

# HIGHWAY BOARD IS CALLED INTO DISTRICT COURT

## Taxpayers' League Demands Report of Work Done in Three Years

C. B. Channel and other members of the Twin Falls highway district are made defendants in a mandamus action started in the district court by S. N.

In this action plaintiffs appeal to the court for an order to compel the

highway district officers to prepare and make public reports of the condition of the work, construction maintenance and repair of all highways within the district for the years ending

January 6, 1919, January 5, 1920, and January 3, 1921, to accompany said reports with maps thereof, together with any other facts necessary for settling forth generally the situation and con-

tion of the highways within the district; that said reports be made in triplicate and one filed in the office of the secretary.

Judge W. A. Babcock has issued an order citing the defendants to appear.

in court at 10 o'clock on the morning of March 22 to show cause why the order prayed should not be granted.

## KIWANIANS ARE TOLD OF LOWER TAX LEVIES

**Senator J. H. Seaver Tells of Reduction in State Demands**

Hasty computation of the appropriations made by the sixteenth session of

the Idaho legislature indicates that the state tax levy for the coming biennium will be approximately three and three-

fourths mills as against six and one fourth mills two years ago, according to a statement made Monday to members of the Kiwanis club at their weekly meeting and luncheon by Senator Frank

H. Scaver of Twin Falls, who served during the session as chairman of the senate finance committee.

effort made in the legislature to reduce state expenditures and declared that the attitude of the senate committee on which he was chairman was to approve no appropriation for a purpose that was

no appropriation for a purpose that was not indispensable, without regard to the intrinsic merit of that purpose. He discussed in this connection proposed appropriations for "state" fairs, exten-

The club endorsed the mayor's proclamation designating "Prune Week" in Twin Falls.

## SIGGINS IS ELECTED

**MOOSE HOLD ANNUAL MEETING FOR**

### Selection of Executives— Convention Called

head of Twin Falls lodge, No. 612 Loyal Order of Moose. Selection of Mr. Siggins as dictator of the local lodge was made at an annual election.

meeting when other executives were elected to have charge for the coming year. The other lodge officers are:

Van Cott, treasurer; Erwin Appel, trustee; Walter Harrison, inner guard; D. C. Graybeal, outer guard; A. W. Soule, delegate to the supreme lodge.

Following election of the official staff the lodge initiated four candidates, and received 10 applications for membership.

Announcement is made that on March 24 a Mooseheart legion convention will be held here with a celebration program suitable to the occasion.

parlors of the church. The addresses which followed dinner served at 4:30 were given by Senator Joseph H. Sawyer and John D. Warner of the State

Normal school at Apia

## SALMON RIVER LAND COMPANY GETS DECISION

Appeals Court Overrules Judge District in Important Irrigation Matter

According to Secretary Ray Beachamp of the Salmon River Land & Water company, copies of a decision just rendered in the United States circuit court of appeals, expected to reach officials of the company immediately. In this decision the higher tribunal sets aside Judge District's opinion in the irrigation company's case against A. E. Caldwell and others, which favored defendants.

**Explains Ruling.** With respect to the new ruling, Secretary Beachamp makes the following clarifying statement:

The appellate court reversed the decision of the lower federal court and except injunction provisions and retained the cause of the case. It directed that new pleadings be framed according to the suggestions of the present opinion. The decision of the lower court was to the effect that the rate of two and one-third acre feet of water per season is and will continue to be required for the season and that the resource of the land department had provided it would furnish 56,500 acre feet per season and no more and that therefore there was only enough water for 24,214 acres or 40 per cent of the land which the company had agreed to deliver.

The appellate court in its decision referring to the decree of the lower court says: "This decree is based upon the contract and obligation of the construction company with the seller, and takes no account of the probable and now the final determination of the land department which the project shall include the 35,000 acres of irrigable land."

Referring to the action of the land department in selecting the lands to be irrigated and patented the decision stated:

"It appears further that on October 18, 1917, the state board of land commissioners entered a further order regarding the acreage of the project as follows:

**Land Board's Order.**

"The total irrigable acres in the Salmon river-Twin Falls Carey act project shall not exceed 35,000 irrigable acres within the project, and that the state land board shall not apply to the federal government for patents to lands already patented, or state lands heretofore sold, or desert entries which may remain unpatented, and which will make a total acreage receiving water from the irrigation system and within the project of over 35,000 acres."

"It appears that this order contemplated the reducing of the project to 35,000 net irrigable acres or a gross acreage of approximately 39,000 acres including non-irrigable land embraced within certain patented lands, and that said order contemplated that approximately 21,000 acres out of the 60,170.8, thus, embraced within outstanding water contracts and relinquished to the United States and should not be patented to the state of Idaho for irrigation under said irrigation system."

"It appears from a stipulation, just filed by counsel for the parties to this appeal that a patent has now been issued and delivered to the United States government in the state of Idaho based upon the application of the state for lands under the Carey act; that the department of the interior by the issuance of the patent intended that water available for such project should be used for the reclamation of a not irritable area of approximately 35,000 acres, and that the department has declined to issue patent for the remainder of said Carey act lands in said project."

## Sends Goods Back, Sheriff Now Seeks Merchandise Buyer

Warrant is Issued for Woman Giving Alleged Bad Checks For Purchases

Packages of goods, all purchased yesterday, were found Tuesday morning at the entrance to the Boots Department Fashion Shop, Wright and Riley company's stores when the places were opened for business this morning. County authorities are now seeking the purchaser who is alleged to have given fraudulent checks for the merchandise.

The warrant issued is for the arrest of "Ella Ray," which name is assumed to be an alias. A woman giving such a name is said to have made purchases of goods at the stores mentioned early yesterday, presenting in payment personal checks signed "Dick Ray" per "Ella Ray."

At the Fashion Shop the bill amounted to \$120; at Boots and Boots about \$40; at Idaho Dept. about \$10; and at Riley's \$15. It is said that the woman was directed against the purchaser first at the latter place, where the customers claimed to have identified the woman by another name. Checks written were all on a Bank bank. Telephone communication with the bank officials showed the fact that no account with Dick Ray was carried by that institution.

## W. C. T. U. SPEAKERS URGE CHANGE IN SOCIAL PLAN TOWARDS GIRLS

System to Support and Maintain Reformation Brought About by Industrial Correction is Demanded at Sunday Meeting — Anti-Cigarette Law is Denounced by Judge Duval as "Fool Legislation"

Unfortunately home environment has much to do with original juvenile delinquencies and a large percentage of relapses of girls once reformed through training, according to statements made in a last enforcement meeting held in the Methodist church Sunday afternoon. The meeting was called by and held under the auspices of the W. C. T. U. The Rev. E. L. White, pastor of the Methodist church, presided.

Although apparently attending the convention program developed an extraordinary degree of interest. An address of prime importance was given by Judge Duval, who read a letter sent to him by Mrs. J. C. Porterfield read an interesting paper. All topics studied were based upon law and order problems; especially dealing with the rearing of children, the maintenance of habit sources and the maintenance of proper methods to guarantee good citizenship following discharge of persons from state institutions of correction.

**Demand New Social Plan**

Both speakers attributed the lapses of reformed persons to improper home environment, as well as a large per cent of the juvenile delinquencies. Both urged for a system that would guarantee maintenance of moral standards inculcated at public institutions, as against the inevitable return to conditions that in the first place led to downfall.

The Rev. E. L. White, opening the meeting, paid tribute to the juvenile court of Twin Falls and to the management of the corrective institution. He declared the court is second to none in its method of disposition of moral correction and social uplift, and attributed this excellent condition to the high class system employed by Judge Duval, whom he introduced to the audience.

**"Fool Legislation."**

In the absence of prosecuting attorney Frank L. Stophan, who was scheduled to give an exposition of the law, Judge Duval was asked to mention those measures in preamble. The speaker excused himself from speaking on the former measure, saying it was too long a subject to take up with laymen. He then read a summary of the terms of the anti-cigarette law, as recently adopted by the Idaho state legislature. "It is the biggest piece of fool legislation enacted in this territory was formed," Judge Duval said, in conclusion of the reading. He further declared that the new law takes the trade from the hands of the big dealer, and fixes a penalty for violations so heavy that it would be almost impossible to get convictions for violations. He also pointed out that the law would be a penalty for handling cigarettes that dealers will employ the best counsel obtainable to defend their operations and manipulations of the trade. Judge Duval dismissed the anti-cigarette measure and launched into a detailed statement of facts concerning juvenile delinquencies, citing many specific cases coming into his court recently. He stated that while greater percentage of boys are permanently reformed after a period in the industrial school, still not the case in the matter of girls under treatment. He charged this to the difficulties and temptations a girl is subject to following discharge from correction institutions, especially where the conditions of the original cause of misdeeds. "If a girl can be kept away from these conditions and be provided with the same sort of social treatment that is given to boys, she will stand the same chance of social success as the young man." He urged at this point for a system that would look after the reformed girls' welfare and appealed to the W. C. T. U. to devise such a system.

**Others Have Rights**

A. A. Crom made a strong talk against the cigarette and in favor of the person in right of those who are not addicted to the weed, and to whose nostrils the fumes of tobacco are annoying. Mrs. Porterfield talked briefly on the influence of parents on the rights of children, taking a firm stand for continuation of high social influence to make reformation permanent. She appealed to the men of the audience to join with the W. C. T. U. in furthering its social corrective work and called for men volunteers. About 30 men signed pledge cards. Mrs. Porterfield closed with a prayer for a change of public sentiment toward reformed girls, urging assistance instead of social ostracism.

**AT JACKSON RESERVOIR**

Reports from Morris, Wyo., at the outlet of Jackson Lake reservoir, show the following condition:  
Jackson Lake storage—  
At March 5, 1921 206,329

For same period a year ago 13.17

**Chamberlain's Cough Remedy**

"Nothing So Good for a Cough or Cold as Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. "I have used this remedy in a cold and am satisfied with its results. It is excellent to allay a cough or break up a cold—adv."

## League of Nations Asks Limitation on Military Expenses

Requests the Governments to Stretch This Year's Appropriation to Next Biennium

GENEVA. (AP)—Governments have been asked to enter into an engagement not to exceed during the next two fiscal years the total military expenditures provided for the present year in a letter sent to the members of the league of nations by the secretary of that organization.

Another letter sent to members of the league concerns a convention relative to control of the traffic in arms and munitions in order that regions "not well civilized" may not receive stocks of arms which accumulated during the war. The governments have been asked to make known their attitude to the league by May 1, and the letter emphasized the urgency that all enter into these agreements.

## Wilhelm as Author Tries to Shift War Blame on England

Former Emperor of Germany Discusses Responsibility for Conflict in Book

AMSTERDAM. (AP)—Former Emperor Wilhelm of Germany has written to the high command of the army by which he attempts to show that England was responsible for the world war. In the volume he has collected historical facts and data relative to international agreements between all countries involved in the war from 1884 to 1914, and these facts have been marshalled in parallel columns by Count Holzeisenlorenz, says the newspaper, Het Volk. He declares England's responsibility for the war centered in her "plot to isolate Germany," and that "the mobilization of English troops in April, 1914, preparations for war by the British fleet in June, the same year, and the Russian mobilization of forces on July 15."

"Thus," says the newspaper, "the former emperor tries to find adherents for the theory that allied mobilization made it impossible for Germany to prevent the war."

## ONLY DESIGNATED LANDS TO GET WATER ON SALMON

State Reclamation Commission or Makes Restrictive Order Permanent

W. G. Swendsen, state commissioner of reclamation, Tuesday issued an order making permanent a previous order of the reclamation department wherein the Salmon River Canal company was directed to restrict the delivery of water from its canal system to lands included in the patented area and designated specifically in what is known as the Whitfin report.

Tuesday's order is issued subsequent to a public hearing held here last Wednesday for the purpose of considering the temporary ruling. The commissioner declares that attorneys who appeared at the hearing in behalf of certain parties at intervals had filed briefs within the five day limit given for this purpose, and in respect to protests made by individual intervenors, the commissioner continues that the same were offered in the said protests, together with the said company, are matters that must be adjusted by the time the intervenors with the Twin Falls Salmon River Land and Water company, and in the event of their failure to effect such settlements, the state or this department would be forced to make the ruling available to the said intervenors, if they have appeared to be in an action for damages against the said company.

Ever gave Adam the apple all right but was Lucy Hand who handed the crab apple on a bat to Joseph. This Parisian turban of millan is deftly draped with charming lace veil. Shiny glazed crab apples adorn the side.

## ARRANGE OBSEQUIES FOR OLDMAN BLOOM

Funeral Services Will Follow Day Given Over to Grouches and Kickers

Friday, March 18, has been named by the board of directors of the Twin Falls Chamber of Commerce as "Kicker" day. On that occasion the club members will meet in Tom's banquet room for luncheon and will hear complaints and grudges from all persons entertaining them.

On the following day the chamber of commerce will conduct another special day for the purpose of burying "Old Man Grouch" and "Old Man Kicker," to devise special programs for each day, have been named.

These special programs were proposed by the board of directors. Smith heads the committee composed of J. A. Kiefer, D. D. Alvord and J. A. Crom. The club members of the club will have charge of program preparation.

These special programs were proposed by the board of directors. Smith heads the committee composed of J. A. Kiefer, D. D. Alvord and J. A. Crom. The club members of the club will have charge of program preparation.

## AGREEMENT ON SUGAR OPHELD

James E. Bens, Chairman of Committee, Says Schedule is Satisfactory

James R. Bens, chairman of the Utah state farm bureau's sugar beet committee, which last week obtained an agreement with the sugar companies fixing the price of beets, today issued a statement in which he announced that in the opinion of the members of the committee the agreement obtained is highly satisfactory and should settle the beet question for the time being, according to the Standard-Examiner of Ogden.

**Makes Statement.**

His statement: "Considerable comment has been made of late regarding the contract resulting from negotiations of the various sugar companies and the officers of the Farm Bureau. Through the both criticism and commendation regarding the price schedules which have been arrived at, and it seems an opportunity to state that the Farm Bureau regarding the matter as a whole."

"In the first place, it is the first time in the history of the Farm Bureau that the beet growers have been in a position to deal with exact facts concerning certain costs of producing sugar and working a ton of beets in the beet fields. Through the courtesy of the sugar companies, expert public accountants, employed by the Utah State Farm Bureau, were permitted to go into their records and obtain certain figures for the officers of the Farm Bureau and upon these figures were predicated the negotiations which resulted in the contract. The beet growers have been able to see both criticism and commendation regarding the price schedules which have been arrived at, and it seems an opportunity to state that the Farm Bureau regarding the matter as a whole."

"We feel that a decided advance has been made in the beet business. The features of this contract which tends to remove the element of speculation on the part of both farmer and sugar company, and which we believe that with slight modifications from time to time the same principle will meet the situation for all time to come."

The Utah state farm bureau official and the Utah-Idaho Sugar company Friday completed an agreement on the price basis of the 1921 sugar beet contracts which for the first time in Utah will make provision for payment on both the basis of the price received by the manufacturers for the sugar and the beet content of the beet grown by the farmer.

On the present price of sugar net to the refiner of \$7.90 per hundred pounds, the farmer would receive \$2.04 a ton for beets as compared with the \$12 minimum of last year.

## PLOW LANDS PRICE FALL LOWEST IN WEST STATES

Average Value in United States is \$37.78 An Acre as Compared with \$50.01 A Year Ago

WASHINGTON, D. C. (AP)—Average grade plow lands in the United States are valued at \$37.78 per acre according to a report issued today by the department of agriculture has announced. Although showing a decline from the next price of 1920 the average still is higher than any of the preceding years. The values show more heavily in the cotton and tobacco states, while the smallest decline was shown in the far western states, where the price of land was an average of \$26 per acre in Alabama and Mississippi to \$200 in Iowa.

## SCHOOL RELIEF MEASURE IS SIGNED BY GOVERNOR DAVIS

State Executive Gives Official Approval to House Bill No. 121, Providing for Election to Determine Upon Issuance of Warrants Against Next Year's Taxes to Meet Deficits

Gov. Davis Tuesday morning gave official approval to the legislative measure known as house bill No. 121, according to word received telegraphically by The News.

The governor, it is said, has not decided what he will do with the senate bill No. 255.

Both these bills are designed as relief measures for distressed school districts throughout the state. The house bill provides for an election by the taxpayers to determine whether or not warrants shall be drawn against the ensuing year's tax revenues to meet deficits in finances for the current year and the senate measure grants the district boards the right to issue negotiable notes to meet these deficits, and obviates necessity of an election. House bill No. 121 is the measure most discussed throughout the state, and is the one in which most reliance and hope has been placed by boards of distressed districts.

It came up early in the recent session for discussion and was finally passed by both houses. Its terms restrict relief operations to the current year, taking no account of the coming year, which will have to be looked after in a much contracted expense budget.

**Bill is Explained.**

The bill in plain, simple terms, means that where an independent school district is without sufficient funds to complete the school year, the board of trustees may make a levy on the taxable property in the district which, when added to the funds apportioned to the district by the county superintendent, will provide the necessary funds to finish the school year.

If the levy proposed by the board will exceed the levies now allowed by law, then the board of trustees must first secure the approval of the state board of education, and then submit the proposed levy to a vote of the district to complete the school year.

If the proposed levy receives two-thirds or more of the votes cast at a special election called for that purpose, then the levy becomes effective and payment of taxes will provide the necessary funds to complete the school year.

**The Senate Measure.** Senate bill No. 255 was introduced by Senator J. H. Sawyer and was read through on suspension rules during the last day of the legislative session just closed. It reads as follows:

An act authorizing counties, cities, and towns to borrow money in anticipation of the collection of taxes and to issue negotiable notes or bonds therefor, providing for the payment thereof, and declaring an emergency.

Section 1. A taxing district, within the meaning of this act, is any county, municipal corporation, specially chartered city, school district of any class, specially chartered school district, highway or good road district now or hereafter organized.

Section 2. A taxing district may borrow money in anticipation of the revenue to accrue from the collection of taxes as provided in this act; provided that no taxing district shall be authorized to expend for the current year revenue levied or to be levied for the succeeding year.

Section 3. A taxing district may borrow money for the purpose of meeting current expenses, interest and sinking funds on bonds and for other lawful corporate purposes, not in excess of 90 per cent of the unexpended taxes for the current year, leaving therefor negotiable notes or bonds of such taxing district bearing interest at the lowest rate obtainable not exceeding seven per cent per annum.

Section 4. In the event that such notes or bonds are issued prior to the annual tax levy for the year in which such indebtedness is contracted, the amount so issued shall not exceed 75 per cent of the tax revenue of the preceding year, and there shall be added to the annual levy a tax sufficient to pay the same at maturity.

Section 5. In the event that the revenue in any one year is insufficient through delinquency or uncollectibility of taxes or other cause, to pay when due all lawful debts of such taxing district which have been or may hereafter be constructed, such taxing district shall, in addition to other levies now provided by law, levy in the next succeeding year a tax sufficient to pay all of said debts and to provide for the preceding year, and there shall be added to the annual levy a tax sufficient to pay the same at maturity.

Section 7. An emergency existing therefore, this act shall take effect and be in force from and after its passage and approval.

Ordered Mayor W. H. Eldridge, aldermen members of the council and City Treasurer P. E. Wheeler, to appear in the district court on March 21, at 10 a. m., Judge W. A. Babcock this morning signed a writ of mandamus asking the executive committee of the Taxpayers' league through Attorney Homer C. Mills and Turner K. Hackman.

Application for the writ ordering members of the city administration was filed in the district court this morning demanding that the city administrators be compelled to make rules public by which the city is to be managed, and that the city administrators be compelled to make rules public by which the city is to be managed, and that the city administrators be compelled to make rules public by which the city is to be managed.

**Wife of Retiring Vice-President Lunches with New**

Several days before the inauguration, Mrs. Thomas Marshall, wife of the retiring vice-president, and Mrs. Calvin Coolidge, wife of the new vice-president, were the guests of honor at a luncheon given them at Washington, D. C.

# Today's Markets

## WHEAT PRICE DECLINES FOLLOWING EARLY GAIN

Quotations at Close of Unsettled Session in Chicago Pitts are 1 3/4 to 3 3/4 Lower

CHICAGO, (P)—Wheat traders quit generally assumed a waiting attitude today pending development of fresh export business or of definite advice of crop damage. Mingivings in regard to the industrial outlook tended to check bullish sentiment. On the other hand, fair buying power showed itself on any setback in prices. Opening quotations, which varied from unchanged figures to 3-4 lower, with March \$1.52 1/4 and May \$1.51 to 1.51 1/2, were followed by upturns that in some cases went well above yesterday's finish.

Subsequently, buying power gave out, and the market underwent a material decline despite gossip current that an embargo against the importation of agricultural products into the United States had been decided on by President Harding. The close was nervous, 1 3/4 to 3 3/4 lower, with March \$1.57 to 1.57 1/4.

Corn was upheld by scantiness of receipts. After opening 1-8c off to a shade advance, including May at 69 1/4 to 69 3/8, the market staged a trifling and then scored slight gains.

Later when wheat started downgrade, the corn market also went lower. The close was quiet, with May 68 1/8 to 68 1/4 to 68 3/4 and July 70 3/4.

Oats hardened a little in the absence of any selling pressure, starting a shade to 1-4 to 3-8 higher, May 43 1/4 to 43 3/8, and keeping at about the initial range.

Provisions had an upward slant, influenced by the fact that fresh pork loins were selling at the highest price of the year.

Potatoes  
CHICAGO, (P)—Potato receipts 50 cars; market dull; Idaho Russets, sacked, \$2.55 to 2.65 cwt.; Northern Whites, sacked and bulk \$1.20 to 1.30 cwt.; North Dakota Early Chios sacked \$1.00.

## MACAULEY IS SELECTED ON IRISH RELIEF BODY

Twin Falls Man Named Chairman of Twin Falls County to Help Irish

T. G. Macauley of Twin Falls has received from Donald Callahan, state chairman, his commission as chairman for Twin Falls county of the American Committee for Relief of Ireland, and in this capacity he will receive contributions destined for relief of suffering reported to exist in Ireland. A nation-wide campaign for collection of funds for this purpose is being inaugurated today, continuing until March 28. In connection with this campaign an appeal for contributions to this fund made by Cardinal Gibbons is to be sent in Catholic churches throughout the country on Sunday next.

Of English invention is an electric device to heat the top of a person's head to a high temperature to encourage the growth of hair.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts if Your Back Hurts or Bladder Troubles You

No man or woman who calls meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked, then strain, get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, indigestion and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, fair or sediment, irregular, of passage or attended by a sensation of swelling, stop eating meat and get about four ounces of Jad Salts from your pharmacist; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also neutralize the acids in urine so it is no longer a source of irritation, thus ending kidney weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent little water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—adv.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE UNDER EXECUTION

Nibley-Chambers Lumber Company, a Corporation, Plaintiff, vs. Alma E. Watterson, Defendant. A writ of execution issued on the 10th day of March of the Fourth Ju-

dicial District of the State of Idaho, in and for the County of Twin Falls, wherein the Nibley-Chambers Lumber Company, a Corporation, plaintiff, recovered judgment in the Probate Court against Alma E. Watterson, defendant, on the 7th day of February, 1921, in the sum of Three Hundred Forty-eight and 50/100 Dollars (\$348.50) with interest thereon at the rate of 7 per cent per annum from the 7th day of February, 1921, I have levied upon all the right, title, claim, equity and interest of said defendant Alma E. Watterson, of, in and to the following described real estate, to-wit:

Lots seven (7) and eight (8) of the Sylvester Newton Addition to the City of Twin Falls, State of Idaho.

Public Notice is hereby given, That, I will, on the 5th day of April, 1921, at the hour of 2 o'clock p. m. (Mountain Time) of said day, at the east front door of the Court House of the County of Twin Falls, State of Idaho, sell at public auction to the highest bidder for cash, lawful money of the United States, all the right, title, interest, claim and equity of the said defendant, Alma E. Watterson, of, in and to the above described real estate to satisfy plaintiff's judgment, with all costs that have accrued or may accrue. The equity of said defendant as above described is evidenced by a contract of sale wherein Frank Higgins is the grantor and said defendant Alma E. Watterson is the grantee, and said contract is held in escrow by the First National Bank of Twin Falls, Idaho.

Dated this 9th day of March, 1921. E. R. SHERMAN, Sheriff, BY BEN J. BROWN, Deputy.

NOTICE Pursuant to Sections 3493-3494-3495, 3496-3497-3498-3499 and 3500 of the Revised Statutes of Idaho, the Board of County Commissioners of Twin Falls County, Idaho, hereby formulate and declare:

That the weeds known as Canadian Thistle, Dodder, Wild Morning Glory

or Bindweed, Hoary Cross or White Cap, Quack Grass and Buck Horn, are noxious weeds and that they are detrimental or destructive to agricultural interests in Twin Falls County, Idaho, and

It is hereby Ordered, That all Canadian Thistle, Dodder, Wild Morning Glory or Bindweed, Hoary Cross or

White Cap, Quack Grass and Buck Horn within the limits of Twin Falls County, Idaho, shall be destroyed by flooding, by applying acids or other substance which will destroy the life of such noxious weeds, or by continuous cutting, continuous cultivation, and under no circumstances to allow any of said noxious weeds to go to seed; and

Any land owner or renter failing to comply with this order, will be proceed-

ed against according to the law above quoted. Dated February 8th, 1921. By order of the Board of County Commissioners of Twin Falls County, State of Idaho. W. W. PARISH, Chairman.

Attest: C. C. HIGGINS, Clerk.

## CHANNEL MADE DEFENDANT IN LEAGUE'S SUIT

Highway District Executive's Removal Asked at Hands of District Court

Alleging misconduct in public office, E. F. Walton, representing the executive board of the Taxpayers' league, has filed an ouster action in the district court, against C. B. Channel, a member of the Twin Falls highway district board. The papers were prepared and recorded by Attorney Turner H. Blackman and Homer C. Miller were immediately withdrawn after filing.

There are several specific charges, out of 30 causes of action contained in the complaint, against Mr. Channel. One is neglect and refusal to perform the duties of the office as a member of the commission by paying certain claims and bills against the district before they were regularly allowed at a regular meeting of the board; second, made unauthorized expenditures aggregating \$1,050.00; third, failure to require the secretary-treasurer to give bond of sufficient importance to cover the amount of money he is required to handle.

The complaint against Mr. Channel is said to be the first of a series to be filed against each member of the highway district board. It is stated similar charges are to be filed against J. M. Blackman and A. E. Larsen, the other members. The three commissioners were appointed to office by the governor in 1918. Their terms expire in January, 1922.

In the suit appeal is made to the court to call Defendant Channel up for hearing within ten days. Presence of business in the district court at this time may cause a delay beyond the time fixed in the complaint, according to Judge W. A. Babcock.

On this appearance, the defendant will be required by the plaintiff to show cause why he should not be summarily removed from office and judgment of \$400, together with an amount for costs and disbursements, be rendered against him.

Plaintiff alleges that the commissioner has refused and neglected to make publication of periodical reports, to file maps as required by law. Allegation is also made that the law requires that the bond of the secretary-treasurer shall be sufficiently large to cover all amounts handled by him with an additional 25 per cent.

Following is a quotation from a decision rendered by the supreme court of this state, *Bolton against Hoffman*, in which attorneys for Walton declare they are basing their case:

"This report was not made, and the evidence shows that such action was based upon the legal advice of the prosecuting attorney; but whether the advice was given or not, the statute imposes his duty upon the board of county commissioners, and from reading the section it would seem that such report would be a matter of great concern to the state and highway districts of the state, and the general improvement of the roads of the state and the common good of the people; and the defendant and the board of county commissioners of Bonanza, Idaho, had no authority to exercise the arbitrary judgment that it could be of no service. The legislature which enacted such law believed that such action was a violation of the law, and the legislature had the right to pass such a law, and it is the duty of a public official to obey the law, and he cannot justify his acts upon the ground that he does not believe it will be necessary to obey such law."

## FIRST BASEBALL GAME OF SEASON, IS WON BY L. D. S.

Mormons Defeat the Christian Church Team in Thrilling 8 to 7 Encounter

By a score of 8 to 7, the L. D. S. Mutual baseball team on Wednesday afternoon defeated the Christian church team. The game, the first of the diamond encounter of the year, was staged on the old city ball grounds. Full nine innings were staged with the Christians leading 7 to 4 at the end of the fourth. The game pitched about ball for the Mormons after that.

Score by innings:  
Mutual.....0 0 3 1 0 1 2 1-8  
Christians.....1 0 0 2 0 0 0 0-7  
Batteries: Mutual, Farman and Frazelle; Christians, Patton and Grigby.

**NOTICE OF ANNUAL MEETING.**  
The annual meeting of the stockholders of Deep Creek Land and Water Company, Limited, will be held at the office of B. T. Hamilton, Twin Falls, Idaho, on Tuesday, April 26, 1921, at 10:00 a. m., for the election of five directors for the ensuing year. And for such other business as may legally be transacted. Each stockholder is requested to be present.  
E. M. WEBB, Secretary.

**BANK BRINGS SUIT.**  
The Farmers National Bank of Buhl makes A. L. Hendricks defendant in a suit in which the sum of \$1000 is asked in judgment. The claim is based, it is stated, on failure to fulfill the terms of a purchase contract.

## Coats Vary a Great Deal In Line

Yet Prices Are All Decidedly Moderate.

Cape Coats, Wraps and Capes designed to be worn during the drier occasions of Spring and Summer are fashioned of soft wools—chamette, Ramona, Evers and Veldyne—and they have all the clever style individualities which make discriminating women choose one garment in preference to another. For motoring and general knock-about wear are sturdy coats of plaid and check cloth, housecoats and other serviceable materials. Bated and unbated most of them have gracefully flaring hems.

**\$12.00 to \$45.00**

## Canton Crepe Frocks

Certainly one could not wish for more charming or becoming dresses than the new modes in canton crepe—gray—with their blouses, bodices, embroidery and bead decorations, apron tunics and looped up panels. In grey we also offer crepe de chine and georgette..... \$35.00 and \$45.00

# SUNSHINE CLUB OF TWIN FALLS IS OUTCOME OF JOINT MEETING OF ROTARIANS AND KIWANIS

## SONG AND STORY ADD HAPPY NOTE TO THE PROGRAM

Local Business Men Gather About Banquet Board and Discuss the General Existing Conditions

With song and speech, in the midst of an atmosphere of happy good will, at a gathering of between 75 and 100 local men, members of the Kiwanis club and the Rotary club, was held in the Rogers hotel dining room last night, the Sunshine Club of Twin Falls.

The Sunshine Club is an institution without membership fee or dues. Except for its "articles of faith" to which every man present last night subscribed, it is largely an imaginary institution. Its membership roll is not confined to those alone who were present at last night's meeting but is intended to include every person to whom the spirit of its foundation appeals.

The occasion of last night's gathering was a dinner given by the Rotary club to the members of the Kiwanis club. Hal G. Blue, president of the local Rotary club, served as chairman and toastmaster and, following a dinner interspersed with song in which everybody present joined, something like a dozen brief speeches were delivered by officials and members of both clubs.

Speakers on behalf of the Kiwanis club were E. J. Ostrander, president; M. J. Sweeney, vice president; John W. Graham, C. Wright, Frank L. Stephens, and the list of Rotary speakers included the following: Asner B. Wilson, Sam H. Kayler, C. E. Booth, Dr. Charles R. Scott.

Speeches were received. Every speech carried with it a plea for a greater degree of harmony and a better understanding among men not only with respect to local problems but in a general sense. The active assistance of all present was pledged to the work of bringing about improved local conditions and to the task of creating a healthier atmosphere in business areas. Practically every speaker pointed out that only by straight thinking and concerted action would it be possible to meet upon the need of improvement if the old Twin Falls spirit were not to be allowed to perish utterly.

The session lasted until a late hour and both clubs look forward to a repetition of the occasion in the near future.

Carle Olts of the Rotary club added materially to the pleasure of the evening at the piano while the Kiwanis club quartet was one of the most enjoyable features of the session.

## MURTAUGH FARMERS ARE FAVORABLE TO CONTRACT

Sugar Beet Growers Sign an Agreement with Company for Coming Season

Reports reaching Twin Falls today of a meeting of sugar growers of the Murtaugh district, held last night, indicate general satisfaction with the contract offered by the sugar company for the season of 1921. It is stated the agreements were freely signed by those attending the meeting.

Short talks made at this meeting were impressive along the subject of benefits derived by the farmers through the growing of sugar beets.

The following statement, made by the Amalgamated Sugar company's cashier, of money paid out last season, is illustrative of the profit to the district through this crop:

Paid out to farmers \$576,593.32, in addition to the farmer paid out to labor about \$30 per acre, which money was spent in the community. Besides the payroll at the factory, of \$250,022.78, here is the employment of men on the railroad, coal mines and line quarries, so that the total amount paid out by this company along all lines would be felt by the community if it ceased to exist. In addition to this there is a market for hay amounts to the feeding of pigs which amounts to a considerable item. We feel that this is the year when every farmer who has beet land should plant beets, as we feel the factory requires the beets and the farmer needs the factory.

**PETITION DENIED.** Judge Babcock, of the district court yesterday denied the petition of Homer E. Evans for divorce from Homer E. Evans. The case was dismissed. This action has been before the court about a year. A decree granting a divorce was presented was insufficient to warrant an affirmative decree.

## 233-Acre Ranch For Rent

Nearly all in alfalfa. Good improvements. Cash or crop rent.

J. H. SEAVER  
121 Second Ave. N.  
Twin Falls, Idaho

## ARTICLES OF FAITH OF THE SUNSHINE CLUB

1. We believe in Twin Falls—in all that she has accomplished and in all she seeks to achieve.
2. We affirm our faith in the citizenship of Twin Falls.
3. We believe that no single section of the United States of America is more favored in those natural geographical resources which furnish the necessary basis for a sound and permanent civilization.
4. We affirm our faith in ourselves and in the rank and file of the people and in our official leaders.
5. We pledge ourselves to uphold constituted authority; to criticize without impugning motives; to deal in facts rather than fancies; to give credit for the same qualities in our fellowmen that we possess ourselves; to look for the good and never the bad; to think properly and oppose adversity; to help others by helping our neighbors, realizing at all times that our own success depends upon the success of our fellow citizens and that a return to normalcy in the Twin Falls country can best be encouraged by the individual return of each and every one of us.

- Signed:

## More Occasional Rains and Frisky Breezes Ordered

MORE "occasional rains" calendered for tonight and tomorrow, according to the official climatologist, who issued the same dope yesterday. He also sticks to the "increasing southerly winds" idea which has been dead wrong since the first prediction. The big and prevailing wind comes from a diametrically opposite direction. Temperature range for the 24 hours ending at 6 a. m. was from 55 to 28 degrees.

## MINISTERIAL SOCIETY TO HOLD NOON SERVICE

Special Sacred Meetings Will Mark Observance of Week of Passion

Arrangements were completed yesterday for Passion week services to be conducted next week by the pastors of the local ministerial association.

A committee of three, E. J. Finch, J. A. Green and A. L. Swin was appointed by the chamber of commerce to assist in making arrangements. The manager of the Idaho theater, B. H. Magel, has given hearty consent to the use of his theater as the meeting place, and the services will be held there every day from 12:30 to 3:15 p. m.

The singing will be under the direction of William Young Arthur of the Baptist choir, good old hymns being a feature. Having the services at this hour it is believed that many of the business men and women of the city will find it convenient to drop in daily. The chamber of commerce has heartily endorsed the movement and has promised to assist in getting an attendance.

Beginning Monday the local pastors will take their turn in bringing a message. The scheme for the week is as follows:

General theme, "The Mysteries of the Kingdom of God."

Matthew 13:11, "Unto you it is given to know the mysteries of the Kingdom of Heaven."

Monday—"The Mystery of the Incarnation of Christ."

Tuesday—"The Mystery of the Divine Approval."

Wednesday—"The Mystery of Special Providence."

Thursday—"The Mystery of Human Brotherhood."

Friday—"The Mystery of Christian Faith."

Saturday—"The Mystery of Christ's Glorification."

1 Timothy 3:16—"Great is the mystery of Godliness."

## OFFICERS PICK UP CLUES LEFT BY 'ELLA RAY'

Woman who Bilked Merchants Believed to Have Escaped in Early Morning

Developments in the search by criminal authorities for the woman who gave the name of Ella Ray when making extensive purchases of merchandise at local stores early this week, indicate that the woman escaped the dragnet of the officers by boarding the east-bound train on the morning of the day when the goods purchased were left in the doorways of stores where they were bought.

Investigation by the officers suggests that the woman was the guest of friends on the northside of town and that she kept the merchandise within reach while staying there. Investigators believe that publicity given the woman's operations frightened her into restoring the goods at an hour so early that there was little chance of detection in the act, and that she caught the morning train or took an automobile out of town. These clues, any being followed in the hope that she will be uncovered that will lead to the whereabouts of the person sought. The officers are convinced that they have established an accurate identification of the woman, but withhold the name alleged to be the correct one until all clues are run down.

We do it dirt what St. Patrick did to snakes.
