The car being driven was considerably damaged and Spangler sustained a badly cut wrist. Dr. drops of blood flowing from the wrist had been tracked by Mr. Higbee to a rooming house, where they were investigated by Chief of Police John Beck. It is understood they have arranged to de-fray damage caused by collision.

CITY COUNCIL ORDERS LARGE SUM PAID OUT

Interest on Paying Bonds, Amounting to \$80,000, to be Settled

Issuance of an order to pay out of the municipal treasury the total sum of \$48,703.69 constituted the outstanding feature of this week's session of the city administration. The order was directed to the city clerk and the warrants will discharge interest accruing on paying bonds for three local improvement districts.

On one of these districts the sum of \$40,000 is the while on another there is payable \$7,884.21 and on the third \$852.92. In addition to directing payment of the bond interest the council approved bills and resolutions, among the general fund amounting to \$171.80.

SEVERAL ROBBERIES HAVE BEEN COMMITTED IN THE DISTRICT IN WHICH I RESIDE, AND I AM CONVINCED THAT THESE MISDEMEANORS ARE INVITED BY LACK OF SUFFICIENT STREET ILLUMINATION," SAID ATTORNEY HENRY HAZEL, WHO MADE A PERSONAL APPEAL FOR A STREET LIGHT AT THE INTERSECTION OF NINTH AVENUE NORTH AND ADDISON AVENUE.

Several robberies have been committed in the district in which I reside, and I am convinced that these misdemeanors are invited by lack of sufficient street illumination," said Attorney Henry Hazel, who made a personal appeal for a street light at the intersection of Ninth avenue north and Addison avenue. This matter was referred to the streets and alleys committee for a further report. Mr. Hazel, in this connection, announced that a short time ago his house was entered and that more recently he had a car stolen from his automobile. Similar petty thievery has been reported by P. J. Grossman.

WANT NEW WALK

R. G. Benson and I. A. Appel, residents of New School addition, urged for construction of about 250 feet of sidewalk on the east side of Jefferson street. The question was referred to Alderman J. H. Peterson, who is chairman of the street committee. This committee has been authorized to proceed along the lines of procuring co-operation among residents in the district interested toward the construction of the required improvement. Council members express the belief that the walk can be built without formality of creating an improvement district. J. H. Peterson, regarding the complaint about the condition of a street curbing near his residence, Eighth avenue north and Shoshone street, Mr. Peterson says the curb is crumbling and defective, and asks that a street be laid to communicate with the Warren Construction company, builders, with respect to the alleged defects.

CROP PLANTINGS ARE SHOWING AN INCREASE

Agricultural Department Statistics Indicate Greater Areas Being Worked

Plantings of 14 chief crops in 1921 cover 332,407,300 acres, according to preliminary estimates by the bureau of markets and crop estimates, United States department of agriculture. This area is 6,011,000 acres below that of 1920 and 2,993,000 acres below the average of that of 1915-19. Had the cotton acreage of 1921 been as usual, these declines would have been converted into gains. Compared with the average of 1910-1914, the area of the 14 crops in 1921 is 10,536,000 acres larger, notwithstanding the fact that the cotton area is 8,510,000 acres less. The estimated average of the 14 crops in 1921 are as follows: Winter wheat, 93,720,000; spring wheat, 18,000,000; corn, 108,901,000; oats, 44,829,000; barley, 7,713,000; rye, 4,544,000; potatoes, 1,972,000; sweet potatoes, 1,186,000; flax seed, 1,242,000; rice, 304,000; tobacco, 206,800; sugar beets, 73,849,000; cotton, 26,519,000; sugar beets, 774,500.

200 ACRE WHEAT FIELD PRODUCES RECORD YIELD

The highest yield of wheat so far reported in this vicinity was raised on the John Maxwell ranch near Peavey, in J. H. Pierson, says the Piler Journal. In all there was a field of nearly 200 acres that produced an average of 56 bushels to the acre. One patch of 14 acres yielded right around 80 bushels to the acre. Part of the crop was cut with mower and gathered with a sickle rake, much of the wheat being necessarily left on the ground. At the local elevators it was stated that to date no field has been reported of less than 40 bushels per acre, and that most of them were running from 50 to 60. Between 30 and 40 carloads have already been shipped from here.

SCHOOL BOARD DECIDES ON REDUCED TAX LEVY

No Advantage Will Be Taken of Increased Property Valuation This Year

The board of trustees of Independent School district No. 1, at a special meeting held Saturday night, decided not to take advantage of the increased property valuation in this county, ordered recently by the state board of equalization. The board decided to curtail the levy for the coming year two and a half mills, thus reducing taxation for operation of schools.

At the special session the board adopted a schedule of levies bringing the total to 17 1/2 mills for the year, as against 20 mills ordered by the board in a former certification to the board of county commissioners. The levy now is: General fund, 12 1/2 mills; Transportation, 2 mills; Debt service, 3 mills.

The board also decided by having the 20-mill special levy, ordered by the people at a special election some months ago, on the coming year's additional valuation, the total taxes will be approximately \$29,000 greater than the needs. This amount cannot be used on this year's obligations, but may be put into a sinking fund to discharge bonded indebtedness and pay last year's warrants. The amount intended to raise through the levy vote was \$187,000. The amount, through the operation of the equalization board, will be \$207,000 in total. The reduction of the general levy for the coming year is made with this in mind. Last year's property valuation was approximately \$9,500,000, as against \$10,500,000 this year. In addition to fixing the annual levy the board decided the charge for tuition the coming year. This will be \$6.50 per month for students and \$15 per month for the high school. The fee is for students enrolling from outside districts.

He is always ahead of the party, establishes camp, and places himself at the entrance of the camp grounds. He has been making a moving picture show and gives a talk in Idaho."

NEVADA WORKING HARD ON HARD SURFACE HIGHWAYS

Governor Boyle Believes Road Building Important Feature of State's Activities

That the construction of hard surface roads throughout the state of Nevada is the biggest and most important feature of the entire executive program is the statement made by Governor Boyle in a review of the season's operations in the matter of road building contained in the Carson City Appeal of a few days ago.

The usual Governor Boyle regrets the delays occasioned in various ways which have interfered with the rapid prosecution of the state's plans. However, he is quoted as saying that he practices the difficult but he believes that from this time on there will be more actual building of roads and less time spent in plans, estimates and preparations.

Money is Limited. "The limited amount of money which Nevada can raise for road work is the big regret. We have practically reached the limit and while it will flow down to some extent, I firmly believe that the federal assistance that will come will more than straighten out our affairs and roads. Following a few days' rest, we are confident and the work already performed is surveyed I am satisfied that the people will have no complaint. It is the biggest game in Nevada today and is making progress."

Be Tolerant

Even in minor things some of us are intolerant of others' so-called trouble. I heard a man the other day complain that while he was at a certain hotel there was noise for breakfast every morning and never had. His friend, who had never been there, declared the noise was unreasonable. "Why, there's nothing peculiar about that," he said. "Just when you feel inclined to think you are the most 'hot-on' person in the world, look around and you'll find many troubled ones with whom you would not change places." - Exchange.

Tuesday night Catholics of Filer and their friends tendered a public reception to Father DeStoop at the home of Mr. Leonard. After a brief musical program, the Rev. Father Tom S. Keyzer of Twin Falls, who was among the invited guests, was called upon to voice the sentiments of the Filer congregation on the departing abate loved pastor and to bid his reverence Godspeed upon his further labors in the ministry. To this address the Rev. Father DeStoop replied with grateful recognition of the many acts of kindness on the part of his parishioners, praising them for their devotion and their ever-ready support of his efforts. Foregrounding the future of the church of the past; his reverence drew a picture of the coming growth and extension of the church in Filer and felt happy under such propitious conditions to produce his successor, the Rev. Father Stephen Schatz to the congregation. (The Rev. Father Schatz had just arrived from Boise where Bishop Gorman gave him his assignment to Bull and the missions. Having been introduced to the congregation of Filer by the retiring pastor, Father Schatz expressed his satisfaction at being appointed to labor amongst a people so appreciative of a priest's work and voiced the hope that the cordial relations which had existed between the Catholics of Filer and their pastor might continue during his administration.)

WOMEN SEEK FUNDS TO DEFRAY GIRLS' EXPENSE

Federated Clubs to Conduct a Food Sale in Pushing Championship Plan

The Federated Rural clubs will open the campaign for funds to meet the expense of sending the girls' championship team to Spokane to compete for the three-day championship, by holding a cooked food sale at the Majestic restaurant on Saturday, September 3.

"We appreciate the incentive this is to our young people, and what it means to them to feel that we are all interested in their success. The work of training housekeepers for success ranks with the highest form of civic endeavor. The benefit from the present sale will not only give the particular group of girls who receive the immediate result, but will add to the enthusiasm all along the line where other girls are working for honors in domestic training."

ORCHARD DAMAGE BY HAIL HIGHER THAN GRAIN LOSS

Adjuster Tells of Storm Havoc in Twin Falls District This Season

W. M. Gagle of Great Falls, Mont., representing an adjusting bureau, has been in Twin Falls for the past few days adjusting the hail insurance claims. He reports that on orchard crop losses he has ordered claims paid in the amount of 75 per cent of the policy. The grain loss was not so heavy. There were no great losses by hail in the immediate vicinity of Twin Falls, but the losses for the southern part of the district were more considerable than has been known for some time, Mr. Gagle stated.

YOUNG MAN PROBED UP

On a charge of kidnapping from authorities in Pocatello Tuesday, Albert Pearson, aged 25, was picked up by Kimberly police authorities and is now in the county jail. The young man is said to have been in Pocatello for the past few days, and according to word from Pocatello today, relatives will come here to take charge of him.

A Pronounced Success

The uniform success that has attended the use of Chamberlain's Colic and Diarrhoea Remedy in the relief of cure of bowel complaints, both for children and adults, has brought it into almost universal use, so that it is practically without a rival and as everyone who has used it knows, it is without an equal.—Adv.

IRISH READY TO RESUME PARLEY

Cabinet's Reply to Latest British Proposal is Dispatched to Lloyd George

DUBLIN, (AP)—The reply of the Irish republican cabinet to the latest communication of Prime Minister Lloyd George on the British government's peace proposals was dispatched last evening to Mr. Lloyd George, who is in Scotland.

The publicity department of the Sinn Fein will await announcement of its receipt by Mr. Lloyd George before making its contents known or issuing a statement concerning it.

The reply is being taken to Mr. Lloyd George by Robert C. Barrett, member of the Irish republican parliament, who has acted as courier for Eamonn de Valera, the Irish republican leader, in his other communications to the prime minister. It is reported here that the cabinet's reply was re-drafted since the outbreak of the rioting in Belfast.

It was authoritatively stated here this afternoon that the reply is an acceptance of the invitation of Mr. Lloyd George for a further conference in London. No plenipotentiaries have yet been nominated, however.

KING GEORGE HOPEFUL FOR RECONCILIATION OF IRISH

LONDON, (AP)—King George, in reply to an address from the convention of Canterbury, says:

"Let us thank God that some measure of response has been vouchsafed to my appeal to my Irish people. With full heart I pray that their recollection may be commemorated by the demonstrations now proceeding and that they may be united in making a new era for their native land."

STOCKMEN OPEN FIGHT FOR TARIFF ON HIDES

Senate Finance Committee Hears Cattlemen's Request for Protection

WASHINGTON, (AP)—The fight for tariff on hides, a provision of the Fordney bill killed by the house was opened Wednesday before the senate finance committee.

Cattlemen, through Frank B. McLain, Lancaster, Penn., vice-president of the National Livestock Exchange, asked the committee for a tariff of 20 to 25 per cent instead of the 15 per cent duty voted down by the house. Asked whether a 25 per cent duty would increase the cost of shoes to the consumer, the witness declared it ought not to raise the price five cents a pair.

He followed this with a charge that shoe manufacturers were making exorbitant profits, declaring that "since it fits a three-year-old child cost the farmer more than he gets for the hide from his 1,300 pound steer."

"Talk about normalcy," Mr. McLain asserted, "there can be no normalcy, no dawn of a new day until the dollar of the farmer buys for him the same as the dollar which he takes for what he sells."

MISSING CANADIAN BOAT BEING TOWED INTO PORT

Vessel which Disappeared Last Friday is Found on Seas 600 Miles West of San Francisco

MONTREAL, (AP)—The Canadian importer, believed to have foundered in the Pacific ocean, has been found by the Canadian Overseer, which is towing her to the nearest port, the government merchant marine office was advised today.

Word received here stated that the Canadian importer had been found at 10:30 o'clock last night, in latitude 32° 20' north, longitude 127° 25' west, about 600 miles west of San Francisco. The message stated that a crew of 44 had been found on the importer, but no mention was made of a boat load of silo men which was believed to have left the steamer.

The Canadian importer, a government owned freighter, disappeared August 26.

SAFETY CAMPAIGN MAKES MINING LESS DANGEROUS

Federal Official Tells First Aid and Mine Rescue Meets Underground Fatalities on Decrease

ST. LOUIS, Mo., (AP)—Mine fatalities have been reduced approximately twenty per cent in the last five years by new safety devices and regulations in mines, D. J. Parker, chief of safety cars and stations of the United States bureau of mines, said at the annual international first aid and mine rescue meet which opened here today.

More than 50 mine rescue and first aid teams from a score of mining states and Canada will compete for honors in rescuing supposedly entombed miners from a replica of a coal mine which has been constructed.

Today's Markets

WHEAT PRICES ADVANCE ON CREST OF PURCHASES

Quotations when Chicago Market Closes Day's Session Show Advance of 1-4 to 3-4 Cents

CHICAGO, (AP)—Fair commission house buying developed at the opening of the board of trade today and wheat started steadily to 1-2c higher with September at \$1.21 1-2 to 1-23 3-4; December at \$1.23 to 1-23 1-4 and May at \$1.26 to 1-26 1-2.

The trade construed a private monthly grain report as bullish and bought freely making somewhat of an upturn. An hour after the market opened wheat was up 3-4 to 1-1-4 above the opening.

Wheat continued to show a strong undertone and a bulge of 2-1-2 to 2-3-4 from the advanced figures was made by noon. Local sentiment was bullish generally but selling against offers checked the advance for a moment. It was almost immediately resumed and in the last half hour another gain was recorded and the market closed 1-4 to 1-4 3-4 higher with September at \$1.25 3-4; December at \$1.27 to 1-27 1-4 and May at \$1.30 1-2 to 1-30 3-4.

Corn also showed firmness at the start, opening prices being unchanged to 1-2c higher with September at 53 3-4c; December at 53 3-4c to 54c and May at 57 7-8c. Both September and December advanced slightly after the opening but slipped to opening figures at the end of the first hour.

There were no deliveries of corn on September contracts and with a good class of buying the delivery advanced above 1c over yesterday's close and at one time was about 1-2c over December. The close was 5-8c to 1-2c up, with September at 55 3-8c; December at 54 1-2 to 5-8c and May at 59 1-2c.

Oats followed corn, opening a fraction to 1-2c above yesterday's finish and making a gain of 1-4 to 1-2c over the opening prices during the initial hour. September opened at 33 5-8 to

54c; December at 37 1-2c to 37 5-8c and May at 41 3-4c.

Provisions were dull with September largely at a fractional premium over October.

New York Stock Market
NEW YORK, (AP)—The impending holidays caused a perceptible shrinkage of dealings in today's stock market. Leaders, other than oils, were disposed to react. Sales approximated 475,000 shares.

The foreign oil group furnished the only noteworthy exception to the lower trend of prices at the opening of today's stock market. Mexican and Russian American Petroleum registered one point gain, presumably in connection with reports of an early compromise agreement between the Mexican government and American oil interests. Stocks, equipments, rails, shipwrecks and food shares were lower. These were chiefly represented by Crucible Steel, General Electric, Reading, Chicago and

Northwestern, American International and American Sugar whose losses extended from large fractions to 1 1-2 points.

BELFAST KEEPS TROOPS ON MOVE

Gunmen Vanish when Soldiers Rush to Scene of Recurrent Disorders

BELFAST, (AP)—Soldiers were rushed to the Grove street section of Belfast this morning, when several shots were fired in that district. When the troops arrived, however, the gunmen had vanished. This was the first recurrence of the street fighting since yesterday, when six persons were killed and thirty were injured, many seriously.

To date the death toll totals sixteen. Troops are patrolling Springfield road in the area which causes the authorities some concern, as it is part of the Falls Road where the fiercest fighting of the past year occurred. The origin of the trouble here was an attack on Mackie's foundry workers, the police driving off their assailants with rifle fire.

The carters and motormen issued an ultimatum to the authorities today, declaring they would withdraw entirely from the streets unless afforded protection. The tram car drivers were also affected by the decision. Two members of the driver's union were killed in the rioting of the last few days and seven were wounded.

SOCIALISTS WITHHOLD AID IN FAMINE RELIEF

National Executive Committee Cautions Against Support of Hoover

CHICAGO, (AP)—The socialist national executive committee, meeting here today cautioned members of the party and other workers "against any support of the Hoover organization" in Russian relief and announced formation of a socialist-labor committee to handle relief work independently of the American relief commission.

"It is known that agents of this organization," the socialist announcement says, "under the guise of assisting the masses of Hungary used its machinery for counter revolutionary purposes."

The socialist relief committee is composed of Morris Hillquist, B. C. Vindeck, Samuel Boardley, Bertha E. Manly, Joseph Cannon, Benjamin Schlesinger, Abraham Shipiloff, Joseph Fanken and Harriet Stanton Blatch.

Diogenes of Old Missed This One; An Unusual Case

Citizen Calls at Police Court to Pay Fine Without Being Arrested

A rather large clump, evidently laboring under pressure of excitement induced by fear of the law, called at the police court yesterday afternoon. The court was absent. Miss Ada Walkington, deputy, was in charge.

"I've just discovered I have been running my car without a tag and I want to pay my fine," the excited one announced.

"Have you been placed under arrest?" the deputy inquired.

"No, not yet," the visitor anxiously responded.

"Then you cannot be fined," Miss Walkington announced.

The visitor hung around some time, but finally decided he was to be punished for his inattention and admitted offense, and left the building for a service station across the way.

"That chap should be rewarded for extraordinary honesty, or something," said Mayor McRoberts, who happened to be present when Miss Walkington related the story of the man for whom Diogenes of old lit his lamp to seek.

LION CLUB CHAPTER TO BE FORMED HERE

Organizer Arrives to Discuss Proceedings with Local Eligibles

Formation of a local chapter of the Lions club, a national institution, is scheduled for this evening. Orlando Jones, governor for the Wyoming district of the association, reached Twin Falls this afternoon and will confer with a number of young men eligible to membership with relation to organization.

The Lions club has headquarters in Chicago. Its primary purpose is civic and community life betterment. Its scheme of operation is similar to that of the Rotary and Kiwanis clubs and it appeals to the younger element of business and professional men for membership. It is expected the chapter will be formally organized at a meeting to be held tomorrow morning.

SEeks TO COMPLETE MARKETING SOCIETY

Scheme of Organization of Western Seed Growers' Association Under Way

C. B. Ross, secretary of the Idaho Farm Bureau Federation came to Twin Falls this week for the purpose of inspecting the work of the Farm Bureau of this county, and to complete the organizational work of the Western Seed Growers' Marketing Society, which was initiated in this county late in July of the present year to promote the cooperative selling of seed.

"A number of areas have already been signed," said Mr. Ross, "it is the plan of the organization to fit the farmer at the time of the delivery of his seed, 60 per cent of the market price, the remainder due him to be paid when the seed is marketed. The seed will be marketed at the discretion of the directors of the company who are chosen by the members of the company. The present board is composed of H. K. Wiley, Springfield, Idaho; G. D. Irwin, Twin Falls, Idaho; John S. Welsh, Jerome, Idaho; W. A. Swart, Burley; A. F. McCloud, Wendell; C. F. Gibbs, Nampa; C. B. Ross, Pocatello.

The company is financed by a Salt Lake seed company, whose plant has been leased. The company is to receive for the use of the plant and for other advantages according to the operating company. The demand for the association, 7 to 8 per cent of the gross sales. The business manager of the cooperative company is Maurice Keating of Salt Lake.

"We will be able, by this means, we believe," said Mr. Ross, "to assist the farmer to market to better advantage, because the entire output will not be offered at once, thereby overloading the market, but in such quantities as to meet the demand for the association, and the railroad men express approval of the plan as it enables them to meet the demand for cars more adequately, and to do it with fewer numbers of cars."
