TIE-UP CROSS FIGHTS BAD SANITATION

WASHINGTON, Sept. 17.—The Red Cross today reported that \$29,000.00 for sanitation and disease prevention work at army cantonments, including \$14,000.00 for Atlanta.

IMMENSE WHEAT PROFIT RECEIVED AT FILER

Wm. Buesling, of Filer, raised upon the ranch belonging to Geo. F. Allen, 63,000 pounds of wheat which brought a check for \$1,086.75. The yield was a terrific one, seventy-one bushels to the acre at an income of 129.05 to the acre. The ground measured a fraction over fifteen acres.

PORTLAND, Sept. 18.—The prospect of a strike of workmen in the logging camps and at the lumber mills of Oregon, in sympathy with the strikers and shipbuilders and also of the workers at the steel and shipbuilding plants...

So confident are the employers that the strike will be over soon, they have threatened to move forward and are waiting the outcome of a conference between labor leaders.

NEW YORK, Sept. 18.—New York today faced possible strike of 45,000 longshoremen which, if called would completely tie up shipping from this point.

A conference is being held today between representatives of 1,500 striking longshoremen and the International Mercantile Marine company. If the company will agree to discharge the men but discharge the men and return to work. Otherwise union leaders said today all longshoremen in this district—45,000—will be called out.

POOLING PLAN FINDS FAVOR WITH WILSON

PRESIDENT WOULD INCREASE EFFICIENCY IN PROSECUTION OF WAR

Large Deficiency Bill Passed the House

House Stood on Postal Tax Features of Tax Bill and Senate Gave Away—Extra Revenue From Newspapers.

(Home Joseph Dodge) U. S. Staff Correspondent

WASHINGTON, Sept. 18.—Government officials charged with the conduct of the war, from President Wilson down, have reacted rapidly to the conclusion that the pooling system is the only practical means of putting the industries of the country under federal draught and turning out the work required to keep army, especially the heavy artillery, going at full speed.

WASHINGTON, Sept. 18.—The seven billion dollar deficiency bill was passed by the house this afternoon.

(Home Joseph Dodge) U. S. Staff Correspondent

WASHINGTON, Sept. 18.—Government officials charged with the conduct of the war, from President Wilson down, have reacted rapidly to the conclusion that the pooling system is the only practical means of putting the industries of the country under federal draught and turning out the work required to keep army, especially the heavy artillery, going at full speed.

Farm Bureau Calls Canal Stockholders

Meeting Asked to Gather at High School Saturday Afternoon—Night Meet at Bull.

The Twin Falls County Farm Bureau has called a meeting of the stockholders of the Twin Falls Canal company for Saturday afternoon, September 22, at the high school at Twin Falls, and also Saturday evening at the high school at Bull.

The farm bureau officials say that these matters have been discussed pretty thoroughly in most of the rural school districts and the suggestions presented have met with almost universal approval.

Knoll Boy Dies From Pistol Shot

Accidentally Discharged Weapon When He Fell on Rock in the River Sunday Afternoon.

John F. Gundy, a seventeen year old boy was accidentally fatally shot when he slipped on a rock on which he was fishing in the Snake river near Niagara Springs Sunday afternoon and discharged the pistol which was in his trousers pocket.

ENLISTMENTS FOR TWO DAYS WERE VERY LARGE

WASHINGTON, Sept. 17.—Regular army enlistments for Saturday and Sunday totaled 537, the war department announced this afternoon.

Minnesota filled its quota of 412 by enlisting 22 men over the week end.

GERMAN BANKERS PLAN FOR PEACE CONFERENCE

Fear Black Financial Disaster Unless War Cease Soon—Russians Continue to Drive Teutons Who Mass Great Forces—American General Stops Shrapnel—Argentine Still Unsatisfied.

(U. S. Leased Wire)

WASHINGTON, Sept. 18.—Great German bankers and manufacturers are preparing to meet a financial and industrial crisis almost as serious as war itself after the world conflict ends.

Representatives of German finance and industrial concerns are holding frequent secret meetings and many of them are spending fortunes in furtherance of the peace propaganda.

Especially is this true in the cattle and sheep classes, and in farm products, fruits and the poultry and kitchen exhibits.

County Superintendent Britton Wolfe, has a large tent finely appointed for the reception of club and individual displays on the part of pupils of the public schools. This should prove a very interesting feature of the fair.

Bulls and Bears in Fifty-Fifty Races

Markets Wobble Up and Down But A Whole They Stand Up Well Under The Pressure.

NEW YORK, Sept. 18.—Although there was a good deal of variation in price movements during the first fifteen minutes of the stock exchange today the tone was strong and at the end of that period the majority of issues showed some amount of net gain.

A slight downward tendency was marked later. Trading in the afternoon was of a feverish character with constant changes between strength and weakness.

Terrific Storm Sweeps Atlantic

Many Believed Lost If Pierced Gale At Sea—U. S. S. Schooner Breaks To Pieces.

(U. S. Leased Wire) GREENSBORO, Sept. 18.—Forty-four men were believed to have been lost as the result of a schooner and three barges going ashore at two different points near here during the night.

A schooner, apparently a three-masted, is breaking to pieces on the outer sand bar.

From the size of the schooner it is estimated that it carried seven or eight men.

Three barges are ashore, one and one-half miles off the Pantier river life saving station, about 400 yards off shore on an outside bar.

Large crews number at least two men each, the total number of men carried by the three barges is figured at six at least.

The sixty mile wind and high sea make it impossible to get life boats out to the wrecked vessels and the distance was too far to shoot life lines.

CLEMENAU FIRES AMERICAN TROOPS WITH WORDS OF PRAISE

(Newton C. Parke, International News Service Staff Correspondent.)

FIELD HEADQUARTERS OF THE AMERICAN ARMY IN FRANCE, Sept. 17.—Warm words of praise for America and the Americans were addressed to the United States troops by former Premier George Clemeneau today.

It was a real American field day too, with civilian and military drills combined. M. Clemeneau was guest of General Sibert and the officers were staged by the Second Battalion of an infantry regiment.

There were slambang boxing bouts, foot races and the sort of war among the other things, all of which the former premier enjoyed heartily.

Lauchon was held in the open air. It was attended by General Sibert, the French officers and the American brigadier generals, and afterward M. Clemeneau made a speech in English, saying in part:

"I feel highly honored over this privilege. I know your country well, having lived there until 1869. I was with General Grant when he entered Paris."

HIGHWAY MONEY OF STATE FOR THIS COUNTY

HIGHWAY COMMISSION DECIDES TO DO ITS SHARE IN KEEPING UP HIGHWAY

Resolutions Endorsed by the Commissioners

Total of Quarter of a Million Dollars May be Thus Made Available From the State—Bull Calls Election Sept. 20.

When the county commissioners Friday endorsed the action of the state highway commission in offering to bear its due share of expense for state roads in the county, they took a step which, with the cooperation of the voters may mean a quarter of a million dollars expenditures within the Twin Falls county, if the voters will declare themselves in favor of roads by a bond issue at the forthcoming

IDAHO THEATRE

MARGUERITE CLARK AT THE IDAHO THEATRE

Manager Mangel of the Idaho theatre announces the appearance of Marguerite Clark commencing Thursday in a screamingly funny comedy entitled "The Amazons" and showing the dainty little star as a hoydenish English girl, swaggering about in boy's clothes and full of pranks and always getting into scrapes. Those who have seen Marguerite Clark in "Miss George Washington" will hardly recognize the mischievous, boisterous lad, as the demure lady of "fibs," yet the same element of humor and fun runs through the picture, and Marguerite Clark again proves her fitness as the leading screen comedienne.

Special music arranged for the picture by the Broadway theater of New York, will be offered for the first time on a new \$15,000 orchestral pipe organ, by Prof. N. B. Jacobs of San Francisco who is here in connection with its installation.

FOR SALE

140 acres in Boise Valley, one-quarter mile from electric car line, and 800 yards from High School, good 7-room house, barn room for 10 horses, cow barn 24x32, chicken house, granary, machine and wood shed, good cement cellar, root cellar, two wells, family orchard, good shade and lawn, all fenced and cross fenced, 100 acres in cultivation. Balance pasture. Good water. Good roads.

147 acres of free water goes with this place. Price \$125 per acre, \$5000 cash, balance on terms to suit at 6 per cent interest.

All farming implements, tools, wagons and harness go with ranch. This ranch is mostly a black sandy loam, no gravel, and has been farmed for a good many years and will never wear out. The right man can make this ranch pay for itself in a few years.

Also have good list of other farm lands in this vicinity. For any other information desired, write or wire

F. G. HOFFMAN, 110 South Kimball Ave., Caldwell, Idaho.

election to be held for that purpose. The action of the state board was taken after a consultation with Chairman O. E. Carlson in Boise this week. The first resolution has to do with the highway running from next to west including the part within the boundaries of the Bull Independent Highway district, and also the road from the Great Shoshone falls. The second resolution concerns an investigation of the feasibility of the road to Rogerson. Should this also be adopted, the total amount due from the state will be in the neighborhood of \$250,000.

Everything is in readiness for the submission of the bonds to the voters as soon as the board agrees on a date. The Bull highway district has determined to submit a bond issue for the construction of sixty-nine miles of hard surfaced road within the independent district on September 20, and a vigorous campaign is being waged there by the town. The bonds were twice previously submitted there and defeated, but the western managers think they will do better next time. Regret has been expressed here that the independent district acted in calling the bonds before learning of the action of the state highway commission, as it is felt that under the new conditions a better offer might have been made to the people of the west end, on account of the first resolution in question. The following are the resolutions:

RESOLUTION
Whereas, the commissioners of Twin Falls county will in the near future call an election for the purpose of voting on the issuance of \$1,000,000 in bonds for the construction and improvement of certain roads within the county; and

Whereas, in case said bond issue carries, it is the wish and intention of the county commissioners to expend a part of the money in co-operation with the state highway commission in paying that portion of the Idaho-Pacific highway between the towns of Buhl and Hansen and in gravel surfacing the balance of the Idaho-Pacific highway between the county and in grading and gravel surfacing that part of the Sawtooth Park Highway between the city limits of Twin Falls and the Snake River at Shoshone Falls; and

Whereas, it is to the best interests of Twin Falls county and the state of Idaho that the said work be done as soon as practicable; and

Whereas, the state at this time does not have sufficient money available to pay all of its proportion of the cost of this work;

Be it therefore resolved, that in the event of the said bond issue being voted in Twin Falls county, this commission co-operate with Twin Falls county in the work aforementioned and as the work progresses that the state pay its proportion of the cost of same so far as the same is available; and further, that the state will reimburse Twin Falls county for any sums which said county may advance in excess of two-thirds of the cost of the construction of said work when state funds are available for that purpose.

RESOLUTION
Whereas, the county commissioners and residents of Twin Falls county are desirous of locating and constructing a highway from Twin Falls to the Nevada State line via Rogerson; and

Whereas, the matter of designating this proposed road as a State Highway route has several times been before this commission for consideration;

Be it therefore resolved, that the state highway engineer be and is hereby instructed to make an investigation of the location of the above described proposed highway as to its merits and probable cost and report on same to this commission in order that this commission can more intelligently consider the matter of the designation of this route as a state highway and the co-operation of the state with Twin Falls county in its construction.

WHO FIRED FIRST SHOT IN WORLD CONFLICT?

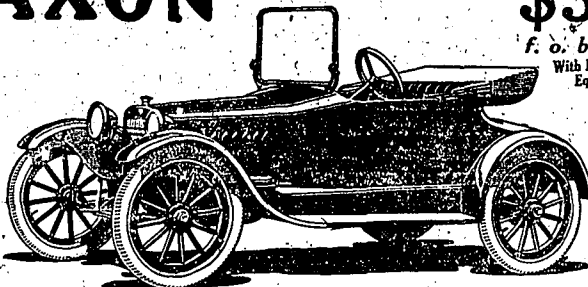

(International News Service) LONDON, Sept. 17.—The War Illustrated in a recent article endeavors to place responsibility for the first shot of the war and suggests that the distinction belongs to an unknown German, who, with three French customs officers on the morning of Sunday, August 2, 1914, at a point about eight miles east of the fortress of Belfort.

"The Germans suddenly began shooting and fired about fifteen shots in all. The three Frenchmen withdrew without replying shots were fired by the other seven members of the customs staff. All then moved forward toward the frontier, when the Germans fired another fifteen shots." The first shot to fire the French side was Captain Dentz, in command of the customs station of Petit Croix. Not a soul seemed to have been hit on either side."

Butter wrapper headquarters is at the TIMES office, where they will be printed at any time, in their turn, like any other job.

SAXON \$395

f. o. b. Detroit With Full Electric Equipment

Note These Fine-Car Features on Saxon Roadster at \$395

Electric starting and lighting system, two unit type, built by Wagner. Demountable rims. 30-inch by 3-inch tires.

High-speed Saxon Continental Motor. Schebler carburetor. 3-speed transmission. Dry plate clutch. Hyatt Quiet Bearings.

Streamline body. Fedders radiator. Atwater-Kent ignition. Extra long vanadium steel springs, cantilever type.

Check those features one by one.

Think of the convenience of merely stepping on a button to start your motor.

Think of the added smoothness, the greater economy, the finer performance given by the 3-speed transmission.

Consider the fact that the tires are 30-inch by 3 inch. That means that Saxon Roadster has more tire surface in proportion to car weight than any other car in the world.

So you are practically immune to tire trouble.

Every feature of Saxon Roadster is a feature of high-quality and known reputation.

No other car within \$300 of the price of Saxon Roadster has all these features.

And Saxon Roadster is a wonderfully able car. The Continental motor is unusually powerful and flexible.

It pulls smoothly and quietly "on high" or "in low."

You note instant power-re-

sponse to the least pressure on the accelerator.

And above all else, Saxon Roadster is the world's lowest cost car to drive. It has established a grand average of 30 miles per gallon of gasoline.

10,000 miles to the set of tires is its tire-average. And a complete two-year record of total operating costs on thousands of Saxon Roadsters shows an average of 3c per mile. Price is \$395, f. o. b. Detroit.

Saxon "Six", \$395; Saxon "Six" Sedan, \$1395; Saxon "Six" Chummy Roadster, \$935. F.o.b. Detroit.

LAUBENHEIM SALES CO. Twin Falls, Idaho

Thousands Strike at Frisco Yards

Hundred Million Ship Building Operations Stopped By The Great Walk Out—Up to United States.

SAN FRANCISCO, Sept. 17.—Halting work on \$160,000,000 of ship construction for the navy and the emergency fleet corporation, 28,000 or more men employed in the ship building, machinery, foundry and allied industries of the iron trades went on strike today, demanding higher wages.

One hundred and twenty concerns are affected. The men of twenty-five unions, including seventeen crafts walked out. The largest concern affected is the union iron works where 10,000 men quit, stopping work on \$400,000,000 government ship construction.

"The next move must come from the federal authorities at Washington," said J. J. Tynan, vice president and general manager of the union, iron work, speaking for the employers of five plants in the San Francisco bay district.

None of the shipbuilding plants attempted to operate today. All closed as soon as the union men quit.

FEDERAL CLERKS MEET TO IMPROVE CONDITIONS

(International News Service) WASHINGTON, Sept. 17.—Fifty government employees from various parts of the country who are members of the National Federal Employee Union, met today in the office of the American Federation of Labor to work out a plan to secure certain reforms in the employment of government clerks. The chief work of the conference, which will last three days, and over which Samuel Gompers, president of the American Federation of Labor, is presiding, is the planning of some feasible means of securing reforms both through administration and legislation.

The adoption of a constitution for the National Federal Employees' Union, the appointment of a publicity agent, selection of headquarters and the program of legislation the Union should adopt are among the questions being considered, in calling the delegates together Frederick H. McClain of the local union, said these questions would have the close attention of the conference.

"The number and title of the officers to be selected.

"The persons to be elected to these offices.

"The question of selection and location of headquarters and the maintenance of the same.

"The officers who are to be paid

salaries, the amount of time they shall devote to the organization and their duties.

"Some practical governing body of the national union, with adequate authority to transact the entire business between conventions.

"The times and places of holding conventions, and whether they shall be annual or bi-annual."

Other questions that are being threshed out relate to the amount of tax to be paid by the locals to the National Union and the proper methods and forms of determining this tax. Questions of grievances and some methods of securing legislation by congress are other matters the conference will decide.

MICHIGAN PICNIC AT FILED SEPTEMBER 20

The Wolverines from Michigan will hold a picnic dinner at the Southern Idaho Fair Thursday, September 20. They are requested to bring their diners, and those who read this announcement are asked to tell those who haven't, if there are such, that the picnic will be held at 12:30 o'clock.

1917-18 Lyceum Course Is Delightful Entertainment

ELSIE BAKER, CONTRALTO.

In the coming of Miss Elsie Baker, music lovers of Twin Falls are promised a delightful evening on September 27.

On October 29th, Ada Roach and company will appear in "The Heart of the Immigrant." This is a musical program with a powerful theme. Miss Ada Roach has been selected as the most capable person in the Lyceum for heading the company. She is a woman of deep sentiment, broad sympathy, unusual natural humor, wonderful powers of impersonation, heretofore of good immigrant blood, and just the right rollicking spirit to head such a company as is needed to give "The Heart of the Immigrant." So much material is available for a program that only the choicest is selected. There are those great nationalities: Irish, Scotch, German, Hollander, Norwegian, Swedish, Belgian, Russian, Jewish, French, Italian, Austrian, Greek, and all our other future citizens. Everything they do being strange to our custom is intensely interesting, and especially so when pre-

other instrument, and in action and postion.

The heart and home songs of the countries whence come our immigrants will be the leading part of the program. Such songs as the Irish "Where the River Shannon Flows," and "Rory O'More"; the German "The Lorelei"; and "Silent Night, Hallowed Night"; and the Italian "Christie"; and the choicest songs from other nationalities. These will be of wide variety, carefully selected for their beauty and appropriateness, and especially for their part in building an artistic, entertaining and effective program. "The Heart of the Immigrant."

One of the interesting and humorous parts of the program is the school scene from the old country wherein they sing their lesson. The professor leads out with "Was is Das?" Another is the recounting of the experiences on board ship, and the getting started in America, among which interesting experiences is learning to talk the new language.

The program will include the singing of many American songs which have been written about the immigrant people. Such songs as "My Home of the Ghetto," "How is Every Thing by You, All Right," "My Wild Irish Rose," "Rosa Marie," "I Luv'd a Lassie," and "Since I Left Poor Helene Behind."

At the conclusion of the program, while the company still speaks their English with a strong foreign flavor, and their costumes are still not a great deal changed; yet they are truly American in heart, and are ready to sing the closing chorus, the original song, "I'm a Citizen of the U. S. A."

It is with no little satisfaction that we announce in arranging for Mr. Ben Greet with a company of ten players,

The people of Twin Falls and vicinity are to be congratulated on the entertainment promised in the Lyceum Course for the coming season. The local committee has secured through the Redpath Lyceum Bureau six of the most popular and high class productions now being presented to the American public.

The Course Will Open Sept. 27

with a concert by Elsie Baker and Company. Miss Baker is known the country over as a grand opera singer, and through her many Victoria records. Miss Baker began a promising career in the church choir of her native city, Philadelphia, and then went to New York where her rich contralto voice once attracted attention. She possesses one of those rare contralto voices that enables her to sing a wide number of roles and music of every known school. The upper range of her voice has the mezzo-soprano; hence Miss Baker has often been called a mezzo, but she is in fact a real contralto, singing a variety of parts in oratorio and opera as well as the lesser and arduous in the repertoire of the great concert singers. Her singing has a rich systematic quality which touches the human heart strings as few singers can do. Among the records made by Miss Baker for the Victor Machine Co. are: Angel's Serenade (Violin Obligato); Annie Laurie (Old Scotch Ballad); Ben Bolt; Call Me Back Again; Calvary (Rodney); Dearie (Kummor); Ermino (Lullaby); I Know a Lovely Garden; I Love You California; I Love You Truly (Bond); John Anderson, My Jo; Just Because It's You; Long, Long Ago; Love's Sweet Song; Love's Sweet Song; Lullaby (Brabant); Messiah (He Shall Feed His Flock); My Heart at Thy Sweet Voice; My Old Scotch Home; Old Folks at Home (Swanee River); Perfect Day (Bond); Plectanlany; Lullaby (Gape); Silent Night (Christmas Hymn); Silver Threads Among the Gold; Sing Me to Sleep; Volage of the Woods (Rubenstein); Ye Who Have Yearned Alone; One Sweetly-Solemn Thought; Home, Sweet Home.

called by any other producer. Mr. Greet is considered today one of the greatest living authorities on the English drama, and is world famous for his remarkable productions of Shakespearean plays and other English comedies. He has been connected with the stage for thirty years and has taught many actors; perhaps more than any other man living today.

For twenty years Mr. Greet has been prominent in England for the performances which his splendid companies have acted each year in London, Oxford, Cambridge, Stratford-Upon-Avon and other places in "Shakespeare's England." Mr. Greet being well known in America several years ago through his presentation of the "immortal play," "Everyman" under the management of Charles Frohman. This was the first time a play was presented in America by a professional company in a serious manner. This was later followed by the production of Shakespearean plays and classical comedies. The Ben Greet players gave a season at the Garden Theatre in New York, covering nearly two hundred performances, followed by appearances in other cities throughout the United States.

Some years ago the Ben Greet "Woodland" Players gave their first open air play at Columbia University before an audience of over three thousand persons. This was followed by performances at Harvard, Yale, Princeton, Oberlin, Universities of Chicago, Pennsylvania, Virginia, Michigan, Minnesota, California, etc., and repeated over since almost annually. Mr. Greet's company was the first to be invited to appear at the White House grounds. The great success of Mr. Greet's productions is largely due to his ability to choose his players and train them to properly delineate the characters in classical plays.

The plays presented by him are given in page fashion with the minimum stage effects. There is nothing to detract attention from the play. These are real educational productions of masterpieces, of classical comedy and drama. Every actor is experienced and competent. Each plays his part with the sole purpose of depicting the character as it should be. Absolutely correct diction and pronunciation is a distinguishing characteristic of Mr. Greet's players.

The company will be prepared to present "The Comedy of Errors," and "The Taming of the Shrew." The local management can select either play and would be glad to receive requests from patrons as to which play the Ben Greet present in Twin Falls.

Mr. Ben Greet gives the following reasons for presenting these two plays: "She Stoops to Conquer" - This delicious and witty comedy of manners, written by the same author who wrote the beautiful "Year of Wrecked," viz: Oliver Goldsmith, was produced originally in London shortly before the separation of the two countries. The simple humor of the play appeals now to our sense of fun in exactly the same manner as it appealed to our forefathers in both Old and New England. It is known to have been acted frequently in Boston and New York at the latter part of the eighteenth century, soon after it was acted in London.

"The reasons for selecting this comedy for the Redpath Bureau tour are manifold.

It is witty, clean, and equitably written.

"The twenty characters are easily reduced to half the number.

"The scenery is simple and will be

composed of screens painted to represent an Old English Home of the period.

"The play has not been much acted in this country of recent years until it was revived by Charles Frohman for the Ben Greet Players at Daly's theater in the winter of 1904, since which time it has been several times given in New York and other cities by my company, also by Miss Eleanor Robeson and Mr. W. H. Crane.

"The choice of "The Comedy of Errors" is three fold. First, it is one of the earliest of the best written plays of William Shakespeare and is classic in form. Second, it is very rarely given; is bright and natural and gives a clear picture of life easily mounted and can be played with a limited cast almost in its entirety.

"The scene does not change and can be used in conformity with the other plays in a series of scenes; those painted for the Shakespeare comedy will be suggestive of the scenes and surroundings. The costumes will be ancient Greek and strictly correct in every detail."

The next attraction will be the St. Claire Sisters.

A girls' quartet which will give a varied program, which combines orchestral, vocal and special novelty features. A plangent charm, unusual versatility and a grand display of progress through three successful seasons. The following is the personnel of the company and the part each one will play:

Ella St. Claire - Soprano, piano, mandolin, banjo.

Mary St. Claire - Second soprano, reading, piano, mandolin, banjo.

Lillian St. Claire - Contralto, violin, mandolin, banjo.

The following are features of the St. Claire Sisters' program:

Mandolin Quartet; Ladies' Vocal Quartet; Violin Solo and Duets; Solo and Duets; Solo and Duets; Mandolin, Piano; Vocal Solos; Duos and Trios; Pianolesque; Banjo Orchestra of Violin, Two Banjos, Piano.

Especially effective for popular appeal are the Solo and Duets; numerous Solos with Action; Banjo Quartet.

Thomas Brooks Fletcher, lecturer on the American platform, is the fifth attraction in the course. He is filled to the brim with physical and mental energy. His personality is magnetic. He is master of every phase of dramatic art. He combines impassioned oratory with the calm reasoning of a judge. He is a master in the use of language, whether it be biting sarcasm, scathing condemnation, tender pleading, or strong exhortation. And all this power in language and dramatic art is combined for one purpose - to startle, to awaken, and then to burn into the soul of his hearers, moral convictions. In matters political, social and religious; no one listens to him in a cynical or one who never allows his feelings any liberty can listen to Thomas Brooks Fletcher without standing erect on both feet with shoulders squared for every phase of civic righteousness. His straight from the shoulder style of dealing with modern conditions, his honest sincerity, his powerful convictions, his attempt for any attempt to sugar coat injustice, wins for him the admiration of his audience; for the world admires a fighter and passionately loves him if his cause is just. By sheer force of an indomitable and irresistible personality, he drives home his facts, and exposes in all their hideous and contemptible deformity many of our economic, social and political acts of hypocrisy. He is considered one of the strongest men on the lecture platform and his message ought to be heard in every town in the West.

The Famous Shuman Quintet, which filled an engagement in Twin Falls two years ago on a Chautauqua program will conclude the Lyceum Course.

When Carl Lampert organized the Schumann Quintet he made possible a notable advance in the musical life of the Lyceum and Chautauqua. He has furnished absolute proof that the

THE BEN GREET PLAYERS.

people are hungry for real music. Lyceum audiences are no longer frightened by classical programs - as the Schumann Quintet renders them. This company brings to the Lyceum a genuinely new idea - that of presenting symphonic concerts with a company of only five musicians.

To secure this symphonic effect a specially constructed organ is carried by this company. This gives all the reed and wind effects of a large orchestra and, combined with the piano and stringed instruments, produces results as surprising as they are unique. To create added interest, the Quintet gives historic introductions to its programs.

In order that he might accurately interpret the music of Beethoven, Mozart and other great composers, Mr. Lampert spent several years abroad in the places where these composers lived, making a special study of the scenes and surroundings which inspired their work.

He studied the folk songs of the different countries of Europe including Bohemia, Germany, France, Austria, also in Scandinavian countries. The art styles of these countries, says he, "are but intensified folk songs." These folk and art songs are interestingly described by him.

Mr. Lampert, in his historic introductions and interpretations has a real message for the masses and the Schuman programs are as educational as they are entertaining.

Each season new features are devised in novel and pleasing musical effects by the Schumanns. New programs are wrought out and the company is able to go back year after year upon the same courses without any diminution of interest. In many places they have appeared three times.

Carl A. Lampert, the Organizer and First Violinist of the Schumanns, was born in Minden, Westphalia, near

Dusseldorf; studied under Jacobson and abroad in the Prague Conservatory under Ruchy. For nine years he played first violin in the Thomas Orchestra, and is at present connected with some of the most notable musical institutions in America.

Mr. Carl Portuno, pianist, is a graduate of the Cincinnati Conservatory of Music and is both a pianist and organist of high ability.

Mrs. Helena Portuno, dramatic soprano and concert violinist, gave up a most flattering theatrical musical offer to go with Schumanns.

Mrs. Grace Kaplan, concert pianist, at the age of eight years, played the Hungarian Rhapsody, and at sixteen graduated from the Cincinnati Conservatory of Music.

Mr. Harry Kaplan, Cello Virtuoso, was formerly a member of the Cincinnati Symphony Orchestra.

The following are the dates of each attraction:

September 27 - Elsie Baker, grand opera singer, with company.

October 29 - Ada Roach & Co., in "The Heart of the Immigrant."

December 7 - The Celebrated Ben Greet Players.

January 16 - The St. Claire Sisters in a varied musical program.

March 22 - Thomas Brooks Fletcher, lecturer.

April 10 - The Schumann Quintet.

The price of tickets will be the same as usual, 1 c. for adults, \$3.00 for the entire course; for school pupils, \$2.50.

Reserved seats may be secured at the Majestic Pharmacy at 9:00 o'clock, Tuesday morning, September 25.

THOMAS BROOKS FLETCHER.

ented in a musical program. The six people of the company will impersonate in costume many of these nationalities, singing their heart songs. The dependency that overcame the immigrants upon their landing at Ellis Island clears away under the brightening influence of the original song, "Smiles" sung by Miss Roach. Before its close every immigrant is ready to join glad-heartedly in singing the opening chorus, an original song, "The Heart of the Immigrant."

The full company, which includes the accompanist, who sings, and Miss Roach, who has a full rich contralto voice, join in singing nearly every number. Each song is especially presented, the effective grouping of the singers adding a great part to the pleasure of the audience. In the humorous stories and recitals, and in the individual work of the members of the company, nearly always every other member is contributing as chorus, as an accompanist on violin, piano or

THE ST. CLAIRE SISTERS.

personally trained and coached by him. The Ben Greet players will appear on the Lyceum program December 7.

Mr. Greet presents the best in dramatic literature with true histrionic art in a way which has not been ex-

(Entered as the Twin Falls postoffice as second class matter as a twice-a-week publication, October 12, 1913.)

No. 66—Discontinuance: Many subscribers prefer not to have their subscriptions interrupted in case they fail to remit before expiration. Notwithstanding this, it is not assumed that continuous service is desired; still, subscribers are expected to notify us with reasonable promptness to stop if the paper is no longer desired.

GOOD FEELING ERA

If there ever was a time when the mutual interests of the city and country on the Twin Falls tract are harmonious, when every factor for progress is mutual and when all should pull together, that time is the present. Unfortunately, rumors emanating from somewhere are being circulated in some rural districts to the effect that there is a general feeling in the city against all the economic operations of the Farm Bureau and a general disposition to decry the legitimate activities of that organization. Although these rumors are wholly without foundation and could only be given a semblance of truth through the instrumentality of misrepresentation of facts, whether malicious or unintentional, and while the great body of the people of both town and country are too intelligent to be misled, it is nevertheless unfortunate that there is anywhere an attempt to give currency to such unwarranted statements.

It is just as true now as when Dryden said it in 1895 that if you were to destroy the towns and leave the farms, the towns would grow again as by magic, but were the farms destroyed grass would grow in the streets of all the cities. Certainly, for the farmers are primary producers. And everybody knows this. Whether these reports are the result of misinterpretation of something that was said or whether they are made from whole cloth is immaterial. It is unfortunate that any one should think it worth

while to repeat a canard of the sort, and the only consolation is that it is too absurd to be accepted by even the more credulous.

As a concrete example which clearly contradicts the general proposition that the city as a whole is opposed to the interests of the country, the TIMES will call attention to the attitude of the newspapers here in regard to the fight for better prices for sugar beets from the Amalgamated Sugar company. The TIMES gave the greatest publicity to every step of this movement and was repeatedly complimented by the president of the Twin Falls Beetgrowers' association for this; the last public occasion being at the meeting of the association at the Parish hall on the evening of August 30, although similar words of appreciation have since been repeated privately by the same official of the organization in question. Not only did the TIMES give the widest publicity to this movement, but it has from time to time, demanded a more equitable division of proceeds for the farmers through its editorial columns. This all its readers know. It is only fair to say that the Twin Falls Chronicle took the same position editorially at the beginning of the movement and maintained it consistently.

If it were true that the city of Twin Falls were a unit behind the sugar company in fighting the farmers, isn't it passing strange that the newspapers escaped condemnation so wonderfully well, even assuming that they are normally immune from corrupting influence? No other man in the county has been asked as frequently to make suggestions at commercial club meetings and luncheons during the past six months as the president of the Twin Falls County Farm Bureau, and this was due principally if not solely to his position as head of a farm organization.

For further example, take the Farm Bureau itself. No persistent reader of the TIMES can fail to have observed the fact that the organization has had right of way in its columns from the first; and, further, that it has received editorial commendation, with appeal to farmers generally to become members thereof.

The city needs the co-operation of the country. To a very great extent the country needs the co-operation of the city. The city would starve without the co-operation of the country, but each needs the other for the best development of their resources.

WILL ASSIST CHARITIES WITH CITY FUNDS

(Continued from page 1)

led under a special charter conferring such power. Mayor Bracken said that last year, George Herriott, who was then city attorney, brought down a similar opinion, and that E. M. Sweoley, an attorney, who was then mayor, agreed with him in regard to the law in the case, so that the council did the best that they could; voted to assist through the medium of a member of the council and as a starter had given him \$100 to expend. The council requested the city attorney to try to find warrant under a general statute for placing the money in the treasury of the Associated Charities, but should no such statute be found to exist, they said they would make arrangements along the line of last year's plan.

The first act of the council was to adopt a resolution presented by Attorney Turner K. Hackman in behalf of J. C. Sanger and others platting the part of the Perrine eighty between Blue Lakes boulevard and Fillmore street and between Shoup and Addison avenue as Blue Lakes addition to Twin Falls.

A delegation from Elizabeth avenue, headed by Thomas Higgins brought up the old question of sidewalk construction there and again reviewed the history of the perennial controversy. The council told them to bring in a new petition, as the old one signed over a year ago seems to have been mislaid, and that action one way or other would be taken on the new document.

I. Lem Chabon and Jack Shroud said that the sidewalk on their side of Seventh avenue east, between Third and Fourth streets, was in some way out of plumb and asked for investigation. The matter was referred to the streets committee and City Engineer J. A. Bybee.

The city agreed to pay the sum of \$14,330 as final settlement of pending litigation regarding sidewalk bonds. Through an erroneous application of funds years ago, the city had something over \$3000 developed between the amount claimed and the amount available. Last year the city and representative of the bondholders got together and agreed on the sum of \$14,330 with interest at 7 per cent from February 1, 1916. As a result of negotiations conducted by Mayor Bracken, City Treasurer H. B. Bennett and City Attorney Davies, the bondholders agreed to take the principal and knock off the interest, aggregating something like \$1800, if paid at once.

The council considered informally the matter of placing a sidewalk along the park, voted to pave the alleys in the blocks immediately on both sides of Shoup street and Main avenue, deferred the street naming ordinance and voted to give Mayor Bracken the proxies for the city at the coming water company meeting.

An ordinance providing for the prohibition of the use of phonographs and like afflictions in buildings where they will disturb the equanimity and cogitation of other occupants, or will arrest the attention of the passersby, received scant attention from the council, which is musically (?) incited and opposed to the curtailment of free melody.

Wheat Raisers Ask for a New Ruling

Delegation of Farmers from Northwest Request Offset For Alleged Discrimination.

WASHINGTON, Sept. 17.—President Wilson will be asked to order a modification in the wheat price fixed by the government so that alleged discriminations against the northwestern farmers will be removed.

There Is More to a Hat Than a Head-Covering

It probably expresses more individuality than any other part of the toilette. The best artist is the one who can bring out the most pleasing features in the subject and cover up the unpleasant features. Such expression requires an unusual art and talent backed up by years of experience, also a natural temperament for the artistic and beautiful. People who have this talent and ability you will find here to help you in your selection of a becoming individuality for your hat.

CLEMENAU FIRES AMERICAN TROOPS WITH WORDS OF PRAISE
(Continued From Page 1)

Richmond during the Civil war. America has always had my admiration and I have been greatly impressed by the presence of an American army in France which has come to our shores in the defense of liberty, right and civilization against the barbarians. To my mind they are to be compared with the return of the descendants of the Pilgrim Fathers, landing on Plymouth Rock in their search for liberty and finding it. They are now returning their children's children to fight for the liberty of France and the world."

COPENHAGEN, Sept. 17.—Reorganization of the Russian cabinet along strict republican lines is expected within the next ten days, according to advices from Petrograd today. It was reported that Premier Kerensky would formally be proclaimed president pro tem.

Floyd Ham left Monday morning for Chicago where he enters college.

Miss Minnie Hallberg of Aberdeen, Idaho, returned to her home after a week's visit at the home of Mr. Frank Ham.

Tax Levy Made.—The county commissioners met yesterday and made the tax levy for the coming year. The table has not been compiled so as to be in shape for publication.

Stolen Joy Ride.—A new car belonging to G. J. Marquis was stolen Saturday night and driven toward town until the gasoline became exhausted near the Perrine eighty, when it was ditched.

Call for Bids.—At a joint meeting Saturday between the board of county commissioners and the commission of the Hillsdale highway district a call for bids for the Hansen bridge was issued. They will be opened October 20, at 2 o'clock p. m.

Baby Died Here.—While on a visit with his mother at the home of Mrs. J. E. Richards in this city, Lois Gippson, aged one year, eight months and thirteen days died Sunday. The body was shipped to the home of the parents at Idaho Falls for interment.

Lycium Course Strong.—The committee in charge and all who have heard of the list of attractions for the forthcoming lycium course this winter are delighted with the selections made, as the course is considered the strongest that has yet been presented to the people of this city and vicinity. The names of the attractions are contained in an advertisement elsewhere in this paper.

Warmer Weather.—The following is the weather forecast for the week: Rocky Mountain and Plateau Regions; Generally fair, although rather disagreeable Monday over northern mountain districts and on Sunday over southern mountain districts and southern plateau; somewhat warmer after Sunday.

The Illinois Picnic. announced for the city park at noon last Thursday, was somewhat disturbed by the fire rain of the present fall season—not a very large rain, but too big for the comfort of an out door gathering. Those of whom there were a goodly number, adjourned to the Parish hall, where they enjoyed a huge feed and a fine social time generally.

The Host of Twin Falls attorneys-at-law has just been enlarged by the name of Mr. Frank J. Martin, who comes here from Boise to be permanently associated with the well known local lawyer, Mr. E. M. Wolfe. Mr. Martin is a son of the United States marshal for this district. Mr. T. H. Martin, is a graduate of the University of Idaho, and a young man of whom acquaintances spread in very flattering terms.

A Patriotic Family.—Mr. and Mrs. H. M. Holler returned last Saturday from Tremonton, Utah, where they visited a son and daughter for the past month. On their arrival home they found that their youngest son, Howard M., had joined Company D and had departed for the front, as expected in the parents as they already had the son, Wilbur, in the army and as Howard was the only one at home, felt as though they were attributing more than his share in the nation's debt to the foe. Mr. Holler says that if his other son can arrange for his dependents he may go. Also his son-in-law will do likewise. He does not want any of his kin inducted into the service, but when duty calls, go like men.

Want Printers in Army.—Able bodied printers are wanted in the United States army. B. L. Kinsey, secretary of the United States Army, is in receipt of a letter from J. W. Hays, International Union secretary, calling attention to a copy of a communication from the chief engineer of the war department in which it is stated that there is place for printers in the engineering corps. In his letter to Secretary Kinsey the International Brotherhood of Typographical Workers stated that "a number of printers, pressmen and linotype operators can be used." Secretary Kinsey is asked to bring the matter to the attention of the local union.

Final Visits.—Quite a number of the members of Company D, Second Idaho, have been making visits the last few days, what they deemed a last visit to their homes—it being understood that the regiment will leave for the South Carolina rendezvous sometime next week. Among the men was Lieut. F. E. Snook, of the dental corps, who had been called by a special order to report at Charlotte at once. After a very brief visit to the doctor, he left Sunday morning in obedience to his orders, however, to go by way of New York, where he will visit the aged mother, who has been for some time a number of years. Lieut. C. H. Krenzel was also an over-Sunday visitor to his family here. Messrs. Chester Boone, Carl Laville, Lawrence Geisler, Vernon Ayres, Thomas Irwin and perhaps others, were also at home, returning Sunday night. As the time draws near when these gallant young men

WASHINGTON, Sept. 17.—The Russian republic has just emerged from throats of counter revolution stronger than ever before. The entire nation has been unified by the attempted Korniloff rebellion. Increasing military pressure against the Germans on the Riga front may now be expected. This is the situation in Russia as outlined in dispatches from Petrograd to the state department, and the Russian embassy today announces the complete break down of the Korniloff movement is confirmed in these cables. The Cossack movement has not been quelled in all districts, but it is not regarded as serious by the Petrograd government.

LONDON, Sept. 17.—Only raiding activities on the Arras front and cannonades in western Flanders, were reported by the British war office today. East of Ephey, in the section of the Arras Douai road and near Cavallo British forces penetrated German positions, capturing prisoners and two machine guns and destroying dugouts. A number of Germans were killed east of Ypres. The German artillery bombardment British positions all night.

ROME, Sept. 17.—"Isolation Movement" against the Austro-Hungarian positions on Montenanale is under way along the southern edge of the Balzaino plateau and dispatches from the Italian front today reported further progress in that section.

LONDON, Sept. 17.—Emperor Charles of Austria has gone to the Trentino front, according to advices from Zurich today. The emperor arrived at Trenton Thursday and began an inspection of the Austro-Hungarian front.

THE HAGUE, Sept. 17.—A number of German newspapers, among them the Deutsche Tages Zeitung have been suspended for failing to support the government. In the Luxemburg incident at Buenos Aires, it was stated in a Berlin dispatch today.

STOCKHOLM, Sept. 17.—Germany sent a note to Sweden expressing regret for the disagreement issues resulting from the transmission of cables from Buenos Aires, according to the Syd Daglight Allepandra today. The German foreign office also thanked the Swedish government for its advice and expressed regret that the contents of messages from Count von Luxburg were unknown to the Swedish envoy in Buenos Aires. The note stated that Germany has notified all her representatives abroad that they must not resist any attempt to force them to reveal to the Swedish government the contents of their code telegrams.

LONDON, Sept. 17.—A German destroyer was damaged and two trawlers are believed to have been sunk in an attack against a German naval base just off the Belgium coast by British destroyer, the admiralty announced today.

PARIS, Sept. 17.—After a lull of many months in the fighting on the Woivre plains Germans suddenly effected a change of the fiercest violence following it up by counter attacks with infantry, the war office reported today. French trenches were penetrated, but before the Germans could consolidate their gains counter attacks were launched by the French and the Germans were driven out. The fighting centered around Apremont forest.

LONDON, Sept. 17.—General Kaledines, one of the Cossack leaders who joined the Korniloff revolt, has telegraphed to Premier Kerensky pledging his loyalty to the government, said a dispatch from Petrograd this afternoon.

AN IMMENSE GERMAN AEROPLANE IS DOWNED
WASHINGTON, Sept. 17.—A gigantic German aeroplane of the Ruppier type, more powerful than any craft in use by the allied armies, has been brought down by Adjutant Maurice Medaris behind the Belgian lines, the Belgian legation was advised this afternoon.

Medaris fought a brilliant battle Sept. 16, at 1,000 feet above Dismide. The German pilot and gunner both were killed in the fall. The German machine had a motor that would start, but was under the American Liberty motor. It was armed with two machine guns.

The Gooding Motor Company is now fairly settled in its home in the new garage on West Main street.

State Fair Great.—Those who are interested in seeing something good in the way of state fair are confident that they will get what is coming when they go to the state fair at Boise next week. The character of the attractions offered can be gathered from the advertisements in this issue of the TIMES.

Autolets will do well to let us whisper into their north ear the fact that a "speed cop" is enjoying the shade just inside the city limits on the road to Filer.

Royal Neighbors Meet.—The Royal neighbors of America will hold their next regular meeting at I. O. O. F. hall, Friday evening, September 21, at 8 p. m. All visiting members are invited.

The Idaho Theater is just installing a fine mechanical organ, or orchestra, of the kind used in the large city theaters. It will furnish an additional attraction to that popular play house.

Mae Marsh

Goldwyn Pictures Star

Biography of Lovely Mae Marsh

Mae Marsh the famous little star appearing in the great production "THE BIRTH OF A NATION"; if you remember she plays the role of Flora Cameron, the little corporal's sister, the little girl who jumped over the cliff to escape the negro.

Mae Marsh has had a meteoric career in motion pictures. She has become one of the screen's most popular players in a very few years. **Miss Marsh** who is now only twenty years old, was born in Santa Fe, New Mexico. Her father was an officer of the Santa Fe railroad. Her sister using the name of Margaret Loveridge, had a part in a production being made in Los Angeles. One day **Mae Marsh** was seated in the studio watching a rehearsal when she came under the notice of Mr. Griffith, he inquired who she was and some one said she was the sister of Margaret Loveridge. "Would you like to become an actress?" Griffith asked the little girl and from the moment when she nodded yes her future was assured. Two years later she was star of "The Birth of a Nation," and a year later the star of the great spectacle "Intolerance." Her next big triumph is "Polly of the Circus," **Margaret Mayo's** celebrated play. Made into a remarkable photo spectacle in this beautiful play—which many of us have seen, this famous star has one of the greatest roles in her entire career on the screen. This production will be shown at the Orpheum theater soon. Don't miss it. Watch for the days of showing.

WAR TIME DUTY

Vast amounts of new capital must be saved and poured into our country's industries. Do your "bit" every time you draw your pay. Deposit a larger percentage than usual in your increasing savings account at this bank. Nation-wide thrift is the urgent need now!

Rush on "Q" Cause of Awful Wreck

Many Killed in Collision At Aurora, Illinois—All Traffic Has Been Delayed As Result.

AURORA, Ill., Sept. 17.—Orders to rush war freight with all possible speed was declared today by Engineer A. A. Carlson, of Galena, Ill., to have been responsible for the wreck at Aurora, Ill., in which seven Iowa stockmen were killed and a dozen injured. Carlson was engineer of the merchandise train that crashed into the rear end of a stock train, causing the worst wreck on the U. P. & Q. Railway known in years. Two of the most seriously injured men, John Rogers and Ray Hopper, are believed to be dying.

The dead are W. D. Dickson, Hamilton, Iowa, stockman; Otto Mendenley, Kellerton, Iowa, stockman; John Walker, Milo, Iowa, stockman; Thomas Bender, Fairfield, Iowa, a stockman; Wm. Foulkes, Sheridan, Iowa. The bodies of three unidentified dead have been found.

Those badly injured are Harvey Vanish, a stockman of Galena, Ill.; A. A. Carlson, engineer of one of the colliding trains; Floyd Twoombly, Osceola, Iowa, stockman; Roy Hopper, Sheridan, Iowa, stockman; Fred Canaby, Ford, Iowa, stockman; and Jack Rogers of Knoxville. One of the missing is Fred Manly, an Osceola stockman. It is possible that one of the bodies found may later be identified as Manly.

The wreck occurred when a merchandise train crashed into the rear end of a stock train. Both trains were bound. The stock men killed and injured were sleeping, in the way car of the stock train when the collision occurred.

Fire broke out in the wreck immediately after the collision and it is still burning. All traffic on the Burlington line is delayed.

Walker and Bender were taken to the St. Charles hospital here but died shortly after reaching the hospital. All of the injured are in the St. Charles hospital.

THE COUNTY FARM BUREAU VS. THE COUNTY COMMISSIONERS

In Making Herewith a Colorless Statement of the Apparent Facts in This Case, the "Times" Takes the Liberty to Offer a Suggestion in the Interests of Peace.

With all due respect to both parties to the controversy, the TIMES wonders if a little display of mutual forbearance would not lead to a satisfactory agreement relative to the farm bureau bills which have been held up by the board of county commissioners, nominally awaiting the endorsement of the county agent. It is only for a bystander to see both sides and to understand how each party could justify itself to its own conscience.

As set forth in the TIMES on September 9, and 11, the farm bureau management proceeded on their understanding of a plan outlined tentatively to Deputy County Auditor L. E. Finney by State Leader H. W. Hochbaum, some months ago, as a practical solution of a question of bookkeeping. The above plan seems never to have been specifically brought to the attention of the commissioners, but they seem to have for two months accepted the O. K. of the farm bureau agent on which to base the bills ordered in that manner. In the meantime legality of bureau "economic activities" came to be seriously questioned, as items on which to base valid claims against the county as a whole. This raised the issue of a segregation of the work, and to get around any statutory obstacles a new organization, composed exclusively of

farm bureau members, but not under the direction of the parent act, as such, was formed, to carry on the work of buying, selling and pooling which deemed necessary by its members. The expense of this new organization were to be paid by the members thereof. The secretary and stenographer of the new society were the same as those of the old and the same room, lights and telephone were used by both. This organization was formed August 15. This plan when proposed seemed to solve the problem, but a pow caucus bill, or what was taken to be one, had appeared in the meantime. The president of the farm bureau, H. W. Hochbaum, and several of the "politicians" were trying to destroy the movement as an effective means of solving the problem. The readers of the TIMES, as they were given the widest publicity, as a matter of news through its columns, proposed to solve the problem of the exact place in the management of things which the law county agent, Donald McLeish, should occupy, arising from the fact that the county agent seems to have taken the position that he was at least legally the head of the county farm bureau management, an assumption which management, but was unwilling to concede. For some reason, perhaps partly on account of the differences of opinion regarding the seat of authority and the reflection cast on the integrity of intention of the state leader, the latter removed the county agent from the office of the county farm bureau, without formal communication with its directors as a board, and placed him back in the office of the United States Bureau of Animal Industry, in the court house, from which place the former county agent, W. N. Birch, had been taken some months previously. In the meantime, it was also intimated that the county commissioners, particularly Chairman Carlson, whom they charge with being the whole works, were opposing the bureau.

The reader of this synopsis will see that the foundation of a beautiful misunderstanding had been symmetrically laid. In this article we are concerned with the development of the trouble and not with the truth or falsity of the charges made, so we state the charges and intimations without comment. The question of segregating what was farm bureau work, strictly speaking, from what was county work of the new organization, the farm bureau auxiliary, was bound to become more difficult to answer when suspicion and dislike replaced cordial relations on both sides, assuming both to be absolutely honest.

The first thing that came to trouble the waters was not a hearing, as from above, but an imp in the form of statutory interpretation. What did the law intend? All will concede that the commissioners have no more legal power, and therefore no more public money unless granted authority by statute, than the editor of the TIMES, or than the well known character John Doe has. This will, of course, not be disputed.

The brief state law, published in full in the TIMES of September 8, and republished September 11, was enacted under the caption, "Authorizing Board of County Commissioners to appropriate funds for certain demonstration work and home economics." The commissioners appealed to the attorney general for an opinion and in the company thereof, the business of Attorney General Walters an opinion was handed down by Assistant Attorney General Pope. Unfortunately, it seems to us, the chief of the attorney general did not touch the real point at issue, so that the opinion needed further construction to make it fit the issue here. The county commissioners contended that the county agent was the legal head of the farm bureau organization, insisted that his endorsement be obtained by those presenting the bills, and insisted before paying such bills. President White of the farm bureau refused to ask the county agent to sign them, declaring that they should stand on the plan outlined by State Agent Hochbaum at the time of his conversation with Deputy County Auditor Finney. Although Mr. Finney stated that the agreement was not carried out in all particulars by the bureau, he did not personally oppose the payment of the bills on the O. K. of the farm bureau organization. This brought a deadlock which still prevails. There is but one exception to this statement. A friend of Miss Melcher, the stenographer hired by the farm bureau, brought her bill to the county agent and asked him to look it over, which he did and endorsed its payment for \$400.00, over the total amount of \$75, which was allowed.

This impels us to make a practical suggestion. Since the county board has determined that the suggestions made in the Hochbaum letter were without legal force and were merely directory and that the county agent is the person who should be held responsible for the endorsement of bills, it is quite natural for them to insist that his endorsement should precede payment unless convinced that he is unreasonably refused to sign legitimate claims, in which case they would, naturally, proceed independently to pay them. Technically, they are probably right in insisting that the bills be endorsed according to law before being presented to the board; at any rate such is the ordinary custom. On the other hand, if the county agent, who, after all the charges and recriminations that have been made can hardly be assumed to be responsible for the endorsement of bills, at present constituted, found that more than half of the bills presented by Miss Melcher was contracted work of what the bureau might be considered to be legitimate, it is legitimate to assume that at least a considerable percentage of the other bills were contracted for, and also constitute to be farm bureau work, and that the same being the case, there might be some way to get at the payment of all bills or parts of bills which on their merits are legitimate and valid.

Under the circumstances, therefore, the TIMES takes the liberty to suggest that the county commissioners depart from their ordinary method and

MARGUERITE CLARK IN "THE AMAZONS" THURSDAY

THIS POPULAR STAR HERE THREE DAYS COMMENCING THURSDAY

Daintily, demure Marguerite Clark in bloomers, and sweaters, valiantly using boxing gloves, and knocking out a girl about twice her size; Marguerite Clark in correct masculine evening attire, knocking down a six-foot bully of a man; and Marguerite Clark standing on tiptoes on a cross bar of a gymnasium kissing a young English lord;—these are a few of the new Marguerites we are introduced to in the latest Famous Players-Paramount Picture, "The Amazons," which is coming to the Idaho theater Thursday, Friday and Saturday of this week.

In the two years she has been in films, Marguerite Clark has appeared in sixteen pictures, all of which have been recommended by the Women's Home Companion, a distinction accorded NO OTHER screen star.

In "The Amazons" she is unequalled, and "The Amazons," is her biggest production—her first under the "star" series.

Where Billie Burke Starred The play itself comes from the pen of Sir Arthur Wing Pinero, the great English playwright, and it was in "The Amazons" that Billie Burke made such a wonderful hit on the speaking stage a few years ago. The play having had an exceptionally long run on Broadway.

The story has a wonderfully natural appeal to all ages. The weakest imagination can see the dramatic possibilities in the idea of a mother bringing up her three daughters as if they were sons.

Miss Clark plays the part of the one girl who really delights in the fact that she is a boy and enacts the character throughout with unprecedented delight.

Fairbanks Stunts It will be a revelation to picture fans to see Miss Clark in this picture, for to the charm of her intangible self she has added the athletic agility of Doug Fairbanks and other characteristics heretofore uncombined.

Can you imagine Marguerite Clark doing a giant swing on a trapeze? Can you picture her yielding a technical point and on their own initiative, ask the county agent to go over the bills.

VOUCHERS FOR THIS PRODUCTION

"THE AMAZONS" IS THIS YEAR'S FIRST PICTURE FOR PARAMOUNT UNDER THE SELECTIVE SERVICE ACT. I CAN RECOMMEND IT WITHOUT QUALIFICATION.

R. W. MAERL

Jumping from a second story window and swinging on the limb of a tree to the ground below? Can you picture this star galloping nimbly along the highway on the back of a runaway horse, only to be snatched to safety by an English army officer who follows her in his auto? Picture her as a pugilist in a prize fight, imagine her knocking out a pug. Visualize her climbing up the side of a vine-clad wall. Well they're all there, and more, too. Thrills, heart interest, handiwork, action, and that wonderful originality and novelty always found in a Famous Players production is in this picture in unbounding measure.

Lovely Settings There have rarely ever been presented to a studio manager a scenario for production that replete with such a wide and variety of expensive and wonderful settings as for this picture. From a Wig Shop in London's Strand, face and interior, to a house, with its attending stables and swimming pools, are two of the extremes to which the director was put. There is a wonderful scene of a garden, with its beautiful sunken garden, terraces and garden scenes, a bar room in the slums of London and a completely equipped gymnasium for the hero's use. It is to make the settings the most elaborate in which Miss Clark ever worked.

FOR THE MOVIE FANS "Working with Douglas Fairbanks is nothing but fun," says Eileen Percy, who deserted Broadway's "Cocoanut Grove" to join the celluloid profession. "He is always doing something to make you forget that you are in a picture."

Miss Percy, a young Irish girl with blonde hair and a fair complexion, good dresser on and off, made her screen debut opposite the central Fairbanks in "Wild and Wolly," and the latter, after seeing her in the picture, signed her to appear opposite him in Armat pictures for a period of one year.

FOR SALE—1200 ewes with range on Mindoka reserve; 2500 ewes with range on Challis reserve; 5000 ewes, good breeders, without forest reserve, Robert Rogerson, Rogerson Hotel, Twin Falls, Idaho.

releases" through Arcraft and "Paramount." In celebration of the event, Mr. Pace and William S. Hall, the new Arcraft star, donned overalls, and with a saw, hammer and nails began the carpenter work on the first set. The agent of the Carpenters' Union showed them the best way of driving a nail without endangering their own nails or spoiling their vocabulary.

Around the Arcraft Studio Mary Pickford's name has been changed from "America's Sweetheart" to "America's Greatest Elucationist," owing to the fact that at the recent benefit given for the French Emancipation Hospital fund, Miss Pickford stepped right out on the stage of a local theater and made the biggest hit of her career by reciting Eugene Field's poem "Soen" Things at Night," after one hour's study. It was originally planned Miss Pickford should appear at the benefit to referee a boxing match between Charlie Chaplin and Douglas Fairbanks. At the last moment it was decided that she could do even more. Consequently at 7 o'clock in the evening of the performance she decided to give a recitation and appear in one of the costumes she wears in "Robacca of Sunnybrook Farm," her forthcoming production.

EWES FOR SALE

I am offering for sale five hundred thoroughbred Cotswold ewes, yearlings to two year olds. These are especially high class breeding ewes. Heavy shearers and are very desirable either to run on the range or on the ranch.

Also offering two thousand aged ewes with good mouths, fifteen hundred Merino, balance coarse ewes. Will enter into a contract for the ewe lambs from the Merino ewes, at \$10.00 per head, delivery first of next September, and will make advance on the contract. If contract for ewe lambs is accepted the Merino ewes must be bred to either Lincoln or Cotswold rams. Will sell any number to suit the customer. Can furnish the rams if desired. Ewes can be seen at my ranch at Gooding. If you are interested, write for prices.

F. R. GOODING, Gooding, Idaho
