Davenport spent Sunday in Buhl.

W. S. Hyde was in the city from Buhl Tuesday.

L. E. Homan was down from Hansen yesterday.

Thomas Parks was a visitor from Buhl yesterday.

Mrs. C. A. Blain came up from Rogerson Tuesday to spend a couple of days in the city.

SOCIETY NOTES

Phoebe—Miss Marge Putnam entertained the Kappa Delta Sigma sorority girls on Monday evening. After a short business meeting, a course supper was served by the hostess.

Mrs. E. J. Ostrander was hostess at a prettily appointed luncheon at the home of Miss Myrtle Thiede, Wednesday at 1:30 o'clock. A wicker basket of pink and white roses formed the center decoration of the table. Places were laid for twelve guests.

On Friday evening at the suburban home of Mr. and Mrs. P. B. Johnson, in honor of Miss Myrtle Thiede, daughter of Mr. and Mrs. Chaffin, who recently returned from California, a party was given by Miss Emma Johnson. Sixteen guests were present. Refreshments were served at the close of the evening.

The W. C. T. U. will meet on Friday afternoon at 2:30 o'clock at the home of Mrs. Stanbury on Fourth avenue east. This will be a Francis E. Willard memorial service and the annual meeting of the memorial fund will be taken. As this is the last meeting before the first of March it is desired that as many as possible will be ready to pay the annual dues. Mesdames Bowen and Jones will assist in making all interested women welcome at this meeting.

School Notes

Times' Special Correspondence—The meeting of the agricultural club held in the high school auditorium last Thursday evening was decidedly successful for the first attempt of the season. The program was exceptionally pleasing, interesting addresses being given on various topics of public interest. The musical numbers rendered by the glee club were a valuable asset to the evening's entertainment. The meeting was attended by seventy people, about a dozen of whom were farmers. Owing to the poor condition of the roads, others were unable to attend. The success of the meeting, held on the first week of March provided the weather permits.

Tri-weekly extemporaneous speeches on the various phases of the subject for the inter-scholastic debate, are being given by the members of the high school debating team. The team represent this school at Boise was selected Monday. It was decided that the affirmative travel this year, so Ted Brown, Michael Thometz and Tom Irwin were members chosen. Otto Hooper, Philip Buck, and Robert Edwards will defend the reputation of the school by meeting the affirmative hosts team on the home floor.

At present the date of the debate is uncertain, probably about March 15. At a meeting of the senior class on Tuesday it was decided by vote that Reverend Bent, of the Methodist church, give the bachelorette sermon for that class. Commencement invitations and personal cards have been ordered. The class pins and rings, for which the class has been waiting for some time appeared last night, there being but fifty prepared to be granted, pleased with them. The number of seniors graduating this year is somewhat smaller than last year, the number having started out to graduate in the coming spring.

Work on the annual declamatory contest has begun, several of the would-be-readers, having started on their work early in the season. There is much excellent material in the school, and a spirited contest looked forward to.

GRIFFITH ALARMS WORLD AGAINST HORRORS OF WAR

When one of fair mind witnesses the marvellous destruction he can not believe that Griffith, as has been said of him, has been all these years nursing his wrath against the "North."

The result of his labors and of all this discussion will appear at the far-reaching distance to the cause of leaving twice daily, February 13 and 14.

The Birth of a Nation will inspire patriotism, teach history, produce peace and command respect for the drama and music better than any offering before the public today.

SOCIETY NOTES

The Bisbee Studio. A very wise writer once suggested that comparisons are unpleasant. With due respect for his opinion, we disagree with it; we like comparisons. Only the best is good enough. Get out portraits sent to you by your friends, portraits made, perhaps, in city studios. Look at them carefully; they are good, of course they are. Then with this ideal in your mind and before your eyes, will you not pass by our studio and notice our show-windows? Look at them carefully too; please do. We like comparisons. The Bisbee Studio

ATTENTION COMRADES. Again beloved comrades is facing a very grave crisis—how grave none can tell. So, feeling assured of the cordial support of all good soldiers, your commander has taken the initiative in calling a mass meeting of the loyal and liberty-loving people of this country and will assemble with the colors in the main hall of the high school building. JAMES M. BICE, Post Commander.

Lumber Choice

A best wood for every purpose, and—

—it's a part of our business to know what's what in this respect.

We have no particular kind of lumber to exploit.

Our only concern is to help you get what you ought to have—the best wood for your particular need.

There's something to this "lumber choice."

Think it over.

CAPITOL CULLINGS LATE NEWS FROM LEGISLATURE

(Continued from page 1)

are not entirely agreed as to the boundaries of the new state, though they are set forth tentatively in the resolutions. The citizens from the south believe the lines should be drawn farther north than they are. It is expected that this difference of opinion will be adjusted at the time the resolutions come up for passage. As set forth in the resolutions the boundaries of the proposed state are as follows:

"Commenting on the township line between townships 9 and 10, north of the Boise line, where the same intersects the center of the channel of Snake river; running thence east along said township line as now surveyed and as it will be when extended where unsurveyed, to a point where it intersects the division of the water shed between the waters of the Salmon river and the Snake river; thence following the top of the divide between the Salmon and Snake river in an easterly direction to a point where it intersects the line between the states of Montana and Idaho; thence following the boundary line between said states in a north westerly and northwesterly direction to a point where it intersects the national boundary; thence west following the national boundary to the Idaho and Washington; thence in a southerly direction following the boundary line between the states of Idaho and Washington and Idaho and Oregon to the point of beginning."

There has been no little rumor in connection with the joining of southern members of the legislature with those from the north in the futureance of this project, to the effect that many "trades" were in the air; the most prominent of which has been the one to the effect that the north will support an attempt to remove the state capital from Boise to Pocatello. There appears to be no grounds whatever for any of these stories. The facts are that many members of the legislature who reside in the south are tired of seeing a continuance of the present illogical arrangement of educational institutions in the state, and with the foreseen failure of the resolution calling for the moving of the state university to south Idaho, were not particularly reluctant to accept the challenge of the northern members to unite with them to make a state out of north Idaho.

If the attempt is successful, a state university will be established in south Idaho, as well as an agricultural college and a large normal school. There is no sentiment at all, outside of the Ada county delegation, to place another of the state institutions, at Boise, and while Boise would probably retain what it has, it stands little chance of getting more. The fact is said to explain the hostility of the Ada county delegation to the proposed division. It is generally con-

ceded that the new institutions would go to Twin Falls and Pocatello. The portion of the state seeking admission as a separate state has a population of approximately 150,000, an area of 36,604 square miles and an assessed valuation of \$180,000,000, leaving southern Idaho with a population of 225,000, an area of 48,288 square miles and an assessed valuation of \$240,000,000.

Hollister News

(Times' Special Correspondence)

Dave Russell has packed about 100 tons of ice for next summer.

There will be a hazing and a coronal dance at the Hollister school house, February 17, and every one is invited. A good time is assured.

Dr. Parrott, formerly of Hollister, has been back in this community for a few days, looking after business affairs and shaking hands with his many friends and acquaintances. Charlie Simpson has sold out his interest in the Salmon River store in Hollister.

There will be a public sale in Hollister, February 17. Dell Kennison will be the crying.

The Salmon land is now getting right up amongst the rest of the land as the writer knows of several good places that are being rented for half crop rent.

John Nelson bought a new wagon in Twin Falls one day last week. Hollister schools have been closed the last two weeks.

The nice weather will certainly thaw the snow and help fill the Salmon dam. There was about two feet of snow in the sage brush in this locality.

Word was received here that Jessie Chamberlain, who went to Canada last spring with her father, has been married.

Mr. Beatty, east of town had a few car loads of ewes shipped in and is preparing for a good yield of lambs.

John Salton will reside on Seventh avenue north in Twin Falls and Mr. Salton will clerk in Har's store.

Automobiles are again starting to venture out on the roads as being broken a little.

Leader in the dance—

THE CHENEY TALKING MACHINE

THE CHENEY is Leader in the Dance. Its music is delivered on the cabinet screen and fills the room, instead of remaining back in the instrument's throat.

All the dancers can hear it; therein lies its great superiority and popularity for the dance.

By use of a new mechanical principle, the Cheney tones are reflected from flat surfaces, so that the tone-color is not distorted.

The Cheney plays all disc records

JENKINS AND COMPANY

"If It's From Jenkins It's Good"

GERMAN CRISIS SEEMS STEADILY NEARING DAILY

(Continued from page 1)

directed in any way that it will relax in its purpose to endorse the German note on submarine. The United States stands alone among neutral nations in breaking with Germany. As other neutrals, however, have followed the suggestion of President Wilson to the extent of protesting, thus giving their moral support to the attitude of the United States. The protest of Spain was the first to reach the state department here. Press reports indicate that other neutrals will not formally break with Germany at this time though they will condemn her action.

RIO DE JANEIRO, Feb. 8.—The American steamer Evelyn was fired on last night by Brazilian warships on account of a misunderstanding of signals, but was undamaged. The incident shows the strictness of the neutrality watch that has been established by this country, and its determination to resist any violation of international law. It is authoritatively stated that the note of Brazil to Germany declares the submarine practice to be illegal and that Germany will be held responsible for any Brazilian losses. It is learned that Argentina has sent a note to Germany expressing regret for the extreme measures taken, but announces that it will "adhere strictly to international law." Apparently this means that Argentina will maintain neutrality, and if so, ends the proposed unity of action of the South American republics, since it is less emphatic than Brazil.

LIMA, PERU, Feb. 8.—A British cruiser stopped the Chilean steamer Mallo near the coast of Peru today and took off Captain Krause, superintendent of the Cosmos line of Germany. Krause was charged with giving information relative to the sailing of the Mallo.

NEW YORK, Feb. 8.—The International Mercantile Marine is likely to be the first American company to defy the submarine orders of Germany. It has announced that it will take advantage of the order from Washington permitting the defense arming of American ships and holding as a casus belli their sinking in violation of international law and will refuse to paint the stripes on the

slides of its vessels, as suggested by the German note.

WASHINGTON, Feb. 8.—A London dispatch late this afternoon stated that Great Britain had also granted safe conduct to Count Von Bernstorff, and it is thought that this may be followed by the granting of passports to Ambassador Gerard. It was learned this afternoon that an American negro named George Washington, a member of the crew of the Torjan, was killed when that vessel was torpedoed. Calvin Ray Fillmore, of Utah, another member of the crew escaped.
