

## CONGESTION IN TRAFFIC WORST FOR RUMANIANS

**Railway Equipment Inadequacy Results in the Unparalleled Crowding Among Travelers; German Thefts to Blame**

BUCHAREST, Rumania, (AP)—If Americans feel that their subways, railroads and trolley cars are crowded conditions in Rumania and other parts of the Balkans are worse. Railroad traffic today in Rumania is so great that passengers ride on the roofs of every train by the hundreds. When the tops of the trains are so crowded that they can hold no more, the passengers cling to the running boards, ride on the bumpers and even on the under framework of the car. The fare is the same whether the passenger rides in a compartment or on the roof of the car. Accidents are frequent. Often when a train has entered a tunnel a number of passengers have been swept off the roof to their death.

The congested traffic is due to the small number of locomotives and the coaches available and to insufficient trackage. Most of the country's rolling stock was carried off by the Germans or destroyed. Some of the locomotives and cars have been replaced, but the number is far from adequate. A large American locomotive concern has contracted to send a number of engines here, taking in payment a quantity of oil.

There are at present less than 3000 locomotives in Rumania, including the newly-acquired provinces of Transylvania and Bessarabia. About half this number are in order. Most of them are

of German or Hungarian construction. There is such a shortage of passenger coaches that box cars often are used for the conveyance of the public.

The final trackage in greater Rumania is about 10,500 miles. This has to serve an area of nearly 300,000 square miles and a population of 18,000,000. Many of the steel rails are almost entirely worn out and the road beds are in need of major repairs. Rumanian railway officials say that American railroad men and engineers would do well to investigate business prospects in Rumania. Railroads must be constructed and other double-tracked. The country will require an enormous quantity of railroad supplies to re-equip and reconstruct the lines that suffered during the war. Bridges also must be built, tunnels cut and harbors extended.

## COX REFERS OBLIGATION TO WORLD'S CONSCIENCE

**Democratic Candidate Terms Covenant Bet on Morality of Humanity**

MIDDLETOWN, O., (AP)—Governor Cox was present here during an address in his native town regarding the moral obligation of the league of nations. He was asked whether the league council's decision would be a moral obligation in a great world question the world's conscience would determine action which would be right and effective.

"This is simply a bet on the morality of the world," the governor added. He declared that in a great world question "a message from God and from our conscience would be accepted."

Several thousand boyhood friends and acquaintances turned out in a rain to hear the democratic candidate who was born and reared in this vicinity. To an overflowing theatre audience the governor was introduced by Dr. T. A. Dickey to whom the candidate when a "weaver" delivered a speech.

"Get 'em on the run, Jim," a man

shouted as the governor began his lecture address.

"I think they're already there," the governor replied.

The league of nations was the main subject of the governor's addresses. He gave his league arguments and explanations in detail and also dwelled upon progressivism and prosperity, declaring that the latter never has been so great nor so diffused.

## HARDING CALLS TURN ON ADMINISTRATION CANARD

**Rebukes Intimation at Intrigue with the Activities in Russia**

MARION, O., (AP)—Before his departure Wednesday on his final campaign trip, Senator Harding issued another statement denying published reports that Washington Vanderlip was acting as his agent in certain activities in Russia. Circulation of the reports through the state department, he said, "the depths to which our one great department of state has fallen."

Senator Harding's statement follows: "I have noted the prominence given to my name in the press in connection with a Mr. Washington Vanderlip and his reported activities in Russia. I do not recall having met Mr. Vanderlip. He does not speak for me at home or abroad. I have no knowledge of his mission. I have no interest therein. It would be false, but I have any connection with him or his mission. It is utterly false that he represent me in any way."

The entire matter is relatively unimportant, except that it reveals the depths to which our one great department of state has fallen, and emphasizes the need of restoring it to the reliability and integrity becoming our great republic."

WELLS DENIES CORRECTNESS OF REPORT ON VANDERLIP  
LONDON, (AP)—H. G. Wells, the au-

thor whose name was referred to by Secretary of State Colby in reference to the visit of Washington D. Vanderlip, to Russia, has issued a formal statement to the press denying the correctness of reports made by Evans E. Young, United States commissioner for the Baltic provinces, stationed at Riga concerning conversations which Wells was reported to have had with Nikolai Lenin about Vanderlip's proposal.

Secretary Colby's statement, issued October 26, said the Young report stated that Lenin had informed Mr. Wells that Vanderlip had claimed to represent Senator Harding. Senator Harding in a statement denied knowledge of Vanderlip.

Doing foolish things seems to be human nature. Some eat too much; others sleep too much, or spend too much on clothes, or get mad too easily, or go into debt, and a dozen other things. Neglect of the teeth is perhaps the most foolish practice of all, for neglect means infection and decay, which in turn mean sickness and disease.

Wise people show wisdom by constantly caring for their teeth and letting a good dentist help them.

# FROZEN LAMB!

Is there much difference between a frozen lamb on an Idaho range and one that is refrigerated in Australia and sent here for your consumption, insofar as it affects your revenue or income?

# STATE RECEIVES SMALL SHARE OF WHOLE TAX BILL

BOISE, Idaho, (Special Correspondence).—That the people of Idaho are enjoying an economical state administration is evidenced by the latest federal statistics on the finances of the various states.

The actual cost of state government (general state purposes) is \$523, or but 4.6 per cent of the total tax; of the total tax, 10.6 per cent is for the purposes, as shown by the second paragraph of above table. This leaves but \$256 for general government, inside the state.

Mr. Castello therefore pays \$111.01 in taxes, but only 2.6 per cent or \$29.4 for the maintenance of the state capital, the University of the State, the Thurgood asylum, the North Idaho soldiers' home, the Soldiers' home, and all the various departments and offices of the state government.

The homely yardstick may be used to illustrate the distribution of the tax statement given above. The yard stick is the \$111.01, which will represent the total tax of \$111.01.

# CAMPAIGN COST TO REPUBLICANS IS \$3,442,892.32

National Treasurer of Party  
Files Report with Investigating  
Committee Covering Re-  
ceipts and Expenditures.

CHICAGO, (AP)—The republican national committee's campaign to elect Senator Warren G. Harding president will cost \$3,442,892.32, Fred W. Upham, national treasurer of the party, notified the senate committee appointed to investigate campaign expenditures in a report filed with the committee here today.

Of this sum \$3,042,892.32 had been spent up to the close of business Sunday, October 24, and Mr. Upham estimated the expenditures in the closing week of the campaign at \$400,000 additional. The report shows that \$201,388.98 was spent between October 18, when a report was filed with the clerk of the house of representatives in Washington, and October 24, the date of today's report.

**Explains Discrepancy**  
The total estimated cost of the campaign—\$3,442,892.32—is considerably in excess of the republican budget of \$3,079,037.20 presented to the senate committee at a hearing here last August.

Mr. Upham explained that the discrepancies covered the period from June 14 while the budget included only expenditures from July 1. About \$800,000 was spent between August 1 and June 14, Mr. Upham's office estimated, leaving the estimated disbursements from July 1 to November 8 approximately \$3,243,000, about \$180,000 in excess of the estimated budget.

Contributions received since June 14 total \$2,014,700.08, or \$128,185.24 less than the amount expended, Mr. Upham's report shows. Of the amount collected \$1,703,550.54 was devoted directly to the national campaign under the direction of the national committee. The remaining \$1,311,149.54 was returned to the states in which it was raised, in accordance with an agreement whereby the national committee solicited all funds for both state and national campaign purposes.

**More Big Contributors**

Since Mr. Upham presented his last report to the senate committee here on August 20, in which he showed that contributions exceeding the \$1,000 limit had been by Chairman Will H. Hays, there have been thirteen more such contributions from individuals. Two from clubs, today's report shows. The eighteen donations total \$52,470.30 and include Harding—Coolidge club, Tulsa, Okla., \$10,000; Hamilton club, Chicago, \$6,120.50; James B. Smith, San Francisco, \$5,000; S. G. Kennedy, Tulsa, Okla., \$5,000; William Becke, Tulsa, Okla., \$5,000; Thomas Vach, St. Louis, Mo., \$2,500; George M. Reynolds, Chicago, \$2,500; Howard and Helton, Abilene, S. D., \$1,500; and R. S. Lewis, Fargo, N. D., \$1,100.

In several instances members of the same family have given contributions of \$1,000 each. Mr. and Mrs. Chas. T. Crocker, San Francisco, and four other members of the Crocker family, and four members of the Spreckle family, also of San Francisco, are in this class.

**Nominee's Contributions**

Senator Warren G. Harding and Governor Calvin Coolidge, his running mate, each gave \$1,000. As did W. Upham, the republican national treasurer, and Charles P. Taft, of Cincinnati, brother of ex-President Taft. There are several several \$1,000 contributions.

Mr. Upham's office estimated there were approximately 50,000 contributors to the campaign chest. The smallest contributions listed are of 25 cents. There are thousands of 25, 50, 75 cent and \$1 donations. Eleven Chicago women gave 62 cents each; why, no one in Mr. Upham's office knew.

With his report, Mr. Upham filed a sworn affidavit under a series of written questions put to him by the senate committee. The affidavit sets forth that the "amount to be expended by the national committee for the further purposes of the campaign does not exceed the sum of \$3,442,892.32, which is the aggregate sum expended of the appropriation provided for in the budget of the committee."

**No Pledge for Deficit**

The report shows no pledge of aid to make up any deficit the party may incur after the election, but the affidavit states that "the committee does, however, contemplate the continuation of its campaign for the purpose of discharging its unpaid debts."

Answering the committee question, "Is there any agreement pertaining to the underwriting of obligations which may be hereafter incurred by the committee or its officers or agents?" the treasurer said there was none.

In response to another question he said:

"I know of no committee, associations, organizations or individuals who are contributing or who have promised or agreed to contribute to the financial aid and prosecution of the campaign for the election of president, vice president, or members of the United States senate or of the house of representatives, other than the republican national committee, the national congressional committee, the national sectional committee, and the individuals who have contributed to the national committee, and whose contributions have been detailed in the accounts heretofore filed, except the regularly organized committee of the party within the various states."

## Today's Markets

New York Stock Market

NEW YORK, (AP)—Leading stocks broke sharply today on the largest trading of a recent session. Extreme losses in oils, steels, equipments and specialties ranged from 2 to 4 points. Sales approximated \$90,000,000.

Trades sold quite freely at the opening of today's stock market, assuming a more aggressive attitude on the unexpected delay in the settlement of the British coal strike. Oils, steels and equipments were again most susceptible to pressure, shipbuilding, rails and specialties also yielding. Mexican Petroleum broke 2 points in the early dealings and Royal Dutch fell 1 3/8. Bethlehem, Chrysler, Lackawanna and Republic Steels forfeited large fractions with American Locomotive and Baldwin locomotive. Atlantic Gulf, International Paper, International Agricultural preferred, Chandler Motor, Retail Stores and American Sugar also were reactionary.

Short covering checked the decline in the last hour, some of the popular favorites among oil and steel making material recovery. The closing was irregular.

**Grain and Provisions**

CHICAGO, (AP)—Bearish contentions that the farm strike had not developed to the extent which had been looked for did a great deal apparently today to bring about a new setback in wheat prices. Delay in British strike settlement negotiations counted also as a depressing factor. The market closed unsettled, 3 1/4 to 1 3/4 net higher, with December \$2.07 1/4 to \$2.07 3/4 and March \$2.01 1/4 to \$2.01 1/2.

Corn sympathized with the action of wheat. After opening 1 1/8 to 3 1/4 lower, with December \$1.14 to \$1.14 3/4 the market declined a little more.

Reports that Nebraska farmers would burn corn this winter instead of being turned later to stiffen prices. The close was firm at the same as yesterday's finish to 1/8 higher with December \$2.38 to \$2.12.

Oats weakened owing to the fall of other cereals, settling unchanged to 1/4 lower, December \$3.78 to \$4, and continuing to descend.

**Cash Quotations**

Windmills are not used in any great extent in Mexico, because the "madriles" blow them over. It is thought that a windmill of low construction with a wide base would overcome this and might prove very popular.

Behind the Woman, the world-old power of captivating beauty and alluring manners. "The Yellow Typhoon" they called her in the Orient because of the wreckage she left in her wake—simple men who saw not her tigerish heart.

# BRUINS DELIVER BITTER BLOW AGAINST HOPES OF BURLEY FOR SOUTHERN IDAHO CHAMPIONSHIP

Clint Evans' Machine Tears Gaping Holes in the Sturdy Defense of Cassia County Eleven for a Total Score of 63-0 — Home Goal in Danger Only Once Throughout Most Gruelling of Contests

Continuing the battering tactics so successfully carried through against the Buhl and Piler teams the Twin Falls Bruins yesterday hammered at and plunged through the Burley line for five touchdowns, compiling a score of 63 points against nothing for the Cassians. The game was played under ideal conditions and before a record-breaking audience.

Coach Clinton Evans' sturdy defense won all the way but met with stubborn resistance to the ultimate whistle. Yesterday's game, like predecessors played on the home field under Miracle Man Evans' guidance, was a contest of straight football by the Grizzlies, except on rare occasions, when the tactics of a sturdy toe were employed to drive the invader away from the domestic goal line.

**Fight to Finish.**  
The score in no way explains the bitterness or the stubbornness of the game. No other team has withstood the sturdy and relentless battering directed against it by the grueling Grizzlies as the Burley eleven did yesterday. It is true that on a number of occasions members of the invading host went down and out before the mighty surge of the Evans men, but always they were reserves to fill the breach and wage the warfare against the defenders with renewed animation.

Again it was a case of condition counting, for there was not an ounce of aversion in favor of the Twin Falls eleven, although claims are made that the Cassias average four pounds less to the man. The Grizzlies, despite this assertion, looked the sturdier and heavier men yesterday. Approximately 15 minutes was taken out of the game last by Burley when its number was unable to continue. In direct contrast to this stands out the fact that not a second time has been taken out of the game on account of hurts in any one of the Bruins.

**Shining Stars.**  
Newman, Fix, Phipps and Epler are the stars of yesterday's tilt. Newman especially earning right to honorable mention. This sturdy quarterback time and again plunged through the defense of the invaders seldom failing to make gains with the ball. Epler made the sole run for off sides, carrying the ball down the field for 60 yards to a touchdown. Little Cliff Fix plunged through the line on one occasion for a 35-yard gain before he was tackled. Phipps carried a perfect flying interference from the side, this performance never failing to mass the opposition in struggling swirl while the locals carry the ball over for gains.

**The Play.**  
The Bruins kicked off and in a few minutes of play Burley lost the ball on defense, being unable to penetrate the defense of the locals. Twin then began a ground march down the field and Fix took the ball through the line for 50 yards run to the first touchdown.

Twin kicked again and Burley lost the ball on defense. The Bruins were penalized five yards for off sides and the next down time was taken out for Burley. Twin Falls lost the ball on defense. Burley fumbled and the Bruins staged another march down the field on line plunges averaging about six yards on each down. Finally Phipps carried the ball through the line for the second down and ended the first half.

On the third kickoff the ball was switched up and down the field in Burley's territory until she lost it on a fumble and the game was over for the third down.

Twin Falls kicked off again and after a few moments an argument ensued. Then goals were changed at the quarter. Twin Falls lost the ball on defense the Cassias fighting like wildcats. Burley punted on the five yard line. The Bruins were penalized five yards for off sides but made yardage on a next pass which Epler grabbed off and at most got away with. Time was taken out for Burley and then Fix went through the line for the fourth down.

**In Home Territory**  
Burley chose to kick this time and had the ball in Twin Falls territory for the first time in the game. Burley lost the ball on defense. The locals punted on the next down after Burley received the ball she punted back. The Bruins muffed the catch and only succeeded in stopping the ball on their 20 yard line. To make up for this they carried the ball to the 45 yard line in two downs and the whistle blew for the half.

**Second Half**  
At the beginning of the second half Burley kicked off and on the second down Newman made a beautiful drive of 50 yards for the fifth touchdown.

Burley kicked off again and the half was switched up and down the field for a time, then the Bruins got into action, marching the ball down the field on a series of line plunges and Newman went over for the sixth count.

Burley kicked off again and after a few moments of play the Bruins' interference opened the Burley line and Hertz went through for the seventh down on a 60 yard run.

The Grizzlies received Burley's kick and the ball was rushed up and down the field. Fix making 35 yards on a neat end run. Goals were changed for the last quarter and after some play Hertz went through the line for a down, the eighth time.

The easterners kicked again and the ball was worked up and down the field with Burley fighting hard to prevent another score. However, another grand march went down the field and Phipps carried the ball across the line for the ninth down. This practically ended the game, the final whistle blowing soon after the next kickoff.

**Visitor Succumbs.**  
Burley was somewhat crippled by the absence of her stellar backfield man, Wesley Doe. The line-up sent in by the teams was as follows:

Twin Falls. Burley.  
Taylor.....Left End.....Nelson  
McAfee.....Left Tackle.....Homer  
Patterson.....Left Guard.....Karlson  
Denton.....Center.....Bruss  
Bailey.....Right Tackle.....McKee

Epler.....Right End.....Parr  
Phipps.....Full Back.....Johnson (cap.)  
Newman.....Quarterback.....Haycock  
Hertz.....Left Half.....Calletti  
Fix.....Left Half.....Ferguson

Jones of Twin Falls was head line man. Bennett of Twin Falls and Bischoff of Burley assisted. Nafziger of Twin Falls and Case of Burley were linekeepers. Leroy Omer of Eden was referee and R. H. Vaughn of Jerome umpire.

Frank R. Gooding, Senatorial Candidate, to Appear—Singers Engaged

Former Governor Frank R. Gooding, candidate for senatorial honors, and F. Bailey Lee, a Burley attorney and noted orator, will address the principal addresses on political topics at a final C. O. P. rally meeting to be held in Buhl Saturday night. Plans of an extraordinarily entertaining nature have been made for this occasion, which is expected to prove the most jousting of all conventions of this nature ever held in that city.

Besides the speaking, which is expected to prove of more than ordinary interest to all voters, a musical feature has been arranged by the committee in charge, the Twin Falls Opera quintette composed of Miss Sara Thomas, Miss Emma Smith, Miss Mary Hampton, Harry Harritt and Elmer Olsen, having been engaged to provide special political and popular selections during the meeting. All the local candidates will also appear and read the session at Buhl, the entire having a place on the platform.

The closing C. O. P. meeting of the campaign, locally, will be conducted in the high school auditorium Monday night with R. W. McClure of Salt Lake, secretary of the National Wool Growers' association, providing one of the main addresses of the evening. Shad L. Hodgins, chairman of the county republican committee, will also address the assembly. Mr. McClure is expected to speak most particularly with reference to questions of tariff and kindred issues, while Mr. Hodgins will dwell upon questions closely connected with state and county politics.

Prior to this meeting the Twin Falls band will give a concert on the principal streets beginning at 7:30. After an hour's program the band will lead the crowd along Shoshone street to the high school. The Twin Falls Opera quintet will provide music as a part of the indoor program.

Tonight the republicans will hold a meeting at Clover, with H. J. Bennett and Shad L. Hodgins delivering addresses. The meeting will be conducted in the Clover school house.

THE PUBLIC IS CORDIALLY INVITED

### To the Public--

We have decided to close our place of business Friday afternoon at five o'clock and devote the next two days to fumigating and renovating the place.

We are taking this course to clear the shop of a weevil which we find in a batch of eye flour we received from outside.

We will be open again on Monday in a perfectly sanitary place, which it has been our aim to have and maintain at all times.

During these two days out products will be on sale at the Rockdale Store.

Yours for perfect sanitation.

## The Eyes of School Children

should be thoroughly examined by a competent optometrist.

Your child may have normal vision, but may be suffering from severe eyestrain which is a constant drain upon the nervous system.

We can relieve that strain by prescribing the proper correcting lenses.
