

SWEELEY TAKES MILLERS GROUND

Senatorial Candidate Hears Opposition then Presents His Own Arguments

One of the most remarkable political manifestations in the history of Twin Falls county was witnessed Friday night in the capture by former Senator M. J. Sweeley of Twin Falls, a candidate for the republican nomination for state senator of an assemblage called together in the city park here at the instance of the Anti-County Division committee as a "water-users' meeting" for the discussion and refutation of water questions and other issues raised by Mr. Sweeley's candidacy.

An audience of between 500 and 600 persons gathered in the park when Judge F. E. Chamberlain at about 8:30 o'clock called the meeting to order and introduced in turn, Bill Hornbrook of Twin Falls, Carl J. Miller of Burley, representative in the last session of the legislature and candidate for re-election and Senator Joseph H. Seaver of Twin Falls, candidate for the republican nomination for re-election.

Audience Shaken.
A major portion of the audience remained after the hectic period during which Mr. Sweeley sought and won the opportunity to speak after the others had finished. He talked for more than an hour and longer than had all of the preceding speakers combined. A fire of heckling and badinage throughout. The proceedings seemed to be most interesting to a number of persons identified with the third political organization in the county who were in attendance.

The meeting developed the facts that Mr. Sweeley is the attorney of record for the Twin Falls Land and Water company; that he aided in the preparation of the plan, bill, providing for transfer of water rights of lands capable of irrigation under a system without regard to segregation lines, and that he was instrumental in securing the bill with the provisions of the Miller bill which limits transfer of water rights to lands within the area to which they were originally appropriated.

Sweeley Explains.
These were allegations made by Senator Seaver and not denied by Mr. Sweeley. He explained, however, that his part in connection with the Slim bill was to strengthen the bill so that water users, that he could suggest the defeat or amendment of the Miller bill because of his personal interest in a proposed transfer of water rights, and that no possible jeopardization of water users' rights could come through legislation because the same was guaranteed by the state constitution.

Except for his reference to water questions, Mr. Sweeley's speech was for the most part a repetition of the address in Twin Falls before a smaller audience in the park a week before, in which he set forth his plans for continuing the fight against county division.

Judge Chamberlain in opening the proceedings, replied to Mr. Sweeley's previous speech, commenting on Mr. Sweeley's connection with the Land and Water company and his opposition to his candidacy on the part of water users and opponents of county division.

Defends the Dead.
Mr. Hornbrook was introduced to speak in defense of the late J. B. Conson, a member of the last session of the legislature, of whom Mr. Hornbrook had by information here and by direct reference in filler that he had confessed inability "to introduce a bill in the legislature." Mr. Hornbrook continued with further criticism of Mr. Sweeley's utterances, charging he must have been hypocritical either when he was fighting county division or at the present time.

Mr. Miller spoke briefly, declaring that the county division was a question of water rights. He then introduced the campaign by Mr. Sweeley in a speech at Burley.

Senator Seaver in his introductory remarks confessed himself "an amateur on a professional stage" in the campaign waged by Mr. Sweeley. He declared himself unalterably opposed to county division, stating that his property interests were all in the proposed new county and he had no desire to see it created. He deplored the introduction of the water question into the campaign, but declared that he would not be deterred by the injection of the question into politics, he wanted to be found on the side of the water users.

He deplored the introduction of the water question into the campaign, but declared that he would not be deterred by the injection of the question into politics, he wanted to be found on the side of the water users.

CITY COUNCIL MINORITY HOLDS GENERAL DISCUSSION MEETING

"No Quorum" Sign is Displayed but Administrative Board Transacts Important Business Session — Kicks and Requests Form Greater Portion of the Session's Schedule

Although the "no quorum" sign was hung out some members of the city legislative board, headed by Mayor W. T. Eldridge, held a session of the problem and complaint discussion. The meeting lasted until 11 o'clock with many matters of prime importance to the city at large considered and prepared for final disposal at a session when there will be a majority of the council present.

Those present at Monday night's session with the mayor were: C. B. Channell and L. T. Breckenridge. Alderman C. S. McArthur left a week or so ago for points in the central states for a summer vacation, while Alderman J. S. Russell started yesterday evening for the Jarbidge country, where he will spend the next few days or two weeks camping and fishing.

Requests and Kicks.
Requests and complaints were the principal business of the no-quorum session, many points of importance being presented for consideration. The city engineer applied with a request for certain privileges in connection with the construction of a business building immediately behind the Larvering pavilion on second street east. The features were taken up, apparently and a permit to proceed was granted. The city engineers will supervise the plans governing special structures.

C. O. Markle lodged complaint against the supply or water board, for the five-acre tract in the DeLong addition. He explained that the stream was so small that it evaporated before it could turn it on by the tract. Mr. Markle and the city engineer will work out a solution of the trouble.

Bridge to Stay Closed.
Upon recommendation of H. M. Murray, bridge engineer and C. E. H. H. contractor in charge of construction of the Shoshone street bridge over Rock Creek, orders are to be issued directing that the bridge be kept closed until the roadway and sidewalks are completed.

Ends Pleasure Trip.
The party had spent the day on the north side, the excursion being made in a motor launch owned by Mr. Green. Reaching the turn in the grade, which is immediately opposite Coale's, Mr. Green, in backing the car down the switchback, apparently lost control of the gear, permitting the back wheels to go over the earth safety switch. Mr. Green, in backing the car down the switchback, apparently lost control of the gear, permitting the back wheels to go over the earth safety switch. Mr. Green, in backing the car down the switchback, apparently lost control of the gear, permitting the back wheels to go over the earth safety switch.

Danger Point.
The fatal accident occurred at a point on the grade on the Twin Falls side of the canyon, where the "hairpin" turn. Mr. Green, it is related, was attempting to make the grade by the sharp turn in the road the car going over the rimrock and crashing to the bottom. The evidence at the trial seemed sufficient on which to base a case and Judge O. P. Duval ordered a preliminary trial to be held tomorrow morning.

Moran and Skiles were arrested in a shack on Second street west alley near Fifth avenue by Deputy Sheriff Robert F. Redmon and the chief of police yesterday morning. Later in the day the police picked up Seaver. A small amount of Mr. Seaver's luggage together with some extract, was taken in evidence.

LONG STRETCH OF PAVING.
Announcement is made by Superintendent A. J. Hill, of the Warren Construction company of the completion of paving along Blue Lakes boulevard from the intersection of Shoshone street and Addison avenue to Heyburn avenue, a distance approximately four blocks. This will be the longest paved street in the city. The O. S. L. depot to Heyburn avenue. Laying of base rock along Blue Lakes boulevard north from Eleventh avenue is proceeding.

MORGAN AND SKILES TAKEN BY OFFICERS

Charge of Illegal Possession is Preferred Against Habitues of West Side

Aided by the chief of police, Robert Redmon, deputy sheriff, on Monday made the arrest of Thomas Morgan and Sloan Skiles at a house on Fifth avenue west. The men are held in jail pending the filing of a formal complaint charging illegal possession of intoxicating liquor.

Both Morgan and Skiles were arrested, it is said, two bottles containing an alcoholic beverage were confiscated from the house. The men are said to have been manufacturing a stimulating drink. The contents of the bottle will be given to the city chemist for analytical examination.

SECRETARY MUST KNOW THE WEST

Reclamation Officer Calls Attention to Need of Westerners as Interior Man
(By FRED H. REED.)
"The one big project for the people of the west to unite on and fight for, irrespective of politics or creed, is that the west be represented in the interior department," says Fred H. Reed, of the Idaho Reclamation association.

"The west is growing to such proportions, and is rapidly becoming a section of these great United States so powerful in commerce, finance and industry, that it is perfectly right and proper that the west should be represented by a man of the west," Mr. Reed declares. Continuing he says:

"The writer is spreading this propaganda in all the states and territories, greenmen, governors, mayors, commercial clubs, rotary clubs all the religious, fraternal and civic organizations of the 15 states and is arousing the mighty prestige and influence of the press, so that all citizens may join in the effort to elect a man of the west to the position of secretary of the interior."

Let everyone, everywhere in the west, begin working for a man from the west for secretary of the interior, and stay on the job until we get him. Let's get in touch with the four big states and territories, Idaho, Nevada, Arizona and California, and tell them what we want and what we expect. We of the west will not get anywhere, if we leave this matter to the east.

EXTENSION MAN SURREYS STOCK

Felix Plastino, of University, is Pleased with Grades of Swine and Cattle

For the purpose of making a survey of purebred livestock in Twin Falls county Felix Plastino, animal husbandman, connected with the university extension division, spent Friday, in company of Dr. W. A. Sullivan, visiting livestock herds in various sections of the county. The inspection included sheep, hogs and cattle.

At the conclusion of his trip through this district Mr. Plastino had had the conference with the best livestock men and cattle in this county to be found in any section of the country. He expressed his satisfaction in the quality of swine found in the Durac-Jersey tract owned on the L. S. Otto and the William Rambo places. He stated he considered the Durac-Jersey herds as the best he had seen and a great prospect for one of the finest show herds in the state.

LIGHTING PLAN HAS NO BIDDERS

Contractors Offer No Figures on Curb Post Scheme—Work Temporarily Held Up

Failure to get bids is ascribed as the cause for delay in installing a curb lighting system for Main avenue and Shoshone street. Proposals were invited by the Idaho Power company in due time following the decision of the city council to abolish the overhead system in the main business district in response of a satisfactory nature came, it is announced.

The curb lighting plan covers four blocks on Main avenue from the O. S. L. station to the courthouse on Shoshone street. Decision to install such a system was made two months ago. Up to the present time no work has been done.

At a recent session of the city administration C. F. Neely, local manager of the Idaho Power company appeared to explain the cause of delay on the curb lighting project. He admitted at this time that the city perhaps had better take steps toward having the installation made on force account. On this occasion it was stated that the curb lighting plan had been decided to proceed with installation of a curb lighting plan immediately.

It is in mind the Twin Falls city legislators have decided not to attempt installation of the system this year, but will assemble all material on the ground during the fall and be prepared to proceed with the work early in the spring when installation can be carried out with little fear of interference through inclement weather.

COOPERATION IS WATCHWORD

American Legion Members are Urged by D'Olier to Set Pace in National Effort

Need for heartiest co-operation among members of the American Legion was urged by Franklin D. Olier at a general meeting of legionnaires held in Porterville last week. Lewis Bracken, state commander of the American Legion, L. S. Albert, state commander of the Idaho Legion, and Carl DeLong, local commander of the Idaho Legion, were the guests of honor at the meeting.

"Cooperation is a national good is one of the basic and primary principles of the American Legion," Commander D'Olier explained, and upon this point he based his address at dinner and meeting held in the rooms of the Porterville Chamber of Commerce.

"The Legion," the speaker announced, "will not tolerate any manner in a controversy between capital and labor, the employer and the employee. It will stand for the maintenance of all at all times maintaining law and order."

QUOTES WILSON DICTUM FOR PEACE IN IRELAND
Sinn Fein Leader Says England Must Accept First of 14 Points

DUBLIN, (AP)—"Permanent peace can be arranged between Ireland and England on the basis of the 14 points explicitly accepting the first condition of peace laid down by President Wilson in a speech in New York on September 27, 1918, on the issue of the great war," said Arthur Griffith, founder of the Sinn Fein, to the Associated Press in discussing the Freeman's Journal's suggestion that Ireland is ready to accept dominion home rule.

JAPAN TO ADD TO MILITARY ARM IN KOREA

Unsettled Conditions in Peninsula Given by Tokio as Reason for Increasing Garrisons by 4,800 Men

TOKYO, (AP)—Japan will increase her garrisons in Korea by 4,800 men, owing to unsettled conditions, it was announced here today.

JAPAN REAFFIRMS POLICY TO ASSIMILATE KOREANS

SEoul, Korea, (AP)—Japan has no intention of changing its policy of Japanization of the Korean people and believes that assimilation will promote the welfare of the Koreans. It is declared in the semi-official press here today in connection with trials of Korean independence leaders.

Korean students from Japan who have been lecturing in Korean cities avowedly for the purpose of contributing to the education of their fellow countrymen, have been suppressed by Japanese authorities here on charges that the lecturers violated an agreement that they would not refer to Korean independence.

PRESIDENT RECOMMENDS ANNIVERSARY OBSERVANCE

Proclaims Event and Names the Pilgrim Tercentenary Commission

WASHINGTON, (AP)—President Wilson in a proclamation today "suggested and requested" that December 31 be celebrated throughout the United States as the tercentenary of the landing of the Pilgrims at Plymouth Rock in 1620, and appointed Samuel W. McCall and Richard Hooker of Massachusetts, and George Foster Peabody of New York as members of the pilgrim tercentenary commission.

In the proclamation the president recommends that the day be fittingly observed "to the end that salutary and patriotic lessons may be drawn from the fortitude, perseverance and the ideals of the pilgrims."

STRIKE BREAKERS RUN STREET CARS IN DENVER

Carry No Passengers and Repeat Attempts to Stop Operation with Gas Attacks

DENVER, Colo., (AP)—Three street cars, loaded with strike-breakers, were running today on the lines of the Denver Tramway company, whose one thousand trainmen are on strike for higher wages. No passengers were carried. The strike breakers were armed. Several times the crews attempted to stop cars by using carbide gas mixed with soap.

STERLING EXCHANGE STIFFENS AFTER ACUTE WEAKNESS

NEW YORK, (AP)—Acute weakness continued in sterling exchange at the outset today, demand bills declining 6 cents to \$35.60. The weakness was due to the unfavorable Polish situation and large offerings of bills.

The downward decline in sterling was checked abruptly in the late afternoon when demand bills sold 5 cents above the earlier low figure.

BEFORE THEY GROW BIG and annoying, classified advertising will solve your little worries. If you find it to your immediate interest to sell properly, classified advertising will enable you to cut out the worry which fear delay might occasion for you.

WHEAT TUMBLES AND REASCENDS

Market Closes Nervous at About Previous Day's Finish After Smash

CHICAGO, (AP)—Excited general selling brought about a sensational smash in wheat prices today. The market opened 8 to 13 cents lower with December \$2.10 to \$2.21 and March \$2.51. Most of the selling was said to come from country holders anxious to turn their wheat into cash. In a few minutes, however, the market rebounded as much as 11 cents in some cases.

The rush to sell appeared to be based largely on unfavorable financial reports, especially from the southwest.

In some cases as much as 141.2 cents a bushel was temporarily cut from values. March delivery falling at one time to \$2.18. Comparative steadiness, though, returned to the pit before the end of the first hour, with the market then about 1-2 to 5-8 cents under yesterday's finish.

Speculations that domestic millers were active buyers helped to strengthen the market later, and so to did reports of Canadian crop increases. Disparities of increased gravity of the European diplomatic and military outlook were also influential toward a reversal of sentiment. The early losses were virtually all wiped out, and the market closed nervous at about yesterday's finish, half a cent net lower to 1 cent advance, with December \$2.29 to \$2.30 and March \$2.52.

FUTURE WHEAT ADVANCES 14 CENTS IN ST. LOUIS

ST. LOUIS, Mo., (AP)—Future wheat advanced 14 cents a bushel on the Merchants Exchange here today, December wheat closing at \$2.20 and March at \$2.52, as compared with \$2.16 and \$2.18 respectively on Monday. There was no trading yesterday because of the primary election.

NEW RICH NOW NEW POOR

Japanese Word Connotes Alter to Suit Changes in Economic Situation

TOKIO, (AP)—When grocery clerks and apprentices about three years ago began to make fortunes amounting to millions, the Japanese coined a word to describe them: *Nariki-nari*, meaning to become; and *kin*, meaning money. Today, by the simple change of the "k" to an "i," which makes the original word read *Narihin*, his meaning poor, the Japanese found another word equally understood. The economic depression in Japan has changed many "new rich" into "new poor."

PRICE OF SUGAR LOWERS

Refiners Quote Product to San Francisco Jobbers at 320

SAN FRANCISCO, Cal., (AP)—Sugar continued its downward course when allotments of refined sugar to jobbers were made today by the California and Hawaiian and Western Sugar refineries at the price of 320 per hundred pounds. This is a reduction of 1-3-4 cents per pound from the last allotment.

RUTLEDGE IS TO BE HEAD OF INTERMOUNTAIN SERVICE

OGDEN, Utah, (AP)—R. H. Rutledge, district forester at Missoula, Mont., has been transferred to Ogden where he will be head of the intermountain district of the forest service. It was announced here in an official bulletin today. He succeeds L. F. Kneipp who goes to the Washington office of the forest service as assistant forester. Mr. Rutledge will remain at Missoula until the termination of the present fire season.

You will find the ads of your favorite store always interesting—which is to buy the right thing instead of the wrong one may mean to buy satisfaction instead of regret and vexation. Study the ads.

AMERICAN TRADE BALANCE SHOWS SLUMP FOR YEAR

Commerce with Europe Produces Unfavorable Balance of \$500,000,000, with South America \$400,000,000

WASHINGTON, D. C. (AP)—America's trade balance with Europe for the fiscal year just ended fell off more than \$500,000,000 compared with 1919, according to a report issued by the department of commerce, while trade with South America for the same period produced an unfavorable balance of nearly \$400,000,000.

Exports to Europe amounted to \$4,561,105,106, as compared with \$4,645,433,898 in 1919 and imports totaled \$1,179,460,000 as against \$372,951,310 for the previous year.

Imports from South America averaged \$869,944,300 compared with \$568,374,004 in 1919 while exports totaled \$1,094,941,175 as compared with \$400,990,501 in 1919.

Imports from Asia during 1920 amounted to \$1,366,009,105 and exports \$798,132,450.

Exports to Great Britain for the fiscal year totaled \$2,151,336,423 and imports \$24,050,493; exports to France \$716,811,630 and imports \$72,022,935; exports to Italy \$358,063,795 and imports \$92,420,177; exports to Belgium \$317,015,688 and imports \$29,748,408.

Exports to Australia amounted to \$1,071,140,518 exceeding those to any other South American country, while imports from that republic totaled \$257,783,111. Exports to Brazil were \$115,020,317 and imports \$18,217,794.

Exports to Argentina for the year amounted to \$20,429,000, exceeding those to any other South American country, while imports from that republic totaled \$10,700,000. Exports to Brazil were \$115,020,317 and imports \$18,217,794.

Warning Signs Not Heeded By Drivers of Cars

New Parking Rule Governing
Narrow Streets Violated—
Arrests are Ordered

When the city authorities a fortnight ago ordered enforcement of the traffic law requiring the parking of cars parallel with the curb on narrow business streets, they apparently did not anticipate that the enforcement would require employment of a special instructor for auto operators.

That an instructor for these operators has been necessary during the past two weeks, and the need for such service is great, now as when the enforcement was ordered was made known to the members of the city council last night by the mayor, who explained that violations of the new order are the rule rather than the exception. He stated that although large signs have been placed on curbs instructing drivers to park alongside the curb, many have taken half-hand-on, few, if any of the drivers see the signs, or if seeing, take no notice of them.

The council has decided to retain the instructor one week longer and at the expiration of his term of service orders will be issued for the traffic officer to arrest all persons violating the ruling.

SALMON COUNTRY CASES SHARPLY INCREASED

Judge Dietrich Hears Last Testimony in Old Suit—Appeal is Considered Sure

Testimony in the case of the Commonwealth Trust company, of Pittsburgh, against A. E. Caldwell, a settlor on the Salmon river project, was today completed in the United States district court at Boise. Persons interested in this controversy, which has been in the courts of the state for a period of at least seven years, and which has made considerable irrigation history, look for a reasonably early decision.

Most of the testimony from this district has been heard. The action is to recover the amount alleged to be due on contract between the builders of the project and the settlor on the land. The contract price of water rights and interest in the same was \$200,000. In a case recently decided in this court it was held by Judge F. S. Dietrich that the contract requirement was an average supply of two and one-half acre-feet of water.

In the present case the defendant, Mr. Caldwell, set up a counterclaim for crop damages covering a period of several years. This claim was disallowed except for the year 1919 on the ground that the defendant had not shown that at that date the water supply was not ample for the entire contract area.

The court in its decision on the counterclaim for crop damages, which was a permanent shortage in the water supply for the year 1919, found that the defendant had not shown that at that date the water supply was not ample for the entire contract area.

The rulings of the court in admitting certain evidence and refusing to admit other testimony seems to favor the counterclaim of the defendant, but only a proportionate part of the purchase price is due on the contract, and also his claim for the cost of clearing the land for cultivation.

Project Manager G. M. Hall today stated the case was "submitted very carefully with the view in mind of taking an appeal no matter what the decision of Judge Dietrich may be. Richards & Hays of Boise appeared for the plaintiff, J. R. Bolwell of Twin Falls and Sullivan of Boise for the defendant.

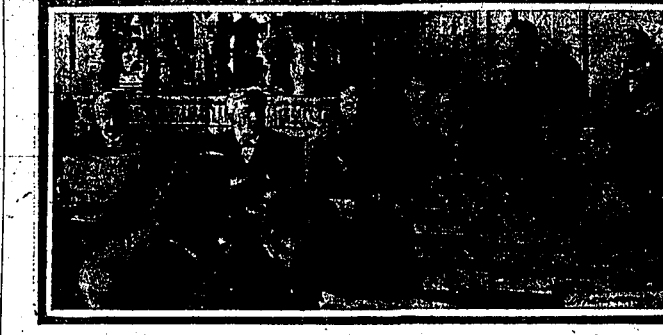

Witnesses called from this district for the plaintiff were Mr. Hall, project manager; E. B. Darlington of Jerome formerly engineer of the project; Nelson Hayward and C. L. Smith, land owners on the Salmon project, who were called to testify as to present values of property in the Salmon district, but who were not heard.

For the defendant A. E. Caldwell, J. E. Pohlman, D. E. Ryan, W. L. Malby and Rex M. Benschaff appeared as witnesses.

Twin Falls relatives have word of the marriage in Battle Creek, Mich., on July 19, of John C. Bangor, lodge rector, to Miss Mae Jones, of Britton, S. D. The honeymoon will be passed in Battle Creek, where the couple will live for a time.

VENDORS PRESS PERMIT DEMAND

Truck Gardeners Want to Build
Shacks—Quality of Goods
is Questioned

During the coming days of this week the members of the city administration will spend some time discussing building problems as these refer to granting permission for the erection of a series of small shacks to be used by vendors at the local market site on Shoshone street. What the final outcome of the discussion will be cannot be foretold, but judging from the attitude of the mayor and members of the council demonstrated recently in expressions of sentiment the permits will not be granted, at least not for the Shoshone street market site.

The question of early granting permits for the erection of iron buildings, justly presented more than a week ago by certain market gardeners, was fetched forth at Tuesday night's discussion gathering of the board of municipal legislators by Ed Vance, a gardener and distributor. Mr. Vance urged that quick and favorable action be taken in this matter, thus to enable market gardeners to establish their stalls for disposal of garden wares.

Furthering his purpose, Mr. Vance told the council that the establishment of a city market last year resulted in the delivery over the market counter of better quality goods at lower prices than could be obtained in the local retail stores. This statement was challenged by at least two members of the council. Alderman C. B. Channel charged that "cullied" stuff was disposed of at the market, and in this challenge he had the support of Alderman L. J. Breckenridge.

When the council members consider this question again it is eminently probable that the market will be removed to a more remote site so that the business section will not be affected by the erection of the small buildings proposed to be erected.

Home from Salt Lake—Mr. and Mrs. Harry Benoit have returned from a home vacation to Salt Lake.

Home from California—Thomas Costello has returned from California, where he spent some time with Mr. Costello who suffered from serious illness. He is reported greatly improved at this time.

Sprague's Health Improving—Letters to Twin Falls friends written in the past few days by George Sprague, of Spokane, Wash., where he is in the hospital, report that his health is improving.

Going on Northern Journey—Fred W. Meach, of the Closs book store, left Sunday afternoon for Spokane, B. C. He will be absent three weeks. The trip will be made by way of Portland, Seattle, Vancouver, Revelstoke and the interior of British Columbia.

Home from Boston—H. F. Hornbeck returned Saturday from a visit of about three months' duration with his mother at Boston.

Here for Visit—Miss Bonnie Holt is here from Idaho Falls for a visit with her sister, Mrs. E. B. Roly and Miss Harriet Sargent. She will remain about a fortnight.

Vacation is Finished—Miss Harriet Sargent, deputy in the juvenile office, returned to work today from a vacation of two weeks. She spent the greater portion of the time in Idaho Falls with relatives.

Break into Store—Citizen's Electric Supply company store on Main was burglarized Saturday night. No merchandise or cash was missing but the cash register had been broken into and badly damaged.

Building Permit—A permit for the construction of a residence to cost approximately \$4000 has been issued to P. R. Thompson. The building will be located on Newton addition and will be on a foundation 28 by 40 feet.

Suit is Filed—In the probate court Monday the Beneficial Life Insurance company filed an action against Alvin J. Allen, of Boise, for a promissory note for \$135.25. This amount is alleged

to be due on a promissory note given for a policy premium.

Licensed to Wed—A marriage license has been issued to Benjamin F. Barger and Amanda Smith, both residents of Twin Falls.

Women Call Meeting—The Women's auxiliary of American Legion will meet Thursday evening at 7:30 at the high school building.

Married in Gooding—Deek Weaver, aged 20, and Ida Moberly, 16, both residents of Buhl, were married by a justice of the peace in Gooding on Sunday evening.

Birth—Born to Mr. and Mrs. H. E. Hamquist of this city, a son, August 2, a son; to Mr. and Mrs. Richard Marcus, Fourth avenue west, Sunday evening, August 1, a daughter.

Concides Visit—Mrs. Mary Sutton, who has been visiting her brother, H. H. Gossett, for some months at Tuesday evening, August 3, a daughter.

On Vacation—T. F. Murray and Dr. M. E. Roly left Sunday for Yellowstone park and the Jackson Hole country for a two weeks tour. They will be joined at Pocatello by a brother of each who will accompany them on the trip.

Middle West Favored—Conditions of crops and commerce in the middle western states generally are exceptionally favorable, according to G. W. Shurt, formerly a Twin Falls business man, who returned Monday from a six week trip to Chicago and central Kentucky.

Joined the Navy—Lester Strickman, Homer Cox and Kenneth Wilson, of Buhl; Lloyd Price of Elmer, and Byron Brown of Texas, all volunteered for service in the United States navy and left in the afternoon for San Francisco by way of Seattle. They were accompanied by Mrs. Strickman, wife of Lester, and Mrs. Brown, wife of Byron, who have been on furlough in this district.

Going on Vacation—Mr. and Mrs. F. L. Williams left Thursday morning for a ten-day visit at Halley.

Return from Springs—Mr. and Mrs. George B. Easley have returned from a ten days' outing at Custer Hot Springs.

For Vacation Visit—Mr. W. E. Crozier and children left Wednesday for Minnesota, where they will visit relatives.

Here from Illinois—S. W. Schwamb of Blue Island, Illinois, arrived Tuesday and will spend some time here looking after his farming interests.

Birth—Born Tuesday night to Mr. and Mrs. D. W. Updegraff, a daughter, and children left Wednesday for the Boise-Payette lumber company.

Oil for Highway—The highway district has received another large consignment of asphaltic oil to be used on the penetration macadam roads between Elmer and Buhl. The oil has been delivered by the Buhl road.

On Old Stamping Ground—Joe F. O'Byrne, a former mining engineer of Idaho, is now an instructor in the Colorado School of Mines at Golden. He is in Twin Falls en route to Jarbidge where he will spend a month looking after business affairs. Mr. O'Byrne was married last month at Golden.

Has Appendicitis—J. D. Slinema, resident of this city, who has been in the Twin Falls highway district was Tuesday evening operated upon for the removal of the appendix. The operation, performed by Dr. J. P. Allen at 413 Fourth avenue east on Friday afternoon at 2:30. An interesting program has been prepared for the evening.

Leak Causes Damage—A water leak, said to have been caused through defective plumbing, has caused considerable damage to the basement of the United States hotel, and caused an amount of damage to the United States hotel, and caused an amount of damage to the United States hotel.

Mrs. A. L. Stevens was honored Monday evening on the occasion of her birthday with a surprise party arranged by her friends. A delightful evening was spent with games, music and refreshments.

The Missionary society of the Christian church will hold their regular meeting on the lawn at the home of Mrs. J. P. Allen at 413 Fourth avenue east on Friday afternoon at 2:30. An interesting program has been prepared for the evening.

Rea Jungel.

SOCIETY

The Business Girls on Thursday evening held a picnic at the home of Miss Alberta Simons on Kimberly road. A picnic supper was part of the outing schedule.

The Misses Mildred Boone, Grace Hankins, Florencie Meador and Mrs. S. A. Ross entertained at a miscellaneous shower Friday evening in honor of Miss Alice McMahon, of the Boone home on Third avenue west. Sweet peas were used for decoration and the evening was spent with music and games. Many beautiful gifts were shipped from an artificial pond by the guest of honor.

Mr. and Mrs. W. C. Hammond entertained at a dinner Friday evening at the home of Mrs. John, of Buhl, and Mr. and Mrs. Parker of Dubuque, Ia. at dinner Friday evening.

Mrs. C. H. Griffith was hostess to the Shamrock Club Thursday afternoon. After the business session the time was spent in making a paper read by Mrs. Dallas, and conversation. Late in the afternoon ice cream and cake was served by the hostess and daughter. The next regular meeting will be at the home of Mrs. Floyd Huff.

On Thursday evening Mr. and Mrs. J. C. Beatty celebrated their fortieth wedding anniversary with a family dinner. Their daughter, Mrs. O. A. Neighbors of Emporia, Kansas, and Mrs. M. and Mrs. C. N. Beatty and children were the guests.

Mr. and Mrs. Frank Kendall entertained at dinner Monday evening at their home in East. In addition, the guests were Mr. and Mrs. E. H. Halter of Kimberly, Mrs. Long of Richland, Ia., Mrs. Harry Mann and daughter Helen, and Miss Marjorie James of Nashville, Tenn., and Mr. and Mrs. George Hawley and John W. Kendall.

Deaths

At the home of his parents, Mr. and Mrs. B. B. Barnard Monday night Carlton L. Barnard died of heart disease. He was 33 years of age, unmarried, and had been ill some weeks.

Funeral services will be held at DeWitt's chapel at 10 o'clock Wednesday morning. Burial will be made in Twin Falls cemetery.

Decedent was one of the best young business men of Twin Falls. He was at one time purchasing agent for the Twin Falls Canal company and later connected with the Consolidated Vaguen Machine company as department manager. He resided with his parents at 427 Third avenue west.

Mrs. Francis Hill, aged 70, a resident of Texas, died Tuesday morning at the home of S. C. Turnpseed, 246 Fourth avenue east, where she had been visiting for some time. Her body will be taken to Dallas for burial.

At DeWitt's chapel awaiting word from relatives in Texas before arrangements for the funeral are completed.

GREENVILLE, S. C. (AP)—Pitcher Jess Doyle and infielder Bub McMillan have been sold by the Greenville club of the South Atlantic league to the New York Americans.

"Nothing Like It" says the Good Judge

A little of this real tobacco gives a man more satisfaction than he ever got from the old kind.

The full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often. That's why it costs you less.

Any man who uses the Real Tobacco Chew will tell you that.

CITY MAY TAKE TRIANGULAR POINTS

Expense of Paving Three-Cornered Property Spurs Council to Action

Planning a town on the bias may have its compensating features but it also has its drawbacks. And these, at the moment, seem to members of the city's administrative board, to far outweigh the desirable features.

The facts of the matter are the city, through the "queer planning of the town's arrangement at corner-cutting, it were, is in more or less of a muddle as to what to do with the many triangular lots and plots where the city streets and avenues encounter and merge with the north and south and the east and west roads of the square portion of the surrounding world.

High Paving Expenses. In recent days the city administration has met up with considerable protest from residents who own these triangular patches of property. The protest is not only a practical one but a financial one. These owners are face to face with the high cost of improvements toward the properties and in most instances they are casting about for a scheme by which some, if not all of the expense can be saved.

Showing out of these protests comes a municipal problem for which the administration finds itself forced to seek a solution. In some instances, owners of triangular lots have offered whole or part of their holdings to the city for park purposes. The council, however, toward the proposal and so advised Mr. Alvord.

Alvord Starts It. Monday night, C. A. Alvord, who has been considered the purchaser of a triangular patch of ground on Blue Lakes boulevard and Ninth avenue east told the council that he intended to sell to purchase the lot if the city would accept as a present a certain portion, which would relieve him of the responsibility of paving the triangular patch on the side of the lot. He offered this for park purposes. The council, however, toward the proposal and so advised Mr. Alvord.

Schemes Considered. Discussion with Mr. Alvord of the peculiar conditions with the triangular lots, as these features deal with the extraordinary expense attached to paving three sides of the property, led into a consideration of various plans for reducing this total cost, and resulting in a request for completed plans from the special paving committee. The committee, however, for curtailing the length of the triangular points and the inclusion of the present section of the plan.

This plan, it is pointed out, will reduce the angles and make for further safety in traffic operation.

It is pointed out for the city to take over the long angles, the shortest side being about 25 feet in length. A rounding curb would be constructed and paving brought to the curb. Action will be taken upon adoption of this plan, if it meets with public favor, at the next session of the council.

Cured of Stomach Trouble and Constipation.

Michael Cribble of Beaver Dam, Ohio, was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets," he says, "that I procured a box of them at our drug store to try. A few days treatment convinced me that they were just what I needed. In continued them for some weeks and they cured me—admirably."

DE VALERIA'S PLANS FOR WASHINGTON. (AP)—Senator De Valer, president of the "Irish republic" was at his office here today and his secretary said plans for the immediate leaving were indefinite. Asked as to reports that the Irish chieftain was planning to sail for Europe soon, the secretary said people were laughing at them.

MONTANA PIONEER SOCIETY TO MEET IN GREAT FALLS. (AP)—The Society of Montana Pioneers will hold its annual convention in Great Falls September 9 and 10. Former Senator Th. A. Clark of Butte is president of the society.

WOMEN RELIEF WORKERS PLAN TO QUIT POLAND

Failure to Negotiate Armistice to Result in Departure of 37 Polish-American Y. W. C. A. Agents

NEW YORK, (AP)—Thirty-seven Polish-American Y. W. C. A. workers in Poland are planning to leave the country in the near future unless an armistice is signed suspending hostilities between Poland and Soviet Russia.

A cable message received here today at national Y. W. C. A. headquarters from Miss Martha A. Chickering, of Piedmont, Cal., in general charge of the workers in Warsaw, read:

"All well. Leaving soon unless armistice." Follows Recommendation. The decision to quit Poland is understood here to be the result of a recommendation by the American relief administration in Poland that all women workers leave before the country is overrun by Bolshevik soldiers. It is probable that the workers will go to Danzig where the American relief organization is to establish a bureau.

Most of the Y. W. C. A. women, it was stated at national headquarters are either Polish paragon or Polish descent and came from throughout the United States. Most of them went into Poland months before the present conflict between the Poles and the Russians. They have been engaged in distributing food and clothing to civilians, particularly children.

Left to Miss Chickering. Actual decision as to when to leave Poland has been left to Miss Chickering, it was said at headquarters. No orders have been forwarded to her hope was expressed that it would not be necessary for the workers to leave because of the great need of Polish civilians for help.

FIGHT FIRE IN VESSEL LADEN WITH MUNITIONS

Captain and Crew of Transport Conquer Flames after Eight Days

HONOLULU, T. H., (AP)—For eight days and nights Captain Eugene McCarthy and the crew of the big United States army transport fought and finally conquered a fire in the ship's cargo hold, which was filled with munitions, shrapnel, grenades and bombs burst in all directions, it was learned here recently on the transport's return from Manila.

Smoke was seen first issuing from one of the forward hatches at ten o'clock at night during the ship's last voyage to the Philippines. The officer of the watch sounded a general fire alarm and water was turned into the hold, where 4,000 tons of ammunition of all sizes were stored.

"Explosions of munitions in one hatch were taking place every little while," said Captain McCarthy. The cargo there included shrapnel shells, hand grenades, detonating fuses, bombs and small arm ammunition. My men worked case after case examinations likely to explode at any moment from the hold and throw them overboard. The boxes were too hot to handle with bare hands so the men wore gloves.

Lieutenant Bowman, transport quartermaster, was overcome by powder fumes and was confined to his room for several days. "On several occasions I had to maneuver the Marica before the wind to keep the fire from spreading. On the eighth night it got so bad we had to leave the hold, batten down the hatches and turn on the smothering pipes. We fought the hold fire with water and two nights later the blaze was extinguished."

Captain McCarthy said the explosion occurred in the hold in March and he declared it as his belief that spontaneous combustion started the fire.

COX PREPARING FOR CEREMONIES

Democratic Nominee is Hard Pressed to Clear Up Affairs for Notification

DAYTON, O., (AP)—With his presidential nomination ceremonies only two days distant, Governor Cox, the democratic candidate, was hard pressed today with preliminary details and closing up Ohio executive and other personal affairs to be free for the campaign after next Saturday's event.

Many democratic leaders, including George White, chairman of the national committee, and Senator Harrison of Mississippi, head of the speakers bureau, were reported en route here for pre-nomination conferences. Hotels were filling up and more decorations were appearing.

Make-up of the special campaign committee and the speaking itineraries of Governor Cox and his ruling mate, Franklin D. Roosevelt, are the principal affairs remaining to complete the campaign organization.

To care for the crowds expected on Saturday, Dayton residents are being asked to throw open their homes to visitors over the weekend and also to donate automobiles to meet visiting delegations.

Arrangements at the Montgomery county fair grounds, where the ceremonies will take place, were well toward completion today, the temporary amphitheater for the notification and national committee, the press and distinguished guests being virtually finished.

W. W. LURED INTO TRAP SET IN WASHINGTON

Spokane Authorities Join with Federal Officers in Making Arrest of Alleged Delegates to Radicals' Convention

SPOKANE, Wash., (AP)—Teh mon, said to be delegates from Industrial Workers of the World locals of Washington, Idaho and Oregon, were arrested by county, federal and city officers who dispersed a gathering of alleged members of the organization at a point seven miles northeast of this city today. They were placed in the county jail here.

The officers who conducted the arrests declared that their action is "the beginning of a wholesale campaign to arrest members of the I. W. W. here during the next three or four days." The men were congregated near the highway in a shallow gully behind a large signboard. They were seated in a ring on the ground and offered no resistance to arrest. Officers were left on guard to arrest any other members who might appear later.

Under a court injunction members of the I. W. W. are prohibited from meeting in this county.

COURT LOCKS UP REPORT DURING LEAK INQUIRIES

Indictments Against 41 Leaders in Rail Strikes Returned in Chicago

CHICAGO, (AP)—Indictments against 41 leaders in the recent railroad strike which Judge Samuel Alschuler refused to receive yesterday because the names of those indicted had become public through a "leak," several hours before the federal grand jury completed its report, were returned today.

Judge Alschuler ordered the indictment of 41 unnamed individuals until investigation of the leak is completed. Reporters of afternoon papers who published the list of those indicted yesterday are to be subpoenaed, the court announced.

The published list named John Gruen and Harold Harding, presidents of the two new rail unions which called the strike, and a number of officers of the two unions in Chicago, New York, San Francisco, Columbus, Cleveland, Philadelphia and other cities.

HARBERT HOLMAN In the First Methodist church yesterday afternoon the marriage of Francis H. Harbert and Miss Hazel B. Holman, both of Twin Falls, was solemnized. The Rev. A. G. Bennett, pastor of the Methodist church, celebrated the double ring ceremony. The wedding was attended by relatives and close friends of the contracting couple. The groom is connected with his father, Willis Harbert, in the insurance business. The bride has been employed as clerk at the City pharmacy some weeks.

LICENSED TO WED. Marriage license have been issued in the past 24 hours to the following persons: Ralph H. Benedict, aged 20, of Rupert and Cordie Burton, 19 of Burley; to Francis Jewell Harbert, aged 20 and Hazel B. Holman, both of Twin Falls.

Stepladders. To keep the stepladder from slipping on either a polished floor or on smooth, put pieces of adhesive plaster on the feet of the ladder. This holds it steady and protects the floor from scratches.

Social Notes

Mr. and Mrs. M. J. Sweezy have as house guests Mrs. Sweezy's brother, Captain and Mrs. Quiley, of St. Louis. Captain Sweezy is a large stockholder and director of the Portland Sand and Cement company of that city, and is the oldest brother of the family. The two other brothers, Rev. Lyndon V. Sweezy, pastor of the Methodist church of Chappell, Nebraska, with his wife and son, LeRoy, and John C. Sweezy, an active business man of Clinton, Iowa, are coming over by automobile and are expected to arrive here tomorrow.

Two others, R. A. Stoum, of Sioux Falls, South Dakota, connected with the International Harvester company, and W. R. Stoum, chief engineer of the glucose works of Clinton, Iowa, and a sister, Mrs. H. S. Green, of Modera, California, are looking for in a few days.

The other members of the family live here. Mrs. Sweezy is the oldest. Mrs. Harry B. Lewis, well known in Twin Falls, at present employed in the book store, the youngest of the three girls, has been identified with the history of this tract almost from its beginning, having come here in 1897 with her husband, who died in California several years ago. The youngest son of the family is Alva A. Stoum, who came in 1908. For a time he lived on his ranch northwest of Buhl, but now, with his wife and two children, Mary and Joe, resides at Buhl, where he is a farmhand for the Twin Falls Canal company.

The children were all born at Albany, Illinois, where the family were pioneers. The father, Captain Charles Stoum, and the mother, Lydia, who for a time after the death of her husband made her home with Mr. and Mrs. Sweezy, at Twin Falls, and one sister, Miss Minnie Nicewonger, formerly of Dow City, Iowa have gone to occupy the home not made with hands in God's kingdom.

Everett M. Sweezy and wife, with their two daughters, Jean and Anna, are also present for the occasion. Everett Sweezy being the only child of the host and hostess. He went to Boise yesterday, taking with him his wife and his uncle and aunt, Captain and Mrs. Stoum, who were anxious to see

the capital city. All will return later in the week. Captain Stoum was here two years ago, being at that time in poor health, but his trip into the west, which was his first one, not only started him on the road to complete recovery, but made him as enthusiastic over this part of the country that he has returned. All now here are hoping that the others will be with them by the first of the coming week, when a trip to Stanley Basin, now being planned, will be made.

The Mountain View club held its last meeting with Mrs. Emma Klott. All present had a delightful afternoon, after which refreshments were served by the hostess. The next meeting will be at the home of Mrs. E. M. Jones Wednesday afternoon, August 11. A large attendance is desired.

Mrs. Kennedy Packard entertained at luncheon today in honor of Mr. and Mrs. L. M. Matterson, Madame Matterson and Dr. and Mrs. Johnson.

Mrs. A. W. Husted was hostess to the Wednesday Bridge club at her home on Sixth avenue north. The guests were Misses Mary Harger, George Leopold, Ernest White, J. C. Campbell, J. C. Moore, M. C. Putnam, F. H. Cox.

Not Nowadays. Ladies of quality originally were made either to protect their complexion or out of modesty to prevent them from being recognized while out of doors.

REPORTS INDICATE TWIN FALLS SECTION HARVEST YIELD IN EXCESS OF LAST YEAR

Here's a record that is hard to beat. D. F. Detweiler, owner of Hampshire Home ranch, near Filer, reports that out of his field of 45 acres of barley he received an average yield of 92 1-2 bushels per acre. When writing to your friends in other sections don't forget to tell them about this big yield of barley. Let them know that our soil is the kind that gives you bigger returns on your investment than any other section in the country.

HARDING FAVORABLE TOWARD RECLAMATION

Republican Nominee Assures
Furtherance of Irrigation
in the West

Giving a virtual pledge for the reclamation party, Warren G. Harding, nominee for the presidency, has written Fred B. Reed, of the Idaho Reclamation association, saying the party could be counted upon to maintain its former policy toward reclamation of the land.

"The republican party" was responsible for the reclamation work and you may surely count upon that policy being maintained in the future," Mr. Harding assures in his letter to Mr. Reed.

The letter is in reply to a communication addressed by the managing secretary of the Idaho Reclamation association to the republican nominee congratulating the latter upon his election by the G. O. P. and asking a word of encouragement for the reclamation plans of Idaho. The letter dated Marion, O., is as follows:

"It is with much satisfaction that I received and read your letter of July 10. First let me thank you for your congratulations and for the very good, frank and kind words which you have for me.

"I note that your Idaho Reclamation association number 10,000 members, and the object of it is to assist in the work of reclaiming the arid lands of your country. I think I am in the fullest sympathy and accord with this splendid proposition. In my speech of acceptance yesterday I had a brief word for this work, but you must not take the brevity of my reference for the extent of my interest.

"The republican party was responsible for the reclamation work and you may surely count upon that policy being maintained in the future."

RAIL RATES HEARING IN BOISE AUGUST 19

Utilities Commission Will Listen
to Arguments for
Against Applications

The application of the railroad companies operating within the state of Idaho for an increase in freight rates and passenger fares on interstate traffic to conform with the increases granted by the interstate commerce commission in its recent decision, will be held at the office of the commission, beginning August 19, 1920, at 10 o'clock a. m. Any person interested may appear at this hearing and cross examine applicants or witnesses in evidence in opposition to the application.

This information is contained in a general statement issued by C. J. Mahan, secretary of the Public Utilities Commission.

In Mountain-Pacific Classification Territory, the territory which is the state of Idaho is located, the interstate commerce commission increased interstate freight rates 25 per cent and interstate passenger fares 20 per cent, with surcharge on Pullman fares equal to half the Pullman charge. The increased rates became effective September 1, 1920. The interstate commerce commission took into consideration the decision of the United States Railroad Labor Board authorizing increase in railroad employees' wages of 25 per cent, but no increase in freight rates and passenger fares which it allowed.

DIVORCE IS ASKED

Charging cruelty and possession of an uncontrollable temper, Mrs. Hannah M. Wright is suing M. E. Wright for a divorce. Papers in the suit were filed in the district court yesterday by Bothwell & Chapman. The couple, according to the bill of particulars, married in Twin Falls on August 23, 1913. At the time the marriage was solemnized, the husband was a married man, with a wife and child, and the wife was a single woman. The husband, it is charged, was a violent and cruel man, and the wife was a weak and timid woman. The husband, it is charged, was a violent and cruel man, and the wife was a weak and timid woman. The husband, it is charged, was a violent and cruel man, and the wife was a weak and timid woman.

SKILLS TAKES BLAME

Sloan Skills, arrested with Thomas Moran and Walter H. Dean Monday on charge of illegal possession of intoxicating liquor, was yesterday given preliminary hearing in the probate court. Skills on arraignment Tuesday denied guilt. Yesterday he withdrew the plea and assumed responsibility for having the liquor. He has been held to the district court for trial. Dean and Moran, the latter a feeble old man, have been discharged from custody.

OFFICER MIXES NAMES

Due to an error on the part of Frank Milton, traffic officer, the name of Fred P. Hertz, appearing as defendant on a complaint charged with violation of the city traffic ordinance, No. 25. The name, it now appears, should have been Van Oredal. The latter was arraigned in police court and paid a fine. Mr. Hertz explains he has not been in town for two weeks. A young son of Mr. Hertz's, however, was in the car when the arrest was made, and, in fact, was driving the traffic officer's vehicle.

ANNOUNCEMENT

Dr. J. P. Myers, recently connected with the Chicago Post Graduate Hospital, has opened offices over Booth's Merc. Co. for the practice of medicine and surgery.

MONSTER BRIDGE IS SUGGESTED TO ELIMINATE LONG, HARD GRADE

Rim to Rim Structure of Cantilever Type, Crossing Snake Canyon Above Toll House Recommendation of Construction Engineer—Plan for Financing Submitted—Would Be 1,350 Feet Long; 467 Feet High

Construction of a cantilever type bridge to eliminate the long, hard grade in passing from the south to the north side across the Snake river is the proposal made by R. M. Murray, bridge construction engineer. Mr. Murray was yesterday giving details of the construction of the Hansen suspension bridge, and is engaged in a similar capacity for the city in the building of the Shoshone street structure over Rock Creek.

Mr. Murray's proposal contemplates the erection of one of the most important bridge structures in the history of the mountain region. It visualizes a steel crossing of the Snake river stretching from rimrock to rimrock at a point a short distance up stream from the present south side toll gate, the narrowest point available for bridging the canyon.

Important Structure.

The bridge would have a total length from bank to bank of 1,350 feet, being nearly twice the length of the Hansen bridge. The cantilever type of construction is contemplated with two heavy steel towers supported by concrete piers on the opposite sides of the stream, carrying the main weight. The distance between the towers would be 750 feet, the remaining length being distributed between the towers and the banks. From the surface of the Snake river as normal flow to the floor of the bridge the height would be 467 feet, more than 100 feet higher than the Hansen bridge. The total live load capacity of the structure would be, according to the engineer's estimate, 810 tons. The load capacity of the Hansen bridge is about 405 tons.

The exact point of proposed bridge is exactly 1,600 feet east of where the Blue Lakes boulevard, if prolonged, would intersect the canyon. Here the width of the canyon is about equal to the length of the structure proposed or 1,350 feet.

From this point west, Mr. Murray says in a general report connected with drawings of the contemplated crossing, to a point beyond Rock Creek outlet, the canyon is wider, very much wider, in some places. Eastward the canyon is wider until it reaches a point about half mile below Shoshone Falls. At this point the canyon is approximately 1,100 feet in width, and 556 feet deep. The only practicable type of bridge to be built on the canyon is a cantilever bridge, and to keep the cost of the same within reasonable limits it would be necessary to design for lighter loads than are now used. Estimates of cost for the cantilever bridge for Blue Lakes site. The length of span required for suspension bridge here would be 1,165 feet.

Wide Roadway.

In the design of the Blue Lakes bridge Engineer Murray has provided for a 24-foot roadway. This, the engineer explains, is slightly in excess of the requirements for traffic purposes, but on account of wind stress the greater width is allowed. Steel floor joists have been figured in the plans. The floor is to be of three-inch Douglas fir, supported by a covering with a wearing surface 1 1/2 inch in thickness, either bituminous or asphalt concrete. All frame work for the towers, trusses and bracing to be of structural bridge steel. Foundations for towers and anchorage of anchor arms are to be of concrete, resting upon or imbedded in solid rock. As lattice steel handrail for each side of the roadway, extending four feet six inches above the floor, according to legal requirements, is figured in the plans.

Estimates of Cost.

On three estimates this bridge could be constructed at an approximate cost of \$200,000. In maintenance cost the sum of \$200 to \$1000 per annum is allowed for painting, while it is estimated the replacing of flooring and wearing surface would cost not to exceed \$1700 per year; operator \$2400 per year; taxes and incidentals \$1000, making a total annual expense of \$16,000.

Since a sufficient fund from a general public source is not available to apply on the erection of such a bridge as Mr. Murray's plans contemplate, it is proposed to acquire one-half of the total cost of the bridge through stock subscriptions. The remainder be-

ing obtained by the sale of bonds in the enterprise. A toll gate would be established for revenue. Based upon the amount of traffic passing over the Hansen bridge the toll receipts for the proposed bridge would be \$100,000. Of this amount \$75,000 is calculated from automobile tolls and the remainder from other traffic.

Mr. Murray's plans were drawn last spring but have not been generally circulated, and no definite action has been taken toward their adoption by any particular body in authority. It is expected the automobile association will open proceedings which may lead to the final acceptance of these or other plans, and result in the construction of a high bridge over the Snake river at the point named by Mr. Murray as the most feasible.

CASTLE CREEK STRIKE OF ORE STARTS RUSH

Striking of an important ore vein in the United States Silver Mining company's property in the Rough Mountain district, Owyhee county, has started keen interest in the prospects of the district. A number of mining claims have been staked since the report of the strike, and a considerable rush is being made to the district, according to the county clerk's holding mining interests there. George E. Marshall, president of the company, and Fred S. Ring, a stockholder, have returned from a tour of inspection of the property from 200 to 300 ounces of silver.

NEEDS POSTMASTER

The United States civil service commission has announced an examination to be held at Twin Falls, Idaho, on August 28, as a result of which it is expected to make certification to fill a vacancy in the position of fourth-class postmaster at Hollister and other vacancies as they may occur at that office, unless it shall be determined by the commission to fill any vacancy by reinstatement. The compensation of the postmaster at this office was \$774 for the last fiscal year.

TO OCCUPY PULPIT

Announcement is made of the selection by Archbishop Howard Story, of the Episcopal diocese of the Bay, Mr. W. F. Edwards, of the church of the Ascension church services next Sunday morning. The clergyman will arrive in Twin Falls Saturday afternoon and will conduct regular morning prayer ritual Sunday morning. The local pulpit will be supplied each Sunday morning this month in the absence of the layreader, F. W. Meach.

NOTE IS INVOLVED

Suit has been instituted in the district court by Harry F. Allen and Wendell J. Allen, doing business, as the Allen Oil company, against Herman Walcott for judgment in the amount of \$10.50. This amount is said to be due on a promissory note given, it is claimed, to insure an account. Guthrie & Myers filed the complaint.

DRIVER IS WARNED

G. Gerard, a truck driver employed by the Warren Construction company, was arraigned in the police court yesterday on charge of driving his machine with the muffler open. He eluded extenuating circumstances and was discharged with a warning.

Twin Falls county taxes are high. Who pays them if not our own people and our home industries—adv.

Local Brevities

Back from Portland—Miss Peggy Wall has returned from a visit of several weeks at Portland.

Meeting Called—The Royal Neighborhood will meet at the I. O. O. F. hall Friday evening.

To Meet on Friday—Pythian Sisters will hold their regular meeting Friday afternoon at 8:30 in I. O. O. F. hall.

To Visit Relatives—Mrs. George D. Howard left yesterday for Greeley, Colo., where she will spend a month visiting relatives.

Fraternity Picnic—Members of Dan McCook circle, Ladies of the G. A. R., on Saturday afternoon will hold a picnic in the city park. The outing is open to friends of members. Supper will be served at 4 o'clock.

Change Time—Dan McCook circle, Ladies of the G. A. R., has made a change in the time for conducting business meetings. The order hereafter will hold its regular sessions on the third Wednesday in each month.

Body Sent East—The remains of Mrs. Fannie Hill, aged 70, who died at the home of her sister, Mrs. S. C. Turnipseed Tuesday, were last evening forwarded by the railroad to St. Louis, Mo., for burial. Mrs. Hill had been here about 10 days for a visit.

Buttons Not Received—Announcement is made at headquarters of the Red Cross of failure to receive Victory medals for army and navy men to whom these distinctions must be given. Mrs. W. F. Edwards, officer in charge, announces the buttons will probably not be received before October 1.

Prepare for Paving—Removal of utility poles and parking along one block of Second street north and Second street west is proceeding rapidly in preparation of the ground for widening the street and for paving. The thoroughfare will be widened 10 feet, five feet being taken from each sidewalk.

Building Permit—A permit to construct a theater building on Main avenue has been awarded the Twin Falls Amusement company. The building, according to the permit, is expected to cost \$75,000. Brick and concrete will be used in construction. The excavation is ready for the foundation walls.

Losses Mounted Fire—Reporting to the police last night E. F. English said thieves had divested his automobile of a tire and rim while his car stood in a lot in front of the Hotel Perine. Mr. English said he had just arrived from Pocatello and was registering at the hotel when the robbery was committed. The microfilm under the clamps that held the rim to the wheel.

DIVORCE PAPERS WITHDRAWN

Wolfe, Martin & Wade, attorneys, this morning filed in the district court a divorce action for Odessa M. Anderson against Ben M. Anderson. The papers in the case were withdrawn immediately after the filing. It is understood the principal charges preferred in the bill of particulars relate to the faithfulness to marriage obligations.
