Social Notes

New Year's eve, was celebrated in Twin Falls with numerous dinner parties at the Perrins and Rogerson hotels, where music and dancing held sway, a ball at the Elks hall and dancing in the Laving and Cottillon halls where large crowds of merry-makers celebrated the closing of the old year and the birth of the new. The moving picture theaters were also filled with pleasure seekers.

Miss Esther Taylor and Arthur H. Frank were married New Year's eve, December 31 at the home of the bride's parents, Mr. and Mrs. W. J. Taylor, the Rev. Ephraim S. Kayer officiating. The bride wore a handsome gown of tulle silk. Only relatives and close friends were present. After the ceremony a delicious wedding dinner was served, covers being laid for forty. Mr. and Mrs. Frank will make their home at the Rogerson Annex.

The Blue Lakes Boulevard club held its annual family holiday party Tuesday evening in the auditorium of the Washington school, at which about twenty club members and their families were delightfully entertained. The hall was beautifully decorated for the occasion with Christmas greens, with two tiny Christmas trees, and a large tree. After a social hour, a guessing contest was held at which several guests won prizes for their skill in guessing. The program in charge of Mrs. William Rowland contained several entertaining numbers, among which were readings by Margaret Smith, Augusta Pickett and Elaine Jordan. Vocal and instrumental solos by Mrs. Carlisle Pickett, Miss Zora Waters and Mrs. Fred Cooper. The children were pleased recipients of carousels filled with candies and nuts from Santa Claus on his visit. After a delicious luncheon a few remaining cakes were sold at auction, enough money to enable the club to pay for a bureau for the matrons room, which they are endeavoring to furnish in the children's home at Boise.

Announcements have been received here of the marriage of First Lieutenant David A. Bissett and Miss Rose Utter which took place December 24 at Newark, New Jersey. Lieutenant Bissett, son of Mr. and Mrs. A. B. Bissett formerly of Twin Falls, graduated from the Twin Falls high school and served with the Mexican border guard unit on the Mexican border. He was a commissioned aviator soon after the United States entered the world war and served with distinction until its close when he entered the regular army.

Complimentary to their husbands, members of the Pricilla club entertained Wednesday evening at dinner at the home of Mr. and Mrs. William Bissett, preceded by a theatre party. Covers were laid for fourteen, a huge red candle on a holly crowned mirror flanked by kerchiefs, forming the centerpiece. Holiday decorations were used with effect throughout the home. A Christmas tree bearing gifts for each guest was a feature of the occasion. The inter evening was spent with music and games. The guests were Mr. and Mrs. Emmett E. Ashbury, Mr. and Mrs. H. C. Dickerson, Mr. and Mrs. W. F. Farris, Mr. and Mrs. John C. Harvey, Mr. and Mrs. Frank Howman, Mr. and Mrs. E. W. Larson, Mr. and Mrs. Will Patrick. The host was assisted by Mrs. McCormick of Burley, and Miss Margaret Farris.

The members of the Shamrock club delightfully entertained their families at a beautifully appointed New Year's dinner at the home of Mrs. J. F. Corbin yesterday afternoon. A clever program was given under the direction of Mrs. McCoy and Miss Viola Stillman, which consisted of several vocal and instrumental solos, and two unique contests of which the Misses Pauline Griffith and Elsie Stillman were winners. There were twenty guests present. The next meeting will be held at the home of Mrs. J. R. Neer, January 15.

Mrs. Asher B. Wilson entertained at a 5 o'clock dinner Tuesday evening, comprising Alice and Bobbie Craven, who were spending the week in Twin Falls at the home of their aunt, Mrs. Homer W. Craven. The table was decorated with red and white carnations and red candles. After dinner

125 guests were taken in the moving picture theater. Those present were Alice Craven, James Maxwell, Beth Bowen, Margery Woods, Patricia Wilkins, and Mrs. J. R. Neer, Leavitt Craven, Bob Nixon and Roy Read, Jr.

Miss Margaret Gouney of Elletts and her husband, Miss Anita Sinden of California and Juana Shinn of Elletts, attended the New Year's celebration at the Hotel Rogerson.

Mrs. Robert S. Lewis entertained at dinner at the Hotel Perrins last evening in honor of Mr. Lewis' birthday. Red and white carnations in a crystal vase formed an attractive centerpiece for the table. Those who enjoyed this delightful affair were Mr. and Mrs. R. B. King, Mr. and Mrs. Taylor Cummings, Mr. and Mrs. J. B. McLean, Mary and Richard King and Reynolds Law.

Mr. and Mrs. George Esley entertained the following guests at dinner at the Hotel Perrins New Year's eve: Mr. and Mrs. E. J. Ostrander, Mr. and Mrs. E. B. Williams, Miss Beatrice Ostrander and Eugene Ostrander. The remainder of the evening was spent at the Elks' hall.

WIFE OF RUSSIAN SOVIET LEADER TAKEN IN CUBODY

BUFFALO, N. Y., (AP)—Dr. Anna Reinstein, wife of Boris Reinstein, at one time reported to be a member of the Leninist Trotsky cabinet, and said to be in charge of propaganda in foreign countries, was arrested here Wednesday by officers acting under direction of the Lake investigating committee. After being questioned by District Attorney Moore she was taken to the county jail.

Boris Reinstein left here about two years ago. The state department refused him a passport, but he succeeded in reaching Germany and attended the international conference of socialists held at Stockholm. He was next reported to be a member of the Bolshevik cabinet.

Mrs. Reinstein, who is a physician, continued the practice of her profession here after her husband's departure.

SOME THINGS YOU OUGHT TO KNOW

Why the Man Who Does Not Advertise is Apt to Wake Up in the Morning Some Fine Day and Find the Sheriff Doing It for Him—The One Royal Road to Successful Business

Advertising is not a mystery any more than successfully merchandising a law, government, blacksmith and farming are mysteries. It is the close application of common sense, it is built and based upon confidence. It is every business transaction—every action, relation, civilization, life itself. Keep that thought in mind.

The greatest success we know of advertising success. More money is made through this medium than any other. The business man who fails to advertise and appreciate this truth is to say the least, unfortunate. He is willfully passing away money. Any business man who does not advertise is like a miser who hoards his money and refuses to spend it. He is like a miser who hoards his money and refuses to spend it.

TIRED Knowledge plus enthusiasm plus advertising, equals prosperity. This means money. Advertising saves time. Your advertisement in the newspaper has greater weight than what you say personally because it has the additional weight of the newspaper's recommendation which combines in giving the buying public confidence in you and your merchandise.

Do you wish to increase your business? We'll give you the answer. We'll tell you how to do it. Increase your advertising, and watch it grow. What? Do you doubt our statement? Ask some of the biggest concerns in the world. They'll tell you we speak the truth. Think about this, and ask yourself every day of the week if you are advertising enough. May we not come in contact with you to help solve some of your advertising problems? Call on us—let us talk it over with you. We know a whole lot that will be of great value to you.

NO DECLINE IN MEAT PRICES IS EXPECTED

Official Statements Say Cattle, Hog and Sheep Prices Will Be Maintained

With a sustained heavy demand for beef throughout the country the price of cattle is expected to continue at the present level, according to announcements made in an official bulletin received at the office of the Twin Falls County Farm Bureau.

Demand for beef, the bulletin says, is very good. There is an apparent dearth of prime and choice cattle, and exports are not expected to bring the usual premium over other grades.

As to the hog outlook, the bulletin remains unchanged. "No pork is being exported now and cannot be until the rate of exchange is adjusted. Backed by growing public confidence, the porker has come to realize that the price is not likely to fall. But with a heavy run of hogs anticipated there can be little hope for a rise in prices for some time to come.

As to the sheep market, the bulletin says, there should be a continued good demand up to Easter, especially for the well finished hams. The price is expected to maintain present levels, and there will continue to bring the usual premium over other grades.

Other Media Secondary

We are all aware that there are numerous avenues through which the public can be reached, billboards, street cars, department stores, newspapers, etc. But in the opinion of the merchant prince of the world these and all other modes of advertising are secondary to newspaper advertising. There are many men in business who fail to take newspaper advertising seriously, to the extent of employing it to promote their enterprise. They refuse to be convinced. They lose out eventually. You know of many of them in the past few years who have gone into the discard as a result of their failure to advertise.

CORPORATION FOSTERS OWNERSHIP OF HOMES

Arizona Concern Undertakes Building of Residences on Easy Terms

DOUGLAS, Ariz., (P)—The Phelps-Dodge corporation is endeavoring to make permanent the home life of Warren, a mining community near here, by enabling its employees to own their own homes.

The first step in this direction was the purchase of the holdings of the Warren Realty and Development company. This was one year ago. Together with the Chamber and Arizona Mining company, the Phelps-Dodge people added to the townsite of Warren, acquired a two-thirds interest in the Warren company, which controls and operates the Warren-Bisbee railway and the Warren townsite and thus threw open the properties to purchase by employees.

In the first week, 256 applications were received. The company undertook to build homes, loaning the money to the employees at 6 per cent interest to be paid back in 100 monthly installments.

The employees were given the benefit of the company's architectural department in drawing plans for their homes. No charge was made for the land, the only cost to the purchaser being for water and sewer and actual building operations.

As a result, Warren now boasts of a community in which more than 80 per cent of the inhabitants own their own homes.

Forty residences have been completed and occupied in the first year of operation.

A "seedy-looking" man may be an excellent man, of fine standing among those who really know him—but the casual acquaintance will not believe it. Appearance counts for much—in dress and in PRINTING. A poor piece of printing has minus-value all its own. It knocks, silently, condemnations.

CENSUS TAKING IMPORTANT TASK

Enumerators Charged with the Necessity of Collecting Every Detail Item

The men and women appointed to serve as enumerators of the Fourteenth Decennial Census are charged by law with the collection of all facts necessary to fill out properly the printed census schedules which each enumerator will carry when making the house-to-house canvass of the territory assigned to him. Each enumerator must visit personally each house in his district and make his inquiries of the head of some other member of the family who is competent to answer the census questions.

The act of congress providing for the census gives each enumerator the right to enter every dwelling in his district for the purpose of obtaining the information required. Enumerators will carry with them all the necessary identification cards and also their written commissions from the government, which they will show whenever requested to do so. They are instructed to be always courteous and considerate, but in those rare instances where information necessary to fill out the question is denied them, they are empowered by law to insist on correct answers. Fines are legal penalties for refusing to answer the census questions or willfully giving answers that are false.

Each enumerator is prohibited by law from publishing or communicating any information obtained through the census regarding any individual or his affairs. This obligation to secrecy likewise applies to all persons connected with the census. After the schedules are all filled out they are sealed up and sent to Washington, where the information is tabulated by means of machinery, names being discarded entirely. No person, therefore, need fear that his personal affairs will be disclosed or that the information given will be used to harm him in any way. It is expected that the work of enumerating urban districts will be completed in two weeks and of rural districts in one month, except where severe weather makes it necessary to postpone activities.

The following enumerators have been appointed for Twin Falls county:

- Dist. No. 226—George L. Eveleth.
- Dist. No. 237—Ralph W. Torgue.
- Dist. No. 238—Samuel C. Orr.

TELLS OF PLANS FOR PROPAGATION OF GAME

A. B. Hult Addresses Twin Falls Men on Question of Increasing Wild Life

Pointing out possibilities for profit in the private propagation of game birds and fur-bearing animals and the fact that existing state laws discourage this industry, A. B. Hult, general manager of the Idaho Game Breeders' association, Wednesday afternoon addressed a meeting of citizens convened under auspices of the Twin Falls Chamber of Commerce in the Elks' dining room.

As a result of this meeting a committee, with W. R. Priebe named chairman, was selected to make a canvass of Twin Falls for the purpose of forming an association to further the plans outlined by Mr. Hult.

"If you will devote an acre of waste land to the propagation of any fur-bearing animal," Mr. Hult said, "I will guarantee that acre will produce more profit than another acre on which any crop you choose may be raised."

Indicating the deterrent effect of state laws on private breeding of wild life, Mr. Hult cited the instance of a state official who undertook to breed pheasants for his own use. It was brought to his attention that a state license was required for this enterprise and further that under the terms of this license the state was given authority to demand the incase of the licensed birds at a specified price.

ASHTON COUNTRY HAS 42 INCHES OF SNOW

John E. Ault Tells of Impassable Roads Above Moscow—Sees Industrial Wards

The country around Ashton is covered with three and a half feet of snow. Roads are badly drifted and impassable. There appears to be an immense amount of snow in the hills above Ashton.

This information is brought by John E. Ault, Twin Falls county juvenile officer, who returned yesterday from St. Anthony, where he delivered two boys from this district to the custody of the state industrial institution.

Speaking with respect to the Twin Falls delegation at the St. Anthony home, Mr. Ault says he talked with all and finds each satisfied with conditions and displaying apparent interest in the work in which they are employed along the lines of training.

Twin Falls county is second of all the counties of the state in number of juveniles enrolled at the state home, there being 17 boys and girls in custody. Most of those are girls. Bannock county has the greater percentage of population at the institution showing 28 enrolled. Most are girls.
