

CANAL COMPANY BIG SUBSCRIBER

**Twin Falls Watering Concern
Takes 100,000 Acre Feet
at American Falls**

With the Twin Falls Canal company the largest subscriber 405,370 acre feet of water have been applied for from proposed American Falls storage reservoir, according to a report just completed by the U. S. Reclamation service. In this report announcement is made of the formal approval given the contractors by John Barton Payne, secretary of state.

The amount pledged by the Twin Falls Canal company is 100,000 acre feet, which is 20,000 thousand more than the second highest, the Bundeil irrigation district, at Thornton, Idaho. The smallest amount subscribed is 500 acre feet by F. H. Churchill of Idaho Falls.

The list of subscribers, with amount taken is appended:

Blackfoot Irrigation company, Blackfoot, Idaho, 20,000 acre feet.
Aberdeen-Springdale Canal company, Aberdeen, Idaho, 37,500 acre feet.
Rudy Irrigation Canal company, Ltd., Rigby, Idaho, 50,000 acre feet.
New Sweden Irrigation district, Idaho Falls, Idaho, 25,000 acre feet.
Snake River Valley Irrigation district, Shoshone, Idaho, 30,000 acre feet.
Woodville Canal company, Idaho Falls, Idaho, 50,000 acre feet.
Sunnyside Irrigation district, Thornton, Idaho, 80,000 acre feet.
Twin Falls Canal company, Twin Falls, Idaho, 100,000 acre feet.
Murtaugh Canal company, Twin Falls, Idaho, 20,000 acre feet.
New Lavande Ditch company, Blackfoot, Idaho, 40,000 acre feet.
Peoples Canal & Irrigation company, Moscow, Idaho, 10,000 acre feet.
Lemont Canal company, Ltd., Archer, Idaho, 9,000 acre feet.
Martin Canal company, Idaho Falls, Idaho, 750 acre feet.
Idaho Irrigation district, Idaho Falls, Idaho, 25,000 acre feet.
Corbett Slough Ditch company, Blackfoot, Idaho, 10,000 acre feet.
Butte & Market Lake Canal company, Roberts, Idaho, 9,000 acre feet.
Burgess Canal and Irrigation company, Idaho Falls, Idaho, 5120 acre feet.
Enterprise Canal company, Ltd., 6,000 acre feet.
F. H. Churchill, Idaho Falls, Idaho, 500 acre feet.
Antoine Potvin, Idaho Falls, Idaho, 1,500 acre feet.
Harrison & Irrigation company, Rigby, Idaho, 10,000.
Mr. and Mrs. M. Eugene Hoyt, Sunnyside, Idaho, 1,500.

SKIDMORE CANNOT BE LOCATED BY OFFICERS

**Man Wanted on Charge of
Grand Larceny is Missing,
Authorities Declare**

Minions of the law have sought in vain this week for Earl Skidmore, whose presence in the district court is required by the county prosecuting attorney. Skidmore, according to authorities, appears to have left the country for a place at present unknown to the officers.

Skidmore is wanted to answer a charge of burglary, being jointly accused with McKinley Tipton with grand larceny. Tipton, it is noted, has admitted guilt and is held in jail awaiting arrival of the time for receiving sentence. Tipton on arraignment pleaded not guilty but in the district court yesterday changed his pleading and is said to have admitted the offense. He will be held as chief witness against Skidmore in case the latter finally brought back here for trial. He was released on bail.

WIENEMAN IS HELD TO DISTRICT COURT

**Aged Man, Accused of Murder, Waives
Preliminary Hearing—No Bond**

J. P. Wiennemann was arraigned in the district court yesterday on an aver charge of murder in the first degree. He pleaded not guilty and waived preliminary examination. Judge G. P. Clegg bound the prisoner over to the district court for trial. Option of bond was withdrawn by the court. Wiennemann is held in custody of the county for killing his son-in-law, Irving E. Kelsey, by shooting him November 7. After the shooting the defendant surrendered to the authorities. He claims extenuating circumstances.

WALSH ARRESTED

Raymond Walsh was Monday arrested at Hansen for authorities at Wilson, Wyo. Walsh is in the county jail and is said to have issued a number of bad checks. He is said to have been arrested according to official statements, that he will make good the checks if the amount is made known. The arrest was made by Deputy Sheriff Robinson.

JUDGMENT FOR PLAINTIFF

In the case of J. H. Moore against Dr. R. A. Parrott, argued in the probate court yesterday, the court rendered judgment for \$75 in favor of the plaintiff. The suit involved alleged damage to a well drilled cable

INDUSTRIAL SCHOOL STUDENTS FARM WELL

**Excellent Crop Yields Result
from Labor of Institution
of Young Men**

Intensive farming efforts carried on by students enrolled at the Idaho Industrial Training school during the past season have resulted in the harvesting of a worthwhile crop of various sorts of vegetables.

According to the Gen State Argus, the Idaho Industrial school, which carries all the news of the institution, a crop of a little more than 5000 bushels of potatoes has just been harvested. The school farming industry, in addition to the potato results, has given the institution about 5000 squashes, 300 bushels of onions and several thousand cabbages. The school also has a large crop of turnips, parsnips and other varieties of lesser vegetables.

EAGER BIDDING FOR CITY BONDS

**Denver Concern Takes Local
\$95,000 Issue at Top Price
After Keen Fight**

No more spirited bidding has ever been conducted here for any local securities issue than was Monday witnessed in the demand by household agents for the Twin Falls city paving and fire apparatus issue. The successful competing house was Keeler Brothers of Denver, at par value with accrued interest.

The company represented last night by George Keeler, will take the entire issue of \$95,000 delivered in Twin Falls, deducting only the sum of \$100,000 for furnishing bonds and expenses accruing from handling.

ONE SEALED PROPOSAL

Only one sealed bid was submitted covering this \$95,000 securities proposal this being sent by three firms jointly, Taylor, Keeler, & company of Denver, Hensworth, Chanute & company, Denver, and the International Trust company of Denver. This bid was for par and accrued interest, but also contains attached certain conditions, which in addition delivery at Denver and right to submit all proceedings to the secretary of the corporation. The company also demanded a bonus of \$1072 for furnishing the bonds and expenses.

KEEN DEMAND

Proposal to dispose of the bonds brought out the fact that city officials of the form offered by the Twin Falls city administration are in considerable demand and auction bidding followed substantial for sale. Oral contracts were made by Keeler, Taylor & Brothers; E. R. Sherwin for Peris & Hargrave, Spokane, and J. A. Gilmore for Ralph Schmeckel, of Portland, Ore. This in this manner, competition the bids were finally sent up to 98 1/2, which bid was offered by Mr. Keeler. He was the only bidder who went the price to par and in interest, the award being made to his house on that basis. Mr. Peris guaranteed the printed bonds here within 30 days.

ANNUAL DINNER PLANS ALREADY CONTEMPLATED

**Salvation Army Officers Preparing to
Dispense Season's Cheer**

The Salvation Army plans to give Thanksgiving dinner, Christmas dinner, Christmas tree and winter relief to the needy of the city and county. The men, women and children who have been helped by the Army so far, and any other that may be found in need, are invited to the Christmas dinner, which will be given at the city hall, on December 23, at 7 o'clock. The dinner will be given at the city hall, on December 23, at 7 o'clock. The dinner will be given at the city hall, on December 23, at 7 o'clock.

INJUNCTION ISSUED

A temporary injunction was ordered by Judge W. A. Babcock, of the district court, against L. C. Roberts and favoring L. M. Miller. The latter is a tenant on the land owned by Roberts. The complaint in the case charges that Roberts has used force, or which the plaintiff alleges he has, to prevent the latter from feeding his hay until the case is investigated. E. L. Ashton appeared for the plaintiff and E. V. Larsen for the defendant.

FORCLOSURE ORDERED

Judge Babcock yesterday issued a decree of foreclosure against the property of P. Freeman and others, in a foreclosure suit involving a mortgage on property securing the sum of \$1295.51.

BOLD HIGHWAYMEN CARVE UP MAN FOR RELIEVING HIM OF CASH

**Ira Treadwell, Severely Cut About the Chest and
Body, Reports Loss of Earnings when Two
Mexicans Attack Him on Highway North of
Kimberly on Friday Evening**

Highwayman Friday evening not only robbed Ira Treadwell of all his money, but added physical pain to the financial injury. They took his earnings and then slashed him with knives so seriously that he was in Twin Falls in care of a physician. The bandits Treadwell is a farm worker and has been employed during the season on a ranch a short distance north of Kimberly. Yesterday evening he relates how he was waylaid on the country road to Kimberly to make some purchases to supply his needs. He carried about \$10 in his wallet. As he neared Kimberly he saw two men on horseback a little way ahead of him. He was

promptly a lonely spot about half mile from Kimberly two Mexicans, unmasked, stepped from the shadows and attacked him. They slashed him about the chest and arms with pocket knives and while one held him helpless the other searched his pockets for valuables, obtaining possession of the filled wallet.

After the robbery the men disappeared into the darkness, leaving Treadwell to shift for himself. He went to Kimberly where his distress was reported to the town marshal, and by the latter to Sheriff A. N. Sprague. By this change of train he was taken to Kimberly and brought the injured laborer to Twin Falls for medical care. Treadwell has been able to provide authorities with a fairly good description of his assailants.

IMPROVEMENTS MADE IN TRAIN SCHEDULE

**Better Connections Afforded at
Minidoka O. S. L. Main
Line**

Improved connections at the Minidoka junction for trains on this branch feature a change in a new time table effective at 12:01 Sunday morning. By this change train No. 38, which has been reaching Twin Falls at 12:45 a. m., railroad time, will arrive at 12:10 railroad time, or one hour later than Twin Falls time. In addition the train will connect with main line train No. 10, thus bringing eastern passengers into Twin Falls one hour and thirty minutes earlier than the old schedule. Traffic from the east heretofore has reached this place on the afternoon train. Train No. 38 will leave Minidoka at 9:25 a. m., railroad time.

No. 19 is said to have been made a change of schedule through improvements in the main line schedule, which has eliminated all, or most, late stops for this line.

No. 156, reaching Twin Falls at 5:45 a. m., will arrive in Minidoka at 7:50, making connections with trains 18 and 19, thus giving branch passengers additional connections through Minidoka on the old schedule.

BUTTER FROM TESTED COWS TO BE LABELED

**Inspector Urges Scheme for the
Protection of Producer and
Consumer**

That two-thirds of the dairy cows located in the Twin Falls district have been subjected to the tuberculin test, is the fact that the end of the season all dairy stock will have been so tested, is the announcement officially made last night at the session of the board of health by W. A. Babcock, city meat, milk and slaughter inspector.

Falcon's announcement concerning the health condition of cattle in this district was made in connection with a report on butter being sold in Twin Falls. He urged action on part of the council, as a protection for consumers and producers alike, toward having all butter from tested cattle so labeled. For those producers who have a large supply of butter wrap their hands in the rubber stamp of a rubber stamp to announce that the contents were from healthy dairy stock.

ATHLETIC ASSOCIATION MADE BY BUSINESSMEN

**Arrangements Completed for Holding
Classes in Gymnasium Training**

With D. L. Robey in charge classes in gymnasium work will be held at the city hall each Tuesday and Thursday beginning tomorrow evening. The classes are for business men and were organized at a meeting of aspiring, overworked business men, members of the chamber of commerce Wednesday evening. At this meeting the following officers were elected:

W. L. Johnson, president; W. J. Passer, vice president; J. L. McCreary, secretary; treasurer. The finance committee is composed of Oscar Newman, Dr. P. Passer and L. M. Campbell. The organization is to be known as the Twin Falls Business Men's Athletic association.

ALDERMEN PREPARE FOR LEGAL CONTEST

**Administration Denies Permit
for Construction of Service
Station**

Without a legal battle the city administration will not permit the construction and operation of an oil service station on property owned by John A. Bevercombe near Washington school. The members of the administrative board.

The property involved in this dispute is a triangular section of land on Shoshone street, between the school and Eleventh street. It has been wanted by the Continental Oil company for a service station and a week ago a representative of the company applied for right to construct such an institution as Mr. Bevercombe now asks privilege of building. The application of the company was rejected just as was that of the owner Monday night.

When Mr. Bevercombe applied to the city clerk for a building permit covering the construction of the service station he was accompanied by an attorney who is said to have conducted the technical details of the application. The city clerk, Blue Ladd, however, last night was that the Bevercombe application for permit was more subterfuge to circumvent the wish of the administrative board.

The members of the board, expressed by the members of the board that danger to children attending the school in the area of the station, and the operation of such an institution as the oil company and Mr. Bevercombe contemplated.

JURY GIVES VERDICT IN CASE OF MRS. BENT

**Coroner's Inquiry Finds Kim-
berly Woman's Death Self-
Inflicted**

A jury, impaneled by Coroner J. P. Grossman, Thursday afternoon returned a verdict in the case of the death of Mrs. Calvin H. Bent, who died suddenly at the Bent ranch home, near Kimberly, early this week. The jury found that Mrs. Bent had committed suicide by taking poison.

Witnesses called to testify were the husband of the dead woman, Calvin H. Bent, who told of discovering his wife in death agony; Harry Bent, 16, son of the deceased, who gave evidence in the presence of bi-heredite tablets in the home, and the condition of his mother when he was called by his father into the house. Mrs. Bent, who told of finding Mrs. Bent dead when he reached the house in response to a call from Harry Bent, and E. R. Dooler, city and county chemist, who conducted an analysis of the contents of the stomach.

An empty bottle, identified as having contained the bi-heredite tablets mentioned in testimony, has been found in an out-house on the Bent ranch since the death of Mrs. Bent.

Reports of this violation of domestic sanctity have been made to officers.

In addition to gazing through windows the paper is said to have stationed himself in darkened spots in residence districts where, suddenly appearing, he has caused dire fright to the occupants.

The offender is said to have been seen most frequently in the vicinity of Fourth and main streets and Second street, playing between a church hall and the high school. He has also been seen far out on Third avenue east.

Warning Given to Watch Out; Peeper Abroad

**Window Watching is Favorite
Diversion of Man Authori-
ties Want**

Twin Falls has a "Jack the Peeper." The authorities are on his trail and may land the offender in a night or two.

The "peeper" has been plying his nefarious business in various parts of town for the past fortnight or three weeks, according to reports. He is said to have been seen in various darkened spots of vantage overlooking uncurtained windows through which his prying eyes observe all the goings-on in the homes of the city.

INTEREST INCREASES IN NURSE DEPARTMENT

**Miss McGrath Tells of Greater
Cooperation in Work—She
Has Scheduled**

The work in the public health department of the Twin Falls Red Cross chapter, in charge of Miss Rosetta McGrath, grows more and more of school advances. Miss McGrath has visited each of the following schools one or more times during the month of October: Kimberly, Mason, Elmer, Hargrave, Murtaugh, Hanson, Berger, Hollister, Amsterdam, Rogerson and Curry. During her visits at these schools she has given 21 talks to pupils in open class, has examined 122 children. Among this number she found 83 with defective teeth, 61 with enlarged tonsils, eight with defective vision. These were referred respectively to dentist and physician. In several of the schools visited and measuring children to determine the extent of malnutrition noted in numerous cases.

Miss McGrath reports deeper interest being taken in her work among the children, in the presence of the different schools of the mothers, who had been advised ahead of time of her coming, and who were more than willing to cooperate with her in her methods of public health work. She found time during her work in the schools to make five visits to homes of pupils, in order to get in closer touch with parents of children with whom she was working. Much good is resulting from this close attention, and in one family where three children were suffering from enlarged tonsils, she was pleased to have the report that two had been cured by their local physician within ten days from date of her visit.

CITY ADMINISTRATORS ORDERED INTO COURT

**Must Show Cause Why License
Should Be Issued to J. A.
Bevercombe**

In the case of John A. Bevercombe and the city of Twin Falls, the city clerk of Twin Falls, in which an order is sought to compel the clerk to issue a permit for the erection of a certain building in the city of Twin Falls, interpreted, Judge W. A. Babcock has sent out a writ of mandamus ordering the defendants to appear in court at 9 o'clock on Monday night, November 27, to show cause why the permit cannot be granted.

The action, which was instituted in the district court last week, grows out of an attempt on the part of the Continental Oil company to establish an oil service station on property near the Blue Ladd house on Shoshone street north, an application for building permit to this end having been denied 10 days ago by the city council.

The Continental oil company, from whom the company proposed to make purchase, Mr. Bevercombe made application for a permit soon after the denial of the building permit. The second request being denied by the city council at last Monday night's meeting.

TELEPHONE COMPANY MAKES IMPROVEMENT

**Addition Constructed for the In-
stallation of New Phone
Equipment**

The Mountain States Telephone & Telegraph company has just completed a brick addition to the local branch plant to provide room for additional equipment planned to double the size of the present switchboard. This latter will be installed without delay, according to local officials of the company.

Working with respect to the additional space Manager C. J. Green to day stated that the business of the branch had increased to such an extent that the present switchboard had become an essential necessity. He stated that if any delay is now experienced in installing the new switchboard, the failure of the manufacturers to lay down the material required promptly. The additional switchboard is planned to take care of all new extensions of subscribers' stations for some time to come.

SUGAR COMPANY SUES ITS VICE PRESIDENT

**Oswald Wilson Defendant in Action
Involving \$150,000 on Note**

In an action filed in the district court by Porter & Witham, the Idaho Cooperative Sugar company has formerly president of the company for \$150,000, said to be due on a promissory note. The paper, it is said, bears date of September 1, 1920, and has not been taken up.

According to the complaint the note was given for stock subscribed by the defendant, an attorney fee of \$5000 is also asked in judgment. Mr. Wilson is still connected with the executive board of the company, having been elected vice president at the last annual meeting. At present he is absent from Twin Falls.

CHAMBER OF COMMERCE DIRECTORS STILL WANT A CHANGE MADE FOR IDAHO

Directors of the Twin Falls Chamber of Commerce are in no wise satisfied with the ruling of the interstate commerce commission on the question of Pacific time for this section of Idaho. The directors, at an organization meeting Friday night were unanimous in sentiment against the ruling and authorized further action in an effort to bring about establishment of Mountain time for Idaho.

Last night's meeting was the first to be initiated, were the affairs of the chamber of commerce since the election session. A number of matters of importance to the city and district were up for discussion.

One of the feature points taken cognizance of, and against which action is to be initiated, was the alfalfa quarantine, which now affects the entire state of Idaho, when it is related, only a few isolated couples should be affected. Twin Falls could be quarantined from the rest of the state. It is pointed out that although alfalfa grown in some counties of the state shows weevil contamination, it is not necessary to quarantine the entire state. An attempt will be made to have the ban placed on the state as a whole and placed against alfalfa from one source only.

Reclamation legislation was given consideration with a view to getting more action for irrigation of waste lands in Idaho.

RULING ON TIME POINT AT ISSUE

**Chamber of Commerce Directors
Still Want a Change
Made for Idaho**

Directors of the Twin Falls Chamber of Commerce are in no wise satisfied with the ruling of the interstate commerce commission on the question of Pacific time for this section of Idaho. The directors, at an organization meeting Friday night were unanimous in sentiment against the ruling and authorized further action in an effort to bring about establishment of Mountain time for Idaho.

Last night's meeting was the first to be initiated, were the affairs of the chamber of commerce since the election session. A number of matters of importance to the city and district were up for discussion.

One of the feature points taken cognizance of, and against which action is to be initiated, was the alfalfa quarantine, which now affects the entire state of Idaho, when it is related, only a few isolated couples should be affected. Twin Falls could be quarantined from the rest of the state. It is pointed out that although alfalfa grown in some counties of the state shows weevil contamination, it is not necessary to quarantine the entire state. An attempt will be made to have the ban placed on the state as a whole and placed against alfalfa from one source only.

Reclamation legislation was given consideration with a view to getting more action for irrigation of waste lands in Idaho.

PARK BUYING PLANS ARE NOT ENCOURAGED

**City Administration Tables Two
Proposals Involving Acquir-
ing of Areas**

Delegations of businessmen, bearing separate proposals involving sales of property to the city of Twin Falls, Monday found the administrative body in the throes of a period of "financial blues." Neither proposal got consideration warranting assumption that the city board will spend any municipal money on the schemes.

The proposals submitted are for the sale to the city of two park sites; one of them a tourist area known as Locust park, and the other the Twin Falls Athletic association's baseball enclosure. Both offers were tabled.

Several weeks ago Ascher B. Wilson, president of the Twin Falls Chamber of Commerce, and Newton B. Wright, secretary of the chamber, petitioned the local city administration to arrange for the purchase of Locust park for a four-acre baseball enclosure. The purchase had been proposed in part the past season for like purposes. At that time the plan was given interested consideration.

When the baseball enclosure was suggested that the athletic enclosure be taken over by the city for park purposes. Both proposals were renewed last night by delegations representing the city and the athletic enclosure.

An ordinance formally closing a portion of Minidoka street near the O. S. L. was presented for adoption. The ordinance, providing for the street to be closed in regular form. The property is to be used by L. I. Benoit.

Congressman Addison T. Smith, appearing before the council, covering expense connected with repairs to a building he owns on Shoshone street south and Third avenue. Damage to the structure is alleged to have been caused by leaky and defective water main. Mr. Smith repudiated a former claim which he said was exorbitant, and was declining to sue for the same. The matter is to be investigated.

Upon presentation of a final report by W. H. Hoffeltz, special paving engineer, on paving repair work done by the Warren Construction company, a bond of \$5,000 was ordered released. Orders were issued for the construction of a cement walk diagonally through the street, provided against the same under direction of Engineer Hoffeltz.

An application, submitted by W. C. Wyckoff, for the position of city engineer, was not acted upon. Resignation of Frank Milton, as mounted traffic officer, to take effect immediately, was accepted. Mr. Milton left Tuesday for Des Moines, Iowa, where he will reside. No action was taken toward appointment of a successor.

Orders were issued to the city clerk to structure a plan who is responsible for the destruction of an ornamental lamp post at the corner of Shoshone street and Sixth avenue north. The destruction was not acted upon. Resignation of Frank Milton, as mounted traffic officer, to take effect immediately, was accepted. Mr. Milton left Tuesday for Des Moines, Iowa, where he will reside. No action was taken toward appointment of a successor.

The chairman of the streets committee was yesterday with authority. He attended an annual meeting of the Twin Falls Canal company, on December 14, and vote the city's water stock.

HAILEY DAILY QUITS

The Times-News Miner, a daily paper of Hailey, Idaho, suspended the issue of that sheet last Saturday after having published a daily for over 25 years. The paper will now appear weekly.

OTTOMAN FALL PAVES WAY TO NEW RESEARCH

Recovery of "Lost Chapters" in Career of Man" Hidden in Buried Cities of Western Asia Called Imminent Possibility

CHICAGO, (AP)—Recovery of the "lost chapters in the career of man" hidden in the ancient buried cities of western Asia is an imminent possibility and an American responsibility, Dr. James Henry Breasted of the University of Chicago reports. Dr. Breasted, who is professor of Egyptology and oriental history there, has recently returned from a survey of most of the important buried cities of the Near East.

The collapse of the Ottoman empire has opened the birthlands of civilization to unrestricted investigation, Dr. Breasted said. "It is evident," he added, "that those ruins before us are an opportunity unprecedented in the history of humanistic research."

"The great centers of human life in the ancient world, the mighty cities and capitals of Babylon, Assyria, Persia, Palestine, Syria, Asia Minor and Egypt, the regions which have civilized societies arose out of savagery and barbarism to bring civilization to barbarian Europe—all these treasures of the past, which are rapidly perishing in the whole region about the eastern end of the Mediterranean, are there silently awaiting the hands of the excavator."

"It will be possible to clear up the leading ancient buried cities of Western Asia within the next 25 or 30 years or perhaps a generation, given sufficient funds and adequate personnel," according to Dr. Breasted. The task rests with American orientologists, he said, because no other country has the available resources.

AIRPLANES MAY SOLVE PROBLEM OF OIL FIELD

Question of Transportation for North- land Petroleum Region Turns At- tention to Aviation

EDMONTON, Alta., (AP)—The establishment of an aerial route from Edmonton to the oil fields of Fort Norman on the Mackenzie river is the latest talk of development in connection with the pressing transportation problem existing in the region. The Fort Norman point being so far removed from the business centers of Alberta.

Edmonton aviators are entering into negotiations for such a service with a zest indicating that as little time as possible will be wanted in the preliminary arrangements.

The proposal calls for the establishment of landing stages at intervals along the route and the transportation, in the first instance, of flying oil, gasoline and other essentials for the successful operation of flying machines. The distance to Fort Norman from here is about 900 miles on the ground. Three or four days at the most would be sufficient to accomplish the distance when once a relay service of planes is established.

EFFICIENCY IN LOADING SAVES ROADS HUGE SUM

Railway Association President Points to Major Economy in Use of Roll- ing Stock

CHICAGO, (AP)—The railroads have saved \$2,500,000,000 since their return to private ownership through increased efficiency in loading cars, R. B. Allen, president of the American Railway Association, told the convention of that body Wednesday.

He said that amount would have had to be spent for new equipment if shippers and the roads by adding a few tons to each car had not increased the effectiveness of existing equipment to the equivalent of 500,000 new cars.

The board of directors elected for the ensuing year included the following railroad presidents: W. W. Beatty, Canadian Pacific; R. F. Bush, Southern Pacific, Texas and Louisiana; and H. G. Kelly, Grand Trunk.

JAPAN DECLARES CHINA APPROVES JOINT ACTION

Private Information is Claimed in To- kyo as Basis for Operations in Manchuria

TOKYO, (AP)—While officially the Chinese government has protested against Japan's action in forwarding troops to southern Manchuria to overcome the bandits and Bolsheviks there, China afterwards privately informed Japan that she agreed to joint Chinese and Japanese military action, according to leading Tokyo newspapers. The Japanese military operations are now proceeding.

WASHINGTON FIRMS FILLS ARGENTINE ORDER FOR RAMS

PULLMAN, Wash., (AP)—According to information received at Washington this morning, the country agricultural office of Columbia county, a sheep company of that county is busy filling an Argentine order for 200 hand-sawed rams. The sheep are charged on the rams will amount to \$10,000, it is stated.

HANDICAP GRAPPLING.

OGDEN, Utah, (AP)—Jim London, the Greek wrestler, and Jack Harberson of Ogden, signed articles last night for a hand-sawed match. The match is a handicap, according to Harberson, to throw Harberson twice in 90 minutes or forfeit the match.

ESCAPE OF ANFU LEADER CAUSES ALARM IN CHINA

Japanese Legation in Peking Reports Departure of Gen- eral Hsu Shu-Chang

PEKING, (AP)—General Hsu Shu-Chang, former commander of the Chinese frontier forces in Mongolia and a leader of the Anfu elements which have been opposing the government is again at large. Notification of his escape from the Japanese legation here, where he took refuge late last summer, was sent by the Japanese minister to the Chinese foreign office November 15.

Replying Wednesday to the minister's notification of the escape, the foreign office called attention to the Japanese plenipotentiary's previous assurance that the Anfu refugees in the legation would not be permitted to leave or communicate with the outside world. The foreign office requested that the remaining eight refugees in the legation be handed over to its custody. It was stated that General Hsu's escape brought notification of it and criticism of this delay is voiced in the Chinese community.

The escape of the local newspaper claims to have information that General Hsu left Peking in a Japanese uniform in company with several Japanese officers.

PEKING, (AP)—General Hsu Shu-Chang, former commander of the Chinese frontier forces in Mongolia and a leader of the Anfu elements which have been opposing the government, has escaped from the Japanese legation here, where he took refuge late last summer. The Japanese minister has notified the Chinese foreign office that General Hsu expressed a desire to leave the legation and would not be dissuaded by the minister's arguments. The minister declared he had no knowledge of how the general, who is popularly known as "Little Hsu," left the legation.

Chinese authorities are greatly disturbed over the incident because of alleged activity of the Anfuists, both in Peking, in Mongolia, and in southern China.

DOG DERBY HOLDS BOARDS

Advent of Cold Weather to Northland Revives Discussions of Event

THE PAS, Man., (AP)—With the advent of cold weather the Hudson Bay dog derby is again topic for discussion in the north country and many suggestions for the betterment of the 1921 derby are being brought forward. The race, which will likely be held early in March, will be for a purse of \$2,000 if a suggestion to increase it to \$3,000 is approved at the annual meeting of the members of the derby to be held shortly.

This purse is not considered too high in view of the heavy expenses incurred in maintaining and preparing a dog team for racing. The dogs are very expensive, last spring pups selling at \$200 for five, and full grown and trained animals from \$75 to \$100 each.

JAMAICA GINGER BANNED

Revenue Commissioner Extends Prohi- bition Regulation Scope

WASHINGTON, D. C., (AP)—Jamaican ginger came under the prohibition ban today. Order issued by Commissioner Williams of the Internal revenue bureau, effective in 90 days, classes the use of ginger, whether sold as Jamaica ginger, extract of ginger or by whatever name, as an alcoholic preparation fit for use for beverage purposes, and subject to prohibition regulation.

GREAT NORTHERN RAILWAY WORKS TO MOVE COAL

HELENA, Mont., (AP)—The Great Northern Railway company, according to official notices to the Montana railroad commission, is making strenuous efforts to move coal in this state.

About 15 cent "empties" daily are being delivered at Helena in this attempt to move fuel out of the Bear River fields.

FALLING PRICE OF FUR BOON TO CANADIAN MUSKRATS

WINNIPEG, Man., (AP)—The northern muskrats are looking to a comparatively undisturbed rest in their winter houses this year. The muskrat, whose life was worth \$5, led a very precarious existence, but now that it is down to 50 cents he will be more or less ignored.

MIMEOGRAPH SERVES PRESS DURING STRIKE OF PRINTERS

ABERDEEN, S. D., (AP)—The Aberdeen American this morning issued a mimeograph form a newspaper of six letter-size pages. William G. White, telegraph operator of the Associated Press, detailed the news report as it came in over the wires. Printers in Aberdeen are on strike for an increased wage schedule.

KANSAS GIVES HARDING 124,532 PLURALITY OVER COX

TOPEKA, Kan., (AP)—Kansas gave President-elect Harding a plurality of 124,532 over Governor Cox, according to complete figures for the state, announced last night by the secretary of state. The total vote cast for president in Kansas was 569,916.

DE ORO WINS SECOND.

CHICAGO, (AP)—Alfredo De Oro, of New York, won his second game of the contest by defeating Charles O'Connell of Brooklyn, 20 to 40 in 67 minutes yesterday. De Oro had a high run of five, Charles McCourt of Cleveland won from Jess Leen of Denver, 30 to 32.

Through the classified you may secure a job for which you are "looking" in a sort of blind way.

FARMERS UNION CALLS STRIKE OF PRODUCERS

Resolution Adopted in Execu- tive Session Urges Members to Hold Production for Mak- ing Price

KANSAS CITY, Mo., (AP)—A nation-wide producers strike to combat the falling prices of farm products was urged in a call sent out today by the National Farmers' union to its local unions throughout the country.

The call, in the form of a resolution adopted at the national convention of the organization here, went forward to secretaries of the local branches of the organization, which represent producers of grain, cotton, wool and livestock, said to number 800,000.

The proposed strike was urged in realization of the fact that the convention considered abnormal deflation in prices of farm products; through which it was asserted American farmers have been reduced to a position in which the value of products now on hand. All farmers were urged to hold this year's production from the markets until "profit making levels" were restored.

Threatens Production Out.

Reduction of production in the future was threatened in another resolution "unless the prices of our products are fairly restored."

A conference of representatives of all farmers organizations of the country was called to meet in St. Louis, December 16, to consider the question of a national farm marketing board.

The resolutions were adopted in executive session last evening after considerable discussion, officials said.

Concerning the St. Louis meeting to create a national farm marketing board Charles S. Barrett, of Union City, Ga., who was elected president of the union for the fifteenth consecutive time, said today:

"The purpose of the meeting is not to form or create a corner but to find a reasonable, rational way to market our products. The urban population should welcome such a step as it is the instability of the market that has caused inflated prices for them and deflated prices for the producer."

Would Curb Immigration.

Other resolutions adopted at the executive session, officials said today, included one urging strict enforcement of the immigration laws, and deportation of aliens seeking to overthrow the government. Legislation for the recall of United States senators and representatives also was urged.

Difficult Course.

"There are golfers so engrossed in the game that they can think and talk by an astronomer to look at the moon nothing by a telescope. Asked what he thought of that satellite, the golfer replied: 'It's a right, but it's awful far off bunkers.'—Boston Transcript.

How Bridal Veil Originated.

The bridal veil is said to have originated in the ancient custom of performing the marriage ceremony under a square piece of cloth, held over the bride couple to conceal the blushing of the bride. At the marriage of a widow it was not used.

CUBAN PLAYER ECLIPSES BABE RUTH'S RECORD

Torricelli. Cracks Three Hom- ers in Single Game Against Giants

HAVANA. —During the series of baseball games played by the New York Giants in this city, Babe Ruth, the champion home-run hitter, compiled a batting average of .345, but managed to hit only twice for the circuit. He struck out six times.

Torricelli, a member of a team which met the Giants last week, eclipsed the efforts of Ruth by hitting three homers in one game. As a result of this feat, he has been named by local lovers of baseball as the "Babe Ruth of Cuba."

Odors of Plants.

The odors of plants reside in different parts of them—sometimes in the roots, as in the iris and willow; in the leaves in mint and thyme, the stem or wood, in cedar and sandal, the flower in the roses and violets, the seeds in the tangle bean and caraway, the bark in cinnamon, etc.—Brooklyn Eagle.

When Birds Return.

When birds begin to come back in early spring, they may be attracted to trees near the home by placing near the trees a shelled coconut, with some meat.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Wash Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the

kidneys and urinary organs clean, thus avoiding serious kidney diseases.

Strong Light Kills Lobsters. Lobsters are very sensitive to cold and light, being accustomed to the comparatively steady temperature and the obscure light of the ocean bottom. Exposure to strong sunlight is soon fatal to them.

MOVE TO HOLD GRAIN GENERAL WITH FARMERS

Farm Bureaus of Central States Do Not Advise "Strikes", But Point Out Lessons to be Learned

CHICAGO, (AP)—While not favoring a grain "strike" for any set price, movement among organized farmers in the great agricultural states of the middle-west runs strongly toward holding back grain as long as practicable for better prices, according to canvases made here. This survey of sentiment was taken by the Illinois Agricultural Association.

Reports were received by secretaries of state farm bureau federations in Missouri, Minnesota, South Dakota, Kansas, Nebraska, Iowa, Wisconsin and Kentucky. In all cases, the state farm federation report it had advised a "strike."

Credit Big Factor.

Need of credit facilities to enable farmers to hold their wheat if they want to was pointed out from several states. Our state secretary wrote he was "using the present conditions as an argument in favor of the farmers getting into the big marketing game in such a way as to be able to finance it and to store considerable of the grain as it is offered."

"The attitude I have taken in the matter is," wrote H. D. Lott, a Nebraskan. "No, I believe in the Nebraska Farm Federation, that it is wrong to set an arbitrary price of \$3 a bushel and that it is hardly advisable to ask the farmers to hold their wheat unless we are in a position to help them on the financial and storage end of the game. But I will tell the farmers that I believe wheat will be higher and that it will be a good thing to hold it if they are in a position to do so."

Furnishes Information.

Writing that the South Dakota Farm Bureau Federation "does not believe a 'wheat strike' necessary or desirable for the country," Secretary F. J. Crowl of Huron said, "our method of handling the situation is to furnish the farmers with accurate information regarding the wheat market to help them in determining what action is best for their needs. We will hold their wheat off the market without a doubt if they are able to get credit which will allow them to carry their crops. The credit situation is the key to the whole matter. We are advising that the world wheat situation warrants holding of the crop if credit allows and using our efforts to help bring financial relief."

DECLARES CREDIT LACK NOT FARMERS WORST ILL

OMAHA, Neb., (AP)—J. W. Shorthill, Omaha, former president of the Nebraska Farmers Co-operative Grain and Live Stock State Association, told delegates attending the association's annual convention here Wednesday that one hundred million dollars was spent in this state recently "in worthless stocks and other foolish ventures that should have been used to help the farmer."

Mr. Shorthill was commenting on the money situation as it affects the farmer, declaring that "we have already had much more credit than we need." He added that there has been so much credit in Nebraska that "foolish ventures" were made when the ought to have known better the time and the bankers ought not to have shaved and cashed notes that were late in the deals.

"There is some need of a relaxation of credit," he said, "but simply more credit will never help to cure our ills." Mr. Shorthill urged the attending agriculturists to prosecute the "foolish companies" that they encourage the organization of commission companies "made up of farmers to operate in the grain and other grain markets, and that they provide themselves with ample storage on farms "to hold their surplus grain at home until it is needed in the markets."

HUGO WINS FAVOR FOR IDAHO HOUSE SPEAKER

Latah County Representative is Boosted for Presiding Officer in the Next Session

MOSCOW, Idaho (Special).—A movement has been started in Latah county and extends throughout north Idaho to bring about the election of Representative J. J. Hugo as speaker of the next lower house of the Idaho legislature.

Word comes that at the livestock show at Lewiston this with other public questions, was quite generally discussed. It is already known that no former members who have been "betrayed" and who have been brought to their attention, have expressed themselves as most anxious that Mr. Hugo should be elected its speaker.

It is asserted that in the last session of the legislature Mr. Hugo was one of the most influential and hard working members.

CRIMINAL ACTIONS FOR COURT TERM NUMBER ONE HALF SCORE

Period of Extraordinary Activity. Confronts Judge W. A. Babcock, of District Tribunal for November Calendar—Informations Filed by Prosecutor Include One First Degree Murder Charge

Informations covering ten criminal cases which will come up for trial during the present term of court. The informations include a variety of charges from conspiracy to murder. All come up on transcript from the probate or justice courts.

In one information A. M. Shangle and Augusta Kuntz are jointly accused of conspiracy to defraud. The allegation in the complaint accuses the defendants of interfering with the proper operation of the Nevada National Bank by defrauding Ralph Smith. The act is said to have been committed June 3, this year.

Carlos Hernandez is accused, in a similar information, of robbing Amos A. Jordan on the morning of July 5, 1920, in a west side holdup, while Jose Hernandez is accused of robbing the second degree. Juarez is alleged to have confessed to stealing a suit of clothing from the Bridge store. Grand larceny is the charge preferred against P. Gonzales, in a complaint filed by the prosecuting attorney, Frank L. Stepien. Gonzales is alleged to have stolen a suit of clothing from the Bridge store. In the probate court he denied the charge.

Everett Hall must answer a charge of assault with a deadly weapon, while the case comes up for trial. He is formally accused of shooting at Russell Bell. The case comes on transcript from the court of L. C. Washburn, justice of the peace at Bluff.

Dr. H. W. Sawyer, a local practitioner is accused of practicing medicine and surgery without being regularly provided with a state license, while Fred Gregg, a garage man, is charged with grand larceny, automobile parts being involved in the case.

Burglary of the residence of Frederick E. Snook is the charge Hubert Snook must answer in the district court. The defendant is said to have been implicated in the entering of and stealing from the Snook residence and dental office on Rhoades street north on the night of June 15, 1920, a sum of \$25.00. Snook is said to have left the country and forfeiting his bonds.

E. Lynch, a Hansen man, is accused of the illegal possession of a large quantity of intoxicating liquor. According to the complaint filed a raid by the police on November 12, 1920, yielded the minors 21 plants of home brewed beer.

Papers filed in the case of J. P. W. deanna charge murder in the first degree. Videogram on November 11, 1920, alleged to have shot and killed his son-in-law, Irving E. Kealey. The defendant, who is held prisoner in the county jail, surrendered to the authorities after the shooting. He is 62 years of age.

POLICE AUTHORITIES ARE AFTER COSTELLO

Truck Driver is Accused of Being Drunk while in Charge of Machine

Police authorities are seeking Wayne Costello, who is wanted to answer a charge that may prove more serious than it appears to be on the face of the evidence. Costello is a truck driver and he crashed his machine into a utility pole in the alley back of the municipal hall last evening. It is alleged that he was drunk.

According to information in the hands of the magistrate the charge to be preferred involves more of an offense than mere hitting and injuring a telephone pole. Costello, it is stated, was drunk when the minor offense occurred. The state law is severe in such cases and when the information is made Costello will probably be delivered into the custody of the county authorities for trial.

Should he refuse to have been implicated with Costello, was in the police court this morning for hearing on charge of being drunk. Sentence was suspended pending the arrest of Costello.

ELIMINATION WARFARE ON PESTS IS PLANNED

Farm Bureau Executives Have Scheme to Curtail Rodent and Pesticidal Birds

According to H. E. Powers, county farm bureau agent, drastic efforts will be employed during the coming winter months looking toward the curtailing of rodent and birds pests in the district. The program, which is being planned for early execution, will be launched primarily against rabbits, gophers and sparrows.

Efforts toward the extermination of the pestiferous birds will be made in the district under the banner of warfare against the pests menaced cooperation of every person in the district will be enlisted in the program in this piece of machinery to be operated throughout the winter. The plan is to shoot poison where it will do the most good. The portions will be provided by the bureau with directions for use.

It is believed that with concentrated effort throughout the district the slaughter of the disturbing element can be made noticeable, and for the best interest of the district and the community farmers.

GIVES CAUSES OF MEAT CONSUMPTION REDUCTION

Swine Growers Secretary Explains Purposes of the Campaign

CHICAGO, (AP)—Something has reduced the per capita consumption of meat in this country in the past year. W. J. Carmichael, secretary of the National Swine Growers association, said here, discussing the "Eat More Meat" movement he is endeavoring to set under way. He has called a meeting of livestock producers, livestock exchanges and packers for Chicago Dec. 2.

At this conference he proposes to enlist all interested in establishing a national organization to set up a clearing house for meat men's difficulties of this nature. Among these is what Mr. Carmichael terms unfair propaganda against meat.

"Vegetarianism is making some headway in certain sections," Mr. Carmichael said, "but a large part of the reduction in meat eating is due to the use of meat substitutes. These have been encouraged by advertising. We don't object to people using substitutes, but we feel it is very unfair for them to be led to do so, as in some cases, by misleading comparisons with meat values."

Reports of workmen receiving high wages developing into large meat eaters Mr. Carmichael said held true only in some districts, such as Gary, Ind. Meat consumption for the country as a whole fell off 8 pounds per individual in the last year, he said.

TRAIN CONNECTIONS PLEASE PASSENGERS

O. S. L. Arrangements at Junction for Minidoka Branch are Satisfactory

Considerable satisfaction was expressed yesterday over the change of passenger schedule affecting this branch of the O. S. L. The expressions related more to the plan of connection with the main line at Minidoka, rather than to the time of arrival in Twin Falls, which is 25 minutes later than on the old schedule.

Train No. 83 formerly reached this place at 11:45 a. m., but gets in on the new time at 12:10 p. m., railroad officials here said. The change will be in effect when the new schedule goes into effect at 11:10 a. m. Twin Falls city time. Through the improved connection at Minidoka passengers coming from the east now reach their destination by this branch line some three hours and thirty minutes earlier than on the former plan when they came in on the late afternoon train.

LIGHTER WATER FLOW ENTERS JACKSON LAKE

Storage Increase at Big Reservoir Shows Decline Over Year Ago

Flow of water into the Jackson reservoir during the week ending November 5, was more than 2000 more feet less than the same period a year ago. The flow was 4350 as against 6350 last year.

The following is a report just issued by the U. S. Geological Survey covering details of conditions at Moran, Wyo., the Jackson lake outlet, for the week mentioned.

Jackson Lake storage: Acre Ft. On Nov. 6, 1920 187,480 Same date a year ago 27,630 For week ending Nov. 6, 1920 4,200 For week ending a year ago 4,200 Precipitation: Inches For week ending Nov. 6, 1920 0.25 Same week a year ago 0.62 From Nov. 1 to Nov. 6, 1920 0.62 Same period a year ago 0.52

SHARP MARKET BREAKS ARE TO BE EXPECTED

L. S. Skaggs Predicts Fluctuating Prices with Downward Tendency

L. S. Skaggs has come to Twin Falls from Portland to take charge as manager of the Skaggs Food Stores. Mr. Skaggs will relieve E. M. Tate who has been appointed manager of the branch store at Blackfoot, to which place he will move after a few days' rest. L. S. Skaggs has been identified with the Skaggs firm as a member for a number of years and will make Twin Falls his headquarters.

Speaking with reference to the condition of the market, Mr. Skaggs today predicted sharp breaks, with constant fluctuations of a great many commodities during the coming month, and advised that more than ever the people watch closely the varying prices of necessities.

If your property is desirable, and is advertised in the classified—you'll find your buyer.

GENERAL SIR ARTHUR CURRIE LEADS NEW DRIVE FOR CANADA

General Sir Arthur Currie, who organized and led many a great Canadian drive in France, is a leading figure in a whirlwind campaign for \$5,000,000 for McGill University, Canada's greatest educational institution, which was hard hit by the war because every able-bodied student volunteered.

McGill sent 2,250 men to the war, of whom four rode to the front on the Canadian Pacific Railway. Sir Arthur Currie, who resigned the chief command of the Canadian Army to take over the principalship of McGill University, states that since the conclusion of the war the registration at the University has doubled, necessitating an increase in the staff and the erection of new buildings, while the department of the University has doubled, necessitating an increase in the staff and the erection of new buildings. Sir Arthur Currie has hit both the University and the staff hard.

R. B. Angus is honorary chairman of the Campaign Committee while E. W. Beatty President of the unit in France.

The Canadian Pacific Railway, is the active chairman. Working with them is a committee of 150 men prominent in the country's banking, transportation, shipping and general business circles. Major G. C. McDonald heads a strong committee of the Graduates Society.

Sir William Ouler, who re-organized the medical school at Johns Hopkins, Baltimore, and Oxford is perhaps the graduate with most international fame, but scores of McGill's boys have made their mark in medicine, applied sciences, engineering, and other pursuits.

Court Sustains Objections of Sawyer Counsel

Objection to Filed Information in Doctor's Case Upheld by Babcock

Every single objection interposed by counsel in charge of the defense in the case of the State against Dr. W. Sawyer, was sustained by Judge W. A. Babcock in the district court Wednesday morning.

Mr. Sawyer is accused by the state of practicing medicine and surgery without being properly licensed. The defendant to the complaint charged that the information did not state facts sufficient to constitute cause of action in that it was not specific in the main allegations.

The court, in sustaining these contentions, granted the state the right to file an amended information covering the case. Trial will be held if necessary until this is done.

CURRY STATION ENJOYS HEAVY SHIPPING YEAR

Business at Outside Point Far Exceeds that of Last Season, is Report

Two hundred and seventy-five carloads of produce, the city officials report from the Curry station of the O. S. L. this season. These figures are provided by the agent in charge, who declares business far in excess of last year's shipments.

Loadings are: Wheat, 60 cars; Potatoes, 120 cars; hams, 60 cars. Except for a sharp drop in the export movement shipments of produce are maintaining record volume daily, with promise of continuing for some time.

During the year just ended the Curry station received 15 carloads of coal, two of livestock and one of household goods.

VISITORS FROM CHINA TO SPEAK AT CHURCH

The Rev. and Mrs. Conrad of Tientsin Will Be at Presbyterian Church

The Rev. and Mrs. Ralph Conrad from Tientsin, China, will arrive in Twin Falls Friday for a five-day visit with Mr. Conrad's brother, Charles Conrad, of Twin Falls. They have spent eight years in the Presbyterian mission at the old German city of Tientsin, Shantung, China, and are now home on a tour of the United States. Husband and wife will occupy the pulpit of the Presbyterian church Sunday morning and evening, November 21.

POCATELLO AGAIN HAS ONLY ONE NEWSPAPER

POCATELLO, Idaho (Special).—The Morning News of Pocatello was suspended publication on Saturday morning for a short time in the past week. The daily fight. This makes the second time in the past few months. The afternoon paper, established some 25 years ago, is now the only newspaper in Pocatello.

Socialist Councilmen Prevent Display of War Trophy in Park

Big Siege Gun Used by Germans to Remain in Tool House at Sheboygan

SHEBOYGAN, Wis., (AP)—A big siege gun used by the Germans in the recent world war, and secured for Sheboygan by Congressman Edward Volz and Mayor Herman Albrecht will remain in the city tool house instead of finding a place as an ornament in one of the city parks, following a majority report by nine socialist members of the common council.

High School News

The Science club held its initial meeting Monday evening. Mr. Nafziger, gave a paper on "White Gunpowder" and Glenn Behrder talked on "Black Gunpowder." The club plans to hold meetings regularly through the school year.

Twelve evening the Spanish club met in the home of the high school. About 20 members were present. A mixed program of music and reading in Spanish was given by members of the club. After a short business meeting refreshments were served and the club adjourned.

The junior class play, "The Private Secretary," promises to be one of the most enjoyable farces ever given in the high school. The cast is picked from the working boys on the production. Miss Gibbons, who is directing the play, states that it will be presented during the first week in December.

The three days following Thanksgiving will see the largest crowd of school youths here that has ever visited the city. The older boys conference of southern Idaho will be held here Nov. 19-21.

The "song fest" which was held Tuesday evening was a great success. The townspeople came out remarkably well in spite of the inclement weather.

Miss Vera Cook sang a solo which was very well received. Miss Cook is a member of the Glee club and her solo is a good example of the high grade of work the Glee club are doing. The Glee club has performed remarkably well. Carl H. Oltz, director, expects to put on more of these enjoyable affairs through the winter.

STOCK MARKET MIRRORS MIDDLE EUROPE'S WOES

"Misery Boom" on Vienna Exchange is One of Striking Financial Paradoxes, Reflecting Despondency

VIENNA, (AP)—One of the financial paradoxes of central Europe has been a boom this autumn on the Vienna stock exchange. Speculation has been on a tremendous scale and stock prices have risen by leaps and bounds. Advances of several hundred points in a single stock occurred in one day's trading. Lucky speculators made millions of kronen from a sheeting in westward.

But Austrians speak of this boom as the "misery boom." For its basis is the unfavorable state of the krona, exchange, and the rise in prices was a measure of the depressed economic state of the country.

Accompanied by Desolation
The "misery boom" on the stock exchange was accompanied by conditions of desolation in the city and country which are unprecedented at that season of the year.

It is hard even for the people of Vienna to realize their plight and to picture what the winter has in store for them. The army, which has been sent to the front, is armed with dollars, finds an air of surface prosperity about the city. But those who looked beyond the merely superficial found that the "misery boom" on the stock exchange was merely a gay trapping behind which stalked a grim skeleton.

The boom in economic phenomena which is well worth study, for it explains much of the paradoxical conditions that exist throughout the central countries of Europe. An Austrian financial authority, the correspondent of the London Financial News, explained it by saying that the war factor in it was the exchange rate of the krona. When hope was abandoned that the depreciated krona would ever reach its former standard of value, the argument was advanced that the value of the properties listed on the stock exchange had not decreased and that in the future they would pay the same dividends as in peace times. Therefore, it was argued that their stocks must be worth today as much as they were before the war. Continuing the correspondent said:

No Longer Barometer
"The stock exchange is no longer a barometer which indicates 'fair' when the conditions are favorable and 'unfair' when they are unfavorable. Today the situation is reversed. Stock prices rise when the weather is foul, when the krona drops, when it becomes evident that foreign countries will not assist us and drop up our exchange by granting us credits.

"If anything on the foreign horizon is serious hope should appear, a slump on the Vienna stock exchange would be inevitable. Even a rise in the krona to 2 cents would entail a violent fall in stock prices."

AUSTRALIA OBJECTS TO JAPANESE IMMIGRATION

Antipodean Trade Diplomat Discusses Racial Issue in Tokio

TOKIO, (AP)—I. C. Addison, commercial commissioner from Tasmania, who is visiting Japan under instructions from Mr. Hughes, minister of commerce, and Mr. Waterly, premier of Tasmania, said in an interview with Japanese journalists that the Australian policy towards Japan has been to a certain degree misunderstood by the Japanese, but he emphasized that the immigration of colored races had not been welcomed in Australia.

He added: "The question deserves attention as it has a bearing on the future of Japan. So far as the Japanese immigration to Australia is concerned, the Japanese are taking part in mining enterprises and agriculture and commerce, especially in Queensland. To my regret the people of both countries are lacking in mutual understanding, perhaps owing to their geographical situation. Taking advantage of this opportunity I intend to exchange views with Premier Hara and other well-known people of Japan. The Japanese residents in Australia are highly spoken of for their diligence and most of them are citizens. An anti-Japanese movement like that in California is not to be expected in Australia."

MOONSHINE WHISKY TO KEEP AUTOMOBILES RUNNING

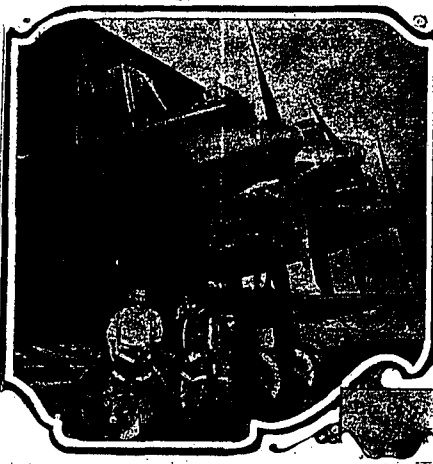

MADISON, Wis. (AP)—Moonshine whisky will keep several Wisconsin state automobiles running this winter, according to T. E. Parkinson, deputy prohibition commissioner. "We intend this winter to use moonshine in radiators of the cars as a non-freezable compound in place of high priced special preparations," Mr. Parkinson said.

A Reliable Remedy for Colds and Croup

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa., writes: "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I also gave it to my little grand-daughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results."—adv.

Are you considering subletting a part of your office space? Use the classified.

Giant Bombing Plane for Uncle Sam

One of the largest monsters of the air, a huge bombing plane, has been added to the forces of Uncle Sam. At Minneola, L. I., recently "The Owl," as it has been christened, proved satisfactory to army officials. The plane is a three engine machine and is built to carry four tons of bombs. Her wingspread is 155 feet. She is equipped with three 400 h. p. Liberty motors which can drive her 105 miles an hour. The photo shows "The Owl" and the two army aviators, Lieutenant Harmon and Captain Patterson, who tried her out.

METHODISTS ADMIT 15 WOMEN IN TO MINISTRY

Feminine Preachers Quick to Take Advantage of Removal of Barrier

CHICAGO, (AP)—Fifteen women have been licensed as preachers in the Methodist Episcopal church since this right was granted last May by the general conference of the church. Miss M. M. Southard reported here to day. Miss Southard is president of an association of women preachers in the United States and Canada that represents 15 denominations. She is director of evangelism of the Epworth League.

"The first woman preacher to be licensed in the Methodist Episcopal church under this ruling," Miss Southard said, "was Miss D. Willis Caffery of Westchester, Wash. She came from a family of preachers and at the age of nine wanted to preach. She had been serving as associate pastor of the First Methodist church at Westchester. Her pastor, who was at the general conference, telegraphed word of its decision, and she was licensed as a local preacher within two hours."

"The same evening Miss Winifred Willard was licensed by the First Methodist Episcopal church of Denver. At the time she was 2000 miles away in the east, but the enterprising Denverite called a meeting as soon as they heard the news, and took action."

"The first woman licensed in New England was Mrs. Kate Morrison Cooper. For the past three years she had been pastor of the Methodist Episcopal church at Portsmouth, N. H. She was licensed June 10."

"Ten days later Miss Mahelle H. Whitney was licensed at Pittsfield, Vt. She was a supply pastor and previously had served as pastor of a Congregational church in Maine. Ten days after that Miss Capitola H. Loebner was licensed by the Proctorville, Vt. M. E. church, and in a week another Vermont woman, Miss Ellen H. Wagner, a public school teacher, was licensed at Nulton."

Miss Southard herself was the seventh woman preacher licensed.

"It is not an easy task to keep informed on how many women have been licensed," she said, "when they are being licensed right along in so many sections."

There is no doubt, Miss Southard added, that ordination will be granted Methodist women when the next general conference meets in 1924.

GIOLITTI GETS DEPUTIES VOTE OF CONFIDENCE

Italian Premier Defends His Political Record in Heated Debate Preceding Ballot on Socialists Censure

ROME, (AP)—Heated debate, during which Premier Giolitti defended his political record and the policies of his government, preceded the vote of confidence given the cabinet in the chamber of deputies Wednesday. A socialist motion censuring the government's internal policy was defeated, 205 to 43.

Socialist deputies violently accused the premier of being a reactionary and a supporter of the monarchist followers of Captain Gabriele D'Annunzio in their opposition to the socialists. The premier answered that his entire past was a protest against such an accusation.

Friend of Proletariat

"In 1893," he continued, "I refused to dissolve the Sicilian unions, which were the first serious socialist manifestations in Italy, and in 1901, when I proclaimed the liberty to strike, all conservatives considered me a revolutionary much more dangerous than you socialists. Believing in the political economic and social ascendancy of the proletariat, I granted universal suffrage even before the socialists asked for it. You, yourselves, do not believe I am a reactionary."

He enumerated his fiscal measures, none of which, he asserted, placed a burden upon workers, but were directed at the very wealthy people of Italy. "The profiteers," a socialist deputy interrupted, already have sent their money abroad.

"True," replied the premier, "but they did so before my advent to power."

Suppresses Censorship

Signor Giolitti contended he had suppressed every form of censorship, and that in no country in the world was the press more at liberty than Italy. He asked if any government could have adopted a more impartial

attitude toward the Italian metal workers. "Relations between employers and men," he declared, "is the most important question before us. If we do not succeed in conciliating their interests, the country will witness economic phenomena of the gravest character. I have ordered the repression of all violence, regardless of which side fomented it. No one can prove there is a freer country than Italy."

"There can be true liberty only when all live within the law," declared the premier.

TOKIO NEWSPAPER URGES RACIAL EQUALITY CLAIM

Expresses Disappointment with Disposition to Postpone the Test of Issue
TOKIO, (AP)—The Tokinichiichi says it is disappointed with the sentiment gaining ground among the Japanese favoring the postponement of the introduction of the request for the recognition of the principle of racial equality at the convention of the league of nations.

The failure of the Japanese government in its attempt to secure the adoption of their resolution at the Paris conference was due to the fear of the powers that the proposition, when accepted, would be possibly utilized by the Japanese as an argument for the settlement of the immigration question in their favor. Such misapprehension can be easily removed, the newspaper thinks, by assurances from the Japanese that Japan wants to secure recognition of the racial equality theory as a principle and not as a policy.

URGES ACADEMIC SUBJECTS UPON GIRLS IN UNIVERSITY

Berkeley, Cal. (AP)—Women students at the University of California are taking up professional training and enrolling in practical courses in such large numbers that Dean Lucy Flebbins recently warned them not to lose sight of the value of "good fundamental training in academic subjects."

Nearly one-fourth of the students in the college of medicine are women. The college of agriculture has a 40 per cent enrollment of women students and jurisprudence 30 per cent. Seventy-five per cent of the students in the courses in social economics are women.

The Eyes of School Children

Should be thoroughly examined by a competent optometrist.
Your child may have normal vision, but may be suffering from severe eyestrain which is a constant drain upon the nervous system.

We can relieve that strain by prescribing the proper correcting lenses.

INDIANS WANT RED MAN TO BE ADMINISTRATOR

American Aborigines in Convention at St. Louis, Consider Resolutions Urging Measures for Advantage of Race

ST. LOUIS, Mo., (AP)—Resolutions urging the appointment of a member of their race as commissioner of Indian affairs, and advocating increased educational facilities for Indians, who are wards of the government, were passed for introduction at the sixth annual conference of the Society of American Indians here today.

Delegates asserted that as long as the Indians are under the supervision of the government, their interests would be served best by having one of their own people in charge of the office of Indian affairs, explaining how it would be better acquainted with their needs.

Proponents of the movement said if it received the endorsement of the society, the subject would be brought to the attention of the incoming administration. The society, however, will not recommend any candidate for commissioner, they emphasized.

The resolution on education urged either that Carlisle institute be reopened, or that another school, furnishing equal facilities be established.

POLAND GAINS LAND AND POPULATION BY TREATY

Peace Agreement with Soviet Russia Proves More Advantageous than the Arrangement of Versailles

BERLIN, (AP)—Poland by virtue of the peace treaty with Russia is enlarged by the addition of 52,000 English square miles with 4,000,000 inhabitants, according to the estimate of the Polish delegation.

According to the peace treaty of Versailles, Poland measured 35,500 English square miles and had a population of 24,000,000.

A new set or even a new piece of furniture has a wonderful cheering effect on the home during the cooler days when the family spends much time indoors.

CITY CLERK EXPLAINS
PAYING TAX CHARGES

W. A. Minnick Disposes of Complaints in Detailed Account of Expense

Complaint against the amount of assessment against property to cover paying cost has caused City Clerk Minnick to make a statement which he expects will clear the misunderstanding and prove to taxpayers that the amount is not excessive.

Mr. Minnick shows that in each instance cash tax of \$206.50 is assessed against a 50 by 125 foot lot for a 40-foot improvement. Payment of that sum in cash relieves the property owner of further expense, and also covered the cost of construction of curb.

In instances where nothing was paid in cash 10-year bonds were issued payable at a rate of one-tenth per year, making the principal \$206.50 annually. The bonds draw 7 per cent and property owners are charged one year's interest at that rate on the full amount, making the interest \$20.76. The county charges the city one and a half per cent for collection of the amount, this being 76 cents. Principal interest and county charge amounts to \$51.17 annually.

Social Notes

Edited by Mrs. E. B. Williams
Telephone 396

Mrs. L. P. Morse was hostess to the Wednesday Bridge club yesterday afternoon. Sixteen members were present, and Miss Cora Greenhouse won the prize for high score. Mrs. Fred W. Gooding of Shoshone was a guest of the club and was presented with a gift. Mrs. Earl Carey was also a club guest.

Mrs. Morgan Heap and Mrs. J. R. Perrine entertained four tables at bridge last evening at the home of the former, honoring Mrs. Fred W. Gooding of Shoshone, who is the guest of Mrs. E. B. Williams, and Mrs. Frank Bell of Vancouver who is the guest of Mrs. H. P. Allen. Mrs. W. Flower won the prize for high score, and Mrs. Gooding and Mrs. Bell received guest prizes. Refreshments were served at the close of the evening.

Twelve members of the Harmony club, accompanied by the following guests, Mrs. Willet Hance, Sr., Mrs. P. J. Costello and Mrs. John Costello, Mrs. H. B. Johnson and Miss Mary Cashin motored to the country home of Mrs. Marshall O. Conover at Kimberly where they enjoyed a one o'clock turkey dinner. Following dinner the afternoon was spent at bridge. Mrs. M. C. Putnam winning the prize for high score, and Miss Mary Cashin the consolation.

The War Mothers will meet in the Presbyterian church on Friday afternoon at 2:30 o'clock. The social committee has prepared a special program and a large attendance is earnestly desired to begin the work planned for the new year.

It is true that urban communities offer many inducements to pleasure that are not found in the rural districts, but when it is considered that all life is relative—that its appreciation depends upon comparison with something else—the country still offers some things that are worth while.

Mr. Lubin conceived the idea of an international clearing house for crop and livestock statistics which would make available systematically, on the same data for the entire world, information regarding the production, consumption, marketing and distribution of agricultural commodities. And that is what the Institute is.

The Institute has a direct interest to the American farmer, because the prices of American products are determined to a considerable extent, by the

NOTICE TEACHERS' EXAMINATIONS

The regular teachers' examinations for all classes of Idaho Teachers' certificates will be held at the office of the County Superintendent of Schools, Twin Falls, Idaho, beginning Thursday, November 18, 1920. All persons expecting to teach in Twin Falls must hold a valid Idaho certificate.

(Signed) BRITOMART WOLFE,
County Superintendent.

Serious Results from Cold.

Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious attacks of pneumonia, influenza, etc. for people who have serious lung trouble. "I had a hard cold last winter," says Chamberlain, "and my wife and I were both seriously ill. I took Chamberlain's Cough Remedy and cured my wife while she was in bed."

TWIN FALLS PROOF

Should Convince Every Twin Falls Reader.

The frank statement of a neighbor, telling the merits of a remedy, bids you pause and believe. The same endorsement by some stranger far away commands no belief at all. Here's a Twin Falls proof of a Twin Falls citizen testifies. Read and be convinced.

Roy Michael, carpenter, 288 Monroe Ave., says: "I have had attacks of kidney trouble when my back has ached and when pains have darted through it until I could hardly do my work. At such times the kidney resolutions would pass much too often and were highly colored. I have used Doan's Kidney Pills and in just a short time they have strengthened my kidneys and cured me of the trouble."

Get 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that means Michael had. Foster-Milburn Co., Mpls., Minn.

RED CROSS SEAL SALE IS SOON TO BE OPENED

State Director McQuown Tells of Needs to Make Project a Success

With C. H. McQuown of Buhl in charge, the annual campaign for the sale of Red Cross Christmas seals will be opened in this state on November 20. Mr. McQuown, who is state campaign director, spent some time in Twin Falls early this week arranging details for the coming drive. Mrs. Carrie Harper White is the Twin Falls county chairman. She is already outlining a scheme of campaign by sub force.

The closest degree of cooperation, to the mutual advantage of all organizations and to the great benefit of the work involved is maintained by the Red Cross nursing service, the Anti-Tuberculosis association, and the state nursing bureau of Idaho, Oregon and Washington, Director McQuown explains.

In Washington a working agreement with the Anti-Tuberculosis association has existed since November, 1919, whereby the Red Cross has assisted in financing the state supervising nurse, Mrs. Elizabeth Soule. In September a state bureau of nursing was created by the commissioner of health and Mrs. Soule was chosen as director of this bureau.

In Idaho the Anti-Tuberculosis association and the Red Cross are anxious to formulate a working plan whereby a supervising nurse can be jointly financed. A very capable public health nurse is now under consideration.

Since December, 1919, the Anti-Tuberculosis association in Oregon and the Red Cross have maintained a split did working plan whereby the Red Cross assists in financing the state supervising nurse who is also director of the bureau of nursing under the state board of health. This office supervises the work of the Red Cross nurses in her state as well as those employed under the Anti-Tuberculosis association.

SUPPORT GUARANTEED FOR FOOTBALL CONTEST

Education Bureau of Chamber of Commerce Pledges a Full Attendance

The Twin Falls Chamber of Commerce will award the high school authorities full and hearty co-operative support toward the football game between the Boise-Twin Falls state high school championship game to be played here on Thanksgiving day.

Assurance to this effect was given Superintendent Hal G. Blue of the city schools by members of the education bureau of the chamber of commerce that last night. The members of the bureau were unanimous in voting support for the plan, and arrangements are already under way for mass representation of the entire chamber of commerce membership at the game.

The scheme of the club attendance is under direction of the education bureau, each member being pledged to round up 30 other members of the chamber of commerce. All will gather at the rooms of the club early on Thanksgiving afternoon to be escorted to the ball ground.

Last night's meeting was attended by Superintendent Blue who pointed out that this is the most ambitious plan in line of athletic activity the school has ever proposed, and town co-operation is needed to bring the idea to a successful issue.

TRAVELERS TO INITIATE

Twin Falls chapter of the United Commercial Travelers will hold a special meeting Saturday evening in J. O. O'Connell, and supreme councilors will be present. Mr. McCormick has jurisdiction over the states of Idaho, Utah and Montana. He will confer the degree on 17 candidates. A banquet will be held in connection with the initiation. Twin Falls is the smallest city having a council.

TO FINISH ROLL CALL

The board of directors of the Red Cross met in Red Cross headquarters Wednesday afternoon to discuss ways and means for increasing the amount collected on the fourth roll call. Last year Twin Falls county chapter raised \$2,000. This year only \$1,400 has been collected. It was decided that booths will be placed in prominent places to collect memberships for the remaining eight days of the drive.

AMERICAN FALLS DAM BUILDING HINGES ON THE HOME SUPPORT

Secretary of Interior Has Not Yet Approved the Scheme, Declaring Proposal is as Yet Only in Its Preliminary Stage—There Must Be Satisfactory Financial Backing—Bruneau Left Out

Construction of the American Falls dam depends now upon the extent of financial backing, or the adequate and satisfactory assurance of such backing, according to a statement issued from Washington during this week. The plan, however, this statement indicates, is only in preliminary stage with nothing of a definite character decided upon as to building.

The statement issued is contradictory many of its phases and features to reports issued from sources near at home, one of which is characterized as "premature and grossly overdrawn." It also declares that the American Falls scheme does not embrace the Bruneau project, a statement which will not be received throughout this section with any sentiment other than deepest regret and expression.

Elaborating Detail
The statement provides the following illuminating information, both as to plan, cost and the features it includes as well as backing requirements:

"If adequate and satisfactory assurances of financial backing can be obtained from various irrigation districts, companies, etc., in Snake River valley, Idaho, the secretary of the interior late in the coming session of congress, or early in the special session, may submit to congress the proposal for government co-operation in the building of a large dam at American Falls to increase the supply of water for existing projects, and to impose additional water to permit the building of some new projects.

Report Denied

"But the plan is still in a preliminary stage. The recent report emanating from Idaho Falls to the effect that Secretary Payne had approved a project looking to the building of a \$600,000 dam at American Falls, and to the reclamation of 1,000,000 acres in Snake river valley, is both premature and grossly overdrawn. All that has been done by the interior department to date is to authorize the reclamation service to make a survey of the Snake river valley, and of the American Falls dam site, and reservoir site, the lands under existing projects being assessed a slight sum per acre to meet the costs of this survey.

"In connection with this work, options are being asked on property in American Falls which town, if the project is built, will be submerged 100 feet or more by the waters impounded behind the contemplated dam.

Up to Owners

"If after the survey is completed the American Falls storage project is approved, and if the existing irrigation districts and the owners of lands that may be reclaimed come forward with a definite and satisfactory plan of financing their respective shares of the big project, the secretary of the interior will recommend it to congress.

"The dam and other works, like the dam at Jackson Lake would be built under direction of the reclamation service and under the same conditions. But local interests must raise most of the funds to carry out this project.

"In the event the American Falls project is approved, the government, for itself, will take over one unit, and reclaim 100,000 acres lying near Minkola, for development under a solid settlement plan, for the benefit of ex-service men, and congress would be asked to advance the cost of this portion. Aside from this, however, private interests must bear the construction costs, and must come forward with a satisfactory showing of their ability to raise their respective shares of the total cost. This apportionment being based on the areas named in contracts recently submitted by the secretary of the interior.

Less 500,000 Acres

As a matter of fact the project on which government engineers are figuring does not embrace the Bruneau project, regarding which there has been much publicity and to date the secretary has declined to approve the state segregation of the 500,000 acres covered by this project because he has been unable to get satisfactory assurances of the ability of the promoters to finance this project, or satisfactory data as to the engineering features of the project.

"The state has been insistent upon having its segregation approved, but the secretary has been equally insistent that the state make a showing satisfactory to him before he acts. Furthermore, reclamation engineers have never favored inclusion of the Bruneau project in any big project they may undertake in the Snake River valley, and that project is not contemplated by the plans now under consideration in the interior department.

Figures Too High

"The dam which the reclamation service has in contemplation at American Falls will cost, roughly, \$12,000,000, not \$600,000, as stated. If that dam, however, will be so designed that, in any future time, private interests come forward with ample financial backing and a feasible plan for carrying through the Bruneau project, the dam at American Falls can be raised to store sufficient water for the Bruneau lands. The American Falls dam site is regarded as ideal, and will provide a reservoir 70 miles long, and considerably larger than the Elephant Butte dam of the Rio Grande, now the largest in this country.

"Whether Secretary Payne or his replacement will submit to congress the American Falls project will depend upon the speed with which surveys and estimates are prepared."

COURT IS LENIENT IN TIPTON'S CASE

Indeterminate Penal Sentence is Held in Abeyance During Good Behavior

Accused of grand larceny McKinley Tipton, this morning faced Judge W. A. Bulewicz in the district court for sentence. The young man, who has been held in jail since his arrest two months ago, pleaded guilty and was, when he was called to the bar of justice gave every exterior indication that he was prepared for the worst. He was sentenced to serve an indeterminate sentence of from one to 14 years in the state prison.

Tipton was represented by J. E. Martin, attorney, who made a stirring plea for a measure of clemency for his charge. Mr. Martin outlined a previous good record and succeeded in procuring a parole for Tipton. The latter will be required to report at stated intervals to the county authorities.

Tipton, with Bert Skidmore, was arrested following the destruction of stoves and furnishings from several houses outside of this city. One house was robbed and the place set on fire. Skidmore provided bail and was released after preliminary hearing. He has not been located and is believed to have left the country.

PREMIUM RIBBONS PLACED ON DISPLAY

Representing 81 Top-Class Prizes Pig Raisers Show Many Trophies

Attesting the excellence of Twin Falls Duro-Jersey swine there is on display in the window of the Idaho State bank, a large card attached to which are 81 ribbons, representing premiums won at two of the most important livestock shows ever held in the west. Part of the awards were won at the Western Royal Livestock show at Spokane and the others at the Lewiston Northwest Livestock show. The shows have just been concluded.

The total amount of money offered at the two shows was \$925. Twin Falls district exhibitors brought back all but \$21 of this sum. The exhibits were submitted by Clifford Caldwell, Robert Weaver, Alfred Strunk and Anna Huell, members of the Twin Falls County Pig club.

Speaking with general respect to the shows at which the exhibits were made A. O. Reilly, farm bureau club leader, says the Duro-Jersey exhibits were the largest offered in the country, and that the winnings of the Twin Falls county exhibitors constitute a world record. Besides sweeping the honors in the individual classes the pigs were entered in the open class of 45 pigs, winning four prizes netting \$171. These prizes were awarded for litter, weight, and color. Clifford Caldwell of Kimberly was the highest point winner.

THIRTY-SIX SELECTED FOR TERM JURY PANEL

Sheriff is Ordered to Get Service on Residents to Try the Court Cases

A jury panel of 36 has been named for service during the November term of court. Subpoenas have been placed in the hands of the county sheriff for immediate service. Those named are: A. J. Jungst, Twin Falls; L. L. Breckenridge, Twin Falls; F. T. Parish, Buhl; F. R. Cox, Twin Falls; H. C. Kennedy, Twin Falls; John R. Elmer, Twin Falls; H. W. Farrar, Twin Falls; H. H. Schildman, Elmer; M. J. C. Goldowski, Buhl; W. E. Wallace, Twin Falls; John H. Haring, Elmer; H. H. Johnson, Buhl; Charles K. Costello, Buhl; Ira Fuller, Twin Falls; Jesse L. Ball, Hanson; O. M. Etter, Twin Falls; R. B. Howard, Buhl; J. W. Brewer, Elmer; A. D. Shotwell, Rogers; David Ford, Buhl; J. I. Goldman, Murtaugh; S. F. Vandamant, Buhl; Joseph B. Lusk, Hanson; John R. Hinton, Hanson; E. I. Kellogg, Twin Falls; J. A. Steelsmith, Kimberly; E. I. Lyon, Elmer; Claud Brown, Buhl; W. J. Ray, Twin Falls; George A. Decker, Murtaugh; S. P. King, Buhl; W. F. Alworth, Elmer; Nasum Ring, Buhl; W. C. Brown, Castleford.

TRUCK DRIVER FINED

Wayne Costello, truck driver, yesterday paid a fine of \$10, with costs in magistrate. Minnick's court for his share in the responsibility for an accident which resulted in damage to a telegraph pole Tuesday night.

READ THE DAILY NEWS.

More Rain is Promised for Next 24 Hours

PRECIPITATION has not yet reached a point of flood, but the weatherman predicts more on top of what has come, bemoaning a good dousing if not a flood. Yesterday's rainfall amounted to .15 inch. The prognostication for tonight and tomorrow accords occasional rains, with southerly winds. Yesterday's high temperature was 54, or a drop of seven degrees from the day previous. It was 41 for low last night.

BREAKS AGAINST BRUINS' ELEVEN IN BUHL BATTLE

West End Coach Said to Have Reserved Some Tricks to Break Twin Falls Record

According to a statement by Clint W. Evans, the Twin Falls mentor, the Twin Falls team will go into the contest with Buhl with the breaks against them. Buhl has improved wonderfully during the last few weeks and will do everything possible to break Twin Falls' record and score. The Buhl team is said to have several clever tricks up its sleeve and has made numerous shifts in his line-up. In addition to this the game will be played on a foreign field which, due to the recent inclement weather, will probably be in poor shape. Several of the Grizzlies have been out of the practice line up recently but will probably be in shape to start the game Friday.

Transportation arrangements have been completed so that instead of a special train, as was first proposed, there will be extra cars on the regular trains for the accommodation of those desiring to make the trip. The train will leave Twin Falls at 1:10 and arrive in Buhl at 1:50. The game will be called at 2:30 so that there will be plenty of time to finish and come back on regular train schedule. If necessary, however, the train will be held 20 minutes to allow for all possible interruptions of the game. The high school band will accompany the local delegation of rooters and a big "pop parade" through the streets of Buhl will be staged.

FRAZIER TAKEN ON FRAUD ACCUSATION

Issuance of Worthless Checks Said to be Cause of Arrest at Buhl

Accused in both Twin Falls and Coeur d'Alene of perpetrating fraud through the issuance of bad checks, James H. Frazier, a former lawyer, who of late is said to have been in the insurance business, was placed under arrest at Buhl last evening by Sheriff-elect E. R. Shorman. Frazier is to be brought to Twin Falls for safe-keeping.

According to reports given out at the sheriff's office the Buhl warrants issued by the instance of A. R. Colwell, one of the proprietors of the Majestic pharmacy, where, it is said, a worthless check for about \$20 was passed.

In addition to arresting Frazier the sheriff-elect also apprehended two youths who gave the names L. S. Jones and E. Bowman. The young men were taken to Buhl yesterday by automobile. They are said to have pawned the machine to a garage man for \$5. This act led to their detention.

Investigation by members of the local sheriff's office reveals the fact that the car belongs to J. H. Glover of Ashton. Mr. Glover is said to be the father of one of the boys, who has given a fictitious name to the authorities.

APPEALS FOR DIVORCE

Making the principal charge failure to provide, Nicoline Batten has entered suit in the district court against Theron N. Batten for divorce. According to the bill of particulars any marriage in Salt Lake on December 15, 1917. Division of community property with all money of \$50 per month is asked in the decree.

A bazar and supper will be given by the Ladies' Aid and the young people's class of the Community church, four miles south and one east from the foundry, on Friday evening, November 19, beginning at 6 o'clock. Proceeds to be used for completing the basement. All are cordially invited to attend.-adv.
