ARMY IN PATRIOTIC MEET AT END OF WAR

Community Service in Recognition of Epoch Making Event Contrasts With Demonstration Over Premature Reports

Twin Falls' celebration Monday of the Gorman acceptance of the armistice terms—an event that is destined to rank as the greatest in the world's history—was a marked contrast to the hectic demonstration of Thursday last over the premature report of the consummation of this event. It was as the "expression" of a second thought. Whereas on the former occasion, men, women and children, with their ebullient and exuberant religious fervor, on Monday the celebration was orderly, decorous, almost solemn.

Mayor Proclamae Holman. News of the signing of the armistice terms was known generally early Monday morning, but there were no demonstrations, and no marked excitement. Business houses kept open as usual. At about 10 o'clock Mayor P. B. Frank issued a proclamation declaring that the war was over and announcing a celebration and holiday between the hours of 12 o'clock and 4 o'clock in the afternoon. Citizens were directed to secure flags, meet at the Perrine school at 1 o'clock and join in a march on foot parade headed by the Twin Falls band and ending at the court house with a patriotic program.

This announcement was published on printed handbills which were generally distributed, and printed programs of the order of events at the exercises at the court house were distributed among the crowd.

Thousands in Parade. Not less than 5,000 men, women and children assembled at the appointed place and paraded behind the band through the principal streets which had been roped off to keep out traffic during the celebration.

At the court house the band took its position near the foot of the front steps upon which stood men bearing the flags of the Allied nations—France, Britain, Belgium, Italy, Japan, and the United States—and together with members of the Dan McCook post, Grand Army of the Republic bearing their post flag, and those who were to take part in the exercises.

Minister's Take Lead. W. A. Moore, minister of the First Christian church, acted as chairman. Following the singing of the Doxology, Rev. L. B. Frank, rector of the Ascension Episcopal church, led in responsive readings. The crowd joined in singing the Coronation hymn. Rev. Asher H. Brand, pastor of the First Presbyterian church, and Judge John E. Davies, gave brief patriotic addresses. C. D. Thomas led in cheering for General Foch and General Pershing. The exercises closed with the band playing America and the Star Spangled Banner, after which Rev. C. L. Moore, pastor of the First Baptist church, pronounced a benediction.

Dance on Pavement. At about 8 o'clock in the evening the band again assembled at the intersection of Main avenue and Shoshone street and gave a concert of about two hours' duration, furnishing music for open air dancing.

SHERIFF KENDALL DENIES GIVING OUT INTOXICANTS

Declares Stories the Liquor in His Custody Was Seized by Celebrators Are False

Denying false reports that have gained some circulation here to the effect that the sheriff's office last Thursday during the celebration of the reported surrender of the German armies, released some of the liquor in its custody to persons who demanded it, Sheriff F. M. Kendall this morning stated, "There is absolutely no foundation for the report. The sheriff's office has not in the past, and will not in the future, release the liquor in its custody without proper authorization. Furthermore there is no truth in the report that the sheriff's office gave its permission to 24 hours of unwarmed liquor to be taken from the office on Thursday day with my sanction."

"As soon as I returned from Burley at about 5:30 o'clock Thursday evening, I personally exerted every effort to restore order in places where such effort seemed necessary."

HOME SERVICE SECTION GETS MESSAGES THROUGH

Red Cross Organizations Receive and Establishing Communications for Anxious Parents of Missing

In two hours' time Tuesday afternoon, while regular channels of communication remained blocked, the Red Cross Home Service section had sent and received telegrams, and from Mary Island navy yard, California, respecting the condition of Jacob C. Irwin, son of Mr. and Mrs. T. H. Irwin, who recently enlisted in the United States army and was at Mary Island suffering from a combination of influenza and pneumonia. The word received was that the crisis would not be reached for three or four days. The mother left Tuesday evening to be with her son.

SOLDIER OF BUHL KILLED IN ACTION

Otis Grieshaber Makes Supreme Sacrifice—Time at Front Was Short

Private Otis Grieshaber of Buhl, whose death in action in France October 6, is communicated in the casualty lists published today, was the son of Mrs. Kate Grieshaber, who was, officially notified November 4.

Otis Grieshaber left last June with the selective service contingent for Camp Lewis. He was there but a short time when he was sent to England for further training. From England he went to France and had been in action but a short time. He was about 36 years of age, and had lived in Buhl for about ten years where he helped to farm the D. E. Burley farm, leaving Buhl in 1917.

Says the Buhl Herald, honor and respect will be the memory held by the citizens of the Buhl country for this young man who has made the supreme sacrifice for his country, and sympathize for the mother in her loss.

DEATH MEETS THRESHER JUST AT QUITTING TIME

Hubert R. Snyder Drops Dead While Working on Farm—Where He Was Laboring

(Special to The News) BOOK CREEK—Hubert R. Snyder dropped dead at the thrasher on the Snyder farm Friday evening. Mr. Snyder had complained of not feeling well for several days and riding for cattle Thursday in the rain had not improved his condition, but he went to work Friday and by noon was feeling much better. In the afternoon, he left at the dinner table. They had just finished for the day and as he was feeding the machine he was gathering the scattered dead stalks on the ground before quitting. For a few seconds all of the men were so occupied as to be looking away from him and when they turned, he was lying on the ground dead. Every means was used to restore him but without avail. Coroner Crosby was called and took the body to Twin Falls.

Hubert R. Snyder, better known as "Doc" Snyder came here nine years ago at the time when Don Bryan was attempting to use water from Rock Creek for irrigating the land above the high line. He took up a small place in the canyon, where he has lived alone since that time. From almost nothing he has built up a neat little home, secured a few head of stock and was just getting a nice start toward an independent old age. Snyder was forty-seven years old and unmarried.

Mr. and Mrs. Will J. Austin are the proud parents of a baby boy which arrived at their home Wednesday night. Mr. and Mrs. L. P. Larsen moved into their new home Thursday.

The news that the war had ended was brought in here Thursday and created a small stir, but so many unconfirmed rumors have been circulated that the people are rather doubtful when such a report reaches them.

WILLIAM EBELING

William Ebeling, aged 17 years and 10 months, only son of Mr. and Mrs. Albert Ebeling, died Saturday afternoon at the farm home on Elm Lake boulevard, following ten days illness from pneumonia following influenza. Funeral services, conducted by Rev. L. B. Frank, rector of the Ascension Episcopal church, will be held in the open air at the family home at 2:30 o'clock Tuesday afternoon.

FLU CASES IN FUTURE TO BE QUARANTINED

County Board of Health Adopts Suggestions of Councilman A. L. Swim as a Precaution Against Spread of Epidemic

Under regulations approved Monday by the county board of health, all the buildings housing influenza cases will be quarantined. The quarantine is to apply only to persons actually victims of the disease and not to attendants or other members of the family. Special police officers are to be designated in each city or town within the county to enforce the regulations.

The regulations adopted by the county board were prepared and submitted by Councilman Arthur L. Swim, chairman of the Twin Falls city board of health. The city has agreed to cooperate with the county in the enforcement of these regulations as a precaution against the spread of the influenza epidemic.

Following are the new regulations: The county board of health proposes: That public meetings, religious, political or otherwise, be deferred for the present; and that congregating and loafing in public places be discontinued.

That all telephone instruments in public places be fumigated or disinfected daily.

That all hotels, restaurants and soda fountains observe strictly the regulations providing for disinfecting dishes, spoons and other utensils in boiling water after each use.

That barbers discontinue razors, brushes and towels, no such apparatus to be used twice in succession without disinfecting.

That the use of cigar trimmers in public places be discontinued.

That all buildings housing influenza cases be placarded.

That all influenza cases be quarantined. This need not apply to the attendants or members of the family, but only to those actually having the disease.

That the mayor of each city or town designate one or more police officers especially to enforce health regulations.

C. D. WEAVER, County Health Officer. Approved November 11, 1918. O. E. CARLSON, Chairman County Board of Health.

ANOTHER BUHL MAN FALLS IN ACTION OVER THERE

Word of Death of William Kendrick in Cause of Humanity Is Received by His Mother

(Special to The News)

BUHL—William Kendrick of Buhl was killed in action in France, October 3, according to word received Friday by his mother, Mrs. S. E. Kendrick. He lived in Buhl for several years and leaves behind his parents, three brothers, one of whom is in the military service, and two sisters. The Buhl community extends its sincere sympathy to the bereaved family.

Mr. B. Bowley, a former resident of Buhl, arrived here from Canada, where he has been for a few years, having purchased a farm there. He expects to visit in Buhl for several weeks before returning to his home.

Lloyd Mills and Bud Woodward returned Thursday from Hailley, where they have been for several weeks on a hunting trip.

Webb Hubbell returned from Pocatello this week, where he went to take examination for officers' training school.

Mrs. Jess Eastman and children left Thursday for a visit with her parents in Illinois.

A baby girl arrived last Monday at the Earl Hopkins home. She was born at the place this week prior to leaving for war zone.

Mr. Fred Bacon returned to Burley Saturday after visiting with friends in Buhl for several days.

Reverend Mr. Crawford expects to leave Buhl in a few weeks to accept a position either in California or Oregon, having been offered a position in both places.

GOVERNMENT TO AID IN FARM BUREAU CAMPAIGN

State Agency Will Develop Interest in a National Agricultural War Program

In the last monthly review of Farm Bureau (State of Idaho) County Agent Leader H. W. Hootburn has the following to say concerning the state-wide Farm Bureau campaign: "It is planned to conduct a state-wide campaign for the reorganization of every farm bureau in Idaho immediately after Thanksgiving and closing not later than December 1st. This campaign will be given state-wide publicity and workers outside of the extension force will be enlisted to carry the farm bureau message throughout the state. The United States government will at the same time conduct a nation-wide campaign to develop interest in a national agricultural war program."

"The state-wide campaign will center about the reorganization of the county programs of work. As a result, the farm bureau should develop state agricultural war programs and the people as a whole in the state of Idaho should know more fully what farm bureau means. It is expected, furthermore, that the organization throughout the state will be strengthened by the addition of at least five thousand new members."

MAKE WORK EASIER
Twin Falls People Are Planned to Learn How It Has Been Done. It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills have made work easier.

Do thousands have gratefully testified.

They're for bad backs. They're for weak kidneys. Twin Falls people gratefully recommend Doan's.

Ray McMichael, carpenter, 225 Madison Ave., Twin Falls, says: "I have had attacks of kidney trouble when my back has ached and sharp pains have started through it until I could hardly do my work. At four times the kidney secretions would pass much too often and were highly colored. Every time I have been that way I have used Doan's Kidney Pills and in just a short time, they have strengthened my kidneys and cured me of the trouble."

WHAT MANY AGREES TO BY SIGNING UP

Terms of Armistice as Granted
By Generalissimo Foch to
Plenipotentiaries of the German
Empire

(Continued from page one)

"Six battle cruisers, ten battleships, eight light cruisers, including two mine layers, fifty destroyers of the most modern type.

"All other surface warships (including river craft) are to be concentrated in German naval bases to be designated by the Allies and the United States of America and are to be paid off and completely dismantled under the supervision of the Allied and United States plenipotentiaries. All crews of the auxiliary fleet, (trawlers, motor vessels, etc.) are to be disbanded.

Sweep All Mine Fields

"24—The Allies and the United States of America shall have the right to sweep up all mine fields and obstructions laid by Germany outside German territorial waters and the positions of these are to be indicated.

"25—Freedom of access to and from the Baltic to be given to the Allies and the United States of America and associated powers.

To secure this the Allies and the United States of America shall be empowered to occupy all German forts, fortifications, batteries and mine fields and all lines of communication from the Baltic into the Baltic, and to sweep up all mines and obstructions within and without German territorial waters without any question of neutrality to be raised and the positions of all such mines and obstructions are to be indicated.

Blockade Unchanged

"26—The existing blockade conditions set up by the Allies and associated powers are to remain unchanged and all German merchant ships found at sea are to remain liable to capture.

"27—All naval aircraft are to be concentrated and immobilized in German bases to be specified by the Allies and the United States of America.

"28—In evacuating the Belgian coast and ports, Germany shall abandon all merchantships, tugs, lighters, cranes and other harbor materials, all materials for inland navigation, all aircraft and all materials, and stores, arms and armaments and all stores and apparatus of all kinds.

Give Up German Fleet

"29—All neutral merchant vessels seized are to be released; all warlike and other materials of all kinds seized in those ports are to be returned and German materials as specified in clause 28 are to be abandoned.

"30—All merchant vessels in German hands, belonging to the allied and associated powers are to be restored in ports to be specified by the allies and the United States of America without reciprocity.

"31—No destruction of ships or of materials to be permitted before evacuation, surrender or restoration.

"32—The German government shall formally notify the neutral governments of the world and particularly the governments of Norway, Sweden, Denmark and Holland, that all restrictions placed on the trading of their vessels with the allies and associated countries whether by the German government or by private German interests, and whether in return for specific concessions such as the export of ship-building materials or not, are immediately cancelled.

No Transfers Allowed

"33—No transfers of German merchant shipping of any description to any neutral flag are to take place after adoption of the armistice.

Duration of Armistice

"34—Duration of the armistice is to be 30 days with option to extend. During this period, on failure of execution of any of the above clauses, the armistice may be denounced by one of the contracting parties, on 48 hours previous notice.

Time Limit for Reply

"35—This armistice to be accepted or refused by Germany within 72 hours of notification.

Impossible to Repeal

"The war thus comes to an end, for having accepted these terms of armistice, it will be impossible for the German command to renew," the president said.

"It is not possible yet to assess the consequences of this great armistice. We know only that this tragedy, whose consuming flames swept from one nation to another until all the world was on fire, is at an end and that it was the privilege of our own people to bring it to a close."

HOLLISTER MOVES TO REOPEN HIS SCHOOLS

Alfred, Idaho, Tuesday, November 22, 1918.
Hollister, Idaho, Tuesday, November 22, 1918.

(Special to The News)

HOLLISTER—As practically all our school children have had the influenza without a fatality, the school board decided to open school again. This country superintendent said the board of health would not allow it as present.

The Salmon River store passed into the management of Mr. Barrow today. B. B. Carver is retiring to farm the coming year, at least.

Mr. and Mrs. H. C. Weaver of Buhl were in town Sunday visiting with relatives a few hours. Mr. Weaver remarks the good crops the Salmon tract is producing, but of course they are high, compared to the Buhl crops.

Mr. and Mrs. Dudley have moved to the Coffman ranch, south of town and will farm it the coming year. Miss Jennie is clerking at the Salmon River store at present.

The farmers of Amsterdam are loading a car load of alfalfa and clover seed for Chicago. Alfalfa seed growers realized from \$35.00 to \$35.00 per acre from their seed this year, making an average of about \$35.00.

Mr. Williams of Twin Falls arrived today to do some plastering for Mr. Jewett, who is putting an addition to his home, four miles east and south.

all deeply proud to the great result.

Object Fully Attained

"We know, too, that the object of the war is attained; the object upon which all free men had set their hearts, and attained with a sweeping completeness which even now we do not realize. Armed imperialism such as the men conceived who were but yesterday the masters of Germany is at an end, its illicit ambitions engulfed in black disaster. Who will now seek to revive it?

"The arbitrary power of the military caste of Germany which once could secretly and of its own single choice disturb the peace of the world is that, much more than that, has been accomplished. The great nations which associated themselves to destroy it have now definitely united in the common purpose to set up such a power as will satisfy the longing of the whole world for disinterested justice, embodied in settlements, which are based upon something much better and much more lasting than the selfish competitive interests of powerful states. There is no longer conjecture as to the objects the victors have in mind. They have a mind in the matter, not only, but a heart also. Their avowed and concerted purpose is to satisfy and protect the weak as well as to accord their rights to the strong."

Mrs. Bennett Had
Suffered 18 Years

Was in Bad Weeks at a Time Unable to Move—Now Does Own Household

"For the past eighteen years my wife was a sufferer from rheumatism in one of its worst forms," said William Bennett, who is employed by one of the large saw mills at Redmond, Wash., recently.

"Whenever these attacks came on," he continued, "she would get so weak and crippled up, that she would have to take to her bed, where she would lie for two or three weeks; a time, suffering untold agonies and unable to move. Her left foot was drawn up and twisted so with pain that she seemed to be permanently crippled, and one finger on her left hand was drawn all out of shape so it was useless to her. Her stomach, too, was all out of order, she had no appetite, and although she was just as careful as she could be about her dieting, her food would sour on her stomach and cause her great distress afterwards. Her nervous system seemed to be shattered, and her rest was broken at night that she could hardly sleep. Her arms and throat appeared to be withered, the skin split and flabby, and she was just about as miserable as anybody ever gets to be. For years she had been too weak and ailing to do any of her housework and what time she wasn't in bed she was barely able to get around."

"I consulted specialists about her case but they could give me no hope, and I took her to one of the most celebrated health resorts in the country, hoping she would be benefited through drinking the water, but it seemed to do her no good. Then she tried all kinds of medicines, but not till she started taking Tanlac did she find any relief whatever. After taking a few bottles of this wonderful medicine we are prepared to say that Tanlac is the only thing we have any faith in. Her last attack of rheumatism was all of two months ago, and she hasn't had a twinge since. Her twisted foot is getting back into its normal position, and that bent finger is getting straight."

PEACE CELEBRATION AT HOLLISTER IS LIMITED

Alfred, Idaho, Tuesday, November 22, 1918.
Hollister, Idaho, Tuesday, November 22, 1918.

(Special to The News)

HOLLISTER—Hollister's peace celebration Thursday was very limited; it has been a struggle case, and felt that the official announcement would do very well for us. However, quite a number of autos joined the Twin Falls and Buhl busses and headed for Nevada.

Miss Verna McKinnis has been seriously ill with peritonitis, but is some better today.

The Salmon River store is installing a fresh meat department. Mr. Treloose is doing the butchering.

Mrs. E. E. Lawrence was a Twin Falls visitor Thursday and Friday.

Wheat cars still are very scarce. The demand for hay is increasing, but the price is hardly up to expectations yet. Carver and Butcher are shipping some hay this week.

Miss Manney, of the high school force, was a business visitor to the county seat Thursday.

Political friends of Judge Morehouse are congratulating him on the large vote he polled for Probate Judge. With different political alignment, two years hence, he would probably be elected by good majority.

Mrs. Strickland, who has been seriously ill for the past week, is reported some better.

Mrs. W. H. Craven left for Long Beach, Calif., Wednesday, to spend the winter. Her departure was hastened by the serious illness of her daughter, Margaret, who is attending school there.

Harry Green, from Berger, was in our city today, Friday. He leaves for "Old Missouri" Monday, to spend the winter.

Letters have been received from Fred Dudley that he has been transferred from California to Camp Mills, N. Y.

Frank Craven, having recovered from pneumonia, is expected home today from Texas.

The price argument, in selling merchandise, has not lost its force. You'll find it in the ad now, as always.

and supple like the others. Her stomach is in such splendid condition that she can eat anything she wants without suffering any bad effects afterwards, or arms and neck are filling out, and are plump and firm, and she sleeps like a child every night. She is now able to do all her housework, and she is in better condition than she has been in many years."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Filer by A. B. Wood, in Buhl by C. D. Boring Brothers Co., and in Kimberly by A. P. Stone. (Advertisement.)

WHO BOYS AND GIRLS FOR WAR WORK FUND

Future Citizenship of County
Is Recruited Into Organizations
With Purpose of Supplying
Cheer and Comfort

The future citizenship of Twin Falls county is being recruited into organizations known as the Victory Boys and the Victory Girls, which have for their common purpose the raising of subscriptions for the United War Work fund.

Each member signs an official pledge which he agrees, that the money subscribed by him shall be saved or will be paid from money which has been saved and it is understood that money will not be solicited from others as gifts in payment of this pledge.

Each member of the Victory Boys receives a blue button, and each member of the Victory Girls, a red button.

Miss Britton-Wolf, county superintendent, has sent out supplies of both pledges and buttons to every school district in the county. She anticipates a handsome contribution from the future citizens as a result of this campaign in this county.

Initiation of Membership
A boy enrolls in the Victory Boys as one of "a million boys behind a million fighters," or a girl will enroll in the Victory Girls under the slogan, "Every girl pulling for victory," by pledging to earn and give a stated sum toward the United War Work Campaign fund.

A special victory button and a victory banner to be hung in the home window are given when the subscription pledge is made. When the payment is fully made a certificate receipt is given.

Honors will be awarded to schools of places of employment where 12 or more boys or girls enroll, provided the number enrolled is 100 per cent of the goal assigned.

ARE GUESTS AT LONG BEACH
Mrs. May L. Mickelwait and sons, Dean and Lowell, of Twin Falls, are guests of Mr. and Mrs. Ben J. Stewart at Long Beach, California. They expect to pass the colder months at this famous beach resort.

SIGNAL HONOR COMES TO LOCAL G. A. R. VETERAN

W. W. Humphrey is Appointed
Aid-De-Camp on Staff of
Commander-in-Chief of Na-
tional Organization

Signal distinction has been conferred upon William W. Humphrey, commander of Dan McCook post, Grand Army of the Republic, Twin Falls, who has been designated by Clarence Adams of Omaha, commander in chief of the national G. A. R. organization, as aid-de-camp on his staff. The appointment carries with it the honorary rank of colonel.

Come as a Surprise

Always an active member of the Grand Army, Mr. Humphrey had never aspired to so high a position; in fact he was surprised some days ago to receive the word that he had been selected for this position. It was a matter of keen regret to Mr. Humphrey that he was unable to attend the last national encampment at Portland, at which the new commander on whose staff he is to serve was elected. It was the first encampment Mr. Humphrey had failed to attend in the history of the organization. His absence on this occasion was a result of the illness of his brother in New York, who later died.

The appointment assured to Mr. Humphrey a prominent position in the next annual encampment to be held in Columbus, Ohio. "You may say for me that I will be there," he said today.

Gets Badge of Office

On Wednesday Mr. Humphrey received the badge of his office, and a communication stating that the commission designated him to fill the position to which he has been appointed will follow in a few days.

The badge consists of a large bronze G. A. R. emblem suspended from a representation of a colonel's shoulder strap by an American flag against a background of yellow ribbon.

His Service Record

Mr. Humphrey served throughout the civil war as a member of the Army of the Potomac. He enlisted at the age of 19, and while serving as a dispatch carrier, for his uncle, General A. A. Humphrey, commanding the second corps of that army, was shot through the right arm at the first battle of Bull Run.

His discharge banded to him at this time read that he was unfit for enlistment in the veteran's reserve corps, but he persisted in his purpose to re-enter the service; was successful and served until the discharge for the second time as color bearer of the 128th regiment of New York volunteers.

Was Often Wounded

He was shot three times through the body after his enlistment. He claims the distinction of being the only soldier who never bore arms who was most frequently wounded in action and survived.

Mr. Humphrey is one of the pioneers of the Twin Falls country and has taken on a prominent part in plans for the development of its several irrigation enterprises.

HEAD OF KRUPP WORKS IS WITH THE KAISER

Even Modesty Is Expensive

War conditions, working on the characteristics of woman, has done more toward the return to the really modest evening gown than any decree ever issued by fashion maker or moral agent. The new gowns for the winter season show higher necks and sleeves. Shortage of materials and almost prohibitive prices mean nothing to woman. Those conditions only work to exclusiveness—so women will have it. Here are three new models, each better than the last for the body of the garment with frills and trimmings of filmy chenille, velvet, lace and fur. Each garment explains itself to the woman.

Because of all these elements working in correlation and union, Swift & Company is able to supply more and better meat to more people than would have been possible otherwise, at a net profit per pound of meat so low (a fraction of a cent) that the consumer price is practically unaffected.

Strip away any portion of this vast, smooth-running human machine, and you make a large part of the meat supply uncertain, lose the benefit of half a century of fruitful experience, and scatter the intelligent energies of men who have devoted a life work toward meeting the needs of a nation in one vital field.

THEY ARE OUT MODIFYING BUILDING ORDER

Limit is Raised on City Construction and Farm Buildings or Irrigation Works May Be Built Regardless of Cost

(Special to The News)
BOISE, Nov. 14.—The state council of defense is in receipt of the new rules and regulations for the letting of building permits, which have been considerably modified. In effect the modification provides no permit will be required for farm buildings or irrigation or drainage works regardless of cost or for city buildings not exceeding \$10,000 or school houses or churches not exceeding \$25,000. City buildings between \$10,000 and \$25,000 must be approved by the state council, and in excess of these sums, the procedure will be as before.

The new rules provide in addition, among other things, that no license or permits shall be required for the construction, improvement or development by federal, state or municipal authorities of highways, roads, boulevards, bridges, streets, parks or playgrounds, or the construction, extension, improvement, maintenance or repair of any public utility including water supply systems, drainage, light and power, or railroads, and street and interurban railroads, the development of mines or the building of plants engaged principally in manufacturing, mining, processing, refrigerating or storing foods or feeds.

The merchant who has a price increase may be in a position to increase your selling power. Why not advertise for a better position?

INCREASING OVER COUNTY

Stricter and More Stringent Regulations May Be Necessary in Order to Successfully Combat Influenza

The result of an investigation made yesterday afternoon by members of the board of county commissioners and the county board of health, into the status of the influenza epidemic here, Chairman O. E. Carlson said this morning that the epidemic unquestionably was increasing in this county and that it is likely that more stringent regulations, such as the prohibition of all public gatherings, either indoors or out of doors, will have to be made and enforced.

Reported New Cases

City Clerk W. A. Minick Wednesday reported to the state board of health that there were diagnosed in the city of Twin Falls Tuesday and Wednesday 40 new cases of influenza, and that there were 43 new cases in the county reported Tuesday.

No Nurses to Spare

The emergency annex to the county general hospital where influenza patients are received, is filled to the limit of its capacity, and the county commissioners are called upon hourly for nurses to be sent to the home of new sufferers. It will be impossible for this county to spare any of its trained or practical nurses to other communities, stricken by the epidemic. Mr. Carlson stated this morning that out of between 50 and 60 influenza patients who have been received at the emergency annex to the county general hospital, there have been only two fatalities.

WASHINGTON, Nov. 14.—A Handley-Page bomber plane arrived in England yesterday afternoon from Mexico, N. Y. It covered the 230 miles in a record flying time of three hours and 30 minutes. One landing and one take-off were made.

CHANGES IN STATUS OF FORD MOTOR WORKS

Great Plant Still Working on Overhaul

DETROIT, Mich., Nov. 14.—No indication has been received by Henry Ford as to when the war department will cancel its contracts for war work with his company, and allow the resumption of automobile manufacturing, according to a statement issued from the Ford Motor Company today.

At the present time all plants are engaged in one hundred per cent government work. They are turning out motor trucks, ambulances, U-bolts, chains and munitions in general. It was stated there was sufficient work on hand to keep all plants running indefinitely. It was also stated no raise in the price of Ford cars is contemplated when their manufacture is resumed.

SHOSHONE MAN NEW OWNER OF THE ROGERSON

Joseph Keefe, President of Twin Falls National Bank, Buys Location for New Institution

The Rogerson hotel building at the corner of Main avenue and Second street, built in 1908 and 1909 by Robert Rogerson, pioneer southern Idaho sheep man, was sold Wednesday to Joseph Keefe, of Shoshone, president of the Twin Falls National Bank, recently organized with a capital stock of \$100,000. The consideration was not given out, but personal families with the value of the property, say it could not have been less than \$115,000.

Buy for Bank Home

The building was purchased with the primary purpose of affording a home for the new bank. It was necessary for the promoters to buy not only the hotel and cafe, but also a drug stock owned by J. M. Mahan in the rooms at the corner of building held by him under a lease of several years' term. The rooms now occupied by the drug store will be occupied by the bank. John Wiser, a local architect, was called in consultation with the new owner of the Rogerson this morning to prepare plans for remodeling these rooms for the purpose of the bank.

What disposition is to be made of the drug stock, or under what management the hotel and cafe will be, is not known in the future, are problems yet to be worked out by the new owner.

Personal of Bank Owners

Mr. Keefe, president of the new bank, is heavily interested in banking institutions in Salt Lake, Shoshone and Jerome. His son, Norman Keefe, who has been with him since he was a boy, is the communication of the transfer of the Rogerson property, is to be assisted as cashier of the new institution. Gilbert J. White, president of the Jerome National bank, is to be cashier, and the bank's associate cashier is P. O. B. Thune, vice-president, Conrad Magui and J. A. Johnston. The last three named are residents of Twin Falls.

CHICAGO, Nov. 14.—With new regulations issued as to the use of substitutes for flour, trading in grain futures on the Chicago board of trade was very dull today. The prices remained steady with slightly declining tendencies. Provisions were steady in tone.

You get more than clothes here

WHEN you come to us and buy a suit or overcoat—or anything else to wear—you get a good deal more than clothes; but you don't pay anything for this 'more,' tho it's almost as important—maybe more important than the clothes.

The part you don't pay for—the 'more'—is a positive assurance of your satisfaction, guaranteed, or your money back.

We're really not taking much of a chance in such a guaranty; the clothes take all the risk. When you see

Hart Schaffner & Marx

name in a garment you needn't have any anxiety about the quality or the service you're getting. You'll be satisfied; and if by any chance anything goes wrong, we'll make it right in any way you say.

Specialty good overcoat values

We have them; in box overcoats like you see in the picture; in Chesterfields, ulsters, slip-ons and military models—also fur lined and fur collar overcoats. We'll be glad to show you.
