

REDS' ADVANCE ALONG RAILWAY COMES TO HALT

Difficulties of Supply. Seem to
Stop Bolshevik Drive West
of Irkutsk Although Resistance
Disappears

PUSH AGAINST DENIKINE IS RESUMED IN SOUTH

Russian Retreat is Orderly and
Pursuing Soviet Cavalry Loses
Heavily in Gradual Gain
of Ground

LONDON, (P)—Difficulties of supply have probably stopped the advance of Bolshevik troops along the trans-Siberian railroad west of Irkutsk, according to dispatches from the Russian government. All resistance seems to have disappeared. Detachments are reported to have reached the Chinese frontier southeast of Khabarovsk.

Latest reports show that relations between the "new government" and the Czech-Slovakia have become worse and that Bolshevism is gaining ground as a result of the arrival of red agents working in front of the Czech army. Encounters between Semenov's troops and Czech detachments are reported and it is stated that Admiral Kolchak and his staff have been in Irkutsk.

Reds Advance in South
In south Russia the Bolsheviks have resumed their advance against General Denikine. On the western half of the front the main effort of the soviet troops appears to be directed southward against Crimea, and southwestward against the Kherson-Nikolaevsk area. In the former sector they have reached the northern end of the isthmus and captured Geneshech and Perekop, but further progress across the narrow easily defended neck of land has been delayed momentarily. In the latter area the "reds" have pushed forward down the railway toward Nikolaevsk, but are about fifty miles from Nikolaevsk.

Fighting Spirit Revived
On the eastern half of the front, the threatening red advance along the western shore of the Caspian has been checked and thrown back. In the center General Denikine's units have fallen back, but in the Don region they have been able to maintain their positions. All reports concur in saying the Russian retreat is being carried out in an orderly manner and that the new soviet cavalry is being trained only step by step and is losing severely. The fighting spirit of General Denikine's men has revived.

Yudenitch is Released
General Nicholas Yudenitch, commander of the Russian northwest army in the offensive last fall against Petrograd, whose arrest was reported to have been made in a non-official quarters to have been released. Private advice says General Yudenitch was released as a result of pressure by the British and British authorities at Brest.

The arrest of General Yudenitch by General Balakovich was a personal affair growing out of Balakovich's animosity towards his old chief, according to dispatches received here. Balakovich has no official status and is merely a member of the recently disbanded northwestern army.

BRYAN HOPES EDWARDS WILL KEEP ON TALKING

Replies to Statement of New
Jersey Governor on Aim at
"Death Harmony"

ASHVILLE, N. C., (P)—Replying to a statement last night by Governor Jennings of New Jersey that William Jennings Bryan sought a "death harmony" in the "death" of the "death" of Bryan, Bryan said here today he hoped the New Jersey executive would be "kept on talking" as "no change of the liquor traffic can talk long without insulting the conscience and sense of decency of the country."

"The more Governor Edwards talks," said Mr. Bryan, "the more ashamed Chairman Cummings will be of giving respectability to the man who is the presidential nomination, and the more certain it will be that prominent democrats will have other engagements when invited to his dinner."

Odessa is Captured by Ukrainian Forces

VIENNA, (P)—The capture of Odessa by Ukrainian forces, commanded by General Pavlenko is announced by the Ukrainian press service.

A committee of Ukrainian, Russian and Jewish citizens succeeded in restoring order, the advice state and in improving the provisioning of the city and the administration of its affairs.

Kolchak Escape from Bolshevik Reported

HONOLULU, T. H., (P)—Admiral Kolchak is reported to have escaped from the Bolsheviks and to be in hiding in Manchuria, according to a Tokyo dispatch to the Japanese newspaper Nippon Jiji here.

The social revolution which occurred in Irkutsk and which ousted Kolchak, transferred the governmental power to the Bolsheviks, the cable added.

Anti-Soviet Forces Driven from Derbent

LONDON, (P)—Anti-Bolshevik forces have been compelled to evacuate the city of Derbent, on the west coast of the Caspian sea, according to a wireless dispatch received here from Moscow.

In eastern Siberia, the dispatch states, peasants have revolted and occupied the gold fields in the vicinity of Nikolaevsk. They have driven the entire Amur district with trenches, it is declared.

Canadian Predicts Higher Lumber Cost

WINNIPEG, (P)—Lumber prices are likely to go higher and not lower for some time, according to Walter Thorn, of Moosejaw, president of the Western Retail Lumbermen's association, in a annual convention here today. The price in Canada will be the American market price plus exchange, he added, and freight rates are increased Canadian lumber will be cheaper than the United States than in Canada.

Says Attempt to Cut Costs Means Disaster

LONDON, (P)—Lower prices will be slow in coming, said Reginald McKenna, former chancellor of the exchequer and now chairman of the London city and Midland bank, addressing stockholders yesterday.

Any attempt to cut prices, he said, would mean disaster.

IDAHO WEATHER Tonight and Saturday Fair

World News Events

MEXICO CITY, (P)—Earthquake shocks were felt in the city of Vera Cruz and in the vicinity of Oahuoloomula, state of Puebla, last evening, according to reports reaching this city.

Dublin, (P)—When the new municipal council, composed mostly of Sinn Feiners, met for the first time today it was greeted with the greatest enthusiasm by huge crowds as the republican flag was hoisted on the city hall.

LONDON, (P)—A Berlin wireless dispatch quoting Vienna advices says a French loan of two hundred million francs for German Austria is imminent for the purpose of securing foodstuffs until the end of June. An English loan to finance purchases of raw materials also is probable, it is added.

PARIS, (P)—The text of the proposed treaty between Belgium and Holland, which will soon be signed in this city, has been published in the Nation Belge, of Brussels, according to the Echo de Paris correspondent in that city. He says that public opinion will be stirred by the publication of the treaty and expresses the belief that the past may not be signed as a result.

ARABIAN TRIBES PROTEST AGAINST ZIONIST POLICY

ROME, (P)—Pope Benedict has received a memorandum from Arabian tribes in Palestine, which protests against what is called "the Zion-Zionist" policy of Great Britain and A. J. R. Ruffolo's statement that "Palestine must be for the Jews." The memorandum denounces the report that Balakovich Jews have been given permission to settle in Palestine and declares the Arabs will never allow Zionists to take possession of their country.

FARMERS TIRED OF LOW RETURNS FOR HARD WORK

Decreased Agricultural Production
Due to Dissatisfaction
Predicted in Report on the
Questionnaire

SITUATION POINTS TO INCREASED LIVING COST

Disproportionate Profit for the
Middleman and Inability to
Obtain Labor Burden of the
Complaint Added

WASHINGTON, (P)—Decreased farm production next year and a consequent increase in the cost of living, due to dissatisfaction of farmers, was predicted before the senate postoffice committee today by James I. Blackie, fourth assistant postmaster general. More than 40,000 answers to 200,000 questionnaires sent to farmers, he said, indicate a condition "disquieting and portentous of disastrous consequences."

Farmers' Strike Imminent
A report summarizing the contents of the farmers' answers prepared by George L. Wood, superintendent of the division of rural mail, was read by Mr. Blackie. Declaring that the farmers were tired of receiving low returns for long, hard periods of toil while city dwellers lived in "ease and comfort with high wages and short hours," the report said that the replies received indicated that hundreds of farmers had resolved either to quit the farm entirely or greatly decrease production.

Complaint was made in a majority of the replies, the report said, of the high prices paid by consumers as compared with the low returns to the farmer, indicating an entirely disproportionate profit for the middleman. Many farmers, the report said, drew comparisons between the hours of labor required of the farmer and the comparatively short hours of the urbanite of the city. The farmer bitterly complains, setting forth the soft and luxurious living of the latter as compared with the hard and bare living of the farmer, who is no longer willing to toil and produce for the striker, the profiteer and the short hours, high wage man.

Declares Situation Serious

A member of the committee remarked that the replies seemed to be "mostly from a bunch of Bolsheviks," which prompted Mr. Blackie to say that in his opinion the situation was extremely serious.

Inability to obtain farm labor was another complaint of the farmers, declaring that the shortage of farm labor was "causing great antagonism on the part of the producer toward the city dweller," the report said that the great demand in the cities for labor with high pay and short hours is driving the farm hired hand and the farmers' boys and girls to the cities.

LANE APPROVES AMERICAN FALLS RESERVOIR PLAN

Secretary of Interior Endorses Tentative Contract Between the United States and Idaho Canal Companies

SIGNING OF AGREEMENT BY VARIOUS PARTIES AT INTEREST NEXT STEP

WASHINGTON, (P)—A tentative contract between the United States and the canal companies and irrigation districts interested in the storage and utilization of the flood and normal flow of the Snake river in Idaho has been approved by Secretary Lane.

Plans now being worked out provide for the construction of a massive storage dam. At American Falls it is proposed to construct a high dam across Snake river, creating the largest irrigation reservoir in the United States. The construction of this dam will necessitate the removal of the town of American Falls to a tract of level table land nearby and the removal of the line of the Oregon Short Line railway to higher ground.

TWIN FALLS CANAL COMPANY AWAITS QUESTIONNAIRE RETURN
This has reference to the contract that has been under discussion by the stockholders of the Twin Falls Canal company and the board of directors, and which has been published in the various newspapers on the tract recently, said W. O. Taylor, secretary of the Canal company, when shown the above dispatch. "We do not as yet have the Twin Falls Canal company have been enabled to complete the terms and conditions of this contract so that they are fully advised in the premises."

"Since the secretary of interior has approved the contract, the next move that is to be made must be made by the various organizations who desire to

BOURBONS WALK OUT OF CONFERENCE AS EFFORT AT COMPROMISE FAILS

Final Break in Unofficial Bi-partisan Negotiations on Reservations to Peace Treaty Comes Suddenly when Senator Lodge Refuses to Accept Substitute for Article Ten Acceptance Drafted by Former President Taft, Presented by Democrats

ADMINISTRATION LEADERS DECLARE CONSULTATION IS NEXT REQUISITE

WASHINGTON, (P)—The unofficial bi-partisan negotiations on reservations to the peace treaty suddenly came to an end today when the democratic senators, failing in a last attempt to obtain a compromise on article ten, walked out of the conference and announced they would seek other methods of obtaining ratification.

The democratic leaders said the next step would not be determined until there had been a consultation among the friends of the treaty. They indicated that nothing would be done for a few days.

The final break came when Senator Lodge of Massachusetts, the republican leader, refused to accept a reservation to article ten drafted by former President Taft and presented to the bi-partisan conference by the democrats.

FRENCH COMMENT CHARY ON KOLCHAK SURRENDER

Paris Newspapers Display Caution in Discussion of Charges Against Commander of Czech-Slovak Army

PARIS (P)—Considerable caution is shown by newspapers here in commenting on reports that General Janin, the French commander of the Czech-Slovak army in Siberia, turned Admiral Kolchak over to the insurgent revolutionists when demand for him was made by the Bolsheviks. The papers said that a "charge of felony" had been brought against the general and expressed belief he could give the explanations demanded by Premier Millerand.

PROPOSED NAME OF HOOVER ON DEMOCRATIC BALLOT

LANSING, Mich., (P)—Petitions to place the name of Herbert Hoover on the democratic ballot at the presidential preference primary, April 5, were received by the secretary of the state yesterday. The petitions lacked the required 100 signatures, but it was indicated additional signatures would be obtained.

MARTENS OFFERS TRUE COPIES OF COMMUNICATION

Attorney for Self-Styled Soviet
Ambassador Interposes Proposal for Consideration in
Executive Session

PUBLICITY MIGHT CAUSE TROUBLE FOR FOREIGNERS

Precautions Trips of Couriers
from Russia Revealed; 10
Out of 20 Shot or Captured
in Finland and Germany

WASHINGTON, (P)—An offer to present to the senate committee investigating Bolshevik propaganda in the United States "true copies" of all communications between himself and the Russian soviet government was made today by Ludwig O. A. K. Martens, Bolshevik representative in this country. Former Senator Hardwick, of Georgia, Martens' attorney, said, however, that it was desired that some of the letters be considered in executive session as they might "involve others far beyond the secretary of state."

Probes Dealers List

"I want to take up with you the matter of the list of 641 old American business concerns with which Martens said soviet Russia could transact business," said the chairman. "We asked for a list of those concerns which have contracts with Mr. Martens and for the amounts and commodities involved. You gave us a list of concerns which were willing to do business."

Mr. Hardwick then presented a statement of the list, showing eight items, the largest a contract for \$200,000 of printing presses given the Lehigh Machine company, Lehigh, Pa. As he was unable to pay on these contracts except small ones to the extent of \$10,000, Martens said. "They were orders rather than contracts."

Couriers in Dangerous Trade

Questioned as to how he received his funds, Martens said couriers were sent from Moscow to receive payments on "Were they interrupted?" often?" Chairman Moses asked.

REPORT RECITES CAUSES OF PUNISHMENT DISTURBANCE

Economic Conditions Attempt to
Rouse Islamic Feeling contribute
to Discontent

LONDON, (P)—A white paper report on the disturbances in the Punjab, India, issued today, says that the special contributory causes in the agitation are: "the economic conditions, discontent over the prices of commodities, dissatisfaction with the income tax and an attempt to rouse Islamic feeling among the lower classes out of sympathy with Turkey."

MOUNT VERNON MAKES PORT

SAN FRANCISCO, (P)—The army transport Mount Vernon arrived in San Francisco bay today after having been forced to abandon her passage to Vladivostok when she was partially flooded some of her compartments.

INFLUENZA EPIDEMIC SITUATION IN MARKED CONTRAST TO LAST YEAR'S

WASHINGTON, (P)—Although influenza has become epidemic over a large part of the country, the public health service said today the situation was well in hand practically everywhere. It is evident that epidemic influenza prevails over a large part of the country. Moreover, with its well established characteristic this year's

CREDITS U. S. THIRD PLACE IN WORLD WAR

British Statisticians Report the French Contributions to Allied Fighting Forces Largest with English Second

LONDON, (AP)—The United States made the third largest contribution in fighting forces during the war, namely, approximately 1,000,000 men, according to figures compiled by British statisticians. France headed the list, while Great Britain came second with a grand total of 1,654,467.

The ratio strength of the American army in France on Armistice Day, that is, the total number of men who were engaged from the front lines, was placed at 1,224,000 while Great Britain's ratio strength in this theater on the same date was 1,731,878. This does not take into account prisoners of war, and the above labor employed by England.

Counts Fighting Men
America's combat strength in France on Armistice Day is set down at 1,166,000 and Great Britain's at 1,164,700. The combatant strength includes all troops whose functions are, in the first place, fighting.

The captures of prisoners and guns in France during the victorious offensive against the German army between July 18 and November 11, 1918, are given as follows:

British Isles, 5,704,316; Canada, 640,890; Australia, 416,599; New Zealand, 188,000; American armies, 43,200; and 1,421 Belgian armies, 14,500 and 474. It is pointed out that in addition to the above there were 85,000 British combatant troops in Italy who cooperated in the final defeat of the Austrian army at Vittorio Veneto, capturing 200,000 prisoners, and in the capture of the city of Trieste and the theater of war, Palestine and Mesopotamia, where about 400,000 British troops on an average throughout 1918 were fighting, the complete defeat and destruction of the Turkish army was effected by the British alone, and a total of 85,000 prisoners taken.

Contributions of Colonies
The following figures show the number of troops contributed by the various parts of the British Empire during the war:

New British Isles, 5,704,316; Canada, 640,890; Australia, 416,599; Zealand, 188,000; South Africa, 136,070; India, 1,401,250; other colonies, 14,537. The grand total was 8,654,467.

The casualties of the troops of the British Empire are stated as follows: British Isles, killed, 822,283; missing or prisoners, 140,315; wounded, 1,644,786. Losses of troops from India, Canada, Australia and other parts of the Empire brought the total to killed, 851,117; missing and prisoners, 142,037; wounded, 2,067,442.

Prisoners registered are not included in the foregoing.

Major General Peyton C. March, American chief of staff, announced on January 26, 1919, that America had the second largest allied army on the western front, in relation strength, when the armistice was signed. The French, he said, had 2,550,000 men, the United States, 1,950,000 and the British, including the Portuguese who were serving with them, 1,718,000. General March did not give the comparative figures of the national armies showing their combatant strength on Armistice Day.

DOMINION PRESS TO MEET

Invitations Extended to Leading Newspaper Men of British Empire

LONDON, (AP)—The second Imperial Press conference is to be held in Canada during next August and September. Leading representatives of the newspapers of the British empire have been invited by the Canadian press to attend the conference to discuss the common aims and interests and also to obtain by means of a tour throughout the dominion, a first hand knowledge of its life and resources.

The delegation from the United Kingdom will include proprietors and editors of the prominent daily newspapers, with Lord Rotherham of the London Daily Telegraph as chairman. Lord Northcliffe, of the Times and other papers has also stated his intention of attending.

HILL TO RETIRE FROM RAILROAD MANAGEMENT

Announcement Comes on Heels of Rumor that Western Interstate Control Systems

ST. PAUL, Minn., (AP)—Louis W. Hill, chairman of the board of directors of the Great Northern railroad, and son of the late James J. Hill, announced yesterday afternoon that he will retire from active management of the road shortly after it is returned to private ownership. Hill stated that Ralph Budd would direct the management.

Several months ago it became known that eastern interests had obtained control of the Great Northern and Northern Pacific roads. It was rumored at that time that Mr. Hill intended to retire from active connection with the properties which were developed by his father.

Mr. Hill said his present office staff would be reduced to a very small organization. It is expected that a further announcement soon will be made public regarding reorganization of the executive branch of the Great Northern railroad. It is expected that Hill will devote his attention to the Hill banking and other interests.

H. W. Packhouse, Hill's confidential secretary, who was assistant chairman of the board of directors of the Great Northern railroad, will retire.

FRENCH ESTABLISH AIR SERVICE IN ARGENTINA

Tri-Weekly Flights with Passengers are Made Between Buenos Aires and Montevideo, Uruguay

BUENOS AIRES, (AP)—Tri-weekly airplane passenger service has been inaugurated between this city and Montevideo, Uruguay, by the French aviation mission. No charge is made for the trip, the passengers being selected by invitation, but early in February, it is expected that the service will be operated by the Franco-Argentine Aerial Transportation company which will charge a fare. The mission will dispose of its equipment to a company which, by establishing this service, will be the pioneer commercial aviation company in South America.

The scheduled trip is about an hour and a half, the trip across the mouth of the River Plate to Montevideo, that takes a fast river boat 10 hours. Machines carrying 25 passengers or more are expected from France for use in the regular commercial service.

CRITICISES CLERGYMEN FOR DEFENSE OF "REDS"

Alton B. Parker Takes Bishop Brent and Others to Task for Protest Against Deportation

NEW YORK, (AP)—Alton B. Parker today criticized Bishop Brent and other clergymen for a protest they made against deportation of "reds."

"The kindly minded clergymen expect us to stand still while the sun of the earth are roaming about the country," asked the judge in opening the annual meeting of the National Civic Federation, of which he is president.

The injunction of scripture to hold up the other cheek he said, did not apply to government officials, who must watch classes who come to this country to overthrow it and send them back.

"I wonder if these good men," he added, "realize what they were criticizing?"

A woman will sometimes remark of an acquaintance—not in envy but in admiration—"How does she manage to always dress so well?" The habit of reading the ads is responsible for much of the good dressing we see.

WITHDRAWAL OF JAPANESE ARMY NOT DETERMINED

Minister of War Discusses Situation in Siberia in Reply to Interpellation from Financial Advisor to China

TOKIO, (AP)—Major General Tanaka, minister of war, in reply to an interpellation in the lower house of parliament Tuesday by Baron Sakatani, former minister of finance and at present financial advisor to China, said he was unable to state that the Japanese expeditionary forces would be withdrawn from Siberia after the withdrawal of the Czech-Slovaks.

Major General Tanaka and Vice Admiral Kato, minister of the navy, both indicated that Japan's military program be left unchanged after peace, because it was intended for self defense and not for aggression.

Viscount Uchida, the foreign minister, speaking with regard to the situation in Siberia, said that negotiations between Japan and America were proceeding in a most friendly manner. He pointed out that in some quarters the opinion had been expressed that the note of the American government concerning the dispatch of Japanese reinforcements to Siberia was insulting to Japan. Such opinion, the foreign minister asserted, was entirely groundless.

Replying to an interpellation concerning China, Viscount Uchida said that Japan's policy aimed to promote friendship between the two countries by assisting in bringing about a compromise between the factions of northern and southern China, for which a mutual understanding by both peoples was necessary.

Speaking on the Russian situation, Viscount Uchida declared the allies did not intend to recognize the Bolsheviks. That was a question of the utmost importance to Japan, he asserted.

BRITISH COUNTRY DEFICIT

Government Finances Finish Nine Months Period in the Red

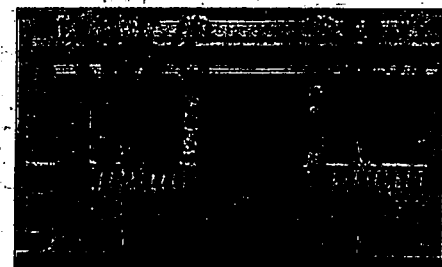

LONDON, (AP)—A deficit of £429,720,000 in British government finances is shown for the first nine months of the current fiscal year ending March 31 next. The exchequer returns show a total revenue of £206,252,000. The expenditure, however, was £212,591,000. The deficit was covered by permanent borrowing.

The chancellor's estimated revenue for the year is £201,500,000. The estimated expenditure for the year is £210,494,000.

Boyd Hospital LABORATORY

Twin Falls, Idaho

Established 1905

A new department of the hospital, fully equipped to lend valuable aid toward making a diagnosis.

Without a proper diagnosis, no disease can be properly treated.

Diseases, such as typhoid, syphilis, malaria, tuberculosis, anemia, influenza, obscure diseases of the blood and nervous system, Bright's disease, and cancer, can be diagnosed by laboratory tests alone.

In nearly every disease known, valuable diagnostic, as well as prognostic aid can be given by careful examination of the blood, urine, sputum, gastric contents, specimens of tissue, such as cancerous and tuberculous glands, bacterial examinations of pus, spinal fluid contents, and inflammatory exudates, such as pus in the lung, etc.

No disease is of such minor importance that the patient is not justified in demanding every means toward an accurate diagnosis.

FURNED NOTICE OF SCHOOL BOND ELECTIONS

Public notice is hereby given, according to law and the requisite action of the board of trustees of Independent School District No. 1, Twin Falls County, Idaho, that a special school bond election of said district will be held at the High School building in the city of Twin Falls, in said district on Friday, the 30th day of January, A. D. 1920, between the hours of one o'clock p. m. and five o'clock p. m., at which election there will be submitted to the qualified electors of the State of Idaho who are resident freeholders or householders of the district the following question for their vote and determination, to-wit:

Shall the Board of Trustees of Independent School District No. 1, Twin Falls County, Idaho, be authorized to issue the negotiable coupon bonds of the district, in the amount of One Hundred Thousand Dollars (\$100,000), bearing interest at the rate of not to exceed six (6) per centum per annum; said bonds to bear date the first day of March, A. D. 1920, to be due and payable twenty (20) years from their date; and redeemable as follows: \$10,000 March 1, 1931, and \$10,000 on March 1st of each year thereafter; for the purpose of providing and improving school houses, and grounds, and furniture, apparatus and fixtures, within and for said district?

Each qualified voter shall vote upon said question by secret ballot whereon shall be written of printed the question above submitted and said ballots shall contain the words "Bonds, Yes," and the words "Bonds, No," and shall indicate his approval or disapproval of the question submitted by placing a cross (X) opposite the group of words on his ballot which expresses his choice.

The polls for the reception of the ballots cast upon said question will on said day and date and at the place aforesaid, be opened at the hour of one o'clock p. m. and will remain open until the hour of five o'clock p. m., of the same day, when they shall be closed.

Dated this 10th day of January, A. D. 1920.

DAVID F. CLARK,
Chairman Board of School Trustees

FRENCH CABINET CONCERNS SELF WITH FINANCES

Radical Increases in Taxation to Balance Budget and Possible Imports Restriction to Check Franc Depreciation

PARIS, (AP)—At today's meeting of the cabinet council Premier Millerand made the ministers acquainted with the conversations which were held during the recent visit of President Poincaré and the premier to Belgium. (The president was received by King Albert at Poincaré on Wednesday last, Premier Poincaré and Foreign Minister Herriot also were at Poincaré.)

M. Poincaré, the minister of finance, placed before the council various proposals having to do with the financing of the franc. He also submitted a review of the principles on which an international conference on exchange should be based.

An important part of the proposals of the new finance bill will be applied to the retirement of paper in circulation. This will be one of the essential features of the government's plan to improve the financial situation, the Associated Press is able to say.

Radical increases in taxation to balance the budget and if necessary a rigid restriction on the importations of luxuries to check the depreciation of the franc also have been decided upon.

Social Notes

The Ladies' Aid of the Presbyterian church met with Mrs. H. J. Youngs yesterday. The afternoon was spent with sewing and light refreshments were served.

The Episcopal Guild met with Mrs. E. Williams yesterday afternoon. The following auxiliary day, roll call was answered by a quotation from the Bible on missions. Mrs. George Sprague read an interesting paper on "Neighbors" dealing with the work of the Americanization of the foreigner. A poem was also read, entitled, "Glean of the Earth." Light refreshments were served to the sixteen members present. The next meeting will be with Mrs. D. D. Alvord on Sixth avenue north.

Mrs. L. A. Warner entertained at a birthday party yesterday in honor of her daughter, seventh birthday. The afternoon was spent playing games in which Mrs. Charles Macneely assisted. The house was decorated in valentine colors and in valentine favors were given each little guest. Dainty refreshments were served, the table having as a centerpiece a large birthday cake with seven candles. The guests were Miriam Haseck, Jennie Henn, Irene Parrott, Flora Haseck, Doris

"ONLY ONE THING BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker."

NOTHING but sustained quality and unflinching effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and curbing new coughs, throat-irritating coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always the same, good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 50c. and \$1.50. All druggists.

Regular Bowels Is Health

Bowels that move spontaneously once a day are the healthiest. The next should be healthfully regulated by Dr. King's New Life Pills. In this way you keep the removal of waste matter from circulating through the system by cleansing with bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipating results of violent purgatives. 25c. as usual at all druggists.

MANY TIRE DOLLARS SAVED by vulcanizing may be used to purchase new tires. Besides, you make your old tires last two and three times as long. Vulcanizing up your tires is just good hard common sense. Try it.

GEM STATE VULCANIZING CO.
123 2nd St. East

Dingler, Ila and Charles Mull, John and Rollin Hunter, Tom Warner, Warwick DeLong, Robert Brown, Margaret Magel, Edna Wick, Millie, John, Dorothy Chappel, Edna Stover, Juanita Maddock, Helen Heitler, Francis Murray, Helen Johnson, Josephine Buller, Mauda Johnson, Helen and Dorothy Warner.

Mrs. H. W. Sawyer entertained the Entre Nous club yesterday. The afternoon was spent with bridge. Mrs. R. B. Boller won the prize for high score, a sterling silver spoon. Mrs. B. A. Heitler won the prize for low score and was also given a spoon. Those present were Mesdames F. W. Drannagh, Wile Evans, L. T. Moore, F. W. Dumke, R. Boller, A. H. Corbett and B. A. Heitler. A dainty two course luncheon was served at the close of the afternoon.

The Shamrock club was delightfully entertained at the home of Mrs. H. W. Heitler yesterday afternoon. Due to the absence of the club there was but a short business meeting before the program was given. Mrs. W. Z. Iron was successful in winning the prize in the contest. At the close of the afternoon the hostess served delicious refreshments. There were nine members present. The next meeting will be held at the home of Mrs. A. U. Skulman in two weeks.

Senator S. P. Atherton of Hazelton is attending to business interests in Twin Falls.

Mrs. Guy H. Ewing of Buhl is in Twin Falls on a shopping and pleasure tour.

Today's Markets

Grain and Provisions

CHICAGO, (AP)—Absence of selling pressure, together with the fact that offerings were unusually light, led to upturns today in the price of corn. January and February deliveries in particular showed strength. Continued meagerness of receipts and the

lack of any accumulation of corn in stock here gave considerable advantage to bulls. Opening prices, which ranged from a shade to 2c higher, with May, \$1.30 to \$1.36 1-4 and July, \$1.35 to \$1.35 1-8, were followed by moderate further gains.

Oats hardened with corn. After opening a shade to 1-4c higher, including May at \$1.14 to \$1.15, the market scored a slight further advance.

In the last hour, reports of a Canadian cargo on eastbound shipments of grain landed in the West.

The close was unsettled, ranging from 3-4c net decline to 2c advance, with May, \$1.35 1-8 to \$1.35 5-8 and July, \$1.35 1-8 to \$1.35 1-4.

Provisions were firm, helped by the strength of grain. Most of the trade was in lard.

Cash Quotations:
Cattle—Receipts: No. 8 mixed not quoted; No. 3 mixed \$1.51; No. 2 yellow not quoted; No. 3 yellow \$1.01 to \$1.51 1-2.

ABSTRACTS OF RECORDS
Farm and City Loans

When a new family moves into Twin Falls

we like to have them drop in and get acquainted.

Perhaps we have friends living in the city they just left.

Maybe we can help them locate a landlord, or assist in a hundred and one other ways to make their arrival pleasant and their stay permanent.

Many of our staunchest customers were strangers in town until they met us.

If you are not acquainted with our ethics of doing business—drop in.

We will enjoy meeting you and since we are the foremost men's store in the city it wouldn't do you any harm to meet us.

You are always welcome at the Idaho Department Store and that includes Strangers, Native Sons, New Comers and Old Settlers.

The Greater
IDAHO DEPARTMENT STORE Ltd.
Up to date TWIN FALLS—IDAHO Progressive

We have held out against increasing costs as long as we could but—

We Are Forced to Increase Our Prices

Cleaning and pressing prices in Twin Falls, today, are substantially what they were before the war. Because of this local cleaners and tailors are facing conditions which make imperative a revision of prices on Ladies' and Gentlemen's garments.

Living conditions are abnormal. Wages have increased 50 to 100 per cent in this line of work and further increases may be expected; rents have jumped 30 to 50 per cent; gasoline and coal are higher; soaps and chemicals cost 300 to 400 per cent more; suit hangers, boxes, supplies and repair materials have increased 50 to 150 per cent. Clothing costs have advanced 50 per cent and more, and yet the risks assumed on higher priced garments are the same as they were two years and more ago. With everything costing more and no relief in sight, Twin Falls cleaners and tailors have borne the increasing expense until they find it impossible to meet the future without a readjustment.

Because of these conditions, the cleaners and tailors listed below announce a

NEW SCHEDULE OF PRICES EFFECTIVE FEBRUARY 1, 1920

Suits, sponged and pressed, formerly \$1, now \$1.25
Suits, dry cleaned, formerly \$2, now \$2.50
Overcoats, sponged and pressed, formerly \$1, now \$1.25

Local Brevities

Went for Visit—Mrs. P. H. Smith left last evening for Los Angeles, Cal., where she will visit with her daughter, Mrs. Joseph H. Beaver.

George Dow in Hospital—George M. Dow underwent an operation for appendicitis at the county general hospital yesterday.

Going West—Mr. and Mrs. J. M. Ellis and Mrs. Ellis's mother, Mrs. Josephine Crum, are leaving tomorrow for San Diego, Cal., to make their home.

Home from Santa Barbara—Mrs. M. J. Anderson and little daughter, Virginia, returned to Boise Wednesday after spending two weeks with Mrs. Anderson's sister, Mrs. Carl Dilling.

Mrs. Maxwell Recovering—Mrs. John M. Maxwell, who has been a patient at the county general hospital, has recovered sufficiently to be removed to her home.

Answers Amended Complaint—Yesterday is the district court. W. P. Guthrie and A. J. Myers, appearing for the defendant in an action instituted by Everett Hall against M. Stangor, answering a partnership in business, filed an answer to an amended complaint.

Knights Templar Meet—Last night members of Twin Falls Commandery No. 10, Knights Templar, held a meeting for the purpose of conferring Red Cross orders. The next meeting of the Commandery will be on the night of the first Tuesday in February when the Templar degree will be conferred.

Assisting Demonstrator—Miss Edna Wold, clothing specialist of the state extension department, is here for a few days to assist Miss Edna Ladwig, farm bureau home demonstrating agent, in conducting demonstrations and meeting project leaders of the district. Miss Wold will conduct a general session at 1 o'clock tomorrow for the purpose of meeting project leaders.

McKinley Day Observed—The Henry V. Walling circle of the Ladies of the G. A. B. met at the home of the president, Mrs. T. O. Boyd, Thursday evening in special session in honor of the birthday of William McKinley. After initiation, a program was given, the subject being the life and character of William McKinley, the martyred president, who was also a member of the G. A. B.

For Scholastic Contests—Alta Belmont Wolfe, county superintendent of schools, announces a program of meetings preparatory to the proposed annual school contests. One of these is being held at Castleford today and one will be conducted at Hansen tomorrow. Next Wednesday schools south of Twin Falls meet at Mountain View school, while later a number of schools will meet in Hollister.

Society Reorganized—The ladies of the Brethren church met yesterday at the home of Mrs. Chester A. Reddy, 257 Jefferson street, for a reorganization of the church aid society for the year 1936. The following officers were chosen: Mrs. Charles W. Bank, president; Mrs. Jess, vice president; Mrs. C. Fahrney, secretary-treasurer; Mrs. Glen Hempleman, assistant secretary-treasurer; Mrs. Joseph Hix, superintendent; Mrs. John Wolf, assistant superintendent.

Salmon Profitable—A salmon has been known to produce 10,000,000 eggs.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts, put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. If you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well—adv.

DEGREES IN "REDNESS"

Whether it is justifiable or not—and there can be no valid determination on that score in anticipation of its outcome—the trial of the five suspended socialist members of the New York state assembly is serving a highly useful purpose in that it is bringing about a popular discrimination as between the several and various degrees of "redness" in the diversity of radical organizations.

If it stirs up righteous indignation on the one hand against the extremists and exploiters within the radical current, it arouses sympathy and a disposition to help those who are deluded by them.

And it is essential that in the campaign against the reds, as in any other similar movement, the objective should be clearly outlined and the sights set correctly.

For the guidance of the general public which heretofore has not concerned itself over much in the ramifications of radicalism, the statement of a federal immigration inspector now on duty in the Northwest, serves admirably in the present situation. He says:

"It has been our experience that the so-called 'reds' in this country belong to many and various parties or organizations. There are, for instance, the Non-partisan league, the socialist party, the I. W. W., the communist party and the communist labor party. These differ in their shades of radicalism to this extent—the first advocates by political action the obtaining of what the extremist would call 'state capitalism'; the second, advocates the communist form of government and economy by political action, or 'evolution'; the I. W. W. is a revolutionary organization with a veneer of 'respectability' while the communist and communist labor parties have shed the veneer and are openly and frankly revolutionary.

"In all these classes the membership comes from three elements—the ignorant, the exploiter and the alien-poor radical, who really is sincere in what he thinks and believes."

This is in line with the statement of Lenin himself who declared that in Russia the professed bolsheviks were divided in the ratio of 10 real bolsheviks, 30 knaves and 60 fools in every hundred.

Many men have joined the I. W. W. under the impression that they were joining a labor union. Many others join it through fear. In the communist and communist labor parties a method of approach is to tell the prospective member that the order is formed with the idea of obtaining community buildings or clubs or what-note with the word community in a perfectly legitimate sense.

It is against the 10 per cent extremists and 30 per cent of exploiters that justifiable means of repression are to be imposed.

BRITISH TOWN INAUGURATES GREAT HOUSING CAMPAIGN

TILBURY, Eng., (AP)—Tilbury has inaugurated a great housing campaign involving an expenditure of £150,000 for the benefit of the transport workers at the docks.

It is planned to erect about 1,250 houses which will be equipped with bath and all the most modern apparatus for sanitation and comfort. These buildings will be grouped about a triangular central park.

PORPOISES WRACK HAVOC WITH FRENCH FISHERIES

BRENET, 17th—Such havoc has been wrought in the maritime fisheries off the coast of Brittany by schools of porpoises that the French ministry of marine for 1919.

The ministry has been asked to take measures at the fishing ports, such as the one at Brest, of having an explosive on the beach to kill the porpoises.

Origin of Wall Paper.

The Chinese were the first to use paper for decorating or covering the walls of rooms. The Dutch are supposed to have introduced the use of wall paper into Europe in the sixteenth century. The earliest sale known in the United States was in 1745 in Philadelphia, where Charles Harsanyi advertised the business. A person named Fiesch manufactured wall paper in Philadelphia about 1747.

The "Yes" Artist.

"When a man says 'Yes' to everything you suggest, you suddenly realize that you've been talking to a man who isn't paying much real attention to your remarks."—Exchange.

PLEASE THINKING BY SENATOR

POINDEXTER

(Spokesman Review)

Senator Poinexter, in a speech at Providence, R. I., gave a clear analysis of the so-called anti-trust provision of the Cummins railroad bill as it passed the senate. He drew attention to the fact that the constitution expressly prohibits involuntary servitude, and congress could not, if it so desired, pass a valid law that carried any semblance of involuntary servitude. On the contrary, the bill expressly guarantees that "nothing herein shall be taken to deny to any individual his right to quit employment for any reason."

What the bill does prohibit is a conspiracy "intentionally to hinder, delay or prevent the operation of trains or other facilities of transportation." A conspiracy of that kind is a species of intimidating and destructive warfare against the American people, including the wage-earners and all other workers. Under our complete industrial and commercial relations more than 100,000,000 people are dependent on the railway service. The blocking of transportation, even for a single day, would lay incalculable losses on the people. A railroad blockade of a week would cut off the mail, the supplies of millions of children in the large industrial centers and send a host of infants to untimely graves.

The blockade while permitted under certain restrictions by international law, is concededly a harsh, desperate and cruel weapon of warfare. The attempt by any foreign power to blockade American ports would be equivalent to a declaration of war. Must it be said that we are powerless to deal with internal blockades conducted by a conspiring minority who will not scruple to gain their ends by force and woe a species of civil warfare against their own fellow citizens?

It is a surely true, as Senator Poinexter says, that "the paralysis of transportation, bringing cold and hunger to the people, and depriving them of their means of livelihood, is as much the application of force and coercion as though a physical attack were made upon them."

The Cummins bill would forbid that barbarism and substitute for a terrifying species of civil conflict an orderly, lawful method of awarding industrial justice to the railway workers. It is fair, humane and just, and no body of American citizens can afford to array themselves against it.

STATE COUNTS GAME BAGS

Pennsylvania Hunters Kill Legally 2,013 Male Deer Weighing 978,000 Pounds

PHILADELPHIA, (AP)—Pennsylvania hunters last year killed legally 2,013 male deer weighing 378,000 pounds. They also shot illegally 110 male fawns and 307 does. The deer hunters got 472 carcasses and those who went after rabbits killed 2,719,870. Turkey shooters got 5,181.

Fatal accidents exceeded former years, 20 persons having been killed and 128 wounded.

The state game bureau is paying out about \$1,700 a day at present to those who prevent poisons from noxious animals at this season. The bounty is paid from the revenue from hunters license of which 395,000 were issued.

MEXICO REPORTS CENSORSHIP

FEATURE OF ANTI RED DRIVE

MEXICO CITY, (AP)—The United States government, in its fight against bolshevism, is exercising a strict censorship on mail from the Mexican states of Tamaulipas, Yucatan, Vera Cruz, Sinaloa and Sonora, says word, papers of this city which assert the information comes from government sources. It is said here that the above named states are regarded as bolshevik centers.

SPENT LOTS OF MONEY, HE SAYS

Could Find Nothing to Help Him Until He Took Tanlac—Wife Is Also Helped

W. O'Gorman, a well known employee of the Oil Well Supply Co., and his wife, who reside at 611 East Fifth St., Los Angeles, are both enthusiastic in their praise of Tanlac, and make the following statements a few days ago:

"Tanlac just beats anything I have ever seen to build up a weak man and put him back on his feet again," said Mr. O'Gorman. "For the past two years I have been going around with little life or strength about me, and I was so weak that when I got through with my work in the evenings I was almost exhausted. I had little or no appetite and what I ate did me more harm than good, and it seemed that I had a cold all the time and could never find anything that would drive it out of my system. I couldn't sleep good at night and when I got up every morning I would start to coughing and for half an hour or more I would nearly cough my head off."

"I spent all kinds of money for medicine but nothing ever did me a particle of good until I began taking Tanlac, and I want to tell you Tanlac built me up so fast that it looked like it was made especially for me. I eat three big hearty meals every day, digest it perfectly and am gaining in weight and strength right along. I am not troubled any more with colds and the cough that used to bother me every morning has left me entirely. I am sleeping sound all night long and got up feeling fine and I have so much more strength and life about me that I just want to keep on the go all the time."

In relating her experience with the medicine, Mrs. O'Gorman said: "I just can't think of anything that would be too good to say about Tanlac for it has made me a well and happy woman. Indigestion troubled me so bad that I didn't care whether I ever ate anything or not, for I knew if I did I would have terrible pains for hours afterwards. I was bothered more in the mornings than at any other time, and it just seemed that I could hardly stand the pains sometimes. I was losing my strength fast and all the time I went about feeling weak and draggled."

"My mother had tried Tanlac and it had done her so much good that she advised me to take it, and when I had finished four bottles I stopped taking it for I started gaining weight so fast that I was afraid I couldn't wear my clothes. Anyhow I wasn't after gain in weight so much as I wanted to be rid of the indigestion and those terrible pains in my stomach, and they had already been entirely overcome, so Tanlac had done its work and I didn't need to take any more. Everything tastes good to me now and I don't have a trouble of any kind. I can certainly join my husband in praising Tanlac for it was just the thing both of us needed."

Tanlac is sold in Twin Falls by City Pharmacy, in Rogerson by Thompson Drug Co., in Murtaugh by Murtaugh Drug Co., in Filer by A. B. Wood, in Buhl by C. D. Horing Brothers Co., and in Kimberly by A. L. Stowe.—adv.

MEXICAN SILVER OUTPUT

SHOWS DECLINE FOR YEAR

WASHINGTON, (AP)—Silver production in Mexico from January to September 1919 amounted to 49,948,621 ounces compared with 62,224,101 ounces for the year 1918, according to a report from Mexico City to the department of commerce.

SAYS GOVERNMENT TAXES \$550 FOR EVERY FAMILY

Massachusetts' Congressman Criticizes Federal Reserve Board for Issuing \$3,000,000,000 in Notes

WASHINGTON, (AP)—Government taxes during 1921 will amount to approximately \$550 for every family in the United States, Representative Luce,

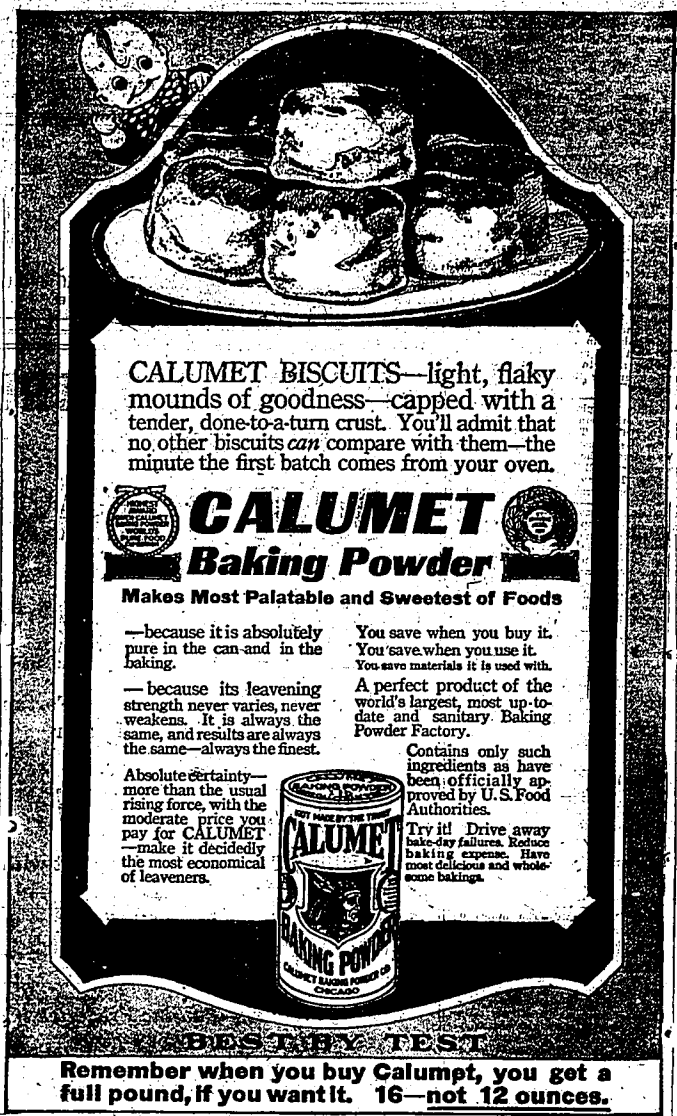

Republican, Massachusetts, declared yesterday in the house. Criticizing the federal reserve board for issuing \$3,000,000,000 in notes, Mr. Luce said there was an impending "financial menace."

The federal reserve system, he said, has "never stood any test."

Representative Herffin, Democrat, Alabama, replied that the reserve act was "the best piece of legislation devised to break the Wall Street monopoly."

USE CARTRIDGE CLOTH FOR FROTHING WOMEN'S WEAR

WASHINGTON, (AP)—Cartridge cloth, a new material created by the war, is being transformed by war department experts into attractive goods for women's wear. "Samples of the material," made up in women's blouses of fetching design is being offered for sale in New York stores to see how much takes to it. If it proves popular other creations will be put on sale.

CALUMET BISCUITS—light, flaky mounds of goodness—capped with a tender, do-it-a-turn crust. You'll admit that no other biscuits can compare with them—the minute the first batch comes from your oven.

CALUMET Baking Powder

Makes Most Palatable and Sweetest of Foods

—because it is absolutely pure in the can and in the baking.

—because its leavening strength never varies, never weakens. It is always the same, and results are always the same—always the finest.

Absolutely certain—more than the usual rising force, with the moderate price you pay for CALUMET—make it decidedly the most economical of leaveners.

You save when you buy it. You save when you use it. You save materials it is used with.

A perfect product of the world's largest, most up-to-date and sanitary Baking Powder Factory.

Contains only such ingredients as have been officially approved by U.S. Food Authorities.

Try it! Drive away bake-day failures. Reduce baking expense. Have most delicious and wholesome bakings.

JACKSON LAKE WATER IS LOW

Supply for Irrigation Meagre but Snowfall in District is Above Normal

Information just received by the Twin Falls Canal company from Barry Dibble, project manager, Burley, Idaho, indicates that the snow fall in Jackson lake reservoir district was a little above the average "until, about January 19 when the last measurement was made. The report from the superintendent shows that since September 1 there has been a total of 134 inches of snowfall at Moran, amounting to the equivalent of 7.14 inches of water. The snow settled very much and during mild weather early in the winter much of it melted, reports say.

On January 10 there was on the ground at the following stations the amount of snow indicated below:

Moran, 24 inches; Ed. Sheffield's Station, 48 inches; Cascade, 65 inches; Lewis Lake Divide, 73 inches.

The precipitation at Moran, the outlet of Jackson Lake, was just normal on January 10, and about 3 inches greater than for the same date last year.

The following table shows in figures the acre feet of water contained in the Jackson lake reservoir on January 10th for the past four years: 1917, 338,020 acre feet; 1918, 439,040 acre feet; 1919, 267,070 acre feet; 1920, 87,300 acre feet.

The small amount of water in the reservoir at this time is, in a measure, due to the fact that the last filling of the reservoir usually begins after the first of April when the snow begins to melt.

J. C. Wheeler, general manager of the Canal company, announced he expects to get reports of conditions from the headwaters of the Snake river early the coming week. This report will be followed by similar data on April 1 and May 1.

HORTICULTURISTS TO MEET TOMORROW

Organization of County Orchards and Pest Control Subjects to be Discussed

Beginning at 2 o'clock tomorrow afternoon members of the Twin Falls County Horticultural society, recently formed, will go into session at Pariah hall for the purpose of considering plans for the complete organizing of county orchards, and to take into consideration such matters as may well come before such a meeting.

Among the subjects to be considered at this conference will be that of pest eradication, and intensive consideration will be given this matter.

AFTER PURE-BRED HOGS

L. S. Otte, president of the Idaho Duroc Breeders' association, and the leading breeder of Duroc swine in this section, leaves tomorrow for Hyatt, Oklahoma, to make purchases of purebred Duroc-Jersey gilts from a herd considered the best in the United States. These animals will be used in the establishing of his herd as the top in the northwest country.

FARMER IS FINED

James Wallace, a local farmer, was arraigned in the police court this morning on charge of drunkenness and disorderly conduct. He was proved guilty and fined \$25, which, together with costs of \$7.50, has been promised to pay into the municipal court, tomorrow morning. Wallace was arrested by the police last night.

"FLU" CONTINUES TO GAIN GROUND HERE; NO ISOLATION PLACE FOUND

Reports Tell of 37 Cases in Twin Falls City Alone, but Authorities Believe Actual Instances Number More Than 100—Hospital Location is Badly Needed, Red Cross Officers Declare

Twelve cases of influenza reported last evening, as having developed through the day makes the official record of epidemic instances in Twin Falls 37, according to Dr. G. Q. McGinnis, county health officer.

"That there are more cases of 'flu' in Twin Falls than have been reported is the belief of local and county authorities, and the effect of the Red Cross. It is believed that complete reports have not been made. Some authorities estimate the cases at more than 100.

Yesterday's county "flu" developments brought to light existence of 27 new instances of contagion, of which 20 are in Kimberly and Hansen alone.

Up to noon today no place has been found in Twin Falls to serve as a detention hospital for "flu" patients.

Butler S. Morse, of the Red Cross Home Service department, and

E. J. Finch, chairman of the Twin Falls county board of health, and Roy Crox, agent all forenoon investigating probable locations, but found no success. Patients are still being cared for in homes and rooms where they are found.

Arrangements have been made with the contractor in charge of plumbing and heating installation at the county hospital annex for early completion of the work. This job, it is expected, will be finished tonight so that the ward can be used tomorrow. This completion, however, will not relieve the city situation, since the building will be devoted exclusively to the isolation of county smallpox patients.

A small ward in the general building, now used for smallpox isolation will be used for the care of "flu" patients developing at the hospital itself, according to T. E. Moore, chairman of the board of county commissioners.

ROBINSON AWARDED POSSESSION OF CAR

District Court Jury Decides Mrs. Hays Did Not Own Auto to Hazardous in Wager

O. A. Robinson, former state senator and republican state committeeman for this county, was this morning awarded legal possession of an automobile won from J. W. Hays on an election bet in the fall of 1918.

The award was made by a jury impaneled in an action brought in the district court by Minnie L. Hays against Mr. Robinson to prevent his holding possession of the car. The jury was out but a short time and brought in an unanimous verdict for the defendant. The case itself has excited more than ordinary interest in this vicinity since the bet was made and lost by Hays, who was not a party to the court suit. Mrs. Hays claimed in her complaint that the car put up as stakes, was not the property of her husband, and that he had no legal right to use it as a gambling hazard. Testimony introduced by the defense tended to prove that Mrs. Hays sanctioned the bet and that she joked before the election decision that after election they "would own two automobiles."

The verdict of this morning was signed by W. M. Shriver, as foreman of the jury.

PERMITS ISSUED AUGER WELL FOR CONSTRUCTION

Nearly Quarter of Million to be Expended Under January Building Licenses

Expenditure of nearly a quarter of a million dollars is involved in construction under permits issued during the month of January.

In second figures, up to the close of last night's business, there being no permits issued to noon today, the amount shown on the permits is \$227,335. Most of the structures are residences and smaller buildings.

Among the edifices of major importance for which licenses to build were issued in January are the Reed apartment house at the corner of Ninth avenue north and Shoshone street, and the Tom Kolo restaurant and rooming building on Main avenue north. The Reed building will cost nearly \$100,000, and the Kolo building something more than \$40,000.

Yesterday the following permits were given out: Archie Craig, two residences on Ninth avenue north each to cost \$4000; to Burton E. Morse, garage and alterations to house on Tenth avenue north to cost \$1200; to Mary E. Logan, garage on lot 8, block 1, to cost \$400.

APPEALED CASE IS UP

A jury in the district court today is weighing evidence in an appeal case entitled Joseph Groh against Roy Mercer. The case is a suit on contract and was decided in a justice court last fall in favor of the plaintiff. It involves a job of painting on defendant's property.

DIVORCE IS GRANTED

Judge W. A. Babcock of the district court, yesterday evening ordered a decree in favor of the plaintiff in a divorce action brought by Margaret Butler against Ray Butler. Cruelty and non-support were the basic charges of the suit.

SURE-ON ACCOUNT

In the probate court this morning, Attorney J. W. Taylor of Buhl filed an action for Mrs. B. Reynolds, of the Buhl General hospital asking court judgment against E. O. Hanson. The action is based upon alleged unpaid accounts amounting to \$377.75.

Debt World is Apt to Forget.

The growing good of the world is partly dependent on unhistoric acts; and that things are not so ill with you and me as they might have been, is half owing to the number who lived faithfully a hidden life, and rest in unvisited tombs.—George Eliot.

SCHOOL BONDS VOTE BEING TAKEN TODAY

High School Auditorium Scene of Election to Order \$100,000 Issue or Not

To vote bonds for school house construction in Twin Falls, city an election is being held in the high school auditorium this afternoon. Voting began at 1 o'clock with a considerable display of interest in the issue.

The proposition involved in this election is the need of \$100,000 to finish construction now under way and to provide further housing facilities for city school pupils. Polls will be open to all freeholders and householders until 8 o'clock.

Statistics prove that at the present time there are approximately 3000 pupils enrolled in Twin Falls city schools, a number that might be considerably augmented if the city had housing facilities for the others. Congestion is recorded in most of the main buildings now, a fact which has caused considerable concern among school authorities.

Deaths

Funeral services for Siphorus Gates, who died Wednesday night, are to be held at the home, 353 Third avenue north at 2 o'clock tomorrow. Archdeacon Howard Roy, of the Episcopal diocese, located at Pocatello, will be here to conduct the services. Music will be supplied by the Episcopal choir according to the Episcopal service for the burial of the dead.

Auto Owners, Attention! IS YOUR CAR INSURED?

Do you realize that you have from \$500 to \$4,000 invested in your auto?

You would not consider it good business to leave your residence unprotected by insurance. Yet you may have as much cash invested in your car as in your home or furniture. Why carry your own risk on your car?

Perhaps the reason you do not carry Auto Insurance is because you have never heard of the attractive Policy offered by the Union Automobile Insurance Company. Did you know that you could insure your car for a three year term at double the annual rate, the same as on your residence?

This Policy will protect you against loss by Fire, Theft, Property Damage and Collision Damage. You can insure for each class separately or can take a combined hazard policy and for good measure, and no additional cost, a liberal reward will be offered in case of theft.

With this policy you have an agreed value on the car in case of loss—no trouble with an insurance adjuster.

Don't put off insuring your car another day. Give us the date you purchased your car and the original cost to you and we will convince you that you cannot afford to be without this reasonably priced insurance—on a combined hazard policy less than half what it will cost in other companies.

An extra attractive policy on Commercial type cars.
