PARISH QUITS HIS PLACE ON SCHOOL BOARD

D. W. Updegraff Chosen to the Chairmanship of District Trustee Body

Despite the importuning of friends W. W. Parish Tuesday night resigned as member of board of trustees of Independent School District No. 1. The resignation was acted upon affirmatively and D. W. Updegraff, manager of the Boise-Payette Lumber company, in this city, was chosen in his stead.

The resignation of Mr. Parish was tendered at a meeting of the board two weeks ago. At that time the majority of board members voted to table the notice of withdrawal until last night's session. In an effort to have the tendered resignation withdrawn, or at least declined by the board, a delegation of women from Maroa, Mr. Parish's home district, attended the meeting, Mrs. E. E. Cory addressing Mr. Parish and the other members urged that Mr. Parish remain a member of the board. Mrs. Cory declared the board and the district as a whole needed the benefit of Mr. Parish's experience and ability. Answering Mrs. Cory Mr. Parish briefly reviewed the incidents that led to the tendering of the resignation and stated that he could not consider a change of his plans, declaring that the board must accept the inevitable.

E. P. Dunlap submitted a motion that Mr. Parish's resignation be accepted and upon vive voce vote there appeared no dissenting voice.

With G. W. Bice, vice-chairman, in charge of the board D. F. Clark nominated D. W. Updegraff to fill the vacancy caused by the resignation of the chairman. The election was unanimous. In the reorganization following his selection as a member of the board Mr. Updegraff was named chairman, and received the oath of office on administration by the retiring chairman, W. W. Parish.

What was left of the business session was devoted to a reading of the final installment of the auditor's financial statement, with comments on past acts of the board and recommendations for future operations. Edwin A. Wilson, auditor, submitted the report.

DEATH CLAIMS MEMBER OF LOCAL ELKS' LODGE

J. L. Dilworth Succumbs to Long Fight Against Complication of Ailments

James Lawrence Dilworth died at an early hour Wednesday in La Merced hospital, aged 67. Death resulted from advanced age, with contingent ailments.

Decedent was born in Ohio in the year 1854. Nearly 30 years ago he moved to White Sulphur Springs, Montana, where for about 18 years he was engaged in livestock and mercantile businesses. In the year 1909 he moved to Twin Falls and has been a resident of this place since. He followed farming as a pursuit during the greater portion of his life in this district, owning at various times several ranches. He also held title to business property in town. He was never married and has but one relative in this section, that being Wilson Anderson, of Twin Falls, a cousin.

Mr. Dilworth was a member of Twin Falls lodge, Elks, and one of the most ardent of workers in the interest of that fraternal order. He was a past exalted ruler of the lodge, and for some years up to 12 months ago, he was steward in charge of the club. Failing health caused him to quit the position a year ago. Since then he has been ailing and unable to follow any regular occupation. His condition became so critical last week that on Friday he was ordered to the hospital for care. He was unconscious several days before death came.

SMITH AND NICHOLSON UPHOLD CLASS HONORS

High School Athletes Win Bouts in Interscholastic Grappling Matches

The first annual south central wrestling tournament held Friday and Saturday of last week turned out very satisfactorily for Coach Robey and his eleven grapplers. While the championship cup was taken by the Gooding outfit the Blue and White supporters brought the runner-up cup home with them. Due to the fact that Gooding entered a larger group than did any of the other competing schools their second and third choice men took several points by default. However, Robey expresses himself as well satisfied with the result and is making high plans for the squad he will send to Boise this week end

Smith of the 115 pound class and Nicholson in the 155 pound class stuck through and won the championships in their respective classes, the others in Robey's crowd being eliminated in the semi-finals.

EASTERN CITY BUILDER DUE IN AMERICAN FALLS

New Jersey Expert Will Arrive Shortly to Lay Out New Town by Big Dam

Within the next fortnight or so, Russell G. Black, city builder of Heightstown, N. J., will arrive in American Falls, to begin the creation of the new city of American Falls, it was announced this week by reclamation officials here, according to reports from that city.

Black was selected from a group of a half-dozen or more city builders by the reclamation heads after a lengthy consideration of the qualifications of the various engineers seeking the opportunity of building the model city of the west. Black, it is said, is considered especially competent in the east in the work of city construction and will bring west with him several plans for the approval of the local inhabitants.

Black is known to favor the gridiron type of city structure and a number of European plans. The gridiron type it is said is a formal and regular plan adopted by many western cities.

Contracts will be let shortly, it was announced, for clearing the new townsite. This work will consist mainly of clearing the land of sage brush. The work can be completed during the current season, it is said, in a much better manner and at a less expense than at a later date.

The government is also clearing titles and validating contracts in all purchases of American Falls property made recently, while all detail work is being cleared up so that work can be started on a larger scale when the reclamation service is granted more money to carry on the project.

As the result of the recent conference between reclamation and Oregon Short Line officials, it is not believed the grade of the railroad tracks will be changed when the new yards are created, but that the yards will be placed in the new town on the existing grades. A change, it is said, would necessitate the addition of 21 feet in height to the present railroad bridge structure.

THIRD TICKET ENTERS FIELD

New Lineup Shows Dr. T. O. Boyd at Head of Taxpayers' Group for City Election

Designated as "Taxpayers' ticket," a third group of candidates was Wednesday entered in the race for election to Twin Falls municipal offices at the forthcoming election, the nominations being filed at 1 o'clock by Homer C. Mills, legal representative of the Taxpayers' league.

Personnel of the "ticket" follows: Mayor, Dr. T. O. Boyd; councilmen, first ward, Albert T. Reat and Frank Caudle; councilmen, second ward, F. W. Dumke and S. G. McAuley; clerk and police judge, Kennedy Packard; treasurer, H. C. Alexander.

Nominations by Petition.

The nominations in each instance, were made by petition, each petition being signed by the requisite number of electors. Mr. Mills was unable to state, he said, whether or not all of the persons nominated would consent to make the race. Vacancies that might occur, he stated, could be filled under the law, by two thirds of the signers of the petition.

No declaration of principles on which the Taxpayers' candidates will base their claim for support was filed with the nominations, but it is expected, Mr. Mills said, to draft such a pronouncement at an early meeting of the candidates.

City Clerk W. A. Minnick gave it as his opinion that the several nominations made by sponsors of the "Taxpayers' ticket," could not be considered as a group in making up the ballot, but that, the nominations being filed by petition in each instance, must be considered as nominations of individual candidates who would run independently.

Signatories.

Signers of the several petitions for nomination of the ticket include: E. H. Stratton, H. A. Jacobs, L. F. Stumpf, L. W. Wyland, J. R. Jordan, O. J. Paulson, C. J. Davidson, C. H. Williams, C. W. Parks, H. B. Lue, Irwin Clay, L. M. Clay, William Slack, L. F. Slack, Charles O. Slack, William H. Stanley, Peter Trapper, P. M. Tory, J. R. Diebolt, Lee Williams, J. P. Wynn, Wise Evans, Mrs. P. J. Costello, Laura Lue, Steffen Bos, Mrs. Steffen Bos, Anko Bos, George Wise, Clyde Gee, Mrs. F. G. Hovorka, F. G. Hovorka, E. D. Shurtliff, Frank Wagner, Mrs. Frank Wagner, F. M. Mainard, Mrs. A. Furbush, C. A. Bickford, Herbert C. Deane, John D. Conner, O. R. Keith, Frank Lindzy, Earl G. Smith, J. G. Cook, A. L. Hiltburner, J. O. Tryer, Thomas J. Cooney, James Cooney, A. B. Reynolds, Mrs. R Hansing, Richard Hansing.

WRIGHT IS DEFENDANT

Suit has been instituted in the district court wherein the Bank of Hansen asks judgment for $490.16 against A. M. Wright. The action is based upon a promissory note said to be overdue.

STUDENTS APPEAL TO VOTERS BY MONSTER PARADE TO KEEP DISTRICT SCHOOLS AVAILABLE

Climax of Unusual Campaign Demanding Continuance of Educational Institutions is Carried Out by Pupils Enrolled at High and Intermediate Schools—The Football Champions Give Demonstration

Climaxing a sentiment-moulding campaign that throughout has been of a most unusual character 1200 high and intermediate grade school students at noon Friday made a final appeal to community voters to keep the schools of Independent District No. 1 open.

The closing call upon the people to save the day for the students by an affirmative vote at the polls this afternoon, was made in the form of a monster street parade. The entire enrollment of the regular and the junior high departments lined up behind the high school band in front of the high school building on Shoshone street and took a line of march to Main avenue, turning south on that thoroughfare for *a counter march.*

The demonstration was at once inspiring and appealing. It proved to the gathered throng of spectators what the sentiment of the student body is toward the election, and is expected to sway the trend of disposition of the voters favorably to the question at issue in this election—the voting of a special tax levy to make it possible to defray outstanding and future expenses of the schools.

"Why Defeat Now?"

Clad in the moleskin garb they wore with honor to themselves, their school and their community, the lads of the Southern Idaho football championship squad of last fall followed directly after the band. A monitor bore a banner inscribed on which was a legend that struck directly home with the voter. It was brief but pointed in its reading demanding: "Why Defeat Now?" Those lads carried off the football championship last year with an extraordinary record. Their line was never crossed and but one team in the state scored against them, that being Idaho Falls, which by a fluke kicked the ball over the crossbar in a desperate effort to make just one count against a team that had never lost a point in the season.

The football heroes were trailed by the senior, junior, sophomore and freshmen classes, each section being announced by a banner carried by one of the class. The seniors asked: "Do We Graduate; Only 7 Weeks More." The juniors enjoined the voters to be affirmative in their vote saying "It's up to you; Vote Yes!" and the sophomores sent out a similar appeal.

Freshmen Appeal.

The legend of the freshmen, however, carried the most poignant demand for open schools the inspiration reading "When a feller needs a friend, Vote yes."

Immediately prior to returning to the high school the football lads gave a thrilling exemplification of carrying the ball over the line for a touchdown. "Speed" Newman, heroic quarterback of last year, lined up his men and went through all the motions of pushing back a stanch opponent. Signals were called and then the sturdy quarter took the ball over amid the shrieks of approval from the crowd.

While the parade was at ease at the bank corners students circulated through the crowd distributing handbills on which was printed the inscription: "Please vote to keep our schools open. We need schooling for future welfare." This was signed "3200 school children."

Early Friday morning girls of the high school were abroad to distribute lapel tags urging a vote for the tax levy. No person was permitted to pass unchallenged, and when noontime arrived few remained untagged.

The student body of the schools has defrayed all costs of advertising and carrying on this extraordinary student campaign to keep the schools open.

SCHOOL BOARD PLANS NO DELAY MEETING TEACHER PAY CLAIMS

Warrants Will Be Executed Immediately to be Disposed Of where Cash is Obtainable to Meet Demands in Liquidation of Delinquent Obligations—Thanks Expressed to Educators and Other Employes for Patience Displayed

Teachers' salaries, and wages due all other employes of the local school district, together with various legitimate claims against the district, will be paid at the earliest possible moment. Warrants for the full amount of due salaries were written Tuesday by the clerk and the treasurer of the board and, it is expected, these will be in the hands of employes by Wednesday evening.

Plans of the members of the board of trustees of the local school district contemplate payment of all claims against the district just as soon as this can be legally done. The state board of education Tuesday ratified the approval given by Commissioner E. A. Bryan to the school tax levy election of last Friday, the announcement of this ratification being made direct to Attorney Shad L. Hodgin by telephone yesterday.

This official act of the board of education commissioners puts the stamp of legitimacy upon the election and upon the purposes for which it was called and held, and as far as the election is concerned there is nothing left to be done.

A note expressing the appreciation of the school board for the patience displayed by the school teachers and other school employes in the past three months was Wednesday addressed to persons involved. Drafting and the despatch of this note was authorized at Tuesday night's meeting of the board.

Transact Routine Business.

The board heard a treasurer's report covering the latter portion of former Treasurer W. E. Nixon's term. This is up to April 1, and showed a balance of $14,552.38 on hand.

At the request of Treasurer E. P. Dunlap a permanent auditing committee of two was chosen to make a monthly check of vouchers issued. This committee is composed of G. W. Bice and A. J. Requa. Mr. Dunlap submitted his bond as treasurer. The document was referred to the board's attorney for scrutiny and approval.

On motion made by Mrs. C. R. Scott the board decided to take advantage of the state law permitting a charge of the full expense of tuition for students coming from rural districts to city schools. Heretofore the charge per capita for these pupils, taxed to and paid by the county superintendent, has been $36. The actual cost to the district is $96.75 each. This will be the amount certified to the county superintendent in future.

Pursuing the policy of retrenchment outlined a week ago Mrs. Scott advocated discontinuance of salary for the clerk of the board. This motion carried. Mrs. Scott is clerk of the board.

Trustee Dunlap recommended the employment of an expert accountant to keep the books and accounts of the board, and the chairman appointed D. F. Clark and Mr. Dunlap to investigate proposals for doing this work. The committee is to report at the first meeting of the board.

Auditor Wilson announced that in a few days he would have a complete analytical report of building contracts ready to submit to the board. This will complete the special work for which an auditor was employed a month ago.

ECONOMY PRACTICED IN SHERIFF'S OFFICE

Saving of $600 for County is Shown During First Quarter of the Year

That economy has not only been the watchword, but has been practiced in the department of the county sheriff is demonstrated in the figures compiled by Undersheriff Brown for the first three months' expense of the year. This sum total is $2006.65 and is $600 less than the last quarter ending January 1 was $2606.

The decrease is due to operation with a limited force of deputies, and the following out of a program of economy in conducting the affairs of the office, Sheriff E. R. Sherman explains.

SAYS HUSBAND IS CRUEL

In the district court Tuesday afternoon Laura Alice Hank filed an action for divorce from John F. Hank, who is accused of cruel conduct toward petitioner. The pair, according to the bill of particulars, married during the month of January, 1920.

WATER DISTRIBUTORS IN ANNUAL CONCLAVE

Ditchriders and Watermasters of Canal Company Meet for Year's Talk

With nearly 50 persons present the second annual convention of ditchriders and watermasters of the district was opened at 10 o'clock on Friday in Parish hall. At noon the convention delegates repaired to the banquet hall of Tom's cafe for dinner. The meeting was resumed at 2 o'clock.

During the course of the convention members of the board of trustees of the Twin Falls Canal company addressed the assembly, J. C. Wheelon, general manager, leading. Mr. Wheelon spoke on "Irrigation Distribution." Addresses were also made by J. W. Irons, superintendent operation and Watermasters R. T. Negus, of Twin Falls; A. A. Slocumb, of Buhl, and J. G. Gooding, of the Castleford district.

The annual conventions are planned for the purpose of discussing matters that have bearing on the improvement of service and the stabilizing of the Twin Falls Canal company's distribution system.

WOODMEN CONVENTION COMES TO TWIN FALLS

Fraternal Order to Hold Annual County Conclave Here in Year 1925

The next county convention of the Modern Woodmen of America, which is to be convened in 1925, will be held in Twin Falls according to decision reached at the Woodmen's convention held last week in Buhl. I. A. Appell of Twin Falls, was elected chairman, and O. G. Zuck of Kimberly, clerk of the county organization. Jake Sonfileth was elected delegate from this county to the state convention to be held in Coeur d'Alene on May 4.

In connection with the county convention a class of about 20 candidates was initiated. The convention was largely attended, a delegation of about 50 Woodmen attending from Twin Falls.

SUITS ARE STARTED ON PROMISSORY NOTES

G. G. Wright, of Idaho Falls, Begins Actions for Judgment in Court

Asking judgment on each separate count G. G. Wright of Idaho Falls, has instituted 10 proceedings in the local district court to recover on nine actions involving promissory notes. In each of the cases the Paysee Investment company of Buhl is named the secondary defendant.

The cases are based upon security paper given in transactions involving the purchase of lots in an addition to the city of Buhl exploited by the Paysee Investment company. The notes were all turned over to the plaintiff. The defendants, other than the Paysee Investment company with the amount for which suit is brought, are:

F. J. and O. R. Bird, $650; Fred Gerber, $525; R. D. and J. M. Boyd, $1200; G. W. and W. H. Hall, $525; Mary Edna Gillette, $1000; Arthur Werner, $1000; Joseph W. Adams, $500; W. O Daiss, $450; W. G. Daiss, $500.

President Gives His Endorsement To Irish Relief

The American committee for relief in Ireland has received an unqualified endorsement of its aims and purposes from the President of the United States. In a telegram to Judge Morgan J. O'Brien, chairman of the committee, copy of which has been received by T. C. Macauley, President Harding says:

"I wish you the fullest measure of success not only in the great benefit performance you are to conduct in the Metropolitan Opera House on April 3rd, but in every worthy effort to make a becoming contribution on the part of our people to relieve distress among the women and children of Ireland. The people of America never will be deaf to the call for relief in behalf of suffering humanity and the knowledge of distress in Ireland makes quick and deep appeal to the more fortunate of our land where so many of our citizens trace kinship to the Emerald Isle."

COMMISSIONERS CHECK VOTE

The county commissioners Tuesday afternoon checked the vote cast at an election held last Saturday at Murtaugh for the selection of directors for the Milner Low Lift Irrigation company. The check confirmed the election of C. E. Hack, director for district No. 1; Hyrum Pickett for district No. 2, and Henry Rees for No. 3.

SUIT TO FORECLOSE

The Boise Payette Lumber company has entered suit in the district court against Earl Felt and others on a $3,877.40 debt said to have been incurred in the purchase of material. Foreclosure of a lien is asked at the hands of the court.

SENTIMENT FOR MACADAM ROADS THROUGH HANSEN

Majority of Signatures Attached to Petitions are Against Gravel Topping

Hansen district residents in large majority have signified satisfaction with the highway district's road program for that section this year, according to H. M. Vanderpool, one of the prominent farmers of the Hansen section. Mr. Vanderpool states that petitions circulated in the past week through his territory have resulted in 269 signatures for penetration macadam pavement on highways, as against 97 signatures for gravel surfacing.

Petitions Well Circulated.

Petitions signed were circulated by a committee composed of Charles Conner, O. D. Bills, Willis Samson, Archie Mann and D. J. Koenig. This board was selected at a mass meeting of district residents called by the Taxpayers' league, held in the Hansen church on Saturday night, April 3.

It is stated, in connection with the petitions, that the entire Hansen territory has been thoroughly canvassed for the purpose of procuring a true index of the sentiment with relation to the two forms of road surfacing material; gravel on an eight-inch crushed rock base, or penetration macadam. The result of the survey confirms a report made recently by a special investigation committee, and also supports sentiment expressed at a Hansen mass meeting held by the Taxpayers' league at Hansen on April 2. This convention was strongly favorable to continuance of the highway district's penetration macadam program.

At the Taxpayers' league convention held a week ago Saturday night, and presided over by A. E. Pettygrove, president of league, about 100 persons voted heavily in favor of a change in the highway program. This change involved absolute abandonment of oil penetration macadam and the substitution of a four-inch top dressing of gravel on eight inches of crushed rock base. Addresses were made at this session by C. D. Thomas, chairman of the executive board of the Taxpayers' league, Homer C. Mills and Turner K. Hackman, counsel for the league. The committee reporting favorably on macadam was composed of J. R. Hinton, M. B. Taylor and A. R. Scott. Following repudiation of that committee's report, by rising vote of the assembly, the second committee, with Mr. Colner as its chairman, was selected to canvass the sentiment of the district. The result is found in the foregoing figures.

WALTON RETURNS SUIT DOCUMENTS

Recorder Again in Charge of Papers in Ouster Action Cases

On Saturday papers in three actions, filed in the district court by E. F. Walton against W. W. Parish, G. W. Bice and D. F. Clark, all members of the board of trustees of Independent School District No. 1 for ouster, were restored to the county archives. The papers were originally submitted for filing by the county recorder on Tuesday evening this week, but were immediately withdrawn.

In these complaints Mr. Walton, who is secretary-treasurer of the Taxpayers' League, makes specific charges against the conduct of the men named in the complaints, while acting in the capacity of members of the school board of trustees. Among the allegations the complaint states that the defendants failed to publish reports of financial condition of the district as is legally required; that they sold and purchased property without submitting the propositions to the taxpayers for a voice, and that the funds set apart to defray certain demands were unlawfully made interchangeable, also that the board neglected to place a proper budget amount in the teachers' fund to take care of salary demands.

With the suits a form of blank order in mandamus is submitted for the signature of the presiding judge of the district, to order the defendants into court on a certain date to show cause why they should not be suspended from holding office on the school board of trustees, and functioning as said officers.

KIMBERLY FORTY-NINER PLAY IS A HUGE SUCCESS

The "Forty-Niner," a typical western show, was presented on Thursday and Friday nights at Kimberly under direction of the Kimberly Chamber of Commerce. The affair was pronounced a tremendous success.

The play drew the biggest audiences yet recorded at similar performances in Kimberly, and a clamourous demand has gone out for more of the same class of entertainment. There was nothing missing necessary to complete the program of a western border town and every act and offering was hugely enjoyed.

PROCEEDINGS OF CO. COMMISSIONERS

Twin Falls, Idaho, March 1, 1921, 10 a. m. Regular January Session.

The Board convened at this time pursuant to recess. Present all members and the clerk.

In the Matter of the "Noxious Weed Notice."

The "Noxious Weed Notice," required by statute to be issued at this date, was formulated as follows:

Pursuant to Sections 3493, 3494, 3495, 3496, 3497, 3498, 3499 and 3500 of the Revised Statutes of Idaho, the Board of County Commissioners of Twin Falls county, Idaho, hereby formulate and declare:

That the weeds known as Canadian Thistle, Dodder, Wild Morning Glory, or Bindweed, *Hoary Cress* or White Cap, and Quack Grass, are noxious weeds and that they are detrimental or destructive to agricultural interests in Twin Falls county, Idaho, and it is hereby ordered that all Canadian Thistle, Dodder, Wild Morning Glory or Bindweed, Hoary Cress or White Cap, and Quack Grass within the limits of Twin Falls county, Idaho, shall be destroyed by flooding, by applying acids or other substances which will destroy the life of such noxious weeds, or by continuous cutting, continuous cultivation, and under no circumstances to allow any of said noxious weeds to go to seed and this order shall be complied with before June 1, 1921 and it shall be the duty of all land owners within said Twin Falls county to continue to comply with this order after the 1st day of June, 1921, or until November 1st, 1921.

Any land owners or renters failing to comply with this order will be proceeded against according to the law above quoted.

Dated February 28th, 1921.

By the order of the Board of County Commissioners.
W. W. Parish, Chairman.
Attest: C. C. Siggins, Clerk.

There being no further business to come before the Board at this time a recess was taken until 2:30 P. M. March 5th.

W. W. PARISH, Chairman.
Attest: C. C. SIGGINS, Clerk.

Twin Falls, Idaho, March 5th, 1921. 2:30 P. M., Regular January Session.

The Board met at this date, pursuant to adjournment.

Present: Commissioner T. E. Moore, Chairman W. W. Parish, Commissioner W. F. Breckon.

Whereupon the following proceedings were had:

This being the day and the hour fixed for the final hearing upon the petition of Henry Rees, et al., for the organization of an irrigation district, under the name of the Milner Low Lift Irrigation District, James H. Wise, attorney, appearing for the petitioners and no one appearing for the protestors.

The protest of Murtaugh Irrigation District having been filed with the Board raising objections to the organizations of said district, and various objections as raised in said protest being presented to the Board, and the Board being fully advised in the premises, it is hereby ordered, adjuged and decreed that said protest be denied.

The protest of the Oregon *Short* Line Railroad Company having been filed with the Board, praying that the right of way of the Oregon Short Line Railroad Company running through said irrigation district be excluded therefrom, for the reason that the right of way or any of the properties would be benefited by the creation of said irrigation district, and the same being presented to the Board and the Board being fully advised in the premises ordered that said protest be granted, and the right of way of the Oregon Short Line Railroad company be excluded from said irrigation district.

The protest of Ambrose S. Hall, O. A. Campbell and John Olmstead having been *filed* with the Board, praying that Lot One and the northeast quarter of the northwest quarter and the north half of the northeast quarter of Section 19 and the north half of the northwest quarter, and the northwest quarter of the northeast quarter of Section 20, all in Township 11 South, Range 20 East of the Boise Meridian, and owned by protestant, Ambrose S. Hall, and the southeast quarter of the northeast quarter, and the northeast quarter of the southeast quarter of Section 13, Township 11 South, Range 19 East of the Boise Meridian, owned by protestant, A. O. Campbell, and the northeast quarter of the northeast quarter of Section 13, Township 11 South, Range 19 East, of the Boise *Meridian, owned by protestant, John* Olmstead, upon the ground that said lands have a good and sufficient water right appurtenant thereto, and that the protestants would receive no benefits by reason of the organization of said district, and praying that said lands be excluded from said district, and the said protest being presented to the Board, and the Board being fully advised in the premises ordered, adjudges and decrees that said protest be granted.

Whereupon the petition was submitted to the Board of County Commissioners upon the pleadings, evidence and proof and it appearing to the said Board, that due notoice of the final hearing of said petition had been giv*en, and it further appearing that the* report of the Commissioner of Reclamation of the State of Idaho had approved the said petition, and formation of said irrigation district, and it likewise appearing that the said petition is in the form prescribed by the statutes of the State of Idaho, and is signed by more than fifty of the owners of title and evidence of title to lands situated within the boundaries of the proposed irrigation district, and that together they hold title, or evidence of title, to lands, situated within the boundaries of the said proposed irrigation district to more than one-fourth part of the total area of the land in such proposed irrigation district, which will be assessable for the purpose of said district, and that the lands are susceptible of one mode of irrigation from a common source, and by the same system of works.

And, it further appearing, that the said petition and petitioners have complied with, all the provisions of the statutes of the State of Idaho, relative to the petition for the organization of an irrigation district, and it further appearing that the organization of an irrigation district would be of value and benefit to the district in which the lands described in said petition are situated, and after due consideration of said petition by said Board being fully advised in the premises, it is hereby ordered, adjudged *and decreed, that the petition of said* Henry Rees, an others, for the organization of Milner Low Lift Irrigation District, be, and the same is hereby granted, and that, that part of said lands described in said petition, and hereinafter described, is organized into an irrigation district, to be known as the Milner Low Lift Irrigation District, under the provisions of Title 33, Chapter 175 of the Idaho Compiled Statutes, if the vote of the electors hereafter to be taken on the proposed irrigation district shall be favorable to such organization.

That the lands described in said petition and hereby included in said irrigation district, if the vote of the electors hereinafter to be taken, on the proposition shall be favorable to such organization, are situated in Twin Falls and Cassia Counties, Idaho, and are more particularly described as follows:

In the Matter of the Taxes on Personal Property of Oakes & Company:

In this matter, the Board makes the following order, to-wit:

"It having been brought to the attention of the Board of County Commissioners of Twin Falls County, Idaho, that a certain order of said Board, made and placed of record among the minutes of the proceedings of the said County Commissioners of date January 29, 1921, by virtue of which the County Auditor of said Twin Falls County was directed and ordered to change the assessed valuation of the personal property of the Oakes & Company, Ltd., for the year 1920, from the original assessment in the sum of $105,000.00 and to reduce the same of record to the sum of $74,811.80; and further directed and ordered to draw a warrant in favor of said Oakes & Company, Ltd., in the sum of $1077.15, as a rebate on the first installment of the 1920 personal property taxes, and with the further direction and order that the tax rolls of Twin Falls County, be amended and corrected to show that the second installment of taxes due from said Oakes & Company, Ltd., shall be, and the same is, the sum of $3305.77, instead of the sum of $4382.93, was made without any authority in law and was therefore erroneous, improper and illegal:

Now Therefore, the County Auditor of said Twin Falls County, is hereby ordered and directed to restore upon the real property roll of the year 1920, the assessment against said Oakes & Company, Ltd., to the original amount, to-wit: $105,000.00, as fixed by the assessor of said Twin Falls County, for the year 1920; and the auditor of said county is further directed and ordered to re-charge upon the real property roll for the year 1920 against said Oakes & Company, Ltd., the amount of $1077.15, erroneously remitted under and by virtue of said order of date January 29, 1921.

And, the auditor of said Twin Falls County, is further ordered and directed to so amend and correct the tax rolls of Twin Falls County as to show that the second installment of personal property taxes due from the said Oakes & Company, Ltd., shall be, and is, the sum of $4382.93, instead of the sum of $3305.77 as erroneously indicated in the above named order of date January 29, 1921."

WOODMEN PREPARING FOR SOCIAL EVENING

Local Camp Members Decide in Entertainment, with Initiation This Month

At a meeting of Twin Falls camp No. 568, Woodmen of the World, held last night, arrangements were made for a big social session to be conducted on the night of April 25. The affair will be held in Odd Fellows' hall, over the Idaho Department store. A committee composed of G. W. Gerrish, C. C. Olson, Allen Moyer and Mr. Moon has been selected to have charge of arrangements. The evening's program includes initiation of candidates, cards lunch and music.

ALLEGED MOONSHINERS ARE ADMITTED TO BAIL

Quartet Arrested on Kimberly Road Saturday Night Deny Illicit Practice

Ben Hutchings, aged 60, William and Owen Hutchings, sons, and Charles Shay, a son-in-law, were arraigned in the probate court Tuesday afternoon to answer a charge of illegally manufacturing intoxicating liquor. Each denied guilt and was remanded to the custody of the sheriff with bail fixed at $500 in the several instances. This morning the men provided the bonds required and were liberated.

The defendants were arrested Saturday night in an abandoned house one mile east of the foundry. A complete outfit for making moonshine whiskey was taken in the raid, which was conducted by the sheriff's office forces. The two younger Hutchings men are said to have been in charge of the still, which was in operation on the second floor of the house. The other men were arrested on the first floor. It is alleged the men had been liberally supplying "moonshine" to road construction forces employed in the immediate district. The place, according to the officers, had been in operation about a week, and was moved to the new location from a place nearer Rock Creek

Armed with a search warrant members of the sheriff's force Wednesday searched a house at 553 Fourth avenue east, known to have been occupied by the Hutchings family. The officers found a 50-gallon barrel of "moonshine" mash. The material was confiscated.

HOME PRODUCTS WEEK FOR ALL THE PEOPLE

Grocers Will Sell Merchandise, Submitted from Households of Farm and City

This is Home Products week, and a committee from the Twentieth Century club, Catholic Women's league, and Federation of Rural clubs have made arrangements with all the grocers to market anything brought during the week free of charge. Their co-operation in this matter was whole hearted and unanimous.

The special week provides a splendid opportunity to turn into money all of the things people on the farm and in the city household can spare that other people want, such as: Canned fruit, jelly, honey, jam, pickles, liberty cabbage and a hundred-and-one other things that would find a ready sale, if labeled and marked at a reasonable price, and put up in quantities that the average housekeeper wants.

All of the women in the northwestern states are pledged to buy home products instead of imported things this week.

Remember also, that Friday and Saturday are "Dollar Days" and bring things that will sell for a dollar—perhaps—a piece of fancy work, or home-made rugs.

Award Contract to Move Garbage

On a proposal involving a price of $3500, S. I. Bush and George Hendricks were Friday night awarded contract for city garbage hauling during the next year. There were 16 other bidders for this contract, the price ranging as high as $6950. Bush and Hendricks were the low bidders.

Following are the other proposals: J. H. McNichols, $3995; J. P. Mullins and J. W. Andrews, $3822; Chas. Bidwell, $3765; Tom Patton and J. J. Harwood, $3850; A. L. Bessire, $3950; J. C. and R. E. Howard, $4950; Steward and Pedego, $3900; Tom Cavender, C. P. Smith and Ira Moon, $5000; George E. Duke, $6000; C. O. Markle, $5000; Edward S. Johnson, $6240; L. D. Chapman, $6950; C. P. Durbin and Charles H. Williams, $3588.

Operation of the garbage hauling contract begins May 1. Outside of considering bids for this award the council conducted a meeting of little more than prosy order, discussion of minor matters taking up the balance of time.

HARDING'S TALK EVOKES PRAISE OF PARIS PRESS

Figaro Compares Policies of President with Those of His Predecessor to His Advantage; Pertineaux Compliments

PARIS, (AP)—The text of President Harding's message had not yet reached Paris this morning, and the newspapers based their comment on extracts from the message thus far received. Some of the commentators notably those of L'Homme Libre and the Gaulois, criticised the lack of information possessed by France on the state of affairs in Washington.

Under the caption "President Harding's Good Sense," the Figaro said: "President Harding seems to have decided upon insisting in both America and Europe upon the policy of good sense. Nothing could be happier for France, whose interests have always suffered from ideas in general and Wilsonism in particular. President Wilson did not take into account the facts. His views had always to prevail, notwithstanding realities."

Writing in the same vein, "Pertinax," political editor of the Echo de Paris, said: "The clear, decisive language of Mr. Harding renders us a great service." The communist Humanite said: "Mr. Harding's message reminds us that the internationale alone can pacify the world."

BRITISH PRESS SILENT IN FEAR OF GIVING OFFENSE

LONDON, (AP)—The most striking feature in connection with the newspaper comment on the message of President Harding is the absence of any expression of opinion by most of the leading journals of Great Britain. Only two of the big London newspapers, the Morning Post and the Daily Chronicle have thus far ventured to give the message editorial consideration.

Many of the most prominent newspapers in this country expressed at the time of the American election keen disappointment over what they characterized as President Harding's policy of seclusion. Now they are pursuing the course of saying nothing which might cause offense to the United States.

MANUFACTURERS DEMAND FOR COTTON INCREASES

Consumption During March Exceeds that of Any Month Since Last September, Report Shows

WASHINGTON, (AP)—Cotton manufacturers utilized more raw cotton during March than in any month since last September, a total of 437,933 bales having been consumed according to the monthly report today of the census bureau. This was 20,825 more bales than in February.

Cotton consumed during March amounted to 437,933 bales of lint and 37,991 of linters, the census bureau announced today.

Consumption in March last year was 575,789 bales of lint and 31,597 of linters.

Cotton on hand March 31 in consuming establishments was 1,337,790 bales of lint and 208,647 of linters, compared with 1,851,998 of lint and 304,280 of linters a year ago, and in public storage and at compresses 5,236,360 bales of lint and 294,250 of linters, compared with 3,240,197 of lint and 401,955 of linters so held a year ago.

March imports were 27,282 bales, compared with 133,727 last year and exports were 375,180 bales including 6,845 bales of linters compared with 794,460 bales including 4,471 of linters exported in March last year.

Spindles active during March numbered 32,104,946 compared with 34,697,312 in March last year.

TAXPAYERS' CANDIDATES OPPOSE MANAGER PLAN

Promulgate Platform Setting Out Policies to be Pursued if Elected

Declaring opposition to institution of the city manager plan of city administration in Twin Falls and outlining policies which they expect to pursue if elected to office in the municipal election on April 26, the following statement was today made public by H. C. Mills as the platform of the candidates entered on what is designated by them as the Taxpayers' ticket:

The undersigned candidates on the Taxpayers' ticket adopt and agree upon the following pulatform:

1. We favor ascertaining the exact financial condition of the city of Twin Falls, and believe in levying only sufficient taxes to meet the actual and necessary expenses for the next two years, and further believe in curtailing the expenditures to such an extent that there will be no deficits at the end of the year.

2. We favor taking immediate steps to protect the city in the matter of compelling the constructing companies to rebuild all defective curbing, paving and sewer systems wherever it is found the same is not up to the required specifications. We also favor compelling the return of all moneys to the treasury, if any, which have been illegally expended.

3. We oppose the installation of any meters until such time as it is demonstrated by competent engineers that meters are necessary in order to conserve the water supply or protect the system, and in the event meters should be installed, we oppose the property owners being required to pay for them in the manner adopted by the present administration.

4. We believe that every department of the city should be either self-supporting, or supported in the usual way by city taxes, but oppose using the funds of the city water department for any other purpose except to maintain the waterworks system.

5. We believe in the city officials obeying the law, and agree to cause to be prepared and published promptly within the time required by law, all financial reports required by law.

6. We favor fair, just and reasonable inspection ordinances, and pledge ourselves to work out such a program, but we are opposed to persecuting or unjustly prosecuting any person or concern engaged in business.

7. We appreciate the difficulties of handling the motor traffic, but pledge ourselves to enforce just and reasonable regulations.

8. We believe in law enforcement, and pledge ourselves to enforcement of all laws and the taking of such steps as will result in the police force of this city being efficient at all times.

9. We believe in our city and its future growth, and pledge ourselves to use every reasonable means to promote and encourage proper commercial development, and we oppose taking any part in or encouraging petty differences between factions within our city. We also believe in according ample, complete, fair and just treatment to all persons engaged in business within the city, so long as they are law-abiding citizens.

10. We do not favor the city manager plan as authorized by the laws of Idaho, for the following reasons:

(a) It requires a special election to determine whether the electors shall adopt such plan of government.

(b) If adopted, it requires a further election to select five commissioners to govern the city.

(c) These commissioners hold office for the period of four years.

However, it is our duty, if elected, to submit this question to the electors for the determination upon petition of 25 per cent of the vote cast for mayor at the coming election. If proper petitions are presented we shall promptly submit such question to the electors for determination. We question the propriety of subjecting the electors to the expense and annoyance of two elections immediately following the present campaign, in order to carry out this program. We believe further that experience has demonstrated a change of officials at least every two years is more desirable than changing at four-year intervals.

A Crowning Incident.

On a Cornish tombstone a rather perplexing version of Proverbs 12:4, concludes the announcement of a lady's death: "A virtuous woman is a crown to her husband." Space did not permit of "a crown" being cut out in full, so an ingenious stonecutter substituted this excellent abbreviation.—Glasgow Herald.

DOLLAR DAY'S DANCE

Everything is in readiness for the big Dollar Days street dance, which is to be held tomorrow evening on the street at Main and Shoshone ave. The merchants of the city who have planned the big Dollar Day festival have arranged with the Twin Falls band to furnish the music and they have been getting out all the best of their repertoire and are tuning up the horns, jazzaphones, waltzmotter, and everything necessary to make the toes of young, old, middle aged and real old shake and shiver as they did in days gone by.

The dance committee, reception line, patrons and patronesses, those directly in charge and who will endeavor to keep everyone having a good time have completed a visit to all of the stores and given a special invitation to all of the clerks and urged them to be present.

The members of this committee are the Misses Helen Kleffner, Marguerite Grady, Marguerite Putnam, Mildred Boone, Beatrice Cox, Patricia Wynn and Messrs. George Goldie, Silvester Kleffner, Frank Kleffner, Walter Buchanan, Jack Wright and Arthur Bockwitz.

WHEAT PRICE DECLINES TOUCHING NEW LOW MARK

Crops Prospects and Reports on Industrial and Financial Conditions Continue Against Bulls

CHICAGO, (AP)—Fresh low record prices for the season were reached in wheat market today. Bearish reports regarding industrial and financial conditions were current, and rallies based on assertions that such factors had been more than discounted were of only temporary effect. Crop prospects continued to be against the bulls. Opening prices, which varied from unchanged figures to half cent lower with May $1.22 to 1.22 3-4 and July $1.06 1-2 to 1.07 1-4, were followed by a material setback all around and then by irregular upturns.

Subsequently, lack of buying brought about new breaks sharper than before.

Liquidation ceased, however, and the market reacted in the late dealings. Prices nevertheless closed weak, 1 to 1 3-4c net lower, with May $1.21 1-4 to 1.21 1-2 and July $1.05 3-4 to 1.06.

Corn was comparatively firm in absence of any urgent pressure to sell. All deliveries were 1-2c to 1-2c lower, including July at 58 1-2 to 58 3-4c, the market recovered to about yesterday's finish.

All deliveries subsequently touched new low figures for the crop, but then some export buying helped to give the market a slight lift. The close was unsettled, at 1-8 to 5-8c net advance with July 59 1-4 to 59 3-8c.

Oats paralleled the action of corn, starting unchanged to 3-8c lower, July 36 1-4 to 3-8 to 36 1-2 and later hardening all around.

Provisions were dull and easier in line with hogs.

New York Stock Market

NEW YORK, (AP)—Unfavorable financial and industrial conditions again favored the shorts in the stock market today. Rails and steels led the further reaction of 1 to 5 points. Sales approximated 550,000 shares.

Selling of the general list was promptly resumed at the active opening of today's stock market. Discouraging advices dealing with the British labor upheaval gave impetus to the further decline. Rails and steels continued to feature the reaction, equipments and oils also easing. Northern Pacific, yesterday's weakest stock, opened with a sale of 1,000 shares at a loss of 3-4 to 1-2c and other transcontinentals were similarly depressed. Crucible, Republic and Sloss-Sheffield averaged 1 point losses with Baldwin Locomotive, General Electric, Studebaker, Atlantic Gulf and General Asphalt. Royal Dutch was the only conspicuous exception to the lower tendency, gaining 2 points. Preliminary exchange rates on London were firm.

Lowest prices of the session were made in last hour. Canadian Pacific showede a los of 3 1-2 points and Union Pacific, U. S. Steel and sugars were especially heavy. The closing was weak.

Liberty Bonds

NEW YORK, (AP) — Liberty bonds closed: 3 1-2's $90.10; first 4's $87.40 bid; second 4's $87.36; first 4 1-4's $87.60; second 4 1-4's $87.36; third 4 1-4's $90.70; fourth 4 1-4's $87.50; Victory 3 3-4's $97|64; Victory 4 3-4's $97.69.

Sugar

NEW YORK, (AP)—Raw sugar was unchanged early today. The committee quotes 4 3-4c for Cuba's cost and freight, equal to $5.77 for centrifugal, while uncontrolled sugars continue to sell below this level, 2,900 tons of San Domingo and having been purchased by a refiner at 4 3-8c cif., equal to $5.64 for centrifugal.

In refined the demand continues disappointing and while prices are unchanged at $7.65 to 8 cents for fine granulated, some resales were reported below the inside quotations.

Futures were irregular, with April at midday 13 points net higher on covering while later, positions were 4 to 18 points lower under liquidation.

ARGUES NATURE MADE SEVERAL TYPES OF MAN

Dr. Hill-Tout, in Report to Royal Society of Canada, Will Trace Geneology of Human Species Before History

LOS ANGELES, (P)—Dr. Charles Hill-Tout, Ph. D., of the executive committee of the American Institute of Research, member of the Archeological Institute of America, Fellow of the Royal Society of Canada and of the Royal Anthropological Institute of Great Britain, is preparing a report to be submitted to the Royal Society of Canada at its May meeting containing what he asserts is evidence that man is polygenetic instead of monogenetic in origin, as evolutionists have long thought.

Dr. Hill-Tout says he discovered his proofs while working upon a clew he found in a survey of the skulls of apes and anthropoids. He contends that his report will show that nature, when man was in the making, turned out more than one specimen, as science always claimed, in the case of the anthropoids. Hitherto evidence has been lacking that man was not descended from one line.

Dr. Hill-Tout believes the discovery eliminates completely two links in the claim of the pedigree of man, who, developing along opposite lines, has perpetuated his ancestral characters and attained a brain expansion which has given him the sovereignty over all other forms of life.

"Dawn Man" Not Human.

"This theoretical conception of the hemo-simius precursion, the ancestor common to man and the apes, is shown to be founded in fact by the discovery of the most interesting of all our fossil human remains, Eoanthropus, or the 'Dawn Man,'" says Dr. Hill-Tout.

"This ancient man roamed over the southern downs of England when the British isles were a part of the mainland of Europe at the close of the Pliocene period. It probably antedates by some thousands of years Pithecanthropus Evectus. Unlike the latter Eoanthropus is relatively higher developed in its cranial characters.

"Its cranial capacity is greater than that of many of the men of the backward races of today. Most of its cranial characters are remarkably modern in type, having much the same contours as that of the young anthropoids. That it is a primitive type we learn, for while it possesses a well developed head, it also has the chinless jaw and the canine teeth of the anthropoids.

Pithecoid Not Man.

Indeed it differs from the young anthropoids only in its larger cranial capacity. It is clear from the evidence, both of the human-like characters of the 'dawn man' and the young anthropoids that the low-browed Pithecoid was not a primitive man. In other words he followed anthropoid development rather than the human and so lost his chance with the human race.

"The discovery of men with modern cranial characters, living thousands of years earlier than Neandertahl man, and the discovery of the 'dawn' man, Eoanthropus, in 1912 in England, forces us to give up the monogenetic origin of man and accept the polygenetic origin.

"If we now want to discover man's oldest ancestor we must go to Eoanthropus and not to Pithecanthropus, for the former has all the characters which proman should possess, characters which were common to the first man and to the first anthropoid apes as exemplified in the cranial characters of the young of both species today.

Young Reveal Type.

"For, according to that great bigenetic principle, more commonly known as Baer's law, we see why the skulls of the young of the Neandertahl race and the young of the anthropoids or human-like apes are so different from those of their parents.

"The principle expressed by this law signifies that the ontogeny of the individual recapitulates the philogeny of the race—and this is where the law throws light upon the problems under consideration—that the young of any species represent more truly and closely than do the adult members of the species the actual ancestral type from which they spring."

"A large collection of photographs will be used by Dr. Hill-Tout in illustrating his theories."

TWIN FALLS WEELKY NEWS

Established 1904

Twin Falls News Publishing Company, Ltd., Publishers

ON FIRM FOUNDATION

A new view and an interesting one is contained in an article in a trade paper from the Middle West, with respect to the precise status of an agricultural country from a commercial view point. The article is handed in by a friend and, in the judgment of The News is well worthy of reproduction:

The other day a banker friend of mine from Minneapolis who lends me money, came up to look me over. I showed him our little town —*both streets—and* we went back to the bank for a smoke and a chat.

"What supports this town, anyway?" he asked me.

"What do you mean?"

"Why, *your industries.* Where are they? I didn't see a factory in the town, only stores and hotels and offices."

"Why, man," I said, "we have *a bigger factory here than anything* you have in Minneapolis. It has more acres of floor space; employs more men; has more capital invested; and has a bigger annual output *than any factory in your city.*"

"Where do you keep it?" he asked.

"It covers the whole county," I said. "It employs about 20,000 people. *It has a floor space of hundreds of thousands of acres.* It turns out manufactured products *worth many millions a year.*"

He never thought of it in that way. *His idea of an industry was* something with a big four story factory covering several city blocks and with smoke pouring out of a hundred chimneys. Our little coun*ty alone has a bigger industry than* his city can boast, and there are hundreds of counties just like ours through the states of Minnesota, South Dakota, North Dakota, Montana and all *the way to the coast.*

Every county in those states has a big industry in farming, just as big, just as important as if it were housed in the biggest factory building in *Chicago or New York.*

No amount of hard times, no possible degree of financial stringency, should have the power to rob Twin Falls of an abiding and abounding faith in the Twin Falls country. No matter what the price of wheat, the land and the water and the sunshine are still here and each of the three is just as good as it ever was.

Think for a moment of China's starv*ing millions, of Balkan towns where* privation and misery stalk the streets, of Russia with its disease ridden cities and impoverished rural areas, of *the unemployed men and women of Am*erican cities, if you will, and then hark back to the Twin Falls Country and be thankful.

The plant is still running and will run. The returns will be less for a while but the same old elements of success and prosperity are still ours and always will be.

TWIN FALLS TRIUMPHANT

It is to the overlasting credit of Twin Falls citizenship that the question of whether or not Twin Falls schools shall be continued was yesterday settled once and for all, and by substantial affirmative vote in an election which called out the largest number of electors that ever participated in a school election here.

The election yesterday established two things: First, that there is to be no denial of educational opportunities to the future Twin Falls citizenship; and, second, that there is to be no repudiation of any just debt incurred by the school district.

It is true that the affirmative margin was not great, but it is to be remembered that it was an uphill fight and *there were tremendous obstacles to be* overcome.

In the first place, the electors who cast their ballots in the election yesterday were already burdened with tax levies that are exceeded in only one other of the more important Idaho communities, and an affirmative vote meant further increase of these taxes. In the second place, there were involved, directly or indirectly, issues that have been at the bottom of many of the most bitterly fought industrial wars; and, lastly, there was insidiously circulated a suggestion that the voting of the additional levy *was not the only way out* of the situation.

The last obstacle undoubtedly was the most difficult to surmount, but it was overcome because of a general aversion against its implied suggestion of repudiation of debt lawfully incurred and standing as a just claim against the district.

The election yesterday demonstrated conclusively the capability of Twin Falls citizenship to meet and solve a problem that involved a danger to the community more serious than any with peculiar to Twin Falls alone but which menaces many another community in the state and nation, and it set an example which cannot but result to the encouragement and advantage of every other community which is similarly threatened.

The election yesterday proved conclusively that the heart and soul of Twin Falls citizenship in the main is true and sound. It affords an occasion that cannot well be overlooked for re-affirmation and renewal of pride and confidence in our fellow citizens and in our community.

Necessity for curtailment of expense of school operation is not to be lost sight of for a moment in consideration of yesterday's election result, but, as a direct consequence of this decision, greater stress should be laid upon the imperative need for rigid economy in the school affairs, as in every other branch of public administration—if the people are going to be able to continue to pay their taxes.

HIGHWAYS

In this issue of The News, information sought with respect to the operations of Twin Falls Highway District is supplied by Engineer W. L. Johnson of the Board, and offered together with the demand for the same.

Both articles are pertinent, and much light is shed upon a topic of keen public interest.

The main point of expression in the *Walton communication appears to cen*ter about the fact that certain definite promises were made with respect to road construction, which have not been definitely carried out and the best answer to this is to be found in the fact that, various changes and modifications of the Board's plans were found necessary because of the changes in costs and conditions.

The principal question as The News views it, is *not as to changes* in the road building program but as to whether or not such changes were dictated from the standpoint of the greatest good to the greatest number.

No program of road construction or anything else during the hectic years from nineteen hundred eighteen to the present time, could be anything but tentative. Conditions were changing too rapidly and the number of changes in plans necessitated in the case of every business under the sun were undoubtedly duplicated with every institution, public or private, here and elsewhere.

Added to this, it should be kept in mind that the Federal government, with respect to road construction, deals only with the State highway department, and not at all with Highway Districts. No highway district has any control whatever over those roads built within its boundaries into which Federal aid enters. There can be no questioning of type of construction, cost of material or anything else. The plans are prepared and submitted and the money of the district spent without any reference whatever to the views or wishes of the local officials.

Now here are *some general facts* which, while not exactly pertinent to the question under discussion, tend to shed light upon the matter of the work of the local Board:

There are eight hundred seventy-seven miles of well traveled roads within the confines of the Twin Falls Highway District, in addition to 316 miles of other roads, of lesser importance. There are over three thousand short span cul*verts and over four* hundred bridges within the District to be maintained. The area of the District comprises in round numbers, one million acres of land.

In the *face* of these facts, there is something to be said on the side of the magnitude of the task in hand.

DOLLAR DAYS

Dollar Days in Twin Falls, to be observed on Friday and Saturday of this week, may be expected to result in at least two beneficial developments.

Obviously it is to be expected that the volume of trade will be increased and that patrons of the several merchants participating in the affair will make greater or lesser savings on pur*chases* made at that time.

This, perhaps, may be considered the primary purpose of the innovation, but there is involved a second consideration that is likely to prove of more importance. The occasion is certain to result in the stimulation of interest in the range and value of offerings of Twin Falls merchants, and to the extent that this results, Twin Falls merchants, and the whole community along with them, will benefit not only for a day but for an indefinite time.

Not long ago a writer, after a visit to Twin Falls, incorporated his impres[illegible] in an eastern publication of nation wide circulation. The article was most flattering to Twin Falls business methods, and the point of it was this—Twin Falls merchants are not content to supply the every-day demands of their customers, but their offerings are of such range and value that a youth, leaving this community for another, is not embarrassed at the discovery in the shops of his new abiding place, something he has never seen before.

The article's appeal was strong and far reaching because it did not portray merely a method of money-getting but *revealed an ideal of service that was* considered so characteristic of Twin Falls trades people as to merit this attention.

More general realization here at home of the efforts that are being put forth in this direction must result in broader and warmer appreciation of the concerns of our trades people, and in the stimulation of healthy pride in our community. Such an outcome cannot but *be of tremendous advantage to Twin* Falls. It should be sought and fostered at every turn in the road, and the forthcoming Dollar Days afford an excellent opportunity for bringing about this result.

Let us, if you will, ascribe to Twin Falls trades people full measure of desire to make a competence and a profit, even as the rest of us; but let us *also give them due credit for partici*pating in a vision of service, without which any job is vain labor. Do this, and we all will feel better about things in general in Twin Falls in particular.

MURTAUGH

MURTAUGH — Mrs. R. Kendel of Pocatello is spending several days in Murtaugh with her son Robert.

Mr. and Mrs. R. E. Greene and daughter, Miriam Mae, returned Sunday from Buhl where they spent several days visiting relatives.

Mr. and Mrs. L. W. Rawlings and son Jack visited at the J. W. Rawlings home in Twin Falls Monday.

Miss Susie Briggs of Twin Falls arrived Sunday to spend a week or ten days visiting friends and relatives.

Miss Louise Litchfield, teacher in the Burley school, who has been ill at her home on the north side, was able to resume her duties Monday morning.

Charles Worrell, George Decker and Frank Decker attended the banquet and meeting of the ditch riders at Twin Falls Friday.

Miss Elsie Summers, who has spent the past year in Murtaugh, left Thursday evening for Big Heart, Okla., where she will reside.

The W. A. R. class met in the basement of the church Friday evening for their regular meeting. After devotional services a lecture was given by *Miss Gertrude Hall. Dainty* refreshments were served to 14 members.

Mrs. Jessie Work of Twin Falls spent several days the latter part of *the week at the J. W. Walker home.*

J. W. Walker left last week for Salt Lake City where he will receive medical attention.

PARENTS AND TEACHERS TOLD OF CHILD'S NEEDS

Bickel School Association Hear Interesting and Important Addresses

The fourth meeting of the Bickel Parent-Teachers' association was held Tuesday, April 12, in the auditorium of the Bickel school.

Dr. Emma Crossland concluded her series of talks on "Physical Facts Pertaining to the Life of a Child." Miss Bertha Wilson, the school nurse, told of the value of milk in a child's diet. Miss Mary Fisher of the home economics department of the high school, gave many helpful suggestions pertaining to a child's diet.

The attendance was good and a splendid interest prevailed throughout the meeting.

Preventative Medicine.

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medical men *have to contend with, often follows a* cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on, *the greater* the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may

TWO SIDES OF THE ROAD QUESTION

Requests for Information as to Original Program Supplied from Records of Highway District

Editor News:

We read with interest your editorial in a recent edition entitled Reform. You say:

"Specifically, common sense rejects the proposition that one hundred per cent of the men who constitute the highway district board . . . are either crooks or incompetents."

With this thought in view we wish to call your attention to some of the promises which were made by the present highway district board. Then *we will discuss the results accom*plished.

In your issue of March 6, 1919, you published, at the request of the pres*ent commissioners, a sketch of the pro*posed improvements to roads in the district. This was published to aid in carrying the election for the proposed *bond issue then pending of $1,250,000.*

We have in our possession one of the original blue prints, and from it you will find, as published, that the tax*payers were promised:*

14 miles of pavement,

92 miles of macadam,

14 miles of gravel.

The paved road was to extend from Filer highway district, three miles west of the northwest corner of Twin *Falls, to Twin Falls; thence from the southeast corner* of Twin Falls to Kimberly; and from there to a point three miles east of Hansen.

Macadam—From a point three miles east of Hansen to the Cassia county line—approximately fifteen miles; two miles running due north of Hansen; seven miles due south of Hansen, one mile north of Kimberly and three and one-half miles south and one-half mile east of Kimberly; Addison avenue to the Hansen bridge, nine miles; from a point three miles east on Addison to Shoshone falls, two miles; two and one-quarter miles north of the northeast corner of Twin Falls; six miles south of the southeast corner of Twin Falls; four miles south of the southwest corner of Twin Falls; beginning at a point one-half mile west of the northwest corner of Twin Falls, one-half mile north, one-half mile west, one and one-half miles north, two and one-half miles west; four miles west of the southwest corner of Twin Falls, two miles south, one mile west, twenty miles south to the town of Rogerson; and beginning at a point two miles west of the southwest corner of Twin Falls, and running four miles south, one mile west, two miles south, connecting with the highway at Berger.

Gravel—Nine miles in the Hollister neighborhood, four miles in the vicinity of Artesian City, and three miles *south of the macadam road running* south from Kimberly.

This is the road-building program which the present highway district board represented to the taxpayers *they would carry out if the bond issue* carried. The bond issue did carry with this understanding.

Including all of our hard surface roads now constructed, we have ap*proximately fifteen miles. In an arti*cle appearing in your issue of April 4th, Engineer Johnson, speaking before the Kiwanis club, is quoted as having said that the district is in a *position to build fourteen miles of* macadam. This would make a total of twenty-nine miles out of the ninety-two—or sixty-three less than the tax payers were promised. This does not *take into consideration the quality of* the work on the roads which have been constructed.

It is a serious question whether the present fifteen miles of macadam will *stand up.*

In view of the fact that the commissioners have had access to a bond issue of a million, two hundred fifty thousand dollars and other revenues of approximately a half million dollars, and are only able to build the small mileage of the kind of roads they did build, the question naturally arises whether such commissioners were competent.

It is the opinion of the average taxpayer that the commissioners have caused to be constructed defective roads, and misled the people into believing that the original road program could or would be carried out by them.

We would like to have you explain through your columns why this promise was made if it was not possible to carry it out. Again, why is it that but fifteen miles of macadam roads have been constructed, and why the funds are so depleted that the farmers can expect but fourteen miles more of macadam roads?

Again, do you believe the taxpayers are satisfied that they have received value for the money expended upon the roads?

Your answer to these questions will, no doubt, very materially assist the public in judging as to the competency of the highway district board.

E. F. WALTON.

Commenting on the criticism of the board of highway commissioners, based on a certain map shown in the March 6, 1919, issue of The News, the following facts are pertinent:

This map shows, as it was intended to show, the entire road-building program which the present board expected to complete during its term of office, which ends January 1, 1923. The accompanying statement specifically notes that a considerable share of that program was contingent upon the receipt of federal and state aid.

The board, at that time, expected to receive such aid on the east and west highway, known as the Idaho Pacific highway, on the basis of 50 per cent from the federal government and 16 2-3 per cent from the state. On that portion of the north and south highway, known as the Sawtooth Park highway, extending from Rogerson north through Hollister and east of Berger, some twenty-three miles, the board also planned on the same proportion of aid. This is noted particularly in the article printed with the map.

The following facts in connection with these two projects show why the board has found it necessary to curtail the original program. At the time the map was prepared, March, 1919, bituminous concrete pavement was being constructed at about $30,000 per mile and penetration macadam for $15,000 per mile.

On the Idaho Pacific highway the original plan called for 14 miles of *bituminous concrete, or $420,000, and* 13 miles of penetration macadam, or $195,000, making a total of $615,000 for the 27 miles.

Under the regular method of handling federal and state aid, 3-6 federal, 2-6 local district, and 1-6 state, this road would have been built at a cost to the district of $205,000. However, when the state awarded the contract, in July, 1920, entirely different conditions prevailed.

Labor was from 25 to 30 per cent higher in price and a corresponding amount lower in efficiency, asphalt 50 per cent higher, cement 25 per cent, and steel about 10 per cent higher. These facts, coupled with the uncertain labor conditions, aside from the wage question, caused all contractors to almost double their bids. The local board, as well as the state highway department, recognized these facts, and the state endeavored to delay the work until conditions were more favorable. The state department was, however, besieged by committees from Twin Falls and adjoining territory and urged to award the contract at once.

When the bids were read, the figures were a trifle over $55,000 per mile, including all structures. The local board was overruled by the federal department when they asked for a less expensive type of pavement, and also refused federal participation to an extent of more than $20,000 per mile exclusive of bridges over 20 feet span.

The state could, at that time, set aside only $36,500 of its share. The matter was thoroughly considered both here and at Boise and with various committees of citizens and the decision reached to construct but 11.27 miles on the highway. Now, note the amount required to be set aside by the district for this reduced mileage. The board had every reason to believe that 27 miles could be built at a cost to the district of about $205,000. The board has actually been compelled to set aside for this project of 11 1-4 miles *$316,244.62. So much for 16 miles less* road.

After trying several months to secure federal aid on the Sawtooth park highway, during which time plans for *the entire road had been prepared, the* board was informed that there would be a two years' delay in securing the federal appropriation for this project. Thus another 23 miles were struck off *the program.*

Thus the mileage was reduced some 55 miles, by circumstances over which the board had no control. Nor has the highway board alone been compelled to make radical changes, during the past two years, in well-matured plans.

After rearranging its program to conform with the prices and wages then obtaining, the board advertised for bids on 27 3-4 miles of penetration macadam. After reading the lowest bid, out of two separate calls, of $35,000 per mile, the board called a meeting of interested residents of the district and laid the matter before them and asked for advice.

This meeting was well attended, some of the leaders of the recently formed 'taxpayers' party being present. After exhaustive discussion of all phases of the program, the reduced plan was approved and a motion unanimously carried that the highway board reject all bids and prosecute the work on force account. This the board proceeded to do and has built some 14 miles of penetration macadam for about $10,000 per mile less than the lowest bid, including structures. The remainder of the program endorsed by the citizens will be finished during the coming year.

The gravel road and the grading of hitherto ungraded roads has been done according to the original program.

The facts and figures here given are matters of record in the highway district office.

SOCIETY

Mrs. P. L. Shenoberger entertained the Ninth Avenue club at her home on Seventh avenue east Wednesday afternoon. *The* annual election of officers was held with the following results: President, Mrs. C. D. Weaver; vice-president, Mrs. Geo. D. Harward, secretary and treasurer, Mrs. Hughes. The program was most entertaining, each member giving a short biography of their favorite author. Mrs. Charles Neely, Mrs. F. F. McAtee, and Mrs. A. D. Stafford were guests for the afternoon, and fourteen members were present. At the conclusion of the program refreshments were served.

The Episcopal Guild met at the Parish hall Thursday afternoon with the president, Mrs. J. W. Wheeling presiding. A brief business session was held and plans perfected for a luncheon to be held Tuesday afternoon at two o'clock in honor of Miss Mary K. Jacobs of Los Angeles, vice-president of the Girls' Friendly society, an organi*zation of the Episcopal church for girls* of all denominations. The ladies of the Buhl Guild will also be guests of the Twin Falls Guild at the luncheon. During the social hour Mrs. Wheeling served dainty refreshments.

The Presbyterian Ladies' Aid met on Thursday afternoon at the home of Mrs. F. F. Bracken on Tenth avenue north. A business session was held with the president, Mrs. J. D. Kautz, presiding, the society voted to serve the annual breakfast for the Twentieth *Century club. Mrs. J. C. Bothwell gave* a delightful instrumental number, and Mrs. W. H. Dwight sang two charming solos. A social hour was enjoyed, and the hostesses Mesdames J. D. Kautz, David Brown, Carl Larmore, Leo B. Chase, J. C. Beauchamp, G. M. Simpson, Leo Bracken and Henry Wall served refreshments.

The Ninth Avenue club was entertained Wednesday at the residence of Mrs. P. L. Shenoberger on Seventh avenue east. Twelve members responded to roll call with the biography of their favorite author. Annual election of officers was held, Mrs. C. D. Weaver being elected president; Mrs. George D. Harward, vice-president; and Mrs. R. E. Hughes, secretary-treasurer. Guests of the club were Mrs. F. F. McAtee, Mrs. Charles Neely and Mrs. A. D. Stafford. Dainty refreshments were served.

Members of the Wayside club were entertained Thursday afternoon by Mrs. J. C. Given at the home of the latter. There was the usual business meeting. Mrs. I. J. Miller had charge of the program, this being the first of a series of lessons on Idaho which the club has decided to take up for a part of the year's work. The hostess served delicious refreshments to the seventeen members and two visitors present. There will be a special meet*ing of the club April 21st at the home* of Mrs. S. K. Nesbit at which time a dress form will be made.

The regular afternoon meeting of the Catholic Women's League was held at the home of Mrs. Peter Ericson with the president, Mrs. E. M. Wolfe, in the chair. The membership committee add*ed six new names to the roll.* The entertainment committee is planning a card party for Thursday evening, April 14, for which they invite the hearty support of each member. The president brought the school bond issue to the attention of the body. Father Keyzer in a very forceful talk urged the members not to fail to vote and work for the passage of the bond. He strongly impressed upon them the calamity that failure to pass it would bring upon the town and community. The following committees were appointed to co-operate with the community in Home Products Week: City, Mesdames Donald McLean, L. E. Bear and F. R. Cox; country, Mesdames Jas. Brady, Pat Wynn and Pollant. The *following splendid program was given:* Current topics, Mesdames Cox and Neely; Irish dance, Cecelia Beckwith, accompanied by Mrs. Charles Larsen; "Churches I have Visited," Mrs. Charles Macauley; reading, *"The Distracted Mother,"* Mrs. M. C. Putnam. Selections by Mrs. D. E. Regan's mandolin orchestra "On Miami Shore" and "Barcarolle."

The dancing party given by the Star Social club at the Lavering pavillon Friday evening was one of the most delightful events of the season. There was a large attendance and punch was served throughout the evening. Mrs. Ed S. Johnson, Mrs. M. C. Ware and Mrs. V. H. Ormsby had the affair in charge.

The Rev. Father Remi S. Keyzer entertained at a four-course dinner on Thursday evening at the rectory com*plimentary* to the members of the choir of the Catholic church. Following dinner cards were enjoyed. The guests were Mrs. T. J. Woods, Mrs. Fred Beckwith, the Misses Gertrude Macauley, Mary Deagle, Rose and Catherine Daly, Margaret Fries, Angela Beckwith and Pfieffauf, Messrs. Earl Ahearn, Thomas McElwain, and Felix Andriano. The dinner was superintended by *Miss Desuisseaux. Mrs* Cooney and Mrs. Pellant.

The Octavia Squawk club was entertained by Mrs. Arthur Gates on Thursday at the home of Mrs. Milton Telford. A feature of the afternoon was an enjoyable reading by Mrs. Arthur Gates entitled "The Pleasure Excursion." Mrs. Clyde Gee became a member of the club. Refreshments were served to Mrs. Darwin Furbush, Mrs. Joe Zable, Mrs. W. F. Grimstead, Mrs. Lloyd Goodrich and Mrs. Clyde Gee. The next meeting will be held at the home of Mrs. Darwin Furbush on Wednesday evening, April 13 in honor of the husbands.

Gertrude Seal was hostess at a delightful party at her home on Poplar avenue Thursday evening for the C. O. K. class of the Christian church. A gypsy who told fortunes, and various games were enjoyed throughout the evening.

Mrs. George H. Smith was hostess to the Blue Lakes Boulevard club Friday. A brief business session was held followed by a social afternoon and the serving of delicious refreshments. About 15 members were in attendance.

Dr. and Mrs. M. L. Haviland entertained at dinner Friday evening for Reverend and Mrs. E. L. White and Mr. and Mrs. Hal G. Blue.

Twin Falls chapter, Daughters of the American Revolution, was entertained at the home of Mrs. Lena O. Holderman on Monday afternoon with Mesdames Mary Y. Norton, Harry Smith and A. W. Husted assisting. After the salute to the flag the ritual was read, a business session followed, the remainder of the afternoon was given to a very complete and entertaining report of the state conference at Boise by Mrs. Kennedy Packard and a shorter report by Mrs. Mary Y. Norton. Light refreshments were served to the 22 members in attendance.

Mr. and Mrs. G. M. Simpson enter*tained at dinner Saturday evening for* Mr. and Mrs. S. L. Johnston and their daughter, Margaret, Mr. and Mrs. Carl Irwin and son Loren, and Mr. and Mrs. Clyde W. Simpson. The evening was spent playing rook.

Mrs. Olive Wilson, grand senior of the Pythian Sisters, made an official visit to Twin Falls temple No. 21 on Monday for the grand chief of the order, Miss Vernon Coakley of Weiser, who was unable to make visit because of illness. A committee composed of W. A. Minnick, Mrs. Olive Denton, and Mrs. C. H. Eldred met Mrs. Wilson at the train and entertained her at luncheon at the Hotel Rogerson. At 2:30 a special meeting was called for initiation, *following* which Mrs. Wilson gave an interesting talk on Pythianism. At 6:30 Mr. and Mrs. E. H. Mahor entertained at dinner in Mrs. Wilson's honor at their home on Elm *street and also for Mr. and Mrs. Reed,* and Mrs. C. H. Eldred. At 8 o'clock a reception was tendered Mrs. Wilson at the home of Mrs. Eliza Woodhead, 460 Second avenue west, the evening was spent with music and *refreshments* served later. In the afternoon a delicious box of candy was presented to the lodge by Mr. Dave Graybeal. Mrs Wilson left on the early train for Rupert where she wil make the official visit.

Miss Gertrude Macauley assisted by Mrs. Marie Macauley, entertained at her home on Third avenue north, Monday evening, complimentary to Miss Leonilla Benoit, a bride of the coming week. Cards and music formed the *amusement for the evening,* and a luncheon was served from a table having decorations of yellow, with a centerpiece of yellow snapdragons. The guest list included Mesdames George *and Frank Thometz, the Misses Zita* Hagar, Marguerite Fries, Lena Eckert, Dorothy Roy, Catherine and Rose Daley, Lessie McFarland, Bertha Holland and Helen Kloffner. The guest of honor was presented with a *beautiful* linen table cloth.

The members of the Fortnightly club entertained their husbands at dinner Tuesday evening at the home of Mr. and Mrs. Oliver Harstad on Sixth avenue east. The guests were seated at one long table which had as a centerpiece purple hyacinths and daffodils, crystal candle sticks with yellow candles added to the beauty of the color scheme. Following dinner progressive "500" was played, Mrs. F. W. Bronaugh winning the favor. Those present were Messrs. and Mesdames Earl Felt, F. W. Bronaugh, Edward Cooper, W. T. Leslie, C. H. Kruegel, M. C. Mitchell, L. E. Salladay, H. E. Barber, Oliver Harstad, Hal G. Blue and W. H. Eldridge.

Ascension Episcopal Guild entertained at luncheon Tuesday, in the Parish *hall complimentary to the members of* the Buhl Guild and Miss Mary K. Jacobs of Los Angeles, who is visiting the parishes of Idaho in the interest of the Girls' Friendly society an organ*ization of the Episcopal church for* girls of all denominations. The tables were placed in the form of a letter "T" and were beautifully decorated in yellow daffodils, while a color scheme of yellow and white was carried out in the delicious menu served. Following luncheon Miss Jacobs gave a most interesting address on the work in which she is engaged, and Mrs. Nason, president of the Buhl Guild, spoke briefly of the pleasure it afforded that society to meet with the Twin Falls Guild. The following ladies were present from Buhl, Mesdames J. G. Nason, V. R. Laird, E. C. Swanner, H. C. Geer, Thomas, White, L. P. Runyon, C. L. Reynolds, J. H. Murphy, J. W. Jackson, Miller and Holman.

Mrs. Mary McShea and Mrs. Frank Thometz entertained at a miscellaneous shower Tuesday evening at the home of the former complimenting Miss Leonilla Benoit, a bride of next week. A color scheme of red and white was used in the decorations and buffet luncheon was served from a table having as a centerpiece, red and white *carnations, and* at the four corners of the table crystal candle sticks containing red candles were placed. The bride to be was seated upon a cushion in the center of the living room floor and *asked to close her eyes and make a* wish. When she opened them she found a large basket in front of her which was filled with beautiful and useful gifts. The evening was spent with music and hemming towels *for the guest* of honor. The guest list included Mesdames Susan Macauley, D. E. Regan, J. Roy, George and John Thometz, J. B. White, Thomas McElwain, Thomas Owens, R. W. Steele, C. D. Anderson, H. A. Giese, Owen Buchanan, W. Dufresne, the Misses Gertrude Macauley, Dorothy Roy, Zita Hagar, Frances Agar, Eva Wear, Lena Eckert, Gertrude, Mary and Katherine Owens.

The current events department of the Twentieth Century club met at the home of Mrs. Wilton Peck Tuesday afternoon. The talks on state institutions were continued, Mrs. H. W. Clouchek speaking on the State Normal School at Lewiston, and Mrs. J. E. White on the Home for Defectives at Nampa. Mrs. Leo Bracken was in charge of the music, and Mrs. A. Wilton Peck sang two delightful solos "Beloved It Is Morn", and "In Flanders Field." Tea was served during the social hour. The last meeting for the season will be held at the home of Mrs. Lem Chapin on Tuesday April 26, with Mrs. E. R. Van Cott assisting. At this time election of officers will be held.

A reception will be given at the home of Mrs. James M. Wall Thursday *evening for the 40 new members taken* in during the last year and in honor of Dr. Emma Drake, state president of the W. C. T. U. Dr. Drake is here to initiate the new members and to pre*sent them with the white ribbon.* An interesting program of music and addresses by the Rev. E. L. White, the Rev. Charles W. Ronk and Dr. Drake will be given. Mrs. J. W. Lacey as president will welcome the new members and Mrs. Carrie Harper White will make the response. A social hour will follow and refreshments will be served.

EXTRA TAX LEVY FOR SCHOOLS CARRIES BY WORKING MAJORITY

Special Election Recording Greatest Vote in the History of the District Gives 1920 Ballots Out of 2624 for Added Assessment to Pay Debts and Keep the Educational Institutions in Operation

Given a surplus of 172 votes over the necessary two-thirds majority the extra tax levy of 20 mills was carried at a special election held Friday. The vote summing the largest ever cast at a school election in this district, was 2624.

The ballot was distributed as follows:

For the levy	1920
Against the levy	704
Total	2624
Two-thirds necessary	1748
Surplus for levy	172
Total for levy	1920

Clamor to Vote

Polls opened promptly at 1 o'clock, and from that time to the closing hour, 5 o'clock, the place of voting was besieged by enfranchised freeholders *clamoring to record material expression* of their desires at the ballot box.

Counting of ballots began shortly after the first ticket was recorded, and within 45 minutes after the last ballot had been deposited the result was announced.

While the election gave a working majority of proportions gratifying to the supporters of the levy at the final count there were dubious times for the movement during the afternoon's voting. Records, however, do not show that the opponents of the levy ever had a lead, even with the advantage of a two-thirds handicap put on the other side. Once during the progress of the election the vote was about tie, but this condition was of short duration, the party for the schools pulling steadily ahead thereafter.

Time of Worry.

The first box of ballots counted yielded about 4 to 1 for the tax levy, but the second barely pulled through on an even basis.

A program of strenuous endeavor was carried out through the afternoon by both sides to the issue to get voters to the polls. It is estimated that at least half of those casting ballots were conveyed to the polling place in automobiles loaned for that purpose. If any legal voter was missed it was not through the fault of the program com*mittee and the drivers of conveyances.* A heavy ballot was polled from the outlying sections of Independent School District No. 1 and it is estimated that not less than two-thirds of freeholders residing in the city attended the election in the capacity of balloters.

There was no post-election demonstration of any sort, other than desultory cheering by those most interested in the result.

DENVER BOND HOUSE IN MARKET FOR SCHOOL DISTRICT WARRANTS

B. S. Rives, Salt Lake Representative of Bosworth & Chanute, Tells Members of School Board His Concern Will Relieve the Financial Situation Here if Satisfactory Arrangements Can Be Made at Meeting to be Held Thursday

Gratifying headway toward early *settlement of all salary claims against* Independent School District No. 1, was recorded at a meeting of the school board of trustees held at the high school Tuesday night. The session was attended by B. S. Rives, of Salt Lake, representing Bosworth, Chanute & Co., of Denver, a bond house.

Mr. Rives reached Twin Falls yesterday afternoon, and appeared before the school board in the interest of the company he represents and which is in the market for the purchase of salary and other warrants for claims against the district. Mr. Rives explained that while he was authorized to conduct preliminary negotiations for the transfer of the warrants to his company he was not in position to *conclude the dealings. Conclusion* of the negotiations await the arrival of a Mr. Price, who comes direct from the Denver headquarters of Bosworth, Chanute & Co. Mr. Price is expected *in Twin Falls not later than Thursday* at 1 p. m. To meet with the financial agent the board has called a meeting for 3 o'clock Thursday afternoon. It is expected that at this session final arrangements will be made *for* transferring the warrants to the bonding house for cash. This done all salaries will be paid immediately.

Must Discount Paper.

Answering a question relating directly to the price proposed to offer for the warrants Mr. Rives stated he could not name a definite sum, but presumed the Denver representative of the bonding house would be authorized to offer at least 95 per cent of the face and perhaps 96 1-2 per cent. This means a discount of the paper of from 3 1-2 to 5 per cent. Mr. Rives stated his company is in the market for all of the school warrants, to be covered by the special tax levy, amounting to $180,000.

If the Bosworth, Chanute company is successful in obtaining the entire lot of warrants cash will be paid over directly to the district treasurer, the *money, in turn, to be paid by him to* the persons named on the paper. It is the plan to establish E. P. Dunlap, school district treasurer, at one of the banks, where the warrants will be endorsed to *the treasurer in exchange* for cash to the amount named on the warrants. This, it is believed, will be the easiest and most expeditious means of handling the situation.

Local Bankers Present.

Representing Twin Falls banks, J. G. Bradley of the Twin Falls Bank & Trust company, and W. E. Nixon, of the First National, attended Tuesday night's meeting. Mr. Bradley stated there had been no concert of action among the home financial institutions looking toward taking the school warrants in the entire amount. He explained that some consideration had been given a proposal for the local banks to take $25,000 of the lot. Mr. Rives lodged mild objection to this, saying his company would prefer to take up the entire issue in a lump lot. It is expected that all matters will be definitely settled for the disposal of *the warrants to the Denver concern,* when the conference is held tomorrow. The board gave Mr. Rives a pledge that no action looking toward disposal of the warrants to any other agency would be considered *before the conference* planned for tomorrow.

MANY VACANCIES ON CITY TICKETS

The Withdrawals of Nominees Leave Holes in Citizens Lineup

With at least two candidates in the running for each of the municipal offices to be filled in the election on April 26, the time for filing of nominations expired last evening. Vacancies that have occurred or may occur in any ticket or group of candidates, however, may be filled with new nominations until the city clerk's office is closed on the eighth day prior to the election, while candidates who have been named are at liberty to withdraw from the race by filing a written statement to this effect in the city clerk's office today or tomorrow.

Three tickets, the Service Men's ticket, the Citizen's ticket which is generally known as the "church" ticket and the Taxpayers' ticket.

Citizens' Ticket Suffers.

The Citizen's ticket has sufferod most heavily through inability to retain its candidates, only one candidate for councilman remaining out of the four nominated. Withdrawals of Citizens' candidates for councilmen reached a total of three with the filing of the declination of H. C. Keniston. Withdrawals of C. N. Beatty and R C. Letsch had previously been filed.

That the promoters of the Citizens' ticket will endeavor to fill these vacancies and promulgate a declaration of principles was indicated today in the statement of John W. Jessee, chairman of the Citizens' nominating convention to the effect that a meeting of the executive committee was scheduled for this afternoon with these purposes in view.

The Taxpayors' group seems also to be faced with the necessity for nominating a new candidate, the report being current today that Albert T. Reat had declined to make the race for councilman from the first ward as the nominee of the taxpayers.

Records in the city clerk's office at one o'clock today showed that there are three candidates for mayor: Captain P. W. McRoberts, the choice of the service men; T. F. Warner on the Citizens' ticket, and Dr. T. O. Boyd, named by the Taxpayors.

Four candidates are in the running for the office of city clerk and police judge. They are Paul R. Taber, service man; H. E. Bounds, Citizens' ticket; Kennedy Packard, Taxpayers', and W. A. Minnick, the incumbent, who is running independently for re-election.

For Treasurer.

There are three candidates for city treasurer: Captain E. A. Landon, nominated by the service men; Frank L. Wheeler, the incumbent, who has been named by the Citizens for re-election; and Harry C. Alexander, representing the Taxpayers.

With two places to be filled, there are only four candidates at present for councilmen from the first ward. They are Dr. W. F. Passer and Crale Bracken, service men, and Albert T. Reat and Frank Caudle, nominated by the Taxpayers.

Five candidates are in the race for the two positions of councilmen from the second ward. They are Captain C. H. Krengel and A. Wilton Peck, service men; F. W. Dutnke and S. G. McAuley, Taxpayers, and C. P. Bowles, Citizens.

Registration, which is prerequisite to voting in the municipal election, may be effected until Saturday evening, April 23, three days before the election. Registration books are open in the city building and at the Johnson Auto Sale company offices. It is estimated that there will be upwards of 3000 voters registered when the books are closed.

PAIR FACE DEATH IN DROP OVER THE GRADE

Mr. and Mrs. Gorman Sustain Injuries as Car Plunges 250 Feet

In the backroom of the Auto Repair shop, 305 Shoshone street south, there is a new Ford car on which a force of experts is employed making needed repairs. The car suffers from the effects of a drop of several hundred feet over the Blue Lakes grade early this week, and both Mr. and Mrs. F. F. Gorman, occupants of the car at the time, are being treated for injuries.

Mr. Gorman is western manager of the Capper publications at Salt Lake. He and Mrs. Gorman are at the Cambridge Rooms, where treatment for injuries sustained is being administered. Mr. Gorman has three broken ribs, while Mrs. Gorman is suffering from more or less severe bruises and contusions.

The accident in which the Gormans and their car figured occurred when an attempt was made to negotiate the hairpin turn on the farther side of the Blue Lakes grade, on the way to Jerome. Descent of the Twin Falls side grade had been successfully negotiated but in backing to past acute turn or the north side of the grade the machine became unmanageable and slipped over the embankment, turning over and throwing out the occupants. Mr. and Mrs. Gorman landed on a shelving ledge between 50 and 75 feet below the floor of the road. After turning over the car continued to roll down the embankment until it rested about 250 feet down the precipitous declivity.

Rescue of the injured persons was effected by Granville Haight, manager of the Blue Lakes ranches. Mr. and Mrs. Gorman were brought to Twin Falls as soon as their condition would permit. The broken machine was taken from the canyon by E. O. Ha[illegible] immensity more [illegible]

INTEREST AROUSED HERE THROUGH BIG GOLD DISCOVERY AT JARBIDGE

Guggenheims Strike Precious Metal in Huge Quantities in One Mine Adjacent to Kimberly Company's Holdings — Assay Shows $20,000 Yield from Ton of Ore Taken from the First Ledge in Long Kike Mine

Three gold strikes have been made in the Jarbidge camp since the opening of the present month. The strikes have all been made in Guggenheim property, and are said to give promise of great development as the work is pushed.

The first gold encounter was made early in the month in the Long Hike property, where gold assaying $20,000 to the ton of ore has been brought to light. The ledge bearing the precious metal has been cut only 14 feet and is not through. The second strike bears $15,000 to the ton, and is in the same property. The ledge has been cut about five feet. The third ledge was found in the Starlight property of the Guggenheims, and carries gold-bearing ore to the value of $5000 per ton.

Interest here is keen in the discoveries at Jarbidge because of the fact that the Long Hike mine is adjacent to the Kimberly Jarbidge company's property, the workings being only 600 feet apart. The Guggenheims are now working within 300 feet of the K. J. company property and the gold ledge struck by the big concern is said to cross into the property of the Kimberly concern. The tunnel of the latter is in only 150 feet, and a strike is expected in the next 100 feet of driving. While no values of great worth have been encountered in the local company's mine the showings are said to be extraordinarily encouraging.

All of the officers of the Kimberly, Jarbidge company are Kimberly people. They are: E. W. Tilley, president; Ben F. Train, vice president; L. H. Walden, treasurer; W. F. Breckon, secretary.

THREE TICKETS FILED FOR VILLAGE ELECTION

Kimberly to Have a Scrap On when Trustees are Selected by the People

Three tickets have been filed with the village clerk of Kimberly for the coming election of trustees for that place. The first ticket names W. H. Walden and L. C. Doty on its roster, and the other two endorse these nominees.

The first ticket filed has the following nominees: G. L. Noble, W. A. Gill, W. H. Walden, L. C. Doty and J. H. Graham.

Besides Messrs. Walden and Doty, the second ticket carries the names of A. J. Wilson; Jerry Siggins and W. F. Brocken. The third ticket adds J. H. Voss, A. H. Fay, and J. E. Halferty to those of Messrs. Doty and Walden.

JUDGMENT IS RESERVED BY LOWER COURT JURIST

Judge Duvall Awaits Further Testimony in the Castleford Clover Seed Suit

In the court matter of the Gager Mercantile company of Castleford against B. E. Taylor wherein plaintiff company seeks judgment against the defendant for $220.50, Judge Duvall of the probate court, has announced reservation of decision until further testimony can be obtained. It seems the plaintiff company sought out an attachment against some clover seed held by the defendant to secure an account. Meanwhile garnishment proceedings were started by a Mr. Shields of Buhl, who has asked that the attachment of the Gager company be dismissed. Sweeley & Sweeley are attorneys for the plaintiff and J. W. Taylor for the defendant.

JUDGMENT IS RENDERED FOR PLAINTIFF IN CASE

Ed. Olson Awarded Verdict Granting $87.50 on $262 Claim Against Executor

Judgment for a total sum of $87.50 was yesterday awarded by Judge O. P. Duvall of the probate court, to the plaintiff in an action brought by Ed Olson against Horace Hoss, executor of the estate of W. H. Smith, deceased. The judgment was rendered on two separate counts, Olson sued to recover the sum of $262, claiming that amount on a count involving a business transaction involving purchase of a cow from Mr. Smith, and also for nurse services rendered Mr. Smith following an injury. The cow, it appears, was replevined and taken away from Mr Olson. The court found that in this matter there was a sum of $37.50 due and for nurse's services rendered by Mrs. Olson, the sum of $50 was due.

BIG DEPARTMENT STORE ORGANIZES "PEP CLUB"

I. D. S. Employes at Banquet Enroll for Efficient Service in Business

With 32 members as its charter roster the Idaho Department Store Pep club has been formed with Arthur Bockwitz, president. Other officers are to be named immediately together with such official committees as are required to conduct the club's affairs and programs. A dance, held in the store, followed the banquet.

The "Pep Club" came into being at a banquet served for the department store's employes and officials heads at the Rogerson banquet, hall last evening. The entire staff was present with F. J. Behrman, store manager, presiding as toastmaster. The club's purpose is two-fold, being for business and social activity. Stated meetings will be held fortnightly for social purposes but business sessions are scheduled for 8:30 o'clock in the men's wear department every Tuesday. The business sessions are open to any and all persons who have any suggestions to offer that might add to the efficiency of the store's service. "Pep" talks will feature all of these meetings, and ideas will be exchanged.

The "Pep Club" proposes, and has made all arrangements to publish and issue fortnightly a newspaper to be called the "I. D. S. Pep News." This sheet will be edited by P. L. Hughes, manager of the men's clothing and furnishings department, and who also is in charge of the store advertising. News of all the departments of the mercantile establishment will be featured in the paper. The new organization begins functioning without delay.

District Farmer's Cow Adopts Eight Lambs as Her Own

Bereaved Bovine Comforted for Loss of Calf by Sheep at the Breast

Stories of mother dogs adopting kittens, and of cats mothering pups, rabbits and even hatching chickens, have been told for years, and even wild tales of the development of maternal instinct in animals for the offspring of their natural enemies, are recorded.

But it remained for a cow on the S. A. Smith ranch, four miles north of Filer, to turn maternal attention to the suckling of sheep when she lost her natural child.

The cow in question is a heifer of rather tender years. She is of Jersey-Shorthorn extraction, and some weeks ago the stork that watches over the herd development matters of cattle presented her with a baby calf.

From birth it was evident that the new born child of the heifer was not long for this earth, and when Mr. Smith repaired to the stable one morning he found bossie moaning the while she urged the calf to arise, for his matutinal meal. The little fellow was beyond hearing the call of the mother, and it became necessary for Mr. Smith and his man to remove the stiffened little body to a remote spot for exequial ceremonies.

This office performed, Mr. Smith found himself confronted with the responsibility of caring for the milk provided by the young bovine mother. Because of under-development of the udder milking by hand was out of the question. Eight lambkins, motherless themselves, have solved the milking problem for the Filer farmer, and bossie, with the adopted family, is just as happy with the double quartet of woolies at her breast as she appeared to be with her own calf as a suckling infant.

EPISCOPAL MINISTER ARRIVES IN POCATELLO

The Rev. C. H. L. Chandler from Oregon Takes Over Trinity Church Parish

POCATELLO Idaho (Special)—The Rev. C. H. L. Chandler has arrived and will make this his home. He comes from Oregon, and will preside over the destinies of Trinity Episcopal church. The local flock has been without a rector for some time and Archdeacon Howard Stoy has had the rather bulky duty of looking after church business as well as conducting church services for a considerable period. The Rev. Mr. Chandler is a most affable and active gentleman and desires to get into touch with all the members of the church. He is making his quarters at the Bannock hotel.

The M. S. and S. club met at the home of Mrs. C. R. Shipman on Wednesday afternoon with the president, Mrs. C. W. Griggs presiding. Sixteen members responded to roll call with an interesting item on China. Plans were made for a cooked food sale to be held Saturday, April 16 at Rochdale store, Mrs. Arthur Eldred was appointed committee in charge. The following program under the direction of Mrs. Shipman was given: "Domestic China," Mrs. Arthur Eldred; "Famine District", Mrs. Earl Bryant; Miss Hamlit gave a most interesting account of her personal experiences in China and exhibited a number of Chinese robes and furios. Mrs. Gill and Mrs. Stinson gave a mandolin and piano duet. Mrs. Parsons a reading, and Mark Hal Duke a violin solo. A Chinese luncheon was served by the hostesses Mesdames Gill, Shipman, and Darling. Four guests were present.

The R. N. A. club was entertained at the home of Mrs. John Peters on Second avenue west Wednesday afternoon. Sixteen members and two visitors were present. Election of officers for the ensuing six months resulted in the selection of Mrs. John Peters for president; Mrs. Fannie Ham, vice-president; Mrs. Will Felbush re-elected secretary, and Mrs. Cora Patton re-elected treasurer. After the business session a short program was given consisting of two vocal solos by Mrs. H. T. Lewis, a trio by Hazel McCollough, Cora Patton and Mrs. H. T. Lewis, and two solos by Miss Patton and Miss McCollough. A delicious luncheon was served by the hostesses, Mrs. John Peters, Hazel McCollough and Mabel Harwood.

Mrs. Arthur W. Ostrom entertained the members of the Harmony club of this city on Tuesday afternoon at her home in Buhl. A delicious four course luncheon was served at 2 o'clock followed by bridge, Mrs. Thomas Rowberry winning the prize for highest score. Those who enjoyed the afternoon were Mesdames A. W. Husted, H. W. Sawyer, Thomas Rowberry, H. P. Barger, E. R. Van Cott, J. C. Moore, M. E. House, F. R. Cox and M. C. Putnam. Several Buhl friends of the hostess were also guests for the afternoon.

Mrs. L. E. Wilson and Mrs. George W. Bice were hostesses to the Unity club Wednesday afternoon at the home of the former. The program was on the life and character of Thomas Jefferson and was full of interest and information. There was a large attendance of members with several visitors. During the social hour refreshments were served.

The Wednesday Bridge club met this week with Mrs. Charles Macauley with the following members present: Mesdames V. H. Ormsby, Chas. Burton, L. F. Morse, R. R. Spafford, Wilbur Hill, W. H. Greenhow, J. G. Thorp and Miss Cora Greenhow. Mrs. W. H. Greenhow won the club favor.

Mrs. P. J. Costello entertained the M. C. B. club yesterday afternoon at her home on Second avenue north. Bridge was the diversion for the afternoon and Mrs. J. Paul Johnston won the honors. At the conclusion of the card games a two course luncheon was served. Those present were Mesdames John Costello, May Micklewait, Fred Ramsay, Mary Kelly, Charles Hart, Peter Ericson and J. Paul Johnston.

Colder Weather Offsets Benefits From Moisture

MOISTURE contained in the rainfall yesterday and the snowfall of last night was heavy enough to spell a good drenching for farm land, and on that account is thankfully received by tillers of the soil. But concommitant cold weather is not accepted with so great an amount of gratefulness.

The moisture, according to local accounts, amounted to .44 of an inch precipitation, and was readily absorbed by the ground on which it fell. Top temperature yesterday was 59 with the mercury showing a decline to 29 last night.

Stormy conditions may be expected in the southwest section of the state, Friday, with fair weather in other portions, the regular weather office announces.
