

RAILROAD WAGE AGAIN REFERRED TO WHITE HOUSE

Labor Party Expresses Disappointment at Situation Resulting in Deadlock and the Withdrawal of Its Members

DISPUTES CLAIMS FOR PUBLIC PARTICIPATION

Union Officials Reiterate Purpose to Give Transportation Act Fair Trial while Disagreeing with It

WASHINGTON, (AP)—The whole railroad wage issue was placed before President Wilson today for the third time since railroad labor filed its demands for a general increase in wages last summer.

In a letter to the president, B. M. Jewell, chairman of the railway committee, which constitutes the labor party on the railroad wage board, said he regretted very much "to advise you of your failure to obtain any beneficial results from these conferences."

Expresses Disappointment.

The employees, Mr. Jewell said, were deeply disappointed at the position taken by the railway committee's committee which announced last night a deadlock and the withdrawal of the railroad members from the conference.

Mr. Jewell did not ask the president to lay the wage controversy before the railroad labor board, which is to be nominated by the president as provided in the transportation act and on which the public will have representation.

Attached to Mr. Jewell's letter was correspondence setting forth the attitude of the men and the executive committee. E. T. Whittier, for the railway executives, wrote that the executives did not believe congress contemplated a settlement involving so great an addition to transportation cost without public participation being represented in the conference.

Disputes Manager's Position.

Replying to this letter, Mr. Jewell said he believed the reason given for the failure to carry out the transportation act was "not in accord with our understanding of the law."

The attitude of your committee in failing to carry out the transportation act as a surprise to us," Mr. Jewell wrote to Mr. Whittier.

We understand from this that your committee has definitely declined to assume the responsibility and perform the duty which the law has placed in the public interest, and which the transportation act, as we understand it contemplates. That of agreeing in essence upon rates of pay for railroad employees which are just and reasonable.

Labor Becoming Belligerent.

Union officials reiterated that, at the request of the president, they were going along to give the transportation act a fair trial, although they did not indorse its provisions. They took the position that with the breaking up of the joint conference, the whole matter was made more difficult since the union membership was becoming restive.

AMERICANS ESCAPE FROM MEXICAN REBEL ATTACK

Quick Work Saves Military Attache and Woman Doctor from Assault

WASHINGTON, (AP)—Lieutenant Colonel Robert L. Campbell, United States military attache at the embassy in Mexico City, his wife and an American woman doctor named Taine were attacked by rebels a few miles from Mexico City, but escaped through "quick work and quickness of action" the state department was advised today.

The attack took place at Tiba Maria, a small station on the railway from Mexico City to Cuernavaca, to which place the attack was going for an outing. The rebels with dynamite wrecked the train and destroyed the track for some distance.

Colonel Campbell and members of his party escaped without injury, the dispatch stated. The women of the party fled in the woods near the station until the rebels left. The fate of the members of the crew and other passengers on the train was not stated.

Details of the attack are being forwarded by mail from the embassy at Mexico City.

Closed Mouth Good. Rule Generally Says Georges Clemenceau

CAIRO, Egypt, (AP)—Georges Clemenceau, former prime minister of France, radiating strength and vigor as a result of his vacation in Egypt and the Sudan, tells of laughing a crocodile on the upper Nile as one of the proudest achievements of his four score of years.

"They call me 'The Tiger' in France," he said. "I believe this is the first time that a tiger has killed a crocodile on."

The great reptile basking in the warm sunshine, opened its enormous mouth when Mr. Clemenceau approached. A bullet struck the crocodile inside its mouth, killing it.

"I have always held," said Mr. Clemenceau, "that the crocodile, as well as human beings should keep their mouth shut."

REPUBLICANS TO PICK DELEGATES IN MASS MEET

Twin Falls County Committee Invites Participation of All Parties Affiliated with Party in Selection

Republicans of Twin Falls county, assembling with the county committee in a mass meeting at 2 o'clock Tuesday afternoon next in the Parish hall here, will select delegates to represent the county in the state convention at Coeur d'Alene, April 28, to name Idaho delegates to the national convention in Chicago.

Executives of the county committee recently called a meeting of committeemen on that date to determine the method by which delegates to the Coeur d'Alene convention should be selected. A majority of the committeemen already have expressed preference for election of delegates at a mass meeting in which every republican in the county would be invited to participate. Use here of this method also is advised by John Thomas, chairman of the state committee, who states that is the method determined upon by republican committees in most Idaho counties. The state committee at a meeting in February authorized selection of delegates by three methods—by the county committees, acting independently, by convention or by mass meeting.

Announcing the decision of the Twin Falls county committee to elect delegates at a mass meeting, Chairman Shind L. Hodgins, today said it was the earnest desire of the committee that the fullest possible representation of the county be present at the meeting, particularly from the country districts, should take part in this meeting.

The committee is in the position of a man who goes into a library to read books.

Dissatisfaction Imputed.

The committee, which is investigating radical agitation is represented as being dissatisfied with the manner in which the department of labor has handled the cases of several hundred of the two thousand and more persons arrested in the recent raids by the department of justice on the headquarters and locals of the Russian communist party.

LAUNCH INQUIRY IN PROCEEDINGS IN DEPORTATION

House Immigration Committee Takes Up Investigation of Delay in Handling Cases of Alien Reds

WASHINGTON, (AP)—The House Immigration committee had taken possession of the case of a number of alien reds ordered deported and subsequently released, as announced yesterday by Chairman Johnson of the house committee.

Post Offers to Co-operate.

Mr. Post said that without making any previous request, the committee, accompanied by the house sergeant-at-arms, appeared at the department yesterday and asked to see the evidence. He told them, he said, that the department would co-operate with them in their examination of the documents relating to aliens. The secretary advised that the department was willing to remove from the department of labor any files relative to deportation matters.

The committee chairman, in his announcement yesterday, said the evidence had not been removed from the department's files, but that it had been placed in the charge of a sub-committee composed of himself and Representatives Vail of Colorado, and Baker of California. Mr. Johnson issued the following statement:

"Chairman Johnson said it was the hope of the committee that in view of the facilities offered by Acting Secretary Post it would not be necessary to remove from the department of labor any files relative to deportation matters."

The committee is in the position of a man who goes into a library to read books.

The committee, which is investigating radical agitation is represented as being dissatisfied with the manner in which the department of labor has handled the cases of several hundred of the two thousand and more persons arrested in the recent raids by the department of justice on the headquarters and locals of the Russian communist party.

Chairman Johnson has announced that evidence has been obtained which convinces the committee that the I. W. W. are already well established in the state and that they should be deported since Secretary of Labor Wilson has ruled that the communist organization is a threat to the government by force. The department of justice also is known to be dissatisfied with the manner in which the department of labor has proceeded on the deportation warrants.

BLIZZARD SWEEPS OVER NORTH CENTRAL STATES

Promise of White Easter is Held Over Minnesota and Eastern Dakotas

ST. PAUL, Minn., (AP)—A cold wave and blizzard which had not extended over Minnesota and eastern Dakotas today giving promise of a "white Easter." The mercury fell about thirty degrees below zero today, and is now ten degrees below zero this morning. While the snowfall was not unusually heavy the high wind accompanying it impeded travel and city traffic considerably. A fall of a few inches in the Mississippi valley at Winona, Minn., removed danger of a further spread of the blizzard. The wind in the city was full of water, making dry fuel a scarcity when most needed. Duluth reported that the blizzard there was sweeping ice out of the harbor, giving promise of an early opening of lake navigation.

ANOTHER AMERICAN IS MURDERED IN MEXICO

WASHINGTON, (AP)—H. A. Jafredson, an American employee of the International Petroleum company's plant at Amatlan camp, near Tampico, Mexico, was murdered, and Alexander Ober, nationality undetermined, also employed by the company, was stabbed, probably fatally by Mexicans in the same employ on March 30, according to dispatches to a state department today from Tampico. Jafredson's home was in Brooklyn, N. Y.

Secretary Colby today telegraphed both the embassy at Mexico City and the American consulate at Tampico to make prompt representations looking toward the apprehension and punishment of the murderers and directed the consulate to report further details regarding the nationality of Ober.

HARBOR STRIKE MENACES CITY'S FOOD SUPPLIES

Eight Per Cent of Railroad-Owned Tugs and Lighters Serving New York Consumers Tied-up by Walk-out

NEW YORK, (AP)—All but 20 per cent of the railroad-owned tugs and steam lighters which railroad representatives assert bring to New York 80 per cent of its food supplies are tied up as a result of the marine workers' strike, J. J. Mantell, railroad managers representative, announced today.

Ferries Not Seriously Affected.

The railroad-owned ferries on the Hudson river, the crews of which were called out, are apparently not seriously affected. Mr. Mantell stated that all but one line are running on regular schedules. Reduced travel today, due to the Good Friday holiday, has enabled the railroads to use ferries in the transportation of food and milk.

The strike was called, union men assert, to maintain the eight-hour day, which they declare, was threatened by the proposed transfer of railroad workers' equipment to private owners. The railroad managers claim the strike was called in support of striking longshoremen, who walked out several weeks ago.

Mantell said later the strikers on all railroad lines numbered 6,000. The union claimed 6,000 were out.

Connect Murder With Strike.

"The murder last Wednesday of Dennis J. Meehan, a Brooklyn gangster, charged with the murder of a police officer, was connected by the longshoremen's strike, Frank Madden, business agent of a longshoremen's local, was held without bail on charges of murder in connection with his home in Brooklyn. Meehan was furnishing strikebreakers, the police have been informed. Madden pleaded not guilty."

CUSTOMS MEN DEATH MEXICANS IN RIFLE FIGHT

Four American Officials Shot and Kill Three Out of Band of Seven Smugglers Near Laredo; Others Escape

LAREDO, Tex., (AP)—In a rifle fight yesterday between four American customs inspectors and seven alleged Mexican smugglers 40 miles southeast of Laredo, three of the smugglers were shot and killed and the others escaped, probably by crossing the Rio Grande into Mexico. None of the Americans was injured.

Information of the fight was received here today from Brown, Texas. The American officials were camped near that town when the Mexicans, mounted and armed and leading a pack mule, came upon them at a bend in the road.

Three of the Mexicans promptly dismounted and opened fire upon the customs men at a distance of 50 feet according to the Americans' report, and the mounted Mexicans quickly joined in the fight.

The Americans returned the fire with rifles, and in a fight which lasted but a short time, two dismounted and one mounted Mexican were killed, and others fleeing into the brush. The dead Mexicans were buried where they fell.

After an inquest it was stated the Mexicans were members of a gang of smugglers operating between the Rio Grande and Laredo via interior trails, bringing in liquor and other goods. No hour was found after the fight, but officials believe the band handled its consignments.

GENERAL STRIKE IN RUHR REGION ORDERED TO END

Soldiers of Workmen's Army Must Make Delivery of Arms to Local Authorities Before April 10 Under Terms

COMMUNIST COMMANDER GIVES PERSONAL PLEDGE

Revolutionists Declare Allied Backing Made Possible Survival Until Time of Accepting Final Agreement

DUSSELDORF, (AP)—Soldiers of the workmen's army in the Ruhr district today made a delivery of their arms to local authorities before April 10 under the agreement reached between the government and the central committee and workmen's general conference at Essen Thursday. The revolutionists asserted that all fighting had been suppressed and that all looting had been shut.

Claims Really Good Army.

The commander of the communist troops before Wesel gave a pledge to the conference that the strict observance of the agreement would be his, he had really a good army, but could not continue fighting because he lacked ammunition and asserted that all fighting had been suppressed and that all looting had been shut.

Assumes Responsibility.

"I will shoot, with my own pistol," he said, "any communist who dares to disobey the order to withdraw and disarm."

Orders Strike Called Off.

The general strike throughout the Ruhr industrial and mining district has been ordered called off, as far as possible, on Friday morning.

At the last meeting of the workmen's committee, the revolutionists could not have lived to accept a final agreement if the allies had not backed them.

WOMEN FRIENDS OF IRISH REVOLT PICKET EMBASSY

State Department Meets with No Success in Effort to Move Police

WASHINGTON, (AP)—Efforts of the state department today to have the Washington police authorities break up the picketing of the British embassy by women favorable to an Irish republic failed. The police said that they were fighting the decision of the federal courts in the case of suffragists, who picketed the White House two years ago they were powerless to do anything to break the disorder.

A dozen women marched up and down the sidewalk in front of the embassy this morning displaying "hasty" and "British government" signs. State department officials immediately conferred with the District of Columbia commissioners and police authorities.

It was said that the British embassy had made no complaint.

The women undertook a demonstration at the embassy yesterday, but were turned away by the capital police. Before going there they staged a demonstration opposite the White House.

SWITCHMEN OUT ON STRIKE

CHICAGO, (AP)—Seven hundred switchmen and switch tenders employed on the Chicago terminal of the Chicago, Milwaukee and St. Paul railroads were on strike today in protest against the removal of a yardmaster and the granting of a wage increase of from 50 cents to \$1 per hour.

The strikers are affiliated with the Chicago yardmen's association, recently called the "Chicago switchmen's union." The strike was not authorized by the brotherhood of railway trainmen. Brotherhood officials said 200 men were sufficient to handle traffic, would remain at work.

BRITISH STORES AMALGAMATING

Tendency Toward Concentration in Commercial Enterprises New Development

WASHINGTON, (AP)—Amalgamation of department stores in England is noted in official trade reports received here as the latest development of a tendency toward combination in each branch of England's national industry. Big stores, especially those in the more important cities, are combining through purchase or consolidation, and already it has become apparent to some observers that the business soon will be concentrated in the control of a few big interests.

The American chamber of commerce in London reports that one of the largest department stores in that city recently absorbed three competitors and has branched out in South America through the opening of a large establishment in Buenos Aires.

"The value of advertising as a selling force is becoming more realized in England," the report said. "This movement towards amalgamation is not expected to destroy competition, though it may tend to narrow its scope."

CHARGES INDIFFERENCE IN DEPARTMENT POLICY

Secretary of Navy Deaf to the Pleas of Preparedness, Fullam Testifies

WASHINGTON, (AP)—Because of the navy department's policy of indifference, no effort was made to bring the navy to a state of preparedness before the war, Rear Admiral Fullam, former commander of the Pacific reserve fleet, declared Thursday before the senate naval investigating committee.

The admiral said that in 1915 when he went to the Pacific coast to take command of the reserve fleet the ships had so small complements that they could not be moved from the docks. The navy was "totally short of men," he said, "but the department failed to advocate sufficient personnel increases and was totally indifferent to the possibility of a state of war being forced upon it."

The only persons in the navy department who would listen to his pleas for more men and material preparedness were the assistant secretary and members of the general board, the officer declared.

Admiral Fullam said he addressed letters commenting on defects in the navy to Assistant Secretary Roosevelt because he thought Secretary Daniels was not interested. He added that Admiral Benson, chief of operations, was powerless to overcome the "inertia" of the department.

When Admiral Fullam concluded, the committee adjourned until Monday when Admiral Hugh Rodman, commander in chief of the Pacific fleet, probably will appear.

FREIGHT LOOTING GOES UNCHECKED

Well Organized and Armed Robbers Fly Activities Throughout Austria

VIENNA, (AP)—Looting of freight trains, particularly of foodstuffs and wearing apparel, goes on unchecked throughout Austria. Unless conveyed, it is said, a shipment stands little chance of coming through intact. The robbers seem well organized and armed and often so numerous as to resist arrest.

Gift cargoes from other European states seem the favorite plunder and, according to report, much of the stolen goods has been found for sale in the open market.

A large consignment of this character from Sweden arrived this week and when the well arranged food parcels, coats and hats and other staples, were opened, it was found that a portion of the fat and flour had been skillfully removed from each package and a sack of Austrian salt substituted to make up the requisite weight.

HOUSE TO GET RESOLUTION TO DECLARE PEACE

Republican Leaders Discuss Provisions of Bill to Assert End of War Including Emergency Acts Repeal

WASHINGTON, (AP)—The republican leaders' resolution declaring the state of war between the United States and Germany at an end was reported Thursday by the house foreign affairs committee by a strict party vote, 12 to 6.

The resolution will be taken in the house Monday, and democratic members of the committee said the fight against it would be continued there.

As reported by the committee the resolution was in virtually the form it was when introduced Wednesday after a conference between republican leaders and members of the foreign affairs committee.

Repeals War Time Acts.

Republican leaders said the more important war time acts and powers which would be repealed automatically with passage of the resolution included: War time prohibition; Lever food and fuel control law with provisions against profiteering; espionage act; selective service law; authorization for loans of ten billion dollars to allies; complete control over all shipping; authorization for president to use armed forces to prevent interference with interstate or foreign commerce; licensing the use of explosives; authorization of a system of priority shipments; authorization of an employment service in labor department; control over patents; war housing act; a moratorium protecting civil rights of men while in the service; and authorization of an embargo on imports in the discretion of the president.

The trading with the enemy act would be continued until Germany agrees to provisions of the resolution. The emergency shipping act, the Overman act, giving the president power to distribute executive powers as he desires, and the act creating the war finance corporation and the capital issues committee expire six months after a declaration of peace.

CLASSICAL PROGRAM FOR EPISCOPALIANS

Easter Music for Morning Service of Especially Inspiring Nature Prepared

A musical festival of unusual breadth and merit has been prepared by the choir of Assension Episcopal church for Easter Sunday morning. Besides the regular processions, chanted canticles and festival hymns there will be selection of an extraordinary character sprinkled throughout the entire period of morning prayer. The especially elaborate program has been prepared to fill the void caused by the lack of a rector.

Four anthems, all of a superior type, will be sung during the morning service. These include "Dunley Buck's Festival Te Deum in B minor," a composition rated with the greatest of this great composer's musical achievements. Gounod's "Vivente," a magnificently stately number, will be sung as the introit anthem, while at the conclusion of the first part of morning prayer the choir will sing an inspiring marching anthem, "Christ Is Risen," by Paul C. Buck's Jubilate will be sung at the opening of the service and Handel's Hallelujah chorus will bring the service to a close.

As the offertory number Mrs. M. E. Tucker will sing "I Know That My Redeemer Liveth." The service, in the main, will be chanted, and a special intoned setting of the Nicene creed will be used. The benediction will be followed by an unusually impressive sevenfold Amen. All the hymns will be especially appropriate to the Easter occasion. Soloists will be Mrs. M. E. Tucker, Miss Emma Smith, D. A. Salmon, Elmer Olden and Nelson Hayward.

United Mine Workers Executive Turns Attention to Anthracite Wage Scale

NEW YORK, (AP)—The new wage agreement of the bituminous mine workers disposed of, John L. Lewis, international president of the United Mine Workers, Thursday turned his attention to the negotiation of a new contract for the anthracite miners. He declared that steps would be taken to bring about a "satisfactory" adjustment in the hard coal industry, without further delay.

More than 400,000 mine workers will receive the 27 per cent wage increase in the new contract signed Wednesday which went into effect Thursday and continues two years.

T. L. Lewis, secretary of the New River Coal association of West Virginia, said despite the new wage agreement there would be little increase in production until operators were assured an "adequate" car supply.

STATE HEALTH OFFICER ALARMED OVER RABIES

Dr. E. E. Laubach Issues Instructions to People on Typhoid Treatment

Steady increase of rabies in the state, spread from coyotes to dogs and farm animals, and in many instances transmitted to human beings, has caused Dr. E. E. Laubach, head of the state bureau of public health service, to issue the following instructions to residents of this state:

Do not kill the animal that bites you unless it is impossible to imprison him.

Do not shoot the animal through the head.

Do not become hysterical if bitten or scratched by a suspected animal. Several weeks are required for the disease to develop.

It is not necessary to come to Boise for pasteur treatment. Your physician can obtain and administer the virus.

Do not use the milk of a cow suspected of rabies. Wait to see if the disease develops.

The spread of rabies is reflected in the number of heads of animals sent to the state laboratory for examination.

tion for rabies. Since October 25, 1919, there have been 43 heads examined. It was found that 20 of these animals actually had rabies while 23 were false alarms. But 10 of the rabbit animals were killed in the month of March, as many in one month as were in four months previous. This caused the state officials to take notice of the situation.

POLES REJECT SOVIET TERMS

Refuse to Consider Proposal for Opening Peace Negotiations in Esthonia

WASHINGTON, (AP)—Poland has rejected proposals of the Russian soviet government to conduct peace negotiations in Esthonia and to declare an armistice while the negotiations are in progress, according to official advice today to the Polish legation.

The Polish government, the advice stated, has taken the position that negotiations could not be conducted in Esthonia without outside pressure. Objection also has been made by Poland in negotiations on the ground that Esthonia negotiated a treaty with the Russian soviet and violated the terms of its treaty with Poland.

RE-DEDICATION OF CHURCH ON SUNDAY

Special Services Will Be Held Commemorating Opening of New Brethren Edifice

On Easter Sunday services for the dedication of the reconstructed Brethren church at the corner of Third avenue north and Fourth street, will be conducted. In the past few months the church building has undergone many changes, including remodeling and the addition of greater operating space. The structure has been modernized in all details and is now one of the handsome houses of worship in this city.

The following history of the Church of the Brethren in Twin Falls has been contributed by one of the staunch supporters of that denomination: The first services by the Church of the Brethren in Twin Falls were conducted by Elder J. W. E. Stiveron on January 11, 1906. In all he preached five sermons. The church on the entire Twin Falls district at this time only five members, J. E. Steinhilber and wife, H. A. Swank and wife and Mrs. Moon. Others followed shortly afterwards.

In order the better to care for and to place it at a mission house built the house of worship donated by the city for this purpose late in 1908. During the intervening time services were held in the Methodist church. Elder L. E. Keltner was the first pastor located by the mission board.

On February 3, 1907, the members, then nine in number, were organized into a working body by Elders J. W. E. Stiveron and L. E. Keltner, the latter being placed in charge. In April, 1907, J. E. Stiveron was elected to the ministry and H. A. Swank was elected deacon. Others followed by immigration until the membership numbered 23. Among those who came were O. A. Swank, the Rev. S. S. Neher, E. W. Flory, Elmer E. Fink and the Rev. Fred Flory, J. S. Flory and John Wolfe each with their families.

Added workers placed the work on a much stronger footing. For this reason Elder Keltner was removed by the mission board to Boise and Elder O. Fubrey was placed in charge. The church continued to grow and by 1914 the membership numbered 97. Among those moving in were A. M. Flory and wife, who are at present the oldest members of the church. In the meantime the church property was purchased by the local church from this mission board.

The church was not satisfied to plan on for the present. There were in the membership three spiritual young men qualified for the ministry. They were called by the church to this office. They realized the need of further preparation so they enrolled for work in Holabury Bible school in Chicago. At present these men each have pastorate; the Rev. B. D. Karlis is in Indiana, the Rev. S. S. Flory is in Patuxent, Ill., and the Rev. H. E. Fink is at Weiser, Idaho. The Rev. S. S. Neher is at present at Kingsley, Iowa and the Rev. Fred Flory is at Moscow, Idaho. After these men all were located elsewhere the services of Elder Charles W. Ronk was secured for the pastorate. He took charge the first of the present year.

During the later part of 1919, in an evangelistic meeting conducted by the Rev. Long of Weiser, 19 were added to the church by baptism. Several have moved away leaving the membership now numbering 109. The work at present looks very encouraging. During the early months of

GAINING WHOSE ENDS?

Evidence of the disposition of the political organization built up by and for A. C. Towley to be "all things to all men" is to be found in Minnesota where the so-called Non-partisan league has nominated an attorney for the Industrial Workers of the World as its candidate for justice of the state supreme court.

Of course, the nomination is frankly a sop to the political labor vote of the Twin Cities, but, coming as it does, on the part of an organization purported to represent the farmers essentially, it would be difficult to imagine a more brazen sell-out of the farmer's interests.

At the same time the charge of such a candidate is scarcely more amazing than other developments in the activities of the organization in Minnesota. Efforts are being made to unite the most radical labor elements with the farmers.

That means a combination of the advocates of the six-hour day with the farmer who works fourteen.

It means a combination of the men who want public ownership of land with the land owners of the state.

It means a combination of socialists with the small capitalists of the state.

If such widely separated factions can work well in double harness, then the farmers can be expected to vote for an I. W. W. attorney for justice of the supreme court.

MAYBE CONVINCING

It is barely possible that popular ownership of communication systems may some day be revived in this country to an extent where the subject may regain its place in student forensics, in which event it is probable that reference may be made to the experience of foreign nations in this field. In this

connection the existing state of affairs in Vienna ought not to be disregarded, and a superficial glance at the situation as revealed in the following press dispatch ought to prove quite convincing one way or another.

Americans who may sometimes be dissatisfied with the telephone, telegraph or postal service in America should come here if they want to see a really disorganized means of communication.

So dramatized is the telephone service of Vienna that a great mass meeting of business men has been held and has demanded that this service be taken from the government bureaucracy and turned over to private control.

It is almost impossible to get central and, once secured, the line is usually cut after less than one minute's conversation. The telephone employees claim they are overworked, undernourished and the whole equipment run down. The minister of communications admitted to the mass meeting that the telephone and post and telegraph systems generally had failed and that the post office had paid more than 15,000,000 crowns last year for stolen packages. Armed guards are now placed on all mail transport.

The worst factor in the situation is declared to be inability of officials to enforce discipline under the present government where various councils of workmen and soldiers operate to make the employees lax and independent.

One man who attempted to telephone from a postal sub-station was told by the attendant, the other day, to "go to a public automatic station and don't worry me."

HEAR DR. BENNETT

Maybe you have never heard Dr. Alexander Bennett of the Methodist church—hear him next Sunday, at 8 o'clock, at the Knights Templar service. You will enjoy his sermon.—adv.

Children's Theology.

A little girl explained God's omnipresence by saying that he was everywhere without going there. A small boy, reflecting on the misdeeds of Satan, remarked: "I don't see how he ever got to be so bad when he had no devil to put him up to it."

Pretty Idea of Chinese.
Chinese gardeners sometimes plant statues of tiny men firmly in pots, just like real plants, and then train live evergreens to grow up over these statues. The vines thus form a kind of robe for the statue men, their white faces and hands protruding from the green leaves.

Make it a Southern State.
It is estimated that the state of Mato Grosso in Brazil alone ultimately can grow 20,000,000 bales of cotton annually.

Why Colds Are Dangerous

It is the serious diseases that colds lead to that makes them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis, diphtheria, scarlet fever, whooping cough and measles. You are much more likely to contract these diseases when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds.—adv.

INCENDIARY ATTEMPTS BEING INVESTIGATED

Juvenile Officers Co-operate With School People in Follow- ing Live Clues

Investigation of attempts to burn the Bickel schoolhouse is being conducted co-operatively by school and juvenile authorities. John R. Autt took up clues yesterday and is tracing several. He reports having picked up some clear evidence, and expects to have under arrest microphones who made the attempt.

A survey of the school premises has developed the fact that the school for the purpose of conveying pupils to school have suffered more or less in recent weeks from acts of vandalism. In several instances, a pocket knife has been used in the work of marring and destroying this equipment. The authorities are still convinced that persons not enrolled in the school are responsible for the acts.

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or headache. Get after the cause. Help the kidneys with Doan's Kidney Pills. Read this:

C. B. Blades, prop. of auto livery, 404 Seventh Ave., E. Twin Falls, says: "For all of ten years I have used Doan's Kidney Pills and I can say I had tried many other kidney remedies before using them, but Doan's Kidney Pills gave me more relief than all the others put together. They regulated my kidneys and rid me of the pains in my back."

NEARLY FIVE YEARS LATER Mr. Blades said: "I seldom need a kidney remedy now but when I do I always use Doan's Kidney Pills. Doan's always gives me good results."

Cracked Poet Memorializes the Redbreast

ALL the world is glad and gay

When Robin comes to town, (poor frost-bird), Robbin in his vest of red And sobor (bedraggled) suit of brown.

"Ocher up, cheer up," Just hear him (poor fish), Far down that leafy lane— (who do they get that leafy stuff?)

A cringing-breasted (rusty) they mean) robin A-whistling (it's the breeze whistling through these feathers) in the rain (sleet, snow and such).

Never a doleful note, (how do poets get this way?) Glorious the day, be it bright or gray, (optimist guy)

Nature's philosopher (he's hard-bolled) singeth away In his rusty old brown coat. (snow-soaked).

The weather, etc. is constrained to pen an ode on the aloofness of spring, but what's the use? Or we might indite an hortatory address to weather prophet on the satirical glosses of climatic circumstantialists obtaining hereabouts.

But having concluded that said official is first, last and in between an impatient case we refuse. What's the use?

We might also compose a destructive criticism on the apostasy of the weather chap, but again—

Conditions are encouraging (mobby). High yesterday 41; low last night 23, with one-tenth inch precipitation in 24 hours. Tonight and Saturday rain or snow (betcherlife); continued cold (also betcher).

DEBATE TEAMS SPLIT; HERE AND POCATELLO

High School Orators Tonight Clash with Boise and Junction City Stars

Twin Falls and Boise high school debaters will clash for forensic honors tonight at the high school auditorium, the local team upholding the affirmative side of the question, "Resolved, that boards of arbitration with compulsory powers should be appointed by the government to settle all labor disputes."

Affirmative speakers will be Glen Schneider, Harold Porterfield and Jack Irwin.

At the same time at Pocatello the local negative team, composed of Theodore Keniston, Glenn Wilkins and Walter Krenzel, will be debating against the Pocatello affirmative upon the same question. This team left on the morning train today for the Gate city.

In past dual debates with Boise, Twin Falls has won both debates every time for the past three years, and at all times have been awarded unanimous decisions by the judges. The last debate held with Pocatello several years ago resulted in a Twin Falls victory.

Tonight's contest begins at 8 o'clock. Judges will be Superintendent Ira Tweedy of Rupert, Frank L. Stephens and A. E. Walters. M. C. Mitchell will act as chairman.

Twelve events will be on the program of the South Central Idaho district interscholastic track meet at Burley on April 30 when several high schools of the district will compete for honors according to word received at the high school from Superintendent J. J. Roe of Burley. Mr. Roe is head of the committee in charge of the field meet.

Events named are the 100, 200 and 400-yard runs, half-mile and mile runs; 220-yard hurdles, shot put, running broad jump, high jump, pole vault, javelin throw and half-mile relay. Preliminaries will be held at 9 o'clock on the day of the meet, if preliminaries are necessary. Field events will be held commencing at 1 o'clock in the order named.

Officials for the meet have been appointed as follows: M. C. Mitchell, Twin Falls, judge of the course and referee; G. E. Deenan, official starter; E. E. Nafziger, judge of field events; L. N. Lockhart, Rupert, and D. L. Robey, Twin Falls, official timers; Ira Tweedy, Rupert, S. B. Rough, Kimberly and Eugene Lackey, Buhl, finish judges; A. C. Bissell, Burley, clerk of the meet.

Seniors and juniors of high schools alone are eligible for entry, under the rules of the district association and entries must be in the clerk's hands by April 24. Any high school in the district may enter three men and start two in any one event. The relay team

may be picked on the field. First, second and third medal awards will be offered for each event.

Permanent possession of the trophy cup offered by the association will be accorded to the school winning the track meet. In addition, the Burley Rotary club will award a medal to the individual winning the most points. J. J. Roe will have complete charge of the meet.

Possibility of an interscholastic tennis tournament if the schools are interested is suggested by Mr. Roe's inquiry: "Would you be interested in a tennis tournament?"

Though the local school has not participated in a track meet for three years, an energetic bunch is working out almost daily under the direction of D. L. Robey, and other schools may expect to meet some real competition when Twin Falls appears at the Burley meet.

AUXILIARY MEETS

The second meeting of the Women's auxiliary of the American legion was held last evening at the commissioners' room in the courthouse. Mrs. E. J. Ostrander was elected vice president, filling the vacancy made by Mrs. E. L. Warren's resignation. An executive board, consisting of Mrs. P. W. McRoberts, Mrs. Harry Benson and Mrs. John B. Green, chairman, was appointed to assist the legion post in the coming convention. It was voted to allow all members joining within the next 30 days to come in as charter members.

ARE DETERMINED TO UPHOLD HIGH SCHOOL'S HONOR

Twin Falls Athletes Go to State Capital for Joust with the Boise Athletes

Determined to sustain the record made when Boise was decisively defeated here a few weeks ago in the first interscholastic boxing and wrestling tournament of the year, several local mat athletes will leave for the Capital city tomorrow for the second meet, to take place there on Monday night.

One boxer, "Shammy" Day, and seven or eight grapplers will make the trip, accompanied by Coach Robey. The wrestlers are Garrison, Irwin, McAttee, Hogg, Nicholson, Hodges and Seaver and possibly Rydalen. Weights of these men vary from 135 to 55 pounds.

The men are prepared for a Boise comeback and should take the honors.

with a little hard work, since Boise has probably not developed any more athletes since the meet here. Twin Falls has considerably improved in wrestling, while Day now holds an enviable reputation as a fit artist, having drawn or defeated all comers here of late.
