British War Office Summary of Russian Military Situation Indicates Advantage for Anti-Bolshevik Leader

## PAUSE FOLLOWS RAPID RED ADVANCE IN SOUTH

Letts in Operations in West, Retake Stretch of Own Country Forty Miles in Depth with 18,000 Prisoners

LONDON, (AP)—The position of General Denikin, anti-Bolshevik leader in southern Russia, at all appearances is somewhat better, according to the war office summary of the situation. The inevitable pause which must follow any long and rapid offensive such as has been conducted by the Bolshevik in southern Russia, has occurred.

Much depends upon the support afforded Denikin by the population at his rear. Latest reports seem to indicate that he still commands their full confidence and loyalty. However, his losses of materials in the recent retreat are bound to have a grave effect on future operations. The eminent danger to his country has caused both the Don and Kuban Cossacks to rally wholeheartedly around the government and afford full support to Denikin.

The Bolshevik advance in Siberia appears to have slowed down. The allied high commissioner has received a message from Admiral Kolchak at Nizhny Ussuriysk, stating that he is remaining there with the ministers of his suite, who take his orders to carry out the opening of their offensive on January 4, have retaken a stretch of their own country about forty miles in depth and captured 13,000 prisoners and considerable material. The Bolshevik have concentrated strong forces of troops for the defense of the important junction of Bielsk, and are also concentrating the Lettish left along the Pakov railway where they have been repulsed with heavy losses. The Reds have not succeeded in striking the Lettish advance in the center.

Volunteers' Line Holds. In the Caucasus the Bolshevik advance down the coast shore of the Caspian, appears to threaten Petrovsk, the base of the volunteer fleet. In Transcaucasia the Bolshevik have captured the town of Krasnodar, as reported. They have penetrated as far as Yagman but are held up by volunteers who occupy strong positions where the Bolshevik tanks are exposed to fire from the sea.

A Bolshevik mission is reported to have arrived at Astrakhan, and it is said to have been received with great economy. Two emissaries from Constantinople are also said to be at Kabi.

Mesopotamian Defiant. Ramadan Shalah, the Mesopotamian leader, has adopted an attitude of defiance toward the British and Arab governments. He is calling in loans advanced by the Mesopotamian administration to the present frontier and is threatening to attack the British at Baghdad. A band of tribesmen attacked Albuluk on January 11, but was beaten off by the British. One plane picked up a wounded British officer and carried him 240 miles to a hospital.

# SOVIETS FEAR POLISH ATTACK

Russian Bolsheviks Call on the Workers in Allied Countries For Aid

LONDON, (AP)—Dispatches from Warsaw appeared in the English newspapers yesterday declaring that Marshal Pilsudski was threatening to attack the Polish attack on Bolshevik Russia. The dispatches stated that the Polish foreign office and Marshal Pilsudski are aware of nothing about the situation.

The Daily Herald, labor organ, asserts that Poland plans a march on Kiev and the occupation of many Ukrainian towns, and prints a manifesto signed by the Russian Bolshevik foreign minister, addressed to the workers of the allied countries, declaring:

# Kolchak Units Fight Rebels at Irkutsk

STOCKHOLM, (AP)—According to advices received here from Helsingfors, violent fighting is in progress at Irkutsk, where the anti-Russian government has had its headquarters, between partisans of General Kolchak, former all-Russian commander, and rebels.

Some Cossack regiments previously supporting General Kolchak now are believed to have joined the insurgents.

A peaceful revolution has broken out in Kamchatka peninsula, where the military, in league with the population, has arrested officers and civil officials.

# Letts Capture Rail Center at Reshitza

LONDON, (AP)—Lettish forces have captured Reshitza, a railroad center about 60 miles northwest of Dvinsk, according to an announcement of the Lettish press bureau received here today.

The Bolsheviks had concentrated strong forces of troops for the defense of Reshitza, a railway junction point. Last Saturday Lettish troops forced the route to withdraw from nearly a dozen villages in the vicinity.

# Soviet Forces Claim Isolation of Crimea

LONDON, (AP)—Russian soviet forces have virtually cut off the Crimean peninsula from the mainland, according to an official statement issued at the war office in Moscow and received here by wireless.

Another Moscow dispatch reports anti-Bolshevik forces evacuating the Crimean peninsula from the mainland, according to an official statement issued at the war office in Moscow and received here by wireless.

# Sazonoff Confers on Opposition to Soviet

LONDON, (AP)—Sergei Sazonoff, former minister of foreign affairs of Russia, has arrived in Warsaw to confer on steps to be taken in opposing the Bolsheviks, according to a Copenhagen dispatch to the Echo de Paris. Sazonoff is said to be in Warsaw in connection with negotiations with General Denikin.

# DECLARES WORK IS SOLUTION OF WORLD PROBLEM

Federal Reserve Board Governor Tells Pan-American Congress Underproduction Essential Cause of High Costs

## DILIGENCE AND ECONOMY REAL PROSPERITY BASIS

America Must Turn Out Greater Volume of Goods to Take Advantage of New Markets Opened by Use of Capital

WASHINGTON, (AP)—American capital will be needed in all parts of Europe "to get back to productive work," not because of "attractive rates of interest," but to restore normal conditions and to open markets for American exports, Governor W. P. G. Harding, of the federal reserve board, said today, speaking before the second Pan-American financial congress.

"We cannot, however, export things which we do not have," Governor Harding said. "During the past year we have witnessed an unprecedented era of extravagance in this country; there has been a continuous rise in prices and while the value of our products expressed in dollars has been greater than ever before in history, the physical volume of goods produced was less than the production of any year since 1910. Our domestic demand has been competitive with the foreign demand."

It has been that prices have been bid up by both the foreign and domestic consumers.

In Fool's Paradise. "Our people must be aroused to the consequences that we may be living in a fool's paradise and that more work, economy and liberal investment in foreign securities are necessary if we wish to make our present position a permanent one."

Governor Harding called attention to the new "edge act" providing machinery for financing the undertaking which, he said, gave exporters, producers, manufacturers and American investors the means of co-operation to solve the problem before them.

Must Permit Payment in Goods. "The basis of world commerce is an exchange of goods," Governor Harding said, pointing out that the undertaking must be on terms to permit the borrower to repay in products.

"European nations can produce many of the goods we need," he said.

"I want to convey to you, the impression that a country which can in spite of the abnormal world war conditions, and the internal troubles which you know about, re-establish finance and the production of goods and a country which is picking up and developing."

There were four speakers today. Governor Harding, of the federal reserve, discussed the international financial and industrial situation and gave his views as to remedies needed.

# ADMINISTRATION PROMISE DISAPPOINTS TRAINMEN

Brotherhood Sets Date for Definite Answer to Demand for Wage Increase

CLEVELAND, (AP)—The Brotherhood of Railroad Trainmen, which has a membership of approximately 200,000, will ask the railroad administration Tuesday for a definite answer to its demands for a general wage increase of about forty per cent.

William L. Lee, president of the brotherhood, said he asked Director General Hines for an appointment for Tuesday morning and called the 22 general executive committee chairmen and the board of directors to meet in Washington on that day.

The demands were presented July 31, 1919. President Wilson requested the men to wait a "reasonable time" until the government had an opportunity to reduce the cost of living.

"The men are pressing us too hard," Mr. Lee said. "A reasonable time has elapsed and the cost of living is going up."

EXTENDS TIME LIMIT FOR JUGO-SLAV REPLY. PARIS, (AP)—The time in which the Yugoslav government must give a definite reply as to whether it will accept the settlement of the Adriatic question reached by the supreme council early this week was extended today for three days by the British and French governments. The extension was granted upon the request of Foreign Minister Trumbitch, of Yugoslavia.

# HOLLAND REFUSES ALLIED DEMAND FOR EXTRADITION OF FORMER GERMAN KAISER

Reply of Dutch Government to Entente Requisition Declares Netherlands Cannot Be Bound by Terms of Peace Treaty to Which She Is Not a Party; National Honor Does Not Permit Betrayal of Confidence Entrusted to Free Institutions

## THE HAGUE, (AP)—The Dutch government has refused the demand of the allied powers for the extradition of former Emperor William of Germany.

LONDON, (AP)—Holland's reply to the entente demand for the extradition of Emperor William is declared that she cannot be bound by the peace treaty, to which she is not a party, it is learned here. The Dutch constitution and the tradition permit of her according to the demand of the allied powers, the note sets forth.

The national honor, the reply declares, does not permit the betrayal of the confidence of those who entrusted themselves to Holland and her free institutions.

UNOCCUPYED TERRITORY IS NOT REVEALED IN PARIS CAPITAL. The contents of the reply have not yet been revealed.

# RESOLUTIONS DECLARE FOR TRADE ADVANCEMENT

Pan-American Financial Congress Concludes Sessions at Washington

WASHINGTON, (AP)—With adoption of the resolutions recommending measures for the advancement of international trade with South America and improvement of ocean, telegraphic, cable, wireless and postal services, the second Pan-American financial congress today concluded its formal sessions. The delegates are expected here over tomorrow to visit the naval academy at Annapolis.

Nearly all the recommendations of the congress were adopted. The American countries were incorporated in the report of the committee on resolutions, which was adopted.

Dr. Enrique M. Sobral, of the Mexican delegation, declared that Mexico was making a strong effort to repair the damage done by the war.

"Five years ago our paper currency was practically worthless," he said. "Today Mexico is on a gold basis and practically the only country using gold currency, not even having bank notes."

"I want to convey to you, the impression that a country which can in spite of the abnormal world war conditions, and the internal troubles which you know about, re-establish finance and the production of goods and a country which is picking up and developing."

# KNIGHT BOARD CANNOT AGREE WITH DANIELS

Withholds Approval to Award of High Decorations to Naval Officers who Lost Ships Through Submarine Action

## HOLDS OFFENSIVE ACT PREREQUISITE TO HONOR

Differs with Secretary as to Analogy in Cases of Lawrence and Perry Holding High Positions in History

WASHINGTON, (AP)—The Knight board is unable to agree with Secretary Daniels that naval officers who lost their ships through submarine action and performed valiant service in connection with such loss should be awarded high decorations, the senate investigating committee was told today by Rear Admiral Austin M. Knight, chairman of the board.

Admiral Knight said a high decoration was not deserved unless the sinking was accompanied by offensive action against the enemy.

Secretary of the Navy's Case. Admiral Knight said that in the case of Commander D. W. Bagley, Secretary Daniels' brother-in-law, no decoration was recommended for any circumstances connected with the sinking of the destroyer, Bagley became commander of the ship and did not engage the enemy. A navy cross was recommended for the officer, he said, for good seamanship displayed in taking on the lives of passengers of the torpedoed British steamer Oran, Commander Bagley was not recommended by his immediate superior, he said, for any decoration in connection with the sinking of Jacob Jones.

Officers whose vessels were torpedoed but who by good seamanship and discipline, succeeded in saving their ships, earned the D. S. M., Admiral Knight declared.

"If a ship destroyed by an enemy against which she had no opportunity to fire a shot," said Admiral Knight, "in the opinion of the board, it is not merited."

Lawrence and Perry, cited by the secretary in his letter of January 3 to Senator Page, Lawrence won his fame, not his decoration, after the loss of his ship, when he was beaten and dying, but to the heroic spirit he manifested throughout the engagement, a spirit that did not falter, even when he was wounded and sinking.

"After the loss of his ship, that he uttered the words that have made his name immortal and which are quoted by the secretary in his letter of January 3 to Senator Page, Lawrence won his fame, not his decoration, after the loss of his ship, when he was beaten and dying, but to the heroic spirit he manifested throughout the engagement, a spirit that did not falter, even when he was wounded and sinking."

"Perry is remembered in history, not for his gallantry in leaving the wreck of the Java, but for his heroic spirit in the fight on the Niagara and the skill and daring with which he led his almost defeated fleet to victory."

# DANIELS TAKES UP BRYAN ISSUE

Defends Attitude of Cummings Toward New Jersey Governor's Candidacy

WASHINGTON, (AP)—Secretary Daniels today took issue with William J. Bryan, who stated in public addresses that the new administration of the democratic national committee, either should disassociate itself from Governor Edwards of New Jersey, or resign the national committee chairmanship. Mr. Cummings attended the governor's inaugural dinner, at which he was elected on a "wet" platform, or resign the national committee chairmanship. Mr. Cummings attended the governor's inaugural dinner, at which he was elected on a "wet" platform, or resign the national committee chairmanship.

Mr. Daniels said he read Governor Edwards' inaugural address, and found it interesting and had found "at least 90 per cent of it" excellent and agreeing thoroughly with the best principles of democratic statesmanship.

"I believe," continued the secretary, "that Mr. Cummings' attitude is a perfect propriety in accepting an invitation to dinner given to a democratic leader. If I were national chairman I would not hesitate to attend and accept it. Mr. Cummings undoubtedly would have accepted if the dinner had been to Mr. McAdoo, Mr. Palmer, or any other noted democrat."

## PLEDGES JAPAN TO ADHERENCE TO PACT TERMS

Premier Hara Reiterates Determination to Restore Leased Territory of Kwantung to China

WASHINGTON, (AP)—Declaring that the success or failure of the peace treaty depended "altogether on the spirit and manner of its operation," Premier Hara in an address at the opening of the Japanese diet Wednesday at Tokyo said Japan would "the use of those states which will strictly carry out every term of the treaty."

The text of the premier's speech was read yesterday at the Japanese embassy and made public. Mr. Hara reiterated Japan's determination to restore the leased territory of Kwantung in the Shantung peninsula to China, and said the government was taking "the necessary steps to translate their often declared determination into actual fact."

**Regrets Foreign Criticism**

"It is a matter of regret," said the premier, "that there are some foreign critics who remain under the erroneous impression that the whole province of Shantung is involved in the so-called Shantung question. I am happy to assure you that the determination of the Japanese government to abide by their pledged word to restore the leased territory to China and to work the railway as a joint enterprise of the two countries has never been shaken."

The premier expressed the hope that the Japanese would put forth their best endeavor towards the advancement of the nation's resources.

**Two Great Questions**

"As regards the questions of the day," he continued, "those pertaining to China and Russia occupy the foremost place; they are the two great questions of the world and of vital interest to our country. . . . The so-called Shantung question comprises in the main question pertaining to the leased territory of Kwantung and the Shantung railway."

"The former is to be restored to China while the latter is to be worked under a joint enterprise of both countries in accordance with the terms of the Sino-Japanese agreement of 1918."

**Poses General Approval**

Mr. Hara added that he felt sure the audience displayed by the Japanese people had commended itself "to the general approbation of the world."

The premier said that in spite of the promises to which Japan had subjected to in China and the boycotting of Japanese goods by the Chinese, the Japanese government did not shut its eyes to China's financial difficulties.

"Accordingly," he continued, "the Japanese government, while strictly adhering to their already announced policy of withholding any such loans as are calculated in their opinion to foment conflict between the north and south, would be ready to render financial assistance to China when indispensable to the maintenance of her government in conjunction with other interested powers with a view to meeting our immediate requirements."

**Chinese Peace of Distant**

"The Japanese government tendered advice in December, 1918, in concert with Great Britain, France, America and Italy to the leaders of the contending factions in China to put an end to their conflict and similar advice was repeated June last, yet the desired peace is not in sight."

"The Russian question is a matter of great moment to Japan. With the advance of the Bolshevik forces a very serious situation has developed in Russia. The Koltchak government has as yet no appearance of the power and control of the situation. The Japanese government has consistently stood for a policy of international concord in Siberia."

**MEXICO GRANTS OIL MEN PROVISIONAL PERMITS**

Presidential Decree Follows Request of American Association Claiming Wells Exhausted

MEXICO CITY, (AP)—Foreign oil companies will be permitted to obtain provisional permits to drill new oil wells on condition that more accurate drill be valid only until the Mexican congress enacts a new law regulating the petroleum industry, according to a decree issued by President Carranza.

The decree followed the request of the American Association of Oil Producers, in Mexico, who in a recent communication asserted that their Mexican wells were being exhausted and that there were insufficient pipe lines to transport the production adequately.

The decree says that the granting of the provisional permits is allowed on the understanding that it shall not affect the various questions now being debated before the legislative assembly in prejudice of oil legislation now pending.

Chancellor of Exchequer Says American Loans Not For Other Nations

BIRMINGHAM, Eng., (AP)—It is not Great Britain's policy to borrow vast sums in America for the purpose of loaning them to other nations of Europe, Austen Chamberlain, the chancellor of the exchequer declared in a speech on the lessons of the war here yesterday.

"So long as I am responsible," he said, "that will not be a policy which the government will think of adopting."

Mr. Chamberlain expressed the belief that Great Britain had reached the maximum of the national debt and said he believed the nation would "turn the corner" during the coming financial year.

## FASTED SEVERAL DAYS AT A TIME

Emoryville Woman Lost Thirty-Nine Pounds Before Health Restored

by Tanlac

"I now feel perfectly splendid since Tanlac restored me after a nervous breakdown," says Mrs. Lola Pitta, of 1002 Sixty-fifth street, Emoryville, Cal., recently.

Mrs. Pitta has lived in Emoryville for thirteen years and is known to a wide-circle of friends.

"I had fallen off so much I was almost a shadow of my former self," she continued, "and I was so nervous the striking of a clock would sometimes upset me so I would tremble and shake like a leaf. Night after night I would have no rest at all and would have to lie down for several hours every day. I had no appetite and the night or well of anything to eat was so unpleasant to me I would go for days at a time without touching a bit. I lost thirty-nine pounds and got so weak I could hardly get about the house. My head ached terribly and almost continually, and sometimes I would be so dizzy I thought I would faint. I also had rheumatism and my hands at times were as stiff as boards. For the last year every joint in my fingers ached and throbbled so I could hardly stand it. I took medicine and treatments nearly all the time but nothing gave me any relief and I got worse instead of better."

"One day a friend made me promise to get some Tanlac and the very first bottle made me a lot better. After taking four bottles I am in splendid health. My nerves are so steady nothing ever startles me and I sleep soundly for nine hours every night. When I get up I feel so refreshed and strong I never have to rest in the day time any more. I am hungry nearly all the time and eat heartily of everything without any bad effects afterward. My rheumatism is gone and my hands are as supple as they ever were."

"I feel so grateful to my friend and to Tanlac I shall never be able to repay them for what they have done for me."

Tanlac is sold in Twin Falls by City Pharmacy, in Logansport by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. B. Wood, in Dahl by C. D. Boring Brothers Co., and in Kimberly by A. L. Stowe.—adv.

**CREW RESCUES LIQUOR WHEN SHIP IS WRECKED**

Boat Commander Fils Claim in Honolulu Court for Intoxicants Held by the Police

HONOLULU, T. H., (AP)—Between 16 and 20 cases of liquor from one ship's boat were practically all the material saved in the wreck of the schooner Okanagan, Christmas eve, on a reef at the entrance to Abukani harbor, Island of Kauai.

The Okanagan was loaded with nitrate from Chile, the total cargo valued at \$70,000, being lost.

The ship's boat was from Vancouver, B. C., was valued at \$70,000.

Captain Charles Beeson asserted that the liquor belonged to his private stock and that the members of the crew who became possessed of the whiskey, cocaine and wine had no right to them. The captain included this claim in his statement of protest to the owners and insurance agents. The members of the crew refused to sign the statement, as it had been amended.

The liquor still remains intact, stored in the Okanagan's hold, where it was seized by the Abukani police as soon as the members of the Okanagan's crew brought it ashore.

And whereas, the land owners under many of the existing canals in the Snake River Valley have suffered a heavy loss of water during certain portions of the irrigation season of 1919, and other years, in consequence of the failure of the irrigators of the existing canals in the valley to guard against a repetition of the shortage which has occurred in the past, and whereas, the Secretary of the Interior has recommended the construction of an additional reservoir or reservoirs on the Snake River, and whereas, the various land owners in the Snake River Valley have agreed to contribute to the cost of said American Falls Reservoir will materially increase the water annual yield of the reservoir and thereby give greater benefit to the irrigators of the Snake River water to the Contractor.

16. Now, therefore, it is hereby agreed: That the land owners in the Snake River Valley or near American Falls, Idaho, a sum of sufficient size to create a reservoir of from 100,000 to 150,000 (Thousand) 1,000,000 (One Million) 3,000,000 (Three Million) 12,000,000 (Twelve Million) or more, acre-feet capacity, as the Secretary of the Interior

The contractor will pay for constructing a reservoir to store 750 million gallons (Five Hundred Thousand (2,500,000) cubic feet) of water at a cost of \$100,000,000. The cost per acre-foot of water to be stored in such a reservoir to store 750 million gallons (Five Hundred Thousand (2,500,000) cubic feet) of water is \$133,333.33. It is to the interest of all parties desiring additional storage of water from the Colorado River to the Gulf of California to have the said proposed reservoir as estimated in the said statement of the Secretary of the Colorado River Commission.

# PROBE REVEALS MORE EVIDENCE OF CONSPIRACY

Organized and Authorized Character of Mexican Border Raids Further Indicated in Confession of Prisoner

SAN ANTONIO, Tex., (AP)—The organized and authorized character of the border raids was further indicated in an alleged confession of a Mexican prisoner taken in 1915 and submitted today to the secret committee investigating the Mexican situation. It was incorporated in a report of Captain A. V. Anderson, then commanding troop, 18th cavalry.

The prisoner described the actions of his organization in its movements to invade Mexico, Hidalgo county, as more or less a regular organized unit commanded by a major of the Carranza army. He said that after the expedition had arrived at a point some distance north of the Rio Grande the major read his orders for the attack and assured them they had been issued in accordance with President Carranza's instructions.

Similar testimony was given by Thomas Mayfield, a former Texas ranger who submitted an affidavit by Grand Juror Culler that Carranza leaders had given orders for participation in one of the raids. He described the mutilation of one American soldier by soldiers of the Carranza army. They cut off the ears of the soldier and carried them back to the garrison as souvenirs. The statement was taken by Captain Frank B. McKee, now brigadier general.

John L. Klieber, a district attorney of the border, gave a description of an attack on a train near Brownsville, Texas, which included another instance of the immunity German nationality gave. He was a passenger on the train. On the same car were two men claimed to be Germans. They were not molesting.

Klieber's testimony was corroborative of that of others which tended to indicate the raiders were in reality a detachment of the Mexican army. Five Americans were shot and killed and the leaders of the raiding party being Anselmo Pizano and Luis De La Hoya.

It also was indicated by the witness that the Mexicans on the American side of the border who have been killed or injured during the period of the raids have been victims of their own country's activities rather than of any deliberate attempt of Americans to injure them.

things which we either do not produce at all, or cannot produce as cheaply as they can be obtained elsewhere. If we can produce things needed in South American countries or in the far East. As American importers have constant dealings with South American and other countries it follows that European credits available in China and Japan, Argentina, Chile, Brazil and other Latin-American are not so readily obtainable in liquidating European obligations in the United States as direct European credits in New York would be.

## RAPID CHANGE IN STATUS

The speaker pointed out that the United States in five years had passed from a borrower nation with five billion in outstanding debt to a creditor with fourteen billion in assets. He said the national debt had risen from one billion to twenty-five. Exchange rates abroad were far below normal, he added, and it was assuming the United States faced problems which were unknown to the old creditor nations of ante-bellum days.

# KEROSENE EXPLODES; PETERSON IS BURNED

Rogerson Resident Suffers Severe Burns in Accident while Starting Fire

ROGERSON, (Special).—Fred Peterson suffered a severe accident on Wednesday morning when a can containing kerosene oil, exploded while he was lighting a fire in the range. The burning fluid was thrown over him, and the entire room, threatening the destruction of the building.

Mr. Peterson first attempted to save the house, but on realizing that his clothes were on fire, called for help, and Dr. Hudson and Henry Peterson came to the rescue, pulling out the fire. Dr. D. L. Alexander of Twin Falls was called and took the patient to the hospital here. The extent of the burns are thought to be quite deep, though not serious.

Mr. and Mrs. Walter Peterson of O'Fall, Nev., stopped here Wednesday on their return from Ogden, where they have been spending some time looking after business interests.

Mr. Peterson was in the home of Jim Boyd on Wednesday while Mrs. Boyd was rendering aid. The flame was extinguished, and the damage was slight. Mr. Peterson was taken to the hospital on Tuesday for treatment to look at some minor injuries.

Mrs. J. M. Powell received word of the accident from her husband at Long Beach, Cal., on Tuesday.

The Gott Hardware company recently replaced the large window in the front of one of Daniel Boyd's establishment, which was blown out during a severe wind storm, some time ago.

Mr. Peterson is expected to remain in the hospital here for some time.

Mr. Robbins of the United States land office at Twin Falls, was in business in this vicinity on Tuesday.

## Local Brevities

Gone to Oregon.—Dr. and Mrs. T. O. Boyd have gone to Enterprise, Oregon, where they were called by the illness of one of Daniel Boyd's children. Dr. Boyd is expected home today.

Burley Elks Want Lodge.—A number of members of the B. P. O. E. residing at Burley were in Twin Falls last evening and spent some time at lodge here. They are planning to start a lodge at Burley.

Entomologist Returns.—Ralph H. Smith, entomologist of the state university, has returned to Twin Falls from Salem, Oregon, where he was about a month. He is in this district for an investigation of clover aphids.

School of Methods.—Plans have been completed by executive of the Christian church for the conducting of a School of Methods in Twin Falls February 9 to 13. The school is for the purpose of studying methods of aggressive Christian service.

Saxons Acquitted.—In the prober case yesterday afternoon a jury of six acquitted Sherman, Earl, and Chester Saxson of the charge of kidnaping. They were charged with assault upon U. G. Brooks. The case grew out of trouble over water for irrigation purposes, the litigants being neighbor farmers.

Boys in Stock Business.—The Twin Falls County club composed of members of the farm bureau junior department, purchased a total of 12 head of registered Shorthorn calves during the sale held here this week, according to announcement made by A. I. O'Reilly, club leader of the farm bureau.

Admits Larceny Charge.—Ernest Fowler, Horn Hedges, Johnson, and Henry Muller, accused of robbing Twin Falls mercantile and commercial institutions, were yesterday afternoon taken into the district court for examination. All admitted guilt before Judge W. A. Babcock and were ordered up for sentence next Monday.

Plan—Hereford Cattle Sale.—Announcement is made of a Hereford cattle sale to be held at Hereford, March 3. The auction will be under the management of the Southern Idaho Hereford Breeders' association and will be the first of its kind in this district.

To Reside in Salt Lake.—According to word reaching relatives in Twin Falls, Mr. and Mrs. Carl E. Painter are the first of a new settlement in the district. About 50 head of Idaho-raised Herefords will be offered for auction.

# Today's Markets

Grain and Provisions  
CHICAGO, (AP)—Bullish sentiment moved in the corn market yesterday helped by gossip that the stoppage of east-bound grain shipments would last for only a short time. Besides, sellers were handicapped by the absence of any immediate prospect of increased receipts. Demand, however, lacked volume. Opening prices, which varied from the same as yesterday's final to 3-8 high, with May \$1.35 1/2 to 1 1/2 and July \$1.31 3/4 to 1.31 1/2, were followed by moderate upticks all around. Stormy weather and forecasts of a fair advance in the latter trading. Prices closed strong, 1.34 to 2.18 not higher, with May \$1.33 1/2 to 1.35 5/8 and July \$1.31 to 1.33 1/8.

Oats unchanged with corn. After opening unchanged to 1/4 off, including May at \$1.78 to 82c, the market scored a fair advance. Corn and oats sold, with provisions lower in sympathy with hog values. Lard led the decline. Subsequently the market was steadied by the strength of grain.

# KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, eat lean meat, and drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather, the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism. At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for 3 weeks. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effective lithia-water drink which helps to relieve the pain and is a remedy to your kidneys as well as uric acid.

## TURN TO THE RIGHT

An unusually large audience greeted "Turn to the Right," at the Lavering last night and, he it said, few went away disappointed. The performance throughout was of a high order. It was genuinely funny without being vulgar and the love story, or series of love stories running through the piece served to relieve and brighten the entire production. There was of course more of comedy and dramatic strength in "Turn to the Right" and the two principals, for making roles were in the hands of men who knew how to make the most of them. One or two scenes were indeed superbly funny and a ripping stream of pure humor ran through the entire piece. Mike Dunlop and William Foran in the parts of Muggs and Gilly, a couple of ex-comrades whose desire to turn honest was precipitated upon the gaining of enough capital through one last job to provide the means upon which to put on the new man, could hardly have been improved upon and the support they received was of a high order.

Manager Lavering is to be congratulated upon the securing of "Turn to the Right," a fact which does not fit at all in the case of some of the performers offered. Owing to bad road conditions the out of town attendance was not as large.

H. R. LUTZ, Manager  
A. H. CORNER, Clerk

all usual, but those who attended were well repaid for their trouble.

GEM  
Traffic is tied up for fifteen minutes, one traffic cop is dropped in the snow, the mayor and aldermen are tapped on the head with a towel, a dry-good store and Charlie Chaplin is stuck in a pile of hot tar in the opening scene of "A Day's Pleasure" which will be seen at the Gem theater, commencing today.

This production marks Chaplin's fourth picture of the million dollar class which is in planning for distribution by First National Exhibitors circuit.

The famous comedian makes a decided departure from his previous picture, intending to eschew the slapstick for events that are likely to happen on a busy street corner and on an excursion boat.

# TAFT AGREES TO COMPROMISE ON ARTICLE 10

Former President at Capital Expresses Belief that Reservation Will Not "Kill" the League of Nations

WASHINGTON, (AP)—Former President Taft visited the capital today and conferred with senators active in the movement for a peace treaty compromise.

During his visit to the senate, Mr. Taft addressed briefly representatives of a local committee which had invited him to talk at a mass meeting here in behalf of the treaty. "I believe I did not believe a compromise on the reservation affecting article ten of the league of nations covenant would 'kill' the league."

"The matter of the ratification of the treaty is in the hands of the senators," said Mr. Taft. "It must be worked out by them. Everyone knows that I stand on the treaty. I believe that the best way is to let the knowledge of the public desire that the treaty be ratified trickle into the senators. At present about 50 senators are in favor of ratification, about evenly divided on the reservations. Only about fourteen reservations stand between the treaty and ratification. I believe can be had and the treaty ratified."

"The attitude of the president in regard to what he will do is not quite clear. It has been said that article 10 of the league of nations covenant is the heart of the league. And it is, in that it embraces the intention of the members of the league to co-operate in putting an end to war. But on the other hand, as a practical proposition, article 10 will rarely, if ever be invoked, for under articles 16 and 17 any attempt to bring about war will be put down. So, I believe that a compromise on article 10 can be made without killing the league."

## INFLUENZA DEATH LIST IN CHICAGO INCREASES

Epidemic Continues Spread but Slight Decrease in Number of New Cases is Reported

CHICAGO, (AP)—The epidemic of influenza and pneumonia from which more than 10,000 persons in Chicago are suffering today continued to spread, but there was a slight decrease in the number of new cases reported. The death list, however, showed a considerable increase during the last twenty-four hours over any similar preceding period.

Pneumonia caused 43 deaths in the last twenty-four hours, and influenza 16. New influenza cases numbered 8,298 and the new cases of pneumonia 521.

Dr. John Dill Robertson, health commissioner continued to urge calm, saying the epidemic is in a mild form and it is in an era of alarm.

## SEEKS CASH JUDGMENT AGAINST O. S. L. ROAD

A. L. Houghtell Suits for Damages in Sheep Transportation Case on Trial

In the district court today evidence was offered in a suit brought against the O. S. L. railroad by A. L. Houghtell, claiming damages amounting to approximately \$13,000. The suit is based upon the alleged failure of the railroad to supply cars for the movement of a consignment of sheep from Dillon to Twin Falls last year. The amount of damages claimed is said to accrue from loss in weight of the sheep by reason of holding in yards awaiting cars.

The case is prosecuted by Walters and Hodges, while H. B. Thompson, of Pocatello, and James H. Wise, are for the company.

The next case for trial on the district court calendar is Hudson W. Brown's damage claim against the Twin Falls Canal company, based, it is said, upon the company's failure to supply water for irrigation purposes last season.

## BEVERAGE OF FLAVORING EXTRACTS BRINGS DEATH TO AGED MAN, CLAIM

J. B. Grubb is Dead as Result of Drinking "Coroner's Cocktails," According to Information in Possession of Authorities—Dies at Home of Daughter after Imbibing "Dope"

The first instance of death in Twin Falls from drinking "coroner's cocktails" was recorded this morning, according to information supplied by local authorities.

The victim is J. B. Grubb, an elderly man who is said to have died from drinking a concoction of extracts and "dope." Death occurred at the home of his daughter, Mrs. Clyde Snow, 135 Blue Lake boulevard south, at about 9:30 o'clock. The body is at Dr. Witt's undertaking establishment.

Dr. W. F. Pike, who was called to attend the case yesterday, says he was informed by the victim that he had consumed a quantity of Jamaica ginger and other "extracts," together with a potent nostrum. Dr. Pike said he would not at this time pronounce the actual cause of death. He intimated, however,

that it might be a case of delirium tremens. Grubb is said to have admitted he had been drinking the extract concoction several days.

Information relative to the occurrence in possession of the authorities is somewhat meagre. Whether or not a coroner's inquest will be held is yet to be determined by the authorities.

According to statements by officials now in charge of the body of the dead man, the son-in-law, Clyde Snow, is reported to have made the statement that Grubb had been drinking a mixture of "dope." Evidence is said to indicate consumption of a considerable quantity of flavoring extract.

Decedent was about 65 years of age. Besides the daughter here he has a son, the son-in-law, Clyde Snow, is reported to have made the statement that Grubb had been drinking a mixture of "dope." Evidence is said to indicate consumption of a considerable quantity of flavoring extract.

## Storm Goes and Official Opines 'Twill Be Fair

CLEARING weather is indicated in all climatological aspects. Even the persistently wrong weather foreman admits this is true. The storm period with its drab clouds has passed and gone and, outside of a feathery nebulae here and there, the sun shines from an untrammelled sky. Mechanical dingy (plural for dingy) once an almost straight up line, telling of a lessening of the atmospheric pressure and all. This is purely, highbrow dope, and while you may not understand it any better than we who write it, you are welcome to all the information it contains.

Proving that the weather guesser and the prevailing conditions are in hearty accord the prediction for tonight is "fair in south portion of the state." This being the south portion, and the storm having vanished it naturally follows that "fair" is right. Colloquy, he avers.

High yesterday was 32, which was three markers above the preceding day, and some encouraging for the future. Low last night was 25, 10 degrees higher than the night before, admittedly still more encouraging. Snowfall during the storm period was one and a half inches. Reduced to water this is equivalent to about 1.25 inch of moisture for the back garden.

## BUREAU MEMBERS FAVOR SKINNER'S PARK SITE

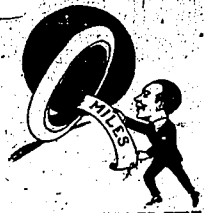

Committee Views Other Locations for City Purchase But Doesn't Change Mind

Members of the parks and playgrounds bureau of the Twin Falls chamber of commerce spent some time this morning looking over further sites, of

ferred for a municipal park and playground. The committee, after the trip, announced having found no tract equal in value for the purposes proposed to the St. John Skinner site. Last night members of the bureau, with Mayor W. H. Eldridge, held a conference concerning the plan of the city to purchase a park plot. The bureau had earlier decided that the best site suggested was the Skinner tract of 85 acres but other sites were suggested and offered for sale at last night's meeting, and a decision was reached to investigate these.

The question of a bond election to provide a fund for the purchase will be formally discussed at a coming meeting of the city council. A temporary parking place will be provided tourists during the coming season.

The St. John Skinner site, proposed for purchase, is located within an eighth of a mile of large city watermain, is only one-fourth of a mile from the city limits and is adjacent to the bureau to be the one favorable park site which can be made to include all the features of a general park; play ground, aviation landing field, athletic field, and swimming pool and skating pond.

## HEALTH RULES FORMULATED BY ORGANIZATIONS

County, City and Red Cross Officials Urge Efforts to Prevent Epidemic

Although there is no sign of epidemic in Twin Falls, or nearby community, Red Cross, county and city authorities have deemed it advisable to take precautionary measures against an outbreak. All departments have pledged their every effort to subdue combat incipient disease and to promote community health betterment.

At a meeting held in Red Cross headquarters recently, representatives of the county, city and Red Cross organizations, being present, the following precautionary rules were formulated and adopted, to be given the widest publicity:

"Do not cough and spit in public places and if you must cough, use your handkerchief. Stay at home with cold."

"Do not fail to have a physician treat all severe colds."

"Do not fail to report all cases of severe illness coming to your notice and have same diagnosed by a physician; all colds are not 'flu'."

"Do not needlessly expose yourself to standing pneumonia and other contagious diseases among your friends."

"Keep dry; keep clean; keep warm and do not get panic stricken."

"Stay out of placarded houses."

"We have no epidemic of 'flu' but want to prevent it."

Red Cross Public Committee.

## DURCO JERSEY HOGS BRING HIGH PRICES

Top Figures are Recorded for Top Edge Swine Offered at Public Auction

Yesterday's hog sale, conducted at the McMaster pavilion yesterday afternoon, resulted in the disposal of 25 sows and gilts. The average price paid was \$12.50, which is said to be exceeding high for this district. The animals were all of the Jersey breed.

Principal among yesterday's swine purchasers were C. A. McMaster, of Twin Falls; H. H. Schlimann, of Elletts; Ray Dunsen, of Rupert; and W. M. Worthington, of Oakley.

Interest in the proposed sale of Hereford stock cattle was so meagre that executives in charge decided to postpone the auction until a date to be announced. Interest today centers in the exhibit of Percheron and other quality bred herds.

VERDICT FOR PLAINTIFF

The Hons Lumber and Coal company, plaintiff in the suit tried in the district court against Munson and Harder, was yesterday granted a verdict awarding judgment for \$1,100. The action was based upon a contract for saw material, claimed by the defendant company not to have been delivered.

## INJUNCTION AGAINST THE CITY IS SOUGHT

O. E. Lind and Others Seek to Prevent Widening of Business Street

Claiming that improvements now existing are permanent and sound O. E. Lind, E. A. Underland, Frank Bellville, George S. Avant and H. A. Brizoe have appealed to Judge W. A. Babcock for an order of restraint enjoining the city from widening Second avenue east between Shoshone and Second streets. The petition was filed last evening by Sweeley and Sweeley, attorneys for the plaintiffs.

This action, brought against W. H. Eldridge, mayor, C. B. Channer, L. L. Breckenridge, C. S. McMartin and J. S. Russell as city councilors, and E. V. Berg, city engineer, grows out of the recent adoption of a resolution ordering the widening of Second avenue north between Second street north and Second street east. Protest was lodged at the time of the adoption of the resolution but was overruled by the council.

Petitioners, at the time expression against the proposed improvement was lodged, declared there was no objection against the proposition if the city would assume the burden of expense.
