

# ORATOR OF DAY LOUDLY PRAISES IDAHO FIGHTERS

**Col. L. V. Patch Gives Due Credit to 148th Artillery for War Service**

Colonel L. V. Patch, speaker of the day on the Fourth of July celebration occasion, addressing a tremendous crowd in the city park last evening, injected more patriotism in a 20-minute speech than probably was ever before presented in a talk delivered from a local platform. Colonel Patch confined his remarks to the matters of the day, and the incidents of the great strife lately closed, making no allusions derogatory to countries that have in recent years proved the friends and allies of the United States.

Praises 146th.

"I would rather be a private in the Tenth and see the Field artillery than be a general in any other organization," said Colonel L. V. Patch in an address in the city park yesterday evening. Colonel Patch who was at one time in command of the One Hundred and Forty-sixth and was acting as a member of the committee of speakers at the front in 1918, discussed war experiences in his talk here yesterday and highly praised the men from Idaho with whom he fought.

"The women who saved the pennies

overturns deserve half the credit for their favorable outcome of the war," continued the colonel. "One cannot praise the work of either too highly." The speaker explained in detail the work of the One Hundred and Forty-sixth and the part they played in four major fronts, from Champagne-Marne to the Argonne offensive, telling of the hardships and difficulties of the Chateau Thierry drive and how the American army overcame them.

Despite the violence of repeated attacks at Belleau Wood and neighboring sectors, the Americans never gave an inch, and not a gun was taken or surrendered. The men of the First Field Artillery, horse troops, war troops held their ground and made the wheat field at Belleau Wood a spot with a history all its own."

The speaker declared that one of the greatest troubles he encountered in his life was his experiences as his transfer from the One Hundred and Forty-sixth to the Three Hundred and First Field artillery just before the armistice was signed. No position in the army, he said, would have induced him to leave his home state organization voluntarily.

Before the introduction of Colonel Patch, M. H. (Dad) Pape recited an original poem "Ode to the Flag" which was received with rounds of applause.

CHATAUQUA FOR 1922  
HAS MANY GUARANTORS

**Fifty-Six Signatures Attached  
to Pledge List for Sum-**

Fifty-six signatures have been attached to the list of guarantors for the 1822 Twin Falls Chautauqua. The list has just been completed and comprises a strong lineup guaranteeing next summer's week of tent entertainments.

C. F. Wright, M. C. Mitchell, P. W. McRoberts, E. A. Walters, C. A. Robinson, the Rev. E. L. White, Dr. E. R. Williams, Dr. J. W. Williams, Dr. J. W. Williams, Dr. George H. Caldwell, James Fitzgerald, Stella Hibbard, Dr. Emma C. Crossland, W. E. Bangor, T. J. Lloyd, C. C. Wiley, J. W. Williams, Dr. W. Dumke, Edna M. Warner, John S. Kimes, Dr. C. D. Weaver, J. S. Hall, J. E. Davies, O. F. Duvall, Mrs. H. C. Wiley, Dr. J. W. Williams, Dr. C. E. Potter, W. F. Miskell, Dr. T. S. Wasson, J. E. DoWitt, Dr. J. Skokett, Howard W. Robinson, J. L. Gillette, Dr. J. W. Williams, Dr. J. W. Williams, Dr. Roscoe Stearns, Burton E. Morse, Katherine Provost, E. J. Finch, H. J. Kingsbury, Elizabeth M. Shetwell, J. W. Williams, Dr. J. W. Williams, Dr. E. P. Dunlap, L. W. Hickling, Dr. D. Bolton, Mary Y. Norton, Dr. Hal Slater, W. A. Patrick, V. C. Baker, Dr. W. M. Fisher, J. W. Jassce, G. T. Hunt.

**DR. MECKLENBERG COMING**  
Dr. George Mecklenberg, centenarian, secretary of the Methodist Episcopal church will occupy the First Methodist church pulpit in Twin Falls next Sunday morning. Dr. Mecklenberg is located at Billings, Mont., and will make a trip through this section of the country in the interest of the centennial of the church.

# RADICAL CHANGE IS FORECAST BY CHINESE PRESS

Newspapers Freely and Openly  
Discuss Prospects for Far-  
Reaching Shake-up Growing  
Out of Situation.

PEKING. (AP)—The Chinese newspapers are freely and openly discussing prospects of a far-reaching change in Chinese affairs which they have declared is possible and even probable this summer.

One of the dominant figures to whom all experienced observers look for an initial movement in bringing about the predicted change is General Chang T'ai-lin, military governor of Manchuria, whose influence in the capital is now paramount.

The prevailing belief is that General Chang is favorable to the restoration to the Chinese throne of the boy emperor who has long been a prisoner in the Peshien City.

There was widespread expectation that Chang would inaugurate a movement in the spring or early summer to move to put the boy emperor back on the throne but it has not thus far materialized.

Speculation Changes Trade.

This in turn has given way to internal dissensions between Chang and other leaders. Cabinet changes have ensued and there has been talk of suppressing the independent movement at Canton.

While the newspapers discuss the whole subject quite freely yet there is nothing authoritative and little opportunity to substantiate the reports so freely circulated.

Many observers attribute these movements and counter-movements to the well known shortage of funds from the military leaders in China are suffering. The state of the government in China hangs to a larger extent than westerners would suppose upon the attitude of the three military governors of the northern provinces who intend to control everything north of the Yangtze river. Recently they held a meeting in Tientsin and entered upon some kind of an arrangement for the division of authority between them. The premier and several of the ministers made repeated journeys to Tientsin to confer with them and a shake-up in the cabinet was made to suit these military commanders.

Premier Faces Dilemma.

The premier who is opposed to making any further loans has proposed a program of retrenchment which covers disbandment of troops. The military governors refused to permit their troops to be disbanded and those of the ministry of war cannot be disbanded without paying up the arrears of pay which the government seems unable to do.

There has been talk of a military movement to oust the president, Hsu Shi-chang, and restore Li Yuan-hung to the presidency.

The shortage of funds is so great that even the cabinet secretaries have to accept part of their salaries in bonds which they cannot possibly sell. The government's schools are all closed and the minister of education and all teachers have resigned because the government cannot pay over a sufficient sum monthly to make sure that salaries and expenses will be met.

## REVENUE AGENTS BEGIN SALES TAXES CLEANUP

Special Forces, Divided into Flying  
Squadrons, to Supplement Activities  
of Regular Collectors

WASHINGTON, D. C., (AP)—With every city of importance in the United States included in the campaign plan, a force of 250 specially trained revenue officers Wednesday began a nationwide "clean-up" of delinquent sales taxes. The special force will be divided into flying squadrons which will supplement the activities of the two thousand regular deputy collectors.

The cities marked for the first raids, it was announced, include Denver and San Francisco. Special attention is to be given to verification of returns of the manufacturers' excise, the tax on soft drinks and the transportation, jewelry, admission, and insurance levies.

After the first 14 cities have been thoroughly combed, the flying squadrons will be transferred to Philadelphia, Birmingham, Houston and Salt Lake City. Other itineraries are in course of preparation.

## New Gun to Hurl 5-Ton Projectile 200 to 300 Miles

Scientists See Demonstration  
of Revolutionary Weapon  
of Warfare

NEW YORK. (AP)—Scientists and inventors Wednesday discussed the remarkable qualities of a new gun, which Dr. Miller Reese Hutchinson, former chief engineer for Thomas A. Edison, claims may be developed to hurl a projectile of five tons from 200 to 300 miles. Its velocity, he declared, ranges from one to five miles a second. The noise it made at a demonstration yesterday sounded much like the click of a cash register though only a miniature weapon with an eight inch barrel was used. Its projectile may be stopped in a sheet of steel with the precision of a trolley car.

The gun is the invention of John Temple, an Englishman, who developed the idea in this country.

The demonstration, held in the presence of scientists and newspaper men, was in Dr. Hutchinson's office on the fifth floor of the Woolworth building. The testing grounds consisted of a box of sand on the floor, over which was placed a sheet of steel three-quarters of an inch thick.

Pointing the gun downward Dr. Hutchinson discharged the weapon and the cash register click was heard. In the sheet of steel there was lodged a projectile three inches long and one-half inch in diameter. The ends stuck out on either side of the steel. There had been practically no recoil.

The demonstration gun used by Dr. Hutchinson had a velocity of one mile a second. He declared the high power rifles now in vogue obtain their velocity through the use of small projectiles, long barrels and about three times as much powder as is used in the new weapon.

The elimination of a loud report, he said, was obtained by confinement of the expanding gases to the chamber from which the projectile emanated. The weapon resembled the nozzle of a pneumatic hammer.

## Count Shows Fewer Foreign-Born Men on American Farms

Decrease is Largely Accounted  
for by Germans Returning  
to Native Land

WASHINGTON, D. C., (AP)—The number of foreign born farmers in the United States has decreased by 88,502 or 13.2 per cent in the last ten years, the census bureau announced Wednesday. The decrease was \$1,148 among German born farmers alone, was due, it was said, to the large number of foreign born who returned to their native countries during the war.

Native white farmers who numbered 4,917,305 in 1920, constituted 85 per cent of the nation's tillers. The remainder were divided as follows: Foreign born white, 581,054; negroes 926,237; Indians, 16,213; Japanese, 689; Chinese, 638.

States showing the largest percentage of foreign born white farmers in 1920 were North Dakota, 27.7; Minnesota, 27.7; Connecticut, 23.7; Washington, 20.8; California, 20.1; and Wisconsin, 20.5.

The number of negro farmers increased 3.7 per cent during the decade. All but a little over 1 per cent of them were found in the southern states.

Japanese farmers settled almost exclusively in the far western states, census showed. California led with 5182; Washington had 609; Colorado, 321; and Oregon, 224.

## DAUGHERTY RULES BOOZE CANNOT CROSS COUNTRY

Upholds Decision of Predecessor Despite Diplomatic Protest; Prohibits Transportation

WASHINGTON, D. C., (AP)—Despite diplomatic protest, Attorney General Daugherty has upheld the ruling of his predecessor that alcoholic liquors cannot be transported across territory of the United States, in transit from one foreign country to another. The opinion was sent to the customs division of the treasury Wednesday and a conference of customs officials was held to determine methods of enforcing it.

Protests against this interpretation of the prohibition law were filed some months ago by the British embassy in behalf of Canadian citizens and by the Italian embassy after Attorney General Palmer had rendered an opinion on February 4 that such transit of liquor was unlawful.

## WOULD CONVINCE WORLD TEACHERS

Educator Advocates Wider Use  
of Schools in Citizenship  
Training

DES MOINES, Ia., (AP)—Recommendation that an international congress of education be held in 1923 under the auspices of the National Education association was made here today to an association's annual convention by its committee on foreign relations. The committee report was presented by Augustus O. Thomas, state superintendent of public instruction of Maine.

All nations that desire to develop the spirit of universal education and perpetual peace should be invited to participate, the committee advised.

Closer Alliance Sought.

It reported that in its first year of existence it found manifest a "growing desire for a closer relationship among the nations."

The main purposes of the several agencies now active in the field of international policies, the committee added, are to create a better understanding, to develop a greater sympathy among neighbors, to unify ideals of a general or universal nature, to promote universal education among free peoples, and to correct some false notions which the people of one nation sometimes acquire of another.

"For example," the committee reported, "some of the textbooks used in our own country in speaking of our Latin-American republics 'make the statement that the inhabitants of a certain country are 'mainly Indians,' with no emphasis upon the fact that there is a considerable body of highly cultured white persons living in that country."

Would Correct False Notions.

"It is true also that the idea of American life often set up in Europe do not give an adequate understanding of the true American. These false notions may be corrected by co-operation."

## MEXICAN DIG IN WHEN TRAFFIC CONGESTION GROWS

MEXICO CITY. (AP)—Underground passages are to be located at 20 of the principal street crossings in this city to relieve the traffic situation which has become serious. It is planned to have the cost of digging the tunnels covered by rentals from various concessions which are to be located underground. Work of excavating is to begin soon.

# Interesting News From BOOTH'S New Things and Goods Specially Priced

Are offered from the big busy store. Prices are kept at the lowest commensurate with quality.

## A Special Value in Silk 36 Inch Taffeta for \$1.50 Yd.

Chiffon taffeta in good quality, our regular \$2.50 silk. In three shades of light blue, pink, tan, brown, dark green, dark red and mulberry. Some short pieces. All usable and great values.

## Silk Sport Skirts 1-4 Off

Every one included. All the fancy weaves of newest silks. The bright colors of the season make them very attractive. They are alluring when worn with

## Silk Sweaters

Which we are selling at 1-3 OFF.

## Real Irish Handkerchief Linen \$1.75 Yard

In colors—the very newest thing for summer dresses

Comes in canary, white, gold, lavender, rose, light blue, pink and copen. It is 36 inches wide, all pure linen. Make up awfully pretty and cool. It's just new.

## Fancy White Voiles 50c Yd.

Dozens of pretty patterns of soft stripes and plaids in beautiful soft voiles of extra quality. 36 to 40 inches wide. You'll sure need a voile dress for hot weather. 50c a yard for this quality is a bargain.

## The Prettiest, Newest Collars and Dress Fronts

They have been arriving the past week. Made of organdy, voile, net and lace. Some of them tucked, some in bright tomato and rose shades. Some grey and blue, and all very pretty. A style for every wear. Reasonably priced, from 75c up.

## Drapery Marquisette 25c Yd.

Another special, 36 inches wide, some with borders. A good quality in natural or ecru. All you want.

## Colored Dress Voiles 39c Yd.

40 inches wide, fine quality voile in good patterns and shades. Just in time for hot weather making. Not a cheap voile but a good one. Also fine qualities for you at 50c, 75c, and \$1.00 a yard that are wonderfully pretty.

## Ladies' Union Suits in Gauze \$1.00 Each

These suits are a fancy gauge gauze, neat fitting garments, bodice top or tape edge, good wearing. We also have Kayser suits at \$1.25 up and Athena which we think the best made.

## New Jap Kimonos

Just in today—direct from the Orient. We can't tell you how pretty. You'll have to see them. All embroidered in pounce and various bright colored silks. Very pretty designs. They run from \$10 up.

## New Kimona Silks

About half the old price. New ones on display. Come in and see them.

## Play Suits for Kiddies

The prettiest styles, the prettiest colors we ever saw. You see them and tell us what you think. Try them on and see how cute they are, and they are not expensive either. And don't forget the kiddies' box while in, we have a beautiful lot in both silk and lisle.

## THREE TEAMS ARE TIED FOR TOP POSITION IN TWILIGHT LEAGUE; LEGION BEATS I. D. S.

Fossem and Moreley Subdue "Hitless Wonders" in a Conflict Requiring Four Twirlers to Complete—Merchants Gather Only Three Hits But Score a Run for Each—Soldiers Strengthen Lineup Materially

**M**AINTAINING the first half of the gratuitous sobriquet "hitless wonders" the I. D. S. players last night went through a seven-inning solace with the Legion club and during the party lost the tail-end of the moniker. The former soldiers vanquished the Merchants in the fifth game of the Twilight league, 12 to 3. By this procedure three teams, the I. D. S., Banks and Legion are tied for league leadership. Hits for the I. D. S. were widely scattered and amounted to three all told, and none went for more than a single base. Albeit it became necessary for the Legion field boys to withdraw Fossem from the fifth game of a real trouncing. The Merchants gathered a brace of blows in that round, and seriously threatened the first line defense of the former khaki-men.

**Fossem Goes Lane.** In the near-fatal fifth Fossem went bad; so bad in fact that Moreley had to be impudently into stop-loss service. Moreley functioned bravely as an effective stopper. Fossem started the round on the wrong foot when he hit Exeter, a notably weak hitter, walloped the ball for a single to the infield. The pitcher was totally responsible for the hit, as he fielded the ball to let it get his man at first. When he did retrieve the pill he flung badly to Zinke, playing the initial hawker, and let the eagerly merchant down to second. This hand-play was followed by an error at shortstop on Linville's push. The latter stole and Frank Kieffner, another "hitless wonder," whaled a single into right scoring the bases. It was at this juncture that "Speed" Moreley was called into the pitching portion of the picture. None was out when Moreley took up Fossem's burden, but he fanned three men in the first. In the next two rounds only seven men faced the star pitcher of the league.

The Merchants looked like sure-thing winners during the first frame when they scored two runs off one hit, a base on balls and Fossem's first error. After that to the fifth, "Foss" was an enigma, only ten men coming to bat in the next three rounds. The soldier men presented a new and stronger infield lineup for last night's game. Zinke going to first base, Ostrander, star of the Idaho State university team at second, with Brown and Bonwell in the suburbs. Ostrander played the keystone position like a veteran and gave the team added strength at bat. He is fleet of foot and beat out a couple of infield rollers. Zinke improved the position around the initial base.

**Begin Early.** Scoring by the Legionnaires began early in the game, the soldiers compiling a total of four tallies in that period thus overtopping the Merchants' count by two. Ostrander led the attack on Linville with a hit to second, which he beat. Bell singled and Moreley was safe on an attempt to nip Ostrander at third base. Zinke hit the runner and against the ball for three bases, the sphere passing between center and left fielders. That blow scored Ostrander, Bell and Moreley and with Brown out on strikes, Bonwell struck, the blow that counted Zinke, Rile and Bonett fanned.

Fossem fled out to Sib Kieffner inaugurating the second frame, but he transferred heat out another infield roller. An error at third base put Bell on first. Moreley hit a grounder between third and shortstop, the runner beating the pill handily when Hughes failed to take the ball. With the bases packed Linville walked Zinke, forcing in Ostrander. Bell stole home. Ray Brown fled to Exeter. The rout was made complete in the fifth when Linville was rammed and his support became peria. The sturdy tinker walked Bonwell in the gateway, the runner striding down. An error by Solek at second base gave Bonwell third after Rile had been passed. The latter stole second and both men scored on Bonett's double to right. Sib Kieffner entered the box at this point in the proceedings, but the inning yielded the Legion men six runs all told. In the next frame little attempt was made to win scores for the soldiers, the lead being deemed sufficient. Rile, who caught last night's game

for the former service man, has been backstopping for the Moose, but quit that team this week.

Moose	1	1	.500

### MITCHELL MAY BE SECOND MIRACLE MAN WITH BRAVES

Chances that the Boston Braves, directed by two of the men who had considerable to do with the great dash of the team to a National league pennant and a world's championship in 1914, will repeat this season are being seriously considered by baseball experts who have watched the team in its recent road trip when eleven games were won and six lost.

Manager Fred Mitchell of the 1921 Braves was the first lieutenant of George Stallings, the pilot in 1914, directing the work of the pitchers that season. Dick Rudolph, a former pitcher, who is now Mitchell's "right hand man," was the Braves' most effective mound mainstay in that thrilling campaign that carried the Boston team, in but just over a year, to the pinnacle of major league baseball.

The combined efforts of Mitchell and Rudolph now have the "big four" of the Braves' pitching staff, McQuilgan, Filligim, Oeschger and Scott, working smoothly despite the hazards of the "lively ball." The team, composed mainly of young players, is batting well, also is fielding eagerly, although, on paper, the Braves infield is one to be sniffed at. All in all, the Pirates and Giants are watching the Bostonians with apprehension.

**Georges Cannot Fight Labor Day is Announcement**

**Broken Hand Will Prevent Early Bout — Gibbons Match Sure Columbus Day**

NEW YORK, (AP)—Hope of getting Georges Carpentier's signature today to the articles of agreement for a bout with Tim Gibbons on Columbus day, October 12, was expressed by Tex Rickard, who said he expected a visit from the French boxer's manager, during the afternoon. No trouble is expected from the Gibbons side of the contract. Rickard had hoped to arrange the meeting for Labor day, but Carpentier's broken hand will prevent him from entering the ring before the early part of October.

What is useless to you may be valuable to others — advertise it in the **classified.**

### Brief Bits of Sport

William Harrison Dempsey tells folk in Chicago an attempt was made to put him over the loser against Carpenter.

The Champion tells a lurid story about two men who got to his corner in the third round and one had a towel ready to chuck into the ring, in token of Dempsey's defeat.

Although he declares the men were arrested nobody seems to know anything about the men or the incident.

They are fixing for a championship crime between Dempsey and Black Jack Johnson for Labor day.

There are many people in this and all other countries who overlook the eternal fitness of things in their pursuit of lucre and notoriety.

Johnson, a convicted white-slaver and pronounced flagrant violator of every section of the moral code, is just completing a term as a guest of federal authorities in a government prison.

Can't they look around and get something that at least looks decent if they want to make matches?

By the way, what have you heard lately about a battle match between Horomans, Belgian champ, and Willie Hoppe?

Urban Faber has won 14 and lost 6 games for the White Sox this season.

If Comiskey had a half dozen like the Cascade, Iowa, had the flag would go to the Sox buds down.

But the Old Roman is burdened with too many Mulrennans, Wilkinsons and the like.

Our notion of a real test for Georges Carpentier is, a flat encounter with Teamy Gibbons.

If the Frenchman can dispose of the St. Paul light heavyweight, he can go matches with Fred Fulton and Bill Brennan, and land a good bundle of cash for himself.

Then he can go over to England and get on with Frank Moran, tow-headed Pittsburgher who is aching for a good mill.

But that's a strenuous campaign for any scrapper.

### Theatres

Members of the lodge of Elks throughout America will be interested to know that Gertrude Olmstead, who was elected the queen of the fraternal order at their convention in Chicago last summer, is now playing the leading feminine role in the Universal photodrama, "The Big Adventure," which is to be seen at the Gem theater today.

A little over a year ago Gertrude Olmstead, 16 years old and unconscious of her unusual beauty, was attending high school at LaSalle, Ill. The Elks, looking forward to their convention in the Illinois metropolis, delegated a leading newspaper of Chicago to hold a beauty contest to select the best young woman in the middle west, the winner to be crowned Queen of the Elks. Carl Lammle, president of the Universal Film Manufacturing company, happened to be in Chicago at the time and to add zest to the contest offered the winner of the contest a contract to appear in pictures at Universal City.

**More Light on the Adam Family.** Referring to the recent statement of a scientist that the Garden of Eden was located in Ohio, we are reminded of the Scotch laird who told a famous singer that Gaelic was the language of Adam. The singer afterwards spoke laughingly of the claim to another Scotchman, who remarked in all seriousness, "The laird was quite right. Dinna ye ken that the Garden of Eden was in Scotland? Dinna ye ken that Adam's name was McPherson?"—Boston Transcript.

**Diction.** He noble both in the affluence and the economy of your diction; so wealth that you can put in, and tolerate no superfluous that can be struck out.—Thomas Wentworth Higginson.

### VELIE COMPANY MAKES ANOTHER PRICE SLASH

Marked Reduction is Made in Quotations for Popular Make of Auto

Another cut in prices totaling reductions of \$400 on leading models, was made by the Velie passenger cars today. The prices are now lower than have ever prevailed before on the present Velie line, announced L. T. Wright, local distributor.

This cut brings the Velie's larger five-passenger model 48 to the fore as the "lowest priced six equipped with the Continental T-R motor and Timken axles." The new price is \$1585.

The total cut on the smaller six model 24 is \$200, bringing the price down to \$1385. This is the "six" that recently attracted wide attention for its descent of the Grand Canyon of the Colorado river, and pulling to the top again with a 1600-pound load of passengers and equipment, all under its own power. It is asserted that this feat was never accomplished by any automobile before.

New prices on other styles are as follows: Model 48 sedan \$2485; model 48 speedster, \$1800; model 48 seven passenger, \$1950; model 34 sedan \$2085; model 34 roadster, \$1585. All models are regularly equipped with cord tires.

F. E. Bradfield, vice president of Velie Motors corporation, stated today that the factory has been running strong every month of this year and that production has been near the peak for sometime. In view of the latest price reductions preparations have been going on for a greatly increased output.

"Business as established cars never

### Discovers New Continent in the Antarctic Rich in Oils

Dr. Cope, the head of the British Antarctic expedition, who has, according to a dispatch received at Vancouver, B. C., discovered a new continent in the Antarctic. It is described as rich in minerals, oils, furs, and strange birds of immense size, as well as seals, sea leopards and gorgeous emperors penguins inhabit this land beyond Terra del Fuego. The area of this new continent, lying at the "bottom of the earth," has not yet been computed.

had a finer outlook," said Mr. Bradfield. "So far as we are concerned our problem is how to keep production at such a point that we will not be over-sold within the next few weeks. In this reduction in price we are cheerful."

ly complying with the spirit of the times. We have always rigidly maintained quality as a foremost consideration and always will, and it is a fact that the volume of business done, on quality rather than price is increasing at an astonishing rate."

Leaving Twin Falls at 8:00 A. M. (Local Time)  
Arrive Boise 3:30 P. M. (Local Time)

Making connection with No. 19 going west, at Mountain Home.

Giving one hour for dinner before the arrival of 19, going west.

Fare same as railroad.

**TRASK BROS. STAGE CO.**

## An Indispensable Service

More of us than is ordinarily supposed depend directly or indirectly upon the chief constituent of petroleum—gasoline. Don't think for a minute that motor vehicle owners are the only ones who depend on gasoline. Motor transportation is a vital factor today in the life of almost every American community—particularly in supplying the so-called "perishable" foods.

The problem of furnishing gasoline for the 9,000,000 motor vehicles registered in the United States is by no means a simple one. The Continental Oil Company is responsible as a public servant for maintaining a dependable supply of petroleum products in the six states which it serves at all times. And this responsibility is not an easy one to meet. It calls for a large amount of equipment, including tank-truck fleets; storage depots, properly maintained service stations, etc., all involving the investment of a large amount of capital. In other words, it is a decidedly big task and must be handled in a big, progressive way.

This company is always striving to be of the greatest possible benefit to the greatest possible number. It feels that the gratifying success it has attained is but an indication of the effectiveness with which its policies have been administered and the degree to which they have been of service to the public at large.

Largely as a result of the service now being rendered by the Continental Oil Company, motorized farm equipment is kept well supplied with fuel and oils of reliable and uniformly high quality; the motor truck fleets of industry and business in the large cities can obtain their full requirements at all times; housewives are always able to purchase pure, clean kerosene, parowax, household lubricants and many other household necessities, all of which will usually be delivered at their doors. And, of course, every motorist is assured of high grade gasoline and motor lubricants by simply stopping at any one of the hundreds of Continental soldier signs—they are symbols of superior quality and supreme service.

Don't go shopping for your gasoline and motor oils. Get a supply of Conoco Coupon Books and carry them in your car. You'll find them a decided convenience on the road.

# DISTRICT ORGANIZATION IS LAUNCHED TO WAR ON DISCRIMINATORY RATES

Steps Toward Uniting Communities in Twin Falls Branch in the Fight for Equitable Freight Charges are Taken at Chamber of Commerce Meeting Addressed by Leonard Way, State Public Utilities Commission Traffic Expert

Initial steps toward formation of an organization of communities served by the Minidoka-Buhl branch of the Oregon Short Line railway to wage war against discriminatory freight rates were taken today at a luncheon-meeting of about 50 members of the Twin Falls Chamber of Commerce held at the Regerson hotel, and addressed by Leonard Way, chief of the state public utilities commission traffic department; H. E. Powers and E. M. Munson of the committee in charge of presentation of evidence to be presented at a freight rate hearing here tomorrow to be conducted by Mr. Way for the state commission, and others.

Acting upon the suggestion of John W. Graham of Twin Falls, former chairman of the state public utilities commission, Asher B. Wilson, president of the chamber of commerce who presided at the meeting, named a committee to proceed with plans for the proposed organization. Mr. Graham was appointed as chairman of this committee and other members named were James S. Russell, president of the Twin Falls Bank and Trust company; former Senator M. J. Swelley; C. E. Munson, president of the Southern Idaho Wholesale Grocery company, and H. E. Powers, county agent for the Twin Falls county farm bureau.

Instructions to the committee were to confer with commercial agricultural organizations and county commissioners of Twin Falls, Cassia and Minidoka counties with a view to calling a meeting of their representatives to launch the proposed organization.

**Biggest Problem of Day.**  
In presenting his suggestion looking toward the formation of such an organization, Mr. Graham declared that the freight rate question is the biggest problem faced by this region; that the excessive rates of the Oregon Short Line, which he characterized as a "freight tax" upon everything which he eats, wears or uses. "We must stand together and fight this thing to a finish," Mr. Graham declared. He took the position that a regional organization could work more effectively toward bringing relief than the state commission which would be handicapped by lack of funds and assistance. Pointing to an increase of 9 1/2 cents a hundredweight in the freight rate differential on potato shipments as between Twin Falls and Greeley, Colo., Mr. Graham said that this extra charge alone took a toll of about \$450,000 a year from Idaho potato growers who faced ruin unless granted relief.

**Suggests Court Proceedings.**  
Resort to court proceedings against the Interstate Commerce commission and the railroad was proposed by Attorney Turner C. Backman as a possible mode of procedure in the fight to obtain relief from discriminatory rates. He said that he had made inquiry in a similar case lately instituted by the state of Texas, and that he had no doubt such action would be effective. He related a recent conversation which he had with Senator Goodrich in Washington, in which the senator said that he could do no more toward alleviating the freight rate situation and advised that the people of Idaho "get busy and raise hell."

"A difference of one cent a hundredweight in the freight rate amounts to about \$200,000 on the wheat crop of this territory," Mr. Way said by opening his remarks with respect to the freight rate situation. "Successive increases in freight rates on a percentage basis have increased the differential as between long and short hauls," Mr. Way said, so that the rate on a hundred pounds of potatoes, for instance, from Twin Falls to Omaha is 42 cents more than it was in 1918, where it was only 25 cents, while the rate from St. Paul to Omaha is only 25 cents."

**Idaho Revenues Drop.**  
Records of the railroad companies for the four months period ending with April, 1921, as compared with the corresponding period last year, show a loss in freight revenues amounting to \$42,000,000. Mr. Way said, adding that the loss during this period reported a gain of \$25,000,000, while western roads suffered losses amounting to \$23,000,000 of which amount the roads serving Idaho lost \$14,000,000. Mr. Way reviewed successive efforts on the part of shippers and state commissions to secure reductions in rates and readjustment of long and short haul tariffs by which the intermediate region is claimed to be discriminated against. "The carriers," he said, "persist in their refusal to readjust rates basing their decision on the alleged facts that freight is moving in producers are receiving remunerative prices."

**Prices Less Than Cost.**  
In this connection Mr. Way said that inquiry made by the state commission in Oregon county showed that the growers there would have to take 50 cents a hundred less than the cost of production for their potatoes in middle western markets. "The hearing here tomorrow," Mr. Way said, was ordered by the state commission with a view to determining exact facts with relation to costs of production and other information relating to the transportation situation. This information, he said, would be used by the state commission as occasion presented. He expressed satisfaction with the steps as completed here for presentation at the hearing.

**Co-operation Given.**  
Mr. Powers and Mr. Munson, who had charge of the compilation of this data, were called upon to make remarks, and both expressed the wish to co-operate fully with the state official. Mr. Munson reported a high degree of co-operation on part of persons from

## NEWS GAINS FOR EDUCATION

National Association Field Secretary Says Public Appreciation is Growing

DES MOINES, Ia., (AP)—Public appreciation of education has increased during the past year with the result that much headway has been made in the movement to secure the creation of a federal department of education, according to the field secretary of the National Education association, told the national assembly of the body here this morning. Mr. Magill presented a brief and annual report of the legislative committee.

**Urges Conservation.**  
Arthur H. Oberholser of San Francisco, reporting for the committee on thrift education, said that thrift is the foundation of character and urged not only the district but the national level to devote its cabinet officials as director, Hugh S. Magill, field secretary of the National Education association, told the national assembly of the body here this morning. Mr. Magill presented a brief and annual report of the legislative committee.

**Sets School's Objective.**  
The city school system and its relation to the American people in education, was discussed. Important objectives of the city school were set forth as follows:  
A superior teacher in every class room.  
The elimination of illiteracy, through Americanization training up to the age of 18.  
Department of education with a secretary in the president's cabinet, and the equalization of educational opportunity.

**ALLEGES GRAND LARCENY**  
Hal Cunningham and Earl Carr are accused of grand larceny in a complaint filed by state representative, Tim the Mallory justice court today. The state claims that the defendant robbed an automobile belonging to Georgia Rosenberg, of many parts and fixtures, the cash loss being placed at \$75. The car was robbed, according to the complaint, on June 27.

## Today's Markets

### WHEAT SCORES UPTURNS

Reports of Crop Damage Stimulate the Trading and Price Advances

CHICAGO, (AP)—Firmness developed in the wheat market today chiefly owing to bullish crop reports from North Dakota. It was said that on much acreage in that state the crop had been almost entirely destroyed by drought, and that elsewhere the quality had been injured. Crop failure advice was also received from southern Ohio. Trade was light, and the market easily influenced. Opening quotations, which ranged from 1-4 off to 1-2 advance, with September \$1.16 1/2 to 1.17 and December \$1.18 3/4, were followed by material gains all around.

Black rust reports from Manitoba and Saskatchewan attracted notice later, and so, too, did disappointing threatening reports from Ohio, Indiana, Illinois, Iowa and Missouri. The close was strong 3/4 to 5/8 cent higher, with September \$1.20 1/2 to 1.20 3/4 and December \$1.23 1/2 to 1.24. Clearing weather in Illinois, Indiana and Ohio had a bullish effect on corn. After opening unchanged to 3-4 higher, including September at 59 1/2 to 60, the market scored a decided general advance.

No important reaction took place. The close was firm, 5-8 to 1 1/8 cent higher, with September 60 7/8 to 61a. Oats were lifted by the corn strength, starting 1-8 to 1-2 up, September 37 1/2 to 37 5/8, prices soon hardened all around. Higher quotations on hogs gave a little firmness to provisions.

**Cash Quotations**  
CHICAGO, (AP)—Wheat No. 2 red \$1.20 1/2 to 1.21.  
Wheat No. 2 red \$1.20 3/4 to 1.22.  
No. 2 hard \$1.21 1/2 to 1.23.  
Corn No. 2 mixed 58 3/4 to 59 1/2.  
No. 2 yellow 59 to 60 1/2.  
Oats No. 3 white 35 3/4 to 36 1/2.  
No. 3 white 35 to 36.  
Rye No. 3 \$1.17.

**New York Stock Market**

NEW YORK, (AP)—The stock mar-

ket today made numerous extensions to yesterday's buoyant recovery, but many gains were cancelled on extensive profit-taking. Sales approximated 600,000 shares. Stocks forfeited part of yesterday's substantial gains in the early stages of today's trading. Profit taking was observed in most of the speculative favorites, notably the foreign oils. Mexican Petroleum soon declined 2 points and Pan-American Petroleum 1 point. Irregular recessions were made by American Sugar, Atlantic Gold, Eureka, er, Baldwin, Bethlehem, Crucible and United States Steel. Rails retained much of their firmness, but gains were confined to inactive specialties. These included Chicago Pneumatic Tool, Remington Typewriter, Wilson Company and California Packing. Equipments and shippings were sustained by the rise in rails, but the latter reacted sharply later when leading industrials and specialties were under pressure. The close was heavy.

# GREAT FESTIVAL GATHERINGS SEE FREE GOOD BALL BOOTS STAGED ON LINCOLN GROUNDS

In Morning Rock Creek is Defeated by Hansen 6 to 4; while Double Header Bill Later in Day Sees Defeat of Electric and the Filer Team by Bankers and I. D. S.—Knockout in Each Game

Baseball proved itself a popular sport in Twin Falls again Monday when over 1000 spectators attended the complimentary exhibition of the national game at Lincoln park morning and afternoon. The field was jammed all the way to the outfield.

The morning game was between the Rock Creek and Hansen, between which intense rivalry has existed all summer. The Hansens, however, got to rest agitation concerning qualification, winning the title, 6 to 4.

The main game was played between the Electric and the Bankers, with the latter on the long end of one of the most interesting games of this season.

The Bankers, who had been knocked out of the first game, were ramming a couple of opposing pitchers for the total score.

The Bankers started counting right off, a double by Linville, at error in right and a wild pitch giving the Bankers the money they needed for the winning run. A hit, a walk and a wild pitch in the second added to the Bankers' total in the next, and incidentally spelled retirement for the pitcher.

The Bankers started counting right off, a double by Linville, at error in right and a wild pitch giving the Bankers the money they needed for the winning run. A hit, a walk and a wild pitch in the second added to the Bankers' total in the next, and incidentally spelled retirement for the pitcher.

The fifth frame passed without incident, save that the Grins got a hit, but the Bankers folks added a counter in the sixth. Newman gave Miller a hard chance at third and he was thrown out by an eyelash at first base.

The afternoon game was a hotly anticipated affair, being called at the conclusion of the fifth so the crowd could go down town and see other sports. This bout was between Filer and the I. D. S. and was won by the latter 5 to 1.

Oliver, though he nobly tried, out-pitched Andrew Dingle and won an easy victory.

Dingle started off with the speed of Walter Johnson, or anybody who has ever pitched a ball, and he was thrown out by an eyelash at first base.

The first baseman bobbed, too, and was thrown out at first base.

The third round went by without suspicious eventfulness, but there was a heavy barrage laid down by the Electric and the Bankers.

The morning game proved Rock Creek and Hansen teams ample opportunity to display what baseball talent they had, and also permitted the faithful supporters of the two contending contingents a chance to tell each other what they thought of the play and the rooting fan. In each case there were about even though Hansen won honors on the ball field.

Leftfielder went after the ball. The left fielder, O. Aman, by name, who captains the Filer team, was put down the middle to catch the ball before the centerfielder recovered from his own knockdown. Kieffer had chased Oliver from the park. Aman was borne off the field by tender hands and a medicine man called to attend him. Hughes and Hannak pined long singles, and Astin fanned. Black, batting for Boren, hit a single into center and counted both Hughes and Hannak. Yochem drew out a hit by Filer. The runner, however, was thrown out at third after stealing second. D. Duval fanned and R. Glick was put out at first base.

Oliver looked particularly good in the first inning against the Filer mob, except that he hit Allen Dingle in the ankle to start the inning. The runner, however, was thrown out at third after stealing second. D. Duval fanned and R. Glick was put out at first base.

No blows were struck in the fourth, at least not such blows as help one's batting average, but the suburbanites counted a brace of tallies just the same. R. Glick was safe on Hughes' error but was later thrown out at second base when Andrew Dingle rolled the ball down the line. Parsons walked and an error by Catcher Kieffer gave him a base.

The window was entirely given up to a reproduction of Betsy Ross engaged in making the first flag of America. The table in the center of the room was occupied by cleverly dressed figures costumed in the period of the time, the whole rating upon a square of old fashioned rug carpet with a border of flowers and the floor and tiny teneaps at hand for the decoration of workers and guests.

Many stores with locations a block or so distant from the main business district entered into the spirit of the occasion in splendid style, the Reynolds Brothers establishment being particularly noticeable in this respect. In the center of the main street, the store, honorable mention was given by the committee to the Booth Mercantile company and the Idaho Department store which concerns vied with each other in the elaborateness of their decorations; the Bas musen jewelry store, the Zeck piano house, the Variety store, the Parrott optical company and the Independence market, all of them had splendid effects, some the more remarkable from the material with which they had to work.

The Scouts' booth yields youths a good profit. Boys receive \$1.80 through dispensing activities at celebration.

Through the medium of a booth at which certain commodities and refreshments were dispensed during the celebration Monday, members of troop No. 4, Boy Scouts of America, profited to the extent of \$1.80.

This fund is to be divided equally among the 12 members of the troop with the first ten dollars to be used for anything but Boy Scouts uniforms or paraphernalia needed in Boy Scout work.

Don't waste time. It's a waste of time to experiment with liniments and plaster when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Don's Kidney Pills.

Don's Kidney Pills. For all urinary troubles, kidney ailments, backache, bladder troubles, etc. Don's Kidney Pills are the only remedy that will cure you. Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Don's Kidney Pills—the same that cured Mr. Blaine.

## STORE WINDOW DISPLAYS DRAW EAGER ATTENTION

Decorations in Various Mercantile Institutions Admired by Thousands

One of the most difficult tasks which any committee was called upon to perform in connection with the big celebration was that of awarding the honors in the window trimming contest.

Practically every window in town was decorated, some of them quite simply, others in a most elaborate way. The Galleys Hardware company which was awarded the first prize, had a novel window consisting of a cleverly made gun, the muzzle of which contained a small fan. This was directed towards the street, which was proudly in the breeze through the whole effect being highly attractive. The window was the work of F. B. Seville, assisted by C. E. Barkholder, employees of W. H. Strickland.

The window was entirely given up to a reproduction of Betsy Ross engaged in making the first flag of America.

Many stores with locations a block or so distant from the main business district entered into the spirit of the occasion in splendid style, the Reynolds Brothers establishment being particularly noticeable in this respect.

# WHITE'S BLOWS FORCE ASHTON TO QUIT BOUT

Local Man Steps Out of Picture after Receiving Salt Laker's Battering

George White, a Salt Lake light weight, whipped F. L. (Butch) Ashton of Twin Falls, into submission in the sixth round of a scheduled 10-round bout Monday afternoon. Ashton quit the conflict.

Up to the end of the fourth stanza Ashton looked like a sure-going winner against White. After that he lost his strength and with the evaporation of that requisite his courage oozed. In the sixth he backed away from his oncoming opponent and declined to further continue the issue. The referee ruled White the winner in token of the defeat of Ashton.

The preliminary, between B. L. Delano of Twin Falls and H. G. Burns of Salt Lake, was a hard fought affair. Delano was in a particularly bad way. Burns put his man down and through the referee's decision, Delano was being sustained only by the lower strand. Burns delivered a fusillade of punches on the face. For this he was disqualified and got the loser's end of the purse.

The scheduled wrestling bout between Lewis of Twin Falls and "Farmer" Vance of Jerome, was won by the former in straight falls. The first fall came in the first round, the second in the fourth and the third in the sixth. Vance was knocked out in the sixth round.

# KAPLAN ADMITS BATTERY CHARGE IN OPEN COURT

Excessive Punishment of Small Child Charge Made Against Man and Wife

Robert Kaplan this morning paid a fine of \$32.50 imposed by Justice of the Peace W. A. Mallory after a hearing on charge of battery. The defendant entered a plea of guilty. The charge included Mrs. Kaplan.

The case against the Kaplans involves a 3-year-old child, Kathleen, said to have been adopted by the defendants in this action early this year. John R. Ault, juvenile officer, was complaining witness. The child was not introduced in court, but testimony submitted by Ault indicated that the Kaplans had been cruel in their treatment of it.

The Kaplans are itinerant engaged in the sale of bibles, and have conducted a number of meetings of a sacred order in the Twin Falls district recently. They are also said to have been located in Elmer some time.

Treat of the Kaplans was made yesterday afternoon by Deputy Sheriff V. H. Ormsby and John M. Beck, chief of police on a warrant issued at the request of the juvenile officer. The latter in court today made the statement that the child in question had been severely beaten by both Mr. and Mrs. Kaplan until its body was marked and bruised from rough handling.

Explanation is made that the Kaplans adopted the child last February from the family of a widow in Boise, the widow having three children which she was unable to support. The mother later moved to Los Angeles and married a man named Wyman. The Kaplans are said to have lived of the child and claim that they in formed the mother that unless she came and took charge of it they would lodge it in an orphanage. Juvenile Officer Ault alleges he has evidence that the Kaplans attempted to ship the child alone to the mother in Los Angeles, and when this plan was frustrated by the officer, Mrs. Wyman was notified that the baby would be placed in an orphanage unless she took steps towards caring for it. Mr. Wyman arrived in Twin Falls yesterday and it is said it is lodged in the H. C. Kenia house, where both the child and her baby are being taken care of.

Robert Kaplan claims to be a juvenile officer and deputy sheriff in Los Angeles, and immediately upon his arrival at this morning's announcement he would remain in Twin Falls and institute damage proceedings against Mr. Ault on the ground of slander.

Arrest of the Kaplans was made, it is said, on order of the county prosecutor, Frank L. Stephan, after an investigation of the child's physical condition had been made.

## PURDYS WILL RETURN TO TWIN FALLS WORK

Salvation Army Officers are to Come Back and Services Here on Sunday

Captain and Mrs. J. F. Purdy will return to Twin Falls to resume their work in leadership of the Salvation Army. They will conduct services here next Sunday.

This announcement is officially received here from Colonel W. Gould who is in charge of the Salvation Army work in the provisional district which embraces Twin Falls. The return is in acquiescence to a perjury by the business men addressed to Colonel Gould. Return of the Purdys was directed after they had been ordered to Seattle to take up work there, the change being recommended as means of finding relief for Captain Purdy, who during the past few weeks has been afflicted with throat trouble. Captain and Mrs. Purdy left here last Monday morning by motorcycle for the coast city, and stopped in Boise where they conferred with relation to army work in this district with the secretary of this section. The officers were stopping in the Capital city that the order to return to Twin Falls was received.

The Purdys have been in charge of Salvation Army work in Twin Falls since last January, and have been particularly successful.

**EXCHANGING PULPITS.** Arrangement has been made whereby the Rev. Charles Glenn Baird, rector of the Church of the Ascension parish, and the Rev. B. C. d'Easum, rector of the Rupert parish, will exchange pulpits next Sunday morning. The Rev. Mr. d'Easum will conduct service in Buhl Sunday evening.

## Officer Reports Infected Swine for Butchering

Thirty-two Tubercular Hogs Presented in Ten Days for Killing at Abattoirs

During the first ten days of the present month tubercular swine numbering 32, were presented for slaughtering at local abattoirs. One hundred of cattle suffering from the same disease, was slaughtered.

Statement of this finding is contained in a report made to the city council by Dr. W. A. Falcon, rotating meat and abattoir inspector.

The condition of stock was detected by the inspector in the regular course of inspection duty. Explanation is made that the percentage of tubercular swine is decreasing in face of the large number of infected carcasses found during the first part of last month. The report shows the following slaughterings during that period:

Cattle, 73; bulls, 1; steers, 23; cows, 35; large calves, 6; heifers, 17; calves, 16; hogs, 1; pigs, 86.

## REPORT ON PAVING TO BE GIVEN CLOSE ATTENTION

Responsibility of Construction Company Extends Under Contract for Several Years to Come

In the matter of inspection of local paving and the report thereon now in the hands of the city council, members of the council today stated that many of the points complained of in the report referred to had already been corrected and that a complete check-up of the entire matter will be taken up in due course.

It is pointed out that under the terms of the contract with the Warren Construction company the responsibility of the construction company does not come to an end for something like four years and that during that period repairs of every description must be made by the company and the paving kept in first-class condition. The Spencer-Laubsheim report was filed with the old council some time prior to the election and the whole matter for inherited by the present municipal authorities. The matter of paving repairs and paving upkeep is apt to be a live issue during the entire period in which the construction company is responsible for upkeep and maintenance.

## CHARGE IS PREFERRED AGAINST FARM COUPLE

W. B. Moorman and Hazel Archibald are Placed Under Arrest by Sheriff

Arrest of W. B. Moorman on a farm immediately east of the city limits, was made yesterday evening by Deputy Sheriff Hamilton. With Moorman, a woman giving the name of Mrs. Hazel Archibald was arrested. Both are in jail facing charge of illicit relation.

The male defendant in this case is said to be a cousin of L. E. Moorman, arrested earlier in the week with a woman who claims to be Mrs. Mabel Parker. A similar charge has been lodged against this pair. In the case of W. B. Moorman and Mrs. Archibald, the authorities allege the defendants have been living together as man and wife on the Bjorn farm a mile and three quarters east of town on addition avenue. L. E. Moorman and the woman claiming to be Mrs. Mabel Parker, were arrested at the O. S. L. passenger station Tuesday evening. The woman is said to be the wife of a carpenter employed at Glenns Ferry, and is also alleged to have a home and family of children at Rupert.

## JURY MAKES AWARD

In the district court action brought by Emma A. Reed against Gilbert Griffin, in which claim was made for approximately \$1700, based upon a written contract, the jury awarded plaintiff the sum of \$178.50 in excess of that which had been previously tendered by defendant in settlement of the claim. The plaintiff was represented by James B. Rothwell and the defendant by Porter & Witham. The latter claim victory for their client on the ground that the jury sustained an oral agreement against a written contract governing the growing of beets on the farm in question.

## Mercury Makes Further Strides Toward the Top

UPWARD, ever upward, the mercury wends its way. Yesterday seemed hot, but today seems a sweeter. Top of the thermometer on Wednesday was against 89 on the previous day. Indications are that yesterday's mark will be surpassed in the diurnal wanderings of the mercury. Forty-seven was the lowest point touched during the night. And the weather supervisor promised a continuance of the same for the coming 24 hours.

## CITY PARK TO BE SCENE OF CHILDREN'S FROLIC

Library Force, with Assistants, will Entertain Youngsters Tomorrow

Tomorrow morning is the renewal of fun for the kiddies. Under the supervision of Miss Edith Dyrgot of the public library force, the little people of the fifth grade and under, will be made happy at the park for two hours beginning at 9 o'clock. There will be stories and games and such good times as Miss Dyrgot planned for them last year also.

Miss Florence Gustafson, Miss Laura Taylor, Miss Eunice Boone, and Miss Lois Shotwell will act as assistants for the first weeks, and other volunteer help is at hand for taking care of all the little people who come.

## GUNNER'S MATE GARLOCK IN PHILIPPINE SERVICE

Former Navy Recruiter of Twin Falls Expects to be Retired in October

J. G. Garlock, chief gunner's mate, who was formerly in charge of navy recruiting in the Twin Falls district, writes he is now in government supply service between San Francisco and Manila. Mato Garlock had charge of the Twin Falls station more than a year, and received credit for signing more enlistments for naval service than any other town in the state of Idaho.

The navy man is in service aboard the U. S. S. oil tanker Ancon, which delivers oil and kindred supplies to fortifications in the Philippines. Writing from Manila Mato Garlock told The News he expected to be placed on the retired list in October, having then been in service 20 years.

## MEAT GETS BOUT
