SPECIAL

MUSICAL PROGRAM BY EIGHT PIECE ORCHES. TRA UNDER DIRECTION OF MR. NEIL SCHEITLER

AT CITY PHARMACY

The Theatres

MYRTLE GONZALEZ STARS

IN HIS PROGRAM SATURDAY

The beauties of reflected mountain scenery and impressive vistas of the giant redwood forests of California will provide a rugged setting for the stirring scenes to be enacted in "The End of the Rainbow" at the Isis theatre on Saturday, when Myrtle Gonzalez, Val Paul, Fred Church and George Hernandez will lend a company of cleverness in presenting this latest Bluebird photoplay. The plot of the piece is well suited to an unfolding in these nature-scenes. There will be an atmosphere of strength and forcefulness in the characters and the story will be found vitally interesting.

THELMA SALTER CO-STARS

WITH KEENAN IN "THE CRAB"

Another play from the pen of G. Gardner Sullivan, chief of the Triangle-Kay Deo scenario staff, is to be seen in "The Crab," co-starring Thelma Salter and Frank Keenan at the Orpheum Monday.

Thelma Salter, has been appearing before the camera almost ever since she was born. She has had prominent roles in a number of Triangle plays.

ISIS WILL PRESENT PROGRAM FIRST OF WEEK

If anyone doubts that an Oriental can fight, he should see the desperado combat a young American with a horde of Algerians in "The Road to Love" the Morocco-Paramount photoplay, which is the attraction at the Isis theatre Monday and Tuesday, and be thoroughly convinced.

Realistic to the nth degree, it came very near to being too much in ex-

cess, for eastern passion once aroused is a dangerous emotion.
The strong, vigorous action of this Morocco picture carries a fascinating love story through many thrilling scenes of adventure and romance. Lenore Ulrich in the stellar role, makes a most fascinating Hafsa, an Algerian beauty.

LAVERING PRESENTS CUNNING AS NEXT WEEK'S ATTRACTION

The theatre goers of Twin Falls will be pleased to learn that Manager Laving has been successful in securing another big feature attraction in the form of Canning and his wonder workers, ten people in number, presenting an evening's entertainment of earth mystery, music, dancing, and acrobatics. This show is presented along the same lines as that of Alexander, who created such a sensation here the past fall.

However, all the illusions and spectacles are entirely different. Canning does not use any regalia whatever in presenting his mind tests but works through the entire show in the conventional dress suit. He carries a number of pretty girls with the show who all do specialties. He proposes to demonstrate that he does really possess a wonderful occult power while here if he can find a suitable place where a crowd can be accommodated.

us these exhibitions will be free. Canning and his company will be at the Lavinger for four days and a Saturday matinee, starting Wednesday, March 21.

"A DAUGHTER OF THE GODS"

AT IDAHO NEXT WEEK.

"A Daughter of the Gods," the motion picture sensation of the world, and the most expensive screen drama ever produced, comes to Idaho on Monday and Tuesday. This mammoth scenic spectacle, featuring Annette Kellerman, and introducing over twenty thousand people who appear in its hundreds of bewilderingly beautiful scenes, is at present being presented by thirty-six companies in various parts of this country, Australia and in England. It is the first and only picture that President and Mrs. Wilson have seen together since their marriage, and it has received columns of enthusiastic praise from the dramatic critics of all the leading papers of the largest cities.

FOR SALE—Registered Red Polled bulls, cows, and heifers; also 18 two-year-old ewes, either with lambs or to lamb soon. 3 1/2 miles east on the Kimberly road. Floyd Jones, Kimberly, Idaho.

FARM BUREAU NEWS.
SOME INTERESTING EXCERPTS

A Sample of What the New Monthly Issued by The Twin Falls County Farm Bureau Offers Its Readers.

(From T. F. Co. Farm Bureau News)

THE FARM BUREAU
For the benefit of those who may still be in doubt as to the nature, scope and purpose of the Farm Bureau organization, we submit the following:

The Farm Bureau for a county is a membership organization of farmers and others interested in agriculture, for the purpose of co-operating in the support of a county agricultural agent in his work of promoting the following activities:

1. Untying existing local agricultural forces and organizing new lines of effort.
2. Exercising and developing local leadership in the rural affairs of each community.
3. Finding out, arranging and making available to the public important facts about local farm practices and farm management, which will not only point the way to increased production but larger returns.
4. Conducting contests and demonstrations to show the importance and value of certain farm practices, methods and principles of management and pointing out their local application.
5. Furnishing a clearance house for extension work in the county.
6. Revealing to the people of the county the agricultural possibilities of the county and how they may be realized.

OUR FARM BUREAU PAPER.

Uncle Sam suggests that his various County Farm Bureaus have a paper. We have a very good one to discuss and solve on the farm. The various County papers are town made and to a large extent voice sentiments from the view point of the town men. When all has been said and done to bring together the County and the town the fact remains that each has its problems and each in turn must solve its own problems. We leave it to the town people to solve their own problems in their own way, it is our duty to get together as farmers and solve some of our country problems.

We on the Twin Falls tract are very fortunate in the class of men and women that we have on our farms. We are abundantly able to solve all our problems, but we must get together, get acquainted, have more team work. Up to this time the town people have not only solved their own problems but the country as well. We now have a County Farm Bureau paper, let us take the reins into our hands. Our paper will be open at all times for contributions. It can be made the forum for the discussion of all farm problems, and we predict that it will be a real live wire in this community. Let every one help to make it so and it will hasten the ideal living on our irrigated farms. This paper should be non-sectarian, non-political and non-accusatory. The one thing that it should stand for is for a better country life. We should not antagonize town life. We can help in many ways the common good of both. But when it becomes a question of country versus the city we should unite to a man to protect the country, and it would seem that a real un-sighted business man in town would realize that with our prosperity in the country there would be a much greater prosperity in the towns. The merchant complains of our sending our money out of the country to the mail order houses. We have that right, but on the other hand gives us prosperity and this will grow less and less. During the last two years especially this last one at the holiday season farmers spent more money at home, and we cannot help but feel that proportionately far less was sent to the mail order houses.

SPUDS IS THE CROP.

"Spuds is the crop," said Farmer Jones, "the crop that brings the silver bones—the kale for which the farmers 'love'." "N' s'rs," said Sweet, "give me the beet. It pays for all the things we eat, for shoes for the children's feet, the best pay for the best meat and puts us all on easy street." "You're both blis-look," said neighbor Lee, "for if you'd look you'd surely see there's gold in wheat; what's wheat made me. What ever anyone can see in any other crop, beats me; give me the wheat," said neighbor Lee. "Surely wheat's all right," said old man Wood. "No use to fight cause spuds are good and beets ain't bad, they bring the man and digging them is sure some fun; the best-man's work is never done. But as for me," said old man Wood, "alfalfa blooms sure smell good. Alfalfa's king of all the crops, it beats the spuds and wheat and hops." "I see you're just a little off, all money mad," said Deacon Goff. "At spuds and beets I can but scuff and ask you, gentlemen, to doff your heavers to the crop that's worth more than all other crops on earth. I'm speaking, man, of girls and boys, that bring the farmer sweetest joy. The new boy with his tin toys. Give me the kids and take your wheat and hay and spuds and sugar beets!"

THE FIRST 50-POUND COW.

The first record for 50 pounds of butter in seven consecutive days under official test has been made by Segie's Fawn, a Holstein-Friesian cow owned by Oliver Cabana, Pine Grove Farm, Elma Center, Va. In the week ended Jan. 2, she produced 730.8 pounds of milk and 50.65 pounds of butter, 3.31 pounds more than her nearest competitor. The new 50-day queen is by Kipr Fayne Segie, a son of Kipr Segie and Grace Fayne 2nd Homestead, holder of the 5-day record for 50 pounds at 55.55 pounds. Her dam is Velma Johanna, by Johanna Rue 3d's Loo. She was bred by A. A. Cortelyou of New Jersey.

(Entered at the Twin Falls postoffice as second class matter as a twice-a-week publication, October 19, 1910.)

Bilzards and rumors of bilzards. Oh, that ground hog!

German Ambassador Gerard I. in Washington, telling the state department all about it.

Another 8-hour railway strike threatens. Where is Mr. Adamson with his little bill!

The Chicago pucker who urges a "kinkless wooing" must have small need for marriage fees.

All records for March snow have been broken, with the result that cattle on the ranges are facing starvation.

The German note suggesting a German-Mexican-Japanese and American alliance forgot to include the senatorial filibusters.

Despatches indicate that Count Von Bernstorff is being "greeted with conspicuous coolness" in Germany. He might have stayed here, where he would probably have found it warm enough after publication of the Mexico-Japan note.

The Interstate Commerce Commission has proposed to the railways an entire readjustment of transcontinental freight rates by which the preferential rate from eastern producing centers to cities on the Pacific coast, so long in use to meet competition by water, will be abolished and intermediate points given rates as low, or lower, as rates to the coast.

An exchange thinks that Congressman Rankin is sure to enjoy congress because he has confessed a liking for Charlie Chaplin.

We are circumstantially and authoritatively informed that it would not today be possible for the United States to put in the field a single division of soldiers fully equipped—especially as to machine guns and other modern artillery.

On English authority—her not less in ocean tonnage since January first last is seventy-eight ships of sixteen hundred tons and over—the constant construction having so nearly kept up with the work of the submarines. The present record of the British mercantile marine shows 3563 ships of over sixteen hundred tons each.

That old Republican paper the Cedar Rapids Republican, after sorrowfully denouncing the part taken by both Iowa senators in the filibuster against voting to the president the desired authority, says: "Iowa is the only state which failed utterly, the only state in which both senators fell by the wayside when the cry was for a united front, a solid backing for the president in his arduous and often heart breaking responsibility and duties. Iowa deserved no such odium and it wants the people of the nation to realize that Iowa is not back of its own senators, but that it feels humiliated and disgraced."

OLD VETERAN PASSES AWAY
DEWITT C. Mertz was born in Rockingham county, Va., October 26, 1832, and died March 6, 1917, aged 84 years, four months and ten days. He was the father of Mrs. George Lohr living seven miles southwest of Twin Falls, with whom he has made his home for the past eight years. He also had a son in North Dakota and two daughters in Virginia. Mr. Mertz was born before the historic event of the "falling of the stars." As a young man in his Virginia home he saw the on-rushing storm of the Civil war and responded to the call to arms of the Confederacy, in which territory he then lived. For four years, nearly the full length of the war, he served with the cavalry in the 110th Virginia. He experienced much hard service and yet came through it all without a single scratch, although he lost his mount in battle. He, like all veterans on either side, was fond of telling of his thrilling adventures, his good and entertaining and could make the chills run over the listener. He was a tall man of commanding physique and strength, always finding pleasure in life, even in his last year he could

be found fishing along the canals or the Snake river.
He had long been a member of the Brethren church, and as age overtook him he frequently expressed his hope on God's promise and was patiently awaiting the death's summons. Services were conducted at the Baptist church at Knoll on Tuesday afternoon, by Rev. S. S. Nohler, assisted by Mr. G. A. Galloway and G. H. Fahney. On Tuesday evening Mr. Lohr started for Saries, North Dakota, with the body, where he will be buried by the side of his wife.

IDAHO NOT SO DRY AS FEARED

(Continued From Page 1)

It has ideas to which I cannot subscribe.
"I had drawn an ordinance for your consideration whereby the proposed system might be divided into two parts, one for the water works and the other for the electric power, and the other relating to the system proposed for the city itself, so that one might, if the people saw fit, be adopted without the other. To discuss now would be like telling what a fine horse an animal was after he had been skinned so I will not take up your time with the matter."
An suggested by Mayor Sweeley the matter was passed over, for other business.

The alarm caused by the (it was thought) unfortunate state of affairs was dissipated yesterday by the return at noon from Boise of Attorney George Herriott bringing with him a copy of the measure as passed, which he had compared with the original law. The ordinance segregated the water from the light and power and provided specifically for the issuance of waterworks bonds in an amount submitted by the council and voted by the people. The segregation made the statute read awkwardly and may, in the opinion of the city attorney, render invalid bonds without the consent of light and power but not of bonds issued for providing of waterworks systems. In the opinion of the city attorney, there can be no doubt about the power of the city to acquire or construct a waterworks system such as the city may require.

Last week an ambiguous item in a Boise newspaper led to some speculation in regard to what was doing in the legislature relative to public utilities in the last days of the session. Sunday the following equivocal statement of the provision of the measure which caused all the worry in Twin Falls appeared in the Statesman: "S. B. 111—Enabling, cities, towns, and villages to bond to any amount not to exceed six per cent of the assessed valuation, to provide for construction, equipment, and maintenance of municipally owned utilities." The definition of the word "municipality" which should have been placed before the words "to provide," gave an incorrect construction of the purpose of the statute. Mayor Sweeley said he got in touch with someone in Boise whom he thought was informed who gave him the version which appears in his statement to the council. The changes which the mayor's informant referred to were made, but the defects, so far as waterworks are concerned, were, in the opinion of the city attorney, cured by a preceding and subsequent provision.

As a result of the information received by Mayor Sweeley the "municipality" of a live campaign received a nippling frost from which it is now recovering. It is the purpose of the special meeting Tuesday night, was "Consideration and Action upon the submission to the voters and qualified electors of the City of Twin Falls of the issuance of bonds for the paving of Sixth street from Sixth avenue north to the junction of Blue Lakes Boulevard and Addison avenue."

SING SING PRISONERS ARE WORRIED BY THE J. C. L.
(United Press)
OSSING, N. Y., March 16.—Sing Sing prisoners today are feeling the effects of the high cost of living. In the past, potatoes and onions were a regular part of the daily menu. Now, however, the chef is feeding the inmates rice and macaroni in place of these high priced foods, in order to reduce the cost of feeding the 1500 prisoners. Instructions have also been issued forbidding the men receiving bread at any time of the day outside of the specified meal hours.

IDAHO POWER COMPANY FILES BIG MORTGAGE

More Than \$18,000 Borrowed By Company on Its Numerous Properties in the State.
A big mortgage was placed on file yesterday by the Idaho Power company with County Auditor E. J. Finch, covering the properties of the Idaho Power company. The obligations incurred amount to more than \$18,000. The instruments and papers relating to the transaction, received by the county auditor were:
Original counterpart mortgage or deed of trust executed by Idaho Power company to Bankers Trust company and Fred L. Kent, trustees, under date of January 2, 1917, this to be recorded as first mortgage on the property of Idaho Power company, Boise, Idaho.
Original counterpart mortgage executed by Idaho Power company to Bankers Trust company and Fred L. Kent, trustees, under date of January 2, 1917, this to be filed as a chattel mortgage.
A brief form of certificate prepared

Real Estate Money Makers for the Investor

80 acres, 2 miles from Twin Falls. All in cultivation, fair buildings and fences. A bargain at \$160 per acre. \$2500 will make first payment.

80 acres 3 1/2 miles from Twin Falls, all in cultivation, fair buildings and fences. Rented for 1917 at \$18 per acre, rental goes with the land. A bargain at \$165 per acre. Easy terms.

80 acres land on Millar segregation, all cultivated, close to the proposed Hutton bridge site. A good bargain for the investor, or a first class piece of land for the farmer. \$100 per acre.

A BARGAIN FOR SHEEPMEN
1500 acres with full water right, six miles from shipping point, 1000 acres cultivated, balance natural pasture. 500 acres in alfalfa, from which 200 tons of hay was cropped this past year. An ideal winter feeding ground for sheep. This land is a rare bargain at \$50 per acre. Can be handled on easy terms.

CITY RESIDENCE PROPERTY
\$2150 will buy cozy five room modern bungalow in a good residence section. \$300 down and the balance like rent.

\$2850 buys a good big five room bungalow, with all modern conveniences, heating plant, sleeping porch and good basement. Only \$500 down and the balance in easy monthly payments.

\$850 only, for three close in business lots that will bring the investor a big return in short time.
Call and see us for other bargains in real estate just as good as the above.

Coming Monday

FRANK KEENAN FEATURED IN A BIG STORY ENTITLED "THE CRAB," ALSO STARRING THE CHILD ACTOR, THELMA SALTER

HE WAS A HARD, STERN, GRINDING MAN. HE HAD LOST THE ONE SOFTENING INFLUENCE IN HIS BITTER LIFE WHEN HIS COMPANION LEFT HIM, AND THE PEOPLE WHO HATED AND FEARED, CALLED HIM "THE CRAB." A LITTLE, CLINGING, HOMELESS WOLF CAME ALONG AND HE HAD TO TAKE CARE OF HER.

The Greater Idaho Department Store

Welcome to this city you young men who are here to do your best in playing for the championship of southern Idaho in Basket Ball. To those of you who are unfamiliar with Twin Falls and who possibly will require some extra clothing or a new shirt or collar and other accessories, as the case may be, we want you to feel at home and let us help solve your problems.

Some of you will want to get a "line up" on the new style tendencies in Spring Suits. Here you will find the only authentic styles and the largest and handsomest variety.

For you young fellows who will want the "snap" and "pop" in your suits that you put in your games the Society Brand Clothes for young men will appeal.

For your guidance, the "Military Effect," fairly bristling with courage, is in evidence for Spring and Summer. Shoulders are slightly accentuated, chest high, waist line defined, skirts of coats a trifle more flared. Our line is most complete and we will take pleasure in showing you any of the new models.

Nobby Shirts in a Variety of Styles

These shirts come in various colorings, in stripes, checks, and small patterns. Silks are popular and we have secured a very choice assortment. Our prices are lower than elsewhere. Percal and madras at \$1.00 to \$2.50, silks from \$4.50 to \$5.00.

Nifty Neckwear for Nifty Dressers

With our critical buying you are assured of the latest fads in neckwear here. We are carrying some very "classy" ties in the new Japanese floral effects at 75c. All colors and patterns make your selection a pleasure.

Spring Caps in Fancy Plaids

This assortment of Spring Caps beats anything you have ever seen. The styles are the very latest, the colors, whether in plaids or mixtures, are unmatchable for their distinctiveness.
Specially priced at \$1.00 and \$1.50.

Accessories for Particular Men

The hosiery, gloves, belts and handkerchiefs we carry are a little classier and of a finer quality than you usually find elsewhere.
Silk gloves at 35c a pair; Kid Gloves at \$1.50 a pair; handkerchiefs at 10c and belts at 35c, are just a smattering of our superior line.

for county auditor's signature, showing that the mortgage was filed as a chattel mortgage.
Check in the sum of \$23.25, covering fees in connection with the above matters.
The following memorandum accompanying the papers filed showing the total indebtedness of the properties under the management of the Idaho Power company:
A mortgage covering all power plants, substations, franchises and other properties has been filed for record by the Idaho Power Company in the nineteen counties in which it is operating in Idaho. The properties covered by the mortgage extend from Blackfoot and Pocatello to Oxbow on the Snake River in eastern Oregon, and include franchises and real estate in practically every city, town or village in south-central and southwestern Idaho and eastern Oregon. The filing fees will aggregate over \$1500.00. The consecutive mortgages have been designated upon which the refinancing has been done is apparent from the provisions of the mortgage, which permit the company to issue at this time only \$4,000,000 of bonds, on properties that were formerly subjected to bond issues aggregating over \$18,000,000. The officers of the company report that the following mortgages are covering a portion of the properties included in the new mortgage, have been released or cancelled and all bonds issued thereunder have been destroyed:
Beaver River Power Co. \$ 500,000.00
Idaho Power & Light Co. 500,000.00
Idaho-Oregon Light and Power Co. 425,000.00
Boise-Payette River Power Co. 4,575,000.00
Idaho River Power Co. 4,750,000.00
Inter-State Light & Water Co. 35,000.00
Idaho Railway Light & Power Co. 8,449,000.00
Great Shoshone & Twin Falls Water Power Co. 2,230,000.00
Southern Idaho Water Power Co. 1,900,000.00
Idaho Consolidated Power Co. 300,000.00
American Light & Power Co. 150,000.00
Light & Water Co. 50,000.00
Pocatello Power & Irrigation Co. 50,000.00
Total \$18,846,000.00
The new mortgage is in effect what has lately come to be known as an open mortgage, in that it provides for

who leave Thursday for Blackfoot. The table was attractively arranged, covers being laid for Mr. and Mrs. Funkley, Dr. and Mrs. Pike, Mr. and Mrs. White, Miss Mary Hart and Miss Teasdale.

A birthday surprise party was given Miss Myrtle Chaffee Tuesday evening at the home of Mrs. I. A. Appoll. The guests present were Mr. Chaffee, Mrs. P. Osterman, Mr. and Mrs. Chaffee, Misses Erma and Mary Johnson, and Mr. Wendell Lamoreaux.

Mrs. Senior and Mrs. W. T. Wood entertained at a luncheon on Friday, this being the last of a series of luncheons which they have been giving. The tables were attractively decorated with tulips.

The second meeting of the Ladies of the Elks was held at the hall on Friday afternoon. Sewing and cards were the order of the day.

Following a meeting of the Eastern Star, a farewell party was given on Tuesday evening, honoring Dr. and Mrs. W. T. Wood, who are leaving on Wednesday for Blackfoot.

Mrs. Reed and Mrs. Shrouder entertained at a 7 o'clock dinner on Thursday evening in honor of Mrs. Wood, who is soon to leave for California. At the prettily arranged table covers were laid for the following guests:

On Friday afternoon Mrs. C. A. Robinson and Mrs. Hugh Smith entertained at bridge honoring Mrs. Stodman of Nebraska, who is a house guest of Mrs. Robinson. The rooms of the Robinson home were attractively arranged, pink flowers being used as decorations.

One of the most delightful events of the winter among the younger set was the annual formal given in the form of a dinner dance in the Rogerson suite last evening by the Capt. and Mrs. Sigma sorority. At the table the color scheme was green and white.

The following program was enjoyed by the members of the Twentieth century club on Tuesday: Piano solo, "Magic," by Mozart; Mrs. Gilbert; ad libitum; Mrs. Gilbert; piano solo, "Impromptu," by A. G. Hahn; Mrs. Gilbert and Miss Fern Ems; reading, "The Night Wind," Eugene Field, Engario Shortoff; "The House by the Side of the Road," Sun Wolf; Mrs. M. Jessie Weigand.

The interesting affairs of the past week were the two parties given by Mrs. Asher B. Wilson, and Mrs. Leonard Smith, at the home of Mrs. A. J. Wood. A pretty 1 o'clock luncheon was given on Wednesday.

Among the interesting affairs of the past week were the two parties given by Mrs. Asher B. Wilson, and Mrs. Leonard Smith, at the home of Mrs. A. J. Wood. A pretty 1 o'clock luncheon was given on Wednesday. The tables were particularly attractive, each being centered with a basket of white roses tied with lavender tulle.

Another Dear: Really you should be here to tell me your preference for I have looked at the proofs of the children's pictures until they are beginning to fade and I can make no choice; I want all the negatives finished.

There is such an amusing little pose of Emily and Ted—the roguish little things—playing Peek-a-boo through the portieres; it is a picture you will be glad to have, I am sure.

You will probably think at first glance that it was made in our own home for it is most informal; indeed, the picture suggests truly both the appearance and spirit of THE BISBE STUDIO which is, in every sense, a really home-like place.

There is not a trace of an ordinary studio display in it; in fact, there is not a folder-mounted photograph in sight. Every picture on the wall seems a part of the room itself and is framed as in a wellordered home; framed in the richest of rosewood, the faintest of basswood and English gray-wood, the choicest of walnut, and some of the larger scenes and the life-size portraits are hung in heavy quarter-sawed oak.

Prize nodding in leafy green from every nook and corner, writing material or the latest magazine according to your mood, the glowing warmth of the grates, you feel at once that it all combines to softly say to you—"For you our hearth-fire burns."

I'm so busy this morning with Emily's spring gingham; I'll write more next time, Mother.
Love from all,
Your daughter, Ruth.

KIMBERLY FIREMAN HOLD BOX SUPPER

Large Attendance and Good Time Reported—Kimberly and Heyburn Hold Honors in Basket Ball.

The firemen gave a box supper at the Star theatre last Friday night. It was well attended and every one reported a fine time.

Saturday night Kimberly played Heyburn at basket ball. The first game was between the girls at which the score was on a fourteen, in favor of Heyburn. The boys' was played later and the score was twenty-two to twenty-four in favor of the home team. Kimberly boys have played six games and have been victorious in all. Rev. Silas Perkins has been preaching at Hollister and Rogerson during the past week.

The Ladies' Aid of the M. E. church served a chicken dinner Thursday at noon. After the dinner was an apron sale, and at night a social gathering. The proceeds amounted to about \$66.

Mrs. F. B. Riggs was called to her home in Iowa on account of illness of her mother.

August Grueger of Kimberly expects to go to Rochester, Minn., soon for surgical work.

Fred Lewis, a farmer north of town is seriously ill. He is in Norfolk, Neb., at the present time.

The dramatic club of the high school is working hard on a play, which they expect to give in about two weeks.

Mrs. Grant King was on the sick list last week.

There will be a St. Patrick's entertainment at the M. E. church next Friday night, March 16.

Mr. and Mrs. Paul Scott moved on the Martin ranch last week.

Miss Helen Albertson returned to school after an absence of many weeks.

Hollister News

(Times' Special Correspondence)
The dance that Mr. Lisenberger and family gave last Saturday night at their home was well attended by the neighbors and friends and a very enjoyable time was had.

Doyle Murphy left last Thursday for Welsch, Idaho, where he contemplates taking up the automobile business.

Mr. and Mrs. J. W. Christensen made a flying trip to Twin Falls one day last week.

Fred Lloyd has left Hollister on a business trip for a few days.

The dance at the Hollister school house last Saturday night was disturbed by a few "tin-horned" cow boys, who evidently had a little to much John Bullerbeer.

Mr. McFarland was a visitor to the Magic City last week.

If this weather keeps on there will very likely be a hay famine in this section as nearly all the hay here is sold or being fed out and there are hundreds of head of cattle here to be fed yet.

John Murphy is again promulgating the straws and is feeling better since he got his set of new eyes.

Mr. Golf's ranch east of Hollister is rented for the sum of \$10 per acre. All the farms are again filled up and prospects look fine on the East mon this year.

Cecil Mori, a son of Mr. and Mrs. Mori Mori, is very ill at the home of his parents.

Bert Mori is building a house over in Twin Falls and expects to be gone a couple of weeks.

You are sure to obtain results from an ad in our classified columns.

Again for \$1—While They Last

This Guaranteed Aluminum Cooker

The cost of Aluminum has doubled since we ordered these lifetime Cookers. At present prices, this offer would be impossible. So, in all probability, after our supply is exhausted, it cannot be made again.

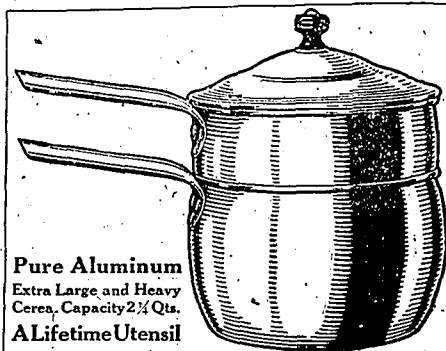

Next week the grocers of this city will once more feature this Quaker Cooker offer. And for the last time, we believe.

We have supplied Cookers now to over 1,000,000 homes. We have supplied these guaranteed Aluminum Cookers for \$1 to Quaker Oats users. But this offer ends with our present supply, and probably forever. Unless Aluminum drops 50 per cent, we cannot again offer a Cooker like this for \$1.

But next week only we make the offer below. You can get this Cooker for \$1, by buying two of our cereals which should be cooked in it.

This offer is made to induce better cooking. To bring you Quaker Oats and Pettijohn's cooked in perfect form, with the flavor kept intact. Our reward will come in your doubled delight in these foods.

We ask the trademarks just to show that you use our cereals. Unless you have the right flakes, right cooking does not help much. But, if you use Quaker Oats and Pettijohn's, this cooker is yours for \$1. This is for one week only. Get the packages from any grocer named below

Pure Aluminum
Extra Large and Heavy
Cereal, Capacity 2 1/2 Qts.
ALifetime Utensil

One Week Only—Your Last Chance

Our Offer Is This: Send us two trademarks cut from packages of Quaker Oats and one trademark cut from a package of Pettijohn's—the picture of the Quaker on the front of the Quaker Oats package and the picture of the Bear on the front of the Pettijohn's package—or, if you prefer, you may send us five trademarks from Quaker Oats alone. Send us \$1 with these trademarks and we will mail the cooker by parcel-post. Trademarks must be mailed next week. This offer applies in this vicinity only. Address The Quaker Oats Company, 1708 Railway Exchange, Chicago

Quaker Oats

The Extra-Delicious Vim-Food Flaked from Queen Oats Only

All the world over Quaker Oats holds first place among oat foods. Oat lovers of a hundred nations send us to get it. A billion dishes are consumed each year. Nowhere in the world do connoisseurs find any oat food to compare with it.

The reason is this: Quaker Oats is made from chosen grains only—just the big, plump, luscious oats. No many starved grains are included. A bushel of the choicest oats yields only ten pounds of Quaker.

The result is a flavor which has won the world—a flavor which is matchless. Yet these large and luscious flakes cost you no extra price.

Nature stores in oats a wealth of vitality, which everybody needs. We want you to know this fascinating vim-food, made as we make it and cooked in our way.

Pettijohn's

Rolled Wheat with 25% Bran Flakes A Modern Bran Dainty

Every doctor advises bran, as essential to right living. It is Nature's laxative. Everybody every day should eat it. It means better health, better spirits, sunnier days. Without it, our diet of fine food forces folks to drugs.

Pettijohn's is made to meet doctors' requirements. The bran is hidden in flaky flakes of wheat. The food is a morning dainty which everybody likes. Yet it contains 25 per cent tender bran.

The bran is in flake form, which makes it doubly efficient. Ground bran will not do.

Try Pettijohn's one week. Note its delightful effects. Never again will you go back to a branless diet.

Then try Pettijohn's Flour. It is 75 per cent fine patent flour mixed with 25 per cent bran flakes. Use it like Graham flour in any recipe.

DON'T DELAY—Get Kid Gloves NOW—Will be high and scarce. Buy the year's supply right here and now.

NO BLAME ATTACHED TO HARPER'S DEATH

Coroner's Jury Finds That He Died From Suffocation Resulting From Falling Bank.

The body of Harvey Harper, who was killed Tuesday by the falling of a bank while digging a ditch for a head-

gate at the intersection of the low line canal with the Perrine canal, was shipped today to Neco, Illinois, for interment, following a verdict of the coroner's jury last night in which no blame was attached to anyone for the accident.

The evidence was to the effect that Harper and several others were digging the trench, which was quite narrow and between five and six feet in depth, when one of the banks suddenly gave away, apparently from the bottom. Harper was thrown backward against the other bank and completely covered. Charlie Chaplin who was crawling out of the trench when it gave away was thrown backward and covered with several feet of dirt. Chaplin was brought to a hospital here while still unconscious, but regained consciousness during the night, and is around as well as over. The edge of the slide struck several other workmen on the legs but did not hurt them.

The body of Harper was dug out as rapidly as possible, though about fifteen minutes elapsed before it could be brought out to the air. The coroner's jury found that he had been suffocated.

The workmen all testified that they had never seen a frame put up to keep back dirt, under circumstances like those existing in this case except where, quick sand, existed, and that the ground seemed so solid that nobody anticipated any danger. It is thought that without the knowledge of either the contractor or the workmen, seeping water may have undermined the bank.

Harper and Chaplin both came here recently from Neco, Illinois. Harper has two brothers, Arthur and Owan Harper, who live at Hansen, and a mother and grandmother who live in Neco. Those cousins, T. J. Autery, I.

L. Autery and Mrs. M. F. Zumwalt, live at Hansen. He was about twenty-eight years of age.

MARKET AND STOCK CONDITIONS FINE

Dun's Review Encouraging — Portland Markets High on Live Stock With Hopes in the Skies.

According to Dun's Review: "Recent storms and cold hindered efforts to relieve the freight congestion, and overens shipments continue difficult and uncertain, but domestic movement of raw materials and products are freer and there is somewhat less restraint on manufacturing activities. Outputs in many directions, however, have appreciably diminished, and inability to make adequate progress in reducing accumulated contracts still prevents the acceptance of considerable new business. Prospective Federal requirements induce bankers to grant accommodations with caution, but financial obligations generally are met with increased promptness and larger than last year at the principal outside centers. On the other hand, railroad earnings reflect the impediments to traffic, gross revenues of systems thus far reporting for February being but 0.2 per cent in excess of the same period of 1916.

After last week's large run of cattle, which totaled over 2200 head, and the market closed with an easy tone, today's run of cattle totaled over 1400 head, says the Portland Livestock Reporter. There was a good demand from small coast butchers, who took their supplies early on a steady basis with a week ago. Large killers who are all well supplied with present needs were rather bearish and the bulk of the day's beef was disposed of at 10 to 20 cents lower than at last week's opening. The feature of the day's trade was the sale of a few heavy steers owned by E. C. Oxman, of Durkee, Oregon, at \$10.00.

Sheep supplies today were light and prices on a steady basis. Demand was fairly good, although packers are not killing very much on account of the light demand from retailers. One load of good wool ewes brought \$9.75 with a load of shorn wethers at \$10. There have been no lambs on the market for over a week, but prime wool lambs are quoted from \$12.00 to \$13. Today's hog market made the most sensational jump in prices ever made here. There was but a light supply here—about 1500 head—which were bought up at sellers' prices. The demand was several times larger than the supply and first bids were on a 60 cent high basis. After a short while bids were again lifted and several loads were disposed of at \$14.00 to \$14.10.

Prices for the day were from 60 to 75 cents, higher than last week's close.

FIRST BASEBALL MEET HELD, HERE YESTERDAY

Preliminary Plans For Southern Idaho League Laid at Gathering Of The Fans This Week.

Spring is coming. The robin isn't here. The blue bird is not back; even the proverbial one swallow has not been heard of in this bone dry and arid region. But Miss Vorna is soon to be on the job with the daisy and the daffodil and the insinuating smile of the ice man.

The first authentic symptom of the coming change was in evidence yesterday when the disciples of the "south-paw" met in convention assembled at the Twin Falls Commercial Club rooms and formed an organization for the Southern Idaho league for the coming season. Twin Falls, Burley, Rupert and Heyburn were represented, although the latter was not formally admitted at the meeting, though her representatives informally talked over conditions with the rest.

W. R. Ashdown of Burley was elected president and G. S. Dunn of Rupert, secretary-treasurer. All towns interested are urged to communicate with the secretary. It is hoped here that Duhi will arrange for grounds and a team. It is hoped to get a six team league. Aside from the manager the amount to be paid for salaries by any one team is limited to \$250. The season opened last year about the middle of May and it is hoped to get under way that soon this year.
