

# PUTS MURTAUGH ON CREDIT LIST FOR ROAD WORK

### Twin Falls Highway District Commission Announces Policy for Expenditure of Available Funds

Expenditure of funds in the treasury of the Twin Falls highway district, for construction of roads in outlying districts up to the limit of their credits as determined by relation between their proportionate interest in bond and tax monies and the amounts already expended for road purposes in such districts, is to be a policy of the Twin Falls highway district during the coming year, according to the statement made yesterday afternoon by Asher B. Wilson, chairman of the board of Twin Falls highway district commissioners, at a special meeting of the commissioners here on Tuesday afternoon.

As a corollary to this principle, the Twin Falls district committee on roads for maintenance and repair of roads and bridges wherever such work is found necessary regardless of the credit status of the district in which the work is to be done, Mr. Wilson said.

### Promises Consideration

The chairman's declaration of policy will be made to reply to a letter by T. Rutledge, one of the members of the Murtaugh delegation. Mr. Rutledge asked what if any consideration the Murtaugh district might expect in the construction of the proposed Murtaugh highway district were defeated at an election to be held next Saturday. He mentioned the necessity for replacement of a bridge situated at Murtaugh, near work on "shortening" road leading east from Murtaugh and desirability of improvement of the state highway east and west from Murtaugh.

# STEADY IMPROVEMENT IS NOTED BUT PERMANENT RECOVERY IS MATTER OF NEXT CROP RETURNS

### Monthly Report of Federal Reserve Bank of Twelfth District, of San Francisco, Shows Much to be Thankful For in Analysis of General Financial Situation Throughout Western States

SAN FRANCISCO, (AP)—States of the Twelfth Federal Reserve District, being so largely dependent for prosperity upon the agricultural and livestock industries, must await the results of the 1922 crops before they will recover substantially from the severe readjustment of the past year, John Purkin, San Francisco, federal reserve agent, declared in his monthly report issued here Monday.

"There is already apparent, however," the report said, "pronounced improvement in the credit situation when compared with the beginning of 1921 as indicated both by the strong position of the banks generally throughout the district and by the availability and cost of bank credit for agriculture, industry and commerce.

"Improvement on the condition of the 67 reporting member banks is reflected in the reaction during the year in the rates of their total loans and discounts to total deposits, which was 81.3 per cent at the beginning of 1921 and 76 per cent at the beginning of 1922.

"Prevailing interest rates charged by the principal member banks were reported to be easing slowly late in 1921 and it would appear that conservative loans in general will not be hindered in its conduct in 1922 other than by lack of available bank credit or by its cost.

"Customary yearly returns to the United States department of agriculture show that the December 1 farm value of the 15 principal crops of the district was \$618,000,000 compared with \$708,000,000 in 1920, a decline of 30 per cent.

"These figures reflect the substantial decrease which has occurred in the prices of farm products. As a measure of the purchasing power of the rural communities, however, they should be qualified by allowance for reductions which have occurred during the same period in the cost of living, which were 30.4 per cent between July, 1920, and December, 1921, and particularly in the farmer's cost of production.

"In the first half, Twin Falls made 8 baskets, and two free throws, while Buhl was making three baskets and two free throws against Buhl's four baskets and eight free throws. Thus it is seen that the local teams made ten baskets, to their opponents 7.

### HEADQUARTERS FAVORS SETTLEMENT OF STRIKE

#### Advise Packing House Workers to so Vote and Try and Get Their Jobs Back

CHICAGO, (AP)—Packing house workers throughout the country are voting today on the question of calling off their strike, which started in 14 packing centers December 8, 1921. International headquarters of the union here last night telegraphed all locals recommending that the strike be called off and that the strikers seek their old positions.

No statement was forthcoming today from union headquarters in explanation of the recommendation. The strikers voted a referendum vote on the question last week, and according to the announced figures, cast an overwhelming majority in favor of remaining out.

# EXPLAINS SUGAR COMPANY MOTIVE

### District Manager Disclaims Charity as Purpose of Seed Cost Refund

Disclaiming charity as the motive for refunds to growers in some instances for the purchase price of seed and arguing that sugar beet production is entitled to consideration on its economic merits, James Sullivan, district manager for the Amalgamated Sugar Company, Monday issued the following statement, with a view, he said, to clearing up misunderstanding regarding the refund:

"On account of the very unusual season, we caused a very large amount of seed to be prepared by the Amalgamated Sugar Company, Monday issued the following statement, with a view, he said, to clearing up misunderstanding regarding the refund:

"The fact that the Amalgamated Sugar Company is prepared to refund a certain percentage of the cost of seed to growers is not a matter of charity, but a matter of business. ### RIGID RULES DEVISED TO STAMP OUT FLU EPIDEMIC

#### Seventy-Five Policemen are Assigned to Health Department of New York

NEW YORK, (AP)—Seventy-five policemen were assigned today to special duty with the city health department, enforcing house heating and sanitary rules laid down by Health Commissioner Copeland in an effort to check the further spread of the influenza epidemic. Dr. Copeland announced that he would take immediate legal steps against house owners who failed to provide sufficient heat.

Particularly drastic action will be taken in houses where either influenza or pneumonia patients were confined, Dr. Copeland said.

### Forget Sugar Company

"At the present time I know of some thirty farmers who are renting land and shipping their outfits into this territory to grow beets, but are not buying land after the first year, bringing in several hundred thousand dollars with them and I feel that it will only be a matter of time before the growing will be one of the principal crops of this tract. Whether that is accomplished by me or someone else, I have done my best to help make a success of the beet crop and feel that in the past two years I have gotten some of the best results."

IRISH GETTING TOGETHER

The hopes entertained since the recognition of the Irish Free State by the British Government that this would pave the way for the Northern and Southern Irish governments to get together seem in fair way of fulfillment. Premier Omig of Belfast and President Collins of Dublin have issued a joint announcement of agreement upon the disputed boundary between the territories of the two parliaments, a decision to call off the trade boycott of the North by the South and the permission of the North for the return of Catholic workers to the Belfast shipyards.

THEY DO NOT TRUST LEAGUE

Arrangement for an Anglo-French military defensive alliance which, despite the change in the French government, is likely to be ultimately confirmed, is followed by announcement of an Anglo-Belgian military agreement that as given much satisfaction and reassurance to the people of the little country which suffered so severely at the hands of the German invaders. History shows that international alliances of his kind do not prevent, war any more than insuring a house prevents fire.

WOMAN IS ACQUIRED

PORT WORTH, Texas, (P)—Mrs. Bernice Vallance, slayer of her former husband, H. H. Gray, was granted a divorce last week by the state court at Memphis, Tenn. Her husband was shot by her jury at Memphis last yesterday. The jury was out twenty-four hours.

BRITAIN TO PAY SOON?

The demonstration at Washington of America's intention to require repayment of the loans we had made allied nations during the war has had the effect of stirring the British to consider means of discharging their obligations. It is reported from London plans for paying over due interest are in the making and a treasury representative will soon come to this side to negotiate the contract.

A MID-WINTER COGITATION

In the course of a day's leisure hours an ordinarily active mind runs into many avenues of reflection. For what is apparently no reason whatever we find ourselves suddenly wondering about things which before that moment we had always taken for granted. On the instant the commonplace may become the fantastic, and the obvious may become mystifying.

IRWIN IN HOSPITAL—THOMAS H. IRWIN

ATTENTIVE ASSASSINATION

(P)—An assassination was made on the life of President Zerkola of the independent state of Fiume when a bomb was thrown at his automobile. The president was not injured.

JUDICIAL INQUIRY

A well known travel agent who visited the drug trade says he has often heard druggists ask a customer who wished to buy a cough medicine, whether it was for a child or an adult and if it was, what was the name of the coughing child or adult, invariably recommending Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, for cold, cough and whooping cough it is unsurpassed.

LABORATORY WORKERS AGREE

Through the efforts of the local board of civil service examiners, an announcement was today made of an open competitive examination to secure clerical and assistant clerical positions of laboratory attendant throughout the eleven civil service districts, at \$720 to \$1200 a year, in the United States

## FILER LADS ARE HONORED

New Athletic Shoes Presented to Each Member of Victorious Basketball Team.

MILER, Idaho — The lads who played the victorious basketball game last Friday evening with the Melgrove from Twin Falls, were each presented with a pair of new athletic shoes by A. T. Craig, of the Hub Clothing. The quintette played the entire game which was fast and furious, but without brilliancy, except at the beginning of the game when the Filer Wildcats scored six points or three baskets in the first three minutes.

The players were Leslie Amana, Carl Murray, Judson Timm and Marvin Cole, who were also given to Maurice Cole, Winfield Martin and Loren Drake, who are the leading substitutes for the Wildcats.

## YOUNGSTERS GIVEN PARTY

On Tuesday afternoon, Mrs. C. W. Case entertained a number of happy youngsters in honor of her small daughter, Margaret's fourth birthday. The large birthday cake with four lighter candles adorned the center of the table around which the little folks were seated after playing games for several days. The present guests included Beem, Aileen and Jean Hagg, Francis Drake, Marjorie Schildman, Mazzy Wright, Marcelle Klaus, and Buddy Drake, Jiff Anderson and Charles Snyder.

## They Appeal to Our Sympathies

The billions and dyspeptic are constantly sufferers from our sympathies. Many cases, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach, give them a trial.—adv.

# TWIN FALLS BEATEN BY FILER AGGREGATION

**Game Described as Hard, Fast and Rough, with Good Individual Plays**

Suffering their first defeat of the season, the Twin Falls basketball five met their match Friday evening at a later when Coach Denman's men put away a 27 to 19 score.

The game was the roughest ever seen in this section, and although Coach Denman has rounded up a real fast and snappy team, it is to be regretted that his men are allowed to employ the tactics used last evening. Many a football game has been a far gentler affair than last evening's. There was a tripping, holding, tackling and slug-ging, in fact, there was everything but clean basketball.

Such games are not going to help high school sports, and are not done away with the better the fans will support high school athletics.

Twin Falls is not offering any goals, as in all probability they would have been defeated just the same in a polo, clean game, but some ruling should be made at once for the protection of games to be played in the future.

For the home side the general nature of the game is to be found in the score as to fouls. Twin Falls netted one and Filer nine.

Filer's Murray led most of the evening with a total of 13 points, followed by Blackburn—with 10. Timm made the other two.

For the local side Moroni Jamison played a snappy game scoring eight of the 17 points. Cron, playing his usual clever game, scored 7.

A large crowd of Twin Falls rooters went over to cheer their heroes.

**The lineup:**

TWIN—Blackburn	W.	10	10	2	19
Scott, rf.	1	0	0	2	
King, lf.	1	0	0	0	
Logan, lf.	0	0	0	0	
Brown, lf.	0	0	0	0	
Jamison, c.	4	0	1	8	
Nicholson, lg.	0	0	0	0	
Totals	7	3	1	19	

**FILER—Position**

Murray, rf.	7	1	1	13
Blackburn, lf.	5	0	1	10
Cole, c.	0	0	3	0
Logan, lg.	1	0	0	0
Timm, lf.	1	0	2	2
Totals	15	1	0	27

Substitutions for Twin Falls: Lyons for Cole, Cron for Logan, Strickling for Nicholson, Nicholson for Strickling.

Referee—Whitney, Twin Falls.

## ROUGH PLAYING NOT ALL CONFINED TO HOME TEAM

Both Coaches Admit That Boys Played Hard Game and Each Willing to Accord Opponents Full Credit

That rough tactics generally were employed in the Friday night basketball game between Twin Falls and Filer is generally admitted in current comment, but that the Filer players were rougher is not so generally admitted. It appears to be decidedly open to question.

Twin Falls newspaper accounts of the game dwell on the fact that the game was rough. The Filer side, however, says the game was confined to the home team is vigorously denied in Filer and countered in by Twin Falls visitors, including Coach Evans of Filer.

Whitney, who refereed the game, could not be found on Monday, but Principal Denman of Filer, who also serves as coach of the Filer High school, is not in the least inclined to admit that football tactics were employed and that the game as a whole was no afternoon tea party. “But what was the character of the game?” he asks. “Our boys have been criticised against it repeatedly. But the idea that the score as to fouls tells the story of the game is simply incorrect. Not all the fouls were counted, and many of them were of a character which would go on everything that goes on in a game. But the thing I object to is the fact that the same kind of criticism against Twin Falls existed in the game as played in Twin Falls two weeks ago, yet the Twin Falls newspapers never mentioned it. At that time there were far more fouls on Twin Falls than on Filer. In fact one Twin Falls player's billiard tournament was defeated by two men with perfect scores, and the fans realizing that one or the other must fall from the coveted place came in mass.”

## TWO MAKE PERFECT SCORE

Saturday Evening's Play in the Billiard Tournament Brings Out Best Work

Saturday evening's play at Macaulay's billiard tournament brought out two men with perfect scores, and the fans realizing that one or the other must fall from the coveted place came in mass. The opening game of evening between Snook (49) and Bailey (36) showed both players off color. The game went 150 innings with Snook winning by the score of 40 to 21. Neither player seemed to be able to pick up the natural. According to Boyle, every billiard player is entitled to one day off in a tournament, and these two players decided to take their on the same day. Both Snook and Bailey had a high run of three.

The game that caused the mighty to fall, was the second one of the evening between Larson (32) and Goldwater (40). Larson, who through his clever playing thus far in the tournament, has been dubbed the dark horse, became much darker, when he easily defeated Goldwater by the score of 25 to 23.

## JAPANESE STATESMAN DIES

LONDON (AP)—Field Marshal Yamagata, one of the few remaining of Japan's "general" or elder statesmen, died at his home in Tokyo today, according to an Exchange Telegraph dispatch from Tokio. He was in his eighty-fourth year.

# One May Be Successor of Pope Benedict

**Cardinal Cabrerie** **Cardinal Vannutelli**

Here are four cardinals mentioned as likely successors to Pope Benedict. Cardinal Pietro Maffei is archbishop of Pavia; Cardinal Merry Del Val is the present Cardinal Chamberlain; Vincenzo Vannutelli is dean of the College of Cardinals. Cardinal Cabrerie is the oldest cardinal in the College of Cardinals.

# LARGEST AUDIENCE SO FAR

Billiard Tournament Continues to Attract; Playing is Well Up to Standard

Macaulay's three cushion billiard tournament still continues to draw the fans out each evening. Tuesday night's games bringing forth the largest gathering thus far.

The opening game between Goldwater (40) and Bonebrake (36) resulted in a victory for the former by the score of 40 to 30. Neither player seemed to be in form as the game dragged to 126 innings. The game was close enough to the 20 mark, with Bonebrake employing his opponent's style of play by playing a safety game, Goldwater on the other hand changed his tactics, and played open until the final part of the game. Bonebrake started out like a winner making a run of four on his second shot. This was the high run of the evening.

# PLAY OF VARIOUS CHARACTER

In Bonebrake we have the most erratic player in the tournament. When he is right, he is unbeatable, and is capable of giving the very best a good beating. Snook confines himself to bank line as a general thing, but never let it be said that he doesn't know three cushions. Snook, a player of the old school knows every angle of the game, and uses more English than any of the others. Snook is yet to be heard from in this series, and let him get his three cushions stroke, and some of the others will have to move down a peg.

# GOOD ON BANK SHOTS

Cummins plays a fair game, his biggest defect being the fact that he hasn't the stroke needed for three cushions. He has a good eye, and is a perfect judge of angles, being by far the best bank shot maker of the bunch. Bailey seems to be in a slump, and to date has been unable to win a game. Hard luck has been a heavy element in his defeat, however, a very element of luck has been a minus quantity when Bailey is playing. He misses more close ones than any three players entered.

# TO IMPROVE WATER SUPPLY

WASHINGTON, D. C. (AP)—The department of interior today requested of congress an appropriation of \$99,000 for improvement of water supply and sanitation in the Sequoia and General Grant National parks, California. Tourists are visiting the parks in increasing numbers, and care should be taken to safeguard their health, congress was informed.

# OFFICIAL IS STRICKEN

BATTLE CREEK, Mich. (AP)—Secretary of Labor Day, the patient of a local sanitarium. He arrived yesterday from Washington, suffering what is described as a nearly a physical break down.

# Shoshone Basin Goes Through Cold Spell

Thermometer readings that have been unusually high in the Twin Falls district during the month of January, have been considerably lower in the Shoshone Basin country in the hills south of here, according to Thomas Prie, who is here on Wednesday on business. When temperature here fell to 30 degrees below zero on the morning of January 19, a drop to 40 degrees followed in the basin. Mr. Prie said:

# INSTITUTE FOR FARMERS DRAWS BIG ATTENDANCE

### Rapid Fire Questioning of Experts and General Participation in Discussions Indicates High Degree of Interest

Slow drifting winds and declining temperature early this morning tended to discourage attendance at opening sessions of the farmers institute here today, but there were more than 100 persons assembled in the Parish hall, when R. E. Brown, newly appointed, shortly after 10 o'clock, introduced R. F. Parkhurst, professor of poultry husbandry at the University of Idaho, as the first speaker of the course. The economic questions and individual problems at the institute are so numerous that discussion led by W. F. Alworth, following presentation of the topic "More and Better Poultry," by E. R. Brown, executive extension department, has brought to a close nearly twice the number of persons present when the session opened.

Mr. Parkhurst, in the absence of E. R. Brown, newly appointed, of the extension division, this morning discussed the subject of "The Poultry Industry in Its Relation to Other Farm Enterprises." At the opening of the session he is to turn over the subject, "Breeding and Feeding of Poultry for Egg Production."

Brings Optimistic Message.

A message of optimism was to be delivered at the institute this afternoon by H. C. Dale, professor of economics and political economy at the state university, speaking on the subject of "The Present Economic Situation as It Affects the Farmer." It is Mr. Dale's opinion that the worst of the financial depression has been passed and that farmers now should be in position to take advantage of bettering conditions. In support of this opinion he was prepared to cite principles of credit, the danger of liquidating, recurrence of cycles of depression and recovery in industry. A discussion at the conclusion of Mr. Dale's lecture was to be led by J. A. Weaver, cashier of the Twin Falls National bank. Addresses by former State Senator M. J. Sweeley on "Finance and Taxes," and by C. E. Fryzier, president of the Idaho Lumbermen's Institute. Sessions were scheduled for this evening's session, following a program of vocal music to be provided by Mrs. I. H. Masters.

**Much Interest Shown.**

Speakers at today's sessions were called upon to answer a rapid fire of questioning, and participation in the discussions that followed presentation of each subject was general.

The sessions of the institute tomorrow are to be opened at 10 a. m. by Ralph H. Smith, economist of the extension division, with a discussion of "The Effect on Agricultural Production of the Present World Situation." L. W. Coleman, former Twin Falls county agent and now agriculturalist for the Amalgamated Sugar company, is to follow at 11 a. m. with a talk on "The Sugar Beet Industry."

E. J. Jiddings, dean of the school of agriculture, University of Idaho, is to open the afternoon session at 2:30 p. m. with a lecture on the subject of "The Livestock Industry in Idaho," and at 2:45 p. m. Leonard Way, formerly traffic expert for the state public utilities commission and now managing agent of the Southern Idaho Electric association, will speak on "Transportation and Rates."

**Women's Session.**

A session of the institute for women is to be conducted tomorrow afternoon in the Baptist bungalow, corner of Fourth and Commercial streets, north. This session will be opened at 2:30 p. m. with a lecture on "The Food Problem," by Miss Katherine Jensen of the home economics department, University of Idaho. A discussion thereafter will be held by Mrs. J. E. White, Miss Nina Huyck, home demonstration agent, Rupert, will conduct a demonstration, concluding the session.

The concluding session of the institute tomorrow evening will be held in the Baptist bungalow, beginning at 7 o'clock, with a musical program. Dean Jiddings at 7:45 p. m., is scheduled to deliver an address on "An Agricultural Policy for Idaho Farmers," and C. B. Rose, secretary of the state farm bureau, at 8:30 p. m. is to speak on "The Farm Bureau Federation."

## HEAVY AUTOS IN CRASH

Police Unable to Fix Responsibility for Shoshone Street Wreck

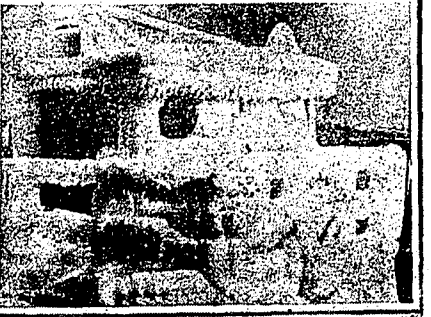

Two heavy automobiles, one driven by E. E. Minnerly, taxi driver, and the other by W. C. Glover, collided at the intersection of Shoshone street and Third avenue west at about six o'clock last evening. A woman passenger in Minnerly's car sustained superficial injuries about the eye from flying particles of glass. The frames of both cars were bent and the machines were otherwise damaged.

Police authorities have been unable to determine the responsibility for the smash up. Minnerly was proceeding west on Shoshone street and Glover was on his left hand side when Glover struck on the intersection first Minnerly would have had the right of way. Each driver stated that he had not seen the other car approaching until the crash came.

## ODD FELLOWS TO MAKE MEET HERE MEMORABLE ONE

### Twin Falls Lodge men Prepare to Entertain 400 Members of Order Here at Degree Team Competition

Delegations of Odd Fellows from Bayonet and Bayley arriving here in two special coaches on Saturday afternoon's train are expected to swell to between 300 and 400 the total number of lodge men in attendance at the third of a series of four contests to determine the degree team championship of the Mindo-Twin Falls district, to be held Saturday night in the high school auditorium here.

Several grand lodge officers are expected to attend including Prom C. Moore of Boise, grand master; Presley Horn of Caldwell, grand secretary, and S. Watkins of Twin Falls, grand conductor.

**Memorable Event Promised.**

Committee on entertainment and arrangements appointed for the Twin Falls lodge are today putting the finishing touches on plans for making the contest of four contests to determine the Idaho Odd Fellowship. It is indicated that the competitive exemplification of ritualistic ceremonies in connection with conferring the degree on the delegates of the order will continue in early hours of the morning. Refreshments will be served when the proceedings are half completed.

Several teams representing Odd Fellows lodges of Bayonet, Bayley, Bull and Twin Falls are entered in this contest. In competition here Saturday evening the Twin Falls lodge will confer the degree on the first, second, third, fourth and Bayley lodge the third degree.

Four teams will enter for the first time in the competition the degree assigned to it for this contest, the rules providing that each team shall, in rotation, confer the four degrees of the order.

**Trophy on Display.**

The winner of the series is to be presented with a handsome engraved gold cup, which has this week been on exhibition here in an "Odd Fellows" window at the Majestic pharmacy.

The winner of the contest here is to become owner of the cup.

Four judges of the contests have been designated, one being selected by each of the competing organizations, R. McDonald, past noble grand, and the judge named by the Twin Falls lodge.

Previously contests of the series for the Bayonet lodge were held on January 7, and at Bayley on January 21. The series will close with a contest at Bull on March 4.

**Twin Falls Lodge Team.**

Members of the degree team which will represent Twin Falls lodge in the contest are: Saturday evening, grand master, S. G. McAmber, noble grand, L. M. Jain, vice grand, H. C. Alexander, conductor, C. E. Rowlett, warden, E. H. Page, past grand, R. T. Jester, chaplain; O. N. Peterson, right side supporter; F. P. Johnson, left side supporter; W. J. Glasgow, inside guard; R. A. Francis, right side guard; and grand, Frank Dawson, left supporter; noble grand; E. O. Raines, right supporter; vice grand; C. E. Lewis, left supporter; vice grand; R. Walker, W. H. Willetts, C. Torrey, W. McDevitt, D. O. Taylor, H. Malinen, A. D. Gates, G. W. Gerrish.

## COUNTRY CLUB PLAN LAUNCHED

### Members of Rotary and Kiwanis Clubs Decide to Inquire into the Project

Suggestions looking toward establishment here of a country club took a definite turn at a meeting last evening of members of the Rotary and Kiwanis clubs at a banquet at the Rogerson hotel, when members of the two organizations, voting as individuals, authorized the appointment of a joint committee of six members to inquire into the feasibility of entering upon the project at this time.

In presenting the suggestion John W. Graham expressed the opinion that a suitable site for such a club could be obtained now at a lower cost than could be expected in the future and argued that as an investment, even the plan for establishing the club were not carried into execution, the purchase of property for the purpose would be a profitable one.

M. J. Sweeley, president of the Kiwanis club, and C. E. Smith of the Rotary club, and others spoke in commendation of the proposal.

The committee chosen was composed of J. S. Russell, C. E. Smith and L. L. Breckenridge for the Rotary club; John W. Graham, Leonard E. Smith and E. J. Ostrander for the Kiwanis club.

## ROTARIANS AND KIWANIS MEET

### Business and Professional Men of Twin Falls Organizations at Banquet

Eighty business and professional men of Twin Falls met last evening at a Rotarian and then a Kiwanian at three long tables in the Rogerson hotel dining room for three hours last evening, enjoyed wholeheartedly the spirit of fellowship that characterized the banquet served by members of the Kiwanis club for members of the Rotary club. The affair was of the nature of a return compliment to the Rotarians who last spring entertained for the Kiwanians at a similar occasion.

**Sweeley Suggests Plan.**

In a brief address of welcome, M. J. Sweeley, president of the Kiwanis club, relating with gratitude the spirit of friendly co-operation with which the Rotarians had greeted the newer organization. He referred to the purposes of the organizations and said that individuals could benefit themselves only by benefiting the community. Alluding directly to the American Falls reservoir project and the proposed railway outlet to the south, he pointed out that such undertakings of this sort might well be accomplished by use of the state's credit rather than through dependence upon aid from the federal government or state surplus funds.

In response, R. A. Head, president of the Rotary club, expressed the pleasure of Rotarians in sharing the hospitality of the occasion and pledged the active support and cooperation of the Rotary club to the Kiwanis club in any undertaking making for community betterment.

The dining room was attractively decorated for the occasion in blue and white, the colors of the Kiwanis club, and with the Kiwanians' emblems. Costumes of the waitresses also were of blue and white.

**Singing Holds Boards.**

The evening's entertainment consisted of singing and a few brief talks, with song coming in for the major share of attention.

The evening, Charles Glenn Daird of the Kiwanis club, a Kiwanian, called upon to speak on the topic of "Fellowship of Service," expressed confidence that the world is growing better, the world today than ever before in its history.

State Senator Joseph H. Seaver, a Rotarian, took for the theme of his address the motto of the organization, "It is not enough that one should earn a livelihood unless the earning of it shall be serviceable to mankind."

A resolution looking toward establishment here of a country club was presented by John W. Graham, a Kiwanian.

**Good Natured Quips.**

Under leadership of C. E. Smith, chairman of the Rotary club entertainment committee, and Merlin G. Batley, pianist and foremost entertainer among the Kiwanians, the assembled Kiwanians sang in a variety of individual groups. In reply C. E. Smith sang a score or more of home made verses alluding to foibles of individual Kiwanians. Both numbers added merrily to the quality of the occasion. Lester T. Wright responded humorously to demand that he sing a solo, and the Rotarians' "consumptive" composed of A. G. Fisher, Fisher, Logan and A. J. Batley, contributed generously to the evening's amusement.

**Rotarians Score.**

One of the most successful of the remarks made on the occasion went to the credit of the Rotarians when Mr. Smith, with elaborate introductory remarks alluding to Twin Falls' need for payrolls and the project under way to establish the same, made a plea for a product for which there would be an assured market, presented to Mayor I. W. McRobert, a Kiwanian, the working model of a collar that had been invented. It was rumored, by A. O. Fisher, that he guaranteed that "partners in dancing comply with a proposed city ordinance as to deportment."

The evening was opened with the singing of the first verse of "America," followed by invocation by the Rev. Mr. Boyd. It was closed with the singing of the concluding verse of the national air.

A vote of thanks of the Rotary kind was tendered by the visiting club in appreciation of the evening's entertainment.

## Groundhog Sees His Shadow and Waits Longer for Spring

Advent of spring is not to be expected for six weeks apart with conditions present, believe, having the groundhog, when he awoke his way out of his hole today, blinked at dazzling sunlight and saw distinctly that his form was accompanied by shadow.

This is groundhog day, and superstition says that the absence of the little fellow's shadow on his first day of appearance presages an early spring; but that if the shadow is present, the groundhog retires to his hole to await the passing of six weeks more of winter.

Throughout the east and middle west, telegraphic advices today say, rain clouds kept the sun and shadow away.

Temperature last night dropped to 4 degrees above zero and 27 above was high for yesterday, according to records of the government weather observatory here.

Yesterday's weather was temperature of 15.5 is two degrees lower than the average for this day before and the lowest since Saturday when it fell to 11.5.

## Month Just Closed Coldest in History of Twin Falls Area

### Average Temperature of 16 Degrees is 3 Below Previous Low Mark

The month of January just closed was the coldest in the annals of the Twin Falls district since the establishment of the government weather observatory here in 1905, according to report covering the month's weather made today to the Boise station by Marion Hammond, local observer.

Average temperature for the month was 16 degrees which is 3 degrees lower than the lowest record previously reached when in January, 1917, the average for the month was 19 degrees.

Below zero temperature was recorded 11 days out of the 31, and the district was covered with snow varying in depth from one to seven inches throughout the entire month. The high mark for the month was 39 degrees above zero, and the lowest 30 below zero. Maximum temperature was 26.0 degrees, and mean minimum temperature was 5.1 degrees.

A total of 1.43 inches of precipitation fell during the month to a depth of 11.6 inches was recorded.
