## APPROVES LOAN FOR PURCHASE OF RAIL EQUIPMENT

Interstate Commerce Commission Takes Action Looking Toward Relief in Congested Traffic Situation

ESTIMATES \$125,000,000 QUARTER OF SUM NEEDED

Proposes Disbursement of the Funds Advanced Through the National Corporation with Our Trust of Finance Balance

WASHINGTON, (AP)—A loan of at least \$125,000,000 out of the \$300,000,000 revolving fund, to enable railroads to purchase equipment required to meet transportation needs of the public was approved today by the interstate commerce commission.

Other Important Steps.

The commission in a few hours has taken three other important steps toward breaking the freight congestion.

These were orders for:

Forwarding of traffic without reference to previous routing; abrogation of all railroad rules governing car service; transfer of 35,000 coal cars from west to east, and of 50,000 box cars from east to grain fields of the west.

These moves were expected within ten days, members of the commission said, but they expected that a much longer period would be required to "get the entire traffic straightened out."

Other recommendations for the disbursement of the revolving fund provided in the transportation act were as follows:

Temporary reserve for claims and judgments \$40,000,000; appropriation for short line railroads, \$12,000,000; temporary reserve for maintenance, \$20,000,000; appropriation for additions and betterments which will promote the movement of cars, \$75,000,000.

Meets One Point of Need.

New equipment is estimated by the interstate commerce commission at 2000 locomotives and 100,000 freight cars, including 50,000 refrigerator cars.

The commission estimated that equipment already ordered and cost \$125,000,000 represented probably less than 25 per cent of that needed.

"It is evident," the commission's statement said, "that the equipment required cannot be secured unless the carrier themselves assume the burden of financing the remaining 75 per cent."

The commission said allocation of the \$125,000,000 for equipment would be made according to the percentage which the standard return of a company bears to the total standard return of all the railroads.

Hearings on Applications.

Hearings to consider application for loan will be held here May 29 and the commission asked that applications embody detailed statements of the transportation needs which the carrier would be unable to meet and that service for the public could not be performed if the loan asked was not granted, statements of security offered and the earning power of the applicant.

"The \$125,000,000 for equipment might best be disbursed," the commission said, "through a national equipment fund."

## Persia Appeals to League of Nations

LONDON, (AP)—Persia has appealed to the league of nations to protect her against Bolshevik aggression. The appeal, which follows the landing of Bolshevik forces on Persian soil from the Caspian sea, was made through the Persian foreign minister, who is in Paris.

The appeal alludes to the presence in Persia of a large number of Bolsheviks belonging to the anti-Bolshevik forces formerly operating under General Denikin, and maintains that Persia acted within her rights as a neutral with regard to these vessels.

## POLISH TROOPS COUNTERATTACK AGAINST SOVIET

Bolshevik Forces are Forced Back Twelve and One-half Miles at One Point on Northern Sector of Battle Front

WARSAW, (AP)—Polish troops, counter-attacking Bolshevik forces on the northern sector of the battle front, have driven the soviet armies back 12 1/2 miles near Krzyzostaw, according to an official statement issued here today.

The statement declares that on the middle Borelin sector the Bolsheviks were repulsed when they tried to force their way across the river.

East Prussia Soviet Objective.

General Alois A. Brundoff, former commander-in-chief of Russian armies, is understood to have assumed command of the Bolshevik offensive against Poland.

In Polish military circles they say the soviet attack is designed to overrun Lithuania and extend the Bolshevik front westward to East Prussia.

Claim Germans Aid Reds.

Information indicating some elements in Germany are determined to help the Russian Bolsheviks continue to be received here, it is said in military circles.

The latest report is regarding upper Silesia, where German armed forces have been assembling on the borders of the plebiscite area. Newspapers here today published dispatches stating that 4000 soviet guards had arrived in upper Silesia by special train.

For weeks, it is declared, Germans have been hauling ammunition into Silesia, hiding it beneath boats in railroad cars.

BOLSHIEVICS CLAIM SUCCESS AGAINST REDS ON DIVINA RIVER

LONDON, (AP)—Russian soviet troops are continuing their pursuit of the Poles in the region of Polotsk, on the Divina river, according to an official dispatch issued in Moscow and received here by wireless.

## ASSERTS CLAIM TO CREDIT FOR LOWER PRICES

Assistant Attorney General Declares Department of Justice Investigations Material Factor in Movement

GOTHAM MERCHANTS MAKE DEMANDS ON WHOLESALE

Traders Express Opinion that Reaction is Bound to Follow Stimulate Buying without Increase in Production

WASHINGTON, (AP)—The wave of price reductions in wearing apparel which has spread to every important city, is due largely to public withdrawal from the market and to the investigation conducted by the department of justice, in the opinion of Assistant Attorney General Garvan. While he said he did not believe the department "deserved too much of the credit," Mr. Garvan refused to endorse claims of merchants that they were actuated solely by patriotic motives.

PRICE CUTTING MOVEMENT REACHES N. Y. WHOLESALE

NEW YORK, (AP)—The price cutting movement here today reached some wholesalers, when managers and buyers of prominent department stores announced their establishments would refuse to purchase from jobbers until substantial reductions were made. The department stores, which claim to offer reductions of from 15 to 50 per cent, now demand that wholesalers make concessions to them.

Some wholesalers of wearing apparel declared they believed the price cutting movement to be artificial and unbusinesslike, asserting that it had stimulated buying without a corresponding increase in production, and a reaction was bound to come.

The first reduction in food was announced yesterday when one of the largest cabinet and restaurant in the city stated it had cut all items on its menu 30 per cent.

Henry P. Davison, of J. P. Morgan and company, today was subpoenaed to testify before the legislative committee investigating profiteering. His opinion on the cause of discontent over the present economic situation will be sought, it was stated.

## REVOLUTIONISTS MOVE ON TORREON TO BLOCK VILLA

Huertado Under Orders to Intercept Bandit Leader Purposing Seizure of Coahuila Wheat Crop

EFFORTS CONTINUE TO BRING VILLA IN LINE WITH MEXICAN REVOLT AIM

PIEDRAS NEGRAS, Mexico, (AP)—One thousand liberal revolutionary troops under command of General Jose Huertado left here today for Torreon following receipt of advices that Francisco Villa and his band of rebels was heading toward Muziris, Coahuila, with the avowed object of taking possession of the wheat crop in that section. Huertado was under orders to block Villa's reported plans.

Rafael Zubaran Gampany left here last night for Chihuahua City to confer with General B. Elias Calle. It was understood the question of an ambassador to the United States and other diplomatic subjects would be discussed. Senor Gampany was well known as a Mexican diplomat under the regime of President Diaz.

Piedras Negras merchants were called upon today for a loan of thirty thousand pesos to help finance the new government. Twenty-five per cent of the customs duties collected at this port will be set aside to repay the loan.

WASHINGTON, (AP)—Efforts to bring Villa completely into line with the revolutionary movement in Mexico are continuing despite failure of General Calles and Villa's representative to reach an agreement yesterday at Chihuahua City, according to reports from the city.

Messages were sent today to both Villa and Calles urging the necessity of cooperation by the two leaders.

Unofficially some doubt was expressed as to the possibility of a satisfactory understanding with Villa.

Taxes Question Clearing.

No exchange in negotiations looking to the payment of taxes by the oil companies was reported but it was revealed that the controversy included discussion of a demand that a certain part of taxes not yet due be paid in advance.

Further indications of an adjustment were seen in the unofficial announcement that Manuel Palacios, commander in the oil region, was on his way to Mexico City to meet Obregon. Oil company representatives also indicated that payment of taxes was due only to the doubt as to whom they should be paid, a doubt that should be removed, it was felt, by agreement between Obregon and Palacios.

Rivals for Presidency.

Mexico City papers yesterday carried reports that revolutionary forces were in close pursuit of President Carranza. They also said the contest for provisional president to be named by congress May 24 would be between General Gonzalez and Adolfo de la Huerta.

They also said the contest for provisional president to be named by congress May 24 would be between General Gonzalez and Adolfo de la Huerta.

Mexico City and troops for the inaugural parade are arriving there. La Huerta is expected to arrive in the city tomorrow.

Border advice to the state department said General Jose Huertado was preparing to leave Piedras Negras for Torreon on the Coahuila-Durango border to begin a campaign against General Arrieta, federal governor of Durango, who is said to have 500 men and holds the city of Durango for the Carranza government.

## HOUSE ADOPTS RESOLUTION TO END WAR STATE

Nineteen Democrats Join Majority in Endorsing Peace Proposal with Two Republicans Voting Against It

INABILITY TO OVERRIDE VETO IS MADE EVIDENT

Administration Party Members Vainly Oppose Acceptance of Senate Substitute for Original Measure

WASHINGTON, D. C. (AP)—The republican peace resolution was adopted finally today by the house. It now goes to the president.

The house majority accepted the senate substitute for the original house resolution, democrats vainly opposing it.

Veto Likely to Stand.

The vote approving the resolution was announced as 228 vs. 139, which was taken to indicate that a veto by the president could not be overridden.

Nineteen democrats joined with the republicans in adopting the resolution, while two republicans, Representatives Kelley, Michigan, and Fuller, Massachusetts, voted against it.

Democratic Supporters.

Democratic supporters of the resolution were: Ashbrook, Ohio; Caldwell, New York; Carow, New York; Cullen, New York; Dooling, New York; Evans, Nevada; Gallivan, Massachusetts; Ganley, New York; Goldfinger, New York; Hamill, New Jersey; Huddleston, Alabama; McKinley, New York; McLean, Pennsylvania; Mather, New York; Mead, New York; O'Connell, New York; Olney, Massachusetts; Sullivan, New York; Tamm, Massachusetts.

OHIO JURIST PROTESTS LIMITATION ON EXPENSE

State Auditor's Refusal to Pass \$450 Bill for Day's Meals Starts Discussion

COLUMBUS, O. (AP)—Expense accounts of public officials have come under discussion in Ohio with the refusal of the state auditor to pass an expense account of a jurist.

When the auditor told that \$4.50 was too much for even a judge to pay for a day's meals out of the state's money, one of the jurists wrote vigorously in protest.

Judge Willis Vickers and Judge T. S. Dunlap, both of the appellate court, and State Auditor John W. Donahay are the officials concerned.

Replying to Donahay's ruling, Judge Vickers requested that he be told on what authority the state auditor supervised his expense accounts. Donahay answered: "Judge, when a man eats \$4.50 worth of food one day to keep body and soul together as auditor of the state? Do not consult the law, as guardian of the taxpayers' money, I consult common sense."

Judge Vickers wrote that he intended to live at a first class hotel "and I propose," he added, "to have the money necessary therefor, and if the state won't pay it, I'll either go without the money or know the reason why the state won't pay it."

The jurist also held that regardless of the high cost of living \$4.50 is sufficient to cover both lodging and meals for any public official.

LIBERTY BONDS ADVANCE

Heavy Buying on Stock Exchange Results in Substantial Recoveries

NEW YORK, (AP)—Heavy buying of liberty bonds and victory notes in the first hour of today's trading on the stock exchange resulted in many substantial recoveries for these issues from recent declines.

Liberty second 4 rose to \$82.70, an advance of \$1.30, first 4-1/4 at \$85 showed a gain of \$1, second 4-1/4 at \$83 rose \$1.40, third 4-1/4 at \$82.50 gained \$1.30 and fourth 4-1/4 at \$84.30 were strongest of all at a gain of \$2.50.

The new issue of \$5 cents at \$80 and the 4-3/4 gained \$1.30 at \$93.90. Dealings in these issues up to 1 o'clock approximated \$5,500,000 par value.

VILLA HOLDS BRITISH CITIZEN PRISONER FOR \$50,000 RANSOM

WASHINGTON, (AP)—George Miller, a British citizen, is being held by Francisco Villa for \$50,000 ransom, according to official advices today to the state department from Chihuahua.

It was not stated whether Miller was captured in an attack on Parral, where he lived, or was kidnapped. He was superintendent of the Alvarado Milling and Mining company of Parral.

EL PASO, Texas, (AP)—George Miller, reported held by Francisco Villa for \$50,000 ransom, was superintendent of the Alvarado Milling company at Parral. Officials of the company here said

Miller and another mining man visited the bandit's camp at Boquilla, Chihuahua, several days ago and Miller was detained and held for ransom.

The other man was not to make arrangements for the ransom, it was said.

A correspondent of the Associated Press interviewed Villa at Boquilla May 18 and 19 and had no chance of the presence of Miller was discovered by him. Neither was mention made of Miller. Villa told the correspondent that he had met Miller and that he was being forced to visit him for the purpose of obtaining information about outside affairs.

## GENTLEMAN JIM AVERS LEAGUES AN EVEN MATCH

Corbett Sets Forth Figures to Prove National Equals American

By JAMES J. CORBETT.

"Which league is better—the National or the American?" The moot question has come up again. Statistics are valuable guides to show the comparative strength of rivals—but statistics in certain cases are practically worthless in an effort to ascertain which is the better league—the National or American.

Not so long ago an article was penned on that subject. The statement was made that the American league was stronger in batting. The article declared in substance:

"The American league, as a whole, made 10,021 hits in 1919 in 37,409 times at bat, for an average of .268; the National league hit out only 9683 safeties in 37,204 times for an average of .259. That indicates that the American league is 19 points stronger in batting."

Compared with Minors.

It doesn't mean anything of the sort. For, along the same line of reasoning, wouldn't the Dixie league or the Central league, hitting .275 as a whole, be considered a clouting outfit superior to the American?

What a league hits within itself cannot be used as any basis for comparison. Maybe the American leaguers are better hitters in group form than those in the National. But maybe the reason that the Americans hit better than the Nationals is because the American pitchers are easier to hit.

It's much the same as regards base running. The article points out that

while the Americans are better hitters, the Nationals are faster about inasmuch as they pilfered 1195 bases in 1919 against 906 thefts by the Americans. But, on the other hand, can't the National league burglary supremacy be taken to mean that it's easier to steal on their catchers than it is on those of the Americans?

Would the Nationals steal as many bases on American catchers?

The situation brought up by the 1919 comparative presentation is as follows:

Hits Runs B. B. S. O.  
National . . . 9608 4071 2815 3288  
American . . . 10021 4565 3395 3569  
That indicates that the National pitchers were lighter with their hits and stungier with their passes than their American brethren. And, some would take that to mean that the National pitchers of 1919 were better. But, what do you make of the fact that they struck out nearly 300 less men than the American leaguers.

Is it a greater achievement to strike out the most men—or give the fewest bases on balls.

Even in "Shagging." The finding averages are about the same—that are worth anything in comparing the strength of the two circuits. For the fields are about the same, the scoring rules the same and the situations about parallel.

Men go from one league to another and either fatten or suffer a slump in

batting or pitching averages because of the difference in conditions—and players to meet. But fielding is no more difficult in one circuit than another. So the following figures have some value inasmuch as they show that the two leagues are about even in fielding:

P. O. Assists Errors. Av.  
National . . . 30161 15255 2572 597  
American . . . 30125 14555 2617 595  
But the discussion of which league is stronger started when the American came into being—and it will never end, unless, someday, the American leaguers play among themselves for half a season, the National does the same and then, through the final three months, they play inter-league.

And then, perhaps, it won't end.

### ARMY OF ATHLETES

STRASBOURG, France, (AP)—More than 1200 athletes from all parts of France will compete in the second of a series of French Olympic tryouts here Sunday and Monday. The contestants represent the winners of preliminary trials held in the chief cities and colonies of France during the last few months.

### EAST AGAINST WEST

URBANA, Ill., (AP)—Baseball teams of the University of California and the University of Illinois will meet here this afternoon.

## OLYMPIC BOARD REVISES SCHEME FOR CONFLICTS

New Plan of Elimination Contests for Big American Meeting Is Made Public

NEW YORK, (AP)—The American Olympic committee today made public a revised schedule of tryouts in the Olympic games elimination contests. These tryouts will extend over a period of more than two months. The schedule in part follows:

Track and field tryouts: June 26; Coast, Pasadena; final cycling eliminations, July 1; swimming tryouts, men and women, July 3, 4 and 5; army finals: track, wrestling, boxing, Chicago, St. Louis or Kansas City, June 30-July 3; wrestling tryouts, July 6 and 7; final tryout stophaches, Decathlon and walk, New York Athletic club, July 9 and 10; final swimming tryouts, men, Chicago, July 10-11; final wrestling tryouts, New York city, July 12-13; final boxing tryouts, New York, Boston, Philadelphia or Pittsburgh, July 12-17; final tryouts, track and field, Harvard stadium, July 17; final rowing tryouts, Worcester, Mass., July 23-24; final swimming tryouts, women, Manhattan beach, July 24-25.

## QUITS THE OUTLAW

"BATH LANE GUY," (AP)—William B. "Water" Bell who jumped his contract with Vernon 10 days ago to play independent baseball in Utah, returned to the Vernon club here last night. Bell pitched two games for the "outlaw."

(Continued on Page Nine)

Periodic Bilious Attacks. Persons subject to bilious attacks at regular intervals know about when to expect an attack. They find that they have no desire for food when an attack is due but usually eat because it is meal time. Skip one meal and take three Chamberlain's Tablets and you may be able to avoid the attack. Persons subject to periodic bilious attacks should not drink tea or coffee at any time.—adv.

FURNITURE AT WHOLESALE COST. Crowds of people are taking advantage of the unusual opportunity to purchase their furniture and rugs at actual wholesale cost at the CORBETT FURNITURE STORE and on terms of 90 days credit for all those who have not the ready cash.

The Corbett Furniture store occupies the same quarters jointly with the Farmers Bookstore and you are welcome to come and purchase at sacrifice prices.—adv.

Classified Ads are cheap—effective

## Ladies' Suits, Coats, Dresses, Waists and Skirts

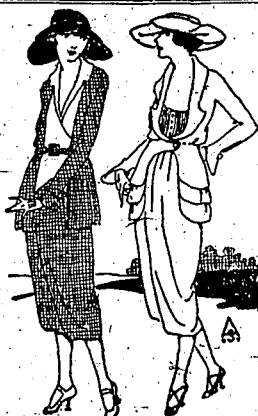

In our humble efforts to be a part of the general move throughout the country to bring down the high cost of living, and as a protest against the prevalent high prices, we heartily join hands and make this large reduction on the lines shown. We do not conduct special sales of any kind, our selling prices being marked on such a close margin that we cannot justly do so, but at these times we are gladly forgetting any selfish motive of operating for profits, and make these sacrifices that our patrons may benefit in this move. The United Stores has always been the last to advance the price and the first to reduce them. We are not overstocked—we are not attempting to more undesirable merchandise. We do not even urge our patrons to buy but simply offer this opportunity for them to save on needs in this line.

The original selling mark is left on the merchandise, the reduction to be made at time of sale.

### Ladies' Suits

## URGES JUSTICE AS UNREST CURE

Vice-President Delivers Key-note Speech to Indiana Democrats

INDIANAPOLIS, Ind., (AP)—"Equal and exact justice under the law" is the remedy for unrest as prescribed by Vice President Marshall in his keynote address before the state democratic convention here today. He urged the production of relief and increased production to relieve the high cost of living.

The vice president expressed the hope that President Wilson and the senate would reconcile their differences over the peace treaty and that it would be ratified; but said no man should be read out of the democratic party because of his opinion on the league of nations.

Arguments for American Peace.

"This war, as I understand it," the vice president said, "an American war. The peace should be an American peace. The war could not have been fought successfully by either a democratic or republican war. The peace cannot bring that real peace which the American people want if it is made simply as a democratic or republican peace."

Vice President Marshall said his comments on the treaty would be brief for he had no hope of lighting the "darkness which now envelops it," but added:

"A life-long advocate of a resort to force and not to force, I gave my unqualified endorsement to the altruistic views of the president, in the defense of which, views he has broken his body."

For Law Enforcement.

Any let-up in the enforcement of national prohibition until legal change has been made in its provisions was opposed by Mr. Marshall.

"While the prohibition amendment remains it must be enforced in accordance with its provisions," he said. "If crystallizing public sentiment does not as the days go by get back of it, the people will find a way lawfully to change what some deem to be its rigors."

Restoration, now that the war is ended, of freedom of speech and of the press with punishment for those using it to create disorder or overthrow the government by any other than legal means was urged by Mr. Marshall who advocated the reduction of expenditures after government expenditures have been reduced to a minimum, in order to place the burdens upon those most able to bear them.

Mentions Service Men.

While omitting any direct reference to soldier bonus legislation, the vice president said he would say "the service men and their families" and "the mind" that they can obtain almost anything they want from congress.

"I will be said to resist you," he continued. "But looking back upon your glorious record, I beg you to consider whether you want to go down in the history of the nation as the betrayer of the tribe of Oliver Twist."

ASSETS CLAIM TO CREDIT

(Continued from Page One)

against the meat packing industry were presented to Vice President Marshall and Speaker Gillette today by sixty firms styling themselves the "independents." The signers of the protest offered to prove to congress and the public that average profits represent less than five cents on the meat bill of an average family.

Changes of profiteering, they declared, have injured the meat packing industry, the farmer and livestock producer.

HEAVY SELLING BREAKS

NEW YORK, (AP)—Heavy general selling in the sugar futures market here today broke prices a cent a pound, the full maximum decline permitted in any one day's sugar exchange trading.

Continued action against the high cost of living, coupled with the threat of "flouting" preserving industries throughout the country to "give rather than pay exorbitant prices" for sugar, was attributed as the cause for the reaction.

There also was a spectacular break in the price of cotton contracts for May. A heavy selling movement carried the price down more than four cents below the recent high record.

Meanwhile federal and state agents kept hot on the trail of profiteers.

## DEMOCRATIC DELEGATES MAINLY UNINSTRUCTED

Canvas of Situation with San Francisco Convention Little More Than a Month Away, Shows No One Man Has Received as Many as 100 Pledged Ballots; 242 Yet to Be Elected

CHICAGO, (AP)—With the democratic convention a little more than a month away a canvass of the situation shows that no one man has received as many as 100 pledged delegates, while the uninstructed delegates thus far chosen number 587.

Under the democratic convention rules a two-thirds vote is required to nominate, or 728 out of the 1,092 votes which will be cast in the convention.

Palmer and Cox Lead.

Governor James M. Cox of Ohio and Attorney General A. Mitchell Palmer have received the most pledged votes to date. Governor Cox has 74 votes, the solid delegations of Ohio and Kentucky. Mr. Palmer has a good many of the 70 Pennsylvania delegates instructed for him. The count there is not yet complete and several anti-Palmer delegates have been chosen. The third, fourth and fifth in the list; Governor Edward I. Edwards of New Jersey, receiving his state's 28 votes; Senator Carter G. Glass having Virginia's 24; and Senator Robert L. Owen, of Oklahoma, being the choice of that state's 20 delegates.

James Watson of New York, former ambassador to Germany, who filed a petition in South Dakota, will receive the state's ten votes.

Only One Contest to Date

Only one contest has appeared to date. In Georgia friends of Mr. Palmer, dissatisfied with the action of the state convention, which was dominated by the Senator Hoke Smith and Thomas E. Watson forces, organized a separate convention and selected 28 Palmer delegates.

Oregon democrats meet today to elect ten delegates.

Oregon Expressing Nominee Preference

PORTLAND, Ore., (AP)—Preferential votes for candidates for nomination for president of the United States are being cast today in the primary election in Oregon. Three republicans are seeking the nomination and one democrat.

The United States Senator Hiram W. Johnson, Governor Frank O. Lowden and Major General Wood. The name of Herbert O. Hoover is on the republican ballot, but he has asked that his name be not voted on.

William G. McCulloch's name is the only one on the democratic ballot.

Delegates to the "republican and democratic national conventions, vice-presidential candidates, candidates for United States senator, the house of representatives and for state offices are to be voted on also.

The league of nations covenant is the paramount issue among the candidates for the republican presidential nomination and in the democratic senatorial primary.

General Wood and Governor Lowden are sponsoring the league with reservations and Senator Johnson is opposed to a league of nations as at present constituted.

United States Senator George F. Chamberlain, seeking re-nomination on the democratic ticket, is opposed by Harvey G. Starkweather, who advocates President Wilson's league of nations.

Maryland Democrats Urge Dry Law Change

BALTIMORE, (AP)—By a vote of 105 to 10 the Maryland democratic state convention Thursday approved a resolution committing the party to a modification of the Volstead act to permit the making and use of home-made wine and beer and the manufacture and sale of beer in the original package for home consumption.

An uninstructed delegation will be sent to the national convention, as no democratic presidential candidates were entered in the recent preferential primaries.

The delegates at large to the national convention were chosen as follows: Senator J. Walter Smith; Governor A.

Indiana Democrats Dispatch Business

INDIANAPOLIS, (AP)—Although several political proceedings were broken the business of democratic state convention moved with clock-like precision Thursday. Keynote addresses of Vice President Thomas R. Marshall and Claude G. Bowers of Fort Wayne had been heard, delegates at large to the national convention had been named, a platform adopted and a complete state ticket nominated when adjournment sine die was taken at 3:20 o'clock.

For the first time in the history of Indiana a woman, Miss A. Steele Baylor of Indianapolis, nominated for state superintendent of public instruction, was given a place on the state ticket.

Women took an important part. Miss Alice Foster McCulloch of Fort Wayne was named a member of Indiana's "big four" to San Francisco and three other women were named alternate delegates at large.

The name of Woodrow Wilson was cheered every time it was mentioned and his administration was strongly endorsed.

The delegates at large to the national convention elected are:

Mr. Marshall, former United States Senator Thomas Taggart, former Governor of Indianapolis, nominated for state; E. M. Baleston and Mrs. McCulloch.

Other nominations included: For United States Senator, Thomas Taggart, French Lick; for governor, Dr. Corleto C. McCulloch, Indianapolis.

Today's Markets

NEW YORK, (AP)—Final prices on Liberty bonds today were: 3 1/2's \$91.70; first 4 1/4's \$95.50; second 4 1/4's \$94.10; third 4 1/4's \$93; fourth 4 1/4's \$95.04; Victory 3 3/4's \$96.20; Victory 4 3/4's \$96.85.

New York Exchange

NEW YORK, (AP)—Efforts of the government to relieve railroad congestion, early call money rates and material recoveries in Liberty bonds were among the favorable developments of today's restricted stock market.

Sales approximated 775,000 shares. Announcement that the government had virtually resumed control of the railroads as an emergency measure to relieve abnormal freight conditions was received with approval today in financial circles.

This was not reflected in the movement of prices at the opening of the stock market, however, further substantial reactions occurring in shipbuilding, steel and food shares.

Atlantic Gulf, Crucible Steel and the active sugar issues lost 1 to almost 3 points.

Gains of 1 to 3 points were made by General Electric, American Locomotive and Colorado Fuel.

"Studebaker, American Can and low-priced oil closed in the final hour, but Mexican oil, steel and steel responded to further buying. The closing was firm.

Grains and Provisions

CHICAGO, (AP)—General selling forced the corn market sharply downward today. Support was lacking. Orders for swift railroad operation caused in a decided manner against the bulls and so too old widespread notion of merchandises price cutting and of moves to central banking effort. Opening quotations, which ranged from 1-2 1/2 to 4 1/2 lower, with July \$1.09 to 1.50 3/4 and September \$1.59 to 1.69 1/2, were followed by moderate further setbacks in some cases, and then a little rally.

The rush of sellers became of a headlong character about the middle of the session, and there was an ensuing extraordinary rapid fall in prices. It was a widely accepted belief that grain and foodstuffs would be quickly given special preference in railroad traffic and that big receipts here were secured.

The market closed excited, at the bottom figures of the day, 0 1/2 to 1 1/2 not lower, with July \$1.68 to 1.59 and September \$1.49 to 1.51.

Corn descended with corn, but showed more resistance to selling pressure. After opening 1-4 to 5-8 to 3-4 lower, including July at 90 5-8 to 90 3-4, the market ended a slight further up.

Provisions were weakened by the break in grain values. Higher quotations on hogs failed to act as a counter balance.

Cash Quotations

CHICAGO, (AP)—Wheat No. 4 hard \$2.90; No. 3 northern spring \$2.85; No. 3 northern spring, dark \$3.10.

Corn No. 2 mixed \$1.95 to 1.97; No. 2 yellow \$1.95 to 1.96 1/2.

Oats No. 2 white \$1.09 to 1.12 1/2; No. 3 white \$1.05 1/2 to 1.10.

Barley No. 2 \$2.05 to 2.07. Rye \$1.45 to 1.70.

Timothy seed \$10 to 12. Clover seed \$25 to 35.

Pork nominal. Lard \$20.15.

Illus \$17 to 18.

Chicago Livestock

CHICAGO, (AP)—Cattle receipts: 6,000; market slow; beef steers about steady; prime 1,340 pound steers \$13.25; bulk \$11 to 12.75; heavy beef cows and heifers lower; other abattoir about steady to weaker; bulls, calves and feeders steady.

Hog receipts 28,000; slow but mostly 25c higher; top \$14.95; bulk lights and light butchers \$14.00 to 14.80; bulk 200 pounders and over \$14 to 14.50; pigs strong to 25c higher; bulk desirable kinds \$13 to 15.

Sheep receipts 4,000; bulk direct to packers; market slow, steady to lower; good 715 pound shorn lambs \$10; medium to good California spring lambs late yesterday at \$15.

Omaha Livestock

OMAHA, (AP)—Hog receipts 11,000; market active, 10 to 25c higher; strong weight grades advancing most 70p \$14.40; bulk of sales \$13.75 to 14.25.

**COMMON SENSE OR FALSE SENTIMENT**

It would seem that too much false sentiment and not enough common sense characterized most of the agitation for the release from imprisonment of persons convicted of violation of the espionage act, who, for the purposes of these agitators, are quite often denominated "political prisoners."

The question, if it can be admitted that ground for question exists, would strike deep at the established order of procedure in the cases of persons convicted of violation of any law.

The facts are simple. A certain law known as the espionage act was passed by congress during the world war and approved by the president for the purpose of safeguarding the United States against internal attack. This law has not been repealed. Certain persons were regularly convicted of violation of this law and against them there were imposed certain definite sentences provided for in this law. Enforcement of these sentences was not conditioned upon the continuation of the war; but they were imposed regularly and under the law just as sentence is imposed upon a convicted murderer, embezzler or horse thief.

It is idle to argue that remission of these sentences should result with the cessation of the emergency which called into being the law under which they were imposed. It would be difficult indeed to devise more effective encouragement to disloyalty in a subsequent national emergency than would result from such action.

Questions of whether or not Kate Richards O'Hare is quite the most dangerous little lady that ever spat out brimstone and filth or entirely the opposite, or as to the personalities of any of the other persons convicted of violation of the espionage law are wholly beside the question of whether or not they ought to be given their liberty. The false sentiment that advocates their release on these grounds is of the same sort that showers a self-confessed wife-slayer with flowers and confettions.

The question is one of law enforcement. Good citizenship can make but one reply.

**"Whither Thou Goest."**

With all the zest that editors assure us inspire them on the discovery of a new star in the literary firmament (what a fine phrase that is! Almost Biblical in its antiquity). I thumbed the thin, resistant pages of my Bible, eager to come upon other tales of good. I found Jacob, who had painted face long ago captured the imagination of mankind; Joseph's daughter, pitifully mourning her virginity; Ruth, gleaming for Boaz, and speaking her immortal "Whither thou goest, I will go," to Naomi. And here I stopped to marvel that these words, even in this day of feminism rampant, the words a woman gladly avows to her lover, should be that far-off time have been spoken by a widow to her mother-in-law, between whom it is a matter of common expectation to find but little love. Who, I wonder, were the first lovers to seize upon their beauty and appropriate it?—Ann Branson Hilyard in North American Review.

**Dog Highly Priced in Alaska.**

Nowhere in the world has the dog such unrestricted right of way as in Alaska. In winter, when more than 600,000 square miles of territory are sealed up in solid ice, dogs are almost the sole means of getting from place to place—in fact, they seem necessary to life. The aristocrats of Arctic dog life are the mail teams in the service of the United States government.

Probably the purchase you have planned to make "soon" ought to be made now. Get light from the ads.

# MISSIONARIES ARE UNDAUNTED BY HARDSHIPS

Presbyterian General Assembly Hears Report on Its Workers in Politically Storm-Torn Korea

PHILADELPHIA, (P)—American missionaries in Korea, despite the hardships and dangers incident to reconstruction follow the calling by the Japanese of the recent uprising, are planning to "Christianize every district in the country," according to the Presbyterian general assembly, made public here today.

Referring to the revolt, the report says: "The result proved anew that Japan will not voluntarily grant Korean independence; that the Koreans cannot secure it by force and that other governments, having long ago recognized Japanese annexation of the peninsula, will not interfere. Costly too, was the movement to the Japanese of reinforced their critics, disheartened and alienated the sympathy of allied nations and brought upon the ruthless militarists the opprobrium of the name of the Hun of the Orient."

Quoting Bishop Welch.

Regarding the attitude of the American missionaries toward the Koreans' revolt against the Japanese, the report states: "The missionaries of the Methodist Episcopal church of Korea are saying: 'It is no evidence of unbelief toward the Japanese people that the missionaries became alienated in sympathy from the Japanese government but only a testimony to the deep indignation against wrong doing which was worthy of all praise.'"

"There is a general disposition to give the new administration in Korea a fair chance to remedy the undoubted abuses that exist," continues the report. "Americans," it says, "should distinguish between the civil and military parties among the Japanese. The former is composed of enlightened and progressive men, who feel as we do about the growing danger of militarism in Korea. The latter includes a large number of men who are thoroughly Prussian in their temper and conduct."

**Issue Divides Japanese.**

"Americans should bear in mind that there is a considerable element among the Japanese themselves who are growing disgusted by the autocratic iron-handed policy of the military party in dealing with the Koreans and who favor a wise and humane policy in dealing with them. It would be only unwise but unjust to make indiscriminate condemnation of the whole Japanese nation."

Declaring that "China is in a state of chaos," the board says "it has been gratifying to read the reassuring statements of several eminent Japanese as to the intentions of their government. Adding, however, that "something more than words, however sincere, is required to remove suspicion and distrust." Greed and militarism, democracy and militarism, it says, are struggling for the mastery. During the past year, the report says, Chinese churches connected with the Presbyterian, Congregational, United Brethren and London missions, have formed one organic "Christian body. All other evangelical denominations have been invited to join.

Presbyterian foreign missionaries increased in 1919 from 1364 to 1429 and the native workers from 6366 to 6386. In order to meet the high cost of living, which in some fields like Japan, has increased over 300 per cent, the living allowances for the Presbyterian missionaries have been increased from the former standard of \$1250 a year to \$1500.

New methods of dealing with sedition is declared to have made mission activities in India more difficult. "All anti-British subjects desiring to engage in philanthropic, educational, medical or missionary work being required to obtain a license." This was modified cleared due obedience and respect to the government and carefully abstained from political affairs. Reinforcements are called for "to check the growing power of Mohammedanism," in West Africa.

# Terrorizing Triplets

Bolshevism, I. W. W., Socialism

(By Peter W. Collins.)

(Editors note: Mr. Collins was for eight years international secretary of the Brotherhood of Electrical Workers and a prominent labor leader of that union today. He has represented labor on various important commissions.)

We are living in America, not in Russia, and yet it is no mis-statement to say that the same minds that are determining today the political, social, economic and moral degeneracy of that nation have no small influence in the manufacture and direction of the revolutionary program that aims to bring us into the dust.

Even in this country we have many Bolshevik publications, printed in our cities and circulated by socialists in every state in our union by millions. To give some idea as to just how Bolshevik these publications are in name and material, we quote from the issue of "The Soviet World," of March 9, 1919:

"Shall the workers of this nation remain in slavery, while the workers of Russia live as free men and free owners, owning the land and industry as common property?"

"Revolutionary Russia send out to the others here the clarion call for solidarity."

"Revolutionary mass action for the conquest of political power; revolutionary mass action to overthrow the blood-stained, tear-soaked robber system of the ruling class: This is the watchword of the hour."

"Tollers of America, awake! "March in solid millions against the institutions that oppress you, build for yourselves, upon the ruins of wage slavery, the new society of the producers. Under the dictatorship of labor."

"Awake, arise! Forward to the revolution!"

And the emphasized type in capital is not ours, but that of "The Soviet World."

And this sheet is printed in the city where the Liberty Bell rang out the glad tidings of American liberty; where Jefferson gave to the world the Declaration of Independence and where Benjamin Franklin at the end of his trip from his birthplace at Boston, settled down to live, and to help in making and guiding the poles and laws of a young republic; that was to be the harbor of refuge for the weak and persecuted of all the nations of the world.

Under the shadow of Independence hall, where these freemen met and gave to the world a charter of unyielding liberty, there is published literature hostile to the letter and spirit of that charter that our fathers wrought for posterity, a literature aloft to thought, word and spirit to every thing for which the Declaration of Independence stands. Surely it is indeed time for Americans to wake up.

Just Lenin, the Bolshevik premier of Russia, in his letter addressed to the American workingmen in August 1918, paid special tribute to Eugene V. Debs as an international leader of socialism, so, too, has he frequently paid tribute to another international socialist, the late Daniel DeLeon, who with Debs, Haywood and other American socialists, organized the I. W. W., the Industrial Workers of the World.

DeLeon is credited by Lenin with being the originator of the so-called soviet form of government established by Trotsky and Lenin as the basis of the Russian Soviet Federated Socialist republic.

As DeLeon, who was considered the greatest American Marxian authority, wrote the preamble to the I. W. W. declaration of principles when the I. W. W. was formed, it might not be out of place to quote from his address at Minneapolis, July 10, 1905. This address of DeLeon was delivered shortly after the close of the first I. W. W. convention in Chicago, he said:

"Industrialism (I. W. W. means might, graft vs. Unionism (trade unionism) means impotence. All the plants of production, aye, even the vast wealth for consumption, is today in the keeping of the working class. It is

# Theatres

Two men reached the summit of the mighty Pinnacle, the most majestic and inaccessible peak of the Alps range near the Austrian capital. One was an eminent American surgeon, who had come to the Alps to find rest and to realize his ambition to climb the deadly heights, and the other was a refined Austrian army lieutenant to whom the pursuit of women was almost a profession.

Here is what Dr. Armstrong, the American surgeon, did when he discovered in the pocket of a weakling braggart a letter from his wife, is one of the intensely dramatic incidents in the unfolding of the story of "Blind Husbands," the Universal Jewel production, which is to be seen at the Gem theatre beginning today.

## NOTICE TO CONTRACTORS

Sealed proposals will be received by the Commissioner of Public Works at the State of Idaho, at the office of the Commissioner, Boise, Idaho, until two (2) o'clock p. m. on the 5th day of June, 1920, for the construction of Federal Aid Project No. 8, Overly Bridge over the Snake River on Idaho Pacific Highway between Hagerman and Buhl, in Twin Falls and Gooding counties.

Proposals will be opened and publicly read at the above stated hour.

Plans, specifications, forms of contract, proposal forms and other information may be obtained at the office of D. P. Olson, Director of Highways, Boise, Idaho. A deposit of Ten Dollars (\$10.00) is required for each set of plans and specifications. The deposit will be refunded if the plans are returned intact.

All proposals must be made on the forms furnished, and must be signed by the bidder, with his name and post-office address.

The right is reserved to reject all proposals, or to accept the proposal or proposals deemed best for the State of Idaho.

No proposal will be considered unless accompanied by an acceptable Postal Guaranty in an amount equal to five per cent (5%) of the total amount of the Proposal. This Guaranty may be in the form of (a) cash; (b) a certified check; or (c) a bidder's bond.

If a certified check accompanies the proposal the check shall be drawn on some bank in the State of Idaho and made payable to the Commissioner of Public Works. If a bidder's bond is conditioned to guarantee that the bidder, if awarded the contract, will enter into a contract in accordance with the terms of his proposal, for the faithful performance of the work.

The Proposal Guaranty will become the property of the State of Idaho, not as penalty, but as liquidated damages, if the bidder, upon the acceptance of his proposal by the Commissioner, fails or refuses to enter into a contract in accordance with the terms of his proposal within ten (10) days, (not including Sundays), after presentation of the contract to him for execution.

A bond with a surety company, authorized to do business in the State of Idaho, and satisfactory to the Commissioner of Public Works, will be required for the faithful performance of the contract, in the sum of sixty per cent (60%) of the total amount of the contract price.

It is the purpose of the Commissioner to build the improvement in the shortest time consistent with good construction, and complete and well designed equipment and effective organization will be insisted upon.

D. P. OLSON,  
Director of Highways.

WM. J. HALL,  
Commissioner of Public Works.  
Dated May 20, 1920.

## Census Bulletins

WASHINGTON, (P)—Denver, Colo., 250,369; increase 49,988, or 20.1 per cent.

Tacoma, Wash., 96,965; increase 18,223, or 18.6 per cent.

New London, Conn., 25,080; increase 6029, or 20.1 per cent.

Elizabeth, N. J., 95,682; increase 28,273, or 30.5 per cent.

Englewood, N. J., 11,617; increase 1093, or 17.1 per cent.

Garfield, N. J., 19,881; increase 9189, or 46.2 per cent.

Hamilton county, Ohio, containing Cincinnati, 493,672; increase 35,946, or 7.3 per cent.

Denver, Colorado's largest city which ranked as the twenty-seventh municipality of the country in 1910, has grown Louisville and St. Paul, which ranked twenty-fourth and twenty-sixth respectively, ten years ago. The census bureau today announced Denver's population as 250,369, an increase of 49,988, or 20.1 per cent over 1910.

Louisville's population has been announced as 251,661 and St. Paul's as 234,595.

# CARVER MURDER TRIAL FINISHED

Day is Devoted to Arguments—Jury Due to Receive Case This Afternoon

It is eminently probable that before the sun sets today William M. Carver will know his fate. Arguments in the action in which Carver is accused of the murder of Ygnacio Bilbao were opened this morning, testimony having been concluded yesterday afternoon.

Frank L. Stephan appeared for the defense before the jury at 9 o'clock this morning, reviewing the case from the standpoint of the prosecution. Mr. Stephan spoke about one hour and was followed by W. Orr Chapman, for the defense. Mr. Chapman led the jury through a resume of evidence and testimony, and even retraced the steps of the accused to the scene of the fatal shooting and his subsequent movements. Judge J. R. Bothwell closed for the defense, in an impassioned plea for consideration of a man "defending his home and family against an encroaching and devastating flood."

This afternoon Judge E. A. Walters, assisting the prosecuting attorney, went before the jury to close the arguments for the prosecution. When this plea is completed the jury will be instructed and receive the case for consideration. Carver, the accused, followed this morning's proceedings with profound interest.

Considerable rebuttal testimony was received yesterday following the cross examination of Carver. The general character and temperament of Carver was the subject of some of the testimony, most of it tending to give him a law-abiding and peace-loving character, devoted to his family and industrious in carrying out plans for their provision.

# BUHL REVELRY RIOT UNBOUNDED SUCCESS

Twin Falls people who attended the May festival at Buhl yesterday bring reports of excellent carnival entertainment. The affair, when this place is every section of the county and proved a gala event in all of its parts.

One of the outstanding features was the open the night dancing, an affair which set the standard for the day's program. The revelry riot continued up to midnight.

# Social Notes

Miss Mary Bunce entertained also of her little friends yesterday afternoon at which time they enjoyed the Sunshine club which will have 14 members. The club will meet every Thursday afternoon from 2 to 4 at the home of Mr. and Mrs. C. T. Bunce with Mary as hostess and the time will be spent with sewing. Those present were Joan Starnes, Lucille Goss, Mary Robins, Elna May Holland, Flora Hancock, Marjorie Wurster, Josephine Bulles and Dorothy Parrish.

Mrs. Chester Cliff was hostess to the Episcopal Guild at her new home in the Colonial apartments yesterday afternoon. After a short business session the afternoon was spent socially and dainty refreshments were served.

All members of Primrose Rebekah lodge who wish to attend the services at the Methodist church Sunday evening are requested to meet at T. G. O. P. hall 7:30.

Mrs. J. W. Hunsaker entertained the H. W. T. club last evening at her home on Fourth avenue east. Auction 500 was played at which Mr. and Mrs. Hunsaker won the prize for high score. At the close of the game the guests were seated at one table which was decorated with carnations and a two-course luncheon was served. Those present were Mrs. W. Bronaugh, P. W. Dunbar, Miss Evans, A. H. Corbett, H. E. Sheahan, Mrs. R. Robber and Mr. R. A. Hedder.

Mrs. L. C. Cline entertained the Wednesday Bridge club last evening, commencing at her home. Mrs. T. C. Hollister of Idaho Falls and Mrs. McLean who has recently arrived in this city to make her home. Bridge was played at which Mrs. E. C. Layman won high score and was given a dainty luncheon. The guests of honor were each presented with a gift.

Open house was held last evening in the new Methodist parsonage, 510 Second street east, just across the park from the high school. About a hundred friends called to express their best wishes for pleasant days to be enjoyed by Rev. and Mrs. Bennett as they enter their new home. Dinner was served and the evening spent informally.

# The Facts About Rheumatism

More than nine out of ten cases of rheumatism are either chronic or muscular rheumatism, neither of which require any internal treatment. All that is required is to manage the affected parts freely with Chamberlain's Rubbing Ment. You will be surprised at the relief which it affords.—adv.

# AV. INSTITUTION ALWAYS BEGINS AS MEN RAGE OF IT

The ten directors of the Co-op store are: F. H. Black, P. H. Homan, C. E. Eldred, W. W. Parish, C. W. Griggs, A. J. Regan, C. H. Hempleman, W. W. Shanks, Dr. J. E. White.

Hence the Co-operative store must become the biggest thing in Twin Falls county. These men are working for the good of the cause—they draw no salaries.—adv.

# HIGHWAY DISTRICT OFFICIALS NOT RESPONSIBLE FOR DELAY

Federal Investigators Exonerate Local Road Executives and Promise Early Awarding of Contract for Construction Through Filer Section to Cassia County Line—Some Changes in Route Ordered

That a contract will be awarded for the building of state highway stretching through this county, in extent 30 miles, on June 12 is announced by members of the Twin Falls highway district commission yesterday. The assurance was given by District Engineer H. H. D. Rose, of the bureau of highways at Boise, during an official call here yesterday.

Proposals will be invited through advertisements made in regular and authorized publications made on June 1, the sealed bids to be returned for opening on June 12, when contracts, it is expected, will be granted. The proposals will include both concrete and bituminous surface construction.

The road to be built is that portion of the Idaho-Pacific highway beginning at the west side of the Filer district and extending south to the Cassia county line on the east. If the contract is awarded as now contemplated the road should be fully completed by the time the working season closes this year.

Determination to proceed immediately with the construction of this highway was reached after a brief business session, held yesterday morning by the visiting federal officials with the local highway department at Boise. The general pronouncement by the visiting authorities brought out facts tending to clear up what seemed to be unnecessary proportion in the matter of this construction. Responsibility for the delay, it is declared, was placed where it belongs, the Twin Falls highway district representatives being fully exonerated.

Yesterday Messrs. Kittredge and Horneman, together with Mr. Gregory, of the state highway department at Boise, took a trip over the district in company with members of the local commission and Chief Engineer W. L. Johnson. The purpose of the inspection was to make two line changes were made during this inspection, each being suggested for the benefit of traffic on the highway. One of these changes is to be made at Kimberly, the line to pass along the north side of the railroad, thus avoiding the sharp curve in the Murtaugh district, in the immediate vicinity of the town. It is the most important and dramatic change in the route. This change will eliminate six right angle turns in a distance of two and a half miles. Easy geometrical curves will be used to reduce the sharpness of these turns.

Following the visit here the federal officials departed for Mountain Home, where they will conduct similar investigations of road work.

# Deaths

Funeral services were held this afternoon at the Christian church for Mrs. Lillian Baty. The Rev. W. A. Moore officiated. Burial was in Twin Falls cemetery with J. H. DeWitt in charge.

Robert Roy, 9-months-old son of Mr. and Mrs. H. S. Baty, died shortly before noon today.

**MRS. BICKFORD GETS DIVORCE**  
Judge W. A. Babcock of the district court yesterday afternoon announced his decision in the divorce action of Addie L. Bickford against Charles A. Bickford. Plaintiff is granted a divorce with custody of the minor children. She is to receive certain property on furniture and \$75 per month alimony. Defendant is granted through this decree title to real estate, cattle, work animals and machinery and to visit his children at stated periods. He is to be restrained from interfering with the management, care or control of the children.

**RANSBYER TRIAL MONDAY**  
Judge W. A. Babcock has announced the setting of the trial of H. P. Ramsbyer, accessory after the fact in the murder of Abel, for next Monday. Ramsbyer and Abel were Filer district ranchers. They are alleged to have conspired over water rights, following which Ramsbyer is said to have shot Abel in the thigh. Abel died a week after the affray from blood poisoning.

**ASKS CASE DISMISSAL**  
Denying all the important and material allegations contained in the complaint H. D. Kinsey and the Capital Electric company have petitioned the district court for dismissal of the action brought by Ross L. Doughty, charged with slander. The answer and dismissal petition were filed by Begley, Fabian, Cleland and Judd, a law firm of Salt Lake.

**FIRE DAMAGES CAR**  
A fire of small proportions was discovered in a Ford sedan just before last midnight. The blaze started in a car lodged in the garage temporarily and is presumed to have been caused by faulty wiring. Damage was confined to this machine, and amounted to about \$25.

**TWIN FALLS GOING WEST**  
The business of the city is moving west, where the Co-op store is drawing the trade from over the county. Park your car in the postoffice block.—adv.

**JUDGE HANSEN ILL**  
Judge Lawrence Hansen is reported very ill at the home of his brother, John H. Hansen, 233 Fourth avenue east. Judge Hansen was stricken several days ago with an attack of heart trouble.

# Local Brevities

Hears Mother is ill—Mrs. B. A. Heller has been called to Colorado by the serious illness of her mother.

Returns from Portland—Mrs. L. A. Breckenridge, who was called to Portland, Ore., by the illness of her brother, Mr. H. H. Heller, returned home Wednesday, leaving him somewhat improved.

To Teach in Montana—Miss Ruth Hewitt left Wednesday morning for Livingston, Mont., where she will teach next year. After a brief stay there she will go to her home at Soudan, Minn., for the summer.

Pushing Paving—Paving operations were officially begun on Seventh avenue north yesterday, with rapid progress made throughout the period. Today the work, according to Special Paving Engineer W. L. Hoffeditz, is moving with still greater rapidity.

Commissioners on Trip—The county commissioners are away on a trip of inspection in the west and north end of the county. One of the special objects of the tour is to definitely decide upon changing boundary lines of two school districts north of Buhl.

YOU DO NOT HAVE TO BE A STOCKHOLDER  
to trade at the Co-op. One-half the profits will be returned to all non-stockholders.—adv.

**MYSTERY SURROUNDS WOMAN FOUND DEAD IN OMAHA STREET**  
OMAHA, Neb., (AP)—An unidentified woman, about 30 years of age, was found dead in the street in Dundee early today soon after a collision between the automobile of A. D. Compton, county commissioner, and Harry Montgomery, Council Bluffs. Montgomery was arrested but said he did not know the woman and that she had not been in his car. A suitcase containing women's clothing was found in the machine. Compton said a woman was in Montgomery's machine. Montgomery is married.

A merchant advertiser because he has news for you.

# Changed Weather on the Program is Announcement

JUST for what Sam Smiley said yesterday the weather promoter sends out the following information that there will be showers tonight and Saturday, with cooler weather subsequently.

The showers will be welcome, if only as an auxiliary help to the city street sprinkling department.

Yesterday's high temperature was 78 degrees with 46 low last night.

# RANBURY NATATORIUM to open Saturday, May 29, and Sunday, May 30

The swimming pool at Hot Springs on the bank of the Snake river, 8 miles north of Buhl, 12 miles southwest of Wendell and 12 miles up the river from Hagerman, was finished last fall. Other work has been done this spring and construction proceeded so far that we are able to open to the public on above dates.

Our bathing suits have been ordered for some time but under the present condition of the market there is no telling when they will reach us, so we advise with all candor for everyone desiring to swim to provide himself with his own suit.

As to eating, sandwiches, coffee, etc., will be served but that there may be no possible room for complaint or going hungry we honestly advise bringing your own picnic baskets and thus have a good time among your own parties.

An admission fee of 25 cents will be charged for each person, which gives him or her the free privilege of the swimming pool if provided with own bathing suit.

Of course, on this opening date we will certainly appreciate a big attendance but we want everybody to be comfortable. We would rather you should be surprised at the good start we have made than to expect a paradise or finished project and then be disappointed.

Wishing you all to come, we remain, Faithfully,  
BANBURY NATATORIUM.

# DOLLAR A YEAR MEN

The directors of the Co-op store are working for the good of the community. They are big business men. When the big business men of the country did for Uncle Sam during the war they tried to do for Twin Falls county. Back then up—they are working for your interests.—adv.

Kellogg Marble Co. guarantees low prices and best of material and workmanship on monuments, headstones, and grave markers. Representatives, W. M. Grayson, 400 5th Ave. N. Phone 952.
