RED CALLS FOR WITHDRAWAL OF BRITISH CRAFT

Bolshevik Commander at Odessa Threatens to Open Fire on Warships Remaining in Harbor After Three Days

CLAIMS HE UNDERSTOOD PEACE WAS ESTABLISHED

Tells Rear Admiral McQuilly Merchant Ships Welcome at Black Sea Port for Commercial Purposes

CONSTANTINOPLE, (AP)—General Ubovitch, twenty-eight year old Bolshevik commander at Odessa has threatened that he will open fire on the British warships there within three days if they remain in the harbor, according to a message received here from Rear Admiral W. A. McQuilly, commanding the United States naval forces operating in Russian waters.

Expresses Surprise

The message was sent after the admiral had conferred with the general, who expressed surprise that the British warships had fired on his troops.

General Ubovitch, the message reports, said he understood that the British had made a treaty with the Bolshevik government. He declared merchant ships would be welcome at Odessa for commercial purposes.

The general stated that he suppressed looting immediately upon his arrival and had molested nobody but spies and thieves.

Odessa Seems Quiet

Odessa apparently is quiet at present. The shops are reported open and the people moving about freely. A sufficient food supply is on hand.

The Bolsheviks who captured Nikolaev are said to have fairly well equipped troops, many of them wearing British uniforms.

BOLSHEVIK CLAIM BIG CAPTURES AT ODESSA

LONDON, (AP)—Three generals, 200 other officers, 2,000 soldiers, 100 guns, four armored trains and a great quantity of material were captured by the Bolsheviks at Odessa, it is claimed in a wireless message from Moscow received here today.

BRITISH SHIP BEARING REFUGEES IN STRAITS

LONDON, (AP)—The former German steamer *Belgia*, with 200 British refugees from Odessa broke adrift from a vessel having her in tow and grounded near Kilos Wednesday, according to a Lloyd's dispatch from Constantinople. One hundred and fifty persons were rescued by the British navy. The vessel is reported to be breaking up.

Eighty-three persons, three and a half miles west of the western bank of the Bosphorus at the point where it meets the Black Sea.

DRAFT NEW NOTE IN KAISER CASE

Alles Address Strong Appeal to Holland Not to Make More Trouble in Europe

LONDON, (AP)—A new allied note to Holland regarding the extradition of former Emperor William will be dispatched tomorrow, according to the Evening Standard.

The note, says the newspaper, makes a strong appeal to the Dutch government not to create greater difficulties in Europe by insisting on the right of asylum for the man characterized as the author of the world's present troubles.

The note was being sent to Holland in a form to emphasize the concerted view of the allies that the presence of the former emperor in Holland was a hindrance to the peace of Europe.

The note does not make any request of Holland, but it is hoped that the Dutch government will be drawn into reversing the regulations which exist with the refusal to give up the ex-empire.

It is intimated that Holland has not received a suggestion to this effect unkindly and that she might be willing to intern the former emperor outside of Europe.

Elihu Root Invited to Help Plan Court for World Justice

League of Nations Council Names American on Committee to Organize Tribunal

LONDON, (AP)—Elihu Root has been invited to become a member of the committee to prepare plans for the constitution of a permanent court of international justice. The list was announced at today's session of the council of the league of nations.

A. J. Balfour, who is presiding over the council session, after reading the names of the men invited to become members of the committee to organize the permanent court, said:

"Maybe, for one reason or another, Mr. Root may not deem it desirable to accept the council's invitation. The council hopes he will, always remembering that he will be welcome at whatever stage of our sittings he may be privileged to accept. To add to our deliberations the great weight of his learning and name."

NEW YORK, (AP)—Elihu Root said today he had not yet received an invitation from the council of the league of nations to become a member of the committee which will plan a permanent court of international justice. Until he received such an invitation he declined to indicate whether he would accept the honor.

SPANISH WHEAT OUTPUT SUFFERS BIG DECREASE

Farmers Discontented with Fixing of Prices and May Turn Efforts to Other Fields

MADRID, (AP)—Production of wheat in Spain has suffered great decrease, said Rafael Casanovi, former minister of public works and leader of the agrarian party, in the Cortes yesterday. He declared this was due to the farmers' discontent with the fixing of wheat prices and demanded that measures be taken to prevent agriculturalists from turning their efforts to the production of other articles of consumption. Señor Casanovi declared that wheat production continued to decline Spain would be compelled to import more from South America and that capital would have to be sent to the country to pay for cereals which she could produce more economically herself.

Witnesses at Elections Conspiracy Trial Continue Accounts of Past Expenditures

GRAND RAPIDS, Mich., (AP)—E. V. Chilton, head of the speakers bureau of the Newberry senatorial committee told a friend early in the 1918 primary campaign that "they have tapped the barrel" and "are spending money like drunken sailors," according to testimony given today by Frank B. Roberts, of Hillsdale, at the elections conspiracy trial in federal district court.

The evidence came at the end of a session which was also marked by testimony of Homer W. Livingston, of Flint, intended to corroborate the story told yesterday by William J. McKelighan, former mayor of Flint, that Richard Fletcher, state labor commissioner, caused him in August 1918, that he must support Newberry or go to jail on a charge then pending in the state supreme court.

NAVY'S PRESSING NEED IS BASE IN CALIFORNIA

Secretary Daniels Accepted Deed to Site at Alameda Conditions of Act of Congress

WASHINGTON, (AP)—"The navy's most pressing need" is the establishment of a naval base in California, Secretary Daniels said today in a statement.

Mr. Daniels said his acceptance of the deed for the site of a new naval base at Alameda, California, was a condition of the necessary construction at Alameda.

Major Frank O. of Alameda, manager of the naval base, today in a letter to Congressmen J. Arthur Eaton and Joseph E. Quinn, of Oakland, Admiral C. C. Smith, chief of operations, and members of the House naval committee, requested an extensive investigation of existing naval bases, were present.

UNION REPRESENTATIVES MEET FOR DISCUSSION OF PRESIDENT'S REPLY

WASHINGTON, (AP)—An "unalterable" decision in the railway wage controversy was made today by President Wilson in conference with representatives of the brotherhoods. The president said the government's policy was "based on justice to all interests."

Details Looking

The president's decision was not announced at the White House. Officials said it was "a decision containing a proposal to the union leaders by Director General Hines, that it was assumed that the president had refused to grant general wage increases, but had made a counter proposition to the men."

Secretary Tamm declined to say whether the president had refused specifically the wage demands, saying that "every one wants to settle the strike" and that the brotherhood chiefs should have an opportunity to consider the president's suggestion or proposal without outside interference.

The president's statement that the government's policy was "based on justice to all interests" is in line with what he said in his message to Congress last week, when he asked for a law to limit the power of Director General Hines, at the last conference with them.

Mr. Hines was understood to have told the president that if an increase in pay were granted the men, the roads would not increase in freight rates, which would mean increased living costs. Hines said as the unions were protesting strongly for a reduction in the cost of living, the president had employed this in his answer to the union spokesmen.

After leaving the White House the brotherhood representatives met other union officials who have been conferring with Director General Hines and later all of them went into conference at the American Federation of Labor headquarters to discuss the president's statement.

All of the union except the Brotherhood of Maintenance of Way employees were represented. W. G. Lee, president of the Brotherhood of Trainmen, entering the conference some time after it began.

WOULD ENJOIN AUCTIONEER'S SALE OF SHIPS

Senator Ashurst Proposes Concurrent Resolution to Restrain Shipping Board from Move Ascribed to It

CLAIMS REPUTED PRICE MUCH LESS THAN VALUE

Chairman Jones Discredits Reported Secret Agreement to Dispose of Former German Liners to One Buyer

WASHINGTON, (AP)—A concurrent resolution directing the shipping board not to sell the 30 former German liners which the board plans to dispose of at public auction, here Monday except through regular public bidding after three months advertising and then only if proper offers are received was introduced today by Senator Ashurst, Democrat, Arizona.

Ashurst's Claims Information

The resolution was offered in the midst of a debate on the sale of the ships. Senator Ashurst declared that the fact that the shipping board and the emergency fleet corporation had tended to sell the vessels to the international mercantile marine for \$28,000,000. He said the vessels had a pre-war value of \$14,000,000 and a present value of \$30,000,000.

Jones Is Satisfied

Asked by Senator Borah, republican, Idaho, whether he had informed specifically about the reported understanding with the international mercantile marine, Senator Jones replied:

"I did not, but I do not believe there are any facts in the report. The administration officials are not of my party, but I believe they are honest men and patriotic citizens. I feel satisfied they have not entered into any such understanding."

"I have been told that from surveys made the board believes it will cost over \$50,000,000 to \$60,000,000 to ship these ships in proper condition. I think that is an administrative matter and I have confidence that it will be decided wisely."

Chairman Jones, of the commerce committee, previously had told the senate that he had no idea that a story ground that a concurrent resolution should be referred to committee. The resolution that was referred to his committee.

Payne Speaks Statement

Appearing before the commerce committee later, Mr. Payne reiterated his previous statements as to the reasons that prompted the board to decide upon the sale of the ships, but without certain figures of possible value to prospective buyers. Telling of the bids received when the original offer for sale was made, he said an offer of \$28,000 for the entire fleet had been received but the board had decided not to sell "all the ships in one lot" and that it would accept bids for single ships only "after careful consideration."

He told of the estimate of board experts that it would cost \$57,000,000 to put the thirty ships in shape for passenger service.

"I think," he said, "that the bids represent, on the whole, the fair value of the ships."

Mr. Payne also reiterated the board's purpose to sell only to Americans and for operation under the American flag.

ADMINISTRATION INFORMS MEXICO OF VIEW ON WITNESSES EXCLUSION

WASHINGTON, (AP)—Informal representations against the decree of the Mexican government excluding from Mexico American citizens who testify under subpoena before the senate subcommittee investigating Mexican affairs will be made by the embassy at Mexico City on instructions from Secretary Lansing. Action was prompted by the refusal of passport visa to Henry

Forre, following his appearance before the committee.

While the right of Mexico to exclude persons regarded as undesirable is not challenged, it was said at the state department, Americans who may be subpoenaed to appear before the committee must testify. The embassy has been instructed to call this to the attention of the foreign office.

HOUSTON SAYS FINANCES ARE IN GOOD SHAPE

Last Floating Indebtedness of Government to Be Redeemed Monday, Treasury Secretary Announces

WASHINGTON, (AP)—Announcing that the last remaining floating indebtedness of the government would be redeemed Monday, Secretary Houston said the position of the treasury was "very bright" and that government officials saw nothing in the present financial situation which they would regard as an extremely grave.

Only about \$30,000,000 of short term certificates requiring to be refunded at maturity remain to be redeemed. Outstanding tax certificates, issued in liquidation of income and profits tax installment dates for the purpose of relieving the quarterly strain on the banks, amount to \$2,935,940,000, but no instance except the estimated amount of taxes and accordingly no funds will have to be provided to meet them.

"People lose sight of the many ways in which the government has been assisting Europe since the armistice," Mr. Houston said. "In addition to government loans, we have furnished them \$1,000,000,000 worth of surplus army supplies, \$100,000,000 for food relief, probably \$400,000,000 in private loans to foreign bankers, and a considerable amount of accrued interest on the government loans, so that the total probably would reach \$4,000,000,000. In addition, Europe has been selling securities here."

Mr. Houston said all reports from Europe indicated that "reconstruction was going on while they were talking about it," citing the rebuilding of French railroads and bridges as a notable example of what has been accomplished. As to the domestic situation, he pointed out that approximately \$1,000,000,000 would be spent this year and next in road building under arrangements made while he was secretary of agriculture, and that building permits, always a good index to business conditions, indicated that the country was rapidly making up the shortage of houses caused by the cessation of construction during the war.

SAYS EARLY MARRIAGES MAKE FOR HAPPY HOMES

Mrs. Stevenson Gives Women's National Bar Association Her Views on the Subject

CHICAGO, (AP)—Young men of America should marry at the age of 21 and the girls they marry should be 19, Mrs. F. Josephine Stevenson, of California, told the Women's National Bar Association, in convention here yesterday. She read a paper on "Marriage and Divorce."

If the girls are engaged in business at the time of marriage they should continue their work, Mrs. Stevenson said.

"Young people are capable of making up their minds at these ages," said Mrs. Stevenson. "and a hygienic standpoint, and from the viewpoint of developing better progeny, these are the best ages. Happier homes result from early marriages and there are fewer divorces."

ITALY PURPOSES BAN ON AMERICAN FOODSTUFFS

WASHINGTON, (AP)—Imports from the United States of sugar, canned meats, condensed milk, butter and cheese will be prohibited by the Italian government in its effort to deal with the exchange situation, according to official advice yesterday to the department of commerce. Under the restrictions, American exports to Italy will be reduced 20 per cent.

COALITION CANDIDATE WINS BY NARROW VOTE MARGIN

The worst enemy of the grape grower in California is a minute insect called the "thunder fly," because it appears in greatest numbers in hot and sultry weather, when thunder storms are frequent. A man out there has invented a suction apparatus, with a ten-horsepower motor, that places wheels and driven through the vineyards, harvesting the pests from the vines as it goes along. It is said to work very successfully.

WRIGLEY SETS WORLD RECORD IN HOG SALE

A real "big league" stock sale in which 16 Poland-China sows and auction averaged \$184.34 for a total of \$27,500; and which buyers from all over the midwest were present, was staged Jan. 9 by William Wrigley, Jr., at Grange Farm, near Lake Geneva, Wis.

More pork to the pig, more pigs to the litter is Wrigley's formula for lowering the cost of breeding Hog breeders paid \$55,575 for the thoroughbred sows, establishing a world record.

Sows bred to the Chasman, 36 in number, sold for an average of \$184.34. The top notch of \$4000 was paid for Lord Lady by Ernest Melberg of Norway, Ia., seven other animals sold for \$2500 or more.

Mr. Wrigley's Poland-China sows are the Chasman, for which he paid \$19,000 and has refused an offer of \$50,000, and the Adams sows, for which he paid \$3000.

BRITISH GLASSMAKERS USE AMERICAN MACHINERY

LONDON, (AP)—Glassware production on a huge scale by American machinery is to be undertaken by a combine which has just absorbed half a dozen big glass-making concerns in the industrial center of England known as the "Black Country."

At Stourbridge, Dudley and Tipton new factories will be built, where American patents for turning out the cheaper class of glass-blown goods will be utilized. Before the war this kind of trade was virtually a monopoly of Germany and Austria, and the crippling of the latter's industries has caused the prices of the commonest glass household articles in England to soar tremendously.

MINES NATIONALIZATION LIKELY CAUSE OF STRIKE

British Labor Leader Says Miners Inclined to Dramatic Action Against Private Ownership

LONDON, (AP)—The question of the nationalization of Great Britain's mines must be decided outside of parliament in view of the government's refusal to act, Vernon Harcourt, labor member for Glamorgan, declared in a statement to the Evening News.

"In my opinion we shall be in the thick of a national strike in six weeks," the labor member is quoted as saying. "If it comes to a question of striking for an increase in wages or for nationalization I think it will be for nationalization."

ANTI-PROFITEER DRIVE ATTACKED

Member of Parliament Says the Cost of Living Ascends Despite Prosecutions

LONDON, (AP)—Twenty-four convictions obtained before the 1000 anti-profiteering tribunals set up throughout England have cost more than 1000 pounds each, it was declared by Captain Wedgwood Benn in the house of commons during discussion of a proposal to restrict profiteering act for another period of six months.

Captain Benn summarized the results of the act, during its first six months of life, by stating:

"Nineteen hundred committees have been appointed; 1,935 cases have been heard—one case per committee; 23 convictions have been obtained; 35,000 pounds have been spent. And the cost of living has gone up!"

Supporters of the bill argued that six months had not given the administrators of the law fair opportunity of demonstrating its worth.

The proposed extension of six months was voted.

BIG PATROL REQUIRED TO KEEP MEXICANS OUT

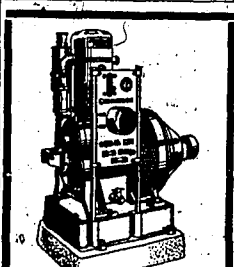

WASHINGTON, (AP)—Mexican farm laborers cannot be kept out of this country without an adequate border patrol of upwards of four hundred men.

S. W. Boykine, head of the immigration service at El Paso, testified yesterday before the house immigration committee.

Except at El Paso, Laredo, and a few other points, the border, extending over a distance of 2000 miles, is "wide open," he said, describing some of the difficulties encountered in trying to keep Mexican immigrants on their own side of the border.

PRODUCTION OF OIL IN AMERICA SHOWS INCREASE

Annual Review Gives Output for 1915 at 368,256,611 Barrels Over the Previous Year

OIL CITY, Pa., (AP)—Oil production in the United States during 1915 was 368,256,611 barrels, an increase of more than 24,000,000 barrels over the previous year, according to the annual review of the Oil City Derrick, made public today. The figures are based on pipe line receipts reported monthly, estimates of tank car shipments from fields where no regular pipe line service existed.

The 1915 report is a new high record in the annual petroleum output of the United States, according to the review. Fields which showed gains were North Carolina, Texas, North Louisiana, Gulf Coast, Kentucky, Wyoming and the Lima district. Losses were recorded for Kansas, Pennsylvania, West Virginia and Southeastern Ohio.

TURKEY IS IN TURMOIL OVER PEACE TERMS

Delay in Reaching Decision Results in Disorganization of Work in Harbor of Constantinople

CONSTANTINOPLE, (AP)—Work in the harbor here is completely disorganized as a result of the delay on the part of the peace conference to reach a decision relative to the future status of Turkey. It is impossible to move cargoes to Black Sea ports because of the Bolshevik menace and speculators here are holding clothing and other goods for higher prices as a result of which the cost of living in Constantinople is as high as it is in Paris or London.

Welcome Russian Refugees
Thousands of Russian refugees are cordially welcomed here by the people. The average Turk wears out his capacity for hatred in expressing his animosity against the Greeks and pays little attention to persons of other nationalities, even traditional enemies such as Armenians, who come to this overcrowded city.

General resentment against Greek occupation of Smyrna is seemingly on the increase and all factions here say peace is impossible if Greeks continue to occupy territory where there is a predominant Turkish population. Premier Venizelos of Greece, General Panskevopoulos, commander of Greek troops at Smyrna, and M. Veralandis, Greek high commissioner, are reported to have decided to hold all Greek forces, approximately 40,000, under arms. It is said this decision was reached because of the fact that Turkish forces in Anatolia have been increased. Italian soldiers have had little trouble, but the French have had encounters with Turks in Anatolia and with Bedouins near Lake Tiberias.

Parliament Members Pledges
Members of the Turkish parliament belonging to the nationalist bloc, numbering 116, have pledged themselves not to accept a peace which does not return Turkey all its territory, including Turkish minorities and places Turkey under the guardianship of a single nation having territorial aspirations in the Near East.

CANADA PROPOSES HUGE EXPENDITURE FOR SHIPS

OTTAWA, Ont., (AP)—Parliament will be asked to appropriate \$20,000,000 to complete ships under construction for the dominion government, it was learned today.

The government has placed orders with Canadian companies for sixty steel cargo steamships. Twenty-three of these have been delivered and the others are nearing completion.

Up to December 31, 1919, the government had expended \$40,528,220 for the ships but about \$20,000,000 more will be needed.

NAVAL PRISON COMMANDANT TENDERS HIS RESIGNATION

WASHINGTON, (AP)—Commander Thomas M. Osborne, commandant of the Portsmouth, N. H., naval prison, has tendered his resignation from the naval reserve force and asked Secretary Danahy to accept it as soon as his successor at Portsmouth can be chosen.

Naval officials said Commander Osborne's resignation had no connection with charges of immorality among inmates at the prison submitted by agents of the department of justice several months ago. They said the first resignation his resignation some time before the charges were made, but later withdrew it.

NEBRASKANS ORGANIZE TO BOOST HITCHECOCK CANDIDACY

OMAHA, Neb., (AP)—A "Nebraska for Hitchcock for president" club was organized last night by 100 democrats, with John A. Rine, Omaha, as president, James C. Dahman, former mayor, vice president. The committee of seven will organize the state. Arthur Mullen, democratic national committeeman, spoke at the meeting.

The Best Way.
If the show of anything be good for anything, I am sure sincerity is better; for why does any man dissemble, or seem to be that which he is not, but because he thinks it good to have much as he can get by the way? For to counterfeit and dissemble is to put on the appearance of some real excellency. Now the best way in the world for a man to seem to be anything is really to be what he would seem to be.—Tillotson.

Song-Loving Mocking Bird.
Many bird lovers who are now permanent residents of Florida, but who spent their early youth in the North, claim that the varied song of the mocking bird fully compensates them for the lack of the robin, the song sparrow, the oriole and other songsters that they were accustomed to hear and see among the orchards and fields of their Northern homes. The mocking bird in the South really fills the place in one's affections that the robin holds in the north.

SUGAR PLANTERS PLEDGE SUPPORT AGAINST STRIKE

To Back Association in Finish Fight Against Walkout of Workers

HONOLULU, T. H., (AP)—A majority of the individual plantations in the Planters' association passed a resolution Wednesday pledging themselves to back the association in its finish fight against the strike of the plantation workers.

The Planters' association also assumed all loss incidental to the strike on the individual plantations and also insured the standing sugar cane crop on the island of Oahu for \$25,000,000. The total value of the sugar cane crop on all the islands is estimated at about \$140,000,000.

Eight hundred strike breakers were sent to the Honolulu and Ewa plantations today. The planters reported that 850 Filipinos returned to work out of 9,000 on all the Oahu plantations. The Japanese federation said that 350 Filipinos were working.

ALASKA WOULD OPEN WOODLAND

Governor Riggs Points to Underdeveloped Resources for Paper Manufacture

SEATTLE, (AP)—Alaska wants to "have open her millions of acres of national forests so that the billions of feet of paper wood of the northland can be relieved the pulp and newspaper families. Governor Thomas H. Riggs, Jr., of Alaska, declared here recently.

Governor Riggs was here on his way from Juneau, capital of Alaska, to Washington, D. C., where he expected to help press pending legislation intended to remove restrictions and allow pulp manufacturers to go into the Tongass and Chugach reservations, the northern territory's two great reserves.

Pulp and paper men are anxious to go to Alaska and establish mills as great as those operated in British Columbia not far south of the Alaska boundary line, the governor asserted. Under the present laws the pulp makers cannot enter the territory with any certainty that they will be allowed to stay.

Alaska's great forests stretch over approximately 24,000 square miles, an area nearly equal in size to the state of Indiana, according to estimates made by government officials.

Several hundred miles of good pulp wood, including western yellow pine, hemlock, Sitka spruce, white fir and Douglas fir, are on the forest reserves alone.

The Tongass reserve, in southeastern Alaska, is especially adapted to the manufacture of pulp and paper, forestry officials have reported. There is plenty of water power, open harbors open the year round, timber skirting the water and weather similar to that of the Puget Sound.

The governor intends to ask Washington to restore the reserves to the Alaska domain or to open them to the pulp industry.

NEW BUILDING PLANNED FOR N. Y. STOCK EXCHANGE

NEW YORK, (AP)—The New York stock exchange will erect a 22-story office building at its present Wall Street home, it was announced today. To acquire space for enlarging its trading floor and to provide for future needs in boardroom requirements the exchange recently purchased the Wilks and Mortimer buildings, Pioneer place story "skyscraper" which will be torn down to make way for the new structure.

Qualities of Precious Stones.
Opals are in certain respects altogether peculiar among precious stones. Whereas other gems, such as the ruby, the emerald, and the sapphire, owe their colors to mineral elements by which the crystals are stained, the brilliant state of the opal are due to its structure, over so many minute cracks reflecting lights at different angles from their edges. An amethyst is quartz crystal of another variety, containing from 5 to 13 per cent of water.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Suffers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions, it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating in the blood and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water, and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well—adv.

Ungrateful Oldtimers.
An old papyrus text, recently unearthed in Egypt, shows a strong bias against women. After citing a long series of unfortunate happenings in history, it bluntly charges all of them directly to the conduct and influence of woman. Then it goes on to say that if she have wealth for her ally in wickedness, the evil is double. The last line of the fragment is not entirely legible, but appears to be of the same general tenor.

TAKES EXCEPTION WITH DEPORTATION SECRECY

Immigration Inspectors Would Send Radicals from Port in Daylight with Flags Flying

WASHINGTON, (AP)—Ships sailing from American ports with dangerous anarchists and aliens, like those deported on the transport Buford, should go out in broad daylight with flags flying, F. W. Berkshire, immigration inspector at El Paso, Texas, told the house immigration committee yesterday in relating the story of the recent voyage of the "soviet ark."

"I do not believe the secrecy surrounding the ship's departure was necessary," said Mr. Berkshire. "It is more apt to make anarchists deported and those still at large believe we are afraid of them."

Berkman and Goldman were described by the witness as "dangerously shrewd persons." Miss Goldman, he said, was emphatic in declaring aboard ship that she would return to this country to establish her citizenship.

Quite recently young William injured his hand severely, and when his father returned home he inquired: "Well, Bill, how's the hand?" Seeing his father was in a mellow mood, William answered: "I think some ice cream would help it."

SAN SALVADOR LABORERS INVITE LATIN-AMERICANS

Reference to Bolshevism in Invitation Indicates Action to Be Taken Respecting Radicals

MEXICO CITY, (AP)—Union laborers in San Salvador have sent invitations to all Latin-American countries, including Mexico, asking that delegates be appointed to a workers' convention soon to be held in San Salvador. Reference is made to the progress of Bolshevism and "red socialism" and invitation is given that after a thorough discussion of such subjects the convention will take a definite stand as to its attitude toward radical groups and labor unrest in general.

MILLERAD'S INSISTING ON EXTRADITIONS

French Premier Urges Trial of Alleged War Offenders by Default if Germany Persist in Refusal to Surrender

PARIS (AP)—Premier Millerad and of France, who is attending the meeting of the supreme allied council in London, is energetically insisting upon the extradition of the alleged war criminals of the Versailles treaty and urging if the Germans refuse to surrender men accused of war crimes that they be tried by default, says the Echo de Paris.

Press Has Various Views
Germany's proposal that she try the alleged culprits is "no more likely to be adopted in London than in Paris," says the Petit Parisien, which adds that the council will establish the culpability of former Emperor William and demand his extradition from Holland. The Matin, however, says it is informed that there will be further discussions, consideration being taken of Premier Lloyd George's suggestions and the political situation in England.

Discussing financial phases of the London conference, several newspapers say moral help and occasional material assistance will be given nations in serious straits. "The Petit Parisien" observes that England and France have agreed on some American economic problems and recalls the French loan issued in September, 1919, will fall due October 15 this year. Hope is expressed that prompt payment will be arranged.

Agree on Turkish Question
Agreement on the Turkish question is expected, according to some journals, which assert plans under contemplation are not for the expansion of the Turk from Europe. It is said the French and Italian representatives are united on this point and that they are supported in some British official circles.

News of Execution of Admiral Kolchak Finally Confirmed

Head of All-Russian Government Meets Death by Revolutionists' Decree

LONDON (AP)—News of the execution of Admiral Kolchak, former head of the all-Russian government, has been officially confirmed. He and one of his ministers, M. Popelavov, were shot at Irkutsk at five o'clock on the morning of February 7.

The revolutionary committee at Irkutsk decided at 2 o'clock in the morning that the two officials should be executed. The committee then shot the victims quickly, fearing attempts at rescue.

It has not been explained why the admiral and M. Popelavov, who was premier and minister of the interior of the cabinet formed last November, were allowed to fall into the hands of the revolutionary committee. Agents of the allies are attempting to find the reasons and place the responsibility for this happening.

Admiral Alexander Vassilievich Kolchak became dictator and military head of the all-Russian government at Omsk on the downfall of the "directors." The first all-Russian government, November 18, 1918. Early in November last the success of the Bolsheviks along the trans-Siberian railway forced him to evacuate Omsk and begin his retreat eastward, the government finally establishing its seat at Irkutsk. In the following month Kolchak retired as commander in chief of the all-Russian army, appointing the Omsk commander, General Bessonoff, as his successor.

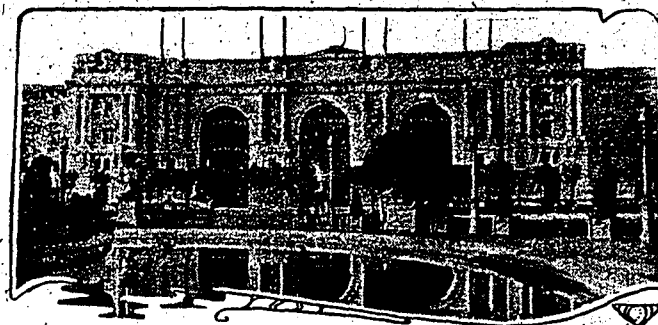

Born in 1874, Kolchak entered the naval service of Russia in 1901. He received decorations in the Russo-Japanese war. On June 24, 1919, he was appointed commander of the Black Sea fleet and the youngest vice admiral not only of the Russian fleet but of all allied fleets.

Admiral Kolchak visited the United States in September, 1917, as the head of a special naval mission, returning to Siberia early the following year. He was taken by revolutionary forces last month. There have been many reports of his assassination, but none in the official news from London of his execution by the revolutionary committee at Irkutsk.

Snowfalling in Summer.
On the hottest day of the year in Chicago, with the mercury 88 degrees above zero, a crowd of boys on East Austin avenue amused themselves by throwing snowballs made from a drift of snow that steadily increased in size until it was more than three feet deep. The snow was being scraped from the pipes of a refrigerating company, on which it collects sometimes to a depth of six inches. It is scraped off every day.

Months of Winter.
Astronomically winter is reckoned to begin in northern latitudes when the sun enters Capricorn, or at the solstice (about December 21), and to end at the equinox in March; but in ordinary speech winter comprises the three coldest months—December, January and February, being reckoned the winter months in the United States and, November, December and January in Great Britain.

Today's Markets

New York Exchange

NEW YORK, (AP)—New record for the current movement were made in the early part of today's stock market session but these were replaced later by many actual gains. Sales approximated 1,500,000 shares. The rally made headway in the last hour, buoyed by oil and strength of shipping, constituting the noteworthy features. The closing was strong.

Grains and Provisions

CHICAGO, (AP)—Speculative selling weakened the corn market today after a little show of strength in prices at the opening. Initial upturns were associated with the fact that receipts here proved to be smaller than had been looked for. Subsequent selling pressure was based largely on depression in the stock market. Opening quotations, which ranged from 1.8 off to 3-4 advance, with May \$1.30 3-4 to 1.31 3-4 and July \$1.28 1-4 to 1.29 3-4, were followed by material setbacks all around. Reports of big surpluses of type for the seaboard led afterward to a sharp upturn, which was emphasized by continuance of farmers' refusal to sell corn. The close was nervous, 1-8 to 3-4 net higher, with May \$1.38 7-8 to 1.39 1-8 and July \$1.29 3-4 to 1.30.

Realities which took place in the later dealings were ascribed to a better cash demand for meat.

Oats were governed by the changes in corn. After opening a shade to 1-2 higher, including May at 78 3-4 to 79, the market underwent a moderate advance. Provisions advanced lower with grain and hog. Trade was light.

NATIONAL DEBT CONSOLIDATION IS ADVOCATED

American Bankers' Association Representative Favors Funding of Obligations of All the Countries Involved in War

MEXICO CITY, (AP)—Consolidation of the war debts of all nations involved in the world conflict as well as outstanding trade balances which would provide international obligations guaranteed by all powers involved, was advocated by John J. Arnold, of San Francisco, speaking before the United States-Mexican trade conference here yesterday.

Mr. Arnold, who is a representative of the American Bankers' association, urged that an international clearing house be established as an adjunct to his plan.

To Standardize Currency. He declared an international bankers' conference should be called immediately and that commercial men of all nations be invited to send representatives. He said such a conference should provide measures for standardizing currency and for the elimination of exchange fluctuations.

"The United States today stands in a sad and unstable position, being the world's greatest creditor with her customers bankrupt," declared Mr. Arnold. "There is no question that all nations owing the United States must be able to pay, with the exception of Germany, which cannot pay in full, and must have her indemnity obligations reduced. The bankers will eventually re-establish confidence and the equalizing of exchange fluctuations. As the world's leading creditor the United States must do the logical thing and call a creditors' meeting, receive and analyze debtors' statements, extend new credit and give time and even reduce debts if necessary. An immediate meeting of bankers throughout the world should be held to study the resources and liabilities of all nations concerned."

England Would Follow. "I have reason to believe that the United States should take the first step, England will follow."

"In addition I believe the United States federal reserve system should be internationalized. An immediate action be taken immediately to restore public confidence, the world would be ruled by anarchy."

Endorsement of Mr. Arnold's views will be argued at the meeting tomorrow.

Chinese Skillful Candy Makers. The Chinese are very skillful in making confectionery. They are able to copy an original of its pulp entirely and then fill it up with fruit jelly without one being able to find the smallest cut in the find or even a tiny hole. Indeed, they even copy an egg in this manner and fill it with a sort of almond nougat without one being able to find the slightest break or lacation in the shell.

Decision of Character. Another advantage of this character is that it exempts from a great deal of interference and obstructive annoyance which an irresolute man may be almost sure to encounter. Weakness in every form tempts arrogance, and a man may be allowed to wait for a kind of character with which stupidity and impatience may not make so free. When a firm, decisive spirit is recognized, it is curious to see how the space clears around a man, and leaves him room and freedom.

Better Start It. Under scientific and machine operation it is said the annual yield of the American farm could amount to 2,000,000,000 bushels of wheat and 6,000,000,000 bushels of corn.

High School News

The first "evening light" meeting of the Hi-Y club was held last night in the club room on the third floor of the school building. Music and comedy sketches furnished the entertainment.

In order to stimulate interest in the club, a boys' assembly was held yesterday morning and officers of the organization outlined its aims and purposes. As a result, a large number of young men attended the meeting last night.

Principal M. C. Mitchell has been teaching the classes in history and civics this week, in the absence of Miss Hartzell, who is expected to return from Iowa soon to resume teaching on Monday.

Memory. The qualities of a good memory are, in the first place, to be susceptible; secondly, to be retentive; and thirdly, to be ready. It is but rarely that these three qualities are united in the same person. We often indeed meet with a memory which is at once susceptible and ready; but I doubt very much if such memories be commonly very retentive; for the same set of habits which are favorable to the first two qualities are adverse to the third.—Dugald Stewart.

SUFFRAGE WINS SAYS MRS. GATT

Celebration of Expected Early Victory Marks Opening Session of Association

CHICAGO, (AP)—The fifty-first annual and final convention of the National American Woman Suffrage association opened here today with two thousand delegates in attendance. The first meeting turned chiefly to a celebration of the expected early victory of equal suffrage for women and Mrs. Carrie Chapman Catt, president of the association, urged the delegates to rejoice because "there is no earthly power that can do more than delay by a trifle the final enfranchisement of women."

Calls for Jubilation. "Oh, women, be glad today!" the president said. "Let your voices ring out the gladness in your hearts. There will never come another day like this. Let the joy be unconfined and let it speak so clearly that its echo will be heard around the world and find its way into the soul of every woman of any and every race and nationality who is yearning for opportunity and liberty still denied her sex."

Political Move in Straits. A congress of the League of Women Voters, which suffrage leaders expect will absorb the suffrage association, began yesterday. It continued through next Wednesday. Its initial meeting developed sharp differences of opinion among republicans and democrats' women and political observers today were interestingly awaiting developments which suffrage leaders themselves said would indicate whether women of widely divergent political opinions could establish and maintain a non-partisan political organization.

Thirsty Passengers Exhaust Liquor Store

SOUTHAMPTON, (AP)—Although the Cunard lined Mauretania had a record stock of liquors on board when leaving New York, her lockers were empty on arrival here. The bar was besieged by thirsty passengers from the moment she passed outside the three-mile zone.

The Mauretania's stewards declare that increased storage room for beverages is necessary for future trips.

HARD DRIVE IS PLANNED FEB. 20

County Will Go into Intensive Push for \$5,000 to Help Relieve Armenians

Twin Falls county will conduct an intensive drive on February 20 to raise the allotment to the Near East Relief fund. This announcement is made by E. L. Ashton, general chairman in charge of the campaign. The push will be conducted throughout the entire county simultaneously, every corner of the district being made the subject of keen search on that date.

The county has been requested to provide \$5000 for Armenian relief as part of the nationwide drive to raise millions for this charity purpose.

Following are the chairmen in charge of the various communities and districts in the county: E. L. Ashton, Twin Falls; J. P. Constant, Buhl; A. O. Midland, Filer; H. H. Denton, Kimberly; H. M. Smith, Hansen; W. O. Hall, Murtagh; Chairman Ashton's local committee is composed of: E. L. Maevitz, W. B. Pribe, Stuart H. Taylor, J. O. Beauchamp, Asher B. Wilson, T. Charles McCully, N. S. Wright.

The following announcement, made by Cardinal Gibbons, is particularly illuminative of the situation in the Near East:

"Advices and information coming from the Near East cannot be doubted. There is great suffering and famine. These people recently become independent and released from bitter thralldom, cannot support themselves. And the Christian and common instincts of humanity which have prompted the people of the United States during the last two years to relieve the distress and needs, especially of the Near East, must not be allowed to grow cold and be diminished.

"I hope we shall all unite in this great emergency and be able to collect sufficient funds to enable those people to live and work until next summer brings them permanent relief and subsistence. It is well upon after so long a period to the appeal now being made and trust that the committee will be gratified with the results."

MORE UTAH MINERS QUIT

Twelve Hundred Men at Bingham Respond to I. W. W. Strike Call

BINGHAM, Utah, (AP)—Approximately two hundred more miners quit work at the copper mines here today and it is estimated about twelve hundred men are now out in response to the strike call sounded last Monday by Metal Mine Workers' Union No. 800, Industrial Workers of the World.

None of the three companies which have continued work have been forced to close and it is declared approximately half of the men who struck have left Bingham. Everything remains quiet.

SKYHILL VOLUNTEERS TO HELP LYCEUM CAUSE

Australian Lecturer Coming Back Sunday to Address the Twin Falls People

Tom Skehill, soldier, lecturer and poet, hero of the world war, and wonderful actor, will be in Twin Falls on Sunday as a volunteer helper in the cause of lyceum interest. He will address an audience in the auditorium of the high school.

Tom Skehill was here Wednesday as one of the attractions of the local lyceum course, speaking at the Lavering theatre. Those who heard him were more than charmed. The impression he made on that occasion created a hopeful interest that he might sometime be induced to return. The hope is to be realized in the approaching Sunday.

To a committee interested in the success of lyceum and chautauque courses in this community is due credit for bringing the young Australian "warrior" back to Twin Falls. This committee has found on checking the lyceum guarantee situation that Twin Falls faces a deficit for its winter entertainment course Sunday evening has been organized, therefore, as an effort in stimulative process.

In addition to Mr. Skehill there will be other speakers on Sunday's program, most of a musical nature. Some vocalists have volunteered their services and the band, too, will appear in volunteer role. The meeting will begin at 8 o'clock.

LEGISLATORS MOURN DEATH OF CONOVER

Respectful Sentiments Expressed for Dead Twin Falls Representative

BOISE (Special).—To Joseph B. Conover, representative from Twin Falls county, whose death was recorded about a year ago, the Idaho state legislature, now in extra session, has passed the following memorial resolutions:

"Resolved, Almightly God, in his divine wisdom has seen fit to remove from us Joseph B. Conover of Twin Falls county, Idaho, a member of the 19th legislative session of the state of Idaho, and

"Whereas, we mourn the loss of our comrade, our colleague and friend, who lived with reverence to the divine will; and

"Therefore, out of respect to his life and memory, we move that our respect be made known by having a copy of this resolution on the journal of this house, and that copies be sent to his wife and to the Twin Falls press, Twin Falls, state of Idaho."

FLAG PRESENTATION IMPRESSIVE AFFAIR

Twin Falls Post Receives Stars and Stripes Provided Through the G. A. R. Efforts

Impressive ceremonies marked the presentation of a flag to Twin Falls post, No. 7, American Legion, program for which was given in the high school auditorium last night. A fair gathering of the people witnessed the ceremonies. Mayor W. B. Hildebrand, commander of the post, presided. At the meeting to order, and presided during the presentation period, Captain C. L. Longley, of the G. A. R., presented the flag, making an appropriate address in connection. The speech of acceptance was made by Leo Bracken for the Legion, while three members of the post, attired in full uniform representing the three branches of service, soldier, sailor and marine, received the flag.

At the conclusion of the ceremonies Tom Berington, commander of Twin Falls post, expressed sentiments of the post toward those who had made it possible to provide the veterans of the late war with the Stars and Stripes.

CASE DISMISSED

In the district court yesterday afternoon, pursuant to a motion submitted by the plaintiff, the case of the Twin Falls Bank and Trust company, against Schaeffer and company and Wadsworth and company, involving \$15,000 for hay in which the bank claimed to hold a bill of sale, was ordered dismissed.

ON WAGE ACCOUNT—Piling action in the probate court, Thomas Frough, through Attorney James H. Wise, asks judgment for \$353.80, with fees and costs, against H. B. Kelso. The amount is claimed as unpaid wages.

PAUL REED, Owner

Smiley Takes Hand Writing Weather Dope

SIM SMILEY, agebrush sage, has taken time to contribute one offering to this column. He says: "Man, pore man, hear ter pay \$20 a pair for th' things he's wearin', an' thar's no res for him. Effen he lo' 'em off he'd be arrested. Heaven help th' rich, th' poor kin beg. A gay chap said to a waitress

"See here, young woman, my corra's cold."

She curtly said, "I can't help that."

"If the blame thing's cold, put on your hat."

(The bow)

Pretty good weather at that for Friday the Thirteenth.

Fifty for top yesterday, but it got a chill that night, the clutch falling. Seventeen was low.

Colder in southeast portion is predicted for tonight, but otherwise fair, etc.

DISCUSSION APPEALS TO OWNERS OF AUTOS

Ignition and Lubrication Theme of Importance at the Local Tractor School

The discussion today of ignition and lubrication at the Casa tractor school, being held at the garage of the Idaho Auto and Supply Co., seems to be greatly appreciated by owners and prospective owners of farm tractors, according to G. E. Duke. This school is free and there is no solicitation of sales. It is for educational purposes only.

The instructors are Frank Hinman and Ray Hennigh. Ralph Steward, branch manager, and R. B. Hildebrand, salesman, for the J. I. Casa Threshing Machine company, are also in attendance.

The school starts at 9 a. m. and 1:30 p. m. It will continue through tomorrow.

BOXING REGULATIONS

NEW YORK, (AP)—The International Boxing union adopted at a meeting in Paris rules and regulations conforming with the views of the American army, navy and militia board of boxing control, according to a cable message received here from the British representative body.

Any reasonably-priced home or apartment may be rented—through an expensive classified advertising campaign. That the matter, the "risk" involved is so small that few people would dignify it by that name.

EBERLING'S CAR IN RAMPANT RUN

Buick Machine, Crashes Into Two Autos, Climbs Carb and Tears Against Church

Four crashes in 30 seconds is the record made by Albert Eberling last night.

In that period of activity he caused about \$1000 damage to several automobiles, finally pulling up when his own car hit the Methodist church steps.

According to eyewitnesses Eberling, who drives a Buick car and lives on Blue Lakes boulevard, was proceeding east on Shoshone street at about 8:30 last evening. It is said his course was not a particularly straight one and when he reached a point nearly opposite the West Arm he hit the rear end of J. S. Russell's big machine, driving the car upon the walk and tearing the front fender from the back end.

After hitting the Russell machine Eberling, tracks in the street showed, swerved directly in a northerly direction, encountering an "oncoming" coupe, which was stopped at an angle that saved it from serious injury. The Buick counter-swerved and crashed into the sidewalk at the Methodist church, running along the walk until the front steps of the church were met, a wheel being put out of commission.

Damage to the Russell car is estimated at \$400, while that sustained by the coupe is within \$100. The rampant Buick was damaged most seriously.

WIFE GRANTED DIVORCE; HUSBAND GETS ALIMONY

Failure of Spouse to Provide Life of Country Gentleman Leads to Wreck of Marital Craft

CLEVELAND, O., (AP)—Forest A. Bidwell, 50, of London, Ohio, was granted \$75 a month alimony and Mrs. Mary B. Bidwell, 50, of Cleveland, was granted a divorce by Common Pleas Judge Cleveland today in a suit for separation filed by the wife. Alimony payments cease if Bidwell marries again.

The couple were married in 1909 and parted in 1910, the court at London at that time ordering Mrs. Bidwell to pay her husband \$50 a month.

Bidwell testified that before their marriage Mrs. Bidwell promised to provide for him always and let him lead the life of a country gentleman.

Finding a position is sometimes a most disheartening task. Just to roll upon friends, or upon going about and making personal applications, often leads to utter discouragement. To find a position is through the classified. Sometimes this road requires more than one day to travel, but it leads invariably to the desired goal, if followed.

THE MODEL BARBER SHOE COMPANY

ESTABLISHED 1909

Every Day

Express packages arrive from New York filled with new Spring merchandise. With six expert buyers now in the market, buyers who have had years of experience in their respective lines, we can promise the people of Twin Falls the very latest and newest that Fashion has to offer.

Wright's A GOOD PLACE TO TRADE

Your New Spring Suit

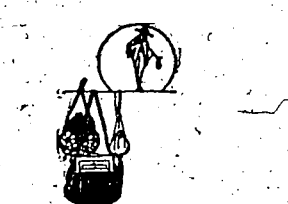

Should have smart lines and perfect finishing, making elaborate trimming unnecessary, simple braid binding forms, in cost cases, the only adornment. The jackets are handsomely lined. Skirts are a trifle wider than last season, with scarcely any trimming. The navy blue tricotines will be very popular.

Flare Coats
—are some of the secrets this advance showing reveals. Backs swinging free from the shoulders are allowed to gracefully hang.

The Eton
—has come to its own and certainly with its help, it will be no task at all for the most of us to look youthful.

Short Sleeves
—say these new frock arrivals "have come to stay." That's one reason why you will want to choose a new frock immediately. Be one of the first.

Pleated Skirts
Fashion has decreed that pleated skirts are good. Yes, even the suits and frocks come with both wide and narrow pleats. For sport wear the pleated plaids are good.

Bags
Beaded Bags, leather, silk and velvet bags—all are here. You will need one to complete things. The prices are special this week.

Ribbons
There are so many things that ribbons can be used for in adding the finishing touch to the Spring wardrobe. Some fresh stock has arrived in the newest shades and colors.

Blouses
The vogue for hip band blouses is increasing. Almost every day new models are added to our already fine display. Ask to see some of the latest creations.

Valentines
Nowadays it is proper to give practical gifts. May we suggest a pair of silk hose, perhaps a pair of gloves, or a parasol.
