

MILLMAN HOPES
FOR RELIEF IN
MOVING GRAIN

L. L. Breckenridge Says Freight Car Situation is Fault of General Conditions and Not Specifically that of O. S. L.

That the freight car situation with respect to shipments of wheat and wheat products in this section is the fault of general conditions and not specifically that of the Oregon Short Line or any other railroad is the statement of L. L. Breckenridge, manager of the Twin Falls Flour elevator, who has just returned from Salt Lake where he made an investigation of existing railroad conditions as these affect this particular section.

Expects Temporary Relief.
Mr. Breckenridge believes that temporary relief may come at any time, that freight cars will be available from time to time for freight shipments from Twin Falls and the other towns on the branch, but that permanent relief can be secured within any period less than two or three years he considers extremely doubtful.

The troubles of the railroads today as a whole are grouped by Mr. Breckenridge under three main headings: terminal facilities, lack of motive power and lack of manpower, and this condition is due directly to the fact that during the war period the railroads were made to equipment, no new terminal facilities were added, while railroad shovels were taken into army and navy, carpenters and mechanics were made to equipment, no new terminal facilities were added. At one period so great did this depletion become that the then director general of the railroads appealed to the government to put an end to a policy which was rapidly crippling all the lines.

Cases Grow Deep.
Referring down to local conditions, Mr. Breckenridge says: "I think it is not I am not trying to pass the buck to the Short Line in the matter of car shortage, but I am going to offer some facts as I find them. The cause of the present trouble goes deeper than the mere matter of the conduct or operation of any one railroad. The cause of fact I am inclined to the belief that the Short Line has done and is doing everything in its power to supply freight cars for the other railroads. But neither the cars nor the men to move them are available in any thing like the necessary quantity, and no permanent relief seems in sight. Until train crews are recruited up to full strength and the necessary engines and freight cars are built and the old cars repaired to the point where they permit of railroad service on the same planes which existed in the days before the war."

"During the month of August the Twin Falls Mill and Elevator company ordered for grain shipments at all its points of shipment in the United States, 1,400 freight cars. It actually received and shipped out a total of 16 cars. During the same month we ordered for the same quantity of grain, 1,400 freight cars, 25 cars which we received and shipped out. It is of course understood that many cars which will not do for the shipment of bulk grain can be readily used for barrels of flour and sacks of grain."

"Now here are some general figures which may be of interest because they shed light on the general situation. I am informed that the Oregon Short Line actually owns a total of 6769 freight cars of all kinds. On August 15 they had only 47 of these cars on their own line. The Oregon Short Line had a total of 3663 freight cars of all lines in operation on their own system. In other words, the Oregon Short Line is short of nearly half of the Oregon Short Line freight car equipment, or were on the date mentioned. This situation was before the war. The Oregon Short Line and the commission entered an order asking for the return of these cars at the rate of 35 cents per day. Very few, probably of the cars were actually been returned because neither the men nor the motive power is available with which to return them. In other words the shortage of grain car railroads as a result of the war is so great as to interfere with the carrying out of the business."

Railroads Lack Help

"During the last week in July of this year the average daily mileage of all cars on all the roads of the country was only 27 miles. The average daily movement of all cars on the Oregon Short Line during the first week in August is placed by officials of the company at 27 miles and that of the last week in August at 52 miles. Within the last week there have been freight locomotives lasting for days and both Green River and Glen Rose, Train made up but cannot be moved for lack of men to man them. Any man can obtain a job as a switchman on the Short Line, today, but not on the other railroads."

"During the month of August of last year a total of 35 cars of flour and 44 cars of wheat were shipped from some out of Twin Falls. In August of this year the shipments amounted to 23 cars of flour and 54 cars of wheat. These figures indicate that the shipments and all others from this point."

"I believe the public should know the facts in this matter and I am endeavoring to get the facts as they are said before, I am not inclined to blame the Oregon Short Line. The trouble with the railroads is not their fault as a whole and it is not their fault either."

CHURCH GIVES FAREWELL
DINNER FOR MINISTER

Dr. A. G. Bennett and Family
Guests of Honor at Enjoyable Function

The official members of the First Methodist church gave the Rev. Alexander G. Bennett and family a farewell dinner in the church Friday night. The new members of the board were also guests of honor. Mr. O. P. Ruse, president, and family were given by G. E. Duke, John S. Data, Dr. S. E. Lee, C. H. Shuman and Dr. William Fisher. Dr. Bennett spoke of the harmony that has prevailed in the official circle all the year and his appreciation of the support he has received. He prophesied great victories in the church here and the future under the leadership of the new pastor, Rev. Edgar L. White, who comes from Great Falls, Mont. Dr. Bennett's last service in the Methodist pulpit here tomorrow morning.

BUMPER CROP OF
CORN PROMISED

Government Forecasts Yield Six Million Bushels Above the Record

WASHINGTON, (P)—Corn prospects improved during August and promised on September 1 a crop of 3,511,000,000 bushels, the department of agriculture has announced. This is 1,000,000,000 more than indicated August 1, six million bushels above the largest previous crop on record in 1915, more than 200,000,000 above in last year and almost 400,000,000 above the five-year average.

The indicated yield per acre of 30.2 bushels has been exceeded but twice and then only by a fraction of a bushel during the past five years.

Drought and Bust Figure

Drought in northern Montana, North Dakota, Minnesota and the far northern part of Idaho has found the main belt of the north central states causing a loss in the prospective spring wheat crop during the month of August of 55,000,000 bushels to 667,000,000 being indicated. The reduction of 55,000,000 bushels reduces the projected total crop of winter and spring wheat to 3,511,000,000 bushels, which is 171,000,000 less than last year and 50,000,000 below the five-year average.

Cats Turn Out Well

Notwithstanding field damage to shocks of grain, the state's crop is turning out well, proving better than expected. The promised 1,442,000,000 bushels is 4,000,000 higher than last year and 1,000,000 above the five-year average but this prospect has been exceeded by the harvested crops of 1915, 1917 and 1919, that of 1919 being 1,490,000,000 bushels greater.

Government crop forecasts:
Spring wheat, 2,970,000,000 bushels.
Fall wheat, 770,000,000 bushels.
Total, 3,740,000,000 bushels.

Corn, 3,511,000,000 bushels; condition 85%.

Oats, 1,422,000,000 bushels; condition 85%.

Barley, 1,045,000,000 bushels; condition 85%.

Rye, 1,045,000,000 bushels; condition 85%.

White potatoes, 413,000,000 bushels; condition 85%.

Sweet potatoes, 105,000,000 bushels; condition 85%.

Tobacco, 1,534,000,000 pounds; condition 85%.

Flax, 11,800,000 bushels; condition 85%.

Hay (tame), 88,200,000 tons.

Hay (wild), 18,500,000 tons.

Apples, 223,000,000 bushels.

Peaches, 44,000,000 bushels.

Kaffir, 124,000,000 bushels; condition 85%.

Peanuts 38,900,000 bushels.

Beans (all states), 5,100,000 bushels.

Alleged Embezzler of Motor Truck from Johnson Auto Sales Company Wins His Freedom

C. L. Peterman, charged with embezzlement, was Thursday dismissed by order of W. A. Babcock, judge of the district court, upon accepting a writ of habeas corpus issued by the alleged offender.

Peterman was bound over to the district court by action of the probate court. He was taken to the Johnson Auto Sales company and upon this charge was arrested.

GONE TO CONFERENCE

Rev. A. G. Bennett left Tuesday afternoon for Canyon City, Ore., where he will attend the Idaho conference of the Methodist church.

PARADE OF UNIONS IS FEATURE
OF LABOR DAY'S BIG FESTIVAL

Gay Gathering of Workers Hold Street Pageant to Inaugurate Annual Festival—Addresses and Sports, with Carnival Fill the Day with Eventful Episodes—Moore Makes Good Talk

With a parade as the outstanding feature Twin Falls labor unions Monday celebrated Labor Day. The parade was conducted shortly after 10 o'clock in the morning and was participated in by nearly 500 persons. The marching bodies were attired and paraded in appropriate colors and flags and moved along a line that had been especially decorated for the event.

The parade, which formed at the high school and passed along Shoshone street to Main avenue, thence westward to Third street north, counter-marching again, was led by officials of the Central Labor body, and those of the Building Trades council. These, in turn, were followed by such bodies as the Women's Labor League, American Labor union, plumbers and steamfitters local No. 602, painters, decorators and paper hangers local No. 473, brick and block masons, and the International Brotherhood of T. O. G. and N. No. 638, barbers local No. 365, electrical workers local No. 630, culinary alliance, typographical union and the city fire department.

At the conclusion of the marching, a crowd gathered about the park bandstand for the speaking ceremonies of the day. The Rev. W. A. Moore gave the principal address, speaking upon the general topic, "Labor Day Problems." The need of dignity in the conduct of labor's business, and the general importance of the labor movement, were the main issues upon which the minister founded his address, which was listened to with rapt attention, and received with resounding applause.

The afternoon was given over to street activities and the carnival features of the day. The Rock Creek grounds, the carnival will hold forth throughout the entire week.

With a program of static engagements at the Lavering theatre, in which Gordon McKay, of Pocatello, and Romeo Hagan, of Boise, are the main attractions.

The committee in charge of the celebration was composed of the following individuals: Fred J. Myers, Building Trades Council, chairman; Nellie Parker, Central Labor union, secretary; A. S. Baer, Central Labor union, treasurer; Charles Brown, secretary of the culinary alliance; Chester Alder, Central Labor union, finance, assisted by J. Barkley of Carpenter's union; Charles Brown, Central Labor union, Mr. Bales, Building Trades Council; J. W. Hogen, Building Trades Council.

EVERY MASON CALLED
TO ATTEND FUNCTION

Invitations Out to All Craftsmen to Participate in Rare Entertainment

A "surprise party" is in store for Masons who attend a function to be given in the temple Thursday night of this week. It is in charge of a special committee under the leadership of Martin Dwyer. Except for the fact that there will be some short talks by members of the craft, and festivities around a well spread board, the program in its principal points is being kept a profound secret.

The meeting is in the nature of a reception for all Masons, whether they hold membership in Twin Falls or Timbuctoo, and preparations have been made for last Friday at least 400 square and compass men.

The committee has sent out personal invitations to all Masons, and each of these is expected to invite a Mason who holds affiliation elsewhere. The entertainment is planned for 8 o'clock and will include the inauguration of the lodge's activities for this season.

HARDING GIVES
SPECIFIC PLAN
TO AID FARMER

Declares for Larger Representation of Farmers in Governmental Affairs and Co-operative Market Associations

MINNESOTA STATE FAIR GROUND, (P)—An agricultural program designed to keep the nation self-sustaining and to improve the condition of the farmer was outlined by Senator Harding, in a speech Wednesday at the Minnesota state fair.

Details Specific Program.
In specific terms the candidate set forth his policy as contemplating the following steps:

Larger representation for farmers in governmental affairs, particularly with regard to trade and finance.

Establishment of a system of co-operative associations for marketing farm products.

A careful study of the world market for farm products with a view to stabilization of prices.

Curbing of unnecessary price-fixing in the case of farm products.

Restoration of railway facilities to a state of highest efficiency.

Revision of the tariff to protect American agriculture from unfair competition.

For Diversified Crops.
Both reclamation and intensive farming, the nominee said, would have their places in a development of the nation's agricultural resources to a capacity to produce an abundance of domestic food products.

He stressed the need for diversified crops and also declared it essential that rural industries be developed between grain and livestock production.

Deploping the drift of population from country to city, Senator Harding declared that the solution lay in the life of the farm and such an administration of economic law as would insure a fair balance between our urban and rural industries.

He declared that the celebration on the tenth day of the seventh month (Tishri) according to rites described in the book of the prophet.

These observances, it is said, will mark the first Jewish service of moment ever held in this city.

Yom Kippur, or Day of Atonement, will be observed next Sunday evening and Monday by the Jewish people of Twin Falls. The observance begins at 7:30 o'clock Sunday evening and will convene at 9:30 o'clock Monday morning.

The Yom Kippur anniversary is really the Jewish New Year, which is not observed by certain religious Jews, and is a fast day according to the Mosaic ritual which celebrates the anniversary of the seventh month (Tishri) according to rites described in the book of the prophet.

These observances, it is said, will mark the first Jewish service of moment ever held in this city.

PIONEER DENTIST MOVES TO HOME IN CALIFORNIA

Dr. O. F. Baker, who has since 1900 practiced his profession as a dental surgeon in Twin Falls, has sold his office and practice here to Dr. R. U. Baker, who is a graduate of the dental department of the University of Minnesota and left on Saturday to make his home in the future at San Jose, Cal.

Dr. Baker will join Mrs. Baker and their daughter at San Jose, and expects to resume the practice of his profession there as he has recovered from injuries suffered in an automobile accident in his recent return from California and resulting in temporary loss of the use of his left arm.

Dr. Baker's practice here during his recent absence in California, and are well and favorably known.

STEVENS GOES TO JAIL
FOR IGNORING SENTENCE

Failure to Leave Town within Time Set by Court Brings More Trouble

Through failure to comply with the order of the probate court of August 20, L. W. Stevens has been lodged in the county jail to serve out a 90-day sentence.

Two weeks ago Stevens was arrested on several charges, the principal count being drunkenness. He was given time to settle up his business in the city and then leave town. Upon agreeing to fulfill these terms he was released. His time limit having expired Stevens was Friday found in the city and brought before Probate Judge O. P. Duvall who sentenced him to a 90-day term in the county lockup.

THIEVES ENTER
GERRISH STORE

Burglars Content Selves with a Selection of Cutlery and Firearms

Thieves Thursday night entered G. W. Gerrish's store on Main avenue south and escaped with a small amount of merchandise. Entrance was effected through a broken window at the rear of the store. The intrusion was discovered by the proprietor, upon opening for business this morning.

Material stolen included a few boxes of cutlery, some cutlery and a few firearms, and the loss sustained by the store was comparatively slight. No trace of the culprits has as yet been found by the authorities.

About 10:30 o'clock last evening a Ford roadster, the property of J. T. Roberts, 538 Fifth avenue east, was stolen from the parking on Second street north near the Idaho Power company building. The car license is given as 38768 and the motor license as 3886202. The car has not yet been recovered.

STATE TAX BILL
SHOWS DECLINE

Twin Falls County to Pay \$18,868.65 Less Than Last Year to State Funds

Taxpayers of Twin Falls county this year will be called upon to pay into the state treasury \$18,868.65 less than they did last year, according to statement received by County Auditor C. E. Higgins from the office of State Auditor E. G. Gallet.

The total of state taxes paid last year by Twin Falls county property owners was \$187,333.23. This year the county's total tax bill for state purposes will be \$168,464.58. Excess state taxes included in these amounts last year amounted to \$2,027.89 and will be this year \$1,807.70.

This year's taxes will be collected against a property valuation which has been increased by the state board of equalization from \$25,741,193 to \$26,164,430. The increase amounting to \$423,237.00.

Increases of 20 per cent over the valuations as reported by the county assessor's office were made in the case of agricultural lands, business lots, sugar factory and sugar factory machinery.

Decreases of 10 per cent from reported valuations were ordered in the case of cattle, horses and sheep.

This year's taxes will be levied at six and one-half mills for purely governmental purposes this year \$18,868.65 as compared to \$20,676.00 in 1919, a decrease of \$1,807.35 from the amount raised in 1919.

HAGAN CLAIMS

Seattle Fighter Says Order for Clean Breaks Upset His Plan of Action

Showing a pliancy of evidences of causing that bring about defeat for a fighter Romeo Hagan, Seattle pugilist, depressed and somewhat discouraged, was about town Tuesday. His eyes are bloodshot, and there are various abrasions and contusions, black eyes and bumps that tell of hard squaring with Gordon McKay's mitts.

Hagan's most particular mark looms on the neck immediately below the left ear where the referee ordered a clean break. The blow that caused this mark set Hagan down for more than the count. It was not a punch to the head.

Hagan says he does not design to take any credit from McKay, but does complain that the rules were changed after the fight started and the ring officials to fight under rules that permit hitting in the clinches, or each man punch his opponent. These are the rules of fight between and the referee.

"I think I trained for this fight. After we entered the ring the referee changed the rules and the ring officials to fight under rules that permit hitting in the clinches, or each man punch his opponent. These are the rules of fight between and the referee."

PERSHING'S MAP USED IN FRANCE NOW IN MUSEUM

Chart Used by A. E. F. Commander One of Most Interesting Exhibits of War Collection at National Capital

WASHINGTON, (P)—One of the most interesting exhibits of the thousands in the world war collection now being gathered at the National museum is the "Order of Battle" map used by General Pershing in directing the movements of the American forces in France. The wall map, 8 by 10 feet in size, together with the wall, floor and furniture of the room in which it hung at American headquarters at Chateau, was transferred to the museum by the war department at the request of the general.

The map was brought to Washington and installed in the museum by the sergeant and three enlisted men of the headquarters staff who kept it correct and guarded it throughout the war. At Chateau the map, when not in use, was concealed by a sliding section of wall, which is installed in the same manner in the museum.

Gives Exact Situation.
The maps shown in a vivid fashion the exact situation at the hour the armistice was signed with reference to the strength and location of all divisions, both enemy and allied, on the western front, the correct battalions, the names and location of commanding officers and army boundaries. There also is a considerable amount of detailed information regarding the American divisions, as for instance the percentages of fresh and tired troops and the length of time the various units had been in the line or in reserve.

The war collection has already assumed such proportions as to make necessary some new arrangement for housing it. Many of the exhibits are now crowded into the ground floor of the new National Museum building while others are in the old building, and a few of the artillery pieces are in the open air awaiting the construction of suitable shelter. William DeO Raveland, the director of the museum, says Congress probably will be asked at the next session to provide a building for the collection which is of great historical value.

Plans Exhibit Large.
The airplane exhibit includes all types of American and French planes used extensively in combat, pursuit and bombing work abroad and several specimens of captured enemy machines. There are also on exhibition many types of airplane motors. In addition to the world war aviation section the museum contains the original Langley and Wright models.

The collection of American army medical equipment, furnished by the war department, includes the various types of operating and X-ray equipment used in base hospitals and field and advanced base stations, a large variety of surgical instruments, ambulances and military dental equipment.

One entire section of the collection is devoted to exhibits showing the inception and development of the gas mask. Other exhibits include the paper by 60-inch searchlights used in the field, the field artillery, machine gun and rifles of the uniforms, field equipment and medals of general officers, subordinate officers and private of all the allied countries and Germany and Austria. There also is a collection of articles manufactured entirely of paper by the Germans. These include paper twine, paper cloth, food bags, artillery packs, water buckets, blankets, kit bags, saddle bags, canteen covers and knapsacks.

Ambitious Undertaking.
Many other exhibits are being received daily from the army and navy and the director hopes to make the collection the most complete world war museum in existence.

TWO IDAHO NEWSPAPERS SUSPEND DAILY EDITIONS

Blackfoot and Pocatello Suffer of Curtailment of Activity in Publishing World

The Blackfoot News, a daily paper established some time ago, has gone into receivership and will be carried on hereafter as a weekly by William S. Parkhurst and Charles J. Lisle, who have been appointed by the receiver to straighten out the tangled skein of the paper's affairs.

This is the second daily newspaper in Southern Idaho to suspend publication within the past week or ten days, the Daily Herald of Pocatello having discontinued its daily edition in favor of the weekly field a few days ago.

RIO DE JANEIRO SEEKS HOUSE PROBLEM RELIEF

Federal and Municipal Governments are About to Take Action to Meet Shortage

RIO DE JANEIRO, (P)—Both federal and municipal governments are about to take action to relieve the shortage of houses here.

In the chamber of deputies a bill has been introduced providing for a special bond issue of \$400,000 for the construction of houses for working families. In the municipal council a measure was presented providing that all new houses built in the next two years be free from the usual municipal taxes.

The federal bill proposes the construction, under the municipal administration, of 20,000 houses in various districts of the capital wherever national or municipally owned ground is available. It is intended that the houses shall be sold to heads of working families, payment being spread over a period of 20 years. In addition, the bill provides for the construction of two huge apartment houses, for families and for bachelors, respectively, with complete modern conveniences and municipal installations, the rent being placed at a very low figure.

COX ELABORATES IDEA OF LEAGUE PEACE SECURITY

Democratic Nominee at Helena Outlines what He Declares are Practical Material Benefits of Covenant

HELENA, Mont., (P)—Arguments in behalf of the league of nations adopted to affairs of the west were presented here today by Governor Cox, democratic presidential candidate. He outlined what he declared were practical material benefits to flow from the league.

"It has recently been figured," said the governor, "that the cost of one battleship would reclaim two million acres of land."

Reaches Staggering Total.
"Multiply this by 45, the number of states adopting the plan of one battleship for each state, and you have a staggering total, and if properly applied, the answer to the problem of housing our cities, the answer to the question of increased production for sustenance of human life. The expenditure required in total would reclaim 150,000 square miles of waste. It would build ten permanently paved arteries, entirely across the United States."

"Think of this in terms of reclamation of arid and waste lands, if you will, and think what it would mean to have one million men, exclusive of thousands required in shipyards and ammunition plants, turning their activities to the production of the necessities of life rather than to employment in the creation of armies for the destruction of life."

Talks from Platform.
The governor's speech here, after a few rear platform addresses en route, opened the final day of his Montana campaign. He came here from Great Falls and was scheduled to speak later today at Anaconda and at Butte tonight.

In discussing reclamation, the governor also declared against "our present ill-considered system of reclamation projects."

"What we need," he added, "is a definite program fitted into a definite business administration and a program adopted by which, each year, there will be added for a public use a definite number of acres, under such provisions as will mean the early enlargement of reclaimed acreage and production."

Urging the league, Governor Cox told his Helena audience that the United States is looked upon "as a nation of quitters, self-prosperous and self-satisfied, while our associates and enemies are well as serving in Europe."

Plays "Senate Oligarchy."
"America cannot enter the period of prosperity to which we are entitled," he said, "until the doubt and distrust and the growing hatred against us, created by the apostles of hate in the senatorial oligarchy, have been removed."

Governor Cox also inveighed against a separate peace with Germany and urged world disarmament.

"Republican financing and the senatorial oligarchy" came in for more criticism and the candidate reiterated his proclamation of progress against reactionism.

MUNICIPAL COUPON BOND ISSUE AND SALE BY THE VILLAGE OF KIMBERLY, COUNTY OF TWIN FALLS, STATE OF IDAHO

Public notice is hereby given that the Village of Kimberly, in the County of Twin Falls, in the State of Idaho, intends to issue and negotiate the Municipal Coupon Bonds of said Village in the aggregate amount of \$14,707.18 for the following purposes, to-wit:

Municipal Coupon Bonds to the amount of \$14,707.18 to be designated "Municipal Coupon Paving Bonds" for the building and constructing of drains, grading, paving, curbing and crosswalks in the spaces formed by the junction of two or more streets or where one main street terminates or crosses another main street in Local Improvement District No. 3 of the said Village.

Said bonds will be issued in conformity with the provisions of Ordinance No. 21 of said Village adopted and approved on the 24th day of August, 1920, and subject to the approval of the qualified electors of said Village voting upon the question at an election to be held in conformity with said ordinance on the 27th day of September, 1920.

If the issue of said bonds is approved

by the electors as aforesaid, the bonds will bear date as of the date of their issue, will be redeemable at the option of the Village at any time after the expiration of ten (10) years from the date thereof and shall be absolutely due and payable in twenty (20) years after the date of their issue. Said bonds shall be issued in the denomination of \$1000.00 each, except bonds in the denomination of \$500.00 or \$1000.00 may be issued when necessary; the principal of said bonds and the interest thereon shall be payable at the office of the Village Treasurer or at the National City Bank, in the City and State of New York, at the option of the holder. Said bonds will bear interest at the rate not to exceed six (6) per cent per annum, payable semi-annually on the 1st day of January and the 1st day of July, in each year. The Chairman of the Board of Trustees and the Board of Trustees of the said Village of Kimberly will, up to Tuesday, the 28th day of September, A. D. 1920, at the hour of 8 o'clock P. M., at the office of the Village Clerk of said Village of Kimberly, in the Village of Kimberly, receive sealed bids for said bonds. All bids must be without condition as to legality and must be accompanied by an unconditional, verified check on a National Bank or Trust Company equal in amount to ten (10) per cent of the face value of the bonds bid for. Bidders shall state the rate of interest, not exceeding six (6) per cent per annum, on which their bids are based.

After ascertaining the best terms upon and the lowest rate at which said bonds can be negotiated, the bonds will be sold, but in no case for less than their par value and accrued interest at the time of disposal by the Village Treasurer under the general supervision of the Chairman of the Board of Trustees and the Board of Trustees of said Village of Kimberly. The Chairman of the Board of Trustees and the Board of Trustees reserve the right to reject any and all bids.

Fordson

TRADE MARK

Farm Tractor

More than 100,000 Fordson Tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand and more practical farmers have affirmed the economy—exceptionally low fuel and operating cost—of the Fordson; its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor; it is compact and devoid of excessive weight. And it is built of the same strong iron and steel as in the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come in and have a tractor talk. Give us the chance to make a demonstration on your own farm.

SOCIALIZATION OF INDUSTRY IS WORKMEN'S AIM

Extension of Soviet Principle to Industries of Italy other than Metal Factories Already Seized is Forecast

EFFORTS ARE CONTINUED TO REACH SETTLEMENT

Government to Act Only to Insure Order, Newspapers Say; Reports Indicate General Quiet Prevailing

LONDON, (AP)—Friday will be a critical day in the history of the movement of Italian metal workers which has resulted in the occupation of many large industrial plants in that country, says the Milan correspondent of the Herald, organ of labor. On that day the general confederation of labor meets in Milan; and if no decision is reached by then, the correspondent says immediate action may be taken by the workers.

"The ultimate aim of the federation of metal workers, as well as the confederation of labor," he declares, "is the socialization of industry, and this aim now almost within their grasp, may at any moment overshadow claims for wages. Friday may well see an extension of the soviet principle to other industries of Italy."

EFFORTS ARE CONTINUING TO BRING ABOUT SETTLEMENT

ROME, (AP)—Efforts continue to bring about a solution of the situation which has arisen throughout Italy as a result of the movement among metal workers to occupy plants in many of the most important industrial centers.

The government, it is said by newspapers, will not only to insure order, but also to bring about a settlement. Reports indicate the quiet prevailing at all affected centers, and that engineers, foremen and clerical staffs, at occupied plants, all refuse to join the workers. The fact that delegates from workmen and employers' organizations are in communication is regarded as favorable to an adjustment.

It is declared the majority of the metal workers are controlled by extreme socialists who are desirous of giving the movement a political character, but responsible leaders of the party are said to discourage such a policy. At many places the workers have announced that they are ready to enter into co-operative societies, which would undertake the direct management of works that have been occupied, pay rent which would be fixed by arbitration, and deposit the necessary guarantees.

WORKMEN CHIEF SOCIALISM AT SEIZED BOAT LAUNCHING

LEGHORN, Italy. (AP)—Workmen who have occupied the Orlandi shipyard here launched a protest against the Italian government on Wednesday. Black and red flags waved above it, however, as it slid down the ways into the sea. The crew, fully took the water, there rose deafening cries of "Viva Socialism."

WATSON WINS SENATORIAL NOMINATION IN GEORGIA

Critic of League of Nations Program Leads Opponents in Primaries

ATLANTA, Ga. (AP)—Incomplete and unofficial returns compiled by the Atlanta Journal today in the senatorial race in yesterday's democratic primary indicated Thomas E. Watson had won the senatorial nomination with 197 county votes or two more than the necessary majority of 195.

Incomplete returns from 120 counties in the gubernatorial race indicated that former United States Senator Hardwick had 172 votes, Clifford Walker 138, John N. Holder-12, and W. R. Brown, none.

The campaign for the senatorial nomination hinged largely about the league of nations. Opponents of Senator-elect Watson have been in outspoken critic of the whole league program.

Russian Delegates to Meet Again with Polish Representatives in Renewed Effort to Bring About Peace

LONDON, (AP)—Russian bolshevik forces fighting against the Poles south of Brest-Litovsk have evacuated the city of Hrudzovsk, 30 miles west of the Bug river, under pressure from Polish troops, says an official statement issued in Moscow yesterday and received here by wireless. The statement said bolshevik troops in that region have been withdrawn to the eastern bank of the Bug river. In the Lemberg region the statement says stubborn fighting continues.

POLISH TROOPS CRUSH RED FORCES ALONG RIVER BUG

WARSAW, (AP)—Successes by Polish troops against Russian-bolshevik forces along the Bug river are reported in an official statement issued here. It is stated that soviet forces operating between Kamionka-Strumynska and Brest have been defeated with heavy loss and that Polish troops have crossed to the eastern bank of the Bug and occupied Jankowka, crushing soviet forces concentrated in that vicinity. Prisoners numbering about 200 have been taken in this action. It is said.

Bolshevik columns attacking the Polish lines south of Brest have been repulsed by brilliant counter attacks and fighting continues between Cherdnow and Hrudzovsk. Polish forces which had been compelled to withdraw slightly in this section have begun a new advance. The situation along the Dniester river is calm, the statement declares.

RUSSIANS ARE READY TO RENEW PEACE NEGOTIATIONS

WARSAW, (AP)—Letvina has given the necessary guarantees to the Russian soviet government and as a result of bolshevik peace delegation will go to Riga to meet Polish representatives, Prince Sapieha, Polish foreign minister, was notified Wednesday by George Tschitcherine, Russian bolshevik minister of foreign affairs.

Seventeen officers and 250 men will leave. The troops were sent here following street car strike riots.

BRITISH SUBJECT MAKES ESCAPE FROM OUTLAWS

Johnson Evades Zamora Guards and is Protected by Federal Troops

MEXICO CITY, (AP)—Bertie C. Johnson, a British subject who was kidnapped by Pedro Zamora at Autlan on August 10, has escaped from the bandits and is on his way to Guadalupe under escort of government troops. It was announced at the war department last night. It was said that Johnson had escaped during a fight near Guacamachi, a village in the state of Jalisco.

GARDINER GAINS FREEDOM BY PAYMENT OF RANSOM

PULLERTON, Cal. (AP)—W. A. Gardiner, American citizen kidnapped by the bandit Zamora in the state of Jalisco, Mexico, obtained freedom through payment of a ransom, and not by escape as reported previously, according to friends of Mr. Gardiner. Mrs. Gardiner is visiting at a ranch near Pullerton, Cal. These friends based their statement on a telegram from the American consul at Mexico City which they said Mrs. Gardiner had shown them.

Today's Markets

New York Stock Market

NEW YORK, (AP)—The higher trend of prices in stock market today was traceable to the offering of the new French loan and lower rates for stocks. Sales approximated 400,000 shares.

Little change from irregular conditions was shown by the movement of prices at the quiet opening of today's stock market, although signs of further ease of money induced moderate short covering. American international was the strongest feature, rising almost one point and some of the steels, coppers and rails were fractionally higher, but otherwise slight recessions ruled. Assurances of the quiet opening of new French loan to be offered brought no relief to foreign exchange, British remittances again spalling.

With call money down to six per cent the market moved forward again in the final hour, United Fruit leading at a net of nearly 13 points. The closing was firm.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$90; first 4's \$95.25; second 4's \$94.70; first 4 1/4's \$95.20; second 4 1/4's \$95.00; third 4 1/4's \$94.60; fourth 4 1/4's \$95.32; Victory 3 3/4's \$95.40; Victory 3 3/4's \$95.38.

Grains and Provisions

CHICAGO, (AP)—Wheat ran up swiftly in price today, owing largely to bullish construction put on the government crop report. Besides, export demand for breadstuffs grain continued in volume. The rise carried quotations to the highest level that has been reached in some time. Opening figures, which showed a 1 1/2-cent gain with December \$2.46 to \$2.47 and March \$2.42 to \$2.43, were followed by a big further jump and then something of a reaction. Bolshevism advice that export demand at the seaboard was poor counted against the bulls. The close was unsettled 1 1/2 to 2 net higher, December \$2.46 to \$2.47 1/2.

Corn advanced with wheat after opening unchanged to \$1.28 lower, including December at \$1.22 to \$1.23 1/2, the market secured a moderate general advance, but then was inclined to sag. Later there was selling for elevator interests and the market became depressed. The close was nervous, 1 1/2 to 2-1/2 lower.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell when You Darken Gray, Faded Hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this simple mixture with a large bottle of the old time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be used by men to restore natural color and beauty to the hair.

A well known down town druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it does so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

COOLIDGE GIVES C. O. P. FOREIGN POLICY STAND

Declares Party Espouses Program Based on Recognition of Non-Isolation

PORTLAND, Me., (AP)—The assertion that the republican party stands for a foreign policy based upon a recognition of the fact that the United States is isolated was made here last night in an address by Governor Calvin Coolidge of Massachusetts, republican candidate for vice-president.

"Ever since this nation was established," Coolidge said, "it has never been isolated. Not isolated but independent, free, rendering service to all mankind, not on compulsion but in response to the national conscience. The republican party resents the imputation that it seeks to isolate this nation."

"I believe humanity would welcome the creation of an international association for conference," he added, "and a world scene of peace and order upon which all nations would be willing and able to uphold."

The address was delivered at a rally held in connection with the state campaign.

Discussing the refusal of the United States senate to ratify the peace treaty with the covenant of the league of nations as submitted by the president, Governor Coolidge said:

"In general the objection was the reluctance to incur either legal or moral obligations binding our government to act in accordance with decisions not made by itself."

Discussing reservations adopted in the senate he said that the president had rejected them and that Governor Cox had announced that he favored "going into the league."

On the contrary, he added, by his history, by the record of its senators who "twice voted to ratify the league with reservations," by the declaration of its platform approving the conduct of its senators and by the statement of Senator Harding, was not opposed to the principle of the league of nations.

HUERTA GRANTS DEMANDS OF RAILROAD STRIKERS

Tie Up of Traffic on Mexican National Lines Ends with Accessions

MEXICO CITY, (AP)—A railroad strike which virtually stopped traffic on the national lines for eight hours yesterday was settled last evening when Provisional President Venustiano Carranza granted three of the four demands presented by the strikers. It was expected train operation would be normal today.

Not a single train moved during the period of the strike, with the exception of those over the British-owned route between Vera Cruz and Orizaba.

The strikers secured recognition of fireman's and engineers' union with 75 per cent wage increase, a promise that pending pay disputes would be adjudicated and an agreement that expenses of delegates to the recent railwaymen's convention here would be paid.

The provisional president acceded to the demand for the removal of Francisco Perez, who was recently named general manager of the national lines.

Announcement was likewise made that virtually all the demands of the strikers in cotton mills, tobacco factories and shoe manufacturers in the federal district and Mexico City had been granted, and that the strikers had returned to work.

The announcement of the settlement of these strikes was followed, however, by dispatches saying that all cotton mill workers in states of Vera Cruz, Tlaxcala and Puebla had declared a strike. A widespread strike among agricultural workers in the state of Michoacan also was reported.

MECHEM IS NOMINATED BY NEW MEXICO G. O. P.

State Convention at Albuquerque Selects District Judge as Nominee for Governor

ALBUQUERQUE, N. M., (AP)—Meritt C. Mechem, presiding judge of the seventh judicial district, last night was nominated for governor on the third ballot by the state republican convention in session here, defeating Governor O. A. Larrazolo for renomination. The platform adopted includes recommendations for the executive, legislative and judicial branches of government; direct primary law for the nomination for all county candidates and the selection of delegates to district and state conventions; upholds the right of labor to organize; approves the policy of ceding the remaining public lands to the states; advocates more adequate compensation for school teachers and the repeal of the present maximum teachers' wage law; pledges the party's candidate for congress to oppose any change in the Volstead law; commends the service of Senator A. B. Falls and Representative B. G. Hernandez and the administration of Governor Larrazolo.

HARDING IS PLEASED BY TWIN CITIES RECEPTION

Regards Ovation as Expression of Sympathy with Republican Policies

ON BOARD SENATOR HARDING'S SPECIAL TRAIN, (AP)—On his way home from his campaign trip, Senator Harding, the republican nominee for president, today declared himself highly pleased by the reception by the people of Minnesota, who cheered his speech at the state fair on agricultural issues and greeted him in tumultuous fashion when he rode through the streets of Minneapolis and St. Paul.

"I shall not make the mistake of assuming that the great outpouring of people and the magnificent reception given us was merely a personal tribute," said Senator Harding. "It was more than that, and vastly more significant. It was the testimony that the people of this great state are completely in sympathy with the people of the country in determination to put America back on the main highway of nation progress and then to go ahead safely and along right lines."

"Perhaps the thing that most gratified me was the close attention with which the wonderful audience at the fair grounds listened to a speech that was intended to present a constructive program."

"It was not an appeal for applause, but a plea for thoughtful consideration of a great national problem."

MATTER OF ECONOMY.

The other day an Indianapolis lawyer took one of his women clients out to lunch. He, being discreet, decided to say nothing about the event to his wife. But the talking friend who always learns of such affairs told wife instead, and that evening he was divorced for this misdemeanor. (But you sometimes go out to lunch with men who are our friends, protested her husband, "and I don't object. I can't see why you should object. Now, what is the difference between your going and my going in this way?" "Why, the difference is in the bill," smiled the wife. "One way you save it and the other you pay it."

CAMERON HOLDS NARROW LEAD IN ARIZONA RACE

Phoenix Man Has Only 124 Votes more than Clark for Senatorial Nomination

PHOENIX, Ariz., (AP)—In what party leaders called the hardest fought primary contest ever held in Arizona, Ralph Cameron of Phoenix, today was leading E. S. Clark of Prescott, according to the latest available figures by only 142 votes for the republican nomination for United States senator as a result of the Tuesday state-wide primary election.

The nomination of Senator Marcus A. Smith, democrat, for re-election was conceded by his closest opponent, Judge R. C. Stanford.

With partial returns received from ten of the 14 counties, but covering more than three-fourths of the total vote in the primary Cameron had received 3118 votes as against 2976 for Clark. Thomas Maddock, of Phoenix, had received 1168, putting him in third place in the republican senatorial race with E. M. Robinson, of Flagstaff, 229. Scores of precincts, however, had not given figures for Robinson.

Mit Sims, present secretary of state, early today was leading Mulford Winsor by 1908 for the democratic nomination for governor. Sims' total was 11,703; Winsor's was 9730.

Figures on all candidates were incomplete. Returns telegraphed to Phoenix frequently omitted mention of various candidates and after election hours had closed the polls, sealed the ballots and dispatched them to county boards of supervisors there was no opportunity to obtain missing figures until the board canvases of the returns next week.

DOCTOR SAYS (McSWINEY IS MUCH WEAKER TODAY

Cousin Expresses Surprise at Finding Prisoner so Well; Thinks Crisis is Several Days Off

LONDON, (AP)—Lord Mayor MacSwiney of Cork, who is incarcerated in Brixton prison and has been on a hunger strike since August 12, passed a very bad night, and complained again this morning of dizziness, according to a bulletin issued early today by the Irish self-determination league. A physician who attended him considered him much weaker than he was yesterday.

The lord mayor was visited last night by Patrick MacSwiney, a cousin, who said he was surprised to find the prisoner so well. He expressed belief that the crisis would not come for three or four days.

The noon bulletin issued by the league stated that signs of atrophy of the skin had appeared and that as a consequence the mayor's arms were being massaged and bandaged.
