

FARMER CONSPICUOUS AT HEARING BY HIS ABSENCE

Traffic Association Issues Report of Way's Appearance Before Commission

Only facts obtained at first hand are admitted in evidence at freight rate hearings in progress before the interstate commerce commission at Washington, and hearsay or documentary evidence prepared by persons other than the witness are immediately ruled out, says a bulletin issued today by the Southern Idaho Traffic association dealing with the appearance of Leonard Wny, its managing secretary before the commission in its hearings.

ONLY COMMISSION MEN PRESENT

It is well that Idaho was represented in the law and grain case. Otherwise the commission would never have known anything of our problems. The farmers were conspicuous by their absence, but there were plenty of commission men. Brothers to tell why they can't buy hay in Michigan and ship to Georgia and make money, but no farmers were there to tell why they can't make money following the plow.

TALK WITH COMMISSIONER

The chairman asked the Idaho rep-

representative when he pointed out the facts, which seemed a little strong to the commissioner, why if a farmer couldn't make money he continued in the business. Mr. Way retorted with the question as to why one desired to live. The commissioner pressed the question no farther.

WEBB AND PRIOR'S

GOOD WORK.
George Erb, chairman of the Idaho public utilities commission, is working tirelessly to make the commissioners understand some of our Idaho problems. He attends the hearings constantly and was on the stand 15 min.

utes or more in the grain case. He and Mr. Way worked all night the night before this hearing polishing up the presentation. Mr. Prickett of Salt Lake, who represents the western states in general used 15 minutes time, and put in three exhibits showing what the rates are. He was followed by Mr. Way, who was on the stand something like two hours.

1. Importance of the agricultural industry in Idaho including the number of farms, acres, improvements, irrigated and dry, total population, population on farm. He made especially emphatic that there were no markets in the state, and no market in the west which necessitates long hauls, high rates, more than our portion of the increase.
2. Production, consumption, surplus of wheat and other kinds of grain and hay.
3. Competition with other states closer to market.

3. Comparison of prices, pre-war and now; comparison of freight rates, pre-war and now; showing farmers pay the increase.
5. The effect on business, failures of farmers, business men and bankers.
6. Cost of production, more than price received.
7. Ratio of loans to deposits considerable over 100 per cent and growing.
8. Enormous amount of hay on hand.
9. That rates must be reduced to a pre-war basis.

The next hearing of importance to southern Idaho is on fruits and vegetables.

tables and dairy products.

Largely Attended Funeral Services of Late J. E. Bower Held at Burley

BURLEY, Idaho (Special to The News).—Funeral services here Wednesday for the late J. E. Bowers, pioneer stockman and ranchman of southern Idaho, who died Thursday last at San Diego, where he had gone with wife to spend the winter, were largely attended by friends here including many of the oldest residents of this section and by fraternal associates of the Elks' lodge under whose auspices

The body was taken from here for burial at Artesian City which place Mr. Bowers founded and where he had

Mr. Bowers came to Idaho in 1873 from Ohio. He was employed for several years by Colonel Hardesty, a Nevada cattleman, whose herds were

Mr. Bowers was at that time regarded as one of the most expert "ropers" of cattle in the west. In 1879 Mr. Bowers established large ranching interests on Dry creek where he made his home until 1914 when he sold his ranch and invested in property here and at Buhl.

He was a member of Cassia lodge, A. F. & A. M. at Albion, and of the Cassia County "Tpora."

A Judicious Inquiry

its the known traveling man who visits the drug trade says he has often heard druggists ask a customer; who wished to buy a rough medicine, whether it was for a child or an adult and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for colds, croup and whooping cough it is unsurpassed.—adv.

Three games were played last evening at the weekly double billiard tournament. Two in the class A division, and one in the class B.

The opening game of the A division ended in 45 innings with Grant winning from Bonebrake by the score of 125 to 44. Bonebrake made a run of 14 with Snook's best effort ending at 13. Snook played his usual game, with Bonebrake still appearing to be a bit off his stride. The three cushion tournament just finished may have something to do with this condition.

The second game of the evening went to Thompson playing Bailey. The score of this game was 125 to 104 in 75 innings. Bailey led to the 100 mark, only to have the breaks go against him. Bailey seems to be in line for the bad break medal, for in every tournament game the goddess of luck, so essential in billiards, is conspicuous by her absence.

But one game was played in the class B section, owing to the fact that DeLong was out of town. This game resulted in a victory for Logan, playing Grant. The score in this game was 100 to 0. Grant was off color and had great deal of trouble locating a cue. He has been in the habit of playing with a cue that is fashioned after the markings of a zebra, and this striped cue was a minus quantity last night. Logan made a run of 10 with Grant making a run of 6. It is to be hoped that the miscreant who hid Grant's cue will return it before the next evening. There will be a vacation this evening for the contestants owing to the fact that the Elks are holding a smoker. Tomorrow will see the continuation of the weekly tournament. Much interest is being shown, and the crowds are getting larger each evening.

NATIONALS HEAD FOR CAMP

Advance Guard of Chicago Team Starts for Headquarters on Catalina Island

CHICAGO, (AP)—Today was getaway day for the advance guard of the Chicago Nationals who left this morning for the training camp at Catalina Island on the Pacific coast. The party is scheduled to arrive there on Sunday. Six players boarded the train in charge of Manager Killefer and seven others will join the party at Kansas City tonight.

When Killefer disembarks his men Monday 20 athletes will be on hand to start training, as six others will report at the journey's end. The second squad will leave here a week or so later. The Cub battery men are scheduled to practice Monday. The club will continue its training until March 10 when the first exhibition game will be played at Pasadena for the players.

EXTRA PRACTICE HELD FOR HEYBURN STRUGGLE

Game Scheduled for Tomorrow Evening Promises to be Hard Fought Battle

The basketball game tomorrow evening between the local hoopers and the Heyburn quintet promises to be one of the best of the season. Heyburn has played consistent basketball this year, and although defeated three times, two of the three were by very close scores, and on foreign floors. In Winn they have one of the best forwards in this section, with Handy at center living up to his name in every respect.

Coch Evans of the local school thought enough of the five to be here tomorrow evening to coach an extra practice. This in itself is evidence that the Heyburn lads are fast.

The game will start at 8 o'clock sharp and will be played at the high school gymnasium.

ESTABLISHES NEW RECORD
MIAMI, Fla., (AP)—Peter Markey, Montreal, established a new world's motorcycle record yesterday when he did one mile on a seven lap track in one minute flat, breaking the previous record made here several weeks ago by E. R. Murphy of Miami, of 1:01. Murphy then went on the track and duplicated Markey's time.

CANADIAN DEFEATED.
LOS ANGELES, (AP)—Constantino Romanoff, who claims the Pacific coast heavyweight wrestling championship, defeated Jack McDonald, claimant to the same title, in the heavyweight championship in one fall here last night. Romanoff won in the match in 61 minutes with an arm scissors lock.

RICKARD INDICTED.
NEW YORK, (AP)—Tex Rickard, fight promoter, today was indicted by criminal grand jury for the assault on two minor girls by the supreme court grand jury.

Views of Harvard's President, However, Not Shared by Yale's Team Captain

BOSTON, (AP)—The views of an undergraduate of prominence on the gridiron and of an educator who thinks too much of a football were heard from the same table when Malcolm P. Aldrich, 1921 captain of the Yale eleven, and A. Lawrence Lowell, president of the Harvard University, spoke at the annual dinner of the Yale club of Boston last night.

The faults in football has been exaggerated, Aldrich said. The game as a whole was under attack because several small faults had been given undue prominence. Lowell, he said, has merely kept in stride with the wishes of the public, instead of football being the public to follow it. The part that the gridiron sport plays in the athletic life of the college was indicated, he said, in the fact that it supported nearly all the other sports of the college. He hoped President Lowell and President Angell of Yale would reach some happy agreement as to the football of the future, but thought there was little need for change.

President Lowell answered Aldrich's point about football's contribution to the athletic treasury by saying that all necessary college athletics could be supported without spectacular public exhibitions.

While believing there should be an annual one supreme struggle between Harvard and Yale in football, he thought the habit which had grown up of making virtual cash accounts for crowds almost every week for a certain period in the fall was open to objection, he said. As a result the public was led to believe, he said that sports were the main purpose of college life.

The Harvard president paid tribute to the Yale captain as an ideal undergraduate and cited instances of sportsmanship shown by him in the Harvard-Yale game last fall.

BIG EVENTS ARE SCHEDULED

Iowa City Will Be Scene of of Contests in Wrestling and Basketball

IOWA CITY, Ia., (AP)—Three big sporting events will be held at the University of Iowa here this week end. In addition to wrestling and basketball games from about 20 colleges and universities of Iowa will be here for the first time.

The dual wrestling meet between Iowa and Purdue tomorrow night will be the first of the events for the week-end. Saturday afternoon Coach Broomhan's track men will meet the Illinois, 1921 champions, in the armory and in the evening Iowa basketball players will play a western conference game with Ohio State.

MAY JOIN SAN FRANCISCO.
SAN FRANCISCO, Cal., (AP)—Jimmy O'Connell, who played first base on the San Francisco Pacific coast baseball league club last season and who was sold during the winter to the New York Giants for \$75,000 for 1923 delivery, probably will play in the outfield for San Francisco next season. Jack Miller, the New York Giants manager, announced on his arrival here from the east. Miller himself probably will hold down the first sack.

BIG SCHEDULE ADOPTED.
MEMPHIS, Tenn., (AP)—A season of 154 games, starting April 12 and ending September 14 is provided in the 1922 schedule adopted early today by the Southern Association.

Earthquake Shocks Recorded Lasting for Nearly an Hour

WASHINGTON, D. C., (AP)—An earthquake described as "very severe" was recorded last night at the Georgetown university geological observatory. The tremors began 10:30 p. m. and lasted until 11:30 p. m., with the maximum of intensity at 10:32 p. m. The Rev. Father Pondor, director of the observatory, estimated the center of the disturbance have been two thousand miles south of Washington and said it undoubtedly was not the same as that reported early yesterday in Nicaragua.

Vandals Only Team in Pacific Coast Conference Unde-feated So Far

MOSCOW, Idaho, (AP)—Basketball championship honors of the Pacific coast conference probably will go to the University of Idaho, it was said today as a result of the Vandals' 22-21 victory over the University of Washington here last night.

Idaho, which was admitted to the conference only last December, is the only team undefeated so far in this year's basketball race of the organization. University of California was the title last year.

In last night's game Idaho led until the last minute of the second half when Washington tied the score at 24-24. An extra five-minute period was played, during which the score was again tied at 26-26, after which Idaho scored three baskets to one for Washington.

IDAHO AND CALIFORNIA WILL MEET ON GRIDIRON

UNIVERSITY OF IDAHO, Moscow, (Special to The News)—The University of Idaho and the University of Southern California, new members in the Pacific coast intercollegiate conference, will probably meet upon all details involving the football game between the two institutions in southern California, November 18 next year, according to Fred Grant, graduate manager of the Idaho team.

The University of Idaho is endeavoring to have Southern California guarantee a return game at Boise, Armistice Day, 1923, but this matter will probably remain open until the outcome of the first game between the two teams.

H. W. Bruce, graduate manager at Southern California, has advised Idaho authorities that he has taken option on the tournament of Roses stadium at Pasadena for November 18. The Tournament stadium has a seating capacity of 50,000. The place of the game will be decided by the showing made by the two teams in the 1922 conference season.

PREPARE FOR THIRD TRIAL

One-Time Nurse for Virginia Rappe Arrives in San Francisco; May Be a Witness

SAN FRANCISCO, (AP)—Miss Virginia Warren of Chicago, one time nurse of Virginia Rappe, film actress, is in San Francisco, and there is considerable speculation over whether she will be called to testify at the third trial of Roscoe Arbuckle, beginning March 14, on a manslaughter charge resulting from the death of Miss Rappe. Miss Warren is said to have attended Miss Rappe during an illness in Chicago, and a deposition obtained from her by the defense was not used in the previous Arbuckle trials, both of which resulted in jury disagreements.

The state announced today that a jury panel of 250 names would be drawn Friday for the third trial.

FREE DISPENSARY SERVICE ANNOUNCEMENT

Due to the long continued money stringency, with its consequent unemployment, there may be those who are in need of medical and surgical attention, yet hesitate to ask for it on account of financial distress. To such we hereby announce the opening of a free dispensary service from the hours of 9 to 10 a. m. every Tuesday and Friday, at which times our facilities and services are gladly placed at your disposal.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking An Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through its tiny ducts which should absorb only nourishment, to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, when the blood must therefore be cleansed by other means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the seed of grapes and is combined with Bitrex. Here you have pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

TODAY'S MARKETS

LOWER PRICES FOR WHEAT

Upturn in Liverpool Quotations Reflected in Day's Transactions in Grain

CHICAGO, (AP)—After equalizing or surpassing all previous high prices this season, the wheat market today underwent a decided setback, general eagerness to purchase having dropped off for at least the time being, and would-be sellers becoming plentiful.

Profit-taking sales were in evidence, but they failed to exert more than a temporary influence. Opening prices, which ranged from 3-4 to 1-4-1/2 higher, may \$1-4 1/2 to 1-4 1/2 and July \$1-24 to 1-24 1/2, were followed by a slight reaction and then by a rise higher than before.

The close was unsettled 3-4 to 1-5-1/2 net lower with May at \$1-39 1-2 to 1-39 3-4 and July \$1-22 3-4 to 1-22 1-2. Statements purporting to show that the domestic disappearance of corn has been at a rate much greater than is generally assumed to be the case, gave independent strength to the markets for corn and oats. After opening 1-8 to 1-2-1/2 higher, May 63 1-4 to 63 3-8, corn continued to advance.

All deliveries of corn, together with July and September oats, touched new high prices for the season but subsequent selling drove when the wheat market turned weak. The corn market closed nervous at the same as yesterday's finish to 1-2-1/2 higher, with May at 63 1-8 to 1-4-1/2 to 63 3-8.

Oats started 3-8 to 5-8 up, May 49 7-8 to 4-3, and then sagged a little but recovered.

Provisions were sharply higher, affected by a new advance in the hog market.

Cash Grain and Provisions

Bulls in Ascendancy

NEW YORK, (AP)—Further ease of money rates here and abroad and the trend of developments at Washington again favored the constructive side in the stock market today. Sales approximated 775,000 shares.

Contrary to general expectations, lowering of the Bank of England discount rate was without visible influence upon the prices at the opening of today's stock market. Gains and losses were evenly distributed. With the exception of American Locomotive, which broke 1 1-4 points on the first transaction, changes were limited to fractions. The list developed a firmer tone within the first half hour on buying of leading oils and shippings, especially Mexican Petroleum and Mercantile Marine preference, and American International.

United States Steel, General Electric, Mexican Petroleum and specialties made higher prices later but reacted moderate.

ately on selling of rails. The closing was irregular.

Liberty Bonds

NEW YORK, (AP)—Liberty bonds closed: 3 1/2's \$95.44; first 4's \$97.14; second 4's \$96.80; third 4's \$97.80; fourth 4's \$97.40; Victory 3 3/4's \$100; Victory 3 3/4's \$100.22.

Interest Rate Reduced

LONDON, (AP)—The Bank of England today reduced its rate of discount to four and one-half per cent. The discount rate of the Bank of England has been five per cent since November 3, last when it was reduced from the five and one-half per cent rate established on the preceding July 31. The highest rate was reached in August, 1914, after the outbreak of the world war, when it was set at 10 per cent which had only been equalled on two previous occasions, those of the panic of 1857 and 1890.

COMPULSORY OCCUPATION FOR WOMEN DECIDED ON

SOPIA, (AP)—Compulsory work for women is to be imposed by the Bulgarian peasant government. The peasant women who do manual labor, say partisans of the law, will take pleasure in seeing those ladies in silk stockings' rustle about a bit.

Premier Stamboulisky, justifying the new law in a recent speech said: "A peasant woman works in the country ploughing ground, often doing more than her husband. She spins the wool and weaves the cloth for the family's clothes. What does the town lady do? She walks and chats and does not give birth to children. We must, at least, compel her to labor for the state."

This law is to be applied first in the capital, Sofia, then in the smaller cities and eventually in the villages and sugar.

SUGAR DUTY INCREASED

WASHINGTON, D. C., (AP)—A decree has been issued by the Mexican government effective immediately increasing the import duty on common sugar from 10 to 15 centavos per gross kilogram, the department of commerce was advised today in a dispatch from the American consul at Mexico City. The present value of a centavo is about one-half a cent, making the increased duty about 2 1-2 cents for slightly more than two American pounds.

HEYBURN TEAM IS COMING

BUSINESS MEN BACK OF GIANT PROJECT PLANS

Chamber of Commerce Directors Recommend Co-operation in Campaign for American Falls Reservoir

Active support is to be given by the Twin Falls Chamber of Commerce recommendation bureau to the plan adopted at a meeting Saturday at Pocatello of representatives of canal companies and irrigation districts, to form one big irrigation storage water district comprehending canal companies and irrigation districts which have contracted for water supply from the proposed American Falls reservoir with a view to issuance of bonds of the district to cover payments to the federal government for such water supply and thus to make possible the execution of plans for construction of the big reservoir project.

Recommendation to the bureau to this effect was voted by chamber of commerce directors at a meeting Tuesday evening after they had heard from Ivan G. Lincoln, president and W. O. Taylor, secretary of the Twin Falls Canal company, and H. T. Henderson, engineer for the Murtaugh irrigation district, an explanation of the plans adopted at Pocatello.

WILL MEET WITH COMMISSIONERS

It is expected that members of the bureau will confer on the subject with the board of county commissioners whose appropriation of county funds to the Idaho Reclamation association for carrying out the plan is contemplated in the decision of the Pocatello meeting. This conference is expected to take place before the departure of W. W. Parish, chairman of the county board, to attend a meeting of county commissioners convened by Governor Davis to meet at Pocatello Thursday for consideration of the plan.

Officials of the Twin Falls Canal company last evening indicated to the chamber of commerce directors that it was improbable that the Twin Falls Canal company would consent to join in the proposed irrigation storage district, but that it was essential that the district be formed in order that prosecution of plans for the American Falls reservoir might proceed. They indicated that the canal company would make such arrangements for financing its own payments.

In addition to their action with respect to the American Falls project, directors of the chamber of commerce last evening outlined a program of work to be followed to completion for the organization.

WOULD LIMIT TRADING OPERATIONS

They recommended immediate action looking toward obtaining of a municipal ordinance requiring payment of license by solicitors and vendors, other than farmers, of products and merchandise in such trade as is conducted in places of business in Twin Falls.

They suggested also an immediate investigation into feasibility of establishing a credit bureau in connection with the chamber of commerce, had endorsed a committee of the "blue card" committee in withholding approval to an applicant for municipal franchise for installation of a system of waste cans to bear advertising.

PROGRAM IN DETAIL

The following summary of the program set before the chamber of commerce last evening was given out today:

Roads and Bridges—Secure Shoshone Basin forest roads and surveys; investigate all new proposed highway districts; investigate possibilities of establishing a road building fund; make new road map for tourists; co-operate with Central Oregon and Utah Road associations.

Recreation Bureau—Disseminate the facts about chamber of commerce activities and the Blue Card System; discuss financial plan of H. S. Annual; investigate possibilities of junior chamber of commerce women; assist tax committee in suggesting reductions in school expenses.

Industrial Bureau—Continue campaign for milk cannery; collect data on show cases; make public inspection tour of our present Twin Falls industries.

Advertising—Edit new advertising folder; secure package mailings on tax cases shipped from Twin Falls; secure agricultural exhibits and place on local display; co-operate with real estate association.

Amusement and Playgrounds—Secure renewal of tourist park grounds; suggest park rules and management; investigate proposition of community park at Shoshone Basin; assist in observance of "Blue Day" city beautification and clean up campaign.

Tax Committee—Make direct recommendations to various taxing bodies where recommendations should be considered previously by the board of directors of the chamber.

Railroads and Utilities Bureau—Act as a chamber executive committee; have the Bureau Well-Born project; for protest reduction in Pocatello train schedule; investigate Branch station of Southern Idaho Traffic Association.

Real Estate—Assist Murtaugh irrigation project; have the Bureau Well-Born project; for protest reduction in Pocatello train schedule; investigate Branch station of Southern Idaho Traffic Association.

project by U. S. R. S. which survey should also include a soil survey. Merchants Bureau—Secure passage of solicitors license, ordinance; support inventors' valuation method; valuation on stocks; arrange trade trips to nearby communities; conduct pay up week; secure stringent Sunday closing law; stage community advertising; Dollar Days; etc.; investigate credit rating association.

State Relations Bureau—Investigate possibility of adding taxable property to Twin Falls; assist in securing balance of our share of \$750,000 highway money from state; secure our proportion of legislative appropriation moneys.

Agricultural Bureau—Devise ways of supporting home dairy industries; secure better hay inspection rules; encourage discussion of farm problems; secure farmer chamber members; reduce farm taxes.

MOTORIST MUST DISPLAY NEW PLATES BY MARCH 1

Police Here Demand Receipt for Application for License Insufficient

Automobile owners will be required to display 1922 license plates on their cars on and after March 1, and receipts showing application made for license of the motor vehicle. The law enforcement for failure to display license plates at that time, under interpretation placed by police here upon an order issued by Attorney General Roy L. Black for the purpose of having the law enforced, establishing March 1 as the "dead line" for motor vehicle license payment.

License payments were due January 1. Hereafter, the "dead line" has been fixed at March 1. The date was advanced this year in pursuance of a policy that is designed ultimately to require payment on January 1.

Police officers throughout the state are expected on March 1 to take into custody motor vehicle owners who have not paid the current year's license fee. The law in which license plates are collected on motor vehicles. Chief of Police Ben J. Brown said today, "It is our opinion that the order fixes the 'dead line' in the limit of the period of time in which license plates are to be obtained. It is our purpose to enforce the order rigidly."

BLAST CRIPPLES MINE WORKERS IN JARBIDGE FIELD

Sightless and Mangled Men are Brought from Nevada Hills in Long Journey Attended by Hardships

Blind and the flesh has been stripped from his face, neck and breast, and William Van Allen, 60, has suffered injuries that will seriously impair his vision, as a result of a premature explosion of dynamite late Monday afternoon in the Legitimate mine at Jarbridge.

The injured men were early Tuesday afternoon received at a hospital here at the end of a journey involving at the most incredible hardships.

Attending physicians Wednesday expressed the belief that both would recover from their injuries.

BODIES PREPARED WITH ROCK

Both men suffered extensive wounds and their bodies are literally peppered with thousands of particles of soft rock sent flying by the explosion. Van Allen's left hand was so severely injured that it was necessary to remove the entire finger. The tendons at the base of the hand were severed by flying fragment of rock.

Dr. Eames, a physician at Jarbridge, gave first aid attention to the men upon their arrival and accompanied them on the rigorous journey here. The fact that this attention was available in this manner is believed to have given the injured men their chance for recovery.

THIRTY MEN MOVE INJURED MINERS

Thirty men assisted in the task of moving the injured men from the mine down a long steep decline to Jarbridge through two feet of light snow lying on top of crushed snow that was in places four feet or more in depth. The injured men were brought down on sleds constructed for the purpose. A dozen men dragged at the sled while others held it back to prevent too rapid descent, and a score or more of men went ahead in effort to break trail. The start from Jarbridge was made at 10:30 p. m. Monday and the journey through the night from Jarbridge to Cedar Creek was made on sleds. From Cedar Creek to Twin Falls the roads were open so that it was possible to drive a car through, and the trip from that point was made in an automobile.

LONG UNDER SUBGUNS' HANDS

The injured men, after being received at the hospital here were on the operating table throughout a greater portion of the afternoon, while a surgeon and eye specialist bent their efforts to make possible restoration of mangled body and vision.

The men, at the time of the accident, were facing the blast although the most severe injuries about the body are found on the side in which the explosion occurred. It is believed that they were but a short distance from the blast. The property in which the injured men were employed is operated by the Guggenheim interests under lease.

For Many a Twin Falls Household

To have the pains and aches of a bad cold removed is to be entirely free from annoying, distressing, and dangerous conditions. The kidneys are the organs to make any kidney sufferer grateful. The following advice of one who has suffered with kidney trouble for years will prove helpful to hundreds of Twin Falls readers.

H. F. Spidell, retired farmer, Rupert, Idaho, says: "I had attacks of kidney disorder and for some time my back was lame and ached dreadfully. I was unable to do my work. The kidney secretions passed too freely, especially at night and I didn't get much rest. The first time I tried Doan's Kidney Pills they straightened me up all right, so when I have needed such a remedy since I have always had the same good results."

MEMORIAL FOR EMANCIPATOR FESTIVAL EVENT

Twin Falls County Republicans, Under Inspiration of Occasion, Lay Plans to Assure Annual Observance

Abraham Lincoln's one hundred and thirtieth birthday anniversary was observed in Twin Falls county Monday evening by 100 men and women gathered at a banquet in the Hotel Perrine here.

With an inspirational address on Lincoln's life and work and its application to the present day, H. J. Baker of Rupert, prosecuting attorney for Minidoka county, with anecdotes of Lincoln from the viewpoint of a friend and neighbor by Thomas E. Harris, a former resident of Springfield, Illinois, now living in Twin Falls; with sweet-voiced singing by Miss Pearl Boyd and strains of orchestra, with an address by H. J. Baker, a former resident of Springfield, served in a colorful setting of flags from among which the great war president's picture looked down upon the assemblage, the affair was an outstanding occasion of the kind.

LINCOLN DAY ASSOCIATION FORMED

Under the inspiration of it there was formed last evening, the Twin Falls County Lincoln Day association, which is to arrange for similar annual observances of the event. E. V. Larson of Twin Falls was elected president of the new association after Shad L. Hodgins, chairman of the Republican central committee, and H. J. Baker, a former resident of Springfield, served in a colorful setting of flags from among which the great war president's picture looked down upon the assemblage, the affair was an outstanding occasion of the kind.

Delegations of men and women from Murtaugh to Buhl and Castleford and Rogerson were in attendance.

Mr. Baker's address was an appreciation and eulogy of Lincoln, concluding with a plea that the "principles of freedom announced by that party which Lincoln was the first great leader shall be by us handed down to those who follow as pure and as clean as Lincoln gave it to those who followed him."

"We meet to reverently honor the memory of a master mind and of a superman," the speaker said in his introductory remarks. "Abraham Lincoln, the single greatest man since the dawn of time, was born to a simple, homely lay was born February 12, 1809, in the state of Kentucky. Never was one more lowly born. No prophet foretold his coming. No one said that a new king was about to be born. No one said that a child, destined to deliver the nation from itself and from the sin of its own making was about to be born. No one said that the man destined to startle the world with the declaration that 'with, in the right to put into his mouth the bread that he himself has earned, (the human race) is the equal of any other man, white or black.'
