## PALMER AVERS DEPORTATIONS CREATE ORDER

Attorney General Gives House Judiciary Committee Views on Necessary Legislation to Curb Radicalism

WASHINGTON, (AP)—Deportation of radicals, country wide, arrests of others and the "vigilant" enforcement of existing laws has given notice that the United States intends to keep order and has helped improve conditions," Attorney General Palmer yesterday told the house judiciary committee.

The positive intention of the government to punish crimes of "reds" and communists has created a state of order which would have been impossible without arrests and deportations, he added.

Says He Is Misunderstood  
"Some misunderstanding exists in regard to my attitude towards the legislation," he said. "Some hold I had a 'plain case of cold feet,' others that I had 'turned tail.' That, of course is not correct. I did not attend because I could not give support to the pending rule for the Stirling-Griffin bill."

More harm than good would come from repressive legislation, Mr. Palmer said, adding that pending measures were so drastic and far-reaching that they would over-reach the purpose for which they were intended.

"The situation calls for legislation of simple character guarding the bill of rights but filling a hiatus in laws which exist in present statutes," said Mr. Palmer.

"There is no federal statute which is adequate to meet the situation. A condition of revolutionary intent exists in this country on the part of aliens and citizens sufficiently widespread in character to merit consideration by congress. Threats are written by persons who would injure and overthrow the government."

"And these threats which are being circulated on the part of such persons are the kind which do not enable those who employ them to the guarantee of the so-called right of free speech."

Argument Insignificant  
Mr. Palmer said he disagreed with those who claimed revolutionary utter-

ances should be met by arguments instead of statutory laws. Denying that because of apparent differences in stopping "red" activities last summer, every newspaper in the country had "abandoned" at him, Mr. Palmer said the department was giving advance notice of intended widespread violence against the government had blocked any great disturbances.

"Only one of the last and order. There are 50,000 members of the communist party in this country and the communist labor party is even larger," Mr. Palmer said. A number of arrests from anarchistic literature revolutionary in character and still no existing statute made the printing and circulating of such documents unlawful.

## MARTENS ASKS SOVIETS FOR AMERICANS' RELEASE

Suggests to Litvinoff that Bolsheviks Call Attention to International "Incongruity"

WASHINGTON, (AP)—Ludwig C. A. K. Martens, representative in this country of the Russian soviet government, made public yesterday a cablegram he had sent to Maxim Litvinoff, assistant commissioner of foreign affairs, now at Copenhagen, advising that American Red Cross personnel, recently captured in Siberia, be released unconditionally. Pending that action, Martens said in a statement he wished to assure relatives of the Americans that they would be treated with every consideration.

Martens suggested to Litvinoff that the soviet government call attention to the "incongruity" of the release of the Americans while "Russian citizens in America are being unjustly arrested and mistreated," and while Martens himself is under "threats of deportation."

## AZERBAIJAN DENIES INTENT TO ALLY SELF WITH SOVIETS

BAKU, Transcaucasia, (AP)—Reports current throughout the Moslem world that the little republic of Azerbaijan would welcome an alliance with the soviet government of Russia against the allied powers are denied by Nasibbek Oussubekoff, premier of the republic. He characterized such rumors as "house talk" and said peace was the only objective of the Azerbaijan people.

## TEUTONS FLOCK TO ARGENTINE

Great Increase in Foreign-Born Population Causes Grave Problem

BUENOS AIRES, (AP)—Every steamer arriving here from Latin ports of Europe and from Holland is loaded with immigrants coming here to settle. Most of those on the Dutch ships are Germans. They are attracted by the facts that Argentina is prosperous, unscathed by war and belief that it gives promise to rapid development.

A great increase in the foreign population of the Argentine is expected owing to the immigration. Already nearly one-half of the population of Buenos Aires is foreign-born and a majority of these have failed to become citizens, although only two years residence is required. Many have long been residents of Argentina and are large property owners.

The influx of new immigrants has prompted a proposal by Dr. Juan Carlos Garay, professor of law in the University of Buenos Aires, to propose enactment of a law making naturalization obligatory without renunciation of citizenship in the country of birth. Professor Garay hopes in that way to solve the problem presented by failure of so many foreign-born persons to become citizens and take part in the affairs and politics of the country. He admits that this is a revolutionary doctrine but contends that for Argentina its advantages would outweigh the disadvantages.

## MEXICO PLANS PROTEST AGAINST AIR INVASION

MEXICO CITY, (AP)—Details concerning the landing at Nacozari, Sonora, of Major Walton and Lieutenant Wolf, American aviators, have been requested by the foreign office for the purpose of framing and forwarding an energetic protest to the United States government. Data has already been collected regarding previous landings in Guerrero and it will be claimed that they have been in effect invasions of Mexican territory by armed American forces.

## PRESIDENT UNLIKELY TO LEAVE WASHINGTON SOON

Physician Says Improvement in Steady and Treatment Will Not Be Changed

WASHINGTON, (AP)—President Wilson is not likely to leave Washington for some time, his physician, Rear Admiral Grayson intimated in discussing reports from various sections of the country concerning impending trips. With the president steadily improving, Doctor Grayson said he thought it would be unwise to change his course of treatment.

Every possible precaution to prevent the president contracting influenza is being taken, Doctor Grayson said, and no showing any sign of a cold being allowed to enter the president's room. The president's improvement from week to week is noticeable, Doctor Grayson continued. He is allowed to walk from room to room on the second floor with the aid of his cane, but so far has not been permitted to venture below stairs out of his wheel chair.

## IMPROVED FREIGHT BARGES TO CARRY OIL IN BULK

PITTSBURGH, (AP)—Freight barges of an improved type are being built in a shipyard here for the United States railroad administration. They will be used on the lower Mississippi river for carrying oil in bulk and for general cargo. Each barge is 230 feet long, 45 feet beam and 11 feet deep. The hold is divided into 18 compartments and has 16 hatches. The capacity is 2,000 tons.

## High School News

The University of Idaho Glee club entertained the student body assembly yesterday afternoon with several selections from its repertoire. This short but interesting program was greatly appreciated by the school.

At a special election held yesterday, Mario Lecco was chosen vice-president of the senior class, an office which is usually filled during the second semester.

enter of the graduating class' last year. The vice president, however, will not hold a seat in the student senate of the school.

"Lo Cerolo Francese" met Tuesday evening and enjoyed an interesting program given by members of the club and others. This program comprised: Piano solo by Beta Osborn. Lecture, by Rebecca Bonwell. Piano solo by Emerson Bolt. Lecture, by George Fawcett. Selections by a mixed quartet, composed of Dwight Kuhns, Olive Shelby, Oporetta Murray and Clara Campbell. Discourse on France by Capt. C. H. Krangoh.

Games followed this program and a business meeting was held, at which the students decided to admit to membership other students having successfully studied French two or more semesters. About thirty pupils were present at this meeting.

## Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.  
The freight on it has increased only 51 cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

## GIRL'S STORY IS PRESERVED

**Testimony Regarding Socialist's Alleged Insult to Flag Remains on Record**

ALBANY, N. Y. (AP)—A sensation occurred yesterday when the trial of the five suspended socialist assemblymen when, just before the luncheon recess Assemblyman Maurice Bloch, a member of the assembly judiciary committee, sitting as a tribunal, moved there be struck from the records as "obviously impossible" the testimony yesterday of Miss Ellen B. Quiver, 18-year-old stenographer, that she had seen Assemblyman Charles Solomon, a defendant in the American flag in the presence of a crowd. The motion was denied by Louis M. Martin, committee chairman.

Counsel for the assembly judiciary committee, announced at the opening of the hearing that they would seek to prove Assemblyman Louis Waldman, a defendant, had made the following statement on the floor of the socialist convention in Chicago in 1918:

"If I knew we could save the boys over there, I would vote to use them against the capitalist class. I would vote in favor of universal military training."

John B. Standafield, made this announcement in connection with his proposal that a witness in Milwaukee—identified by opposing counsel as J. L. Harris, formerly city editor of the Milwaukee Leader—give his testimony by deposition. The witness, who is said to have "covered" the Chicago convention, is unwilling to travel to Albany because of the serious illness of his wife.

Seymour Steadman asked what the prosecution sought to prove by the witness asserting the defense might be willing to admit the fact and save expenditures of \$1,000 which would be incurred if the testimony were taken by deposition. When, however, he was informed that the prosecution sought to prove, he agreed to taking of the deposition.

## AGREEMENT REACHED ON RAIL BILL PROVISION

**Senate and House Conferences Compromise with Substitute for Anti-Strike Clause**

WASHINGTON, (AP)—Senate and house conferees reached a vital agreement yesterday upon the railroad bill, with the settlement of the anti-strike clause, one of the most controversial provisions of the bill, by both houses to the scaled rate making sections and the labor provisions.

The compromise reached provides for elimination of the senate anti-strike clause and substitution therefor of provisions whereby wage disputes will be settled by wage boards composed of an equal number of employees and railroad officials. In case of a disagreement appeal would be taken to another board upon which the public would be represented.

## SEARCH FOR GIRL WITH DUAL LIFE CONCLUDED

**Society Bud By Night and \$25 a Week Cashier by Day Is Held in Custody in Canada**

CHICAGO (AP)—The search for "blue eyed Mona Rose," dashing bud of the North Shore society set by night and \$25 a week cashier in a wholesale leather house by day, has ended in Canada.

Mona Rose, whose daytime and baptismal name is Rose Schweiberg, has been missing for several days, and investigation of her books at the leather house is said to have disclosed a shortage of \$10,000.

Her employers announced yesterday they have received a telegram from the missing cashier, filed in Winnipeg, stating that she was about to be married in Canada and later the Canadian police reported her arrest.

While police were searching for the girl, the leather company has caused Mona Rose's \$1,500 automobile, \$2,000 automobile and the furnishings of her luxurious apartment to be seized.

Her mother, who works for her living in a factory, told police yesterday that the girl had gone to work when twelve years old to help support the family.

## STATE FARM BUREAU MEETS FEBRUARY 9-10

**Question of Affiliation with the Federation Comes Up in Boise Monday**

BOISE, (Special).—Deals finally set for a meeting of the Idaho State Farm Bureau, to vote on a proposal to join the American Farm Bureau Federation are February 9 and 10. The executive committee of the state farm bureau will meet Monday afternoon, February 9, in Boise, and the farm bureau presidents will meet Tuesday.

The call for the meeting is issued by L. W. Fluharty, director of the University of Idaho extension division, who is secretary of the state farm bureau. "About 100 delegates will be present," says a letter to Mr. Fluharty from J. W. Coverdale, of Ames, Iowa, temporary secretary of the national organization. "and have assurances of 12 or 14 more before the March third meeting. I do not know of a single state that has held its annual meeting that has turned the American organization down."

On the basis of a 20,000 membership, Idaho will be entitled to two directors for participation in a national meeting to be held at Ames, March 3, in case the Idaho bureau votes to affiliate. Farm-bureau officers in the counties are being urged to make a careful survey of the sentiment of their territory with regard to joining the national organization.

## SPOKANE MAKES INROAD ON CANINE POPULATION

**Humane Society Official Reports Decrease in Number of Dogs from 5,000 to 2,000**

SPOKANE, Wash. (AP)—Spokane's canine population has decreased in the last two years from 5,000 to 2,000, according to J. M. Harris, superintendent of kennels for the Spokane County Humane Society.

During the war, Dr. Harris said, propaganda directed against the supporting of useless dogs, 5,000 of the animals were done away with here. The normal loss of lives among dogs here is about 40 a month, due to automobile accidents, he stated, and this number is increasing.

Increased demand for the better breeds of dogs is expected to have a three-fold demand that the humane society has found it necessary to exterminate only a small percentage of the dogs it has impounded. Last year 201 dogs were taken up by the society for failure to pay licenses on the part of their owners, and of this number less than 100 were killed. The rest only the diseased, aged or otherwise useless animals.

The humane society kennels here are distributing parts of the dogs of Canada, Idaho and Washington and orders now on hand for certain breeds of dogs cannot be supplied, it is stated.

## ANTI-BELLEVUE SLAVE MARKET TO BE MOVING PICTURE THEATRE

NASHVILLE, Tenn. (AP)—The old building in Cedar Street here, in antebellum days one of the largest slave markets in Tennessee, and in later years the site of one of the South's most widely known saloons and gambling houses, is to be converted into a moving picture theatre for negroes. It has been purchased by a wealthy negro real estate dealer, who as a boy was employed as "pick-out" for the gambling house on Sundays to give warning of impending raids by the police.

## PROPOSE NEW AIR ROUTE

LONDON, (AP)—British government agents have proposed an air route between Europe and South America via Paris, Madrid, Rabat, in Morocco, Beirut, on the west coast of Africa, and thence by a 1,450-mile ocean route to Pernambuco. The larger quarters will enable Mr. Allen to carry and display a much larger stock.

## ROCK CREEK

ROCK CREEK—This village is in the grip of the worst influenza epidemic experienced in its experience. The "flu" has broken out with intense vigor, reports showing between 35 and 40 cases in a single day. Instances are on record of all members of families stricken. In some cases employees, who have been occupying daylight hours, have been unable to do so because of the malady, are doing double duty as outdoor workers and nurses. The school has been closed, the teacher being stricken.

The roads between Kimberly and Hinassee are reported almost impassable.

Mr. and Mrs. Perry Jones made a

trip to Kimberly Saturday to procure supplies for patients who are suffering from flu.

Mr. and Mrs. Wade Van Eaton came over from House Creek Saturday for a visit with L. M. Van Eaton. The visitors found the entire Wade Van Eaton family of six ill with influenza. Mrs. Van Eaton remained, to look after the sick ones.

Mrs. Harry Nesbitt, of Twin Falls, is here nursing nine cases of flu in the Westley Hotel.

Mr. and Mrs. Edgar Owens have taken the Kew Larson house and will make their home here the coming season.

## PATIENTS AT ASYLUM FOR INSANE GO ON STRIKE

HONOLULU, (AP)—Patients at the territorial hospital, for the insane, who have been working in the tailor shop making clothes for themselves and the other patients, have gone on strike and have refused to take in another stitch unless they are paid for their labor. This is the statement of Dr. F. E. Trotter, president of the board of health. The board is considering employing outside help to do the hospital sewing, abandoned by the inmates, Dr. Trotter said.

# PREDICTS RAISE IN BOND PRICE

Comptroller of Currency Relieves Banks of Temporary Loss on Securities

WASHINGTON, (AP)—The comptroller of currency has permitted banks to carry Liberty bonds in their lists of assets at the price at which they purchased them and not at the prevailing market quotations under a ruling today by the comptroller of the currency.

Mr. Williams' ruling was contained in instructions to national bank examiners. It was explained that if a bank had purchased a \$100 bond at \$97 and subsequently the market quotations for that issue was \$95 the bank would not have to absorb the loss in listing its assets.

"There is no cause for anxiety because of the recent decline in the market value of Liberty bonds," Mr. Williams said. "The fall in price is no reflection upon their intrinsic value and desirability, but the lower quotations offer investors an extraordinary opportunity to obtain the best security in the world at very attractive figures."

The comptroller added that the income of the American people was in excess of ordinary living expenses and that as a result a surplus investment income had been accumulated. He said that with an estimated annual income of \$10,000,000,000 the American people would absorb all available national securities with the result that higher prices for them would prevail.

**Appreciation.**  
Thou hast made me known to friends whom I knew not; Thou hast given me peace in homes not my own. Thou hast brought her distant near and made a brother of the stranger. ## Today's Markets

### Grain and Provisions

CHICAGO, (AP)—Grain values dropped sharply today in a general rush to sell. Orders for a ten-day freight embargo in the middle west gave promise of a decided increase of supplies of corn here, and this fact together with disturbed financial conditions led not only to intensified selling pressure in the corn trade but also tended to deprive the market of support. Profit taking by shorts, however, checked the decline before losses became radical. Opening corn quotations, which ranged from 1 1/4 to 2 7/8c lower, with May \$1.31 to \$1.31 1/2 and July \$1.27 to \$1.28, were followed by many nervous fluctuations, but with only slight further downturns than were shown at the outset.

In the later dealings, there was considerable of a let-up in the pressure of offerings. The market closed steady at 7-8 to 2c decline, with May \$1.31 3/4 to 1.31 7/8 and July \$1.28 to 1.28 1/2. Oats displayed weakness for the same reason as corn. After opening 1-2 to 1 1/8c lower, including May at 78 3/4 to 79 1/8c, the market rallied a little but then sagged again.

Unusual downturns in the value of hogs forced decided breaks in provision prices. In some cases pork fell 15.00 to 16.00.

Mrs. E. L. Turner, Mrs. W. I. Fry, Mr. Farland and Miss Leslie McFarland, entertained yesterday afternoon at a handkerchief shower at their home in East Lawn, honoring their sister, Miss Esther McFarland, who leaves Monday for her home in Texas, where she will be married. Little Martha Turner led the bride to be in to the strains of Lohengrin's Wedding March. Later she brought in a basket containing many beautiful handkerchiefs. Musical numbers were given by Miss Marian Farland and Mrs. McFarland. A contest was enjoyed in which Miss Farland was the winner of the prize, a cut glass vase. Pink and white flowers were used for decoration. A cookbook containing chairs of the guests was presented to the hostess. Miss McFarland was showered with rice by the guests as they were leaving. Those present were Mrs. W. I. Fry, Mrs. E. Van Hest, E. Stettler, A. W. Peck, H. Eaton, Gladys F. Young, J. D. Barnhart, G. L. DeLong, E. M. Wick, M. B. Corcoran, J. L. Glavin, Charles Jones, G. H. Caldwell, Mrs. Alice Johnston and Miss Marian Farland.

The four members of the M. C. B. club having higher scores than any other club entertained those having low scores at a five course luncheon at the Hotel Perrine yesterday. Pink and white roses in the center of the table, the same color scheme being carried out in the menu. The afternoon was spent at the home of Mrs. Willet Hurd, Sr., where bridge was played. Mrs. John Costello won the honors, a pair of gold ball pins. The hostesses were Mesdames J. Slight, T. A. Reed, P. Erickson and Willet Hurd. Those entertained were Mesdames John Costello, Paul Johnston, F. Ramsey and Mary Kelly.

Mrs. L. F. Morse entertained the Wednesday Bridge club yesterday afternoon. Miss Cora Greenhaw won the honors for high score, a dainty handkerchief. Those present were Mrs. W. I. Fry, Mrs. E. Van Hest, E. Stettler, A. W. Peck, H. Eaton, Gladys F. Young, J. D. Barnhart, G. L. DeLong, E. M. Wick, M. B. Corcoran, J. L. Glavin, Charles Jones, G. H. Caldwell, Mrs. Alice Johnston and Miss Marian Farland.

Mrs. Wise Evans entertained the Eastern Nons club yesterday afternoon at her home on Second avenue west. Bridge was played. Mrs. A. H. Corbett winning the honors, a sterling silver spoon. At the close of the games the hostess served a delicious five course luncheon. Those present were Mesdames A. H. Corbett, F. W. Dunne, Hunsaker, L. T. Moore, F. W. Brumagh, R. Bobler, B. A. Heitler, Mrs. Webb of Ogden, mother of Mrs. Evans, was a guest of the club.

The chess play entitled "The Doings of the Solon Club" given at the Twentieth Century club, Tuesday afternoon was presented before a large and appreciative audience. The play was written by Mrs. Arthur K. Seaver who was chairman of the day. The play was a more or less of a burlesque, though some very important legislative questions were brought up for serious discussion, notably the "separate maintenance bill" and the "university rate bill". Also the question of woman's active rights in the disposal of community property was discussed. Interesting features of the play were the unveiling of a statue of justice which part was well taken by Constance White; also the entrance of Svangh, a Jewish hypnotist, the character being wonderfully well impersonated by Mrs. H. J. Young. Mrs. McFarland was realistically hypnotized and sang to the great delight of every one present with the accompaniment of the further hypnotized Mrs. Wilton Peck. The persons of the play were Mesdames W. H. Dwight, L. E. Joseph, J. B. White, Robert Robinson, I. Fry, McFarland, W. P. Pike, E. L. Macvicar, P. W. McRoberts, H. C. Alexander, Wilton Peck, G. H. Krueger, H. J. Young, Constance White and A. K. Seaver. Mrs. J. B. White as "Grand Magnificent High Conductor" dressed appropriately in band costume led the voices which she had so well trained. The words of the song were composed for the occasion by Mrs. Seaver.

During the business meeting of the Twentieth Century club, Tuesday Mrs. Kennedy Packard made a plea for a club house. The current extra department will stand sponsor for starting the fund and will give a social tea on Valentine's day at the home of Mrs. C. A. Evans. A plan was made for a larger membership.

The Married People's Dancing club gave the last of its second series of five dances at the Lavering Pavillion Tuesday evening. These dances have

**Yellow Mustard for Sore Throat, Tonsillitis**

Old-fashioned remedies are often the best. Yellow Mustard, in the form of plaster or poultice, has been used for generations for soreness, inflammation, congestion and swellings with most excellent results—but it blistered. Heat causes pain and Red's Mustardine made of pure yellow mustard, together with other pain-relieving ingredients, is just as hot, but quicker, cleaner and more effective and cannot blister.

## THE LEAGUE'S FRIENDS

It has long been to light that Lynn J. Frazier, Non-partisan league governor of the state of North Dakota, soon after the conviction of the notorious Kate Richards O'Hare for sedition, wrote President Wilson that "politics and spite played a major part in the prosecution of this woman," and stating that any action on the petition for her release would be greatly appreciated.

Mrs. O'Hare is the woman who spoke here soon after the United States entered the world war, under the auspices of the Socialist local organization then in existence. Something more than one hundred Twin Falls people paid twenty-five cents each to hear her, and many of them retain vivid recollection of her statements that the war was being fought in the interests of the capitalists; that the American soldiers engaged in it were fit only for fertilizer of the soil of France and that their mothers were "no better than brood sows."

Mrs. O'Hare repeated these assertions in a middle western city and was taken in custody. She was convicted by a jury and had the right to appeal, and did appeal; but the verdict was sustained and she was sentenced to a five year term of imprisonment in the Leavenworth penitentiary.

Since, then successive efforts have been made to secure her release. A petition for this purpose, signed by Governor Frazier, has been brought to light in North Dakota.

Needless to say a furor resulted from this revolution. American Legion posts and women's organizations of the state have adopted resolutions condemning the governor's attitude in the matter; petitions protesting against any pardon for the woman have been circulated generally and the whole case has been given wide publicity.

The significant feature of the affair, however, is that the powers that be in the Non-partisan league, far from attempting a disavowal in the premises, have inspired a mighty howl that is carried on through the medium of the league "kept press" against these petitions against pardon for her.

This evidence of friendship for the ultra-radical is not the first to be charged to the account of the Non-partisan league. The propensities and predilections of its leaders have been dealt quite frequently since it first made claim to prominence. Its adherents have lacked no opportunity to learn of the condition of affairs existing in the dictatorship of the organization, and a diminishing membership attests to their inability of accepting the truth.

Those who remain in the league are not "attracted," because they have not been amply warned.

## MURTAUGH

MURTAUGH — E. C. Chance returned Saturday from Boise where he has been the past week taking an advanced degree in masonry.

Mrs. Brose Hall is reported ill with the "flu."

About twenty members of the Murtaugh Community club met in the church basement recently. Items of interest for the community that were discussed were: arrangements for procuring some sort of fire fighting apparatus; stricter enforcement of quarantine laws and a weekly newspaper.

Mr. and Mrs. L. S. Stansell of Twin Falls were visitors in Murtaugh Saturday.

Robert Edwards of Twin Falls visited at the William Morrison home Sunday. S. Swanson of Boise visited at the Frank Terrill home Sunday.

A girl was born to Mr. and Mrs. Frank Somers of Artesian Monday, Jan. 26.

How the Mint Buys Gold.  
The mint buys gold in any form, whether coined or not, when presented in sums to the value of \$50 or more. The face value of coins is not considered, only their weight and purity. An equivalent amount of lawful money is given in exchange. Theoretically, the gold is coined and handed back to the owner without charge. In practice, as a matter of convenience and to save time, the mint simply buys the gold and pays its full coinage value, that is what it will be when coined.

## LABOR DELEGATION FROM GERMANY JUMPS AHEAD

Last Quarter of 1919 Shows \$90,000,000 Trade Balance in Favor of the United States

WASHINGTON, (AP)—How the volume of trade between Germany and the United States jumped ahead during the last quarter of 1919, following the institution of the general license system, and culminating in a \$90,000,000 trade balance in favor of this country, is shown today in the official foreign commerce statistics prepared by the department of commerce.

In August of 1919 exports from the United States to Germany were valued at \$1,040,820 and imports at \$8,993, but in September exports jumped to \$8,836,693 and imports to \$1,586,063. October doubled the September trade volume of the two countries while November with the high month of the year, exports reaching \$25,044,142 and imports \$3,223,918. A falling off came in December with exports of \$17,597,677 and imports of \$2,480,523.

## FIFTEEN YEARS AGO IN TWIN FALLS

Taken at random from The News from this date in 1905

C. W. Hawk's family arrived Saturday from Boise to live here permanently.

Truman O. Boyd, a physician and surgeon, has opened an office in the Jones building on Twelfth avenue.

The firm of Hill and Taylor will be ready for business next week. Mr. Hill is from Grey Eagle, Minn., and Mr. Taylor is from Sauk Centre, same state. The firm will do a general real estate business, loans and insurance.

Martin Barry arrived Tuesday with his shoe shop. The house was built in Halley and placed on the running gears of a wagon, it took him just ten days to make the trip.

The Pioneer Harness Shop has moved to the Pike building on Main street.

The Twin Falls Livery and Transfer Company will soon be open for business. They will have a large assortment of fine horses and livery rigs.

## TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur it Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays though, we don't have the troublesome task of gathering the sage of a wagon, it took him just ten days to make the trip. The Pioneer Harness Shop has moved to the Pike building on Main street.

## THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men—in many branches you can get highly specialized training.

**INFANTRY**—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

**CAVALRY**—When the horses are clamping at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future needs.

**FIELD ARTILLERY**—"Action Front" comes the command—then watch the boys with the red hot cannon snap into it. A happy outfit—their daily of mounted service added to interesting work that calls for head and hand. Mores if you wish.

**CORPS OF ENGINEERS**—Army engineering is known the world over for its excellence and an assignment in the engineers can be the start of a young man's training in the various branches of engineering and in any of the mechanical and building trades.

**COAST ARTILLERY**—Living on the sea coast, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay. And in having a good time while he's learning. The C. A. C. also maintains the mobile big gun regiments throughout the country.

**AIR SERVICE (including BALLOON CORPS)**—The men who give the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

**ORDNANCE DEPT.**—The ordnance is appealing to the studious young American. Its wide opportunities for study, it adds a business as well as a technical training.

**SIGNAL CORPS**—Whether it's laying a wire from a rear-act or a gallop or signalling a wireless machine that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

**MEDICAL DEPT.**—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

**TANK CORPS**—The men who know gas motors and tractors or who want to know them are invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

**QUARTERMASTER CORPS**—The Corps that feeds the army does a valuable and interesting work for future business. Interesting work for the man who likes horses in the Remount Service.

**CONSTRUCTION DIVISION**—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

**CHEMICAL WARFARE SERVICE**—For men with a little knowledge of chemistry or for men ambitious young men who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

**MOTOR TRANSPORT CORPS**—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

WHEN I got out of the Army, I raised my right hand over my derby and said, "Never again, I hope!"

And I am here to state that I was just one of about 3,000,000 who felt like that—only stronger.

It was my privilege to kick and believe me, I did. I couldn't get out too quick—I wanted a feather bed, restaurant food and trousers that flapped around my ankles.

But now that I'm out, civil life is not all that we cracked it up to be! And the Army looks like a pretty good place, after all.

I've been and seen and done things that I wouldn't give up my memories of, for anything.

I had a fine crowd of buddies—two-fisted men with a regular man's outlook on life.

I learned how to take care of myself and all comers—to hold my own with the best and with the worst.

And I learned the sort of discipline that makes a man able to handle men.

I got pretty fair clothes—not as good as the Army gives in peace time but warm and plenty of them—and they didn't set me back sixty a suit, either.

## 1920 'COYOTE' WORK OF ART

High School Official Magazine Will Have 150 Pages Under Elaborate Cover

Elaborate preparations on and earnest work toward the publishing of this year's edition of The Coyote, the official annual magazine of the local high school, signify an excellent finished product. The magazine is, in the main, being edited by the senior class, aided by members of the other classes and the faculty.

Given Watson, editor-in-chief, is being assisted in the work by Miss Greth Chiles, English instructor, and Lois Baylor, assistant editor. A contract for the printing of The Coyote has been awarded by the student staff. The size of the magazine will be 150 pages, according to present plans.

The cover of the book will be of excellent quality and white in color, being in embossed lettering the seal of the high school. This year's edition has been dedicated to Miss Alice Johnson, of the faculty, who has sponsored the work in years past. Each of the four classes will have a section devoted to its interests, which will contain group or individual pictures, poems, jokes, cartoons, comments, the school calendar and more snapshots. Several pages will be given to the foreign language clubs, the girls' Y. W. O. A. and the boys' H. Y. club. Musical and literary organizations will also receive attention in preparing the magazine for publication. Editors and every department are to be strongly emphasized.

Pupils' interest in The Coyote and their co-operation in preparing it for publication are excellent, say members of the "annual" staff. If present indications do not fail, the 1920 "Coyote" will be the best of any similar high school magazine in the state when it is ready for sale about May 1. It is expected to surpass in quality all previous editions published by other graduating classes of the local high school.

**MRS. TONEY GETS DECREE**  
Judge W. A. Babcock, of the district court, has ordered a decree in the divorce action brought by Beulah Toney against A. E. Toney. The decree is in favor of the plaintiff. Evidence in this case was submitted in court last October, the case being at that time taken under advisement by Judge Babcock. The parties to the action are residents of Buhl.

**BROKE PAROLE**  
Sam Roberts was this morning taken to Boise to be lodged in the state penitentiary to serve sentence for an offense against the law. Roberts some time ago was paroled from the industrial school at Moscow, but while at liberty committed a crime. He admitted guilt in court. Sheriff A. N. Sprague accompanied the man to the penitentiary.

**DEFAULT JUDGMENT**  
Default judgment was rendered in the probate court this morning in favor of Mrs. B. Reynolds against R. O. Housch for \$393. The amount was asked in liquidation of a hospital account.

## PATRIARCHAL COUPLE INVOLVED IN DIVORCE

A. E. Moore Charged by Wife with Statutory Offense—Other Charges Preferred

Alleging a statutory offense, as the principal charge, Mrs. Lucy D. Moore has filed in the district court an application for divorce against Albert. B. Moore. Ethel Jones is named in the bill of particulars as the co-respondent. Defendant is said to be approaching 70 years of age. The third-party in the "eternal triangle" is said to be about 35.

The Moore, according to the complaint, were married in July, 1879. The cause upon which the principal allegation in the complaint is based occurred, it is alleged, in the Commercial hotel, Buhl, December 25, 1919. Plaintiff requests \$300 cash in hand to conduct the action, and such other monthly alimony as the court feels is warranted in the premises, along with a severance of marital bonds.

Late yesterday, at the instance of Mrs. Moore, the husband and Ethel Jones were placed under arrest and arraigned in the probate court. The charge preferred against the man was similar to that involved in the divorce complaint, with that against the woman a wise amendment.

Before Judge O. P. Duvall both defendants denied guilt and were placed under bond to appear in court tomorrow morning for trial. Moore provided of \$10.00 bail for himself, and \$200 for the woman.

## MODERN DISPLAY TYPE RACKS ARE INSTALLED

United Stores Making Feature of Latest Design Fixtures in Clothing Section

Consistent with the general policy of the management to make the United States modern in all respects, extensive installation of the latest design display fixtures is at present going on in the clothing department of the big Main avenue store.

Among the features being installed in the clothing branch are the newest sort of clothing display racks of a diamond type. The racks connected with splendid cabinets which encase the clothing when not on display and are dustproof.

**QUIGLEY IS AWARDED JUDGMENT BY COURT**  
Farmer Received \$282.20 for Delivery of Best Crop in Controversy

In the probate court Judge O. P. Duvall, considering evidence in the action brought by John B. Quigley against the Amalgamated Sugar company, has awarded judgment in the sum of \$282.20 for the plaintiff. The money has been paid into court for delivery.

This action involved an amount claimed to be due on delivery of a sugar beet crop to which J. G. McBride claimed some title.

**Beliefs That Come About Pearls.**  
Many superstitious beliefs prevail in the East concerning pearls, those gems of the ocean depths. For instance, it is a common practice (only among the rich, needless to say) to powder a pearl and swallow it either as a tonic for failing vigor or to ward off impending disease or ill luck; or a maiden may rub her eyes with a pearl and thereafter, by merely gazing at a man, she may make him her slave!

## CO-OPERATIVE STORE MEETING TOMORROW

Farmers Session is Called to Consider Further Boisdale Shop Scheme

At 8 o'clock tomorrow a general meeting of all persons interested will be held in Parish hall for the purpose of further discussing the advisability of organizing a Boisdale plan co-operative store for Twin Falls. The meeting was ordered at a session last Saturday afternoon.

It is the plan of Dr. John E. White, who first suggested the scheme and brought it to the attention of fruit and hear reports of those canvassers who have been at work since the last meeting getting stock pledges, for the enterprise. Upon the amount of interest and enthusiasm displayed tomorrow night hinges the success of the store scheme, Doctor White says.

The session will be open to all persons who have a mind to participate.

## Deaths

Funeral services for George M. Day will be held at 2 o'clock Sunday afternoon in the First Methodist church, the Rev. A. G. Bennett officiating. Bikes following will be according to the Knights Templar ritual. Burial will be in Twin Falls cemetery. Members of Twin Falls community, Knights Templar, will gather at the Assembly at 12:30 o'clock and march to the church for services. The service of the Bible will be attended in a holy. Both organizations will form a funeral cortege marching to the outskirts, there to take cars for the cemetery where final ceremonies for the dead will be observed by the Templars.

**The Old Roman Household.**  
In the days of old Rome the culinary department of an elegant establishment boasted pans lined with silver and pails of various descriptions richly lined. There were egg frames that would cook twenty eggs at once, and pastry molds shaped like shells, and an infinite assortment of gildings, frying pans, cheese graters and tart dishes.

## Moisty Mist Fetches Old Lunnon Near

It WAS a misty, moist, morning with the ambient atmosphere exuding "poppration" from every pore.

In fact a pall of "London's" densest fog hung so low during the early period of the day that everything 10 feet above ground was obliterated in obfuscation, if you catch our drift.

Locally an atmospheric disturbance seems to threaten the climatic "chiefdom's" complacency and force an upset in the decorous diurnal plan of prognostication. Storm presages, if you count for a durned thing in this country of extraordinarily unusual weather conditions.

Anyhow it took some time for the sun to pierce today's over-head gloom.

Top of the temperature in the last 24-hour period was 45, showing a decline in sympathy with the money market. Also it was fairly coolish last night, a condition to which discomfort was added by the dripping presence, and which checked up all the writes and places where folks are wont to promulgate. Twenty-th c was low last night.

Prevents Dampness.  
The best way of preventing a bed from becoming damp if left for a few weeks, is to "muck" it and then put a blanket all over the top. Take it off before using the bed, and you'll find it quite dry.
