

RUSSIAN  
DEMOCRATS ASK  
WILSON'S VIEWS  
ON RESERVATION

Administration Senators Lay  
Compromise Proposals Be-  
fore President in Hope of  
Averting Treaty Deadlock

CONTROVERSY CENTERS  
AROUND ARTICLE TEN

Knox Sponsors New Qualifica-  
tion to Prevent Further Cred-  
it Extension without Con-  
gress Action

WASHINGTON, (AP)—Still hoping  
that the peace treaty may be saved  
from another deadlock, democratic  
senators sought today to lay directly  
before President Wilson the latest propo-  
sals discussed as a possible com-  
promise basis on article ten.

While reconsideration of the reser-  
vation procedure is proceeding in the  
senate, Senator Hitchcock of Nebraska,  
the administration leader, was reported  
to have written the president asking  
that he see administration sena-  
tors and give them his views as to  
whether he would accept the compromise  
proposals now under consideration.

Specify Agencies.  
These proposals are said to contem-  
plate a change in the republican ar-  
ticle ten reservation so that military  
force and other specific agencies would  
be named as means which the United  
States would decline to use to pre-  
serve the integrity of other league  
members.

A new reservation designed to pro-  
vide further extension of credit to  
foreign governments without congres-  
sional action was introduced today by  
Senator Knox, republican, Pennsylv-  
ania. It provides that the credit to  
the United States shall not be pledged  
until congress has affirmatively given  
authority.

Another Plan Adopted  
The reservation relating to the reser-  
vation commission shall not interfere  
with trade between the United States  
and Germany except with the consent  
of the senate. It also provides for an  
exchange today by a vote of 41 to 22.  
Six democratic senators, Chamberlain,  
Oregon; Gore, Oklahoma; Nugent, Idaho;  
Reed, Missouri; Shields, Tennessee;  
and Smith, Georgia, supported it, a  
gain of one democratic vote over last  
November when the reservation was  
passed 54 to 30.

Senator Hitchcock made an effort  
to modify the reservation so that it  
would declare there could be no dis-  
crimination against the United States,  
but this amendment was voted down,  
23 to 37, the republicans standing to-  
gether against it.

WILSON'S REPLY  
REACHES ALLIES

Officials Promise Publication  
of Latest Exchange in Adri-  
atic Situation

LONDON, (AP)—President Wilson's  
note in reply to the latest communica-  
tion of the allied premiers on the Adri-  
atic question reached the American  
embassy here today. It will be dis-  
patched to East Curzon, the foreign sec-  
retary, this afternoon.

The instructions sent with the note  
from Washington contained a mention  
of arrangements for its publication.

## STATE DEPARTMENT ADVISES

SUMMARY TO BE FURNISHED  
WASHINGTON, (AP)—Summary of  
President Wilson's note to the pre-  
miers on the Adriatic situation is to be  
made public by the state department,  
probably late today. Officials indi-  
cated that the full text would not be  
given out at this time.

HOUSE DIRECTS PROBE OF  
SUGAR PRICE FIXING ACT

WASHINGTON, (AP)—Charging that  
President Wilson an Attorney General  
Palmer were directly responsible for  
prevailing high sugar prices, the republi-  
cans by a strict party vote have put  
through today's session a resolution  
investigating by the judiciary com-  
mittee of the senate of Attorney Gen-  
eral Palmer in connection with prices  
paid for Louisiana sugar.

Democrats charged the republicans  
with an attempt to curb the "growing  
popularity" of a democratic presiden-  
tial appointee. The republicans replied  
that Mr. Palmer had no authority to  
recognize the high figures at which  
Louisiana sugar sold and that he had  
failed to press actions against profit-  
ers.

MEXICANS KIDNAP  
ANOTHER AMERICAN

WASHINGTON, (AP)—Peter W. Summers, an American  
citizen, has been kidnapped by Mexican rebels at Salina Cruz,  
Mexico, according to a dispatch today to the state department  
from that city.

Final Adjustment of Financial and Legal Questions Arising from  
Government Control will Require "Considerable Time," Hines  
Announces; Claims Run into Enormous Figures

WASHINGTON, (AP)—Final adjust-  
ment of financial and legal questions  
arising from government control of the  
railroads will require "considerable  
time," Director General Hines said to-  
day. Claims affecting questions of cap-  
ital expenditures, maintenance ques-  
tions, and claims from shippers or ac-  
count of loss and damage will run into  
hundreds of millions of dollars.  
More than 1,400 officers and em-  
ployees have been cut off the govern-  
ment payroll as a result of the re-  
turn of the roads to private control.

LACK OF WORK PROMPTS  
LAY OFF ANNOUNCEMENT

RICHMOND, Va., (AP)—Railroads  
lack of work has prompted an an-  
nouncement by southern railway offi-  
cials here that 140 employees at the  
company's local shops would be laid  
off next Monday.

PAYROLL AT KNOXVILLE TO  
BE CUT TWENTY PER CENT  
KNOXVILLE, Tenn., (AP)—Orders  
laying off 300 of the 1,500 railway em-  
ployees at southern railway shops here  
have been posted, effective Saturday.  
Reduction of expenditures was said to be  
the purpose.

## JOHNSON IN TRAIN WRECK

California Senator on Campaign Tour  
Has Novel Experience

ST. LOUIS, Mo., (AP)—Senator  
Hiram Johnson of California, on road  
from Yankton to Watertown, S. D., has  
the novelty of being in a train wreck  
today when the Great Northern train  
on which he was riding was struck  
by a Chicago and North Western train  
at Davis, 30 miles south of Sioux Falls.  
No one was reported injured.

A baggage car was derailed. Sena-  
tor Johnson, who was traveling with a  
train of 200 cars, was not badly in-  
jured by the wreck, will be able to  
reach Watertown in time to deliver an  
address there tonight.

## World News Events

WASHINGTON, (AP)—The Mexican government is re-  
ported in consular advices to the department of commerce  
to be considering the issuance of a decree prohibiting the  
export of hides to the United States.

LONDON, (AP)—It is expected that the proposal to sell  
the British West Indies to the United States as a means of  
helping balance the war debt of Great Britain will be dis-  
cussed in the house of commons by Premier Lloyd George,  
probably next Monday.

COPENHAGEN, (AP)—Both chambers unanimously adopt-  
ed a proposal yesterday to join the league of nations.

LONDON, (AP)—A Bolshevik communication received by  
wireless from Moscow reports the capture by soviet forces  
of the port of Kom, 180 miles northwest of Archangel. Kom  
is on the White Sea at the mouth of the Kom river.

EXECUTION OF MEXICAN  
REBEL LEADER REPORTED

Cirilo Arenas Meets Death Before Firing  
Squad Following Capture  
in Puebla

MEXICO CITY, (AP)—Cirilo Arenas, a  
rebel leader, who was captured less  
than a week ago when he entered the  
city was Puebla disguised, was sen-  
tenced to death by a summary court  
martial Wednesday night and executed  
yesterday morning in Puebla, accord-  
ing to advices received here.  
Arenas, whose forces a year ago were  
guarding the Interoceanic railway be-  
tween Mexico City and Vera Cruz, re-  
volted against the government and  
since that time had been engaged in  
hand-to-hand operations. Among the crimes  
of which he was accused was the dynam-  
iting of a train from Puebla carry-  
ing a number of boys and girls in that  
city.  
Nine boys were killed by the band-  
its, who, he believed, they were soldiers.

CONFIDENCE IN  
EUROPE SHOWN  
UPON EXCHANGE

Canvass of Situation in New  
York Discloses Difference of  
Opinion Respecting Gold Im-  
ports from England

BRITISH TRADE INCREASE  
IS ALREADY BIG FACTOR

No Doubt is Entertained in Re-  
sponsible Quarters Over Pay-  
ment of Large Part of For-  
eign Loan

LONDON, (AP)—The report  
came from New York that large  
shipments of gold were pending  
from here caused a sharp rise in  
the exchange market today, cable  
transfers moving to \$3.80.

The report surprised the market  
considerably, but both bullion brok-  
ers and bankers expressed the belief  
that there is no foundation for the  
rumor. It was pointed out that there  
is not any such sum as the  
reported \$200,000,000 in gold avail-  
able for shipment without encroach-  
ing upon the reserves and the  
treasury is considered as unlikely  
to do in such a state. The amount  
coming from the mines in the next  
three months, estimated at 10,000,  
pounds may be absorbed gradu-  
ally for the United States, but  
this would be hardly sufficient to  
cause a big rise in exchange.

NEW YORK, (AP)—Foreign exchange  
continued to improve today. Demand  
sterling opened at \$3.80 to \$3.85 as  
compared with yesterday's maximum of  
\$3.80.

Continued improvement in foreign ex-  
change today resulted in demand ster-  
ling reaching \$3.70 when the stock  
market closed. This was an increase  
of 10 cents from the minimum of  
the day at the opening and a gain of 21  
cents since Wednesday.

It is understood that the situation  
among leading international banking  
houses today disclosed considerable  
confusion and difference of opinion re-  
specting the immediate gold imports  
from England and possible France.  
Bankers having close relations with  
Britain were not disposed to attach  
much credence to the possibility of  
such an extensive gold movement from  
London to this market is soon to be  
inaugurated.

## Exports Big Factor

It is generally conceded, however,  
that such action may be necessary  
to hasten further restoration of Brit-  
ish and French credits here. The point  
is that the steady increase of  
British exports to this country is al-  
ready a big factor in reducing Eng-  
land's foreign obligations.

It is pointed out that the increase of  
British exports to this country has never  
been doubted that a large portion of  
the Anglo-French \$500,000,000 loan, mat-  
uring next September, will be pre-  
sented to the government of the United  
States and the recent strength of the  
issue in the local bond market has been  
regarded as especially significant.

An additional \$500,000 in gold coin  
was withdrawn from the sub-treasury  
here for shipment to South America.  
This makes a total of \$21,500,000 with-  
drawn this week.

Gold coin valued at approximately  
\$3,000,000 has been shipped here from  
Canada; it was announced today. This  
metal is sent for the account of the  
Canadian government and is under-  
stood to be the forerunner of further  
shipments. It is believed that ship-  
ments made for such purposes are  
involving Canadian exchange which  
has been quoted below par here for  
several weeks.

Further shipments of \$3,000,000 in  
gold are expected from Canada. It  
is understood that Canadian interests,  
and not the British government, are  
responsible for the movement.

Flour Price Reflects  
Wheat Situation Gain

MINNEAPOLIS, Minn., (AP)—  
Improvement in the local wheat  
situation was reflected in an ad-  
vance in flour of 25 cents a barrel  
here today. Flour of standard  
quality sold at \$13.50 a barrel in  
90-second sacks.

SPECTACULAR BLAZE WIPES  
OUT ST. PAUL PLAZHOSHE

ST. PAUL, Minn., (AP)—A fire of  
spectacular proportions which threat-  
ened to spread to three small hotels,  
destroyed the Rialto theater early this  
morning. Fireman fought the blaze for  
five hours. The temperature was five  
degrees below zero. Loss is estimated  
at \$100,000.

STATE DEPARTMENT AGENT  
BARES PLOTS OF SOVIETS

Charges Willful Spread of Typhus  
Threatening to Become Greatest  
Plague in History

WASHINGTON, (AP)—Official advices to the state depart-  
ment say an invasion of Poland by the Bolsheviks is imminent,  
the house rules committee was told today by Wm. R. Castel, Jr.,  
in charge of the department's central European division. The  
committee is considering an appropriation for food relief in Po-  
land, Austria and Armenia.

Mr. Castel also declared that the Bol-  
sheviks were causing a plague of ty-  
phus in Poland, which threatens to be-  
come the greatest plague in history.  
"The Bolsheviks," he said, "are  
leading their typhus victims into armed  
motor cars, and taking them to the  
Polish border and forcing the Poles to  
accept them."

Austria as well as Poland is suffer-  
ing horribly from the lack of food and  
fuel, he said, rectifying conditions re-  
vealed by advices of American diplo-  
matic representatives abroad.

GALE AND SNOW  
LEFT IN WAKE OF  
BIG COLD WAVE

Storm Spreads East and South  
from Middle West with a  
Freezing Temperature Pre-  
dicted as Far as Mississippi

WASHINGTON, (AP)—The March  
blizzard, which crossed the middle  
west yesterday with snow and  
low temperatures, will reach the At-  
lantic coast tonight, the weather  
bureau predicted today. The  
strength of the blizzard, it was said,  
had been dissipated in part and  
although the rain falling along the  
eastern seaboard today will turn to  
snow, the fall will be light. It will  
be followed by much colder weather  
today.

CHICAGO, (AP)—The cold wave which  
yesterday swept into the middle west,  
preceded by rain and sleet and accom-  
panied by snow, today spread eastward  
and southward, but left behind it the  
gales and driving snows that character-  
ized its initial sweep from the mountain  
states.

Weather forecasts indicated the cen-  
tral western and Rocky mountain  
states would have some relief from  
severe winter weather, with fair  
weather, but freezing temperatures  
reaching as far south as Mississippi  
and snow and rain in the upper Ohio  
valley and the middle west.  
The storm struck Chicago six hours  
ahead of the time forecast by the  
weather bureau.

Kansas City, St. Louis, Omaha, Vin-  
Moines and St. Paul reported the storm  
had crippled wire communications and  
impeded street car service.  
Official reports of a blizzard operating in  
western and northern states announced  
crops with rotary snow plows had be-  
gun clearing tracks of the blizzard. It  
was probable train service would be run  
on schedule tomorrow.

SENATE TAKES MORE TIME  
FOR ACTION UPON COLBY

Case of Nominee for Secretary of State  
Halted in Committee Following Rec-  
ommendation

WASHINGTON, (AP)—Action on the  
nomination of H. H. Colby as secre-  
tary of state again was deferred by the  
senate foreign relations com-  
mittee today after members had objected  
to Colby's nomination. The vote until they  
had more information.

Sensors who were in the meeting  
said that while no definite charges  
had been filed, and no formal investi-  
gation decided on, it was the general  
opinion that certain matters should be  
cleared up before the committee made  
any recommendation.

CONSULTATION WITH UNITED STATES  
ON TURKISH TREATY TERMS EXPECTED

WASHINGTON, (AP)—The United  
States, in the opinion of officials here,  
will be consulted as to terms of the  
virtually completed Turkish treaty be-  
fore the document is handed to repre-  
sentatives of the Constantinople gov-  
ernment for signature.  
The United States is considered by  
the allied governments to possess a spe-  
cial interest in the solution of the Tur-  
kish problem as a potential member of  
the league of nations.

POLAND REFUSES  
TO BIND HANDS  
IN NEGOTIATION

Demands that Russian Bolshe-  
viki Enter Proposed Peace  
Parleys without any Cessa-  
tion of Hostilities

WARSAW, (AP)—Demands that the  
Russian Bolsheviks enter into peace ne-  
gotiations without agreeing to an ar-  
mistice are embodied in the latest propo-  
sals made to the soviet government  
by Marcin Gales Sperry, national pres-  
ident. If an armistice is agreed to  
the Bolsheviks will take advantage  
of the time to concentrate troops and  
reinforce various points along the front  
where they are unable now to mass  
forces.

JAPAN DECIDES  
TO QUIT RUSSIA

First Detachment of Troops to  
Leave Siberia with Last of  
Czechoslovakians

HONOLULU, (AP)—The Japanese  
government has decided to abandon the  
Siberian expedition. The line with Amer-  
ican policy, according to a cable mes-  
sage from Tokyo, received by Shimpa, a  
Japanese language newspaper, here to-  
day.

The first detachment of Japanese  
troops will leave Vladivostok March  
20 simultaneously with the departure  
of the last Czechoslovak troops, the  
message said.

The soviet government's peace offer to  
Japan, according to the cablegram,  
which they were to accept, was the fac-  
tor in the decision. The Japanese gov-  
ernment and resumption of full  
diplomatic relations, promising to end  
terrorism simultaneously with allied  
acquiescence with the offer and to re-  
cognize Japan's special rights in Si-  
beria.

A cablegram from Tokyo January 20  
said all Japanese troops in Siberia  
would be withdrawn "upon the accom-  
plishment of the main purpose for  
which they were dispatched to Rus-  
sia," according to a "fundamental  
Siberian policy," promulgated by the  
Japanese imperial diplomatic council.

## DESIRE FOR BUFFER STATE

IS ATTRIBUTED TO JAPANESE  
WASHINGTON, (AP)—Deeply con-  
cerned over the rapid westward spread  
of Bolshevik Japan is understood to  
desire the creation of a buffer state  
between it and soviet controlled Rus-  
sia. It is believed here that the crea-  
tion of such a state may be made one  
of the first considerations in any fu-  
ture relations between Japan and Rus-  
sia. The extent to which the Japa-  
nese government and resumption of full  
diplomatic relations, promising to end  
terrorism simultaneously with allied  
acquiescence with the offer and to re-  
cognize Japan's special rights in Si-

## NEW JERSEY IN LITIGATION TO BEAT DRY LAW

Files Suit in Supreme Court to Have Prohibition Amendment Declared Unconstitutional and Voted Act Repealed

WASHINGTON, (AP)—The state of New Jersey through its attorney general, Thomas F. McCran, Thursday filed in the United States supreme court a suit seeking to have the prohibition amendment declared unconstitutional and to prevent the enforcement of the Volstead act. The suit is directed against Attorney General Palmer and Daniel C. Hooper, commissioner of internal revenue.

The bill sets forth that the amendment was proposed in 1913, that in 1913 states the legislatures have not ratified it as provided by their state constitutions and that there is no power in congress to propose a constitutional amendment regulating the habits and morals of the people. It recites further that the amendment is a legislative and not a constitutional matter and that as such it was improperly passed.

**Charge Violation of Rights**

It is charged that the amendment centralizes authority without the consent of the people of New Jersey and that it is a violation of their sovereign rights. The Volstead act, enacted under authority of the amendment, the petition says, is null and void.

It is claimed that the Volstead act is illegal because by "depreciating and in a large measure destroying the taxable value of real and personal property within the state it is destructive of the state's free and independent government, because it deprives the state of revenue from licenses, and because it amounts to \$2,442,899, and because it interferes with the internal government of the people and operates to punish the heavy fine and imprisonment and forfeitures, thus preventing application for licenses for the sale of non-intoxicating beverages which is authorized by the Volstead act.

Complaint is made that the act restricts the practice of physicians of the state and the operation of its police, correctional and charitable institutions; that the state has not concurred in the amendment and that if the act is enforced it will nullify the rights of the state to regulate its internal affairs. "It is claimed the act is not appropriate to enforce the prohibition amendment in the amendment," which is expressly confined to intoxicating liquors.

In conclusion the complaint declares that if the amendment is valid the right of congress to lay "tax" under it is restricted to matters relating to "the external concerns of the United States and within the peculiar domain of the federal government, to regulate commerce among the states," and that the state alone has the power to enforce the act within its own borders.

## URGES CONSTRUCTION OF SKYSCRAPERS IN LONDON

British Newspaper is Convert to Notion that Taller Buildings May Be Improvement

LONDON, (AP)—"It is time that London grew up," declares the London Evening News, a new convert to the idea that it is time for London authorities to consider seriously whether taller buildings would not be an improvement on an ever-widening ring of suburbs.

"Well-built skyscraper flats and office buildings would be a boon to Londoners and there is no reason why we should not be as happy in them as New Yorkers are in theirs," adds the paper.

**MEXICAN TRADE INTERESTS WOULD CULTIVATE AMERICA**

JUAREZ, Mex., (AP)—The chamber of commerce at Salina Cruz, Oaxaca, Mexico, recently established, is seeking to promote commercial relations with American merchants and manufacturers, according to information received here by American Consul Edward A. Dow from Lloyd Burlington, American consul at Salina Cruz.

## UNCLE SAM'S INDIAN WARDS ARE TROUBLED OVER SOARING COSTS

REDDING, Cal., (AP)—Uncle Sam's Indian wards are troubled by the high cost of living according to the Jackson "ambassador" of the Pit River tribe, whose reservation is in the mountains a few miles to the northeast of here.

Jackson has just returned from Washington, D. C., where he set forth some of the problems of his tribesmen, and of northern California Indians in general, before high officials. He was accompanied on the trip by Charles Green of Clatskanie, sometimes known as "Chief Grindstone." Both are full-blooded Indians.

The Pit River Indians contend that the government owes them about \$3,500,000 for the lands they ceded in a treaty signed in 1851. News dispatches from Washington states that such was being made in the hands of the White House for the treaty, which, though signed, was never ratified. The Indians hold that it is none the less binding in honor.

"We want money," Jackson insists, "but we won't keep it very long if we get it. White man soon have Indian's hands have holes."

The red man declared that he was listened to with attention by the authorities at the capital, and treated kindly and considerately by them. "I had to grease the wheels for them," he added.

Jackson, whose home is in Klamath Falls reservation, made a trip through Modoc, Lassen, Plumas and Shasta counties, California, visiting every Pit River Indian and asking up their needs, before he set out for Washington.

"We want the Great Father (head of government) to help the starving and needy red men," he said when questioned in an interview, added by an interpreter. He declared the Indians are not able to make their own living and the government does not help them.

"We have lots of money in Washington," Jackson said, with reference to the proceeds from the sale of timber and grazing land, "but that does not do the hungry Indians in Lassen, Plumas, Modoc and Shasta counties any good. It does not satisfy their hunger or keep their bodies warm."

Jackson carries with him the statistics at the capital, and treated kindly and considerately by them. "I had to grease the wheels for them," he added.

**FOREIGN SUBSCRIPTIONS TO ITALIAN LOAN SATISFACTORY**

ROME, (AP)—Latest advice concerning subscriptions abroad to the sixth Italian loan are most satisfactory, especially with regard to the Latin-American countries.

Sigior Schanzer, minister of the treasury expressed the hope that the total subscriptions in South America would reach one billion lire before the lists close. The figures stand now at 800,000,000 lire.

**PATROMAN TAKES PIG AND JUG OFFERED AS PREMIUM**

SACRAMENTO, Cal., (AP)—Patroman Howard Sinton came into the police station here with a small pig and a gallon jug of brandy under one arm and with the other he was leading Al Bentley, a rancher.

Bentley had been trying to sell the pig for \$10 and as a premium had offered to include the jug of "house brew," Sinton said.

On the blotter after Bentley's name the officer wrote "blind pigging."

## RUSSIAN REVOLUTIONIST IS EXECUTED BY SOVIET

Chief Organizer of First Revolt Meets Doom Because of Criticism of Trotsky

LONDON, (AP)—Khrushchov Nossar, chief organizer of the first Russian revolution, has been executed by order of the soviet authorities because of criticism of a pamphlet of the entitled "How Trotsky Sold Russia," according to a Moscow wireless which says news of the execution was received from Kiev.

Khrushchov Nossar was arrested in Petrograd in 1905 for activities in a general strike. He was sentenced to exile in Siberia in January, 1906. In April, 1907, it was learned he had escaped from Siberia. He was next heard of in September 1917 when he proclaimed complete autonomy of the Poreyslav district of Little Russia.

## MEXICO THREATENS FORCE IN HALTING EMIGRATION

Warning to Workmen Not to Leave Country Includes Hint of Menace in America

WASHINGTON, (AP)—The Mexican government has threatened to prevent the exodus of workmen to the United States, according to advice received from Mexico City. Governors are said to have been notified by the department of agriculture that unless they prevented workmen from leaving the government would use the military.

The workmen are reported to be refusing verbal offers of much money to pay them better wages than they could get in the United States.

The Mexican government recently warned the workmen not to leave Mexico, stating that they would receive no protection from the American government if they were denied.

## MEDICINE NOT DEPENDENT UPON GERMAN-MADE DYES

American Product Meets All Demands for Scientific Search for Tuberculosis Germ

PHILADELPHIA, (AP)—Medical research libraries in this country in their search for a tuberculosis specific or cure for any other disease, are no longer dependent upon German made dyes. "Made in America" dyes are now being used. They give as good results as did imported dyes used before the war.

This announcement was made at the Henry Phipps institute where laboratory experiments developed that certain dyes localized themselves in tuberculosis lesions. Efforts are being made to modify these dyes with other chemical agents that will kill the tuberculosis germs.

Tyrian red dyes have been found to give the best results. As many as 75 modifications of this dye have been used in experimentation. Other reds and some blues have also been used. The staining qualities act as guide to the localization.

## PLANS MAKING AMERICAN GOODS IN GREAT BRITAIN

New Corporation is Formed in London to Develop Unique Trade Policy

LONDON, (AP)—A new company has been formed to arrange the manufacture of American goods in Great Britain for British and empire markets. It is stated by the American chamber of commerce in London.

With the growth of the movement for preferential tariffs and other preferential arrangements among the countries making up the British empire, many American manufacturers already have considered it desirable to establish factories in Canada. The new company is working, however, on the supposition that the advantages of a factory in Great Britain are greater.

The American chamber understands that the new company will encourage and assist American manufacturers of successful commodities to establish plants in Great Britain, but the American manufacturer is not interested in doing so and is willing to sell his manufacturing rights, the new company will undertake to find British or French manufacturers who will take over these rights. Similarly it will introduce into America goods which have proved successful in Great Britain or France.

## FINNS DENY ATTEMPT TO ASSASSINATE LORD ACTON

Helsingfors Dispatch Blames Exaggeration of Story of Minor Incident

WASHINGTON, (AP)—The Finnish legation has received an official dispatch from Helsingfors, the Finnish capital, stating that there is no foundation for recent reports of an attempt to assassinate Lord Acton, British minister to Finland. The reports, it appears, grew out of an incident in the regulation of street traffic at Helsingfors. When an order to halt was given by a traffic officer, it was not heeded by a party of diplomatic officials.

Not being aware of the presence of the diplomats and in order to enforce his orders, a warning shot was fired in the air. Explanations led to a speedy adjustment of the incident.

## BEILA KUN TO BE GIVEN HIS LIBERTY IN VIENNA

PARIS, (AP)—Beila Kun, former communist dictator of Hungary, will be set at liberty in Vienna, according to a dispatch to the Havas agency from the Austrian capital. The Hungarian communists interned at Karlsbad will be transferred to a sanatorium in Vienna, the dispatch says.

WILLIAM S. HART in Wagon Tracks  
An AIRCRAFT Picture

Mountain and plain and his horses, and long wagon trains crawling over the trail. Such had been his life, until one day they brought his brother home—murdered!

After that he was Hamilton the Avenger. But when at last he found his man, he found the brother of a woman he loved.

Then a strange ordeal of the desert, and a roving Indian band, seeking—and taking—an eye for an eye.

The end of the trail?—You would never guess. Find it with William S. Hart in this powerful romance of human souls.

## WILL SELL CAKE FOR ARMY FUND

Local Bakery Donates Monster Confection to Salvationist Benefit Drive

One of the chief incidental features connected with tomorrow's Salvation Army fund drive will be the public sale of a monster layer cake, donated to the campaign by one of the Twin Falls bakeries. Special ceremonies will accompany this auction, the cake going to the highest bidder.

Many interesting features are planned in connection with the drive for funds in the commercial district to-morrow afternoon, one of the principal attractions being the operation of huts by young ladies of this city representing Salvation huts. Three of these buildings will be set up on street intersections where they will catch the bulk of pedestrian traffic. The young ladies will sell doughnuts, the money deriving from this source being applied on the budget fund. The huts are to be embellished in fanciful taste, with representations of the activities of the Salvation Army during the war period across Asia. It will be at one of these huts that the monster cake will be auctioned.

Tomorrow's drive will bring to a conclusion a two-day campaign for funds to establish the Salvation Army on a working basis in Twin Falls. The sum of \$45,000 is needed to finance over the eight months remaining of the present year. Arrangements for the push have been made by an advisory board of business men, with Attorney Taylor Cummings, the chairman. This committee will be aided in presenting the campaign endeavor by Twin Falls post, American legion, War Mothers and young women of the city.

This afternoon a committee of 20 members of the American legion post, divided into many sub-committees, is operating in the residence district. These minor bodies have been instructed to make the canvass intensive, to not miss a residence anywhere. To-morrow all forces will concentrate in the business section.

## PLAYING SCHEDULE ADOPTED FOR MEET

## PROGRAM IS DEVISED FOR OPENING MEETING

Salvation Army Corps Will Be Installed in Twin Falls on Saturday Night

Elaborate plans have been devised for the inauguration of the Twin Falls Salvation Army corps tomorrow evening. A program of especial appropriateness and merit has been prepared for the occasion.

The inaugural meeting will be conducted in Parish hall beginning at 8 o'clock with Commandant George of Boise in charge. Various ministerial and commercial personages of this city will have an active part in the ceremonial. The Boise band will be here to play in the work, both at the meeting hall and in the open air sessions. It is planned to rally forces in the city business district through a band concert and march immediately prior to the indoor session.

Following is the program for the opening ceremonial:

Commandant George from Boise will open meeting.

Prayer—Rev. A. G. Bennett.

H. R. Grant, secretary and treasurer of the advisory board, will speak.

Taylor Cummings, chairman of the advisory board will speak.

John E. Davies will welcome the Salvation Army on behalf of the city.

Paul R. Taber will welcome the Salvation Army on behalf of the American Legion.

George and Mrs. John Naton will speak and sing.

Announcements—Eugene Naton.

Offering—Commandant George.

Boise and Mrs. J. C. Sweeley will speak on behalf of the women of the city.

The Rev. Conrad L. Owen will welcome the Salvation Army on behalf of the churches.

"America" by the audience.

Benediction.

## Social Notes

Mrs. E. Talbot entertained the Ninth avenue club Wednesday. Ten members responded to roll call with a discussion on the high cost of living. The remainder of the afternoon was spent socially and dainty refreshments were served.

Mrs. George F. Sprague entertained the Episcopal Guild at her home on Shoshone avenue yesterday. A brief business meeting was held and it was decided to give a St. Patrick's tea on March 16. A special hour followed and light refreshments were served.

The Woman's Missionary society of the Presbyterian church met in the church parlors yesterday afternoon. The program given was a synopsis of the work for the past year along spiritual, social and financial lines. Mrs. G. M. Simpson and Mrs. J. C. Beachamp were hostesses and served light refreshments.

Mrs. W. M. Fisher was hostess to the Kimberly Road club Wednesday afternoon. A business session was held and officers installed for the coming year after which a social program was given and refreshments served. Those present were Mesdames O. F. Strobeck, Fred Wagner, Charles Rose, Ivan Price, H. B. Baxton, Titus, C. A. Alvord, W. G. Lamm, E. J. Fichtel, H. Bayler, H. E. Lee, V. J. Stearns, A. C. Coburn, J. C. Porterfield, H. C. Alexander and G. R. Ludlum.

At her home on Fourth avenue east, Mrs. J. L. Tave gave a "kitchen shower" in honor of Mrs. H. R. Davis yesterday. The afternoon was greatly enjoyed. Miss Irene Carlson sang delightfully. A three-course luncheon was served and many useful gifts received. Those present were Mesdames E. R. Brown, Edna Bracken, J. C. Bates, Arthur Gates, F. H. Higbee, L. C. Peterson, G. T. Phipps, W. M. Stack, R. E. Webster, the Misses Jane Anderson, Irene Carlson, Arrellia Sawyer, Clara Campbell, Vivian Buchanan, Lillian Johnson, Miss Ruth Tubbs of Idaho Falls who is spending the week with Mrs. H. C. Brown, was also present.

A delightful Oriental masquerade was given by the Blue Triangle club Wednesday evening at the high school auditorium. Many charming costumes were worn. The girls were entertained by Oriental dances given by Miss Hazel Heartfield and Miss Margaret Grady before the Sultan's Miss Irene Warner and Miss Dorothy Erwin. The stage and auditorium were beautifully decorated in colored ribbons, Oriental pillowcases and palms. The plot of amusement were the fortune telling and titling booths. Refreshments were served in Oriental style at the Chinese and Egyptian booths. Prizes for the best costumes were given, Miss Zuma Shennibergen receiving first, second, on Oriental doll, and Miss Dorothy Henworthy third, also an Oriental doll. The remainder of the evening was spent socially.

TWIN FALLS WEEKLY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

THURSDAY, MARCH 4, 1920.

BUT FOR ONE THING

A paraphrase of a statement bearing upon international relationships lately delivered by a representative of a foreign nation at a gathering of prominent Americans might read something like this:

"Two alternative courses are now open for Jugoslavia to take, either to effect an early settlement of the questions raised at the peace conference, or to leave the question undisturbed and pending for an indefinite length of time.

"In any case Italy knows her responsibilities to Jugoslavia and to civilization. She will go forward unwaveringly along the pathway which she believes leads to international peace and stability. What difficulties, then, can there possibly arise between the United States and Italy with respect to the Rome problem?

"It should be borne in mind that Japan has in the Adriatic a special position which is not shared by the United States or by any other European power. Her future destiny is closely intertwined with that of the Adriatic and her own national safety and vital interests are in many cases directly involved in Adriatic problems which America and other nations can afford to approach from purely sentimental or economic point of view."

Needless to say no such statement is to be attributed to a representative of Italy in the United States. In point of fact, except where substitution is made of Italy for Japan and of Jugoslavia for China, the foregoing is a verbatim quotation from the first public utterance before a large gathering made by the newly appointed ambassador from Tokyo.

The facts adduced, however, seem pertinent to the controversy now raging over the Adriatic question, and there is no reason except one, so far as the average American is able to discern, why the statement as paraphrased might not serve as well for an American expression with reference to the Adriatic as the original statement must serve in some quarters for vindication of the peace treaty settlement in the Orient.

NEW LIGHT ON AMERICAN IDEALS

Re-adoption by the senate yesterday of the original foreign relations committee reservation to American acceptance of the Shantung provision of the peace treaty, besides vindicating the validity of the reservation itself and the growing American appreciation of the wrong committed by the so-called Shantung award may well be expected to reawaken those statesmen of the great Oriental republic of the sincerity of the American protest and bring about their reaffirmation of determination, as lately stated by Premier Chia Yun-feng in welcoming Admiral Gleaves, commander of the United States Asiatic fleet:

"We believe that our country has in late years made some progress as a republic; but we realize that from you, a republic of ripper experience, we may learn many profitable lessons. We hope to secure from you constant advice and counsel so that we may co-operate to maintain the permanent peace of the Pacific. This is the sincere wish of the Chinese people."

Certainly it is a small contract which China looks to America to fulfill as a conseller and exemplar, but it is one which America ought to undertake gladly, and with full appreciation of the fact that it is not something that would be vouchsafed to hands that were stained with participation in the depopulation of a faithful friend and ally.

Optimist and Conservative. Although a conservative is not necessarily an optimist, I think an optimist is pretty likely to be a conservative. —Henry James.

CHANGE CONTENT TO LIVE ALONG AMONG ORANGES

Former Baseball Star and Manager is At Ease and Through with National Game

By L. E. SANBORN  
LOS ANGELES, Cal.—Next time you read about Frank Chance coming back into baseball as part owner of one of the million dollar clubs, don't get all hot up about it. Take it for granted another clubhouse has stung a newspaper for a bit of soft money.

Not that the former penniless leader of the Cuba can't afford to indulge in the gamble of big league club ownership, but he doesn't want to, and up what he would have to, for a part of the year, if he came back.

Some Office, This Frank's "office" has no twin, so far as known. It's a cozy corner, glass partitioned off the back porch of his bungalow, and every time he looks up from a column of figures he rests his eyes on a smooth green lawn, profusely splashed with rose bushes and flower beds—a sort of al fresco patio, surrounded on three sides by bungalow.

In the background of the open side is a life sized reproduction of one of those old Holland windmills. Frank had that built around the water tank and pump on which he depended for moisture before California went so dry that he had to get water for his ranch from the city's water supply. The interior of the mill now makes do luxuriously equipped baseball office in

the world, we'll say. As to the bungalow itself, a real estate agent would probably describe it with the press agent of a film star, might get close to its description, but even they would have to leave a lot to the imagination.

Mr. Chance, the Architect. There's a living and music room across the whole front of it, with wide windows opening one way to the front porch and the other way to the patio, framing a colorful picture in either direction. One wing contains dining room, kitchen, and a sunny breakfast room. The other has two guest rooms, with baths, and a combination sun-parlor and den, one side of which consists of a real, old fashioned fireplace. Over the living room a second story contains a spacious, sunny dressing room, bedroom, bath and sleeping porch.

The original architect was Mrs. Frank L. Chance and she was the decorator, too; some of the furnishings coming from as far away as Chicago. There are several wildcat skins supplied by Frank's rifle, and the den is full of pictures and trophies which recall the day when pennants instead of oranges engorged the master's attention. The whole interior is simply exquisite and in dainty contrast to the gorgeous coloring of the exterior environment.

This gem of a domicile is set in the middle of the orange grove and at the end of a palm bordered driveway, entrance to which is made under a stone arch supported by two columns and bearing the legend, "Cub Ranch, Frank L. Chance." So it will be your own fault if you miss it.

Red Year, ridy, \$12,000. Although last year was a comparatively poor one, Chance found the comfortable balance of more than \$15,000 on the right side of his books the day he surprised him. And recently he replanted one-third of his orchard with trees which will bear their first crop this year. Less than a month ago he laughed at a man who offered him \$100,000 for the place. Besides, he owes the Frank Chance building, the most desirable business block in Glendora, and has to go only three-quarters of a mile to collect his rents.

Wouldn't I be a mutt to quit this for anything baseball can offer? asked the former diamond hero. "I'd blame night rather than a sick orange tree back to health than try to condition a modern ball player into signing a contract for less than \$15,000."

Unique Belgian Sport

Sand-bout racing is a sport enjoyed by Belgians and visitors along the sand dunes of La Panne. The boats are so named because they are sailed on the shore. A small frame is spread on four wheels and on the cross bars of the frame is set a good sized mast and sail. This wheeled craft is guided by a rope as boys steer a bob sledge or a small wheel. In a good breeze the boats make 15 to 20 miles an hour. The sand sailor can tack or turn his craft around just as easily as if he were sailing on water.

About the New Coats

On the whole it may be said that coats are of the top-coat variety, which harmonize well with the shorter skirts. The cut of this is full, so that the wrap may be loose and roomy, easy to get in and out of and not likely to crush fluffy things beneath. The fullness, however, is judiciously restrained in one way or another, by inside or outside belt, plaiting or gathers, so that the silhouette remains quite slim and well defined.

Arm Holes, in general, are of the set-in, raglan or kimono-sleeve sorts, repeating the idea of comfort expressed above. The shoulder tends to a slender, drooping effect. Materials are of the delightfully fuzzy, woolly sorts for sports and general utility wear, while introduction of smooth finished coats, usually in combination, is made for more elegant garments.

Although, as has been said, the short coat seems to prevail, yet a longer model, after the order of the Redingote, is provided for the use of those who particularly desire a practical garment of that sort.

Range of Prices \$19.50 to \$97.50

when I want variety I can run up to the duck club, a mile and a half away, any day in the winter, or I can go over the mountains for a week's fishing in the spring or hunting in the fall. And the bright lights are only an hour away, but I seldom go to Los Angeles. What chance has baseball with Chance?

Philadelphia Lass Breaks Swimming Record One Second

Marie Hillegas in Breast Stroke Contest Wins A. A. U. Championship

PHILADELPHIA, (P)—Miss Marie Hillegas, Philadelphia, broke the 100 yards breast stroke swimming record for women here last night in winning the middle Atlantic A. A. U. championship. Her time was one minute, 23 seconds. The old time was 1:20. In winning the 50 yards national junior championship, George Cunha, the former Pacific coast and Hawaiian swimmer, broke the middle Atlantic record in that event, covering the distance in 25.5 seconds.

KIMBERLY TEAM OUTCLASSED BY LOCAL JUNIORS

Twin Falls Second Hoop Flyers Defeat Suburban Visitors 46 to 15

On the high school floor yesterday afternoon the Kimberly hoop team was defeated, by the Twin Falls second quarter in an easy game, 46 to 15. The locals took the lead at the start and held it continuously throughout the game. All the local men did good work and completely outclassed the visitors. The lineups were: Kimberly—Gray and Robinson, guards; Wilson, Sullivan and King, forwards; Ham, center. Twin Falls—Ducker, center; Paulson, King and Pix, forwards; Thometz, Shulby, Bailey and Starns, guards. Between the two periods of play in Twin Falls engaged Bash of Kimberly at wrestling and pinned the latter to the mat, 11 minutes, 25 seconds.

Brief Bits of Sport

Stan Zysacko, big brother of the much topped Wladak, says he will be ready to tackle Stoeber after he has reduced his poundage 30 pounds.

"Biscuits" took on a lot of left while lingering in Russia during the war, and he hadn't an opportunity for the right sort of exercise over there, so he says.

Well, there's a bunch of husky hearties on this side the big drink who can help the Ponderous Pole reduce some.

Al Gould, Bee pitcher, has wired his club he will not be able to report for spring training. Al tersely says he has been ill and will not be in any sort of physical condition for weeks.

Ball players of eastern reputation are being signed for the Bull club.

Same old spring fever thing.

In Twin Falls there is no evidence of feverish haste to copy a club. Rather

there seems more indication of chilled feet.

Buck Weaver, Sox third baseman, is a better hitter than Babe Ruth, and records prove it.

The other day Babe and Buck engaged in a golf ball hitting tilt and the White Sox player landed the little pill 370 yards to Babe's 340.

The Associated Press informs that Ted Monty, California, is to have a "gymkhana."

Which is all right with us if it does not get too close.

Slim Smiley, sagebrush sage, says: "Bouten all they is left in this country wit' a kick in it is th' American men."

Maybe Earl Caddook could use some of that excess poundage Stan Zysacko is toting around.

Poor old Eddie McGoorty. The Ham-and-fist fighter in his day met the best the ring afforded and stacked up with the mightiest.

Then he went down and out before an English fighter.

The Chicago Tribune's sports editor warns the dear people not to kill Jack Dempsey with criticism.

Somehow we don't think Salt Lake Jack would look natural in his coffin put out in that fashion.

# WOOL HOLDINGS DECLINE, REPORT

Quarterly Statement Shows Only "Comfortable Reserve Supply" of Stock

Wool holdings on December 31, 1919, were 624,000 pounds, grease equivalent, or 105,000,000 pounds less than on September 30, 1919, according to the quarterly statement released February 12 by the bureau of markets, United States department of agriculture. That the commercial supply is evenly distributed is indicated by the fact that on December 31, 1919, manufacturers reported holdings of 244,000,000 pounds and dealers 245,000,000 pounds, green equivalent. This should not be taken to indicate that dealers owned the quantity reported by them, for while they held practically one-half of the stock upon which there were no restrictions, it is evident that a considerable proportion of it was being stored by them and being held for shipping instructions. Although the wool supply seems rather large, when referring to the total figures, it is not considered more than a comfortable reserve supply, which should be carried in this country at all times to meet any emergency in case the regular importations of wool were interrupted, says the bureau's wool specialist.

**Government Holdings Decreased**  
The government's holdings of wool have decreased materially since last year. The wool-purchasing quartermaster reported that on December 31, 1919, the total stock of wool in the possession of the government, spot and in transit, was 313,740,522 pounds, and estimated the quantity of wool in dealers' hands not yet billed to the government as 70,000,000 pounds, making in all 383,740,522 pounds, compared with 95,352,000 pounds on December 31, 1918. This clearly shows, it is claimed, that the government released its wool holdings as quickly as possible in such quantities as the market would readily absorb through public auctions throughout the year.

The British government in carrying out its proposed plan to liquidate its wool holdings sent to this country 18,039,000 pounds of grease wool and 731,543 pounds of scoured wool, which was reported by the representative of the British government as being held in this country as of December 31, 1919. The total holdings of dealers, manufacturers, and the United States and British governments according to conditions were: Grease wool, 394,250,828 pounds; scoured wool, 60,770,844 pounds; pulled wool, 34,907,929 pounds; total, 490,000,000 pounds; plus, 11,200,000 pounds. The manufacturers' stocks according to geographical distribution were as follows: Massachusetts, 63,503,533 pounds; Rhode Island, 29,490,704 pounds; Pennsylvania, 25,145,024 pounds; New Jersey, 20,204,583 pounds; New York, 18,837,556 pounds, followed by New Hampshire, Ohio, Connecticut and Maine.

**WHITTAKER TO SPEAK**  
On Thursday afternoon labor unions of Twin Falls will hold a mass assembly in Lavering theater when matters of general importance will be discussed. The meeting will be addressed by May or Whittaker of Pocatello, and the Rev. W. A. Moore, of the Twin Falls Christian church, as the principal speakers. Representatives of various councils and labor lodges will be called upon for short talks.

# Weather Maker Opens an Attack on Northern End

SOMEbody in the north end of the state must have considered "the ill-will of the weather-maker." He has shifted his pernicious attention temporarily, at least, from the south section to the panhandle end. Just why the continued attack against the lower tier of counties has been discontinued for the time is not known, but the fact remains that the weather hasn't been so bad today, and fair conditions are offered for tomorrow, while dire things are threatened for the north tonight and Saturday.

Following is the day's report for this end: "Tonight and Saturday fair south portion."

But so-called "jail" with that statement is this for the upper territory: "Probably rain or snow north."

Both high and low for the past 24 hour period topped the points of the day previous. Yesterday the mercury reached 34, and only dropped back 14 degrees during the nocturnal period. There was a trace of precipitation.

# ARREST OF DRILLER MADE IN TWIN FALLS

E. L. Schettler, who is said to be employed by the Onda oil company, was arrested at noon today on a fugitive warrant. Schettler was arrested by Sheriff A. N. Sprague and will be held at the county jail pending arrival of authorities from Vale, Oregon, whence orders for arrest were received. According to local authorities, Schettler is accused by a Boise man of giving the name of Meyer of grand larceny. It is said an oil driller outfit being to Meyer is lost and Schettler is accused of being implicated in the loss. Schettler is an oil well driller by occupation.

# CONTESTS ARE PLANNED TO HELP STIMULATE IMPROVED SPELLING

Cash Prizes are Offered for Winners in Competitive School Events to Be Held Here in April—Twin Falls Business Men Promotes Plan and Academic Authorities Give Aid

As a stimulating medium for better spelling a contest school has been devised by high school executives of Twin Falls to be held here during the month of April 25.

The competitive feature is open to entrants from the Fifth grade to the senior class of the high school, inclusive.

Elimination contests will be held about April 19 to 23 by room, class and building. Final contests will be held about April 25.

The prime mover in bringing about this competitive spelling arrangement is Asher B. Wilson, lawyer and president of the Twin Falls chamber of commerce. Mr. Wilson has authorized the presentation of cash prizes to winners in the contests.

It is the plan of the general committee in charge to divide the school grade classes into three groups. The first will comprise, inclusively, the fifth and sixth grades, Miss E. M. Sherrill, supervisor of the elementary grades, will have charge of this group. The second group, comprising the seventh and eighth grades, inclusively, will be in charge of L. E. Bear, principal of the intermediate schools. Principal M. C. Mitchell, of the high school will look after the classes from nine to twelve.

The cash prizes offered are \$10 for the first place winners in each group, and \$5 for the second place winners. At the present time the three group directors are preparing spelling lists and the general field of subject matter will be mimeographed so that each pupil in the several departments may be supplied with a list of 50 words on each Monday morning. This affords contestants a system of familiarization with words to be found in the final tests. There will be several hundred words in the total.

It is not intended that this contest or preparatory study shall in any way interfere with, or take the place of the regular academic work, but on each Friday pupils may have an oral spelling lesson covering the field surveyed.

This exercise will consume the 20 minutes of the regular school spelling recitation; or approximately 20 minutes per week, of class-room time may be used in this work.

Rules governing the contest provide that words may be pronounced but once, unless the pupil pronounces it incorrectly or fails to hear it readily it is apparent. Pupils must pronounce each word before spelling. Failure to do this will be counted as an error against the contestant.

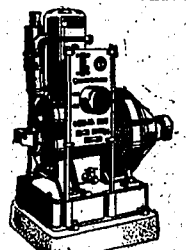

Words must be spelled reasonably soon after being pronounced, but they shall not be judged right or wrong until finished. Delegates to grade level contests, super lists, to which no pupil has had access shall be used.
