LABOR SUBMITS NOMINATIONS TO RAILROAD BOARD

Agreement to Present List
Without Recommendations
Brings Quiet in Troubled
Situation Among Union Groups

WASHINGTON, (AP)—Labor's nominations to the railroad labor board, the wage board of appeals on which the public will have representation, were submitted yesterday to the president. There were ten names from which the president will select three to be sent to the senate for confirmation along with three from railroad executives and three representing the public. The railroad executives have not yet completed their list nor has the president selected the public group.

Names Wharton and Jewell
The shop crafts, one of the three groups into which the sixteen labor unions were divided, named only two men. None of the names were made public but it was known that the shop crafts chose A. O. Wharton, president of the railway equipment department of the American Federation of Labor, and H. Jewell, who during the time Mr. Wharton served as a member of the railroad administration's wage adjustment board, acted as president of affiliated unions.

Agreement Restores Quiet
The union groups, with the exception of the shop crafts, were reported to have been far from unanimous in the selection of their representatives. Each individual union vigorously tried to have its own choice included in the nominations and the controversy threatened to become serious until it was agreed that the names would be submitted to the White House without any indications from the unions as to their first and alternate selections.

OPEN READING ROOM TO CHILDREN OF BELGIUM

Gift of Young Americans is the
First of Series Planned
for Europe

NEW YORK, (AP)—The gift of the children of America to the children of Belgium, the first juvenile reading room in Europe, will be opened in Brussels about the first of May. It has been announced here by the book committee of the art war relief. The committee conducted the campaign for funds with which the reading room, which is the first of a series to be opened in France and Belgium.

These reading rooms will be called "Little Joyous House" and will be replicas of the pleasant children's reading rooms in American libraries. The book committee is supplying books and living French. The first shipment of books has already arrived in Brussels. E. Jacquelin, Belgian minister of education, wrote: "Belgian children have no opportunity to read at all, except such books as might exist in their homes. There is neither free nor paying libraries for them. Not only children, but teachers, parents and public officials will catch that new world spirit, that free, broad, democratic sense, that respect for the children's future which every one coming to America cannot fail to admire."

UNITED STORES ADDS GROCERY DEPARTMENT

With Standard Brands of Best
Goods New Section is Op-
ened to the Public

In the basement of the Main avenue building, occupied by the United Stores a grocery department has been established and is open to inspection and patronage.

The new department adds another de luxe section to this up-to-date store, it being stocked with the best standard brands of food. Equipment is the best in all respects.

It is the intention of the store management to operate the grocery section on a strictly cash basis, a plan followed in all other departments of the establishment. A. B. Wood, formerly of Filer, is in charge as manager. He is a brother of L. L. Wood, who has been connected with the store some time.

COMMITTEE OF 48 TO BE NUCLEUS FOR NEW PARTY

Prospective Organization Makes Bid
for "Liberal" and "Various Farm
Socialists"

ST. LOUIS, Mo., The Committee of Forty-Eight, nucleus of a new political party which will have candidates in the forthcoming national election, it was announced yesterday, "Liberal" organizations, such as the American labor party and various farm societies will compose the "forty-eighters," according to Paul Harris Drake, of Boston, director of the organization. Candidates for president and vice-president will be selected at a national convention probably to be held here next June.

The Committee of Forty-Eight is a national organization of "constructive liberals" formed a year ago in New York.

NAMPA CITIZENS ARE UP AGAINST TROUBLE WITH ORGANIZED LABOR

Contractors' Association Asks Chamber of Commerce
to Take Action Looking to Alleviating
of Conditions in Building Trades—Building
Program of City Threatened

(Nampa Leader Herald)
To request that a general meeting of the Nampa Chamber of Commerce and interested citizens be called to consider the whole question of labor conditions in Nampa, a representative of the contractors' association of Nampa will appear before the directors of the chamber of commerce at their meeting today.

This action comes as an indirect result of the walkout of last week when thirty union laborers employed by John D. Wells were ordered off their jobs by the local labor council, following a dispute between the contractor and some of his platormen. Contractors say, however, that this incident was only a contributing factor to their present course of action, since conditions have been growing bad for some time, and they have felt that it would be necessary to bring about some sort of a readjustment.

The purpose of the general meeting, which will probably be called some time this week, is to hear from all the employers in the city and get their views as to how laboring conditions may be bettered so as to work for the best interests of all concerned. It is likely that a general employers' association will be formed at this time.

Won't Concede Demands

"Mr. Wells remains firm in his stand against conceding to the demands of the labor council. While his opinion has been crippled by the walkout, he has kept the work going forward to some extent, he says, and expects to have a full force at work within a week or ten days. An advertising campaign covering a 1000 mile radius from Nampa has been launched to secure workmen.

A majority of the leading contractors are standing by Mr. Wells in his refusal to meet what they believe an unjust demand on the part of the labor council.

"It isn't a case where only Mr. Wells and the unions are concerned," said one of them yesterday.

The entire city has an interest in this case. Conditions here have reached a point where there must be an immediate and satisfactory settlement between laborers and employers, or the future of the city will be endangered.

"Up to Every Citizen
This is an important question that deserves the best thought of every citizen who has the welfare of the city at heart. No one can be held to what is going on about him. Three of the largest cities in the state have been up against the same condition and have found it necessary to declare for the American Plan in industry, which guarantees to every man the right to work, so long as he delivers the goods regardless of whether he is a member of a union or not.

"During the past few weeks the mammoth plants of a leading graphophone company have been removed from Bridgeport, Conn., because of labor trouble. Directors of the Goodyear Rubber company decided to leave a factory employing thousands of men at Los Angeles because that city has declared for the American Plan."

Baker Makes Mistake in Income Tax Report

WASHINGTON, (AP)—Secretary Baker has over paid his income tax. He was notified today by the internal revenue bureau that he was entitled to a refund of \$480 for last year as the result of an error in figuring his return. Mr. Baker, himself a lawyer, had a lawyer assist him in making out his returns. He said he was unable to discover where he had made the error.

MANAGER FOR HITCHCOCK WELCOMES BRYAN STAND

Repiles to Declaration of Ne-
braska Not to Support
Candidacy

LINCOLN, Neb., (AP)—W. J. Bryan's recent statement that if elected a delegate to the democratic national convention he would not vote for the presidential nomination of United States Senator G. M. Hitchcock has been repiled to by J. H. Mithen, manager of the Hitchcock for President club, with a statement that "Senator Hitchcock's friends welcome the issue" and "will meet Bryan in every precinct in Nebraska."

Replying to Mr. Bryan's assertion that if Nebraska voters instruct for Senator Hitchcock he would allow an alternate delegate to the convention to vote in his place, Mr. Mithen said Mr. Bryan had "spent years preaching in favor of instructions and now he asks the people of Nebraska to elect him as a delegate and instruct him, and then serves notice on them in advance that instructions given him will not be followed."

"He has always taken the position that the rules that govern man's actions do not apply to him," Mr. Mithen added.

Among reasons for Mr. Bryan for his opposition to Senator Hitchcock was that the senator had voted against submission of the federal prohibition and suffrage amendments.

RUSSIAN INVESTIGATION IS TASK SET FOR LEAGUE

Allied Nations Council to Meet
for Third Time in French
Capital City

PARIS, (AP)—The council of the league of nations, it was decided today, will meet for the third time in this city Saturday. Those present will be Leon Bourgeois, representing France; Arthur T. Hays Sulzberger, representing the United States; Baron Matsui for Japan; Count Quinones de Leon for Spain; Dr. Gaston Du Guesne for Italy; Paul Hymans for Belgium; and Athos Papanicolaou for Greece. Mr. Bonnes represents the Greek premier.

The principal business will be the recent communication of the allies asking that the council of the league of nations consider the appointment of a commission with the view of obtaining impartial and authorized information concerning the present situation in Russia.

This request was forwarded February 24 by the British premier, David Lloyd George, as president of the supreme council, to Sir James Eric Drummond, secretary-general of the league of nations.

CONTINUANCE IS GRANTED IN VICTOR BERGER CASE

Five Socialist Leaders Sentenced for
Draft Obstruction Hold Off Prison
on Terms

CHICAGO, (AP)—Victor Berger and four other socialist leaders, sentenced on January 23 of last year to serve 30 days' sentences for draft obstruction, obtained another continuance when the case came up in the United States court of appeals yesterday. By a 5-4 vote the case was continued indefinitely.

The five affected are, Berger, the Rev. Irvin St. John Tucker, Adolph Berens, Louis Engel and William F. Bruce. All are at liberty under bond.

Appeals of William D. Hayward and 23 other I. W. W. members will be heard later this month. They were convicted and sentenced for conspiracy to obstruct the draft and other war laws.

High School News

The high school band, under the direction of J. T. Bainbridge, provided a musical program for the student body assembly Wednesday morning. "In Flanders Fields" was given by Mac Goodrich, and Opal Butler gave a humorous selection in addition to the musical numbers.

The girls' varsity basketball team will meet the Wenders girls' quintet on the high school floor this afternoon at 3 p. m. Both sides are in good playing condition and a rather fast game is expected.

An interesting discussion on prohibition took place in the fourth period class Wednesday in the form of a mock debate. In order to demonstrate a rule of parliamentary law a "speaker" was appointed to take charge of the discussion. The first vote was 17 to 3 in favor of so amending the present law as to allow intoxicating liquor of less than 2.5 per cent alcohol to be sold. When Watson left the opposition to the amendment while John Gamble unsuccessfully defended the eighteenth amendment.

A mock election was held by the senior class yesterday, the results of which will be published in The Coyote when it appears. Votes were cast for a student body president, a student body vice-president, and several others.

The student council is to undertake the prevention of stealing in the school which has been causing annoyance and inconvenience to students of late. At the last meeting the matter was discussed and at the next meeting definite steps will be taken to curb thefts. It was also decided to allow the student body to decide grade qualifications for council members. The present average is 83 per cent average, and it is suggested to lower this average to 81 or 80.

Everything is in readiness for the Twin Falls-Boise intercollegiate wrestling and boxing meet tonight in the school gymnasium. Six Boise wrestlers, who have been trained by Nick Collins, Boise promoter, will compete with an equal number of local athletes according to classes, ranging in weight from 105 to 150 pounds a man. Cliff Lewis, professional, will also wrestle with an opponent whose name has not yet been announced. One boxing match will be staged, in which Pat and George, both of Twin Falls, will compete.

D. L. Robey has his men in fine shape for the several duels tonight. The athletes took well in their full length fights and should make Boise work hard to keep in the running. In the matter of training Boise is in the lead, having prepared for such meets for two years or more, while the locals have been at work only two months. However, the men on the program tonight, representing Twin Falls have both build and science in their favor. Hoeg in particular, has received skill at the hands of Cliff Lewis and Ray Irwin and Nicholson will prove hard meat for the visitors to throw.

The tournament begins at 8 p. m. Student's season tickets are of no value tonight.

Modistes to Decide Against Style Change

CHICAGO, (AP)—Modistes, who will hold a five-day semi-annual convention here beginning March 16 in connection with the fashion show of the Fashion Art league of America, will advocate there be no change in design, according to an announcement today by Madame Ripley, president of the league.

"Price of materials and workmanship combine to make a radical change in style impossible," she said.

IMPORTANT IS RULING BY HEAD OF TREASURY

Comptroller Decided Overseas
Men are Eligible for Pay from
Last July 11

Under date of Jan. 31, 1920, the comptroller of the treasury rendered a decision in which he held that soldiers of foreign service where twenty per cent of increase is payable, are entitled to such increase from and after July 11, 1910, on their entire base pay instead of their old base pay as authorized during the war, under section 10 of the act of congress approved May 17, 1917.

As it is estimated that there will be between 250,000 and 300,000 soldiers who will submit claims under this decision, a new branch of the claims division was formed February 16 1920, and designated Foreign Service branch, actual work commencing February 21, 1920.

Total number of applications for blanks received to date, 1,130; total number of claims received to date, 1,067; total number of claims settled February 21 to 27, 195.

Men who were discharged from service since July 11, 1910, should apply for back pay due. All information as to amount and method can be obtained at the United States army recruiting office.

NEWS SERVICE IN COURT FOR MAKING ERROR

Plaintiff Alleges False Report on Court Decision in Stock Dividends Case Causes Financial Ruin of Many

NEW YORK, (AP)—A suit to recover \$238 alleged to have been lost because of an error by the Dow Jones and company news ticker service in reporting the decision of the United States supreme court in the Macomber case in which the court held that stock dividends are not taxable as income was filed yesterday against Joseph Cashman, a treasurer of the company, by Gaston Jalliet, Martin C. Anorgo, attorney for Jalliet, cleared the case from the federal court in the interests of other clients some of whom were ruined.

Claims Reliance on Error
In his complaint, Jalliet charged that Dow Jones and company "deliberately published and caused to be transmitted" on its news ticker an erroneous report of the decision and that he was influenced thereby to dispose of stocks at a loss. Jalliet stated that he dealt in stocks through a brokerage house receiving the ticker service.

"The decision in said case," the complaint continues, "was of the greatest importance in the determination of the value of stocks, bonds and securities and said decision had been anxiously awaited for many months and it was well known to the plaintiff that its report thereof would have a material effect upon the stock markets of the country."

Alleges Carelessness
The publication of the false report, Jalliet alleges, was due to "negligence, carelessness, and recklessness," and for a long time afterward Dow Jones and company "deliberately, carelessly and recklessly failed to correct said false reports," even though it knew that brokerage houses and customers were relying on the erroneous information.

"Stocks subsequently violently reacted," the complaint says, "and rapidly advanced upward before the defendant corrected its report and before the plaintiff knew of the falsity thereof and was able to sell at a profit."

Defendant Blames Reporter
Dow Jones and company, in a statement, declared that the error was due to the negligence of its reporter in the supreme court chamber in Washington. The reporter, the company explained, prepared an advance bulletin in such a manner that it was necessary to have to use or leave out the word "not" in announcing the decision. "The first impression that the reporter and many other who received the statement," was that the lower court had been reversed and therefore stock dividends were taxable, and the word "not" was not used. The bulletin was held for confirmation, it was stated, and it became apparent that the lower court had been affirmed, but "by the reporter's error," the statement said, "the reporter was confident as he handed the bulletin to the messenger, that he had put back the word 'not'."

Social Notes

The M. B. and S. club met at the home of Mrs. C. W. Griggs Wednesday afternoon. Owing to illness the attendance was small. Mrs. E. E. Cory gave a most interesting paper on St. Augustine. The members present were Mrs. James E. E. Cory, C. H. Eldred, Smith, Ball, A. J. Aegus, Decker, W. O. Jacky, J. M. Jamieson and E. A. Bryant.

The Presbyterian Ladies' Aid met at the home of Mrs. M. E. Jamieson yesterday afternoon. Annual election of officers was held and the officers of the year closing were re-elected. Mrs. H. J. Youngs, president; Mrs. A. C. Slifer, vice-president; Mrs. M. C. Slifer, secretary; Mrs. C. H. Johnson, treasurer. Several new members were added. At the close of the afternoon the hostesses, Mesdames H. J. Youngs, M. E. Jamieson, J. Foster, E. M. Henderson, A. K. Sawyer and Trousdale, served delicious refreshments.

Mrs. T. M. Robertson assisted by her sister Miss Elizabeth Smith, entertained the Episcopal Guild yesterday afternoon. A brief business meeting was held after which the time was spent with sewing and tea was served.

Mrs. W. C. Honold entertained at a "Woman's World" evening. The guests were Mr. and Mrs. S. L. Johnson and daughters, Mary and Margaret, and J. H. East, of Cambridge, Neb., who is a guest at the home of Mr. and Mrs. O. M. Simpson.

Mrs. H. E. Bailey entertained the Unit club Wednesday afternoon. Eleven members answered to roll call on current events. Election of officers was held, as follows: Mrs. George Bice, president; Mrs. H. E. Bailey, vice-president; Mrs. A. J. Green, secretary; Mrs. Carl Fritz, treasurer. Federated board members, Mrs. J. W. Belleville and Mrs. James Patrick; alternates, Mrs. Le Roy Evans and Mrs. Carl Fritz. There were four guests in attendance and dainty refreshments were served.

Mrs. H. E. Deiss entertained at a four course luncheon yesterday, complimenting Mrs. A. E. Zenger, mother of Mrs. T. T. Murray, and Mrs. Fahlgren, mother of Mrs. O. P. Davall. A central board of daffodils with yellow butterflies formed a charming centerpiece for the table, the place cards and cut cups were also decorated in daffodils. The guests of the luncheon were Mrs. M. E. Jamieson, T. P. Davall, W. H. Dwyer and W. T. Galle.

The Mountain View club was entertained at the home of Mrs. Elizabeth Carter Wednesday afternoon, March 10. There were twelve members and one visitor present. The afternoon was spent finishing a quilt which was begun at the meeting two weeks ago. It was decided to hold a banquet at the home of Mrs. Jeannette Griffin Wednesday evening, March 24, and sell it. The proceeds will go to the "war chest relief fund." All members and their families are urged to be present. They will be no meeting in the afternoon. Last Wednesday, after a short business meeting the hostess served a two-course luncheon. She was assisted by the Mrs. Elsa Stafford and Ruth Gamble.

Today's Markets

New York Exchange
NEW YORK, (AP)—Professional interests in control of the stock market today were inclined to ignore another setback in foreign exchange, but took heed later of a sharp advance in demand loans. Sales approximated 1,100,000 shares. The market reacted all around in the last hour, leaders showing actual losses of 2 to 6 points when call money rose to 13 per cent. The closing was heavy.

Liberty Bonds
NEW YORK, (AP)—Final prices of Liberty bonds today were: 3-2's \$90.08; first 4's \$90.74; second 4's \$89.54; first 4-1's \$91.10; second 4's \$89.80; third 4's \$91.15; fourth 4's \$90.14; Victory 3-4's \$87.38; Victory 4-3's \$97.28.

Grain and Provisions
CHICAGO, (AP)—Wheat selling by big commission houses weakened the corn market today notwithstanding continued wet weather. Temporary declines in sterling counted somewhat in favor of the beef, and so did an advance in ocean rates on foodstuffs from the United States to Great Britain. Besides, it was asserted that corn prices were above the feeding value of the cereal. Opening quotations, which ranged from 10¢ decline to a like advance, with May \$1.43 3/4 to \$1.49, and July \$1.42 1/4 to \$1.43 1/4, were followed by moderate setbacks all around.

In the last part of the day, selling pressure slackened, and rallies followed. The close was nervous, 1-8 to 3-4 net lower, with May \$1.48 1/4 to 1.49 3/4 and July \$1.42 3/4 to 1.43 1/4. Oats lacked support. After opening 1-8 to 5-8 net including July at 75 1/2 to 75 3/4, the market sagged a little before beginning to steady.

Higher prices on hogs gave strength to provisions. Trade, however, was dull.

Later the market showed a tendency to sag with grain.

WOOD COUNTS COMMERCE DEVELOPMENT OBLIGATION

Advances Views on Necessary American Policy in Talk at Indianapolis

INDIANAPOLIS, Ind., (AP)—The fostering of domestic business and world commerce was advanced by Major General Leonard Wood, candidate for the republican nomination for president, as one of the paramount obligations of the American people and government, in an address before Indiana republican leaders at a luncheon at the Columbia club today.

General Wood advocated careful training of consular officers for all countries, to the offices of which would be attached trained commercial agents. In this connection he mentioned particularly the South and Central American and far eastern countries, in which, he declared, the United States has never had such an opportunity to advance its trade relations.

The sale or lease of American shipping built during the war, to American firms only, in order that the merchant marine built up might be kept under the American flag also was urged by the speaker.

General Wood reiterated that he favored adoption of the treaty of peace and the league of nations covenant with reservations "which would absolutely Americanize it" and a "strong courteous foreign policy" which would include a trade policy.

DOG SLAUGHTERED FOLLOWING ATTACK

Farm Pet Shows Effects of Biting by Coyote—Sinks Fangs into Children

Bitten by a coyote a month ago a dog owned by Jake Meyer, living just down from Hollister, yesterday displayed first symptoms of rabies. The dog bit two children of the George F. Grover household. The bites were not severe. Today the animal bit two of the owner's children quite severely. The dog was shot immediately.

This information was received by telephone from Hollister today, the statement being added that the body of the dead dog would be sent to the state bacteriologist for examination and determination as to the extent of the infection with rabies.

The fight between the coyote and the dog took place on the Meyer farm at night, the dog being worried and chased into the house. Mr. Meyer shot the coyote. He attached little importance to the incident at the time, not believing the coyote mad. The attack against the four children yesterday caused the adoption of drastic measures. The children will be given Pasteur treatment.

Return to Remain—Mr. and Mrs. John W. Graham and son arrived yesterday from Sidney, Neb., to again make their home in Twin Falls.

Licensed to Wed—A marriage license was issued yesterday evening to Charles M. Henofor, aged 25, and Inez M. Gates, 18, both of Twin Falls.

Permit to Build—Yesterday afternoon G. H. Diel took out a permit covering the construction of a 100-ft. frame building in South Park addition. The estimated cost is \$900.

Seeks Divorce—Doc Storey, of Buhl, has instituted proceedings in divorce from Maude Storey, nee Anderson, a resident of Buhl, Idaho. The principal allegation is desertion. The divorce was granted in Baker, Oregon, February, 1920. The action was filed by Attorney J. W. Taylor in the district court. A division of joint funds and property is sought with the divorce.

Local Masons Visit Buhl—About 100 members of Twin Falls lodge No. 445, A. F. & A. M., attended a lodge session in Buhl yesterday afternoon and evening. Six candidates were raised to the final degree of Masonry; officers of Twin Falls lodge exemplify for one degree. Past Master J. B. Parrott delivered the lecture with the degree. Dinner was served at 6 o'clock.

ATOMS IN FORM FOR GO TONIGHT IN TOLEDO RING

Jim Wilde and Mason, Britton and Yank, Will Swap Punches for No-Decision

TOLEDO, Ohio, (AP)—With both contestants down to the stipulated weight, 108 pounds at 3 o'clock this afternoon, Jimmy Wilde, flyweight champion of Great Britain, and Frank Mason, of Port Wayne, Ind., are ready for their 12-round no-decision bout at the Midwestern here tonight.

At Thatcher, the promoter, sought to have the bout a made a decision affair for the international title, but Dave Hughes, Wilde's manager, objected to such a plan and the contracts were drawn up for a no-decision encounter.

Ed Smith, a Chicago newspaper man, will be the third man in the ring. Both boxers have been training faithfully here for the bout and both are expected to win in first class condition. Last night Mason weighed 107 pounds and Wilde 105.

Betting has been running along about even. Wilde was drawn down \$10,000 for his end of the bout while Mason accepted \$5,000.

Mason is thirty years old, Wilde's senior by two years. The height of each is the same, 5 feet, 2-1/2 inches.

Wilde has it over his opponent in reach, measuring 68 inches, while that of Mason is 64 inches.

One thing noticeable in the measurement comparison is that Wilde's chest expansion is only two inches wider than that of Mason measures 53-1/2 inches.

More than 4,000 seats have been sold, according to Promoter Thatcher and the demand still is on.

LAVERING

Ruth St. Denis presents a new form of her art in the Ruth St. Denis Concert Dancers who are appearing here this week at the Boyd theatre.

She is a many-sided person. She has a pictorial and a bizzere side and consequently would also have a purely classic side.

This group represented their teaching on a more purely classic type of dance which, though less familiar to the eye, is more beautiful and more host dear to her heart.

In her interpretation and interpretation of the east, its spirit and soul, Miss St. Denis has given us a new and beautiful manner, but only a part. This pure music visualization by her dancers shows us another new and beautiful manner.

She also gives us an idea of the fundamental principles which have been the foundation for the remarkable career as a dancer which she has had.

The St. Denis company will be at the Lavington Monday under the auspices of the B. P. O. E.

IDAHO

The inscrutable Oriental holds out a constant appeal to America. His character is forever a source of healthy interest, tantalizing the imagination and stimulating curiosity. The worst types of the yellow man are brought into the light of day by the new photodrama release, "The Cyclone," at the Idaho theatre today, in which William Fox presents the darddevil of the screen, Tom Mix.

A setting as fantastic and multi-colored as life itself serves to etch the Chinese allies of a smuggling gang in a uniquely strong fashion. Their diabolical contrivances are sore obstacles to Sergeant Tim, the latest and strongest characterization by Tom Mix, the Fox hero. But the darddevil Tim triumphs and wins the love of a charming girl, played by Colleen Moore.

Deaths

The body of Roy, infant son of Mr. and Mrs. Roy Mathison, living near the sugar factory, will be forwarded this afternoon by the Undertaker J. E. DeWitt to American Falls for burial.

BANDITS TAKE FORTUNE IN RAID ON PHILADELPHIA HOUSE

PHILADELPHIA, Pa., (AP)—Bonds totalling \$410,000 of which \$115,000 are negotiable, were stolen early today by bandits in a raid on the Weighman building. Two officers were visited. In one they blew open a safe and in the other the safe was forced open. The men escaped.

Lyre is Silent When Lustre of Sun is Dimmed

HOW shall we sing a tune so long with life's aureate sun lost back of banked clouds and the breeze blowing wherever it listeth?

How shall we ask! At that the breeze has about blown itself out and the temperature mounts steadily the scale toward the apex of the indicating cylinder, while on the immaculate facade of the barometrical gauge is a tracery in blue as of a range of rugged mountains; up and down, and down and up again. It registers nothing in particular, and hardly that.

Whatever was the high and low of the mercurial perambulation yesterday we discuss now, for when we ceased telephonic service with the clock central sweetly quoth on the diaphragm of our shell-like ear: "line's out of order."

But the paid prognosticator kicks in with his daily toot: "Tonight and Saturday fair south; probably rain north."

IMPROVED LAKE SOLVES PROBLEM OF PLUNGE NEED

A. M. Sande Instituted Natatorium at Ranch Place Near Town Providing Lake of Two and a Half Acres

Twin Falls' natatorium problem has been solved. And to A. M. Sande is to be paid all tribute for finding the solution to this vexing question.

The solution is found in an excavation at the Sande farm, half mile northwest of Twin Falls. This excavation is to be finished and flooded for swimming purposes during the regular season.

The Sande swimming pool is not a mere pond but an oblong lake 240 feet wide by 370 feet in length. In depth it will contain water for a seven foot dive in one end, shallowly to three feet at the other. The lake will be opened to public swimming and bathing as soon as the weather is sufficiently warm.

Nature Improved

Although the Sande lake is not a new institution as a lake, it is new as a natatorium site. In fact, the area in its original state was always water covered, and in years far back was the only natural great pond in this district. Excavations and diking have improved its bed and walls, the latter containing its waters to a concentrated area and increasing its commercial value.

In the latter respect the water has been used for the purpose of making natural ice and also for the water food industry. Both of these industries have been exploited extensively by Mr. Sande who used the lake for ice making from 1909 to 1914, when he became interested in the artificial ice business down town. For two seasons he experimented in the raising of ducks and geese.

Need for Natatorium

After engaging public extensively in the water food industry for a couple of years Mr. Sande decided the community hereabouts needed a natatorium and its advantages much more than it needed ducks, and with this in mind he devoted the winter past to devising a scheme for flooding that section of the lake the dimensions of which have been mentioned herein with water for swimming purposes.

The retaining dykes of the lake are to be cemented and this render them proof against erosion and leakage. Material is now on the ground for this work. The floor of the natatorium will be covered with about six inches of "blue sand". On the sand will be forty carloads have been imported from an outside gravel sector, 30 of the "blue sand" and 10 of gravel for concrete base.

Natural Water Supply

To provide water for the lake Mr. Sande will draw upon a deep well and a nearby canal. The flow from the latter will be thoroughly filtered and purified before it is directed into the tank. The well water will be forced in through the power of an electrically operated centrifugal air pressure pump in the deep well. The pump has a capacity of 150 gallons per minute. Overflow water will be utilized for farm irrigation purposes and the drainage water will be high enough to power a pipe a distance of 1,790 feet to Rock creek to be emptied.

Appurtenances

On the western side of the natatorium Mr. Sande proposes to erect a number of bath houses, suitably equipped for patrons. These are to be planted about the lake to provide shelter in future years and add distinction and scenic beauty to the spot as a park site. Other conveniences and schemes are to be added as a need for them is found. Mr. Sande proposes to erect a coater plant during the coming season if the patronage warrants. Other similar amusement devices will be made a part of the general scheme of amusement in time.

The original lake at the Sande place was considerably larger than that proposed for use as a public natatorium. The major portion was diked off and is later on to be prepared and made into a boating lake. This area is slightly more than three acres. In the winter months the present lake, and a larger one, too, will be utilized for skating. Mr. Sande explains

LOWLY POTATO AGAIN RESTORED TO POSITION AMONG THE MIGHTY

Chamber of Commerce "Breakfast" is Occasion for Re-Crowning of Spud as King of Agricultural Achievements in Idaho—More Than 200 Business Men Attend Revived Acquaintance Session

The Great American potato, cultured and improved in Idaho, has been restored King.

After a period of several years' hibernation the humble, though potent, spud has come again into his own, there, apparently, ever to remain. The re-crowning event took place before more than 200 representatives of commercialism, industry and agriculture of this city and section at a "potato breakfast" held in the high school auditorium last night. It was a crowning event in more ways than one for it revived, again the great social and business plan of the old commercial club, a plan designed to further the commercial interests of the entire section, and to help Seattle, however, the tale of south Idaho wonders, both in community and agricultural achievements.

The night's session was impressive, and if it was not enjoyed in all its program of broadened detail the discomfort was well camouflaged. Congratulatory sentiments were expressed to the executives of the Twin Falls Chamber of Commerce for the entertainment and the opportunity provided for meeting again around a common board and enjoy renewed acquaintance. An "honored-to-goodness home-cooked feast" good orchestral music and "charismatic" music were served. "Samples" consisting of burlesque and "take-offs" on local institutions and individuals, with good short talks, marked the occasion. Every number, whether short talk, address, song or overture, was in accord with the spirit of the party. There was no note of discord; on the contrary the affair was replete with harmonious feeling, good-will and apparent desire to put the collective shoulder to the community wheel and push for greater progress and achievement for the Twin Falls district in particular and Idaho, north, south, east and west, in general. That was the pledge of the tobanatunary, and all concurred.

The festivities opened with the real "potato breakfast" in which the humble spud was restored to a place of kingly authority. He appeared in almost every form and garb on the stage, and was the subject of the feast, besides being the subject of nearly all remarks.

One of the crowning features of the party was found in the uniqueness of the menu and program cards. At each plate was placed a card folder representing an Idaho Gem, on each page inside being printed the list of commodities in progressive courses and the schedule of musical and "stunt" events.

The dinner was prepared and provided by the women of the Twentieth Century club, and served by young ladies of the high school. From cocktail to coffee it was a gem of production and high-class service. The stage entertainment part of the program was provided by members of Twin Falls Post, No. 7, American Legion, while Spalding's orchestra interspersed instrumental music throughout the evening.

With Hal G. Blue, superintendent of public instruction, in charge as master of ceremonies the objects of this meeting were well introduced and concisely stated. In his introductory remarks he heartily congratulated the chamber of commerce for the effort, and its success, expressing the hope that "potato breakfasts" will hereafter never be permitted to lapse. He fingered a splendid tribute to the path-finder of this district, the idea of the carrying out of the plans they laid for a bigger and more important commercial center in Twin Falls.

Only one fixed speech was given, that being by M. J. Sweeley, pioneer of this city and booster for the potato. His subject was "The Potato," and through it he gave a jocular tracing of the lowly Irish potato of American origin, cultivation to its perfection and grade. He punctuated the speech with times dedicated to and immortalizing the Idaho Gem.

Yahel Cummins, called upon early in

the meeting, told of the January meeting of the state Legionnaires, and asked for concentrated effort for the entertainment of the delegates, 600 of whom are expected early in April. Secretary Newell S. Wright, of the state of commerce, was introduced, and acknowledged the introduction with a brief statement of the proposed program of the club. John W. Graham, lawyer, who has returned to Twin Falls to reside after several years' absence, spoke on the railroad rate needs of this branch of the O. S. L. and urged cooperative help in the betterment of the railway tariffs for this section to outside markets.

DRINKS BAY BUM

Using bay rum as the base for a series of cocktails, Clark Griffith, at local water, became helplessly intoxicated in his apartments at a rooming house last night. He was borne to the county jail where he spent the night sleeping away the effects of the poisonings. This morning he was sufficiently recovered to appear in the municipal court for hearing. He admitted the charge of drunkenness and was released from custody on payment of a \$20 fine.

ASKE FORECLOSURE

Seeking foreclosure of a mortgage on land, given to secure a promissory note of \$400, W. H. Craven has instituted a legal action against the Twin Falls Packing company, an alleged defunct corporation, Henry Jones, Perry Jones, L. A. Nelson, John P. Hansen and W. P. Guthrie, as trustees of the company property. This action was filed by Guthrie & Myers, attorneys.

LODGE GUEST SHONORED

A party of 21 members of the Twin Falls lodge No. 36, Knights of Elthia, last evening motored to Shoshone to attend a degree ceremony of Dolos Lodge No. 28. The entertaining lodge exemplified work in the Page rank and served a banquet in honor of the visitors.

Y. W. C. A. ENTERS FIELD WITH CALL FOR FUNDS

Twin Falls is Asked to Contribute \$1,400 Toward Society Welfare Work

Twin Falls is asked to raise at least \$1,400 for the world work of the Young Women's Christian association. A more worthy object of our gifts could not be found. The Y. W. C. A. has for its purpose the physical, mental, moral and spiritual betterment of girls everywhere; and better girls will make for a better world. A concentrated public campaign for funds begins tomorrow and will continue throughout the coming week. The physical development of girls in our own and other lands is sorely neglected. Poor posture seems to be the rule rather than the exception. Headaches abound. Lifting shoes, insufficient clothing, lack of cleanliness, and little exercise are ill to be corrected. The Y. W. C. A. in its gymnasium classes combats these. Where no gymnasium is to be had, much of this corrective work can be done by lectures, callisthenics and outdoor work. For the mental development of the girls, there are classes in various subjects, varying with the locality and the needs of the girls. To the girl who has left school too early, these classes afford an excellent opportunity to better her position. At a Y. W. C. A. school in New York city, courses are offered in 37 subjects.

Lectures on moral subjects are an important feature in the program of the Y. W. C. A. organization. There are club meetings and summer conferences where the ideas of "personal responsibility and consideration for others" are emphasized. The Y. W. C. A. is interdenominational. Bible classes are held with the opportunity for free discussion. No finance such a program as this much money is needed. The disbursement of the war work council of the national Y. W. C.
