

MANY CITIZENS APPEAR BEFORE OFFICIAL BOARD

School Directors Hear Strong Pleas for Appointment of M. C. Mitchell to Become Super- intendent of District

The board of Independent District No. 1 had as their guests at Monday night's session some 15 or 20 visitors.

on hand to voice their interest in the matter of a choice of a superintendent. Brief addresses were made by Mrs. J. H. Beaver, Mrs. M. B. Provost, Mrs. J. C. Porterfield, John Olmstead, W. E.

Banger and others, all in favor of the appointment of M. C. Mitchell. At the conclusion of the remarks Senator J. H. Seaver asked for an informal vote on the question of an endorsement.

Later in the evening Mr. Mitchell appeared before the board and announced his willingness to be regarded

as an applicant for the position on the basis of a two-year contract at a salary of \$4000 for the first year and \$4500 for the second year, the contract to contain a proviso that if no funds were available for the payment of his

It was moved by Mrs. Scott and seconded by George E. Bryant that the

proposition of Mr. Mitchell be accepted forthwith which motion failed to carry, Messrs. Clark, Nixon and Bice expressing their unwillingness to take up the employment of a new superin-

pendent until such time as it can be seen whether or not money for the further operation of the schools will be available.

Members of the board expressed themselves as being in no sense op-

posed to the employment of Mr. Mitchell but announced their unwillingness to take any steps of a definite nature with respect to the position at this time because of the general uncertainty with respect to school finances.

condition heightened by reason of the fact that up to that time the bill designed to correct this situation had not been signed by the governor.

Senator J. H. Seaver explained the

status of house bill No. 121, pointing out that while the governor had not up to that time actually signed the measure there was good ground for believing that the bill would eventually be signed. Mr. Seaver also gave an in-

interesting account of the passage of various measures and the devices resorted to bring about certain action with respect to measures which had already received thorough attention and had

been disposed of on their merits in the ordinary course of legislation. He closed his remarks with the statement that he was glad to be home, that in future he hoped he would have sense enough to stay there. Senator Weaver

war warmly thanked by President Parish for his courtesy in appearing.

Old Bills Up Again.

Unpaid bills in connection with the construction of the high school add-

tion were the subject of a more or less extensive debate. Ernest White, contractor, was present, but in the absence of Burton E. Morse, architect for the board, no definite action was taken. Mr. White declared that some

sort of action with respect to the unpaid balance due him would have to be taken before April 1 or he would be forced to protect himself. It was decided to have both Mr. White and Mr. Mays appear at the board's next meeting.

Members of the board present were W. W. Parish, president; Mrs. Charles

P. Scott, G. W. Bleo, W. E. Nixon, D. P. Clark and George E. Bryant, secretary.

Brief Bits of Sport

Question: Is Edouard Horemans, Belgian champion, only a well presented fish.

The European, over whom all New York went crazy, was badly beaten by Young Jake Schaefer, of San Francisco, in a 4,800 point 18-2 ballgame match.

True, it is Horemans took the lead in the first two days of play, but Young Jake came up from the rear and won out handily. Horemans played 4,801 points.

Incidentally Schaefer established a high run record for America at the cue game, making 482 points in succession. The former record, for this country, made by Willie Hoppe, was 308. The world's mark, also made by Hoppe, is 622, established in New York.

Ira Dorn, Salt Lake's favorite for the middleweight wrestling championship, is matched for a bout with August Sepp in Salt Lake on March 16.

Sepp, he it knows, claims the European middleweight title. He maintains a residence, so he says, in Colorado.

Guy Nickalls, Englishman, will return to Yale to coach U's rowing team.

Mid-week football in Edinburgh, Scotland, is said to be attracting so great a public interest that business is threatened with stagnation.

Kim Smiley, sugarbush agent, says: "An 'n' woman what's fool enough to waste time tryin' logic on her husband when she knows a tear on the cheek 'll let what she wants quicker."

The axes are on at Shreveport, but Ben's both on his way out, stayed at Hot Springs "for a two weeks' stay." How come?

"Two meals a day for the Jews!" says Babe Ruth. "That wouldn't bother me, for I eat my heaviest meal at midnight, which is not in the day time."

Benny Kauff can't go south with the Giants for good reasons, but there seems nothing to prevent Rube Benton making the trip, if the vindicated Burk Herzog does not object.

Charley Moran made Centro college's football team famous. Now Jesse Tanaschil has been engaged to coach the college's baseball players and he is expected to put them in the limelight in the college field.

There are not so many Jews in baseball that one club is often found with two on its roster, but the Greensboro club of the Piedmont league claims that distinction. Its two Yids are Frank Saul and Roy Sanders.

Dode Paskert, 40 years young, has been playing baseball on the ice in Cleveland all winter, keeping in shape for his comeback efforts with the Cincinnati Reds. There's the secret of Dode's ability to keep going—he loves baseball.

Report from New York is that Colonel Til Huston, one of the owners of the New York Yankees, is a very sick man. He has been removed from Dover Hall, Cal., to New York for a surgical operation.

Dr. John Lavan, shorthand, accompanied the first batch of St. Louis Cardinals to the training camp at Orange. He went as the club physician and during the season will perform those duties in addition to playing short for Branch Rickey.

The annual effort is being made to get a bill through the Arkansas legislature permitting baseball games on Sunday. Bob Allen is to be commended for his persistence, even if he never succeeds in lifting Arkansas to the heights of civilization.

Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibility. The examination will be conducted for rural carrier appointment unless they are the widows of U. S. soldiers, sailors or marines or the widows of U. S. soldiers, sailors or marines who are physically disqualified for examination by reason of injuries sustained in the line of military duty. Form No. 1077 and application blanks may be obtained from the offices mentioned above or from the United States civil service commission at Washington, D. C. Applications should be forwarded to the commission at Washington, D. C. at the earliest practicable date.
