SECRET SERVICE ON GUARD AGAINST MAY DAY DISORDERS

COMPLETION OF SOLDIER RELIEF BILL REACHED

Five Optional Plans for Payment of Adjusted Compensation are Provided in Measure Now Up to Conference

PRESENT PLANS PROVIDE FOR IMMEDIATE ACTION

Four Plans Proposed for Raising Revenues to Meet Expenditures Estimated at \$1,800,000,000

WASHINGTON, (AP)—The soldier relief bill finally was completed today by a majority of the republican members of the house ways and means committee and will be considered tonight at a conference of house republicans. Present plans are to bring it up Monday for immediate passage.

Five Optional Payments

Five optional plans for payment of adjusted compensation are provided as follows: "Adjusted service pay at \$1.25 for each day's service in excess of 60 days between April 5, 1917, and January 1, 1920.

Extension of vocational training at \$1.75 for each day's attendance on a course of instruction declared suitable by the federal board for vocational education.

Purchase or improvements of city or suburban homes with compensation at the rate of \$1.75 for each day's service.

Issuance of paid up insurance at the rate of \$1.75 for each day's service. Such insurance will be payable twenty years after issued or in case of death. Loans could be obtained at any time after two years.

Creates Settlement Board

Establishment of national veterans settlement board, composed of the secretary of the interior and four members to be appointed by the president, at least three of whom shall be former service men, which would be authorized to make loans to service men not exceeding \$1000 for the relief.

BRITISH TROOPS SUPPORT SULTAN

Prepare in Many Ways for Enforcement of Terms of Treaty with Turkey

CONSTANTINOPLE, (AP)—British troops, it is believed, plan to support the sultan's forces in the movement against Turkish nationalists in Asia Minor and even join in an aggressive offensive against Mustafa Kemal. Elaborate preparations are being made by the British along the Anatolian coast of the sea of Marmara.

The Cossacks who have been fighting in various parts of Anatolia, apparently are fighting the sultan's forces as well as the troops of Mustafa Kemal.

In many other ways the British are preparing for enforcement of the terms of the treaty with Turkey, the announcement of which is awaited here with considerable uneasiness.

German Troops Again to Enter Ruhr Region

LONDON, (AP)—German state defense troops will march into the southern Ruhr district for the protection of public order and industry, says a wireless message from Berlin today.

KANSAS COURT ACTS AGAINST WALKOUT CALL

Declares Industrial Relations Tribunal Law Constitutional and Issues Injunction Against Miners' Union Leaders

PITTSBURG, Kan., (AP)—Following the announcement of his decision that the new court of industrial relations law is constitutional, Judge Andrew J. Curran in the Crawford county district court this morning granted a temporary injunction, enjoining Alexander Howat and other district and local union officials of the Kansas district of the United Mine workers from calling a strike.

Judge Curran did not make the injunction mandatory as the state had asked, stating that it had been shown the Kansas mines now largely are at work. Judge Curran said that he would make the injunction mandatory if a showing were made in the future, during the life of the injunction, that the mines were idle.

The temporary injunction will be in effect until May 15, when the application of the state to make the injunction permanent is to be heard.

Judge Curran declared the industrial court law constitutional in a lengthy decision that the demand offered by the defense to the application of the state.

DRAGNET RETAINS FEW

Only 23 Out of 600 Extremists Rounded Up are Held for Deportation

NEW YORK, (AP)—Only 23 alleged extremists finally have been held for deportation at Ellis Island, out of 600 rounded up in raids by the department of justice last January, according to a statement today by Miss Rose Weiss, counsel for many of them. Hearings in their cases had been completed, she said.

CLAIMS RECORD PRIZE FOR TEAM

MONROVIA, Ala., (AP)—What is thought to be a record prize for a team purchased at a farm auction in the provinces was paid recently when a fine team of six horses and harness at Beaver Falls sold for \$1975.

WOOD IS GIVEN LEAD OF 1207 IN NEW JERSEY

Complete Figures in State Presidential Preference Primary Increase the General's Vote; Johnson to Ask for Recount

NEWARK, N. J., (AP)—Complete figures in the New Jersey presidential preference primary gave Major General Leonard Wood and 1,207 votes over Senator Hiram W. Johnson. The vote stood: Wood 53,008; Johnson 51,401.

Formal application for a recount of the vote in New Jersey's presidential preference primary last Tuesday may be made here later today, according to supporters of Senator Hiram W. Johnson, of California, who, on the face of unofficial returns from all but our districts were defeated by Major General Leonard Wood by 1,207 votes.

Harry Kitchell, former city attorney of Newark, who has been retained by Johnson adherents to initiate the recount proceedings, would not indicate whether the recount would cover the entire state or only certain sections.

Charges of manipulation of the ballots, made by Johnson supporters, were ridiculed by Wood adherents who pointed out that the vote, as reported, was entirely official.

The four districts yet to be heard from are in Hudson county, which has given Wood a majority in the incomplete returns. The total vote early today was: Wood 53,597; Johnson 51,377.

Harding Loses One Delegate at Large

COLUMBUS, O., (AP)—By a margin of but 30 votes, Harry M. Daugherty of Columbus, national campaign manager for Senator Warren G. Harding, was defeated in Tuesday's primary for delegate-at-large to the republican national convention at Chicago, completed returns from the state showed last night. The returns gave Daugherty 107,355 votes and his rival, W. H. Boyd of Cleveland, 107,685.

The other three delegates at large elected are Harding men. The 123 votes were: Horlick (Harding), 139,366; Frank B. Willis (Harding), 132,130; John Galvin (Harding), 120,100; Edward C. Turner (Wood), 106,124.

Senator Harding will have 39 of the 48 Ohio delegates to the Chicago convention pledged to him. Mr. Daugherty has 9.

Department of Justice Officials Bend Efforts to Protect Lives of Persons Marked for Slaughter

PALMER SAYS VIOLENCE PURPOSED TO WIN SYMPATHY FOR BOLSHEVIKI

ACTIVITIES OF ALIEN AGITATORS RESULT IN DISPATCH OF COAST GUARD CUTTER TO ALASKA

WASHINGTON, (AP)—Activity of alien agitators in the vicinity of Hyak, Alaska, resulted in the dispatch today of the coast guard cutter Algonquin from Port Townsend, Wash., to that place.

Announcing the departure of the Algonquin, the coast guard service said the vessel would co-operate with the local officials in maintaining order. The Algonquin carries a crew of 71 and is equipped with four 3-inch rifles and two machine guns.

Dispatches to the coast guard service did not give details as to the situation at Hyak.

Radical agitators have long been active in Alaska and complaints of the situation there have been made before congressional committees by Alaskan officials and others. Governor Riggs recently announced that he would ask congress to provide for a consular to curb the radicals, who, he said, threatened to demoralize industry.

WASHINGTON, (AP)—Federal agents have been instructed to "go as far as the law will allow" in breaking up May Day radical demonstrations.

In making this announcement today, Assistant Attorney General Garvan said department of justice officials were concentrating on efforts to protect the lives of officials, federal and state, who have been marked for destruction and to prevent violence generally.

Warnin' that they had been selected by radical elements for assault or assassination as part of a May day demonstration had been received from department of justice agents today by more than a score of federal and state officials. Announcement of the discovery of the plot by government agents was announced last night by Attorney General Palmer.

The assassinations and assaults were to have been a part of the May day program planned by the communist labor party and other radical groups. Mr. Palmer said, adding that the contemplated violence was to be incident to attempts to bring about strikes in all the fields of industry and in behalf of space with soviet Russia.

The propaganda used in the textile mill and other industries was to be to demand action as part of a May day demonstration. The propaganda was to be to demand action as part of a May day demonstration.

Mr. Garvan has received copies of a letter from the communist labor party urging the workers to lay down their tools "in behalf of political prisoners who have been unjustly convicted."

The propaganda was to be to demand action as part of a May day demonstration. The propaganda was to be to demand action as part of a May day demonstration.

At least eleven large cities, department agents reported. Their contents were described as highly inflammatory.

Appeal to Workers to Show Their Strength

BOSTON, (AP)—An appeal to workers to show their strength by a united strike on May 1 is contained in a poster purporting to be the "May day" proclamation of the central executive committee of the communist party of America, which was distributed in Boston. The appeal is headed "Hail to the soviet."

Spokane is Plastered with Radical Posters

SPokane, Wash., (AP)—Sticklers, posters and circulars printed in red ink and purporting to be signed by the communist labor party and urging an "international labor day" strike on May 1 have been freely distributed in Spokane, according to police reports. No other activities have been reported.

Miners to Join French General Strike Move

PARIS, (AP)—Miners throughout France will continue the May day demonstration into a general strike in accordance with the decision of the general labor federation, according to an announcement made today by the secretary of the federation.

Other unions still are awaiting orders from the federation. The headquarters of the civic union organization is recruiting volunteers to insure the functioning of indispensable public services. Many people are offering their services and were being around headquarters even before it was known that a general strike had been ordered.

One Day's Strike is Called in Argentina

BUENOS AIRES, (AP)—All trades affiliated with the regional workers' organizations are to observe a 24-hour strike which will be one of the features of the May 1 labor demonstration here. The strike will be observed by the half day and railroad employees will stop all trains at noon for five minutes.

DAHO WEATHER

Tonight and Saturday night, cooler.

RIVAL FORCES CLAIM CONTROL OF CHIHUAHUA

Mexican Federal Authorities Dispute Declaration of Obregon Junta of Supremacy in Northern State Capital

CHINESE WOULD CROSS BORDER IF THREATENED

Rebels in State of Guerrero Proclaim Sympathy with Sonora Movement and Co-ordinate Aims in Revolution

EL PASO, Texas, (AP)—With Chihuahua City still cut off from telegraph communication, both the Mexican federal authorities and Obregon junta today claimed their forces controlled that city.

Continuation of the capture by the revolting troops of General Emilio Salinas, brother-in-law of President Carranza and acting governor of Chihuahua, has been claimed to have been received by the Sonora junta here. Salinas is still held prisoner, the report stated, by General Enriquez, who it is claimed is in possession of the city.

Attitude of federal troops throughout Chihuahua will depend on what is done in the capital city, the Sonora managers said today. They claimed a large part of the troops were ready to go over to the rebels, irrespective of their officers.

Reports were said to have come from Guadalupe by courier last night that the Yaqui Indians there were heard shouting: "Viva Obregon."

Additional forces are still being drawn into Juarez. Colonel Uvalde Gaxas arrived there with 500 cavalrymen from San Ygnacio Thursday.

WASHINGTON, (AP)—Forty thousand Chinese in Mexico, without constant protection, have petitioned the state department for permission to cross the border in case they are threatened as a result of the present revolutionary fighting in that country. The matter is under advisement at the department.

Through official channels it was learned today that federal forces still hold the port of Frontera, the only part of that section of Mexico not controlled by the rebels since General Obregon's death.

The matter is under advisement at the department. Through official channels it was learned today that federal forces still hold the port of Frontera, the only part of that section of Mexico not controlled by the rebels since General Obregon's death.

General Epitacio Mireles, governor of Coahuila, who has been visiting relatives in Los Angeles, has hurriedly returned to his state. He announced on his return that the state was quiet and there was no sympathy with the rebel movement there.

INDICATES RECOGNITION OF SONORA BELLIGERENCY

DOUGLAS, Ariz., (AP)—The United States government will also allow payment of customs duties by American firms or citizens to the defacto authorities in Sonora and having made such payment they are free from further obligations. According to a telegram received by a bank here today from Bainbridge Colby, secretary of state, the telegram was viewed here as recognition by the state department of the belligerency of Sonora.

The telegram was in answer to a request for a ruling from the state department on the payment of customs duties. After Sonora revolted the Carranza government issued a statement that duties paid to Sonora would be returned to the Carranza government when the state "again came under federal control."

The ruling, it was said by local bankers, was a rapid indication of business with the revolutionary state, which had slackened because of the revolt.

His invitation at a time when President Wilson was insisting that Carranza should triumph.

Since that time, Mr. Carranza said Carranza has carried out a policy consistent with Carranza's statement. "No protest made against mistreatment of Americans has ever been considered," he declared. "I would report to the department: an American state would be written Carranza and he would dispute and evade, and nothing would be done. Every statement issued by Carranza has been ruined, except one or two where graft paid officials has protected them."

Mr. Carranza said Carranza's statement was made to foreign consuls who had assembled at Vera Cruz at the time.

CARRANZA POLICY CONSISTENT WITH PURPOSE TO DRIVE OUT AMERICANS

WASHINGTON, (AP)—W. W. Carranza, American consul at Vera Cruz for 20 years, told the senate Mexican investigating committee today that Luis Cabrera, finance minister in Carranza's cabinet, had announced in 1914 that the present president of Mexico in launching his successful revolution against Huerta had as one of his ultimate objects the driving of "Americans out of Mexico and the taking of their property for Mexicans."

Mr. Carranza said Carranza's statement was made to foreign consuls who had assembled at Vera Cruz at the time.

RESOLUTION IS ALTERED TO SUIT HEAD OF LEGION

United States Chamber of Commerce Modifies Formal Expression of Sentiment on the Subject of Soldier Relief

ATLANTIC CITY, N. J., (AP)—Franklin D'Oiley, national commander of American Legion, Thursday approved before the resolutions committee of the United States Chamber of Commerce in convention here to examine a resolution opposing a soldiers' bonus, which goes before the convention for adoption late this afternoon. It was learned that modifications of the resolution had been made to meet the approval of the legion commander.

The resolution as modified advocates proper governmental care of wounded soldiers and urges some system by which aid on a business basis could be extended former service men, it was understood.

Opposes Cash Bonus.

President Homer L. Ferguson, of the chamber said there was no doubt the resolution would be passed. "I am unalterably opposed to a cash bonus, or any other kind of charity, or any hand out," he said. "It would be bad for business and bad for labor and worse for the soldiers. I am in favor of giving them lands on easy payments and extending other business aid to them on a business basis."

When the convention's "labor session" begins, Matthew Wolf, vice president, and a member of executive council of the American Federation of Labor, discussed "labor's part in industrial production." He was frequently cheered until he began his and crying "time" and others took up the cry, until the labor leader announced he would make his closing remarks and sat down. He had spoken for nearly two hours.

"ELECTRONIC JAG" IS DOCTOR'S DISCOVERY

Possibilities of Producing All Symptoms of Alcoholism Intoxication on Electricity Attracts Attention

SAN FRANCISCO, (AP)—Possibility of producing all the symptoms of alcoholism intoxication on electric "jags" attracted a group of interested experts recently when Dr. Albert Abrams of San Francisco demonstrated to medical men the use of an electrical device he has invented.

The "electronic jag" discovery was purely accidental, Dr. Abrams said. "The discovery," he said, "is based on the theory that the unit of energy is the electron and that every material thing is simply a manifestation of different rates of vibration. I have used the vibrations of chloroform to produce the effects of chloroform itself."

The feet of the subject are placed on a sheet of zinc, an electrode is placed upon the head, and when the current is turned on, one newspaper writer said, "John Barleycorn is with you again. The 'kick' comes slowly and without any appreciation of the fact on the part of the subject until he finds himself, unduly loquacious, happy or sleepy."

WEDDING HOLDS ATTENTION

OF NEW YORK SOCIETY

NEW YORK, (AP)—The eyes of New York society were focused Thursday on the wedding in St. Thomas church of Miss Rachel Littleton, daughter of the late Mr. and Mrs. Thomas J. Littleton of Chattanooga, Tenn., to Cornelius Vanderbilt, Jr.

Five thousand invitations were issued to friends and relatives, including several hundred of former doughboys who served with young Vanderbilt in France with the Twenty-seventh division. A wedding cake, said to be the largest in the world, was provided for the guests. Gifts valued at nearly a million dollars have been received.

For a Severe Cold

"Chamberlain's Cough Remedy cured my daughter Anna of a severe cold and cough a few years ago and ever since then I have never missed an opportunity to recommend this medicine to anyone suffering from throat or lung troubles. I cannot speak too highly in praise of it," writes Mrs. D. J. Shelley, Carville, N. Y. Chamberlain's Cough Remedy contains no narcotics and may be given to children with perfect confidence. It is a pleasant syrup so they do not object to taking it—adv.

BRUNO STEINDEL

Chicago 'Cellist who will appear in concert here on May 4. Comes warmly recommended.

ISLANDERS AFFECT "PILLS"

Cigarette Smoking on Increase in the Philippines, Revenue Reports Show

MANILA, P. I., (AP)—Cigarette smoking in the Philippine islands is on the increase, while the consumption of cigars showed a decline last year, according to the annual report of the collector of internal revenue.

The number of cigars during 1938 fell off approximately eight million. There were manufactured in the islands during 1938, 499,000,000 cigars as compared with 488,000,000 in 1937. The production of cigarettes reached a total of 5,049,000,000 last year, as against 4,929,000,000 the previous year. Of the 309,000,000 cigars exported from the Philippines last year, 261,000,000 went to the United States, a decrease of approximately three million from the record of 1938.

EPIDEMIC CLOSES SCHOOLS

Influenza Widespread on Island of Molokai in Hawaiian Group

HONOLULU, T. H., (AP)—Epidemic influenza recently closed every school except one on the island of Molokai, according to T. H. Gibson, of the department of public instruction, who has just returned from a trip to the island.

There are very few Caucasian children in the Molokai schools, the rolls being filled almost entirely with Hawaiians.

The influenza epidemic in Honolulu and throughout the island of Oahu has run its course, according to the board of health, which reports no cases and no deaths recently from that cause.

PACKER CURB REJECTED BY COMMITTEE IN HOUSE

Proposals to License and Enforce the Laws Regulating Industry are Turned Down

WASHINGTON, (AP)—Proposals to license meat packers and create a commission to enforce laws affecting the industry were rejected Thursday by the house agricultural committee. With these eliminations agreed upon, a subcommittee headed by Chairman Hiram was appointed to draft compromise legislation for the regulation of the packers.

CHICAGO MUSICIAN IS WARMLY PRAISED

Bruno Steinidel Accorded Eminent Position Among Artists of This Country

Bruno Steinidel, America's most eminent violinist, will appear in Twin Falls on Tuesday night, May 4. His concert will be given in the high school auditorium under the direction of local admirers of the great artist.

Speaking of Bruno Steinidel a critic in Musical America, says: "Few musicians of the day have the comprehensive musical vision that Mr. Steinidel possesses. He has kept abreast of the times not only in his own particular branch, but his knowledge of symphonic music, and his general musical tastes and taste is wide and electric." In Winnipeg recently this artist seems to have won decided favor, for a critic says of him and his work: "Mr. Steinidel often played solo works among them the Beethoven Theme and Variations, a work which he places very high as an exhibition number for the 'cello, and he also played a number of smaller works, which he himself has transcribed for his instrument and which found much success and appreciation among patrons of his concert."

AMERICAN UNIVERSITY UNION INVADERS LONDON

Prepares to Assist New World Students Through Headquarters in Capital of Great Britain

SANFORD UNIVERSITY, (AP)—The American University union has opened headquarters in London and is preparing to aid American university people, according to information received here today, through George E. MacLean, director of that office. The union, which is situated at 50 Russell square, will afford a place where American university men and women can make appointments, address their mail, make their headquarters.

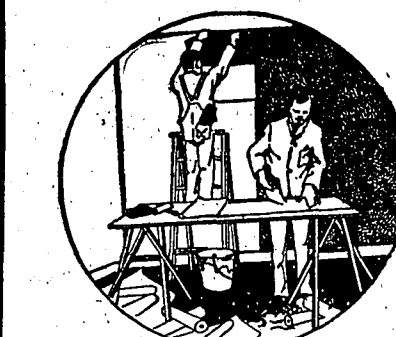

The object of the union is to serve as a bond between the universities of the United States and those of the European nations, especially by encouraging the attendance and advancing the welfare of American students at the universities of France, Italy, and Great Britain. The London headquarters maintain close relations with the American embassy and consulate and itself has become a sort of educational embassy and consulate.

WAX RECORD CAPTURES VOICE OVER WIRELESS TELEPHONE

LONDON, (AP)—Experiments which have been carried out here have resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephone forty miles away.

While the voice was speaking in the cory of Essex, where there is a high power instrument, the equipment at the receiving plant in the Strand, London, was attached to a recorder, which engraved the message in soft wax in the same way an ordinary disc is produced.

The record was perfectly audible, though a trifle "patchy."

SEEKS TO SOLVE DIFFICULTIES OF U. S. AND JAPAN

Representatives of Both Nations Meet in Conference in Tokyo to Establish Basis for Harmonization

TOKYO, (AP)—The conference just concluded here by the Japanese-American relations committee "made a beginning that may lead to a possible solution of some of the international difficulties between Japan and the United States," the committee announced. This conference was an outgrowth of an initial meeting of representatives from both countries in Tokyo in April, 1919. The Americans at the present conference, representing the Japanese relations committee of the San Francisco chamber of commerce, included Wallace M. Alexander, chairman; Dr. Benjamin E. Whittier, president of the University of California; William T. Benson, Walter N. Moore, Royall A. Osborne, Walter L. Clark and Captain Frederick H. Randall.

Studies Burning Questions.
After meeting for several days with the Japanese representatives, headed by Baron Shibusawa, the committee summarized the results accomplished as follows:

"Japanese ownership of land and immigration—These are the two vital questions which deeply concern the two peoples. Therefore the joint committee gave the most careful attention to these subjects and spent several days freely exchanging views on them, and finally reached the conclusion that the committee on both sides will use their utmost endeavors for the solution of these burning questions."

"Co-operation of capital—The best way to cement the relations of the two countries is to enter into economic relations. Such enterprises have already been started in Japan and the results are most satisfactory although there is plenty of margin for improvement and development."

"Cable communication—Cable communication falls far short of our expectations. No satisfactory communication on diplomatic or commerce can be carried on if it is left as it is now."

"Exchange of professors—Great benefit comes from exchange of professors. In order that this enterprise can be satisfactorily conducted it is important that certain universities be selected where the professorships should be established and the exchange of professors can be carried on. In connection with this enterprise a method of publicity should be devised."

For Trade Arbitration.
"Trade arbitration—There is danger that the good relations of the two countries may be jeopardized on account of disputes that may arise from commercial relations. Therefore it is highly desirable to create an agency for arbitrating such disputes."

"Industry—The labor question has a direct relation to industry and it is of an international nature. It is highly important that one country should learn from the experience of the other in dealing with the labor situation."

"After eight days of the conference, the joint committee was dissolved with many expressions of mutual esteem and satisfaction over the work accomplished. It was the general sentiment that a beginning had been made by the conference that might lead to a possible solution of some of the international difficulties between Japan and the United States."

LIVES FOR SIX DAYS IN AIR EXCLUDING CABINET

British Physiologist Makes Unique Experiment to Calculate Amount of Oxygen in Blood

CAMBRIDGE, Eng., (AP)—Joseph Barcroft, a reader of physiology at Kings college here, has lived for six days in a hermetically sealed glass box.

The experiment arose out of a 30-year-old controversy as to whether it is possible to calculate the amount of oxygen in the blood from a knowledge of the amount of oxygen in the breath. The test was also made to demonstrate whether it was necessary that animals should have oxygen apparatus when flying at great heights. It proved that oxygen was necessary to flying men but it did not prove to what height they could fly with safety.

While in the box Barcroft kept a record of his sensations and made scientific observations. He said he suffered from sleeplessness but otherwise did not experience much inconvenience except on the last day when the atmosphere became extremely rarified. He then had headaches and nausea. He was watched continually while in the box. He took food and slept in two small compartments fitted up with wicker chairs, a table, a small bed and a bicycle on which he exercised every morning.

Tokio Prefecture Takes Steps to Adjust Prices of Commodities

TOKYO, (AP)—Fifty more public markets to sell food and other necessities will be established here and in the suburbs by the Tokio prefecture, 50 similar markets opened last year, to adjust the price of commodities having shown satisfactory results.

A general slump in prices of stocks occurred today on Tokyo exchange. The drop was most noticeable in the cotton spinning companies. Prices of rice and silk also declined, due, it is believed, to the tightness of the money market. For the past week prices of various rice have had an average decline of 6 per cent.

WOODHEAD WILL FIGHT ROSE IN BURLEY TONIGHT

Bill Woodhead, of Twin Falls, and Lou Rose, of Boise, featherweights, are billed to put on the main event in a battling congress at Burley tonight. Woodhead is a local favorite and his opponent is a brother of Al Nelson of Boise who recently decided Woodhead in a little here. Nelson on that occasion outwitted Woodhead eleven pounds.

In addition to the Woodhead-Rose bout the Burley Athletic club will stage several goes of minor importance.

Brief Bits of Sport

Apparently Dickie Kerr hasn't warmed to his task as yet.

But the same cannot be said of "Lefty" Williams and Eddie Cicotte. Williams hold the slugging Indians to a brace of bumps yesterday, and one of these was a mere scratch, while Cicotte's Ace is doing almost as well.

The revered A. P. says Walt Johnson was knocked unconscious but kept right on pitching.

Sort of second nature, oh!

"Buck" Weaver and Joe Jackson, White Sox players par excellence, were leading the American league hitters at the end of last week.

Weaver's mark up to that time was 430 for four games and 15 times at bat, while Jackson's record was 500 for 14 times up in four games.

Eddie Collins is third hitter of the Sox with a mark of 400. But there is an awful slump of White Sox batters between Eddie and the next man.

Ray Schalk comes trailing along with a record of 350. Jourdan, who is sitting in on Chick Gandil's job, is batting .200 and Riberg is down to .007.

Cleveland players are hitting most consistently far. Spinker, .478; Johnston, .437; Gardner, .376; Smith, .369; Grancy, .367; O'Neill, .333; Jamieson, .333; Chapman, .304; Coveloskie, .300.

If they can hold that gait they will win the flag on almost clean smacking.

The Red Sox club has six players batting .300 or over.

One of our most prominent picture stars has announced the intention of quitting the screen and becoming a useful citizen.

Sim Smiley, sagebrush sage, says: "Men air easy natures to get along with. Effen they kin hev their beer agin' they will be willin' to let th' ladies go back to wearin' clothes."

MURDER CHARGE TO BE FACED BY BIGAMIST HURIT

Prosecution to Be Based on Alleged Confession to Killing One of "Wives" with Other Evidence at Hand

LOS ANGELES, CAL. (AP)—Walter Andrew Watson, also known as James R. Hurit, will be indicted by the county grand jury next Monday for the murder of Nina Lee Delaney, according to W. G. Dornan, chief deputy district attorney after a conference with Watson's attorney.

Watson will then appear in court and plead guilty to a confession of his plan and the state to the state, the district attorney will ask for a sentence of life imprisonment against him instead of the death penalty, Dornan announced.

LOS ANGELES, (AP)—Murder, not bigamy, will be the charge faced by James R. Hurit, who last night admitted to the district attorney, after an investigation extending over nearly a month, had named him beyond hope, that he had killed two women, had at least contributed to the death of one, and had married at least 20, including the four who lost their lives.

Based on Admissions.

The murder charge, according to the district attorney's office will be based on the alleged confession of Hurit that he killed Nina Lee Delaney, one of his "wives" in Los Angeles county, and afterwards concealed her body in the mountains of Imperial county, whence he carried it, wrapped in blankets in his automobile. After Hurit had finished his statement the district attorney, deputy sheriffs and other investigators left for the spot described as the place where Hurit had hidden Mrs. Delaney's body. The trip will require two days, and it was said that no formal charge of murder could be filed until the body had been recovered.

Enough evidence, even without the finding of the body of Mrs. Delaney, or the admission of the alleged confession, is already available to support such a charge, the officials said.

Uses Name of Watson.

The murder charge will be brought against the man under the name of Walter Andrew Watson, it was said; the course will be followed because the defendant told the officers, they said, that he did not know his true name, but was most frequently known as Watson; because the marriage with Nina Lee Delaney, which preceded the alleged murder, was solemnized under that name; and because it was the name most used by the man in Los Angeles county.

Watson's statement given in response to questions will be presented to him for his signature today.

Watson in his statement said he believed he was a native of Tennessee, that he was raised in an orphan asylum until about 10 years old, then he lived with a family named Harper and remained with them until he moved to Pittsburg, Kan., about five years later.

While employed in a blacksmith shop an avill fell on his head, he said, knocking him unconscious. He went to work on a nearby farm and two years later began to drift over the country, he said.

Forgetful Data on Marriage.
The statement relates that Watson was first married in Canada "during the war." He told the officers he had been married so often since that he could not remember names, places, nor dates.

A strong guard was established over the man today to prevent any further attempts at suicide. It was said he would be removed to the county jail soon. He has been in a prison ward of the county hospital.

IDAHO POWER COMPANY

Today's Markets

New York Exchange
NEW YORK, (AP)—Tomorrow's recess and more stringent credit conditions affected further unsettlement in the stock market today although dealings were much reduced. Sales, approximated \$50,000 shares.

The trend of prices was downward again at the dull opening of today's market. Tomorrow's recess, with its attendant labor uncertainties, impeding further selling. Crucible steel, minus its stock dividend, was the feature, falling 2 1/2 points to 140. Losses of 1 to 2 1/2 points accompanied the early dealings in American Tobacco, United Fruit, Hide and Leather, preferred and Chandler Motor, Reading, Southern Pacific, Baldwin Locomotive and several of the oils showed moderate improvement, but United States Steel soon declined a substantial fraction on renewed pressure.

Rallies extending to full recoveries were made by many leaders in the last hour, despite the further rise of call money to 15 per cent. The closing was steady.

Liberty Bonds
NEW YORK, (AP)—Final prices of \$85.40; first 1-4's \$85.60; second 4's \$81.80; first 4's \$84.50; second 4's Liberty bonds today were: 3 1-2's 144's \$85.50; 3 1-4's \$85.40; Victory 3 5/8's \$85.40; Victory 4 5/8's \$85.50.

Grains and Provisions
CHICAGO, (AP)—Wet weather likely to delay farm work led to upturns in the price of corn. Bullish estimates of the winter wheat crop together with talk of a possible return to war bread tended also to lift the corn market. However, was of only a scattered sort. Opening quotations, which ranged from 1-8 to 2-6 higher, with May \$1.73 1-4 to 1-7 1-2 and July \$1.60 1-8 to 1-3 1-2, were followed by something of a reaction, but then by a fresh advance.

Subsequently, month and covering on the part of unlicensed shorts proved more than an offset for the bearish influence of stock market weakness, and rushed the price of corn delivery up swiftly at the last. Closing quotations were unsettled, 2-6 to 3 1-2-3-4 not higher, with May \$1.77 to 1-78 and July \$1.65 to 1-65 1-8.

Oats had an upward slant with corn. After opening unchanged to 3-4 higher, including July at 83 1-4 to 83 1-2-3, the market sagged a little, and then hardened again.

In the late dealings an advance took place owing to increased strength of grain.

Cash Quotations

CHICAGO, (AP)—Wheat No. 2 red \$2.87.

Corn No. 4 mixed \$1.74; No. 3 yellow \$1.80 to 1.83.

Oats No. 2 white \$1.11 to 1.11 1-2; Rye No. 2 \$2.12.

Barley \$1.00 to 1.02.

Clover seed \$25 to 35.

Pork nominal.

Lard \$19.80.

Ribs \$17 to 18.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts 9,000; 9,000; beef steers weak to lower; early sales \$13 to 13 1/2; heavy stock mostly 2-6 lower, with best dull; canners and calves weak; most valuers \$12.00 to 13.25; feeders steady.

Hog receipts 24,000; steady; to 200 lower; lightest dealing most; top \$15.00; bulk lights \$13.25 to 15.50; bulk, 250 pounds and over \$13.85 to 14.00; pigs lower.

Sheep receipts 6,000; market slow; first sales steady; prime 87 pound shorn lambs \$18.10.

Omaha Livestock

OMAHA, (AP)—Hog receipts 10,000; market steady; to 100 higher, closing weak on heavy grades; top \$16.25; bulk of sales \$13.75 to 14.50.

Cattle receipts 2,500; market on most grades of sellers low, but steady; best sale of heaves \$12.00; stockers and feeders dull, most sales 2-6 lower.

Sheep receipts 2,000; supply of lambs market steady; best clipped Mexican lambs \$8.50; clipped \$17.35.

Minneapolis Flour and Grain

MINNEAPOLIS, (AP)—Flour unchanged. Bran \$52.

Wheat, Cash No. 1 Northern \$8.05 to 3.10.

Corn \$1.07 to 1.08.

Oats \$1 to 1.01.

Barley \$1.28 to 1.69.

Rye No. 1 \$4.02 to 4.07.

Rye No. 2 \$2.03 1-2 to 2.04 1-2.

Kansas City Produce

KANSAS CITY, (AP)—Eggs, current receipts 70c lower per case \$11.30; firsts 2 1-2c lower, 40c; better and poultry unchanged.

Chicago Produce

CHICAGO, (AP)—Butter lower; creamery 47 to 52c; eggs unchanged; receipts 42,550 cases; poultry unchanged.

WOODS IS GIVEN LEAD

(Continued from Page One)

for General Leonard Wood apparently has won a total of six votes.

There is a possibility that the official count, to take place here early next week, may change the results in the Daugherty-Royd contest.

The complete returns give Senator Harding a plurality of 16,308 votes over Major General Wood for the presidential preference. The vote stands: Harding, 125,561; Wood, 109,258.

HARDING DENIES INTENTION TO WITHDRAW FROM RACE

NEW ALBANY, Ind., (AP)—Reports that he would withdraw from the race for the republican nomination for president following the alleged poor showing he made in Ohio, his home state, in the presidential preferential primary, were declared without foundation by Senator Warren G. Harding, who delivered an address here last night.

Mr. Harding said he did not at the present have any intention of withdrawing.

WOOD MAN IN LEAD FOR NEBRASKA DELEGATE AT LARGE

LINCOLN, Neb., (AP)—L. D. Richards of Fremont, nominated by the organization backing Major General Leonard Wood for the republican presidential nomination, apparently defeated E. J. Burkett of Lincoln for election as republican delegate at large in the recent Nebraska primary, according to returns compiled here today.

COMPLETION OF SOLDIER RELIEF

(Continued from Page One)

Four Plans for Revenue

Revenues to pay the compensation for which it is estimated \$1,500,000 will be required, would be raised by four plans as follows:

Increased tax of 1 per cent on net incomes between \$5000 and \$10,000; 2 per cent on incomes between \$10,000 and \$25,000; and 3 per cent on incomes above \$25,000.

One per cent on retail sales to be applied by those making the sale and to apply in the case of all sales, contracts and leases, wherever made.

Tax on stocks and bonds, sales or transfers at one-fifth of 1 per cent on the market value. Tax on produce exchange transactions at the same rate.

A tax of 25 cents for each \$50 of the total amount of sales, or contract to sell lands, tenements or other property.

Taxes on various brands of cigars, tobacco and manufactured products ranging from 15 per cent to 60 per cent, depending on the grade, and a tax of \$1 per thousand on cigarettes.

Taxes imposed under the bill would become effective December 1, 1920.

Except Officers from Bonus

Commissioned officers in the army or marine corps above the grade of captain and lieutenants in the navy and coast guard would not receive compensation and enlisted men absent from their commands because of drunkenness or on farm or industrial pursuits would not be paid for the period of their absence.

Others exempted include civilian officers or employees, contract surgeons, West Point cadets, midshipmen, coast guard cadets, and members of the reserve officers' training corps. Those

entering the service after the armistice and those enlisting before a declaration of war and for a period extending beyond November 11, 1918, also would be excluded.

Board to Judge Desirability

The federal farm loan board would be called upon to pass upon the desirability of land investment.

Republican leaders today estimated that the total expenditures under the bill would not exceed \$1,700,000,000 should all former service men request relief.

The proposed taxes would extend over a period of two years, making the total yield about \$1,750,000,000.

FEDERAL POWER COMMISSION IS BILL PROVISION

Chairman Jones of Senate Commerce Committee, Discusses Measure as Agreed Upon in Conference

WASHINGTON, D. C., (AP)—Described by Chairman Jones of the senate commerce committee, as legislation affecting every citizen of the United States, the waterpower bill as agreed upon in conference would create a federal power commission, composed of the secretary of war, agriculture and interior. This commission would have authority over all matters pertaining to the development of waterpower in which the federal government has jurisdiction or in which it is interested as an owner of lands or other property necessary to such projects.

Preference to States.
The commission may issue preliminary permits allowing states to begin years in which to make examinations of waterpower projects, prepare plans and make financial arrangements. The commission also may issue licenses for a period of fifty years or it may reserve such projects as should be undertaken by the federal government. Preference must be given by the commission to states and municipalities if they are equally adapted to utilize water resources.

The bill also would encourage the building of head-water storage reservoirs to equalize power production, prevent floods, and obtain water for irrigation purposes after being used for generation of power. Provision is made for construction of locks in power dams in navigable streams so as to extend navigation into the upper reaches of rivers.

At the expiration of the 50-year license, the government under the bill is given the option of purchasing the hydro-electric plants by paying the licensee his net investment, or it may issue a new license to the original licensee or to a new licensee who shall pay the original owner his net investment. Licenses are placed under the supervision of state public service commissions as to rates and regulation of service.

Reserves War-Time Operation.
The federal government, the bill provides, may take over and operate any water power under license in time of war for manufacture of explosives or any use conducive to national safety. Senator Jones in a statement said he was informed that waterpower developments to be undertaken on enactment of the bill would have a capacity of more than 4,000,000 horsepower and would open up to navigation more than 40,000 miles of the upper reaches of streams.

Believes Rheumatic Pains

BRYAN URGES DEMOCRATS VOTE FOR RATIFICATION

Party Must Share Blame for Consequences if Aid to Treaty is Refused

PITTSBURGH, Penna., (AP)—William J. Bryan, in a statement issued here last night, declared that the recent primaries were a warning that democratic senators should lose no time in voting for the ratification of the peace treaty.

"Delay in ratification may deluge the world in blood and flood our country with war," said Mr. Bryan. "The recent primaries should be a warning. In Georgia, less than one-third of the democrats stood for the treaty without reservations. Two-thirds were divided about equally between ratification and rejection of the treaty. In Nebraska, Senator Mitchell's vote would not have been worth anything had he been compelled to rely on those who endorsed his attitude on the treaty."

"My fight was made on a platform declaring for ratification with reservations already agreed upon by a large majority of the senate. Senator Johnson's vote is largely a protest against the treaty and against the blundering of the senators who talk for the treaty, but quarrel over reservations."

"A campaign in favor of ratification without reservations would result in overwhelming defeat, but what is infinitely worse, it would prevent the consideration of pressing domestic problems and leave the world to chaos. Our counsel and advice today may contribute more to world peace than an army of a million men would a year from now."

"If our party refuses to aid ratification now it must share, even if it does not fully assume responsibility for what follows."

DIRECT DEMONSTRATIONS AGAINST JEWS AND REDS

German Students in Vienna Incite Socialists as Objects for Attack in Anti-Semitic Raids

VIENNA, (AP)—Anti-Jewish demonstrations by German students continued in a more serious form Tuesday and were also directed against other students recognized as socialists. Cries of "down with the Jews" mingled with "down with the Reds." Jews were attacked violently when they entered lecture rooms and were compelled to leave. A Jewish war kitchen also was raided. During the disorder there were cries of "Long live the Emperor," and the old national anthem was sung. Police were forced to draw their swords to disperse the students.

It is understood the American commission here has directed inquiries to the government concerning the damage done to the war kitchen attacked today, it being conducted partly under American auspices.

The government is considering closing the University of Vienna unless the situation improves.

100 BUSINESS MEN COMING FROM UTAH

Secretary Sam Smith Advises Big Bunch Will Be on Salt Lake Trade Trip

There will be approximately 100 Salt Lake business men in the trade excursion party due in Twin Falls on the afternoon of May 6, according to a letter reaching The News from Sam K. Smith, secretary of the wholesale trade department of the Salt Lake Commercial club, who has been in charge of arrangements for the junket.

The Salt Lake party will leave that city on May 3 and will visit 30 cities and towns in southern Idaho before returning to the Idaho capital, Mr. Smith says.

The junket was originally scheduled for April but on account of the rail strike was postponed to the later date. The party will be accompanied by a band, and will have other mediums of making all stops on the trip lively.

CANAL COMPANY CASE SCHEDULED SATURDAY

If federal officials connected with the naturalization department complete examination of applicants for citizenship in time Judge W. A. Bebeck will tomorrow morning open the trial in the case of Frank De Klotz and others against the Twin Falls Canal company.

The action is brought in contest of an election held last winter.

The naturalization hearing will be held at 10 o'clock in the district court chambers with V. W. Tomlinson of Portland, in charge. Ten aliens are due to be present.

YUKON LEGISLATURE PASSES ELEVEN BILLS DURING SESSION

DAWSON, Y. T., (AP)—The Yukon legislature adjourned Wednesday after passing eleven bills, one prohibiting the sale of intoxicants for beverage purposes. Other legislation enacted included providing for the licensing of non-resident big game hunters and fur traders. The export of moose and caribou hides will be prohibited to prevent slaughter of these animals.

SUSPECTED BURGLAR HELD TO HIGH COURT

Earl Lee, Suspect, Fails to Furnish \$3,000 Bonds for Appearance at Trial

Unless Earl Lee, alleged burglar gang leader, can find friends who will post \$3000 for him he will remain in jail at Gooding until his case is called for hearing in the Gooding district court. Lee was yesterday bound over to the higher court for trial soon. He is held on charge of burglary. Bonds, not yet provided, have been fixed at \$3000.

Mrs. Lee, wife of the defendant, was found guilty of a misdemeanor in the Gooding county probate court, fined \$50 and given a sentence of 60 days in jail. Appeal was taken and she was released on bail of \$500 supplied by a brother from Colorado.

Lee was tried on a preliminary examination at Gooding after Rupert authorities had dismissed their case, instituted on similar grounds, several days ago.

TO BOOST DISTRICT THROUGH THE MOVIES

Pictures of Snake Valley Will Be Shown at Community Meeting in Paul

Judge E. A. Walters and R. H. Stevenson have accepted invitations to address a meeting called for the purpose of organizing the Snake River Valley Community at Paul on May 6. Representatives from Paul spent a part of yesterday afternoon here conferring with local persons with relation to making the meeting a big success. Its purpose is cooperation with the government in advertising the Snake River valley through the medium of motion pictures of this district.

The program, thus far prepared, included, besides addresses by Judge Walters and Mr. Stevenson, talks by Governor D. W. Davis and members of state reclamation commission and outdoor sports.

With the coming of the warm weather of the past few days the farms of the Twin Falls country are taking on added evidence of the activity incident to the getting in of the crops. Good hard, healthy work, this, of the kind which produces of the real things of life, and valuable not alone because of this fact but because such work symbolizes man's highest duty well performed—that of working at the useful things and thereby adding to the world's store of the things which the world needs and must have.

No better element of men and citizens is to be found anywhere than upon the farms of Twin Falls county, and no better farms.

The farm land of this section is the biggest single factor in the continued growth and progress of Twin Falls and every other town from Castleford to Milner. The part of the farmer in the upbuilding of this section should never be forgotten for a minute. With prospects of an ample supply of water and good weather, may our farmers prosper this year as never before.

"The River's End"

"You win or lose the minute he first sets eyes on you!"

That was the thought pounding through Keith's brain. He meant to tramp back to civilization—back to face the chief of the Northwest Mounted Police. His uniform, his figure, his face even to the peculiar scar on the forehead—everything about him would not be Keith the fugitive from justice but Conniston, the officer of the Royal Mounted who lay dying before him, under the Arctic stars.

Soon he would stand before the chief, "whose eyes could see through holler plate"—and before the girl supposed to be his sister—and, then, before Shan Tung, the Chinese mystic who had known the dead officer and who never forgot a face.

In "The River's End," James Oliver Curwood has written a tale of such fire, such romance, such vigor and intrigue and charm—and Marshall Neilan has so vividly transferred it to the screen that those who see it will long remember it as one of the brilliant achievements in photo-dramatic literature.

On the edge of civilization there are no traditions. Men meet life with all the strength of soul within them. That is why the great stories have always been written, not of the atrophied emotions of society, but of the virile people nearest the great outdoors. There men may be good—or bad—but whatever they are, they are strong.

"The River's End" is a story of the Royal Mounted Police—a story of adventure and a story of a wonderful love.

It is Mr. Neilan's best and Mr. Curwood's finest novel.

MUST SETTLE DOWN

The word served on Germany that no revolutionary government in that country which refuses to carry out the treaty provisions will be recognized is dictated by common sense. Not only is it right, but it has been demonstrated that the German leaders who have been declaring that the people cannot be brought to submit to the terms are bluffing. What is keeping the Germans from settling down is the plotting of the junker element.

The people of the district entered recently by France were less disturbed over French occupation than they were over some of the military movements at home. A strong stand by the allies at this juncture is of service to the German people against those at home, who, by holding out false hopes to them could only make their condition worse. It is time to impress upon the Germans generally that the peace terms must be obeyed.

A vacillating policy is a breeder of unrest.

AMERICAN PAINTERS RANK HIGH IN ART EXHIBITION

The First International Exhibit Since Outbreak of War Opens at Carnegie Institute

PITTSBURGH, Pa., (AP)—American painters ranked high in the international art exhibition which was formally opened in the galleries of the Carnegie institute here Thursday, the first since the outbreak of the world war. Announcement of honors was made at the Founders day exercises as follows:

First—Abbott H. Thayer, Monoclock, N. H.; Young Woman in Olive Pink, gold medal and 1920.
Second—Algeron Tamme, London, England; The Cornish Sea, Silver medal and 1920.
Third—Walter Ufer, Chicago, "Suzanna and Her Sisters," Bronze medal and 1920.

Honorable mention—Robert Spencer, New Hope, Pa., "The White Mill"; Frederick Boeler, Boston, "Looking at Prints"; George J. Coates, London, "The Spanish Dance."

The exhibition contains 373 paintings. Of this number American contributed 109, while England sent 53 and France 53. The remainder came from the states of Sweden, Denmark, Italy, Spain, Norway, Russia, Belgium, Switzerland and a few from Canada.

Blurring Among the Reptiles.
The ancient practice of blurring is not limited to the human species. Various animals pretend to be worse than they are. The hog-nosed snake is a perfectly harmless little fellow, with no capacities in the way of poison, and yet this reptile, which is rather pretty, is given such sinister names as flat-headed adder and sand viper, and is usually killed on sight. This is because it has the habit of flattening its head and puffing out its neck and hissing violently, which is for no other purpose than to frighten off intruders. It is a plain bluff, to give the impression that the reptile has poison fangs. This counterfeits is usually taken at its true value, and affords the hog-nosed snake considerable protection except in the case of human beings, who destroy the innocent reptile on sight, when it is not only harmless but useful also in keeping down vermin.

GIVES VIEWS ON PAPER SHORTAGE RESPONSIBILITY

Lack of Understanding Between Publishers and Manufacturers Factor in Situation, Witness Declares

WASHINGTON, (AP)—Lack of satisfactory understanding between the publishers and print paper manufacturers was held to be responsible in part for the present paper shortage by Paul Patterson, one of the publishers of the Baltimore Sun, in testimony today before the senate manufacturers subcommittee investigating the paper situation. He explained that while there would be no increased production this year, production in 1921 would be 300,000 tons over that for 1920.

Exceeds Mills Capacity.
The present shortage, the witness told the committee, resulted from increased consumption beyond the capacity of the paper mills. Saying that increased prices for paper were necessary about three years ago, he asserted that the producers failed to take the publishers into their confidence at that time when the result that an agitation was started against increased prices and for public control of the paper industry. Also the manufacturers, he said, failed to expand their plants due to lack of understanding between them and the publishers.

As a result of this situation, Mr. Patterson said, when the publishers came to renew their paper contracts this year insufficient paper to meet demands was discovered so that they entered 1920 with a "shortage of paper on every hand."
Mr. Patterson expressed the belief that the universal practice of curtailing in the use of paper, which he said was being observed by the newspapers, would result in "a marked effect on the market by fall."

"But nothing effective can be accomplished unless there is a definite curtailment in the amount of advertisements," he said, "and the only way that can be done is to increase advertising rates—not for the purpose of increasing revenues but to hold down the amount of advertising."

PLAYS PART IN RELIEF OF DOMESTIC HELP NEED

Inmates of Ohio Reformatory for Women Win Way to Parole or Pardon Under New Arrangement

MARYSVILLE, O., (AP)—Mrs. Louise Mitendorf, matron in charge of the Ohio Reformatory for Women here, is doing her part in relieving the domestic help situation in the state. She had from 150 to 200 girls and women under her care. As there is not enough work at the institution to keep them all busy she has to housewife some of the more trusted girls.
Ninety per cent of the girls working out have made good, according to Mrs. Mitendorf. Many of them within a short time have been recommended for parole or pardon. Housewives receiving the girls send the wages to the matron who turns the money over to the girls when they are discharged.

NATIONAL LABOR PARTY TO SELECT CANDIDATES

Convention in Chicago to Make Nominations and Formulate Platform

CHICAGO, (AP)—The national labor party convention will be held in Chicago July 11, 12 and 13 to nominate candidates for president and vice president and draft a platform. It was announced today by Frank J. Esper, national secretary.
Every labor and farm organization in the country will be invited to send one delegate for each 500 members. Esper predicted that 5000 delegates would attend.

The national labor party was formed here last November by 1500 representatives of farm and labor organizations. Max S. Hayes of Cleveland is national chairman.
The declaration of principles adopted at the convention included thirty-two planks, a majority of which, according to Esper, will be reported in the political platform to be adopted in July. Among the planks are:

Nationalization of all essential industries.
A league of workers to "destroy autocracy, militarism and economic imperialism," bringing about world-wide disarmament.
Repeal of the espionage law.
Equal suffrage and equal pay for men and women in industry.
Abolition of the injunction power of judges in labor disputes.
Empowerment of the Plumb plan for tripartite railroad control.
Steeply graduated income and inheritance taxes.
A national budget system.
Limitation of the power of the supreme court to "veto" legislation.
Abolition of the United States senate.

British Clergy Argue Necessity of Sermons

LONDON, (AP)—Are sermons indispensable? This is one of the questions on which a decision may be taken by the bishops of the Anglican church at their meeting in Lambeth in July.
A section of churchmen are declared to hold that if a man has not the gift of preaching, it would be better for everyone that he should not preach. The "two sermons each Sunday" custom, they say, imposes a great strain on the clergy—a strain equally if not more heavily felt by the laity.

A merchant advertises because he has news for you.

SALVAGERS IN SEARCH OF TREASURES IN SEA

Expedition Is Formed to Explore Depths Off Perilous West Coast of Vancouver Island

VANCOUVER, B. C., (AP)—To delve into the unknown depths of the sea off the west coast of Vancouver and wrest therefrom the treasures hidden for many years is the object of S. Maddison and his party of salvagers who will begin operations today.

Last autumn Maddison made submarine cruises along the crags which line the coast of the island and located four large wrecks besides a number of small ones.
Two of the larger he identified as *Pass-of-Melford* and the *Valentia*, and one of the others he identified as the *U. S. S. M. S. Condar* which disappeared in 1903 and has not been heard of since.

Some of the boats which met their fate on the perilous west coast carried cargoes which at the time of sinking did not make it worth while salvaging, but under present day conditions it is thought there is freight aboard the vessels almost worth its weight in gold.

SUFFRAGE MOVEMENT COUNTS COSTS OF ITS CAMPAIGNS

WASHINGTON, (AP)—The campaign for ratification of the federal suffrage amendment has cost the national women's party \$25,000, headquarters announced today. Most of the contributions came in small amounts from individual women; the record sum for any one month being \$15,000 in March, 1920.

Chamberlain's Tablets Are Just What You Need.
When bilious.
When constipated.
When you have no appetite.
When your digestion is impaired.
When your liver is torpid.
When you feel dull and stupid after eating.
When you have headache.
They will improve your appetite, cleanse and invigorate your stomach, regulate your bowels and make you feel "fine as a fiddle." They are easy to take and agreeable in effect—adv.

OHIO'S TIMES—CONFUSING

Five Different Standards Govern Habits of People of Buckeye State

COLUMBUS, O., (AP)—After May 1 five recognized times will govern the habits of the people of Ohio.
Never in the history of the state has there been such an occasion for confusion in time in the state. When it is 2 p. m. at Steubenville, residents of Cincinnati will say it is but 12 o'clock noon. In Columbus it will be 1 p. m. and to the farmer who still regulates his time piece by sun time it will be 1:30 p. m.

This great difference in time is due to the fact that Ohio is the dividing line between Eastern and Central time and the efforts of towns and cities to "save an hour of daylight."

NOTICE TO PROPERTY OWNERS
Improvement Districts Numbers 34, 35 and 37
Your attention is called to the fact that the assessment roll for improvements in these districts has been spread and property owners have right to pay cash between April 29th, 1920, and June 2nd, 1920.
You can save 7 per cent interest on your assessment, which on different property frontage would be as follows: On an assessment running 7 years (average life of bonds), at 7 per cent plus charge of County Treasurer Office of 1-1-2 per cent per annum for collection would equal on:

A \$ 200.00 Assessment	\$ 81.12
A 300.00 Assessment	121.68
A 400.00 Assessment	162.24
A 500.00 Assessment	202.80
A 600.00 Assessment	243.36
A 700.00 Assessment	283.92
A 800.00 Assessment	324.48
A 900.00 Assessment	365.04
A 1000.00 Assessment	405.60
A 2000.00 Assessment	911.12

If paid in ten annual installments, you would pay:

\$ 281.12 instead of \$ 200.00
421.68 instead of 300.00
562.24 instead of 400.00
702.80 instead of 500.00
843.36 instead of 600.00
983.92 instead of 700.00
1124.48 instead of 800.00
1265.04 instead of 900.00
1405.60 instead of 1000.00
2911.12 instead of 2000.00

By paying cash prior to June 2nd, 1920, you will save this interest.

EMPLOYERS RAPPEL BY LABOR SPEAKER

Mayor Van Leer of Minneapolis Declares Association Organized for War

Addressing a labor audience of men and women at the American place last night, former Mayor Van Leer of Minneapolis while urging and advocating union of farmer and labor factions, rappelled all employers' associations as being organized for war. On the other hand he said labor is organized for peace.

Mayor Van Leer's address was also given to a collection of capital, which he advocated and urged before his audience, while extolling the virtues of labor and denouncing the evils of the "banking trust of the country," and demanded united effort to break up this alleged collection of capital, which he said functions as a leech sucking out the blood of the common people. The speaker said the break-up of the "combination" could only be effected through concerted political action.

Mr. Van Leer paid considerable attention to the American plan, setting this plan out as non-American and founded upon principles diametrically opposed to a democratic order of government. He said the plan would avoid direct reference to the Non-Partisan league.

The theater building contained a large audience.

MISS BETTY WILSON LEADS IN SPELLING

With Miss Beth Bowen in Second Place Two Washington Pupils Lead Contest

Winners of the different groups in the spelling contest which was held last evening in the high school auditorium were: Betty Wilson, first, and Beth Bowen, second, both of the Washington school in the elementary division. Ethel Matlock of the Bickel school, first, and Kenneth McGinnis, second, of the Lincoln school, in the intermediate division. And Verda Allen of the Lincoln school, first, and Della Della in the high school division. Both of the latter winners were freshmen.

Three hundred people were present last night at the contest and took an interest in the contests. Each group required more than an hour for its contest. Few of the winners were prepared words, but began to fall down when the "super list" was brought into use, and then mistakes were many.

Preceding the contest, Superintendent Hal G. Blue addressed the assembly, telling of the origin and development of the plans for the contest. The program commenced at 8:30 o'clock, when the elementary spellers took the platform, followed by the intermediates and high school students.

A number of students missed on words spelled in two ways, and under the rules were required to leave the contest.

The prize, \$10 and \$5 in gold to the first and second place winners, respectively, donated by Asher B. Wilson, were presented to the winners by W. E. Nixon of the board of school trustees.

FARMER IS SHOT DURING QUARREL FOR DITCH WATER

Abbel Receives Missile in Leg in an Altercation with H. F. Ramseyer

Following the entering of a plea of not guilty to a charge of assault with a deadly weapon H. F. Ramseyer was this morning released from the sheriff's custody on bond of \$1000. He was arraigned before W. S. Mallory, justice of the peace acting as probate court judge.

Ramseyer is a farmer and stockman residing north of Elletts. He was arrested last night following an affray in which J. C. Abbel was shot in the leg. Abbel is a farm neighbor of Ramseyer. The weapon alleged to have been used is a .38-caliber revolver. The projectile struck Abbel in the leg, but the injury is said to be only superficial in nature.

The affray was enacted last night and is said to have grown out of a dispute over ditch water rights. Ramseyer claims Abbel shot him. Ramseyer's trouble with an attempt to assault the former with a ditch shovel. Ramseyer is a tenant farmer on a Costello place. Abbel and Bonetti represented Ramseyer as counsel at this morning's court proceedings.

GUES ON NOTE

Attorney E. L. Ashton, acting as counsel for H. C. Gettler, has filed in the district court an action on promissory note against Daniel L. Hickling and others. Judgment for \$1400, with interest and fees is asked.

To Make Mirror Brilliant

To clean a mirror in such a way as to bring it to the highest state of brilliancy, very fine whiting, or better, precipitated chalk, is one of the best known agents. This agent must be rubbed gently with methylated spirits with a soft, clean sponge, and then dusted with the whiting or chalk. After a moment it should be wiped with a dry cloth. Another softer cloth, or more effectively, a clean, dry handkerchief should be used for the final polishing, which should leave the glass clear and brilliant.

Ruse Didn't Work

It was the night before Christmas and mother was having a great deal of trouble getting little Helen to go to bed, and finally said, "Santa Claus said he is coming tonight, so you must get to bed and to sleep," when mother's angel said, "Don't you think we'd better stay up and 'celebrate'?"

BIG DEMAND FOR ELECTRIC METER INSTALLATION INDEX TO GROWTH

Manager Charles Neeley Points to Service Connections as Proof Positive of the Steadily Increasing Importance of Twin Falls as a Community—Business Continues to Improve

Respeaking a large and continued growth of Twin Falls as a community, records of the local office of the Idaho Power company show that during the year ending March, 1920, installations of meters amounted to 360 more than for the year ending March 3, 1919.

The statement is made officially by Charles Neeley, district manager of the Idaho Power company, who adds that there has been no decline in demand for meters for power and illumination service. "That Twin Falls is growing and will continue to grow is my confident belief. This belief is based upon the demand for power and illumination service," Mr. Neeley told a News man today.

Asked for a statement with reference to installations of meters for the supply of electrical service during the week from April 12 to 17, Manager Neeley stated that there had been 115 installations during that period, against 202 connections of service, making an increase of nine meters installed during the week.

Mr. Neeley declared that six of the disconnections were connected before the end of the week following discontinuance of service. Of those meters not re-connected two were taken from small shacks, the use of which had been dropped as dwelling, and another disconnection was a coal company office where electrical service is always abandoned in the spring of the year.

AMUSEMENT COMPANY DIRECTORS ORGANIZE

A. E. Anderson is Made President of Theatre Concern—Business Discussed

Electing A. E. Anderson president of the board of directors of the Twin Falls Amusement company was organized last night. Other officers: C. J. Hahn, vice president; Harry Eaton, secretary-treasurer. Directors: A. E. Anderson, president; H. M. Helstrom and T. T. Greenhalgh.

Following organization of the board a program of progress was discussed, including the subscription to the theatre of the Orpheum and Gem theatres. The company, it is stated, will also take over the property on Main avenue at 10:30 o'clock, when the elementary spellers took the platform, followed by the intermediates and high school students.

A number of students missed on words spelled in two ways, and under the rules were required to leave the contest.

The price, \$10 and \$5 in gold to the first and second place winners, respectively, donated by Asher B. Wilson, were presented to the winners by W. E. Nixon of the board of school trustees.

Local Brevities

Sluiter in Hospital—J. F. Sluiter of Rupert is a patient at a local hospital.

Redman in Hospital—G. Redman is a patient at the county general hospital.

Birth—Mr. and Mrs. D. A. Nock are the parents of two daughters born April 23 at a local hospital.

Visit is Concluded—Mrs. J. E. Wilson, mother of Miss Amy Wilson, left last evening for her home in Salt Lake after an extended visit in Twin Falls with her four daughters.

Rotarians at Lunch—Rotary club members gathered at the weekly luncheon at the Hotel Rogers yesterday. A business meeting was held in the hotel parlors afterward.

Birth—Born to Mr. and Mrs. Paul Cline of Europa, Utah, a girl, Thursday morning, April 29. Mr. Cline has been for the past few weeks the guest of her mother, Mrs. Charles Dunn.

Licensed to Wed—Thomas Hennessey was issued yesterday to Curtis J. Decker and Naomi E. Eckert, both of Elletts. The license was issued by M. Noble, of Twin Falls.

Priest in Ill—Thomas Maughan, a member of the local fire department, is a patient in the county isolation ward suffering from what is believed to be mild form of amnesia. He came to Twin Falls from Alberta, Canada, a short time ago.

Visiting Relatives—Mr. and Mrs. J. M. Bower are here for a visit of two weeks with the E. D. Kellogg and William Tarr families. Mr. Bower is a son of Mr. and Mrs. Kellogg while Mrs. Bower is a daughter of Mr. and Mrs. Tarr. At the conclusion of the visit here the Bowers will proceed to Los Angeles for a vacation.

Early Paper Making

Payment on which the word paper is derived, is not paper at all, and the beginnings of the paper industry are not traced back to it, but to the genuine paper made by the Chinese, from whom it spread to other races.

From Europe, in the twelfth century. About the year 1150 a paper mill was started at Fabriano, Italy, which became the principal center for paper making, continuing to the present day. From Italy the art spread to France and Germany and somewhat later to England.

Verdi

He gave poetry to human life and lifted it from sordid ways to hopefulness and enthusiasm, and the people loved his leader. His first operas were introduced with difficulty, with all beginners experience; but the Italian ear, long trained to musical composition, and with inherited taste from old accepted Verdi as a master.

Verdi's songs were there after loved—James D. Phelan.

DADDY EVENING FAIRY TALE

BY MARY GRAHAM BOWEN

SALT, PEPPER, SUGAR:

"The Sugar Bowl doesn't appreciate me," said the Salt Celler.

"Who do you mean when you say 'me'?" asked the Sugar Bowl.

"I mean Pepper Shaker and myself," said the Salt Celler.

"And why do you not think I appreciate you?" asked the Sugar Bowl.

"I expect you to be a little rude at times. I expect you would be a scamp sharp and all of that. But I do not mind. I am sweet enough to forgive you."

"But you haven't told me whether you appreciate me or not?" said the Salt Celler.

"I am sure I don't know why you don't," said the Sugar Bowl.

"I appreciate the Salt Celler and the Pepper Shaker. It would show that the Sugar Bowl had something else besides sweetness."

"What else could I have or would I want to have besides sweetness?" asked the Sugar Bowl.

"No," said the Salt Celler. "It is not. There are lots of sweet creatures who never say anything mean and who never do any harm, but at the same time they don't do anything especially kind and they don't do anything especially helpful."

"They're sweet enough but they haven't much character. Now you will show character if you not only make sweetly upon me but if you will make sweetly upon me."

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

"I will," said the Salt Celler.

throat has never been quite so strong, since.

"So I think we should all be used in our places and not too much of any one for it too much sugar is used in things will be wickish and it too much pepper or salt is used the poor pepper and salt creatures are taken a mean advantage of."

The Greatest Change. "When water becomes ice," asked the teacher, "what is the great change that takes place?"

"The greatest change, ma'am," said the little boy, "is the change in price."—Our Dumb Animals.

CO-OPERATIVE COMPANY TAKES CORBETT STORE

Bochdale Plan Institution Will Start Business May 17—Corbett Sells Out

Yesterday a deal was consummated by the terms of which the Farmers' Rochdale Co-operative store will occupy the Corbett Furniture company's building. The latter company will retire from mercantile pursuits here, at least for the present. A closing out sale of furniture and furnishings stocks will be inaugurated immediately.

By the terms of contract between the new and old companies the co-operative store will start operations as a mercantile institution on May 17.

A. H. Corbett, proprietor of the furniture store, is a pioneer merchant of Twin Falls. He states he has made no definite plan for his future, and only disposed of his building because a favorable opportunity presented.

PERMIT TO BUILD.

A building permit was this morning issued in favor of J. S. Kimes, for the Salt Celler and the Pepper Shaker addition. The building will cost \$4500.

Bore Effectually Cured. They tell the story in one of the local mills of a man who used to suffer from his fellow employees by the tales of his experiences in other factories. Finally the men decided that they were going to "cure" him and for a week one of them asked him about his former position. He would say that he had no more work there, Jack, Jack, glad to find a sympathetic audience, explained and talked at length. In the meantime his inquisitor kept a strict account of the positions and the length of time which he said that he stayed at each. At the end of the week he was confronted with a notebook in which were recorded his statements. They totaled a long list of places and 78 years of service. As the man was not yet 50 the absurdity of it struck everyone and they say that he took it with good grace and mended his ways forthwith.—Lawrence Telegram.

Astronomical Mystery. The stellar universe has a background of pearls white, which always stand out from the background as a faint luminescence, and astronomers are guessing as to whether this shimmering shroud is made of quadrillions of suns, or whether the universe is immersed in nebulous matter. The pearls are said to be at least a hundred billion miles apart, and are said to be at least a hundred billion miles apart.

Time Measured by Candles. The Chinese, besides using water clocks, also invented joss-sticks, which were used to measure time. The joss-stick is somewhat similar to the candle which King Alfred of England is said to have used to measure time. He was a great educator, and discovered that while candles could be used to measure time, they were not allowed his people to which to make complaints against each other.

Locating His Capital. My little brother Jimmy was walking in a Twin Falls store the other day and he was looking at a certain bank. While passing it he suddenly remarked to me: "That's where my money is tied up."—Chicago American.

After Seven Years. Time is the best test of truth. Here is a Twin Falls story. It is a story with a point which will come straight home to many of us.

Charles W. Secord, carpenter, 160 McKinley Ave., Twin Falls, says: "I was living in Minneapolis 11 years ago. I was suffering with pains in my back and other kidney trouble. I used Doan's Kidney Pills and they surely gave me fine relief. I always recommend Doan's because I know they are reliable."

Again Praised. Over seven years later Mr. Secord said: "At one time I was so bad off with kidney trouble I couldn't do a whole day's work. Doan's Kidney Pills cured me and since I gave my all to the cause I have been free from all such trouble. I have been as strong and healthy as a young man."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the only one that has cured thousands of cases. Mr. Secord had Foster-Milburn Co., Minn., Buffalo, N. Y.

TRAINING EFFICIENCY IS NOTED IN SCHOOL VOCATIONAL DISPLAY

Student Handicraft Exhibit at Academic Institution Remarkable in Extent and Skill Shown in Constructive Genius—Demonstration Embodies Extensive Fields of Training

Marked by the most varied and extensive display ever boasted by the Twin Falls high school, the annual vocational exhibit was held in the different rooms of the high school building yesterday afternoon and evening. Unusual interest was manifested in the exhibit by the large number of people who visited the school.

Beginning at 3:30 o'clock, and continuing until 5 o'clock, and during the hours of 7:30 to 10 o'clock, work of the students for the past year was open to inspection by the public. Students assisted the instructors in showing their wares to visitors. In the afternoon a musical program was furnished by the orchestra of the high school, and in the evening a band of music was provided by the band, both programs being under the direction of J. T. Hainbridge.

Student departments of the institution exhibited past accomplishments which showed preparation, knowledge and skill. The English room in particular showed what was probably the greatest volume of work displayed. Scores of themes, all bound in attractive covers, paid tribute to the English department during the past eight months.

Perhaps the most interesting exhibit from a mechanical point of view was that of the physics class, taught by E. P. Natvig. In this room were several microscopes, two siphons illustrating a law of physics, a model of a demonstration of capillary action, and a small telegraphic system, in addition to several other displays. This room attracted many visitors during the evening.

In the chemistry room, numerous chemical and written experiments were shown, together with the processes of chemical action. This was also a very interesting exhibit. Latin, French, Spanish and history rooms showed maps, themes and other forms of composition work, as did also the commercial department. Posters calling attention to various phases of the day were present in the social science department, while in the mathematics department, various mathematical problems were exhibited. The mathematics classes' exhibit was composed of written problems enclosed in covers.

A center of attraction was a generator of static electricity in the general science room. A steam engine and an x-ray photograph were also on display. There were themes covering branches of the class work. Apparatus and themes were the chief features of the biology and physiology classes. The space devoted to the public speaking department contained two medals won by students of the school. One was won last year by Dorothy Kenworthy at the state declamation contest, the other by Olga Murray at the district contest. A few weeks ago, "Testimonials" recommending the course in forensics were numerous.

Displays of grains, a milk testing outfit, a cream separator and composition work featured the agricultural group's display. In the manual training room, articles ranging from mechanical drawings to ironing boards, and an office desk were exhibited, drawing favorable comments from the visitors. Contests were held in the commercial department last evening. Dora Wilson winning first place in addition to work of 20 numbers, and Jack Phipps second. In multiplication, Jack Phipps took first place and Dora Wilson second.

NOTICE OF SALE OF STRAY ANIMALS

Sheriff's Office, County of Twin Falls, State of Idaho. Stray Sale. I, A. N. Sprague, Sheriff of the County of Twin Falls, State of Idaho, have this day taken into my possession the following described stray animals, to-wit:

1 iron grey mare, weight 1050 lbs.
2 bay geldings, weight 1100 lbs.
2 yearling colts, one with white face, black in color.
(No visible brands), which stray animals I will sell in pursuance with Section 3900, Compiled Statutes of Idaho, at public auction, to the highest and best bidder for lawful money of the United States on May 29, 1922, at 11 o'clock a. m. at the above described premises, County of Twin Falls, State of Idaho.

Dated April 26, 1922.
A. N. SPRAGUE, Sheriff.
By H. G. DIETRICH, Deputy.

FIRE CONSERVATION.
It is important. It is made possible by utilizing which prolongs the life of old, worn hose and tubes and avoids the necessity of buying new ones at frequent intervals. Our vulcanizers are expertly skilled experts in tire conservation. If it is at all possible to save that tire, we can do it.

GEM STATE VULCANIZING CO
—126 2nd Ave. W—

Deaths

The body of Arthur P. Hansen, whose death occurred last evening at local hospital following an operation for appendicitis, will be forwarded this afternoon by the funeral home. Decedent was married and a resident of Jerome. He was 23 years of age.

Local Brevities

Returns from California—J. E. Roberts returned Wednesday afternoon from a business trip to California.

Licensed to Wed—A marriage license was issued this morning to Verne H. Munyon, age 22, and Elva Mae Ams, 16, both of Pler.

Come from Canada—H. O. Brown arrived Wednesday from Canada and will remain for a short time visiting and looking after business affairs.

Ladies to Meet—The Ladies Aid society of the Lutheran church will meet next Thursday afternoon at the home of Miss J. Dillier, 1025 Shoshone street north.

Change Meeting Date—The Young People's society of the Lutheran church will meet next Thursday evening instead of Wednesday, at the parsonage, 509 Third avenue west.

Masonic Club Quarters—The Masonic club of Twin Falls has leased the entire third floor of the McCormick building for club and lodge purposes. The quarters will be furnished and occupied about May 10.

Building Permits—This morning William Noh took out a permit covering alterations and repairs to a cement structure on Eighth avenue north. The cost is estimated at \$500. A. Estling has a permit for the building of a small garage on Sixth avenue north, to cost \$150.

Moving Day for Undesirables—Shortly after 8 o'clock word was received yesterday from Gooding of the passing of two coachloads of undesirables eastward. The travelers are moving at Government expense toward an eastern port of embarkation and will be deported to a foreign land.

Knight's Templar to Meet—A regular communication of Twin Falls Commandery No. 10, Knights Templar, will be held next Tuesday evening at 7:30 o'clock. The session will be devoted entirely to transaction of such business matters as may regularly come before the commandery at that time.

Church Has Orchestra—A well-balanced orchestra of eight parts has been organized in the Presbyterian church and will play in the Sunday evening service this week. Mary Sigfus is the pianist. All members, with the exception of one, are members of the Presbyterian congregation and all are experienced musicians.

They Speak Well of It—Frequently heard of the "Cough Remedy" praised by friends and acquaintances which only tends to strengthen my good opinion of it, writes Mrs. Fred Arter, Zanesville, O. Try it when you have a cough or cold and see for yourself what an excellent medicine it is.—adv.

TO THE THOUSANDS WHO HAVE BEEN FILLING THE METHUEN DIST CHURCH

On Sunday evening Dr. Bennett will speak on the question, "Will the Churches Get Together?" Don't miss hearing what Dr. Bennett has to say about it. It will be worth coming many miles to be in the Methodist Church Sunday evening.—adv.

HE SPENT 40 YEARS
Bruno Steddel is not a one-year musician, but has spent 40 years of his life with the 'cello. Hear him May 4th.—adv.

ONE DOLLAR FOR STUDENTS
A price of \$1.00 for students has been made to hear Bruno Steddel on the 'cello, May 4th.—adv.

Notice to Patrons of the Twin Falls Water Works:

The Twin Falls Water Works takes this method of reminding its patrons that the time for sprinkling lawns and using water for garden purposes is once more with us. You will please take notice that the rules of the Water Works require that you only water your gardens and sprinkle your lawns every other day. The patrons watering gardens and sprinkling lawns bearing even street numbers must sprinkle their lawns and water their gardens on the even days of the month. Patrons watering gardens and sprinkling lawns bearing odd street numbers must sprinkle their lawns and water their gardens on the odd days of the month.

We, at this time, call the attention of our patrons to Section 17, of Ordinance No. 233, of the city, which reads as follows:

"SECTION 17. WHEN SPRINKLING SHALL CEASE.

Fountains and sprinkling for lawns, yards or gardens shall not be operated during or after any alarm of fire until signal is given that fire is out. Sprinklers for lawns, gardens and yards must only be used for the purpose paid for. No nozzle for sprinkling shall be larger than one-fourth inch in diameter. No sprinkling of lawns or gardens shall be allowed after the hour of 11 o'clock p. m."

We respectfully ask our patrons to observe the terms and provisions of the above rules and ordinance.

Respectfully submitted,

TWIN FALLS WATER WORKS,
By J. J. Pilgerrin,
Superintendent

Ah, Mother Dear, We're no Fairy, so Wake Us Not

TOMORROW'S May Day, but our admission to mother is to wake and call us early for we'll dance about no may-pole in the early dawn.

Not us.
In the first place we're no dancers, and arising early has never become a habit with us. We shall loiter between the sheets as usual, perhaps, around the usual contemplative attention to the gallivants merrily, lightly, gaily tripping around the merrily—yes garden—around the merrily, winding, or binding up the attenuated stick in a colorful scheme of ribbons and lace, while hure on the breeze, the lay of the lark, and the chirp of the sparrow mingle with the ruckus of the singers, as ever, and anon—

But there's a doubt that these dancers and laysters will enjoy their maternal devotions as much as we shall enjoy our part in the play.
The presiding genius in Boise in a strikingly strident tones "Cooler."

Critic, to be sure, but meaningful, is it not?
Nice day yesterday, with its 65 maximum. Growing weather at night, too, at 41 degrees. Signs and symptoms of rain but no precipitation.

"WILL THE CHURCHES GET TOGETHER?"
Is the subject of Dr. Bennett's sermon Sunday evening at the Methodist Church.—adv.

Social Notes
About thirty Filer young people, friends of Mr. and Mrs. Granville Davis, motored to their home near Clover Wednesday evening and supervised them with a kitchen shower.

The Catholic Women's league met at the home of Mrs. E. M. Wolfe yesterday afternoon. A business meeting was held with election of officers as follows: Mrs. E. M. Wolfe, president; Mrs. M. B. Cavanaugh, first vice president; Mrs. Charles H. Burton, second vice president; Mrs. Charles Macaulay, recording secretary; Mrs. M. C. F.

nam, corresponding secretary; Mrs. J. Taylor, financial secretary; Mrs. Arthur Finke, treasurer. About twenty-five members were present and light refreshments were served.

Mrs. James Wise entertained the Rex Arms Bridge club Wednesday afternoon. Following the card game a dainty two-course luncheon was served. Members of the club present were Mesdames Roy, Hogan, E. L. Macvicar, John Graham, W. B. Passer, A. Bellman, Robey, W. O. Chapman, Lockhart, and H. A. Jacobs. Guests for the afternoon were Mrs. Willott Hance, sr., Mrs. E. M. Gates, Mrs. Carl DeLong, and Mrs. F. C. Eebs.

The Episcopal Guild met at the home of Mrs. V. H. Decker yesterday afternoon. About 15 members were in attendance and the time was spent with song and plans for the sale to be held May 8 at the Parish hall. Light luncheon will also be served the same day at noon. At the close of the afternoon the hostess served refreshments.

Mrs. Wilbur S. Hill entertained the Luncheon club yesterday at her home on Seventh avenue east. White carnations and ferns in a Japanese vase on a teakwood stand, formed the centerpiece for the table and covers were laid for nine. Bridge formed the amusement for the afternoon with Mrs. E. J. Ostrander having high score. The next meeting will be with Mrs. E. S. Larned.

Mrs. W. E. McNamee of Kimberly spent yesterday afternoon in Twin Falls. Mrs. and Mrs. H. M. Vanderpool of Boise were Twin Falls visitors yesterday.

Mrs. and Mrs. M. B. Skaggs of Pocatello, are in Twin Falls on a brief business trip.

Mrs. and Mrs. Earl Provost motored over from Castelford, Wednesday for a short visit.

Mrs. S. D. Perrino is spending the week in Shoshone visiting with friends and relatives.

Mrs. Guy Saunders of Hazelton, was among the out of town shoppers in Twin Falls yesterday.

Mrs. and Mrs. O. J. Childs of Filer, were in Twin Falls yesterday on a combined business and pleasure trip.

Personals

S. C. Stewart of Burley is a Twin Falls visitor.

Mrs. Edna Deener of Rogerson, is a Twin Falls visitor.

Mrs. E. T. Hazzard is spending the week in Shoshone.

W. C. Larsen of Paul, registered in this city yesterday.

Mr. and Mrs. T. D. Nash and Mrs. O. H. Buchanan of Murtaugh, were among the out of town visitors in Twin Falls yesterday.

FIRST PRESBYTERIAN CHURCH

ASHER HARLAND BRAND, Minister

SUNDAY EVENING, MAY 2, 8 O'CLOCK

"THE DEBASEMENT OF RELIGION AND EDUCATION IN THE UNITED STATES"

"In our fatuous worship of materialism, our fat and complacent prosperity, we have turned a contemptuous eye on the twin pillars of national stability and power from the beginning of time—RELIGION AND EDUCATION."

Wright's A GOOD PLACE TO TRADE

SALE OF SUITS

Crowds of buyers have already taken advantage of this exceptional suit sale. When it was told you that nothing could be had worth wearing under \$75 and \$100, it is indeed a surprise to find that the best can be had for one-half that price.

Every suit in the department with one exception, noted below, has gone into one of three divisions—\$32.50, \$47.50, \$62.50. In many cases these prices represent but one-half the real value.

Only Three Prices

Dozens of women who had given up the idea of buying a suit this year, have changed their minds after seeing these values.

Only Three Prices

There are now but three prices in the entire stock. No matter what the former price, the garment has gone into one of three groups—

\$32.50 \$47.50 \$62.50

Conditions of the Sale

Since these suits in most cases are selling at a loss to us, there must be a small charge for needed alterations. There can be no approvals, no exchanges, no returns for credit; after the sale is made it must be considered final.

A Few More

In going over our stock we found a number of good suits in blue and gray that were carried from last season. THE STYLES ARE GOOD and the quality excellent. Till they are gone—

\$19.50

Voile Waists

A big shipment of beautiful voile wash waists just received. They are of attractive models and styles. Be one of the first to look over this selection. They are irresistible. They range in price from \$1.95 to \$11.50
