

DISTRICT BOARD TO DISTRIBUTE LABOR ORGANIZED

E. J. Ostrander Is Named Chairman of Body Subsidary to Federal Department to Solve Big Problems

Subsidiary to the United States Department of Labor, a community labor board to supervise the distribution of labor in the district comprising Twin Falls, Cassia, Blaine, Lincoln, Gooding, Blaine and Camas counties, has been organized with the following members:

E. J. Ostrander, L. T. Wright, and H. E. Masters, all of Twin Falls. The organization here was effected under the direction of Harry Fritchman of Boise, state organizer, who was accompanied by Paul Spangenberg, also of Boise, a vice-president of the Idaho State Federation of Labor.

Mr. Ostrander, as county chairman of the United States public service reserve, was installed as chairman of the new organization. He is the president of the Ostrander Lumber company, a member of the city council and of the county council of defense. Mr. Wright, district manager for the Consolidated Wages & Machines company, was named as the member of the board to represent the employers, and Mr. Masters, a prominent member of the local carpenters' union, was chosen to represent employees.

The board will hold regular sessions twice monthly.

BOY TELLS HOW HE RAISED PRIZE WINNING SPUDS

Keith Smith of Hansen, Submits Story on His Summer's Vocational Club Work Showing Value of Experience

Keith Smith of Hansen, a member of the Twin Falls county boys' and girls' vocational club, raised this year's spuds in the Idaho Rural Early Six Weeks campaign on a plot 30 feet long and 4 feet wide. He exhibited specimens of these potatoes at the vocational club fair, Twin Falls, and he the boys' and girls' section at the county fair, winning second prize on the latter exhibit.

His story on the growing of these potatoes has just been handed in to Miss Hannah Spence, county club leader. It shows that the amount of growing the potatoes was \$52.50 and that the estimated value of the crop is \$8.46, giving him a profit of \$11.25.

Experience Most Valuable

According to Miss Spence, his story which is one of the best so far submitted by a club member, shows that his profit in the undertaking in respect to the experience gained is beyond calculation in dollars and cents.

Here is the story:

The most important thing is to have good soil. It has been proven that hill selection gives best results, and by this I mean that the growth of the plants should be watched and the most healthy vines should be marked some. When the potatoes are ready to dig, the plants should be pulled by hand and the best potatoes selected.

Soil Condition Important

It is also very important to have the soil in good condition and the seed dipped with the proper kind of dip or poison. It is better to have alfalfa grown and manured in the fall and plowed deep in the spring. New alfalfa grown in better because the alfalfa has been growing all winter in the soil. It is generally best to irrigate the ground before it is plowed. This depends upon the amount of moisture in the plowing and the weather. The best dip I have found is corrosive sublimate at the rate of four ounces of sublimate to 40 gallons of water, using a wooden vat and leaving the potatoes in the solution for 20 minutes.

Brings Back Game

Food Ramsey has just returned from a hunting trip in northern Idaho, bringing back with him a fine deer.

Plans for Next Year

I have been awarded four prizes on my two kinds of potatoes and I think that next year I shall start with better seed, have better soil, give my spuds better attention, and then get higher prices on them.

I had one thing happen to my potatoes that was very mysterious. When they were all well and growing and stuck their heads out of the ground, there were but a few doing so. I dug into the soil one day and found some pieces of potatoes that were not dipped which did not have this way but had been in the ground. I have followed these directions as nearly as possible, lacking time taken to do other farm work and negotiating to do some of the things I have mentioned. One topic has been suggested, "How I Shall Spend My Potato Profit." I will say that I expect to apply this on a sheep, buying food.

DOOR WILL HELP OUT ON WAR WORK CAMPAIGN

Washington, D. C., Oct. 11.—Douglas Fairbanks, champion grammar, moving picture actor, has enlisted for the United States War Work Drive.

Doug sold \$40,000,000 in Liberty bonds in the recent drive, and thinks that it will be easy to raise \$10,000,000 for the war work.

"Come, come, come," he will, "there's no end to American generosity. I'll be right there today."

Fairbanks has been posing in a war film here. "Most of his work for the war drive will be done in California. He figures he'll find rich picking from the western millionaires."

SAYS EPIDEMIC PEAK IS REACHED

Out of About 100 Cases in Twin Falls During Week Only One Death Reported

According to Dr. W. F. Pike, city physician and acting county physician, the epidemic of influenza in this county has been reached. Dr. Pike stated on Saturday that in his estimation there were in Twin Falls approximately 100 cases of influenza, including those cases which had not been reported. There are 10 cases under treatment at the emergency annex to the county general hospital. Two patients returned to their homes Monday. There have been no deaths from this cause at the hospital since.

Reports to State Board

City Clerk W. A. Minnick, who is reporting daily to Dr. Edward T. Blower, secretary of the state board of health, the number of cases of influenza in Twin Falls, reported on Saturday that there were 68 cases here. Since that time and up to 4:30 o'clock Monday afternoon, he has reported 11 more cases. Mr. Minnick compiles his information from daily reports of all the physicians in the city.

His report shows that influenza was given as a contributing cause occurred in this county last week. Precautionary measures against the spread of the malady are being generally accepted, and the orders of the state board of health are being strictly adhered to here.

Will Secure Relief

The effort of the county and city boards of health to secure a supply of the Rosenow serum for the treatment of influenza patients here seems to be paying off. Dr. Pike stated Monday that he had been successful of receiving a quantity of this vaccine from the Mayo Brothers at Rochester, Minnesota.

Quarantine Under Quarantine

Since Saturday last, the town of Kimberly, five miles east of Twin Falls, has been under self imposed quarantine. No passengers are permitted to leave the town at Kimberly, and persons arriving there are quarantined and not allowed to stop. There are no prohibitions against any person leaving Kimberly. No cases of the epidemic have been reported there.

WEDDING OF INTEREST

A wedding of interest here took place October 9 at Pocatello, Idaho, when Miss Marie Pennington, the bride of B. L. Braasfield of Kimberly. Mrs. Braasfield has been a nurse here for several years while Mr. Braasfield is a prominent rancher at Kimberly. They are making their home for the present in Twin Falls.

BERGER SHOT IN ROW OVER LEASE TERMS

Well Known Rancher Seriously Wounded By Gun in Hands of Frank Dolan—Self Defense Claimed

In an argument with Frank Dolan, his tenant, over the burning of weeds on his farm one-half mile north of Berger, at 11 o'clock this morning, Fred W. Berger, aged about 60, Non-section league candidate on the Democratic ticket of state representative, was shot through the abdomen. Berger was brought to the Boyd hospital at noon, where physicians are making an examination as to the extent of his injury. Following the shooting, Dolan, first summoned as a physician from Twin Falls to attend Berger, and then proceeded to Twin Falls and gave himself up to the custody of Sheriff F. M. Kendall. The shooting was witnessed by a number of men, including a work crew of three men on the ranch.

Tells Sheriff of Shooting

According to the statement made by Dolan to Sheriff Kendall, Berger came to his ranch this morning and began burning weeds along the fence. Dolan went up to his car. "I will turn those weeds up in his car," he said, "and I will burn them," he said he told Berger, "You are a son of a bitching liar," he said Berger retorted. Dolan says that he repeated the epithet applying it to Berger, who made a threat at him as he sat in the car with the fork he was using in the burning of the weeds.

Dolan says that he grasped the fork and held it for a moment. Berger retorted, "I will hold on to it and attempt to regain it. Sooner than I would succeed in securing the fork again, Dolan says that he picked up the gun, a .45-caliber Colt's revolver, from his car, on the seat in the car and fired one shot at Berger, who was in the car. Berger persisted in his effort to secure the fork. He was successful, Dolan says, and made a second thrust at him. Then Dolan fired a second time, the bullet striking Berger in the abdomen.

Bullet Struck Through Body

Berger sank to the ground. Dolan took the threatening fork to take care of it and went to a neighbor's residence to call the physician and came on into Twin Falls. Berger was brought to the hospital arriving here a few moments after the arrival of Dolan. A statement was made by members of the threatening crew who accompanied him that Berger had not lost consciousness. They said that the bullet entered the lower abdomen on the left side, ran downward and back, and emerged just over the left hip.

Dolan has been a resident of Twin Falls for about 10 years. He was a member of the local chapter of the Salado River Chapter of the Elks. He leased the land on which the shooting occurred from Berger this spring.

Suit Starts Trouble

Dolan explains that he has carried a revolver for more than one year past all of the time, during which he has been a tenant on the land. He says that he was made against him by a Buhl butcher under circumstances which are recalled by the sheriff's office.

Attendant to the shooting, Berger on Friday last, filed an action in district court here against Dolan for the recovery of \$250, alleged by him to be the amount of the damages he had sustained as a result of the failure of the defendant to fulfill the terms of the lease binding him to keep the land properly cultivated, irrigated and free from weeds.

Berger Will Live

Reports from the hospital this afternoon indicate that Berger will live. The threatening men who witnessed the shooting are said to have substantiated Dolan's story of the effect that he was shot in self-defense.

The Sheriff and prosecuting attorney have left for the scene of the shooting.

IS CLERK NOW FOR ARMY

J. Frank Martin, associate of E. M. Wolfe in the practice of law here, who was recently inducted into the military service at Vancouver, B. C., Washington, has been detailed to duty in the office having in charge the issuance of war liability insurance to men in the service at Vancouver.

LANDS IMPORTANT PLACE

R. M. Wolfe of Twin Falls, has been retained as the attorney for the Twin Falls-North Side Canal company, at a meeting held at the headquarters of the company at Jerome, Mr. Wolfe stated.

Mrs. A. Howard, and Mrs. Walter Miller, and Mrs. W. J. Tarkenton are visiting in Twin Falls this week.

FORECASTS EARLY START ON BUILDING OF BRIDGE

Senator Eugene A. Harrison, Secretary of Hansen Bridge Commission, Says Will Be Tardied

E. J. Finch, secretary of the Hansen bridge commission, has received from Senator John F. Nugent, word that favorable action on the part of the governmental bureau and the withdrawal of the prohibition against the building of the Hansen bridge is to be expected momentarily. Similar advice was received from Representative Addison T. Smith, following his statement to the commission some days ago. Practically all of the material for the building of the bridge is on the ground, and active work is to be begun as soon as favorable advices from Washington are received.

BOY GROWS BIG CROP OF BEETS

George Cleveland, Member of Vocational Club, Tells of Profitable Summer

George Cleveland of Twin Falls, a member of a boys' vocational club, one of the boys and girls vocational clubs, during the summer past raised two acres of sugar beets which, according to his account of his achievement submitted to Miss Hannah M. Spence, county club leader, yielded a crop of beets and a net profit of \$485. He figures the cost of production, including land rental, fertilizer, planting, cultivation and harvesting at \$78.

Here is his story of his achievement:

The sugar beets which were raised on my two acre plot were very good beets. They averaged twenty-seven and one-half tons to the acre.

They were thinned, cultivated, irrigated and weeded by myself and my sister.

After the Japs had topped them, papa said that if my sister and I went over the field and got all the beets that were left, we could have the money for the school and get the money we would buy baby books. After we got them it will make three for me and two for my sister.

I took my beets to the school fair and won a prize on them.

TO FACILITATE WORK OF HANDLING PERMITS

BOISE—It is impossible for the non-war construction section to transfer authority in the matter of passing upon building permits, but if these permits are promptly forwarded through the non-war construction committee in the counties and states to Washington and marked "urgent" they will be passed upon without delay. This is the information D. C. McLennan, chief of the information division of the state council on defense, and its chairman, E. M. Bryan.

There appears to be a misunderstanding with regard to the handling of the permits. The entire non-war construction section is built up under the supervision of the state council on defense. That organization created a special committee to handle the permits and this committee took up with county councils of defense the matter of creating county non-war construction committees and marked "urgent" they will be passed upon without delay. MAKERS SHIP MACHINERY FOR HANSEN BUTTE

Pumps and Motors for Reclamation of 7,000 Acres of Arid Lands Leave Manufacturers' Warehouses

Pumps and motors to be used in the irrigation system of the Twin Falls-Miller Land & Water company to furnish water for the reclamation of approximately 7,000 acres lying under the first 100 to 150 acres on the Hansen butte between Hansen and Murlough, will be shipped by the manufacturers, the Allis-Chalmers company of Milwaukee as soon as boxes can be secured and the cars loaded.

The information conveyed in a telegram from the manufacturers to D. B. Moorman, a director of the company, this week. The telegram states also that transformers to be used with this equipment will be completed and forwarded within the next 60 days.

Faves Way for More Developments

Arrangement is full for this machinery has been made by the manufacturers, Mr. Moorman states, and under this condition an order can be placed with the Lead & Water company for machinery for the second lift of its project under which approximately \$1,000,000 money will be reclaimed. The second lift can be completed and delivered within about two months time, Mr. Moorman states.

Preliminary to the first lift, the Lead & Water company last week began work at Hansen where water is to be diverted from Snake river and pumped to the lands to be reclaimed.

ARMY DEMANDS MANY MORE MEN YET THIS YEAR

Local Board Is Instructed to Hasten Plans for Entraining of 193 Registrants of County

Pursuant to selective military service calls, Twin Falls county will send in to the military service during the month of November and December, approximately 193 registrants of the qualified registrants of the September 12, registration. The local board has been directed by the adjutant-general to advise his office as to the earliest date on which it is ready to entrain this number of men.

Calls Coming Soon

Following are excerpts from the adjutant-general's letter in respect to these calls, which was received Tuesday by the local board.

"You are advised that we are in receipt of a telegram from the provost marshal general to the effect that requisitions have been made upon this office for a large number of fighting men to be furnished during the months of November and December. This will require the early calling of class one fighting men of the September 12 registration of 19 to 38 class.

"The quotas out of which calls to meet these requisitions must be met will be fairly equalized among the states on the basis of exact national and state strength of non class one of September 12 registrants between the ages of 19 and 38, both inclusive. But as registrants belonging to this class have not yet been called to the early call, it is not possible to determine the strength of such class one therefore not possible to determine and allot exact final quotas.

"The provisional and temporary allotment for Idaho under this plan is 3229 fighting men. Calls for these men will issue at intervals in the immediate future.

"You are further advised by the provost marshal general that the military program cannot be delayed at this time, nor the steady flow of men into the mobilization camps interfered with, you will understand that it is in view of the influence of the military program that the early call of class one fighting men is necessary.

DOLAN IS HELD TO ANSWER ON ASSAULT CHARGE

Tenant Who Shot and Injured Fred W. Berger is Accused By Prosecuting Attorney in Criminal Complaint.

Frank Dolan, who on Saturday last, in an altercation over the terms of a lease, shot and injured Fred W. Berger, Nonpartisan candidate of the Democratic ticket for state representative, is accused of assault with a deadly weapon upon Berger in a criminal complaint filed Monday by Prosecuting Attorney Frank L. Stephan.

Dolan was arraigned Monday afternoon before Judge C. P. Davall. He entered a plea of not guilty. The court held him for a preliminary examination, the date of which is to be fixed as soon as the extent of Berger's injuries and the probabilities for his recovery are ascertained definitely. Bond was fixed by the court in the sum of \$3500, which was furnished by Dolan within a few hours time. He has been released under this bond.

Reports today from the attending physicians at the Boyd hospital are that Berger is resting easily and that he will speedily recover.

Will Plead Self Defense

Dolan will plead self defense. He states when he came here and that he acted in self defense. He had shot at the 10 he had passed between himself and Berger, and after Berger had attacked him with a pitchfork. Berger has stated that epithets were thrown at him and that his vehemence was applied to him by Dolan, provoking the attack.

Noah Kneiser is at home from the training camp on account of poor health.

Mr. and Mrs. H. A. Mylander, of Montana, are helping with the beet crop at Curry.

Miss Johnston, assistant principal of the high school is spending her vacation with friends at Curry.

Lea Pond of Buhl spent the weekend with Curry relatives.

Mrs. C. H. Brown, county home demonstration agent, was calling in this country Monday. Miss Kinsaid, manual training teacher from Twin Falls, accompanied her.

Mrs. Pearl McKee of Twin Falls was a Curry visitor Sunday.

C. H. Lantz, returned from Atlanta, Iowa, Monday, where he went to attend his aged mother's funeral.

Mrs. Gorman of Hollister visited several days at the home of W. O. Posa. Grandpa Howell celebrated his ninety-third birthday anniversary Sunday.

POPULAR YOUNG COUPLE ARE UNITED IN MARRIAGE

Miss Nona Faria of Buhl Becomes Bride of Russell P. Ostrander of Pittsburg

An interesting wedding of the week was that of Miss Nona Faria, daughter of Mr. and Mrs. J. W. Faria of Buhl, to Russell P. Ostrander of Pittsburg, Pennsylvania, which took place Friday at high noon at the home of the bride's parents. The ceremony was performed in the presence of a few relatives and intimate friends by Rev. L. B. Frank, pastor of the Methodist Episcopal church at Twin Falls.

The young couple left for a brief excursion to Halley, after which they will leave to make their home in Pittsburg, where Mr. Ostrander is engaged in the manufacturing business.

The bride is a graduate of the University of Idaho, and one of the best known young women of southern Idaho. The marriage is the sequel to a friendship formed several years ago when Mr. Ostrander came here from his former home in Michigan to engage in the newspaper business at Hollister. Later he became a partner with his brother-in-law, Ed. S. Larned, in the ownership of a band of sheep. He enlisted in the field hospital company organized in Idaho in June, 1917, from which he was honorably discharged on account of disability.

LEAVES ON NEW MISSION

Mrs. M. M. Gant left this morning for Conrad, Montana, to take charge of the remains of her brother George, who died last evening at the Conrad hospital.

FLAYS TOWNLEY TICKET IN STATE

Democratic Leader of North Asks Loyal Bourbons to Repudiate League

WALLACE, Idaho.—Harry L. Day, Democratic state committee man from Gooding county, and a potent influence in North Idaho politics, is doing all he can to defeat H. L. Samuels, Nonpartisan league candidate for governor and is appealing to all loyal Democrats to repudiate the Nonpartisan league ticket.

"In my judgment, Mr. Samuels is totally unfit for the position of governor and I believe this opinion will be sustained by the voters overwhelmingly."

"The same opinion applies to L. I. Purcell, candidate for congress, who has been a lifelong Republican, participating in the Republican state platform convention in June and was active as a member of the resolution committee."

The Bolshevik-Nonpartisan program is running the black flag to form it flies the black flag of hypocrisy, falsehood and deceit. Its principles are those of the Prussian and the Bolshevik contempt for the rights of others and the consequent concentration of its real principle. The so-called appeal, Nonpartisan, is distinct by nature, as the aggregation led by the Dakota adventures is aggressively partisan, socialist and un-American.

"If the national committee of this county, which has always loyally delivered its party goods, I call upon all faithful Democrats, both in the county and state, to repudiate Messrs. Samuels, Purcell, Jepperson, et al., and the sinister adventures behind them."

Harry L. Day has issued the following statement: "Mr. Samuels will be defeated by 20,000 to 25,000 majority."

"Here in Gooding county, banner Democratic county of the state, where he is best known and where he lived for about 20 years and acquired his fortune, he will be repudiated decisively."

"His posture as a Democrat is an insult to the rights and the intelligence of the faithful Democrats of the state who have carried the party's banner through long years of adversity."

100 FLU VICTIMS DOCTORS ESTIMATE

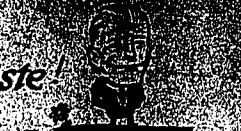

Eleventh Patient is Received at Emergency Annex to the County Hospital

There are in Twin Falls approximately 100 cases of Spanish influenza, according to the estimate made this morning by Dr. W. F. Pike, city physician. It is difficult to determine accurately the number of sufferers from the disease, Dr. Pike stated, for the reason that not all of the cases are reported. There have been no deaths here this week from the malady. The eleventh patient was received this morning at the emergency annex to the county general hospital, opened in the building formerly occupied by Dr. J. R. Morgan's hospital for the care of influenza victims. There were nine patients being cared for there at noon Thursday.

ON TRAIL OF MISDEAMANTS

Probation Officer John B. Ault is making an investigation today of reports brought to him from the vicinity of Curry by motorists who state that numerous trees have been punctured there, encountering steel tanks in mud hills. Boy intercats are suspected. One automobile driver was forced to replace tires on his car at an expense of \$100 after running into the tanks. He counted 22 tanks in one tire.

To tell what is to make in the classified columns, is to make the strongest possible effort to get it.

Members of the county and city boards of health, in joint session Thursday afternoon, instructed Dr. W. F. Pike, city physician, to communicate by telegram with the Mayo Brothers of Rochester, Minnesota, with a view to securing for use here some of the serum made by them for the treatment of Spanish influenza. Antecedent to this action, Dr. H. W. Wilson had endeavored to secure some of this serum but was informed by the Mayo Brothers that the entire output of serum from their laboratories was sent to Chicago where it was used.

Local druggists also have made efforts to secure supplies of the serum.

ROOSEVELT AND TAFT RAISE WAR ISSUES AS BASIS FOR CAMPAIGN

Object to Fourteen Point Program—Demand President Should Consider Nothing But Unconditional Surrender—Foreign Policy is Weak and Reconstruction Period Unsafe in Hands of Democrats—Ex-Presidents Slam Wilson

NEW YORK, Oct. 31.—Urging election of a republican congress, Ex-President Roosevelt and Ex-President Taft today issued a joint, signed statement in reply to the appeal of President Wilson for election of a democratic congress.

The statement, which was made public by the republican national committee, laid stress on the present peace conversation with Germany and declared "the president has indicated a willingness to make a peace negotiation. He has not demanded, as he might have done, in three lines, that which the American people demand, an unconditional surrender."

Defeat One Man Control
Roosevelt and Taft declared the war was being fought to suppress one man control. President Wilson's 14 peace terms were called general and vague and few were expressed that would not lead to a real peace treaty.

The statement follows: "We approach this subject as Americans and only as Americans. When this war broke out, we would have welcomed action by the president which would have eliminated all questions of party politics. It would have enabled us all to stand behind him to the end, without regard to anything except national consideration. Instead of this, partisan lines have been strictly drawn from the first and now the president announces that only democrats can be entrusted with the future power and only those democrats who do his will. Because of this reflection on other patriotic Americans we appeal for fair play.

Lay Down Issues
"The most congress will serve from March 4, 1919, to March 4, 1921. In that period:
1—The war must be fought to unconditional surrender unless this is achieved before.
2—The terms of world peace must be settled.
3—The Democratic administration after expending billions of treasure and exercising more absolute power than any administration in our history must give an account of its stewardship.
4—The change from war conditions to peace must be brought about with the least disturbance and the work of reconstruction must be broadly begun.

Republicans Better Qualified
"A Republican congress would be much better qualified than one controlled by Democrats to aid the country in adopting the measures needed for these four great tasks.
"Even as a minority party the Republicans made the winning of the war possible by passing the original draft bill. Without this we could not have trained and landed the two million of men now in France. As a minority party the republicans have forced upon a reluctant president and secretary of war, after an injurious delay of four months, the amended draft act, without which we could not put two more millions at the front next July. The speaker, the leader and the chairman of the military committee of the democratic house, opposed the original draft with all the vigor possible. It was saved and so our country's cause was saved by the republican minority.
2—The new senate must approve by a two-thirds vote, the terms of peace. These terms must be settled, not by one man only. It is one man control we are fighting in this war to suppress.
"If the peace treaty is to be useful in the future it must be approved by the great body of the American people.
Demand Complete Surrender
"The president has indicated a willingness to make a peace by negotiation.

He has not demanded, as he might have done, in three lines, that which the American people demand, an unconditional surrender. This exchange of notes with Germany has caused deep concern among our people lest he may by his parleying with her, concede her a peace around a council table, instead of a sentence from a court. The fourteen points which the president and Germany assume that they have already agreed upon, are so general and vague that such a peace would be no treaty at all, but only a protocol to an indefinite decision. The president is without final power to bind the United States to these fourteen points although his language does not suggest it. Still less has he power to bind our noble allies. We do not know that these points include all that our allies may justly demand, or that they concede something which they must justly withhold. For what they have done for us, we owe our allies the highest good faith. It is of capital importance, therefore, that we should now elect a senate which shall be independent enough to interpret and enforce the will of the American people in the matter of this world peace, and not merely submit to the uncontrolled will of Mr. Wilson.

Congress Too Subservient
"Nor can the attitude of the hour be ignored in this peace. Every affirmative obligation binding the United States in that treaty must be taken by the house as part of the congress. The present democratic majority in the house has been subservient to the will of the president in every respect except when artificial issues in the conduct of the war have been involved. The president has not hesitated publicly to discipline those of his party who have disagreed with him and the legislature, congress, with its old leaders thus chastened will offer no opposition to his will. In a democratic congress the American people will not have the service of an independent, courageous, coordinate branch of the government to moderate his uncontrolled will. It is not safe to entrust to one man such power. It is not in accord with the belief of the republicans.

Give Money Liberally
3—The republicans voted without objection billions to be expended by the administration. Six hundred and forty millions for aviation were given to the executive to build aeroplanes without a single limitation as to the manner or method of its expenditure. A senate

Conditions in German Prison Camps Said to Be Little Short of Barbarous

LONDON, Oct. 31.—(British admiralty wireless).—(The rules of international law which were also the rules of humanity, have been observed in this country, but have been over and over again flagrantly broken by our enemies. Sir George Cave, home secretary, declared in addressing the house of commons on the barbarous treatment of British prisoners of war: "Some of the German internal camps are reasonably well organized, but there are other camps where conditions were almost unspeakable and inhumanities went on which almost were past belief. "These things go on today, and evidence the government had got from returned prisoners is very much on the same lines as previously. "It is estimated that the number of deaths in prisoner war camps, since November, 1916, is 2,000 of all nations."

No Mercy Shown
With regard to working he said the men were beaten and made to work when they were ill. They were underfed and overworked, in fact, everything was done to break their spirits, but Sir George said he thanked God that it had not been broken. Sir George said he had the best reason for believing that in any armistice with either Austria or Germany the government should insure that, as an essential and primary condition, all prisoners of war in many countries be immediately and unconditionally released. He threatened reprisals for cruelty. "It is no good talking to the people who did these things," he declared. "We have got to take them by the throat and punish them so that it will be an example for generations to come."

FIGHTING GREAT BATTLE FOR LIFE AGAINST "FLU"
Major Bill Dean of National Reputation Has Little Chance of Recovery
CAMP DODGE, IA., Oct. 31.—Fighting as he never fought before, not even during the years when he made the all-American football team as half-back for two successive years, Major "Bill" Dean, today has a chance against the Spanish flu.
Doctors at the base hospital say it is the former West point grit star's wonderful physique and staying qualities that enabled him to pull through thus far. There is little hope for his recovery.
Dean, acting divisional machine gun officer of the 19th division here was probably one of the greatest men the gridiron game had ever seen. It was his toe runs and his daring runs that brought the army eleven out in front in most of its games during the years he was a cadet.
His parents in Los Angeles have been notified and are expected here.

Ten Survivors of Torpedoed Steamer Reach Port After Terrible Experience

NEW YORK, Oct. 31.—Set adrift by the commander of a German submarine, ten men of the Norwegian bark Blifinder arrived here today after fifteen days of struggling toward land. Captain Berklund and seven other members of the crew are missing and are believed to have died of thirst and starvation. They were in another boat.

The survivors rowed for fifteen days in shifts, until they were picked up by an American patrol vessel and brought to port. Their food was crackers and their drinking water, rain caught in small buckets during the frequent storms. All of the men are in a very weakened condition.

The present County Treasurer in several counties in Idaho are women.
It is generally recognized that women can perform the duties of such office with singular ability.
Such a course, likewise, assists in relieving men for war work.
EMMA LONGLEY WARREN has been a resident of Twin Falls County for six years past, and for some time has been engaged as a teacher in the public schools of Twin Falls City. She has had an extensive business experience and is entirely capable and highly efficient, and will bring to the performance of the duties of such office, rare ability and entire fidelity.
Twin Falls should follow the example of several other Idaho Counties and elect a well qualified woman as County Treasurer.

SUBS MILES

Says, the Nonpartisan Journal, "of
Helsinger of the Nonpartisan league
for Twin Falls County."

"Since the league doesn't have
enough funds to buy all the news-
papers, why they are sold to the
league's enemies."

"That settles it."

"The league 'keeps' part of the press.
It follows that the other part is
'kept' by the league's enemies."

"What more natural than that one
should judge others by one's own stan-
dards?"

"If this is the estimate the League's
leaders place on human integrity, what
—in the name of God—have the mem-
bers of the league got to expect from
their leaders, if they ever get in
power?"

THE REASON FOR IT

A few days ago the News character-
ized as cheap political bunk the laugh-
able efforts on the part of those direct-
ing the Nonpartisan campaign to
convince their members the impor-
tance of the entry of their state
papers to mailing privileges constituted
an endorsement of the league by the
national administration.

"It happened at the time to have been
nothing more nor less than a fair sam-
ple of shoddy politics," the News re-
ferred to it as such.

The News pointed out that while the
application of the league's paper was
pending for "several months," accord-
ing to their own statement, the Daily
News had been admitted to the mails
within less than two weeks after applica-
tion was made. The inference would
be—with exactly as much logic—that
the national administration had almost
fallen over itself to endorse the Daily
News, and that by reason of its
endorsement the "national" administra-
tion used squarely behind the News in
its opposition to the Turnley-LeBeur-
Mann-Berger element in Idaho politics.

It now appears, however, that this
particular distortion was only a part
of a deliberate campaign of deception
planned by league leaders for the con-
sumption of their own members.

The following, from last week's Non-
partisan Journal—read in connection
with the other studied attempt at de-
ception—will be of significance to
thoughtful readers, especially those who
happen to be members of the league:

President Wilson knows that Na-
gust accepted the endorsement of the
Nonpartisan league. He knows that
Nagust's election rests in the hands
of the league. Get the point? The
President, by this endorsement of
Nagust, places his O. K. on the
Nonpartisan league of Idaho.

We have here the happy combination
of another far-fetched conclusion based
on assertions that are not facts.

Will our readers endeavor to recall
having read a single statement—a word
even—uttered by Senator Nagust that
might by any imaginable process be
misinterpreted into an acceptance of
the league's nomination. Nagust has done,
just as Borah and every other old-
party candidate endorsed by the league
has done—every last man of them—
that is, KEPT STILL about it.

We have yet to see the first old-
party candidate who has accepted, by
formal or informal statement, the en-
dorsement of the league. There is not
one man among them who is sufficient-
ly proud of the endorsement, or re-
gards it as enough of an asset, to pub-
licly acclaim the fact—something, by
the way, worth thinking about.

Nagust is doing like the rest of
them. He is not RESPONDING to it.

But, the Journal tells its league read-
ers, the president KNOWS of Nagust's
having accepted the endorsement, and
also understands thoroughly that Na-
gust's election rests in the hands of
the league! So "get the point," the
Journal says. The President places his
O. K. on the Nonpartisan league of
Idaho!

If everything is O. K.—square and
above-board, why the resort to such
deception? Certainly, we should think,
the league, above all
other groups, should expect the
most honest and forthright dealing
from its members.

And yet these leaders have consistently
thrust themselves to the front, trying
to something to pass as an administra-
tion endorsement of their program.
They are striving for this result not
for the benefit of the general public,
but for the consumption of their two
members.

Why?

The answer is not deeply hidden.

League leaders have recruited under
the league banner thousands of Idaho
farmers whose first and foremost
thought—even above their own private
interests—is loyalty to their govern-
ment.

The nation is at war!

These members are not satisfied with
the brand of loyalty represented by
Turnley and LeBeur. These members
are not proud of the fact that the dis-
loyal element of the Socialist party has
arrayed itself with the league. These
members have discovered that prac-
tically every farmer of questionable
loyalty is a member of the league;
that practically every "pro-German"
whose occupation permitted, promptly
allied himself with the great reform
movement which the league fathered;

that practically every bond-slacker,
practically every man whose loyalty
has been under suspicion, is a member
of, or is in sympathy with the league.

The leaders feel their grip slipping.
Not all their members' loyalty is
hamstrung by a sixteen dollar mem-
bership fee!

That is why the league's leaders pri-
vately damn the war and publicly was
eloquent in its praise. That is the re-
ason for these frantic specimens of un-
scrupulous misrepresentation, painful-
ly stupid and ineffective as they are.

We have seen farmers the victims of
all sorts of swindlers—some petty and
some not so petty but we have never
seen a bunch of impostors who give the
farmers credit for so little intelligence
as do the Socialist leaders of the so-
called Nonpartisan league.

The War Today
J. W. T. Mason.

NEW YORK, Oct. 21.—To what ex-
tent the crumbling Hapsburg empire is
prepared to resist on its own soil before
accepting the demands of the demo-
cratic nations for unconditional surren-
der will be made known within a few
days.

The withdrawal of the Austro-Hun-
garian armies from all occupied territory,
which has been ordered by the
Vienna government, should permit the
dual monarchy to form its lines afresh
along its own frontier by the first of
next week. If the high army command
follows the frantic directions of the
civilian rulers.

Thereafter what is left of Austro-
Hungary will have definitely abandon-
ed all thought of conquest and if it con-
tinues the war will be fighting solely
against terms of unconditional surren-
der.

The ability of the Hapsburg armies to
prolong the struggle even for self
defense is highly doubtful. The disin-
tegrating forces now at work within
the empire have already made self pre-
servation impossible. Although Austro-
Hungary continues to be thought of as
one country it is very doubtful whether
at this moment the authorities at Vien-
na are the effective government of the
Hapsburg empire, or indeed, whether a
Hapsburg empire now exists in any-
thing but name.

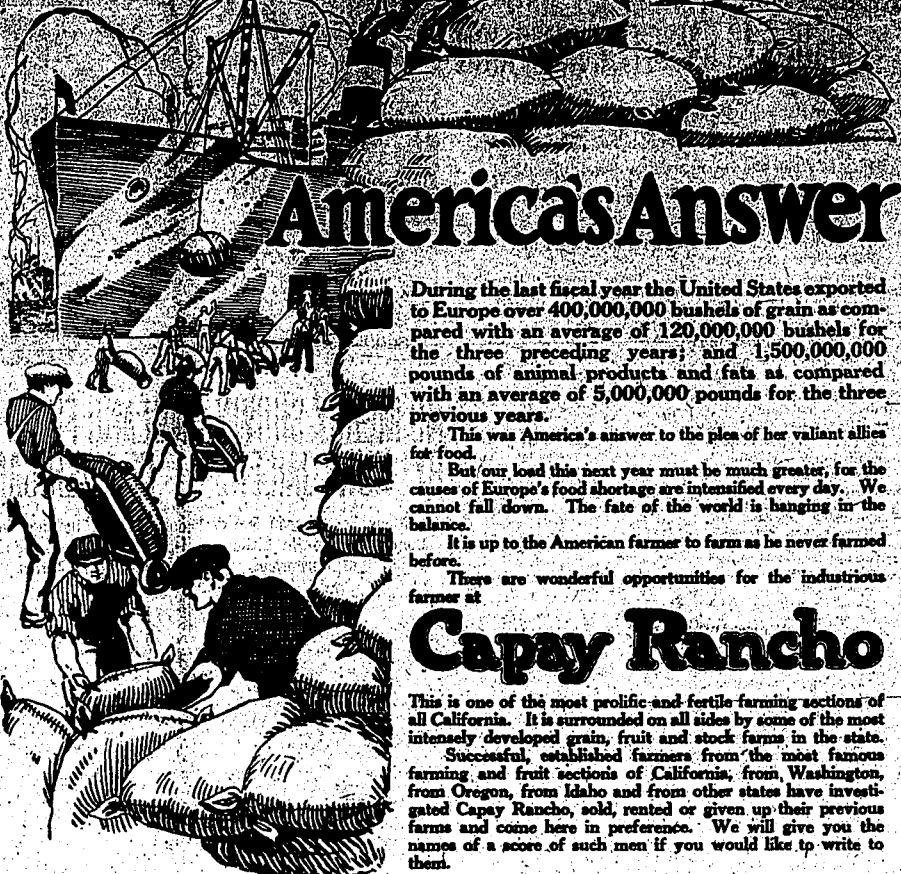

These matters will become clearer
when the troops of the dual monarchy
are behind their own boundary after
abandoning Poland, Serbia and Italy.

If a strong defensive fight can still be
made under the Hapsburg banner, the
war in southern Europe will have to be
carried well into the enemy's territory.

But if loyalty to the imperial house
has vanished with the defeat of the im-
perial armies, it will not be possible for
the empire to continue the struggle.

Some of today's classified adver-
tises are the sort of people who are al-
ways declared by their friends to be
"lucky."

During the last fiscal year the United States exported
to Europe over 400,000,000 bushels of grain as com-
pared with an average of 120,000,000 bushels for
the three preceding years; and 1,500,000,000
pounds of animal products and fats as compared
with an average of 5,000,000 pounds for the three
previous years.

This was America's answer to the plea of her valiant allies
for food.

But our load this next year must be much greater, for the
causes of Europe's food shortage are intensified every day. We
cannot fall down. The fate of the world is hanging in the
balance.

It is up to the American farmer to farm as he never farmed
before.

There are wonderful opportunities for the industrious
farmer at

Capay Rancho

This is one of the most prolific and fertile farming sections of
all California. It is surrounded on all sides by some of the most
intensely developed grain, fruit and stock farms in the state.

Successful, established farmers from the most famous
farming and fruit sections of California, from Washington,
from Oregon, from Idaho and from other states have investi-
gated Capay Rancho, sold, rented or given up their previous
farms and come here in preference. We will give you the
names of a score of such men if you would like to write to
them.

WAR ON ILLEGAL SALES OF STOCKS

Declares Violations of Federal Law are Reported, and Calls for Assistance in Bringing Offenders to Justice

Calling upon patriotic citizens to assist in bringing to justice offenders against the federal law prohibiting the sale of corporations which have not received the approval of the capital issues committee, the following statement is issued:

Complaints have been made to the committee of defense in many portions of the country that there have been sales of stocks of corporations that have not received the approval of the capital issues committee.

This is in direct violation of the federal law, approved April 10, 1918, which imposes a fine of \$100,000 or imprisonment for one year, or both, as a penalty for its violation.

Many doubtful stocks in various corporations for the development of oil fields, mining claims and other purposes are being offered to the public, which would absorb a large amount of liquid capital that should be conserved for investments in government securities or such industries as are approved by the government, and being offered to the public at the time of the war.

We, the county council of defense, request all loyal citizens to apprehend and report all violations of the act of April 10, 1918, and any other laws brought to justice.

Chairman,
Attorney,
E. J. Finner, Secretary.

SAYS CANADA IN GRIP OF INFLUENZA EPIDEMIC

Dr. E. A. Parrott Reports on Conditions in Provinces Visited

The Spanish influenza epidemic is causing heavy toll of Canada, already previously stricken in casualty lists among her fighting men overseas, according to Dr. E. A. Parrott, who returned Wednesday through northwestern provinces of the Dominion after a seven weeks' visit at the home of his cousin, Dr. L. P. Davis in Juneau, Alaska.

Passengers on the train throughout the Dominion are required to wear masks as safeguards against the malady, Dr. Parrott says. He declares that one train on which he traveled bore seven victims containing the bodies of seven victims of the disease.

The city of Lethbridge, Canada, was under quarantine so that no one was allowed to board or leave trains passing through it on the day that Dr. Parrott arrived in Calgary, intent upon visiting with friends in the city under restriction.

Heavy storms of several days' duration that wrought havoc in Juneau, prevented Dr. Parrott from carrying out his intention to bag some big game while in Alaska. He had set out on the hunting trip when the storm broke and was compelled to bring his boat into harbor and remain there until the storm had passed.

Dr. Parrott was accompanied on this trip by Mrs. Parrott and their daughter, Irene.

COURT TAKES ASSAULT CASE UNDER ADVISEMENT

Probate Judge O. P. Duvall Hears Stories of Altercation Between Hansen Neighbors

Probate Judge O. P. Duvall has taken under advisement a motion for dismissal filed by J. B. Rothwell, attorney for Mitchell John Hansen, who is charged in a complaint filed by the prosecuting attorney, with assault upon Joe Stansbury, a neighbor, with a deadly weapon. The case was tried Thursday in Judge Stansbury's court, and was adjourned to September 20 of the public highway near John's place. Stansbury was arrested on several occasions as a result of the injuries inflicted.

John pleads self defense and alleges that before he struck Stansbury with the shovel, Stansbury struck him with a piece of timber.

Stansbury, a laborer, required the assistance of an interpreter in placing his testimony before the court. John is a Syrian.

Probate Judge O. P. Duvall has taken under advisement a motion for dismissal filed by J. B. Rothwell, attorney for Mitchell John Hansen, who is charged in a complaint filed by the prosecuting attorney, with assault upon Joe Stansbury, a neighbor, with a deadly weapon.

THANKS LADY WHO GAVE INFORMATION

Leads to His Recovery—Gains 18 Pounds

"I have already gotten back about eighteen pounds of the weight I lost while sick, and now my health seems to be just perfect," said Harry V. Horlicher in his letter of appreciation to the Matthews Hotel, 324 Columbia Street, Portland, regarding the benefits he has derived from the use of Tanlac. Mr. Horlicher is a well known carpenter and is employed by the Standifer Construction Company, of Vancouver, Washington.

"On the 20th day of last March," explained Mr. Horlicher, "I was taken down with an attack of stomach poisoning—poisoning, I believe. I have they call it—stomach carried me away, and since that time, until I got Tanlac, nothing I would eat agreed with me. What little I did manage to eat would soon sour, causing gas and terrible pain and misery. I lost my appetite and sat entirely, and often just made me dreadfully sick at my stomach. My food evidently did me no good, as I felt of from one hundred and eighty pounds to one hundred and fifty. I just had to lay off from my work, as I felt too weak to do the work. The next few weeks were spent in bed, and I was unable to attempt to do anything. Just climbing up the stairs to my room would exhaust me and take all of my energy. I was constipated all the time, had headaches, and noticed that my nerves were going all to pieces, as I couldn't get a good night's sleep. Nothing did me any good, and I had become uneasy and worried about my condition.

One day while in the Owl Drug Store I happened to overhear a lady who was buying a bottle of Tanlac, and the man who was waiting on her, that she had been suffering from stomach trouble for years, and that Tanlac was the only medicine she had ever taken that did her any good. Well, she didn't know it, but just that little remark of hers sold me a bottle of Tanlac right then and there and if I only knew her name I would like to thank her for putting me onto the thing that has given me back my health and strength. My stomach feels now like it is in just as good shape as it ever was. And such an appetite as I do have! I believe I could eat five meals a day without suffering a particle afterwards. By using the Tanlac Tablets in connection with Tanlac I have been relieved of constipation, and I'm never bothered anymore with headaches. I now feel a hundred percent strong and well, and I'm starting to feel time my work and I'm starting to think Tanlac is a great medicine."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogers by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. B. Wood's Drug Co., in Borah Brothers Co., and in Kimberly by A. L. Stowe—Advertisement.

GUESTS OF PARENTS HERE

Clift, builder of a number of Twin Falls residences, who volunteered last month for induction as one qualified for special or limited service and was sent from here to Jefferson, Mo., for several weeks, received an honorable discharge from the service on account of disability, and has returned to Twin Falls.

MAKING DRILLING LIST

The local board, beginning Wednesday, is in the process of making a list of men who have failed to return their questionnaires or report for physical examinations from among the registrants of September 15, who are between the ages of 19 to 34 years of age. All registrants of this class and age are supposed to have received their questionnaires and those among them who are supposed to be reported for physical examinations. Those who have failed to return their questionnaires or report for physical examinations are advised by the local board to attend to the matter at once to avoid being listed on delinquency.

TEACHERS' VACATION PAY DEPENDS UPON CONTRACTS

State Superintendent of Schools Quotes Opinion of Attorney General in Letter

Whether or not teachers are entitled to special salaries during the vacation, consequent upon the order of the state board of health is a question to be decided in accordance with the terms of the contract in each individual instance, according to an extract from a letter of Miss L. E. Reiff, state superintendent, received by Miss Britomart Wolfe, county superintendent. Following is the quotation in respect to this matter:

"Anticipating a question that is likely to be asked by many, I am submitting an opinion of the attorney general in regard to the payment of teachers' salaries when schools are closed on account of quarantine."

"By section 58, laws of 1913, page 412, power is given the board of trustees to employ and contract with teachers. As there is no provision of the laws which has come to our attention that governs this situation the question is one of the contract entered into between the school board and the teacher and the rights of the teacher to receive pay and the liability of the school board for salary will be governed solely by the contract."

"In the absence of terms in the contract permitting the school board to suspend the salary of a teacher during quarantine it is the opinion of this department that the salary should continue throughout the period of the quarantine."

FLOODS IN TENNESSEE ENDANGER POWER DAMS

Record-Breaking October Flood Does Damage to Railways

KNOXVILLE, Tenn., Oct. 30.—With a record-breaking October flood racing down the French Broad river from Mountains in North Carolina and from the Virginia watershed, the Tennessee river had today reached a flood stage of unusual dimensions. High waters on the Little Tennessee river are endangering several concrete dams which furnish power to the big aluminum plant at Knoxville. Washouts are reported on the Clinchfield railroad on the French Broad river.
