

There are at the present time no cases of hog cholera in Twin Falls county, Dr. Sullivan said. Recently an incipient outbreak was put down through efforts of Dr. H. R. Groome of Twin Falls, deputy state veterinarian. Hog cholera has recently made its appearance in the

Apply show the same relative values as potatoes, for in 1921 there were 280,000 bushels, valued at \$5,500,000. In 1910, however, when the crop was 9,000 bushels less, the value was \$6,000,000.

Mr. Jacobson's report covers thoroughly the record of the 16 crops. He shows for the three years 1919, 1920 and 1921 the acreage planted, the yield per acre, total production, value per acre or bushel, total value of the crop.

BOOZE PROFITS RUNNING HIGH

Permits on Liquor Sales in Quebec Will Pay Off Public Debt in 20 Years

QUEBEC, (AP)—Profits from liquor sales in the province of Quebec will pay off the public debt in twenty years, maintain roads and provide funds for education, according to a report prepared by Premier Taschereau for submission to the legislature in its present session.

Based on his findings on the business done since May, 1921, when the liquor trade became a government monopoly, the premier estimated that the yearly profit would be \$4,000,000.

Besides \$28,000,000 loaned municipalities for road building and provided for by sinking fund, Quebec's debt is \$23,000,000.

The government sold \$9,325,727 worth of liquor from May 1 to December 31, 1921.

Many Visitors Come

"Much of the liquor," he explained, "was sold to outsiders, hundreds of thousands of visitors coming to the province to enjoy a little liberty."

From the moral, as well as financial standpoint, Quebec liquor laws have proved successful, Mr. Taschereau claims.

"No doubt," he admits, "some drunken men are to be found. They will always be found, and there are more of them in prohibition communities—New York, for example."

The premier announced the government planned to encourage the consumption of wine, rather than push the sale of spirits. To that end a purchasing office will be established in Paris, to buy wines directly from the producers in France, Italy, Spain and Portugal. These supplies will be delivered to consumers at little more than cost.

GLEE CLUB ENDING TOUR

State University Singers Well Received in Visits to Idaho Towns

UNIVERSITY OF IDAHO, Moscow, (Special)—With a homecoming appearance before University of Idaho students January 20, and February engagements at Spokane and Lewiston, the 1921-22 university glee club, pronounced by its critics to be far superior to previous Idaho clubs, will close the season. The club has just returned from an extended tour of the state.

"Financially the tour was very successful, the support of Idaho towns and former students being of material aid in boosting the concerts in each of the towns visited," according to Rex Kimmel, business manager. "Older members of the organization and our audiences were even better pleased than in previous years and the fine things our callers had to say seem to bear this out."

"This trip was almost a continuous series of entertainments, former Idahoans and club women in every town seeing that we had no dull moments."

INFLUENZA IS INCREASING

Twenty-Four Deaths in One Day in Paris—Scourge Apparently is Spreading

PARIS, (AP)—Influenza is rapidly becoming epidemic in Paris and the provinces. The disease appeared in December, its ravages gaining from day to day, the climax coming Monday, when 24 deaths were reported in this city. During the last ten days of December there were ten deaths from influenza in Paris, but during the first ten days of January there were 41.

MINES FILLED WITH WATER

JONANESBURG, (AP)—Mines affected by the strike in the gold fields are being flooded in the absence of workmen from the pumping stations. Most essential operations in other respects are being carried on by officials of the mining companies and calm prevails in the Rand district.

A conference between the director of mines and the federation to find a solution has failed.

BUSINESS MEN MUST STABILIZE INDUSTRY

Efficiency Engineer Declares Waste in Management to Anti-Trust Laws

CLEVELAND, O., (AP)—Unemployment may be eliminated and business booms and depressions controlled by a consideration of management in industry, J. Park Channing of New York told members of the national convention of the Associated General Contractors today. Mr. Channing is chairman of the American Engineering Council's committee on elimination of waste in industry.

"The way in which the owners in industry may be of value in the elimination of waste," he said, "is in stabilizing production. They are the people, more than anyone else, who can prevent or at least reduce the peaks and valleys of booms and depressions."

Cites Coal Mining

He cited coal mining as an example of a poorly organized industry. "It is over equipped," he said, "both as regards plant and personnel, and the soft coal miner, instead of being able to get 300 days of work as he should, gets, I believe, about 100, and this means that there are altogether too many men ready to mine coal, and that part of them should be diverted to other industries and that balance assured regular and continuous work."

Asserting that in consolidation of management lay the true solution of unemployment and other wastes, he said, "I believe that the one thing the congress of the United States can do to reduce waste in industry is to modify the anti-trust laws so as to permit consolidations now prohibited."

Secretary of Commerce Herbert Hoover is planning a conference of architects, contractors and building material manufacturers and dealers to devise a plan for simplifying the various industries which are involved in building construction, according to R. W. McCullough of the chamber of commerce of the United States, who addressed the convention.

The saying that it is possible through eliminating endless varieties in building materials is beyond computation, Mr. McCullough declared.

MUCH INTEREST SHOWN IN CLASSIC DOG RACE

Seventeen Teams Entered and Training Goes Steadily Forward for Big Event

THE PAS, Man, (AP)—Dog teams entered for the fifth The Pas dog derby, to be held on February 25, have commenced active training and are out daily for workouts, averaging fifty miles and more. Seventeen teams, said to be the largest number ever entered for a major dog race in Canada, comprise the entry list. Three Alaska teams have been entered.

The ruling favorites are Pranteau, McKay, Moran and Hanford, all experienced derby racers. A new entry is Jack Sinclair, whose team is made up of fifteen Norway House huskies never before tried in a derby.

WANTS PREVIOUS MEETING

COPENHAGEN, (AP)—Former Minister Stauning, on behalf of the Danish trade unionists, has telegraphed to Arthur Henderson and Ramsay MacDonald, British labor leaders, a request that a workers' international conference meet before the Genoa conference is held. The purpose is to indicate to the delegates to Genoa means which would lead to better industrial conditions.

LOTS OF RESOLUTIONS

CALGARY, Alta., (AP)—More than 200 resolutions were submitted for consideration at the "Farmers' Association" meeting today. One proposed that the British North American act be amended to provide for the abolition of the senate and that the position of governor general be made a long-term appointive. Another resolution proposed a wheat pool.

What is useless to you may be valuable to others—advertise in the classified columns.

Army Officers Must Pass the Blood Test or be Retired

For the first time since 1917 examinations of blood tests took place on government officers. Five officers were to pass the examination meant retirement from the army. The photograph shows an officer being examined by Lieutenant Colonel Edward Rich, M. C., and Major H. L. Kraft, Captain Oscar Nettleton, M. C., is taking notes. These three are the chief examiners who will pass on the 300 officers who are undergoing the test.

KING BORIS WILLING TO SELL MENAGERIE

Elephants and Buffaloes Eating Owner Out of House and Home

SOFIA, (AP)—King Boris of Bulgaria is the modern "man with an elephant on his hands" and he wants to sell part of his private menagerie to an American zoological park or a circus. In particular he would like to dispose of two elephants and several fine buffaloes which are now in the grounds of the summer palace near Sofia.

The menagerie was established by former Emperor Ferdinand and the appetites of the elephants and buffaloes are so great that King Boris is hard pressed to feed them out of his slender income.

MARKET QUICKLY FOUND

CINCINNATI, O., (AP)—When Sol Stephan, manager of the Cincinnati market, was shown the Associated Press dispatch today stating that Boris, king of Bulgaria, wishes to sell his private menagerie because of expense of its upkeep, Stephan sent a telegram to the king saying that he will buy the elephants and buffaloes if their safe landing in New York is guaranteed.

TO CUT COST OF FUEL

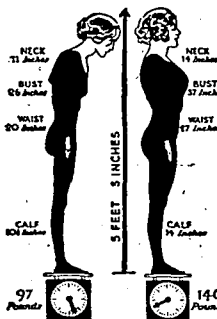

ROME, (AP)—The Italian government has decided to pay for coal during and since the war has decided her to defer no longer the use of the electric power provided by her magnificent water supply. The government proposes to begin at once the electrification of 2,500 miles of trunk railroad lines and over 6,000 miles of tracks.

The whole railway system of the industrial provinces of Piedmont and Liguria will be electrified, and 700 miles of tracks are already in working order. Later the lines which carry Italy's trade with central Europe and those of the newly reclaimed provinces, down to Florence, will all come into the system.

MAY ISSUE BONDS

WASHINGTON, D. C., (AP)—The New York, Chicago and St. Louis railroad was granted permission by the interstate commerce commission today to issue \$4,000,000 in bonds.

How Yeast Vitamin Tablets Put On Firm Flesh

ing health-building value of Martin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous trouble, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition. It should not be used by anyone who OBJECTS to having their weight increased to normal. You can get Martin's VITAMON tablets at all good druggists.

MARTIN'S VITAMON TABLETS

THE ORIGINAL AND ONLY YEAST VITAMIN TABLETS

if it isn't MARTIN'S, it isn't VITAMON

Quickly Increase Your Energy and Beautify the Complexion—Easy and Economical to Take.

Thin or run-down folks! Take Martin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Martin's VITAMON regularly until you are satisfied with your gain in weight and energy. Martin's VITAMON contains highly concentrated vitamins as well as the two other still more important vitamins (Fat Soluble A and Water Soluble C). It is now being used by thousands who appreciate its convenience, economy and quick results. By increasing the nourishing power of what you eat, Martin's VITAMON supplies just what your body needs to feed the shrunken tissue, strengthen internal organs, clear the skin and renew shattered nerve force without upsetting the stomach or causing gas. Pimples, boils and skin eruptions seem to vanish as if by magic and the complexion becomes radiantly clear and beautiful.

IMPORTANT! While the amazing health-building value of Martin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous trouble, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. You can get Martin's VITAMON tablets at all good druggists.

WILL INSPECT FOODS. CHICAGO, (AP)—An inspection trip over more than 200 miles of paved, connected trunk roads and the Cook county forest preserve held first place today on the program for the delegates attending the national good roads congress here.

The Lubricant of Commerce

The manufacturer, the wholesaler, the retailer—all have their places in channels of commerce.

Each of the three depends on his banker to aid him in the purchase of raw materials, in the distribution of goods and finally in placing the finished product in the hands of the ultimate consumer.

Bank credit is the lubricant which causes the wheels of commerce to move smoothly.

Like all good banks we play our part in furthering the commercial activities of the community we serve.

LIVESTOCK MEN ARE OPTIMISTIC

Shorthorn Breeders, at Annual Meeting and Banquet, Voice Confidence

The spirit of optimism that has made Twin Falls city and Twin Falls project what they are today prevailed at the annual meeting and banquet of the Twin Falls North and South Shorthorn Breeders' association held in the Rotary club dining hall in the basement of Tom's cafe Wednesday night. There were 25 present and everyone took part in the discussion of topics concerning the outlook for the future of the agricultural industry in general and the livestock industry in particular.

Following a splendid three course banquet well served and greatly enjoyed by the livestock men and their guests who had stood in the cold at the Shorthorn sale all afternoon, a business meeting was held. Bruce Rogers, secretary-treasurer, read his annual report, showing the association to be in good financial condition.

C. A. McManis Elected President.

Election of officers resulted in the unanimous election of C. A. McManis of Twin Falls, as president; Walter Mungraves, of Elmer, vice president; and the reelection of Bruce Rogers, of Kimberly, as secretary-treasurer. N. H. Leland of Wendell, S. H. Proctor of Kimberly, and J. G. Mayhew, of Caldwell, were elected directors.

W. H. Hale, of Idaho, in March.

After thoroughly discussing the question of holding a spring sale the matter was put to a vote and it was unanimously agreed to hold a sale here on Thursday, March 30. It is planned to have a series of Shorthorn sales, with one at Caldwell, Tuesday, March 29, and the third of the series at Blackfoot on Friday or Saturday, March 31 or April 1.

Colonel A. J. Miller of Caldwell, representing the Canyon County Shorthorn association, will arrange the Caldwell sale, and the three will be advertised together as a series. The spring sale will be for hand and at least 40 head will be offered at that time.

Following the business meeting at which E. O. Walter presided at the request of N. H. Leland, president of the association, a number of short talks were delivered. Mr. Walter acted as toastmaster and called upon the following: C. A. McManis, the new president of the association; A. J. O'Reilly, county club leader; R. B. Broadard, county agent; E. B. Duncan, state club leader; Ames J. Miller, mayor of Caldwell, auctioneer and Shorthorn breeder; J. E. Nease, field representative of the Idaho Farmer; E. P. Biechart, field animal husbandman of the University of Idaho extension service; and Milo Davis, club member of Twin Falls.

Every speaker sounded a note of optimism for the livestock industry, for agriculture and for Idaho. Mr. O'Reilly told what the boys and girls clubs have accomplished in Twin Falls county. Mr. Duncan told what the clubs are doing throughout the state. Colonel Miller said that if he could not live in the Boise valley he would rather live at Twin Falls than any place he has ever been and urged more livestock for the project. Mr. Biechart gave a comprehensive review of the past five years and predicted the coming five years will be the best for agriculture, for livestock and the west that they have ever known. Milo Davis spoke briefly of the club work in which he is engaged and Mr. O'Reilly brought cheers from the banqueters when he told of the wonderful record Milo Davis has made as a livestock judge.

TODAY'S MARKETS

EARLY GAINS SCORED
BY MANY SECURITIES

Price Changes Uncertain and Fluctuating During Early Hours on the Stock Exchange

NEW YORK, (P)—Price changes were uncertain at the opening of today's stock market. Shares favored

by pools, notably Gulf States Steel, Mercantile Marine preferred, American International, Virginia Iron, Coal and Coke, General Electric, and Davison Chemical scored early gains of 1 to 2 points. Standard Oil of New Jersey, American Locomotive, American Woolen, Utah Copper, and Retail Stores also were firm to strong. Pressure against Crucible Steel was resumed and selling of American Tobacco, Pan-American Petroleum, Chandler Motor, Union Pacific and Missouri Pacific caused moderate losses in these issues.

Liberty Bonds

NEW YORK, (P)—Liberty bonds closed: 3 1/2's \$97.30; first 4's \$97.74 bid; second 4's \$97.46 bid; first 4 1/4's \$97.89; second 4 1/4's \$97.46; third 4 1/4's \$97.96; fourth 4 1/4's \$97.64; Victory 3 3/4's \$100.14; Victory 4 3/4's \$100.14.

Chicago Grain

CHICAGO, (P)—Upturn in the price of wheat continued today during the early trading, helped by indications of a broader demand from Europe. Colder weather, too, counted as a stimulating factor. In this connection it was pointed out that the winter crop was practically without adequate snow protection, especially in Kansas. Opening prices which ranged from 3-8 to 3-4 higher, with May \$1.12 3/4 to 1.12 7/8 and July \$1.01 1/2 to 1.01 1/8, were followed by material further gains. Subsequently bullish estimates of farm reserves gave the market an additional lift, and so, too, did prospects of a crop estimated on Monday. The close was strong, 1-8 to 2-1/8 net higher, with May \$1.14 1/4 to 1.14 3/8 and July \$1.02 3/8 to 1.02 1/2.

Corn and oats rose with wheat. Corn started unchanged to a shade higher, May \$1.14 and then scored a moderate general advance.

Exporters continued after corn. The close was firm, 3-8 to 0-8 net higher, with May \$1.03 1/2 to 1.03 1/8 and July \$1.03 1/2 to 1.03 1/8. Oats after opening 1-8 to 1-1/4 up, May \$1.34 to 1.38 7/8 developed additional strength later.

Provisions were higher despite a setback in hog values. Sentiment of provisions stocks appeared to be more or less responsible.

CHICAGO, (P)—Wheat—No. 2 dark Northern \$1.34.

Corn No. 2 mixed 49 to 49 1/4; No. 2 yellow 49 to 49 1/2.

Oats No. 2 white 37 1/2 to 38; No. 3 white 34 1/4 to 35 1/2.

Rye nominal.

Barley 55 to 64c.

Clover seed \$12.50 to 19.

Pork nominal.

Lard \$9.42.

Hibs \$9.37 to 8.65.

Pork Market

CHICAGO, (P)—Pork—Stronger; receipts 35 cars; total U. S. shipments 569 cars; Wisconsin Round Whites, sacked \$1.95 to 2.10 cwt.; Idaho Rurals, sacked, mostly \$2.25 cwt.; Minnesota Red River sacked, sales from storage \$1.85 to 1.90 cwt.

Portland Livestock

PORTLAND, Ore. (P)—Cattle—Nominal; receipts 105.

Hogs—Steady; receipts 195.

Sheep—Nominally steady; receipts 50.

Omaha Livestock

OMAHA, (P)—Hogs—Receipts 14,300; slow, mostly 15c lower; bulk 180 to 210 pound butchers \$7.70 to 7.80; top \$7.85; bulk 220 to 300 pounds \$7.05 to 7.70; packing grades \$6.50 to 6.60.

Cattle—Receipts 4,600. Beef steers very dull, 15 to 25c lower; heavy heaves \$7.85; light stock weak to 25c lower; bulk, veals, stockers and feeders about steady.

Sheep—Receipts 6,000; lambs opening 10 to 15c lower; closed steady; bulk \$12 to 12.50; top \$12.75; feeders steady; ewes, top \$7; feeding lambs \$11.50.

Chicago Livestock

CHICAGO, (P)—Cattle—Receipts 14,000; market slow; few early sales; beef steers weak to 25c lower; quality plain; bulk \$6.05 to 7.50; fat stock unevenly lower; bulls about steady; veal calves opening 50c higher; stockers and feeders dull, 15 to 25c lower.

Hogs—Receipts 51,000; active, largely steady to 10c higher than yesterday's average; butchers up most; top \$8.60 on light lights; practical top \$8.50; bulk \$7.85 to 8.25; pigs 10 to 15c higher; bulk desirable \$6.35 to 6.60.

Sheep—Receipts 22,000; best fat lambs and light, sheep steady; fat lambs weak to 25c lower; fat lambs, top early \$13.10; bulk early \$12.50 to 12.85; few yearlings \$12; fat ewes, top \$7.50; talking steady on feeder lambs.

"ANOTHER PACKAGE FROM BOOTH'S"

"Make new friends, but keep the old;

The first are silver, the latter gold."

"I always come back to Booth's," is what a lady remarked in our store this week. We hear that same remark every little while from someone. We take a great pride in the fact that many people who started trading with us sixteen years ago are still our customers. Their continued patronage is a compensation for the fair treatment and honest merchandise we've been selling them. Goods don't cost any more at Booth's and you get better quality. Prices are reduced here consistent with the big reductions made at wholesale. We are promising our customers, old and new, the best service and the best prices and quality. "Another Package from Booth's" will mean more than ever during 1922.

---BOOTH.

Special Apron Prices

Captain Costa, a member of the Scots guards, is the son of Sir Stuart Costa, M. P.

STOP RIOTING BY IMPOSING HEAVY FINES

Action of Government Forces
Leading to Condition of Un-
rest which May Develop into
Serious Situation

JAFFA, Palestine, (AP) — The government forces in this district are at tempting to stop rioting here by imposing fines on the inhabitants of the communities which participate in them and following this up with raids upon the towns and villages in the Jaffa district to collect the fines.

The experiment is an unusual one and it succeeds up to the present, is not evident. The Zionists are still in the lead in this action a definite alignment of the government on their side. On the other hand, it has stirred up bitter feelings on the part of the natives who see in the government's action the beginning of Jewish domination and the betrayal of their passionate longing for national freedom.

Impose Heavy Fine.

A fine amounting to \$1000 was imposed by the government on five towns and villages in the Jaffa district for alleged attacks made last May by their inhabitants upon Jewish colonies nearby. To collect the fine, the government sent a detachment of British troops and machine guns surrounded Tel Karim and four other villages near the coast. The men and women of the villages were taken to the fields and placed there under guard.

Then notices signed by Sir Herbert Samuel, the British high commissioner, were posted in the streets demanding payment of the fines.

Hold Cattle as Security.

Mr. Campbell, assistant governor of the district, called the leading citizens together in the city square of Tel Karim and informed them that the cattle would be kept under guard for five days and if the fines had not been paid by that time they would be sold at auction and the proceeds turned over to the Jews who were victims of the raids. It remains yet to be determined whether the fines will be paid. The seizure of the cattle depicted the farmers of means of plowing their fields and it is feared that this may lead to more unrest.

Talking Movies Possible.

Though "talking" films were first made about 1900, their combination with picture films has just been successfully accomplished for the first time, by two Swedish scientists, and the talking movie seems about to become a reality. The method, says Popular Mechanics Magazine, employs the fundamental principle of earlier developments, which makes use of the property of selenium for controlling a telephonic current when actuated by variable illumination. The novelty of this latest work seems to be in the successful combining of picture-making and sound-making on the same film by running them on the same shaft, while inking and reproducing the double record, and in making selenium-controlled electric currents operate a loud-speaking telephone.

Gold Hunt to Get.

Alaska prospectors, who were able against a week for the first time, Thursday afternoon, a branch of the U. S. on the government land near Anchorage, report that the body of water is almost literally "paved with gold." For years, until the railroad penetrated the section, the six-foot tides that rush up and down the coast, small boats have kept miners out. Now they are going in over the railroad and report several rich finds made in the arm at low tide. Rich gravel, it is said, lies offshore. One vein, near Grindwood, assays \$100 in gold a ton. The vein is covered by high tide.

Disappointed.

Jim—Why did every one cry during the death scene at the theater last night? They must have known that the actor wasn't dead.

That was just the reason.

ALLAS SUMMONS

In the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, Idaho.

Gertrude Pace, Plaintiff,

vs.

D. A. Pace, Defendant.

The State of Idaho sends greetings to D. A. Pace:

You are hereby summoned and required to appear in an action brought against you by the said plaintiff in the said District Court and to answer the complaint of the above named plaintiff filed therein within twenty days (exclusive of the day of service) after the service on you of this summons if served within this Judicial District or if served elsewhere, within 40 days. The said action is brought to dissolve the bonds of matrimony between the plaintiff and defendant on the grounds of non-support; and you are hereby notified that if you fail to appear and answer the said complaint as above required the plaintiff will apply to the Court for the relief demanded.

Witness my hand and seal of the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, this 19th day of January, 1922.

C. G. ROIGNS, Clerk.

By C. L. Bowen, Deputy.
W. F. Guthrie, Attorney for Plaintiff, residing at Twin Falls, Idaho.

\$5.00

FRIGID WEATHER CAUSES TROUBLE IN PIPE AND CAR

Water Connections and Motor Vehicles Heaviest Sufferers When Temperature Takes an Unprecedented Drop

Water pipes and automobiles suffered most from unprecedented decline in temperature here during the past 24 hours.

Pumpers and garage operators were kept busily busy from early hours of the morning today thawing out the frozen water pipes and motor vehicles rendered inoperative by action of the cold.

Between the hours of 6 and 8 o'clock this morning 17 calls were received at the municipal waterworks offices for official inspection of water meters suspected as the source of interrupted water supply in dwellings throughout the town. Six men in three automobiles were assigned to this work by J. J. Pillerin, commissioner of streets and waterworks.

Meters Holding Up.

With but few exceptions, Mr. Pillerin said, the trouble was found to be in water pipes within the building and not in the meters.

In view of the cold weather during the past week and the extra low temperature of last night, Mr. Pillerin said, "I must express myself as being well pleased with the meter men's work here. They have been able to locate an actual trouble from this source even though temperatures should remain low for a longer period.

Conditions at the source of the city's water supply were giving some concern to officials this morning. Only a small stream of water was coming through the canal to the intake to the municipal reservoir, passage through the stream being blocked by ice. Pumps were being used to accelerate delivery of water to the filtration plant. Measures had been taken, however, to correct the situation and no alarm was expressed by the officials.

The fact that none of the water mains had frozen was regarded with satisfaction by the water works department.

Motorists in Straits.

Twenty automobile owners who left their cars standing too long exposed to the weather or who had placed unseasonable confidence in the efficiency of a disinfecting admixture of alcohol in radiators were compelled in scores of cases to call upon garage operators for assistance and standing room was at a premium in the heated storage rooms at the several garages.

Snow which fell Monday to a depth of four and one-half inches on the level, has accumulated in varying depths on the south roads to an extent that travel over highways running in this direction even when surfaced, is difficult, and complicates the problem of the cold weather motorists.

A MYSTERY SUPPER AND OYSTURE BALL

Will be given in the Second Ward hall (three doors from Lavington street) on Friday, January 20th. All persons must be costumed in our present hard-time attire, or will be subject to an additional 10c. A mysterious supper will be served for 10c per person. Gentlemen 50c, ladies free. Also children dance from 4 o'clock until 7 p. m. General admission 10c—adv.

MONTANA HAS 100,000 acres of irrigated land under U. S. Government reclamation projects. Rich productive soil adapted to alfalfa, sugar beets, potatoes, grain, growing and dairying. Low prices, easy terms to actual settlers. For full information and free descriptive publications, address E. C. Leedy, General Agriculture Development Agent, Great Northern Railway, St. Paul, Minn.—adv.

Newberry Before Senate

Senator Truman H. Newberry, junior senator from Michigan, who has acquired all knowledge of the amounts of money expended in the Michigan senatorial contest.

JURY IS TO SAY WHETHER FARMER LOST OR GAINED

Discrepancies in Settlement Between Landowner and Tenant Given Hearing

Whether the Williams' carpenter and farmer dispute about 73 1/2 acres of land, finished the season of 1918, which he spent farming certain lands in Lincoln and Minidoka counties, owned by P. O. Bethune of Twin Falls, owner of the land, and the Williams' attorney, or whether he is Bethune's creditor in the amount of \$1604.52, as he claims, is a question to be determined by a jury empaneled in district court today in the case of P. O. Bethune against the Williams and Maude Williams, his wife.

Bethune alleges in a complaint filed in August 1919, that under provisions of a lease agreement entered into January 15, 1918, Williams agreed to farm the property in question during the season of 1918, paying all expenses incident to the farming operations and receiving one-half of the crop as his compensation. The complaint alleges further that upon Williams' request Bethune furnished him with seed, fertilizer, and other supplies, money and labor at an expense of \$5039.01, and that in the settlement at the end of the season only \$3889.00 was paid to offset this expense. \$1250 was retained by Williams for the balance of \$1174.31.

Williams in an answer and cross-complaint, admits advances of supplies and fertilizer to Williams during the season, the amount only of \$4759.31, and to offset this amount he presents a claim for labor, meals and his own one-half interest in the crops and implements used in the farming operations, which he turned over to Bethune at the end of the season, amounting to \$1018.53. He therefore asks for judgment against Bethune for the balance due him of \$1174.31.

Bethune's answer to the cross-complaint acknowledges Williams' counter claim, but asserts that credit covering these claims has been allowed in Bethune's reckoning of Williams' balance.

The case for Bethune is presented by W. P. Guthrie. Frank L. Stephan appears for Williams.

HANSEN HIGHWAY PETITION FILED

County Officials are Formally Asked to Call Election on Question

Petition for creation of the Hansen highway district to include approximately 32,000 acres of land extending from the present Kimberly highway to the district east to the proposed Mortimer district and south from Snake river to the state and county boundary line, was filed late yesterday afternoon in the office of the county recorder by J. D. Koenig of Hansen, one of the members of a delegation chosen at a meeting at Hansen Friday evening last to prosecute action for the levy and creation of the proposed district.

Date of the election for submission of the question of creating the proposed district to the electors within its boundaries is to be determined by the county recorder when a check is completed as to the extent and assessed valuation of the proposed district and arrangements made for polling place.

HIGH SCHOOL NOTES

The Blue Triangle club met last night in the dome of the high school. Violet Holman, Florence Denton and Margaret Dunlap attended. The purpose of the organization, after which the girls went to the club rooms on the lower floor and read letters, was to raise money for the fund party which they are to give at the end of the evening's entertainment.

The girls' basketball team practiced last night. The following were selected by Miss Moore (subject to change), to meet the Buhl team at Buhl Friday evening: Nora Bell, Minnie Ridge, Martha Stearns, Beale Dunning, Doris Wynn, Violet Alderson, Fannie Humphrey, Mildred Haynes, Lucille Wynn, and Ruth Burns.

During a short assembly in the fifth period yesterday, Mr. Kynes announced some changes regarding exemption from final examinations, namely: bad conduct will necessitate taking all examinations. A grade of C with certain conditions will exempt, and a grade of A will exempt without regard to attendance.

Best Picture Wire.

They have recently been experimenting in England on the best support for pictures, and the Scientific American says it was found that plain copper wire in one strand is far superior to twisted brass wire, and copper wire is of course not liable to rust.

Trask Bros. & Munson
Twin Falls office Rogers Hotel
Phone 84 or 822-W.

Local Brevities

Licensed to Wed—Marriage licenses were issued here yesterday afternoon to Rudolph Zech and Agnes Helmanek, both of Buhl, and to William Jefferson, Twin Falls, and Olivia Ellison, Chicago.

Renewing Acquaintanceships—G. B. Schwieger of Idaho Falls and St. Anthony, district manager for the Idaho State Life Insurance company, a former resident of Twin Falls, is here this week renewing old acquaintanceships.

Traffic Man Returns—Leonard Wav, secretary of the Southern Idaho Traffic association, returned today from Burley, where he attended a meeting of potato growers addressed by the state commissioner of agriculture yesterday.

Fire Is Minor Affair—Fire originating from the furnace in the basement of the residence of Judge W. S. Midgley, 241 Second avenue north, at 9 o'clock last night was extinguished by the fire department before any damage resulted.

Clubs Leader Visits—E. H. Duncan of Boise, state leader of vacation clubs, is here conferring with leaders of club work in the county relative to their plans for the activities of organizations and girls enrolled in the organizations for the coming year.

Filer Men Buy Swine—Chas. and Paulman of Filer, in auctioneer's sale, bought for \$3.75 a hundred pounds, a drove of 80 stock swine offered for sale by C. A. McMaster prior to the opening this afternoon of McMaster's sale of 40 registered Duror Jersey sows.

Fruit Growers in Session—Harvesting of fruit and methods of combating the incursions of the rodent in orchards were topics of discussion among a score or more of horticulturists at the district meeting this afternoon in the parish hall. Miles Canon, state commissioner of agriculture, was scheduled to address the meeting.

BURLEY POTATO GROWERS REJECT NEW GRADE PLAN

Meeting of 80 Farmers and Shippers Votes Against Adoption of "Combination Grade"

BURLEY—(Special to The News)—A meeting here yesterday of 80 potato growers and shippers of this district rejected by vote of 78 to 2 a proposal for adoption in Idaho of a "combination grade" of potatoes, to consist of 75 per cent No. 1 and 25 per cent No. 2 grades. Miles Canon, state commissioner of agriculture, and J. H. Thomas, state potato inspector, addressed the meeting. The action taken conforms with decisions reached at similar meetings recently held at Twin Falls, Buhl, Caldwell and other Idaho towns, where the question has been presented by Commissioner Canon and his assistants.

Deaths

IVOR T. EDWARDS

Ivor T. Edwards, aged 45 years, a farmer resident of the Kimberly district for several years, died this morning at a local hospital where he had been a patient during an illness of about seven months' duration. The body has been taken to the Grossman undertaking establishment. Funeral arrangements are in the hands of friends. Mr. Edwards leaves no relatives in this country. He was a native of England, and his country home and sister returned some years ago after residing here for a while. It is understood that Mr. Edwards' father is now on his way home from England.

ADVICE TO ORCHARDISTS

J. A. Waters will give expert advice on orchard care and pruning. Phone your problems to 8401.—adv.

When Dogs Bark

It is rather curious that dogs bark only when they are connected with human beings in some fashion; for instance when a burglar is suspected to be near. When the dog is alone he is glad to growl, howl, howl or howl. The act of barking is the dog's method of talking. It would seem like when your pet dog sees you carrying food and barks as if he were asking for it. Another dog, which is in the habit of going to bed at sundown, will bark to tell you that he is ready when the time comes.

Temperature Drop Clips 10 Degrees Off Cold Records

Shattering all records for cold weather in the Twin Falls country, temperature, as recorded by government test in the local weather observatory, fell just before sunrise this morning to 30 degrees below zero. The previous low temperature record here was 30 degrees below zero, which had been reached only twice since keeping of government weather records was begun here in 1905.

High temperature yesterday afternoon, although the official observer reported at noon that the mercury then stood at 6 degrees below zero.

High temperature yesterday reached a maximum of 10 degrees above zero. At 8 o'clock last night it had fallen to 19 degrees below zero.

Fair weather throughout the state with continued cold in the north portion and moderating temperatures in the north is the forecast for tonight and Friday.

JURY GIVES VIEWS ON PACKING HOUSE AFFAIRS

Court Obtains Answers to Questions of Fact; Resumes Task of Settling Issues

Responsibility for final determination of the issues involved in the case of A. L. Nelson against the Modern Packing company and Henry Jones as president of the company and Jerry Jones, John F. Hansen and W. P. Guthrie as trustees, has been assumed by the court following the return by a jury in district court here late yesterday afternoon of a sealed verdict containing the jury's replies to three interrogatories touching upon questions of fact involved in the case.

The suit involved the claim of Nelson for recovery on a note in the sum of \$2221.71 given to him June 10, 1919, by the Modern Packing company and also a charge made by Nelson against the company, as president of the company, and obtained February 23, 1917, the company's note for \$5177.05, secured by a mortgage on all of the company's property, in order to gain for himself an advantage over other creditors of the company.

The jury in its reply to the interrogatories held that the company on February 11, 1918, was insolvent; that the persons who had control of the company's affairs at that time knew or had reason to believe that the company was insolvent or about to become insolvent, and that the value of the property covered by the mortgage obtained by Henry Jones was \$1000.

ANNOUNCEMENTS

The Royal Neighbors will meet Friday at 8 o'clock in the Odd Fellows hall. All visiting members are cordially welcomed.

The W. C. T. U. will meet at the home of Mrs. James M. Wall, 282 Fifth avenue north, Friday evening at 7:30. Ladies, Mr. Burg, topic, Child Bureau. Social Notes

Edited by Mrs. E. B. Williams Telephone 393

Mrs. Beulah C. Sawyer entertained at an informal dinner Tuesday evening for the following guests: Mesdames M. L. House, Ernest White, R. E. Bohler, P. J. Costello, E. M. Wolfe, Ed S. Johnson, G. W. Shourt, T. E. Reed, E. B. Heinicke, R. E. Vann Cotti and E. B. Hunter. Following dinner bridge was played, Mrs. Ed Johnson winning the prize for high score. On Wednesday evening Mrs. Sawyer entertained at bridge, the prize for highest score was won by Mrs. Budd. Those present were Mesdames George Leopold, Thomas Rowberry, M. C. Putnam, H. P. Barker, P. H. Carr, Aracaz, Ernest White, D. Levin, J. Williams, Budd, H. B. Johnson and E. O. Graham.

Mrs. Oliver Harstad was hostess to the Porcelain club Wednesday afternoon. The time was pleasantly spent with bridge after which refreshments were served. Mrs. B. M. Leonard and Mrs. Battulph were guests and ten members were present.

The Morningdale club gave their first annual dinner at the home of Mrs. Albert Pattizier, on Elizabeth Boulevard, Wednesday. There were 34 present, with Mrs. J. C. Loefer, Mr. and Mrs. P. Davis, Miss Eleanor Strunk, Miss Pearl Young and Miss Florence Davis as guests. Each member of the club had prepared one or more articles of food, and dinner was served at one o'clock. After dinner Mrs. J. C. McKinley and Mrs. Harry Smock furnished music. The remainder of the afternoon was spent in visiting, and all felt they had had a very enjoyable day.

The Thursday Kensington club held its meeting on Wednesday this week at the home of Mrs. John Kimes. It was a farewell party for one of their members, Mrs. R. F. Loefer, who is moving to Incanto to make her home. Needlework and conversation, with the serving of delicious refreshments made a delightful afternoon. Those present were Mesdames Thomas Rowberry, W. H. Stanley, Harry Alexander, Reese Williams, Harold Lewis, Sr., Harold Lewis, Jr., J. C. Loefer, J. S. Stewart, J. Reed, M. R. Nelson and Ben Brown.

A dinner was given Tuesday evening at the home of Miss Gertrude Macanay by Rev. Father Regis S. Kiper, in honor of the members of the chapter of St. Andrew's Catholic church. Pink and yellow anemones in a crystal vase formed the centerpiece for the table. Pink carnations in crystal vases and place cards decorated in yellow made a most attractive table. Covers were laid for twenty and the evening was spent with cards.

The Optimists' club met Wednesday at the home of Mrs. Daly on Locust.

street. Twelve members and one guest, Mrs. E. O. Rines, enjoyed a social time with dance work and cards and a two-course luncheon was served.

Mrs. A. D. Stafford was hostess Wednesday to the Ninth Avenue club at her home on Eighth avenue east. Nine club members responded to roll call with current events. An unusually interesting program on Italy was given. Mrs. C. D. Weaver, accompanied by Mrs. P. T. Kellogg, gave a musical reading with Italian settings, entitled "Brutalwood." Mrs. Kellogg gave a talk on Italy, and the program concluded with the reading of an Italian poem by Mrs. Ed. Tolbert. The club will give a portion of their funds to charitable work. Mrs. Gibbs of Rogerson, Mrs. Radcliffe and Miss McCormick were guests of the club. Delicious refreshments were served at the close of the meeting.

A party of friends numbering 25 gathered at the home of Mr. and Mrs. John Clark on Tuesday evening and spent several hours with games and music. It was a surprise for Mr. Clark who plans to leave next week for Texas where he will look over the oil fields. They brought with them many delicious tables which were served at a late hour.

Mrs. W. H. Greenhaw was hostess to the Wednesday Bridge club this week. Eleven members were present and Mrs. L. C. Oen won the rub favor.

Mrs. Charles Neely entertained the M. C. R. club Wednesday afternoon. Bridge was the diversion and high score was won by Mrs. Mary Kelly.

The Winemadai club met Wednesday with Mrs. L. L. Breckenridge at her home on Seventh avenue north. Sixteen members enjoyed an afternoon of needlework and conversation, after which the hostess served dainty refreshments.

Thirty couples enjoyed a dancing party given last evening by Knight of Columbus in Parish hall. Old-fashioned dances were a feature of the evening's entertainment.

STRAUS AND GLAUBER desire to extend thanks to the public of Twin Falls and Twin Falls county for the liberal patronage which made our sale of the Clothing store such a wonderful success. We wish to say in correction that those who were unable to purchase any goods during the sale will be given an opportunity to secure some of the many bargain stocks are left over. We removed the remainder to our old stand and is now on sale. Thanking you again, respectfully, STRAUS AND GLAUBER, S. Straus—adv.

The January issue of the telephone directory goes to press January 23, 1922. It will be necessary to have all new listings and changes in before that date. The Mountain States Tel. & Tel. Co.—adv.

Miracle Oil

provides the only known system of lubricating the internal combustion motor above the piston rings.

If MIRACLE OIL will thoroughly lubricate the combustion chambers of the engine, as well as the movable parts of the carburetor, valves and valve stems of the intake and exhaust outlet; if MIRACLE OIL will survive the excessive heat generated by the explosion of the gas and lubricate the upper walls of the cylinder, piston rings, etc.; if, in consequence, eliminates friction on these vital parts and thereby reduces overheating, noise and vibration, and results in a smoother running engine and a ready "pickup" on high gear and the maintenance of a better average speed going up-grade because of this lubrication; if it is perfectly soluble in gasoline and is used in a very small quantity—two ounces to five gallons of gasoline or one quart to eighty gallons of gasoline; if it will practically eliminate carbon and the necessity of laying the car up for days at a time to remove carbon and the regrading of cylinder walls and valves that are working badly from the excessive wear and the case-hardening of carbon in the valve-seat; if it will maintain compression when it is used before the chamber-walls and piston rings are worn, so that the carbon-gases do not escape down past the piston rings and spoil the lubricating qualities of the oil in the crank case; and last but not least, if it will save 15 to 50 per cent in gasoline, then it is worth \$10.00 a quart instead of only \$2.00.

Indorsements of leading automotive engineers, and names of convinced Twin Falls drivers, on request.

Exclusive distributor wanted in each city of Twin Falls, Jerome and Cassia counties.
