**COURT DEFERS TO
CLAIMS OF FARMERS**

Judge W. A. Babcock at Albion, Minn.,
of All of Original Jury Panel
and Continues Cases

In accordance with his policy of placing the demands of agriculture at this season before those of the law, District Judge W. A. Babcock, who is presiding at a session of

court at Albion, not only excused from further duty the whole original panel of 30 farmers, but he has gone through the calendar and continued every case in which farmers or farm laborers are involved so far as he has been able to learn.

OTOGENARIAN DIES

H. Morris, Grandfather of Local Attorney, Succumbs at Home of Son in Rock Creek

H. Morris, Grandfather of Local Attorney, Succumbs at Home of Son in Rock Creek

D. H. Morris, aged 83, resident of Harrison, Arkansas, died Wednesday, April 10, at the home of his son, K. Morris, at Rock Creek, where he spent the winter. Mr. Morris was the father of Mrs. T. B. Martin, wife of T. B.

martin, United States marshal at Boise, and the grandfather of J. F. Martin, attorney of this city. Mrs. Martin was with her father during his fatal illness. Another grandson arrived from Arkansas only a few days before Mr. Morris' death.

The remains were sent Thursday morning, through the Crosby undertaking establishment here, to Mr. Morris' former home in Arkansas, where funeral services will be held and interment made.

Mr. Morris was born July 29, 1834,
Tennessee.

representative audience was in attendance.

FIXES PENALTY FOR IDOLENT IN WAR TIMES

COUNCIL PASSES MEASURES ENDORSED BY BAR ASSOCIATION MAKING IDLENESS OFFENSE

Measures amending the vagrancy ordinances to provide punishment by fine or imprisonment for willful idleness and for attempt at dissuading any person seeking employment were adopted by the city council under suspension of the rule requiring three readings, at its meeting Monday night.

Bar Takes Initiative

The measures were drafted by a committee composed of City Attorney John E. Davis, James B. Bothwell and Everett M. Swelley, named at meeting Monday of the Twin Falls County Bar association, following a statement relative to unsatisfactory labor conditions existing here made to that body, at that time by Mayor P. F. Bracken.

Industry a Duty

Three separate ordinances define the offense which are made misdemeanors and punishable by fine or imprisonment. The preamble, which is the same for each ordinance, declares that it is the duty of every citizen to employ his time, ability and industry to the fullest extent, and that the consequences of war times may be met, and that it is the two-fold duty of the municipality to encourage such employment and to prevent in so far as possible any influence that would interfere with it.

Not only the failure to work, but the attempt on the part of anyone to prevent accomplishment of war needs is declared inimical to the welfare of this city and the nation.

Definition of Offenses

Following are the offenses as defined by the ordinances, the penalty being the same in each instance:

Every person who has the physical ability to work, who loafs, idles or lingers in or about any place or places, public or private, to the public in the city of Twin Falls shall be guilty of the misdemeanor of loafing, and shall be fined in any sum not exceeding \$100 and costs, and in default of payment of such fine and costs to be confined in the county jail of Twin Falls county and to hard labor on the streets or elsewhere for the benefit of said city at the rate of \$3 for each day until such fine and costs are paid.

Six Hours Minimum

Every person who has the physical ability to work and who does not regularly obtain a useful employment for the greater part of the day, or who does not for the space of ten days seek useful employment when not employed, or who, when not employed, does not labor when employment is offered him is guilty of a misdemeanor.

Fine for Interference

Every person who makes any representation to or seeks employment, or seeking employment, concerning wages, conditions, hours or other material matters concerning employment or employers not in fact true for the purpose of dissuading any person from accepting employment when offered, or who by such representation does dissuade any person from seeking employment or accepting employment when offered, or who by such representation induces or seeks to induce any person engaged in similar work to leave his position, shall be guilty of a misdemeanor.

GOVERNOR REPORTS

DRAFT ENLISTMENTS

Local Board Receives Names of Some Registrants Who Have Entered Service as Volunteers

The local board Tuesday received from the governor's office a list of registrants under the draft in Twin Falls who have enlisted voluntarily in various arms of the military service at Fort Douglas, Utah, as follows:

Quartermaster corps—Jed S. Gullik, Roy Elwood, Elmer E. Dill, Ralph Colclough, Elmer J. Hayden, Henry H. Chase, Lynde E. Utin.

Signal corps, aviation section—Chas. K. Warner, Claude P. Oliver, Dennis F. Sigurd, Ross J. Pettigrew, Lowell E. Chase, Elmer E. Dill, Ralph Colclough, Charles Stample, John Stevens, Clarence G. Jones, Herbert B. Howard, Don W. McKillip, Samuel J. Kelso, James E. Price, Elmer A. Penley.

Coast artillery—David W. Carter, Ross Pettigrew.

Medical department—Fred L. Kelly, Fred G. Williams.

Thirtieth Engineers—Arthur C. Allen, James Clifford Parrott of Twin Falls, was enlisted at San Francisco, where he is attending medical school, in the medical unit of the reserve corps for the period of the emergency.

Lyda Ward of Buhl has enlisted as a nurse, and Corrie E. Dickinson, at Coeur d'Alene, has enlisted as a nurse in the U. S. Army for the term of the emergency.

RETURN TO HOME OF FUTURE SUCCESSION

Walter E. Harman, for Nearly Six Years Minister of the First Christian Church of Twin Falls, Who Has Accepted a Call to a Strong Pulpit at Atchison, Kansas, Where He Held Revival Meetings Seven Years Ago.

EVERY BOY IN IDAHO TO REGISTER FOR WORK

Young Soldiers Between the Ages of 16 and 21 to Be Drafted for Farm Work

Every boy in Idaho between the ages of 16 and 21 years of age is expected by the federal government to register for farm work this summer. Harvey Alfred, director of the state farm markets bureau, told Miss Ethel E. Redfield, state superintendent of public instruction, Saturday.

If the boys don't register the federal authorities will make an investigation, he added. The names of the young men have been listed and they are being checked over.

Boys employed by their own fathers on farms are expected to register, Mr. Alfred said. They are to be given credit for work done.

Defers Draft Call

An accurate record will be kept of the work done by each boy enrolled as a member of the reserve, County Agent Donald McLean, who is registration agent for Twin Falls county, said today. "The government, in this movement, is 'getting a line' on the boy power of the nation," Mr. McLean said, "but it is for the purpose of protecting the agricultural industry rather than with a view to augmenting the fighting forces at the front from their numbers. Each boy who reaches the age of 21 years, who has on file in the office of the reserve a record showing that he has worked at least six weeks for two successive summers at farm work, will be given deferred classification under the military draft," Mr. McLean added, stating that he had authority for this statement from the state director.

HEALTH FOOD FIRM FULLY ORGANIZED

Corporation Is Formed Here to Make and Market Cereal Dietetic Articles and Combination Flour

The White Cross Health Food company of Twin Falls has completed its organization as a corporation, with capital of \$10,000. The company will manufacture health foods and cereals, and a combined flour, using a scientific combination of wheat substitutes. At present, and until their new home is completed, they are using a portion of the building occupied by the Idaho Sash & Door company. At a meeting of the stockholders last Friday evening the following officers were elected: president and general manager, Dr. W. B. Atherton; vice-president, F. H. Wheeler; secretary and treasurer, F. Bacon Morrissey; local manager, D. T. Atherton.

YOUTHFUL MUSICIANS TO PLAY FOR RED CROSS

Grade Schools Orchestra, Under Direction of Miss Simpson, Announces Benefit Concert

The Twin Falls grade schools orchestra, composed of 27 youthful musicians ranging in age from 10 to 14 years, under direction of Miss Jessie Simpson, will give a concert in the high school auditorium on Monday evening, May 22, for the benefit of the Junior Red Cross. The public is invited to take advantage of this opportunity to demonstrate its appreciation of the efforts put forth by the members of the orchestra. Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, always the cough and cold, Nature is restoring the system to a healthy condition.—Adv.

NATURE CURES THE DOCTOR TAKES THE FEE

There is an old saying that "Nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby able it to effect a cure in much less time than is usually required. This is particularly true of colds, Chamberlain's Cough Remedy relieves the lungs, liquefies the tough mucus and aids in its expectoration, always the cough and cold, Nature is restoring the system to a healthy condition.—Adv.

MINISTER'S RECORD ONE OF ACHIEVEMENT

WALTER E. HARMAN, ACCOMPLISHES CALL TO LARGER CHURCH, LEAVES LOCAL FIELD

When he leaves the pulpit of the First Christian church of Twin Falls, which he has occupied for nearly six years, to accept a call to become the minister of the First Christian church of Atchison, Kansas, Walter E. Harman will have achieved a record here which is paralleled in the history of few pastors over an equal period of time.

Church Debt Paid

During his ministry here, Mr. Harman has built up the membership of the church from about 250 to over 600; the indebtedness on the church building which was over \$2000, has been paid and a building fund has been started with several hundred dollars.

More than \$23,000 have been raised and expended through various agencies of the church during his ministry, and the church has closed each fiscal year with all its bills paid.

Organizes Buhl Congregation

Mr. Harman and his wife, Mrs. Gertrude S. Harman, have organized a new congregation of the Christian church at Buhl with more than 150 members at the present time. Three lots have been secured and a new building needed first from the date of its opening is worth now about \$5000, and a regular minister wholly supported by the new church, now carries on a prospering work.

Revive Church at Jerome

Mr. Harman also was the leader in bringing the Organ-Mell evangelistic party to Idaho, and in securing support. Through him this company revived the church at Jerome with 115 additions and regular services have been conducted there since the first of the year by Mrs. Harman.

Is Honored by State Body

The state society of the Christian church has honored Mr. Harman by electing him as its superintendent of missions, which office he has held for two years past, handling several hundreds of dollars annually.

The different missionary societies of the local church, largely through the efforts of Mrs. Harman, who is thoroughly informed in every phase of Christian missions, have united in the support of a missionary in the foreign field for the past two years—supporting Bro. J. E. Randall at Kingston, Jamaica.

Burns Other Offers

During his ministry in Twin Falls several churches in larger cities have made Mr. Harman enticing offers, some of them involving large increases in salary, but he has refused them all. He accepts the pulpit at Atchison, he says, because it presents the opportunity he has been looking for and because he is well known there, it being the place where he held a revival meeting seven years ago resulting in 120 additions to the church which has called him.

The Atchison church is one of the largest in the state of Kansas. The building has a seating capacity of 1200 and the membership of the church is 1250, with a Bible school that frequently passes the 1000 mark.

Time of Leaving Indefinite

The time of Mr. Harman's departure from Twin Falls depends upon the willingness of the local church to release him, and upon the dispatch with which he can close up the affairs of his various honorary positions.

OFFICER SCOURGES YOUTH'S CONFESSION OF THEFT

Confession that he had stolen about \$9 in money, two decks of playing cards and a penknife from his employer on a farm near Twin Falls was extracted from a 15 year old youth Friday by Sheriff Officer John R. Ault. The lad offered to go with the officer and reveal to him the place where the stolen property had been cached. Because of the boy's youth and this being his first offense brought to the attention of the court, he was released upon probation and is required to report at regular intervals to the probation officer.

BLUE LAKES ADDITION

A Home Place You'll Be Proud to Show Your Friends

If you live at beautiful Blue Lakes Addition you will always speak with pride of your home surroundings.

When your friends visit Twin Falls, you'll be proud to have them at your home and to let them see that you live in the finest improved and restricted homeplace in all Idaho.

Every home built in this beautiful residence park must cost at least \$4,000. There can be no shacks, stores or other undesirable conditions.

Every street will be improved with bitulithic pavements, cement sidewalks, cluster lights, sewer and water mains and ornamental elm trees—all to be installed at the expense of the Pocatello Security Trust Co.

Your home at Blue Lakes Addition will be near Washington School, one of the best grade schools in the state, and only a few blocks from the handsome Twin Falls High School.

Big homesites—50 feet wide, for \$1300 to \$1500, on terms if desired.

Go with us TODAY and see for yourself. Come to our office or phone.

HEAVY TONNAGE OF NEW SHIPS COMING

WASHINGTON—April 15—Eighteen wooden ships, totaling 63,000 tons, are to be launched May 1, Chairman Hurley of the shipping board announced today.

Special trains bringing fir logs from Pacific lumber states are being hurried across the continent in one-fifth the usual time to furnish ample supplies for the speeding up of the shipyards. The emergency shipment put into effect under arrangement between the shipping board and the railroad administration will bring the Atlantic and Gulf yards up to the program set for them.

With the launching of the new ships, the east and south are breaking about even with the west for the first time.

In addition to the 63,000 tons to be launched by May 1, upwards of 20,000 additional tons of wood ships are due to leave the ways this month under private contract.

SECRETARY BAKER HAS CONFIDENCE IN U. S. TROOPS

RETURNS WITH PRAISE FOR FRENCH FIGHTING FORCES AND PLENTY OF FAITH IN AMERICA

WASHINGTON, April 13.—Secretary of War, Baker, returned to his home from his inspection tour in France, landing this morning at an Atlantic port. Baker notified officials here by long distance phone of his safe return. He plans to return soon to Washington. "I have a feeling of pride and confidence in the American army and its achievements in France," Secretary of War Baker said at an Atlantic port on his arrival from Europe. "The things I have seen on the other side," he added, "would justify me in making many trips to France. We landed here this morning, after a quiet and uneventful voyage."

AGED WOMAN STRUCK DOWN BY MOTOR CAR

MRS. E. H. COCHRAN, 72, SUSTAINS INJURIES FOR WHICH 15 YEAR OLD YOUTH IS RESPONSIBLE

Struck down by an automobile driven by Percy Watson, 16, son of H. F. Watson, at the intersection of Tenth avenue and Shoshone street at about 9 o'clock Sunday evening, Mrs. E. H. Cochran, 72, mother of Mrs. E. H. Gates, 156 Tenth avenue, sustained a fracture of her left shoulder and possibly other injuries. Various reports of the occurrence are current, and the police are investigating.

Charged With Speeding
Percy Watson and his older brother, who was with him in the car, were brought before the police magistrate Monday to answer the charge of speeding on Main avenue Sunday afternoon. Decision in the case was deferred. Police Judge W. J. Smith said Tuesday that he had understood that further complaint would be filed against the youth later in the week.

Good for Help
After striking Mrs. Cochran, the boys stopped at the home of the woman, and with her mother, who was coming to the accident, while the other summoned assistance from the nearby home of City Treasurer H. B. Rounds, where she was cared for until removed to her home.

Keenly Comfortable
Mrs. Cochran was rendered unconscious for several hours, and she gave no explanation of how she was hurt. She was returning to the Gates home, where she resides, after a call at a neighbor's home and was alone when struck by the car. Attending physicians hold out no hope for the recovery of use of her injured arm. She was resting comfortably this morning.

GOES TO CANTONMENT FOR Y. M. C. A. TRY OUT

Rev. O. T. Anderson, pastor of the First Baptist Church, left on Monday for Camp Lewis, American Lake, Washington, where he expects to remain for two or three weeks in army Y. M. C. A. work at the camp. He is not well, he stated Thursday, that it is the part of wisdom to resign his pastorate here and go definitely into the Y. M. C. A. work which he has engaged in the work for a while, and the Y. M. C. A. permit, which he has received, it seems best for him to remain in the work after he has tried it, he does so," Mr. Anderson said. "If one decided that he is not adapted to the work, which involves physical hardship, to a degree almost equalling that of the soldier, he is free to return to his former work."

A GOOD FRIEND

A good friend stands by you when in need. Twin Falls people tell how Donny's Kidney Pills have helped them. Mrs. Annie Barry of 245 Fifth ave., Twin Falls, endorsed Donny's over five years ago and again confirms the story. Could you ask her more convincing testimony?

"Donny's Kidney Pills have done a lot of good in our family and I am glad to recommend them," says Mrs. Barry. "Several times when I have had a dull ache in my back Donny's have quickly rid me of the trouble. I have tried a host of remedies and advice anyone having any kidney complaint to give them a trial." (Statement given October 12, 1915.)

NO TROUBLE SINCE
On September 25, 1917, Mrs. Barry said: "I have had no need of Donny's Kidney Pills since I began using them. Donny's are certainly reliable for they cure kidney disorders quickly."

SUFFERING FROM COLD

SCOTT'S EMULSION

has been correcting this condition for nearly fifty years. It possesses rare powers for creating natural body warmth, for charging summer blood with winter richness and strengthening both throat and lungs.

The Emulsion cod liver oil is the most pure and palatable. It is sold in all drug stores. Scott's Emulsion, New York, N. Y.

WOMEN SERVE BETTER THROUGH ORGANIZATION

COUNTY HOME DEMONSTRATION EXPERT OUTLINES VIEWS

PROPOSES MUTUAL HELPFULNESS AS MOTTO IN ENDEAVOR TO INCREASE INDIVIDUAL AND NATIONAL EFFICIENCY
Mrs. Gertrude Denke, county home demonstration agent, believes that through co-operation in the solution of problems in conservation, women of the county can best help in the winning of the war. Her views in this respect, she says, are expressed in the quotation:

"It ain't the guns nor armaments, nor funds that they can pay. But close co-operation that makes them win the day. It ain't the individual nor army or navy that can win a war. But the everlasting teamwork of every bloomin' soul."

"Through co-operation, we, the women of Twin Falls county, can make our work most effective. We have already seen the result of our unified effort in our Red Cross organization. Our cooperation is unlimited," Miss Denke said in a recent talk before a gathering of women.

Produce, Serve, Serve. These words represent our field of endeavor, and we have a chance to make our lives and our community, our country, our state and our nation better equipped and nearer the goal of success by our labor. Not that we as individuals must break our strength and our spirit under the burden of war, but by uniting our forces we may increase the efficiency of the whole.

Meet Problems Squarely
"Let us, then, women of Twin Falls county, face the problem of conservation with a clear vision; meet it as a benefit rather than a hardship; keep the winning spirit alive, which carries all before it. Let us forget our differences and be better neighbors and friends."

This is a time for balance and for common sense. What would it profit us if we win the war and forget our health and happiness? For these we are fighting. Let us keep our aim in mind; in our conservation of foodstuffs, time, energy, fuel and clothing.

We can meet the problems one by one—conservation of wheat, meat, sugar and fat first, by increasing our knowledge of food values, which is necessary for physical efficiency. We may acquire this knowledge by seeking together, by reading, and by careful planning. Second, let us simplify gradually our varied diet, till we are able to live, rather than to eat. Third, let us create the spirit to save, rather than spend.

Turn to Grandmothers
"Now is the time to utilize the knowledge of our grandmothers with the knowledge of our neighbors. We may accomplish this by visits with our neighbors, by meeting as groups, and demonstrating our successes, and pointing out our failures whether we be bread or a made-over garment, which would save time for some else."

Simplify Gradually
"The second method of solving this huge problem is by gradually simplifying our varied diet. Let us eliminate the number of dishes prepared, which would give us more time for the many calls on our strength and energy. How-

ever, let us never forget that each individual is a family tradition, and each family is a tradition. It is in this forever and recreation where the members of the family meet as a group.

The most important is to create the spirit to save rather than to spend. This covers a broad range. Saving is a habit that must be cultivated, a spirit that is contagious. We must regard not alone the conservation of food, but time, clothing, fuel, energy and money. We have been proud to be called the spenders, but now let the saver be admired.

The more we save the more we can save. It takes hard power, and plenty of it, and here is our opportunity to become creators, whether we create a new coat for the child out of mother's old one, or whether we make a garden or bake a loaf of bread of potatoes and wheat where we have been accustomed to use all wheat. Now to save most effectively there must be a transfer of ideas and the more ideas we can accumulate the better savers we will become. Let us get together!

"We will be the wheels of progress if we refuse to try the new suggestions, so when we know that what is necessary for the allies, let us make our bread with barley, corn, rice, potatoes, substitute for sugar in cake, honey, corn syrup and molasses; use the beans, peas, cheese, nuts, and milk instead of meat, and restrict the use of fat in the diet."

Motto: Mutual Helpfulness
"We all realize that many hands make light labor, and that two heads are better than one, so let our motto be 'mutual helpfulness.' It is a question yet to be answered, I have actually gained seventeen pounds and feel better than I have in seven years." This is what C. C. Moore of 155 Estola street, El Paso, Texas, says after using a few bottles of the "Master Medicine."

"I had suffered from indigestion and stomach trouble until my health was so shattered I couldn't enjoy living at all. In a fast I hardly knew what it was to have a full day in seven years until I started taking Master Medicine. I had gotten to where I couldn't eat anything or even drink water without suffering from it. I lived for months on nothing but milk and other liquids and these also caused me all sorts of trouble."

"I often got so weak and dizzy I would fall on the streets unconscious and when I came to myself I would be at home in bed. I was very nervous all the time, could scarcely sleep and had awful headaches. Now I know how I did suffer and although I spent lots of money and tried everything I knew of, nothing seemed to reach my case or do me any good."

"I kept falling off in weight and the day I started taking Master Medicine I weighed only one hundred and nineteen pounds. I commenced to feel better in a few days after I began taking Tanlac and have gradually picked up ever since. I now weigh one hundred and thirty-six pounds and have gained seventeen pounds in weight—and what a great feeling health and strength is more than I can tell. I can now eat what I want, as much of it as I please with no bad feelings afterwards. My headaches are broken up, I sleep like a log and simply feel like a different man."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogersburg by Thompson Drug Co., in Murtaugh by Murtaugh & Co., in Elgin by Elgin & Co., in Buhl by C. D. Berling Brothers Co., and in Kimberly by W. A. L. Stowe—Adv.

UNDER TREATMENT FOR BULLET WOUND
Dr. H. W. Wilson at Hospital for Relief From Injury Dealt by Mexican On Border.

Dr. H. W. Wilson left Thursday for Rochester, Minnesota, where he expects to remain for about ten days under treatment at the Mayo Brothers' hospital for a bullet wound in his leg inflicted by a Mexican at Nogales, Arizona, in the summer of 1915, when Dr. Wilson, as a captain of the medical corps, was there with the Idaho regiment on Mexican border service. The wound, although apparently healed, remains a source of trouble.

TWIN FALLS PEOPLE SHOULD EAT PIE DAILY

Pie is wholesome, combining both fruit and grain. Those who have trouble digesting pie should take ONE SPOONFUL of the laxative, Fisher's Glycerine, etc., as ENTERIC in Ad-Li-Ka. This flushe the ENTIRE bowel tract, removes foul matter which poisoned your stomach for months and relieves ANY CASE sour stomach, gas or constipation. It is a sure and rapid relief. Leaves stomach in condition to digest ANYTHING. Fisher Drug Co.

WAGE CAMPAIGN TO KEEP FLATS AT BAY

Proves and Sanitary Commission's Wage Steps to See That No Garbage Accumulates.

With a view to keeping the fly-vill at a minimum in Twin Falls, this summer, J. F. Rigler, street and sanitary commissioner, and his assistant, Charles McConnell, are waging a vigorous campaign to secure the frequent removal of garbage, which, under the provisions of the city ordinance, must be carried away at least once a week. Failure to comply with the ordinance constitutes a misdemeanor rendering the offender liable to prosecution and fine. Among a number of cases in which the commission has called attention to the accumulation of garbage, there have been no refusals or failures to make proper disposition of it.

THE DARK HOUR

America, France and England are fighting today side by side with their backs against the wall. It is impossible to place any other construction upon the current news. The end may be coming sooner than anyone cares to think about. The great big outstanding fact looms up like a beacon in the blackness of night—Germany continues to advance.

To be sure there is a ray or two of hope in the general gloom of the hour. Such of the American troops as have been tried have not been found wanting. Hun raids are steadily repulsed at odd points along the fighting lines. Some few prisoners are taken by French and American soldiers. American manned airplanes are giving excellent accounts of themselves.

But the Allies stand today closer to destruction than they ever have. Let there be no misunderstanding. The fate of civilization hangs in the balance today.

We look for sound, constructive work from Secretary of War Baker, fresh from the front, his mind attuned to the needs of the hour. We believe in the man who holds the destinies of the American nation in his hands and in the leaders from America now on the fighting lines.

But our own part, those of us who remain at home in safety, was never so necessary of performance. Our duty is plain. We must help to the fullest extent of our strength and endurance. Help in the saving of food, the marketing of war bonds, the making of surgical dressings and the cleaning up of the element who would offer covert sympathy to the enemy in any one of the dozens of ways the thing can be done.

The American nation today is cemented together by the ties of adversity. And out of this adversity must arise the force and the strength necessary to crush the German menace into the dust.

THE GERMAN BEAR

Yesterday's news on the German submarine campaign is among the most gratifying of recent features of the war. The fact that the week's sinkings were actually lower than during any week since November of last year is cheering, but it is not well to regard the record of a week as a definite augury for the future and it is not impossible that next week may tell an altogether different story.

German submarines are among the most hardworking of the various arms of the German power. Repairs are constantly necessary and general overhauling, it is to be presumed, must occasionally be put into practice. Nevertheless, the fact of a falling off in undersea activity may be accepted as a good omen.

CROPS

In order to have food supplies it is necessary to grow crops and in order to have and harvest crops labor is an important factor.

The labor situation must be looked into. There is lots of it, but unfortunately, a large percentage of it is unwilling to work.

There is a law on the statute books of both the State of Idaho and the City of Twin Falls which deals directly with the case of the man who won't work. Now the menace of the situation lies in the fact that if the law is not applied, there is grave danger of a personal application of its provisions as the situation becomes acute as between producer and employee, which is bound to be the case a little later on.

NEVER FORGET IT

Possibly because of the Liberty Bond activity during the week, public activity in the cause of better roads appears to have died down.

In this direction continued and repeated action cannot be too strongly urged. No important cause was ever yet brought to a successful culmination without dogged and persistent activity and if any very considerable program of unopposed road building is to result in Twin Falls County it will be accomplished only at the cost of hours, days and weeks of unrelenting labor.

THUNDERING THE LINES

There is no doubt but what the lines are being drawn more sharply every day in the case of the German sympathizer. News from St. Louis

SHOES of this type are the accepted style for Spring. They are made in a variety of models, brown calf, gun metal calf or white. Handsomely stitched and perforated. Very becoming with semi-military dress.

MADE in a wide range of styles, this type has an important place in Spring footwear. May be had in white cloth or canvas, black kid, patent leather or black calf. Many pumps like this are worn with spats or overgaiters.

SPRING and Summer boots of this type are made of white pro-back, and other fabrics. Also in black kid, or two-toned combinations of kid or calf. Very stylish and dressy are these Queen Quality models.

Women of America!

Buy Wisely! Buy the Best!

Judicious buying of standard goods at fair prices is true economy. A shoe or any other article, bought for price alone, may be an extravagance because of its failure to fit, to wear and give service.

Reliable goods carry the makers stamp, which is, your surety of value.

Every pair of Queen Quality Shoes honestly handled and properly fitted by a reliable store, carries a Double Guarantee, that of the dealer and that of Thomas G. Plant Company, Boston, Massachusetts, the manufacturer.

The Style Book for Spring is ready for distribution. The beautiful painting, "Liberty" is reproduced in colors, on the cover. An inspiring work of art.

TAN Russia calf, white canvas. For white pro-back, as well as black leathers. Made on an ideal walking last with modifi hood, they will be worn quite extensively this Spring and Summer.

LACE oxfords have come to the fore to a marked degree. The type shown above is made of black Shoo-Scop Kid, a Queen Quality leather of wonderfully fine texture and long life. Also made of patent and other black leathers.

OUTING footwear includes boots made of white pro-back, canvas or cloth. Brown calf and gun metal calf are also included in the styles for early Spring. The "Girl Military" models are features of Queen Quality designing.

Missouri, of an arrest where the charge amounted to a prediction of a German victory within six months.

This is exactly as it should be. There is no room for the man who is not wholeheartedly against the menace of German imperialism—and that means Germany.

In the past men have got away with it. In the future they are not to be allowed to.

TENNIS AND PRISONFIGHTING

Someone has offered an interesting comparison between the war activities of tennis players and prisonfighters and the facts give it all to the former.

Without going into details it appears that the percentage of nationally known tennis players now actively engaged in one or another of the many branches of war activity is exceptionally high, while the prisonfighters figure to a practically negligible extent.

Sports and their effect on character are an interesting subject.

GREAT PROSPECTS

No farming section ever looked better than does the Twin Falls country today, in the way of crop prospects. Wheat in particular promises to break all records and other crops give splendid assurance of heavy yields.

If the farmers require help to enable them to care for this harvest they must have it. And it will be the part of the non-farmer to assist in seeing that they get it.

TOO MANY FIRES

There are altogether too many fires, explosions, train derailments and similar accidents to be explained upon

purely natural grounds. Here is where the spy does his best work. In this sort of mischief the real servant of the Kaiser is seen at his best.

We are not inclined to believe that this sort of thing will be allowed to go on indefinitely.

A COVERT SIGHT

The resignation of the Austro-Hungarian minister of foreign affairs and the prompt acceptance of the same can hardly help but be of far-reaching effect in Germany. Indeed there are those who profess to see in the action a significance away and beyond the importance of the actual fact.

Certain it is that the German Militarist party has been offered fresh evidence of the unpopularity of its views in matters affecting the dual monarchy. As to just how much actual effect this will have on German politics time alone will tell. But straw points the way the wind blows.

CONSTIPATION AND INDIGNATION

These are twin evils. Persons suffering from indignation are often troubled with constipation. Mrs. Robert Allen, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indignation and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.—Adv.

BANDMEN PROUD OF IDAHO BOYS' THANKS

TWIN FALLS SOLDIERS IN FRANCE ACKNOWLEDGE DONATION OF TOBACCO

The Twin Falls band is the proud recipient of a letter from First Sergeant Herbert G. Lasterbaugh of Headquarters company, One Hundred Forty-sixth field artillery regiment, "somewhere in France," acknowledging and expressing the thanks of the Twin Falls boys in foreign service for the gift made by the band of 2,000 cigarettes and 800 sacks of tobacco purchased with the entire proceeds of the first war benefit dance given by the local bandmen in January.

The letter bears date of March 25. It was received Sunday by J. T. Balbridge, leader of the band. In part it is as follows:

Oldest Most Acceptable. Captain McRoberts being temporarily absent from the company I am taking the liberty of acknowledging the receipt of the cigarettes and tobacco, and also to thank you in behalf of the company for your precious remembrance. There is nothing that the boys more than a package of Camels, so you may be sure your efforts are fully appreciated.

Trouble in Store for Old Bill.

Everyone is getting along nicely and feeling fine. All are anxious to get into the mix-up, and when they do, Old Bill had better find a good hiding place for I sure think this bunch will be hell to stop. While it seems to take a long time to get our outfit in readiness, they are really making rapid progress, and in a short time we expect

to have a first class fighting machine.

France Hears Idaho Band. "The band is getting along fine. Have been giving open air concerts during February and March, and at the present time are giving four each week."

COUNTY ASSOCIATION ELECTS ITS OFFICERS

Dr. A. H. Brand of Twin Falls, Chosen As President By Sunday School Workers.

Delegates from Twin Falls county to the state Sunday school convention met here Thursday afternoon and elected the following officers of the county association for the ensuing year: President, Dr. A. H. Brand, Twin Falls; vice president, C. P. Bowles, Twin Falls; secretary and treasurer, Mrs. G. M. Simpson, Twin Falls. These officers constitute the executive committee of the county organization. Owing to the lateness of the season, it was decided to hold no county convention this year, but the departmental heads will be named and the plans for a campaign of aggressive Sunday school work in the county during the ensuing year will be outlined by the executive committee at an early meeting.

Dr. Brand, who was elected head of the county association, the pastor of the First Presbyterian church of Twin Falls, recently called to that position from Ohio. Under his leadership, organization of the county ministerial association has been effected, and is the new church, and active Sunday school work is being inaugurated.

Lead is selling fast now in Goose Lake valley, Oregon. During past six months about 5,000 acres have been sold. Valley contains 100,000 acres. Write Abilene & Maguire Realty Co., Lakeview, Lake county, Oregon.—Adv.

GERMAN PRISONERS MUST GO TO WORK

WAR DEPARTMENT MAKES GENERAL ORDER IN THE INTERESTS OF EFFICIENCY AT HOME

(By United Press.)

WASHINGTON, April 16.—Every German prisoner of war in this country was ordered by the war department today to be put at work. Eight hundred and fifty were set at the task of building roads near Fort McPherson, Ga., while others at Fort Oglethorpe, Ga., have been engaged in building new structures to house other prisoners.

With the war department taking over for the navy the U-S prisoners captured by the destroyer Fanning, there still remains the problem of whether General Pershing's prisoners shall be brought back here. A decision on this point is expected soon, but meantime the Tenthers taken by the Yankees remain in French prison camps.

Complaints Coming In.

That some complaints of German food and camp conditions have come from American prisoners in Germany become known today. Some of the men reported they did not have enough blankets, while others said they were given either poor quality food or little of it. International law requires a nation to feed its prisoners as it feeds its own soldiers. This Germany is not doing, though the United States is scrupulously observing that regulation. Now, America purports that the interned sailors and other prisoners already on hand and the U-S men coming here shall work for their "chow."

FOR EXCHANGE—Job printing for money. Our work is like your money—the best. Twin Falls News.

Wednesday the six members of the Wednesday Bridge club had the low score for the season. The club is composed of Mrs. J. E. Heinecke, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow. A low score of 100 was made by Mrs. J. E. Darrow. The club is composed of Mrs. J. E. Heinecke, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow, Mrs. J. E. Darrow.

Mrs. E. B. Heinecke was hostess at a charmingly appointed birthday party on Wednesday evening of last week in honor of Mr. Heinecke, and their eighth wedding anniversary. A cut glass bowl of pink and white carnations formed the centerpiece. The evening was spent at dancing. The guests were Mr. and Mrs. C. L. Smith, Dr. and Mrs. H. W. Sawyer, Mr. and Mrs. C. B. Chappel, Mr. and Mrs. Ernest White, Mr. and Mrs. Detweiler of Hollister and Miss Nellie Tesdale.

Mrs. Ernest Snahr entertained the members of the M. C. B. club last week. Mrs. Snahr captured the prize for high score, a hand painted plate. No luncheon was served by Mrs. Snahr, as the club is strictly on a Hoover basis and does not serve refreshments.

Mrs. J. B. Darrow was hostess to the members of the Blue Lakes Boulevard club on last Friday. The hostess was elected president of the club for the coming year. Account of the war work done by the club was very favorable and

The "Fidelity" fund has reached the \$100,000 mark. Meetings on alternate weeks will be devoted to Red Cross work. Mrs. George Darrow and Mrs. Holman were guests.

The Junior Social Improvement club gave a dance at the Parish hall on Friday evening.

The Country Woman's club will meet on Thursday afternoon with Mrs. J. E. White. The annual election of officers will take place.

Mrs. H. C. Dickerson was hostess to the members of the Priscilla club on Thursday afternoon. Red Cross sewing occupied the afternoon. Delicious refreshments were served to ten members. The next meeting will be with Mrs. C. P. Bowles.

Several members of the local I. O. O. F. pleasantly surprised M. H. Faye at midnight on Thursday. At a previous meeting Mr. Faye had presented the lodge with a beautifully wrought altar top of his own design, and representing thirty-six varieties of wood including Idaho sage brush. In return as a remembrance on his seventy-fifth birthday the members presented him with a solid gold headed cane inscribed with the lodge insignia. T. E. Hackman made the presentation speech touching upon the head of fellowship the lodge had drawn about the members. In response Mr. Faye recited the poem "The Banner of Odd Fellowship." The guest of honor has been a member of the I. O. O. F. for thirty-seven years.

AMSTERDAM HEARS PATRIOTIC ADDRESSES

A patriotic meeting held at Amsterdam Friday evening under the joint auspices of the county farm bureau and speakers division of the county council of defense, was attended by nearly 400 persons who heard with deep interest, talks made by Rev. Walter E. Harmon, F. A. Smutz of the high school agricultural department, and Miss Gertrude Deneko, county home demonstration agent. County Agent Donald McLean presided.

ANNOUNCEMENTS

The Royal Neighbors of America will hold their next regular meeting at the I. O. O. F. hall on Friday evening, April 19th, at 8 p. m. All visiting members are welcome.

RHEUMATIC PAINS RELIEVED
"I have used Chamberlain's Liniment for pains in the chest and lameness of the shoulders due to rheumatism, and am pleased to say that it has never failed to give me prompt relief." writes Mrs. S. N. Finch, Batavia, N. Y.
—Adv.

Meat is as Necessary as Steel and Ships

Food is the first essential of the fighting forces.

The American farmer and the packer have met every war emergency, and have promptly furnished an adequate supply of wholesome meat.

No other industry can claim a better record of war time efficiency.

Swift & Company has shipped to the United States Government and the Allied Nations,

Over 12,000,000 Pounds (400 carloads) per week, of beef, pork, and lamb, since January 1, 1918.

In one week recently we shipped 24,000,000 Pounds (800 carloads) and the demand is increasing.

Our profits are limited by the Food Administration to 9 per cent on investment in the meat departments. (This means about 2 cents on each dollar of sales.) No profit is guaranteed.

We are co-operating with the Government to the best of our ability.

Swift & Company 1918 Year Book, containing many interesting and instructive facts, sent on request.

Items of Interest Round the Store

BROWN-LISLE HOSE

Think of how many brown shoes are being worn today and then consider the fact that it is practically impossible to get a brown-lisle hose. For the first time in more than a year we have a brown lisle hose. It is peach and sells for 50c.

LACE OXFORDS

Small feet will fit into the oxfords that are being offered by the shoe department this week at a price. You can cut your shoe bill into a very small fraction if you can wear one of the fifty pair in sizes from two to four now being shown on our counters at 50c a pair.

NEW

Infants' coats made of white wool serge with dainty hand embroidery have just arrived. Would any mother take her time away from caring for her baby to make one of these coats when she can buy it for from \$2.50 to \$4.00.

TO GIVE PRISONERS PART IN WAR WORK

NATIONAL COMMITTEE PROPOSES PLAN TO MOBILIZE THE COUNTY JAIL

The Washington war bureau of the National Committee on Prisons and Prison Labor has notified L. S. Otto, of Filer, of his appointment as official representative of the committee in Twin Falls county.

An explanation of this appointment is contained in a letter to Sheriff Kendall which reads:

Every Man of Value

The prisoners are under your care. Therefore we write direct to you. The United States is engaged in a war in which the man-power of the nation is being effectively mobilized. Every man is of value. The men in your charge should not be relieved of their responsibility to help because they have committed a crime. Yet we are sure that you will be interested in what has been planned in other places to meet this situation. This you will find explained in readable form in a little booklet which is enclosed.

You will naturally say that there is difficulty in encountering opposition from certain elements in the community who begin developing such a plan. Such opposition is always possible. It is in exactly this situation that the National Committee on Prisons and Prison Labor can be of service to you. We have found it of great value to appoint a representative in a county who would be able to help shape public sentiment to carry out what is best along the lines suggested. We have asked our representative in your county to call on you and secure your approval of and suggestions for a plan adaptable to your community. Our representative is L. S. Otto, of Filer.

We feel that it would be well if he appointed, with your advice, several other citizens to help him. We feel certain that the plan worked out as a result of this cooperation will assure the nation in its crisis the use of that part of its man-power which is under your control.

Chicago System.
"Mobilizing the County Jail," which is the title of the booklet mentioned in the foregoing letter, is based on the Chicago system of conserving community waste by misdemeanor prisoners. The superintendent of the Chicago workhouse found employment for the idle prisoners, especially those unfit for skilled work, in gathering and sorting the waste of the municipal departments. The prisoners worked without guards both in and out of the institution. Their labor increased the return for the waste of the municipal departments 900 per cent. Out of this was established a fund of \$40,000 for prisoners' relief.

War Uses Waste.
There is more than \$1,000,000,000 worth of waste in the country which can be reclaimed each year. The demand for waste material to supply war industries has expanded the industry of waste reclamation and necessitated greater stocks of waste materials to supplement our natural resources. The industry is profitable, it requires no investment, it can be continued after the war, and the facilities for making it a valuable adjunct in the war emergency are available.

Opportunity to Serve
Great Britain has stressed the waste program as a part of national defense.

War Time Thrift

is teaching Americans the value of investing their savings in Bonds.

The days of wild speculation are over, for prudent people. This is a time to invest in **SAFETY** and **SURE** securities as provided by our

FIRST MORTGAGE BONDS

Secured by productive Southern Idaho farms and selected city real estate, these Bonds make an ideal investment for wage earners, salaried men and women, farmers and ranchers, corporations, capitalists and estates.

Issued in amounts from \$50 to \$10,000. They run for 3, 5 or 10 years. Interest coupons are payable twice a year.

For each or monthly payments. Example: \$15 a month buys a \$500 Bond in 30 months.

USE CAMPUS AS WAR GARDEN
Caldwell.—The faculty of the College of Idaho is planning to use the campus as a war garden again this year. The crop this year is to be wheat. It is expected that a large crop of green beans, peas and other vegetables will be put in blue grass and alfalfa.

The women of Great Britain and Canada have responded. But women's services are more needed in other fields. The industry is particularly suited to housewives and prisoners. It offers them an opportunity for regular employment and for service in the war emergency which will not constitute unfair competition with free labor if properly conducted. It helps the war effort by saving the waste material of the waste man and the waste material of the

WOMEN REVIEW ORGANIZATION ACHIEVEMENTS AND PLEDGE FEALTY AT WARTIME REPERT

One of the most delightful affairs of the season was the Twentieth Century club breakfast, given in the Parish hall at high noon Tuesday, at which about 110 ladies were present.

Parishian Keynote
The breakfast was marked by the greatest simplicity and was strictly in keeping with the war spirit. Parishian was the keynote. Debs, breakfast, showing in the decorations of the hall and table, the toast, songs and silver offering. The hall was artistically and beautifully decorated with flags, the work of Mrs. Parsons, chairman of the decorating committee.

President's Remarks
The toast ten in number, were arranged artistically in the hall and were identified with flags. At each table, one of the past presidents of the club—Meadows K. Packard, M. J. Sweeney, Clouhach, Schroeder, Elks, Alken, Newton, Bunker, and the present president, Mrs. Humphrey—was hostess. Only two of the past presidents were absent—Mrs. B. E. Morse and Mrs. J. L. Ockley, who are both in California. Each hostess had covered the table with a white cloth, and the place cards being used. White carnations were given to the guests as favors. Before being seated all joined in singing America, accompanied by Mrs. Gubert at the piano, after which the invocation was read by Mrs. Mary Y. Norton.

War Theme Report
The breakfast itself was strictly a wartime breakfast, but was dainty and excellent and served in a charming manner by the domestic science girls of our high school.

After the breakfast the outgoing president, Mrs. Schroeder, in a few appropriate phrases, introduced the toastmasters of the day, Mrs. M. J. Sweeney, who in turn introduced Mrs. Kennedy Packard, honorary president of the club. Mrs. Packard moved to the club in her greeting the necessity of taking time off from the strenuous war work to greet each other with a hearty handshake and thus keep up a cheerful and brave spirit.

Reviews Club News
In a year of retrospect, Mrs. Cora Schroeder, the outgoing president, told of what the club had accomplished in the past year, which was a revelation even to the club members. The club has taken an active interest in the Susan B. Anthony monument, the national war effort, and the lives of the three boys condemned to execution for being found asleep while on guard duty in France. The financial gifts to the war work have been such as to show the vital interest of the ladies in the war. Three hundred dollars have been given to the Red Cross; \$50 has been pledged for the May drive of the Red Cross; \$500 has been pledged for the next Y. M. C. A. drive; the club owns their Liberty Bonds; \$55 has been given to the French and Belgian layette work; two \$100 memorials have been given to the state university scholarship loan fund; a war emergency fund of \$350 has been raised for war work; and \$35 was raised in a subscription for the breakfast for remembrance to the boys at the front.

War Work Club's Duty
The incoming president's vision of the new year was a continuation of the war work with an earnest request that each member be found at her station of duty. Mrs. F. E. Humphrey fully realized that war work is the club's duty for the coming year.

Mrs. Carrie White brought home to the club the necessity of keeping the organization intact, for only by organization can anything be accomplished.

Mrs. Alken in a toast entitled "What of Our Girls—Shall We Neglect Them in This Great World Struggle?" urged that society should not neglect the girls before them, for a nation's ideals are no higher than the ideals of its women.

As Best Views Confirmed
Mrs. Debs was simply prepared after a visit to New York this summer for giving to the club "The War as the Best View of It." She told of the many little courtesies the women of the east extended to our boys from time to time in the serving of coffee and refreshments to the troop trains that pass through, the establishing of war kitchens, and that the war is a battle that only women's hands can do.

Resolutions of Service
Mrs. Churuch presented the following resolutions of service:
Whereas, we are engaged in a mighty conflict to secure democracy and peace to the world; the youth of our nation is gloriously making the supreme sacrifice to maintain noble principles; and
Whereas, the mothers, wives, sweethearts and sisters are giving up their lives and careers to the war effort;

Be it resolved, that the incoming president appoint a committee of five who shall write letters of cheer and encouragement to our boys in France.
Resolved, that we at this time consecrate to the cause of this community

The Toggery
132 MAIN AVE. SO.

who have cheerfully met the issues of the day by giving these near and dear to us the service of our country our heartfelt thanks and appreciation for their great sacrifice, and be it further

Resolved, that we as club women prepare ourselves to stand in readiness to answer every call of service that is in our power and to do our utmost in helping to bring this conflict to an early and victorious close.

Keep Home Fires Burning
The toast to the families of our soldiers, "How Can We as Club Women Lighten Their Burden?" was most appropriately given by Mrs. McRoberts, who summed up her toast in the one word "Home." The value placed on our homes and what we can afford to give to maintain that value was answered by service, for it is through service that the high standard of our American homes will be maintained. The government has assigned to every home its duty—to some homes this duty has been hard. There is always the danger of the home ties being loosened. It is our duty to give courage where there is discouragement.

Boys Need Word From Home
Mrs. E. J. Ostrander in her toast to "Our Boys in France" urged the necessity of sending encouraging and cheerful letters to the boys, bearing all but the bright side of home life; for a discouraged soldier is a half-defeated soldier.

Dedicate Service Flag
The event of the breakfast came when either McRoberts and Beatrice Cox brought in a service flag bearing 28 stars, the gift of Mrs. Alken to the Twentieth Century club and represented the club's gift to our country's cause. Mrs. C. E. Robbins, in a fitting tribute, dedicated this flag in behalf of our boys to the club.

At the close of the breakfast Mrs. M. J. Sweeney, acting toastmaster, in a toast to the club, "The War as the Best View of It," urged the club to support a committee of five who shall write letters of cheer and encouragement to our boys in France.

"Resolved, that we at this time consecrate to the cause of this community

MATHES IS HELD TO ANSWER TO MURDER CHARGE

BROTHER OF DEAD MAN AND ONLY EYE WITNESS DETAILS SHOOTING OF GEORGE BUTLER

As a result of a preliminary examination before Probate Judge G. P. Duvall in the district court rooms here Wednesday afternoon, Glenn Mathes is held to answer in the higher court for the murder of George Butler, which occurred March 22 in the Golden Rule addition to Twin Falls, where both the accused and the dead man resided. No evidence was introduced by attorneys for the defendant. The prosecution put on the testimony of Earl Butler, brother of the slain man, and of Dr. T. S. Wasson. Butler, on the stand, was subjected to a searching cross-examination.

Mathes was admitted to bond in the sum of \$10,000, which has not yet been furnished.

Brother Tells Story
Earl E. Butler, brother of the dead man, under examination at the preliminary hearing, told the story of the shooting which he witnessed. He was awakened at about 11:30 o'clock at night by excited conversation between his brother and Mathes who stood at the front door of their residence, with a gun in his hand. Mathes, he said, asked, "What is the matter with you?" "I'll show you," is the reply Mathes made, according to the witness, at the same time throwing up the rifle and firing at him. The bullet "landed" by an inch. George Butler faced his brother with a look of concern, the witness said, and then turned and grasped the muzzle of the rifle. Mathes, followed by George Butler, backed out the door and Mathes said that he saw his brother and Mathes standing there about three feet apart, when Mathes fired the fatal shot.

Went Back For Gun
The witness testified that he turned back into the house to secure a gun. After some search he discovered a rifle in a closet. The rifle was in a case. He took out, examined it, and then went out through the back door to where his brother lay. Mathes had disappeared, he said.

W. P. Guthrie was entered as associate counsel for the state at the preliminary hearing. Mathes is represented by James E. Bothwell and E. V. Larsen.

HAZELTON RAISES ITS LIBERTY LOAN QUOTA

HAZELTON—This degregation, classed as a district, has raised its full quota of \$34,000 in the third Liberty Loan drive, and the workers are still selling bonds, fixing the goal at \$40,000.

H. K. Belmont, of the firm of Longberger Belmont & Co. in Twin Falls, is handling medical treatment.

Willard Wardell of Hazelton was operated on for appendicitis in the Boys' hospital last Friday, and is on the road to recovery.

Spring wheat is coming through the ground and the fields are becoming green. Farmers have their spring work nearly done.

F. J. McElroy, the O. S. L. agent of this place, has been confined to his home all week with the measles. A relief operator from Pocatello has been running the station.

DISPLAYS ABSOLUTE READINESS TO SERVE

The name of Reuben Dale Schiffman has been added to the list of registrants called to make up the national army contingent that will leave here the last of this month. Technically Schiffman is a delinquent under the draft. Actually there is no one more devotedly patriotic than he. The local board at Kansas City which failed to make complete returns on his physical examination is responsible for the technical charge that was filed against Schiffman when he failed to report after being summoned for a prior draft contingent.

He was in Kansas City at the time, taking a training course prescribed by the federal government for men who for more efficient performance of duty in the motor service. He is a son of John A. Schiffman, engineer at the Rogers hotel, and a mechanic by trade.

He arrived here Sunday from Kansas City and related the circumstances relative to the position in which he found himself to members of the local board at his earliest opportunity.

We Believe in Advertising

There is just one way the DAILY NEWS is sold—MERIT—backed by sound, substantial advertising.

That combination—merit and advertising—is pushing up the circulation every day.

Merit and advertising tell the story. It explains why over 500 persons in Twin Falls county subscribed to the Twin Falls Daily News during the first week of its existence.

It explains why the little circulation figures on the front page change each day—growing always.

Merit—backed by advertising.

People know about the United Press. They know it's the biggest afternoon newspaper service in the world. They know it is a fact and they know it is always dependable.

People know that the Daily News gives them all local and state news.

And they know they get it the day it happens.

They know what the slogan means—"Today's News Today."

Now We Want You

There are over 1000 copies of the Daily News sold each day on the streets and by agents in Twin Falls and the other cities on the branch.

We want you people on our regular Subscription list. Sooner or later you are going to be with us, and the sooner you come in the more we are going to be able to do for you.

Running a daily paper is a business proposition—not a matter of sentiment.

In no other line of business is the public so much a partner. We work for each other's interests.

PRIZES GIVEN BEST LOAVES OF WAR BREAD

MRS. JOHN J. PETERS OF TWIN FALLS, WITH ENTRY 85 PER CENT SUBSTITUTE WINS FIRST

Mrs. John J. Peters, 435 Third avenue west, Twin Falls, baked the loaf that was awarded premier honors by the judges in the war bread baking contest conducted here Saturday under the auspices of the Twin Falls Federation of Rural Women's clubs.

Much Substitute Used

Mrs. Peters' loaf contained 85 per cent wheat flour substitute. Second prize was awarded to Mrs. Ernest White, 123 Eighth avenue east, Twin Falls, whose loaf contained 68 per cent substitute, and third prize went to Mrs. Mary Gillette, 354 Main avenue north, Twin Falls.

The judges were Miss Gertrude Deike, county home demonstration agent, and Miss Winifred Young, of the Twin Falls high school domestic science department.

Decision Made Difficult

Decision of the judges was made difficult by the excellence of all 14 loaves entered in the contest. Regulations of the contest provided that at least 50 per cent substitute must be used, and as much more as possible should be used. The selection for premier honors finally narrowed down to the three loaves which won prizes and one entered by Mrs. John E. White, president of the Federation. Mrs. White withdrew, the judges insisting that her entry receive honorable mention. Choices between the loaves entered by Mrs. Peters and Mrs. White was determined by reason of the fact that the loaf entered by the former contained the greater amount of substitute.

The bread was exhibited and judged at the offices of the Idaho Power company, where it was received Saturday by a committee composed of the following members of the Federation club: Mrs. J. E. White, Mrs. Fred Fox, Mrs. C. H. Eldred, Mrs. M. W. Wright.

Flour Given as Prize

The prize, which was donated by the Twin Falls Milling & Elevator company, was as follows: First, three sacks of wheat flour and three sacks of barley flour; Second, two sacks of wheat flour and two sacks of barley flour.

Third, one sack of wheat flour and one sack of barley flour.

Prize Winning Recipe

Following are the recipes for the prize winning loaves:

First Prize—85 Per Cent Substitute
1 1/2 cakes Yeast Foam, 1 pint potato water, 3 mashed potatoes, 1 tablespoonful salt, 2 tablespoonfuls sugar, 2 tablespoonfuls melted lard, 2 cups wheat flour, about eight cups of rice flour, or enough to make a stiff dough.

Follow general directions of making ordinary wheat bread, that is: first mix sponge and let it rise. Knead to a stiff dough. Let it rise again and knead into loaves. Let the loaves rise and bake about one hour.

Second Prize—68 Per Cent Substitute
1 pint water, 1 cup corn starch, 1 1/2 cups rice flour, 1 1/2 cups wheat flour, 2 tablespoonfuls sugar, 1 small tablespoonful salt, 1/2 cup hot water, 4 cups barley flour. Beat all together and let rise over night in a warm place. Then mix into a stiff dough with 3 cups white flour, 1 cup warm water and 3 heaping spoons of shortening. Let rise twice then knead into loaves and let it rise again. Bake one hour.

Third Prize—50 Per Cent Substitute
1 1/2 cups yeast, 2 1/2 cups warm water, 2 tablespoonfuls Wheaton oil, 2 tablespoonfuls white Karo syrup. Add to this 1 cup white corn meal, 1 cup rice flour, 3 mashed potatoes, 4 cups barley flour. Beat all together and let rise over night in a warm place. Then mix into a stiff dough with 3 cups white flour, 1 cup warm water and 3 heaping spoons of shortening. Let rise twice then knead into loaves and let it rise again. Bake one hour.

Local Briefs

Space Limits Donations—For the past two weeks the local Red Cross chapter has been receiving garments intended for the Belgians, but owing to limited space they can not take any more until those on hand have been disposed of.

Carrier on scation—L. H. Benton, veteran city mail carrier, beginning April 10, is taking a several days' layoff, necessitated from trouble caused by his leg which was hurt in an accident some time ago. His place is taken by Marcy Straight.

Will Pursue Degree Here—Dr. Woldemar, head of the department of biology at the University of Idaho, will arrive in Twin Falls in the near future to begin research investigations relative to aphids pests of clover and fruit trees. Dr. Woldemar is a native of Germany and is now on a sabbatical leave from the University of Idaho, where he has been a professor of biology for several years.

Decision Made Difficult—The decision of the judges was made difficult by the excellence of all 14 loaves entered in the contest. Regulations of the contest provided that at least 50 per cent substitute must be used, and as much more as possible should be used. The selection for premier honors finally narrowed down to the three loaves which won prizes and one entered by Mrs. John E. White, president of the Federation. Mrs. White withdrew, the judges insisting that her entry receive honorable mention. Choices between the loaves entered by Mrs. Peters and Mrs. White was determined by reason of the fact that the loaf entered by the former contained the greater amount of substitute.

The bread was exhibited and judged at the offices of the Idaho Power company, where it was received Saturday by a committee composed of the following members of the Federation club: Mrs. J. E. White, Mrs. Fred Fox, Mrs. C. H. Eldred, Mrs. M. W. Wright.

Flour Given as Prize

The prize, which was donated by the Twin Falls Milling & Elevator company, was as follows: First, three sacks of wheat flour and three sacks of barley flour; Second, two sacks of wheat flour and two sacks of barley flour.

"If you have never attended one of the band dances, you can hardly appreciate the good time in store," the committee says. "If you ever dance, don't miss this one. You will surely get your money's worth besides helping a good cause."

Has President Wilson's Thanks—Alex W. Murray, city planning inspector, has received a letter from J. P. Tumulty, secretary to President Wilson, expressing the chief executive's appreciation of Mr. Murray's courtesy in submitting a copy of original version entitled "A Letter From 'Over There.'"

Lieutenant Bracken Transferred—Lieutenant Leo F. Bracken, son of Mayor F. P. Bracken, Twin Falls, has been transferred from Camp Lewis, Washington, to Camp Fremont, near San Francisco, and probably is assigned to duty with a regiment of infantry of the regular army stationed there. A letter written by him enroute which was received by his parents Friday, off the best of his capability, and the lieutenant was selected from the top of the efficiency list to go to Camp Fremont, and it is their opinion that they will be sent abroad soon.

Is War Stamp Chairman—Succeeding L. L. Brackenknecht as chairman of the war savings stamp campaign in Twin Falls county, C. G. Gubert has accepted an appointment to this position tendered by James H. Hawley, state chairman.

Mrs. Gubert has been consistently active in every movement carried on in this community in the interests of the national war program and for relief of war sufferers. In accepting the appointment, he states that he will give off the best of his capability to fill the place vacated by his predecessor to enter Y. M. C. A. work in France.

Hold Draft Delinquent at Seattle—Del. W. H. Ramsdell of Twin Falls, certified January 9 to the adjutant general as delinquent under the draft law for failure to return his questionnaire, is in custody at Seattle, according to telegraphic report received Saturday morning by the local board from agents of the department of justice in that city.

Ramsdell set up the dependency of his mother and an affliction from rheumatism as grounds for exemption on his registration card. As a delinquent he becomes liable for immediate induction. He served three and one-half years as a seaman in the United States navy, he states on his registration card.

Texas Enlists Here—Bert J. Reed of Gem, Texas, enlisted Friday through the local United States army recruiting station in the war effort and service of the engineers corps, and leaves this evening for Fort Douglas, Utah, from which point he will be transferred to the unit to which he will be attached. Reed came from his home in Texas on Friday, Nevada last December, and had been employed since that time in the construction of the MIRA dam.

Local Bulletin

Superintendent of Schools—The superintendent of schools, J. L. Wright, is expected to return to his home in Twin Falls, Idaho, after a week's absence on a business mission in Oklahoma.

Logan Accepts and Gives—At their meeting Thursday evening the Odd Fellows lodge accepted a gift from M. H. Logan of an inland altar top which he had made for them. In commemoration of his seventy-fifth birthday, the lodge presented Mr. Logan with a gold-headed masonry cane.

Physician for Hansen—Dr. C. O. Paxton of Nebraska has opened temporary offices in the Overland inn at Hansen, where he will engage in the practice of his profession. Dr. Paxton is arranging to erect a building at Hansen which he will occupy with his office and with a drug store.

Says Wife Tired of Marriage—Averaging that she devoted him without cause for three months of married life, Edward Field, Torpman, has filed suit in district court here for divorce from his wife, Christina Field Torpman. They were married in December, 1918, in Chicago.

Drift Takes Musicians—Arnold Hurt, who plays the traps in the orchestra at the Orpheum theatre, on Monday received orders to report for enlistment with the next draft quota from Wichita, Kansas, where he resided. He has applied for permission to leave.

Visits Relative Here—Almer Fox of Wallace, arrived here Monday for a visit with his father, L. B. Fox, and sisters, Mrs. J. M. Maxwell and Miss Eula B. Fox.

Gives Patriotic Talk—Mrs. John E. White of Twin Falls was one of the principal speakers at a patriotic rally at Russell Lane school house Sunday afternoon.

Dehydrators Name Secretary—J. L. Moe was elected secretary of the Twin Falls Dehydrating company, and L. T. Wright was named as a member of the board of directors of the corporation at a meeting of the directors on Saturday.

To Address Graduates—Hal G. Blue, superintendent of Twin Falls schools, has announced his acceptance of an invitation to deliver the commencement day address in connection with the graduation exercises of the Bellevue high school on April 25.

Returns to Post—Miss Brittonari Wolfe, county superintendent of schools, returned to her office Friday after being confined to her home for three days, a victim of the grip. Her illness was seriously interfered with her schedule for visiting schools of the county.

Carrier Becomes Clerk—Oscar Sabine, formerly a city mail carrier, has been transferred to the position of clerk in the local postoffice. The route over which he delivered mail is now being served by Carl Anderson, who was transferred here from Rockford, Illinois, April 10.

Marks Examination Papers—Miss Gertrude Walter of Filor is a temporary assistant in the office of the county superintendent of schools, taking charge of the work of marking the papers turned in by pupils in the eighth grade examinations held April 10, 11 and 12, in the independent districts of the county.

Locating Here—Mr. and Mrs. Van Hemert of Stuart, Iowa, arrived the first of the week to make their home permanently in Twin Falls. Mrs. Van Hemert is a sister of A. R. Ostrander of the Ostrander Furniture company, with whom Mr. Van Hemert has accepted a position.

Joins Brother in Service—William O. Harris, brother of Reed Harris of Twin Falls, who enlisted some weeks past in the marine corps, was accepted Tuesday for enlistment in the same branch of the service, and left that evening for Salt Lake from which point he will be assigned to a training station.

Entertain Pioneers Leaving—Mr. and Mrs. Henry J. Wall entertained at their home Tuesday evening at a reception in honor of Mr. and Mrs. O. B. Fuller, pioneer residents of Twin Falls, who left on Thursday morning next for their new home in Detroit.

Keep Stubbs at Hansen—J. E. Stubbs, whose accession to the post of superintendent of schools at Hansen followed his resignation as secretary of the Twin Falls Commercial club last November, has been retained in charge of schools at Hansen next year by vote of the directors at a recent meeting.

TEN O'CLOCK

And the day is done! Fighting has ceased, and quiet again reigns on all fronts—if for only a few hours.

By this time—ten o'clock—the newspaper correspondents have finished their last "stories" of the day's fighting, and these stories are speeding over the wires to America—to amplify the reports these trained newspaper observers have sent off during the day.

The United Press has representatives with all of the allied armies in the field, and in all of the important capitals of Europe.

It is their business to supply United Press readers in America with facts—cold, colorless FACTS.

And by ten o'clock at night they have "covered" the day.

But ten o'clock at night in Europe is still early afternoon in the time zone in which we live.

That is how the Daily News can give you

"Today's News Today"

Merely an advantage in time—that's all.

Our forms are held every afternoon until the "last word" from Europe arrives direct at our office—over our own leased United Press wire.

All day long the "big" stories of the entire world are being sped across the continent on this wire, and the Daily News gets them all, and gives them fresh—the day they happen—to its readers.

You read about it the day it happens.

Do it now.

the probation officer, including the defendant for a time in an isolated ward in the county jail.

Wendell Wins Football Contest—The Wendell high school team was defeated by the Twin Falls high school nine in a football game played on the Wendell school athletic field here Tuesday afternoon. The score was Twin Falls 13, Wendell 2. The Rupert team, which was defeated by a score of 11-0 by the local nine in the first game of the season at Rupert, came here for a return game on Friday afternoon.

Stone for Tomatoes Arrives—The first two car loads of stone trimming for the new Twin Falls federal building have arrived from Boise. Bricklayers have completed the brickwork of a portion of the basement floor, and stone masons will be put to work in their wake immediately. About seven car loads of stone will be used in the building, the contractor, E. E. Campbell, states.

Seeks Active Agents—A. Guilbert as successor of L. L. Brockbridge, as director in Twin Falls county of the War Savings Stamp campaign, desires to see that they are offered and sold by authorized agents. Those stamps are of such small denomination that men, women and children can buy them. That money is only lent to the government and it brings interest.

Wife Seeks Divorce—Asking for divorce from her husband, Conrad M. Classen, and restoration of her maiden name of Summers, Mrs. C. Classen, of Kimberly, has filed petition in district court, in which she avers that she was married to Classen in Twin Falls in October, 1911, and that in February, 1918, he left her and went to Sacramento, California; also that the defendant was addicted to intemperance.

Moves to Twin Falls—C. O. Ogden, formerly of Jerome, but now resident of Butte, Nevada, arrived Sunday to locate here. Mr. Ogden's family preceded him to Twin Falls several weeks ago. They are stopping at the Oxford.

Advertisements in the Classified column Don't be without a "tacet."

ROBINSONS

JUST TO REMIND YOU
ARE YOU SURE that you come to this store just as often when there are no advertisements in the newspapers as when they appear each week?
 I am sure that my advertisements are reminders to a good many and it is a question in my mind as to just how often I should use newspaper advertisements as reminders.
 Many of you know that this store carries a splendid line of hosiery, and it is truly remarkable how many hose we sell, but perhaps but few realize just what a large variety is here.

A SPECIAL NUMBER IN HOSE
 A specially good number that has just come in is an all-rib for small women and big girls, just in between a regular make women's and the large size children's.
 This is a fine rib in a soft finish lace; made with double sole, heels and toes; very durable; white or black and most responsible at 50 cents a pair.

JACK TAR TOGS
 REGISTERED TRADE MARK
 MIDDIES—DRESSES—SMOCKS—BLOOMERS—SKIRTS

MAR-HOF MIDDIES
 MAR-HOF middies are so well known to many of the BIG GIRLS and YOUNG LADIES around here that a word of where they can be found is all that is necessary. You will find them here in the regulation navy kind. Some are priced as low as \$1.45.
CORSETS
 There seems to be a growing demand for front lace corsets; in fact, there are some manufacturers who are making lace front models only. FRONT LACE-CORSETS have many advantages over the back lace style, with seemingly no disadvantages. They surely are more convenient on account of the hooks and lacing both being at the front. Specially good values at \$1.50 and \$2.00. Better ones up to \$5.00.

A girle top dancing corset in the Madam Pfell front lace corset is illustrated above. Made in strong lightweight pink coutil, very low bust, with rubber girle top all around or only under arms.
Edward Robinson

"THE GOLD STANDARD OF VALUES"

The cure was almost complete by the use and regular use of this medicine. I have a skin disease, the face and would not be without it. I highly recommend it to everyone. I tell you it's a good medicine and want you to know it."

 Wednesday, April 17—Boys' and girls' club leaders meeting at Castleford in the afternoon.

Paint is a necessity—not a luxury

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait your house is worth less. Good-paint money is good paint insurance. And it's pretty good insurance on the value of your property, too.

DEVVOE The Guaranteed Lead and Zinc Paint
 Four Gallons—Year's Longer

If your house needs painting, come in and let us tell you what it will cost you to use Devvoe.

We say "Devvoe" because it's absolutely pure.

That's why Devvoe takes fewer gallons, wears longer—and costs less by the job or by the year. And that's why we guarantee Devvoe without reserve.

Ask us for helpful illustrated booklet—"Keep Appearances Up and Expenses Down."

SALLADAY HARDWARE CO.
 TWIN FALLS, IDAHO
 PAINT DEVVOE PAINT

Potato Souffle
 1 1/2 cups flour, 1/2 cup mashed potatoes, 1 egg, 1 cup milk, 2 teaspoons baking powder, 1 teaspoon salt, 1 tablespoon sugar, 2 tablespoons melted fat.
 Beat the egg, add the milk and mashed potatoes, put through a ricer, mix and sift the dry ingredients and add to them the liquids, beating thoroughly. Add the fat and bake in well greased muffin pans.
 Note:—Cornmeal may be used in place of half the flour. The addition of dates or other dried fruits gives variety.

Potato Bisquit
 1 cup mashed potatoes, 1 cup flour, 2 teaspoons baking powder, milk, 1 teaspoon salt, 1 tablespoon fat, 1 egg.
 Mix and sift the dry ingredients and work in the fat. Add the potato, put through a ricer, and well beaten egg. A little milk may be needed but the mixture should be quite stiff. Roll or pat the dough to 3/4 inch thickness and cut into small rounds. Bake in a very hot oven.
 Note:—The egg may be omitted. In this case use 3 teaspoons baking powder and milk alone for moistening. The dough should be very stiff.

Potato Cake
 2 squares of chocolate, 1/2 cup corn syrup, 1 cup mashed potatoes, yolk of 1 egg, 1/2 cup butter substitute, 1/2 cup sugar, 1/2 cup sour milk, 1 egg, 1/2 cup flour, 1/2 teaspoon soda, 1/2 teaspoon vanilla.
 Melt the chocolate over hot water. Add the syrup, potatoes and egg yolk and cook to a smooth paste and set aside to cool. Cream the butter, add gradually the sugar, beaten egg, sour milk and flour mixed and sifted with the soda. Bake in cup cakes or in shallow pans, using fruit filling between the layers.

Filling
 1/2 cup figs, dates or raisins finely chopped, 1-3 cup boiling water, 1 tablespoon lemon juice, 1-3 cup sugar.
 Mix the ingredients and cook slowly in a double boiler until thick enough to spread. Spread while hot.
 Note:—A spice cake may be made by adding 1/4 teaspoon each of cloves, cinnamon and nutmeg and nuts or raisins or both. The chocolate may be omitted.

Potato Drop Cakes
 1 1/2 cups hot mashed potatoes, 1 1/2 cups sugar, 1 cup beef or butter fat, 1 1/2 cups flour, 2 teaspoons baking powder, 1 teaspoon cinnamon, 1/2 teaspoon cloves, 1/2 teaspoon nutmeg, 1/2 cup raisins, 1/2 cup nuts.
 Combine the ingredients in the order given, and drop the mixture by spoonfuls on a slightly greased tin. Bake the cookies in a moderate oven.

Duchess Potatoes
 To two cups of hot mashed potatoes add two tablespoons butter, one-half teaspoon salt and one egg slightly beaten. Beat thoroughly and shape in the form of cones and brown in a hot oven. An ice dipper is convenient for shaping the cones.
 Note:—To vary these, before baking make a deep indentation in the top of each cone, fill with cheese and sprinkle cheese over the outside. Bake in a hot oven.
 A small quantity of left over mashed potatoes and some other vegetable may be utilized by making nests of the potatoes and after browning filling the cavity with the seasoned and heated vegetable.

HOUSEKEEPER CAN HELP TO PREVENT WASTE OF POTATOES
 There are thousands of bushels of potatoes in Idaho which will spoil unless they are used in the next few weeks. Every effort is being made to do up and ship facilities that a majority of the stored crop can be sent to eastern markets. In the meantime, the Idaho housekeeper can make more use of this valuable food than she has formerly. By so doing she will help to use the present supply and so encourage the further production of this valuable crop.

Potatoes a Fuel Food
 Bread is eaten for its fuel value. Potatoes are also a fuel food. Bread is made largely from wheat which is hard to save and ship abroad in order that our army and allies can have sufficient food. We can use more potatoes which are cheap, abundant and at this time of year perishable and so conserve the wheat. This saving can be accomplished not alone by substituting potatoes for part of the flour in breads, muffins and cakes. As these are both fuel foods a greater consumption of one would mean a decreased consumption of the other.

Suitable for Any Meal
 Although the potato is the most common article of food in this country it is very often ruined by poor preparation. Potatoes are composed largely of water and starch and have small quantities of the building materials, protein and mineral matter. Properly prepared a plain boiled potato is suitable to be served at any meal.

Directions for Preparing
 Potatoes should be cooked only until done, drained immediately, salted and dried by shaking over the fire. The skin should be cut to allow the escape of the steam. Potatoes should never be covered closely after they are done as they will become soggy. If they are not served immediately they should be covered with a cloth and put where they will keep hot.

Peeling Causes Waste
 Experiments have been made which prove that much of the potato is wasted if it is peeled before boiling. These show the loss not only of that part discarded with the peeling but of starch, protein and mineral matter which is lost in the water. As there is more loss by putting them on to cook in cold water, potatoes should never be soaked after peeling.

Size Uniformity Desirable
 One of the secrets of successful potato cookery is to have them uniform in size. By washing and sorting a large pile of potatoes at one time, much time is saved and uniformity is assured. The ones which are cut, scabby or partly rotten can be peeled. This should be done carefully so that as little good potato as possible is wasted. These may be cooked by steaming with no loss of food value. Although potatoes are so plentiful none should be wasted, especially after cooking.

Following are recipes for preparation of potatoes in various forms which have been tested and are recommended by Miss Gertrude Denoe, county home demonstration agent.

Potato Griddle Cakes
 1 1/2 cups flour, 1/2 teaspoon salt, 2 cups sour milk, 1 cup mashed potatoes, 1 1/2 teaspoons soda, 1 egg.
 Beat the egg until light, add the milk and potatoes which have been put through a ricer. Add the dry ingredients which have been sifted together. Beat thoroughly. Bake at once on a hot greased griddle.

Bevo
 A BEVERAGE

This distinctive new creation in soft drinks is sparkling—snappy—delicious. It is headlined with the wholesomeness of the choicest cereals—appealing with the bouquet and agreeable bitterness which only choice hops can impart. It is sure to "hit the spot"—sure to encounter no rivals.

Bevo—the all-year-round soft drink

Guard Against Substitutes
 Have the bottle opened in your presence. First look at the seal has not been broken, and that the words "Bevo" are on the label. Then is sold in bottles sealed and bottled exclusively by ANHEUSER-BUSCH ST. LOUIS

 TWIN FALLS, IDAHO

HAVE A COUNTY WITHIN \$10,000 OF COAL

CHAIRMAN O. D. THOMAS
FIGURES TOTAL SUB-
SCRIPTIONS TO DATE
AS \$540,000

Twin Falls county must subscribe another \$10,000 to fulfill its quota of \$550,000 of the Liberty Loan bonds, said C. D. Thomas, county chairman, at headquarters here Wednesday. Total subscriptions for the county reported and checked at headquarters at that time amounted to \$537,700. In the office there were additional subscriptions, Mr. Thomas said, to bring the total up to \$538,000. He added \$10,000 as the county's share of the subscriptions of concerns doing business in more than one Idaho county made direct to state headquarters.

Twin Falls district subscriptions reported on Tuesday were \$223,370, while the Buhl district reported \$145,000.

Center Meets Landowners
 Twin Falls volunteer teams are assisting in the campaign in some of the rural districts. One team yesterday canvassed a district which has a quota of about \$4,000, securing \$3,500 in subscriptions. It was noticeable in this district, the team leader said, that most of its residents were renters of land owned by persons who reside in town. In one case the renter bought a \$100 bond, investigation showing that the owner, who holds clear title to the property of 120 acres and resides in Twin Falls, has not subscribed more than his renter did.

In another instance in this district, the team was invited in to receive the \$100 subscription of a housemaid, whose purchase was made out of savings from her meager wage.

NEW JARRIDGE ROAD **NEARING COMPLETION**

Weather Map Improved Route to Mining Camp Will Be Open to Travel May 1.

The new road between Jarbidge, Nevada, and Twin Falls county points will be open to travel on or before May 1, according to A. E. Fox, civil engineer, in charge of the construction of the highway for Twin Falls county. The road was here Saturday, together with the county commissioners.

The new road eliminates several steep pitches and dangerous grades in the present route to the Nevada gold mining camps. From the Hot Hole, west of Jarbidge, it extends through Twin Falls and Owyhee counties in Idaho and through Elko county in Nevada.

Building of the new road has been made possible by appropriations of Twin Falls and Elko counties, together with substantial donations on the part of the Elko Mine company, operating a large mill at Jarbidge, and of the Oregon Short Line Railway company.

Construction was started last fall. Contract for the work was let both by Elko and Twin Falls counties to William Harkins, who is pushing the work to a successful conclusion.

ACCEPTS PLACE AS **COUNTY CLUB LEADER**

F. A. Banta of Twin Falls High School to Direct Summer Work of Students in Garden and Home

F. A. Banta, Twin Falls high school manual training instructor, has accepted an appointment as director of the boys' and girls' club work in Twin Falls county under the summer vacation program. The appointment is made by the state university extension service and county commissioners upon recommendation of the county farm bureau.

As director for the county, Mr. Banta will have charge of the club work in the Twin Falls, Buhl and Burley districts where district leaders have been appointed, as well as in the other districts of the county.

Mr. Banta last year was leader of the boys' club in the Twin Falls school district, to which position George E. Denman, high school agricultural instructor, has been appointed this year.

STUDENT SPEAKER **SCORES AT ELMWOOD**

Elmer Wyland, Twin Falls high school student, at a patriotic meeting at Elmwood school house Saturday evening, scored a decided hit with the audience which filled the building when he repeated Lloyd George's speech on the entrance of the United States into the war, the oration which Wyland gave as a participant in the state declamatory contest at Burley last week. Other speakers at Elmwood on this occasion were C. D. Thomas, chairman of the Liberty Loan drive in Twin Falls county, and Sergeant W. B. McCord, in charge of the local marine corps recruiting station. Both spoke convincingly on the duty of the American citizen in support of the nation at war.

From Vantage on Farm
 Rev. C. L. Buhl, pastor of the Methodist church, with Mrs. Buhl, returned from a recent visit, after spending a week's vacation at their farm near Burley.

POWERFUL, CONVINCING, BRILLIANT WELL HANDLED—'JEALOUSY'—PAULINE FREDERICK

THURSDAY, FRIDAY AND SATURDAY AT THE IDAHO THEATRE—A TENSELY DRAMATIC AND UNIQUE PHOTOPLAY BY THE FAMOUS AUTHOR OF 'EXPERIENCE'

The fact that George V. Hobart, author of 'Experience', 'Everywife' and other noted plays, wrote 'MADAME JEALOUSY' should be of sufficient interest to make everybody in town wish to see this picture. But when you add to this noted authorship the talent and charm of Miss Pauline Frederick—the star of Zaza, Eternal City, Double Crossed, Sapho and many other plays which most everyone has seen and admired—you have a combination which is rarely excelled in screendom.

"MADAME JEALOUSY" IS MORE THAN AN AMUSING PHOTOPLAY WITH AN INTERESTING STORY AND BEAUTIFUL PHOTOGRAPHY—IT GIVES EVERYONE SOMETHING TO THINK ABOUT.

Containing a perfect romance of even more than usual "heart interest," 'Madame Jealousy' is still quite a change from the ordinary photoplay and especially to be commended for the excellent photographic effects and general sumptuousness of detail which were obtained by Cameraman Ned Van Buren, and Director Vignola.

VAUDEVILLE

PRINCE NAPOLEON
World's Smallest Entertainer

BROD AND PAO
Singing and Comedy

Katherine MacDonald, who plays opposite Douglas Fairbanks in his new Aircraft picture, 'Headin' South,' says that to work effectively with the acrobatic actor one must be a dandy athlete. "His stunts," said Miss MacDonald, "are more thrilling than I have ever seen in a circus, and really the risks he takes are very great." "While we were working at Tucson, Arizona, on a train holdup, he leaped all over the locomotive with the agility of a simian. His jump from the speeding train onto an opposite bank caused us all to shriek with horror. He certainly earns his large salary." "Working with Mr. Fairbanks has compensations other than money. He is a student, and his peculiar philosophy is more refreshing and instructive than any of the philosophies I studied at school. The amusing experiences we had with the two hundred cowboys and Mexicans who take part in 'Headin' South' will fill half of my diary for the new year."

THURSDAY, FRIDAY AND SATURDAY AT THE IDAHO THEATRE

The "Thing We Love" presents splendid exploitation material, inasmuch as it deals with the subject that has received more publicity recently than any other matter connected with the war—the German spy system in America. The hero of the story is a pacifist, who, disgraced by an unscrupulous manufacturer of war munitions, is about to permit himself to become a party to a plot to blow up a munitions plant, in revenge for the wrongs for which he felt the government partly responsible. Through a series of dramatic incidents, he is brought to see things in their true light, and by the efforts of his sweetheart is enabled to frustrate the Hun plot, and make reparation. The story is said to be founded upon actual incidents, and will undoubtedly have a strong appeal everywhere.

A treat is in store for moving picture patrons in Vivian Martin's delightfully spontaneous impersonation of "A Petricot Pilot" in the Paramount picture of that name. "Mary Gusta" (Vivian Martin) is a quaint ginghamed little figure who steals away the hearts of the three gruff old Cape Cod sea captains who adopt her. The shore scenes and the scenes taken in the ship, duty, seldom-opened "best picture" are laughable in the extreme and throughout the entire production the pungent, spicy odor of the salt air seems to furnish a background of wholesome reality.

Surgical Dressings
 (By Amya Josephine, Nurse.)
 Interminable folds of gauze.
 For those whom we shall never see.
 Remember when you change your nurse.
 That every drop of blood contains
 This whiteness, falls for you and me.
 Part of the price that keeps us free.
 To serve our own, that keeps us clean.
 From shame that other women know.
 Oh saviors we have never seen.
 Forgive us that we are so slow.
 God—if that blood should cry in vain
 And we have let our moment go.

The organization of the city branch of the T. F. chapter is nearly completed. The following officers have been appointed by the board: Mrs. F. F. Becken, chairman; Mrs. Geo. Aiken, vice chairman; Mrs. L. E. Salladay, secretary; Mrs. O. C. Higgins, treasurer; Mrs. W. F. Pike, chairman sewing committee.

The work in the surgical dressing department will begin again on Monday, April 22. Now that the women in Twin Falls understand the pressing need of these dressings, let it serve again be necessary to send out a call for workers. Every day the need grows greater as every day the number of our boys over seas grows larger. As many workers as we had last month will fill the quota, the hours and the days are the same.

The quarterly meeting of the county auxiliary has been postponed to Saturday, April 27.

Because of the forming of the Twin Falls city branch it is necessary that a check be made on all outstanding yarns. Will anyone having wool either in finished or unfinished garments, return same to the sewing room on or before April 20.

The first aid classes under Dr. C. R. Scott will take their final examinations in about two weeks, after which a new class will be started.

Under the leadership of the Children's bureau of labor of the United States, a country wide effort for the saving of the lives of 100,000 children in the United States by increasing throughout the country measures for child protection, is now being organized. The methods will be those which have already proved efficient in saving the lives of children in the United States. To inaugurate the Children's Year, a nation wide campaign of measuring of babies and children of pre-school age will be undertaken. This will show each community what the children need, if the raising generation is to be free from the physical defects which the draft has revealed.

It has become necessary to procure a room for the storing of supplies for the Red Cross chapter in Twin Falls. Suitable quarters have not as yet been found.

MURTAUGH DIRECTORS **ELECT TEACHERS**

Dennis Briggs of Glen, Oklahoma, Is Named Superintendent For Next Term

MURTAUGH—At a meeting of the school board on April 9 the following teachers were elected for the next school term: superintendent, Dennis Briggs of Glen, Oklahoma; Mrs. Hanley was re-elected and Miss Litchfield of Camden, New Jersey, as primary teacher, and Miss Rosen, there is still one teacher in the high school department to be elected.

Mr. and Mrs. I. E. Stansell, Mr. and Mrs. F. J. Fahy and daughter motored to Twin Falls Thursday evening to attend the Sunday school convention.

T. L. Whitworth has a nice residence built on his property south of town.

Mr. and Mrs. Nathan Merrill are rejoicing over the arrival of a baby girl, born April 10, their first born. Mother and babe are doing nicely.

Mrs. Will Hall and children, who have been visiting in California for several weeks, returned home Saturday.

Mrs. E. D. Hunt is in Twin Falls taking treatment for throat trouble.

E. S. True, who is in Twin Falls taking treatment for rheumatism, is slowly improving.

EXPLAINS PREVENTION **OF GRAIN EXPLOSIONS**

As a part of the emergency campaign being carried on to secure a more general understanding of grain dust explosions and means of prevention, the grain corporation of the United States food administration, through the office of the county agent, is sponsoring a meeting for millers, elevator operators and farmers to be held in Twin Falls on Saturday, April 20, in the Lavering theatre, beginning at 3 o'clock in the afternoon.

Dr. H. H. Brown of the department of agriculture bureau of chemistry, who has been detailed to present the smut dust explosion work in the Pacific northwest, is to be the speaker at this meeting. In the course of his lecture, graphic illustrations will be exhibited by means of lantern slides and motion picture reels. Miniature grain dust explosions and some excellent views of threshing machines in operation blowing up and also equipped with protection apparatus will be shown.

The investigations of the department of agriculture have developed the fact that the grain dust explosion problem has not been thoroughly understood by many millers, elevator operators and threshing machine men. As a result certain practices are being carried on which are felt to be dangerous and which may cause extensive grain damage by fire and explosions. A number of various disastrous fires and explosions have occurred during the past year, many if not all of which could have been prevented, the food administration declares.

The ladies of the G. A. R. will meet next Saturday afternoon with Mrs. Whitney at 321 Second avenue west. The ladies are requested to bring needles and scissors with them to sew for the Red Cross.

GIVE FIVE HUNDRED **BOOKS FOR SOLDIERS**

Twin Falls Library Reports Donations—Asks for Continuance to Chase Rine Davis

The Twin Falls public library reports that the people of the community have contributed about five hundred books during the past week for the use of our soldiers and sailors, and that still more books are coming in.

All stations which have been opened for the receipt of books will be continued indefinitely, and the public is urged to form the habit of turning in their new books as soon as they have read them. In this way, a constant stream of fresh books into the camps will be assured, and a most effective average established against the blue devils of loneliness and depression.

JURY DISAGREES **IN LARCENY TRIAL**

Deliberation of 18 Hours Results in No Verdict in Case of Pay Cox of Murtaugh

After deliberating for 18 consecutive hours, the members of jury in district court at Albion last Wednesday reported to Judge W. A. Babcock, presiding, that they were unable to agree upon a verdict in the case of Pay Cox of Murtaugh, charged with grand larceny. The jury was dismissed and the case continued. Cox is accused of the theft of four head of cattle, ownership of which is claimed by Reuben Randall of Murtaugh. The alleged offense took place on December 6, 1917, and the cattle were taken from the vicinity of Murtaugh at a point one-half mile over the boundary line in Cassia county, of which Albion is the county seat. W. P. Guthrie of Twin Falls appeared in the trial as an attorney for Cox, while Sheriff Kendall was summoned as a witness for the state.

To Mr. and Mrs. Donald Mackay, on April 4, a daughter.
 To Mr. and Mrs. J. H. Detweiler, on April 8, a son.

Deaths

Infant Winschall

Funeral services for the three day old daughter of Mr. and Mrs. P. F. Winschall, 451 Sixth avenue east, who died at 8 o'clock Tuesday evening, were held Wednesday afternoon from the family home, with interment in the Twin Falls cemetery.

Claude Harrison Showmaker
 As a result of valvular heart trouble from which he had been a sufferer for more than a year past, Claude Harrison Showmaker, 13-year-old son of Mr. and Mrs. James H. Showmaker, died at 3 o'clock Monday afternoon at the family home two miles southeast of Kimberly. Funeral services were held at the home at 1 o'clock Wednesday afternoon.

Arthur Clamptis
 Funeral services under the auspices of the Y.M.C.A. of Christ were held Sunday for Arthur Clamptis, aged 28, at his home one mile west of Amsterdam, where he died at 3 o'clock Saturday afternoon as a result of typhoid fever. Deceased leaves his parents, Mr. and Mrs. F. A. Clamptis, who are residents of the vicinity of Amsterdam; also his widow and three children. He was a native of Oklahoma.

Lloyd Stevens
 Lloyd Stevens, six months old son of Ernest Stevens, Second avenue west, died Wednesday night as a result of a severe cold, which was complicated by cough. Funeral services were held at 3 o'clock Friday afternoon from the Grosman & DeWitt chapel, with interment in the Twin Falls cemetery.

Mrs. Helen Hare
 Funeral services for Mrs. Helen Hare, wife of J. H. Hare, who died Monday at a local hospital, were conducted Thursday afternoon at the Crosby chapel by Dr. A. H. Broad, pastor of the First Presbyterian church. Parents of Mrs. Hare and other relatives were in attendance from Council, Idaho. Pallbearers were chosen from among the members of the Odd Fellows, Masons and Modern Woodmen lodge, of which Mr. Hare is a member. Interment was in the Twin Falls cemetery.

MARRIAGE LICENSES
 A marriage license was issued Tuesday to John M. White and Dora M. Whitaker, both of Oakley.

Births
 To Mr. and Mrs. Donald Mackay, on April 4, a daughter.
 To Mr. and Mrs. J. H. Detweiler, on April 8, a son.
