VOL. XIII, NO. 12.

OJINAGA'S FALL STIRS COUNTRY ABOUT MEXICO

DEFENDERS ARE DRIVEN TO AMERICAN SOIL AND UNDER GUARD

Several Exchanges of Shots Across Border

Forces at Presidio Are Strengthened—Carranza Believes Villa Is Not in Command—German Hand Seen in War.

(I. N. S. Leased Wire)

PRESIDIO, Texas, Nov. 15.—General Francisco Villa, with 6000 stormed the city of Ojinaga, across the border last night driving the Carranzistas from the United States. Many were lost in the battle. Colonel Langhorne, commanding United States troops at Marfa, Texas, today sent reinforcements to the garrison here after being notified of threats made by the Villa bandits now holding Ojinaga that they would raid the town. Presidio is now guarded by only a small troop in cavalry and is at the mercy of the bandits.

WASHINGTON, Nov. 15.—Elaborate preparations to protect the American border from Villista raids from Mexico were taken today. The war department has lodged supreme authority in the hands of the commanding general of the southern department, and he has plenty of troops available for action. Villa's success in taking Ojinaga is expected to be reflected in the flocking to his colors of thousands of malcontented United States troops who got sufficient munitions to equip any additional troops is a question here. While he is known to have had quantities of arms and munitions cached in the mountains all of the reports received here have indicated that this was his sole supply and none is coming into Mexico at the present time from any point.

The Carranzista soldiers who crossed to the American side and surrendered to Captain Wood, however, were detained until the state department directs what disposition shall be made.

(Continued on Page 6)

COAL SITUATION HERE GROWS WORSE; NOT BETTER

Notwithstanding the hopes raised by the state coal administrator on his recent visit, and wired assurances that coal is enroute to this city, the situation is very unsatisfactory, and is quite as bad as it was last winter. The dealers are all prayerfully awaiting the receipt of a sufficient supply.

Third Battalion of Firing Line

Second Contingent Goes To—Boys in Good Health—German Grow Defiant Since Italian Victory.

(I. N. S. Leased Wire) WITH THE AMERICAN ARMY IN FRANCE, Nov. 14.—With 19 of its members missing, the second contingent of American troops has retired from the first line trenches, giving way to a third battalion which is now on the firing line. The second contingent suffered less from bad weather than the first and consequently the men are in excellent physical shape. Only a few cases of sickness were reported and the men underwent careful inspection and disinfection.

German newspapers reaching American headquarters which are apparently uninformed of the arrival of British and French reinforcements on the Italian front which will accomplish on the western front as soon as Italy is out of business. It is in fact what the Germans would believe is comparatively easy. The German press, practically as a whole, has dropped all talk of an immediate peace or a liberal peace taking the view that they can force peace by arms of their own terms, once the Italian campaign is concluded.

Auto Bandits Get a Large Rakeoff

NEW CASTLE, Pa., Nov. 15.—Four bandits this afternoon kidnaped one man, wounded another and escaped with \$17,000 the payroll of the Johnston Limestone Quarries of Hilldale, Pa. here. Tony Beck, one of the guards, was shot dead. A. D. Farrell, superintendent of the quarries, was wounded.

A CHALLENGE TO OTHER PUBLIC SPIRITED CITIZENS

TO THE PEOPLE OF TWIN FALLS COUNTY: Being deeply interested in good roads, and realizing the great cost incurred in holding a bond election; we, the undersigned board of Thometz precinct, do hereby tender our services to the county without cost, and urgently request that all other boards do likewise. E. J. JOHNSON, J. M. BAIRD, Judges. W. J. TRUEBLOOD, Clerk.

The above public spirited statement was given to "THE TIMES" last night. It is stated that practically every voter in Thometz precinct is heartily and enthusiastically for the bonds and that five automobiles have been engaged to haul voters to the polls on election day, so that women as well as men will have a chance to go on record in their favor, regardless of the present bad condition of travel.

BUFFALO BOY WOULD SHOOT THE PRESIDENT

JOHN SANTERLY UNDER ARREST'S ADMITS HE WOULD KILL EXECUTIVE

Says He Will be Shot Anyhow

Believed That There Was a Plot to Kill Wilson While in City to Address American Federation of Labor.

(I. N. S. Leased Wire) BUFFALO, N. Y., Nov. 15.—A plot to assassinate President Wilson during his visit to Buffalo Monday to address the delegates to the American Federation of Labor convention is believed to have been frustrated in the detention by the local secret service officers of John Santerly, 19 years old, a local machinist, who was brought before the United States attorney today and closely questioned. He was asked if he had made the threats to fellow employees that the president ought to be shot because he was sending Americans to the war. He is what he is reported to have replied in answer to Assistant Attorney Ward's question. "I'll shoot the president the first chance I get—He will be shot anyhow."

All Allied Powers to be Represented

Lloyd-George Makes Statement Regarding Military Control on the Western Front in War.

(I. N. S. Leased Wire) LONDON, Nov. 14.—All the great powers have armies in the field against the central powers will be represented on the supreme international war council which is soon to be formed. Lloyd-George announced today in the house of commons. First, the war council will concern itself with the western front but the extension of its activities to other theatres of war will be discussed later, the premier said. The duties of the council will be to prepare recommendations for the various belligerent governments and to keep itself informed of every development of any military importance. The general staffs and the high commands will remain responsible to their respective governments. Changes will be recommended by the council when it gets into motion and much good is expected to result from it. Each nation represented will have a military representative sitting on the council. The premier's explanation was the first official detailed report on the formation of the council and was evidently called forth by the press comment in which fears were expressed that the matter of directing military strategy might be assumed by men without military training.

TROOPS GET NO REDUCED RATES COMING HOME

WASHINGTON, Nov. 14.—Troops in the various camps and cantonments throughout the country who may receive furloughs to go home over Christmas holidays will not be able to get reduced rates over the railroads. While no official announcement has been made, the War Department issued an authoritative statement that the railroads have uniformly declined to make a reduced holiday rate for the soldiers on the ground that they are too busy transporting war freight, express matter and troops for the government. Lack of cars is another reason for refusing to make reduced rates.

MARRIED

Saturday, November 10, at 8:30 p. m., at 453 Main avenue, east. James H. White and Jeannette Lyons, both of Twin Falls, Id., by C. L. East officiating. A jolly company of relatives and friends witnessed the ceremony.

KERENSKY WINS IN MOSCOW SAYS LATEST DISPATCH

ANCIENT CAPITAL OF CZARS IN HANDS OF FAMOUS LEADER

News From Petrograd Still Indefinite

Great Confusion Appears to Prevail in the New Republic Without Anything Being Determined Up to Date.

(I. N. S. Leased Wire) WASHINGTON, Nov. 15.—Confirmation of the news that Premier Kerensky and his forces are in control of Moscow has been established by the Italian government, according to cables from the Russian ambassador at Rome. The Russian embassy here this afternoon. No further information was contained in the dispatch.

LONDON, Nov. 15.—The real situation in Russia was still an unsolved mystery this afternoon. Reports were less optimistic, however. One dispatch from Helsinki, by way of Stockholm, said that the British forces south of Petrograd had recaptured Gatchina and that the troops loyal to Kerensky were in retreat, to prevent their capture. Other advisers reported his forces in Petrograd with much of the city menaced.

Last Day to Mail Package

Years Will Be Late In France For Christmas If You Are Not in Mail Today.

(I. N. S. Leased Wire) WASHINGTON, Nov. 15.—Do your Christmas mailings today. Packages put in the regular mails today will reach them in France before Christmas. Packages mailed tomorrow will be less optimistic. Parcels to seven pounds may be sent through the regular mails. They should be addressed in this fashion: "Name of Soldier. American Expeditionary Forces. Care of Commanding General. Port of Embarkation, Pier No. 1. Hoboken, N. J." Packages handled by the war department must be sent to time to be delivered at Hoboken on or before December 5.

I. W. W. Had Much Dynamite Fuse

(I. N. S. Leased Wire) SEATTLE, WASH., Nov. 15.—Federal officials today are endeavoring to ascertain the ownership of 6000 feet of gutta percha dynamite fuse that was found last yesterday in a raid conducted on a branch headquarters of the I. W. W. in the Alaskan hotel building. Besides the fuse nearly a cart load of dynamite, a large quantity of books and documents were seized by the raiders and this is being examined by government agents today.

BIG FRENCH GUNS

First official confirmation of the fact that the French artillery is equipped with the largest calibre guns in the world has come through the release in Paris motion picture theatres of the government's film entitled "The military power of France in the war."

AMERICANS MAKE SUCCESSFUL MOVE AGAINST THE HUN

MIXED COMPANY OF SAMOIES AND FRENCH LAY AN AMBUSCADE

German Patrol Falls Into a Trap

Scatter Under Fire and Machine Guns Pepper the Field After the Frightened Enemy Got Back to His Trenches.

(I. N. S. Leased Wire)

WITH THE AMERICAN ARMY IN FRANCE, Nov. 15.—One German soldier was killed and two wounded when a mixed force of American and French soldiers ambushed a big patrol of German troops in "No Man's Land." There were no American nor French casualties. The allied force was evenly divided between Samoies and polts, and took up its position in shell craters about half way between the trenches. The German forces were double in strength that of the attackers.

As the Germans came forward the allied soldiers kept as quiet as mice and the Doehes were allowed to pass the craters without a shot being fired. When the Germans had passed the Americans and French opened fire upon the rear and flanks of the patrol. German dropped at the first volley and the others scattered and ran toward their own trenches, meanwhile firing a few shots. Two Germans fell and were carried off by their comrades.

Every machine gun was turned on "No Man's Land" and it was sprayed with bullets for an hour and the Germans reached their own trenches. A stray bullet fired either from a German machine gun or from a sharpshooter killed an American corporal in the trenches Tuesday night. It passed through his skull.

Stock Close Is Irregular Today

(I. N. S. Leased Wire) NEW YORK, Nov. 15.—The stock market closed irregular today; government bonds unchanged; railway stocks 1/2% higher. Money loaning at four per cent. Commercial silver is off 1/2 cent at 85-84 cents. Lead, spot, Nov. and Dec. 4 3/8¢; 3 3/4¢. Spelter, spot, Nov. and Dec. 7 3/4¢; first quarter 7 5/8¢. Copper unchanged.

CHICAGO, Nov. 15.—Grain Close: Corn, Dec. 1.19 1/4; Jan. 1.16 1/2; May 1.15 1/2; 1-8-8-1 1/2. Oats, Dec. 64 3/8; 1-8-8-1 1/2. Soybeans, Jan. 44 5/8; Dec. 42 5/8; 1-8-8-1 1/2. Ribs, Jan. 32 1/2; May 32 3/4.

UNION STOCK YARDS, Ill., Nov. 15. Hogs, receipts, 1000; market slow 10 cents lower. Mixed and butchers \$17.00@17.50; good heavy \$18.25@17.75; rough heavy \$14.95@17.15; light \$17.00@17.50. Cattle, receipts 7000, market steady. Heaves \$6.50@16.25; cows and heifers \$4.50@16.25; stockers and feeders \$5.60@13.75; Texas \$5.80@13.30; calves \$6.10@13.25. Sheep, receipts 12,000, market steady. Hogs \$11.00@11.50; natives and west \$11.00@11.50; lambs \$12.25@12.00.

TOLEDO, O., Nov. 15.—Clover seed—Prime, cash; old \$16.05; new \$16.10; December, January and February \$16; March \$15-15.

Twin Falls Market Wheat, per bushel \$1.79 Oats, cwt. 2.40 Barley, cwt. 2.40 Corn, cwt. 62 1/2 Cows 7c Steers 7c Hogs 14 1/2c Spring lambs 10 1/2c Hens 10c Eggs 11c Butter 50c Butterfat 48c

British Workers at Federation Convention

(I. N. S. Leased Wire) BUFFALO, N. Y., Nov. 15.—Declaring that labor's first job is to help crush German militarism, John Hill and Arthur A. Haldy, representing 3,250,000 organized British workers, speaking for the American Federation of Labor, today urged that the workers plead for closer team work between the labor of the allied nations, to bring about an early and successful conclusion of the war.

Lloyd-George Leads Allied War Council

Believed To Will be Most Influential—Desire for United Action Overcomes Opposition.

LONDON, Nov. 15.—Premier Lloyd George will virtually become a dictator with the establishment of the war council, according to well formed opinion today. At the same time it was said on good authority that the council will be chosen of Lloyd George having his position as premier shaken by debate in commons on the war council. There is some vigorous opposition to the plan inside of the commons and also in the press, as it is suggested that the council may mean, if not military aid and the dabbling with technical matters by incompetent politicians, the need for united action is so thoroughly realized that his wisdom is generally endorsed.

(International News Service)

PARIS, Nov. 15.—The delegates of the United States Republic today began their consultation with the representatives of the Allied Entente nations at the great conference in Paris. For this mission the president has selected a cabinet of men whom he regards as each problem vital to the winning of the war. The army, the navy, finance, war trade, shipping, food—such are the responsibilities which will be in addition to Colonel House, who has been making a special study of the problems of nationality and conflicting interests. The council will meet in the final peace conference, the American members of this war mission are: Admiral W. S. Benson, chief of naval operations. General Tasker H. Bliss, chief of staff. U. S. A. Oscar Crosby, assistant secretary of the treasury. Vance C. McCormick, chairman of the war trade board. Nathridge Colby, of the shipping board. Dr. Alonzo E. Taylor, of the food administration. Thomas N. Perkins, of the priority board. Gordon Auchincloss, son-in-law of Colonel House, secretary.

Foremost among the questions to be considered immediately by the envoys are not in the first section, will be the military and economic conditions in Russia and Italy. The Balkan situation, too, presents some delicate points. Rumania, Poland and Lithuania, is under strong enemy pressure to give up the territory which they have recently contemplated spring campaign in conjunction with the Jugo-Slav legions on the northeastern allied front.

House plans for the rehabilitation of the conference. The question of Japanese and Chinese participation in the war on a larger scale than that included in the mapping out of a general war plan. Before any such activity of Mongolian troops on the eastern front, however, the French and British must be rebuilt—another proposition which, it is believed, will be relegated to United States envoys.

The British representatives will insist that a permanent organization shall be created to unify and direct the efforts of the allies. It is not the British who insist on this form of organization, nor insist upon any definite person to head it. But the opinion here is that some permanent body should be created, not only because of the part this country is playing as the central banker for the anti-Hun syndicate it is not impossible that some American should be named to head the commission.

It is expected that this commission will control the war in every phase, affairs will give military and naval policies, that will be where supplies are needed and direct them into their proper channels, and that it will have authority sufficient to run the present war in shipping. The administration is beginning to feel that its money is not being used for any single correlative purpose which represents the best judgment of the allies, but for as many purposes as there are borrowers. It believes that some of these purposes are irreconcilable with the best interests of Italy and Russia are current economic policy from Italy from indulging in a reckless offensive, on that would never have been undertaken except for the utter chaos that prevails over supplies. That offensive has cost the United States treasury the deep oblation of the Kerensky government to the United States, Kerensky suggests dissolution among the allies.

While opinion in Washington seems to turn to the commission form of war government for the allies and the United States, London is harping to quite a different tune. The Kerensky government to the United States, Kerensky suggests dissolution among the allies. The Kerensky government to the United States, Kerensky suggests dissolution among the allies.

The Kerensky government to the United States, Kerensky suggests dissolution among the allies. The Kerensky government to the United States, Kerensky suggests dissolution among the allies.

CROSBY GOES TO RAIL

Judge Ensign this morning overruled the demurrer of the defendant in the case of Crosby. Crosby is the alleged libeller of his opponent, Dr. C. A. Ames springing the campaign of 1916, when they were rival candidates for congress.

GERMAN SCARED OVER U. S. AERIAL PREPARATIONS

MAKE GREAT EFFORT TO DUPLICATE OUR ACHIEVEMENTS

Hope to Beat Us by Two Months

Italians Hold Line in Europe 140 Miles Long and Believe Invaders Will be Beaten—Other Western Activities Small.

WASHINGTON, Nov. 15.—Germany no longer looks lightly upon the entry of the United States into the world war. New reports reaching the government today made it doubtful if she ever did.

Reports gathered by the combined intelligence service of the allies and turned over to Colonel House details the elaborate defensive measures being taken by Germany against the coming American offensive. These reports have been forwarded by Col. House to the president, and by him turned over to the war and navy departments.

Which the news was sent broadcast that congress had appropriated \$400,000,000 for battleplane construction, the word soon was before the German military leaders at Potsdam. It was the intention of the administration that news about the appropriation to the most isolated sections of Germany. The result was that the German authorities were supported to greatest activity, according to reports turned over to Colonel House.

Aeroplane factories were set to work at top speed turning out aircraft for the German army. Through Germany's superior industrial organization she will have a fleet equal to the proposed American squad force on for months. Colonel House has been told. The American aeroplane fleet was not to be ready until May.

Germany's preparation has not been without its effect. The word was given to the air craft production board and now American aircraft factories are working at top speed to have the American planes ready for action March 1.

PARIS, Nov. 15.—With the stiffening of Italian resistance against the Austro-German invaders, violent fighting has spread along the whole Italian front for working at high theatre of war, said advices from Rome today.

The forces holding the line between the Cembra and St. Elvise pass in Trentino, tried to roll back the Italian flank from its resting point on the Sella frontier and to get behind Italian lines but were repulsed after several fighting.

In the Brenta valley German troops are advancing upon Gison and Carpano in the western part of Austria which were captured Tuesday night according to information from a Swiss source.

ROME, Nov. 15.—Further attempts by the Austro-German to force crossings of the Piave river from the east to the western part of Austria, were being heavily shelled and are in danger of being cut off.

BERLIN, Nov. 15.—German troops in northern Italy are advancing southward from the Ponzaso-Poltrone line, the war office stated today. The situation on the Piave river remains unchanged, it was said.

LONDON, Nov. 15.—The closest possible co-operation between British and American naval forces is expected to result from the visit which Admiral Bessant, commander of the British fleet, will pay to Admiral Sir David Beatty, commander of English grand fleet. It was learned today that agreement has already been reached upon the most important naval questions and that other agreements will follow.

KIMBERLY DEPARTMENT TIMES, KIMBERLY, IDAHO

THURSDAY, NOV. 15, 1917

Corporal T. M. James Writes Home to Folks

Leads Y. M. C. A. Work, and Speaks Highly of Army Life. He Tells of Gas Drills and Other Experiences.

Corporal T. M. James, son of Rev. A. W. James of Kimberly, in a recent letter to his folks tells some very interesting facts about army life and the recent trips taken by his company. The letter follows:

Dear Mother and Father: October 1, 1917. We arrived here yesterday on Sunday. All the boys are well. We are no longer Second Idaho or no longer Company K. We were made into a machine gun company. Part of our regiment was made artillery and some of them hospital corps, but we are in the machine gun company. I am in Company J, that is Payette, is mixed in our company. Captain Biggs is senior officer so no changes are made in the officers. We still hold our places. We don't have to carry rifles now, we carry pistols. Have mules to pack our guns on. I have nothing to do with the guns or mules as I am in charge of the work done in the company street. Our camp is a good one. We have not had any of the new work yet. Had a good trip, went through southern Illinois, Kentucky and Tennessee. It will take us a month to get fixed up. I don't like the south very well. Oregon, Washington, Montana, Wyoming and South Dakota are here and more to come yet. Will be 80,000 soldiers when they all get here. Prices are sure low here. It is a pretty place but crowded.

October 7—Am at the Y. M. C. A. We were on parade today. Secretary of War Baker is here. All troops paraded for him. We are 180 miles from the ocean. Lots of wild fruit here, cherries, grapes and persimmons. All our goods are not here yet.

October 15—I received your letter last evening. It sure takes a long time for us to get your mail. It is not cold here. We are drilling five hours a day, but don't have to carry any guns.

October 20—We are not drilling much as we have no guns and are waiting for new equipment. It is now raining here. Some of the artillery will leave here next week. We may go too. We paraded the other day and about 40,000 negroes were out to see us. There was sure some crowd in town. It was a Liberty Loan pa-

made. The Oregon boys held a wild west show. The people had never seen anything like it. I think we will leave here soon but don't know where we will go. We have a large Y. M. C. A. and we go there instead of to town. We hardly ever miss a night as there is something going on and every night it is a different program.

October 28—We are on the train going some where. Going through Virginia and can't say where we are going. Seven train loads of soldiers. I guess we will land some where and will write them.

October 30—Camp Mills, N. Y.—Got here yesterday and have been very busy. It has rained about eight hours a day ever since we landed. Had a fine trip coming through. Seen some great places. We paraded in Washington D. C. and rested on the capital steps. All around the White House and state buildings we were, but could not go in as the train was waiting for us. We were at Philadelphia four hours, and Baltimore and in New Jersey. We crossed the ferry and saw the Statue of Liberty and all the big ocean liners in port here. Some trip. We are 14 miles from the ocean. It is damp and cold here. All the boys are in fine shape. Paul Harman and Mack Knight are in my squad. They are good soldiers. You know Mack was a good man to work and he is just as good a soldier.

November 2—I have time to write as we do not drill now. We are allowed to go up town any time. I have only been to New York once as there are other places closer. We go to Coned clothes today and are well fixed for now. We go through Newark and on guard today. Paul and Charlotte, and the preacher and woman who used to be in my squad, were with us to church. I never seen such a bunch of soldiers. The people are very surprised and thought we would be a bunch of rough necks. They expected to find us a bunch of cowboys and the sure liked to see us leave Charlotte.

November 6—Received your letter not much time. We drill two hours to night to write. We drill two hours every morning. Were given gas mules to drill with and it is sure interesting. We learn a little more every day about war. There is sure plenty of work here. Machines work all the time. I would sure take a ride but they will not let us. They are

not allowed to take any passengers.

T. M. James, Corporal. Camp Mills, Co. C, Long Island, N. Y. M. S. Co., 41st Division.

Y. M. C. A. CONFERENCE FOR THE KIMBERLY BOYS

All the Local Boys Will Meet in Conference Thursday Night to Discuss Y. M. C. A. Work.

On Thursday night of this week, all the boys between the ages of 14 and 21, inclusive, will meet at the Christian church in conference concerning the army Y. M. C. A. This meeting is held in accordance with the desires and efforts of the Boys' Division of the National War Work Council, Y. M. C. A., for the purpose of encouraging the boys to do their bit in providing Y. M. C. A. comforts for the boys in the trenches and in the army camps. Speakers will be present who understand what a boy likes to hear, and the glee club of the Kimberly high school will render music and entertainment for the occasion. The problem of the Y. M. C. A. is to work among the soldiers, it's place in army life, and what the boys can do to forward the movement will be presented. The convention should have been held earlier in the week, but certain delays in getting the information to the proper ones have necessitated the postponement until this evening. It is expected that there will be a full house of boys, just boys, with messages and talks that appeal to boys.

The boys are doing a great work throughout the country along the life of Y. M. C. A. support. In Twin Falls the boys of the high school raised the boys of the hundred dollars. All over the United States the boys are responding heartily to this great call. The prominent feature of the boys' work is that they are not encouraged to give nor to pledge money that is not theirs by the right of earning it. This is that herefore the boys have not been especially appealed to, but this is their job, and it is expected that every American boy (American in blood and sympathies) in the Kimberly work is that they are not discouraged to give nor to pledge money that is not theirs by the right of earning it. This is that herefore the boys have not been especially appealed to, but this is their job, and it is expected that every American boy (American in blood and sympathies) in the Kimberly work is that they are not discouraged to give nor to pledge money that is not theirs by the right of earning it.

RED CROSS AUXILIARY BEGINS IMPORTANT TASK Perhaps it is the call of winter, or more likely the call that comes from the trenches where our American soldiers are already facing the hardships and horrors of warfare that has caused the ladies of the Red Cross Auxiliary of Kimberly to begin their sewing.

All the women of the city are urged to be present and to do their bit in the task of providing comforts, and necessities to the soldiers, when the ladies meet next Thursday and Friday afternoon in the Pioneer Club rooms to begin their season's work.

This is one way in which the women of Kimberly can do their part in the great world war.

HIGH SCHOOL NOTES

Most of the high school boys and girls have returned to school, after helping to gather in the crops. J. L. Downing, superintendent of the Kimberly high school, has recognized his duties once more, having spent several weeks in the Twin Falls hospital.

The "ups" and "downs" in life come to everybody. Right now, while you are making money you ought to be saving it, and when the downs come you will have something to fall back upon. Be independent. Start an account with the Bank of Kimberly.

CHINA'S ARMIES TO BE TRAINED BY JAPANESE

(International News Service)

TOKYO, Nov. 15.—Following closely the announcement that China will send troops to the western front in Europe the Japanese government announces that Japan will supply arms and ammunition to China along with officers to completely reorganize and reform the fighting forces of the Oriental republic.

In return China is to furnish the raw material which will be turned into ordnance arsenals. The negotiations are to be carried out in the form of a loan from Japan to China, and the Peking government has already placed an order with the Taiher company of Japan for supplies for a model army division, the supplies to cost \$15,000,000. The Chinese government has announced that it will send three divisions of troops to Europe, and the initial order from Japan is considered only the first of many. The first supply will consist of 120 field guns, 60 mountain guns, 20,000 rifles and a number of machine guns.

The new alliance of the Asiatic powers, the object of which is to aid the allies and to be carried out in Europe, is a result of overtures made to the Japanese government soon after the organization of the new cabinet ministry by Premier Tuan Chih-chang in July, according to the Tokyo government's announcement. The Japanese government accepted the proposal and submitted the question to the cabinet for its consideration. It was halted on the grounds that the supplying of arms and ordnance to the Peking government by Japan would tend to give support to the northern government, which is the enemy of China's political partisans. The Tokyo government assumes the attitude of total indifference and fairness in the diplomatic contest between the two nations clamoring for supremacy in the unsettled republic of the Far East.

Objections in Japan's diplomatic council were overcome, and the announcement of the sale of arms was halted, however, with the condition that the supplies furnished the Peking powers are not to be used in the diplomatic contest between the two nations. There is to be confined to the unification and reform of the military system of China.

The Japanese cabinet has stated that the object of the purchase of arms and ordnance by China from Japan is more significant than for the mere purpose of effecting the military reorganization of the Chinese army. The Japanese report is that China has recognized the imperative necessity of forming an alliance with Japan, the object of which is to be confined to the unification and reform of the military system of China. **A SERIOUS CHARGE AND A SERIOUS TASK**  
We are persuaded that some folks don't look at these important things the right way. Maybe they don't understand or two hope not maybe they don't want to understand. Therefore they don't care to argue the matter when a citizen calls around to talk conditions over with them. But genuine, enthusiastic, patriotic themselves into the notion that they have no responsibility in this war; that it is somebody else's fight, that they are neutral, and that the whole thing is immaterial to them. It is all right for an alien to so deceive himself (perhaps), but it isn't safe for a citizen of the United States, who has the right to naturalize, to face his fellowmen with those kind of opinions. It is too easy to be lenient to our enemies, and it may be wrong; but genuine, enthusiastic, patriotic Americans are "kind" indeed, but not that sort of thing. There may be some who have good conscientious feelings, but no feeling enthusiastic about this war. They are going to suppose that every one who refuses to take hold of things like, but we are sorry to say that this sign of a yellow streak in our country is going to look just a little like "sauerkraut" to us. You see, it's this way: We American folks are very much wrought up over this war, and we are not the average man never did think any too much of his neighbors as it was. But now he is more ticklish than ever. About such little things as traitorous actions, against his country, and sometimes just other folks' opinions stir him up considerably. If he is not to be without a certain outcome, folks are going to look longer and more carefully for any signs of disloyalty in their neighbors, and such disloyalty, wherever it is found will be ready to take an account. Moreover we are living in a time when we are going to find out what kind of people some of our neighbors and even national and state leaders are.

And with this war and the task of America on our hearts as it is, it won't be found in any country for the man who leans the wrong way. We are liable to step off our end of the plank and let fall over into his own misery. (Country patriotism) is an undesirable specimen of humanity. How careless then of some folks, even in the Twin Falls tract—think of it—these same folks are giving out such good causes as the Red Cross, the Army Y. M. C. A., or even to loan money to the government upon such occasions as the recent call for Liberty Loans. We are persuaded that very few folks are subsisting on the line of denunciation that divides them from the position in life where they can help help, and where they can give help. Of course we know that many industrious business men and farmers are often in a place for a short time with their hands tied, and they need help. They would be mighty thankful for a little loan themselves. They would gladly give thousands of dollars if they could get the country they their loyalty is not to be doubted for an instant because they don't come through. We mean to be rational in our judgment concerning the matter. But this is a serious proposition, and those loyal ones who cannot help when these calls come, had better be busy with their own jobs, and they really need help and cannot give it. Don't stand in suspicion. No, not for a moment.

That's the way with you. You want the nation as a whole to be prepared for it. You want them to keep preparing for further developments. The nation cannot do this unless the individual is always prepared. You know these calls are coming. You talk about the next Liberty Loan, the next Red Cross Drive, the next Y. M. C. A. drive. Will you be prepared when they come? Start a little savings account in some bank and lay aside, in that account, money from time to time to be used to buy Liberty bonds with, to help the Y. M. C. A., to assist the Red Cross, to meet the calls of the government, and so on. You folks who are always liable to be short when the call comes, and are liable to be unable to raise the money in the usual ways. Have a savings account.

Always remember, YOU ARE THE GOVERNMENT. War has been declared upon YOU. YOU have issued a draft law, and YOU are to George Smith and to John Brown. You go to war and fight for me, suffer for me, die for me. YOU make him go. If he doesn't you call him a slacker and treat him accordingly. Of course it is his business to go. It is his war. He is the government as well as you, but his war is not yours. It is yours. It is a sacrifice of his all, even life itself, that you might live in peace and prosperity. Now his your business to take care of him.

when he is fighting for you. YOU made him go, now provide for him. He will need your backing for many years probably. Be prepared to give it. Create a war fund to back that boy in the trenches. Don't be broke when the next call comes.

**MERRY CHRISTMAS**  
Well, Well, if it doesn't look like winter we never saw when it did. With the trees all bare, and the crops all in, (that is in most cases), and pumpkins and potatoes, and carrots, and turnips, and jars and jars of fruit in that fine collar, and pop corn, and apples, and good warm fires, with books and magazines, and snow, one sure feels like shouting Merry Christmas.

Kimberly folks were somewhat surprised this morning when upon waking they found watery drops of snow falling to earth, and before 9 o'clock the ground was white. This looks like late spring and an early winter, but even such seasons do not so very materially hurt the Twin Falls tract, except in regard to the fruit business, for which have been larger and better on the whole this year than ever before.

It makes one think though, of the friends and the boys, who have braved the colors and adopted the life and hardships of the army camp. There are a long way from being boys and will not turn the head. We wonder during these coming months of winter whether our boys are going to be kept warm, whether they will be strong, whether they will be forced to suffer from wet, and slush, and snow. But of course, we know they will.

Let us not forget them, when we sit around the fire enjoying the comforts of home.

**The TWICE-A-WEEK'S DOINGS**

Mrs. J. H. Hamlin was over from Tuesday, visiting with her many friends.  
W. A. Cunningham recently purchased an eighty at Gooding and moved there this past week.  
Sam Buhler and family will henceforth occupy the residence recently vacated by Pay Cox.

W. H. Burnett installing a new water system with motor and pressure tank at his residence in Kimberly. He will construct a twenty-foot reservoir.  
Sam Buhler is now employed at the Upton Blacksmith shop.  
Mrs. Ulrich is visiting with her daughter near Dietrich this week.

A. G. Jones' motor car was buried up last Saturday morning. The fire occurred about three o'clock, and his cause was unknown.  
E. J. James was in Kimberly from Gooding, where he has charge of the Gooding Mercantile company's grocery department, Sunday. Mr. James is a son of Rev. A. W. James of this city.

The M. E. adult bible class met on Tuesday night in prayer meeting form at the regular monthly meeting. They will observe prayer for the nation.  
Superintendent Jay L. Downing has been busy catching up with his back work. He began work again on Monday after a long illness in the Twin Falls hospital. He is still on crutches.  
F. W. Burnes has just received a recently purchased Stetson gasoline engine. The engine was purchased in Northville, South Dakota. It will be used for pumping purposes.

Curtis Bowers from Gooding was in Kimberly this week. Mr. Bowers came over to attend the wedding of his friend home, Stetson.  
George Tate is assisting at the Kimberly market.  
The Kimberly Power company has been making some noticeable improvements about Kimberly, in regard to setting up new posts, etc.

John J. Swearingen has purchased a new Mitchell automobile from the Kimberly Motor company last week.  
Roy Sullivan and Dutch Schmidt are contemplating, as usual, a trip to Canyon, California.

Cinrabelle Severance entertained the following girls at her home Sunday at dinner: Nevada Draper, Josephine M. La Course, Marie Pettygrove, Flora Eubanks, Marie Turner, Gladys Williams, Helen Albertson. After dinner they motored to Twin Falls.

**TOWN BOARD TAKEN UP**  
**IMPORTANT MEASURES**  
Street paving and grading is discussed, and a curfew ordinance is passed. Many amendments are considered and adopted to standing ordinances.

The town board of Kimberly met on Tuesday night at the Bank of Kimberly. Amendments to some of the ordinances were considered, which will provide for penalties where lack of observance of those ordinances are entailed. The village ordinance being now, several of the ordinances were drawn up forbidding certain acts to be done, but providing no way to enforce them. One new ordinance was adopted which will prohibit the young folks loitering around the streets after night at late hours without chaperon. This ordinance will be strictly enforced.

The Twin Falls Times has all the latest news up to the time of going to press—fresh from the leased wire which is employed in our office.

**Church Notes**  
V. G. Backman, Minister

Last Sunday was a great day for all departments of our work. The Sunday school attendance was larger than usual, and the morning service was crowded with the addition of Bro. and Sister Tuttle, formerly of Twin Falls, who put their membership in with us.

Our Endeavor services were unusually good, and the attendance was an increase over the past few Sundays, and in the future we look forward to a still larger increase.

Our evening services were dedicated to the great cause of the army Y. M. C. A. with a full house in attendance. At the close of the services we were treated with another pleasant surprise, when Sister Gillmore came forward and put in her membership with our organization.

We are surely thankful for the blessings thus received, and it is a pleasure to know that our work for the master is growing in Kimberly.

Many of our people are attending the Organ-Mell evangelistic meetings at Twin Falls, where they are hearing in simple, plain language the true message of the gospel.

Next Sunday our Sunday school service will commence at the usual hour, 10:00 a. m. We look forward to an increased attendance. Communion services will occur at 11:00 a. m., followed by preaching services. The morning subject will be "Hearing," the noon-day sermon.

The Junior Endeavor society will hold its services in the afternoon at 3:00 p. m. and the Senior society will hold their service at the regular hour at 6:45. Come out to these services; we need your presence, and we want you there.

"Baptism of the Living" will be the subject of the evening sermon. Evening worship will commence at 7:30 p. m. We cordially invite you to our services, and we are sure that they will make you feel welcome. Come, be prompt, be one of us.

**METHODIST EPISCOPAL**  
Dorothy A. W. James, Pastor  
Sunday school at 10 a. m.  
11:00 a. m. Morning worship—sermon by the pastor.  
5:00 p. m. Young People's Fellowship Hour. Program of live songs, refreshments and social time together. All young people invited.  
6:30 p. m. Epworth League Devotional Hour. Program of live songs, refreshments and social time together. All young people invited.

7:30. Evening evangelistic service. Special music at all services.  
The following program of live songs, refreshments and social time together. All young people invited.  
6:30 p. m. Epworth League Devotional Hour. Program of live songs, refreshments and social time together. All young people invited.

The public is cordially invited to all services. Young people, remember the following program next Sunday at 5:00 p. m. A great program of music, talks and social time for all.

**FOR THE BENEFIT OF OUR ADVERTISERS**  
**PUBLICITY**  
Said Mrs. Duck to Mr. Chuck, "I wish you'd tell me why that any day you chance to lay, there goes up a hue and cry. And every-few sets up a howl that reaches clear to the sky?"

"My eggs are twice as big and nice, and you I blush to know."  
Were I to lay a peck a day, the price would still be low;  
And not a drake would take action,  
And not a drake would crew."

Said Mrs. Chuck to Mrs. Duck, "Your modesty is to blame."  
This always, that starts the cry, and in an hour or so, the price of ducks in every land."

"If you'll go back and loudly quack when you have fruct on hand, your kith and kin will waddle in and bray to feast the hand."  
And in an hour or so, the price of ducks in every land."

A timely speech, but it should teach us a lesson of success. The duck, or hen, or race of men who reach the top, I guess, will be the one a megaphone, like a wise leading geyser.  
—The Peoples Home Journal.

Remember the Advance is Kimberly's paper. We are here to make business for our patrons, and to give our readers Kimberly's news. As we increase our business, we will naturally expect an increased number of important measures to be taken in the near future by the village, in way of improvements. A measure was adopted to grade main streets and other prominent streets in the village, and this work will commence at once. Later it is supposed that they will pave main streets in case the bonds pass so as to have a continuous paved road from Hansen to Twin Falls.

**GOOD FARMS FOR SALE**

40 acres near Artesian City, private water right. Bargain.  
160 acres at Rock Creek, 130 in crop and irrigated. \$75.  
65 acres 7 miles from Kimberly, under Twin Falls canal. \$125.  
160 acres 3 1-4 miles south of Kimberly—\$30,000 easy terms.  
160 acres 2 miles from Americana Falls, 16 inches of water. Price \$50 per acre.  
Plenty of other good buys always listed.

**Make Ready for the Indoor Months**

Make your home bright and cheery—home-like and attractive. Insure your home against winter winds, rain and snow. The work can be done well, and the total cost will be small. We're willing to send a salesman to estimate the total cost of any improvement you have in mind and suggest the many modern built-in features that will make a wonderful change in your home at a small cost.

**Nibley-Channel Lumber Co.**  
PHONE 16 KIMBERLY, IDAHO

**Make Your Ford Steer Like a Packard—EQUIP IT WITH A LITL SHO-FUR STEERING DEVICE**

The LITL SHO-FUR is a wonderful little device, the simplest thing imaginable, and IT DOES THE WORK. Always working, "right there," when it is needed, and forgotten, when it is not needed, it guards your safety in a more than human manner.

The driver may forget, the LITL SHO-FUR never can. When the front wheels strike an obstruction, and are deflected, to get over of around it, the LITL SHO-FUR pulls them back in a straight line before the car has changed its course—before the driver knows of the danger.

The LITL SHO-FUR acts like a flash. It helps to steer all the time. In turning corners, it helps straighten the car up after the turn. It holds the car in a straight line on the road at higher speeds. It takes away the wobble of steering wheel, which causes the dangerous side-sway at moderate speeds.

To a large degree it prevents skidding on muddy roads, because a car, going forward in a straight line, is not likely to skid. It takes away rattle of steering connections, tie rod, ball and socket joints, etc.

It absorbs road shocks, otherwise carried to the driver's wrists, and prevents that tired feeling that comes after long drives. It is a delight on rough roads, where it does, half the steering, at the same time it never obstructs the driver's vision in the slightest degree.

Should either ball and socket joint, or any part of the steering drag-link break, the LITL SHO-FUR, alone will keep the car going in a straight line.

This is most important! The LITL SHO-FUR differs from most other devices sold to do similar work. Should any part of it break (which is unlikely) it cannot cause harm. It cannot jam, and about anything happen to the flat spring, it merely ceases to act, leaving the entire steering device as free and unencumbered as when the car was made. Its work is entirely for good, and when not doing good, it can do no harm.

To the driver, a car equipped with the LITL SHO-FUR handles differently. It has a "feel," which is different and is a real delight. As one man aptly said, "It makes a Ford drive like a Packard."

Any man who has tried the LITL SHO-FUR will never again drive a Ford without it.

Let us put this LITL SHO-FUR on your Ford—try it two days and if you are not perfectly satisfied return it and get your money back.

# VOTE! VOTE!

## Shall Twin Falls County Inaugurate a Real System of **GOOD ROADS?**

Answer to be Registered by Your Ballot on

**SAT., NOV. 17, 1917**  
**POLLS OPEN FROM 8 A. M. TO 7 P. M.**

THERE WILL BE NO QUESTION AS TO THE ANSWER EVERY VOTER WHO IS HONESTLY IN FAVOR OF GOOD ROADS WILL GO TO THE POLLS AND VOTE HIS HONEST OPINION—"YES!" DON'T LET SECTIONAL FEELINGS, PERSONAL JEALOUSY, OR-DISTRUST, OR ANY MEAN AND MINOR CONSIDERATIONS SET BACK THE PROGRESS OF TWIN FALLS COUNTY FOR ANOTHER DECADE.

BEING IN FAVOR OF GOOD ROADS WILL NOT COUNT! HOPING THAT THE BONDS WILL CARRY WILL NOT COUNT—ABSOLUTELY NOTHING WILL HELP IN THIS EMERGENCY BUT VOTES IN THE BALLOT BOX.

### *Kind of Roads Proposed*

FOR THE STATE HIGHWAY, 24 MILES, FROM HANSEN TO BUHL, A HARD-SURFACED ROAD OF BITHULITIC OR CONCRETE CONSTRUCTION FOR OTHER HIGHWAYS AND THE REMAINING 33 MILES OF THE STATE HIGHWAY, CONSTRUCTION OF CRUSHED ROCK OR GRAVEL FROM SIX TO EIGHT INCHES IN THICKNESS.

*State Highway First to be Contracted & Forwarded from One End of the County to the Other.*

### *The Labor Question*

ALL WORK ON THE PROPOSED ROADWAYS WILL BE PERFORMED UNDER CONTRACT; AND CONTRACTORS WILL EMPLOY LABORERS WHO ARE ACCUSTOMED TO THIS CLASS OF WORK—MEN NEITHER OF MILITARY AGE NOR COMPETENT OR WILLING TO DO FARM WORK. THUS NO SHORTAGE IN AGRICULTURAL LABOR WILL BE CREATED.

### *Who Can Vote*

EVERY MAN AND WOMAN WHO IS A QUALIFIED VOTER UNDER THE LAWS OF IDAHO CAN VOTE AT THIS ELECTION.

NO PROPERTY QUALIFICATION IS REQUIRED. IF YOU WERE REGISTERED AT LAST ELECTION WELL AND GOOD. IF NOT, YOUR VOTE CAN BE SWORN IN—PROVIDED ONLY THAT YOU ARE 21 YEARS OF AGE, A CITIZEN OF THE U. S. AND HAVE LIVED IN IDAHO SIX MONTHS AND IN TWIN FALLS COUNTY THIRTY DAYS IMMEDIATELY PRIOR TO THIS ELECTION.

# NEW DRAFT CLASSIFICATION MADE PUBLIC ON WEDNESDAY

All Eligible May Define Own Class and Support Position by Affidavits—Exhaustive Statement of Liability Under the New Arrangement by the War Department.

By David M. Church,  
(I. N. S. Staff Correspondent)

WASHINGTON, Nov. 14.—United States today began the most gigantic inventory of man power ever attempted.

Preparations for the second draft were started today by the issue of the questionnaire for every one of the nine million men registered for military service were sent to the local exemption boards.

This questionnaire must be filled out by every registered man between the ages of 21 and 31. It will place in the hands of the government the life history of every registered man and will give a complete census of the men of military age in 87 trades of industries and professions. The questionnaires will classify all registered men for service.

Classification of registered men in the order of their liability for military service will be the first accomplishment of the questionnaire. Men will be classified in five divisions, the first division to be called first and the fifth division last. Each registrant will be allowed to fix his own class and must support his classification by affidavits. These voluntary classifications will then be submitted for the approval and acceptance of the local exemption boards and the district boards.

The classes and the order in which they will be called are as follows:

- Class 1. Single man without dependent relatives.
- Class 2. Married man with or without children, or father of motherless children who has failed to support his family.
- Class 3. Married man dependent on wife for his support.
- Class 4. Married man, with or without children, father of motherless children, man not usefully engaged, family supported by income independent of his labor.
- Class 5. Unskilled farm laborer.
- Class 6. Unskilled industrial laborer.
- Class 7. Registrant by or in respect of whom no deferred classification is claimed or made.
- Class 8. Registrant who fails to submit questionnaire and in respect of whom no deferred classification is claimed or made.
- Class 9. All registrants not included in any other division in this schedule.
- Class 10. Married man with children or father of motherless children whose wife or children or other dependent children are not mainly dependent upon his labor for support for the reason that there are other reasonably certain sources of adequate support (excluding earnings or possible earnings from the labor of the wife) available, and that the removal of registrant will not deprive such dependents of support.
- Class 11. Married man, without children, whose wife, although the registrant is engaged in a useful occupation, is not mainly dependent upon his labor for support, for the reason that the wife is skilled in some special class of work which she is physically able to perform and in which she is employed, or in which there is an immediate opening for her under conditions that will enable her to support herself decently and without suffering or hardship.
- Class 12. Necessary unskilled farm laborer in necessary wartime enterprise.
- Class 13. Necessary skilled industrial laborer

in necessary industrial enterprise.

- Class 2. Man with dependent children (not his own) but toward whom he stands in relation of parent.
- Class 3. Man with dependent aged or infirm parents.
- Class 4. Man with dependent helpless brother or sister.
- Class 5. County or municipal officer.
- Class 6. Highly trained firemen or policeman, at least three years in service of municipality.
- Class 7. Necessary custom house clerk.
- Class 8. Necessary employe of United States in transmission of the mails.
- Class 9. Necessary artificer or workman in United States armory or arsenal.
- Class 10. Necessary employe in service of United States.
- Class 11. Necessary assistant associate or hired manager of necessary agricultural enterprise.
- Class 12. Necessary highly specialized technical or mechanical expert of necessary industrial enterprise.
- Class 13. Necessary assistant or associate manager of necessary industrial enterprise.
- Class 14. Man whose wife or children are mainly dependent on his labor for support.
- Class 15. Mariner actually employed in sea service of citizen or merchant in the United States.
- Class 16. Necessary sole managing, controlling or directing head of necessary agricultural enterprise.
- Class 17. Necessary sole managing, controlling or directing head of necessary industrial enterprise.
- Class 18. Officers—legislative, executive or judicial—of the United States or of state, territory or District of Columbia.
- Class 19. Regular or duly ordained ministers of religion.
- Class 20. Student who on May 18, 1917, was preparing for ministry in recognized school.
- Class 21. Persons in military or naval service of the United States.
- Class 22. Alien enemy.
- Class 23. Resident enemy, not an enemy who claims exemption.
- Class 24. Person totally and permanently physically or mentally unfit for military service.
- Class 25. Person morally unfit to be a soldier of the United States.
- Class 26. Licensed pilot actually employed in the pursuit of his vocation.
- Class 27. Member of well recognized religious sect or organization organized and existing on May 18, 1917, whose then existing creed or principles forbid its members to participate in war in any form, and whose religious convictions are against war, or participation therein.
- Class 28. To aid the registrants in filling out these questionnaires and determining their classification, local advisory boards have been provided for each local exemption district. Disinterested lawyers have been taken into service to aid in the general administration of the law.
- Class 29. All exemptions made prior to this time are revoked. Every man not in the military service must fill out a questionnaire and the merits of his case will be decided upon again.
- Class 30. Any person failing to fill out a questionnaire is automatically placed in Class 9, and liable for immediate duty.

Following the classification comes a series of general questions. These

then follow eleven other series of questions, which fit particular cases ranging from the man who claims physical disability to questions asked of men seeking exemption because they are conscientious objectors.

The general questions establish a most intimate knowledge of the personal characteristics of the registrant. He must state every occupation at which he has worked during the past ten years, giving not only the name of the occupation, but the number of hours worked and a statement of his education.

In these questions the registrant is given the privilege of stating his preference of service, and may state whether he is willing to attend a night school fitting him for service prior to being called into camp.

These then follow a list of 87 trades and professions, and the registrant is given space to indicate which he has worked in and for how long a period.

The occupational list follows:

- (a) Accountant; artist, dramatic or otherwise; auto and gas engine (a) man; (b) factory, garage, (c) ignition system, (d) marine engine, auto, motor truck driver, baker, hand instrument, barber, blacksmith (a) owner, (b) helper, farmer, boatman, blacksmith, repair, (c) motor, and cycle, carpenter (a) bridge, (b) cabinet maker, (c) house, (d) ship; chemical industry, worker, clerical worker, conductor, electrician, (a) cook, dentist, detective, draftsman (a) architectural, (b) mechanical, (c) topographical; druggist, electrician (a) instrument repair, (b) motor and cycle, (c) outside work, (d) wiring; engineer, graduate (a) automotive, (b) chemical, (c) civil, (d) electrical, (e) mechanical; (f) mine, (g) electrical; factory worker, farmer, furrier, fire fighter, forest ranger, foundryman (a) core maker and molder, (b) furnace man, grocer, guard, gunsmith, harness maker, berry man, horse shoer, laborer, lawyer, lineman (a) telegraph, (b) telephone, (c) jacksmith, ironshoer, lumberman, machinist (a) roll press, (b) general mechanic, (c) grinding machine, (d) lathe, (e) miller and

Greater Values Twin Falls, Idaho Better Service

Our terms make it easy to have a Victrola for Christmas

A big gift at little expense! A demonstration will prove to you what a big gift the Victrola will be for your family. Our easy terms will prove how little the expense of getting one in time for Christmas.

Victors and Victrolas, \$10 to \$400.

Please hurry as it is certain there will not be enough Victrolas to go around!

Logan Music Co.  
129 Second Street, Twin Falls, Ida.

planer, (f) tool-maker; mason, merchant, millwright, miner (a) digging and loading, (b) drill, (c) explosives, (d) timbering, (e) track-laying; mortician, picture expert, nurse, painter (any house), (b) sign, (c) sign; pattern-maker, physician, plasterer, plumbing trades, policeman, printer, quarryman, railroad man (a) construction (b) operation, (c) maintenance, (d) repair; railway motorman, rigger (a) bridge, (b) building, (c) ship; salesman, sawmill man, stock raising man, street car conductor, (a) cooper, (b) iron, (c) tin; shipbuilder, shoemaker, stableman, steam engineer (a) motive, (b) stationary; stenographer, stocker, structural iron and steel worker, student, surveyor, tailor, teacher, teamster, telegrapher, telephone operator, telephone repairman, tile man, typewriter, veterinary, watchman, welder, acetylene, etc.; wheelwright, wireless operator.

Persons claiming exemption on the ground of being minors are expected to give the date of their birth, their birth place the time of their entrance to this country, the name of the vessel upon which they entered, and their companions. They are also asked: "Are you willing to return to your native country and enter its military service?"

Persons who seek to be relieved of military service on grounds of religious conviction against war must make a complete statement of the beliefs which they hold, the organization of the church the time of organization and the date of adoption of opposition to war as a part of its creed.

Persons claiming exemption on grounds of dependency must answer a series of 21 questions, supported by affidavits showing dependents. These questions are most intimate seeking a declaration of the exact amount of money contributed to the support of dependents each month. Each registrant must also declare the amount of his income for the past twelve months and the amount of his property, real and personal. If the registrant owns a house he must state whether he rents it and if so how much rent he receives. Encumbrances upon property must be

### Wonderful Opportunities for Boys

Boys and young men under draft age are wanted by the thousands to train for positions as mechanics and special automobile engineering. Highest salaries ever paid in America—beginners are receiving \$4 to \$5 per day—We have the best equipped shops and do more practical work than any other school in the United States. For full information, address

Polytechnic College of Engineering, Oakland, Cal.

declared, as well as the amount of taxes paid in the past year.

"Has your wife ever been employed?" is one question asked. "Is your wife trained or skilled in any calling?" "Do you or your wife live with her parents?"

Persons claiming industrial exemptions must answer 23 questions, giving the exact position which they hold, the character of the business, the net earnings of the business and other general facts concerning the industry. As in the past, the registrant does not necessarily have to seek exemption himself. His wife, a relative or any interested person may seek the exemption upon presentation of affidavits supporting the claim.

On the back of the questionnaire are blanks to be filled out by the exemption boards. These give a record of the disposition of each case and hence the questionnaire contains a complete history of every registered man in the United States.

The questionnaires are now in the hands of the local boards, or in transit to them. For the next four weeks every effort will be made to familiarize the local boards with the working of the new regulations. On or about December 15 there will be a distribution of the questionnaires to the registrants. Five per cent of the registrants will receive the blanks, which contain 16 pages in quarto size, every eight days.

Registrants will be allowed seven days to fill out the blanks after their receipt.

It is expected that by February 1 the military liability of each and every man between 21 and 31 in the United States will have been fixed once and for all.

**DO YOU WANT SOMETHING TO DEVELOP?**

One hundred twenty acre tract, 19 miles from Pocatello; 65 minutes by auto, consisting of a 12-acre lake of water, 88 degrees warm, a hot spring independent of lake, 148 degrees; balance good tillable land; suitable for a big resort near a growing city. Address, A. E. Halsas, Grace, Idaho.

## STATE HIGHWAY FIRST

There seems no end to the minor matters connected with the proposed improvement of the county highways through a bond issue which people want to know—don't you know—and which they have a perfect right to know, by the name taken.

As the state highway is the backbone of the proposed system, the work would naturally begin there; and the TIMES has the satisfaction of assuring all interested that the county commissioners, individually and collectively, stand pledged to let the contracts for the state highway first and to see that its construction is forwarded, not alone in the vicinity of Twin Falls, but all along the line, from one side of the county to the other.

## Famous Diplomat Is Dead in Washington

John W. Foster, Former Secretary of State, Ambassador, Author and Father-in-Law of R. Lansing Fessenden

WASHINGTON, Nov. 15.—John W. Foster, Secretary of State Lansing's father-in-law, and himself secretary of state under President Harrison, June 29, 1882 to February 23, 1893, died here today. He had been ill for some time.

## John Watson Foster was born in Pike county, Indiana, March 2, 1836.

He graduated from the University of Michigan, studied law and was admitted to the bar. He served with distinction in the Civil war, after which he was for a time editor of the Evansville Daily Journal in his native state. Appointed minister to Mexico by President Grant in 1873, he began his long diplomatic career. He represented this country in Mexico until 1890 when he made minister to Russia, and two years later to Spain. In 1891 President Harrison appointed him special commissioner to negotiate reciprocity treaties with Spain, Germany, Brazil and the West Indies, and the following year, elected him to succeed James G. Blaine as minister of state. He was in agent for this country before the Behring Sea arbitration tribunal in Paris, and participated in negotiations with Japan. In 1906 he was a member of the Anglo-American joint high commission. He was author of a number of books and pamphlets on diplomacy and diplomatic matters.

## QUINAGA'S FALL STIRS

(Continued From Page 1)

of them. At the Mexican embassy here it was stated today that government troops already have been started against Villa and that every effort will be made to crush him, if not.

There have been a number of cases reported to the war department of the Mexican bandits firing across the border at Americans. In nearly every case the fire was returned by American troops. The renewed Villista activity at this time is said to be due to German propaganda.

## WASHINGTON, Nov. 15 — Pancho Villa is not leading the marauding bandits in northern Mexico, says a dispatch from the Mexican embassy here today that they had positive information that Villa is now in Durango, hiding in the hills and recuperating from a serious wound.

Advices from Mexico as given out by the Mexican embassy attach little importance to the attack upon Ojinaga. Officials declare the Ojinaga far from a city, is only a hamlet and reached only through hours of travel over a vast desert.

Mexican officials here believe that the attack upon Ojinaga is the work of a small band of bandits who have no connection with the Villistas whatsoever, pointing out that the "Villista" is now used in Mexico to designate any sort of a bandit. They declare that the occupation of Ojinaga is no military feat at all, for it was unprotected.

Nevertheless General Murguía, of the constitutionalist forces, is hastening toward the border with a force which has been operating in southern Chihuahua and has been ordered to the border to protect Mexican citizens from the bandits who have taken Ojinaga.

A dispatch from the collector of the port at Presidio to the state department today said that fighting was still in progress at Ojinaga. There was 1,000 bandits in the attacking forces, this message stated, and numbers of wounded Carranzistas has crossed the border.

Reports received here say that Presidio is in a quiver of excitement and that the Carranzistas are being raided. Villa bandits rode to the ford this morning and shouted across that now they had captured Ojinaga and would be attacking the government troops and would sweep the El Bend border and then capture Juarez.

Scores of prisoners captured by the bandits at Ojinaga last night, it is declared, were executed this morning. Francisco Villa has not been seen since his men say he is at San Antonio, a few miles south of Ojinaga with his brother Hipolyto Villa.

After the capture of Ojinaga by the Carranzistas, as well as the federal troops led in terror across the border. Both troops and civilians have been herded into the stockade near Juarez and are being guarded by United States soldiers.

Villistas, under command of General Mariano Lopez are in complete control of Ojinaga and the Mexican side of the border country. Lopez sent word to General Carranza, commanding the federal troops that he would ask for and give no quarter but would execute all federal officers captured. This threat struck terror to the Mexican commander who led his troops across the border. Lopez is now in command of Captain Theodore Barnes, Jr., commanding the United States forces here.

EL PASO, Texas, Nov. 15.—A bandit border patrol fired on the American guard at Yelota during last night, according to reports received here today. The Americans returned the fire and are believed to have killed two Mexicans. American patrols have orders to shoot to kill if fired on.

With Villistas reported in control of the Mexican border from Ojinaga, to Guadalupe, a distance of 200 miles, Colonel Hornaday Eichel, commanding United States troops in the El Paso district, has thrown strong patrols along the border to guard against bandit raids.

Army officials believe the Mexican government forces under command of General Francisco Murguía are powerless to wrest control from the Villistas. Villistas now are said to dominate more than half of Chihuahua and Durango. The bandits are reported to have harvested the corn crop in the district under their control. The strength of Villa's force is estimated at from 3500 to 5000.

Juarez was thrown into a panic this morning when the Mexican patrol became excited and fired, thinking they had been attacked by bandits. Men, women and children ran to the international bridge to seek refuge in the United States.

Mexicans are permitted to come to the United States with Mexican passports not countersigned by the American consul. No Americans are permitted to enter Mexico.

Neither Money Nor Transports Available to Bring 400,000 Men to the Western Front

(I. N. S. Leased Wire)

TOKIO, Nov. 14.—"The sending of Japanese troops to Europe is an absolute impossibility."

This declaration was made today by General Oshima, Japanese minister of war.

The interview, which was printed in the newspaper Jiji Osaka Asahi, was given by the war minister after he returns on route to the Omi prefecture to inspect the grand army.

General Oshima was further quoted as saying:

"The allies, for the past three years, have earnestly desired participation by the Japanese army in Europe. Japan, in view of her relations, recognizes the necessity for doing everything within her power to assist, but if the attending problems are considered it becomes clear at once that the undertaking is impossible to carry out such an undertaking."

"Granting that Japan should have succeeded in sending troops to Europe (it would be necessary to send a minimum of 25 divisions (400,000 men) in order to make any impression. How could we defray the tremendous expense? How could we obtain 2,000,000 tons of shipping necessary for the transportation of the men?"

Officially, the first official utterance upon the question of using Japanese troops in Europe and it clears up the situation making it clear that Japan will not intervene actively on the European battle field.

WASHINGTON, Nov. 15 — Pancho Villa is not leading the marauding bandits in northern Mexico, says a dispatch from the Mexican embassy here today that they had positive information that Villa is now in Durango, hiding in the hills and recuperating from a serious wound.

Advices from Mexico as given out by the Mexican embassy attach little importance to the attack upon Ojinaga. Officials declare the Ojinaga far from a city, is only a hamlet and reached only through hours of travel over a vast desert.

There have been a number of cases reported to the war department of the Mexican bandits firing across the border at Americans. In nearly every case the fire was returned by American troops. The renewed Villista activity at this time is said to be due to German propaganda.

These will be forwarded in time to reach the boys in the trenches by Christmas. Frank Clark, manager of the "Virginian", has a list of names of the boys who have been helped by the "Smokes" fund.

## Hawley State Head on War Certificates

New Method of Saving Handled by Postoffice, Banks and Other Institutions, Inaugurated. WASHINGTON, Nov. 15.—Former Governor James H. Hawley of Boise, Idaho, has been appointed by Secretary of the Treasury McAdoo as state director for the proposed war saving certificates campaign. Directors for each state have been called here for conference. The following statement regarding the certificates has been made public: Investment in war saving certificates will be as simple as the purchase of postage stamps under a plan which will be inaugurated by Secretary McAdoo for the nation-wide certificate sales campaign which will inaugurate on Monday, December 3rd, with the assistance of the war saving committee which he has created, consisting of Frank A. Vanderbilt, of New York, chairman; Mrs. George Bush, of Chicago; Frederic Dulaney, of Chicago; Henry Ford, of Detroit; Eugene Meyer, Jr., of New York, and Charles L. Baine, of Boston.

Any person may invest amounts as small as twenty-five cents at a time at postoffices, banks or trust companies, at most railroad stations, stores and factories and at many other public places, whereby any person will act as authorized selling agent. After the sales begin the certificates may be purchased at any time during the year. The price such investments in certificates will yield 4 per cent interest compounded quarterly. The certificates will mature January 1, 1923, or five years after date. The entire wealth and security of the United States is behind them. The tax exemption provisions of these certificates, particularly for the standpoint of the purchaser, are most attractive. No person may purchase at one time more than \$100.00 worth or hold at one time more than \$100.00 worth of these certificates. These obligations of the United States will be evidenced by stamps of two denominations—a war saving stamp costing \$4.12 to \$4.25 according to the month in which purchased and having a maturity value of \$5.00, and a Thrift Stamp costing twenty-five cents. During December 1917, and January 1918, war saving stamps will be sold for \$4.12 each. At the beginning of each of the succeeding months of 1918, starting in February, a Thrift stamp will increase one cent per month. All war saving stamps issued during 1918 will mature on January 1, 1923, when they will be redeemed at \$5.00 each. The difference between the purchase price paid at any time during 1918, and \$5.00, represents the interest the government will pay the holder. With the first war saving stamp bought the purchaser will obtain without expense a war saving certificate containing spaces for twenty such stamps. If the twenty spaces are filled during December, 1917, or January, 1918, the certificate will have been \$4.12 for each stamp or \$82.40 for the filled certificate and on January 1, 1923 the government will redeem the certificate at \$100.00, giving the holder a net profit of \$17.60 for the use of his money. Thrift stamps costing twenty-five cents each are from time to time purchased to be affixed to the certificates, which will be supplied without cost. Thrift stamps will not bear interest but a Thrift card when filled with the district school or a girl has at an cost of \$4.00 may be exchanged for a war saving stamp bearing interest 4 per cent compounded quarterly merely by turning the card in to the postoffice, bank or other sales agent and paying the difference between \$4.00 and the current price of a war saving stamp. The Thrift stamp feature of the plan will afford an unparalleled opportunity for the small investor to save in order to place his or her money at interest with absolute safety. The privilege of surrendering a certificate to the government and receiving the cost thereof plus interest at the rate of about 3 per cent has been provided for the convenience of those who may have bought certificates and later on find themselves in need of their money. It is hoped, however, that this privilege will be exercised only in cases of necessity. Upon today's written notice after January 1 next postmasters will pay off certificates at their cost to purchasers plus an increase of one cent a month on the amount of the certificate. A certificate surrendered, as shown by a table of value appearing on the certificate. Under this plan it will be absolutely impossible for a certificate or the stamps thereon to depreciate in value, nor can there ever be any question that it is worth the price shown thereon. That is the story of the system under which the sale and redemption of war saving certificates will operate. There can be no technicalities to confuse, no change of depreciation in value, nor any operations which any child who can read and count cannot comprehend. Money derived from war savings investments will be used to meet the expense of the war. The greater part of these funds will be expended within the borders of the United States.

## COMMUNITY AUXILIARY R. C. HOLDS FINE MEET

Twenty-three Red Cross members, belonging to Community Auxiliary, met at Community church, four miles south of town, Wednesday, November 7th for the purpose of sewing and knitting. Under the able supervision of David Hunter, hospital helper, shirts, pajamas and bath robes, grown from the nimble fingers of the busy workers, while the buzz of sewing machines, could be heard for some distance from the building. A knitting class was organized, with Mrs. R. O. Short as instructor, Mrs. Rideman, Mrs. Max Gamble, Mrs. Jack France and Mrs. R. O. Short were hostesses for the afternoon and served a dainty lunch.

Two sewing machines which had been purchased by Mrs. Sam Gamble for Red Cross workers, were promptly paid for by the members present. Mrs. Max Gamble, Mrs. Jack France and Mrs. R. O. Short were hostesses for the afternoon and served a dainty lunch.

Ward, Mrs. Owen, Mrs. Dallas, Mrs. Mart Dean, Mrs. McKibbin, Mrs. R. O. Short, Mrs. Hal Davis, Mrs. Red Hills and daughter Mrs. Jack France, Mrs. Need, Mrs. Rideman, Mrs. Max Gamble, Mrs. Sam Gamble, Mrs. Goodrich, Mrs. E. R. Logan, Miss Peterson, Miss Griffith, Mrs. John McHowell, Mrs. Guterman, Mrs. David Hunter and Mrs. Bird Gamble.

## ADVISE NAVIGATION REVISION

(I. N. S. Leased Wire) WASHINGTON, Nov. 12.—Immediate revision of the navigation laws of the United States is urged upon the United States shipping board today by the national foreign trade council, in its report and recommendations to the shipping board. This revision is absolutely necessary to place American shipping on an equal competitive basis with other merchant fleets, the report declares.

LOCAL BREVITIES

Phone 52 - Bond Election Saturday. Road Bond Election Saturday. Good Roads Bond Election Saturday.

O. E. S. Dance - The Order of the Eastern Star will give a dance Wednesday, November 21 at the Parish hall.

Party at Elred's - A party at the C. H. Elred home Tuesday night is the subject of a lot of commendatory conversation by delighted citizens since.

Eagles Invite All - The Eagles will give a free program, lunch and dance at their hall tonight, to which all are invited. The affair promises to be a pleasant one in every way.

Gimmert on Boose Charge - C. T. Gimmert was arrested Tuesday night on the charge of having a pint of whiskey in his possession, if not under his control.

Here to Live - Mr. and Mrs. Ray Kirkman arrived this week from Salt Lake City to make their home here. This is the last of the Kirkman family to come, the others, including their parents, having preceded them.

Cooked Food Sale - Women of the Altar Society of St. Edward's Catholic church will give a cooked food sale at the Closs book store Saturday. Bread, pies, roast goose and the like will be for sale.

Spud Digging Closing - Most potato raisers have a small part of their total bit to do and are closing up. Sorting has begun. C. F. Munson, of the wholesale firm of Munson & Harder, said yesterday that they had 8000 sacks to sort in order to get-rid of the frozen or chilled spuds. About 15 per cent had been injured.

BUY THIS

Improved 80 acres on North Side Tract 3 miles from Jerome. Good house, barns, out buildings, 2 cisterns, all kinds of small fruit. Delightful location and home. Unusual bargain. Reasonable terms. Act quick if interested.

MacGowan & Eichelberger Jerome, Idaho

Recent dispatches to the International News Service from Dutch and Swiss sources stated that high feeling had been aroused in the Netherlands by the reckless squandering of Bavarian soldiers' lives in battle by Prussian officers.

Gets His Commission - Arvan D. Rounds (photographed yesterday to his parents, Mr. and Mrs. Rounds) that he had received his commission as lieutenant in the headquarters company of the 148th field artillery, which is the most important company in the regiment.

The Editorial in the Kimberly Advance section of this paper entitled, "A German Charge and Serious Talk," is well worth a serious reading. When the author says to each American citizen, "You are the government," he has "said something."

Visits Old Friend - President A. W. Swayze of the First National Bank of Barnard, Kansas, with his wife, is here visiting President F. P. Bracken, of the Idaho State Bank at Twin Falls, and his family. Mr. Swayze bought out Mr. Bracken when the latter left the Sunflower state to come to the Gem state. He says that he is delighted with Idaho.

"The Coming Revolution, Its Cause and Cure," is the subject of a lecture, or address, to be delivered at the Isis theatre on Tuesday evening, Nov. 20, at 8 o'clock, by Mr. W. A. Baker, Y. D. Mr. Baker is said to be a strong and convincing speaker, and all who may come to hear him are promised an interesting and appealing address. No admission is charged and no collection will be taken.

Yelling Places in the City of Twin Falls, for the bond election on Saturday, Nov. 17, will be as follows: Precinct No. 1, Johnson Auto Sales Co.; No. 2, Commissioner's room at court house; No. 3, Gooding Motor Co.; No. 4, 320 Main street, south; No. 5, Hickox school house; No. 6, Lincoln school house; No. 7, Washington school house. Pato this in your hat, if necessary, and "got there!"

Extend Their Quarters - Wolfe & Martin have taken the offices in the Idaho Department Store building, formerly occupied by W. G. Reed, contractor, and will occupy four rooms instead of two. They are having a neat sign painted on the windows facing Main avenue. Mr. Reed has moved his office across the hall up the same stairway where he will have commodious and cozy quarters.

Jarbridge Ready for Work - Jarbridge will be ready for big work about according to T. Parks, who was in the city this week. Mr. Parks went to Jarbridge eight years ago last Tuesday and has been with the camp ever since. The Guggenheim interests now have their own machinery on the ground and when the power line is completed in the near future, the camp will be in fine condition to begin its most prosperous year.

New Enlistments - The following have enlisted in the regular army here since November 1: Stanley L. Betts, Rupert; Thomas J. Powers, Hallett; Glenn C. Barstow, Owyhee; Walter Buhl; Ernest Eden, Kimberly; in addition to this William P. Ahlers, of Kimberly; Alfred H. Koon, of Grand View; Ralph E. Schroeder, of Laramie, Kansas; and William H. Pratt, of Twin Falls, have made application to enroll.

State Highway - The county commissioners wish the TIMES to make it understood that, individually and collectively, they stand pledged, in case the highway bonds are authorized, to let the contracts for the state highway first and to promote its speedy construction from one side of the county to the other, without favoritism. They speak of "contracts" because the hard surfaced part of this highway will require a separate contract from that for the portion to be improved with crushed stone or gravel.

LYON-GEORGE LEADS ALLIED WAR COUNCIL

(Continued from page one)

a personality, to dominate all of the forces and form a single front of the allied and United States battle lines.

There is one man more than any other in that London world who would fill the bill, General Jan Christiaan Smuts, unquestionably the most popular statesman in England today, with the widest following abroad among the soldiers whom he has fought with and against. He is the only man in sight today who would have the confidence and support of a majority of the allies he would be, without a doubt, acceptable. Whether the United States would accept the nominee offered by the allies is another question.

The presence of General Smuts in Rome with Lloyd George possibly possesses some significance in this direction. The one big lesson already drawn from the Italian debacle is that some sort of cohesion among the allies and the United States is an object of the first magnitude.

The British press unanimously agrees on this. Liberal papers, such as the Manchester Guardian, The Nation and others, which first advocated such a policy, are being joined by the Conservative organs, notably the Northcliffe press. The Times and The Mail and The Express are daily delivering broadsides to the effect that an allied joint control and supreme control must go into effect at once if victory is to be won or, indeed, if defeat is to be averted.

Big German Counter Fails to Succeed

LONDON, Nov. 14 - The German counter move the first that has been able to make on a big scale since Passchendaele was captured by the Canadians was evidently undertaken with the aim of fighting their way back into the town. For some time the blow was expected as orders had been found upon German officers from Von Hindenburg that they should make a dash for Passchendaele at all costs. "Spare nothing but relax Passchendaele," was the order that went out from the German high command. Passchendaele which rests upon the famous ridge, lies just south of the Staden railway and is a position of great military value. A number of important roads converge there and the high ground dominates much of the surrounding country.

ROME, Nov. 14 - Barbarities rivaling those of Belgium were committed by the German soldiers who invaded Italy, according to refugees who arrived from the north today.

Women were attacked and children killed before the eyes of their terror-stricken mothers at some points and were looted and many villages were set on fire.

It was a favorite boast of German officers that they would teach the Italian people for turning on their former allies.

There is increasing fighting activity south of the Trentino frontier. The Italians have repulsed the Austro-Germans at some points and have retaken Gallio from the Teutons.

AMSTERDAM, Nov. 14 - Deaths among the German civilian population are at numerous points among the soldiers at the front according to telegram from Berlin today, containing mortality statement.

It quoted the Frankfurter Zeitung as saying that starvation will result in the survival of only the strongest members of the German population and that the effects of malnutrition are being felt throughout the entire empire.

PARIS, Nov. 14 - Italy is looking to the United States in her hour of deep distress as her savior.

Representative E. C. Laguardia, of New York, who has just returned recently from Rome, said today that Signor Miti, Italian minister of finance, sends this message to America: "The present German offensive has caused everyone in Italy to redouble his courage and we will fight to the death for the sake of the United States for moral and material help."

LONDON, Nov. 14 - The whole world today awaits authentic and official news from Petrograd as to the outcome of the struggle between the forces of Premier Kerensky and the Bolshevik forces of the Russian government.

A news agency dispatch from the Russian frontier said that Kerensky had made a triumphal entry into Petrograd and that his troops had been victorious over the Bolshevik hordes, who to the east had been defeated. However, no news had come direct from Petrograd either by wireless or cable although so far as is known both are in working order.

London, Stockholm and Copenhagen have been deluged with contradictory reports and rumors, but the last word direct from Kerensky was received on Sunday when the premier was reported to be leading a huge army against the Bolshevik forces holding Petrograd.

Hopes ran high in London today that the Bolshevik uprising had been decisively put down and it was strengthened by advices from Swedish sources which were of the most optimistic character. In official circles the opinion was heard that the lack of discipline among the untrained hordes under Lenin and Trotsky could be helpless before the trained Cossack troops loyal to the provisional government.

A German report that the Bolsheviks are still in control of Petrograd was taken with utmost reserve.

PARIS, Nov. 14 - German trenches were raided by French troops southeast of St. Quentin, near Spignacel and at Chateau wood, the war office announced today. On the Verdun front there is heavy cannonading.

BERLIN, Nov. 14 - The Italian towns of Feltra and Trimalano have been captured by the invading Austro-German army, the war office announced today. There is heavy cannonading along the Piave river, the official statement added.

Both Feltra and Trimalano are in the northern Italy and were in the path of the Teuton armies that struck into northern Italy from the east. A dispatch to the international News Service on Tuesday said that German troops had entered Feltra.

LONDON, Nov. 14 - Premier Kerensky has made a victorious entry into Petrograd and the Bolshevik uprising in that city has been completely defeated, according to advices from Haparanda by way of Stockholm, today. (Haparanda is on the Swedish-Finnish frontier.)

First Church of Christ, Scientist Sunday services at 11 a. m. Subject of sermon November 12 is "Mortals and Immortals."

Sunday school at 10 a. m. Wednesday evening meetings at the testimonies of Christian Science healings are given begin at 8 o'clock. A free reading room where Christian Science literature may be read or purchased, is open between the hours of 2:30 and 4:30 p. m. every day, except Sundays and holidays, in the church located at 230 Third avenue east.

We did not buy this space to urge any one to have Christmas portraits made at our studio; hundreds will do that without further invitation. And to those hundreds, those who will want us to make their portraits before the new year, we can not emphasize too strongly the importance of coming early - come now - right now.

Last holiday time we were rather curious as to the number of our phone calls. So each time the phone in the finishing room was answered, a mark was placed on a pad beside it. And there were certain crowded afternoons in our studio, when, on an average, the phone rang every six minutes!

Only one item, however, and a minor one at that, in the situation known as Christmas congestion.

Maybe it was because of this that a young man came in the twenty-ninth of May this year and said: "I want to send my photographs as Christmas gifts and I know by experience how busy your studio seems in December. One day last December I came in and your reception room was crowded with people; the next day I came again and looked in only. I said then: 'I'll wait till next year for my photographs and I'll be sure I am early enough to avoid the rush.'"

He did avoid the rush!

THE GREATEST HOLSTEIN SALE

Of the season will be the complete dispersion of over 60 head of Holsteins known as the PIONEER STOCK AND DAIRY FARM herd of Buhl, Idaho, NOVEMBER 21st and 22nd.

This herd represents several years of careful study and painstaking selection together with the use of only the very best blood of the Holstein breed, with the result that today it stands head and shoulders above any herd in the state for profitable production.

The last year's records of the Buhl Pioneer Cow Testing Ass'n. show THAT THIS WAS THE ONLY HEIRD to have a cow that gave over 14,650 lbs. of milk during the year. THAT IT WAS THIS ONLY HEIRD to have three cows that gave over 14,120 lbs. of milk during the year.

THAT IT WAS THE ONLY HEIRD to have five cows that averaged over 600 lbs. of butter for the year, and seven that averaged over 14,120 lbs. of milk.

THAT IT WAS THE ONLY HEIRD of Holsteins to have a cow produce over 635 lbs. of butter during the year.

THAT IT WAS THE ONLY HEIRD to have a cow produce over 103 lbs. of butter in 30 days. THAT IT WAS THE ONLY HEIRD to have a three-year-old produce 2442 lbs. of milk in 30 days, or one that produced over 536 lbs. of butter during the year, from 15,000 lbs. of milk.

This herd will be 65 per cent of the cows only two years old or under, averaged 492 lbs. of butter for the year, and with an average cost for feed consumed of but 8.8c per lb. of butter fat.

This is the class of stock that will be offered you at your own estimation of value. An opportunity seldom offered. The entire herd of over 60 females of all ages including 12 head

of registered Holsteins, many with high A. R. O. records, who he sold without reservation, together with the herd bulls.

DAISY PONTIAC LAD No. 107258 now stands at the head of the herd. He is bred along the lines that have produced many past and present champions. The dam, an A. I. O. cow, is by King Pontiac Ted, and from a daughter of Sir Kornydke Tritomix De Kol, who is by the son of Sir Kornydke Manor De Kol, one of the greatest transmitting sires that ever lived. Daisy Pontiac Lad is sired by the son of that great sire of all living Holstein bulls today, KING OF THE PONTIACS, who has more 40-lb. daughters, more 30-lb. daughters, more 20-lb. two-year-old daughters, more A. I. O. daughters, than any other bull in the world. Send tabulated pedigrees.

This herd carries more blood of this famous bull than any other herd in the Northwest. Every female is either bred to one of his sons or carries some of his blood.

A three-single-unit Empire milk separator, and a No. 14 U. S. Cream Separator with power attachment, both machines almost new, together with a twelve-bottle automatic Babcock tester, with complete equipment, cream cans, pails, etc., etc., will be sold.

Don't forget the date, November 21st and 22nd. Purchasers from a distance and staying both days are invited to be our guests at the Buhl Hotel. Transportation will be arranged from the hotel to the ranch. Write the owner, A. A. Stauffacher, or the clerk, S. J. Hammel, both of Buhl, Idaho, for catalogue or any other information.

Style and shape are not pressed into good clothes, they are tailored into them.

It is this workmanship that gives a coat that exclusive style and appearance that will stay with the garment. Hirsch-Wickwire and Is-System clothes are made perfect in every detail.

Your style of Coat is to be found here priced

\$15.00 to \$50.00

The Clothery "FOR BETTER CLOTHES"

Extra Packages From Red Cross

Will Send Them to Seattle on Dec. 1st. Women will act as godmothers for the boys at Xmas.

The Red Cross board decided to have the 225 additional packages we are to send to Seattle December 1st, taken over by individuals. Mrs. J. E. White presented the plan at the meeting of the Federal club on Tuesday afternoon. The idea is for the women to act as godmothers to one soldier and to send a package showing the individual care and personal thoughtfulness of the giver. The women are most enthusiastic, and the required number of packages is already promised. The Business Women's club is to furnish twenty-five and the teachers twenty-five.

The latest suggestions as to what is most acceptable to our soldiers in France and in the training camps of America follows:

- Stationery.
- Stuffed dates.
- Tooth powder.
- Hoavy socks.
- Blotting paper.
- Clearer paper in books.
- Cookies in a tin.
- Walls.
- Pipe.
- Chewing gum.
- Chocolate (if wrapped in tin-foil).
- Comb, preferably metal in case.
- Compressed malted-milk tablets.
- Foot powder.
- Knife, two-bladed, such as Boy Scouts use.
- Mirror, metal, lip case.
- Post cards.
- Safety razor.
- Safety razor strap.
- Shaving brush and shaving soap.
- Talcum powder.
- Tobacco—making tobacco which can be used with cigarette papers.
- Tooth brush, in the case.
- Corn plasters.
- Garters.
- Pin ball with pins.
- Playing cards.
- Puzzles.
- Safety razor blades.
- Scissors (preferably, folding, with pointed ends in sheath. Not made in Germany, kind).
- Shoe laces; black for the navy, khaki colored for the army.
- Tape, white, black or khaki colored.
- Tooth brush in rubber case.
- Letter giving name and address of donor.

It is desired that these packages be sewed into a thin cotton sack in a compact square or oblong shape such as will pack readily into cases. The Junior Red Cross of the graded schools are to make 225 port-folios which the students of the English department of the high school are to fill. These portfolios are to go with the Christmas packages.

The Christmas packets for the Twin Falls boys in France have been completed and shipped. The packets were attractively packed, each contained a complete knitted set, consisting of two pairs of socks, a muffler, wristlet, a hat and a sweater. A khaki kilt, kerchief, a colgate kit, stationery, a fruit cake, chocolate, candy and gum were also included. The Twin Falls boys who will receive the packets are: Douglas Davis, Homer Young, Harry Benoit, Edgar Warrington and Charles Younger.

Several generous contributions for the Christmas packets have been received at headquarters. A delegation

from Hazelton donated fifty-four fruit cakes and \$10.00 in cash. Kimberly has given over fifty fruit cakes. Rogers donated \$15.00 in cash.

The fruit cakes are being shipped as rapidly as possible. The first allotment of one hundred twenty cakes was shipped by express, Saturday to Camp Mills, La. Sixty more followed on Monday.

Monday evening, at the high school, members of the Business Women's club packed the Christmas packages which are to be shipped to Seattle.

A small consignment of gray yarn has been received from Seattle. Knitting needles may also be obtained at headquarters.

The department of instruction of which Dr. Emma Crossland is chairman, is active.

As present classes in Elementary Hygiene and Home Care of the Sick are meeting on Wednesday and Thursday evenings of each week at the home of Mrs. Crawford Howe on Second avenue west. Mrs. Howe has charge of these classes, which have an enrollment of twenty-five or thirty members.

Persons

Mesdames Bussell, Hines, Mye and Clark from Herson visited their headquarters during the past week. Mrs. Provost, chairman of the Hanson Red Cross, was also a visitor.

Fiber ladies were in the city last week selling tickets for the grand ball which is to be given Friday, November 16th. Twin Falls people are urged to attend.

Mrs. Mearns, secretary of the Twin Falls chapter, was the guest of the Filor auxiliary last Friday.

The chain was increased by several links during the past week. Mrs. Charles Burton and Mrs. Greenhow entertained Wednesday evening.

Mrs. Edward Cooper added to the chain by means of a knitting bee. Those present were Mesdames Epler, King, Roberts, Logan, Keel, Blue and Gutbrie.

Mrs. Breckenridge gave an enjoyable tea one day last week. Bulletin From Washington The work being carried on by the American Red Cross in France is summarized in the following cable from Paris headquarters:

We have established twenty dispensaries for the American army so far to care for the resident civilians and to improve health conditions in that section before coming of our troops.

We are providing a dental dispensance at a post for the use of our soldiers and sailors and have organized service for American army units.

Our hospital distributing service sends supplies to 5,423 French hospitals and is laying in a large stock for future needs. Our surgical dressings supply 200 French hospitals and is preparing immense supplies for our own army.

We are providing an artificial limb factory near France and special plant for the manufacture of splints and nitrous oxide gas.

We are making arrangements on a large scale to help refugee families through the winter with clothing, food and shelter, and for this work the entire devastated district of France has been divided into six districts with a central office at Paris in each.

We are carrying on repair work in rural villages in the devastated region and re-supplying portable houses for the use of families which have returned to this region.

We use 400 motor car vehicles, 250 of which are trucks of various sizes. We operate our own garages and make all repairs on our cars.

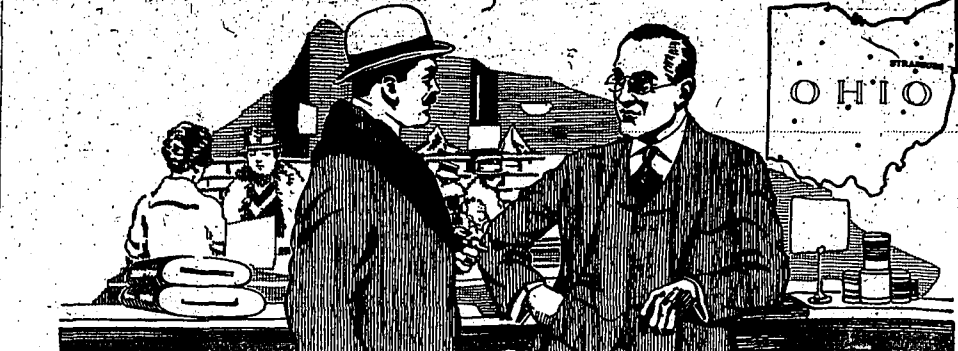

A world wide campaign to organize in the American Red Cross the thousands of Americans living outside the United States proper is to be inaugurated through the creation of an insular and foreign division.

Otis H. Cutler, a prominent New York business man, will be manager of this new division. He will have his office in Washington and serve for the war without remuneration.

The American Red Cross has seven chapters in Alaska, two in Hawaii, and one each in the Philippines, Canal Zone, Porto Rico, Cuba, Peru, Ecuador, Guatemala and Costa Rica. Under Mr. Cutler's direction, additional chapters will be organized in these and other countries.

The Red Cross will cooperate with the anti-Tuberculosis League in the sale of Red Cross seals during the holidays. A membership drive will take place from December 17th to December 31st.

Civil Service examinations are being

I am Making a Small Town Business Pay Because I Know

G. A. Carver, of Carver Bros. Company, General Merchants, Strasburg, Ohio

I KNOW my sales slips are added correctly. There's only one way of being sure—and that's by adding them on a machine. Human addition means errors, no matter how careful the figuring.

And little errors have shipwrecked many a business.

Soon after it was bought I caught small errors enough to pay for my Burroughs.

I KNOW how much each clerk and each department sells each day. I have to know. Rule-of-thumb averages don't tell which department is paying, or which clerk is an asset—where I'm making my money.

I couldn't get this information every day if I didn't have my Burroughs to get it for me, speedily and accurately.

I KNOW the monthly total of sales and expenses. In other words I know every month exactly how I stand—how much I'm making and how I'm making it.

No man likes to do business blindfolded—but many do, because they hate to wade through a maze of figures to get to the light.

My Burroughs does this for me.

I KNOW how much money I have—how much in the bank, how much on bills receivable—all the time. Most retailers never check up their check-books—I do, and with my Burroughs it's easy.

Since I know my cash income and outgo every day, it's easy to keep track of my bank balance. But this represents only part of my money.

My accounts receivable are a real asset and it's as important to know their total daily as to know my bank balance.

My Burroughs gets me the information in a few minutes.

I KNOW what goods are on my shelves—and this means something in a general store like mine.

With this knowledge, I have very little slow-moving or dead goods piling up on me. Everything moves quickly—and quick turnovers mean big money. I couldn't keep track of my stock without my Burroughs.

I KNOW that my Burroughs Machine is one of the most profitable investments I have made. It's busy all day. It never tires, is always accurate, is always on the job.

I can't tell you all the things we use it for; but my advice to the storekeeper who wants to make his business pay big profits is—get a Burroughs.

98 Burroughs Models

The wide range of Burroughs Models includes a Burroughs for any business—large or small. Consult your banker or telephone book for the address of the nearest of the 190 Burroughs offices in the United States and Canada. Burroughs' offices are also maintained in other principal cities of the world.

FIGURING AND BOOKKEEPING MACHINES PREVENT COSTLY ERRORS—SAVE VALUABLE TIME PRICED AS LOW AS \$125 Burroughs

"The Store of Carver Bros. Company is widely known as 'The Biggest Country Store in America.' Its interesting history has been told in stories appearing in The Saturday Evening Post and American Magazine. One of the centers of a big city is a large store including Clothing, Groceries, Amusements and Christmas, in a building of nearly 1,000 population. Yet the Carver Bros. Company in 1916 did a business of more than \$400,000, drawing back from a wide outlet of merchandise. Carver Bros. Company has been using Burroughs Figuring Machines since 1912.

You Must Either Fight or Farm Seven Keys to Hog Feeding By Harry R. O'Brien is an answer to the consumer's cry for more and cheaper pork and to the farmer's question what to feed instead of the dollar corn. The nations that have the fats will last longest—this article tells how we are going to get more fats. The Country Gentleman The Curtis Publishing Company 122 Independence Square Philadelphia Pa. 5c the copy \$1 the year

held every Tuesday in 450 cities of the United States to fill the government's urgent need for typists and stenographers. Women are being urged to undertake this office work. Junior Red Cross organization in the high school was completed this week. The children of Washington school, are giving the Christmas candles for the Christmas packets. Miss Byrd Wall brought in twenty fruit cakes to the headquarters. They were made and donated by the Home Science department of the Kimberly schools.

INTENSE HEAT MARKS LABRADOR SUMMERS (International News Service) PITTSBURGH, Nov. 15.—Intense heat characterizes the brief summers in the untracked wilds of the interior of Labrador, according to W. H. Clyde Todd, curator of ornithology of the Carnegie Museum here. Mr. Todd headed the expedition sent out by the museum and which recently returned. "In July, when we were approximately at 53 degrees north latitude, the heat increased until the thermometer in our tent registered 110 degrees," said Mr. Todd. The streams of the country are apparently a paradise for the trout fisher. Mr. Todd said that one of the party caught trout measuring from 23 to 25 inches in length and weighing five pounds. They were caught with a fly. The explorers brought back a comprehensive collection of gryllocans, and other hawks, all of them rare specimens. The expedition crossed territory never before explored, and maps and charts of the country were made. Mr. Todd was O. J. Murie, the museum's curator of mammals, and Alfred Marshall, of Chicago. The men left Pittsburgh on May 23 and started the expedition trail northward from the Gulf of St. Lawrence to Fort Chimo on Unkava bay as soon as the ice goes west out. They arrived at Fort Chimo, August 22, and returned by steamer to St. Johns, N. S., October 15. On the return trip on the steamer from Fort Chimo, a gannet was on duty constantly waiting for the men. "While there have been no re-

cent evidences" of submarines in this district," Mr. Todd said, "the strictest watch is kept. The gunner aboard our ship had considerable experience with the ways of the submarine in these waters. He sank three submarines last winter."

STIRRED-ROSE WEDDING WAS BEAUTIFUL AFFAIR

One of the largest and most beautiful weddings of the season was solemnized on Wednesday at 3 p. m. at the home of the bride's parents at Rock Creek, when Miss Clara Brose was united in matrimony to Bernard Sirtler. Preceding the ceremony Miss Minnie Sanderson sang D'Harlot's "Because." To the strains of the wedding march played by the Friedman orchestra, Miss Helina and Miss Wanda Brose, beautifully gowned in yellow crepe, entered, bearing ropes of white satin, thus forming an aisle to the altar of white roses and chrysanthemums. Next came the bridesmaid, Miss Evelyn Larson, followed by the bride, lovingly in a gown of white satin and goosecote crepe and carrying a bridal bouquet of white chrysanthemums. The party was met at the altar by the groom and Mr. Walter Bruce, acting with the directions of the Methodist church of Twin Falls. The house was most effectively decorated in yellow and white chrysanthemums and bride's roses. Following the ceremony an elaborate dinner was served. The bridal party was seated at a table, articles with its decorations of wedding bells, satin ribbon and white roses, while the guests, numbering about 100 were served cafeteria style. In the evening a dance was given to about two hundred and fifty guests.

RENOUNCES BEQUEST OF ONE WHO LOVED HIM

(International News Service) DENVER, COLO., Nov. 13.—Because the man whom she blames for her dependency and suicide declines the substantial estate bequeathed him, there will be no contest over the will of Mrs. Janet Shaw, whose dead body was found in her home here with love knives—tokens of a more happy period of her life—scattered about the room.

Ill and broken-hearted, Mrs. Shaw, a former actress, well known in place-land for her histrionic ability, ended her suffering with a dose of chloroform.

The unique will, discovered after her death, contained the request that her remains be held in an undertaking parlor for twenty-four hours, where a lone solist might render "If You Calling Me." She directed that the body be then turned over to the medical department of the University of Colorado.

The bulk of her estate was given to a well known Denver business man. He was also made executor of the will. Letters found in the dead woman's effects indicated that unrequited love resulted in Mrs. Shaw's taking her own life. One letter told of elaborate plans she had made for her marriage; another, written shortly after, related her keen disappointment by the proposal of a financial settlement with her before marrying another.

The renunciation of the bequest dismisses a contest of the will started by distant relatives of the testatrix, and of whose existence nothing was known until after Mrs. Shaw's tragic death.

Try it! See! Wholesome Cottolene goes farther. That's because Cottolene is richer. Cottolene is today's common-sense shortening. It puts economy into the good things that you bake with it. Try this cottage pudding, or take one of your favorite recipes. Only be sure you use one-third less of Cottolene than you do of butter or other shortening.

RECIPES

Peach Cottage Pudding: 1 cup Cottolene; 1 cup sugar; 1 egg; 1/2 cup milk; 2 cups pastry flour; 4 fresh peaches baking powder; 4 teaspoons salt; 1/2 teaspoon nutmeg. Sliced preserved or fresh peaches. Cream Cottolene, add sugar gradually, then egg well-beaten. Sift together flour, baking powder and salt to first mixture alternately with milk. Add extract and beat thoroughly. Bake in shallow pan. Cut in squares, pile with sliced peaches and sugar, and serve with hot sauce or cream.

Cottolene Makes Good Cooking Better. As good as in case of conventional lard.

Child Murder Is Strongly Denounced

Head of Chicago Medical Association Strongly Giving of Medicine To Kill Infant.

(I. N. S. Leased Wire) CHICAGO, Nov. 12.—Medical circles in Chicago are stirred again today as they were two years ago by the baby-Bollinger case, by the announcement that a child said to be hopelessly deformed is being slowly drugged to death by the advice and treatment of Dr. Harry J. Haiselden. The child is Paul Hodzima and it is daily being given medicines by its parents that they will cause its death within two months. The child has a microcephalus skull and also suffers from a stricture of the trachea that makes breathing an agony.

"The medical fraternity never will accept or approve such a procedure," said Dr. C. E. Humiston, president of the Chicago Medical Association. Dr. Humiston is a former president of the association and one of the leading members of the American Medical Society said: "Dr. Haiselden's course is absolutely unjustifiable. There are ways by which pain can be alleviated without causing death of the sufferer. The physician has no right to cause the death of anyone."

Admits Murder Story Was a Fabrication

POTEAU, Okla., Nov. 12.—Confessing that the story of J. W. Terry's murder was a fabrication and manufactured for the purpose of collecting \$3000 life insurance, Sam Swider, former convict was arrested today and lodged in jail here. Louis McKibben, who confessed a few weeks ago when arrested that the story of Terry's murder, was untrue, pleaded guilty in the district court today and was sentenced to serve 15 years in the penitentiary. Swider expects to plead guilty tomorrow.

A charge of murder against Terry, who was found last August in a hospital in Los Angeles, suffering from tuberculosis, was dropped today. Terry was returned to Poteau on this charge and was released without bond. Swider and McKibben swore they saw Terry killed in a fight with W. L. Bates, Millard Vaughn and Will Stiles near Heaven, in 1907. The jury was unable to agree at the first trial. At the second trial Stiles was tried separately and acquitted. The dismissal of Vaughn and Bates followed. Swider says he was promised his liberty from the Oklahoma penitentiary, where he was serving a term for horse stealing if he would swear to the murder story.

PRICES LOWER NOW THAN IN CIVIL WAR

(International News Service) KNOX, IOWA, Nov. 13.—War-time prices of foodstuffs today are not as high as they were during the first years of the Civil war. Items taken from an invoice of goods sold by S. Hamill & Co., wholesale grocers here, when the fight for the emancipation of the negro was staged, to R. J. Jacobs, a retailer, June 22, 1862, show staple food products averaged about 129 per cent higher then.

A student of food prices discovered the old invoice in Chicago recently. When compared with present prices there considerable discussion arose among grocers and commission men. Still in the Civil war the price of a \$35 a barrel, rice at \$31.35 a barrel, tobacco at more than double the present price and tea at \$101.52 for a 25-pound chest. Two pounds of the same grade tea today may be bought for \$13.90. Coffee also was nearly four times as high as at present.

The same bill of groceries and sundries that they brought \$644.14 can be purchased today for \$291.61. However, civilization reminds the public transportation facilities for bringing tea and coffee to this country were not what they are today.

Eden News

Mrs. Jensen's mother and father visited her last week. B. O. Barnes and family and Cleve Barnes and family spent a day last week in Twin Falls with friends and relatives. J. Levin and A. J. Henry were Twin Falls business callers on Monday of last week.

Mr. Fator Smith is having a foundation built for her house. She expects to build on it in the near future. Mr. and Mrs. Clarence Lawrence are stopping with the former's mother, Mrs. Henry Myers, at the Eden hotel. The many friends of Mrs. Wm. Thompson will be glad to know that she is still in Twin Falls.

Dr. and Mrs. Scroggs who have returned home last week after two weeks, returned a week ago. They visited at Pocatello with Mrs. Scroggs' sister and with her parents at Dubois, Idaho, also visiting in several places out of the state. Miss Beth Webb, who has been visiting her mother in Twin Falls has returned and her smiling face is to be found at the Webb Mercantile store again.

Franklin is the proud owner of a new seven-passenger Paige touring car. The church social held at the church a week ago Thursday evening was a decided success. There was a large crowd in attendance, the evening was spent in playing games. A number of cent dresses as clowns, carrying out the Halloween effect, while many of the children carried jack-o'-lanterns.

Mr. and Mrs. Wallace Lawrence have moved into part of their new house and rented the rest to Mr. and Mrs. Lambeth. Mrs. Lambeth is the Stettin Johnson of Russell Lane. It is on the sick list this week. Mr. Pett, of Twin Falls spent several days in Eden looking after the

Interests of the Gem State Lumber Co.

The new barn being built for J. H. Harris and sons, is nearly completed and it is surely a fine one. Fred Barber is building a store house and garage for J. J. Grey this week.

Mrs. Cleve Barnes and little ones returned home last week accompanied by Mr. and Mrs. R. H. Barnes.

Mr. Hall is building a nice residence on La Fayette avenue and expects to move here soon.

Mrs. Davis, the nurse who has been caring for Mrs. Thompson, returned to Gooding last week.

Mr. Polker, the sidewalk contractor, has finished the sidewalks in Eden and moved to Burley.

Ada McMinn, who has been working for Mr. Horsley left for St. Louis last Monday. Julian Wells left here for Anolis last Friday. W. J. Young proved up on his homestead last Friday. W. S. Young of Eden and Arthur Joiner of Hazelton, were his witnesses. Judge Shields, went to Rupert last Monday on legal business and returned Tuesday. Mrs. E. E. Haynes, Robert Woods' mother, who has been visiting him left here for Orleans, Neb. last Monday. There were 39 cars loaded out of Eden in October, and 16 in September, and there was 32 cars unloaded in Eden in October, and 72 in September. The record for a small town, and some proof that it is a growing.

WATCH HOW THE INCOME TAX AFFECTS YOU

The \$20-a-week man, if married, is exempt from taxation under the war revenue bill. If a bachelor, he must pay the government 2 per cent of the amount he earns over \$1000. As his yearly salary amounts to \$1040, his tax will be 2 per cent of \$40 or 80 cents.

Not every \$20-a-week bachelor, however, will be required to contribute even this small sum to the conduct of the war for democracy. When he appears at the office of tax collector of Internal revenue for his district he will be furnished with a blank on which he may schedule his salary and also file exemptions. This must be done before the first day of March 1918.

If he happens to own an equity in a house which involves the payment of \$40 or more in interest on mortgage he will escape taxation; if he pays interest on a note, or other form of indebtedness, or if he pays taxes on any kind of real estate, the amount is deducted from his taxable \$40.

In case a part of Mr. Bachelor's income is derived from rents, he may claim exemptions for repairs, for water rents and even insurance.

In other words, the war revenue tax is levied on "net" incomes only and few "propertyed" persons in the \$20-a-week class will be required to contribute. It is only the propertyless man with an unblemished salary record for a small town, and in his 30 cents over the counter.

"THE BREAD that BETTERS the BUTTER"

is the kind that every housewife wants when she prepares a meal. The Home Baking company produces that kind. Their sanitary baking methods combined with thoroughly experienced bakers produces an appetizing flavor not found in other bakery goods. A glance at the following list of dealers will give you an idea of the prestige of their products.

## Federation Defines Position on Peace

Would Have Rights of Labor and of Smaller Peoples Protected in Conference—Stand by Nation.

### "FIGHT FOR PERMANENT PEACE," URGES A. F. OF L.

(International News Service) It is an imperative duty from which there is no escape that wage earners as well as other citizens of this republic support our government in its righteous effort to defend principles of humanity to establish democracy and international relations. Because we desire permanent peace it is our duty to fight and sacrifice until these purposes can be achieved.

—Declaration of American Federation of Labor.

BUFFALO, Nov. 12.—Organized labor, as represented by the American Federation of Labor, whose annual convention began here today, has taken the lead in enunciating the workers' views on the subject of peace. The Executive Council of the Federation, through President Samuel Gompers, today presented to the convention as a whole a series of declarations which the convention is asked to promulgate officially, that would satisfy labor if incorporated in any peace treaty to be negotiated. It was considered certain that these declarations will be adopted substantially as offered. The "Labor Peace Program" was as follows:

"The combination of the free peoples of the world in a common covenant for genuine and practical co-operation to secure justice, and therefore peace, in relations between nations.

"Governments derive their just power from the consent of the governed."

"No political or economic restrictions meant to benefit some nations and to cripple or embarrass others."

"No indemnities or reparations based upon vindictive purposes or deliberate desire to injure, but to right manifest wrongs."

"Recognition of the rights of small nations and of the principle 'No people must be forced under sovereignty under which it does not wish to live.'"

"No territorial changes or adjustment of power except in furtherance of the welfare of the peoples affected and in furtherance of world peace."

"No article or commodity shall be shipped or delivered in international commerce in the production of which children under the age of sixteen have been employed or permitted to work."

"It shall be declared that the basic workday in industry and commerce shall not exceed eight hours."

"Involuntary servitude shall not exist except as a punishment for crime whereof the party shall have been duly convicted."

"Establishment of trial by jury."

"The basis of reconstruction should be the trade union movements of the various countries," said President Gompers in closing his report. "We recommend that an international labor conference of representatives of the trade union movements of all countries be held at the same time and place as the world peace congress, that labor may be in touch with plans under consideration and may have the benefit of information and counsel of those participating in the congress."

Labor is not for a premature peace, however. Labor is for war until the purposes of permanent peace are achieved. The executive council's report says:

"It is an imperative duty from which there is no escape that wage earners as well as all other citizens of this republic support our government in its righteous effort to defend principles of humanity and to establish democracy in international relations. Because we desire permanent peace, it is our duty to fight and sacrifice until these purposes can be achieved."

"When nations can send representatives to negotiate peace terms in accordance with this concept, we maintain that the basic provisions of the peace treaty should be formulated with regard to the rights and welfare of the men, women and children constituting the nations rather than the governments of the nations. The government should be only an instrumentality of the people instead of dominating and acting against their wishes."

"The future must be constructed upon broader lines than the past. We insist, therefore, that the government of the United States provide adequate and direct representatives of wage earners among the plenipotentiaries sent to the peace congress, and urge upon the labor movements of other countries to take like action."

"It is of paramount importance that labor shall be free and unembarrassed in helping to shape the principles and agencies for the future."

"A people unwilling to make the supreme sacrifice in support of the government which undertakes to protect its people are undervaluing to live and enjoy the privilege of free, democratic government."

A CURE FOR DEMENTIA  
PARECOX HAS BEEN FOUND

(International News Service) HUNTINGTON, W. Va., Nov. 12.—Two patients formerly afflicted with dementia parvex, a form of insanity hitherto regarded as incurable, have been discharged from the Huntington State Hospital cured. Examinations devised by Dr. L. V. Guthrie, the superintendent, having proven successful.

The cures were effected by the use of an intravenous infusion of normal salt solution. Other cases similarly treated are showing improvement. The treatment is based on an analysis of the blood of afflicted persons showing a deficiency of sodium chloride.

## "WHISKEY AND SODA" SAVED YANKEE FLYERS

By H. G. Wales.

(I. N. S. Staff Correspondent)

PARIS, Nov. 15.—"Whiskey and Soda," the two lion cubs which are mascots of the Lafayette Escadrille, probably saved the lives of some of the volunteer American aviators flying with the French army, for it was because "Whiskey" and "Soda" were fighting furiously in a wood near the aerodrome of the Lafayette Escadrille on the Meuse near Verdun that all of the pilots, their mechanics and even their cook rushed from "camp" and so escaped the bombs and aerial torpedoes dropped a few seconds later by a squadron of German bombing machines which flew overhead.

Incidentally this marked also the first time that the United States flag has been directly under fire on the western front, as the Stars and Stripes were floating from the flagpole at the edge of the aviation field when the German raiders appeared. The flagpole was struck by a shell fragment, and, although it swayed and toppled perilously, it did not fall and "Old Glory" waved triumphantly throughout the bombardment. It was the presence of the American flag that denoted to the Germans that that particular aerodrome was the home of the Lafayette Escadrille.

More than a score of aeroplanes—S. P. A. D.'s of the latest type—were destroyed by the great high explosive bombs which the German Gothas rained over the camp. The engines in which the pilots were housed were blown to pieces and the cockpits and mess tent were also hit. The American aviators were lodged with a French escadrille stationed nearby.

It was late in the evening—after dinner when the aviators heard the stinging and roaring of the Hons. The noise proceeded from a patch of wood close by the aviation field. The aviators ran to the scene immediately, fearing that their mascots were being "up some logs"—mascots, perpetrator of other units.

Instead, the found "Whiskey" and "Soda" locked in their first real battle since they have been "attached" to the Lafayette Escadrille. Soon the whole escadrille was gathered around the two hiding, wings splitting lion cubs, and there was the sound of a swish and a boom, and the first German bomb exploded.

The pilots looked up and derided half a dozen great Gothas circling overhead at an altitude of nearly 20,000 feet. They were raining down bombs, and the huge projectiles were detonating all over the camp.

The first bomb dropped struck a hangar and made much wood and scrap iron out of half a dozen of the fighting single-seater aeroplanes. It burst.

The next bomb struck the barracks where the aviators slept. The frail, temporary building collapsed like a house of cards. The next bomb hurled a splinter into the flagpole and set it swaying like a reed. Two more bombs then struck other hangars, demolishing more aeroplanes.

There was not a single casualty, however, owing to the fact that very-body had left the camp and had rushed to the wood to watch the Hons fly. But nearly every aeroplane was a total wreck.

The next day, however, the escadrille shifted its position to another sector of the front near Soliers. The unit was inactive for more than a week through lack of machines, however.

### TELEGRAPHIC BREVITIES CONTAINING CREAM OF NEWS

Synopsis of Dispatches Coming Over the Wire During the Past Two Days Not Found Elsewhere in the TIMES.

**FEARED TROUBLE COMING**  
A proclamation that "trouble was coming" held several negro privates in camp with their companions in the 24th Infantry marched into Houston, Texas and engaged in the riot in which 18 were killed. This, at least, was the only explanation given by negro soldiers who testified yesterday in San Antonio at the trial of 63 of their comrades on charges of murder and mutiny growing out of the Houston riots, for falling out of line as their fellow soldiers marched toward Houston.

who disappeared. The police believe Jozewski was murdered.

**HALL HAILED UP**  
Thomas Hall, secretary of state of North Dakota was yesterday afternoon bound over to district court of Burleigh county charged with embezzlement of three thousand dollars from state automobile registration fund. The hearing has been under way four days. Eugene Wall, a clerk in Hall's office, faces like charges.

**APPROVES OUR STAND**  
Approval of the program outlined by the United States government relative to its participation in the Paris conference is expressed by Italian newspapers, according to an official cablegram received here today.

**ATLANTA HIGH; SEATTLE LOW**  
Atlanta had the highest death rate of any large city in the United States during the week ending November 10, according to figures issued by the bureau of census of the department of commerce. Seattle had the lowest death rate. The Atlanta death rate was 19.1, while that of Seattle was 5.7.

**URGICAY TRENDS HUN SHIPS**  
The Uruguayan government has announced that the work of repairing German ships taken over by it would be started at once in Uruguayan shipyards.

**TURKS RETIRE**  
Practically the entire Turkish army has withdrawn north of Terek for a distance of from thirty to fifty miles, the war office statement from the Mesopotamian front declared.

**CLAIM MT. LISSER CAPTURED**  
Italian defenses on Mount Lissier, seven miles northeast of Aniago were captured by the Italians in a storm attack, the war office said Wednesday. German troops attacked through deep snow on the mountain summits, captured high ground on the Sette Comuni plateau.

**BOMBED BOCHÉ AIRDROME**  
British aircraft have bombed the German military airdrome at Houtare, Belgium, the admiralty stated on Wednesday. During the air fighting a German machine was shot down and several others were driven down out of control.

**NO RAILROAD STRIKES NOW**  
Heads of the four railway brotherhoods have practically agreed that there shall be no railroad strikes for the duration of the war. They will come to Washington Thursday, Novem-

ber 22 and will discuss with President Wilson methods of arbitration of any differences that may arise between railroad workers and their employers while the conflict is in progress.

**WILL NOT REDISTRIBUTE**  
The National Association of Baseball leagues in Louisville Wednesday voted down the proposed plan to let district minor league territory by a vote of 11 to 2. The International and the Western League representatives only supported the plan. Al Tearney, of the Three I league, who introduced the resolution later withdrew it.

**FIRE KILLED FIVE**  
Five persons were killed and seven injured in a fire in the Phillips hotel yesterday at Many, Louisiana.

**BOICOTT THANKED AMERICA**  
President Polignac formerly extended his thanks for the part the United States is taking in the war to the American congressional delegation when he received the members Wednesday.

**TIPPED OFF ESCAPE PLOT**  
Through a tip furnished Sheriff Salina by a prisoner in Laredo, Texas, who advised him a plot existed whereby prisoners in the Webb county jail planned to make a dash for liberty at breakfast yesterday, a big jail delivery was frustrated. The sheriff with a force of armed deputies was on hand to prevent the proposed jail delivery. Confined in the jail were nearly a hundred prisoners including five Mexican bandits condemned to death, several murderers and other criminals. The prisoner who gave the tip was liberated as a reward.

**REORGANIZING THE GUARD**  
Reorganization of the national guard units of California, Colorado, Utah, Arizona, and New Mexico, the 40th division, was announced by the war department.

**INDIAN WAR IN UTAH**  
Opening during white settlers of the San Juan valley, a renegade band of White River Ute Indians, headed by Old Posey, leader of the band which in 1916 participated in several pitched battles with United States marshals, are nightly raiding sheep and cattle ranches near Bluff and other points in the southern part of the state. Word of the Indians' depredations reached here today through Sheriff W. J. Elias of Grand county who has been in consultation with the sheriff of San Juan county. Unless the government takes immediate steps to bring the Indians under control, it is Sheriff Elias' belief that a reopening of the war between the whites and redmen is inevitable.

**WANTS PENALTY CLAUSE**  
D. A. Francis, president of the Missouri miners, in an address at the conference at Kansas City urged the adoption of the penalty clause which Fuel Administration Garfield is insisting upon being made a part of all working contracts.

**BROTHERHOOD TO JOIN A. F. I.**  
Reports that the "four railroad

brotherhoods with a membership of more than 400,000 men would affiliate with the American Federation of Labor at the convention in session here at Buffalo yesterday, along with the announcement that the

conductors and brakemen are voting on the question of demanding wages increases approximating \$100,000,000 annually.

## DOUGLAS FAIRBANKS IN "THE MAN FROM PAINTED POST"

LATEST AIRCRAFT PRODUCTION AT THE IDAHO THURSDAY, FRIDAY AND SATURDAY

SEE "DOUG" DISGUISED AS A TENDERFOOT ROUND UP THE CATTLE BUSTLERS—THRILLS, DRAMATIC ACTION, TENSE MOMENTS AND UNSURPASSABLE ATHLETIC STUNTS.

THIS STORY of the Wyoming cattle rustling days presents the versatile Douglas in one thrilling situation after another, offering typical Fairbanks surprises. It's a real, old fashioned "mello" chuck full of "pep" with the ear on the arm, the old feud between the detective and the villain, the kidnapped heroine, the fight against odds in the cabin, and all the other trimmings that belong to that variety.

Right at the start we see our heroic "Doug" jump a fence and tackle the side of a barn, going up it with some speed and in a way that no ordinary human being would ever think of, landing on top in about three shakes and commencing some of his fancy shooting.

The plot concerns a detective who impersonates an immaculate tenderfoot in order to clean up a bunch of cattle thieves. Fairbanks leaps from crate to crate, firing six-shooters, foils the villain and rescues the girl—who is, of course, none other than his beautiful costar, Percy Eileen.

**THE SATURDAY CHILDREN'S MATINEE**

The boys and girls are all going to want to see Douglas Fairbanks, and there's no better time to send them than Saturday afternoon, when the vaudeville is included in the matinee program. The Idaho is a safe place for them, and if you come yourself you will get added amusement from the laughter and delight of the children.

**NO RAISE IN PRICES—LOOK OUT FOR THE CROWDS**

Again a word of caution. Don't be deprived of seeing this picture because of Saturday's crowds. Come early.

### With the Film Folk

Sessue Hayakawa, the well-known Japanese screen actor, recently spent several weeks in Chinatown, San Francisco, where they made the exterior scenes for his newest Paramount picture, "The Call of the East." Teruo Aoki, Mr. Hayakawa's winsome little Japanese wife is one of the leading women in the production, while the other is Margaret Lonnie, who made such a sensation as the Hawaiian girl in "The Bottle Imp."

"The Narrow Trail," has many points of interest. Its star is William S. Hart. It is the first photograph ever written by that star. It is produced by Thomas H. Ince, and is the first of Ince's productions for Paramount Aircraft. It introduces Sylvia Bremer, the beautiful Australian actress, one of Ince's recent "finds."

Forty-five centimeter guns may sound like deadly weapons to anyone who has never been nearer the Marne or the trenches of Verdun than Times Square. But to "Fatty" Arbuckle they appear to be comparatively harmless. This is due to the fact that for five days "Fatty" has been facing a steady cascade of "hot dogs" and flying molasses taffy incident to his produc-

tion of the Paramount-Arbuckle comedy, "Fatty in Coney Island."

Edwige has a role representing Treachery, or some such thing, in Pauline Frederick's forthcoming Paramount starring vehicle. He wanted to wear a Mephisto costume but someone told him that Treachery is only a servant of the devil and not the old gentleman himself. "You can't wear a uniform above your rank," said his advisor.

Frank Campana, who plays the part of "30-30" Madden in "The Man From Painted Post," has been re-engaged by Douglas Fairbanks to appear in the next production under the direction of John Esper-
