

BENOIT CHOSEN BY MINOR C O P

Twin Falls Attorney is Chairman of Young Peoples' Republican Club Here

The Young People's Republican club, a state organization, is to be formed in Twin Falls county. Harry Benoit has been appointed county chairman. Precinct committeemen will soon be appointed by the county chairman and their names made public, at which time every young republican, man or woman, or those who are inclined to be republicans, are urged to consult with the committeemen of their precinct and enroll as a member of this organization.

Club's Purpose. "The purposes and objects for which this club is being organized, officials declare, are to inculcate patriotism, to promote loyalty to the government of the United States and to perpetuate the American national spirit. It is not to mock the candidacy of any political aspirant, but to promote, establish and maintain the public opinion of the county, district, county, municipal and precinct, which shall conduce to the welfare of our party and insure its progress and success, and to devote effort to the election of the republican candidate in national and in state in the presidential campaign of 1920; and in the future to campaign for 1924."

At this time it is urged upon the younger people of the county to regis-

er next week with their precinct registration in order that they may be eligible to vote at the primaries on August 3. Also watch carefully for any further announcements relative to the Young People's Republican club. The aim is a membership of 500 young, active and loyal American republicans.

KIMBALL IS FINED
A fine of \$25 was assessed by Magistrate W. A. Minnick, of the police court, Monday evening against Louis Kimball. The latter was accused by officers of having driven an automobile over a hose being employed by the fire department as an emergency measure against the spread of fire where employees of the city were destroying weeds along a ditch bank. Kimball admitted that he had driven the automobile over the hose.

RIOTERS WRECK POSTOFFICE AT WEST BELFAST

Soldier and Several Civilians are Wounded when Police Open Fire in Melee after a Night of Terror

BELFAST (AP)—Rioting was renewed in the Falls area of West Belfast during the night of Sunday, July 19, 1920. The postoffice was wrecked and the police fired on the rioters. In the melee a soldier and several civilians were wounded.

Morning Appeals Quiet.
Belfast this morning was quiet after a night of rioting. Fighting between Sinn Féin and unionists, but the situation was tense and the military with armed cars were patrolling the affected areas. Rain was falling and it was hoped this would prove a deterrent to further rioting.

Casualties thus far recorded are two men and one woman killed and 50 persons treated at hospitals for serious gunshot wounds. Many wounded did not report to hospitals. Fifty-four arrests were made.

The primary cause of the trouble is believed to be the recent murder of Colonel Smyth in Cork, as many men employed at Belfast are from Belfast. Smyth's native town.

This morning the workers returned to the shipyards as though nothing had happened, although the trouble was started in the yards yesterday after a number of Sinn Féin employees had been attacked. The authorities believe they have the situation under control.

Unofficial estimates place the property damage and looting done by the mob at 100,000 pounds.

NAVAL BLIMP OBSERVING RACES COMES TO GRIEF

Big Dirigible Develops Leak and Falls into Bay, Ducting Crew and the Newspaper Man

NAVAL AIR STATION, ROCKAWAY, N. Y. (AP)—The naval blimp C-10 which has been observing the international yacht races, came to grief today just as the yacht entered the line and fell into Jamaica bay near the airfield. The five members of her crew and three newspaper men aboard escaped with no worse than a ducking.

The ship was about 2000 feet up when the race started and a few minutes later developed a leak over the side in an effort to force the gas bag fuller into the air. He had reached 3000 feet as the air station came in sight, but began to drop swiftly with the nose of the bag collapsing.

Lieutenant Evans, not daring to attempt a landing abroad, ordered the radio equipment and batteries and everything else that could be ripped loose thrown overboard. The airship continued to sink rapidly, nose downward, and the crew struck the water across the bay from the air station. It sunk its nose into the water and drenched those aboard, but stayed afloat and drifted away without injury to the crew or passengers.

Today's Markets

New York Stock Market
NEW YORK, (AP)—The tendency of stock markets was up today following early irregularity. Highest prices were made after publication of Senator Harding's acceptance speech. Sales approximated \$25,000 shares. Eliminating oil and sugar shares, the tendency of prices was variably higher at the opening of today's stock market. This was primarily due to a more cheerful feeling regarding labor conditions in their relation to the transportation situation and the comparative ease of money rates. Gains averaging a point were scored by Baldwin Locomotive, Republic Iron, National Anthracite, Wells Fargo Express and several of the miscellaneous specialties. Oils, steels, rails and motor specialties led the general rally of the last hour on urgent short covering. The closing was firm.

Liberty Bonds
NEW YORK, (AP)—Final prices today

were: 3 1-2's \$90.02; first 4's \$85.84; second 4's \$84.00; first 4 1-4's \$80.19; second 4 1-4's \$85.08; third 4 1-4's \$80.38; fourth 1-4's \$85.30; Victory 3 3-4's \$85.78; Victory 4 3-4's \$85.74.

Grain and Provisions

CHICAGO, (AP)—Reports that there was a heavy demand for cars to move wheat tended today to renew bearish sentiment as to that cereal. Besides, welcome additional rains were falling in the Canadian belt where moisture has been lacking. Continued news of damage by black rust had a slight bullish influence at the opening but only of a transient sort. Initial prices, which varied from the same as yesterday's finish to 1-2 higher, with December \$2.56 1-2 to 2-27, were followed by a little further advance and then by a decided setback to \$2.54 for December.

Subsequently worse developments about rust and announcement of lively export business together with likelihood that receipts of coarse grain here would be curtailed gave decided life to the price. The close was firm, 2c to 1-2c net higher, with December \$2.39 and March \$2.63.

Absence of aggressive buying weakened corn. After opening 1-4c off to a like advance, including September at \$1.32 to 1-32 5-8, the market hardened somewhat and then sharply declined. Later, the market advanced sharply on active buying under the leadership of a big elevator concern that was conspicuous on the buying side. The close was nervous, 1-2c to 2 1-4c net higher, with September \$1.54 to 1.54 1-8 and December \$1.39 to 1.39 5-8.

Corn sagged with other grain. Prices started about unchanged, September 7-8 to 7 1-8, and soon turned down grade. Provisions ruled dull and heavy, influenced by lower quotations on side and grain.

"WITH ALL MY HEART I RECOMMEND IT"

"Tanlac Restored My Health and Built Me Up Wonderfully," Declares Mrs. Obas. Wyder

Another splendid endorsement for Tanlac was given recently by Mrs. Charles Wyder, 302 Oregon street, Cincinnati, Ohio, who said of the medicine:

"I can recommend Tanlac with all my heart, for it restored my health and built me up wonderfully nearly a year ago and I have had no return of my old troubles since."

"For four years I had been in a badly run-down condition, suffering with pains all over my body. Gas would form on my stomach and I could not eat anything without becoming almost deathly sick afterwards. There was such a pressure of gas through my chest that I felt like I was choking. At night especially I felt like I was smothering to death and often had to get out of bed and just fight for breath. My nerves were so shattered that I would tremble all over from head to foot, many a night I couldn't sleep at all and always felt as bad in the mornings as on going to bed, if not worse. I was tired and weak all the time had no energy and never felt like turning my hands to a thing in the way of work."

"I had no desire to eat and my food seemed to do me more harm than good. I lost weight and kept getting weaker until I began taking Tanlac. It wasn't long after I began taking this medicine before I had a good appetite and I commenced to regain my lost weight and strength right along. After my troubles disappeared I found I had actually gained fifteen pounds in weight, which made me heavier than I had been before. My appetite is so keen that I can hardly get enough to eat and I sleep every night like a child. It has been almost a year since I took Tanlac but I am still feeling fine, and am glad to make a statement that may cause others to try this grand medicine."

Tanlac is sold in Twin Falls by City Pharmacy and by leading druggists in every city—adv.

LIQUOR CLAUSES ARE NEW INSURANCE POLICIES FEATURE

NEW YORK, (AP)—Insurance companies here today announced the inclusion of "liquor clauses" in their burglary policies to protect owners of private stock. An annual charge of 20 per cent of the original value of the stock is made for the hazard, and only one-fifth of the total amount of the policy may be on liquor.

FRACIOUS TEAM CAUSE OF DEATH

C. Kitching, Hansen Rancher, Loses Life when Team Wrecks Hay-Rake

From injuries sustained in a runaway accident yesterday afternoon Charles E. Kitching died in a local hospital last night. The accident victim, a farmer of Hansen, was 37 years of age and is survived by his wife and three children.

Shortly after 3 o'clock yesterday afternoon, Mrs. Kitching explains, Mr. Kitching started to a neighboring ranch to return a borrowed hay-rake. He was using a high-spirited team of horses on the rake when, without apparent cause, the animals became unmanageable and ran away. After covering a distance of a quarter of a mile the team collided with an automobile, the rake being wrecked. In the wreck Mr. Kitching received a fracture of the skull as well as a number of other injuries. He was taken to the hospital, where, along the lower portion of the base of the skull from one ear to the other, the scalp being lifted several inches. The top of the head, too, was severely cut. Mr. Kitching passed into unconsciousness soon after the accident and died about midnight of his injuries. He was brought to Twin Falls in the DeWitt Red Cross ambulance and placed in the county general hospital. Mr. Kitching was with him up to the moment of death.

Arrangements for the funeral, which will be held in Twin Falls, are pending.

DR. H. W. SAWYER IS ACCUSED BY BOARD

Local Practitioner Charged by State Authority with Violating License Law

This afternoon Judge O. P. Duvall will render judgment in the state's case against Dr. H. W. Sawyer, who is accused by the state medical board of practicing medicine and surgery without being regularly licensed under the laws of the state of Idaho.

The action against Dr. Sawyer was filed by Clarence Darling, representing the state medical board at Boise, and results from long controversy over the physician's rights as a practitioner in medicine and surgery, and his license to issue medical prescriptions. The case was placed on preliminary hearing in the probate court yesterday afternoon, with considerable testimony introduced by both sides. E. V. Larsen appeared for the defense and E. L. Stephens for the state.

Mr. Darling appeared as prosecuting witness against Dr. Sawyer who instituted the proceedings as a test case. Testimony developed the fact that Dr. Sawyer had applied for a state license to practice medicine and surgery, but the application had declined a permit. Some time was consumed at the preliminary hearing over questions involving a specific charge of practicing medicine without a license. The prosecution was taken to allow the prosecution to amend its complaint to make the charge more specific. Dr. Sawyer, through the amendment, made to defend a charge of performing a surgical operation for appendicitis. At the conclusion of the hearing Attorney Larsen interpreted a motion for dismissal of the proceedings.

RECTOR COMING TO VISIT FIELD

The Rev. John G. Donnell, of Newark, May Take Over the Ascension Parish

This afternoon the Rev. John G. Donnell of Newark, N. J., is scheduled to arrive in Twin Falls and on Sunday will occupy the pulpit of Ascension Episcopal church. Plans are being made by members of the vestry for the entertainment of the clergyman during the coming week, and he may be induced to remain for a second Sunday service.

The Rev. Mr. Donnell comes to Twin Falls at the invitation of the vestry of Ascension church the Rt. Rev. Frank Tuley, bishop of the Idaho diocese, the purpose of the call being to give the clergyman a view of this field and its prospects and the church people an opportunity to decide whether or not the Rev. Mr. Donnell would meet requirements as a rector for the Twin Falls parish.

Ascension church has been without a minister nearly a year and the bringing of the New Jersey minister is the first definite step taken toward filling the pulpit. The clergyman has the reputation of being a prominent churchman of the east and is believed to possess all the requirements necessary to meet local conditions. He is said never to have been in the west, but is strongly inclined toward work in a missionary field.

The Rev. Rev. Archdeacon Howard Stoy will come to Twin Falls Saturday to assist the visitor in making a thorough acquaintance in this parish, and he may remain for a meeting of the vestry early in the week.

CHALLENGER IS EXPECTED TO FORCE NEXT CONTEST

Triangular Course Gives Opportunity to Shamrock to Prove Advantage

SANDY HOOK, N. J.—The cup challenger Shamrock IV was towed to the Staten Island Shipbuilding company plant early today to be drydocked and have her underbody cleaned in preparation for the fourth race with the American defender Resolute tomorrow. The contest yesterday in which the two sloops went over the thirty-mile course in exactly the same elapsed time, has added marked interest to the contest to come.

Captain Burton, Designer Nicholson and Navigator Claude, skipper of the Shamrock were especially pleased with what they agree was a wonderfully fine race yesterday even if the challenger lost it on time allowance.

"Resolute is a fine boat," said Mr. Nicholson, "and Harrahoff has designed a craft that goes better to windward than Shamrock. On the run home before the wind yesterday the sloops raced along beam to beam as if they had been locked together. It was a fine race even if we did lose it."

The race tomorrow will be over a triangular course ten miles to a leg, and it is this contest that Shamrock is expected to force Resolute to the limit, as the leg of the race will be reached at which point of sailing the Lipton sloop has shown to her best advantage.

PERMITS TO BUILD.
Building permits covering \$10,800 cost of construction have been issued by the city clerk in the past two days. One of these permits was taken out by H. A. Brine and is for the erection of a 50 by 100 feet, single story brick structure on Second avenue east between Shoshone and Second east streets. The building will cost \$10,000, according to an estimate. The other permit was granted George F. Huffman for the construction of a house and porch on Second avenue north, to cost \$300.

MADDENED HORSE HITS CAR, RIDER MAY LOSE LIFE

Owen Owens has Fractured Skull Result of Accident on Country Road Highway

Alighting with great force upon his head after being thrown from a horse Owen Owens is reported today at the point of death. Owens fell on a rock road, sustaining a fractured skull. He is at the county general hospital.

The accident, it is reported, resulted from a horse race in which Owens and his brother, Robert, together with several companions, engaged on the public highway while riding toward Shoshone Falls last night. It is reported the horse ridden by the accident victim became unmanageable and dashed into an approaching automobile, the rider being precipitated over the top of the car, striking his head upon the rocks of the highway. He was hastily brought to Twin Falls for treatment, but has been unconscious ever since the accident. Attendants say his condition is very grave.

According to Robert Owens, no blame attaches to the driver or occupants of the automobile. He credits the chauffeur, who is said to be Herbert Johnson, a truck operator of Twin Falls, with making extraordinary efforts to avoid a collision, and also credits the party of four, occupying the car, with doing all possible to aid the injured youth. A woman in the car sustained severe injuries on the face, one cut on the nose requiring several stitches. The horse ridden by Owen Owens is said to have got beyond control of the rider during the race and crashed into the automobile while going at almost full speed. The fracture is located at the base of the skull below the right ear. Besides the Owens boys there were in the party Dick Hankins, a farm worker, and Willard Swartley, a rancher, aged 23.

Product of Dairy Barred from City— by Official Ukase

Authorities Avert that Cleveland Product Not Handled Conforming to Law

William Cleveland, dairyman, has been barred from introducing the product of his place for consumption in Twin Falls. Notice to this effect was officially served on the dairyman by City Clerk W. A. Mink and Milk Inspector W. B. Hoag last evening.

The Cleveland product is barred, according to statements made by Inspector Hoag, until the dairy premises are placed in a condition of sanitation and cleanliness as meets the approval of city authorities in charge of the pure food department. Inspector Hoag declares Mr. Cleveland has received repeated oral warnings and injunctions, but has not, it is said, followed instructions.

At the present time, Mr. Hoag says, Mr. Cleveland is in charge of the milk in Twin Falls. The inspector charges that the Cleveland premises are unsanitary and that the method of handling the milk and food products of the dairy does not conform to rules laid down by the city administration in pure milk law. Mr. Cleveland, it is stated, has threatened to bring action against the city.

PEOPLE WILL DECIDE ON CHANGE OF TIME

Chamber of Commerce Calls a Meeting Friday to Discuss Moot Question

A meeting of the public is called for Friday at 5 p. m. in the chamber of commerce rooms to decide upon the matter of changing local time to Mountain time.

All persons interested in encouraging or objecting to this change are invited to present their claims at this meeting which will be in charge of the civic bureau of the chamber of commerce.

Petitions have been handed to the chamber of commerce containing the signatures of several hundred people, requesting the change.

If no legal technicalities arise and the public sentiment continues to favor this change, action will probably be taken to set a date within the next few days on which time all clocks, excepting railroad and Western Union, will be moved ahead one hour.

ANNOUNCEMENT

SUES FORMER EMPLOYER

In the district court Paul B. Brewer has filed an action against the Idaho Department store claiming judgment for \$1953.71, said to be the amount due on a broken employment contract. Plaintiff alleges that on March 31 he entered a term of employment which by stipulation in writing was to cover a period of one year at \$2400 for the 12 months. He points out that he was discharged on June 14 without reason and seeks pay for the remainder of the year, with interest and costs of action. T. K. Hackman is attorney in charge.

IMPERSONATOR COMING

Thomas Elmore Lucy, post-entertainer and impersonator, author of "Sammy" and various other cantonment publications will appear at the high school auditorium Saturday evening. Mr. Lucy comes from the Edgewood Lyceum bureau and his appearance in Twin Falls is under the auspices of the Edgewood league of the Methodist church.

FUNERALS

The body of Morse Hardenbrook, brother of Mrs. C. R. Leantz, will reach Twin Falls Friday afternoon. Funeral services will be conducted at the Christian church Saturday afternoon, the Rev. W. A. Moore, in charge. Burial will be in Twin Falls cemetery with P. J. Grossman directing.

Simoon Gambols as Weatherman Calmly Snoozes

HUMAN folks are prone to err, otherwise they'd be tripping immaculate pinions and twanging golden lyres in celestial realms.

And the weatherman has some human instincts just as have more common folks.

Finest of the boss of the "Dole" bureau missed out on a simoon, or something like one, that passed in the night. Apparently it wasn't properly scheduled, but it came, anyway, and was followed by cooler weather. The latter has been discovered by the chieftains who predict:

"Fair and cooler tonight and Friday."

The high point of yesterday's temperature was 93 degrees, low during the night, 52.

BALL GAME SUNDAY

Arrangements have been completed for a game of baseball to be played on the local lot next Sunday afternoon. The opposing team will be Wendell, leader of the Wood River Valley league and the Twin Falls independents. "Speed" Oliver will pitch for Twin Falls.

Consistent Merchandising

In the replacing of our depleted stocks we do not desire to buy Spring nor Summer merchandise. When Fall comes we want every piece to be the very newest that fashion has to offer. However, there are yet two months before Fall merchandise will arrive and it has been a question just what we can offer to you at attractive prices.

We have discovered that because of many cancellations jobbers are offering merchants, who can buy in quantity lots, some excellent bargains in all kinds of merchandise. We are going to take over a number of these job lots and sell them to you at a very close margin. Be on the lookout for them.
