THE war has taught one important thing to those who are willing to learn. It has made things cost more; and when we pay more for a thing we're apt to be more particular to know what we're getting. The war has taught that good quality pays in economy, though we have to pay more to get it.

Be Patriotic About Buying Clothes

You may not need new clothes this fall; if you can get along with what you have, save the money for Liberty Bonds or War Savings Stamps. If you have to buy, remember this:

You don't buy anything in which quality is more important than clothes; you ought to be very particular about what you get for your money, especially because it's so easy to make poor quality in clothes look

very good, and there's plenty of poor quality to be had.

Hart Schaffner & Marx clothes are one of the ways in which we serve, all-wool fabrics, the best tailoring, the most distinguished style; clothes that you can rely on, absolutely. Such clothes as these, made carefully for service, are the best means of saving money for yourself and resources for the country.

GIVES PLAN OF STUDENTS' ARMY TRAINING CORPS

University of Idaho is Advised Units Will be Organized by Voluntary Induction Under Selective Service Act

(Special to The News)
MOSCOW, Idaho, Sept. 12.—The University of Idaho has been advised that the students' army training corps will be organized by voluntary induction under the selective service act instead of by enlistment as previously contemplated and that as soon as possible after registration day, September 18, probably on or about October 1, opportunity will be given students to be inducted into the students' army training corps. The date set for induction will be the same for all colleges and universities in the United States. Further details on this and other points will be published as soon as received from the war department.

Young Men Quality
Induction, transportation, uniforms, board, and room, and the pay of a private, \$50 per month, will be furnished members of the students' army training corps. Books and incidentals are to be purchased by the students. Students will be subject to military discipline and will be on full active duty. They will be kept under observation and test to determine their qualifications as officers candidates and technical experts such as engineers, chemists and doctors.

There will be both a collegiate section (class B) and a vocational section (class A) of the students' army training corps.
Young men of draft age of grammar school education but not high school graduates will be given opportunity to enter the vocational section of the corps of the two months intensive training courses in certain mechanical trades, such as auto mechanics, radio work, general mechanics, etc., now being conducted at the university. Applications for induction into the vocational section should be made to the local draft board.

Army Methods Used
Men in the vocational section (class A) will be rated and tested by the standard army method and those who are found to possess the requisite qualifications may be assigned for further training in the collegiate section.

No class A (vocational section) students are to come to the university October 1, but are to wait until called.

A GOOD FRIEND

A good friend stands by you when in need. Twin Falls people tell how Doan's Kidney Pills have stood by them. Mrs. Annie Barry, 343 Fifth Ave., Twin Falls, endorses Doan's over five years ago and again confirms the story. Could you ask for more convincing testimony?
"Doan's Kidney Pills have done a lot of good in our family and I am glad to recommend them," says Mrs. Barry. "Several times when I have had a dull ache in my back Doan's have quickly rid me of the cause. I know they are good and I advise anyone having any kidney complaint to give them a trial." (Statement given October 18, 1912.)

NO TROUBLE SINCE.
On September 25, 1917, Mrs. Barry said: "I have had no need of a kidney remedy since I used Doan's Kidney Pills. Doan's are certainly reliable for they cure kidney disorders quickly."
Price 50c. at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Barry had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

WHAT CATARRH IS

Science has shown that nasal catarrh often indicates a general weakness of the body and local treatments in the form of snuffs and vapors only irritate and do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is medicinal food and a building-tonic, free from any harmful drugs. It is helping thousands. Try it.

DISMISSES OUSTER SUIT AGAINST BOARD

District Judge H. F. Haigne Holds Action Against Lemhi Commissioners Groundless

District Judge H. F. Haigne, in district court at Salmon City, has overruled ouster proceedings brought by certain individuals of Lemhi county against the commissioners of that county on the grounds, mainly, of alleged irregularity in the administration of road affairs and the purported misappropriation of bond moneys voted for the construction of state highways through that county. This is the word received Monday by Judge J. B. Howell and W. Orr Chapman, attorneys for the Lemhi county commissioners in this action.

LAST RECRUITING OFFICER DEPARTING

Private Charles B. Frith Is Transferred Back to Infantry Service

First-Class Private Charles B. Frith since May a member of the United States army recruiting party, on duty at the Twin Falls sub-station, and since the departure of Corporal Leonard Brimley to enter the aviation section, the only representative here of the army recruiting service, on Tuesday received orders relieving him from duty here and directing him to report at Fort Logan, Colorado, for duty in the infantry arm of the service. Private Frith left for Fort Logan Wednesday. Mr. Frith, who has been with him here for some time, will remain in Twin Falls for a few days and may join his parents at North Yakima, Washington, later.

Private Frith, in returning to the infantry arm of the service, goes back to the branch in which he enlisted six years ago. Until transferred last April into the recruiting service, he served as a member of the Twentieth United States infantry regiment, and was for four years with that organization on the Mexican border and in the punitive expedition under General Pershing.

Would Re-enter Service — Joseph Smith of Ellar, for six years a member of a United States field artillery regiment, underwent physical examination here Tuesday for enlistment in the United States guards. Mr. Smith was examined for enlistment by First-Class Private C. B. Frith of the local army recruiting station, acting under orders in his case, from Lieutenant G. W. Hall, recruiting officer for this district. Mr. Smith's application for recruitment was submitted to the adjutant general of the army some time ago.

TWO MEETS OF PRESBYTERIANS COMING HERE

Presbytery Opens Two Days Session — Idaho Synod Comes in October—Popular Evening Meeting Announced

Twin Falls is to be the meeting place this year of two important conventions of the Presbyterian church. Presbytery of the south-western district of the state, convened here on Wednesday for a two days session. It is expected that about 20 ministers and officers of the several churches within the district will attend this meeting.

The synod, which is the organization of the Presbyterian churches within the state, is to meet here on October 8-11. The organization of the synod of Idaho was effected at a meeting in Twin Falls, and the organization of a synodal session of this meeting is to be a feature of the meeting this year. An attendance of about 60 is expected at this gathering. Rev. W. S. Snoddy of Moscow, formerly pastor of the Presbyterian church at Buckley, is the moderator or presiding officer of the synod.

The sessions of both conventions will be held in the Presbyterian church.

Moderator Presides
Presbytery opened here Wednesday evening with a sermon by the moderator, Dr. C. C. Rabbidge of Hazelton, followed by observance of the Lord's supper, the moderating presiding. Following the call to order and roll call, Rev. A. H. Brand, pastor of the Twin Falls church, presented the report of the committee on arrangements, and adjournment for the day was taken.

The closing session, beginning at 8 o'clock on Thursday evening, is one to which the general public is especially invited. Religious education is to be the theme of this session. Rev. George A. Wilber of Boise, Presbyterian Sunday school worker, will preside, and popular addresses will be given as follows: "Pastoral Leadership and Responsibility for the People," Rev. A. H. Brand, Twin Falls; "Teacher Training and the Development of a Responsive Teaching Corps," Rev. R. L. Roberts, Jerome; "Our Young People," M. C. Mitchell, principal of the Twin Falls high school. The Twin Falls church will furnish music under the direction of Austin D. Thomas, organist-director. Committees to Report

A business session on Thursday morning will follow devotional services led by Dr. J. H. Barton of Boise. At this time the reports of permanent committees will be given as follows: Home missions, Rev. A. C. Evans, Gooding; foreign missions, Rev. R. L. Roberts, Jerome; narrative, Dr. C. C. Rabbidge, Hazelton; evangelism, Rev. S. Harris, Pocatello; Visitation, Dr. C. C. Rabbidge; men's work, Rev. E. P. Johnson, Wendell; national service, Rev. S. Harris; Sabbath observance, Rev. R. L. Roberts; report of stated clerk and treasurer, Rev. M. M. VanPatten, Burley; report of commissioners to the last general assembly, Rev. A. C. Evans and Elder J. F. McKinnis, Pleasant View; report of executive committee, Rev. A. C. Evans.

Capay Rancho Holds Wonderful Promise for Farmers

\$175 an Acre for as Fine Land as Lies Out of Doors in California—With an Individual Pumping Plant on Every 80 Acres—Included in the Price

The magnificent crops in every section of the Capay Rancho district tell a story that is more eloquent than words. Every condition here seems to be scientifically right for profitable farming.

As fine yields of barley and other grain as you ever saw are growing here now. Many of the crops are grown without irrigation, although there is an abundance of water.

The United States government is urging the growing of grain. It is a patriotic duty, and incidentally a very profitable pastime.

An industrious farmer should be able to pay for his land at Capay Rancho out of his barley and wheat alone in two or three years at the most. Purchasers of land here may have the advantages of dry farming as well as of irrigation.

There is no pioneering. You go on your land and start producing at once. In many cases volunteer crops of hay, running from one to two tons to the acre are waiting for you to harvest.

This is a great country for oranges, lemons, prunes, almonds, walnuts, figs and other fruits. Dairying and hog raising are carried on very profitably. The farmer who gets hold of some of this land at today's prices is bound to make money.

It will pay you to buy all you can swing, even at the liberal terms. But you will have to act now. There is very little yet to sell.

A NATION'S THANKS

Judging from the general tenor of British press comment, England is not lacking in appreciation of the assistance lent the Allied cause by the American fighting force sent across the sea. In fact a generous outpouring of commendation has followed each step in the achievement of the American government in placing American troops on the firing line of France, but when it comes right down to heartfelt gratitude the thanks of Great Britain go out to the people of America, who, by their willingness to get along on short commons themselves, have made possible the feeding of the British people.

Wonderful as is the record of the war department in the matter of supplying men, even more remarkable is the result which has been achieved by the food administration in supplying food. The grim specter of actual want stalked close to the shores of the tight little island for many weary months and without the co-operation of the people of America there had been no cause for worry about the fighting lines because there could not have been any fighting lines. The population at home would have starved.

Here is the way the London News sets forth the obligation of the British people towards the Americans:

There was one dark period when it seemed that it could not be done. The harvest of last year in the United States was nine per cent below the average, and the normal export of food from the United States is only seven per cent of the total production. That is to say, the harvest was two per cent below the country's normal home consumption. But something little short of a miracle was performed. The United States poured into the countries of the Allies ten million tons of food, and saved them in the economic field as well as in the economic field. In all the achievements of the war there has been nothing more remarkable than this, and in any true estimate of the personal triumphs of the war there is none that would rank above that of Mr. Hoover, who is now on a visit to this country and the Allies generally to arrange what the President calls the 'common table'.

But Mr. Hoover would himself be the first to disclaim the credit for the miracle. It belongs to the American people, who, at his inspiration, voluntarily gave up the use of wheat flour in order that the Allied armies and peoples might be tied over the critical months of spring and early summer. There is no precedent for a self-denying ordinance imposed on such a scale.

The thing was done because it was the right thing to do. There need be no question of obligation or of duty. America gave lavishly, it is true, just as America has always given and will continue to give. The great rank and file of the American people are neither food hoarders or luxury lovers, at least not to an extent which would interfere in a juncture of this kind.

The proposition was merely one of co-operation, and co-operation is what is winning the war.

A NECESSARY ACT

By and large, the general proposition of strikes in wartime is not one which recommends itself to the average man but there is a recent instance of a wartime strike which would surely seem to have been warranted.

The police force of London laid aside its uniforms and refused to go to work. Its difficulties were speedily adjusted and within a week the trouble was a thing of the past. But the thing that "Bobbies" very after had been asked to then consistently for years. Now there is no finer police force in the world than that of London. The London "Bobbies" in the front line of the defense of New York and other cities. The London "Bobbies" in the front line of the defense of New York and other cities.

DECKER & HUNT

At the Sign of the Big Clock

which to marvel and through more than four years of war they have stood by their posts unflinchingly, leaving the service only when called to the fighting lines—and during all these four years of unrelenting toil and for during of years previously their wages were twenty shillings a week. No more so less—five dollars in American money. And most of them supported wives and raised children on it, notwithstanding the steady upward trend of British living costs—God knows how.

If they asked for a living wage, and they were forced to stage some sort of demonstration in order to attract attention. Every man, woman and child in England recognized the justice of their demands and everyone favored the increase. It took organized action to overcome British inertia, and all Britain, probably, rejoiced at the outcome.

Everybody knows there should be no such things as strikes in war times but there are occasions when circumstances alter cases.

Stenographer Becomes Faculty Member—Miss Ethel Diffenderfer, since 1914, stenographer and secretary to Hal G. Blue, superintendent of schools, has accepted a position on the high school faculty as teacher of stenography and typewriting. The position in the superintendent's office is taken by Miss Amy Eas Bowen.

Experience the Best Teacher It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the result, which shows it to be a thoroughly reliable preparation for these diseases. Try it. BOURBONS CAN NEW CANDIDATES

Nominations for Three County Offices Made on Democratic Ticket

Canvass of the primary election returns Monday by the county commissioners shows that Democratic voters have written on their ballots the names of candidates for the offices of probate judge, prosecuting attorney and county superintendent of public instruction, whose names will appear on the official ballot in the general election, held November, provided they file their acceptances within the statutory period. There were no candidates before the primaries on the Democratic ticket for these positions.

The candidates thus nominated are B. E. Morehouse of Hollister for probate judge, who will be opposed by Oliver F. Duvall; A. B. Hicks of Twin Falls, for prosecuting attorney, who will be opposed by Frank L. Stephens, and Mrs. Marian Patton of Piler, for county superintendent, who will be opposed by Miss Britton-Wolfe. The opponents to these candidates are all Republican candidates for reelection. Judge Duvall and Miss Wolfe have been given the endorsement of the Non-Partisan League.

Mr. Hicks was elected prosecuting attorney of Twin Falls county in 1910 and served for two terms, quitting the office in 1914 to become state representative from this county. He was offered and refused the nomination for prosecuting attorney this year at the hands of the opposition.

Results of Vote

The results of the vote on the candidates whose names were written on the ballot in the Democratic primary election last Tuesday are as follows:

For probate judge: B. E. Morehouse, Hollister 54
W. J. Smith, Twin Falls 3
John Kosharek 2
For prosecuting attorney: A. B. Hicks, Twin Falls 8
J. W. Taylor, Buhl 3

For county superintendent of public instruction: Mrs. Marian Patton, Piler 16
Miss Bertha Noel, Rogers 5

CHURCHES UNITE ON SPECIAL SERVICE PLAN

Series of Three Sunday Observances to Take Place at Same Time in Twin Falls

In line with the present tendency of Christian churches toward cooperation and fellowship, four of the churches of Twin Falls through their pastors have outlined a series of three special Sunday services to be observed in all the churches simultaneously. Sunday, September 22, is to be social visitation day. On this day in the afternoon, the churches are planning, each with its own workers, to visit all of the families of their membership and talk over the social and spiritual interests of the churches.

The Bible schools are taking up the same cooperative spirit in the observance of promotion and rally day on September 29, when an effort will be made to line up all Bible school members in their respective classes. The new Bible school year opens on October 6.

On October 6, the churches will appeal to 'everybody at church day.' On that day every man, woman and child in the community is asked to attend his own church; if he has none, to attend the church of his choice. A record of attendance is to be kept.

Munsingwear Quality Maintained

THE makers of Munsingwear years ago decided to make quality uppermost in every Munsingwear Union Suit.

In these days of "substitute merchandise," it's satisfying to know that the same unvarying quality is being knit and woven into every Munsingwear garment.

Munsingwear is made in many different styles and sizes for all ages and in a great variety of fabrics. Whether you are tall or short there is a right Munsingwear size for you.

If, for any reason, the Makers of Munsingwear are unable to maintain the quality of a fabric they prefer to discontinue that fabric altogether rather than lower its quality. When new fabrics are added a new fabric number is allotted.

"Munsingwear Quality is to Underwear What Sterling is to Silver"

Millions of Union-Suited Americans accept no other underwear.

The perfection of fit, finish, fabric—the washability, durability and economy—make Munsingwear 100 PER CENT RIGHT.

FROM THE SCHOOL LAWS OF IDAHO

Enacted by the Eleventh Session of the Idaho Legislature, 1911—Section 180, Article XVII of This Act

"In all districts of this state, all parents, guardians and other persons having care of children shall instruct them, or cause them to be instructed, in reading, writing, spelling, English grammar, geography and arithmetic, in such districts, every parent, guardian, or other person having charge of any child between the ages of eight (8) and sixteen (16) years, shall send such child to a public, private or parochial school for the entire school year during which the public schools are in session in such district; provided, however, that this chapter shall not apply to children over fifteen (15) years of age, where such child shall have completed the eighth (8th) grade, or may be eligible to enter any high school in such district, or where its parent's support, or where for good cause shown it would be for the best interest of such child to be relieved from the provisions of this chapter; provided, further, that if the duty of the superintendent of the school district, if there be such superintendent, and if not, then the county superintendent of schools, to hear and determine all applications of children, desiring for any of the causes mentioned here, to be exempted from the provisions of this chapter, and if upon such application such superintendent hearing the same shall be of the opinion that such child for any reason is entitled to be exempted as aforesaid, then such superintendent shall issue a written permit to such child, stating therein his reason for such exemption. An appeal may be taken from the decision of such superintendent so passing upon such application to the probate court of the county in which such district lies, upon such child making such application and filing the same with the clerk or judge of said court, within ten days after its refusal by such superintendent, for which no fee to exceed the sum of one dollar (\$1.00) shall be charged, and the decision of the probate court shall be final. An application for release from the provisions of this

chapter and shall not be renewed oftener than once in three months.

REGISTRANTS TODAY TAGGED FOR WAR FUND

Salvation Army Campaign
Leaders Take Advantage of
Listing of Potential Soldiers
for Raising Quota

Advantage of the registration day occasion today is being taken by members of the Elks' lodge and their assistants in the campaign to raise the quota of \$5,000 in Twin Falls county for the Salvation Army war fund. The adjutant general's office estimates that there will be registered in this county today, 3,400 men between the ages of 18 and 46 years, exclusive of those already listed for military service. The Salvation Army war fund drive workers are determined that each of these registrants shall contribute one dollar to the fund, and committees of lodges and young women have been stationed at each of the registration places as well as on principal street corners.

"Don't forget for Doughboys," is the wording on the tags that are given to each subscriber to the Salvation Army fund, and a majority of today's registrants, as well as many others are wearing these tags on their labels to show their duty done in respect to another wartime demand.

Herbert B. Grant, county chairman for the Salvation Army war fund campaign, has enlisted the cooperation of

members of the Elks' lodge throughout the county in the work of subscribing the quota today. The quota is the limit, he says, and no effort at oversubscribing it will be made.

Downtown Registrars Busy
Downtown registrars report the heaviest registrations this campaign. The registration places in the offices of Stuart H. Taylor on Main avenue east, and of Police Judge W. J. Smith on Main avenue south, have been crowded since they were opened at 7 o'clock this morning. The registrars at the court house reported 180 men listed at noon today. The Japanese and Mexicans generally are registering at Judge Smith's office, where Tom Koto, leader of the local Japanese association, and others are on duty as interpreters. It is expected that the registration in the outlying precincts will be made mostly during the late afternoon and evening.

FORMER LOCAL TEACHER WEDS

Miss Mary Pauline Pratt Be-
comes Bride at Home in
Indiana

News has been received here of the marriage of Miss Mary Pauline Platt, instructor in English in the Twin Falls high school faculty during the years of 1916 and 1917-18, to Professor L. O. Keller of Goshen college, which took place on September 1, at the home of the bride's parents, Mr. and Mrs. C. C. Platt, in Goshen, Indiana.

The ceremony was performed in the presence of 40 guests by the pastor of the Goshen Methodist church, assisted by the pastor of the Goshen Presbyterian church. A Goshen newspaper says regarding the event: The home was beautifully decorated. Miss Lillie Kronk played Mendelssohn's wedding march and Donald Platt of Chicago, sang, "If You Would Leave Me." The bridesmaids, Wilma Herrick and Dorothy Platt, sister of the bride, wore ribbon gowns, and Miss Florence Stephenson was flower girl. Mr. and Mrs. Keller have gone on a honeymoon trip through the West during which they will visit the bridegroom's parents. Upon their return to Goshen they will reside on East Madison street.

Prof. Keller is widely known here as an authority on Bible subjects, and he is prominent on the lecture platform.

THANKS LADY WHO

GAVE INFORMATION

Overseas Convulsion That Leads to
HB Recovery—Gains 19
Pounds

"I have already gotten back about eighteen pounds of the weight I lost while sick, and now my health seems to be just perfect," said Harry V. Horlocher in a recent conversation at the Matheson Hotel, 204 Columbia street, Portland, regarding the benefits he has derived from the use of Tanalee. Mr. Horlocher is a well known carpenter and is employed by the Standifer Construction Company, of Vancouver, Washington.

"On the 20th day of last March," explained Mr. Horlocher, "I was taken down with an attack of stomach poisoning—ptomaine poisoning, I believe they call it—which almost carried me away, and since that time, until I got Tanalee, nothing I would eat agreed with me. What little I did manage to eat would soon sour, causing gas and terrible pain and misery. I lost my appetite almost entirely, and often just the smell of anything cooking would make me dreadfully sick at my stomach. My food evidently did me no good, as I fell off from one hundred and eighty pounds to one hundred and fifty. I just had to lay off from my work, as I felt too weak and exhausted for several weeks to even attempt to do any thing. Just climbing up the steps to my room would take all my energy and completely exhaust me. I was constipated all the time, had headaches, and noticed that my nerves were going all to pieces, as I couldn't get a good night's sleep. Nothing did me any good and I had become uneasy and worried about my condition.

"One day while in the Owl Drug Store I happened to overhear a lady who was buying a bottle of Tanalee, told the man who was waiting on her that she had been suffering from stomach trouble for years and that Tanalee was

- (3) Foley's Cathartic Tablets, a wholesome and thoroughly cleansing cathartic. You can try these three family remedies for only 10c.

The only medicine she had ever taken that did her any good. Well, she didn't know, but just that little remark of hers sold me a bottle of Tanalee right then and there and if I only knew her name I would like to thank her for putting me onto the thing that has given me back my health and strength. My stomach feels now like it is in just as good shape as it ever was. And such an appetite as I do have! I believe I could eat five meals a day without suffering a particle afterwards. By using the Tanalee Tablets in accordance with Tanalee I have been relieved of constipation and I'm never bothered any more with headaches. I now feel a hundred per cent strong and well, and am putting in full time at my work and I certainly do think Tanalee is a great medicine."

Tanalee is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murtagh by Murtagh Drug Co., in Filer by A. B. Wood, in Buhl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stover.—(Advertisement)

CLUB MEMBERS' WORK IS SHOWN AT SCHOOL FAIR

Varied Exhibit is Larger Than That of Previous Years—Interest and Knowledge in Principles

OVER \$160 IN WAR STAMP PRIZES AWARDED

Results of Boys and Girls Endeavor Under Supervision Used as Argument for Extension of Vocational Plan

The annual fair of the vocational clubs of the Twin Falls district, held Tuesday at the high school, was remarkable in two respects. In the first place the exhibits were more numerous than they have been at any previous club fair in this district, and in the second, and more important, respect, the quality of the exhibits was exceptional, according to the judges and club leaders, evidencing the fact that the instruction and guidance given the boy and girl vocational workers has enlisted their increasing interest in the work and schooled them in the principles upon which successful endeavor in lines of endeavor represented is built.

Pupils See Exhibits

All the pupils at the Twin Falls schools were given opportunity to inspect the exhibits, the pupils of the grade schools marching to the high school in organizations for this purpose during the afternoon. During the evening as well as during the day, many of the parents and others interested in the children's work visited the fair.

The exhibits ranged from livestock which was taken care of on the lawn at the rear of the school building, to Red Cross knitting and needlework, and included besides the products of the garden, potato, sugar beet, corn, canning and cooking clubs. The work of more than 60 boys and girls who are enrolled in the vocational clubs of this district was represented. More than \$100 in War Savings Stamps, offered by business men of Twin Falls, was distributed as awards to the prize winners.

The judging of the livestock, in the absence of J. O. Ellsworth, Gooding county agent, was done by a committee composed of County Agents Donald McLean, Assistant County Agent O. E. Maroney and George E. Duman, Twin Falls boys' club leader. E. B. Bennett, state horticulturist, judged the garden, corn, potato and sugar beet exhibits, and Miss Nina Hook of Rupert, district home demonstration agent, judged the cooking, canning and sewing exhibits.

First County Leader

The work of the boys and girls clubs in Twin Falls county has been conducted during the season just closing for the first time, under the supervision of a county club leader. F. A. Smith, instructor last year of manual training in the Twin Falls high school, has been employed since the early spring in this capacity, his expenses and salary being paid jointly by federal government, state and county. An effort is being made to secure the employment all the year round of a county club leader. The results of the club work this year as evidenced in the Twin Falls district fair, are considered a strong argument in favor of this policy.

In the Twin Falls district this year, as it was last year, the work of the vocational clubs has been conducted under the supervision of district club leaders employed jointly by the federal government, state and school district. In addition, the women of the Parent-Teachers association have formed an auxiliary organization from among its membership to assist in the work. The work of the girls clubs in this district this year has been directed by Miss Lucille Crossland, a member last year of the high school faculty, who resigned recently to return to her home in the east.

Complete Work as Supervisor

George E. Duman, instructor in agriculture last year in the Twin Falls high school, has had charge of the work of the boys clubs in this district. Last July Mr. Duman was inducted into the military service at Camp Funston, Kansas. He was later privileged to return here to finish his work with the club members. The vocational fair was held at a date earlier than usual this year, as a result of the organization of the auxiliary group of the Parent-Teachers association. He is to leave on Thursday morning next, returning to Camp Funston.

Part in War Program

The vocational clubs of the nation's war program are the children of the war, and are growing up in the midst of the war. The vocational clubs are the children of the war, and are growing up in the midst of the war. The vocational clubs are the children of the war, and are growing up in the midst of the war.

How Little Dottie Earned Her Four Gold Medals

SHE was a small little girl in a white frock and blue hair. Her hair was curled in soft ringlets, and from her face shone a smile as she looked at the judges. The little girl was the center of attention, and the judges were all looking at her. The little girl was the center of attention, and the judges were all looking at her.

A dignified old gentleman leaned across from his seat opposite and said, with a winning deference that no child's remark could resist:

"What a wonderful little lady you must be, to win so many medals when most of us have to get along with none." The ramboldy little girl smiled importantly, but she didn't answer for the very good reason that no child's remark could resist.

"Till the gentleman, darling—everybody says she's so modest about it—go on, darling, tell the judge."

"I won them in a ticket contest. I sold 42 ahead of all the others this year, and then she sold."

Mamma had to cut in. She just couldn't help herself. "She knew the medal every year selling tickets for the annual festival at school, you know. Of course, papa and I help her out among our friends, and the stores where I deal at regularly—they always like to oblige their steady customers, you know, and they are so-in-trusted in Dottie."

Her papa was sort of opposed to her going in, but when Dottie makes up her mind to a thing you can't stop her—and really she did most of the work herself, this year, you can't stop her.

And if you will kindly take the trouble, to consider the difficulties of ticket selling, you will agree that Dottie deserved her medals along with the soldier man, the life-saver and the student addicted to midnight oil.

The calf club has raised and own calves that will sell today for \$450.00. The potato club has produced 3,000 sacks of potatoes.

The garden club has grown a product of not less than \$2,750.00. The corn club has produced approximately \$250.00.

The poultry club has grown 1,000 fowls. The sheep club has 30 lambs valued at \$600.00.

The knitting club has converted \$20.00 worth of yarn into sweaters and socks. The canning club has conserved approximately 3,000 quarts of fruits and vegetables.

The boys and girls have learned much of value in production and conservation that will have a great influence in their lives.

"This county is benefited by the total of this product, by the decrease in the shipping required, by the educational value of the work, and by a strong influence toward production and conservation."

Police Balk Jermyn Youth's Purpose to Evade School Through Emigration

(Special to The News)

JEROME—On their way to the state of Washington where they thought they would not be compelled to attend school, Arthur Jordan, 14, Edward McPherson, 15, and Llewellyn Le May, 16, sons of prominent families of this city, were intercepted Tuesday at Caldwell, Idaho, by police officers acting upon instructions telegraphed to several Idaho cities by local authorities for the parents. They boarded a freight train here and went to Boise, where they took the interurban car from which they were removed at Caldwell. On account of teachers' protests at Boise this week, school, which started Monday of last week, is closed.

Case No. 2243

AMENDED SUMMONS FOR PUBLICATION

In the Judicial Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, Idaho, do hereby certify that the following is a true and correct copy of the Amended Summons for Publication, as the same appears in the records of said court, to wit: "Unlimited," a Corporation, Plaintiff, vs. Emil A. Peterson and Mrs. Emil A. Peterson, his wife; the unknown heirs and devisees of Emil A. Peterson, deceased, defendants. Amended Summons for Publication: The State of Idaho sends greetings to the above named defendants. You are hereby notified that a complaint has been filed against you in the District Court of the Fourth Judicial District of the State of Idaho in and for the County of Twin Falls, by the above named plaintiff, and you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons if served within said Judicial District, and within forty days if served elsewhere; and you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

The said action is brought to foreclose the lien of one certain mortgage made by and between Twin Falls North Side Investment Company, Limited, and Emil A. Peterson, on the 30th day of April, 1910, duly recorded in Book 15 of Mortgages, at page 9, of the records of Twin Falls County, Idaho, on the 22 day of June, 1910.

Also to foreclose the lien of two certain mortgages made by and between Twin Falls North Side Investment Company, Limited, and Emil A. Peterson, on the 25th day of June, 1910, duly recorded in Book 15 of Mortgages, at pages 89 and 90, respectively, of the records of Twin Falls County, Idaho, on the 17th day of September, 1910. The amounts now due under said mortgages are as follows: Principal, \$1,275.00; interest on principal, \$500.00; total, \$1,775.00, with interest on the principal thereof at the rate of six per cent per annum from the 1st day of July, 1915.

The premises affected by this action are described as follows: Lots 10 and 11, Block 10, in the City of Twin Falls, Idaho, bounded and described as follows: Lot 10, side (N), ten (10) and eleven (11) in block thirty-two (32), and an undivided one-half interest in lot eleven (11), Block Twenty-one (21), all in the townsite of Kimberly.

The Papyrus Plant

In the story told by Mrs. Williams, mention is made of papyrus, which was called "papp" in the time when the mummy of her story lived. From that word came the Greek "papyrus" and our English word "paper." The historian Herodotus called it "bablos" and from this the old Greeks got a word "biblion," meaning a book, which we have carried on into our word "Bible." Go to a good dictionary and you will find a long list of words beginning with "biblio" and they are all connected with books.
