

FRAUD CHARGED IN OPERATION OF LAND PROJECT

Secretary D. B. Moorman Brings Action for Appointment of Receiver for Milner Land & Water Company.

Misappropriation of \$425,000 worth of securities in one of the allegations made by D. B. Moorman of Twin Falls, secretary and treasurer of the Milner-Twin Falls Land & Water company, and president of the Milner-Twin Falls Canal company, in an action filed in district court here Saturday against the Milner-Twin Falls Land & Water company, wherein the appointment of a receiver for this corporation is asked.

The complaint was filed for Moorman by James H. Wise, attorney of the Canal company.

Settlers' Obligations Involved

The securities in question are notes and mortgages given by settlers through the Canal company to the Land & Water company, in payment for water rights under an irrigation pumping system which the Land & Water company contracted to construct to reclaim approximately 40,000 acres of high lands lying between Hansen and Murtuga, about 15 miles east of Twin Falls.

Serve in Dual Capacity

The officers and directors of the Land & Water company, besides Moorman, are L. B. Perrine of Twin Falls, president, and L. L. Palmer, late of Twin Falls, general manager. Palmer is also the general manager of the Daniel Hayes company of Rock Island, Illinois, which was constituted by the Land & Water company, its fiscal agent, and to which, according to the complaint filed Saturday, the officers of the Land & Water company delivered the securities a question without the knowledge or consent of the board of directors and without any authority.

Claims Wrongful Possession

The Daniel Hayes company has possession of these securities, the complaint continues, and is converting them to its own use and benefit without accounting to the defendant Land & Water company, and the officers and directors of the defendant Land & Water company have heretofore failed, neglected and refused to take any action to recover the possession of these securities.

Attorney Makes Proposal

Prior to the filing of the complaint Saturday, Attorney Wise, on August 23, submitted to the Daniel Hayes company a proposal to the effect that the Hayes company relinquish all its rights in the Land & Water company, that it pay \$4,500 due from the Land & Water company to the Twin Falls Bank & Trust company; that it return to the Land & Water company the securities mentioned in the complaint and that the money invested by the Hayes company in the Land & Water company should be returned out of payments for water rights to be made to the Land & Water company.

Hayes Company to Accept

Within a few moments after the filing of the complaint here Saturday, J. C. Moore of Twin Falls, formerly secretary to L. B. Perrine, received from the Daniel Hayes company a telegram stating that it would accept the proposals made by Attorney Wise. These matters are to be taken up at a conference Tuesday in the Hayes company, the Land & Water company and the Canal company.

Leads Action in Intermine

In the meantime, Moorman has headed up with \$5,000 a subscription list to raise \$12,543 for the purchase of two pumps and motors negotiated for by L. B. Perrine, from the Milwaukee company of Milwaukee. These pumps are capable of delivering 90 second feet of water, or sufficient to irrigate 7,000 acres of land, it is claimed, and the Moorman plan is to purchase and install these pumps for the reclamation of the lands made approximately 10 miles of irrigation ditches already partly constructed by the Land & Water company. The manufacturer is holding the pumps subject to order received prior to October 1. The secretary is to be notified as soon as the order of the subscription list until payment to them of the same as advanced is made by the Milner Canal company.

WAR WORKS CHANGES ON BUHL NEWSPAPER

B. Garten Buys Interest of W. L. Squires in Buhl Herald—Associated With H. W. Berry

Charles B. Garten of Bureka, Utah, has purchased the interest in the Buhl Herald formerly held by Warren L. Squires, and will be associated in its publication with Harry W. Berry, publisher of the Buhl Herald. Mr. Garten is called in to the military service, which he will continue the publication for the duration of the war. Mr. Squires retains property interests in Buhl and vicinity, and has disposed of his interest in the Herald, of which he, with Captain Elmer W. Hager, was a founder, with a view to entering the military service.

Mr. Garten is a newspaper man with experience in every department of the business, having owned and published two papers in Kansas, one at Chase and the other at Nixson, Kansas. He will be associated with the Buhl Herald by Mr. Garten who is now visiting in California.

BICE IS NEW BOARD MEMBER

Takes Place With W. W. Parish, Re-elected, Among Trustees District

W. W. Parish and George W. Bice, were elected directors of the Twin Falls Independent school district at the election held Tuesday afternoon in the basement of the Catholic church.

Mr. Parish was re-elected to serve a second term. Mr. Bice is a new member of the board. The men elected were those placed in nomination at a school meeting held immediately prior to the election of the polls. The names of the other candidates were written in on the ballots. C. H. Hempleman, who retires from the board at this time and who is succeeded by Mr. Bice, received three votes in this manner. A total of 500 votes was cast for all candidates.

Both Mr. Parish and Mr. Bice are landowners and residents of years standing in Twin Falls. Mr. Parish is the Republican nominee for county commissioner from the second district.

WOULD RE-ENTER ARMY SERVICE

Captain H. W. Wilson Applies for Position Despite Being Wounded

Notwithstanding the facts that he holds a disability discharge from the United States army and draws a pension as a result of injury from a Mexican bullet while serving as a medical officer with the Second Idaho regiment at Nogales, Arizona, October 2, 1916, Captain H. W. Wilson, of Twin Falls, has submitted himself at 2500 for examination for re-entry into the military service. He is hopeful of a successful result. About two weeks before taking the examinations, Captain Wilson's application accompanied by a statement of his service record, was forwarded to the surgeon general of the army. Word came back that Captain Wilson should be examined.

As an officer for years of the medical detachment of the Idaho regiment, Captain Wilson has been thoroughly familiar with the work of medical men in the military service. It is this record which he depends upon largely in his hope to be called again for service at the front.

Captain Wilson was wounded at Nogales while he was at the railway station preparatory to departure for his home here on leave of absence. A German soldier, standing across the international boundary line about a block distant from the depot, leveled his rifle and fired at Captain Wilson. The bullet struck him in the right leg, inflicting a dangerous wound, as a result of which he is compelled still to be in a cast in getting about. He is of the opinion that his wound is healing and that he will be able soon to discard the use of the cast.

Other Twin Falls physicians who took the examinations for entrance into the army medical department in Boise last week are Dr. C. K. Beck and Dr. C. D. Weaver, county physician and examiner for the local board.

NON-PARTISANS NOMINATE THEIR COUNTY TICKET

Nominate All Their Candidates in Twin Falls County—Also Carry Half Their State Ticket—Samuels Heads State

DAVIS EASY VICTOR IN REPUBLICAN PRIMARIES

Gooding Defeats Alliliah for Republican Senatorial Nomination—Democrats Save Some State Offices

BOISE, Idaho, Sept. 24.—Tuesday's primary election resulted in the Republican side in the nomination of Frank R. Gooding for short term senator and D. W. Davis for governor. These were the only contested positions. The Non-Partisan, entering the Democratic primaries, captured about half the nomination. Senator Gooding, endorsed by the league, defeated Ex-Governor J. H. Hawley for the short term senatorship. E. F. Samuels, Non-Partisan league candidate for governor, defeated Frank Martin and E. A. Van Skiekin Democrats.

Save Part of Ticket

Van Dusen, state auditor; Walters, attorney general, and Dougherty, secretary of state, all Democrats, have apparently been renominated against league candidates. Zuk, Non-Partisan for lieutenant governor, has apparently been nominated. Percy Mitchell, Democrat, appears to have defeated L. L. Purcell, Non-Partisan league for congress, first district, but C. R. Johnson, Democrat, has been nominated according to present figures, the Democratic primaries for congressmen in second district. Senator Borah had no opposition. He will be opposed in the November election by Frank L. Moore, Non-Partisan league, and French, Republicans, had no opposition.

Non-Partisans and Anti-Divisionists Win in County

Complete returns from 26 out of 28 precincts in Twin Falls county in the primary election Tuesday show that county division legislative candidates in the Republican party were decisively defeated. The Non-Partisan league nominated all of their legislative and county candidates on the Democratic ticket.

The returns are from every precinct except the smaller precincts of Amsterdam, Berger, Deep Creek, Luteran, Hattie, and Lewis Basin, which cannot change the results.

The 26 precincts accounted for cast this year 1855 votes for Republican candidates for governor and 2338 for Democratic candidates for governor, as against a total vote for the county in the primary election of 1916 of 3993 for Republican gubernatorial candidates and 587 for the Democratic candidates.

Buhl Passes Up Divisionists

A feature of the election was the disinclination in the Buhl precincts to support the county division legislative candidates on the Republican ticket. Out of approximately 600 votes cast in these precincts, about 400 were cast in the Democratic primary and mostly for Non-Partisan candidates.

J. H. Seaver of Castleford, defeated E. B. Sherman of Buhl, divisionist, for the Republican nomination for state senator by vote in the precincts accounted for by 954 to 397. The vote for the anti-divisionist Republican candidates for state representatives is as follows: Carris Harper White, Twin Falls, 795; J. B. Conover, Twin Falls, 850; Carl J. Miller, Castleford, 834. The vote for the divisionist candidates for state representatives on the Republican ticket was as follows: John A. Brown, Buhl, 438; Ernest Molander, Buhl, 253; J. Hugh Sharkey, Buhl, 232.

CROWN PRINCE TRIES HARD TO CHEER 'EM UP

Says Elastic Defense of Germany Must Necessarily Give at Points But Fatherland Is Bound to Win

WOULD PREPARE PEOPLE FOR FURTHER REVERSES

Urges All to Remember That This Is a War of Defense Both Militarily and Politically

AMSTERDAM, Sept. 5.—"The war is one of annihilation but by the enemy alone. We do not want to annihilate our enemies," the German crown prince is quoted as saying in an interview, according to a dispatch from Berlin.

"But we mean to hold our own and not let ourselves be vanquished," he added. "We are fighting for existence."

"The enemy must continue and our elastic defense in this war of movement is withdrawing at several points. Some of our people have become so accustomed to our continuous advance that they misinterpret our withdrawal. In judging the military and political situation, we must not forget that we are conducting a war of defense both militarily and politically."

Not a Fire Eater
The crown prince denied that he was a fire eater although he seemed to realize that that opinion was prevalent in foreign countries.

"I expect the war to end when the enemy perceives it can win as much as it is bound to lose," he said. "This enemy assault will doubtless continue for some time. We are fighting splendidly, due to our courage. The enemy's colonial superiority in strength does not crush us."

ROAD EMPLOYEES GET BIG RAISES

Railway Administration Grants Increases of Practically \$25 Per Month

WASHINGTON, Sept. 5.—Nearly a million road employees of the lower paid class not covered by the first big increase were granted raises in pay today by the railway administration. In substance the increases are \$25 a month over the January rate for those on monthly time and 15 cents an hour for those on the hourly basis.

The increase affects mainly clerks, station employees, stationary engineers, boiler washers, power transfer and turntable operators, common laborers, painters, masons, concrete workers, water supply men, plumbers and other maintenance of way employees.

Provide Promotion Plan
Director General McAdoo's general order on the subject provided for a system of promotion based on ability and seniority, the latter applying when cases of equal ability present. He also offered a method whereby grievances could be adjusted.

How much added expense this system will entail has not yet been figured.

Office Employees Advanced

A basic minimum of \$87.50 a month is given chief clerks, foremen, sub-foremen and other supervisory workers; boys receive a minimum of \$45 a month; switchboard operators, janitors, watchmen and elevator men, station engineers, \$110; stationary firemen and power house clerks, \$90; boiler washers, 55 cents an hour, with a cent maximum; power transfer and turntable operators, 35 to 45 cents an hour. Shop station and warehouse employees, 31 to 45 cents an hour. Common labor 25 to 45 cents. Building, bridge, painting, mason, concrete, water supply and kindred workers get a basic minimum of \$115 per month. Assistant workers of the same class, together with coal shoveler, coal chute, fence gang, pile driver, ditching and holding engineers and bridge inspectors, \$105; track foremen, \$100; assistant track foremen, five cents an hour more than their laborers; mechanics in maintenance of way and building branches, 55 cents an hour; helpers to these men 45 cents; track laborers, 28 to 40 cents.

None of the employees in the classes noted shall have a monthly rate in excess of \$250 a month. An eight hour day is established with a prorata of time and a half for overtime.

Gotham.
The original Gotham was an old parish and village in Nottinghamshire, England, the inhabitants of which are reputed to have shown their wisdom by playing the fool in order to "fool" the King John from passing through their town, and thus save them the expense of maintaining and entertaining him. The city of New York was first called Gotham by Washington Irving ("Salmagundi," 1807), in allusion to the pretensions to wisdom of its inhabitants.

Submarine Results On American Ships At Low Water Mark

Sinkings of Last Three Months Fall Below One Per Cent Total Tonnage Country

WASHINGTON, Sept. 5.—American shipping losses from submarine raids in American waters were less than seven-tenths of one per cent in the last three months.

Germany's effort at strangulation of America's transatlantic shipping has sent seventy ships to the bottom since May 24. These represent a total not in excess of 100,000 deadweight tons, according to figures compiled here today.

While the submarines were sending 100,000 tons to the bottom, American ship yards were adding 900,000 tons to the service. Breaking all records, the ship yards turned out 340,000 dead weight tons in August which is 60,000 tons more than the best previous record of 280,000 tons in June. The August figures represent an increase of 114,000 tons over the July production of 226,000 tons.

On Pacemaking.

Alfalfa and Grain are Big Money Makers at CAPAY RANCHO

Here's the place for the farmer who is ambitious. From grain crops alone it should be easily possible to completely pay for your land at Capay Rancho in two or three years at the outside.

Experienced, successful farmers from all sections of the Pacific Coast, including the Dakotas, say they never saw such marvelous growth of alfalfa and grain.

The peculiar richness of the soil, the climatic conditions and constant abundance of water combine to make this one of the most remarkable alfalfa producing sections in all California. The yields average from six to ten tons an acre per year.

A good deal of the barley on the ranch will go thirty sacks to the acre this year—without irrigation. Wheat crops are looking splendid.

It will pay you to look into the proposition, because the price of the land is away below its intrinsic value. But look into it now. There is comparatively little of the land left. If you delay it may be too late. Use the coupon below.

ing splendid. Even volunteer barley, oats and burr clover hay out this year run about two tons to the acre. This hay is bringing now \$10 and more per ton and will probably bring more than twice that this fall.

The way this land has been snapped up by thrifty farmers from older sections of the Pacific Coast is the best evidence of the unusualness of the opportunity that awaits you here.

Some of the finest orange, lemon, almond and prune orchards in the state are in this immediate district. A good many of the farmers are going in for fruit. Some for dairying and some for hogs and chickens. Almost any crops you mention will make money for you here.

We will be glad to refer you to farmers from your locality who have bought at Capay Rancho

COMPROMISE ON NAMES OFFICIALS OF REGISTRATION

West End Operators With Demand for Higher Rate But Must Furnish Man Local Board Sends Out Supplies to Registrars in Precincts of County

Threshermen of the west end of Twin Falls county will charge six cents per bushel for threshing wheat, which is one cent more than the price fixed by the threshermen of the county and approved by the federal food administration, but they are bound to provide an extra man with each outfit to assist in feeding and cleaning up, which threshermen conforming to the original scale are not obliged to do.

This is the compromise agreement effected at a meeting Saturday night at the Bank Commercial club rooms of threshermen of the west and with A. M. Hartenbauer of Caldwell, representative in Idaho of the grain corporation threshing division and County Food Administrator C. E. Munson of Twin Falls.

Previous to this conference Mr. Munson had served notice on the west and threshermen that they must conform to the threshing price schedule or he would see that settlement of farmers' threshing bills on the basis of five cents per bushel would be accepted by them.

Claim Higher Costs

In argument for the higher price for threshing the west end threshermen said that the conference Saturday night that their expenses were higher than those of threshermen in other parts of the county, for the reasons that the average wheat yield of the west end was considerably less per acre than that of other sections and that the cost of moving outfits over rough and rocky roads in the west end districts was higher than in districts where there were better roads.

The conference lasted from 8:30 o'clock Saturday evening until 2:30 o'clock Sunday morning.

Saving Say Big

That there will be saved in this county a matter of 250,000 bushels of wheat as a result of the more efficient handling of grain and operation of threshing outfits is the saving made today by C. E. Munson, county food administrator. This amount of wheat will produce food largely in excess of the annual consumption of Twin Falls county, he declares.

As an indication of the efficiency obtaining this year in the operation of threshing machinery in this district, Mr. Munson states that it is practically impossible to find cracked wheat, which has been in previous seasons, obtainable in considerable quantities for feed. He said that he had ordered both at the Kimberly and Twin Falls mills to secure about 30 sacks of cracked wheat. He was unable to secure it at either establishment. He was told at the Twin Falls mill that that quantity of cracked wheat had not been received there in three weeks time, whereas in former seasons, as much as that would be taken in one day.

Farmers generally are employing every means of saving grain in obedience to the government's requests for conservation, Mr. Munson said. He declared that practically no wagons are being used for hauling wheat which have not been made tight to prevent the loss of the grain.

Boy Beet Growers Make Great Record

Twelve Members of Twin Falls Club Cultivate Thirty-one Acres

Among the twelve members of boys' vocational club in the Twin Falls district who are raising a total of 31 acres of sugar beets, George Wirsching, aged 13, has seven acres of beets which, according to Club Leader George E. Denman, will yield far above the average yield. He did all of the thinning and weeding of this field himself.

Leonard Smith, another club member, is raising three acres of beets with excellent results on seeped land, which is said to be valueless for any other sort of crop.

The combined crop of the 12 boys, according to Mr. Denman's estimate, at an average yield which he believes will be low, will return beets sufficient to produce 93,000 pounds of sugar.

Lasts Some of the Creditors Moorman claims judgment against the Land & Water company for sums advanced by him and for salaries in the whole sum of \$4,274.23; for \$4,218 paid by him on a promissory note executed by the Land & Water company, and in behalf of other creditors as follows: D. R. Moorman, \$3,500; Edgar Moorman, \$3,200; J. M. Butler, \$200; J. H. Wile, \$1,200. Edgar Moorman is the son of D. R. Moorman and is the secretary of the Land & Water company. He has worked for 12 months in the employ of the Land & Water company under agreement that his salary was to be paid in water rights which the company has not fulfilled. J. M. Butler is the contractor who built such portion of the irrigation system as has been finished.

Argues for One Settlement

The plaintiff in his complaint, argues that the best court, "in view of the financial embarrassment of the defendant as aforesaid, will deal with the property as a single trust fund and take it into judicial custody for the protection of every interest therein, and that the charges and expenses of the defendant may no longer be operated as a continuous system and enterprise for the irrigation of lands of many numerous, small holders holding lands under said project; that action

ROCK CREEK MAN HAS CLOSE CALL IN RUNAWAY

Asahel and Dolph Murray, sons of A. P. Murray, narrowly escaped serious injury in a runaway Sunday morning. Dolph was starting in a wagon for the school, when the horse came off one of the horses which started to run. Asahel was standing nearby. He seized the bit of one of the horses in an unsuccessful effort to stop the team. He was lifted from his feet and carried for some distance. He called to his brother to jump and when he saw him free from the wagon, he loosened his hold on the horse, by some miracle, keeping his feet, and escaping injury from the frightened horse. Dolph was not so successful. As he made an attempt to leap a lurch of the wagon threw him and he rolled off, striking his forehead in such a way as to render him unconscious for a short time, and his ankle was also badly bruised, either by the fall or the wagon passed over it. In a few minutes he was able to reach the house with the aid of his brother, but he will be unable to work for some time.

Reid Erickson, who has been at the Crockett ranch all summer and will receive his call to return for Camp Lewis September 4, left Saturday evening for Rupert, where he will visit with his father for the few remaining days before he leaves.

Donah, the four year old son of Mr. and Mrs. George Crockett, has been very sick, but is now improving. The Woodhouse outfit expects to leave the first of the week to begin the fall roundup of beef.

Mr. and Mrs. Virgil Hall of Broun are visiting at the home of Mrs. Hall's parents, Mr. and Mrs. H. Steinkor. Mrs. Hall was ill when her brother Roland was called to the colors and they hastened here in the hope of reaching Camp Lewis before he sailed, but on the day they arrived Mrs. Steinkor received a telegram announcing his safe arrival in England.

Mrs. Robert Bros, who has been visiting at the home of her daughter, Mrs. T. O. Jones at Three Creek, came home Thursday.

Mrs. Cassie Larson took in the completed knitting last week. Of a quota of 25 pairs of socks, 20 pairs were turned in to the Red Cross room in the specified time and four of the five sweaters were finished. The fifth was unfinished for want of yarn. Some scraps were received from Twin Falls and the women, together with about 11 pairs of socks will be ready for delivery by September 10.

A. P. Murray, Jr., and Tom Haynes were called before the board of exemption Saturday to renew or waive claims for exemption. Both were in class two because of agricultural work.

Mr. and Mrs. P. L. Larson celebrated the eighth anniversary of their wedding Saturday evening by a family dinner. Only the immediate relatives were present.

Mrs. Thos. Wallace celebrated her birthday Sunday with a dinner. The invited guests were Mr. and Mrs. P. Abbe and son Joseph, and Mr. and Mrs. Louis Harrell and children of Boggs.

COUNCIL ACTS TO CHANGE STREET NAMES

New Ordinance Passes on First Reading at Monday Session of City Board

An ordinance changing the names of several Twin Falls streets and providing that all thoroughfares running east and west shall be known as avenues and those running north and south as streets, passed on its first reading at the meeting Monday night of the city council. The changes in detail are to be worked out prior to the adoption of the measure. Among the streets proposed, it is provided that Rose, Violet and Fair streets shall be known as the continuation, respectively of Eleventh, Tenth and Ninth avenue east. Togo street becomes Ash street, Dewey becomes Elm, and Pine becomes Second avenue west.

MARGUERITE CLARK IN "PRUNELLA" TONIGHT

YOU people are just like the folks in the biggest cities. They're all eager for something new in motion pictures. Here it is, with a star who always brings the highest type of entertainment. "Prunella" pays you big dividends in happiness.

New York Herald

"Prunella or Love in a Dutch Garden," adapted for the films from the play by Laurence Housman and Granville Barker, with Miss Marguerite Clark in her original role, delighted spectators at the Strand Theatre yesterday. On the screen the garden of love and romance was a much more wonderful place of mystery and enchantment than was possible within the limitations of a stage.

"A quaint and whimsical fantasy of rare imagination and charm. The best screen characterization Marguerite Clark has ever contributed. Direction of superb artistry, by Maurice Tourneur. The new art of setting—studio stylization—shown in a number of remarkable scenes"—Dramatic Mirror.

New York Times

This week's bill at the Strand is richer than usual. For different people different numbers will be most attractive, but "Prunella" with Marguerite Clark in the leading part, will probably hold its place as the advertised feature with the majority. This play is another product of the artistry of Maurice Tourneur, who once more proves his ability to put poetry on the screen in pictures.

New York Sun

Marguerite Clark is as pleasing as ever. "Prunella," the picture in which she appears at the Strand this week, is a delightful little bit of picture work, and Miss Clark kept up the excellent acting that has characterized her films since she quit the legitimate stage.

"A triumph for Tourneur and Marguerite Clark" — Exhibitor's Trade Review.

"Marguerite Clark delightful" — Moving Picture World.

"A treat both to the eye and the imagination" — New York Morning Telegraph.

"A picture, the poetry and beauty of which has seldom been equalled" — Motion Picture News.

New York Globe

Here's a case of the movie good and the movie indifferent. "Prunella," the movie good, came to the Strand. A subject that is for the movies. A quaint tale. A tale for movie acting. Imagination. No great problem, but an hour of something that approaches the poetic.

COUNTY AGENT CALLS FOR THRESHERS' REPORT

Quotes Federal Law Requiring Monthly Statements of Amount of Wheat Put in Bags

Calling for compliance with the federal statute requiring threshermen to report monthly the amount of grain threshed by them, County Agent Donald McLean has issued a circular letter to threshermen of this county who have been delinquent in this respect. The law from which he quotes in this letter, provides that under authority of an act of congress the secretary of agriculture is instructed to obtain through the chief of the bureau of markets monthly reports from threshermen as to the amount of wheat threshed by them. These reports must be returned by the thirtieth day of each month to the county agent who will assemble and telegraph them to Washington not later than the fifth day of the succeeding month.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy
"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

Mr. and Mrs. W. A. Flower, Mr. and Mrs. J. B. McCain, Miss Vera Ames and Miss Marjorie Putnam returned Monday on an overland trip from Boise where they spent several days.

FOUR KILLED IN BOMB EXPLOSION

Chicago Federal Building Object of Attack—Police Claim Arrest Criminal

CHICAGO, Sept. 5.—The federal building here, scene of an explosion yesterday which cost four lives, was under heavy military guard today. With hundreds of troops, police, and military intelligence men and secret service workers, claimed the arrest of the bomber would follow shortly. The bomb, evidently planted, exploded at 3:10 yesterday afternoon. The north corridor of the lower floor was partially wrecked, while debris was blown out into the street, where three were caught and killed. Window glass in all nearby buildings was shattered by the detonation. A score of persons were injured by the falling fragments. The dead are:

The Dead
Joseph B. Ladd, U. S. Sailor, Salina, Kansas.
Edward R. Kolkow, 75, postal employee.
Eller Mehlke, 19, Chicago.
William H. Wheeler, mail carrier.
A cord of police was thrown around the square at once. Secret service men searched the building for suspects, taking several into custody. Then began a general round up. Among the first places visited were I. W. W. headquarters.

I. W. W. Head Suspected
The fact that I. W. W. members were sentenced to prison last week directed suspicion of some officers to that organization. The explosion occurred with a man, having big loop buildings. Pedestrians were blown from their feet, but only those in front of the postoffice entrance on Adams street were endangered by flying debris. The corridor itself contained a number of persons. Most of them were protected by heavy pillars or were some distance from the bomb. Their faces were blackened but none sustained serious injuries.
One interior wall was blown open. Back of it was R. Kolkow, one of the dead.

George's Jury Called
A jury comprising six of Chicago's most prominent men will be summoned at once, Governor Peter Hoffman said. After viewing the four bodies, the jury will be held in readiness for an inquest pending the outcome of police investigations.

Attorney Philip J. Barry of the department of justice here announced that explosive experts had been able to partially reconstruct the bomb. It was composed of two cylinders, each about six inches in diameter, he said, and probably charged with giant powder and dynamite.
The hunt for the bomber, or bombers is developing favorably he said.

German Batteries Bombard Frapelle With Gas and High Explosives

By FRANK J. TAYLOR
(United Press Staff Correspondent)
WITH THE AMERICAN ARMIES
IN FRANCE, Sept. 5.—German batteries at daylight yesterday, bombarded Frapelle, firing 5,000 shells during the action, and using gas. No infantry action followed a barrage of several hours.

Yesterday morning a German captive balloon was shot down north of Toul. American bombers on Tuesday destroyed the Chiffons-Briey railroad bridge and blow up the junction of the Metz-Confians and Briey railroad and the yards, round-house and buildings at Dommary and Baron court. All American planes returned.
Ten German planes attacked the American formation without success. The American bombing planes, shot down one of the German attackers which crashed to the ground.
In the course of other air fights American planes brought down two other German planes yesterday.

Samuel Gompers Declares Military Machine Must Be Put Out of Business

DERBY, England, Sept. 5.—American labor is as united as labor anywhere in the world, Samuel Gompers, president of the American Federation of Labor told the labor congress here today. There is complete agreement between the American government and labor to defeat "America's enemy" the allies. "We're coming, 5,000,000, but why halt at 5,000,000?" Gompers said, amid prolonged and loud cheering. "We have not always agreed with the governments of Great Britain," Gompers asserted. "We sympathized with the Boers, and today we sympathize with Ireland, but we rejoice that the old Britain is not like the Britain of today."

"How anyone can not entertain the old ideas of internationalism seems beyond my ken. Labor is in the war, not because of a love of war. We won't prolong the war a minute longer than necessary but we are unwilling to shorten it by an hour if that means that the military machine can continue its existence."

Tremendous cheering greeted this.

Turks Instruct Forces at Tabriz, Persia Not to Molest United States Citizens

WASHINGTON, Sept. 5.—Turkey has instructed her forces at Tabriz, Persia to evacuate the American hospital there if it is occupied and has given the Persian commander-in-chief definite instructions that Americans in Persia shall not be molested, the state department was informed today.

crossing in force, when large bodies of allied fighters marched over the stream at a number of different places.

At last reports, the Americans were beyond Valenciennes, Bligny and Baillieux.

Work Flanking Movement
Baillieux and Fosseux fell into American hands through a flanking movement.

Valenciennes is nearly three miles south of the Vesle. Bligny is about two miles north of Fosseux and Baillieux is southeast of Bligny, about a mile south of the Vesle.

Fry Runs Loose

Allied troops continue prying loose the Germans from their strongholds, according to over night official statements of the war office.

The Paris official communique told of success in the double flanking operations above Soissons, where steady advances threaten enemy positions both in Picardy and along the Vesle and Aisne fronts. It was announced that the French had established new lines as far north as Guise. The statement announcing that the French had crossed the Vesle on an 18-mile front and had advanced northward.

Attack Canal Defenses

On the Picardy front the British war office communique indicated that the Canal Du Nord defenses of the Germans were disintegrating. Field Marshal Haig reported his troops had crossed both the canal and the Tortille river which it parallels for some distance on a wide front north of Molians, four miles north of Peronne.

Take Many Prisoners

"During the past four days British troops have taken over 10,000 prisoners and over 100 guns."

Destroys Stores Before Retirement

WITH THE FRENCH ARMIES IN THE FIELD, Sept. 5.—General Debeney and Humbert were forcing the Germans back between the Somme and the Oise today. Advanced cavalry detachments pushed on up the Ham-Noyon road above Guise.

On the Ailette front the French advance continued. Along and above the Vesle, signs multiplied that the enemy is preparing for a general retreat, probably to his old fortified line beyond the Aisne.

From Rheims to Juvencon, fires are increasing behind the German front, indicating destruction of stores.

Aha! Fall Hats Are in Velvet

Velvet teamed with any elusive material is coming to the fore in early fall millinery, as these two new models indicate in their chic exclusiveness. On the left is a hat the brim of which is made of alternate panels and tails, ostrich and silver ribbon being used as trimming. On the right is a rakish hat for early fall street wear, the brim being much wider at the front than at the back. Silk and velvet are the materials, the slanting wing being the only trimming.
