

LYDA SOUTHARD
BRINGS ACTION
FOR INSURANCE

Files Suit Against Idaho Concern for \$10,000 on Policy of Fourth Husband She is Alleged to Have Poisoned

Demanding judgment for the principal sum of \$10,000 suit has been regularly filed in the district court in favor of Lyda M. Southard, formerly Lyda Anna May Meyer, against the Idaho State Life Insurance company. The suit is to recover the face value of a life insurance policy taken out on the life of Edward F. Meyer, now deceased, last fall. Claim is made that the policy has not been liquidated.

The action was instituted Saturday by Attorneys W. P. Guthrie and Homer O. Mills, counsel for Anna Eliza Meyer Southard. Claim is made for interest at a rate of 7 per cent from the time of Meyer's death, in addition, also to certain legal fees and disbursements.

Says Payment is Refused

According to the complaint the policy applied for by Edward F. Meyer on August 10, 1921, the petition being filed with C. D. Thomas, county clerk, for the life insurance company here. Allegation is made that the premium for the first year, amounting to \$223.40 was paid over to the agent. Death occurred on September 7, 1920, and proof of death is stated in the complaint, was regularly made and filed on December 20. In face of all these facts, the complaint states, the defendant company has refused and neglected to make payment on its obligation.

Policy Never Delivered

The policy makes Lyda Anna May Meyer the beneficiary and, allegation is made in the complaint that the policy was never delivered to Meyer or to her beneficiary wife. Counsel for the plaintiff admits that the policy has never been located.

NEW INDUSTRIAL
PLANT IN SIGHT
FOR TWIN FALLS

A potato chip factory and potato marketing organization will be established in Twin Falls, Idaho, in the near future, it is planned by C. A. Mariani before the Kiwanis club Monday are carried through to successful conclusion.

Mr. Mariani's purpose, he told the Kiwanians, to launch on a small scale the enterprise he proposes, and to develop it as the demand for its product and services increases. Mr. Mariani is conferring with a small group of possible investors, and no stock in the proposed corporation is being offered for sale to the general public, he stated.

Marketing Scheme

It would be the business of the proposed enterprise, Mr. Mariani said, to undertake the marketing of all grades of potatoes grown here offering the select tubers to the trade as bakers and converting the culls into chips. Chips could and would be placed on the market ten days after the original date of production to push the scheme was started, Mr. Mariani said. He presented figures to indicate the possibility of making a fortune out of the enterprise, but he did not expect to be served at the restaurant with the average price of 33 cents paid by the wholesaler. He said that the demand for the product had scarcely been touched.

Wives of Members of the Kiwanis

are to be guests of honor at a swimming party to be given by the Kiwanis on Monday evening next at the new natatorium, according to arrangements endorsed at Monday's meeting of the organization. The entertainment committee, headed by M. G. Bates, was directed to proceed with arrangements for the occasion. Cards are to be provided for guests who do not care to indulge in a dip in the pool, and luncheon is to be served at the natatorium, according to plans of the committee.

DISTRICT TRUSTEES MEET

Trustees of the Twin Falls Highway District on Saturday held a regular meeting at which routine matters occupied chief attention. Bills and claims against the district were audited and warrants ordered drawn.

ASK THOUSAND DOLLARS
FOR RECLAMATION WORK

Buhl Men Present at Meeting to Discuss Future of Association

At a luncheon held at the Rogerson Friday, presided over by Asher B. Wilson, it was decided to lay before the county commissioners a definite request for an appropriation of \$1000 to be used as a contribution from this county to the furtherance of the work of the Idaho Reclamation association, a report of the activities of which institution was laid before the meeting by Jess O. Wright, secretary of the chamber of commerce of Twin Falls.

Among those at the meeting were Pearl C. Meredith, vice president and director of the association; Jess O. Wright, secretary; Ben R. Tiller, and Secretary Bussman of the chamber of commerce of Buhl; Chairman W. S. Bishar and Commissioners Moore and Brecken of the county; P. A. Alvord, John M. Maxwell, L. T. Wright and Shad L. Hodgins and Roy A. Reed.

Nearly everyone present expressed himself as in favor of some form of action looking to the preservation through financial aid of the association to which the late Major Fred B. Reed had for a number of years devoted his entire time and attention. As between the raising of the necessary funds by private subscription and through taxation it was the general opinion that the latter method was the proper one in that the amount involved added to taxation the extent of only one-thirtieth of a mill, a very small sum indeed compared to the advantages possible to the state as a whole through the work of the institution.

Arrangements were made for a special meeting with the county commissioners at 3 o'clock this afternoon to take up in detail the advisability of employing \$1000 of county funds for the purpose in question.

WARREN COMPANY ASKS
DAMAGES ON CONTRACT

Claim Made Against Highway District is for Total Sum of \$7,500.00

The Twin Falls Highway District is made defendant in a damage action brought by the Warren Construction company for a total sum of \$7,500, in an action filed in the district court today. The company brings the suit on allegation that due to the existence of an erroneously worded clause contained in a contract entered into between the district and the construction company whereby the farmer was to supply the latter a certain quantity of crushed rock.

The company claims that the clause in question contained the words "certain classes and grades of rock, and through its operation the company is damaged to the amount named on a contract for 35,000 cubic yards of material at \$195 per yard.

LIEUT. REGAN FUNERAL
CONDUCTED IN BOISE

Final Offices Held by Priest and Legion Officers for Hero of the World War

Military funeral services were conducted at Boise Sunday for Lieutenant John Regan, who was killed in France and whose body was returned for final interment. All the ceremonies connected with disposal of the war hero's remains were in charge of John Regan, post American Legion of Boise. The Rev. Father Rami S. Keyser, pastor of St. Edward's Catholic parish, Twin Falls, celebrated pontifical mass. Burial was made in St. John's cemetery, the Legion burial right being used. This was followed by an address by O. W. Worthwhile. A firing squad from the Legion post served in the last offices. The services opened at 11 o'clock yesterday morning in the cathedral.

During the afternoon the Legion conducted similar offices for Private James H. Condie, another hero of the late war, whose body was returned to this country for burial.

PRISONER'S POCKET
PROVES BOOZE CACHE

Condie is Arrested for Disturbance but Develops Another Charge

On charge of disturbing the peace Robert J. Condie was arrested on Saturday night by Policemen Austin and Shipman. He is held in jail to be tried on two charges. Condie had created a disturbance in a rooming house and for this offense was taken in charge by the police. At the jail search of Condie's pockets revealed the presence of a bottle of liquor, another charge of the late war, whose body was returned to this country for burial.

MRS. SOUTHARD HELD TO
ANSWER MURDER CHARGE

Defense Attorney to Apply for Bail Bond and Announces Purpose to Press for Immediate Trial

CHEMIST DETAILS ANALYSES SHOWING
PRESENCE OF POISON IN MEYER BODY

The state abruptly rested its case in the preliminary hearing of Mrs. Southard in probate court at 11:30 today, and Judge Duval immediately bound the prisoner over to the district court to answer to the charge of having murdered her fourth husband, Edward F. Meyer, and remanded her to the custody of the sheriff. The defense offered no testimony whatever.

Following the action of the court, W. P. Guthrie, chief counsel for the defense, stated that he would immediately apply to the district court for bail bond, and that he would press for an immediate trial of the case on its merits.

District Court Busy

District Judge W. A. Babcock was too busy Friday afternoon to hear arguments on the question of fixing bail bond for Mrs. Southard, and the matter was to come up Saturday morning on application of defense.

Attorney W. P. Guthrie, leading counsel for the defense said Friday afternoon that he had applied to the court to hear him, he would enter his motion that the court fix bail bond for Mrs. Southard, and that he presumed the court would hear arguments upon the motion.

At 2 o'clock Paul Vincent Southard, accompanied by W. J. Trueblood, father of Mrs. Southard, visited Mrs. Southard in the county jail.

City Chemist on Stand

Action of county court on a morning of testimony to strengthen the state's contention that death of Meyer was due to arsenic poison, and to show the possibility of the prisoner's contention that she had been employed by him in his various analyses, with their results as to quantity as well as to the occurrence of arsenic. In all witnesses called, he found a total of one-fourth grain of arsenic in the samples tested. Witness was certain in his own opinion that there was contained in the whole body of the corpse more than the amount of arsenic equal to a killing dose, notwithstanding the fact that by his purging Meyer had doubtless expelled quantities of the poison.

City Chemist Dooley stood on the stand, as stated. On cross-examination by Homer C. Mills of counsel for the defense, Dooley stated that he had made analysis of samples of fly paper submitted to him. Asked as to the brand of the fly paper, witness said that he did not know the brand, but that the only brand he saw it was the name of Granville Haight and V. H. Ormsby, thus indicating that the samples were from the fly paper described by Mr. Haight as having been found in a dresser drawer in the room occupied by Meyer and Mrs. Meyer during Meyer's illness at Blue Lakes ranch. Dooley stated that he had found the presence of arsenic in the body of the two samples he had tested. In one of the small square sheets he had found four grains of arsenic and in the other seven.

Poison Easily Extracted

Asked by Attorney Mills as to whether or not the arsenic could be extracted from the paper, and how, and how long it would take to extract it, witness said that the poison was readily soluble, that it would come out in water immediately and that the longer it was left there the more would be taken up by the fluid.

"How quickly would the arsenic enter the water?" asked the attorney.

"Immediately. If you put that paper to your tongue, you can readily detect the taste of the arsenic released by the moisture thus applied."

Had Specimen Stung

Miss Georgia Maxwell, next witness, said that she was, at the time Meyer was a patient at the county hospital, superintendent of that institution; that she was in charge of the nurses in charge of Meyer, but that soon after he reached the hospital, one was assigned to his case and remained in charge of him. She stated that she frequently saw Mrs. Meyer at the hospital. That she visited her husband frequently in his room; that on at least one occasion she saw Mrs. Meyer

Grossman, Deputy Sheriff V. H. Ormsby, by the text and his assistant.

Body Again Opened

The body was opened and several specimens from each the spleen, liver, heart, kidney, upper and lower bowel and hair were taken. Chemist Herman Jarma of Salt Lake received one each of these samples, as did State Chemist Rodenbaugh and City Chemist E. R. Dooley, the latter specimens those used by Dr. Bieler and Mr. Dooley in their tests, with results above stated.

Fixes Place of Alleged Crime

Earlier in the afternoon Dr. Coughlin had conducted his department. Before he left the stand he was asked by Prosecutor Stephan to state whether or not, in his opinion, Meyer had recovered from any poison administered or which might have been administered, at Blue Lakes ranch.

Witness said that if Meyer had

received arsenic poisoning at Blue Lakes ranch, he had recovered from same, and to a further question stated that if death were due to arsenic poisoning the poison was administered in Twin Falls county. On a further examination witness said he did not in fact know positively in his own mind what had been cause of death.

Purpose of Inquiry

The purpose of this questioning by the state was manifestly to show that the fatal arsenic poison alleged to have been given to the victim in Twin Falls county and not in Jerome county.

Insurance Men Testify

O. D. Thomas and Rex Thomas told of the application for the life insurance policy upon the life of Meyer, and, subsequent to death, the application of the amount for payment of the amount, \$10,000.

DECLINES TO RELEASE
MRS. SOUTHARD ON BOND

Probate Court Rules Jurisdiction Passes with Filing of Transcript of Evidence

FAILING HEALTH IS MADE BASIS OF
APPLICATION FOR WOMAN'S RELEASE

On Saturday Judge O. P. Duval, of the probate court, ruled that the Southard murder matter had passed from the jurisdiction of the probate court and that any further action in the murder case would have to be made to the district court.

The ruling resulted from application by counsel for Lyda Meyer Southard for release of their client upon bond. Application for release of Mrs. Meyer Southard on bond was filed in the probate court on Saturday, contention being based upon the reported ill health of the state's ward, who yesterday was ordered by Judge Duval held to the district court for trial on the murder charge.

Immediately after the Saturday hearing Judge Duval stated the question of jurisdiction was one to be definitely determined, and on this point he would scrutinize the law before making an announcement.

Jurisdiction May Have Passed

An abstract, or transcript of the proceedings in the case of the State of Idaho against Lyda Meyer Southard wherein the woman is accused of first degree murder in connection with the death of her fourth husband, Edward F. Meyer, was formally filed with the clerk of the district court Saturday by Judge Duval. Prior to the presentation of petition by the defendant's counsel for release of the client from custody had been expressed by legal authorities that with the transcript filing jurisdiction in the case automatically passed to the district court.

Speaking with reference to the release bond, Attorney W. P. Guthrie stated he had been given to understand that the state would not be ready to proceed to trial of

the murder case until some time this fall. "The condition of our client's health demands her freedom from the criminal restraint of a prison cell during the weeks that must elapse before the case can be tried," Mr. Guthrie stated to a News representative. He urged upon the court the alleged weakness of the state's ward on bond as a measure of merciful consideration.

Outside of the courtroom Attorney Guthrie announced that in case of denial of the petition by Judge Duval an appeal will immediately be taken to the district court, together with a demand for immediate trial of the case should a requested release be further denied.

Mrs. Meyer-Southard was "not in court when the freedom application was made. Neither was the alleged husband, Paul Vincent Southard, present at this hearing. The father of the accused, W. J. Trueblood, was a witness. Southard spent most of the morning in company with the state's ward in her cell in the county jail.

Files New Information

Prosecuting Attorney Frank L. Stephan Saturday filed a new information in the state's case against Mrs. Meyer-Southard, the papers being placed on record in the district court. The charges are all characteristic of those contained in the information filed originally in the probate court, and on which the woman has just had preliminary examination. The charge is that she is responsible for the death of Edward F. Meyer, her husband, who died last fall in a local hospital, said to be from arsenical poisoning, the drug allegedly having been administered by Lyda Meyer-Southard.

SOUTHARD HERE
TO JOIN BRIDE

Fifth Husband of Alleged Murderess to be at Her Side During Trial

Paul Vincent Southard, whose wife was this morning bound over to the district court to answer to the charge of having murdered her fourth husband, Edward F. Meyer, arrived in Twin Falls at 1:10 o'clock Friday, to be with his bride during her troubles.

Dressed in his uniform as petty officer of the navy, Southard was a striking figure as he alighted from the train.

Tall and erect, his face strikingly handsome, the fifth husband of the woman under arrest, attracted the attention of the crowds about the depot. Southard was met at the depot by W. J. Trueblood, father of Mrs. Southard, and was by him taken at once to the Rogerson hotel, where he will be quartered for the time being at least, to remain until the hearing in district court, and that he had full confidence in his wife's innocence and ultimate vindication. Southard said that he had conferred with my wife and her attorneys," he added.

Plans have been made for him to have a visit with his wife at the county jail this afternoon, and also for him to meet with her attorneys, W. P. Guthrie and Homer C. Mills.

DIVORCE PAPERS WITHDRAWN

Action for divorce has been instituted by Grant R. Bowen, against Mary Alice Bowen. The papers, filed in the district court today by Wolfe, Martin & Wade, were immediately withdrawn.

COMMISSIONERS PROVIDE
SUM FOR RECLAMATION

One Thousand Dollars to be Made Available as County's Share of Expense

A petition carrying around a hundred names of Twin Falls and Buhl business men was Friday made the basis of a request to the county commissioners for an appropriation of \$1000 as the share of this county in the expense of operation of the Idaho Reclamation association.

After a careful hearing and a close scrutiny of the law governing in such cases, the request was granted by the commissioners, \$500 to be made available in July and the balance in September.

The action was the outcome of a meeting held Friday at the home of a luncheon at the Rogerson when the advantages of the co-operation of southern Idaho in the operation of the association was gone into in detail.

MRS. SEVERNS Elected

Mrs. John R. Ault and Mrs. Stuart Severns, the latter of the latter, returned from Nampa where last week they attended an encampment of the Idaho State Department Ladies of the Police. Mrs. Severns was elected department president, succeeding Mrs. Ault.

ANOTHER SOUTHARD ARRESTED

Herman Southard is held under arrest by county authorities for officers from Montana. Southard was arrested here Sunday on a fugitive warrant from Butte. It is understood he is wanted in Montana for wife desertion. Arrest was made by Chief of Police John M. Beck and Deputy Sheriff V. H. Ormsby.

LABOR DEMANDS REGULATION OF PACKING TRADE

Denver Convention Calls on Congress to Enact Legislation to Control Industry; Scores Resort to Injunction

DENVER, Colo., (AP)—The convention of the American Federation of Labor today called upon congress to enact legislation to control the meat packing industry of the country.

The legislation demanded provided for early acquisition by the railroad of the principal and necessary stockyards and of all refrigerator cars and special equipment cars used for transportation of meat and meat products and perishable food products; and a system of compulsory registration of all packers engaged in the meat packing industry, of stockyard owners and market agencies and dealers engaged in the business of buying and selling in commerce livestock at a stockyard.

Aids Aid for Co-operators.
The convention also urged "governmental information and non-financial assistance to co-operative, municipal and other governmental slaughter houses, packing plants and warehouses."

The executive council was instructed to take steps at once to secure the "prompt enactment of such legislation."

Score Injunctions' Uses.

What was termed "the over-growth of the injunction in labor disputes" was condemned by the convention. All affiliated organizations were called upon to wage a campaign for legislation relief.

In support of the anti-injunction resolution, John P. Frey, of the molders' union, declared that there is "no distinction in the courts. It is cited as an example a number of injunction cases against labor."

He declared that 15 years ago the Massachusetts supreme court was considered fair to organized labor, engaged "now this court has become one of the most reactionary judicial bodies in the United States as far as labor is concerned."

Similar sentiment was expressed by other speakers all of whom favored the committee's report for adoption of the resolution. One after another delegates arose to speak of their experiences with courts, labor, and the chair had difficulty in maintaining order.

Calls for New Civil Service Scale.

The convention called upon congress to immediately reclassify the civil service and adopt a wage scale "commensurate with the skill, training and responsibility involved in the work performed with just relation to the increased cost of living."

The resolution provided for the administration of the reclassification "without discrimination on grounds of sex."

A resolution was adopted asking congress to limit to 1.2 per cent the "spread" between the rate charged member banks by the federal reserve system and the rate banks are permitted to charge.

Commends Fight on Law.
Officials of the Kansas mine workers' organization were commended by the convention today for their stand against the Kansas industrial court law.

Moral and financial aid was voted the men for "no compromise opposing their law in the face of injunctions and prison terms and preventing the law from taking effect, thereby fighting the battles of organized labor."

Township Wins Favor.

A resolution designed to give indemnity to bonds of the state of North Dakota and to the Non-partisan league was referred to the international unions with recommendations for favorable action within the constitutional limitations of those organizations.

NEW YORK, (AP)—The American Smelting and Refining company today reduced the price of lead from 4.50 to 4.40 cents per pound.

JAPANESE DECLARES FOR FRIENDSHIP WITH U. S.

Baron Hayashi, Ambassador to Great Britain, Agrees with Conference Views

LONDON, (AP)—Baron Hayashi, the Japanese ambassador to Great Britain in an interview today, expressed entire agreement with the views expressed at the imperial conference concerning the Anglo-Japanese alliance, adding that he was sure his opinion was shared by the Japanese government.

Obviously, said he, no Japanese government and no sane Japanese could regard the alliance in any way as envisaging strife with America. "Friendship with the United States," declared the ambassador, "is an absolute necessity for Japan, not only politically, but also commercially for trade relations with the United States is one of our greatest assets."

The ambassador continued by declaring that naval disarmament would be an inextinguishable boon for the world, and repeating the conviction that the Japanese government was ready to discuss disarmament and come to an arrangement with France, Great Britain, and the United States.

LORD CURZON'S SPEECH EVADES JAPANESE ISSUE

British Foreign Minister, in a Speech Before the Dominion Ministers, Stresses Conversations with Briand

LONDON, (Canadian Press)—The imperial conference did not hold a formal session today, having adjourned after Lord Curzon's speech yesterday. It is known, it is stated, that the Japanese alliance early next week. Lord Curzon's speech was a comprehensive but highly confidential review of the British foreign policy. The conference agreed that the address should not be published. Lord Curzon took the conference completely into his confidence and invited the delegates to interrogate him.

Avoids Japanese Alliance.
This invitation was freely acted upon, Premier Melban and the other premiers subjecting Lord Curzon to what practically amounted to a cross examination. The foreign secretary, it is known, did not touch upon the Japanese alliance except in a general way, and neither advocated that it be denounced nor renewed. He dealt at great length, however, with the diplomatic coverage which has recently held in Paris with Premier Briand, and the general lines of British policy both in Europe and in the Pacific.

Moritz Premier's Approval.

So far as could be ascertained the statement was much satisfactory to the premiers of the dominions. But it is pointed out that a mere explanation of British foreign policy to the dominions is far from meaning that they have a voice or influence in the direction or execution of that policy. One solution for this situation suggested is dominion ministers resident in London, a few believe that a resident minister would be in position to exercise much influence or guidance over the foreign minister, fortified in his action by experts and others intimately familiar with world affairs. The problem will come up when that part of the agenda is reached calling for the creation of means giving effect to the new status of the dominions.

LONDON VOICES RELIEF AT SAFE RETURN OF KING

Burden of Editorial Comment Approves Monarch's Plea at Belfast for Ireland to "Forgive and Forget"

LONDON, (AP)—Relief over the safe return of King George and Queen Mary from Belfast, was expressed by this morning's newspapers, which also voiced appreciation of their courage in making the trip to the Irish city to open the Ulster festival.

The Daily News, however, strongly criticized the government which framed the speech for "simultaneously making a mockery and reproach of these moving words" by its decision to send more troops to South Ireland. The London Times denounced the government for "dashing all hopes by dropping the constitutional warfare in Ireland to the bitter end." It accused the government of playing the game with the king, who was said to have done all he could.

DUBLIN COMMENT ON BELFAST EVENTS DIVERSE

DUBLIN, (AP)—Commenting upon the address of King George at the opening of Ulster parliament at Belfast yesterday, the Irish Times said this morning: "If southern Irishmen will allow themselves to think about it, we may hope yesterday's events at Belfast will begin immediately to improve the prospects of peace. Henceforward no Irishman who is not a fool or a fanatic can ignore the significance of the northern parliament." The Irish Independent said: "Division in Ireland is fostered by Great Britain for her own ends. If there was honesty in British politics, if the members of the King's cabinet desired to apply the principle of statesmanship and not force, a remedy, strife would be ended and discontentment would be allayed in Ireland."

Today's Markets

WHEAT SCORES ADVANCE

Prices Close Strong on Chicago Market, 1 to 2 1/2 Cents Higher

CHICAGO, (AP)—Bullish crop reports from the northwest led to an upturn in the prices for wheat. Advances told of drought damage and of hot, dry, favorable weather. Buying, however, lacked volume. Opening quotations which ranged from 1.2 to 1.3 1/2 high-grade wheat July 1.30 to 1.34 and September 1.23 to 1.24, were followed by something of a reaction, but then by a rise higher than before.

Subsequently there was much selling of September and buying of July on the part of commission houses. Talk of harvest delay in the southwest was a factor. Prices closed strong, 1 to 2 1/2 cent higher, with July 1.30 3/4 to 1.34, and September 1.23 3/4 to 1.24.

General commission houses selling weakened corn. After opening unchanged to 3/8 lower, including September at 64 1/4 to 64 1/2, the market underwent a material sag all around.

Evidence that stocks were accumulating prevented any important rally. The close was steady, 5/8 to 7/8 net lower, with September at 63 3/8 to 63 1/2.

Oats declined with corn, starting unchanged to 3/8 off September 40 5/8 to 40 3/4, and later showing a decided drop.

Lower quotations on hogs put provisions on the down grade.

New York Stock Market

NEW YORK, (AP)—Many new low records were made in the course of today's reactionary stock market but short covering reduced some losses in the later dealings. Sales approximated 800,000 shares.

Contrary to expectations, the reduction of the Bank of England discount rate to six per cent was ignored at the opening of today's stock market. Initial trading was off and on, but a majority of declines, especially among the equipments, motors and food specialties. General Electric, Pullman, Pressed Steel Car, Studebaker, American Car and Best Sugar lost 1 to 1 1/2 points. Rails were moderately lower with leader, rubber and chemical specialties. Royal Dutch at a gain of 2 3/8 points was the only conspicuously strong stock. Losses were irregularly extended within the first half hour.

Independent steels and specialties of the types represented by chemicals, sugars and textiles recorded further losses in the final hour. A few leaders, including Mexican Petroleum and United States Steel were fairly steady. The closing was heavy.

NEW YORK, (AP)—There was no change in the raw sugar market this morning, with centrifugal quoted at four cents. There were sales of 57,400 bags of Porto Rican and Philippine.

Raw sugar futures were quieter pending developments in the spot market. Prices at midday were unchanged to 3 points net lower.

In refined the demand is said to be a little better, although buyers are still inclined to be cautious, and operations are limited to nearby requirements only. Prices were unchanged to \$550 for fine granulated. Refined futures were nominal. July \$2.78; September \$2.73; October \$2.67; December \$2.57.

BORDER BROKERS PUSH TRADE WITH MEXICANS

LAREDO, Texas, (AP)—Border brokers have been energetically pushing trade between the United States and Mexico and in some instances brokerage firms have even purchased locomotives and other railroad equipment on account of inadequate equipment and congestion on the Mexican railroads.

One firm, it was learned today, not only has bought 15 locomotives, but has employed a former general manager of the International and Great Northern railroad as its transportation manager with headquarters in Monterrey.

Ramon P. Nigra, personal representative of President Obregon, of Mexico, in management of the railroads, has been quoted as saying there will be sufficient locomotives in Mexico in thirty days to move all traffic and that within two months train will be running on regular schedules.

The M. S. C. club met with Mrs. G. E. Duke Wednesday afternoon with 23 members and five visitors in attendance. After the business session the following program was given: a piano solo by Miss Adams, piano paper on Belgium by Mrs. David Brown, piano solo, Mrs. C. H. Stinson; Mrs. Burton E. Morse gave an interesting account of the meeting of Intermountain and West States Federation at Salt Lake, and also read the paper entitled "Come Into the Garden Maud" which she gave before the Salt Lake gathering. During the social hour delicious refreshments were served.

Mrs. C. H. Burton was hostess to the Wednesday Bridge club yesterday afternoon. Ten members were present and Mrs. J. G. Thorpe won the club favor.

The Daughters of the American Revolution will hold their annual luncheon in the private dining room at the Hotel Rogers on one o'clock on Friday afternoon.

Mrs. Cora Patton, assisted by Mrs. Alice Patton, entertained the R. N. A. club at her home on West Main Wednesday afternoon. The afternoon was spent with social conversation and work for the hosts. A pleasant feature of the day was the presentation of a number of beautiful bouquets of roses and other flowers to the hosts. At the close of the afternoon a delicious luncheon was served to the twelve members and five visitors present.

The meeting of the Women's Pan-Hellenic club has been postponed until Monday, July 11, at which time the same plans will be carried out.

The Neighbors of Woodcraft will meet at 8 o'clock Friday evening in I. O. O. F. hall.

Mrs. W. M. Bunce entertained at luncheon at her home in Filer Wednesday afternoon in honor of Mrs. William Mortimer Bunce of Seattle, and Mrs. G. A. Caldwell, of Pennsylvania, who is a guest at the home of her nephew, J. P. McClure. Compliments were used to decorate the table. The guests who were all Twin Falls ladies with the exception of the guests of honor were Mrs. Henry J. Wall, Mrs. Frank Brown, Mrs. L. L. Benardise, Mrs. J. P. McClure, Mrs. G. E. Bryant, and Mrs. C. C. Bunce.

Mrs. May Mickelwalte was hostess yesterday afternoon to the M. C. B. club. Bridge was played, Mrs. P. J. Costello winning the prize for high score. At the close of five card games a two course luncheon was served. Those present were Mesdames John and P. J. Costello, H. O. Milner, R. E. Robler, Mary Kelly, J. Paul Johnson and Peter Erickson.

There was a large attendance at the Elks' dance at the Reybrock roof garden at Filer last evening and the usual splendid time for which the Elks are famous was enjoyed.

The Mountain View club will meet with Mrs. M. F. Gamble on Wednesday, June 23.

FUNERALS

Funeral services were conducted at 3 o'clock this afternoon in the Church of the Ascension for Mrs. Marguerite Leighton, victim of a stove explosion at the Leighton home early this week. The Episcopal funeral service was read by the Rev. Charles Glenn Baird. Burial was in Twin Falls cemetery under direction of Undertaker P. J. Grossman.

POOLING IDAHO WOOL
WILL BE DISCUSSED

American Farm Bureau Representative Will Conduct Meeting in Boise

Pooling of the Idaho wool crop is to be the subject of a discussion planned for June 27 in Boise. The speaker of the day will be G. J. Rawlett, American Farm Bureau Wool Pool representative, according to word just received by H. E. Powers of the local farm bureau, from C. B. Ross, secretary. The letter reads as follows:

"We are just in receipt of a wire from the American Farm Bureau Federation stating that C. J. Rawlett, the American Farm Bureau Wool Pool representative, is to be in Boise to discuss the pooling of Idaho wool."

"This will be an unusual opportunity to get in direct connection with the American Farm Bureau program of pooling and selling wool."

"Inasmuch as Mr. Rawlett can make but one stop, in Idaho, according to our information, W. B. Mitchell, wool project leader of the state farm bureau, has called a state meeting of those interested in wool pooling here in Boise on June 27th, at 10 a. m."

"Mr. Mitchell would like very much to have each county agent interested in wool pooling present at this conference and suggests that each agent bring one or more wool men with him to the conference. I would be pleased to know what action, if any, you will take to take in connection with this matter."

ARTESIAN WATER EXPERT
IS GUEST OF TWIN FALLS

Head of the Geological Survey Ground Water Department Investigating Resources

Oliver Meinster, chief of the ground water division, United States geological survey, who is spending the summer in Idaho with a view to defining the artesian basins of the state and determining the extent of their availability for land reclamation, is today in Twin Falls, having completed with E. B. Darlington, chief engineer for the Twin Falls North Side Canal company, a survey of the Grosbeak creek and Salmon river districts.

Mr. Meinster entered upon his investigations in Idaho in response to request made by managers and operators of the irrigation projects following a presentation of the subject at their meeting in Nampa last winter by Dean Thompson of the University of Idaho school of mines.

Mr. Meinster is regarded as a foremost authority in his field of work. Last year he located artesian basins in the Sandwich islands with the result that irrigation water was made available for material extension of the sugar producing districts of the islands.

25TH FOR RUTH

BOSTON, Mass., (AP)—Babe Ruth of the New York Yankees today knocked out his twenty-fifth home run in the fifth inning of the game with Boston, with one man on base.

Mistakes We Often Make. There is a proverb which reads — "The man who never made a mistake never made anything else."

There is a great deal of truth in that saying. Sometimes we come across one of those perfect individuals who claims never to make mistakes, but more often we find that these very same persons not only make mistakes but very grave ones.

Missed Him. Smithsonian investigators report finding the skeleton of a mastodon in Arizona, but unfortunately the mastodon himself was not at home at the time of the discovery.—Boston Transcript.

The Median Wall. In ancient history, was a wall north of Babylon, extending from the Tigris to the Euphrates, built as a defense of Babylon.

MEXICAN HOUSES RAIDED
BY POLICE AND DEPUTIES

Five Arrests are Made and Seven Barrels of Liquor Confiscated

Five men, all Mexicans, were arrested in raids conducted by members of the sheriff's and police forces this morning.

All were arraigned before Judge O. P. Duval in the probate court this afternoon on charges of dispensing and selling liquor, namely, hard cider. Denial of guilt was entered and the defendants were held under \$100 bail for appearance in preliminary hearing.

The men arrested are: Juan Analsua, proprietor of the Durka rooming house and pool hall; Joe Martinez, proprietor of a place at 364 Main avenue south; Joe Emmanuel, proprietor of a rooming house at 364 Main avenue south; Gonzales Jubin, another pool hall proprietor.

In the raids the authorities confiscated seven barrels of cider, tests of samples of which are said to have shown from 2.10 to 3.75 per cent alcohol content.

THREW PILLOW AT HIM
In a complaint filed in the district court yesterday afternoon John Wynn, seeking divorce from Alois Wynn, alleges cruelty and bad temper. In support of this he charges that on June 10, 1919, his wife, threw a pillow at his head and hit him in the face.

According to Mrs. Burckett, Shunson paid interest on the loan at the rate of 7 per cent until 1917, when he went to France. She has not since heard from him.

LOVIBOND IS ELIMINATED FROM TENNIS TOURNAMENT
WIMBLEDON, (AP)—A. M. Lovibond of New York was defeated in the singles of the British tennis championship tournament here today by E. M. Macgregor, the British Davis cup player, in straight sets, 6-3, 6-4, 6-3.

Ambergris. For many hundreds of years ambergris has been employed in sacerdotal rites of the church, and with fragrant gums it was formerly burned in the apartments of royalty. To some extent it was used as a medicine and as a flavoring for certain dishes. Nowadays ambergris is utilized almost exclusively in the manufacture of perfumes and the preparation of fine scents being first converted into a tincture by dissolution in alcohol.

INDIANA WOMAN CLAIMS
ROOSEVELTS ARE LIABLE

Files Suit Against Estate of Former President to Collect on Endorsed Note

HILLSDALE, Indiana, (AP)—Mrs. Emma Richardson Burckett who has filed a claim for \$60,000 against the estate of the late Theodore Roosevelt to collect a note which she says the former president endorsed, today told the story of the mysterious financial transaction.

Mrs. Burckett claimed she met Roosevelt and a man introduced as Charles J. Shunson, who she believed, was a former Hough Rider, in a Chicago office building during the republican national convention of 1912, and there loaned the money to Shunson on his note, backed by the former president's signature.

Mrs. Burckett scouted suggestions that she had been duped by clever confidence men posing as the ex-president.

Mrs. Burckett told her story after learning that the executors of the Roosevelt estate had branded the signature on the alleged note a forgery and had refused to pay her claim.

An uncle, Henry Richardson, a miner who spent most of his life in Montana (Colorado and Nebraska, died in February, 1912, while on the way to Alaska, and left the money in her care, the interest to be paid to his daughter, Mary Kenney, she said. She consulted a friend, a justice of the peace, now dead, in Danville, Illinois, about an investment, and in June, 1912, was called to Chicago, where she was introduced to Shunson and the man she believes was Colonel Roosevelt.

According to Mrs. Burckett, Shunson paid interest on the loan at the rate of 7 per cent until 1917, when he went to France. She has not since heard from him.

LOCAL SHOTGUN MEN WIN HIGH AVERAGES

A. G. Fisher Elected Vice-President of Association for Coming Year

Twin Falls men carried off high honors in the shoot at Gooding held under the auspices of the Idaho State Game and Fish Commission on Tuesday and Wednesday of last week. Weather conditions on the opening day were far from favorable, a high wind and a little rain contributing to difficult shooting conditions. Of the local men, C. A. Bailey and Ernest White tied with 95 birds each out of a possible hundred. Earl Wright broke 50, while A. G. Fisher, Ed. Barrett, Sweeley and Boise got 80 out of his string of 100 on the opening day. Bailey again distinguished himself on the second day, leading the local men in the afternoon. White broke 50, Wright 40 and Fisher 87. Earl Wright broke 55 straight birds in the handicap, shooting at 20 yards, thus winning the Idaho Hotel trophy, a handsome silver cup. White and Bailey tied for the Capital News trophy, both shooting at 20 yards. Bailey won on the shootoff.

The state of Montana, Wyoming, Utah and Washington were represented at the meet. A. G. Fisher was elected vice president of the association and arrangements were made for the coming year of the next annual shoot at Boise.

Why suffer so?

Why suffer from a bad back from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Twin Falls people recommend Doan's Kidney Pills. Ask your neighbor. Or you ask for stronger proof of merit.

Mrs. J. G. Boone, 173 Elm St., Twin Falls, says: "Some few years ago I was suffering with kidney trouble. I used Doan's Kidney Pills. I was troubled mainly with a dull, soreness and aching across the small, oval, lower back. My kidneys didn't right, either. I used Doan's Kidney Pills at the Majestic Pharmacy and it only took them a short time to rid me of the complaint. Doan's proved to be satisfactory in every way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Doan's Father—Dr. J. C. Doan, Buffalo, N. Y.

ASKS FULL PROTECTION FOR DAHO SAGE HENS

Local Men Declare that Heavy Rain Has Killed Off Most of Young Birds Here

That unless some form of action is taken at once it is a case of protection to sage-birds shooting in southern Idaho is the opinion of prominent local sportsmen who have recently had occasion to look at the situation.

A. G. Fisher in discussing the matter recently, said: "The recent heavy rains over most of this section of the state have had the effect of destroying both eggs and young birds to an extent which is unthought of by the average man. At this time there are practically no young birds, which means that this year will kill off the old ones if they get any at all. As matters now stand the sage-bird shooting this year will amount to little or nothing but this is nothing to worry about with next year and to come to some extent some protection can be given the birds. There are no young birds in the Oakley country, few if any in Shoshone basin and in no section there as many as there should be and as there has been in previous years."

Pete Johnson states that he has recently covered a considerable part of what used to be the best sage-bird shooting grounds in this and adjoining counties and that he finds a dearth of young birds which is surprising. "There are only one remedy that I know of," said Johnson, "and that is to eliminate the open season in southern Idaho counties this year and give the birds a chance to recover. The actual percentage of eggs hatching must be very small and even when the eggs are hatched thousands of young birds are destroyed by the rains. I understand that the state game warden has the power to declare such a close season without special action of any kind and, frankly, if we are to have sage-birds in the next two or three years, this should be done."

STATISTICIAN GIVES REVIEW OF FRUIT CROP

Statement of Conditions and Prospects in Other States is Made

The following summary, issued by Julius H. Jacobson, statistical statistician, contains the state's crop conditions, a good idea of fruit crop conditions in states other than Idaho. The statement covers the period up to June 1.

Apple—Prospects are for a smaller apple crop than earlier indicated, the condition being 48 per cent of normal. A commercial crop of 3,437,000 barrels is estimated compared with 3,275,000 barrels in 1920.

Peaches—A production of 1,854,000 bushels of peaches is forecasted compared with 2,307,000 bushels last year.

Michigan—Condition of the apple crop for this state is a production of 80 per cent of normal, although it is considerably better in northern districts.

Outlook for peaches is 27 per cent of a crop.

The pear crop is better than anticipated at first, the outlook being for 45 per cent of a crop.

Wisconsin—Condition of apples was 60 per cent of normal, forecasting a crop of 2,370,000 bushels compared with 2,307,000 bushels in 1920.

Iowa—Heavy frosts in April damaged apple crop materially, the agricultural crop being only 35 per cent of normal. A production of 1,549,000 bushels compared with 4,410,000 in 1920. The commercial crop is estimated at 62,000 barrels compared with 420,000 barrels last year.

South Dakota—Fruit crop very light on account of severe spring frosts. Nebraska—Apple crop light. Condition of apples 8 per cent of normal. No peaches or pears.

Heavy drought diminished earlier prospects. Other two fruits almost a failure.

Kansas—Apple crop practically a failure—poorest since 1902. Present condition indicates only 3 per cent of a crop.

Peaches will be about 40 per cent of a crop and pears one-third.

Montana—Indications are for a large apple crop. A condition of 90 per cent forecasts a production of 1,105,000 bushels compared with 1,155,000 bushels in 1920.

Utah—A condition of 80 per cent of normal forecasts an apple production of 820,000 bushels compared with 918,000 last year.

Idaho—A condition of 53 per cent of normal indicating a crop of 828,000 bushels compared with 822,000 bushels last year, while pears had a condition of 60 per cent, which indicates a production of 41,000 bushels compared with 69,000 bushels last year.

Washington—Apples: June 1st condition 93 per cent of normal, indicating a crop of 20,000,000 bushels, last year the condition was 85 per cent and production 13,420,000 bushels.

Peaches: Condition 59 per cent of normal, production 1,268,000 bushels, compared with 1,307,000 bushels last year. Pears: Condition 70 per cent of normal, production 1,450,000; last year condition 79 per cent, production 2,140,000 bushels.

Oregon—Good River section will probably produce a record apple crop. Southern Oregon will have a larger

crop than last year. June 1st condition was 90 per cent. Peaches condition 50 per cent. Pears condition 78 per cent. Prune crop of entire Pacific Coast territory considerably below normal.

FOLK TO FORGET RANCOR ON JULY FOUR THIS YEAR

Independence Day Will Be Celebrated by Great Big Picnic in Twin Falls

A bigger, better and entirely different Independence Day celebration than has ever been staged in southern Idaho is promised by the local fete committee in charge, and in the program being outlined for the day's entertainment.

That the eagle will scream in Twin Falls on July 4 is a foregone conclusion, but there will be a new and less discordant note in the chorus. The tone will be patriotic without rant or rancor over past unpleasantness, so the committee is in charge say.

July 4 will be a day of picnicking and joyous demonstration, according to the program being outlined. There will be an address by Col. L. V. Patch, a veteran of the world war, who will speak more of the things that happened across seas during the years when America was in the conflict, and of the harmonious co-operation among the forces fighting the hordes of the Kaiser, rather than dwelling on the events that led to the signing of the declaration of independence.

Program plans are proceeding without any deviation from the set scheme except as such deviation improves the general idea of the celebration. John W. Graham, general committee chairman, says. The program and price list is being shaped up and will be ready for publication in a few days. Mr. Graham announces.

One of the day's features is a free ball game to be played during the morning of July 4. This game will be between teams of playing calibre, and is proposed as an ideal opener for the day's festivities.

A special request has been sent to all business houses to fly the national colors on Independence Day. The municipal government will carry out the usual decoration scheme on the streets.

DISEASE IN CATTLE OF DISTRICT AT LOW EBB

Federal Veterinarian Tells of Excellent Condition Among the Herds

In the state of Idaho there are 50 accredited cattle herds. Of this number Twin Falls county has 10. This report is made officially by W. A. Sullivan, veterinarian of the federal department of animal husbandry, with headquarters at Boise.

Dr. Sullivan reached Twin Falls yesterday on a regular visit of inspection in connection with his quarterly work in the state. He will carry out the loading of a number of "rescued" cattle found in dairy and stock herds in this district. The cattle will be shipped to Boise for final disposal. They have been found to be infected with tuberculosis. There will be two carloads of these cattle, representing about three per cent of all the stock subjected to the tuberculin test in this section.

Dr. Sullivan announces that Dr. Morris Sisley, of Denver, has been assigned to the work of cholera eradication in swine herds of the state, and will take hold in a few weeks. The veterinarian also says there is no hog cholera in Twin Falls county, as far as is known. Some have developed recently in Minnesota, but early steps were taken to prevent its coming to the state, if not stamp it out entirely.

COLE WINS BACK FARM SOLD TO WALTON BROWN

Jury in District Court Awards Property to Former Owner on Payment Default

In the district court yesterday afternoon the dispossession action brought by L. K. Cole and wife against Walton L. Brown and wife, was concluded when the jury brought in a verdict for the plaintiff. The latter was awarded possession of property on alleged default of terms of purchase contract.

A similar case to the Cole against Brown action is being tried in the same court today before a jury. The action was instituted by George W. Blakelee and wife against James A. Brown and Otis Smith. Failure to comply with terms of the purchase contract is alleged.

THREE CULPRITS FINED ON MISDEMEANOR CHARGES

Two Americans and a Mexican Haled into Police Court for Morn'g Session

Three culprits faced Police Magistrate Paul R. Taber this morning, two on charges of being intoxicated and the other with drunkenness and breaking the peace.

Frank Taylor and W. H. Scott, both claiming to be residents of Filer, were arrested last evening by Policemen Shipman and Patton, and were arraigned this morning for drunkenness. Fines of \$10 were levied and paid.

In the case of the third defendant, Francisco Martinez, a fine of \$25 was assessed, but could not be paid. Martinez was accused of "shooting up" the Cottage Inn, on the courthouse. When he was arrested a Colt's automatic pistol was found in his hip pocket. The weapon was confiscated.

CONFESSES ACCOUNT.

Confession of judgment has been entered on the records of the clerk of the district court in the case of the San Lake Leather & Plastics company against George Alexander, doing business in Twin Falls under the firm style of the Alexander Shoe Repair shop. The case was instituted to recover on a merchandise account.

OWSLEY BRIDGE OPENING DRAWS MASSIVE CROWD

Hagerman Packed for Ceremonial Program Connected with Crossing Completion

Approximately 8,000 persons attended the Owsley bridge opening celebration at the bridge site and at Hagerman yesterday. Both north and south sides were well represented all day long. Twin Falls sending a particularly large representation. The celebration was a success from start to finish, the day's program being carried through without deviation of moment. Estimates place the number of outside automobiles in Hagerman yesterday at between 1750 and 2000. Over 800 machines were counted on the road after the ceremonies of the morning at the bridge.

The events of the day, from the bridge dedication address by Governor Davis, to the final end of the program were thoroughly enjoyed, except

for one marring incident, an unavoidable accident at the race track when three men were injured by a bolting race horse. Outside of this untoward event the day's program was carried out in a thoroughly enjoyable manner.

Two Good Ball Games.

Two baseball games were played during the afternoon, Huhl defeating the Hagerman team 3 to 2 in the initial encounter, and George winning from Wendell 5 to 3 in the afterpiece. Both games were well played and aroused intense enthusiasm and excitement.

The festivities opened at 10 yesterday morning, with formal exercises at Owsley, when the crossing was officially tendered to the state officials, for acceptance in the name of the state, and were carried on to midnight. Every event was free, even to moving picture shows, performances being given for juveniles in the afternoon and for everybody at night. There was plenty of dancing during afternoon and evening, track excitement when the horses were gathered from the paddock for matches on the oval. The races were well run and were of a spirited nature throughout.

SPORTSMEN TAKE NOTICE

Mercury Reaches New Altitude for the Present Year

THE mercury yesterday reached the 90 mark and cracked the season's record for high heat. Prior to this occasion the top temperature of 1921 was 88.

In the mountain districts thunderstorms will hold attention, the weather man avers. He also predicts unsettled conditions in this immediate district. The temperature last night wasn't conducive to particularly restful slumber, but how it did make the corn sprout.

THREE INJURED WHEN HORSE LEAVES TRACK

Festivities at Hagerman Marred by Unfortunate Accident During the Races

Persistent street reports in Twin Falls today of a fatal accident during the race meet at Hagerman yesterday,

were officially denied at noon by Glenn Journey, secretary who had charge of the Hagerman celebration. "We had a regrettable accident during one of the running races at about 4 o'clock yesterday, and three persons were injured, but there was no fatal injury, and no injuries of a particularly serious nature. All the patients are on the way to recovery; in fact, two were up and around today," said Mr. Journey to the News representative.

The accident referred to resulted from the bolting by a fractions horse along toward the end of the race. The animal became unmanageable and dashed into the crowd near the finish, knocking down five persons, and falling itself on three. These are a 17-year-old boy named Weaver, son of D. C. Weaver, a Huhl district farmer; Charles Palmer, of Bliss and J. E. Condit of Hagerman. The latter two were knocked out for a short time, but recovered rapidly. Young Weaver was cut considerably about the upper portion of the body, the face and arms and was unconscious for some time. He recovered and was taken home, where, according to reports from Huhl, he is today resting well, and will suffer no permanent evil results from the accident.

Karlo Richards O'Hare will lecture on "Crimes and Criminals," Friday night, July 1st, 1921. Place to be announced later. H. H. Freudenheim, Spon.-adv.
