WIGHT IS RE-ELECTED HEAD OF SECRETARIES

Newell S. Wight, chamber of commerce secretary of Twin Falls, has been re-elected president of the local chapter of the National Association of Secretaries of Idaho.

During a business session resolutions were passed regarding all commercial organizations to take action against magazine stories and articles suggesting harm to Yellowstone park through prospecting.

Gubernatorial Vote This Year More Than 1918

Increased County Population is Indicated in Ballots Cast for Governor

Either the voting strength of Twin Falls county grew considerably in two years or in the year 1918 the state legislature was wrong in assuming that it was about the same.

The figures have been compiled by Deputy County Recorder Frank Lynch, who is preparing a statistical record of the county's voting strength for the office.

RAY BROWN IS CHOSEN MOTORCYCLE OFFICER

City Council Decides Mounted Policemen Needed to Regulate Traffic

Roy Brown, who has been employed at Macaulay's some time, has been appointed motorcycle policeman, and is to take up the duties of regulating traffic on the weekly market at the city administration Monday night.

In addition to the appointment of the traffic officer the council voted to vest the merchant policeman, W. R. Patton, with powers of a regular policeman, thus authorizing him to make arrests.

NO SPECIAL PARKING PRIVILEGES FOR TAXIS

No special parking privileges will be accorded taxi drivers or operators of taxi lines, according to opinion voiced at the weekly meeting of the city administration Monday night.

Eagle's Jersey Queen Holds the Record for Milk and Butter-fat Production

(Special)—Eagle's Jersey Queen, a purchased registered Jersey, owned by the University of Idaho, queen of agriculture, has been officially declared champion of her class in Idaho, according to an announcement received recently from the American Jersey Cattle club headquarters at New York.

The purchased Jersey was started on the merit test at three years and six months. The test shows that the Idaho champion has produced 9435 pounds of milk and 628 1/2 pounds of butter-fat.

City Administration Enacts a Law Against Operations of Itinerant Salesmen

Itinerant hawkers, salesmen or peddlers are heretofore to be prohibited from vending their wares on the public streets of Twin Falls. Prosecutions against violators will be instituted if no violation of this plan.

To Check Nuisance. To circumvent this line of activity, and for the protection of the home merchant against invidious invasion of the business district, the city council has passed an ordinance prohibiting the prosecution of such sales by hawkers and peddlers in the streets of Twin Falls and describing the territory as prescribed.

Old Law Upheld. Hawkers against whom the legislation is directed, therefore have been permitted to ply their business at leisure on any part of the city thoroughfares without restriction upon payment of a license fee of \$25 daily.

TROUBLING BOISE 42-20 BRUIES BLINDING LIGHT TO GRID CONTEST FOR STATE HIGH SCHOOL HONORS

Evans' Sturdy Men Batter Beefy Invaders into Submission During First Half and Play "Safety" Game Thereafter—Contest is Marked by Trust of Sportsmanship and Lack of Individualism—Record Crowd There.

The Twin Falls Bruins still maintain a clean record. Thanksgiving's game against Boise resulted 42 to 20 for Twin Falls.

The score does not entirely mark what the final result might have been and the local men did best under instructions to play the game "safe" and take no chances on a violated goal line during the last half.

Win on Merit. Twin Falls won yesterday on a score of 42 to 20. The football played by the Bruins was of a dazzling order, put over with an irrepressible more marked than in any other contest.

That Trained Too. Boise again received the kick-off and bucking and passes both failed the Red and White. Boise was forced to punt and Newman returned 30 yards.

DITCH ABANDONMENT CONSIDERED BY CITY

Commissioner Suggests Elimination of a Water Course Through Town

With a view to eliminating damage to street pavements by irrigation ditch seepage and leakage the city administration will take steps to have abandoned a main irrigation ditch now traversing across the city to the northwest corner where about 60 acres of land is served with water.

On the first play Newman dived over for the second course. Goal was easily kicked. 14 to 0. Boise punted immediately after receiving the ball.

Boise received the next kick-off and hard bucks made them yardage. The Grizzly line stiffened up and Boise was forced to punt to Newman.

STOLEN GOODS LEFT AT STORE

Package of Stolen Merchandise is Found at Door by the Manager

A package of goods valued at more than \$100 was found at the front door of Wright & Sons store when the proprietors appeared to open the place for business on Monday.

A check of the contents of the carton revealed the fact that the merchandise consisted of three stolen from the store on Sunday night by a person who is supposed to have entered through the rear door after breaking out a pane of glass.

In connection with the local investigation of the Wright store burglary Sheriff H. C. Van Auldine was dispatched to Burley Monday to look into the case.

A crowbar belonging to a contractor erecting the new Orpheum theater near the Wright store was found close by the back part of the store building.

A very pretty informal wedding took place Thursday when Miss Arbutus F. Wood, daughter of Mrs. W. W. Wood of Burley, became the bride of James Francis Masterson, state highway inspector of Twin Falls.

PENNY LUNCHEONS APPRECIATED BY CHICAGO PUPILS

Meals Put Up by Board of Education for Three and Five Cents Prove Great Success on Basis of Patronage

CHICAGO, (AP)—Judging by their patronage, the 3c and 5c meals put up by the Chicago board of education are making an enormous success. The city's "penny lunch" business runs from forty to fifty thousand customers a day. Sales, measured in pennies and nickels, amount daily between \$4000 and \$5000.

"We have to chase the children away," remarked Dr. F. C. Bruner, director of special schools under the board of education, who has charge of this work. "Often we have to stand at the door and prevent the lunchrooms from being overrun."

Meats Greatest Need. Dr. Bruner said that penny lunches had been established in 257 of the city's elementary schools. Their object, he observed, is to provide a substantial food at the least cost for children coming from homes where there is real necessity. Lunchrooms therefore have been opened in districts where, as a general thing, the people are not as well to do.

"For five cents," Mr. Bruner said, "the menu runs something like: Soup, bread, milk or cocoa, fruit or pudding. The bill of fare at 6 drops the milk. And then a youngster can spend only a penny if he wants to, buying any one of these articles for it. Or if he is not blessed with wealth and yet has more than a penny, he can buy two cents' purchase a meat ball, bean, spaghetti or rice.

Spends \$150,000 a Year. "The board of education is spending \$150,000 a year to provide these meals," added Dr. Bruner. "This board states all services and equipment. That includes the rooms, cooks, light, gas, the entire maintenance cost. What the children pay goes into the food. They buy at wholesale and the receipts cover the purchase of the food."

In addition to the penny lunches, the board of education supplies a high school lunch at the morning session at 10:30 in all elementary schools. This sells for a penny and consists of a sandwich with filling of jelly, jam, apple sauce, nut butter or olive, or a dish of porridge.

There are 30 or so high schools. These have their own extension, which run on a different principle, the object being to provide food for students coming from a distance. Dr. Bruner said that in all cases they are operated on a private concession, in others by the board of education.

PEACE PACT ATTACKED BY GERMAN COMMUNIST

Ernst Daemig, of Versailles Debates, Urges Revision of Treaty by Proletariat. BERLIN, (AP)—Revision of the peace treaty of Versailles by the international proletariat was urged by Ernst Daemig, leader of the new communists, in a debate in the reichstag recently. Herr Daemig prophesied that the revolution to overthrow capitalism. He said that his party desired expropriation of all machinery of production and as quickly and as peacefully as possible. He characterized the Versailles treaty as an exhibition of force by world capitalism. "We feel toward it as our eternal enemy," he said.

Former President of State Society of Equity Branch Gives Views on Situation. MILWAUKEE, (AP)—M. P. Johnson, former president of the North Dakota branch of the American Society of Equity, declared today that the crash in Wisconsin branch that the recent bank crashes in North Dakota could be traced to "reckless waste of money for propaganda purposes and to Non-partisan league socialistic schemes." Of the bank situation, he said: "Some say it is due to Wall street," Mr. Johnson said. "I think the Wall street cares much about it either way. But I now the bankers and depositors there got to seeing too much money was being squandered."

AMERICAN RELIEF WORK WINS GERMAN GRATITUDE

Appreciation for Part Taken by Friends Service Committee Expressed

PHILADELPHIA, (AP)—The German government has expressed to the state department at Washington its appreciation of the work of the American Friends Service committee in Philadelphia in feeding undernourished children in the Rhine sector occupied by the American troops.

The American Quakers are furnishing one hot meal a day to 650,000 children and nursing mothers in Germany, having engaged in this work at the request of Herbert C. Hoover. During the winter the friends expect to feed 1,000,000 children and mothers daily. Only the most undernourished children and those in imminent danger of disease are being fed. "The German government's note which was delivered by the minister of education, Herbert C. Hoover, said: "For some time an American relief mission has been in operation in the government district of Coblenz, its purpose being to feed undernourished children and it has already helped thousands of German children. The German government is anxious to express its thanks officially to the American government for this work of unselfish charity."

GALVESTON'S GREAT SEA WALL NEARS COMPLETION

Army Engineer in Charge of Project Built at Government Expense Gives Estimate

GALVESTON, Texas, (AP)—The east end extension to Galveston's great sea wall, which was started by August 1, 1923, predicts Major L. M. Adams, U. S. A., engineer in charge of the work. To date 9,110 feet have been constructed, while 2,000 feet remain to be built. The project is being built at the expense of the government. Comparative figures for the original wall and the extension now under construction show that post-war conditions have laid an almost prohibitive hand upon great engineering projects. To date the extension, which extends the wall to the river and harbor committee. Washington has been asked to appropriate \$1,500,000. The original sea wall—built after the disastrous 1900 storm, in which thousands of persons lost their lives and millions of dollars in damage done, cost \$2,900,000.

NEVADA STOCKMEN SEEK TO CUT STATE EXPENSES

Move for Abolishment of Tax and Other Commissions is Launched at Winnemucca Meeting. WINNEMUCCA, Nevada, (AP)—A move for the abolishment of the Nevada state tax commission and some other commissions is being made by the legislature, and for drastic reductions in state expenses has been started by the Nevada Live Stock Association, which met recently. W. C. Noteware, an expert on land values and taxes, said the legislature would be presented with a balance sheet showing that ranchers and live stock growers cannot continue in business at the present rate of taxation and the present prices they receive. Noteware is expected to be presented to the legislature, showing how taxes have outgrown population while at the same time the state's population has decreased in the last ten years.

FIGHTS-SPORTSMEN'S PLAN

Nevada Livestock Association Objects to Proposed Imposition of Elk. WINNEMUCCA, Nevada, (AP)—The plan of the sportsmen's club of Elko, Nevada, to propose fifty elk from Jackson's Hole, Wyoming, and ship them to Elko, is opposed by the Nevada Live Stock Association. It is estimated that fifty head of elk will increase in ten years to 2500, and thus crowd out that many cattle. The elk at Jackson's Hole are owned by the federal government and a number may be secured by a community free of charge, by paying the freight, and upon the showing that the elk will not be a detriment to or encroach upon any cattle or sheep range.

UNIQUE PROPOSAL URGED BY DUBLIN SINN FEIN

Nationalists Would Sell Government Paraphernalia to Pay Employees or for Charities

DUBLIN, (AP)—Proposals have been made that the corporation of the city of Dublin sell some of its official paraphernalia in order to obtain funds for its employees or charities. This is an outcome of the refusal of the government agents to turn over to the Sinn Fein city government certain public funds which heretofore were utilized to support the city administration. One of the articles of sale of which has been proposed, is the massive gold chain of office of the high sheriff of the city. The present high sheriff is Lord French but a president who served through the war and was appointed by Lord French; but he has suggested that the chain be sold and the proceeds be devoted to keeping open the Pigeon House hospital for consumptives which the corporation had closed for lack of funds when the government withdrew them.

A Sinn Fein councillor, P. T. Daly, has given notice that he will move that the pictures and other paraphernalia owned by the corporation be sold at representatives at present in the Mansion house or city hall, be sold at auction, and that the money be used to pay the salaries of employees of the city council. Several of the pictures proposed to be sold are good examples by old masters.

DEMOCRATS OWE \$241,035

Campaign Disbursements Total \$1,308,007.32, Final Report Shows

WASHINGTON, (AP)—Disbursements by the democratic national committee from July 5 to November 22 totalled \$1,308,007.32 and receipts \$1,339,236.74, said a final report on campaign expenditures filed with the clerk of the house of representatives by William W. Marsh, treasurer of the committee. Mr. Marsh listed liabilities at \$272,294.45, including \$110,000 borrowed and \$162,294.45 in unpaid bills, leaving an indicated deficit of \$241,035.03. The table of receipts showed that \$1,045,768.00 had been received by New York headquarters, \$129,025.85 by the woman's bureau, \$82,025.05 at Chicago headquarters, \$483,533 at San Francisco headquarters and \$25,432.45 by the Washington headquarters in Washington. Included disbursements were \$1,142,924.37 by the New York headquarters, \$11,844.36 by the woman's bureau, \$91,200 to the Chicago headquarters, \$433,300.02 at San Francisco headquarters, and \$38,178.39 by the Washington headquarters.

KING PREPARES AMENDMENT TO SHERMAN ANTI-TRUST LAW

WASHINGTON, (AP)—Senator King, democrat of Utah, is preparing an amendment to the Sherman anti-trust law designed to strengthen that act. The senator said today there were many combinations in restraint of trade and he attributed much of the high prices to such combinations. Under his amendment, he said, the department of justice would be directed to bring prosecutions against all agreements which have the effect of destroying competition and keep prices at an artificially high level.

REFUGE FOUND BY MAD MULLAH

Pictoresque Dervish Leader Defeats Purpose of British Pursuit

LONDON, (AP)—The "Mad Mullah," the dervish leader, who seems to bear a charmed life, is now in Abyssinia, safe from British pursuit but of his numerous wives, sons and relatives, only his eldest son and a brother escaped with him.

In the British campaign against him, 60 of his personal followers were killed including several of his sons, seven close relatives and four of his advisers. Six sons, his five wives, four daughters and two sisters were captured.

Picturesque tales of the fruitless attempts to capture the dervish chief are given in an official dispatch from Geoffrey Francis Archer, the British governor of that province.

In the early months of this year, the dervish forces were completely routed, but the Mullah himself once more got away into the interior. Bombing airplanes were used in the campaign and the dispatch records that on the approach of the first air squad, the Mullah collected his people around him and awaited their coming under a white canopy used on state occasions.

Some dervishes afterward reported that the Mullah saw in the airplane "a divine manifestation," others said that he had been told that the machines were sent by Allah and came from Stamboul (Constantinople) to convey the sultan's greetings.

It was during this first air raid that the Mullah narrowly escaped with his life. He robes were alighted by a bomb and he afterward prudently took refuge in caves.

For many days, says the dispatch, the Mullah was pursued by the Camel corps, often at half rations and even on foot at night. The chase was kept up day and night until the Mullah was forced to pursue—from the sea to the southern border of the protectorate.

One group of fugitives whose tracks were followed turned out to be not the Mullah and his bodyguard, but a party of Abyssinians. Most of the party were killed, but the Mullah, all the time, saw their fate from a hiding place on a neighboring hill.

GERMANY MUST COLLECT HUGE SUM THROUGH LOAN

Budget Estimates Call for Expenditure Largely in Excess of Revenue

BERLIN, (AP)—German budget estimates for 1920, submitted to members of the reichstag, call for the expenditure of 41,000,000,000 marks in connection with the execution of the peace treaty. This is against the ordinary budget which totals 62,500,000,000 marks and for these purposes the estimated revenue is only 2,200,000,000, so that some 38,800,000,000 marks must be raised by loan.

The ordinary budget as estimated amounts to 39,300,000,000 marks. Of this sum the income tax is expected to produce 12,000,000,000 marks but 3,000,000,000 of it must be paid over to the federal states. The total income tax is estimated to produce 2,000,000,000 marks and the non-recurring war levy on increases in the value of property, 10,000,000,000 marks, but the latter sum only 4,200,000,000 can be credited to this year's budget. The returns from customs and excise are expected to produce 9,100,000,000 marks.

The total income from the sources named, available for this year's budget is 21,100,000,000 marks.

CURTAIN EXPENSE BY REDUCTION OF TRAINING PERIOD

Yanks and Robons Will Take Only Three Weeks for the Spring Conditioning

NEW YORK, (AP)—Training in the south next spring by the New York club of the American league and Brooklyn, champions of the National league, will be limited to three weeks, it was announced here last night. Usually the teams have spent five weeks or more in the south.

Selection of the training camps for both clubs has been left to Bob Yanke, who will start south next week. Tentative plans call for the two teams to train in the same city or in cities close enough for two teams to be permitted to play exhibition games.

STECHER A BUSY MAN

GRAND RAPIDS, Mich., (AP)—Joe Stecher, heavyweight wrestling champion, won a handpicking wrestling contest last night, throwing Tom Dilling, Netherlands champion, with a body scissor hold in 45 minutes and 14 seconds and Joe Sandell, an Italian wrestler in 23 minutes and 15 seconds with an arm and body hold. Stecher had agreed to throw both men within a time limit of two hours or lose the match.

CHOOSE REFEREE

NEW YORK, (AP)—Charles Peterson, the fancy shot billiardist of St. Louis, has been selected to referee the final round of the national 18.2 ball cue billiard tournament here next week. The participants will be Willie Hopp, world's champion; Walker Cochran and Jake Schafer.

NO GAME IN 1921

BOSTON, (AP)—The formidable Boston college football team will not line up against Yale next year, according to a telegram received by Frank A. Reynolds, graduate manager of Athletics at Boston, from D. G. Galt, manager of the blue eleven.

GRAVATH TO LEAD BEES

LOS ANGELES, (AP)—"Gavvy" Cravath signed a contract here yesterday to manage the Salt Lake City team of the Pacific Coast league during the 1921 season, it was announced tonight by President Lane of the Bees. Cravath was manager of the Philadelphia Nationals last season.

FREEM WINS MATCH

URBANA, Ill., (AP)—Paul Prehn, instructor of wrestling at the University of Illinois and winner of the international middleweight championship, defeated Cal Farley of Humbolt, Minn., A. E. F. middleweight champion, in straight falls here last night.

MIKE A BUSY TUTOR

URBANA, Ill., (AP)—Mike Gibbons of St. Paul, arrived at the University of Illinois today to assist Paul Prehn, boxing and wrestling instructor. Gibbons will spend three days a week in structing students in boxing.

CHOOSE GRID CAPTAIN

LINCOLN, Neb., (AP)—Clarence E. Swanson of Wakefield, Neb., was unanimously elected captain of the 1921 University of Nebraska football team for the coming year.

Brief Bits of Sport

Everybody out tomorrow sure! The game will start promptly at 2:30 and will go to a conclusion.

Combatants on each side are confident that their cloths cannot be beaten.

Consequently— The esteemed Salt Lake Trib tells its readers, speaking of a box fight, that Bromo was hitting low and fighting freely otherwise.

But it may have been a chicken fight, at that.

Joe Tinker, formerly Cub shortstopper, sold out his Columbus club interest, saying he was going to quit the baseball business.

Now Joe is on the coast dickering for the purchase of a hunk of interest in the Portland franchise of the Pacific Coast league.

Stanislus Zbyzsko, big brother of Wladek Zbyzsko, thought he was a world-beater until the other night. He lost a handpicking match to Bill Demetral and Allan Eustace.

The bulky Pole contracted to flop each man one time in a period of two hours. But Eustace proved too good and slippery a piece of humanity for him and he finished out the period left him by the Greek without being flopped.

Prior to that affair Zbyzsko was in the habit of challenging Joe Stecher every day or two. He probably won't do it any more.

A sports writer speaks of six-day bike racing as a "merry-go-round."

You can beat that sort of circular motion with Jack Curley's grand wrestling syndicate. Stecher, Caddock, Lewis and Wladek Zbyzsko.

Mignawshi

Bill Tomler, suspended Salt Lake outfielder, says he does not want to be sold to any other club. He has asked for another season with the Bees if he is finally granted a clean bill by the bribery charge investigators at Los Angeles.

Speaking of the Bees reminds one that the White Sox management has purchased Earl Sheely, premier first baseman of the Bees. As part payment the Bees are to get Byrd Lynn, a catcher sold to the Sox with "Lefty" Williams by Salt Lake some years ago.

GLASS OF SALTS CLEANS KIDNEYS

If your Back Hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to lead your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless waste and stimulate them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 gallons of acid and waste so we can readily understand the vital importance of keeping the kidneys active.

Drain lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will not fail. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache—adv.

APPROPRIATION OF \$60,000,000 TO AID FARMER

Senator Hitchcock Prepares a Bill Calling for Immediate Loan from the Government Funds as Relief Measure

FEDERAL RESERVE BOARD HEAD COUNTED FAVORABLE

WASHINGTON, D. C. (AP)—Immediate loans of \$60,000,000 from government funds to aid farmers in the face of falling prices of their products is proposed by Senator Hitchcock...

World Divert Profits

The money which Senator Hitchcock would have advanced to the farmers is the government's share in profits of the federal reserve banks payable next month and which would be used to increase gold reserves or amortize liberty bonds.

Counts on Effect

"This would be only a drop in the bucket toward meeting the enormous needs of agriculturists," said Senator Hitchcock, "but it would have a good effect beyond the actual amount of money made available."

Senator Hitchcock indicated that Governor Harding of the federal reserve board, was favorably inclined toward the plan.

URGE GOOD WILL TOWARD ORIENT

Churches' Commissioners Submit Views on perplexing Asiatic Problem

BOSTON, (AP)—"American Christians should take every legitimate step to promote good will toward both Japan and China," said the commission on relations with the Orient in its report submitted today to the federal council of the Churches of Christ in America.

Local Legislation Futile

"The Asiatic question is one for national solution. Local legislation in California will be futile. It will but aggravate the problem. The gentleman's agreement which is now in effect should be superseded by laws determined by congress and administered by American officials."

World Baise Standards

"The standards for naturalization should be raised and the privilege of citizenship should then be open to every lawfully born American who duly qualifies. All special laws dealing with the Chinese should be repealed. Chinese in America should be treated on the same basis that are applied to others and should receive as our treaties promise, 'most favored nation' treatment."

FIGHT OVER GIRL COSTS

YOUNG IOWA FARMER'S LIFE COSTLY, Iowa, (AP)—Lester D. Hapert, 21, young farmer, died after fighting for three months with pneumonia, which he contracted in the hospital, it is said, because of a girl. Although March is said to have been the first to say he had contracted the disease, he died in a hospital. He recently had an operation for appendicitis, and physicians said death was due to a burst blood vessel in the side.

EDISON INDUSTRIES LAY OFF

APPROXIMATELY 1200 MEN EMPLOYED IN NEW JERSEY PLANTS OF THE THOMAS A. EDISON AFFILIATED INDUSTRIES AT WEST ORANGE AND SILVER LAKE, N. J., have been laid off, the company announced today. Reductions were necessary, it was stated, "in keeping with the general business trend throughout the country."

LACK OF ORGANIZATION COSTLY TO PRODUCERS

Spokane Spokesman-Review Points Out Methods of Foreign Buyers in the American Wheat Market

Concentrating their wheat buying through government agencies, and operating against lack of organization and government support here, Great Britain and France have had a rationally easy job of manipulating the American markets and knocking down prices. With shrewd team work across the Atlantic, and utter lack of it in the United States, they have secured the crop of 770,000,000 bushels in going at nearly five prices.

Pennsylvania Governor Tells Conference How His State Gets Revenue

HARRISBURG, Pa. (AP)—Discussing the subject of state income disbursements before the Pennsylvania conference here today, Governor William C. Fields Still Inviting

"It will, therefore, be seen that our fields of taxation here are still inviting. It is our desire, however, not to impose taxes which will restrict business or bring any marked increase in the price of commodities."

"CHICAGO, (AP)—C. E. Troyer of La Fontaine, Ind., was named the national "corn king" at the hay and grain show in connection with the international livestock exposition. It was announced today. Peter Lux, also of Indiana, was last year's "king."

"Shun-Pike"

Not all dictionaries contain the word "shun-pike" but it is in common use in this country a century ago and throws an amusing light on the character of some of our thrifty ancestors. A "shun-pike" was a short byword that left a turpentine on one side of a tongue and joined it again on the other.—Youth's Companion.

Today's Markets

New York Stock Market

"NEW YORK, (AP)—Trading in stocks today was broad and active, most leaders advancing after early hesitation. Most of the gains in the (AP) dealings. Sales, approximated 1,000,000 shares.

Contrary to expectations announced for night of the Southern Pacific market at the outset of today's session. Southern Pacific opened with a sale of 3,500 shares at a decline of 1-3/8, the loss extending to two points.

The balance of the list was irregular. Mexican Oil, Shippings, Coppers and Steels showing hollowing while Royal Dutch, Atchafalpa, Pittsburgh, West Virginia and the cheaper rails were higher by fractions to a point.

On the curb Southern Pacific "rights" were quoted at 23, unchanged from yesterday's final price, and Pacific Oil 34, managed by organized from Southern Pacific Oil holdings, was quoted at 30 to 35.

There were few exceptions to the extent of the decline in the afternoon, but increases in heaviness of Southern Pacific and profit taking elsewhere caused some irregularity at the close.

Liberty Bonds

"NEW YORK, (AP)—Liberty bonds closed 3-1/8 @ \$90.60; first 4's \$85.60 bid; second 4's \$83.10; third 4's \$81.10; fourth 4's \$79.10; Victory 3-1/4's \$90.50; Victory 4-3/4's \$90.50.

Grain and Provisions

"CHICAGO, (AP)—Sharp advances in the price of wheat took place today accompanied by a general rush to the bull side and by a scarcity of offerings. Americans that the United States has already been counted in favor of the wheat market, and that Australia had made large sales. Opening quotations, which ranged from 1-1/2 to 1-3/4, were followed by rapid fluctuations, with the average level about 50 above yesterday's. Subsequently, heavy covering accrued to a prominent New York short led to a further remarkable advance, the March delivery reaching \$1.30 1/2. The bulk made much less, of \$1.25 1/2. A heavy "roll" movement on the part of the farmers grain-dealers association. The close was unsettled, 6-1/2 to 9-3/4 cents higher, with December \$1.09 to 1.09 1/2 and March \$1.04 1/4 to 1.05 1/4.

GOVERNORS TAKE STEP TO OBTAIN FARMERS RELIEF

Conference Names Committee to Investigate Looking Toward Recommendations to be Made to Congress

HARRISBURG, Pa., (AP)—Governors and governor-elect representing more than half the states of the United States, voted at their annual conference Wednesday to begin an inquiry into what was variously called the "acute," "chronic" and "intermittent" distress facing farmers of the country with a view to recommending federal legislation to assist them.

As a first step toward carrying out their plan which was suggested by Governor W. L. Harding of Iowa, the conference appointed a committee consisting of Governor Harding, Eliot of North Carolina, Holcomb of Connecticut, Parker of Louisiana, and Goodrich of Indiana, to make a preliminary survey and report to the states at the conclusion of the conference. After that, it is contemplated to send the committee to Washington to urge legislation before congress which covers this month.

Action Without Parallel. The object of state executives, which is said to be without parallel in the history of American government, is the organization of governors to suggest to congress and actively advocate passage of legislation necessary to refund debts of farmers, to regulate the falling markets with heavy stock of surplus products on hand so as to give them a year or more in which to recoup losses and wait for a strengthening market. It is proposed to do this through extension or adaptation of the federal reserve systems.

A second proposal also expected to receive consideration by the committee, is submitted by Governor Harding that a foreign trade corporation be formed to finance purchase of American farm products by foreign countries unable, through lack of funds, to come into the American market. Governor Harding's suggestion, which Governor Beckett introduced a resolution providing for appointment of the committee to proceed with the instruction of the conference and take the propositions up with congress directed.

Gets Around Regulation. This motion received a second, and was about to be voted upon when it was objected that the instruction of the governors' conference forbade formal resolutions or action of the sort. At this Governor Sprout of Utah, who presided, pointed out that such formal action was necessary, and at the call of Governor Rumberger of Utah, who presided, a vote was taken informally. Approval of the governors was overwhelming.

SCHOOL SPORTS ARE EXPENSIVE

Costs \$425 to Bring Team Here—One Department Supports Another

Cost of single admission to the state championship football game tomorrow will be \$1, according to announcement made today by M. G. Mitchell, principal of the high school.

This price, Mr. Mitchell explains, has been fixed not so much because of the value of the coming contest as, as an entertainment of merit, but because of the extraordinary hazard that is concomitant with all high school athletic and sport activities. In view of all the facts connected with the case the price is generally considered reasonable, although Mr. Mitchell reports having heard some criticism against it.

Next Defray Cost.

The basic fact upon which the price of admission is fixed is the extraordinary expense of staging the championship exhibition. The guarantee to the Idaho Falls team alone, covering the cost of traveling and keep while here, is \$425. Officials, such as referee, umpire and scorer, also require a reasonable sum; advertising cards cost something to print and the usual scheme of entertainment for the contesting teams after the game adds considerably to the general sum total.

High school football this year has proven a winner in all respects. The team has been successful and, consequently, as is pointed out by the faculty of the school, the success of the team against opponents has done for the school what the success of the town against opponents has done for the town before here recorded in Twin Falls in connection with football.

Baseball a Loser.

Baseball in the high school has always been a money loser, and so has established records. It is the theory of the school management that what is lost financially in one department is made up in some degree by more successful departments. Hence if there is any net residue from football at the end of the season this surplus will be applied on the losing venture to lighten the burden. Basketball has been a gratifying success because of the provisions of the quintet on the floor. But it cost the school \$600 to take the team to Moscow for competing against the state. The school goes on nothing from the district board to aid in the support of athletics.

Town Well Advertised.

Through the success of the Twin Falls high school football team this season it is believed that the entire district as well as the immediate town and community have benefited by wide publicity emanating from possession of a championship football team. This fact it is believed, should be taken into consideration by the public, along with the facts of expense and distribution of surplus cash to support failing departments.

The Junior class will give the annual Freshman reception Friday evening, December 8.

Monday afternoon M. G. Mitchell, the principal of the high school, and for the past six weeks debate contest, called a meeting of the boys of the three upper classes to discuss debate work this year. There were 13 seniors, 15 juniors and 12 sophomores who signed up for preliminary debate. The best of these will represent the school in the annual triangular debate with Portello and Boise. It is possible that Portello will drop out of this year's triangle, but in this case Idaho Falls will find the third place.

Wednesday's assembly was one of the most interesting of the year. It was to boost enthusiasm for the championship game Friday with Idaho Falls. The Rotary club and several members of the chamber of commerce were on the platform. J. T. Bainbridge's high school band played the opening march. Asher B. Wilson, in behalf of the chamber of commerce, presented a large log cup made entirely of chocolate to the team. Dr. W. F. Passer, gave the boys a timely suggestion about the volume of their yelling. Other speakers were L. T. Wright, W. Edridge, A. J. Hoover, Senator J. A. Sawyer, Judge E. A. Walters, Roy A. Read, L. I. Breckenridge and Dr. C. R. Scott, all of whom assured the team that the town was behind them. Coach Clint Evans, Hagl Blue and M. C. Mitchell gave inspirational talks to the team admonishing them to win the victory over the visiting team. The band played the final march. Several songs were sung by the entire assembly.

HAY RATE REDUCTION SEEN.

Expressing the belief that the railroad passing through this district will grant a reduction of freight rates on hay, plus war tax. If this rate becomes a reality to Missouri river points, a message was received at Twin Falls Chamber of Commerce headquarters this morning from the Boise Chamber of Commerce. In the message statement was made that all indications point to a resumption of the pre-war freight tariff on hay, plus war tax. If this rate becomes effective the charge to custom mowers will be \$0.00 per ton on Twin Falls district alfalfa. The feed can be shipped east without fear of quarantine since there is no embargo against Idaho hay by custom states.

TWIN FALLS WEEKLY NEWS

Established 1904

VICTORY'S REWARD

Record of the Twin Falls high school football team this season not only credits credit upon the individual players, their coach and their school, but it stands in itself as a notable attestation to the merits of the sport in which they have proven their excellence.

Completing on Thanksgiving day a schedule of eight games for the season, the Twin Falls team achieved a remarkable record of unbroken victories. It has piled up a total of 477 points and has not once been scored against. Furthermore, it has completed the season without taking "time out" on account of the injury of any player.

The record results primarily from physical perfection, efficient coaching and capability and readiness on the part of the players to make the best use of this training.

As results of this season's football record not alone the players themselves, but the school and in greater or less extent, the entire community are gainers. The players have enriched a store of memories that will be cherished increasingly with the passing years; they have profited and will profit by the physical training they have received, and, most important, they have had impressed upon them most effectively the necessity for teamwork.

Benefit accrues to the student body and to the community in a heightened sense of loyalty to the team and school that will be translated with tremendous advantage into other fields of action.

Twin Falls as a whole joins with the members of the team, their coach, the student body and the faculty, in expression of genuine pride in the accomplishments of the season and in genuine satisfaction of the permanent benefit that may be expected to result from it.

JUST AROUND CORNER

Just around the corner lies a new era of the soundest prosperity America has ever known.

Business just now appears to be in the doldrums, but in reality the trend toward better conditions already has set in. It may require a few months for development, but it is as certain to come as day is to follow night.

Businessmen everywhere who have studied the situation know this to be true. The wise merchant and the wise manufacturer are they who are clearing their decks and getting ready to start afresh with the dawn of the new day. The workmen who have been dropped from the rolls of the railroads and the big corporations will all find themselves either back at their old jobs soon or otherwise employed. There has been a long time shortage of labor in many lines, because workmen have been attracted to work where the pay was very high.

The readjustment will take many of these back to their old jobs and shortly we shall start off again with a full head of steam, every man in his place, and the ever-growing demands of a country in need of many things stimulating each to do his best to fill the fast-increasing orders.

BUSINESS IS BUSINESS

Now that the Russian Reds have put to rout the last organized effort to overthrow the bolshevik rule, some of the nations have resumed the talk about opening trade relations with the government of Lenin and Trotsky, who have been represented by spokesmen of these same nations as unfit for the association of decent and honorable men.

Premier Lloyd George of Great Britain has been especially bitter in his denunciation of the soviet leaders, yet he is hinting that his government may soon open negotiations with the Russian bolsheviks for mutual profit. If morals ever entered into the matter, what has the defeat of General Wrangel to do with it?

One must get the idea that the fine phrases, about protecting democracy from the contamination of radicalism, as it is expressed in soviet Russia, are to be placed in the discard when the opportunity of adding a few pounds of sterling presents itself. There has been no change in the character of the leaders of the Russian Reds, but the change is in the former enemies of the soviet system.

The state department of the United States has been outspoken in declaring that no confidence could be placed in the Russian leaders, but there is already talk that this country should get into line for some of the business which Great Britain and certain other countries seek. Get business, by all means, and let principles go by the board. Perhaps the allies should have given

recognition to the Russian soviet long ago; when the radicals were begging for something in the way of advantages. They are not begging for anything now, for they know that their successes against the anti-bolshevik elements of Russia have placed them in a position where the allies will eventually come to them on practically their own terms. Let democracy look out for itself, the biggest business on hand is not to make a little extra money.

PRESIDENT TO TAKE TASK FOR WORLD LEAGUE

Conditions Acceptance on Use of Moral Influence; Explains Inability to Employ Force without Congress

WASHINGTON, D. C. (AP)—President Wilson, in response to an invitation from the league of nations council, has agreed to use his good offices and to proffer his "personal mediation" to a representative he may designate to end the hostilities that are now being waged against the Armenian people.

Accepting the league's invitation, the president, writing to President Poincaré, says he must first offer upon assurances of "moral and diplomatic support of the principal powers" and relies upon the league council to suggest to him the avenues through which his proffer should be conveyed and the parties to whom it should be addressed.

The president says he is without authority to offer or endorse the military forces of the United States in any project for the relief of Armenia, and that any material contribution would require the authorization of congress which is not now in session and whose action is not foreseeable.

AUSTRIA'S HUNGRY TOTS REMEMBER MOTHERS

Scantiness of Supply Compels Stern Enforcement of Doles Regulation

PARIS. (AP)—The misery of Austria's hungry children is told by Pierre Hamp, writing in a Paris weekly. He watched the bread lines before the soup kitchens where American relief agencies are feeding all those under 14 years of age.

At the door each child must show a card and when they leave they are searched, says Mr. Hamp. Because there is not enough for all the hungry to eat, the children may be sent out for the night to sleep in the streets.

Pointing to two little girls, she said: "Often I must force them to eat. Great as the thought that their mother has nothing kills their appetite. Unless I watch them the bread they leave on the table is taken by others."

Another little girl, wearing men's shoes in which her feet were lost, tried to crowd in ahead of her turn. Bent back in the line, she cried. Asked why she did not wear the shoes, she said she had to hurry back so her brother might have his shoes and come, in his turn, while there still was food.

"They are poor," said the manager, "whose pride is not yet dead. They would not let their children be seen in the street barefoot."

As the children pass in line and have their bowls filled with soup they begin to talk and sing and eat the white bread. They are too hungry to wait; sitiated.

Sometimes, as the children leave, they are controlled to raise their arms, for some hold hidden bread in their aprons; and sometimes they are searched, for many would, if they could, conceal food for the hungry mother at home.

PROPOSES STEPS TOWARD NEW PACT WITH MEXICO

WASHINGTON, D. C. (AP)—A formal proposal from Secretary Colby that the United States should draft a treaty upon which can be based resumption of full diplomatic relations, has been accepted by the Mexican government, according to a statement by Robert H. Pesqueira, Mexican confidential agent in Washington.

This was disclosed last night when the state department made public Mr. Colby's answer to Mr. Pesqueira's recent letter urging recognition by the United States of the new government of Mexico. It was handed to the Mexican agent before his departure on Thanksgiving day to attend the inauguration of President-elect Obregon of Mexico, December 1.

PROFIT SHOWN IN BEET CROP

Figures Prove Heavy Returns Received from 71 Acres of Kimberly Land

That sugar beets have been one of the most profitable crops this year in the Twin Falls district is being made evident very often these days, when the results of the year's harvest are being checked up, says L. W. Olemon, of the Amalgamated Sugar company's agricultural department.

The average, this year, on the tract in sugar beets, is about 5000 acres, with the yield per acre averaging over 12 tons per acre. In many instances, however, yields have been reported as going well over 20 tons per acre—yields from fifteen to 18 tons per acre are in the majority, according to Olemon. Many farmers who tried sugar beets this year for the first time have had excellent yields.

One of the best crops raised on the tract was produced by Fisher and Grimes, who were both now at the game. They are farming three miles south of Kimberly, and had 71 acres in beets. This piece was broken out of seven-year alfalfa ground, and produced 1262 tons of beets, or 23 tons per acre. The cost of producing this crop, as estimated by M. F. Grimes, one of the partners, was a little under \$100 per acre. When the beets were delivered to the company, Grimes received a check for over \$17,000. Taking out the cost of producing and harvesting the crop, they cleared over \$11,000 on the 71 acres of beets.

J. R. ABEL'S SLAYER IS AGAIN ON TRIAL

H. F. Ramsayer Case is on Second Hearing in Court—Attorneys are Changed

This morning the case of the State of Idaho against H. F. Ramsayer charging murder in the first degree, was called for a new trial before Judge W. A. Babcock. Prosecuting Attorney Frank L. Stephan is being supported by Judge E. A. Wiley. The defendant is in the hands of Turner K. Backlund and W. P. Guthrie. Procuring of a jury is expected to occupy most of the day.

Defendant Ramsayer on April 28, this year, shot and killed J. R. Abel during a quarrel over ditch water rights. The man was slain on a farm in the district known as Sucker Flats, north of Elmer. Abel was shot through the upper part of the leg and died from blood poisoning a few days later. He was denied guilt of first degree murder, declaring he acted in self-defense. Trial soon after the affair resulted in a verdict of guilty of manslaughter. On this conclusion the attorneys for the defense have claimed acquittal on the initial charge. Hazel & Benoit and Wolfe & Martin conducted the defense on the first trial.

DISTRICT COURT JURY FINDS KAWAI GUILTY

After deliberating 26 minutes a district court jury yesterday afternoon found J. Kawai guilty of fraud. He will be sentenced by Judge W. A. Babcock Saturday morning. Kawai, who was a partner of store-keeper and through a process of forgery and falsification procured \$1000 in American money for the certificate. The prosecution was conducted by F. L. Stephan, the defense by O. W. Whitman, of Porter & Whitman.

Church Receives Additions

Additions to the congregation are being received nightly at the revival at the Christian church being conducted by J. Elliott Simpson. The sermon last night was on "Christian Baptism" and the speaker announced that his reason for speaking on this much neglected subject was because the Bible says so much about it. The subject tonight will be "The Creed for All People and for All Time." The intermediates have charge of the music, the vocal being in solo by Violet Van Meter.

STAKE CONFERENCE SUNDAY

The Twin Falls stake quarterly conference, of the Church of Jesus Christ of Latter Day Saints, will be held Saturday and Sunday, December 4 and 5 at Twin Falls. Saturday meetings will commence at 10 o'clock and continue at the Twin Falls ward chapel, 260 Fifth avenue east. Two meetings Sunday, December 6, 7 and 8, will be held in the high school auditorium. There will be one or more of the general authorities from Salt Lake present.

VICTORIOUS BRUINS TOMORROW WILL MEET A FORMIDABLE FOE IN BEEFY IDAHO FALLS ELEVEN

Condition, Confidence, Speed and Playing Perfection Depended Upon by Evans' Protoges to Assure Victory Against what is Expected to be Stoutest Opposition of the Grid Year

Through the untiring efforts of Clinton W. Evans, coach, and of Donald L. Robey, athletic training instructor, the Twin Falls high school this year has been provided with a championship gridiron eleven. The team has compiled one of the most brilliant records received to the credit of any school or college football aggregation for an entire season. The team has won every game played by a ponderous count while allowing opponents not a single score.

Robey Helps. To Evans and Robey goes all of the credit for the excellent showing made by the Bruins for it is due to the special conditioning and instruction drilled given by these mentors that a perfect playing machine has been constructed for the high school this season. Experts in physical education, after thoroughly examining the members of the regular team, have desired no set of men could possibly be in a higher state of physical perfection through conditioning and training than are in the division comprising Evans' team of grid warriors. To this condition, equality with that of high grade football playing is attributed. The best showing ever coming out of the season's playing.

Tomorrow afternoon the Grizzlies meet what is said to be the heaviest and fastest high school team in Idaho in the Idaho Falls eleven. While no definite figures are obtainable concerning the heavy weight of the invaders, the style of play of the end and aggression every confidence is expressed in the home team to win on Lincoln field tomorrow.

Battle Against Beef

The invaders are said to outweigh the beefy Boise team, and to be faster in the field than the Capitols. This statement is taken with a grain of salt, locally, but not in such an extent. In addition, allowed to prevail in camp to detriment of training rules of plans. The Bruins found a new confidence in the strength they had, when they battered the men from Boise into submission, even though far outweighed by the visitors. The theory of Coach Evans is that the strength of the invaders will be worn down by such a process every time, and by such a process weaken and wear down the opposition. This plan worked to perfection against the heavy team of the Grizzlies, and against Idaho Falls' beef.

At any rate the Bruins will take the field tomorrow determined to put the beefiest first team in the state at all hazards. The men are confident and perfectly conditioned and unless the Idaho Falls men have something new, football goals are not hereafter displayed by any other team going against Twin Falls the latter will win handily. Local confidence is in the Bruins, and the team, but the same condition is said to prevail at Idaho Falls with respect to the eleven of that place.

The Lineup

Evans' proteges have gone against all kinds of teams with all kinds of players and the strategy has been the same. The Bruisers have been victorious. The Bruins are very light compared to the other teams of the season in center line. The personnel of the eleven which regularly starts follows: Taylor, weight, 138, left end. Taylor has weighed in an exceptionally good game at end. His ability to get under passes has made him a valuable man at this position. This was Taylor's first year on the varsity. McAtee, left tackle, weight 143. Although "Mac" was out last year this has been his first year as a regular first string man. He plays a strong defensive game and often breaks through to throw his man for a decided loss.

Patricie, left guard, weight 155. Bob is an old player having been out last year as well as this. He is a stone wall on defense and it takes a good team to hold him.

Weather Frowns Before Big Tilt For Grid Diadem

THE weather maker seems bent upon putting the skills of the football game to a severe test. He threatens to visit the place with rain or snow. He qualifies the normal prediction with probably, however, which lets in a light of hope.

Weather has been threatening for the past 48 hours, and on one or two occasions leaden skies have dropped a sprinkle here and there. The temperature yesterday was 45 and low last night 27.

SEASON TICKETS WILL BE HONORED FOR FRIDAY GAME

No Deviation from Set Rule Will Be Observed—Visiting Team Arrives

"Tell the people that notwithstanding reports and impressions contrary all season tickets are good at the gate for tomorrow's game between Twin Falls and Idaho Falls," said Hal G. Blue, superintendent of schools this afternoon. Mrs. Blue's statement was made to refute reports that the season "blue tickets" will not be honored at the gate tomorrow. Mr. Blue states that the tickets cover all the activities in athletics this year. Headed by Coach H. H. Kinselmeier the Idaho Falls football team reached Twin Falls this afternoon and is housed at the Hotel Rogers. Contrary to common report the men do not appear to agree or burlly giants. In fact, the coach says, his team averages 140 pounds to the man. There are two men who tower a little above the crowd, but not to an extraordinary extent.

Following is the Idaho Falls lineup, as given out by Coach Kinselmeier: McGuire, center; Heath and Jacobson guards; Russell and Holden, tackles; Bucklin and Thompson, ends; Genns, head; Payne and Conant, backfield. The kickoff is scheduled for 2:30 sharp. Last night the grilliron at Lincoln field was covered with straw as a protection against rain or snow.
