

FIRE IN PAINT SHOP DESTROYS FOUR MACHINES

EXPLOSION OF OIL STOVE IN VARNISH ROOM BELIEVED TO BE CAUSE OF COSTLY BLAZE

Fire originating probably in the explosion of an oil stove in the varnish room at 8:30 o'clock Friday afternoon, damaged beyond repair four automobiles in room occupied as a paint shop by H. E. Outing in the building on Second avenue south owned and formerly occupied by the Lind Automobile company.

Other Cars Not Damaged. Four automobiles, a truck and a tractor in another part of the building were not damaged except that the top was burned off the truck. The building was not damaged materially. The fire department plied a stream of water on the flames until they were extinguished about 45 minutes after the alarm sounded.

Owners Stand Loss. Damage to the building is fully covered by insurance. It is reported. The owners of the cars in the paint shop must stand the loss, it is asserted, in accordance with decision on the question of liability in similar cases, and notably in a garage fire at Burley about a year ago.

The vehicles were practically new. Liberty cars owned by the Rupert Automobile company, Buick, a Studebaker, owned by H. E. Banger, Twin Falls; a Deo, owned by Duke & Wray of the Automobile Supply company, Twin Falls; a Ford, owned by Fred Cooper, Twin Falls.

Just Machines Recaped. The cars that were not damaged included four new Elgins consigned to the Gem State Motor company, Boise, and stored by the Oregon Short Line Railway company in this building; a Knox tractor and a Republic truck, owned by the Idaho Republic Truck company; also three used cars that had been converted into trucks and which were the property of the Lind Automobile company.

The paper wrappings on the new cars were not removed, although the cars were drenched with water.

Damage Was Absent. Mr. Outing claims that the fire broke out in the absence of an employee whom he had left in charge during the afternoon, and no one was in the building at the time. He is of the opinion that it was caused by the explosion of an oil heater that had been used in the varnish room for the purpose of keeping the varnish pliable. No insurance was carried on the paints, varnish or other materials used by Mr. Outing in this shop.

KNIGHTS PYTHIAS TO MEET HERE

IDAHO GRAND LODGE DEFERS POSTPONEMENT MOVE

The Idaho Knights of Pythias grand lodge will hold its annual convention in Twin Falls on June 10, 20 and 21, as determined here at the last year's convention in Nampa, according to word received Friday from Grand Chancellor Thomas R. Jones of Wardner, Idaho, by W. A. Minnick, chairman of the grand lodge entertainment committee appointed by the local lodge.

Suggestion Voted Down. Decision to hold the convention this year marks the debut of a movement initiated here to postpone the session and defers the funds that would be expended for this purpose to the purchase of new securities or contribution to war relief funds. The proposal was submitted to referendum vote of the grand lodge of the state, with the result apparently that it has been voted down.

Preparing Hearty Welcome. Twin Falls Knights of Pythias are anxious that their motive in submitting the proposition shall not be misinterpreted, and are arranging to extend a cordial welcome and entertainment to the visiting lodges and delegates.

Auxiliary Session Ongoing. The annual convention of the Idaho grand temple of the Pythian sisters, the auxiliary organization to the Knights of Pythias, will be held here simultaneously with the grand lodge session. It is estimated that there will be approximately 1500 Knights of Pythias and 50 Pythian sisters here in attendance at the conventions.

INVENTS IMPROVED TYPE OF AIRCRAFT

JOHN D. BRADSHAW, CLERK IN POST OFFICE, WILL GIVE RIGHTS TO GOVERNMENT

John D. Bradshaw, a clerk in the Twin Falls post office, has received word from a patent attorney that his invention of an aircraft that is proof against turning upside down while in the air, is admissible to patent. The invention will be given to the government, Mr. Bradshaw states.

The principle on which the model is designed is one that suspends the weight so that it has the same position as a parachute. Mr. Bradshaw has been working on his model at spare times and expects to have one completed for a demonstration here in the near future.

FARMERS' MEET WELL ATTENDED

AGRICULTURE PROBLEMS DISCUSSED BY EXPERTS AT BUEL INSTITUTE

(Special to The News) Two hundred fifty farmers with their families attended an all day farmers' institute held in the Buhl school Friday under the auspices of the Twin Falls County Farm Bureau.

Hoover Lunch Figures. A free Hoover lunch was served at noon by Miss Gertrude Denoecke, county home demonstration agent.

The speakers included Dr. E. A. Bryan, state commissioner of education and chairman of the state council of defense; Oscar Jones, representative of the federal bureau of markets; W. F. Alworth, president of the state and county farm bureaus; H. E. Banger, H. E. Smith, associate professor of sociology and entomology of the University of Idaho; N. E. Lusk, state poultry agent; C. M. Thompson, H. E. Fisher of Buhl, community leaders; Miss Ada B. Erwin, state field home demonstration agent; Mrs. J. H. White, Twin Falls; and Mrs. J. H. Beaver, Castleford.

County Agent Donald McLean presided at the session for the men, and Miss Denoecke at the women's program. Mr. Smith discussed the clover aphid pest which he is investigating here for the federal government.

Urges Grain Storage. Mr. Jones urged the necessity for preparing to store grain on the farm this fall and winter. The labor problem and wages during the haying season were discussed by Mr. Alworth, Mr. Thompson and Mr. Kerr.

Delegates were appointed to meet with the livestock committee to select upon a schedule of thrashing prices to obtain in the Twin Falls district this year.

Women's War Work. In the women's program, Miss Denoecke gave suggestions for planning war time meals and suggestions as to subscription to the county's quota of War Savings Stamps according to statement of A. G. Gubert, county director, made on his return Tuesday from Boise where he attended a conference of the several Idaho county war savings directors.

The quota for the county, based on an appropriation of \$20 for each man, woman and child, is \$460,000. Mr. Gubert stated that to the present time approximately \$100,000 has been invested by people of this county in War Savings Stamps, leaving a balance to be pledged in the forthcoming drive of \$360,000. The whole amount must be raised by January 1, 1919.

In the campaign to be waged here, each subscription will not be solicited, but each individual will be asked to pledge himself to invest a certain amount in the War Savings Stamps. It is proposed to hold a drive to report the county's quota raised on June 30, the date of a holiday to be proclaimed by the president to mark the beginning of a nation-wide War Savings Stamp pledge campaign.

At the meeting of the county council of defense Tuesday evening, W. R. Friese and E. L. MacFarley of Twin Falls were delegated to assist in management of the campaign in this county.

Fixes Dates for Criminal Trials. After pleas of not guilty had been entered in district court here this morning, Judge W. A. Babcock set five cases appearing on the criminal calendar for trial as follows: Glen Mathes, charged with the murder of E. H. Butler, for trial on Monday next; James J. Truesdell, charged with poisoning fictitious claims, Monday; James S. A. L. Kiser, charged with a statutory offense, Tuesday, June 4; White Flynn,

UNION WORKERS MAY CONDUCT OWN PLUMBING SHOP

DISAGREEMENT WITH EMPLOYERS IN REGARD TO WORKING CONDITIONS LEADS TO ACTION

Purchase and operation of a local plumbing establishment by union journeymen members of Twin Falls is a probable outgrowth of a disagreement that has arisen between the master plumbers and their employees.

The plumbers' union in Twin Falls is practically controlled by three firms, the journeymen say, which have declared their purpose of conducting "open shops." Subsequent to the demand of the union journeymen carpenters on May 1 for increase of 10 cents, bringing their daily wage up to \$6.50. Employers who refused to accede to the demands of the carpenters were declared "unfair" by the central trades council, and union laborers were notified not to work in their employ.

Caught by Building Action. When the carpenters quit, the Home Plumbing & Heating company, J. A. Campbell, manager, was engaged in work on one of the jobs declared "unfair." According to the union plumbers, Mr. Campbell declared that he would continue in this work, thereby opposing the union employees who were bound, they say, not to work in company with non-union laborers.

Although it had several contracts for work approved by the union, the Halpin Heating & Plumbing company delivered another "unfair" contract, the union plumbers say, and the Home Plumbing & Heating company, E. P. Swank, manager, was caught with several contracts for work declared "unfair" by the trades council. Both firms thereupon declared their purpose of conducting "open shops," as did the Twin Falls Plumbing & Heating company, William Wall, manager.

Union workers have quit the employment of these four firms. About 15 men are now unemployed.

Protesters Cost Wages. In the event of the purchase of an established plumbing business three or of the establishment of another institution by the journeymen plumbers, it is stated their business will be conducted on a basis that will secure to the customer the services of the workmen at the wages now being paid by the employing plumber and supplying of plumbing material at a minimum profit.

WARSTAMP DRIVE NEXT IN ORDER

DIRECTOR GUBERT ANNOUNCES PLAN TO GET \$460,000 QUOTA

A vigorous campaign is to be launched in Twin Falls county to secure subscription to the county's quota of War Savings Stamps according to statement of A. G. Gubert, county director, made on his return Tuesday from Boise where he attended a conference of the several Idaho county war savings directors.

The quota for the county, based on an appropriation of \$20 for each man, woman and child, is \$460,000. Mr. Gubert stated that to the present time approximately \$100,000 has been invested by people of this county in War Savings Stamps, leaving a balance to be pledged in the forthcoming drive of \$360,000. The whole amount must be raised by January 1, 1919.

In the campaign to be waged here, each subscription will not be solicited, but each individual will be asked to pledge himself to invest a certain amount in the War Savings Stamps. It is proposed to hold a drive to report the county's quota raised on June 30, the date of a holiday to be proclaimed by the president to mark the beginning of a nation-wide War Savings Stamp pledge campaign.

At the meeting of the county council of defense Tuesday evening, W. R. Friese and E. L. MacFarley of Twin Falls were delegated to assist in management of the campaign in this county.

Fixes Dates for Criminal Trials. After pleas of not guilty had been entered in district court here this morning, Judge W. A. Babcock set five cases appearing on the criminal calendar for trial as follows: Glen Mathes, charged with the murder of E. H. Butler, for trial on Monday next; James J. Truesdell, charged with poisoning fictitious claims, Monday; James S. A. L. Kiser, charged with a statutory offense, Tuesday, June 4; White Flynn,

SAYS COUNTY TO BE WHEATLESS IN SIX WEEKS

COUNTY FOOD ADMINISTRATOR PREDICTS EXHAUSTION OF AVAILABLE SUPPLY OF FLOUR

Those persons who through sense of duty or pure greed are hoarding in the present food emergency to obtain a profit next harvest from the use of wheat flour are simply anticipating a situation that will become general and enforced through exhaustion of the supply, according to the county food administrator, C. E. Munson, who said Monday evening before a meeting of grocers, bakers and restaurant proprietors gathered in the Palace cafe here, that on or before July 15 next and until the next harvest, there would be no wheat flour to be had, not only in the Twin Falls district but anywhere in the northwestern district, comprising the states of Idaho, Oregon and Washington.

Predicts Further Limitation. This year grocers and bakers are limited in their purchase of wheat flour to 70 per cent of the amount bought last year, and next year, Mr. Munson predicted, they will be limited to 50 per cent of their purchases this year.

The wheat flour substitutes situation is constantly improving, he stated, and dealers are experiencing little difficulty now in securing all the substitutes required.

Flour Supply Falling. The meeting assembled to discuss distribution of the available supply of wheat flour. It developed in the course of the discussion that some of the local grocers are already without flour and others are permitted under the food control regulations to purchase. Reference was made to the fact that only one of the three local bakeries can secure any more flour until August 1, the other two having exhausted their quotas.

Bakers Center of Interest. The situation with regard to the grocer came in for little consideration, and interest centered on the predicament of the bakeries. It was proposed that the one bakery which was in position to buy more flour should make its apportionment of the wheat flour supply among individual dealers rather than among districts, so that each district would have a common supply. A committee composed of C. W. Hart, M. C. Stephenson and E. M. Mowbray was appointed to prepare resolutions to present to the council of defense at its meeting this evening, requesting its offices in securing amendment to the regulations in this particular.

Assembly to Suggest. W. Zenas Smith, a proprietor of the Royal bakery, which is the one Twin Falls bakery entitled to buy more flour, stated that he believed it possible for his firm to supply the local demand for bread for six weeks. In view of the existing circumstances, he said, the Royal bakery management had decided to donate the bread among its customers giving each approximately 50 per cent of the amount consumed under normal conditions. If it were considered desirable to produce at full capacity until the wheat flour supply were exhausted, he said, his firm would be willing to act accordingly.

Want Apportionment Basis Changed. Criticism at this meeting was directed against the food control regulation apportioning the wheat flour supply among individual dealers rather than among districts, so that each district would have a common supply. A committee composed of C. W. Hart, M. C. Stephenson and E. M. Mowbray was appointed to prepare resolutions to present to the council of defense at its meeting this evening, requesting its offices in securing amendment to the regulations in this particular.

DRAFT CALL FOLLOWS NEW REGISTRATION

ARMY TO BE INCREASED PAST 21 Year Old Men Register June 5

(By United Press) WASHINGTON, May 20.—The provost marshal general's office announced today that a classification call directly after the twenty-one-year-old men register on June 5. This developed today as one of the steps contemplated in increasing rapidly the size of the army.

Registration of the army is now striking its pace and it is estimated that by the end of this year the supply of men who will have been nearly exhausted, either as necessary war work, or in the military service. Among the young men being called from classes were and three men who are skilled in trades or callings that fit into the army's work.

LIST OF JURORS FOR MAY TERM DRAWN

THIRTY TWIN FALLS COUNTY CITIZENS ARE CALLED FOR SERVICE

Pursuant to order of District Judge W. A. Babcock, a list of 30 persons has been drawn to serve as trial jurors during the May term of district court here. They are directed to appear before the court at 10 o'clock Monday morning, June 8. The list is as follows:

Twin Falls—Don Stafford, J. F. Avant, Arthur Jarman, Charles E. Pickett, J. H. Morehouse, Albert Pickett, William Pauls, C. H. Robbins, L. M. Baird, D. E. Moffett, George D. Alkana, G. T. Bodrow, P. H. Smith, C. Buhl—Gustav Kunes, E. T. Sandmeyer, B. A. Weir, J. A. Howard, Bert Schwartz, W. A. Glasgow, George Gould, C. H. Taylor.

Castleford—J. H. Glander, A. W. Hagedorn—Fred W. Berger, J. M. Pierce.

Bogersom—J. W. Langford, Filer—C. A. Vinland.

Hansen—Joe Hamilton, Kimberly—W. M. Mead.

The list was drawn Friday by County Clerk E. J. Finch in the presence of Probate Judge O. P. Duvall and Deputy Sheriff W. B. Lawrence.

ELEVEN MORE MEN GOING TO CAMP

FAREWELL DEMONSTRATION FOR SELECTIVE SERVICE CONTINGENT

Eleven men, including six out of Twin Falls county's quota of seven, and five registrants of other districts, left Twin Falls last Tuesday evening under selective service call to report for military duty at Camp Lewis, Washington.

Farewell Demonstration. The Twin Falls band, members of the local post, Grand Army of the Republic, and citizens generally, took part in the farewell demonstration given. The prospective soldiers with their escort assembled at 6:00 o'clock Wednesday morning and marched from that point to the depot.

Two Go By Request. Four out of Twin Falls county's quota left from here, transfers having been issued to three others to leave from other points where they now reside. Those of the county's quota leaving from here were Ernest E. Minnick, Kimberly; John Arthur Jacoby, Jr., Buhl; Marcus Edward Hughes, Buhl; Frank Elmer Booker, of Twin Falls, and Leslie E. Brabb of Buhl, induced out of order by request, also will accompany this contingent.

Others of the county's quota who left from other points are Ernest A. Hamer of Burley, and William Emil Meyer of Portland, both leaving from Portland, also Euell Louis Neidham of Twin Falls, leaving from Shaldon, Missouri.

Mr. L. Thompson, for four years past superintendent of Kimberly schools, was one of the registrants of other districts leaving with the Twin Falls contingent. He is a registrant in Eastleigh, Michigan. The others are Charles Vernon Modis, Gooding, Idaho; Earl Peck, West Moreland, Kansas; John Fred Stockham, Lincoln, Kan.; Edward Walter Shrnak, Beaver, Utah; Vance Paulspher of Malrose, Minnesota, also joined the party at Burley.

Resumpted As Farmers. From among the 15 registrants ordered to report for this draft call, the local board has granted temporary exemption to the following on the grounds that they are engaged actively in farming: Lorenzo A. Barber, Buhl; Albert E. Carter, Buhl; George Peacher, Twin Falls; David Berger, Graves, Twin Falls.

SCHOOLMATES ARE JOINED IN MARRIAGE

KIMBERLY.—A wedding of interest to Kimberly was that of Merritt E. Euk of Kimberly and Miss Esther Swenson of Hamilton. Mr. Euk is the oldest son of Mr. and Mrs. O. G. Euk, and the bride is the daughter of Mr. and Mrs. Swenson of Hamilton, and has been teaching school near Hagerman the past winter. Both of the young people are graduates of the Kimberly high school and are well known here. The young couple will make their home in Kimberly.

GIRL IS WITNESS AGAINST FATHER ON GRAVE CHARGE

FOURTEEN YEAR OLD DAUGHTER ACCUSES M. O. WINKLE OF ATTEMPTING STATUTORY CRIME

Charged with the attempted commission of a statutory offense, M. O. Winkle, aged 35, a farmer residing for several weeks past two and one-half miles west of Buhl, was brought to Twin Falls Thursday afternoon by Deputy Sheriff J. P. Baymiller of Buhl, and committed to the county jail to await trial in district court.

Appeals for Help. His daughter, aged 14, is the complaining witness. After letter appealing for help and asking that her father's conduct be reported was brought to the attention of Deputy Sheriff Baymiller by a neighbor to whom it was addressed.

Tells Story to Officers. Before Presenting Attorney W. L. Stephens, Probate Judge O. P. Duvall and Deputy Sheriff Baymiller, the girl reported her story Thursday afternoon in the probate court room here. She said that her father had twice attempted to "seduce" her, the first time on Wednesday of last week and again on the following Saturday. Her mother, she said, had been dead for about a year. There are two younger brothers, aged six and twelve years, she said. She talked freely to the officers, telling them that since the death of her mother, she had been housekeeper for her father and brothers. She denied that her father had ever mistreated her prior to the date of the first alleged offense, and said that she had not then understood the probable motive for it.

Statements of the girl were corroborated in important particulars by her girl chum, the daughter of the neighbor to whom she addressed her appeal for help.

In Default of Bond. Complaint in the case was signed by Deputy Sheriff Baymiller, a recommendation for the girl's detention being made by foreman Justice G. O. Pease. L. C. Waabman in Buhl, as a result of which Winkle was ordered committed to the county jail in default of furnishing bond in the sum of \$1000, to which he has not responded.

The penalty on conviction of the crime of which Winkle is charged is imprisonment in the state prison for not less than two nor more than 16 years.

KIMBERLY ON LIST FOR FARM MEET

COUNTY AGENT AT WORK ON ARRANGEMENTS FOR INSTITUTE

Arrangements for a farmers' institute to be held at Kimberly under the auspices of the county farm bureau, and given by the state at Buhl on Friday last, are being made by County Agent Donald McLean, in response to requests of Kimberly people. Effort will be made to secure speakers from among a number of experts in the various phases of agriculture.

The county agent also is making plans for excursions of farmers to inspect various methods of storing grain and potatoes in use in this county.

IDAHO POWER COMPANY CONTESTS SITE TITLE

A hearing will be held before the state engineer in Boise on June 10, relative to contesting the water rights and power site at Clear Lake, held by William C. Hazard. The contest will be brought against the Mutual Light, Heat & Power company, who have agreed to purchase the W. C. Hazard holdings. The purchase is pending the suit which is set for June 10.

Injunction proceedings were brought against the Mutual Light, Heat & Power company last winter, which suit never materialized. The contest heard before the state engineer is to settle the question of title to the water rights and power rights, and it is of especial interest to Buhl who has contemplated the securing of Clear Lake water for the city. W. C. Hazard's title to the site has been disputed.

The future of the Mutual Light, Heat & Power company's contention depends upon the ruling of the state engineer.

TWIN FALLS TO PAY TRIBUTE TO HONORED DEAD

DECORATION DAY OBSERVANCE CLAIMS CENTER OF PUBLIC INTEREST

Business houses here generally are closed today while all Twin Falls join with the surviving veterans of the Civil war in paying annual tribute to the memory of those whose passing has thinned the ranks of the men who fought in 1861-65 in the cause of humanity and for the preservation of the Union.

Losses One Member
 Dan McCook post, Twin Falls, Grand Army of the Republic, during the year past has lost, through death, only one of its members. William J. Turner, who served in an official capacity as officer of the guard for the post.

Parade First Event
 Services in the cemetery took place immediately after the parade, which started promptly at 10:30 o'clock in front of the court house. The march was headed by the Twin Falls band, and Senator S. P. Asherton, marshal of the day. In line there were, besides the members of Dan McCook post and visiting veterans, and the Ladies of the G. A. R., the mayor and members of the city council, a firing squad under command of Sergeant W. E. McCracken, the Boy Scouts, Junior Marine scouts and civic organizations, including the following fraternal orders, Masons, Elks, Odd Fellows, Knights of the Valley, Woodmen of America, Woodmen of the World, Moose, Eagles, Brotherhood of American Yeomen, Daughters of the American Revolution.

Afternoon Exercises
 "Our Covenant of Liberty," is the subject of the principal address to be given by Miss Marion Wallace, in connection with the exercises in the Methodist church beginning at 3:30 o'clock in the afternoon. Captain G. L. Longley will preside as chairman. The invocation will be offered by Rev. A. E. Bremer of the Presbyterian church. In addition to the address there will be given the reading of Lincoln's Gettysburg Address by Captain Longley, and the reading of Orders Number 11 issued by General Logan, by Post Chaplain W. W. Humphrey.

Twins Falls Band's Part
 Preliminary to the exercises in the church, the Twin Falls band will give its first open-air concert of the season beginning at 1:00 o'clock in the city park. The band also will take part in the exercises at the church.

G. A. R. Post Notice
 Following is the roster of members of Dan McCook post, Twin Falls, all of whom will, unless prevented by most urgent reasons, take part in the observance of Decoration Day: Commander W. H. Greenhow, Senior Vice Commander W. O. Sampson, Junior Vice Commander Denis Bligh, Captain W. W. Humphrey, Adjutant James M. Rice, Patriotic Instructor G. L. Longley, Officer of the Day W. K. Orter, Elbert Gellish, John Bell, Gilbert Hard, Fred Hager, Horace Hurst, Henry Munger, Edith Spencer, Joseph B. Cooper, E. H. Barnes, W. W. Shields, H. Vance, Herman Erticker, John V. Sonnet, S. Foster, William Baker, D. B. Pettijohn, J. H. Pulver, L. C. Washburn.

SIGN WENT TOO IN LAST TRANSACTION

Indignant Customer Went Back and Got What He Paid For

A well known merchant in one of the smaller towns in this country is one of wheat flour. For several days this merchant has been under a sack of flour. This he displayed in his show window in the center of a variety of official substitutes. This one sack of flour was sold several times along with the required amount of substitute, but instead of delivering the flour the merchant refunded the money for this flour and delivered the substitute. At length one customer was dissatisfied who was not satisfied with this transaction. The customer communicated by telephone with County Food Administrator C. E. Munson. "The flour certainly is yours, since you have paid for it," Munson advised, "but with this advice, the customer returned to the merchant's store and summarily removed the flour from the window.

"They're taking my sign," the merchant remonstrated. "It may be your sign," the customer retorted, "but it is my flour." And he loaded it on his wagon, and departed with it.

MRS. LINAM HAS GAINED 27 POUNDS BY TAKING TAN-LAC

"I NOW ENJOY BETTER HEALTH THAN I HAVE IN YEARS"

"I now enjoy better health than I have in years, and I can't refrain from letting my friends and others know that I am doing this. Tan-lac has done for me," said Mrs. E. M. Linam of 3310 Chester street, Little Rock, Ark., recently, in one of the most remarkable statements yet published in connection with the "Master Medicine."

"In the winter of 1916," Mrs. Linam continued, "I was taken with a severe cold, and all the winter I continued to go down. I had no appetite, kept losing weight and in March was completely broken down. I couldn't sleep for coughing and had to sit up in bed most all night. I was extremely nervous and weak, felt tired all the time and everything I ate soured on my stomach. I fell off nineteen pounds in seven weeks and was getting worse so rapidly that my family and friends, as well as myself, saw no hope of my recovery.

"My husband brought home a bottle of Tan-lac in June, 1916, and when I took about half of it I began to eat and my food stopped souring on my stomach. After finishing my first bottle I could eat anything at any time without it hurting me in the least. At the end of my third week, I had gained five and one-half pounds, and had improved until I was able to take a trip to Texas. My husband sent me my Tan-lac by mail and I kept taking it and picking up from three to four pounds every week until all my troubles were gone and my weight increased from one hundred and thirteen pounds to one hundred and forty—making an actual gain of twenty-seven pounds every week until all my troubles for my splendid condition, but I really believe it has saved my life, and my family and friends all agree with me."

Tan-lac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Meritburg by Meritburg Drug Co., in Filer by A. B. Wood, in Bluff by C. D. Boring Brothers Co., and in Kimberly by W. A. L. Stowe—Adv.

TIME IS SHORT FOR ENLISTMENT

ARMY ANNOUNCES CLOSING DATE FOR PROSPECTIVE REGISTRANTS

Men who have reached the age of 31 years since June 5, 1917, and who are therefore required to register under the provisions of the military draft law, must apply at the local recruiting station on or before Monday next if they desire to avail themselves of the opportunity of voluntary enlistment through the local army recruiting station, according to statement made this morning by the officers in charge. This requirement is made necessary by reason of the fact that all applicants for enlistment, coming under the provision of the new draft law, must have completed their enlistments by midnight, June 5.

Enlistments of men transferred through the local recruiting station are made at the central station in Salt Lake.

All Americans Needed
 The following letter is being sent out by the local recruiting station with the result that the number of enlistments made through it have increased largely within the past few days:

The object of this letter is to bring to your attention the fact that every able-bodied American service is now urgently needed in the U. S. Army, and that those who VOLUNTEER their services may select the department they desire to serve with, if found physically fit and otherwise qualified.

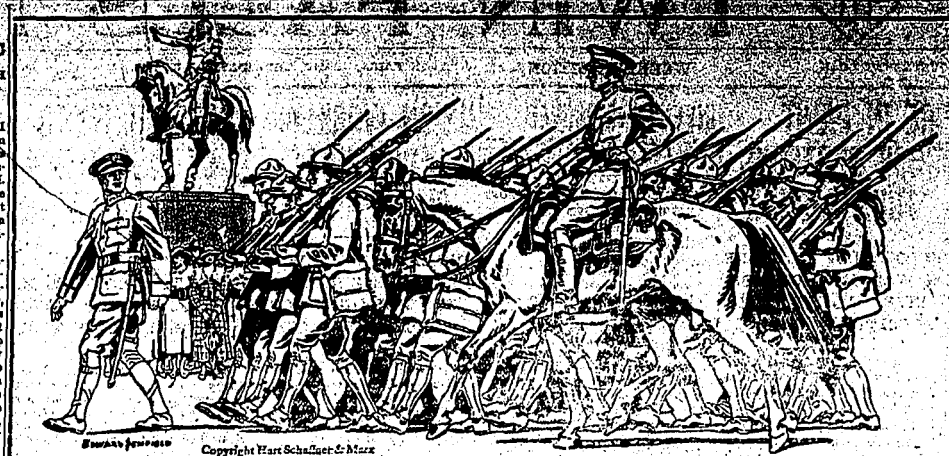

Every department of the Army which consists of the following branches and sections, is now accepting VOLUNTEER APPLICANTS:

Quartermaster Corps, Coast Artillery Corps, Medical Department, Veterinary Corps, Field Signal Corps, Cavalry, Engineer Corps, Signal Corps, Infantry, Cavalry.

If you desire to enlist it is requested that you apply at the Officer's headquarters, this letter to the Officer in charge, who will explain all the requirements, or the one you are most interested in, and inform you what department you are best fitted for, also explain to you the pay you receive, insurance and allotment you may make. Your letter will be answered promptly with the desired information and full particulars given.

REMEMBER—No matter what your occupation is, there is a place for you and an organized need of your services in the United States Army. A. W. Washburn now and enlists for the duration of the war only.

Johns Marine Corps—Clarence Rice of Kimberly was accepted Wednesday by the local recruiting station for enlistment in the marine corps, and left this evening for Salt Lake.

"When Johnny comes marching home"

That's the title of an old war song. It's a cheerful song and we can sing it again now.

We're all looking forward to that day when the boys will come marching home, victoriously, but in the meantime you can help them by saving food; saving fuel; and saving on clothing.

All-wool clothes save the most for you. They wear a long time and you'll not have to buy them so often.

You're certain of this quality at this store and expert tailoring, too; we guarantee it absolutely. The latest Springtime styles are here now; made by Hart Schaffner & Marx.

DOWMAN QUILTS AS HIGH SCHOOL HEAD

RESIGNS THE PRINCIPALSHIP AT CLOSE OF FOUR YEARS EFFORTIVE WORK IN LOCAL FIELD

C. H. Dowman, for four years principal of the Twin Falls high school, has resigned that position and his resignation has been accepted by the board of school directors. Mr. Dowman, undecided as to his course in the future, whether to accept the principalship of an Idaho high school that will mean a professional promotion which has been offered him, or to engage in business, has decided to leave the school. His resignation will be made within a few days.

Relative to Mr. Dowman's work as principal of the high school here, Superintendent Hal G. Blue said this morning: "His contribution to the educational development of the community is a matter of wide and common knowledge. He is recognized as one of the leading schoolmen of the west. He is well trained and most efficient in his work, and has given a fine impetus and stimulation to all departments of the school."

Under Mr. Dowman's administration, the high school has grown in enrollment from 335 to more than 500 students. The faculty has increased from 14 to 31 teachers. Mr. Dowman has organized the school on the advisory plan, which is a new development in the educational world. He also introduced the high school library. The school has been well established in every department, and credit granted in the Twin Falls high school are accepted without question by higher educational institutions."

DEFER AWARD OF BRIDGE CONTRACT

COMMISSIONERS CONSIDER FOUR PROPOSALS FOR BUILDING SPAN

The bids of four contractors for construction of a steel bridge of 53 feet span to cross Rock creek just west of the Twin Falls sugar factory, were opened Saturday by the county commissioners, but no contract was let at that time. The matter probably will be brought up for further consideration by the commissioners at their meeting on Saturday next.

The proposals submitted are as follows: C. H. Malt, Twin Falls, \$5,500; J. H. Forbes, Caldwell, \$5,500; H. M. Peckham, Buhl, \$5,750; Western Bridge & Construction company, \$5,800.

SAYS FARM BUREAU IS SERVING NATION

In view of labor conditions that must prevail throughout the state as a result of the nation's demand for men to serve in the army and navy and also the urgent need for increased crop production in every part of our land, it is very necessary that every farmer should become a member of the county farm bureau at once, says M. J. Kerr, State Federal Director of Labor, continuing as follows:

"This organization is doing its best to serve the interests of the individual as well as the nation."

"The United States department of labor is working in cooperation with every county farm bureau of the state."

"Farmers should unite in this great move by becoming a part of the organization and provide us with information respecting their needs beforehand. We can assure you that everything in our power will be done to meet your requirements."

"You should also be loyal and subscribe for our county papers, as we shall use all county publications through which to communicate with you from time to time."

"Our success and yours depends upon perfect cooperation."

Don't you want it? Advertise it in the Classified Column and get rid of it.

NOTICE FOR PUBLICATION

(Notice of Proof of Application of Water to Beneficial Use)
 Notice is hereby given that at 10 a. m. on the 29th day of June, 1918, at Kimberly, County of Twin Falls, State of Idaho, before Gladys Seidle, a notary public, proof will be submitted of the application to beneficial use of 1.25 cubic feet per second of the waters of Rock Creek and underflow wells, in accordance with the terms and conditions of Permit No. 7639, 9419, 9420, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are: Mrs. Cynthia G. Turner, Kimberly, Idaho.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is 1.25 cu. ft. per second.

4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated): SE¼ NE¼ and S¼ NE¼ Sec. 29, and N¼ NE¼ Sec. 31, all in T. 11 S., R. 19 E., B. M.

5. The canal or ditch or other works by which said water is conducted to such place of use is the R. O. S. Ditch Co.

6. The right to take water from such works is based upon Permits Nos. 7639, 9420, 9421.

7. The source of supply from which such water is diverted is Rock Creek and underflow wells.

8. The dates of the priority, which said water is prepared to establish are May 1, 1918, and June 11, 1918.

W. E. D. WILKIE
 State Engineer.

RELEASES YOUTH ACCUSED ARSON

**JUDGE BABCOCK DE
CLARES MAGISTRATE
LOSES JURISDICTION IN
POSTPONING TRIAL**

In dismissing the charge of arson in the second degree against Walter M. Bloomfield, 19, arrested last Saturday night light to the Fred Fox harness shop on Second avenue south, Judge W. A. Babcock in district court here Friday afternoon, up held the contention of Bloomfield's attorney, E. M. Swedley, that the judge lost jurisdiction in postponing the trial on an immediate trial on the morning of that day, had lost jurisdiction over the case.

It is probable that Bloomfield will be released under a new warrant to answer to the charge.

Pleads Not Guilty.

Bloomfield was arrested Tuesday evening upon warrant issued by Probate Judge O. P. Duvall, the complaint being filed by Prosecuting Attorney P. L. Stephan, at the instance of Fred Fox. He was arraigned in the probate court Friday morning and, through his attorney, entered a plea of not guilty and demanded an immediate trial. The prosecuting attorney told the court that he could not appear in the trial at that time, and the court set the time for the trial at 3 o'clock Friday afternoon.

The district court held that the law or court set in postponing the trial without requiring a written affidavit from the prosecuting attorney explaining the cause for delay.

Returns to Work.

Walter Bloomfield is a son of George A. Bloomfield, proprietor of the Idaho Auto. Top company. When released from custody by the order of the district court Friday, he returned to his employment in this establishment.

MARRIAGE LICENSES

Marriage licenses have been issued in Twin Falls to the following:

T. Walter Hill, Burley, and Melba Webb, Kimberly.

Joseph Kencars and Mattie Palant, both of Buhl.

John R. Bayless and Georgia V. Henderson, both of Twin Falls.

COUNTY DOUBLES RED CROSS QUOTA

**RETURNS INDICATE SHOW
STATE HAS OVER-SUB-
SCRIBED ONE-HALF**

Twin Falls county has over-subscribed the allotment of \$100,000 made to the county for the second Red Cross year and by more than 100 per cent, Chairman Stuart H. Taylor stated this morning. When complete returns are by state headquarters received, it will be found that Idaho's gift to the Red Cross will have exceeded \$450,000, as against a quota of \$300,000. Latest returns indicate that four counties, Twin Falls, Canyon, Bonanza and Ada, have each more than doubled their quota, while many counties report 40 and 50 per cent over-subscriptions.

Returns in Neighboring Districts
With a quota of \$11,000, Twin Falls county subscriptions amount to \$25,205.53; Camas, with a quota of \$6000, was the first in the state to reach its quota with subscription of \$9000; Gooding, with a quota of \$4500, subscribed \$6000; Lincoln, with a quota of \$5000, subscribed \$8300; Minidoka, with a quota of \$4500, subscribed \$6700.

Twin Falls County Reports

Following are the quotas and subscriptions for each district in Twin Falls county as reported to headquarters here at 11 o'clock Saturday night:

Quota Subscriptions

Twin Falls \$7,600 \$19,155.17

Piler 2,750 3,550.00

Curry 475 1,143.00

Friendship View 375 598.25

Bergers 350 500.00

Hollister 700 600.00

Rogerson 450 571.25

Kimberly 1,700 3,984.05

Hansen 1,200 1,440.35

Montana 650 1,418.00

Bickel 250 312.50

Blaker 4,500 15,000.00

Miller none 120.00

Miller Works With No Quota

The Miller district, to which no quota had been assigned, raised \$190 in cash, as a result of a campaign waged by Madame Mattson, Edott and Herri-

man. Everyone in this district subscribed.

Twenty-five per cent of the subscriptions is retained by the Red Cross organizations in each county, the balance being forwarded to headquarters. Twin Falls county has two chapters, one at Twin Falls and the other at Buhl.

DONATION OF BOOKS

REACHES 1000 MARK

MISS JESSIE FRASER, LIBRARIAN,

REPORTS ON RESPONSE TO HER

NEED OF MEN IN CAMPS

The number of books brought to the Twin Falls public library the past few weeks has now reached the one thousand mark, says Miss Jessie Fraser, librarian. There has been a very generous response, most of the books being such as one could credibly place on the shelves of an up-to-date library. There has been a large proportion of fiction, some history, poetry, and scientific works.

These have all been prepared, with book plates, pockets and cards, according to the instructions of the American Library Association. The Boy Scouts have aided in the distribution of folders, and collection of boxes, for packing, while the girls have helped with the preparation of the books for shipment.

More books will be needed, so after you have read your latest fiction or war books, pass them on, for the best is none too good for the boys in the camps, on the ships or at the front.

P. E. O. GRAND CHAPTER ENDS SESSION HERE

**ELECTS OFFICERS FOR
ENSUING YEAR AND
CONCLUDES THREE
DAY CONVENTION**

P. E. O. CONVENTION

GIVES TO RED CROSS

The donation to the Red Cross

amounting to \$32.35, given by

members of the Idaho grand

chapter of the P. E. O., was

held in the annual convention

at Buhl in Twin Falls this week

was turned over to the Red Cross

committee Friday.

In its closing session Friday

afternoon, the third annual convention

of the Idaho grand chapter of the P. E. O.

at Buhl, which was convened here

Wednesday afternoon, installed the

following officers for the ensuing year:

President, Mrs. Eda Warner, Twin

Falls; first vice president, Miss Anna

Johnson, Payette; second vice pres-

ident, Miss Georgea Fox,ocatator,

genius, Mrs. Katherine Mann, Min-

net; corresponding secretary, Miss

Agnes Robertson, Boise; recording

secretary, Mrs. Nellie M. Barclay, Jerome;

treasurer, Mrs. Mattie Wilson, Black-

foot.

Mrs. Warner, who succeeds Mrs. Jo-

anna Combs Smith of Twin Falls, as

president, has served during the year

past as organizer.

Memorial Service Features

The last day's sessions were called to

order by Mrs. Smith. Devotional led

by Mrs. Maude De Erbe of Blackfoot,

retiring first vice president, were

followed by roll call, and reading of the

minutes of the previous session by Mrs.

Barclay of Jerome.

Vocal solos were given at the

morning session by the quartet, Wilson

of Blackfoot, and at the afternoon

session by Mrs. Margaret Peck of Twin

Falls.

A feature of the afternoon session

was the memorial service for Mrs. Ed-

ith Bowman Erbe, whose address was

given by Mrs. Ethel G. Snoddy of

Burley.

In a syndicate, Mrs. Eva Shays

of Boise, spoke on the theme, "Forget

Me in the P. E. O.," and Mrs. M. D.

Badgley of Boise, on "Our Chap-

ter."

Resolutions Adopted.

The resolutions committee, composed

of Laura D. Doe of Burley, and Helen

K. Bayes of Caldwell, submitted the

following resolutions which were adopt-

ed.

So it resolved that this convention

extend to our Supreme President our

allegiance and regret at her inability to

meet with us, and our appreciation of her

inspiring message.

To our charming State President,

Mrs. Smith, our admiration and praise

for the able manner in which she has

conducted this convention, assuming in

addition to her own, the responsibilities

usually falling on a supreme officer.

To our beloved organizer, Mrs. War-

ner, our appreciation of the many

thoughtful kindnesses which have aid-

ed so much to the pleasure of the con-

vention, and like appreciation to every

member of the executive board.

That we are more than grateful for

the true hospitality which has been

accorded us by our hostess, Chapter D.

For the auto ride and flowers and

various other courtesies extended us by

the loyal B. I. E.

That we are especially grateful to our

Baptist friends for the use of their

buildings for our meetings.

To Mr. Thomas, for his excellent or-

gan redial.

To the merchants for the beautiful

decorations in our hall.

To the talented friends of P. E. O.

who so well assisted us in our pro-

gram at our meeting.

To the ladies of the Presbyterian

church for the delicious meals we have

enjoyed in their beautiful new church,

as well as music given at the lunch-

con hour.

Gives Organization's Aims.

The objects and aims of the P. E. O.

brotherhood was the title of an ad-

dress delivered during the convention

sessions by Mrs. B. W. Wilson, pres-

ident of Chapter B, Blackfoot. Mrs.

Wilson said:

That the P. E. O. Brotherhood has

grown to be the large organization it

is today is sufficient evidence that the

foundation has been well laid. P. E. O.

has endured, and therefore has proved

its worth, and the practicability of its

high ideals. We are not given a defi-

nite object that we may attain, and

then rest upon our laurels, but we are

continually seeking and striving for

something better. In a few words, the

object of the P. E. O. Brotherhood is

general improvement, but not content

with the general statement, our con-

stitution asks us to give particular at-

tention to our individual growth in

charity, toward all with whom we so-

ciate. As we practice charity, we

learn to love our associates, for we

are not love and charity synony-

ous.

One of Thoughtless.

Much that looks like a lack of

ity is but thoughtlessness. We pass judgment hastily, with no thought at the viewpoint or the conditions under which the person judged was acting. We are not quick to see the other side, I am sure we would find it easier to understand and condone much that seems unjustifiable to a hasty decision. If we would but hold the thought that there must have been some good reason for perhaps an entirely different construction placed upon the matter by those whom we are criticizing, there would be fewer misunderstandings, and much less unhappiness.

Hasty Judgment Unintelligent.

Unless we are especially qualified to pass judgment let us be silent. Hasty judgments do not brand us as extra intelligent. I have sometimes thought of myself as being a good judge of affairs by hastily deciding as to the merits or demerits of the case. Instead, we brand ourselves one of the many. Anyone can pass judgment. We hear them upon every side. We all have our own opinions. We are upon every subject, and to withhold them until some second thought has suggested the other side of the matter is one way to practice charity.

This is the first thing given special mention in our constitution, and probably the hardest thing for us to do upon all occasions.

Faith An Essential.

Besides charity, we must have faith. We are founded upon faith in God. If we but had enough faith—in God, and faith in each other, there would be no limit to the things we might accomplish, save our own cowardice. For when we are discouraged and about to call ourselves failures our faith in God's help and the inspiration that comes with the thought of the belief of our friends in our ability to succeed would carry us on to success, almost in spite of ourselves. The knowledge that we are healing to the sick at heart than the faith of his associates.

Uphold Single Standard.

We must lead pure lives, and ever exalt the ideals of purity in others. Here, it seems to me, comes an excellent place for the practice of charity. To one who leads a sheltered life, the temptations to stray from the path of virtue do not come with the force that they do to one less protected. Sometimes the knowledge of the consequences of her misdoing comes with the force of a blow. She has not been equipped with the knowledge and should have protected her. There is much food for thought in the statistics of the number of young girls that have been led astray in the last year, due to over-wrought emotions and to the unaided condition of the times. We must know something of the circumstances before we condemn without qualification. We must protect our girls—give them high ideals, teach them to be modest in dress as well as in action, and let them know that we believe in their earnest desire to live up to the standard of American womanhood, and our faith in them.

FOLEY'S HONEY AND TAR

A COUGH that threatens to rip and tear your lungs from the throat, that seems to jolt and jerk the throat, that causes an itching thump at the back of the head as if you were hit with a sledge hammer, which is a cough needs a cooling, soothing medicine like Foley's Honey and Tar Compound to cool the raw, inflamed surfaces with a

LOCAL BRIEFS

Free Office Hours—The Twin Falls post office on Decoration Day, Thursday, will be open between the hours of 11:30 and 1:30 o'clock in the afternoon.

Will Visit Son in Service—Mrs. A. E. Bisset will leave Saturday to join Mr. Bisset on a visit to their son, Lieutenant David A. Bisset, at Camp Lewis, Washington.

Here On Business—S. H. Newman, a prominent businessman of Shoshone, is here on business connected with the Twin Falls Oil and Development company.

Weather Prediction Favorable—Fair and warmer weather for Decoration Day in the Twin Falls district is predicted by the weather bureau in its forecast transmitted this morning through the local telephone exchange.

Gone to California—Walter F. Graham, for several months past a clerk in the Twin Falls post office, has resigned his position and gone to California, where he expects to remain indefinitely.

Attends Secretaries' Meet.—Mrs. L. R. Franck has received word that Rev. Mr. Franck is attending a ten days' session of the Educational Secretaries' Conference at Blue Ridge, North Carolina.

Joins Quartermaster, Corps—Hugh F. Walburn of Jerome, was accepted for enlistment Saturday in the Quartermaster corps through the local recruiting station, and left that evening for Fort Douglas, Utah.

Study City's Accounting Methods—W. F. Scheff, city clerk of Rupert, was here on Friday, inspecting the methods employed in the office of City Clerk W. A. Minnick in waterworks accounting and issuance of sewer permits with a view to adopting them in his own office.

Anticipate Sailing Orders—A telegram received by Mrs. John F. Coughlin states that her husband, Lieutenant Coughlin, was left here April 7, for Camp Grant, Illinois, to enter the army medical department, expected to embark from Hoboken, New Jersey, Wednesday or Thursday.

New Registrar at Hansen—O. D. Wilson has been designated by the local board as registrar at Hansen to enroll for the military draft the young men of that district who have reached the age of 18 years since June 5, 1917. He is named in the place of E. E. Stubbs, who has left Hansen on a vacation trip.

Gets Permission to Enlist—The local board has granted permission to Paul Olm to enlist at Asheville, North Carolina, in the marine corps. He was a registrant under the draft last year in Twin Falls, where he was employed by H. B. Wallace. He returned later to his home in North Carolina.

Is Building Home—Municipal building permit has been issued to Mrs. Nelson of the Mode Millinery shop, for construction of a residence 24x28 feet, to be built at an estimated cost of \$4000 on 15th avenue north, between Second and Third streets. The contract has been awarded to P. R. Thompson.

Three More Join Army—Three recruits were forwarded through the local United States army recruiting station at Fort Douglas, Utah, Monday evening. They were Everett J. Penneck of Twin Falls, formerly a chemist in the employ of the local sugar factory, who is entering the medical department; Chester D. Wilson of Rupert, and Chancery L. Dayley of Oakley, entering the quartermaster corps.

Always in the market for baled alfalfa hay. Highest cash price paid at all times. John Pinks, phone 21—Advt.

News of the County

FILER

FILER—Mrs. G. E. Seccord and little daughter arrived here Sunday to join her husband, who has employment at the Fleming barber shop.

Mrs. A. Anderson and Mrs. V. Childs gave a farewell party Wednesday in honor of Mrs. Bracken. Those present were Mrs. Clarence Case, Mrs. George Potter, Mrs. George Allen, Mrs. E. H. Hagg, Mrs. Courtney, Mrs. Mosely, Mrs. Childs and Mrs. Art Anderson. The afternoon was spent at needle work, and a delicious luncheon was served at 5 o'clock.

Mrs. N. O. Nogle left Thursday for Ohio, where she was called to the bedside of her father.

William Bunce returned Tuesday from a week spent in Denver.

Mabel Gager, who has been attending school in Kimberly, returned here the first of the week to spend the summer with her father.

Charles V. Modlin of Twin Falls and Mary E. Brennan of this place were married Monday at Twin Falls.

Mr. and Mrs. A. Schellhorn entertained Tuesday evening at a theatre party. Those present were Mrs. Thos. Wallace, Mrs. Sharp, Miss Ethel Case and Miss Ruth Schellhorn.

Ed Oliver, who has been seriously ill at Oakley with typhoid fever, is spending a short time here with friends.

Misses Della Lyons and Marguerite Showers will leave for Twin Falls Monday, where they will take a course in summer school.

Mrs. G. W. Tanner is having her house set back from the street, and several improvements made.

Mrs. Sadie Young has purchased the old Evangelical church and will have it moved to her property, and will make that her home.

Mrs. Joe Otto arrived Monday from Homestead, Oregon, for a visit at the home of her parents, Mr. and Mrs. Ed Wilcox.

Mrs. William Zosel of Deer Lodge, Montana, who spent the winter months here with her daughter, Mrs. M. J. Zosel, returned to her home Thursday, where she was called by the departure of her son, who leaves at once for Camp Lewis.

Mrs. Ralph Peelslick was taken to Twin Falls Tuesday, where an operation was found necessary.

Miss Grace McGinnis left Tuesday for Seattle, Washington, where she will spend the summer.

Mrs. Grace Clark of Longmont, Colo., is here visiting her sister, Mrs. Jack Aard.

Mrs. O. C. Patnett and little daughter of Rogersport, spent the week at the W. W. Taylor home.

Mrs. McClain of Enfield, Ill., a sister of Mrs. A. B. Wood, is visiting at the W. W. Taylor home.

Miss Lucile Wolfe left last week for Twin Falls, she will shortly leave for Albion to attend the summer school.

HOLLISTER

Harry Cole returned Tuesday from Weiser, where he has been visiting his sister, Mrs. Doyle McHenry.

Dwight Kuhns was injured this week when a horse dragged him into a barbed wire fence.

Mrs. John Kinney motored down from Twin Falls Tuesday to spend the day with her mother, Mrs. G. A. Salter.

Mrs. Fred Bates, Nina Hazard, Jeanie Dudley and Lora Schwab were shopping in Twin Falls Wednesday.

Prof. H. M. Broadbent went to Burley Tuesday on business.

Ben Kinsinger is canvassing the town to raise money to buy baseball suits.

Mrs. W. Belsey went to Burley Tuesday, returning Wednesday.

A. A. Smith and Miss Gertrude Denoek of Twin Falls were in Hollister Thursday and organized a Red Cross Sewing club. Marie Leese was elected president and Bernice Loney, secretary. The club will meet at the Masonic Hall Thursday, June 6.

A Red Cross Tea was held at the Masonic Hall Thursday afternoon. Miss Denoek gave an interesting talk on fruit canning and the use of war substitutes, which was enjoyed by a large audience.

kins, Dick and Delbert Hollister, Volney Moon, Wayne Wyrall, Lon Puckett, Ernest Hills, Marcell Standbury, Lloyd Ryan, and Mr. and Mrs. R. P. W. Lamm, and Mr. and Mrs. Standbury.

At the Red Cross meeting Friday, Mrs. J. M. Davis was selected chairman for the coming year, and Miss Beadie Wyrall was re-elected secretary.

Mrs. A. Ayer superintendent of sewing, Mrs. T. J. Douglas superintendent of knitting.

Marcell Standbury and Dick Hollister have enlisted in the army, and will leave Wednesday for camp.

Mr. and Mrs. Frank Parrott were Twin Falls visitors Monday.

Mr. and Mrs. Dudley and family visited her sister, Mrs. P. C. Hills, Sunday.

BOOK CREEK

BOOK CREEK—Mrs. E. A. Owens entertained the B. C. L. club at the home of her father, Ed Demore, Friday afternoon. The club elected as delegates to the Convention to be held at Burley, Mrs. D. P. Albee and Mrs. E. P. Larson, and as alternates, Mrs. E. P. Larson and Mrs. J. J. Demore.

Mrs. Fred Bacon, Mrs. Thos. Wallace and Mrs. Susan Gray were elected members of the club. Ten dollars were paid to the fund for furlough homes for the "boys" in France.

The teacher, pupils and a number of the mothers of the pupils of the Book Creek school spent the day at the Crockett ranch on the annual picnic.

Unfortunately, as has occurred the past few years the meeting of the P. C. L. club and the last day of school happened to be on the same day, but in the past years the club was postponed for a week, but this time no one happened to remember the fact at the time the meeting was set and the attendance at both the picnic and club was greatly lessened.

The new board of trustees of District No. 6 met Thursday evening, and organized with Magnus Larson as chairman and Mrs. Ollie Gray as clerk.

During the summer, if the labor can be secured, a new well will be bored, the school house painted and various smaller improvements made. If necessary a special tax will be levied as soon as an estimate can be made of the amount needed.

MURTAUGH

MURTAUGH—Last week the local Red Cross branch turned in 261 pieces comprising 15 suits of underwear, 6 bed jackets, 15 caps, 5 operative socks, 150 masks, 10 bath robes, 7 pairs pajamas, 10 pairs socks, 2 wash cloths. Last Wednesday evening Mrs. W. C. Hall entertained the members of the young married couples bible class. Twenty-two were present. A musical program was rendered. Games were played during the evening, and refreshments were served.

F. E. Eckelberger and son of Jerome were Murtaugh visitors Wednesday.

Mrs. Perry Weaver was a Twin Falls visitor Thursday.

Mr. and Mrs. Elmer Chance and Mrs. Kendall motored to Twin Falls Thursday.

Mrs. T. L. Whitworth is visiting at the home of her daughter, Mrs. T. B. Mitchell on the north side.

Mrs. B. M. Nicols of Boulder, Colo., is visiting her brothers, E. B. True and Roy True and families.

Miss Mae Hall and Mrs. I. Stansell were Twin Falls visitors Friday.

Mrs. A. Hoover visited at Kimberly Wednesday.

Three More Fighters—Three applicants for enlistment in the marine corps were transferred through the local recruiting station Tuesday evening. They were William A. Stanley of Twin Falls, a mechanic and truck driver, Lloyd M. Riggs of Libertyville, Missouri, a farmer, and Paul Horn of Twin Falls, a tailor employed here by Henry Heartfield.

PERSONALS

Raymond E. Wisbeck left last night for Salt Lake, going later to various coast points.

Mr. and Mrs. A. E. Pettygrove of Kimberly spent Tuesday here.

Mr. and Mrs. Jay L. Downing of Kimberly were Twin Falls visitors Tuesday.

J. E. Joslyn returned yesterday after spending several days in Jerome on business.

Miss Evelyn Wynn, who has been employed in Jerome during the past winter, has returned here.

J. B. McKinty of Burley is spending several days here.

Mrs. Charles B. Frith arrived here today from Salt Lake to join her husband, who is a member of the recruiting party of the local United States army recruiting station.

The Misses Della Lyons and Marguerite Showers of Filer are in town for an indefinite stay while attending business college.

Mrs. Ralf Peelslick of Filer is a patient in the Twin Falls Hospital.

Henry A. McCormick has been out of town several days.

Mrs. H. Heartfield and baby daughter are spending several days in Boise.

Mrs. L. M. Ormsby is visiting in Boise.

Miss Lucille Wolfe returned yesterday after spending several days in Mountain Home.

Paul Hinchliff, a sophomore at Ames, Iowa, agricultural college, returning to his home at New Plymouth, Idaho, where he will spend the summer vacation, was a Twin Falls visitor Monday.

Frank Magel, manager of Magel Brothers Auto company, is in Salt Lake on business and will return Thursday or Friday.

LOSES HORSES THROUGH DROWNING IN CANAL

Henry Hensley, a farmer residing nine miles south of Twin Falls, lost two horses valued at \$300 through drowning Friday in the high line canal. The horses had been taken to the canal for water by Reynolds Cox, an employee on the Hensley farm. The horses had not been removed and they were connected by a neckyoke. They stepped into deep mud and became frightened, and got out farther into the stream, each opposing the other in efforts to get out. Cox swam in after the team and attempted to direct their course toward shallower water, without success.

At the recent meeting of Twin Falls chapter, D. A. B., the following resolutions were adopted:

Resolved, by Twin Falls Chapter, D. A. B., here assembled, that our delegates in congress be requested to use their best effort to secure the repeal of the new postal law creating a new system for second class mail matter, including magazines, newspapers and periodicals, the same being an unjust discrimination against the entire west.

Be it resolved also that a copy of these resolutions be sent to each of our members of congress.

The "Universal" Bean Harvester

AN ALL-STEEL HARVESTER

Made by one of the oldest manufacturers of Bean Harvesters in the United States. A strong, simple machine built to do the work. I have a limited number on hand for immediate delivery, but cannot be sure of getting any more later. If you are going to need a Bean Harvester, it will pay you to come and see them and get one early, or you are liable to be disappointed again this year.

Short time—\$3.00 a day and board; \$4.00 a day and board yourself.
Expert irrigators—\$75.00 a month.
Married men—\$40.00 a month with house, garden and possibly cow furnished.

HIGH EVENTS THAT THE FARM BUREAU WILL HOLD THIS YEAR

July 10—Three County Dairy Testers Picnic at Blue Lakes. Dairy experts from all over the United States will attend and speak.
August 24 and 25—Twin Falls County Ram Sale.
Dwight Lincoln and E. O. Walter, auctioneers.
January, 1919—Idaho Agricultural Societies, Twin Falls.

GRAIN RISES

Pool your orders and get a special price.
The farm bureau has a special price on steel grain bins. We have several orders at present and it requires \$5 for a car load. These bins are fully equipped and standard weight iron. Apply immediately.

FOR SALE

Blender twice at 35 cents. The farm bureau is taking orders for blenders at 35 cents per pound. A ten per cent deposit is required with all orders.
Frank DeKloet, Vice, has all kinds of washing machines for sale.
Bengalia peas—The farm bureau has located some northern grown peas for seed.
We have a large list of potatoes for sale.

LARGE NOTES

The labor dispute was light during the week. The farm bureau supplied 26 men to the farm. Irrigation started on the Salmon tract and construction on the water system in town, yet there seems to be plenty of help.
It is necessary that the farmers stand by the farm bureau scale, to protect themselves from bidding against each other. This is the time when we feel nervous about help. Helping wages will not make any more hands. The bureau is not trying to hold down wages but merely to protect the laboring man and the farmer.

The price of wheat has been established, as also that of beans and boots. This leaves only hay and potatoes on the open market. If the same conditions exist at harvest time this year as existed last, in which wages soared and the farmer is deprived of his just share of returns. In what other line of business do the employees go out on the street and bid against each other for untried help? Therefore ask yourself if you can afford it. Call on the farm bureau, whether a member or not. They supply help at the uniform wages.

"A business man organizing harvesting teams to help you? How are the communities preparing to receive their aid?"

WHEAT REGULATION

Farmers must market all wheat suitable for milling purposes. This is voluntary if complied with at once, otherwise it will be enforced by law. Wheat not suitable for milling purposes can be used for feed.
The farmer may keep a 30 days supply of flour on hand, figuring 3 1/2 lbs. a week for adults and 1 1/2 lbs. for children not working.

IDAHO CROP CONDITION—U. S. GOVERNMENT REPORT

Week Ending May 28

Idaho—Boise: Although benefited by good rains in the north portion, all vegetation made slow growth as the weather was too cold and windy. Winter wheat is good to excellent and early corn is showing. Spring wheat, rye, oats and barley are good but need warmth and moisture. Apples and prunes suffered further from frost damage in the northern counties and in the Boise valley, but notwithstanding are setting to fair crop of fruit in wheat orchards. Potatoes and garden truck made but little progress. Beets are coming on well, but barley are being thinned, but Report's were damaged, also in the Idaho Falls district.
Pastures, meadows and rangelands are still good but need more moisture, especially in the south.

PRODUCTION OF LAMBS

NORTH PORTLAND—The lambing season in the northwest is practically completed. According to the best information obtainable by the representative of the bureau of markets, the lamb crop in the three states, Oregon, Washington and Idaho, is estimated at 110 per cent. The average for the last ten years has been about 50 per cent, with a yield last year variously estimated at 40 to 45 per cent. Of the states named Oregon has the lowest percentage, competent authorities placing it at about 30. Many of the Oregon ranges suffer considerably last fall from drought and this resulted in a much greater number of dry ewes than otherwise would have occurred. Reports from Washington and Idaho are extremely favorable and it seems safe to place the average for these two states at approximately 120 per cent. The past winter was exceptionally mild and in most sections of the northwest excellent range was available. The weather this spring has been very favorable for lambing and all signs seem to indicate that as annually, a large percentage of the lambs born will be saved.

HOW TO GET MOST FROM WOOL CLIPS

Instructions on Clipping and Storing Fleeces to Bring Highest Prices (Reproduced from the Statesman)
WASHINGTON—The United States department of commerce is directing attention of American sheep growers to a statement issued by the British war office wool purchase department to

farmers of the United States designed to enable them to obtain the best possible price for their clips. This statement is reproduced with the expectation that some of the hints given will be helpful to the wool growers of the United States. The British statement follows:
"Wool that is well prepared will certainly realize more than that which has been neglected, and there is no doubt that some farmers have lost money because they have not troubled to make their clip in its best possible condition."
"The sheep should be quite dry before clipping, as damp impure wool after it is shorn."
"Don't clip the sheep on a floor that is littered with straw and loose dirt. Every care should be taken to keep the wool free from grass, straw or chaff, or bits of vegetable matter. Wool containing any foreign matter is sure to be reduced in price."
"If shearing in a field, select a place where the grass is short; do not cut the grass first. It is a good thing to select a fresh site for each day's shearing and to spread clean covers over the grass."
Boll Fleeces Separately
"Each fleece should be neatly rolled separately and fastened by twisting the neck-end into a band and wrapping it tightly round. If more than one fleece is made into a bundle, the wool will be closed down to the quality of the lowest fleece. Locks and broken wool must not be stuffed into the fleeces, but must be kept separate. If the fleeces are stuffed in this manner or greasy wool is put inside washed fleeces, the price is certain to be reduced."
"The fleeces' short lengths' wool should be kept separate, and it is realized that it cannot be taken off and kept apart."
Store in Clean, Dry Place
"Store your wool in a clean, dry place, and on a wooden floor if possible. If the outside walls are thin and not damp proof the wool should be kept away from them. It is unwise to store it near grain as vermin will carry the grain into the wool. Damage to wool by rats and mice frequently causes considerable loss in value. Stored wool should always be covered to keep it clean."
"All marking should be done with a mixture that will dissolve in hot water; or it should be put on the head or ears, so as not to come off the fleeces. Marking on the fleeces with tar or anything which will not dissolve in hot water has all to be clipped off before the wool is used and this means loss of value to the farmer."
"Great care should be taken to see that the place where wool is packed is clean and free from straw or dirt, as this is liable to get into the sheets. No sheets should be sewn up with bind or twine nor should this twine be used for tying up fleeces, as the fibers of this twine get into the wool and are difficult to detect and cause considerable damage to the woven fabrics."

Wool consumption in April, Washington.—Consumption of wool by manufacturers in April was slightly less than in March, but more than in either January or February, according to the monthly wool consumption report just issued by the bureau of markets. April consumption was about 70,700,000 pounds, grease equivalent, compared to 71,900,000 pounds used in March, 73,700,000 pounds in February, and 65,100,000 pounds in January. Stocks of wool consumed in April by classes and pounds were: grease, 42,715,819; scoured, 12,153,198; pulled, 2,272,431. Consumption by states for all classes of wool in pounds was: Massachusetts, 54,831,670; Rhode Island, 7,231,200; Pennsylvania, 6,400,013; New Jersey, 6,273,904; New York, 5,043,971; New Hampshire, 1,909,238; Connecticut, 1,835,644; Ohio, 1,333,323; Maine, 910,772; and all other states, 5,248,415. Out of 632 schedules sent out 538 manufacturers reported wool consumed in April; 63; no wool used; 9; returned schedules stating that raw material consisted of tops, yarns and waste, while five failed to reply. The five manufacturers who did not return schedules have a capacity of 35 sets of woolen cards and five worsted combs.

Store in Clean, Dry Place
"Store your wool in a clean, dry place, and on a wooden floor if possible. If the outside walls are thin and not damp proof the wool should be kept away from them. It is unwise to store it near grain as vermin will carry the grain into the wool. Damage to wool by rats and mice frequently causes considerable loss in value. Stored wool should always be covered to keep it clean."
"All marking should be done with a mixture that will dissolve in hot water; or it should be put on the head or ears, so as not to come off the fleeces. Marking on the fleeces with tar or anything which will not dissolve in hot water has all to be clipped off before the wool is used and this means loss of value to the farmer."
"Great care should be taken to see that the place where wool is packed is clean and free from straw or dirt, as this is liable to get into the sheets. No sheets should be sewn up with bind or twine nor should this twine be used for tying up fleeces, as the fibers of this twine get into the wool and are difficult to detect and cause considerable damage to the woven fabrics."

Marking on the fleeces with tar or anything which will not dissolve in hot water has all to be clipped off before the wool is used and this means loss of value to the farmer."

INCREASED NUMBER OF SHEEP AND CATTLE TO BE GRAZED ON THE NATIONAL FORESTS

Three Quarters of a Million More Stock to be Taken Care of This Year Than Last, Say War Dept. Needs
The department of agriculture authorizes the following:
To meet the war needs of the country, sheep and cattle will be grazed on the national forests in increased numbers this year. Half a million more sheep and nearly a quarter of a million more cattle will be taken care of than last year, according to the officials of the forest service. This will bring the total number of stock grazed under permit to about 9,000,000 sheep, 2,360,000 head of cattle, and 51,000 swine.
"This increase is on top of an increase of 500,000 sheep and 100,000 cattle made last year when it was recognized that the country's need for the fullest possible use of the national forest range."

Productiveness Has Increased
Through conservative handling of these ranges for more than 10 years their productiveness has been steadily

June Bargains

of Special Interest to the Discriminating Woman

HERE are bargains in many items to start the month of June off right. Each one represents a real saving, and each one is an article of merit. You will surely be pleased with these goods when you see them and it will be but a question of time when these prices are but memories. Merchandise has gone up and is still going up and at the prices we have placed on these they are opportunities you cannot fail to miss. Read these items then obey the impulse and buy your needs now.

DRESS GINGHAMS—Some very pretty patterns in this lot, in plaids, checks and stripes. All new colorings, very desirable for summer wear. These will make up beautifully and launder exceedingly well. You can save money by buying now, as these prices are very low for the quality shown. A yard 25c.

WOMEN'S PURSES—\$1.50 values at \$1.29. New leather purses in the latest styles are in this lot. Two styles are shown—the hand bag and the purse.

WOMEN'S AND CHILDREN'S HANDKERCHIEFS 6 for 25c. A very fine quality cambric handkerchief. Small colored hem and a neat sized kerchief. Excellent for children or common use. Get your needs supplied now.

TURKISH TOWELS 22c each. A 35c value. A real bargain in a full sized, good quality towel. Cannot be duplicated at anywhere near this price. These are such good values and we want everyone to get a supply that we limit them to four to a customer.

WOMEN'S AND CHILDREN'S HOSE—Here is a fine quality cotton hose. A fine ribbed good wearing and neat looking hose, full fashioned and true to size. In either black or white and every size in stock. A good value at 35c pair and a greater value at our special price of 29c a pair.

LAWNS AND FLAXONS This assortment contains some very pretty patterns in the new colorings and designs. They are ideal for hot summer wear, and this is the time to make them up, while it is not too warm. Fine for baby's or children's dresses too. Special at a yard, 22c.

rising. With the country at war, the secretary of agriculture felt it was necessary to take some chances of overgrazing in the interest of larger immediate production. The results of admitting a larger number of live stock were, however, carefully watched. The further increase made this year are mainly made possible by finding out how additional stock can be grazed without injury to the ranges through more intensive methods of use.
These included judiciousments in the allotments of range, closer utilization of the forage, and the opening up of country not before used for grazing stock. In order to make the new areas accessible to stock it has been in many instances necessary to construct trails or driveways. Watering facilities have been improved. The various increased allowances have been authorized only after careful consideration.
Largest Increase in Colorado and Wyoming
The largest increase has been made in the Colorado and Wyoming forests, where 51,000 additional cattle and 151,000 more sheep will be grazed. In the state of California there will be 137,000 more sheep. The provision for more cattle is widely distributed through rel-

GETS CONTRACT FOR BUILDING HANSEN SPAN

BRIDGE COMMISSION AWARDS CONSTRUCTION TO MIDLAND BRIDGE CO. FOR \$92,850.

The Hansen Bridge commission, composed of the commissioners of Twin Falls county and of the Hillsdale highway district, at a meeting here Saturday afternoon, let, for \$92,850, to the Midland Bridge company of Kansas City, the contract for construction of a steel suspension span from rimrock to rimrock across Snake river canyon near Hansen.

D. J. Cavanaugh, representative of the successful bidder, telegraphed immediately for delivery of material. Provided material is furnished promptly, he stated, the structure will be completed within six or seven months' time.

Six Contractors Bid.

Six contractors participated in the bidding, all submitting bids on the plans of the Midland Bridge company, which plans were accepted for the span to be built, and five submitting bids on plans submitted by the Missouri Valley Bridge & Iron company. The difference between the high and low bids on the type of span adopted was \$21,500. In a report on both plans, submitted at the meeting Saturday afternoon, E. M. Murray of Billings, Montana, steel bridge expert retained by the commission to superintend construction of the Hansen span, it is stated that with approved construction methods, careful attention to all details of construction and erection, through supervision and inspection, all of which are expected on this job, the bridge built after either plan, as modified, would result in a creditable and much needed structure.

More Money Available.

There is available for the construction of the span, a total sum of \$50,000 derived through sale of bond issues in the sum of \$30,000 voted in the county and highway district in the fall of 1912, and \$20,000 in appropriation of \$20,000 made for the purpose by the last session of the state legislature.

E. A. B. Rice, chairman of the highway district commissioners, stated that one-half of the difference between the sum available and the amount of the accepted bid would be raised without difficulty in the district, and O. E. Carlson, chairman of the county commissioners, stated that an equal amount would be taken to defray the county's portion from the road and bridge fund without prejudice to the claim for improvement in any other portion of the county.

Vote Is Unanimous.

The motion that the bid of the Midland Bridge company be accepted was made by Commissioner T. E. Moore of Filer, seconded by Commissioner C. C. Dudley of Hazelton, and adopted by unanimous vote of the commission. The canyon at the point where it is to be spanned by this bridge is approximately 200 feet wide. The span is to have a roadway 16 feet in width.

According to the report of Engineer Murray, the span to be built will be capable of sustaining safely the following loads: Total quiescent load distributed uniformly over a length of 600 feet, 300,000 pounds; total moving load uniformly distributed over a distance of 400 feet, 200,000 pounds; or an engine, roadroller or tractor load of from 20,000 to 24,000 pounds.

Both designs upon which bids were received, according to Engineer Murray, with the exception of minor changes which he recommended and which were accepted by the successful bidder, were considered good. The heavier "Valley" design, he said, is to be preferred on account of its greater capacity, although the loading specifications for it are somewhat greater than may be reasonably expected to come upon the structure. Necessarily the cost of construction would be more than with the "Midland" design.

Market Requires Economy.

"Present conditions of the materials market require that economy to the utmost be exercised," said Engineer Murray in his report, which continues as follows: "Steel products are daily becoming more difficult to obtain with long time to come, some kinds of materials being quite difficult to obtain at this time."

"A structure properly designed for certain loads will be stable, serviceable and may be expected to last for a reasonable period of time, as long as the specified loads are not materially exceeded."

Alternative Proposals.

Alternative bids were submitted by each bidder on four types of construction for each of the two designs under consideration as follows: (1) All wood joists and rail; (2) steel joists and wood rail; (3) steel rail and wood joists; (4) all steel joists and rail. The third type providing for steel rail and wood joists was adopted.

The contractors participating in the bidding were: Midland Bridge company, Missouri Valley Bridge & Iron company, O. E. Smith, Twin Falls; C. L. Graves, Spokane; Western Bridge & Construction company; Illinois Steel Bridge company.

Two Parties At Interest.

Interested spectators at the letting of the Hansen bridge Saturday were Thomas Lange of Twin Falls, and M. B. Provost of Hansen. Both have been identified for years with the movement for the building of the span. Eight years ago Mr. Lange, then a resident of the vicinity of Eden, secured estimates of \$60,000 for construction of a three-span bridge at this point. His interest in the matter led him to become a leader for the formation of the Hillsdale highway district, created expressly for the purpose of spanning the Snake river canyon from rim-to-rim near Hansen. He is partially paid for the printing of the ballots used in the election on the creation of the district.

Project Success Gratifying.

About four years ago, Mr. Provost took the initiative for the Hansen bridge movement of the south side of the river. The history of the movement since its inception has been one beset with obstacles and delays. The successful culmination of the project with the letting of the contract Saturday is a matter of gratification to the people of both the north and south sides of the canyon which the bridge will span.

MODIFY PLANS FOR HIGH SCHOOL

FIFTEEN DIRECTORS SUIT BUILDING SPECIFICATIONS TO FUNDING NOW AVAILABLE FOR BIDDING

Advancing costs of building have resulted in decision of the directors of the Filer rural high school district, to modify plans for the high school building to be erected there this year to bring the expenditure within the amount of money available for this purpose, and they have directed Architect B. E. Morse of Twin Falls to re-draft his plans for the structure in accordance with their decision.

All of the bids on the original plans, opened two weeks ago, were in excess of the \$24,000 made available recently through purchase by the state of a bond issue voted when the district was formed about two years ago. Bids on the modified plans will be opened in the office of the architect on June 4, and building operations will start immediately thereafter.

Architect Morse is of the opinion that the elimination of the auditorium and gymnasium provided for in the original plans will reduce the building cost to a figure within the fund on hand for this purpose. These rooms can be added later if desired.

The modified plans will provide for a building of tile and stucco, with 106 feet front and 69 feet deep. It will afford 11 large class rooms, office room, etc. Locker rooms and class rooms for the agricultural department will be provided in the basement.

The building is to be situated on a five acre site on the state highway and fronting on Yakima avenue, a principal thoroughfare.

WHAT TO USE TO PREVENT APPENDICITIS

Twin Falls people should know simple buckthorn bark, glycerine, etc., as mixed in Adler's, flashes the EN-TIRE bowel tract so completely that appendicitis is prevented, ONE SPOONFUL Adler's relieves ANY CASE of sour stomach, gas or constipation because it removes ALL foul matter which clogged and poisoned your system. The INSTANT action surprises both doctors and patients. Fisher Drug Co., Adv.

PATRIOTISM MOTIF OF LODGE EVENT

ROYAL NEIGHBORS DELIGHT LARGE AUDIENCE.

One of the most impressive patriotic entertainments given by a Twin Falls lodge was presented by the Royal Neighbors Thursday night to a large audience of members gathered here to attend the convention, accompanied by relatives and friends of the Order.

The program held in the Moose hall was under the supervision of Mrs. R. J. Thompson, chairman of the entertainment committee and Mrs. Bickford. Both efficient women to whom much credit is due.

The opening number was a short tableau in which Mrs. Stagg took the place of "Liberty" in a charming manner. The speaker of the evening, Attorney E. L. Wolfe, was introduced by the "Boy Scouts." Mrs. Bickford and Mrs. Parsons introduced the five graces of the lodge. They were: Faith, represented by Mrs. Cora Cronse; Endurance by Mrs. Nancy Tanner; Unselfishness, Mrs. Lammers; Courage by Mrs. Gentry; and Modesty, by Mrs. Minnie Stevens.

Dorothy Kendall, Martha Kendall, Florence Bickford and Thelma Hart-

field sang "Just a Baby's Prayer at Twilight" in a lovely way. Miss Marion Wason sang "Little Boy Blue," and the Starr boys gave a violin and cornet duet accompanied by Vera Cook at the piano.

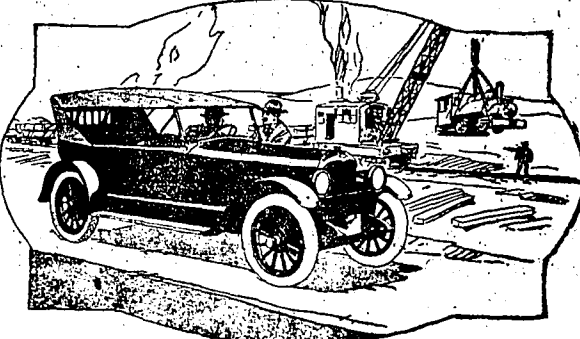

Following the program the Small Red Cross nurses and Boy Scouts marched onto the platform in two military style. The little lasses who took the part of nurses were Florence Bickford, Marie Mills, Thelma Heartfield, Ruth Snow, Ruth Diebold, Caro Thompson, Helen Heartfield and Ruth Van Andelen. The Scouts were Paul Decker, Jack Decker, Ralph Ormsby, Ellsworth McRoberts, Earl Bickford, Jim Purdy, Joe and Buster Deiss, and Rose Cravner. Miss Ethel Bickford acted as pianist for the entire program.

A reading by Miss Elster, a recitation by Blanche Patton, a vocal solo by Myrtle Patton, and a piano solo by Miss Brady were other features. The "Masonic exercises held by the Woodmen in the Masonic hall were well attended and a large class of new members taken in. The banquet held in the Herriott building, which was decorated in patriotic colors, was the big feature of the evening and 375 persons were seated at the long tables.

ROAD TO HAPPINESS

Be "amiable, cheerful and good natured" and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.—Adv.

PAIGE
The Most Beautiful Car in America

For Active Service

American business has been motorized. For both short and long hauls the gasoline truck has proven itself a thoroughly efficient form of transportation. And no intelligent field Executive would dream of tackling his job without the proper equipment—a dependable touring car or roadster.

It would amaze you to know how many Lawyers, Doctors, Architects, Contractors and Specialty Salesmen have adopted the Paige. These men have bought their cars for active service, and they have been influenced in their selection by practical considerations only. They deliberately sought out the car that would offer the greatest dollar-for-dollar value—and they found it in the Paige.

OVER THE TOP AN AMERICAN SOLDIER WHO WENT ARTHUR GUY EMPEY MACHINE GUNNER, SERVING IN FRANCE

WRITTEN BY
ARTHUR GUY EMPEY

(Chapter 23 continued)

Then comes "back drill" or "defensive parade." This consists of drilling, mostly at the double, for two hours with full equipment. Tommy hates this, because it is hard work. Sometimes he fills his back with straw to lighten it, and sometimes he gets caught. If he gets caught, he groans at everything in general for twenty-one days, from the vantage point of a limber wheel.

Next comes "C. B." meaning "connected to barracks." This consists of staying in billets or barracks for twenty-four hours to seven days. You also get an occasional "defensive parade" and dirty jobs around the quarters. The sergeant major keeps what is known as the crime sheet. When a man commits an offense, he is "crimed," that is, his name, number and offense is entered on the crime sheet. Next day at 9 a. m. he goes to the "orderly room" where the captain, who either punishes him with "C. B." or sends him before the O. C. (officer commanding battalion). The captain of the company can only award "C. B." Tommy many a time has thanked the king for making that provision in his regulations.

To gain the title of a "smart soldier," Tommy has to keep clear of the crime sheet, and you have to be darned smart to do it.

I have been on it a few times, mostly for "drunken indiscretion."

During our stay of two weeks in rest billets our captain put us through a course of machine-gun drills, trying out new stunts and theories.

After parades were over, our guns got together and were tried out some theories of their own in reference to handling guns. These courses had nothing to do with the advancement of the war, consisted mostly of causing tricky jams in the gun, and then the rest of the crew would endeavor to locate as quickly as possible the cause of the stoppage. This amused them for a few days and then things came to a standstill.

One of the boys on my gun claimed that he could play a tune while the gun was actually firing, and demonstrated this fact one day on the target range. We were very enthusiastic and decided to become musicians.

After constant practice I became quite an expert on the tune entitled "All Conductors Have Big Feet."

When I had mastered this tune, our two weeks' rest came to an end, and once again we went up the line and took over the sector in front of G—

At this point the German trenches ran around the base of a hill, on the top of which was a dense wood. This wood was infested with machine guns, which used to traverse our lines at will, and sweep the streets of a little village, where we were billeted while to reserve.

There was one gun in particular which used to get our goats, it had the exact range of our "elephant" dugout entrance, and every morning about the time rations were being brought up, its bullets would knock up the dust on the road; more than one Tommy went West or to Blighty by running into them. This gun got our nerves on edge, and Fritz seemed to know it, because he never gave us an hour's rest. Our reputation as machine gunners was at stake; we tried various ruses to locate and put this gun out of action, but each one proved to be a failure, and Fritz became a worse nuisance than ever. He was getting fresher and more careless every day, took all kinds of liberties with us—thought he was invincible.

Then one of our crew got a brilliant idea and we were all enthusiastic to put it to the test.

Here was his scheme:

When firing my gun, I was to play my tune, and Fritz, no doubt, would fall for it, try to imitate me as an added insult. This gunner and two others would try, by the sound, to locate Fritz and his gun. After having got the location, they would mount two machine guns in a line, in a little clump of woods to the left of our cemetery, and while Fritz was in the middle of his lesson, would open up and start to rock. By our calculations, it would take at least a week to pull off the stunt.

If Fritz refused to swallow our bait, it would be impossible to locate his special gun, and that's the one we were after, because they all sound alike, a slow pop-pup-pup.

Our project was hanging by a thread. In the battalion we had to endure all kinds of insults and fresh remarks as to our ability in silencing Fritz. Even to the battalion that German gun was a sore spot.

Fritz had stopped firing to listen. Then he started in sure enough, he had fallen for our game, his gun was trying to imitate mine, but at first he made a horrible mess of that tune. Again I baited him with a few bars and stopped. Then he tried to copy what I had played. He was a good sport all right, because his bullets were going away over our heads, must have been firing into the air. I commenced to feel friendly toward him.

This duel went on for five days. Fritz was good and learned rapidly, in fact got better than his teacher. I commenced to feel jealous. When he had completely mastered the tune, he started sweeping the road again and we clicked it worse than ever. But he signed his death warrant, by doing so, because my friendship turned to hate. Every time he fired he played that tune and we danced.

The boys in the battalion gave us the "Hail Ha!" They weren't in on our little trick.

The originator of the ruse and the other two gunners had Fritz's location taped to the minute; they mounted their two guns, and also gave me the range. The next afternoon was set for the grand finale.

Our three guns, with different elevations, had their fire so arranged, that opening up together, their bullets would suddenly drop on Fritz like a hailstorm.

About three the next day, Fritz started "pop-popping" that tune. It was a sharp blast on a whistle. This was the signal agreed upon; we turned loose and Fritz's gun suddenly stopped in the middle of a bar. We had cooked his goose, and our ruse had worked. After Fritz had time to make sure of our job, we hurriedly dismounted our guns and took cover in the dugout. We knew what to expect soon. We didn't have to wait long, three salvoes of "whizz-bangs" came over from Fritz's artillery. Further confirmation that we had sent that musical machine-gunner on his Westward-bound journey. That gun never bothered us again. We were the heroes of the battalion, our captain congratulated us, said it was a neat piece of work, and, consequently, we were all puffed up over the stunt.

There are several ways Tommy uses to disguise the location of his machine gun and get his range. Some of the most commonly used stunts are as follows:

At night, when he mounts his gun over the top of his trench and wants to get the range of Fritz's trench he adopts the method of what he terms "the lever." This consists of string bursts from his gun until the bullets hit the German barbed wire. He can tell when they are cutting the wire, because a bullet when it hits a wire throws out a blue electric spark. Machine-gun fire is very damaging to wire and causes many a wiring party to go out at night when it is quiet to repair the damage.

To disguise the flare of his gun at night when firing, Tommy uses what is called a flare protection. This is a storage arrangement which fits over the barrel casing of the gun and screens the sparks from the right and left, but not from the front. So Tommy, always successful, adopts this scheme: About three feet or less in front of the gun he drives two stakes into the ground, about five feet apart. Across these stakes he stretches a curtain made out of empty sandbags ripped open. He wicks this curtain in water and fires through it. The water prevents it catching fire and effectively screens the flare of the firing gun from the enemy.

A Breakdown Would Be a Calamity

Excerpt from the Annual Report of the Hon. John Skelton Williams, Comptroller of the Currency, to the Congress.

MAINTENANCE OF EFFICIENCY AND CREDIT OF PUBLIC UTILITY COMPANIES ESSENTIAL.

"National and State Banks, and many thousands of small and large investors, have suffered seriously from the decline of the earning capacity of public utility corporations and the consequent shrinkage in the value of their securities, representing investments of many hundreds of millions of dollars. These losses naturally diminish the power and disposition of the public to respond to the calls of the Government for money for war. This danger should arouse, I venture to suggest, the anxiety and stimulate the efforts of the Congress and of every patriotic citizen. A more urgent and pressing peril is forced upon our attention by the obvious fact that we are dependent so largely on the efficiency and strength of these corporations and on our railroads for speed and success in preparing for and prosecuting the war.

"The work of war has thrown upon many of these corporations a strain which they are unable to endure without prompt help. The costs of their labor and of all material for operation, betterment, and upkeep have increased heavily and steadily.

"THE CONTINUED AND INCREASING EFFICIENCY OF THESE CORPORATIONS IS IMPORTANT FOR THE SUCCESSFUL CONDUCT OF THE WAR. THIS EFFICIENCY IS NOT POSSIBLE WITH PRESENT CONDITIONS. Compensations proved by their own agents to be approaching bankruptcy. General claims made for improvements or replacements. On the other hand, bonds and debentures suffering severe losses from depreciation in the securities of these entirely legitimate and sound investments will be discouraged from lending money to the Government or depriving of the means to bank.

The first and most direct relief to the public utility corporations can be given by the state public utility commissions and municipal and local authorities, with the broad-minded co-operation of the people generally, understanding the necessities of war and realizing that the more promptly its burdens are assumed the sooner they will be lifted. IT IS ESSENTIAL THAT FORBEARANCE AND A WISE CONSIDERATION BE EXERCISED BY THE STATE COMMISSIONS AND MUNICIPAL AUTHORITIES, AND THAT THE CORPORATIONS ALSO BE PERMITTED TO MAKE SUCH ADDITIONS TO THEIR CHARGES FOR SERVICE AS WILL KEEP IN THEM THE BREATH OF SOLVENCY, PROTECT THEIR RESOURCES AGAINST LOSS, AND GIVE THEM A BASIS OF CREDIT ON WHICH THEY MAY OBTAIN THE FUNDS WITH WHICH TO MEET THE STEADY INCREASE IN THEIR OPERATING NEEDS. THE BREAKING DOWN OF THESE CORPORATIONS WOULD BE A NATIONAL CALAMITY."

The strain of war upon the Telephone Company has become so intense that relief through increased revenues is absolutely imperative.

The Mountain States Telephone and Telegraph Co.

HOLDS FRUIT DEALERS LIABLE FOR LOSSES

C. A. ROBINSON FILES SUIT TO RECOVER \$4300 FROM EARL FRUIT COMPANY OF NORTHWEST

Holding the Earl Fruit Company of the Northwest responsible for his loss in the amount of \$4300 as a result of its failure to deliver apple boxes according to contract and asking judgment further for \$1800 alleged to be due on account of apples and peaches delivered by the plaintiff to the defendant, C. A. Robinson of Twin Falls, has filed suit in district court here, through his attorneys, Sweeney & Sweeney, against the Earl Fruit company for recovery of \$4300, together with interest and attorney's fees.

HOLD ON CITIZEN NOT REQUIRED TO WISH TO FIGHT

COURT CONFERS NATURALIZATION UPON SIX OUT OF TWELVE APPLICANTS AT HEARING.

The privileges of American citizenship are not to be denied to an applicant for naturalization simply because he prefers farming to fighting, Judge W. A. Babcock said today during a hearing in district court here Saturday on the petitions of twelve applicants for naturalization, six of which were granted.

Farming More Pleasant
"I am of the opinion myself that farming is rather a more pleasant business than fighting," Judge Babcock said, "and in the case of the applicant, James Edward Alvie, has stated that he is ready to fight if need be, but his fight is shown, although he prefers farming. I understand that a brother of the applicant has been killed in action in France. I think that the petition will be granted."

In his interrogation of the applicant, R. W. Thomas of Seattle, representative of the naturalization bureau, had brought out the admission made by Alvie. It developed also that Alvie had contributed to the Red Cross fund and renounced allegiance to King George of Great Britain.

All Support War
Question as to the measure of support in purchase of Liberty Bonds and contributions to war relief funds was directed by Mr. Thomas to each of the applicants, and in each instance the response was satisfactory.

In reply to an examiner's query as to what he would do if need be, or his service in the army were shown, Peter Pearson, a native of Sweden, who served as a volunteer in a cavalry regiment during the Spanish-American war, replied, "I would go again, the same as I did in 1898, and would have gone before but that I have a family." He displayed his honorable discharge from the United States army. His petition was granted.

Richard H. Goret of Berger, who was summoned to court for final hearing at this time, was not in evidence. He disposed of his farm last fall and it is reported that he has enlisted in the British army.

Antislaus Must Wait
Two natives of Austria, Joseph Kucera and Joseph Benek of Buhl, were advised by the court clerk that their action on their petitions for naturalization would have to be postponed indefinitely, or until after the close of the war. The latter came to the United States seven years ago, leaving his wife and two children in Austria, where they still remain. He was instructed to bring his family to this country before applying again for naturalization.

Neither Germans, Austrians, Turks or Bulgarians can become citizens of the United States during the continuance of the war, the examiner stated.

Other New Citizens.

Other applicants who successfully passed the examination Saturday were Archibald Shear McCoy of Gooding; Nels Victor Nelson, Twin Falls; Ole Peterson, Twin Falls; Kay George Peter Karlson, Twin Falls; Victor Gustav Swanson, Buhl.

John Berger Swanson and John Balkwill, both of Buhl, and both entrymen on homesteads in this county, were further notified to file their applications in that county. Action in the case of Peter George Pabst of Clover, was continued for the reason that his witnesses were disqualified because they had not been acquainted with him throughout the prescribed period.

PUPILS IN PROGRAM FOR SCHOOL CLOSING

Pupils of the Bickel district school, Miss Ruth E. Harvey, teacher, took part in a program Friday night on the occasion of the closing of the school. At the conclusion of the program, "patriotic" refreshments will be served by the pupils to the patrons in attendance. A principal feature of the program is an exercise entitled, "Why We Love Our Flag," in which the pupils of the intermediate grades. Other numbers are recitations by William Hranac, Alice Hranac, Theodore Hranac, Ramon Hranac, Madona McCutcheon, Bertie McCutcheon, Wayne McCutcheon, Robert Barnes and Wayne McCutcheon will give a vocal duet.

NOTICE FOR PUBLICATION

Notice is hereby given that I, Verne McBride, having been guilty to a charge of burglary, on or about the 25th day of December, 1911, in the District Court of the Fourth Judicial District, in and for the County of Twin Falls, Idaho, and sentenced to the state penitentiary for a term of from 1 to 15 years, will make application to the Honorable State Board of Pardons, at its next regular meeting after the legal holidays, for an absolute pardon. (Signed) VERNE MCBRIDE. P. O. Box 38, Boise, Idaho.

LEGAL ADVERTISEMENTS

ALIAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County, Idaho. Elizabeth Powers, plaintiff, vs. E. Pearl Benson, Mrs. J. Benson, whose first and full name is unknown, the wife of E. Pearl Benson, defendants. The State of Idaho, ex officio, to E. Pearl Benson, Mrs. J. J. Baker, E. Pearl Benson, and Mrs. J. Benson, whose first and full name is unknown, the wife of E. Pearl Benson, the above named defendants. You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons, if served within said District Court, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The nature of the cause of action alleged against you in said complaint, as follows: On the 15th day of January, 1915, (Tax No. 44), being part of lot five (5) of section ten (10), township nine (9) south, of range fifteen (15) east, in Twin Falls County, Idaho, was subject to taxation, said tax No. 44 being more particularly described on the books of the Assessor of said County, as follows: Beginning at the point of intersection of the east boundary line of said lot five (5) with the Snake River, running thence south along said boundary line to the crest of the lower rim rock of the canyon wall; thence westerly along the crest of said rim rock to the point of intersection of the east boundary line of said lot five (5) with the Snake River; thence northwesterly to the center of the Snake River; thence northerly along the west bank of the Snake River; thence southeasterly along the Snake River to the place of beginning.

That the taxation levied upon said premises in the year 1914 became delinquent, and a deficiency certificate was issued thereon by the County Tax Collector of Twin Falls County, Idaho, on the 11th day of January, 1915, and said plaintiff, Elizabeth Powers, is and was at the commencement of this action the legal owner and holder of said deficiency certificate and by reason of such certificate and the ownership thereof has a lien against the property herein described for the delinquent taxes of 1914 in the sum of \$10.00 (ten dollars) together with interest at 12% per cent per month from the 11th day of January, 1915, and for the sum of two dollars and eighty cents (\$2.80), as costs and charges according to law from the 26th day of March, 1915, and for Twenty-five Dollars (\$25.00) attorney fees and costs, and that a decree be entered ordering the sale of the premises herein described for the purpose of satisfying the amount of the judgment so obtained.

Witness my hand and the seal of said District Court, this 15th day of May, 1915.

E. J. FINCH, Clerk.
By C. L. Bowen, Deputy.

T. Hamilton, Attorney for Plaintiff, residing at Twin Falls, Idaho.

ALIAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County. May Old Hesterson, plaintiff, vs. John Hesterson, defendant.

The State of Idaho again sends greetings to John Hesterson, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said District Court, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint. This action is brought to dissolve the bonds of matrimony between you and said plaintiff and to secure from you to plaintiff, an absolute divorce.

Witness my hand and the seal of said District Court, this 3rd day of May, 1915.

E. J. FINCH, Clerk.

NOTICE

Notice is hereby given that I, William Gardner, who pleaded guilty to the crime of rape at the May term, A. D. 1915, in the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, and who was sentenced by said Court on July 3, 1915, to serve a term of not less than five nor more than fifteen years imprisonment in the penitentiary of the State of Idaho, and who was released on parole on January 1, 1916, will make application to the Honorable State Board of Pardons, at their next regular meeting after the legal publication of this notice, for a full and complete pardon.

(Seal) E. A. GARDNER, Defendant.
Dated May 15th, 1915.

ORDINANCE NO. 22.

An Ordinance declaring the intention of the City of Twin Falls, State of Idaho, to construct a sewer in and upon certain territory in said City to be designated as Local Sewer Improvement District Number 31, defining the boundaries of such proposed improvement district, describing the property to be assessed for such improvement, giving the estimated cost of such proposed improvement, and providing that protests may be filed and heard against such improvement and giving the general character of such proposed improvement.

Be it ordained by the Mayor and Council of the City of Twin Falls, State of Idaho, as follows:

Section 1. That the City of Twin Falls hereby declares its intention to construct a sewer within certain territory within the corporate limits of said City hereinafter specified and for that purpose to establish a local improvement district, to be designated as Local Sewer Improvement District No. 31.

Section 2. That the general character of the improvement to be made within said district is the building of a main and lateral sewers along and upon the route hereinafter designated and to be of such size and to be laid at such depth and at such places as to furnish and provide an adequate outlet for sewerage for each lot and tract and parcel of land in said district and to be so laid and constructed as to provide sufficient gravity fall to permit the free flow of sewerage, into the trunk sewer or subsewers heretofore constructed in said City, and to be provided with proper and necessary flush tanks, manholes and other accessories to furnish a complete sewer system for all the territory embraced within the boundaries of said district.

Section 3. The points between which said sewer lines shall be constructed are as follows: The main sewer to connect the sewer in Block No. 2 (1) of Jones Addition Avenue of the City of Twin Falls, Idaho, a little to the east of the center line of Blue Lakes Boulevard, in said City, thence south on said Blue Lakes Boulevard, parallel to the center line of said Blue Lakes Boulevard to a point where the center line of the alley between Lots A. B. C. D. and E. in Bartlett's subdivision of Lot No. 1, in Block 1 of Jones Addition and Lots No. 2 and 3 in Block No. 1 of Jones Addition, extended, intersects said Blue Lakes Boulevard; thence east on the center line of said last named alley and the line between Lots No. 2 and 3, Lots No. 8 and 9, and Lots No. 4 and 10, in said Block No. 1 of Jones Addition, extended, thence south on the line of Dewey Street, thence south on said Dewey Street, parallel to the east line thereof, to a point in said Dewey Street where the center line of the alley in Block No. 8, between Lava Subdivision and Twin Falls, Idaho, extended, intersects said Dewey Street.

Section 4. The boundaries of said proposed improvement district, to be designated as Local Sewer Improvement District No. 31 shall be the boundaries of Block Number One (1), Block Number Two (2), and Block Number Three (3), all East Lava Subdivision of Twin Falls, Idaho, the same as shown by the official plat thereof of record in Plat Book Two (2), page Six (6), in the office of the Recorder of Twin Falls County, Idaho; Block Number One (1) of Jones Addition to Twin Falls, except Lot Number one (1) of said last named subdivision, the same as shown by the official plat thereof of record in Plat Book One (1), page forty-nine (49), in the office of the Recorder of Twin Falls County, Idaho, and Lots A. B. C. D. and E. of Bartlett's subdivision of Lot No. 1, in Block 1 of Jones Addition, extended, as shown by the official plat thereof of record in Plat Book One (1), page forty-nine (49), in the office of the Recorder of Twin Falls County, Idaho, and Lots A. B. C. D. and E. of Bartlett's subdivision of Lot No. 1, in Block 1 of Jones Addition, extended, as shown by the official plat thereof of record in Plat Book One (1), page forty-nine (49), in the office of the Recorder of Twin Falls County, Idaho.

Section 5. The assessment, as well as the cost of such sewerage improvement, as shown by the City Engineer's estimate for the same, of the City of Twin Falls, Idaho, shall be assessed against all the property owners of such sewerage improvement, and the assessment roll shall contain an assessment of such costs and charges against all of said property owners accordingly.

Section 6. The estimated cost of such sewerage improvement, as shown by the City Engineer's estimate for the same, of the City of Twin Falls, Idaho, shall be assessed against all the property owners of such sewerage improvement, and the assessment roll shall contain an assessment of such costs and charges against all of said property owners accordingly.

LEGAL ADVERTISEMENTS

ALIAS SUMMONS

In the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County. Charles W. Edwards, plaintiff, vs. William M. Jones and Idaho Republic Truck Company, a corporation, defendants.

The State of Idaho sends greetings to William M. Jones, the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons if served within said District Court, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

This action is brought by the plaintiff for the purpose of foreclosing and determining the lien of certain mortgage executed and delivered by you to the said plaintiff covering Lot Twenty-six (26) of Surtess Subdivision, and the same is brought by the plaintiff for the purpose of foreclosing and determining the lien of certain mortgage executed and delivered by you to the said plaintiff covering Lot Twenty-six (26) of Surtess Subdivision. For a more particular statement see the complaint in said action now on file in the office of the Clerk of the District Court of Twin Falls County, Idaho.

Witness my hand and the seal of said District Court this 19th day of April, 1915.

H. J. FINCH, Clerk.
By C. L. Bowen, Deputy.

R. R. SMITH, Attorney for Plaintiff, Residence and Office, Twin Falls, Idaho.

NOTICE FOR PUBLICATION OF TIME APPOINTED FOR PROVING WILL

IN THE Probate Court of Twin Falls County, State of Idaho.

In the matter of the estate of John Havlick, deceased.

Pursuant to an order of said Court, made on the 22nd day of May, 1915, notice is hereby given that Saturday, the 22nd day of June, 1915, at 10 o'clock a. m. of said day, at the Court Room of said Court, at the Court House in the City of Twin Falls, County of Twin Falls, State of Idaho, is hereby designated as the time and place for proving the will of said John Havlick, deceased, and for hearing the application of Rachel Havlick for the issuance to her of letters of administration on the estate of said John Havlick, and where any person interested may appear and contest the same.

Dated May 22nd, 1915.

G. P. DUVALL, Probate Judge.

(Seal) Stanley & Swenley, Attorneys for Plaintiff.

(Continued from Page 5)

the wool market is expected to be practically all of the same.

In Colorado virtually all of the additional sheep to be grazed are owned in small numbers by the owners of the land. Under present wartime conditions it is no longer necessary to handle sheep in large bands in order to make the handling profitable.

PRICE OF WOOL FIXED BY GOVERNMENT WAR INDUSTRIES BOARD

Speculation is prohibited—Secured Value in Boston on July 20, 1917, Taken as Basis—Government Will Have First Call on Army Portion of Reserve.

The war industries board has issued the following statement: The government has definitely fixed the price of wool, taking as a basis the secured value in Boston on July 20, 1917.

The arrangement was arrived at by conference between the representatives of the growers, the dealers and the government.

It is desired that the wool shall, as nearly as possible, follow its usual channels, and to this end the growers have agreed to deliver to the dealers the new clip, and the dealers have agreed to distribute it upon a definite basis of compensation conforming to the government's direction as to its distribution.

Government Has First Call

The government has not obligated itself to buy the clip, but does have first call upon any portion it requires and it will allot the balance of the wool to mills throughout the country, such balance to be made use of for civilian purposes.

The Boston prices as of July 20, 1917, are set to the growers, except that he is to pay transportation charges to the Atlantic seaboard and interest on such advance as may be made to him at the time of shipment.

The dealers are to be permitted to make a charge of 3 per cent of the selling price if the wool is graded, and 3 1/2 per cent if it is ungraded.

This commission is to cover all storage, cartage and insurance. The commission charge is to be added to the

price of the wool as it leaves the grower's hands.

Blanket Advance to Growers

The dealers are arranging to make a blanket advance to the grower at the time the wool is shipped, the balance of the price of the wool to be paid to the grower when the wool is sold and delivered by the dealer.

Speculating or any form of buying directly or indirectly is to be prohibited. The dealers in wool will be approved by the war industries board, and no approved dealer will be allowed to buy wool nor will be allowed to take on commission more than can be stored.

After the wool is in the hands of the dealers and graded it will be valued by a government valuation committee. The wool growers, the wool dealers, and the wool manufacturers will each be represented on government committee which will take charge of the details of operation.

A method of handling wool in the fleece wool sections and other sections where the clips are small is now being worked out which will probably allow selling in small lots. This plan will be made public as soon as it is definitely decided upon.

Full Schedule of Prices

A full schedule of prices will be distributed without delay by the wool trade associations, or can be obtained from the wool division of the war industries board.

Naturally there are many details yet to be worked out, but the foregoing is the substance of what has been definitely thus far agreed upon.

The war industries board has created a new commodity division entitled the "Wool Division." Lewis Penwell, Chief of this division. All communications relative to the subject of wool should be addressed to "Lewis Penwell, Chief of Wool Division, War Industries Board, Council of National Defense Building, Washington, D. C."

BOYS' AND GIRLS' CLUBS

Twin Falls

M. E. Lacey, poultry specialist of the department of agriculture, talked to a meeting of 40 poultry club members at the high school Wednesday evening. He gave many interesting and valuable

information. The poultry club is a new organization in Twin Falls. It was organized by Mrs. Peterson, who is the president. The club has a membership of about 40. The club is interested in the raising of poultry and in the improvement of the breed. The club has a fund of about \$100. The club is interested in the raising of poultry and in the improvement of the breed. The club has a fund of about \$100. The club is interested in the raising of poultry and in the improvement of the breed. The club has a fund of about \$100.

Red Cross Sewing Club

A Red Cross sewing club was organized in Hollister Thursday with a membership of nine. The club leaders all over the country are encouraging this patriotic service by giving credit for Red Cross sewing work. Probably no club in the county is capable of better work than the Hollister club and much can be expected from it this summer.

Bogerson

The Bogerson club under the leadership of Mrs. Peterson are doing effective work in their lines of production. Report cards received at the county office from the most enthusiastic members are working for Uncle Sam and their own profit. Bogerson clubs will give a good account of themselves this fall.

Twin Falls Clubs

(By G. E. Denman)

The Smith-Hughes act has been designed with the intention of securing more efficient and valuable methods of teaching agriculture in the high schools throughout the United States.

To the high school maintaining a four year course in agriculture and otherwise meeting the requirements of the federal board of vocational agriculture is given financial aid from the federal government. Eight high schools in Idaho have so far met the requirements of the Smith-Hughes act. The Twin Falls and Buhl high schools of this county are carrying on this work in accordance with Smith-Hughes requirements. The majority of the boys enrolled in the agricultural curriculum of the Twin Falls high school are carrying on summer projects under the supervision of Mr. Denman, instructor of agriculture. He has recently visited each project and personally inspected each project and finds that the work is progressing more favorably than was expected. The boys are doing not only production project work but are carrying on experimental projects as well. It is hoped that when this work is completed in the fall that some valuable work in the way of simple experiments will have been done. These boys receive school credit for this work, which is a part of the work they must carry on when enrolled in the agricultural curriculum.

The projects range from that of caring for and checking up on a few animals to ascertain the cost of production to the growing from one to several acres of the various crops.

The promoting of such work by the federal government is only another step to make the teaching of agriculture in high schools of more value to the boys and the community. They realize the importance and that such work will be very anxious that such work be done. The Twin Falls tract take advantage of their opportunity to obtain standard instruction in agriculture.

HOME DEMONSTRATION WORK

Miss Dencke Holds Four Meetings

Kimberly Meeting

At an open meeting of the Kimberly Pioneer club, Tuesday, at the home of Mrs. Van Hook, Gertrude Dencke spoke on conservation, and the women decided that a demonstration in the near future would be of great value.

Lucerne Meeting

On Wednesday the women of Lucerne held a meeting, discussing conservation and the necessity of organization in solving the food problem. Sandwiches using fifty per cent corn meal and potatoes were served and the women enjoyed a pleasant afternoon.

Hollister Meeting

The Hollister women met with Miss Dencke on Thursday at the lodge hall, and a profitable afternoon was spent listening to discussions of substitutes and war recipes. It was the voice of the women to make Mrs. Lacey chairman of an organization to carry on further conservation work.

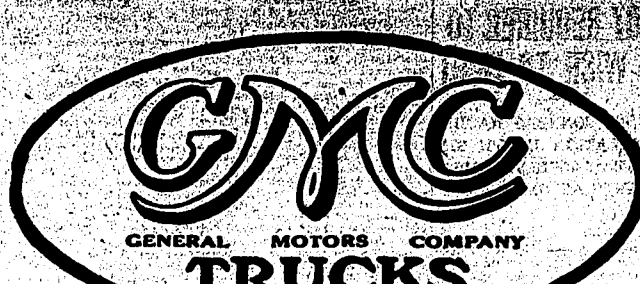

Hansen Meeting

An informal discussion of women's problems and their part in the war was discussed by the Hansen club Monday at the home of Mrs. McCoy. Gertrude Dencke led the discussion and was very pleased at the interest shown.

SHORTCAKES FOR WEATHERLESS PATRIOTS

The call for wheat grows more and more urgent and Americans now realize that wheat is as much a part of the real fighting power of the country as ships and guns. It has been said that brains will win the war. Thinking ahead on the wheat question has led many citizens to demand that wheat be taken over by the government and held in hand to meet any shortage that may arise from submarine sinkings. That would be Germany's method, the brains for money and the wheat would win! America is depending on democracy to win—the brains of all her people. Your brains mean life.

Thousands of men and women have given up the weekly allowance of a pound and a half of flour, and are

GENERAL MOTORS COMPANY

TRUCKS

SOME DAY YOU'LL OWN A G.M.C.

TODAY HORRORS AND TOMORROW CONSTITUTIONS ARE HERE—PRACTICALLY USELESS OR TOO EXPENSIVE IN OPERATION AND UPTIME FOR THE PROMPT SERVICE YOUR CUSTOMERS DEMAND. YOU MUST KEEP PACE WITH COMPETITION. YOU NEED A TRUCK OF PROVEN RECORD—ONE WHICH GIVES YOU CONSTANT DEFENDABLE SERVICE AT LEAST COST. G.M.C. TRUCKS, BECAUSE OF THEIR SIMPLE AND STURDY CONSTRUCTION, THEIR NEED OF ONLY REASONABLE ATTENTION, ARE THE

LOGICAL TRUCKS FOR YOUR BUSINESS. SOME DAY YOUR NAME WILL GO ON A G.M.C. YOU CAN INCREASE YOUR RANGE OF OPERATION, BRING NEW DISTRICTS WITHIN YOUR REACH AT A LOW COST, AND PROVE TO YOUR CUSTOMERS THAT THEIR NEEDS RECEIVE THE UTMOST ATTENTION. THAT MODERN MEANS PROVIDE. G.M.C. TRUCKS ARE IN ALL PRACTICAL SIZES, FROM 1/2 TO 5 TON CAPACITY. ONE WILL JUST FIT YOUR BUSINESS. LET US GIVE YOU FACTS AND FIGURES.

Gooding Motor Co.

GOODING TWIN FALLS BURL BURLEY

Take Care of Your Tires

America's greatest need is for ships—more ships.

Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty. The number now left to bring rubber to this country is extremely limited.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service—and remember, your tire is a vital war-time necessity.

So again,

—take care of your tires.

United States Tires are Good Tires

traveling a wheelless road to victory. These housekeepers who make good use of this allowance in loaf bread and biscuit hesitate to turn even a dust of wheat flour into pie or shortcake and such extras. To those the recipes for shortcake worked out in the experimental kitchen of the food administration will be most acceptable.

Barley Shortcake

1 cup liquid, 4 to 6 tablespoons fat, 1 tablespoon sugar, 1 teaspoon salt, 6 teaspoons baking powder, 4 cups barley.

Corn Flour Shortcake

1 cup liquid, 6 to 8 tablespoons fat, 1 tablespoon sugar, 1 teaspoon salt, 6 teaspoons baking powder, 2-3 cups corn flour.

Rice Flour Shortcake

Follow directions for corn flour, using 3/4 cups rice instead of corn flour.

Barley Corn Shortcake

1 cup liquid, 6 tablespoons fat, 1 tablespoon sugar, 1 teaspoon salt, 6 teaspoons baking powder, 2 cups barley flour, 1-3 cups corn flour.

Barley Oats Shortcake

Follow directions for barley corn flour, using 3/4 cups rolled oats instead of corn flour.

Corn Oats Shortcake

1 cup liquid, 4 tablespoons fat, 1 tablespoon sugar, 1 teaspoon salt, 6 teaspoons baking powder, 1-3 cups corn flour, 1/4 cups ground rolled oats.

The same weight of flour is used in each recipe—the measures differ according to the kind of flour used. All measurements are level. Mix dry ingredients, cut in the fat and add the liquid. For individual servings, place dough on slightly floured board, part to 1/4 inch thickness and cut as for biscuit. If a large shortcake is wanted, place dough in well greased biscuit tin and pat to desired thickness.

These shortcakes are light and tender. An egg added to rice or corn flour makes a softer dough. The slightly acid taste of barley may be overcome by using 1/4 teaspoon of soda dissolved in one cup of liquid. The flavor of oats and corn is especially good. The shortcakes made from corn or rice flour are very white and flaky and similar in appearance to wheat flour.

Do not spill these cakes as they crumble easily. Put strawberries or other fruit on shortcakes. Add whipped cream, if desired, and serve. These shortcakes can be used instead of pie crust in a great variety of desserts.

WIND SHIELD PREVENTS INJURY THAT MIGHT HAVE PROVED SERIOUS TO FOUR.

(Special to The News.)

JEROME—On Thursday morning as Henry Links and son Raymond, Ben Colburn and E. S. Laffey were on their way in an automobile to work, ten miles south, they met with an accident that might have proved to be serious, had it not been for the wind shield.

They were going at a rate of about 35 miles an hour when suddenly the wind shield was broken by five wires, which were being strung by the telephone gang, and just missed the men's heads, catching in the top of the car and tearing it. The telephone gang aimed not to have seen or heard the approaching car. One of the telephone men was knocked down, but no one was seriously hurt.

Republicans to Meet—The Republican state platform convention will be held at Boise June 25, according to a call sent out by State Chairman S. D. Taylor. Twin Falls county has nine delegates to be chosen following the holding of a meeting of the county central committee on Tuesday, June 11. There will be no proxies, but the full number of votes to which each county is entitled may be cast by the delegates actually present.

Comes to Twin Falls—L. J. Robinson, for some time an employee on the editorial staff of the New York Sun, with his family, consisting of Mrs. Robinson and three children, has arrived in Twin Falls with a view to making a permanent home here. Mr. Robinson is a brother of Mrs. W. F. Young.

When, How and Where Boys of 21 Must Register

Who must register—All male persons (citizens or aliens), born between June 6, 1896, and June 5, 1897, inclusive, except officers and enlisted men of the regular army, navy and marine corps and the national guard and naval militia, while in federal service, and officers' reserve corps, and enlisted men in enlisted reserve corps while in active service.

When—On Wednesday, June 5, 1918, between 7 a. m. and 9 p. m.

Where—At office of local board having jurisdiction, where the person to be registered permanently resides, or other place designated by that local board.

How—Go in person on June 5, to your registration place. If you expect to be absent from home on June 5 go at once to the office of the local board wherever you happen to be. Have your

registration card filled out and certified. Mail it to the local board having jurisdiction where you permanently reside. Enclose a self-addressed, stamped envelope, with your registration certificate for the return of your registration card in time to reach your home local board on June 5. If you are sick on June 5, and unable to present yourself in person, send some competent friend. The clerk may deputize him to prepare your card.

Information—If you are in doubt as to what to do or where to register, consult your local board.

Penalty for not registering—Failure to register is a misdemeanor, punishable by imprisonment for one year. It is best method in law of increasing the cost of war than ever before because of the scarcity of labor and the increased cost of machinery. The writer knows of instances where farmers cut their corn for fodder because of the increased cost of filling the silos, although that is not good farming because the food value of fodder is only about 60 per cent of what the silage from the same quantity would be worth.

A number of silos are not being used because of the cost of filling, and the best method in law of increasing the cost of war than ever before because of the scarcity of labor and the increased cost of machinery. The writer knows of instances where farmers cut their corn for fodder because of the increased cost of filling the silos, although that is not good farming because the food value of fodder is only about 60 per cent of what the silage from the same quantity would be worth.

Not only is corn silage a cheap substitute for alfalfa hay, but corn will produce more milk (its may cases 25 per cent more) when fed on alfalfa and silage than when fed on alfalfa alone, because of its effect on the digestion of the cow.

When there is sufficient interest in alfalfa the writer will be glad to assist the farmers in the Farm Bureau in the formation of such an organization. If you are interested, talk to your county agent about it.

COOPERATING FIELD FILLING.

(By F. R. Cammack, Field Dairyman.) Because of the expense of filling the silo, it is most important that some means be devised whereby it will be reduced. It is even more important this year than ever before because of the scarcity of labor and the increased cost of machinery. The writer knows of instances where farmers cut their corn for fodder because of the increased cost of filling the silos, although that is not good farming because the food value of fodder is only about 60 per cent of what the silage from the same quantity would be worth.
