

CALDWELL HEADS THE RED CROSS

Local Physician Elected Chairman—Much Relief Work is

to be Done

At the annual meeting of the Twin Falls County Chapter, American Red Cross, the following officers were named to serve for the coming year:

Dr. Geo. H. Caldwell, chairman; Mrs. W. F. Pike, vice-chairman; Mrs. W. F. Edwards, secretary; Ray McClellan, treasurer. Other members of the executive board are as follows: Leo F. Bracken, Miss Brittmar Wolfe, Hal G. Blue, Mrs. B. E. Morse, Mrs. J. E. White, Mrs. C. H. Krenkle, Miss Jane Maxwell, Dr. C. G. McGinnis, Mrs. G. M. Simpson, Mrs. E. B. Williams, Mrs.

The need for a second nurse is becoming so urgent that the chapter hopes to be able to add one in the near future. The jurisdiction of the chapter is large, and it is impossible for one nurse to meet the demand. There is great need for a visiting nurse, one who can devote her entire time to this part of the work.

Depends on Roll Call
Whether or not the chapter will be able to extend the work depends on the result of the roll call now in progress. Because of conditions on the tract the board has decided not to carry on the

To date there has been paid in at the chapter headquarters in the Idaho Power building \$17,423.15. In former

years the membership has been around \$5000. Since the greater part of this money will be spent in this community, we ought to be able to keep our membership up to the full strength. Remember that if a five-dollar member is taken four dollars remain in the local chapter.

The drive ends on November 24, the day before Thanksgiving.

Distress Impending

Three million men, according to a government statement of a few days ago, are without work.

Government, statement of a few days ago, are unemployed in the United States. The crux of the situation is not yet; federal authorities prophesy increased unemployment, bread lines, a condition such as has not existed in the nation for many years.

Not a Wasted Effort

There is one activity which will not be a waste of effort no matter what the developments may be. There is one thing all can support, whose activities and efforts are vital to the welfare of the country under the very best of conditions, whose increased activity greatly will aid through hard winter months of bread lines and poverty resulting from unemployment.

That is the American Red Cross! Roll call days are almost at an end. If the added demands thrust upon the Red Cross are to be met, and an adequate part is done in assuring the stability of the nation, the efficient and practical method is found in the machinery provided by the Red Cross organization.

ARTILLERY ON HAND TO EQUIP LARGE FORCES

Major General Snow in Report, Compares Existing Preparedness with Situation During World War

WASHINGTON, (P)—That artillery troops for the American army in the world war were forced to drill with "improvised weapons, gun type, harness and other expedients," because of lack of equipment, is officially revealed today in the annual report of Major General William J. Snow, chief of field artillery.

"Large quantities of guns, howitzers, ammunition and other artillery material are on hand, left over from the war," the report said, "and the country thus, for the first time in half a century, has on hand sufficient stocks of artillery to equip a large size army."

Demobilization difficulties made it almost impossible to carry on regular peace-time training of the artillery during the year, General Snow reported, but he said an effort was made to keep two regiments trained and recruited up to strength for possible border duty.

Four Regiments Motorized. Army accomplishments during the year were the motorization of four regiments armed with 75 millimeter guns, including the use of two and a half five-ton tractors; the development of new gas and smoke shells; the successful incendiary shell by the chemical warfare service; and an extensive test of pack equipment for mountain artillery under service conditions.

Training Courses Gratifying. "Gratifying results" have been obtained from the training of reserve officers for the field artillery at colleges and schools, the report declared. More than 5000 students now are taking the artillery course at different schools, with more than 8000 trained officers in the reserve corps.

TOT GIVES SAVINGS OF YEAR TO RELIEF FUND

Contribution Makes Possible One Square Meal Daily for Two Months for Hungry European Warf

NEW YORK, (P)—The accumulated savings of a whole year were poured into the lap of Herbert Hoover today to help feed starving European children and as a result every day for two whole months will be Thanksgiving day for one hungry little European waif.

The savings total \$2. The great-hearted giver is Constance Winmarth, 7-years old. Seated at her own dinner at home she heard her mother say that \$1 given to the American Relief Administration European Children's Fund would give a hungry European child one good meal a day for one month.

Constance, who lives at Long Beach, I., raised her savings bank and wrote:

My dear Mr. Hoover I am sending you 2 dollars at my own. I have a silver dollar but I would rather keep it myself but if you need it I'll send it too. You know I am sending it for the poor starving children of Europe.

Yours friendly

CONSTANCE

She told her mother to put the money in January she would have another "dollar." Her money will help discharge America's great self-imposed charity—the task of keeping and live to a million European children from death or permanent injury from starvation between now and next harvest. Every American dollar stimulates the production of two in Europe and the \$3 are so expended that they give a child one square meal a day for a month. The goal of the European children's fund is \$23,000,000.

LOYAL LEGION LOGGERS FURNISH GENERAL HOSPITAL

ABERDEEN, Wash., (P)—The Loyal Legion of Loggers and Lumbermen, an organization of workers in the timber industry, has extended its scope here by purchasing the Aberdeen general hospital for \$40,000. The hospital will be enlarged and refitted to provide facilities for lumbering employees in this section.

DECLARES MILK PRICES OUGHT TO BE REDUCED

Farm Bureau Federation Secretary Says Big Surplus Exists in Country

CHICAGO, (P)—There is a big surplus of milk in the country and milk prices generally should be lower than they are, J. W. Connelley, secretary of the American farm bureau federation, said here in explanation of the federation's call for a national conference of milk producers. The conference, he said, aims to work out some better method of marketing milk and will consider the possibilities of co-operation.

"A number of condenser factories absolutely refuse to buy milk and many producers don't know what to do with a large part of their supply," Mr. Connelley said. "In New York state producers have put up several of their own condensaries and have bought several more that had closed. They propose to can their milk and lay it away on the shelves until the time when the public will want it."

"There is so much milk without a demand for it that I don't think it will be sold for less and still pay out. People would use more of it. Some of the people are not using as much milk as they should."

"The present difficulty dates back, I think, to the high price of sugar. Sugar is used in condensing milk and the condensaries filled their shelves with milk put up at a high price. There is no export sale and the condensaries are trying to force the consumer to buy this milk. The poor can't afford it, and the result is there is too much condensed milk in the country."

ITALIAN SYNDICATE TO GIVE AID TO EMIGRANTS

Organization Seeks to Smooth Path for Nationals Out of Country

ROME, (P)—A syndicate with a capital of \$5,000,000 lire has been organized here to promote emigration and to assist the Italian emigrants in their enterprises in which they may engage in other countries. It is intended also to make a study of the opportunities offered by the foreign countries to Italian immigrants and to protect them in their efforts to find new homes and means of livelihood in Italy.

The syndicate includes in its membership some of the most important Italian banks, steamship companies and representatives of workers' organizations, both socialist and Catholic. In order to equip the emigrants for new modes of life in foreign countries, special schools have been founded to teach them to read and write and to train them for trades or for farm work.

It is understood here that Brazil is the country having the greatest need for workers but that Brazil requires, not so many individual immigrants as it needs entire families to populate the immense extent of land. Furthermore, Italian emigration to Brazil is being checked by the fact that large capital would be needed to cut the forests from the land which the Brazilian government desires to populate. It is pointed out that the syndicate now organized may furnish some of the capital required for that purpose.

SOUTH AMERICAN SEEK BASIS OF UNDERSTANDING

Colombia and Venezuela Under-take to Settle Controversies on Frontier

BOGOTA, Colombia, (P)—Colombia and Venezuela are taking steps to reach an understanding relative to controversies which have arisen along the frontier. The most serious matter was a result of the action of Venezuelan officials in cutting off river traffic from the lake of Maracibo, by which mercantile interests in the province of Santander, Colombia, were injured. A protest was made at Caracas and the Venezuelan government took steps to replace its frontier authorities and has given satisfactory explanation. Recent reports that hostilities had broken out along the frontier are incorrect.

INTERMEDIATE SCHOOLS ARE URGED IN TACOMA

Board Asks \$2,450,000 Bond Issue to Carry Out Program Proposed by Superintendent

TACOMA, Wash., (P)—Proposed radical changes in the public school system here will be placed before the voters December 7. The school board is asking for a bond issue of \$2,450,000 so that a plan of Superintendent W. F. Geiger for the creation of intermediate schools may be put into effect.

Under the new plan, present school buildings here would house the first six grades. In these lower grades increased facilities for physical and manual training would be provided, and a comprehensive kindergarten department added.

Construction of five new buildings located in strategic sections, would then be undertaken. These structures would house the seventh, eighth and ninth grades, and would be especially designed for pupils of that age with extended courses in manual training, domestic science and physical development.

The high schools of the city would then reduce their courses from four to three years, the ninth grade in the intermediate schools taking over the first year of high school work.

CHURCHMEN OF ENGLAND COMPLAIN AT HIGH COSTS

Bishop of London Says He's Far-ed Better when He Was Only Curate

LONDON, (P)—High dignitaries of the English church are finding difficulty in making their official stipends meet the high cost of living. Dr. W. H. Williams, the bishop of London, has leased his town mansion in St. James Square and announced that he is quite prepared to move to Fulham palace, his magnificent official residence. The bishop's stipend is 10,000 pounds a year. Being a man of simple habits, he does not spend \$1000 a year on himself, yet he is often heard to say that he is "worse off now than when he was a curate."

The archbishop of York and primate of England, Cosmo Gordon Lang, declares that it is quite impossible for him to maintain his home, Bishopthorpe palace, and entertain his clergy adequately, on his official income of 9000 pounds a year, although he is a bachelor, says the Evening Standard.

The bishop of Winchester, with 6500 pounds annual income, is in a similar plight. The bishop of Worcester, who lives in the largest bishop's palace in this country, with a deer park which is one of the sights of England.

The bishop of Lichfield deplably announces that he is about to change his palace for a small house. He states that, although the yearly income of his see is 4200 pounds, the necessary official charges leave him only 1200 for the upkeep of the palace, which really requires \$2000 per year.

The bishop of Worcester, who draws 3900, is also considering the advisability of leasing his vast palace, Hartlebury castle, to take a more modest dwelling.

RELIEF WORKERS COMPLAIN ABOUT TURKS TAXATION

Collectors Spare Nothing from Levies Except Schoolbooks and Assessments Include 10c a Pound on Sugar

NEW YORK, (P)—Turkish tax collectors spare nothing from levies except schoolbooks, and the assessments run so high that 10 cents a pound is exacted on all sugar while a tax of \$229 recently was demanded on an automobile that sells for \$305 in the United States.

These unmerciful tax collectors have hoisted the rates to such an altitude that the Near East Relief injected a protest, its headquarters here was informed, in a time limit for exporting all intoxicants from the country terminating December 1. After that the Kemal government will confiscate the balance of stocks.

Liquor, blighted by prohibition since October 1, is taxed a certain sum per bottle, irrespective of quality, the letter said. The time limit for exporting all intoxicants from the country terminating December 1. After that the Kemal government will confiscate the balance of stocks.

For thirty years special taxation has been exercised to fill a swamp that has caused malaria to blossom and flourish constantly, but, the writer said, "thousands of thousands of Turkish pounds have filled official pockets while the marsh still remains unfilled." The Near East Relief has a hospital only a mile away, and has persistently requested that this "plague-spot be removed."

Reveals Real Tragedy

Dr. K. J. Marden, head of the Near East hospital at Marasovan, has "performed many minor operations to remove tattoo marks from Armenian girls," continued the letter. "These girls are tattooed on the hands, fore head, cheekbones, chin and on or between the breasts. Many girls are deeply ashamed of these marks of their slavery."

"Some of these girls will vanish sooner or later from the protecting home, as some have done before them, to find their way back to the Turkish or Kurdish harem which contains their child. One cannot blame them. They are mothers first and Armenians afterward. There is tragedy here for the Armenian men will never understand this thing. To them the child is a Turkish child. To the mother it is her child."

ARCTIC TRADING SHIP IS HELD UP BY SOVIET

Overthrow of Reds in the Far North Keeps Schooner's Record Clear

SEATTLE, Wash., (P)—The power schooner Bender Bros., known as the "ship that always comes back," is in port now being overhauled in preparation for a voyage next year to the Arctic regions. She has just returned from a 16,000 mile voyage that began in midle of last April and took her along the Siberian coast from Petropavlovsk to Anadyr, thence to Nome, where ice conditions hindered her efforts to get into the Arctic.

The vessel is used as a trader by a Seattle firm and departed northward April 14. She arrived at Petropavlovsk the middle of May after a 37-day run. The Bolsheviks had control of the Kamchatka port at that time and two red guards boarded the Bender Bros. and remained on the vessel for several weeks.

Then a Russian volunteer fleet steamer arrived from Vladivostok with representatives of the Vladivostok government who ousted the reds from control and took over the port. On the way home from Bering Strait the Bender Bros. made a second call at Petropavlovsk, arriving there last month, and the Vladivostok government seemed to be firmly established in control of the Kamchatka peninsula. The Japanese had a 7000-ton war-

ship in Petropavlovsk and also an 8000-ton transport. Both ships, it was stated, would remain there all winter. Other Japanese warships, including a number of destroyers, are scattered along the Kamchatka coast, protecting the Japanese concessions, the men on the Bender Bros. reported.

After the first visit to Petropavlovsk the schooner continued north along the Bering Sea shores of Siberia, trading at the villages and outposts for furs and other products. She arrived at Anadyr July 15, being the first vessel of the year to put into that roadstead. From Anadyr the Bender Bros. carried eight Russian refugees to Nome and then headed for the Arctic ocean. Ice halted the cruise.

MONTREAL.—The Canada Steamship Lines, Ltd., which is the chief Canadian operator of steamships on the Great Lakes, plans next summer to start an aerial passenger service between Montreal, Toronto and New York.

This announcement was made today by J. W. Norcross, head of the concern, who has just returned from England after having placed contracts for two large British seaplanes to be delivered next spring.

LAKE LIVE BOYS PROPERTY FOR BOYS' CONFERENCE

Representatives of Western Pacific Railway Pay \$5,000.00 Cash for Clark Road at Foreclosure Sale

DENVER, Colo. (AP)—Representatives of the Western Pacific Railroad bought the properties of the Denver & Rio Grande railroad at foreclosure sale here Friday.

The sale price was five million dollars, cash.

The purchasers also agreed to assume \$144,775.00 obligations of the Rio Grande.

Pay Minimum Amount.
The men who acted for the Western Pacific in the purchase were John P. Bowie of New York, general counsel for the Western Pacific; John B. Marsh, and Ralph M. Arkush, all of New York.

The amount for which the road was sold was the minimum amount set by the United States district court in the order for the sale of the Rio Grande.

Mr. Bowie announced to the Associated Press a few minutes after the sale had been made that he had bought the property for the Western Pacific railroad corporation, the holding company for the Rio Grande, the Denver & Rio Grande railroad.

He said there was no definite plan to combine the Denver & Rio Grande and the Western Pacific stock companies and that the properties may be operated as separate lines.

"The roads of course," said he, "will be under common management and operation will be closely aligned."

Stockholders Left Out.
No provision was made to take care of the stockholders of the Denver & Rio Grande railroad, Mr. Bowie said.

The stock, common and preferred, amounts to \$67,775.00.

Attorney E. P. Carline of Denver, representing the Denver & Rio Grande stockholders protective committee, read a formal protest against the sale.

Mr. Carline attempted to interrupt the special master to begin reading his protest but was silenced by Mr. Bowie who advised him "do not interrupt the master."

Attorney George L. Nye of Denver, also read a formal notice regarding certain contract rights of the Utah Railroad commission.

Asked after the sale if there had been any provision made to take care of the stockholders in the Denver & Rio Grande Railroad company, Mr. Bowie replied, "They will get nothing."

Proceedings Are Brief.
The proceedings of the occupied exactly 40 minutes. Just as the noon whistle blew in the factories surrounding brick D. & R. G. freight house, where the sale took place, Special Master William A. Jackson, began reading the formal notice of the sale. There were approximately 4000 words in this. At exactly 12:40 P. M. he announced that the road had been sold to Messrs. Bowie, Marsh and Arkush.

The sale was the first of a series of sales of the freight house and the financiers, attorneys and others who attended the sale were busy dodging trucks and wagons going to the freight house to load up on goods, including five or six women attended the sale.

The stock of the Denver & Rio Grande was made up of \$40,775.00 in preferred stock and \$27,000.00 in common stock.

Glves Tumultuous Chapter.
Sale of the Denver and Rio Grande railroad to the highest bidder by order of the United States district court of appeals marks the close of a turbulent chapter in the history of the road, begun by General William J. Palmer in 1871.

Millions of dollars a year in wages were paid annually in the prosperous period of the road's history and other millions were used in numerous efforts to improve the road, but the road was sold to a little more than \$20,000,000—the amount of the judgment. On January 26, of that year Edward L. Brown, president of the road, and Alexander C. Edgerly, vice president, were named receivers by Judge Walter L. Sanborn of the United States district court at Denver.

A month later the receivers named a receiver to comply with regulations of the United States railroad administration during the receivership.

When the bond issue was for \$20,000,000 and when the Equitable Trust company of New York brought suit and obtained judgment in 1913, this had been reduced to a little more than \$20,000,000—the amount of the judgment. Plans Are Completed For Boys' Conference

Three Days Next Week Will Be Devoted to Southern Idaho Conclave

The older boys' conference for southern Idaho will be held in Twin Falls, November 26, 27 and 28. Free entertainment will be provided for all delegates and adult leaders in the homes of the people of Twin Falls. They are also to give a banquet for all the delegates and leaders Saturday evening, November 27. Carley Pickett is heading up the local committee on arrangements. The H. H. club has accepted the responsibility of the arrangements. This club has an enrollment of 120 older fellows and is a real factor for good.

A. E. O. interstate boys' secretary is arranging the program and directing the conference. C. A. Kells, assistant interstate secretary is also giving a good deal of time in preparation for the conference. The program has on it some very able leaders, among whom are President Tenney of Good Hope, the Rev. E. L. White, pastor of First M. E. church, Twin Falls; and Mrs. Jean Morris Ellis, vocational guidance expert and character analyst. Mrs. Ellis will be the only woman and a specialist in her line. She will give a good deal of time to personal interviews.

Some of the speakers estimate that there will be between two and three hundred boys and leaders registered in this conference. The first session will begin at 8 o'clock on Friday, the 26th. This will be largely used to get acquainted. There will be an inspirational address Friday evening and some short addresses and conferences Saturday morning. From 2:30 until 5:30 Saturday afternoon the time will be given over to recreation. Sunday the special feature will be the older boys' mass meeting at 3:30 and the closing session of the conference Sunday evening.

WASHINGTON, D. C. (AP)—Despite the loss of 74 members of the country's million-year income class, the tax able income of the United States increased in 1919 by over \$2,272,000,000 as compared with 1917.

The income statistics announced by the bureau of internal revenue, incomes reported for 1918 amounted to \$15,924,639,235 against about \$13,700,000,000 in 1917, though 141 persons filed returns for incomes of one million dollars or over in 1917 and only 67 in 1918.

Personal returns filed during 1918 numbered 4,425,114, and the tax, both normal and surtax, amounted to \$1,127,321,535. The average tax for each individual was \$25.25, as compared with 1917, a growth of 92.23 per cent. The increase in the total tax was \$434,225,859.

Returns for incomes of over \$100,000 one million dollars were filed by 178 persons, while 1,516,938 persons

American People are Taxed to Pay Interest Defaulted Abroad

WASHINGTON, (AP)—"Do you know," asks the Republican Publicity association in an article issued today through the aid of the organization, Jonathan Bourne, Jr., "that the entire national debt of your government is approximately \$24,000,000,000, and that approximately 19,000,000,000 of that sum represents loans to foreign governments?"

"That these loans are evidenced in the United States night bearing interest at 5 per cent, signed by the representatives of the foreign governments?"

"That these demand notes contain a provision as follows: 'This certificate will be converted by the government of (name of foreign government), if requested by the secretary of the treasury of the United States of America at par with an adjustment of accrued interest into an equal par amount of (name of foreign government) gold bonds of the government of (name of foreign government)'?"

"That in spite of that provision, and in spite of the fact that the first loan was made on April 25, 1917, five months ago, no conversion or adjustment of accrued interest has been made?"

MANY TRAPACES REQUIRED

TO EXPAIN TRAFFIC STATUTE

Center of Street Parking is Abolished by New Ordinance and Drivers Have a Lot to Learn in Next Month—Projecting Loads Must Be Protected by Glaring Markers

Typed on a dozen or so sheets of local cap an ordinance designed for the regulation of traffic within the environs of Twin Falls was Monday night read at length by the city clerk.

The reading, punctuated as it was with discussions of important points, features and most examples, occupied about one hour and during that period many changes of minor or major order were made in the original draft.

Center Parking Taboo.
One of the principal, most drastic and noticeable features of the new traffic law abolished center of the street parking in Twin Falls. Hereafter all cars must be parked at an angle of not more than 45 degrees at each curb. The middle of the street is to be left for moving vehicles. Also conveyances, of whatever sort they be, must not turn in the middle of a block, but must proceed to the intersection toward which they are headed and make the turn in regulation manner.

It took a long time to decide how much of the new law should be a part of a long night project, or just how large a mark such a projection should be and how it should be protected to save on-coming vehicles and pedestrians from collision or disaster. It was finally determined that any projection extending more than 10 feet from the back of the vehicle bearing it, and not more than one foot in diameter should be protected by red markers, a flag by day and a lantern by night.

Must Leave Room.
Where vehicles are parked parallel with curbs no car shall occupy a space

within six feet of another, thus is provided a space of 12 feet for each machine in which to operate in the "getting out of the way" process.

A local was sounded against the storing of machines of any kind on the public streets. This clause in the law is designed to regulate occupation of streets and alleys for unreasonable lengths of time. Examples of such violations were provided in the use of the streets where apartment houses are located for illegal parking. In addition members of the board of administration directed attention to a string of motor trucks which are said to have occupied one side of an almost entire block on Second avenue south for a period of several weeks. Neither can operators of public repair shops and garages use the street while their cars are awaiting repairs.

Time to Post Up.
The ordinance becomes effective immediately but traffic authorities have given advance notice of the new 30 or 35 days instructing the motoring public in the new rules and requirements rather than to invoke penalties for violations of the ordinance. Signs to be printed by the thousands and will be mailed to every car operator in the county and will also be posted at garages and repair shops. The convenience and instruction of vehicle operators and owners.

There is a probability that parking signs will be painted on the street pavements where cars are to be headed in at right angles. This point was discussed at length and found unanimous favor with the council.

COURT'S RULING MAKES COWLING
LARGEST NUMBER OF HOTEL STOCK

Long Litigation in District Court Ends when Judge Ensign Finds Against T. M. Robertson, Secretary, in All Points at Issue—Securities Pool Is Held to Be Valid

By the terms of a ruling made Saturday by Judge H. F. Ensign, district judge at Twin Falls, W. B. Cowling, Jr., becomes holder of the majority of capital stock in the Twin Falls Hotel company, operating the Terrine hotel.

Ensign's decision covers three actions, two in which Thomas M. Robertson, secretary of the company, is plaintiff against the First National bank of Twin Falls, and one in which M. Sprague, A. B. Caldwell, A. L. Houghtaling and George Herriott, stockholders, the second in which the company is plaintiff against the First National bank of Twin Falls, and H. F. Cowling, and the third in which Thomas M. Robertson is defendant, and H. F. Cowling is plaintiff.

The first case was filed to break pool of stockholders in the company who had combined their holdings and placed these in escrow with the First National bank to restrain the transfer of the stock. A temporary injunction was issued, but a permanent order was refused early this year.

The second action was for the purpose of restraining those stockholders in the pool from transferring or disposing of the stock.

The third action. Mr. Cowling sought to compel the hotel company and T. M. Robertson, its secretary, to receive and cancel stock certificates and issue new stock to plaintiff in lieu thereof.

History of the litigation shows that after the pool had been formed, Houghtaling, Herriott and others sold their stock to Mr. Cowling, and that when this was presented to the secretary for transfer on the books of the company, such transfer was declined. That is a possibility that the actions may be taken to a higher court by Mr. Robertson.

Walters, Hudgin and Bailey were counsel for Messrs. Houghtaling, Herriott and Cowling, while Bothwell and Chapman were counsel for Robertson.

In his decision Judge Ensign allows costs and disbursements in favor of the plaintiff in all three actions and against the plaintiff in the last one.

SUSPECTS IN MAIL ROBBERY BEFORE COURT

Seven Men and One Woman
Held by Government in Con-
nection with Postal Car Hold-
Up in Iowa Are Arraigned

COUNCIL BLUFFS, Ia., (AP)—The seven men and one woman held by the federal government in the investigation of the robbery of a mail car on the Burlington railway in this city on the night of November 13, were formally arraigned in federal court here this forenoon, before United States Commissioner W. A. Byers. All waived examination and were held under heavy bonds.

Specific Charges.
The charges upon which the accused are held are: Merle Phillips, Orville Phillips and Fred E. Poffenberger, with robbing the United States mails; Mr. and Mrs. E. J. Daly, Clyde E. Poffenberger, Fred A. Poffenberger and H. A. Reed, with concealing money they knew had been stolen from the United States mails.

Bonds were fixed by the commissioner as follows:
Fred A. Poffenberger, \$25,000; Orville Phillips, \$25,000; Merle Phillips, \$20,000. The bonds of the other five were fixed at \$10,000 each.

Commissioner Byers announced that if the stolen money was all recovered the bonds would be reduced, intimating that the heavy bonds were to forestall any attempted use of portions of the stolen money, before United States prisoners.

Marshals Give Testimony.
The only testimony offered by the government was given by United States Marshals Fred E. Knox and Sumner Knox, who told of the finding of the money and of the confessions made by various of the accused men.

No estimate was made in court of the sum lost nor of the sums recovered, but United States Attorney E. G. Moon informally announced during the hearing that it was the largest mail robbery in the history of the United States.

The prisoners were brought to the federal building from the county and city jails under guard. The courtroom was packed to the doors during the arraignment. No attempt has been made to give bonds for any of the accused.

FAVORS CALLING JAPAN'S 'BLUFF'

Governor Carey of Wyoming
Asserts View in Telegram to
California Senator

CHEYENNE, Wyo., (AP)—Governor Robert D. Carey of Wyoming, today declared in a telegram to Senator James D. Phelan of California, that it is time for "United States and other nations to call Japan's bluff."

Governor Carey's message was in answer to one from Senator Phelan asking western governors and senators to protest against what is said to be a proposed new treaty between Japan and the United States.

Governor Carey's message follows: "We have to a certain extent complied with her demands but the time has come for not only the United States but other nations to call Japan's bluff. For United States to enter into any such treaty as proposed simply means that we are backing down, as we did when Japan was permitted to seize Korea and take over Shantung peninsula. Were the United States the only country that is excluding Japanese it would be a different matter, and Japan might have cause for complaint. But until other countries permit unrestricted Japanese immigration, Japan has not right to make demands on this government."

MONDELL AGAIN INJURED
Wyoming Congressman Suffers in the Third Accident Since Season's Close

WASHINGTON, D. C., (AP)—Representative Mondell of Wyoming, republican leader of the house, was confined to his bed today as a result of the third accident he has suffered since Congress adjourned last June.

While ascending the steps at his home here last night, a crutch which he was using as a result of a previous injury broke, causing the majority leader to sustain a severe fall. The extent of his injuries has not been ascertained.

Soon after returning to his Wyoming home last June, Mr. Mondell fell from a hay stack on his farm and suffered two broken ribs. The second injury—a broken leg—occurred in October when a boulder rolled down upon him while he was inspecting construction work at the Shoshone dam. Examination of this injury by a specialist this week was said to have revealed that the bone was knitting improperly and probably would have to be re-broken.

Today's Markets

New York Stock Market

NEW YORK, (AP)—Shorts renewed their aggression in the stock market today, basing their operations on the current heaviness of shipments, oils and specialties. Sales approximated 700,000 shares.

Gains and losses were quite evenly distributed at the uncertain opening of today's stock market, but the trend became distinctly downward within the first half hour. Shipments, stocks, equipments and oils were the principal features of weakness. United Fruit lost 2-3/4 points, Atlantic Gulf 1-1/2, Crucible Steel 2-1/2, Mexican Petroleum 3-3/4 and Royal Dutch one point. United States Rubber, Corn Products, Baldwin Locomotive also fell back. New Haven recovered part of yesterday's severe loss and Louisville and Nashville, Pittsburgh and West Virginia, American Telephone and Sinclair Oil were firm to strong.

Balls, steels and equipments were inclined to improve, but fell back under heavy pressure against Atlantic Gulf forced that stock down almost 10 points. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3-1/2's \$92.00; first 4's \$87.20; second 4's \$87.50; first 4-1/4's \$87.70; second 4-1/4's \$88.00; third 4-1/4's \$89.30; fourth 4-1/4's \$87.40; Victory 3-8's \$90; Victory 4-3/4's \$90.

Grains and Provisions

CHICAGO, (AP)—Acute fresh weakness developed in the wheat market today, but a general market to sell, and a steady complete lack of support. Reports of distress in the flour trade at Philadelphia formed the chief bearish influence. It was said Philadelphia merchants had on hand 800,000 barrels of flour for which there was no demand. Downturns in stocks and cotton tended further to unsettle confidence. Opening prices, which ranged from 1 to 4-3/4 cts lower, with December \$1.04 to 1-07 and March \$1.01 to \$1.03, were followed by sharp additional breaks.

Downward swings were accelerated by heavy offerings ascribed to a leading New York trader. On the break, export business took on large proportions. The close was unsettled, 7-3/4 to 9-1/4 cts not lower, with December \$1.00 to \$1.01 and March \$1.04 to \$1.05.

Corn gave way with wheat. After opening unchanged to 1-3/8 cts lower, including May at 73-1/2 cts, 73-3/4 cts, the market underwent a material setback all around.

Subsequently, purchasing on the part of elevator interests rallied the market somewhat. Prices closed nervous, 2-1/8 to 2-1/2 cts not lower, with May 71-8 to 71-1/2 cts.

Oats were depressed by the depression of oats, starting unchanged to 1-3/8 cts lower, May 40-1/4 to 40-1/2 cts, and then undergoing a general sag.

Lower quotations on hogs and cereals forced provisions downward.

POVERTY FORCES GERMAN RESTORATION OF LOUVAIN

Buyers for Belgian Library Acquire Valuable Volumes Thrown on Market

LOUVAIN, Belgium, (AP)—Personal libraries of German savants are being purchased to restock the shelves of the Louvain library looted by the Germans in the war. The German professors are hard hit by heavy taxation and the high cost of living and many more and valuable volumes have thus come to the market.

M. Louis Staliner, director of the library restoration committee, told a correspondent of the London Daily News here that Louvain was very grateful for the consignment of books from American well-wishers although as he put it, the American collection being an essentially modern one, had more of a "universal" than a "university" character.

No building yet exists in Louvain adequate to receive the new library and the books thus far obtained, including 35,000 volumes from England, are scattered wherever temporary accommodation can be found for them.

STOP CATARRH OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—adv.

CONSTANTINOPLE (AP)—An agreement entered into by the Russian Bolsheviks and the Turkish nationalist forces of Mustapha Kemal Pasha, according to private information received here today embraces the following points:

1. Assurance of the territorial integrity of Turkey and restoration of Turkish administration in regions entirely inhabited by Turks.
2. Turkish control to be established in the new states of Arabia and Syria.
3. Facilities to be accorded Russian delegates with a view to the development of communism in Turkey.
4. Russia and Turkey agree to "liberate Moslem countries, such as India, Algeria, Egypt, Morocco and Tunisia from foreign yoke" and grant them independence.
5. Russia recognizes the independence of the Moslem states in her territory and guarantees their integrity.
6. Russia agrees to grant financial and material aid to Turkey.
7. Russia agrees to dispatch two army corps, followed by more if necessary.
8. Hostilities may without previous reference to the national councils of both countries.

Other clauses concern mutual help in the matter of supplies and equipment, the reports indicate.

SHIP DESERTERS CREATE PROBLEM

House Immigration Committee
to Propose Legislation to
Block Gap

WASHINGTON (AP)—Enactment of legislation designed to prevent the desertion of the crews of foreign ships at American ports and the entry into this country of persons coming as stowaways on vessels will be asked of congress by the house immigration committee. In making this statement today, Representative Johnson, of Washington, chairman of the committee, said desertions had reached serious proportions and that there had been a rapid increase in the number of stowaways arriving at Atlantic and Pacific ports. Word reached the committee today that 65 members of the crew of the steamer Gul Diken had recently deserted the vessel when she arrived at New York from Constantinople and Gibraltar. Reports also have been received that increased numbers of Chinese and Japanese were attempting to enter the United States at Pacific and Gulf ports in violation of the immigration law and the Lafollette seamen act. All members of the house immigration committee are expected to be in Washington by the first of next week to frame the bill which Chairman Johnson expects to introduce soon after congress convenes December 6. Mr. Johnson said today that committee members were agreed that immigration should be greatly restricted during the next few years, but have not yet determined how drastic to make the legislation. One of the suggestions of Chairman Johnson is that immigrants should be restricted to blood relations of naturalized citizens.

BROTHERS OF CONSTANTINE
ARE WELCOMED IN ATHENS

ATHENS (AP)—Princes Andreas and Christopher, brothers of ex-King Constantine of Greece, arrived in Athens at 5 o'clock Tuesday afternoon.

The princes were escorted by large and enthusiastic crowds to the palace from the dock at which their steamer arrived from Italy.

In honor of Miss Martha Estelle Stevenson, a bride of the coming month, Mrs. W. O. Taylor entertained at bridge Wednesday. On Friday afternoon Mrs. E. L. Macvillar will also entertain for Miss Stevenson, and Mrs. John G. Gledhill and Adam Schubert have issued invitations for a house party at Gooding for this week end, complimenting Miss Stevenson.

The Current Events department of the Twentieth Century club met with Mrs. W. F. Pike Tuesday afternoon with about thirty in attendance. The lesson topic was on the Hawaiian Islands, a synopsis of the history of the islands was given. Mrs. Wilton Pook sang a Hawaiian song with a ukulele accompaniment, and Mrs. C. O. Kunkley gave an interesting account of her visit to the islands last spring and exhibited many pictures and souvenirs of the country. At the close of the afternoon the hostess served tea.

Mrs. W. H. Greenough and Miss Cora Greenough entertained with a tea Tuesday afternoon complimenting their daughter and sister, Mrs. Earl J. Carey, and Mrs. Frank Holt. A color scheme of pink was used, the tea table having as a centerpiece a cut glass vase of pink carnations with crystal candlesticks at either end containing pink tapers and covered with pink shades. Mrs. Frank Holt and Mrs. M. J. Sweeney presided at the tea table the first hour, and Mrs. A. Flower and Mrs. George Esaley during the second hour. About forty ladies called during the afternoon, the guest list including Mesdames L. B. Perrine, Morgan Hesp, Frank Bell, H. E. Alvey, W. A. Flower, W. A. Flower, L. C. Glos, George Esaley, B. B. Spafford, Wilbur Hill, L. F. Morse, E. O. Laverling, Willard Hance, Sr., Wendell Allen, John Costello, P. J. Costello, W. A. Fitch, A. B. McAlister, W. E. Niss, Taylor Cummins, O. H. Burton, O. E. Booth, J. G. Thorp, Granville Haight, E. A. Walters, George Leopold, Carl Hahn, R. E. Stevenson, E. B. Williams, C. L. Hart, F. P. McAtee, Harry Benoit, Charles and William Macaulay, M. A. McGregor, Clarence Beatty, G. D. Allen, H. P. Laird, L. T. Wright, Allan Pinner, J. P. McAlister, Carl Delong, Fitch Bell, M. C. Ware, Asher B. Wilson, R. A. Read, A. B. Colwell, V. H. Ormsby, W. O. Taylor and L. G. Ulin, the Misses J. H. Hargrave, Clara Beamer, Julia Taylor, Martha Stevenson and Sarah Trowdale.

Mrs. H. F. Allen entertained at bridge on Tuesday evening honoring Mrs. Earl J. Carey and Mrs. C. O. Longley, a former resident of this city and now residing in Minneapolis, who is a guest at the home of Mrs. Emma L. Warren. Mrs. Longley rendered several delightful solos during the evening. Mrs. E. A. Walters won the prize for high score and Mrs. Longley and Mrs. Carey received guest prizes. At the close of the evening delicious refreshments were served with Mrs. M. J. Sweeney presiding at the coffee urn.

Mrs. and Mrs. C. B. Stevens were hosts at dinner at their home at 605 Sixth avenue east on Monday evening. Guests were Miss Mr. and Mrs. E. F. Ashbury, Mr. and Mrs. E. F. McNew, Miss Wilma Sifford, Miss Anna McNew, A. W. Husted, and C. F. Paton. A beautiful basket of fruit with the handle tied with a bow of red ribbon made a charming centerpiece for the table. Following dinner the evening was spent with cards.

The dancing party given by O. E. N. Tuesday evening at Masonic hall was one of the most pleasant events of the season. The hall was beautifully decorated in the Eastern Star colors, and punch and wafers were served throughout the evening to the large number in attendance.

The current events department of the Twentieth Century club met Tuesday afternoon at the home of Mrs. W. F. Pike. Each of the 25 members present responded to roll call with a current event. Some of them proved most interesting and enlightening of which also banks in North Dakota had failed. The lesson topic for the day was a study of the Hawaiian Islands. Mrs. Macvillar read a most instructive paper on "The Islands, Their Discovery,

Earliest Settlement, Their Form of Government and How Long It Lasted." Mrs. M. C. Mitchell handled the topic, "The Hawaiian Islands, Division of Population and Its Lepor Colony." In a decidedly clever manner. Mrs. Ault read a sketch from a recent book on Hawaii depicting the royal American spirit of the native-born Japanese. By far the most romantic paper was a delightful imaginary trip to the island that all the ladies enjoyed with Mrs. Kunkley as she read of her month's trip around about the points of interest with Dr. and Mrs. W. F. Pike. The program closed with the native "Aloha" sung by Mrs. Wilton Pook to an accompaniment on the ukulele. The hostess served tasty light refreshments before adjournment.

FATHER-IN-LAW USES RAZOR ON BALL PLAYER

James "Bippo" Vaughn in Hospital as Result of Attack in Quarrel Prompted by Divorce Suit

KENOSHA, Wis. (AP)—James "Bippo" Vaughn, a star pitcher with the Chicago National, and cited as one of the greatest left handers in the major leagues, is in a hospital here today as a result of being slashed with a razor by his father-in-law during a quarrel last night.

The attack was the result of a quarrel prompted by divorce proceedings filed by Mrs. Vaughn. The case was scheduled for hearing yesterday, but a reconciliation had been effected and Mr. and Mrs. Vaughn were preparing to move to Chicago.

As Vaughn was returning to his home he was met on the street by his father-in-law, Harry De Bolt, and an argument followed. De Bolt, according to the police, slashed at the big pitcher with a razor, cutting through his overcoat and inflicting a slight wound in the abdomen. Vaughn probably will be able to leave the hospital within a few days.

De Bolt died and has not been found. The stabbing followed an argument about the divorce suit filed by Mrs. Vaughn and scheduled for hearing yesterday. Mrs. Vaughn's father came from the east to the hearing. He is said to have been angered over the charges made by Vaughn against his wife.

Mr. and Mrs. Vaughn effected a reconciliation before the case came up.

COURT CLEARS WAY TO SETTLE SALMON CASES

Judge Dietrich Rules All Salmon River Project Settlers Should Be Parties to Foreclosure Suit

In two decisions just entered by Judge F. S. Dietrich in federal district court in Boise, in foreclosure suits brought against settlers by the Salmon River Trust Company of Pittsburgh as trustee for the Salmon River Land and Water company, the way is paved to make all Salmon River project settlers parties to any action for foreclosure on water contracts that may be brought.

The decisions are considered of far reaching effect and importance, in that they are deemed to remove one of the principal obstacles to a settlement of difficulties involving the project almost since its inception.

Allows Broad Scope

In the case in which Max Smith and Margaret Smith are defendants represented by Turner K. Hackman of Twin Falls, the court holds that "the question of parties which the defendants have determined to raise by motion in its main aspect is the same as the question just decided (in the case of A. E. Caldwell and others) and that, insofar as the motion seeks to be brought in as parties the other settlers, it must be allowed." Motion in the Smith case that the beneficiaries of the trust deed should be joined as parties to the suit on the grounds that they are represented by their trustee, the plaintiff.

Points Out New Policy

In the Caldwell case, which is defended by James P. Bjorklund, attorney for the Salmon River Settlers' association and Sullivan and Sullivan of Boise, the court holds that there is presented for adjudication "an issue to which all the settlers are indispensable parties for upon it (as amended complaint) any decree that may be entered will necessarily affect the interests of absent claimants and may be prejudicial to the rights of those who are not parties to the suit with equity and good conscience."

The court holds in conclusion, that "it is a question of jurisdiction of which the court must take cognizance. Courts of equity have not the power to enter a decree in the absence of an indispensable party, whose rights must be necessarily affected thereby. In view, however, of the fact that the precise question has not been argued, and of its great importance, I shall be very willing to give it reconsideration upon a petition for rehearing or in any other manner upon which counsel may agree. No course is now apparent upon which we can proceed without violating fundamental principles of justice but possibly one can be suggested. In the absence of such suggestion, the order must be either that the requisite parties be brought in or the cause dismissed."

Gives Reason for Change

In a preliminary review of the Caldwell case in which the complaint was filed December 14, 1914, and which was brought on for trial in the latter part of July, 1920, Judge Dietrich recalls that during the intervening period he denied a motion to make all settlers parties to the suit "upon the ground that the issues thus presented were not suggested in the pleadings."

"Subsequent observation and experience in relation to litigation growing out of the project," Judge Dietrich then, "has led to the opinion that this question ought first to be conclusively adjudicated in a proceeding binding upon all interested parties. Out of it primarily the numerous questions pending in this and the state courts have arisen, and because of it other cases in still greater numbers are likely to follow. And yet with all this, the parties, some of which have been pending for an undearable length of time, no real progress seems to have been made, owing to the want of necessary parties in any given case."

Questions Plaintiff's Attitude

"From their attitude in this and other pending suits it is to be inferred that the plaintiff and the company are, to say the least, disinclined to seek a general binding of the project, and that this issue unsettled it has become so manifest that a decree of foreclosure must do great injustice to one or the other of the parties, that a court must seriously consider whether, to avoid such possible injustice to the defendant, it must not either afford him an opportunity to have the question of the addition, or resolve such doubt as there may be in its favor, or decline to entertain the suit at all."

Indicates Procedure

Pointing out general lines on which litigation involving the project may be expected to develop, the court says in its decision in the Caldwell case: "If plaintiff is entitled to recover, and holds less upon the settlers' lands for the company's entire outlay, the amount of such outlay must first be determined; and if it is, this amount, whatever it may be found to be, is to be paid pro rata to the acreage that is to have the beneficial use of the entire water supply, such area must be found both in amount and in definite location. "Under such a theory it follows of course that if the defendants' lands are to receive their due proportion of an adequate water supply, they are subject to a lien for the proportionate cost of the system. If upon the other hand, they can and will be lawfully excluded from the area to which the water can be supplied, by paying the cost, they are under no obligation and are subject to no lien. Hence . . . we have the fundamental and avoidable question of the dignity and extent of the defendant's water rights, and that cannot be adjudicated without the presence of all claimants."
