

ATTACK LODGED AGAINST LOWER TEACHERS' PAY

Educators in Rupert Schools Return Contracts Naming 10 Per Cent Decrease

RUPERT, Idaho (Special).—Declaring a 10 per cent reduction in salaries unjust the 36 teachers employed in Rupert schools have returned without signature contracts submitted for the coming year. The reduction was authorized at a recent meeting of the board of trustees of Independent School District No. 1.

When the contracts were submitted explanation was given that the reduction in pay was ordered to conform with popular clamor of taxpayers for a decrease in taxes. In returning the contracts unsigned the teachers declare that the trustees' action has had no appreciable reduction in living expense, the lessening of pay is out of line and unjustified.

Attached to but returned contract one of the teachers submits the following statement of living cost:

Board and room	\$30.00
Laundry	5.00
Utilities	5.00
Professional papers and books	5.00
Medical and dental service	5.00
Insurance	5.00
Heat	5.00

Total \$105.00

Another Rupert teacher, in advising the trustees of the reduction, makes the following illuminatory announcement:

"The salaries offered are wholly inadequate. The minimum salary, or in other words, a bare living wage, as determined by the N. E. A., the state teachers' association and the educational departments of the largest universities is \$1200. This represents the minimum salary a teacher can live on and work efficiently. It does not take into consideration the time and money spent in preparation for teaching. By figuring the time and money spent to qualify for teaching it will amount to less than \$5000 and in excess of \$12,000 in large number of cases."

Rupert teachers are not asking an increase of salary, but do demand continuance of the present terms.

County Commissioners Rescind Former Order Authorizing Partial Rebate

Twin Falls county treasurer will collect from Oakes and company, wholesale grocers, personal property taxes for the year 1920 of \$8,705.58. Instead of \$6,111.64, as a result of action taken today by the county commissioners in rescinding an order made on January 29 of this year which reduced the valuation placed on Oakes and company's property to \$74,811.80 and ordered a rebate amounting to \$2,154.30 in taxes paid and to be paid for 1920 by that concern.

Rescinding the order followed the filing by the Taxpayers' League of a protest against such rebate. Claim was set up in this protest that the commissioners were without authority under the law to grant valuations and rebate taxes at the time the order was issued, and that such action could only have been taken during the period beginning on the first Monday of December and continuing until the third Monday of that month while the commissioners are in session as a board of equalization.

The petitioners also expressed the opinion that the valuation in this case as fixed by the county assessor was more accurate than that sought by the grocery concern.

LOWER RATE FOR PEAS AND BEANS FOR KNULL

O. S. L. Railroad Company Asks Authority to Make New Orleans Tariff

The Oregon Short Line Railroad company has applied to the public utility commission for authority to publish a new and lower freight rate on peas and beans from Knull, Idaho. The application recommends that the rate be made effective one day after publication.

The new rate, if allowed, will be 6 cents per 100 pounds on a minimum basis of 10,000 pounds in the car. The present rate is 9.5 cents on a minimum of 36,000, to the car. In its application the company declares that the pea and bean growing industry around Knull has developed sufficiently to warrant the new rate.

The price range is quoted at from \$22 to \$25 per ton.

"Be it resolved by the agricultural bureau of the Twin Falls Chamber of Commerce that the best price for sugar beets and other cash crops which may be raised on guarantee-price basis necessary crops for the Twin Falls tract this year should be raised on grounds adapted to the crop."

"And further, we believe that the beet contract as offered by the sugar company is the best contract that can be secured for the farmer this year."

"This contract would give to the growers on an average of 16.5 per cent sugar content, at a price of \$9.55 per ton for beets if the price of sugar remains as at present which is 88 per hundredweight at seaboard."

GRAIN STANDARDS ACT VIOLATIONS DISCLOSED

Secretary of Agriculture Reports Unlawful Practice by Omaha Firm

More violations of section 5 of the United States grain standards act are disclosed in recent findings of the secretary of agriculture who is charged with administration of the act. While in turn such act provides no penalty, the secretary of agriculture is authorized to publish his findings.

The firm of Cope & Kearney, Omaha, Neb., during August and September, 1920, was found to be in violation of the act. The firm was found to be selling 41 cars of corn, wheat and oats. When the grain had been inspected and graded by the licensed inspectors, pan tickets showing the grade as well as certain of the grading factors were issued to accompany the samples to the trading floor. Subsequent to their issue, the secretaries of the firm were found to be tampering with the pan tickets to show either a different test weight per bushel, moisture content or percentage of foreign matter. These alterations were found to be in violation of the act.

In the evening Professor Holden spoke on community work, outlining advisable methods for community improvement. Last night the speaker continued his series of addresses on the better livestock topic. Owen Ryan will address the people tonight.

Persons up to 18 years of age are subject to the new school attendance law, passed during the late legislative session, just enacted by the governor of the state.

TWIN FALLS WOMEN HONORED BY OFFICE

Mrs. Kennedy Packard and Mrs. Mary Y. Norton Elected by the D. A. R.

At a general assembly of the Daughters of the American Revolution, held in Boise last Saturday, Mrs. Kennedy Packard of Twin Falls was elected vice-regent of the state organization, and Mrs. Mary Y. Norton, of this city, was chosen treasurer.

The other officers are: Regent, Mrs. R. C. Hutton, residing in Boise; corresponding secretary, Miss Josephine, Boise; recording secretary, Mrs. O. B. Stoeley, Pocatello; registrar, Mrs. W. S. Titus, Boise; chaplain, Mrs. Cheesman, Lewiston.

Reports showed that in "Americanization" work the Twin Falls chapter has been active in the most active in the state since this form of improvement work among alien-born residents has been taken up by the organization. Many addresses were heard on the subject, each tending to show the necessity of educating foreigners to become good American citizens.

Mrs. E. J. Duckery state federal chairman on Americanization, spoke at some length on this particular question, and while complimenting the members of the D. A. R. for the splendid support given the Americanization movement, said that there was a lack of enthusiasm for the work in the state generally.

To this indifferent disposition she attributed the failure to support house bill No. 306, a compulsory education bill, in the senate of the session just closed.

ECONOMIC SITUATION SEEN OPTIMISTICALLY

J. R. Bothwell Sees Encouraging Signs on Every Hand—Coleman Speaks

Members of the Kiwanis club at their meeting and luncheon at noon Monday in Rogerson hotel, heard J. R. Bothwell discuss from the standpoint of optimism the existing economic situation, and were apprised by L. W. Coleman, agriculturist of the Amalgamated Sugar company, of the provisions of the contract presented by the company to beet growers this year.

Declaring that the present economic situation is incident to an era of constructive development and that it is one of the most interesting in the history of the nation, Judge Bothwell found in no grounds for discouragement but rather an incentive for continued achievement.

Mr. Coleman said that no opposition to the new contract had developed in any quarter which his provisions had been fully explained. He indicated grounds for belief that the price of sugar would be higher rather than lower and said that, under the profit-sharing provisions of the contract, the beet grower would benefit by any upturn.

If sugar next fall is sold at the price quoted today, Mr. Coleman said, the grower will receive \$9 a ton for his crop. He said that the average price paid out in this district \$900,000 for beets and \$250,000 for labor.

KICKS IN PLENTY AT LUNCHEON OF COMMERCE CLUB

Suggestions for Improvements in the Interests of City Listened to by Large Audience at Tom's Cafe

Something over 100 men sat down to luncheon together Friday, the occasion being in response to the invitation of the chamber of commerce to its members and the public generally to listen to the "kicks" of all who cared to make them.

There were not many actual kicks although a number of ideas were aired and all were well received. Asst. E. Wilson, president of the chamber, presided; Nowell B. Wight, secretary, presided as secretary of the session.

Senator J. H. Seaver spoke briefly upon the matter of legislative action in various phases and offered an example or two of the problems which beset the lawmaker.

E. J. Finch and A. L. O'Reilly spoke briefly in favor of the cutting of the school grounds as public playgrounds. Both called attention to the need of some such action in order that growing children may have a place of resort not only before and after school, but at all times. Each referred to the need of playground paraphernalia, Mr. Finch suggesting in forceful language that the city should purchase a part or all of a large sum of money known as the school athletic fund, collected as a result of the football games not only for this purpose.

Defendant Al Kicker

U. D. Thomas made the longest address of the occasion. He opened by saying that he was not present particularly as a kicker but was glad of an opportunity to defend the kickers as a class and the habit of kicking generally. He cited the growth and success of the prohibition movement as an example of what might be accomplished by kicking. He referred to the example, years ago, of Senator Heyburn, who at a time when he stood practically alone in his contention that irrigation in Idaho was not possible without conservation of timber, forested many an auditorium and cited the example of the school grounds as public playgrounds, which have since become milestones in the path of progress towards better things.

Mr. Thomas took the position that every step in the way of progress was due to the work of the class known as the "kickers" and cited numerous examples of incidents accepted in their legislation, which have since become milestones in the path of progress towards better things.

Mr. Wight and Tom Irwin spoke briefly. Warm applause followed every speaker and upon the conclusion of the meeting it was decided to hold similar sessions monthly in order that all might have a chance to air such grievances as they may have.

Appropriate Ceremonies Mark Plan to Dispel Pessimistic Feeling

Under direction of the civic bureau of the Twin Falls Chamber of Commerce on Saturday afternoon, appropriate to the interment of Old Man Smoot, were held near the corner of Main avenue and Rhoshone street.

The services were started with a solemn procedure of reading the obituary which formed in line in front of the high school. The "cortege" proceeded to Main avenue corner for the funeral home, where the body was placed in the hearse.

Rev. G. H. Young of the First Baptist church, the Rev. E. L. White of the First Methodist church and J. J. Cron proceeded a funeral procession to the cemetery where the body was interred.

The burial was a very interesting one, and the program, a burlesque, of course, was thoroughly enjoyed.

LOYD GEORGE ATTACKS SOCIALISM IN BRITAIN

Prime Minister Inveighs Against Activities of Marxian Adherents

LONDON, (AP)—A bitter attack on socialism was made by Prime Minister Lloyd George in a speech at a luncheon Tuesday of "The New Members of the Coalition group," at the participants in the luncheon party were styled.

"The military dangers which united the parties have disappeared," said Mr. Lloyd George, "but greater, more insidious, more permanent dangers still confront us. The great peril is the rise to power of a new party with new purposes of the most subversive character."

"It calls itself 'labor.' It is really socialist. It is tearing the parties to pieces on its way to tearing society to pieces. Those who are inclined to agree with Mr. Asquith and Lord Balfour that the labor party is a bogey should read the socialist and labor papers for a week.

"Socialism is fighting to destroy everything that the great prophets and leaders, of both parties, unionist and liberal, have labored for generations to uphold. Parliamentary institutions are as much menaced as private enterprise, and the rule of class organization is to be substituted for them."

The premier asserted that an addition of 3 per cent would put the socialists in the majority and that from 15 to 20 per cent do not vote.

SIX CLASSY MEN IN COMPETITION FOR GARDEN JOBS

Seattle Manager Confronted by Hard Task in Choosing From Stars

POMONA, Cal., (AP)—Six men are fighting for two posts in the outfield of the Seattle club of the Pacific Coast baseball league, now in spring training here. Two outfield jobs have been promised to Lane and Eddard and the fight is on for the other field and the utility post.

Left fielding, Babe Oldring, Roy Mendenhall, and Paul Strand are leading the battle, with Frank and Landhardt, a recruit from Astoria, Ore., trailing.

Baseball writers with the Seattle club say it will be as strong if not stronger than last year's team, which made a sensational dash from last to second place in the percentage column.

PROMOTERS PULL DOWN FABULOUS PURSE FOR FIGHT

Half Million Offer to Jack and Georges Supplanted by Percentage Plan

NEW YORK, (AP)—The half million dollar purse for Jock Dempsey and Georges Carpentier, were to have fought, on July 2 has been withdrawn and the heavyweights will box on a percentage basis when they engage in the world's championship battle. This announcement was made here today by promoter Tex Rickard after several conferences with representatives of the principals.

Under the new agreement, the pugilists will receive 60 per cent of the gross gate receipts. Of this sum the winner will take 40 per cent and the loser 40 per cent. The contract originally provided that Dempsey, as champion, was to receive \$500,000, and Carpentier, as challenger \$250,000.

Howard Depending on Southpaws to Grab Year's Flag

Manager of Oaks Thinks Coast Batters are Weak Against Lefthand Flinging

MYRTLEDALE SPRINGS, Cal., (AP)—Left-handed pitchers probably will outnumber right-handed hurlers on the Oakland club of the Pacific Coast baseball league, now training here.

Del Howard, manager of the Oaks, it is said, looks upon the league hitters as the natural prey of southpaw hurlers, and hopes to climb to the top of the percentage column by the use of the pitchers.

Howard is here with 31 players, probably the largest squad taken to a training camp by a Pacific Coast league team, this year. He is planning to come here every year. The hotel has agreed to erect a dormitory and fence in the diamond, if the Oaks come back.

Manager Killefer May Play Second Base This Season

Boss of the Angels Can't Find the Right Keystone for His Ocherbic Host

ELSINORE, Cal., (AP)—Red Killefer, playing leader of the Los Angeles club of the Pacific Coast baseball league, in spring training here, may be seen in action at second base this year if a crack man for the keystone sock is not obtained soon.

Fans figure that Killefer should be in the lineup somewhere as he can get onto the base.

The Angels' offensive strength was Killefer's ability to reach first and Sam Crawford's knack of driving him in.

"Pete" Carroll, new Angel outfielder, who hit .340 with Memphis in the Southern Association in 1920, also expects to be on the base a lot this year, so Crawford will have two men, instead of one, to drive in.

GIBBONS IS CALLED

ST. PAUL, Minn., (AP)—Johnny Wilson has agreed to stake his middleweight title in a bout with Mike Gibbons of St. Paul "within 90 days," according to a telegram Gibbons received today from his representative in Boston. The contest would be staged in Boston, according to present plans, the message said. Gibbons challenged Wilson recently.

The readjustment period is passed with us—a new condition prevails — with prices for spring merchandise back to near normal times.

During all the past year of high prices we achieved what we believe no other store can claim—the highest price ever asked for any suit in our men's department was \$45.00—and throughout our entire establishment we maintained lower price levels than anywhere else in the Twin Falls Market—and are justified in going further by saying—Lower Prices are and shall continue to prevail at the United Stores than in any other store in this community.

This was not accomplished through haphazard buying and selling methods, with disregard for quality and value, and craze and greed for profits, but through maintaining an equilibrium in our organization, ever mindful and appreciative of the good will of our patrons, and with a full belief that a fair profit is ample compensation in every transaction.

Spring stocks are now rapidly growing in assortment here with Easter styles as the vanguard. The merchandise is marked so much lower than for many seasons past that you will look with wonderment upon the new offerings.
