REPRESENTATIVE W. E. MASON DIES

Illinois Lawmaker Succumbs After Relapse Following Heart Attack

WASHINGTON, D. C., (P)—Representative W. E. Mason, 70, of Illinois, died here early today from heart trouble.

Although Representative Mason had been suffering from a heart attack for several days, his condition yesterday was reported as showing improvement and death came unexpectedly after a sudden relapse. He formerly was a member of the senate.

ENTERS POLITICAL CAREER

THROUGH SCHOOLROOM DOOR CHICAGO (P)—From school teacher in a small Iowa town to representative and senator in both the state legislature of Illinois and the national congress, was the record of William Ernest Mason, who died in Washington today.

He was born in Franklinville, N. Y., and when he was 8 years old, he moved with his parents to Bensonsport, Ill., where he received his preliminary education at the Bensonsport academy.

When 16 years of age he began teaching school in Bensonsport. Later he began the study of law. Moving to Chicago, he was admitted to the bar in 1872, and was identified with the legal profession here for more than forty years. In 1873 he was married to Edith White of Des Moines.

In 1879, he was elected to the general assembly; to the state senate in 1881; to congress in 1889; was defeated for re-election in 1892 and was elected United States senator in 1897. In 1916 he was elected representative-at-large from Illinois.

In June, 1917, Representative Mason attracted considerable attention in the house of representatives when he declared he would offer a bill to repeal the conscription law or amend it so as to provide that conscripted troops should not be sent abroad without their consent.

Seven grown children and the widow of one of the sons, Lowell B., was associated with his father in this law business here.

Profiteering Charged to Bakers by Capper

WASHINGTON, (P)—Profiteering on the part of the bakers of the nation's bread was charged by Senator Capper, republican, Kansas, in a speech at last night's session of the senate during consideration of the packers regulation bill. A vote on the bill was expected to be reached today.

"Out on the farms the price of wheat is back almost to pre-war levels, but the five-cent loaf of pre-war times is only a memory," the senator asserted.

Belfast Lays Plans for Welcoming King

BELFAST, (P)—When King George comes formally to open the Northern Irish parliament here June 22, it is planned to have a fine body of men as a guard of honor for him. One hundred men have been drawn from the royal Irish constabulary for this purpose. None of them is less than six feet in height. All are from the Ulster counties.

CRIPPLED CHILDREN TO BE CHARGE OF SHRINERS

Imperial Council Decides to Establish Hospital on St. Louis Site

DES MOINES, Ia., (P)—The Imperial Council, Ancient Arabic Order, Nobles of the Mystic Shrine, decided at a secret session to establish a hospital in St. Louis, dedicated to the crippled children of North America; it became known today. A site for the hospital has already been purchased, at a cost of \$150,000.

Six members of the committee favored the establishment of a central hospital in St. Louis, while the seventh member turned in a minority report. The majority report was accepted.

The crippled children's hospital project was endorsed at the shrine convention last year at Portland, Ore. There is now one million one hundred thousand dollars available for the project.

CHARTER IS REFUSED TO SHRINERS AT POCATELLO

Imperial Council Grants Applications for Temples and Dispensaries in Only Seven Instances

DES MOINES, Ia., (P)—Three charters for new shrine temples and the dispensations of four others were granted today by the Imperial Council, Ancient Arabic Order, Nobles of the Mystic Shrine, Pocatello, Colo. Wichita Falls, Texas and Amarillo, Texas, were the cities granted charters for new temples. Dispensations were granted to Bangor, Maine, Syracuse, N. Y., Miami, Fla., and Billings, Mont.

The applications of Pocatello, Idaho, and Everett, Wash., for new charters, were rejected. The application of Council Bluffs was not considered at this year's session.

STRENGTHENING DEFENSE AGAINST RISING FLOOD

Three Hundred Men at Work on Levees Holding Back Colorado River from Imperial Valley

CANTU, Lower California, (P)—The Colorado river raised one-tenth of a foot over night here to 18.2 feet. All levees are holding well and about 300 men are engaged in strengthening the Oklahoma and Salt, the two lines of defense of the Imperial valley against the flood waters of the Colorado.

Bone Takes Oath as Governor of Alaska

WASHINGTON, D. C., (P)—Scott C. Bone, former director of publicity for the republican national committee, was sworn in Wednesday as governor of Alaska. The oath was administered by Justice McKenna of the supreme court, at the interior department in the presence of Secretary Fall, members of the Alaskan territorial delegation in congress and others interested in Alaskan affairs.

Before departing for Alaska Governor Bone will confer with Secretary Fall and the house and senate committees on territories and will probably be received by President Harding.

Today's Markets

WHEAT PRICES FALL LOWER

Heavy Selling Offsets Effect of Advance Crop Reports; Close Is Weak

CHICAGO, (P)—Bullish crop reports led to sharp upticks today in the price of wheat. According to a leasing expert, the prevailing conditions in South Dakota were such as would be likely to make the black rust plague develop. Another well known authority reported that the wheat crop in Ohio and Indiana showed huge areas that had suffered permanent injury. Demand was also promoted by a decided advance in foreign exchange. The opening prices, which varied from 1-1/2 to 1-1/4 lower, with July \$1.30 3-4 to 1.31 1-2 and September \$1.21 1-2 to 1.22, were followed by a rapid rise much above yesterday's finish.

Reports of black rust in Minnesota counted later as an additional bullish factor, but subsequently heavy selling on the part of big long caused a sharp break in prices. The close was weak, 1-2 to 1-4 lower, with July \$1.28 to 1.29 1-4 and September \$1.21 1-2 to 1.21 3-4.

Corn ascended with wheat. After opening unchanged to 1-1/4 lower, including September at 92 3-8 to 92 3-4, the market scored a material advance all around.

Export business tended later to check declines. The close was firm, at 3-8 to 1-1/4 net advance, with September 61 3-8 to 61 1-4.

Oats were stronger in line with other cereals, starting 1-8 off to 3-8 up. September 38 3-4 to 38 7-8, and then continued to harden.

Provisions sympathized with grain, despite lower prices in the hog market.

New York Stock Market

NEW YORK, (P)—In its essential features today's stock market duplicated its course of the previous day. Oils and an unusual ray of industrial and specialties registered further losses of 3 to 13 points. Sales approximately 850,000 shares.

Stocks rallied briskly at the active opening of today's trading, shorts covering hurriedly on favors; developments announced after the close of yesterday's session. These included the lower commercial discount rate fixed by the local federal reserve bank and declaration of the regular Northern Pacific dividend. Northern Pacific also gained 2 points while Great Northern, Louisville and Nashville Atlantic Coast Line, New York Central, Reading, Baltimore and Ohio, and Texas and Pacific advanced 1 to 2 1/2 points. Mexican Petroleum, yesterday's weakest feature, made an initial rally of 2 points. Pan-American Petroleum rose 2 1/2, the "b" stock rising 3 1/2. Heldwin Locomotive Stockholder and American Sugar were among the other strong issues.

Mexican Petroleum's further decline to 103 in the final hour occasioned additional reaction in other oils, also. The closing was weak.

STATE REVEALS LINKS IN CHAIN OF EVIDENCE AGAINST MRS. SOUTHARD

Probate Court Room Is Crowded as Preliminary Examination of Woman Charged with Murder Opens

H. G. HAIGHT SAYS ACCUSED BROUGHT POISON FLY PAPER TO RANCH HOME

Crowds which jammed the probate court room, thronged the ample lobbies of the court house and even ran into the spacious lawn, struggled for a glimpse of Mrs. Southard whose preliminary hearing was set for 10 a. m.

Long before that hour the court house had been taken in possession by the throngs, and when time came for the hearing, the court was unable to proceed until after a mass of standing people, mostly women, had been forced from the court room by order of the court.

Outside the window ledges and convenient trees were filled with people, whose chatter threatened to annoy the court until a deputy was ordered to disperse these people and restore order.

Documentary Evidence Admitted

Documentary evidence introduced to show the marriage of Lydia McHaffie to Meyer, the execution of a will by Meyer in favor of his wife immediately after marriage, and his application for a life insurance policy payable to the wife was not objected to by counsel for the defense, and Granville Haight was called by Prosecutor Frank L. Stephan.

Witness told of the death of deceased Meyer at the Blue Lanes ranch, which endured for a period of five years prior to his employment as general manager of the ranch, and for three years subsequent, terminated only by the death of Meyer. Meyer, witness said, had been foreman under him all the time he was in fact married.

Bride's Arrival Delayed

Early in August Meyer had asked for a three days' leave of absence to go to Pocatello to get married. He had returned at the end of four days, and said that he had been married. Witness had heard rumors that the marriage had not taken place; and as Meyer did not bring his wife with him to the ranch, but continued to reside in a tent house with William Squires, he had asked him if he was in fact married. Whereupon witness said Meyer showed him both his marriage license and certificate.

Meyer, witness said, continued to live in the tent house. Mrs. Meyer, witness believed, lived at the Bogerson hotel. Twice during the time after the marriage and prior to the time Meyer was taken ill, Mrs. Meyers stayed all night at the ranch.

Hospital Treatment Opposed

Witness said that he first learned of Meyer's illness when he went to him to ask him to help repair a water pipe on the north side of the river. Meyer told him he would if he could. He was unable to, but went over to the ranch where he was packing peaches on the south side of the river, where Mrs. Meyer was that day employed. There he was unable to work and was taken to the house where he had been employed, continuing purging. Witness saw him the morning and evening of the next day. He was suffering intensely, the purging being violent. Mrs. Meyer was with him. Saturday he showed no improvement and witness said he suggested to both Meyer and Mrs. Meyer that the patient be removed to a hospital. Mrs. Meyer objected, saying that she did not want the expense, but that she could take care of him there. Dr. Coughlin was called, and the following Tuesday the patient was removed to the county hospital, where a special nurse was employed. Witness told of visits to the hospital, of talks with Meyer, and with Mrs. Meyer, of her saying to him twice that she did not expect her husband to recover, on making the statement that Dr. Coughlin had said that there were many cases under his care, with small hopes of recovery.

Bride Brings Poison Paper

Witness said that Mrs. Meyer had brought poison paper to the ranch, saying that she wanted to get rid of the flies. Witness said that the poison paper was in a small package, and that she had given it to Meyer. He had taken it to the jail with her mother, who went up with the sheriff to accompany her.

"Good Business Woman"

Witness said that shortly after his marriage, Meyer had said to him and to Squires in the Squires tent house that "Lydia is a good business woman." Meyer evidenced this, witness said, in a statement that she had caused him to insure his life in her favor, she paying or agreeing to pay the premium.

Forecasts Money Coming

After the marriage, witness said, probably about the 15th, Meyer approached him for a loan of money. He was not in a position to spare money, but Meyer insisted that the need was urgent. He said that Lydia had bought an auto from the Johnson Auto Sales company, and that she had given a promissory note for the balance due on it; that she had not realized that this was a promissory note, and had sold the car, and that there

up into the face of a witness, but only for an instant. And then there was no trace showing thought or view. It was but a look of inquiry, and wholly without the shadow of resentment.

Southard on Way Here

Just before the hearing, W. J. True blood, her aged father, had received a telegram from Paul Vincent Southard, the husband whose name the prisoner bears, saying that he will be in on the noon train tomorrow, and sending his love to and confidante in his wife. The wire was from Salt Lake, which point he had reached on his journey.

Mr. Trueblood showed the telegram to his daughter just before she entered the courtroom. She smiled brightly; then taking the arm of her mother she walked quietly into the courtroom.

FARM EMPLOYMENT OFFICES CONTINUED

County Commissioners Make Appropriation for Upkeep Here and at Buhl

The sum of \$50 will be allowed monthly for the support of the farm bureau employment office in Twin Falls. A similar sum will be allowed a like office conducted at Buhl. Appropriations were authorized by the board of commissioners of this county in session assembled yesterday.

No arrangements had been made by the commissioners for the continuance of the farm employment departments during this year, but demand from the employing agriculturists for maintenance of such agencies became so great that the board, at an adjourned meeting decided in favor of the appropriations. The petitions were presented by W. F. Alworth, president of the Twin Falls County Farm Bureau, and Donald McLean, of the farm service department.

The board decided yesterday not to employ a man to gather material for county and state fair exhibits this season.

Dress Sale Ends Saturday

The event of this week is our dress sale. Three hundred dresses, the newest, the loveliest, in all fabrics and colors are on sale. In spite of stormy weather hundreds have visited the department. Until Saturday night the following price groups will prevail.

Group One, \$5 and \$10

Ginghams, organdies, voiles, linens constitute this group. They are all refreshingly simple in style—a gingham bound apron tunic of organdy, a sash of sheer material, collars and cuffs are in some instances the only trimming.

You will admire the smart patterns, the neat checks, plaids and stripes, but most of all, you will be impressed with the lowness of price.

\$5.00 and \$10.00

Group Three, \$15.00

Into this group have gone some out of the ordinary values. Ask especially to see the mignonette sport models with their bright colored blouse effects and white skirts with just a border of the same color.

There are organdies and dotted swiss among them, all crisp and fresh, they almost make one feel cool just to look at them.

\$15.00

Group Four, \$20.00

The models of taffeta and crepe de chine predominate in this group. They are the newest that fashion has to offer, tight bodice effects, circular skirts and short sleeves in the taffetas and bright colored blouses with plaited skirts in the crepe de chine.

Some of the better summer cotton frocks in the organdies, dotted swiss and nets are to be found among this class.

\$20.00

Group Five, \$25.00

Individual, exclusive models of the very best fabrics, sport models of bright colors, canton crepes in the grey and brown, crepe de chine in the navy, brown and some bright colors, taffetas of excellent quality. Dresses that any one is proud to possess.

\$25.00

COUNCIL HANDLES HEAVY GRIST OF BUSINESS IN SHORT ORDER

Confirms Nomination of James Hall as City Treasurer Vice Captain E. A. Landon, Resigned; Increases Motor Speed Limit; Removes "Silent Policemen"; Orders Weeds Removed, and Considers Water Rates

A new record was set by the city council Monday night in disposing of a large amount of business in a comparatively brief space of time. The council was in session from 8 until 10:30 p. m., adjourning before midnight.

At Friday evening next when action is to be taken on municipal appropriations and tax levies for the ensuing year. The record shows that in Monday night's session the council

Adopted an ordinance increasing Captain E. A. Landon as city treasurer and waterworks clerk, effective June 20, and confirmed by unanimous vote the appointment of James Hall as his successor.

Adopted an ordinance increasing the motor vehicle speed limit within the corporate limits from 10 miles an hour on streets and 12 miles an hour on highways to 15 miles an hour on streets and 16 miles an hour at intersections and in the vicinity of school houses.

Ordered the removal of "silent policemen" on the city streets at its intersections with Main avenue and Shoshone street, on the grounds that obstructions in the streets at these points are a menace to the safety of motorists.

Reached an agreement with Ashor B. Wilson, president of the chamber of commerce, on negotiations looking toward definition of responsibility as between the city and chamber of commerce for maintenance of the motor tourists' park.

Directed the street commissioner to cut weeds on streets ranging from 10 to 20 feet wide and to order owners of vacant lots to cut weeds on them within a limited time under pain of prosecution.

Granted to the Fourth of July celebration committee, represented by John W. Graham, chairman, supervision over concessions, on the streets in connection with the celebration.

Held the report of J. J. Pilgrimage, waterworks commissioner, on the consumption of water and reading of meters, and his recommendation that the rate for metered water be fixed at a minimum of 1.25 a month for a maximum consumption of 4,000 gallons and 10 cents for each 1,000 gallons in excess of that amount.

Heard the request of President Wilson of the chamber of commerce for the extension of the fire limit proposed in an ordinance now in process of enactment.

Heard City Treasurer E. A. Landon's report on possible arrangements for obtaining \$25,000 to meet interest on city bonds, and on municipal bonds, such arrangements involving payment by the city of interest and discounts amounting to \$1,888.32.

Heard recommendations of W. B. Hoag, dairy inspector, on three applications for dairy licenses.

Landon to Be Grain Dealer

The resignation of Captain E. A. Landon as city treasurer and waterworks clerk was presented to the council at its meeting on Monday last week but was not made public until last night. Captain Landon is resigning to accept a position with the Farmers' Milling and Elevator company and expects to enter upon his new work at the Kimberly station, James Hill, named as his successor, is a former service man who is now 14 years of age and is highly recommended by whom he is highly recommended for the position.

Mayor Recommends Publicity

The weed problem was brought to the attention of the council at Monday night's session by Charles Thompson, who suggested that the city draw an ordinance, if one existed, to compel owners of vacant lots to rid their premises of weeds. J. J. Pilgrimage, street commissioner, who had not heard Mr. Thompson's suggestion, later in the evening announced that he had put a man to work cutting weeds on curbs and parking and asked for further authority to deal with the situation. Mayor McRoberts proposed the use of publicity to draw attention of lot owners to the necessity for removing weeds, and City Attorney Taylor Cummings was directed to draw a form of notice to be served on lot owners neglecting to clean up their properties. During the discussion Councilman C. T. Becken proposed the desirability of trimming branches of trees extending over sidewalks.

Park Claims Attention

Discussion relative to maintenance of the tourist park followed the application of H. Leedom for the position of caretaker of the park. The aim of purpose to make the park comfortable and attractive was expressed both by Mayor McRoberts and members of the council and President Wilson of the chamber of commerce, agreement being reached to continue negotiations looking toward an understanding as between the city and chamber of commerce relative to the responsibility of each organization for upkeep of the park.

In connection with his report on water consumption and meter readings, J. J. Pilgrimage waterworks commissioner, advised that he had been issued use of water at the record Monday morning consumption between the hours of 11 a. m. and 12 and between 7 and 8 p. m. showed consumption at the rate of 7,200.

000 gallons a day, Mr. Pilgrimage said. The capacity of the plant is 6,000,000 gallons a day.

Figures relative to water consumption as indicated by reading of 306 meters lately installed were presented in delivery notes recorded by meters. It showed 26,265 gallons for the month of May in residence districts.

Suggests New Water Rate.

The total consumption of water for the year was given by Mr. Pilgrimage at 977,920,000 gallons, and the number of users at 22,000. He estimated a loss of 30 per cent in transmission and in delivery notes recorded by meters. He suggested fixing of a minimum charge for metered water at \$1.25 for a maximum 4,000 gallons a month and ten cents additional for each 1,000 gallons in excess of that amount. Instead of 20 cents per 1,000 gallons for the first 10,000 gallons and 25 cents per thousand gallons for the next 15,000 gallons hereafter, he tentatively suggested that the rate for the first 10,000 gallons be taken by the council in the premises, and the purpose to make further investigation in the subject was indicated.

Debate Traffic Rules.

Presentation of the traffic ordinance amendment adopted by the council was attended with spirited although good-natured debate among members of the council. Councilman W. E. Sanger at a vociferous elimination of the age requirement for motor car drivers. He argued that boys under the prescribed age often proved more reckless and careful drivers than older persons and declared that he had never seen nor heard of a boy driver being involved in an automobile accident. The opposite side of the question was maintained by Mayor McRoberts who was supported by Councilman Bracken. The debate, however, was brought to an abrupt termination when City Attorney Becken proposed that the council through a number of law books during its continuance, announced that driving of an automobile by a person under 16 years of age was prohibited by state law.

During the discussion, Councilman C. H. Kregel suggested the advisability of prohibiting turning off the main street at the intersection of the section of Main avenue and Shoshone street. No action was taken on this suggestion.

High Weeds and Skirts.

The councilmanic session was not without its flashes of wit as well as elements of foreboding, as indicated by Councilman Kregel's observation that he "didn't think the weeds had grown that high," when Mr. Thompson asserted women passing weed-overgrown sidewalks would soil their garments "and matter of that kind of skirts they were wearing."

POLICE TO KEEP ORDER AS BAND PLAYS PROGRAM

Unruly Youngsters to be Properly Controlled During Free Renditions

Two uniformed policemen will patrol the city park during the period of the band concert tonight. The officers are under orders to enforce order during the recital.

Announcement to this effect was made today by Bandmaster J. G. Thorpe, who was assured by Mayor I. W. McRoberts and Chief of Police John Beck that order would be maintained at all public entertainments.

Order to patrol the park was issued in compliance with an appeal made by the bandmaster following last week's recital at which time scores of children made the park a playground during the rendition of the program. The antics of the children proved most disturbing to those who were present to benefit from the music. Unruly youngsters will be seen here when found to night, Chief Beck declares.

Another complaint lodged by the bandmaster, and also by patriotic persons who take pleasure in the concerts is against the disorder reigning during the playing of the national air, "Star-Spangled Banner." This complaint is that the first chord of this air is taken as a signal for dispersal both of persons on foot and in cars. The bandmaster declares that if this disrespect is evident tonight the band will discontinue playing the Star-Spangled Banner at the conclusion of the program.

Deferring to the wishes of numerous people, Bandmaster Thorpe has provided a program made up largely of southern airs. Several other excellent numbers are included with these. "Ranocodi" will be one. The program:

March, Semper Fidelis. Sousa. Pachelbel on Southern Airs. Hecker. Over the Hills and Through the Valley. Kunkley. Sunshower. Miller. Overture, Ranocodi. Rossini. Fox Trot, (a) Darling. Borilli. (b) Humming. Freytag. Patrol, The Blue and the Grey. Dalby. Waltz, Southern Stars. Strauss. March, Robinson Grand Entry. King. Star-Spangled Banner.

NORTH SIDE SETTLERS VOTE LAND ADDITION

Land and Water Company is Granted Permission to Sell Further 15,000 Acres

By a vote of 66,663.28 against 43,737.07 water shareholders in the North Side Canal company have granted the Twin Falls Northside Land & Water Company right to sell an additional 15,000 acres of land to be embraced in the present northside irrigation aggregation.

Voting on this proposal has consumed the greater part of the past month and was concluded yesterday evening. Counting was finished today showing the foregoing result.

According to agreement the land and water company will sell 15,000 acres at a rate of 3000 each year for the coming five years, and in return for the privilege, surrenders to the canal board all of its other rights. When the new 15,000 is included in the district, the aggregation will comprise 185,000 acres.

CHIMNEY SWEEP BRINGS OUTFIT FROM OVERSEAS

"Happy Jack" Percy, Proud Possessor of De Luxe Set of Work Tools

"Happy Jack" Percy, chimney sweep, sleepjack and active and honorary member of all other hazardous professions auxiliary to these named, has imported from his native land, England, a set of tools necessary in the proper performance of his commercial affairs, the like of which, Percy says, cannot be found in this section of the west.

The kit, if it can so be designated, consists of brushes with extension rods designed to reach to the top of a 75-foot chimney. The outfit is unique in the completeness of its detail, and, according to the importing owner, cost a small fortune to purchase, as well as another to defray expenses of transportation incident to importation. The set is in excellent condition, and school grounds, where "Jack" proudly explains the uses, and operation of the tools, and apparent equipment. The outfit was ordered 10 months ago and has just been received.

CAMPERS WARNED AWAY FROM THE WOOD RIVER

River Unusually High and Bridges are Washed Out—Grounds Inundated

Writing from Ketchum, Fred E. Housley, forest ranger, warns campers contemplating camping in the Wood River country against such projects at present. He says:

"Wood river is unusually high. Many bridges are washed away, and others dangerous to cross. Camp grounds are nearly all under water and river is still rising and very muddy. Roads north of Ketchum nearly impassable. Weather is fine with occasional rain."

PROMINENT SPEAKERS TO TAKE FARMERS' TRIP

State and Company Authorities Will Address Junketeers on Herd-Seeing Tour

Guy C. Smith, a representative of Swift & Company, will be one of the principal speakers at the junket of farmers and livestock men of this district, to be conducted tomorrow. Mr. Smith will discuss "Livestock Marketing."

Apparatus of Mr. Smith is in connection with the trip to be conducted under the direction of the farm bureau beginning at 8 o'clock tomorrow morning at the ranch of E. P. Rinehart, field agent headquarters of the state university will address the assembly on the general livestock situation.

The addresses will be given during a period devoted to a program following luncheon served in the fair grounds at Ellet. The party will visit many of the principal farms and stock lands in this part of the county, and plans to reach Ellet about noon. The section immediately tributary to Twin Falls will be visited in the afternoon.

ALFALFA WEEVIL FOUND IN MURTAUGH DISTRICT

Entomologist Smith Makes a Disturbing Discovery in the Hay Fields

Preliminary to inaugurating a strenuous elimination campaign R. H. Smith, state entomologist, is this week conducting an investigation and series of experiments in connection with the alfalfa weevil control crusade. The experiments and investigations are being conducted in and about Rupert.

Alfalfa weevil has been discovered in fields about Murtaugh during the investigations carried on this week. Mr. Smith says the pest has not been detected in very large numbers, and expects that it will take several years for the pest to spread to a damaging and alarming degree. He expects, however, to take drastic steps for the control of the bug colonies, if not altogether to eliminate them as soon as the preliminary survey is completed.

"We will have to get the stomachs of co-operation from the farmers if this fight of eradication proves a complete success," Mr. Smith says.

TWIN FALLS WOMEN HONORED BY OFFICE

Mrs. M. J. Sweeney and Mrs. James Fitzgerald Elected at Salt Lake Meeting

Twin Falls has been honored by the election of two prominent women for International and Coast State federation. Mrs. M. J. Sweeney was chosen president and Mrs. James Fitzgerald corresponding secretary. Mrs. Sweeney is a resident of Twin Falls and Mrs. Fitzgerald is a resident of Ellet.

At the convention, entitled "Come Into the Garden, Maid," Mrs. Morse's speech was along the line of woman's equality with man. She also said that child women should have the influence toward setting a higher standard for home life, and offset the distraction on the outside such as moving pictures and other diversions. She attacked the present mode of women's dress and said its influence had a tendency toward evil.

LAND WAS DAMAGED BY SEEPAGE CLAIM

Case in which Atkin Asks \$9,053.30 Damage Against Canal Company

Hearing of testimony was started yesterday in an action brought by Thomas M. Atkin, wherein he asks damages against the Twin Falls canal company for \$9,053.30. This amount is said by the plaintiff to represent damage sustained to the value of farm lands by alleged seepage of water from the company's canal system. The hearing is expected to continue, and J. R. Rothwell for the defending company.

In the matter of the Farmers' Grain & Milling company against T. G. Wilson, in which the former sought judgment, the defendant confessed all allegations carried in the complaint and judgment was ordered entered in favor of the plaintiff for \$1,600.

On petition of counsel for the defendant, there being no resistance by the prosecution, the murder trial of Edward L. Slagle was continued for the term.

Retrial of A. D. Pollock, set for yesterday was ordered postponed to June 24. This case is one in which the defendant is accused of obtaining bank funds through a process of forged papers. The jury disagreed when the case was initially tried. The retrial will be held following trial of an embezzlement action filed by the state, in which Lawrence Hansen, president of the Bank of Hansen, is complaining witness. The latter case is set for trial on June 23.
