

# DOUBLE VICTORY SCORED AT BUHL BY TWIN FALLS

## Boys' Team Takes Buhl Into Camp with Score of 32 to 17 —Girls Defeat Opponents by Score of 20 to 6

Twin Falls high school basketball teams won a double victory Friday evening at Buhl, when the girls squad defeated Buhl's fair sex by the score of 20 to 6, and the local lads took the measure of Buhl hoopers by the score of 32 to 17.

Both games were fast, and well played, and Miss Moore has gathered a real team to represent Twin Falls, this coming season.

Minnie Page, right forward for the girls varsity squad, was by far the bright spot on the local team, her speed was amazing, and when it comes to shooting baskets, Minnie led the whole field, with the possible exception of Crom, of the boys team. Martha Stearns at left forward, also played a clever game, and in fact, all girls made a wonderful account of themselves.

Twin Falls girls displayed more team work, and seemed to have a better knowledge of the game. Twin Falls was well executed, but one basket was made by Buhl during the entire game. The other four points were made with foul shots, but Miss Moore did make it at right forward for Buhl played a pretty game, making all the points for the worst-enders.

### Boys' Game a Battle.

The boys game was a battle from start to finish, the Buhl lads working from the opening whistle to lock Twin Falls, and Twin Falls lads doing their very best to keep up their clean record.

The first half ended with the local lads leading with a 16 to 6 score, and it looked as though it was going to be a landslide, but Buhl woke up in the last half, that is, for a few minutes, and to let Twin Falls recover lost ground.

Referee Bracken warned the crowd several times against yelling while Twin Falls was trying for a run, but his efforts were in vain, with Crom trying for a free throw, the referee gave him as many chances as was needed to make the basket. After Crom did make it, the referee substituted from then on the game was played as all inter-school games should be played.

Stanley Crom, who has far this season has shown wonderful speed in all the games, again demonstrated that he is a center. His work last night stands him as the biggest find of the year.

Handcuffed by the loss of Jim Scilley, who left for Montana earlier in the week, it looked rather dismal for the local lads, but Crom's playing really made the fans forget that the team had been weakened.

### Shows Better Team Work.

The team in general displayed more team work than last week in its game with Filer.

Leon Scott played a crackjack game of a game, and his basket in the last minute of play was a beautiful piece of work.

Moroni Jamison at center also showed great improvement, although he worked under more difficulties. Putnam, who played opposite him, measured 6 feet 3 inches, and is extra fast.

King and Myers also combined into fast players, and all in all it looks very much as though Twin Falls will be represented against this year with a championship team.

### The summary for the boys' game:

Field Goal	Free Throw	Total
Buhl—Position	0	0
L. Scott, rf.	2	2
Mullins, rf.	2	2

### Storms Add to Snow in Salmon Drainage Area

Hills Back of Irrigation Project Covered with Drifts Up to Average of 30 Inches

Reports indicate recent storms have brought the snowfall on the Salmon River project drainage area up to an average for this season of the year.

Around San Jacinto there is 8 inches on the level; on the divide south of Contact 1 foot; in Shoshone Basin and on Big Creek 2 to 2 1/2 feet; on the north fork of the Salmon about 1 foot.

# COUNTY HOSPITAL FEES FOR YEAR OVER \$38,000

## Figures Given by Auditor Show Institution's Income and Expenses

Income of the county general hospital, exclusive of tax money, during the year ending January 7, amounted to \$38,028.01, while the total expense of the institution, outside of capital outlay including heating plant installed at a cost of \$17,113.05, amounted to \$65,488.03, according to figures made public Saturday at the county recorder's office.

Assets to the amount of \$50,523.31, including each on hand in the sum of \$21,490.03 and the balance in tax money receivable, were shown as against a total of warrants outstanding in the sum of \$27,406.55.

The items of expense for the year, exclusive of capital outlay were given as follows:

Salary of superintendent	\$2,400.00
Salary of employees	\$14,622.12
Pathologist and X-ray work	1,458.50
Maintenance supplies	12,316.21
Surgical supplies and drugs	4,871.86
Repairs to buildings and	2,144.74
Fuel, lights, water and ice	7,444.00
Laundry	3,082.80
Freight, express, and drayage	329.21
Telephone, telegraph and	305.40
Insurance	178.69
Care of indigents	9,842.97
Interest on warrants	.03
Total expense	\$65,488.03

# ASK CHANGE IN TAX MACHINERY

## Assessors of Idaho Recommend Abolishment of State Board of Equalization

County assessors of the state, at a convention which adjourned Saturday at Boise, adopted a resolution recommending the abolishment of the state board of equalization and establishment in its place of a non-political state tax commission to be composed of three members to be elected after the manner of the election of the judiciary.

This was one of the most important actions taken by the assessors' convention, according to S. Claude Stewart, Twin Falls county assessor, who acted as one of the members of the resolutions committee.

Mr. Stewart was among those who opposed a suggested resolution that would have committed the assessors in determining property valuations for taxation purposes in 1922 to the same basis as obtained in 1920. He told the convention that he would welcome an opportunity to make it so that conditions in this county warrant a reduction in valuations in several instances.

Proposal for levying tax assessments against merchandise stocks on inventory basis, previously made by Mr. Stewart, was adopted by the convention.

With few exceptions, Mr. Stewart reports, bases for determining valuations of livestock will be maintained this year the same as last. Reduction of between 2 and 30 per cent in the case of horses, was agreed upon. Common sheep will be valued at \$4 a head, the same as last year. Reduction in this regard being reached after Hugh Sproul, as a representative of the wool growers' association, had given it as his opinion that such valuation would be fair in view of the fact that the war finance corporation is advancing loans on sheep on the basis of \$4 a head valuation.

Milk cows will be assessed at \$10 each, common at \$20 each, purebred cattle at \$65 and up, and range bulls at \$100 each.

# ASKS TO BE HEARD ON CURTAILMENT OF TRAINS

## Southern Idaho Traffic Association Interposes Objection to Proposal

Protesting against the proposed purpose of the Oregon Short Line to give permission to curtail passenger train service on some branch lines including the Rupert-Bliss cutoff and the Twin Falls cutoff, the Southern Idaho Traffic association Monday addressed a letter to the state public utilities commission asking that the association be heard when the proposed application of the railway company is presented to the commission.

# STORMS ADD TO SNOW IN SALMON DRAINAGE AREA

Hills Back of Irrigation Project Covered with Drifts Up to Average of 30 Inches

Reports indicate recent storms have brought the snowfall on the Salmon River project drainage area up to an average for this season of the year.

Around San Jacinto there is 8 inches on the level; on the divide south of Contact 1 foot; in Shoshone Basin and on Big Creek 2 to 2 1/2 feet; on the north fork of the Salmon about 1 foot.

# ROAD BUILDING OPERATIONS OF YEAR SET FORTH

## Twin Falls Highway District Files Annual Road Report Showing Extent of Improve- ment Work Done

Road building on the Idaho Pacific state highway through the Twin Falls highway district last year was carried on at an expense to the district amounting to \$316,000, according to the annual report, accompanied by maps, filed late yesterday for the highway district commissioners in the office of the county recorder.

Of the total amount furnished by the district for state highway construction, \$74,000 was advanced to the state and will be refunded by the state \$4000 this year and the balance out of future appropriations for the district.

### Bituminous Macadam Roads

According to the report five and one-half miles of bituminous macadam, consisting of gravel and sand, were laid from the Hansen bridge south.

Eighteen hundred feet of the same type were laid from the east city limits of Kimberly to the state highway and one-half mile of the same type was laid north of Knoll.

Weather conditions last year prevented the laying of the top course on about three miles of the Knoll road. This work was done this year.

There have been two and five-eighths miles of water bound macadam laid this year. There were laid on Kimberly south and Addison avenue six and five-eighths miles of crushed rock and gravel.

There is under construction one and one-half miles of the same type of road at Twin Falls. This is about 75 per cent complete.

### Where Gravel Is Used

Two miles of gravel road have been constructed east and north of Rogers, extending from the south side of Deen creek south to the first crossing of the railroad.

There are under construction five and three-quarters miles of gravel road between Rogers and Hollister. This is about 90 per cent complete.

Five and three-quarters miles of gravel road south and east of Twin Falls. This work is about 35 per cent complete.

The crushed rock used in these roads has been furnished from the district crusher. The gravel for the Kimberly road, Addison avenue and the work south of Twin Falls was purchased from Burley. The gravel for the work at Hollister, Rogers and Rogers was secured from the Salmon River Canal company, which is now in pits.

The district reinforced the gravel and one-half miles of gravel road east and north of Hollister, used about 500 cubic yards to the mile. The gravel for this was taken from the Salmon River canal.

### Replaces Old Structures

The district has replaced with permanent structures 20 old bridges and culverts. These vary in size from 12 inch cast iron culvert to a 65-foot high concrete bridge across the high line canal. This work is about 50 per cent complete. The abutments are complete and all material is on the ground. There have been used in this work approximately 1000 feet of corrugated iron pipe and 608 cubic yards of reinforced concrete in abutments, headwalls, culverts and siphons and one 12 foot span and one 16 foot span. There have been used in this work 1000 cubic yards of concrete and 30,825 pounds of reinforcing steel.

The district has also used 16,200 feet board measure in timber culverts and reinforcing bridges on the district. Fifty thousand three hundred pounds of spikes were used in this work.

A 24-foot steel "T" beam span has been constructed on concrete abutments and one-half mile south of Kimberly, and the grade has been raised about three feet across the entire creek bottom. A similar grade is being constructed on the west side of this point and the grades on each side are being reduced to eight and one-half feet.

### McDonnell Donates for Span

John McDonnell has donated \$2000 to the district for a bridge across the main canal one mile south and one and a half miles east of Hansen. This will be a timber and steel trestle span. Material for this bridge is on the ground and work will be started as soon as the ice goes out of the canal.

# Old Timer Tells of Weather Here When It Was Cold

## Discussing the subject Saturday at his desk at the courthouse, John F. Hansen, pioneer settler of Rock Creek and now deputy county recorder, recalled that on March 13, 1890, with snow drifted from three to five feet deep, it became so cold that 110 head of cattle owned by the late A. B. Norton froze to death on the range and other stockmen of the district suffered similar losses.

On March 18, 1890, Mr. Hansen continued, after thermometers at Rock Creek had registered 36 degrees below zero for three successive days, a party of seven cowboys, including a party of men at Rock Creek, were camped. We camped one night in a couple that, as nearly as I can locate it now, ran through J. A. Waters' place south of Rock Creek. It was so cold that night that a bucket of water set within a yard of a fire we built of juniper, boiled on one side while ice formed on the other. Some of the party escaped with out frost bitten fingers, faces and feet. Frank Ramsey, who was later a state auditor, was one of the victims of the weather. He was at Rock Creek and myself. J. A. Bower of Rock Creek, had one hand so badly frosted that it still troubles him.

# SALMON MAY GET FEDERAL MONIES

## Land Bank Representative Here to Inquire Into Sufficiency of Title

With a view to determining the sufficiency of title to lands under the Salmon river irrigation project as basis for loans by the federal land bank at Washington, D. C., a representative of the federal land bank at Spokane, is now engaged in making a survey of the project.

Mr. Washington's survey extends to examination of the resources of the project, its water supply, priority rights, all physical features of construction, topography and quality of the soil. The undertaking is the responsibility of the individual resources of the land owners.

Decision of the federal land bank as to making loans on the project will depend on the results of his report to the regional director.

### Favorable Decision Expected.

The prospect for favorable decision by the land bank is regarded as exceedingly favorable by those in touch with the situation. The undertaking on the part of E. B. Shepherd and Murray Brookman, as representatives of the Salmon River bondholders, is to complete the requirements of the general land office in reducing the project area to 35,000 irrigable acres, and the progress that has been made in the past year toward completing settlement of the project.

In this connection it is stated that settlements have been completed by the bondholders representatives and reduced area of approximately 95 per cent of the excludable area, while more than 50 per cent of the owners of land in the retained area have made settlements either by payment of their water contract debt or giving notes secured by mortgages in payment of such indebtedness.

### Meets General Desire.

The desire for federal money on the part of Salmon river project bondholders is said to be general. Many individuals as well as the banks at Hollister and Rogers on behalf of their clients have been urging the land bank authorities to extend the privilege of federal loans to farmers of the Salmon river project. Representative Addison T. Smith and the representatives here are endeavoring to have interested themselves largely in this undertaking.

The character of financing offered by the federal farm land bank system has been adapted to meet the requirements of the Salmon river project farmers.

The loans run for a long period of time, though they may be prepaid under certain conditions. The small annual payments completely extinguish the principal and interest during the life of the loan.

### Way to Retire Mortgage.

Those who have delivered mortgages in settlement of their water contract indebtedness see in the federal farm loan plan a means of retiring their mortgages at maturity or before.

The water contract debt will not interfere with the farmers' ability to take advantage of the federal farm loan; a part of the bondholders have laterated federal farm loan being used to retire farmers' mortgages.

### Boat Goes to Coast—Hansen Stout, manager of the ferrying pavilion, left Tuesday for Burley, where he will be joined by Mrs. Stout on a trip overland from Salt Lake to Long Beach, California. They expect to be away until spring.

# CITY MANAGER ADVOCATES IN LEAD IN FIGHT

## File Petition for Submission of Question after Mayor De- clines to Act on Claim of Commission Form Leaders

Advocates of the city manager plan of government for Twin Falls took the lead in a campaign today by proponents of the commission form of municipal administration late Friday afternoon when their petition calling for submission at a special election of the question of adoption of the city manager plan was filed in the office of the city clerk after Mayor P. W. McElbert had dispatched to E. F. Walton, mayor of the commission form group, a letter in which the mayor declared that he did not feel justified in calling an election for submission of the commission form because of insufficiency of the petition calling for such an election which was filed by Walton January 9.

### Essential Details Lacking

The petition, filed by advocates of the city manager plan, however, contained the ages and length of residence in Twin Falls of the signers, while the commission form petition, filed today, which, it is assumed, are prerequisites in petitions for the adoption of either proposal for change in the municipal government.

The petition for the city manager plan, which was filed at 4:45 o'clock Friday afternoon by Clyde W. Simpson, Harry B. Bower, and others, including W. E. Bower and C. D. Bower, and all of the mayor, the councilmen except administration.

### Low Price Time

Under state law an election for submission of the question of adoption of the city manager plan may not be called until after 60 days from the filing of the petition; whereas an election for submission of the commission form, under the statute, must be called within 60 days after filing of the petition.

The petition for the commission form asked for calling of the election within ten days after it was filed, January 9. This period expired yesterday.

# ARCHITECT BRINGS SUIT AGAINST BUHL DISTRICT

## B. Morgan Nisbet Claims \$8,257.17 Due Him from the School District

Claim for \$8,257.17 alleged to be due to himself for services, money and material furnished in the construction of the new high school building at Buhl is asserted by B. Morgan Nisbet, architect, in a suit instituted Friday in district court here against independent school district No. 3, at Buhl. The architect in his complaint asserts that the total amount of his claim against the district on account of the new school building was \$16,352, upon which amount payments have been made leaving a balance of \$8,257.17, which he asks judgment. He is represented by Bothwell and Chapman.

# DRINK DRIVES YOUTH MAD

## Hansen Constable Brings in Young Man Made Belligerent by Intoxication

Made mad by intoxicants, and while in the grip of Constable M. W. Hansen, a deputized citizen, Gaylord H. Walters, a young man recently employed at Jack Ranger's ranch, near Hansen, was presented late Thursday afternoon at the door of the sheriff's office here with the constable's statement that "We have a wild cat here for you." Walters' hands were tied together with a rope. He had fought and threatened jailers all the way on the way to the sheriff's office where he was arrested in the midst of his endeavors to "clean up" a pool room, the official said. Charges of drunkenness and resisting officers were prepared in the case by Assistant Prosecuting Attorney C. A. North.

# MEN'S CLASSES ARE ACTIVE

## Atkinson Team of Gym Workers De- feats Cloak Aggregation in Hard Fought Volleyball Battle

After 25 minutes of cat-and-mouse business men's gym class Monday night the Atkinson team won from the Cloak team by a very small margin in a game of volleyball. In the opening game of the basketball schedule the Bees under the leadership of Exeter won from the Skeeters under Captain Stewart by a score of 13 to 10. Captain Stewart, by Atkinson, also met defeat at the hands of the Bees, score 21-18. Next Monday evening the Gnats will meet the Bees and Skeeters in the second game of the season.

Standing of teams:

Team	W.	L.	Pct.
Bees	2	0	1.000
Skeeters	1	1	.500
Gnats	0	1	.000

# JURY ACQUITS SUMMERS OF BOOZE MAKING CHARGE

## Court Disposes of All Criminal Actions Set for Trial and Resumes Calendar

Charles Summers was declared not guilty of a charge of illegal manufacture of liquor by a jury in district court here which returned its verdict in the case after brief deliberations at nine p. m. Saturday. Summers denied the ownership of a "still" constructed of a keg and rust "tween" which, with eight gallons of home made whiskey was seized by officers when he was arrested last July.

All of the criminal cases set for trial during the present term of court were disposed of today. The verdict in the Summers case when Judge W. A. Bower ordered dismissal of charges against W. H. Jenne and T. E. Mills, following of issuing checks without funds in the bank. Dismissal was ordered following settlement of the cases in probate court from which appeal to the higher court had been taken.

# BUHL DRAINS SWIMMING POOL FOR WATER SUPPLY

## Ice in the Canal Temporarily Shuts Off Source from Low Line

Accumulation of ice at the intake of Buhl water supply from the lake has again interrupted delivery of water from that source Friday and Saturday night, during which time water was pumped into the mains from the municipal supply tank. The swimming pool was pumped dry at about 6 o'clock when extra water diverted into the canal became available and service through regular channels was restored. Ice in the canal made delivery of the extra head of water a slow process. It is not anticipated that there will be further difficulty.

# COURT UPHOLDS WIDOW'S CLAIM TO STRIP OF LAND

## Mrs. Thella F. Laycock Is Given Title to Property Involved in Suit

Claim of Mrs. Thella F. Laycock, administratrix of the estate of Elvia L. Laycock, deceased, as opposed to the claim of the heirs of the land 100 feet wide extending along the west side of 40 acres of land in the vicinity of Buhl, was sustained by judgment Friday afternoon by Judge W. A. Bower. The judgment following Worrill's failure to appear in court to resist the claim of the administratrix. Worrill, in an answer to Mrs. Laycock's complaint previously filed, had not set up a claim to the land in controversy on the basis of his having farmed it for eight years.

# Advance Agent of Redbreasts Makes Appearance Here

One robin decidedly "does not make a mistake" in the case of the lonely bird springing its arrival in individual of this species that was observed here Friday by four good men and true.

With temperature somewhat below the zero mark and with from two to six inches of powdery snow covering the land, at about 8:30 the robin, in question was observed by George W. Wirth, Edwin N. Day, L. S. Constable and H. F. Wirth, residents of Heyburn avenue and vicinity.

Another and more discomfited by inclement weather conditions, the robin hopped about for sometime in search, perhaps, for provender; time in apparent recognition that the land and place were unseasonable for robins, he presently took flight and was last seen winging his way southward.

# BUHL COUNCIL SLASHES SALARIES OF EMPLOYEES

## Office of Assistant Park Commissioner Is Abolished and Payroll Radically Reduced

The city council took a slash at salaries at their regular meeting Monday evening, says the Buhl Herald. They abolished the office of sanitary inspector and assistant park commissioner altogether, and reduced the salaries of the following: chief of police from \$175 to \$150; night police from \$125 to \$100. The insalter of the city hall who has been relieved of the fire chief was reduced from \$110 to \$75; a commissioner and water superintendent from \$120 to \$100; park superintendent from \$125 to \$100. Common laborer has been scheduled at \$4 per day will receive \$3; man and team which received \$5.60 now gets \$4.40 and the sprinkler driver gets 50 cents per hour, where he did get 60 cents.

### Knights Pythias to Install—Installation of officers is to be the order of business at a meeting of Twin Falls lodge, Knights of Pythias, to be held Friday evening next, in the Moose hall.

# FIGURES SHOW DISTRIBUTION OF TAX MONIES

Statistics Compiled by County Officials Show Amount of Assessment Levied by Each Taxing District

Real and personal property valuations for purposes of tax assessment in Twin Falls county increased in 1921 over 1920 by \$2,831,587.33, standing at \$32,768,326.70 in 1921 as compared with \$29,936,739.37 in the preceding year; while total tax assessments increased by \$308,995.00, the assessment for 1921 amounting to \$2,903,734.33 as against \$1,594,739.33 for 1920, according to the figures made public Monday at office of the county recorder.

Here are comparative figures taken from county records completed today, showing distribution of tax assessments of the several taxing units of the county for the years 1920 and 1921:

	1921	1920
State tax	\$183,211.99	\$149,684.23
County tax	379,545.12	380,801.32
Twin Falls city	173,517.89	147,018.34

## HEADS ELKS ASSOCIATION

O. P. Davall, probate judge and past exalted ruler of Twin Falls lodge, B. P. O. E. No. 5, was Saturday at Pocatello, president of a fraternal organization for Idaho.

## JUDGE DAVALL IS HIGHLY HONORED

Local Man Elected to Position of President of Elk Bodies of State of Idaho

O. P. Davall, probate judge of Twin Falls county and past exalted ruler of Twin Falls lodge of Elks, was Saturday at a convention of delegates from several Elks lodges throughout the state, elected president of a permanent organization of Elks lodges of Idaho, effected at that time.

Judge Davall was chosen temporary president of the temporary organization, when it was formed at a meeting in Boise last fall.

Other officers of the association elected at the Pocatello convention are Harry Fox, Pocatello, secretary and treasurer; E. H. Denney, Nampa, first vice-president; Norman Taylor, Rand, second vice-president; J. V. Hawkins, Coeur d'Alene, third vice-president; P. W. Williams, Idaho Falls, permanent at arms.

The constitution and by-laws adopted for the association provide that its executive committee shall be composed of the exalted rulers of all of the Elks lodges of the state.

Holme was chosen as the meeting place of the association when it convenes next on June 14 and 15.

Many Lodges Represented

The convention at Pocatello was attended by about 40 delegates from northern Idaho lodges. Northern Idaho lodges had previously expressed their purpose to join in the association but were not represented at this session.

A meeting of exalted rulers of the northern Idaho lodges convened by C. W. Stewart, Boise, district deputy grand exalted ruler, also was held at Pocatello Saturday for consideration of plans for a membership drive to be made by the order.

The visiting delegates were entertained by Pocatello lodge at a banquet and were later taken in automobiles en masse to Inkom and other points of interest in the vicinity.

Twin Falls lodge was represented at the Pocatello meetings by Judge Davall, H. R. Gray, exalted ruler, and C. C. Higgins, chairman of the membership committee.

## MILNER DISTRICT GIVEN ENDORSEMENT BY COURT

Steps Toward Reclamation of 11,000 Acres Meet With Approval

Organization of the Milner Low Lift Irrigation district, formed to reclaim approximately 11,000 acres of land above the Twin Falls canal system between Milner and Murtaugh, election of the district's directors and its proceedings toward issuance of a decree of water right were declared valid and in conformity with provisions of law by District Judge T. Bailey Lee in a decision of the court in confirmation proceedings. The boys on both sides did good work both from the point of view of argument and of delivery.

Edward Hornbrook acted as chairman and conducted the debate.

KIMBERLY, Idaho (Special to The News).—Filer basketball team defeated the local squad Friday evening by a score of 31 to 4. The game was played before a large crowd. Filer bringing quite a delegation. During the first half the Filer team was unable to locate the basket, the score at the end of that period standing 7 to 2. They showed marked improvement in the second half and were able to build on a pile-up of 31 points to Kimberly's 4. The excellent and close guarding of Cole of Filer held the Kimberly squad to but one field goal. The lineup: Filer—Amann, forward; Murray, forward; Cole, center; Timm, guard; Blackburn, guard.

Kimberly—Holler, forward; Angel, forward; Carter, center; Stowe, guard; Rowland, guard.

Substitutions—Filer: Martin for Amann.

Referee—Whitney of Twin Falls.

## DATE SET FOR HANSEN'S VOTE

Creation of New Highway District to be Submitted at Election Feb. 11

Creation of the proposed Hansen highway district to include all of the territory east from the proposed Kimberly district to the proposed Murtaugh district and south from Snake river to the state and county boundary line, will be submitted to electors of the proposed district at an election to be held on Saturday, February 11, under provisions of a call for election determined upon Saturday by county officials.

Voting is to take place in the offices of the Gen. State Lumber company at 11 a. m. on the day of the election.

Calling of the Hansen district election brings the number of pending highway district elections in this county up to three. The ballot in creation of the proposed Kimberly district has been fixed for January 28, and on the creation of the proposed Murtaugh district, for February 11.

All of the proposed new districts would be composed of territory included in the original Twin Falls highway district.

## IMPORTANT DEAL IS MADE IN TWIN FALLS PROPERTY

Building on Shoshone Street Changes Hands; Anderson Buys Reed Residence

The first big city real estate transaction of the present year, and one of the most important in some time past here, was consummated when the L. C. Smith property on Shoshone street, now occupied by the Gen. State Lumber company, was purchased by William G. Reed, of Pocatello, for \$20,000.

The land consists of a 55-foot lot, which goes back to the rear alley with an L shaped strip running to the other alley of about 20 feet in width. While Mr. Reed is now a resident of Salt Lake, local real estate men call attention to the fact that this addition to his present interests here may be taken as indicating the extent of his confidence in Twin Falls as a place of investment. The consideration paid is said to be the same as that which the property changed hands some two or three years ago.

The former Reed residence on Blue Lakes boulevard, previously known for years as the Harter place consisting of two acres of ground and one of the largest and best equipped suburban homes here has been purchased by A. R. Anderson of the New Orleans theater. The consideration is understood to have been \$50,000. Mr. Anderson, it is understood will occupy the property as a residence and will take possession at once.

The theater building now will make no difference in the occupancy at this time. In the sale the Briganti Lumber company acted as agents.

## JUNIOR HIGH DEBATORS ARGUE OVER IMMIGRATION

Advocates of Prohibition of Foreigners Incoming Win in Foreman

The resolution that "All foreign immigration to the United States should be prohibited for a period of ten years" was the question handled by six of the boys of the junior high school debating club on Friday before the visiting club of the Foreman school. The affirmative side was argued by Clinton Ingelside, Burton Maynard and Wilbur Webster. Those on the negative side were Kimball Hackman, Victor Gallaway and William McDonald. Miss Orm, Miss Hudson and Miss Hickman acted as judges of the debate. The decision was given in favor of the affirmative. The boys on both sides did good work both from the point of view of argument and of delivery.

## FILER BEATS KIMBERLY

East Enders Defeated 31-4 in One of Most Interesting Games of the Season

KIMBERLY, Idaho (Special to The News).—Filer basketball team defeated the local squad Friday evening by a score of 31 to 4. The game was played before a large crowd. Filer bringing quite a delegation. During the first half the Filer team was unable to locate the basket, the score at the end of that period standing 7 to 2. They showed marked improvement in the second half and were able to build on a pile-up of 31 points to Kimberly's 4. The excellent and close guarding of Cole of Filer held the Kimberly squad to but one field goal. The lineup: Filer—Amann, forward; Murray, forward; Cole, center; Timm, guard; Blackburn, guard.

Kimberly—Holler, forward; Angel, forward; Carter, center; Stowe, guard; Rowland, guard.

Substitutions—Filer: Martin for Amann.

Referee—Whitney of Twin Falls.

WILL HOLD SECOND SALE

W. H. Iamho and L. S. Otto who last week held a sale of registered Durac Jersey cows at Glover Leaf ranch here, will hold a second sale of registered Jersey cows at the same place on February 16. E. O. Walter of Filer, has been retained as auctioneer, and E. J. Fiedler of Blackfoot, as fieldman.

## MEALS RECEIVED HERE FOR BOY STOCK JUDGES

Winners of Contest at Portland Exposition to be Given Tokens of Award

Bronze medals awarded at the Portland International exposition in 1921 to the winners of competitive stock judging contests open to boys' and girls' club members throughout the United States, were late Monday received by A. L. O'Reilly, county club leader, for presentation to Ralph Owen, Maroon; Milo Davis, Twin Falls, and John Owens, Twin Falls, the members of the Twin Falls county team which carried off premier honors in this competition at Portland.

Mr. O'Reilly was to confer with W. E. Crabtree, club club chairman in agriculture, relative to plans for formal presentation of the medals. Mr. Crabtree took an active part in training the members of the winning team for the competition. It was suggested that the award of the medals might be deferred until the presentation of awards to Twin Falls county winners of state high school and club championships.

Competing teams in the Portland contest were called upon to judge Poland, China and Chester White swine; Jersey, Holstein, Shorthorn and Hereford cattle; and short and long wool sheep. They were required to place four animals in each case, and give reasons for their placing of the swine.

Out of a possible total score of 1000 for placing six animals, Ralph Brown scored 833, John Owens, 805, and Milo Davis, 720.

The total score for the team was 2353, possibly 20 points less. John Owens was second high man for individual placings in the judging contest. His placings of swine and Jersey cattle were perfect.

Sixty teams participated in the contest.

## HEAD LETTUCE GROWERS COMMITTEE IS CHOSEN

L. S. Otto of Filer Heads Body to Represent Producers of New Crop Here

Appointment of a committee composed of L. S. Otto, Filer; John W. Harbin, Kimberly; E. S. Wood, Kimbrell; R. H. Hays, Filer; and R. E. Bressard, Filer, to represent the lettuce growers in the production of head lettuce as a market crop in this district and in particular to inquire into contracts presented by buyers to prospective lettuce growers, was made Monday at the county fair bureau offices here.

Appointment of this committee was authorized at a meeting of about 30 prospective lettuce growers in the farm bureau building here Monday evening. Also were discussed for holding county-wide meeting for prospective lettuce growers here on February 4. It is expected that R. Bennett, field horticulturist and an authority on lettuce culture, will attend and address this meeting.

## SOCIAL GAIETY REIGNS

Twin Falls People Guests at Home of Mr. and Mrs. E. B. Ripley for Pinchle Party

FILER, Idaho.—Mr. and Mrs. E. B. Ripley entertained at a pinchle party Monday evening. The guests were Messrs. and Mrs. J. O. Ripley, John Detweiler, John Clark and four Beaks of Twin Falls, and Mr. and Mrs. E. R. Gardner. Refreshments were served in the evening.

Mr. and Mrs. A. S. Shalund of Centerville, Mich., who have been guests for the past week of Mr. and Mrs. A. C. Timm, left Thursday for Boise, where they will be to town.

Dr. Harry McMillan spent last week in Shelley, Idaho, his former home, where he attended a meeting of the directors of the Commercial bank of Shelley.

The sixth birthday of little Billy Bance was celebrated Monday afternoon by six of his little boy friends. Those present were Donald Albright, Bobby Davis, Roy Smith, and four Charles Snyder and Merle Allison. After an afternoon of games, a birthday lunch was served by Mrs. W. Bance.

Miss Margaret Sealey, who has been seriously ill at her home, is greatly improved.

Mr. and Mrs. Arthur Scholten entertained the Pinchle club Saturday evening. All regulars and newcomers were present except Mr. and Mrs. George Patton, who are visiting relatives at Deloit, Kan.

Mr. and Mrs. A. S. Goff are the parents of a daughter born January 24. A daughter also was born to Mr. and Mrs. W. C. Harper, January 15; a son was born to Mr. and Mrs. W. P. Wright.

## CONFESSES THEFT OF CAR

Buhl Garage Operator Pleads Guilty to Charge of Embezzling Property

## REFUND IS MADE TO BEET GROWER

Amalgamated Sugar Company Issues Compensation Checks for \$17,000

Checks in the amount of \$17,000 were Tuesday issued by the Amalgamated Sugar company to sugar beet growers of this district whose crops last season were hurt by insects and abnormal weather conditions during the late spring and early summer. The refund is based on tonnage per acre harvested.

The company's motive in making this refund, according to statement of James Scilley, Idaho district manager, is to further mutual confidence and co-operation between growers and the sugar company and to compensate in a measure the losses suffered by growers because of conditions prevailing last year which were out of the ordinary, and which, according to Mr. Scilley, may never occur again.

Confidence in the future of the beet sugar industry here is expressed by the company's statement issued today which says:

"Last year a great many of the growers were too late in planting, and even in the face of most unsatisfactory weather conditions those who planted early in the majority of cases got satisfactory crops."

Conditions auspicious

"The cold, freezing weather has put fall plowed land in first class condition, and killed most of the insects which liberally infested the ground during the winter months. There is also a greater storage of irrigation water and more snow in the mountain water-sheds than at this time last year, and all indications point to a large yield of sugar beets this year."

"Mutual confidence and co-operation between the farmers and the sugar company should make the sugar beet one of the principal crops of this section, a place to which it is rightfully entitled."

## TWO GIRLS ATTAIN HIGH SCHOLARSHIP STANDING

Lucille Cory and Betty Wilson Lead Students of Junior High School

Highest rank in scholarship among pupils enrolled in the junior high school during the semester just closed was attained by Lucille Cory and Betty Wilson, each having a total average of 93. Eight girls took second place, with an average of 92. The girls are: Charlotte Vogel, Isabelle Clark, Jane Maxwell, Irma Holter, Margaret Johnson, Patricia Wilson, Barbara Noble and Mary Provost.

The honor student list for the term follows:

"A" class—Lucille Cory, 93; Leona Ellsworth, 93; Margaret Owens, 91; Thelma Peterson, 91; Leola Stokpin, 90; Twila Norris, 90; Dorothy Snow, 90; Victor Gallaway, 90.

"B" class—Isabelle Clark, 91; Dahlia Woodruff, 91; Ruth Porter, 91; Helen Perrine, 91; Vera Sackett, 91; Lu Verne Carlson, 91; Clinton Evans, 91; Margaret Johnson, 91; Evelyn Rolster, 91; Gladys Griffith, 91; Lawrence Trosclair, 90; Clara Ripley, 90; Dorothy Van Listerine, 90; Raymond Tucker, 90.

"C" class—Betty Wilson, 93; Mary Provost, 94; Jane Maxwell, 94; Patricia Wilson, 94; Barbara Noble, 94; Beth Bowen, 93; Doris Graves, 93; Margaret Johnson, 93; Bealee Levy, 92; Loyola Porter, 92; Ralph Smith, 92; Yantis, 90; Evelyn Sheehan, 90; Billie Davis, 90; Lloyd Sullivan, 90.

"D" class—Charlotte Vogel, 94; Margaret Johnson, 94; Irma Holter, 94; Ruth Van Gilder, 94; Leola Stokpin, 92; Clarence Coleman, 92; Albert Kreefer, 92; Dorothy Dinkelacker, 91; Marvin Baird, 91; Elizabeth McClain, 91; E. J. Anderson, 91; Roy Smith, 91; Roy Rendahl, 91; Elva Smith, 91; Nancy Kelly, 90; Mabel Porterfield, 90; Helen Rainer, 90; Virginia Kirkman, 90; John Wurster, 90.

## ORAL KNOLL IS CLAIMED BY DEATH DURING SLEEP

Local Youth Found Dead in Bed at Mare Island Fire Station

Oral Knoll, aged 27 years, son of Mr. and Mrs. E. B. Knoll, of Knoll, and for about a year past in the government employ as a member of the fire department at Mare Island naval training station, California, was found Sunday morning dead in his bed, apparently the victim of asphyxiation produced by a leak in illuminating gas connection, according to word received Monday by the family here.

The body is being brought here and will be held here Thursday. Funeral services will be held Friday afternoon at the First Presbyterian church here, in pursuance of tentative arrangements.

Word Considering

The question is not so much how you contract a cold, but how to get rid of it. With the help of Chamberlain's Cough Remedy without delay, and use it faithfully. There are many families who have used this preparation for years and hold it in high esteem. It is excellent—safe.

## BILLIARD TOURNAMENT ATTRACTS ATTENTION

Goodly Array of Players and Spectators on Hand for the Opening Engagement

The opening game of Macanally's three-cushion billiard tournament was fired Monday afternoon when Eppler (40) beat Bonbrake (30) by the score of 46 to 32. The game was played at 4 o'clock instead of at 7:30, by mutual agreement. Neither player seemed to be up to his usual standard. It took 106 innings to finish it. Eppler had high run with four.

In the evening at 7:30 Bonbrake and Bailey played an open date game. Bonbrake (35) winning by the score of 46 to 32. Both players played well. Both players played 36 in the tournament. Bailey tied the high run made by Eppler with 4 in a row. The final score in this game was 36 to 35, in 122 innings.

Snook (40) and Brown (32) also played an open game tangled in the second affair of the evening. Snook winning by the score of 46 to 32. Both players played well. Both players played 36 in the tournament. Bailey tied the high run made by Eppler with 4 in a row. The final score in this game was 36 to 35, in 122 innings.

The final game of the evening was between Cummins and Brown, in a regular scheduled affair. Both these players got to 32. Cummins showed himself in good form and won to the tune of 32 to 23. Cummins had high run in this game with three, 151 innings was the record of the night. Both players played well. Both players played 36 in the tournament. Bailey tied the high run made by Eppler with 4 in a row. The final score in this game was 36 to 35, in 122 innings.

A large crowd was present.

## WORK OF RED CROSS FOR SERVICE MEN IS SHOWN

Chapter Lacks Quorum at Annual Meeting and Postpones Election of Directors

Because of the failure of a sufficient number of members to constitute a quorum to attend an annual meeting of the Twin Falls County Red Cross chapter to have been held Monday evening in office of the chapter in the Power building here, election of directors for the coming year was not held at that time. The chapter was adjourned to hold an adjourned meeting on Monday evening next for that purpose.

Activities of the chapter's home service section during the past year, as reported by the president, Mrs. F. Edwards, involved many contributions for civilian relief in the amount of \$629.10, besides loans to former service men aggregating \$2,100.01, of which amount \$1,400 has been repaid, leaving a balance of \$604.01.</

## ADVISES COUNTRYMEN TO SHAVE MORE FREQUENTLY

Urged to Read Newspapers as Means Towards Becoming Better Citizens

HONOLULU, T. H., (P) — A shave "at least every other day" might assist Japanese here in fostering racial harmony with Americans, according to one of the views expressed in a symposium, obtained from leading members of the Japanese colony on the best manner of promoting American-Japanese amity, and published by Nippu Jiji, Japanese language newspaper.

K. Naito, Japanese vice consul general, advised his countrymen to read the English newspapers, as "those who disregard American-Japanese friendship are confined chiefly to those who do not read the English papers."

Dr. Im Mori, president of the Japanese United Association of Hawaii, said that better feeling might be promoted if Japanese and American representatives of the same trade or profession held frequent meetings.

**Invest Money Here.**

"Invest in Hawaiian industries and make American interests your interest and your interest their interest," was

the advice of M. Komeya, hotel proprietor.

"Disregard suspicion toward others, narrow minded patriotism and egotism, so commonly found among Japanese, and cultivate heart-to-heart association with Americans, based upon reason and understanding," was the admonition of S. Takiyama, consular secretary.

Dr. T. Katsunuma, honorary president of the Society of American Citizens of Japanese Ancestry, offered this advice:

"Observe the Sabbath day. Keep your home and premises clean; shave at least every other day."

**HE COULDN'T MATON IT**

TACOMA, (P) — One Tacoma cigar clerk recently was unable to fill an order of a local woman who wanted to buy a box of cigars as a surprise present for her husband.

The woman, the clerk said, came into the store with the butt of one of her husband's half-smoked cigars.

"Please match this," she asked. "I did not dare to take a whole cigar for fear he would discover the loss. And I want my purchase to be a complete surprise." It couldn't be done.

**Billow Headache.**

When you have a severe headache, a disordered stomach and constipation, take three of Chamberlain's Tablets. They will correct the disorder of the liver and bowels, effectively curing the headache.—adv.

## UNIQUE MALADY AMONG SWINE FOUND IN IDAHO

Specimen of Pork from Shelley Contains Tape Worm, Experts Declare

The United States bureau of animal industry recently received a sample of ham from a hog butchered at Shelley, which was pronounced by Dr. W. A. Sullivan, chief inspector, to be affected with cysticercosis.

Cysticercosis, according to Dr. M. J. Sisley, the government specialist in swine diseases, who has been spending a few days in Twin Falls county, is a condition where the meat is infested with the larval from the tape worm found in man. Segments of the tape worm which contain the eggs are discharged by man in the feces, through contamination of feed or water these reach the stomach of hog where the eggs first hatch out. These bore their way into some of the small blood vessels and reach through the blood stream various parts of the muscular system where they embed and develop into cysts, usually about half the size of a pea. Their favorite location appears to be the tongue and heart, but are

also often found in the shoulders or hams. When meat infested with these cysts is eaten by man without it being thoroughly cooked these cysts develop into full fledged tape worms. The life cycle is then repeated.

An inspection of the premises on which the affected hog was kept was made by Dr. Sisley to determine the source of the infestation. After making a thorough examination of the place and taking all factors into consideration the doctor arrived at the conclusion that the hogs became infested with the tapeworm larvae through Mexican who were employed on the farm over a year ago, and some of whom made a practice of defecating in the hog pens.

Through just one such hog carcass an insoucious butcher may infect a whole community with tapeworms. Where meat inspection is conducted a rigid examination for cysticercosis is always made in cattle as well as in hogs. While it would be unfair to condemn all unsuspected meats as diseased, it is, nevertheless, true that a good deal of danger to human health lurks in the latter, which is eliminated by an efficient system of meat inspection, now being conducted not only by the United States department of agriculture but by a number of municipalities throughout the country.

Classified advertising is the cheapest thing you can buy—measured by the profits it may bring you.

## MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink be-

fore breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—adv.

**HAS HEAVY CAR QUOTA**

LANSING, Mich., (P) — Michigan, the automobile state, has 485,387 automobiles and trailers in operation within its borders, according to the annual report of the secretary of state. Of the number 428,884 are pleasure cars, 54,053 commercial cars, and 4330 trailers.

The increase in motor cars registered during 1921 was approximately 65,000 over the number in 1920. More than \$6,750,000 was collected in automobile license fees in Michigan last year.

**A Related Moral.**

The moral in the story about the prodigal son and fatted calf is that the calf didn't get a square deal. The calf had been very decent, but was killed in honor of the son whose life was a riot.—Archibald Globe.

# "Another Package From Booth's"

BOOTH MERCANTILE COMPANY

## DEBT FUNDING BILL OPPOSED

Declares Measure in Present Form Would Be Constant Source of Trouble.

WASHINGTON, (AP)—Announcing his opposition to the pending allied debt funding bill in its present form, Senator Johnson of California, republican irreconcilable in the league of nations controversy, declared today in the senate that the proposed funding law would so involve the United States in European affairs that "you won't need every imbecile across the water."

The California senator offered an amendment providing that agreements entered into with debtor nations by the refunding commission created by the bill be subject to the approval of congress. Negotiations to be carried on under authority of the proposed act, he declared, would involve the largest financial transactions between nations in the history of the world and for that reason, congress should move with the utmost caution.

**Attendance Small**  
The small attendance in the senate chamber—there being only a dozen senators present—was noted by the senator who turned his attack on the executive sessions of the arms conference. He declared that "a real disarmament program" would have resulted had the sessions been open for one week after Secretary Hughes had made his "masterful presentation to all of the world" of the things America would do. He added that developments in the conference had justified the demand for open sessions.

All of the big things of recent years have been accomplished "in the open," Mr. Johnson added. He reviewed how, when Mr. Balfour wanted to lay the British position before the arms conference, he called for a plenary session, and how when the French position was to be stated, M. Briand asked to be allowed to speak in public.

## FOUR CASES AHEAD OF DISTRICT COURT JURY

Members of Venue, Excused for Two Days, to Report for Service Again Friday

Four cases on the civil calendar set for trial in district court here Friday when the jurors for the term who were Tuesday excused from further service for two days, will report for duty by order of Judge W. A. Hancock.

The cases set for trial Friday are: McCormick Investment company, represented by James H. Wise, against Frank McNott, represented by Porter and Witham.

D. R. Adams and company, represented by H. C. Mills against Gus Barga, represented by Hazel and Bonnell. Fernandez Darn, represented by Porter and Witham, against Enrique Gonzalez, represented by Wolfe and McVie.

Elita Lochner, represented by W. D. Gillis, against Scott Hockletter, represented by T. K. Hackman.

**Moral: Take a Chance.**  
The man who tries his best often does not always win, but he will win often more than the man who doesn't try except when he knows he will win—Boston Transcript.

**Effect of Floods in the Potomac.**  
The volume of water in the Potomac river which flows past Washington is sometimes 250 times as great as it is at low water.

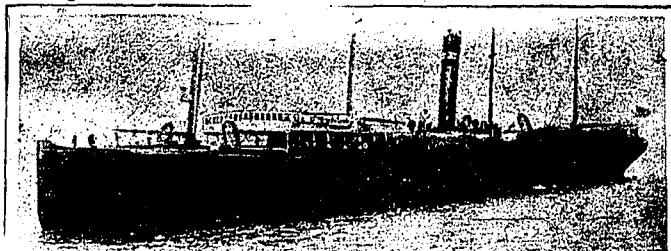

**Artesian Water Always Warm.**  
Water flowing from deep artesian wells is always warm, on account of the internal heat of the earth.

## Crippled Transport Arrives Safely in Port

The United States army transport Crook, which had been fighting slowly to make port since it sprang several leaks far out at sea five days before its arrival, docked safely at her pier in Brooklyn, N. Y. The rail was lined with cheering doughboys from Coblenz who had been members of the American forces in Germany. Many of them are bringing back French or German wives. Nearly 1000 soldiers were on board. The above photograph of the Crook was made upon her arrival in New York. Below, Captain Frank Knappe, of the Crook, who kept the boat going and brought her into port under her own power. He was given a hearty cheer by the men aboard when they were again on terra firma.

## BETTER ATMOSPHERE IS APPARENT AT CONFERENCE

Intervention of President Harding in Deliberations Having Good Effect

WASHINGTON, D. C. (AP)—Presidents of a settlement of the Shantung controversy appeared brighter today as a result of the intervention of President Harding. In both Japanese and Chinese quarters, was reflected a new confidence that the president's move would result in an agreement on the most troublesome of conference questions, clearing the way for determining of all the remaining issues under discussion here. While a decision was awaited, the conference virtually suspended its other activities, a proposed meeting of the Far Eastern committee being postponed until tomorrow because there was nothing to discuss pending a Shantung settlement.

Mr. Harding's compromise proposal, which urged Minister Sato of the Chinese delegation to accept at a White House conference yesterday, has been called to Peking and it was said in Chinese circles that a reply might be received before night.

The Japanese refrained from formal comment on Mr. Harding's proposal, but it was evident they hoped it would lead to a solution. In a previous opinion appeared to have its basis in conversation which took place last night between Minister Sato and Baron Shidekawa of the Japanese delegation. It was considered significant in conference circles that the Japanese ambassador called at the Chinese legation and there conferred with the Chinese minister.

Some of the Chinese believe officials at home may leave a decision to the delegation here in which event it is considered likely there will be an acceptance of Mr. Harding's suggestion.

## MANY CARS DESTROYED.

CHICAGO, (AP)—Fire last night destroyed 100 cars and caused damage estimated at \$1,500,000 at the Chicago garage fires. About 200 cars were pulled from the burning frame by motor trucks.

## DIES FROM INJURIES.

MARQUETTE, Mich. (AP)—T. D. Martin, veteran of the Michigan state prison, died here today from injuries received in a prison riot a month ago.

## FUNERAL ARRANGEMENTS FOR OREL KNULL GIVEN

Victim of Asphyxiation at Vallejo, California to be Laid at Rest Here.

Funeral services for Orel Knull, son of Mr. and Mrs. C. E. Knull, whose death resulted from asphyxiation Sunday at Vallejo, Cal., will be held at 4 o'clock Friday afternoon at the First Presbyterian church here and will be conducted by the Rev. Samuel Harris, pastor of the Presbyterian church at Knull.

The body was brought here today by Mark Knull, a brother of the deceased, who, with him, was employed by the government as a fireman at Mare Island naval station. Orel Knull, with Robert Kinsey, a fellow employee at Mare Island, and brother of Harry Kinsey of Twin Falls was off duty and spending a leave of absence at Vallejo when the fatal accident occurred. Funeral services for Robert Kinsey were held at Vallejo.

## ELECTRICAL MEN TO MEET

H. L. Dinkelacker will leave this evening for Peacott, to attend sessions of the semi-annual convention of the Southern Idaho Association of Electrical Contractors/Dealers on Thursday, Friday and Saturday of this week. C. W. Neely, district manager of the Idaho Power company, and M. W. Denoyer of the Denoyer Electrical company, expect to leave tomorrow morning to attend this convention. Mr. Dinkelacker is the secretary of the organization.

## TODAY'S MARKETS

### BULL POOLS BIG FACTOR

Fractional Gains Recorded in Many Securities During Early Hours of Day's Session

NEW YORK, (AP)—Bull pools resumed their operations in stock issues at the opening of today's stock market. Traveler Steel, American Agricultural Chemical and Famous Players made one point gains. Sugars and other food specialties were fractionally higher with oils and motors. Gulf States Steel, yesterday's most unstable feature, rallied moderately but Electric Storage Battery earlier with Anaconda Copper and American Wire Paper preferred. The market improved within the first half hour on buying of Studebaker and Davison Chemical and Terna and Pacific.

Postponement of dividend action on Consolidated Gas and a 1-2 per cent money rate caused heavy selling of the last later, leaders showing reactions of 2 to 6 points. The closing was weak. Liberty and other bonds were irregular.

**Liberty Bonds**—Liberty bonds closed: 3 1/2's \$99.50; first 4's \$97.20; second 4's \$96.74; first 4 1/4's \$97.40; second 4 1/4's \$96.82; third 4 1/4's \$97.60; fourth 4 1/4's \$96.04; Victory 3 3/4's \$100.28; Victory 4 3/4's \$100.28.

**Chicago Grain**—Wheat had a downward tendency in price today during the early transactions, chief attention being given to a decline in Liverpool quotations and to reports that movement of the Argentine crop of new wheat was becoming larger. A reduc-

tion of 30,000,000 bushels in Canadian crop estimates failed to have any effect. Opening prices, which varied from the same as yesterday's finish to 3-8c lower with May \$1.14 3/4 to 1 1/4 7-8 and July \$1.01 3/4 to 1.02, were followed by a slight rally and then by a general sag.

Word that 50,000 barrels of flour had been sold for export led to something of a rally later in wheat prices. The close was unsettled at 1-4c net decline to 1-8c advance, with May at \$1.14 7-8 to 1.15 and July \$1.02 to 1.02 1-8.

Corn and oats were down a little with wheat. After opening unchanged to a shade lower, May 63 1/2 to 5-8c to 53 3-8c, the corn market declined slightly all around.

Export business helped subsequently to sustain the corn market. Prices closed steady at 1-8c to 1-4 to 3-8c decline, with May 53 3-8 to 1-2c to 53 1-2c.

Oats started unchanged to 1-8 down, May 36 7-8 to 39, and then dropped a bit more.

Demand for provisions appeared to be lacking despite an upturn in the value of hogs.

**Cash Grain and Provisions**  
CHICAGO, (AP)—Wheat—No. 2 red \$1.22; No. 2 hard \$1.17.

Corn No. 2 mixed 49 to 49 1-2c; No. 2 yellow 49 to 49 3-4c.

Oats No. 2 white 36 3-4 to 37 1-2c; No. 3 white 34 3-4 to 35c.

Rye nominal.

Barley 56 to 66c.

Timothy seed \$5 to 7.

Clover seed \$12 to 22.

Pork nominal.

Lard \$9.52.

Ribs \$9.50 to 9.37.

**Potato Market**  
CHICAGO, (AP)—Potatoes—Dull; receipts 34 cars; Wisconsin sacked Round Whites \$1.90 to 1.95; Wisconsin sacked \$1.75 to 1.85; Wisconsin bulk Round Whites \$2 to \$2.10; Michigan sacked Round Whites mostly \$2 cwt; Minnesota sacked Round Whites, some slightly frozen \$1.75 to 1.90 cwt.

**Butter and Eggs**  
CHICAGO, (AP)—Butter—Higher; creamery extras 36 1-2c; firsts 30 to 35c; seconds 27 to 29c; standards 33 1-2c.

**Eggs**—Lower; receipts 7,783 cases; firsts 40c; ordinary firsts 34 to 35c; miscellaneous 38 to 39c; refrigerator firsts 24 to 27c.

**Poultry**—Alive, lower; fowls 24c; springs 23c; roosters 18c.

**Portland Livestock**  
PORTLAND, Ore. (AP)—Cattle, hogs, sheep steady; no receipts.

**Omaha Livestock**  
OMAHA, (AP)—Hogs—Receipts 11,000; active, mostly 25 to 35c higher than yesterday's average; 180 to 210 pound butchers \$8.25 to 8.35; top \$8.50; 215 to 300 pound butchers \$8 to 8.25; packing grades \$7 to 7.50.

**Cattle**—Receipts 4,000; beef steers slow 15 to 25c lower; sheetrock, bulls and veals generally steady; stockers and feeders steady to 15c lower.

**Sheep**—Receipts 5,000; all classes steady; bulk lambs \$12.00 to 13; top \$13.05; choice light yearlings \$12; light ewes \$7.75.

**Chicago Livestock**  
CHICAGO, (AP)—Cattle—Receipts 13,000; only trading in better grades beef steers mostly steady; others weak; bidding lower; best matured steers early \$9.15; some hold higher; bulk \$8.75 to 7.85; sheetrock, stockers and feeders slow, about steady; veal calves and bulls weak to lower.

**Hogs**—Receipts 52,000; fairly active, mostly 1 to 20c higher than yesterday's average; top \$9 on 160 to 180 pound averages; bulk \$8.50 to 8.75; pigs about steady; bulk desirable \$8.75 to 8.85; few \$8.90.

**Sheep**—Receipts 17,000; opening about steady; fat lambs to packers early \$13.75; some hold higher; good light shippers \$12; choice light fat ewes to city butchers \$5.50.

**Sugar**  
NEW YORK, (AP)—The market for raw sugar was easier. There was no change in the price of Cuba's which are quoted at 3.86 for centrifugal for prompt clearance to a local refiner.

The Mercantile offerings in the spot market led to further liquidation in raw sugar futures and prices at midday were 1 to 2 points net lower.

Refined sugar was unchanged at 6.10c for fine granulated. There was a fair inquiry, but with refiners from one to three weeks late in delivery, not much new business is being accepted.

Refined futures were without transactions.

## Social Notes

Edited by Mrs. E. R. Williams  
Telephone 293

The M. S. and S. club met in all-day session, Wednesday, January 25, at the home of Mr. and Mrs. C. H. Baird. The men were invited and 67 people enjoyed the sumptuous dinner served at one o'clock. A short business session was held and a committee named to prepare resolutions to present to the school board of independent district No. 3 to protest against the recent ruling of having the doors of school buildings locked during the noon hour. Mrs. Burton E. Morse gave a very interesting talk urging more moral support for the boy scout movement. Many interesting stories were related by the men and women and various games were greatly enjoyed by all present. Guests for the day were Mr. and Mrs. M. J. Sweetley, Mr. and Mrs. Burton E. Morse, Mr. and Mrs. James Fitzgerald and Mrs. Fannie D. Bower.

Mrs. E. S. Larned was hostess to the Wednesday Bridge club this week. Nine members were present, and Mrs. W. H. Greenhaw won high score.

The amusements room at the Reed apartments was the scene of a delightful card party yesterday afternoon under the auspices of the music department of the Reed club. The affair being given to raise money to loan a young man who is studying under Madam Lillie San Collins at Gooding college. Sixteen tables were arranged for bridge and four for "Five Hundred." Mrs. H. P. Barker winning the bridge prize and Mrs. A. Broussau the one for "Five Hundred." Between the games the following program was given: two musical readings by Mrs. Dorothy Levy, accompanied by Miss Boush Riple; a vocal solo by Mrs. G. Sturdivant, accompanied by Mrs. Merline Bailey, and a vocal solo by Mrs. J. H. Masters, accompanied by Mrs. A. T. Reed. Potted plants were used with charming effect to decorate the room. At the conclusion of the card games delicious refreshments were served. The committee in charge was Mrs. A. A. Alexander, chairman; Mrs. Dorman Johnson, Mrs. Leo Bracken and Mrs. Frank Ellis. The proceeds amounted to \$40.

Two classes of the Baptist Sunday school enjoyed the popular form of entertainment for this winter, a jolly sleigh ride on Tuesday evening, driving to the country home of Mr. and Mrs. A. D. Bherlock where an ovener supper was served. The party was composed of Mrs. C. L. Conrad's class of girls and Roy Weaver's class of boys and numbered about 32. They were accompanied by their teachers.

Mrs. Frank Belleville entertained the Optimist club Wednesday afternoon at her home on Fifth avenue east. The afternoon was spent socially with needle work and conversation, and the hostess served delicious refreshments to the 12 members in attendance.

The Unity club gave their annual dinner for their husbands on Wednesday at the country home of Mr. and Mrs. L. G. Satterlee. The party enjoyed a delicious chicken dinner with all the extra good things that are served at these dinners. Following dinner an afternoon of games and music was enjoyed, with a spelling contest where Misses were chosen and a word spelled then a speller on the opposite side took the last letter of that word and was given a half minute to spell a word beginning with the letter. This proved most amusing and clever.

The following members of the Woman's Progressive club recently organized met at the home of Mrs. J. L. Pauli Wednesday afternoon: Mrs. A. E. Henderson, A. Huntsman, W. A. Gibson, Charles Berkman, A. K. Wallace, Marion Owen, W. E. Wallace, J. P. Ahern, P. D. Sheldon and J. L. Pauli. Guests of the club were Mrs. T. J. Davidson and Mrs. Borenson. After the transaction of business a social hour was enjoyed and the hostess served delicious refreshments. The next meeting will be held with Mrs. J. P. Ahern on February 8.

## DEATH CLAIMS PIONEER RESIDENT IN CALIFORNIA

O. White Dies at Long Beach Where He Went to Spend Winter, Message Received Here Says

Word of the death of O. White, a resident of Twin Falls since 1908, has been received here by Mrs. Ray Brown from her father, W. H. Bevercomb, who is now in Long Beach, and who has been for many years an intimate friend of the deceased.

Mr. White, late last fall accompanied Mr. and Mrs. Bevercomb on an overland trip to California where he has spent winter seasons for several years. A letter received last week by County Assessor R. Claud Stewart from Mr. Bevercomb, mentioned Mr. White and said that he was then enjoying apparent good health.

Mr. White leaves no relatives here, but is said to have a brother in Long Beach as well as other relatives in the middle west. He was unmarried. He was about 50 years of age.

## ANTI-LYNCHING BILL PASSED

WASHINGTON, D. C. (AP) — By a vote of 220 to 139, the House today passed the Dyer anti-lynching bill. The measure now goes to the senate.

## Local Brevities

On Legal Business—Judge E. A. Walters and R. P. Parry are in Halley this week on district court matters.

Back from Hospital—Mrs. Edwin A. Wilson, who some weeks ago submitted to an operation for appendicitis at the county hospital, has returned to her home.

Butterfat Price Advances—Advances of two cents a pound in the price of butterfat was today announced by local buyers, who quoted a price of 31 cents a pound.

School Board to Meet—A special meeting of the board of trustees of Twin Falls independent school district has been called to be held this evening in the high school building here.

Enters Hospital—Herbert G. Lauterbach, former commander of Twin Falls post, American Legion, was this morning received as a patient at La Merced hospital, where he is to receive medical treatment for a two weeks period.

Seek More Applicants—At examinations held recently in Twin Falls and other cities throughout the United States for assistant observer, weather bureau; junior physicist, junior technologist and junior engineer, bureau of standards, applications were not made in the number desired. According to statement of the civil service commission issued today announcing that the assistant observer examination would be held again on February 15 and will be in the number desired. Persons interested in these or other examinations are directed to apply to the secretary of the civil service board at the local post-office.

Traffic Men to Buhl—Leonard Way, secretary, and C. E. Munson, a director of the Southern Idaho Traffic association, will, we are told, meet at Buhl with members of committee lately appointed to further co-operation of Buhl and vicinity with the traffic association.

Confesses Theft of Seed—James Skinner, in probate court today, pleaded guilty to a charge of petit larceny involving theft of a quantity of alfalfa seed from C. W. Strickling. Sentence of 30 days imprisonment in the county jail was imposed by Judge O. P. Duval.

On Important Mission—Dr. G. Parmiter, veterinarian of Twin Falls, is in Twin Falls to consult with Drs. Ostrom and McCoy with respect to an outbreak of disease among horses in the Idaho Falls country. Later, it is understood that all will go to Boise to consult with Dr. Adams, state veterinarian.

Pest Poisoners at Work—W. E. Crough, Boise representative in Idaho of the biological survey, with R. E. Brossard, county agent, were today to conduct rabbit poisoning demonstrations in the vicinity of Hollister and Beyer. Similar demonstrations were conducted yesterday in the vicinity of Mottguth and Hansen.

Jury Hears Suit on Note — Jurors were today empaneled in probate court here in the trial of a suit instituted by E. A. Minor against H. R. Mitchell for collection on a note for \$100 given in April, 1921. Laxson and Larned are conducting the case for Minor; H. C. Mills appearing for Mitchell.

Sheriff Goes to Boise—Sheriff E. H. Sherman today said that he expected to leave this afternoon for Boise, where he would present for Governor Davis' endorsement extradition papers, in the case of D. A. Gallatin, who was arrested on Thursday at Bakerfield, California, on charges of obtaining money under false pretenses from the First National bank of Twin Falls.

Delated Justice. It has always seemed to us an injustice that Adam and Eve should get all the blame for original sin and no credit for the virtues, which are equally original.

Not Always So.

"If you're right, what the other fellow thinks doesn't matter," says an exchange. That to the motorist who has been the victim of the traffic cop.—Boston Transcript.

Tables Made of Paper.

Tables, chairs and other articles of furniture are now made from compressed paper so colored and polished as to give the appearance of the finest woods.

Keep Them All Busy.

Half the world is busy devising remedies for this and that, while the other half is busy inventing antidotes for the remedies.—Nashville Tennessean.

The Originals. Adam and Eve were the first people to put too much confidence in their family tree.

DESIGNING.

Linger and layette, exclusive and original designs. Mrs. Paul Taber. Phone 101W.—adv.

# Pre-Inventory Sale!

Saturday will be the last Saturday in our fiscal year. By February first we must have completed our inventory.

## Pre-Inventory Sales

We do not take inventory until February first. This gives us the month of January in which to clean up our stocks of winter merchandise. Every year the public looks forward to the sales events of this month. In fact, January is usually a busy month with us instead of a slow one.

Get the habit of shopping at the busy stores. There is a reason for them being busy. Good values are the rule at Wright's instead of the exception.

**Wright's**  
A GOOD PLACE TO TRADE

## NEW SPRING DRESSES

Our new spring stocks of dresses are arriving just two and three at a time. And truly, they are going out just about as fast as they arrive. Taffetas and cotton crepes predominate and the new models with the wide flaring sleeves and highly colored trimmings are simply stunning. Just one individual model of each dress arrives so one is assured of a distinctive selection. There is always something new in our little department. Come in for a look.

## Pongee Waists

Ostrander, deceased; all of the unknown owners, devisees or grantors of, and the unknown heirs, legatees or claimants holding under Charles A. Ostrander, deceased; and all the unknown claimants in or to the southwest quarter (SW 1-4) of the northwest quarter (NW 1-4) of Section 27, Township 11 South, Range 18 E. R.

You are hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls County, by the above named plaintiff, and you are hereby directed to appear and answer said complaint within twenty days of the service of this summons, if served

within said Judicial District; and with-  
in forty days if served elsewhere; and  
you are further notified that unless  
you so appear and answer said com-  
plaint within the time herein specified,  
the plaintiff will take judgment against  
you as prayed in said complaint. This  
action is brought by the plaintiff for  
the purpose of quieting the title and  
possession of the above described prem-

Witness my hand and seal of the said District Court, this 17th day of December, 1921.

(Seal) C. C. SIGGINS, Clerk.

By C. L. Bowen, Deputy.  
Wolfe, Martin & Wade, Attorneys

for Malatiff, residing at Twin Falls, Idaho. No. 83

**NOTICE OF ELECTION**

Notice is hereby given that a petition for the division of what is known as the Twin Falls Highway District, and establishing from a part thereof the "Hansen Highway District," accompanied by a proper map of the

That the said petition requests the segregation of the following described lands, to-wit:

Commencing at a point where the north and south half-section line, through Section 10, Township 10

South, Range 18 East, intersects the south bank of Snake River; thence running in a southeasterly direction, following the south bank of Snake River to the section line between Sections 11 and 12, Township 10 South, Range 18 East; thence south to the section corner common to Sections 11, 12, 13 and 14, Township 10 South, Range 18 East; thence east on the section line

10 North, Range 18 East, to the intersection of Snake River; thence south-easterly along the south bank of Snake River to the north and south half section line in Section 17, Township 10 South, Range 18 East, through Sections 17, 20, 29 and 32 in Township 10 South, Range 18 East; thence south on the half section line through Section 5, Township 11 South, Range 18 East;

thence east on the section line one and one-half miles to corner common to Sections 3, 4, 9 and 10, Township 11 South, Range 19 East; thence south 5 miles, along section line to the southeast corner of Section 33, Township 11 South, Range 19 East; thence west 5 1/2 miles along section line to quarter corner between Sections 34, Township 11 South, Range 18 East, and Section 2, Township 12 South, Range 18 East;

thence north on the half section line to the point of beginning, all of said lands are situated in Twin Falls County, Idaho, and are all embraced at present in the Twin Falls Highway District.

Now, therefore, notice is hereby given that in conformity to Section 1493 of the Revised Statutes of Idaho, an election will be held in said pre-

The place designated for the election is at the office of the Gen. State Lumber Company in the Village of Hansen.

The election shall be held on the 11th day of February, 1923, and polls shall be open from 11 o'clock a. m. until 6 o'clock p. m. of said day.

C. C. SIGGINS,  
Clerk of the Board of County Commissioners, Twin Falls County, Idaho.

By John F. Hansen, Deputy.  
No. 8-10

## KIMBERLY ROAD DISTRICT PLAN GETS SCRUTINY

Advocates of New Highway Organization and Chamber of Commerce Directors Consider Debt Division

O. G. Zuck and W. H. Spence of Kimberly, members of a delegation which last night conferred here with directors of the Twin Falls Chamber of Commerce, are expected to the probable award of a proposition in the event of the creation of the proposed Kimberly highway district, returned here at noon today to continue investigations in the premises.

"We are not altogether satisfied that the figures given showing the Kimberly district indebtedness at more than \$120,000 have been computed from the proper bases," Mr. Spence said. "We shall endeavor to get all the facts for ourselves. If it should be proven that the district would be imposed upon the district. I personally will not consent to its organization."

Financial status of the proposed Kimberly highway district in the event of its creation on Saturday favorable to its creation out of territory now included in the Twin Falls highway district was the principal topic discussed at a dinner meeting of the Twin Falls Chamber of Commerce.

### Decision in Abeyance

Results of the conference were not clearly defined. Members of the Kimberly delegation expressed their intention to investigate further today the figures that were yesterday compiled and submitted to the commissioners of the Twin Falls district by Assistant Engineer W. F. Edwards, anticipating the award of approval of the creation of the proposed new district, and assigning to the new district an initial obligation to the parent district in the sum of \$25,000.

It was indicated that results of this investigation would have an important bearing on the outcome of the election Saturday at which the question of creating the new district is to be submitted to vote of the electors within its boundaries.

Members of the Kimberly delegation at last night's conference included Dr. John H. Taylor, O. G. Zuck, W. H. Spence, R. W. Wilson and T. Combs.

### TROOPS' WORK REVIEWED BY SCOUT COMMISSIONER

Dr. John H. Taylor of Salt Lake, Representative of National Organization, Addresses Leaders

Dr. John H. Taylor of Salt Lake, special field commissioner of the national organization of the Boy Scouts of America, yesterday afternoon at the second ward chapel, L. D. S. church, addressed a meeting of members of the Twin Falls Boy Scouts council and scoutmasters of the seven troops operating in Twin Falls.

Dr. Taylor outlined the work already accomplished and lying ahead of the Boy Scouts organization and offered several suggestions for carrying on the work here.

In the evening Dr. Taylor addressed a meeting of persons interested in the work of the Mutual Improvement Association for young men of the L. D. S. church, of which he is secretary.

Leaders in the Boy Scout activities in Twin Falls in attendance at the afternoon meeting included D. D. Alford, E. V. Berg, Dr. G. H. Caldwell, A. Dorman Johnson, W. E. Nixon, Dr. W. F. Tanner, Donald McLennan, J. E. White, Stuart I. Taylor and Hazen Exeter.

### RUSK IS PRONOUNCED SANE BY COMMISSION

Former Kimberly District Farmer is Given Clean Bill of Health by Fresno Investigators

Walter H. Rusk, farmer and formerly a resident of the Kimberly district, who was Monday reported to have become suddenly insane at Fresno, Cal., has been declared sane by an insanity commission in Fresno courts, according to a telegram received yesterday afternoon by G. A. Baker, of Twin Falls, in whose care the Rusk children were left when Mr. Rusk went to California some weeks ago.

The report that Mr. Rusk was being held for examination as to his sanity was made by Fresno police in a telegram received Monday night by Chief of Police Ben J. Brown.

The new year means new letter and invoice files. We have them. Clos Book Store.—adv.

### Public Sale of Farm Land

At 10 o'clock Friday morning, January 27th, 1922, I will sell the following land, at public auction to the best bidder for cash, the west half of the northwest quarter of Section 28, Township 10 South, Range 16 E. B. M., Twin Falls county, Idaho.

Said sale to be held at the east door of the Court House in the City of Twin Falls, Idaho.

JAMES H. WINE, Trustee and Attorney for Creditors.

## Chemist's Analyses Show Few 'Bugs' in City Water Supply

Tests Result in Saving of Expense for Chlorine and More Palatable Water

Twin Falls' water supply since December 17 has contained no bacteria coli, which are regarded as causative of typhoid fever, and the count of common germs has ranged from four to 24 per cubic centimeter, which is well below the government danger point at 100 per cubic centimeter, according to a summary of almost daily chemical analyses of the water submitted today by City Chemist E. R. Dooley to J. J. Pilgerrim, city street and water works commissioner.

The analyses have had a direct bearing upon a proposition to chlorinate the water at the filtration plant during this period. Mr. Pilgerrim said today. During the week ending December 24 an average of only 21-100ths of a pound of chlorine was added to each million pounds of water, eight and one-half pounds being equivalent to a gallon of water. Close of the week ending December 31 showed an average addition of only fifteen one-hundredths part of chlorine.

Reduction in the amount of chlorine used makes the water supply safe, as determined by these analyses, has resulted both in saving of expense and in delivery of a more palatable water supply, the commissioner said.

## TRAFFIC EXPERT WORKS ON COUNTY'S EXPENSES

Leonard Way Gives Rotarians Results of Partial Survey of Financial Condition

Leonard Way, formerly chief of the state public utilities commission traffic bureau and now secretary of the Southern Idaho Traffic association, in an address yesterday before the Rotary club here, presented some of the figures he is collecting in the preparation of a financial statement designed to show the aggregate annual income and expenditures of the people of Twin Falls.

The figures presented included as items of expense, the county's tax bill this year amounting to \$1,632,394.63; irrigation system maintenance which amounted to \$374,802 and on the Salmon River project to \$33,235; cost of electric power and lighting service estimated at \$200,000; freight charges on wheat and potatoes shipped out amounting to \$154,000 and \$348,000, respectively.

Mr. Way's computations showed that taxes for all purposes assessed against property within the county this year would amount to \$66.23 per capita. He showed an increase of 24 cents a hundred weight in freight rates on potatoes shipped to Texas, which he said accounted for an additional charge of \$47,600 against each acre devoted to the crop in this county.

Recent reductions in freight rates on wheat would reduce the bill against the county's wheat growers on the amount of \$350,000 last year to \$154,000 this year, he said, basing his computations upon the surplus of wheat available for shipment to outside markets.

In his introductory remarks Mr. Way pointed out that the towns of the county are wholly dependent for their prosperity upon the agricultural industry.

MONTANA has 100,000 acres of irrigated land under U. S. Government reclamation projects. Rich productive soils, grain growing and dairying enterprises, easy terms to natural water. For full information and descriptive publications, address E. C. Leach, General Agricultural Development Agent, Great Northern Railway, St. Paul, Minn.—adv.

## DOCTORS HOPE TO SAVE LIFE

Chance for Recovery of Mrs. Fredrickson is Recognized by Physicians

Hope for the recovery of Mrs. Olive May Fredrickson, wife of C. W. Fredrickson of Twin Falls, who Monday evening at a hotel in Peacetto swallowed the bichloride of mercury tablets in an evident attempt at suicide, is held out by attending physicians, Mr. Fredrickson said yesterday afternoon upon the return from Peacetto where he had been summoned by word of his wife's act.

Improvement has been noted in Mrs. Fredrickson's condition, he said, although the physicians express apprehension that the insidious poison taken may not yet have been eliminated from the system so that danger still exists. Mrs. Fredrickson registered at the hotel on Saturday, January 14, and has been in Peacetto since that time, the Peacetto Tribune says in its account of the alleged attempt at suicide.

Mrs. Fredrickson was found in her room about 7:30 Monday evening by a bell boy at the hotel. It was thought that after taking the mercury tablets the woman went to the house phone in order to notify the clerk of her act but fainted and fell to the floor. The clerk at the hotel, when unable to get any response from a telephone call to the room, sent a bell boy to investigate and the woman was found lying on the floor and in evident pain.

A number of letters written by the woman Sunday and Monday were found on the dresser in the room and the following one was in an envelope on which was written "To be opened at my death." "My life seems sweet to-night as I sit with the poison by my side but I can't see but two ways to go. In order to keep pure I'm going this route. Let others think what they please. God knows."

### Dependent Over Financial Troubles

The following note was written Sunday night: "My God help me. The secret which I have just committed was not done because I am in love with anyone, but I have no work nor money and I see before me a life of shame or I must ask for help which I cannot do. If I have sinned in the past I ask God, not man to judge me and to forgive the one who led me into temptation as I forgive them. Forgive them for they know not what they do, is my prayer. As you see from this note I thought this over Sunday night until today. Night and this is late, so be it. Olive May Fredrickson. Notify brother, Victor Louis Waterbury, Ia."

According to papers found in the woman's room, she was 33 years of age and was born June 13, 1888, at Kearney, Neb. A life insurance policy was also found among her personal effects. According to employees at the hotel the woman has acted strangely since she has been in the city and appeared dependent over financial troubles. Her three children, it is reported, were placed in a children's home in this state some time ago.

## JURY AWARDS BUTCHER MONEY PAID FOR SCALES

Dennis Claim of Furniture Company for Balance Alleged Due on Weighing Machine

Clinic of the Boise Fixture company for judgment against Charles Dunn, proprietor of a meat market here, for \$230 alleged to be the balance due on a scale for \$250 given by Dunn in payment for a weighing machine was denied by a jury in probate court here at the conclusion of a trial that occupied most of the day, and a verdict according to Dunn the \$22.50 which has been paid on account for the scales was returned. Evidence was introduced to show that the scales had been used when they were delivered to Dunn, B. T. Hamilton testified for the company and H. C. Mills for Dunn.

## Mercury's Range on Higher Levels in Past 24 Hours

Temperature here yesterday climbed exactly to the freezing point at 32 degrees above zero, was low last night at 15 degrees above, according to records of the government weather observatory here. For one-hundredths of an inch of precipitation in the form of snowfall was recorded.

The mercury's ascent yesterday was within one degree of the high mark for Tuesday, while last night's low was eight degrees above Tuesday night's low point. Continued moderation in temperature tonight and Friday is the forecast for Idaho.

## INQUIRY IN CITY'S TAX DEVELOPS NO CRITICISM

Chamber of Commerce Committee Confers with Officials of Municipality

Items of expense this year of the Twin Falls municipal administration and its tax levies were discussed at length at a meeting of city officials with members of the Twin Falls Chamber of Commerce tax committee in the chamber of commerce office last evening.

City officials today said that no criticism of municipal expenses or of its tax levies had developed at this meeting.

The purpose of the chamber of commerce committee in arranging the meeting, Secretary Newell S. Wright said today, was to lay before the city officials its plans for circulating a questionnaire calling for expression of opinion and suggestions for dealing with tax problems. The city officials had no criticism of the plan nor anything to add to it, Mr. Wright said.

The delegation of city officials at the meeting was headed by Mayor P. W. McRoberts and included Councilmen C. T. Bracken, C. H. Krenzel, W. E. Sangor and C. P. Bowles, City Treasurer J. S. Hall, City Attorney Taylor Cummins and City Clerk Paul R. Taber.

## HIGH SCHOOL NOTES

The weekly assembly was held the fifth period yesterday. Mr. Karnes announced that the required number of subscriptions for the annual to be published had been received, so the work on it will go on. He also announced that due bills may be cashed in the library this week only. From this week on the book exchange held there every first week of each semester will be discontinued. The orchestra played a selection entitled, "Twin Falls High," composed by J. T. Bambridge and dedicated to Twin Falls high school.

The Radio club meets tonight. The Blue Triangle cabinet and various committees met last night after school. They are working on plans for raising the camp fund to send delegates to the annual conference at Payette lakes. The program committee is planning one of the simplest meetings of the year for next Wednesday. It is to be a meeting devoted to stunts, games and fun.

Moore has arranged for a game with Buhl's second team to be played a week from this Friday. The team has not yet been picked but the girls will practice this noon and tonight, and Miss Moore will probably pick them then.

## Stored Foods

At certain seasons of the year, nature mothers us in generous lavishness; at other seasons she treats us as outcasts.

One great service rendered by Swift & Company to the consumer is in taking some of the surplus of nature's plenty and storing it against the season of non-production. This is a service based upon sound common sense and meets a definite economic need.

This enables you to obtain all the year round some foods which otherwise would be so abundant in certain months that the entire supply could not be used, and so scarce at other times that prices would be prohibitive.

Swift & Company has equipped its plants and branch houses with refrigerating plants, and has a sufficient number of refrigerator cars to carry a supply of meat foods to its customers. Space in public cold storage warehouses also is used by us to carry perishables until they are needed.

We store only enough meat, butter, poultry, eggs, and cheese to supply our customers during the period of scarcity and not to speculate on rising prices. Our storage profits during the last eight years have averaged about one cent a dozen on eggs, and less than a cent a pound on butter and poultry.

Storage of food is a world necessity and we regard our part in this as an important factor in our service in supplying the nation with wholesome food.

Swift & Company, U. S. A.
