

COMMISSION FORM WINNER IN ELECTION

City Adopts Black Law Provisions by a Margin of 63—Opposition is Unorganized for Contest

VOTE ON ADOPTION OF THE COMMISSION FORM

	Yes	No
No. 1	433	498
No. 2	617	401
Totals	1050	907
Majority for Commission Form	887	

Commission form of city government, under provisions of the Black law, was adopted for Twin Falls with a margin of 63 votes at a special election for submission of the question Tuesday. The total vote cast was 2,047 of which 1,050 was for adoption of the commission form and 997 against it. The commission form lost by margin of 63 in the first ward and won by margin of 120 in the second.

Approximately two-thirds of the registered voters are believed to have cast their ballots in this election. Registrars' records showed approximately 3,000 electors registered, but this figure included all the registrations for the city election last April, numbering about 3,000, and it is believed that the gain of some 600 new registrations would be largely offset by loss by removal and other causes in the older list.

**Voting Evenly Distributed**

Voting proceeded at an even pace throughout the day. At 2 o'clock in the afternoon, midway in the electoral day, approximately one-half of the total vote cast had been polled. Advocates and opponents of the commission form both piled automobiles for the convenience of voters throughout the day. The day opened with a scattering rain and chilly wind, although the skies cleared for a time in the late afternoon, weather was disagreeable until nightfall.

Advocates of the commission form polled the bulk of their vote in the forenoon and early afternoon; and were credited in the early afternoon with a two to one lead over the opponents. The election given to Twin Falls the commission form of government, which, under provisions of the law, cannot be changed for six years. Only one other Idaho town, Boise, is organized under the commission form. Twin Falls government heretofore has been organized under the general laws of the state.

An election for the selection of five commissioners to succeed the present mayor and four councilmen will be called, under provisions of the law, within the next 60 days.

It is considered improbable that the mayor or any of the councilmen will be candidates to succeed themselves under the new plan.

It is generally considered that advocates of the commission form, under the leadership of Homer C. Mills and E. F. Walton, will nominate candidates for commissioners to carry out pledges made by them in the event of the adoption of the commission form.

**Question of Acceptability**

Mr. Mills said today that possible nominees for position of councilmen under the new regime had not been named in the councils of the commission form advocates. "If the other side presents a ticket that is acceptable to us," he said, "it is probable that we may make no nominations."

POLICE DELIVER MESSAGE

**Mrs. Ray Higbee Learns of the Death of Her Father at Malad, Idaho**

Through police headquarters here, Mrs. Ray Higbee, 189 Fifth avenue east Wednesday learned of the death of her father, Mr. E. F. Walton, who was communicated by telephone through police headquarters here from Pocatello by Mrs. A. M. Barratt. An incorrect address was given and patrolmen visited a number of residences before locating the Higbee home.

ATTORNEY DEMANDS FEES

**T. K. Hackman Files Lien on Judgment in Board of Education Ouster**

Turner K. Hackman has filed lien for \$300 attorney's fees against the \$1500 judgment for E. F. Walton in ouster actions against three members of the Twin Falls board of education, in which he was associated, with H. C. Mills, as attorney, for Walton. Mr. Hackman declined today to comment on the situation which culminated in his filing of the lien.

DR. MCGINNIS DESIGNS TO MOVE TO CALIFORNIA

Quits Post as County Physician to Make Home on Coast in the Future

Dr. C. C. McGinnis has submitted to the board of county commissioners his resignation as county physician to take effect within the next few days. He expects to leave soon to make his home in southern California. No action on his resignation has been taken by the commissioners, but an agreement has been reached under which Dr. Joseph Segal will be retained as acting county physician pending the appointment of a successor to Dr. McGinnis.

Dr. McGinnis has served as county physician for more than two years, resuming that position about a year ago when he returned from Zarbidge, Nev., where he was for a year "camp" physician for the district.

OTTO NEW HEAD OF FARM BUREAU

Filer Stockman Chosen President of County Farmers' Organization

L. S. Otto, Filer, was elected president of the Twin Falls county farm bureau at an annual meeting of members of the organization convened Saturday afternoon at the Parish hall here. Mr. Otto is a prominent breeder of purebred Jersey swine and served last year as member of the county farm bureau executive committee in charge of livestock work. He is president also of the Twin Falls County Vegetable Growers' association. As president of the farm bureau he succeeds Carl D. Irwin of Twin Falls.

Other officers of the county farm bureau elected Saturday are: Vice president, E. S. Wood, Kimberly; secretary and treasurer, L. L. Taylor, Buhl; executive committee members: P. C. McElveth, Buhl; James A. Walters, Twin Falls; H. W. Reideman, Twin Falls; T. S. Nicholson, Filer.

**Diversity and Co-operation**

Necessity for adoption of diversified farm methods and co-operation in agriculture were emphasized in talks before the meeting by C. R. Row, executive secretary of the state farm bureau federation, and J. H. Beardon, Boise, assistant state county agent leader.

Mr. Row referred to the part played by the farm bureau in freight rate hearings as an indication of what co-operation and co-operation in agriculture could do. He mentioned among plans for diversified farming and quoting the slogan of the Idaho federation, "the cow, the pig and the hen."

Referring to a "barrier" as between town and country mentioned by other speakers, Mr. Beardon said that this could be overcome by both sides getting together through the farm bureau. He suggested that farmers, as well as diversifying their crops, should rotate and intensify production. Agriculture just now needs the application of brains and hard work, Mr. Beardon said.

"Farming is just as good now as it ever was," he said, adding that "no other industry could have been operated the past few years and still come out on top."

FARMER'S FRIENDS IN TOWN

A. I. O'Reilly, county club leader, also referred to relations between town and country, and declared that the "farm bureau has a great many firm friends among the business men of Twin Falls."

R. J. Day, Murtagh, suggested that the "barrier" was largely imaginary; that town and country each was too much inclined to "fight shy" of one another. He urged farmers to affiliate with consumer organizations, and pointed to the situation in Buhl where, he said, "no many farmers as business men attend chamber of commerce meetings."

Reports of R. E. Broadacres, county agent, and A. I. O'Reilly, county club leader, were not submitted to the meeting because of the lateness of the hour at which it convened.

L. S. Otto, new president of the organization, presided in the absence of Carl D. Irwin.

COMBINES SCHOOL OFFICES

Burley Consolidates Positions of Superintendent and Principal

BURLEY, Idaho.—H. M. Broadbent will serve as superintendent of Burley schools and principal of the high school in connection with the consolidation of the board of education to consolidate the two offices. Mr. Broadbent has served heretofore as superintendent of Burley schools. The board decided to consolidate the positions of superintendent, principal, home economics, music and art and penmanship for the coming year.

BLUE LAKES RANCH SOLD TO LOCAL CORPORATION

Consummation of Negotiations Pending for Some Time Will Mean Beginning of Work Immediately on Surveys for New Grade and Improvement of Canyon Road

COUNTRY CLUB IS ULTIMATE POINT AIMED AT BY BACKERS OF MOVEMENT

Sale of the Blue Lakes ranch, one of the historic ranches of southern Idaho and for years the home of L. B. Perrine, whose claim to being "the father of the Twin Falls country" is well established, has been consummated with the signing of contracts for the transfer of the property to a corporation to be formed by a group of Twin Falls men for the purposes of reconstructing the grades built at Milner, his early vision was vindicated and his judgment endorsed by the engineering corps put into the field to decide upon a plan of operation.

All of the holdings of the Perrine interests in the Blue Lake property, including 1300 acres of land, grades on the north and south sides of the canyon, water rights and power filings, are included in this transfer.

The amount of the consideration was withheld by the purchasers.

Attention of the new owners is to be directed immediately toward reconstruction of the grades, and for this purpose a crew of engineers under supervision of S. A. Shohar, engineer for the Twin Falls highway district, has been at work since Monday making a survey and preparing estimates of cost of the proposed improvement.

Will Start Work Soon

Within the next 60 days, it is expected, actual work of re-building the grades will be started.

Negotiations for the transfer of the property have been conducted since a period of several weeks by a committee composed of C. E. Booth, John W. Graham, J. S. Russell, R. J. Ostrander, L. B. Brockbridge, and Leonard E. Smith.

Expense of the survey of the grades now in progress is being paid for out of a fund to which 20 Twin Falls citizens subscribed.

Investigations of the engineers in charge of the work indicate that the grade on the south side of the canyon can be reduced from a maximum of 23 per cent to a maximum of 7 or 8 per cent, and that the grade on the north side can be reduced materially. It is planned to construct a safe and easy grade on either side of the canyon that can be negotiated without difficulty by motorists.

**May Transfer Later**

Under plans of the new owners the grades and bridge will remain for the use of the local citizens until the completion of the new grade. The grading of tolls will be continued until the completion of the project permit of the sale or transfer of portions of the property, these provisions being inserted in the contract to prevent the turning of the roadways and bridge over to public control.

Re-building of the grades is expected to result in material increase in the number of cars over the Blue Lake grade, and bring the residents of Jerome and Wendell districts, having a population between 10,000 and 12,000 persons, into closer communication with the rest of the state by way of Blue Lake to Jerome is rather less than the distance to Buhl, and to Wendell about the same as to Castelford.

Will Add Many Features

Possibilities of development of the Blue Lakes ranch as a country club were said to be limited only by the amount of money that may be invested for this purpose. It is the plan of the new owners, say rapidly as possible, to establish golf links, and a road race track, and other features entering into the make-up of country club properties.

HISTORIC RANCH

The Blue Lakes ranch is one of the historic ranch properties of southern Idaho. It was a fruit ranch of national note before the work of development of this section of the state was begun and before the Twin Falls project was even thought of.

The property up to this time has always been owned by the L. B. Perrine interests. It was originally taken up by Mr. Perrine who on the order to get in to his property, so the story goes, was compelled to let his wagons down into the canyon with ropes. Later the north side grade outlet was built and a road race track, Shoshone, near the nearest town and nearest railroad point. In the course of the early years of the ranch the fruit grown on the property attracted wide attention. Exhibits won magnificent prizes at the World's Fair at St. Louis and at many minor exhibitions of national scope. L. B. Perrine at that time devoted his entire attention to the management of the property and through his enterprise and energy the fame of the ranch steadily grew.

Pioneer in Reclamation

L. B. Perrine is generally credited with having been the first man to consider the possibilities of the development of the great tract of sagebrush land on the south side of the river which is now the site of the Blue Lake project. In company with the late Robert M. McCollum, he began to devote the major share of his attention to the proposition of interesting capital in its reclamation. The work was actually commenced on the project Mr. Perrine had selected the site of the proposed dam and when this dam was actually

JURY FAILS TO AGREE IN \$10,000 DAMAGE ACTION

Case of C. L. Peterman Against E. S. Johnson is Continued for Term

After more than 12 hours deliberations a jury in district court here in the trial of C. L. Peterman against E. S. Johnson of the Johnson Auto company, involving Peterman's claim for \$10,000 damages on a charge of malicious prosecution, reported to Judge W. A. Babcock Tuesday that they were unable to agree, upon a verdict. The jury was discharged by the court and the case continued for the term. It was reported that the jury stood four for the plaintiff Peterman and eight for the defendant Johnson.

Trial of the case was begun Thursday of last week. T. K. Hackman appearing for the plaintiff Peterman, and S. L. Hodgkin and O. C. Bailey of Walters, Hodgkin and Bailey for the defendant Johnson.

CHANGE IN TIME AGAIN IS URGED

Chamber of Commerce Makes Request of Authorities Having Jurisdiction

Through Representative Addison T. Smith, the Twin Falls Chamber of Commerce urges congress, the interstate commerce commission, and all other authorities in our government having jurisdiction in the matter "to co-operate in necessary action to bring about a permanent change of standard time for southern Idaho from the Pacific time zone to the Mountain time zone."

The request sets forth that under Pacific time in the summer "labors must be continued on four in the heat of the afternoon" and that in winter mountain time would provide working hours "where the least labor must be done by artificial light."

"In an accompanying letter, E. H. Longworth, chairman of the civic bureau, says:

"It seems hard to explain or understand why this action has not been taken many months or even years ago. The matter is a vital and important matter to this community. The local change of time was started from this city by an action of the board of directors of this chamber of commerce and met with such favor, everywhere that it is now being adopted from Nevada territory. No city has received such a change of time since that time even during the winter months. The change is not a fact; it is a necessity.

Previously the railroads, mail, labor unions, school executives and civil bodies and councils have endorsed and requested the change.

"So far as we could make out the objections to the change in Washington amounted only to two things, 1. That the time zone map would need to be changed and that the matter of authorities to be broadened to time zone to determine. We have now a case of the expressed and tried wishes of the people of this community to present to you."

Penurious Conduct is Charge Against Spouse

Buhl Woman Says Husband, Worth \$125,000, Provides One Dress in Two Years

Alleging that her husband, although the owner of real property in Idaho and California worth \$125,000, has limited her purchases of wearing apparel since their marriage in April, 1920, to one dress worth \$5, three pairs of heavy shoes worth \$5.50 and 65 cents worth of underwear, Mrs. Mattie E. Smith Saturday filed in district court here a petition for divorce from John G. Smith. She says further that her husband objects to serving both parties and broadens the same means. Cruelty also is alleged by Mrs. Smith who complains on this account in the half of herself and her three daughters. She is represented by J. M. Sisk and Fred L. Stephan as counsel.

INCREASE CAPITALIZATION

Magel Automobile Company Boosts Its Stock Issue from \$15,000 to \$50,000

Stockholders of the Magel Automobile Co., at an annual meeting Tuesday, voted to increase the capital stock of the concern from \$15,000 to \$50,000, and to elect the firm name from Magel Brothers to the Magel Automobile company. Amended articles of incorporation setting forth these changes were today filed in the office of the county recorder by C. A. Bailey, of Walters, Hodgkin and Bailey, attorneys for the firm.

TWIN FALLS AND FILER SPEAKERS CAPTURE HONORS

South Central District High Schools to be Represented at State Contest by Sub-District Meet Winners

JEROME, Idaho, (Special to The News).—John Amstary, Twin Falls, in the humorous class; Claribel Walter, Filer, in the dramatic class, and Leola Williamson, Filer, in the oratorical class, were adjudged the winners of the south central Idaho high schools district declamatory contest at Jerome Friday evening.

They are the winners of the sub-district contest held at Buhl, March 17, and as the winners of the contest here, they will represent the district in the state high schools declamatory contest at Idaho Falls, April 16.

Seven high schools were represented by nine entrants in the district contest by winners of sub-district contests held simultaneously at Buhl, Paul and Jerome. Three contestants were entered in each of the oratorical, dramatic and humorous classes. The high schools represented were those of Paul Filer, Hayburn, Burley, Gooding, Jerome, Filer and Twin Falls.

DENMAN TO HEAD FACULTY

Filer Rural High School Directors Re-Elect Teachers with Two Exceptions

FILER, Idaho.—With two exceptions all members of the faculty this year of the Filer rural high school have been re-elected by the directors to serve next year. George E. Denman, as principal, has been chosen again to head the faculty. Others re-elected are Earl Woodridge, agriculture; Miss Gertrude W. Heston, English and penmanship; Miss Jessie Thorburn, home economics; Miss Maunie Montgomery, art.

Provisions of the new school law limiting high schools to grade to grades of universities or state normal schools, prevented re-election of two members of this year's faculty.

DERN WINS FROM LEWIS

Salt Lake Wrestler Overcomes Local Man Who Fights Plucky Fight

Ira Derr, Salt Lake, won a wrestling match against Cliff Lewis, Twin Falls, Saturday evening at a special event at the Filer high school. Derr took the first fall in 55 minutes and the second in 15 minutes. Lewis commanded the admiration of spectators by his plucky fight against superior strength and skill.

REGISTRATION REQUIRED FOR CITY MANAGER VOTE

New Listings Must Be Made of Twin Falls Citizens Desiring to Cast Ballots

Twin Falls citizens who desire to vote on adoption of the city manager plan of government at a special election April 18, must register for that election regardless of whether or not they have registered for prior city elections, according to the constitution and provisions of the state law by the city council at a special session Saturday at which it adopted resolutions providing for the holding of the election.

Registration books for the city manager election were opened today at the office of the city clerk in the municipal building at the corner of Second and Main streets. The books will remain open until April 15 between the hours of 9 a. m. and 5 p. m.

Polling places designated by the resolution are to be established for the first ward in the municipal building and for the second ward in the Johnson Auto Sales company building, Shoshone street east.

MOORE'S FATHER IS DEAD

County Commissioner Appraised of Death of Parent at Michigan Home

T. E. Moore of Filer, member of the board of Twin Falls county commissioners, was apprised of the death of his father, Daniel Moore, at the age of 89 years. A son and daughter were with the father. Mr. Moore's demise when he fell in the municipal building had visited here a few years ago at the home of his son and made a number of acquaintances here. T. E. Moore last fall visited his father for a week. He will not attend funeral services, which are to be held at Hildale Tuesday afternoon.

TWIN FALLS MAN DIES OF ACCIDENT INJURIES

R. T. Dowdell Succumbs to Wounds Received When Struck by Streetcar

OGDEN, Utah, (AP)—Robert T. Dowdell, 62 years of age, died in the hospital Tuesday from the effects of injuries received when struck by a street car here on Tuesday evening. He was a former resident of Twin Falls, Idaho, where a daughter, Frilla, and a son, Cooley, reside.

Mr. Dowdell resided for several years in an acreage tract east of Twin Falls. He was heard to be seen from Nevada, his son, Cooley, a patient in the county general hospital here, where he is under treatment for a spinal affection.

SHORT LINE CUTS CLASS RATES TO LOCAL POINTS

Six and One-Half Cents Reduction is Made Effective on Branch Line

Reduction in "class" freight rates between Twin Falls and Filer, Buhl, Kimberly and Hansen and other nearby points, amounting to 6 1/2 cents on the dollar, was made effective by the Oregon Short Line supplemental freight tariff received here by the Southern Idaho Traffic association.

The old rate was 31 1/2 cents and the new 25 cents on a hundred pounds shipment.

The same rate applies to all nearby points on the Minidoka-Buhl branch.

JACKSON LAKE CONDITIONS

BURLEY, Idaho.—Report from Muran, Wyo., at the outlet of Jackson lake reservoir, shows the following condition:

	Acres Ft.	Feet
Same date a year ago	30,340	10.40
Week ending March 11, 1922	4,300	4.720
Same week a year ago	4,720	
Pre-precipitation at Muran		Inches.
Week ending March 11, 1922	0.61	
Same week a year ago	0.61	
Sept. 1 1921 to March 11, 1922	12.75	
Same period a year ago	12.75	

## BUILDERS SEEK BID TO REVIEW WATER SYSTEM

Engineers who Constructed the Twin Falls and Distribution System Would Study Work for Improvement

Barnes and McDonnell, engineers of Kansas City, builders six years ago of Twin Falls municipal waterworks system, are desirous of inspecting the system, through their representative, Captain C. M. Smith, and of suggesting possible improvements. Advice to this effect was laid before the city council at its meeting Monday evening, and the city clerk was instructed to convey to the engineers the thought of the council that Captain Smith would be welcome here, but that it was hardly probable that any further improvement in the system would be considered at this time.

Captain Smith is to come to Idaho in connection with contemplated improvements in the waterworks system at Idaho Falls. In their letter, which was addressed to the mayor, the Kansas City engineers say that "bond market conditions are exceptionally good; price of materials are low and business conditions are undoubtedly improving."

**Endorse Time Change.**  
Endorsement by Twin Falls city administration of the proposal for including southern Idaho in the Mountain standard time zone will be conveyed to congress and other governmental authorities through a telegram to be followed by letters addressed to Representative Addison T. Smith, the council decided. Information on this subject will be given by the council by the Twin Falls Chamber of Commerce was to the effect that a bill to provide for the proposed time change would be presented for the consideration of a congressional committee late this week.

**Brings Money Back.**  
By adoption of a resolution the council authorized the city treasurer to transfer about \$8000 of municipal funds from deposits at Postoffice bank to Twin Falls banks. Text of the resolution explained that the money was deposited at Postoffice bank because of the temporary disability of local institutions to accept further municipal funds and post collateral therefore in the office of the county auditor and the office of a new state law. This disability has now been removed.

**Solves Commissioner's Problem.**  
The council solved for J. J. Pilgrim, streets and waterworks commissioner, his problem as to whether the city or adjacent property owner was responsible for defining limits of streets. The problem was precipitated by complaint filed by a property owner against David Aschenbrenner, lessee of certain property in Beuna Vista addition, who, it was reported, had dumped certain material on adjoining streets as well as on his own property so that two thoroughfares were shut off. The council authorized the commissioner to secure the services of the city engineer in defining and locating and marking the limits of the streets.

**Collect Data for Budget.**  
Estimates of the fire, street and meat and dairy inspection departments of the municipal government for the coming fiscal year had been submitted for the consideration of the budget committee, the city clerk reported.

Contract for the purchase of a carload of sulfate of aluminum for use in purification of Twin Falls water supply was awarded by the council to an East St. Louis firm for \$125 freight and delivery.

The council ordered warrants drawn in payment of claims against the general obligations fund in the sum of \$144.68, and against the waterworks funds in the sum of \$26.25.

## FISHERMEN LURE TROUT

Two big catches of rainbow trout have been reported from Thousand Springs within the past two days. Saturday C. D. Thomas and R. J. Stevenson caught 23 of the brown, Thomas capturing the prize in a beautiful rainbow measuring 18 1/2 inches. He also had another within an inch of that length. Yesterday Thomas and Stevenson had the prize of the season, a rainbow measuring 19 1/2 inches. Gray hackle fly and the captain are best lure report anglers. However, Mr. Stevenson won his fame with an Indian spinner, nickel and copper.

## VETERAN REPORTED DEAD TAKES TEACHER AS BRIDE

HOLLISTER, Idaho.—Miss Minnie M. Pereboom, daughter of Mrs. Minnie Pereboom of Hollister, and a teacher in the schools here for several years, Sunday evening became the bride of Frank W. Harris of Jerome, a former resident of the Salmon River project, who was severely wounded in the military service in the world war and was once reported killed in action. The ceremony was performed by Judge R. C. McPherson, at his residence here.

## ASSESS SALMON SHARES

Canal Company Levies Maintenance Charge of 70 Cents for Year 1922

Maintenance charges for the season of 1922 of 70 cents against each share of stock in the Salmon River Canal company have been levied by the company's board of directors, whose action in this regard is set forth in a statement filed Wednesday in the office of county recorder by G. M. Hall, president of the corporation.

It is indicated that the revenue accruing to the company's treasury from this assessment will approximate \$31,000.

## NURSES SCHOOL PLANS HELD UP

County Must Wait for Inspection and Change in State Board's Rules

A training school for nurses cannot be established at the Twin Falls county general hospital under existing rules and regulations of the state department of law enforcement, and those rules cannot be altered until alterations are approved by the board for the registration of nurses which will not meet in regular session until June 18, according to advice received from R. O. Jones, secretary of state, by W. W. Parish, chairman of the board of county commissioners.

Mr. Jones' communication, which is in reply to inquiries made by Mr. Parish and by George Maxwell, superintendent of the county hospital, is accompanied by an opinion on the question given by Roy L. Black, attorney general.

Mr. Black advises that rules of the law enforcement department provided for establishment of nurses' training schools only in hospitals which are incorporated under state laws. The county hospital would be disqualified because it is not admissible to incorporate.

The secretary of state, in reference to the question says "the department of law enforcement has no authority to make any changes but they must be passed upon by the board for the registration of nurses. This board meets in regular session June 18." He advises that the suggestion for a special session of the board to approve the proposed changes is impractical under the budget provisions.

"Before your institution can be placed on the accredited list," Mr. Jones says, "it is necessary for it to have been inspected by the hospital inspector. The regular yearly inspection will take place early in June. The Twin Falls county hospital is on the list of hospitals for inspection to be visited in June."

## MANAGER PLAN HOLDS COURSE

Commission Form Leaders Ready to Halt Election by Injunction

No attempt will be made to halt the special election for submission of the question of adopting the city manager plan of government, set by action of the council upon a petition to be held April 18, according to the statement Wednesday of Taylor Cummings, chairman of the city manager plan committee.

**Welcome Test of Issue.**  
When informed of the statement of Homer C. Mills and E. F. Walton, leaders of the commission form advocates, that they had been authorized to institute injunction proceedings against the holding of the city manager election, Mr. Cummings said he shall be very happy if they do undertake to enjoin the election, and let the record decide the question.

Commission form advocates take the position that the election Tuesday imposes upon Twin Falls the commission form of government for a period of six months, regardless of any movement looking toward change in another direction in the form of city government instituted prior to the election on the commission form.

**Mayor Gives Position.**  
Mayor McRoberts Wednesday expressed his readiness to call at once an election for the selection of council members under the commission form. Provisions of the Black law, in their application to the situation now existing here, require that such election shall be called within 10 days after the adoption of the commission form, and must be held within 60 days thereafter.

**Defining 'Cold Waves.'**  
The fall of temperature in 24 hours constituting a "cold wave" is variously defined by the weather bureau, according to the part of the country affected and the season of the year.

## GOLD PROGRESS UPON PROPOSED RESERVOIR PLAN

North Side Farmers Listen to Outline of American Falls Scheme — Governor Davis Speaks at Hazelton

POCAATOLLO, Idaho (Special to The News).—Satisfactory progress is being made in the campaign to finance the American Falls project and secure the Idaho Reclamation association, through its head, Guy Flenner, who is managing the campaign. The first move on the north side Twin Falls plan was made Saturday with a big meeting at Hazelton attended by more than 500 farmers and addressed by Governor Davis, Frank Banks, engineer, and Mr. Flenner.

The farmers there are a unit for the American Falls project, but the Hillsdale section, with Hazelton and Eden as the towns, otherwise scattered on the first segregation, had organized a separate irrigation district and voted bonds to pay for storage water in the American Falls reservoir. These bonds have not been disposed of yet and the question has arisen whether to go on with the district or disband and come into the big district. In either event, the Hillsdale position on the north side Twin Falls project for storage in the American Falls district to the extent of at least 35,000 acre feet.

**Meetings in Upper Valley.**  
Thursday and Friday meetings, well attended by farmers, were held at Idaho Falls and Blackfoot. Governor Davis was present at both these meetings, emphasizing the importance of the project, stating the people could not afford to let this great opportunity slip from their grasp.

The governor received the strenuous demands elsewhere, including the Colorado river project, to get the government money to direct its reclamation efforts. At these places the people are urged to support the project, and come in. We should not, he added, make it easy for the government to get out of Idaho, which now has a lead in the Idaho water project. The companies that had been figured in the district decided to remain in and vote on the formation of the district.

The board received also Mrs. Rose Murray North's acceptance of her appointment as principal of the junior high school, to which position she will return for a second year.

**Attacks Commercial Course.**  
Mr. B. Hoover, proprietor of the Gregg business school, here appeared before the board as a taxpayer urging elimination of the commercial training course from the high school curriculum. He said that more thorough training was made available to students by the business school. Mr. Hoover was for three years head of the high school commercial department. A committee composed of J. S. Peters and G. M. Clain was appointed to investigate his proposition.

The board decided to fix the compensation of Frank C. Lynch as bookkeeper and clerk at \$30 a month. His compensation during the past year has been on a basis of \$1 an hour for the time given to the work.

## STAND FIRM ON SALE CONTRACT

Purchasers of Blue Lake Ranch Maintain They Entered Into Deal in Good Faith

That the entire transaction was entered into in good faith and that the purchasers of the Blue Lake ranch property consummated after weeks of consultation during which a very thorough understanding of the whole matter was reached by all concerned is the general statement of members of the committee of six who in 1917 purchased the property of the project announced the purchase of the project.

Notification received by these from Mrs. Horstene Perrine in effect that the "attempted sale" had been called off as said to have come more or less as a surprise. The Perrine purchase, signed by Mrs. Perrine, Robert McManis, of Shoshone, marriage, William Graham and wife, of Portage, and the six members of the committee, L. J. Breckenridge, John W. Graham, E. L. Ostrander, Leonard Smith, C. E. Booth and J. C. Russell, was placed on record in Jerome county yesterday morning and possession of the property taken on Saturday night with Mrs. Perrine's consent.

No definite statement is offered as to what, if any, action will be taken in support of the purchase but it is understood that the committee will stand upon the contract and let matters take their course.

**North Side Necessities.**  
R. E. Shepherd, of Jerome, head of

the North Side Twin Falls Canal company, also attended both meetings and was well received. Mr. Shepherd said those conducting the campaign were not trying to unduly influence any farmer to come into the district but felt it was their duty to give all who had contracted the first opportunity. Any company having at all times plenty of water should not come in, but any needing water should come in as a means of continuing protection.

Mr. Shepherd stated that the Twin Falls north side tract would be included in the petition and, in his judgment, would vote for the creation of the big district, contracting for 270,000 to 300,000 acre feet of storage.

**Shortage in 1919.**  
Official figures were presented by Clyde Baldwin showing that the 22 American Falls during the 1919 season had only 58 per cent as much water as the average for 1920 and 1921. In some cases it was worse, as, for instance, the Hillsdale irrigation company, which had only 48 per cent in 1919.

It was pointed out at these meetings that in every instance where there was a shortage of water, the farmers who had contracted the first opportunity, protection became more salable, at an increased price, than lands not so protected.

One farmer stated that it was plain to him that his land, if given American Falls storage, would be worth \$50 an acre more than it ever had been before, because of the water in showing that the Arrowrock storage, in 1919 returned enough additional revenue, above what it would have been without the storage, to pay for the water in the Arrowrock storage an acre more than the project cost.

## BOARD DECIDES AGAINST UNION

Karnes Re-Elected Principal with Mitchell as the Superintendent

The board of education of the Twin Falls independent school district, with all members present at a meeting Monday evening, decided against suggested consolidation of the offices of superintendent of schools and principal of the high school, and confirmed Superintendent M. C. Mitchell's appointment of A. E. Karnes to serve a second year as principal of the high school here.

Mr. Mitchell had been re-elected previously as superintendent.

The board received also Mrs. Rose Murray North's acceptance of her appointment as principal of the junior high school, to which position she will return for a second year.

**Attacks Commercial Course.**  
Mr. B. Hoover, proprietor of the Gregg business school, here appeared before the board as a taxpayer urging elimination of the commercial training course from the high school curriculum. He said that more thorough training was made available to students by the business school. Mr. Hoover was for three years head of the high school commercial department. A committee composed of J. S. Peters and G. M. Clain was appointed to investigate his proposition.

The board decided to fix the compensation of Frank C. Lynch as bookkeeper and clerk at \$30 a month. His compensation during the past year has been on a basis of \$1 an hour for the time given to the work.

## STAND FIRM ON SALE CONTRACT

Purchasers of Blue Lake Ranch Maintain They Entered Into Deal in Good Faith

That the entire transaction was entered into in good faith and that the purchasers of the Blue Lake ranch property consummated after weeks of consultation during which a very thorough understanding of the whole matter was reached by all concerned is the general statement of members of the committee of six who in 1917 purchased the property of the project announced the purchase of the project.

Notification received by these from Mrs. Horstene Perrine in effect that the "attempted sale" had been called off as said to have come more or less as a surprise. The Perrine purchase, signed by Mrs. Perrine, Robert McManis, of Shoshone, marriage, William Graham and wife, of Portage, and the six members of the committee, L. J. Breckenridge, John W. Graham, E. L. Ostrander, Leonard Smith, C. E. Booth and J. C. Russell, was placed on record in Jerome county yesterday morning and possession of the property taken on Saturday night with Mrs. Perrine's consent.

No definite statement is offered as to what, if any, action will be taken in support of the purchase but it is understood that the committee will stand upon the contract and let matters take their course.

## PETITION ASKS ROAD DISTRICT FOR ROCK CREEK

Advocates of Local Administration of Highways Alter Plans and Ask Sanction for Forming Highway Organization

Advocates of local administration of road construction and maintenance in the Rock Creek district, who some time ago indicated their purpose to urge the formation of a good roads district, have altered their plans somewhat and late Thursday afternoon they filed in the office of the county recorder here a petition addressed to the board of county commissioners asking official sanction for the organization of the Rock Creek independent highway district.

The proposed district would include approximately 100,000 acres of land comprehended in Pleasant Valley, Rock Creek, and Excelsior school districts and in school district No. 52. This territory now is included within the boundaries of the Twin Falls highway district.

Filing of the petition is the first step toward formation of the proposed district. If the petition is found to be sufficient to decide the law, the county clerk will provide for holding an election at which electors of the proposed district will vote for or against organization of the proposed district.

## ROCK CREEK WILL VOTE ON HIGHWAY DISTRICT

County Authorities Set Date for the Election of Road Organization

Saturday, April 15, has been set as the date for an election at Rock Creek at which residents of the proposed district will vote on the question of organizing the Rock Creek independent highway district. The proposed district included approximately 100,000 acres of land now within the boundaries of the Twin Falls highway district. The proposed district includes Rock Creek, Pleasant Valley and Excelsior school district and school district No. 52.

## DEMANDS EQUAL FREIGHT RATES

Southern Idaho Traffic Association to Take Part in the Boise Hearing

On the grounds that there should be no difference in the scale of railroad freight rates for any Idaho town, the Southern Idaho Traffic association will intervene in a hearing before the state public utilities commission at Boise next Monday on the Oregon Short Line's proposal to make effective April 10 cut in freight scales for Boise and Pocatello.

The hearing has been demanded by Boise interests who charge the Oregon Short Line with favoritism in its announced purpose to revise rates for Idaho towns, it was stated at an office of the traffic association here today.

Rates existing since 1913, figures at the association's office showed, have imposed a heavy handicap upon development of Twin Falls as a distributing center.

These figures show that within a radius of 50 miles Boise shippers pay 10 cents a hundred pounds of freight 4-1/2 cents, Pocatello and Salt Lake 4-1/2 cents, and Twin Falls 62-1/2 cents. Within a radius of 100 miles Boise shippers pay 49 cents and Pocatello and Salt Lake 67-1/2 cents and Twin Falls 94 cents.

## Old Indian Fighter is Dead in Wallace

WALLACE, Idaho, (AP)—George Turner, 70 years old, a western pioneer and Indian fighter, is dead here. He was wounded at the battle of Wounded Knee and was in Colonel Perry's command at the time of the battle of the Little Big Horn. Turner is said to have been the Union Pacific railroad to enter the Cheyenne, Wyo.

He was born at Delph, Neb., and resided in the Coeur d'Alene since 1888.

## Sues Ford for Eleven Million for Magneto

MIAMI, Fla., (AP)—Damages in the sum of \$11,000,000 are sought from Henry Ford by Edward Huff, Miami electrical engineer, in a suit initiated here today. Huff claims that he originated the magneto used by Ford and that Ford has not paid him in full for the invention.

## WANTS PAVING WITHOUT COST

Suit Filed Against Warren Construction Company Asks Cash Settlement

Paving and curbing constructed here in 1920 is so bad that the Warren Construction company, which constructed it, ought to turn the whole business over to the city without receiving a red cent in compensation and besides should pay into the city treasury damages amounting to \$100,000, according to E. F. Walton, plaintiff in a suit filed in the district court here today to settle the matter of the Twin Falls highway district.

The action is brought to compel the construction company to refund to the city and its citizens \$76,528.67 already paid on account for the paving and curbing together with \$100,000 damages to the city for the cost of special assessments to be levied for paying the balance on the paving contract amounting to \$534,729.63.

**No Value Whatever.**  
The pavement, according to the complaint, is "wavy, bumpy, and is cracking, slabbing and otherwise deteriorating so that it has no value, while curbing is crumbling, breaking up and otherwise deteriorating until it has no value."

Walton, at the same time, filed suit against the Ostrander Lumber company to compel it to return to the city treasury \$2,253.93 representing the amount alleged to have been paid to it by the city during the time E. F. Ostrander, a stockholder, was a member of the city council.

Both suits were filed for Walton by H. C. Mills.

## JUNIOR HIGH SCHOOL

The historical essay contest which has been conducted in the junior high school during the past few weeks under the direction of the Danish and American Revolution was brought to a close with very satisfactory results. One hundred and thirty-two pupils took part in the contest. Elizabeth Miller, eighth grade girl, residing on the top of "Our American Flag," won the first prize. A seventh grade girl's essay on "The Pilgrims" took second place. Ruth Caldwell won this prize. The girls who appeared at the D. A. B. convention Wednesday afternoon and read their essays to the ladies assembled there. At this time they were presented their awards of a five dollar gold piece and a two and a half dollar piece, respectively. The following were made by the judges of the work done by the following pupils: (1) Elaine Mann, whose topic was "Lewis and Clark Expedition;" (2) Betty "The Atlantic Cable;" (3) Marcella Wynn, "Slavery in North America;" (4) Cora Jensen, "Custer's Last Stand;" (5) Barbara Provost, "Great Grandmother's Supper;" (6) Mary and (7) Ralph Smith, "Great Invention of the United States." The judges were Marie Nelson, Crystal West and Thora Olsen three junior high school teachers.

The girls of the junior high school were given the opportunity of hearing Miss Esther Dayman, the Girl Reserve field secretary for the northwest, Wednesday at a special assembly held during the seventh period. The girls were interested in the stories that Miss Dayman told them of the Girl Reserve work as carried on elsewhere and of the good and bad in thousands of girls throughout the country. Miss Dayman expressed great satisfaction with the Girl Reserve work as organized and carried out in the junior high school here.

The girls' dramatic club was in charge of the general assembly held during the fifth period on Thursday last week in the junior high. "The Outsider," a playlet of college life, was given by the girls. Marjorie Woods as the captain of the baseball team of Marlow college, did a very fine piece of work. Katherine Trosdale, as a freshman; Evelyn Sheehan, as a sophomore; Betty Wilson, as a junior; Wednesday at a special assembly held during the seventh period. The girls were interested in the stories that Miss Dayman told them of the Girl Reserve work as carried on elsewhere and of the good and bad in thousands of girls throughout the country. Miss Dayman expressed great satisfaction with the Girl Reserve work as organized and carried out in the junior high school here.

## School Principal Is Charged with Murder

OGDEN, Utah, (AP)—Marlow J. Christensen, county school principal, today was charged with murder in the first degree in connection with the death of Lloyd Bybee, 18 years old, a high school senior, the effects of a pistol wound in the abdomen one week ago. William H. Bybee, father of the slain boy, signed the complaint. The shooting followed an unpleasantness arising from the principal's efforts to enforce school discipline.

## NEVADA COPPER CAMP TOWN WILL BE PUT ON SALE

Twin Falls Men, Confident of Construction of Idaho Central Railroad Form Company to Put Townsite on Market

Confident of the early construction of the Idaho Central railroad to afford a railway outlet to the south for Twin Falls an I. Contact, J. H. Detweiler, M. G. Ripley, J. N. Clear and H. S. Beale, heretofore composing the Twin Falls Realty company, have formed the Contact Townsite company with headquarters here, to act as fiscal agent for sale of townsite property at Contact heretofore controlled by the Gray Mining company together with the adjoining townsite property known as the "railroad" townsite.

The townsite property covers approximately 100 acres. It is situated about 70 miles south of Twin Falls. That portion of it heretofore held by the Gray interests was taken over some time ago from Henry Smith of Tacoma and associates who gained possession of it some 15 years ago.

Possibilities Are Immense. The present population of Contact is estimated at about 100 persons. Resources of the copper mining district for which it is the center, together with the building of the railroad, it is said, will make possible the building of a city of 40,000 within the next few years.

The new townsite company is arranging to open offices at Contact, and will immediately launch a vigorous campaign for the sale of lots which have been listed at from \$400 to \$500 for business property and down to \$200 for residence lots.

In connection with its interests in the townsite the company has obtained control of a rock quarry in the vicinity of Contact, which, it is said, is capable of producing an almost unlimited quantity of "lufa" rock. This rock, when quarried, is so soft that it can be worked with a hand saw. It stands under exposure and becomes a durable building material. Several buildings in the vicinity of Contact constructed of this rock have stood for years without indication of deterioration.

Give Basis for Confidence. As a basis for their confidence that construction of the Idaho Central railroad will be started in the near future, officials of the new townsite company today made public a letter from George L. Davis, president of the railroad company, to J. A. Crom, of Twin Falls, in which Mr. Davis says that he "can only reiterate what J. L. Stewart and myself made public through the public press in Twin Falls, that as soon as weather conditions permit, we will have engineers in the field making the final survey for the Idaho Central railroad."

Accompanying this letter Mr. Davis sent a copy of the San Francisco Bulletin containing an article in relation to the plans of the Idaho Central company. "The meaning of the Western Pacific and the Southern Pacific being in favor of the line is that favorable traffic agreements will be made with them, which is much better than otherwise," Mr. Davis says.

Mr. Davis' letter is written in reply to a letter from Mr. Crom advising that many and various rumors were afloat and that he wanted the facts first hand.

## PETITION DECLARES FOR COUNTY FAIR RETENTION

West End Citizens Ask Commissioners to Make Appropriation for Institution

The first of what is said to be a number of petitions urging retention of the Twin Falls county fair was presented to the board of county commissioners. It was signed by C. B. Swallow and 90 other citizens and taxpayers of the west end of the county. It requests the commissioners to make appropriation for the continuation of the Twin Falls county fair—being the greatest encouragement for the raising of purebred stock and better crops and would tend to the Twin Falls county is maintaining the reputation it has heretofore held.

## Urges That Churches Install Dance Halls

CHICAGO, (AP)—Following recent approvals of courting at church gatherings as one means of attracting a large attendance of young people, the "o. k." was placed on dancing in church buildings in an address before the Religious Education convention here today.

"It is the only way the dance hall evils can be corrected," declared Dr. Harry P. Hubble, pastor of a Presbyterian church in Buffalo, N. Y. "All churches should install dance halls," he added.

## ILLINOIS GOVERNOR SOON TO FACE TRIAL

GOVERNOR LINN SMALL, of Illinois

GOVERNOR LINN SMALL, of Illinois will go to trial April 3, in Cook County for alleged embezzlement of state funds. With his chief counsel, C. C. Lofgren, the Illinois chief executive here is shown in the courtroom at Waukegan, where he recently was granted a delay in his trial. Lieutenant Governor Stepling and Vernon Curtis, a banker, stand co-charged with the governor. They will be tried separately. Below is Treasurer Edward F. Miller, who will be one of the chief witnesses for the state in the trial of Small.

Treasurer Edward F. Miller

## Court Holds Night Sessions to Be Ready for Small Trial

WAUKEGAN, Ill., (AP)—Night sessions have been inaugurated by Judge Claire O. Edwards in an effort to clear his court docket for the trial of Governor Small next Monday.

The first night session was held last night and was occupied with obtaining a trial jury for Ignatz Potz charged with murdering William Peterson, a motorcycle police officer of Winthrop.

## Operating Principles of the Commission Form Are Told

In consequence of the adoption Tuesday of the commission form of government for Twin Falls, it is incumbent upon the present city administration within 10 days to call an election to be held within 60 days for the selection of a board of five commissioners, "one of whom shall be known, designated and elected as the mayor," to take up the administration of Twin Falls municipal affairs.

Nomination of candidates is to be made by the filing with the city clerk of petitions of nomination, each accompanied by 25 individuals' certificates. The clerk is required to furnish printed blanks for this purpose.

Petitions for nomination may be presented to the city clerk not earlier than 45 days nor later than 30 days before the "first election." The clerk must certify the list of nominees not later than 20 days before the election.

Nominees would be permitted to withdraw within 30 days of the election, and names of nominees who failed to file acceptances of their nominations within 25 days of the date of the election would not be included on the ballot.

### Majorities Required

The candidate for mayor who receives a majority of the votes cast for all candidates for mayor at the first election will be declared elected. In the case of the other candidates for councilmen, "those individual candidates, if any, equal in number to the number to be elected who receive the number of votes greater than one-half of the number of ballots cast" will be declared elected.

If a sufficient number of candidates to fill the offices do not poll the requisite vote in the first election then the first election shall be considered to have been a primary election for the nomination of candidates and a second election shall be held to fill such office or offices.

This second election would be held on the third Tuesday following the first election.

The law provides a penalty of maximum fine of \$500 or maximum jail sentence of 90 days to apply in the case of conviction of any person using money except for printing, hall rent, stationery and postage, in seeking election to office.

### Crime to Haul Voters

It provides also that "it shall be unlawful for any person to use any carriage, automobile or other vehicle of any kind or description for the transportation of voters to or from places of registration, or to or from polling places on the day of any municipal election held in cities organized under this chapter." Exception, however, is made in the case of transportation of members of the carrier's own family or of "clipped, aged, infirm or sick" voters.

Provisions of the recall of officials under the commission form would be operative upon presentation of a petition signed by 35 per cent of the voters in the last city election, when a recall election would be called to be held within not less than 40 nor more than 50 days thereafter. In the case of recall petition signed by 20 per cent of the voters the recall election would go over until the next municipal election provided such election were to be held within 90 days.

### Initiative and Referendum

Petition signed by 10 per cent of the voters would be sufficient to initiate an election for submission of initiated legislation.

Referendum provisions would be either compulsory when demanded by 25 per cent of the voters or might be invoked by voluntary action of the council.

This plan," says Chancellor Commander R. H. Stevenson. "It affords protection in review and an orderly arrangement so that any knight may know what to expect in any lodge of the order. We are growing in Twin Falls; growing steadily in number and in attendance."

"Plans are under way for the formation and organization of a uniform rank company, the first in all Idaho. Old Pythians who have lived in the eastern states know the beauties of this work and the enthusiasm of its brilliant drill-work. We hope before very long to be able to announce the charter has been issued for Company No. 1, Uniform Rank, Knights of Pythias for Idaho."

### TAR AND FEATHER YOUTH

### WHO MISTREATS MOTHER

GUTHRIE, Okla., (AP)—Masked men in two automobiles last night seized Davie Province, 24-year-old service man, took him into the country and applied a coat of tar and feathers. He was then brought back here and released in the heart of the business district after he had been unmasked. "Treat your widowed mother better,"

## IDAHO CENTRAL FRISCO OFFICES CROWDING WORK

Statement Made That Crews Will Soon Be in Field and the Work Rushed During Present Season

SAN FRANCISCO, Cal., (Special to The News)—Active work is begun in arranging details for the building this year of the link of railway to connect San Francisco with Twin Falls and southern Idaho. Offices have been opened, engineers are at work preparing for their field activities, and efforts are being directed to start crews for the right-of-way as quickly as snows abate and men and stock can reach the ground.

### Bulletin Tells Story

The San Francisco Bulletin, in announcing these plans and labors, says: The Idaho Central Railroad company has opened San Francisco offices on the twelfth floor of the Claus Spreckles building preliminary to building this year at an estimated cost of \$5,000,000 ninety miles of railroad and 10 miles of sidings from Rogerson, southern Idaho, southwest to Wells, Nev. At the latter point a connection will be made with both the Southern and Western Traffic lines into Oakland and this city.

### Cuts Off 350 Miles

This proposed railroad will place the valuable mining, stock raising and agricultural district of south and central Idaho 300 miles nearer this city by rail, for it will be a cut-off from the present round-about rail route via Ogden and Salt Lake City.

President George L. Davis and Secretary and Treasurer J. L. Stewart of the company, will occupy the local offices.

The intra-state commerce commission has recognized the merits of the new project by granting to the company a certificate of public convenience and the same has been given it by the Nevada public service commission and the Idaho public utilities commission.

### Tribe of Permits

This trio of permits authorize the company to finance the venture and commence actual construction work. Southern Idaho people have already subscribed \$400,000 and bonus for the project.

The Nevada legislature has voted a \$50,000 bonus. The individual subscription of Governor Emmet T. Boyle of Nevada, to the new railroad is \$1000. Northwestern Nevada people have subscribed \$90,000 more.

### Financed by New York

It is understood New York bonds will finance the company because of its merits and also for the reason that the Southern and Western Pacific interests are favorable to it as a connection into northeast Nevada and southern Idaho.

The San Francisco Chamber of Commerce is also strongly in favor of the project.

President Davis said today the new cut-off railroad will reduce passenger time 24 hours between this city and southern Idaho as well as greatly expediting the delivery of freight.

### Virgin Territory

He also pointed out the fact that the great expanse of country between Wells, Nevada and Rogerson, southern Idaho, a station on the Oregon Short Line division of the Union Pacific system, is absolutely without railroad facilities today.

## AUTOMOBILE MEN MEET AT BANQUET BOARD HERE

Motion Picture Depicting Salesmanship and Business Methods Is Seen by Audience of 122

Covers were laid for 35 members of the Twin Falls Automobile and Accessories Dealers' association and their guests from Jerome, Piler and Kimberly at a dinner served Friday evening at the Hotel Oregon. C. E. Davis, president of the association, presided and talks were made by D. A. Culver of the Motor Mercantile company, Salt Lake; and C. C. Backes, secretary of the Twin Falls association.

Later in the evening a motion picture relating to salesmanship and business methods was shown at the Magel Brothers garage before an audience of 122 automobile men and their employes. Mr. Backes delivered a lecture in connection with the presentation of the picture.

## Jap Press Takes Ill View of Reservations

TOKIO, (AP)—The Japanese press comments favorably on the ratification by the United States of the four-power treaty but gives the "no alliance" reservation adopted by the senate a mixed reception.

## Find Important Link in Aboriginal Skull Exhumed at Sydney

SYDNEY, N. S. W., (AP)—The finding of a skull of an Australian aboriginal here may provide an important link in the chain of history of the evolution of the human race, according to Professor J. I. Hunter of the University of Sydney.

Examination of this and Australian museum specimens revealed a similarity to the European Neanderthal skull fossil, Dr. Hunter said. He expressed the opinion that the skull was one of the most important discoveries in recent years.

## Science Saves Life of Heir to Millions

CHICAGO, (AP)—Medical science, unable to save the life of six year old Gwendolyn Armour, has brought her three year old brother, Philip D. Armour IV, safely through an attack of the disease that proved fatal to the little girl. The child is a great-grandson of the founder of Armour & Company. A corps of five physicians and four nurses has been attending the boy.

## 95 Traffic Accidents a Day in Los Angeles

LOS ANGELES, Cal., (AP)—Since Jan. 1 there have been 8,113 traffic accidents in Los Angeles, an average of 95 a day, according to a report from the Automobile Club of Southern California. Fifty-one persons have been killed here and twenty-three in the county outside the city. It is feared in these accidents were 10,118 persons of whom 1,511 were injured, many seriously.

## SLATE MAKERS BUSY CHOOSING NEW OFFICIALS

Political Horoscope is Cast with View to Finding Available Candidates for City Offices Under New Regime

Following quickly the election held Tuesday, which determined that a new body of city officials must be selected, slate-makers were busy Wednesday picking candidates for mayor.

The formality of securing the consent of these to the use of their names was not indulged, the political horoscope being cast largely with the view to finding material available.

### Feminine Rule Suggested

Discussion was quite general along this line, and numerous names were mentioned, among them being Lem C. Chapin, W. K. Priebe, W. B. Amabury, D. D. Alvor and Thomas Irwin. There was also those who felt that the time was ripe since we are to have our form of government, to turn our affairs over to the management of women, and suggestion was made that all elements unite in support of a woman for mayor.

The name of J. A. Crom was heard in many quarters and the suggestion was made that the term campaigner, who has made a number of lively fights, be given another chance to land a post of honor.

### Gossip Names Walton

There was quite general speculation as to whether or not E. F. Walton, who headed the movement which resulted in the recall of the members of the present official family, will seek election either as mayor or member of the council, but there was no authentic advice as to this. Friends of the new leader declared that he could win if he desired, but that he would prefer to be a king-maker rather than a king. And they chant:

All hail the power of Walton,  
Who never took a fall.  
Let's have the ruler suspended  
And crown him king of all.

### PROBE COTTON PRICES

WASHINGTON, D. C., (AP)—An investigation by the federal trade commission into the cause of the present depressed price of cotton and into the operation of cotton exchange was ordered today by the Federal Reserve Board, Senator Dial, democrat, South Carolina, adopted today by the senate.

### POST LOCKOUT NOTICE

LONDON, (AP)—The Engineering Employers Federation today posted notices, locking out the members of 47 unions in addition to the Amalgamated Engineering union. The lockout is to take effect in one week and will affect 600,000 additional men.

### Chamberlain's Cough Remedy

Nothing So Good for a Cough or Cold "Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbotstown, Pa. People who once used this remedy are seldom satisfied with any other. It is excellent to allay a cough or break up a cold—adv.

## LAY ASIDE ALL HOPE TO AVERT MINERS' STRIKE

Workers and Operators Prepare for Long Siege in Struggle to Determine Stability of Union Organization

NEW YORK, (AP)—Casting aside as a "remote possibility" the prospect of settling their differences in time to avert the general strike set for three days hence, members of the anthracite sub-committee on wage contract negotiations girded themselves for a long, hard struggle over the miners' 10 demands.

### Kennedy Is Ready

"Nothing but a miracle—the immediate acceptance of each and every one of our demands—can avert the strike now," said Thomas Kennedy, district president of the United Mine Workers.

"Under the present circumstances, it is probable that the suspension will go into effect April 1, according to the miners' program," said S. B. Warriner, vice president of the Lehigh Coal and Navigation company.

### Expect Shutdown Saturday

Although sanguine of the ultimate success of the negotiations now in progress, the six other members of the anthracite sub-committee, composed of union officials and mine operators, were convinced that the mines would be evacuated Saturday.

With discussion of the miners' demand for a 20-per cent increase scheduled to begin today after two weeks devoted to general surveys of economic and labor conditions in the mines of Pennsylvania, Ohio, West Virginia, operators began to drift into the city to be at the scene of the developments.

### No Fear from Britain

Phillip Murray, vice president of the United Mine Workers of America, accents the report that importation of British mined coal will lessen the danger of a bituminous coal shortage and thereby hurt the cause of the miners in the forthcoming strike.

"Any attempt on the part of the United States shipping board to import foreign coal would have the sympathy of the public," he said, "and thereby create sentiment against the strike. But the actual effect toward prevention of a shortage or extension of the available supply would be negligible."

"Compared with the weekly production of the American mines and the weekly consumption by American industries, all the coal that could be brought from England would not amount to a drop in the bucket."

### Miners Grow Determined

As the wage negotiations proceed the miners are becoming more and more determined that the next contract shall contain an inviolable provision for installation of the check-off system in all anthracite mines. One member of the recommittees of eight last night declared that unless such provision was made, all negotiations toward termination of the impending strike would amount to nothing.

Mr. Warriner of the operators dismissed the question of the miners' demand for the check off with the statement that "it has come up in every wage conference in the last 20 years."

"We do not attach any more significance to it on this occasion than we have in the past," he said.

## DEATH SUMMONS WELL KNOWN MAN

Frank Watt, Prominent Ranchman, Succumbs to Pneumonia Following Flu

Frank Watt, since 1911 a resident of the Twin Falls district and for four years past associated with John M. Maxwell, Twin Falls, in the sheep business, died Sunday morning at his home about three miles west of Teller, from pneumonia, following influenza with which he was stricken a week before. Mr. Watt was 54 years of age and was a native of Oregon. He came here with his family from Union, Oregon. He leaves his widow, a son, Harry Watt of Roseburg, Oregon, a daughter, Mrs. Myrtle Berry of Lynn, Washington; a step-daughter, Ethel Swicker of Twin Falls, a brother William Watt of Nampa, and sister, Mrs. Mary Abbott of Hillyard, Washington, besides three half-brothers, one of whom is E. J. Murray of Twin Falls. He was a nephew of G. D. Johnson of Twin Falls. Funeral services for Mr. Watt were held at 11 o'clock Tuesday morning at the Grossman chapel and will be conducted by the Rev. E. L. Watts of the First Methodist Episcopal church, and officers and members of the Odd Fellows lodge here of which he was a member.

# MANAGER PLAN INVOLVES FINE POINTS OF LAW

Attorney General Says "Very Nice Close Question" is Presented in Existing Political Situation Here

According to Roy L. Black, attorney general of Idaho, and the author of the Black law which provides for organization of towns in Idaho under the commission form of government adopted by vote of Twin Falls citizens at a special election Tuesday, "a very nice close question" is presented by the situation here with respect to the election for submission of the city manager plan to be held April 18.

Appeal to Courts Likely. Unless the question is determined by the court, the election will be held, according to the statement of Taylor Cummins, city attorney and chairman of the city manager plan committee. Advocates of the commission form have instructed their leaders, H. C. Mills and E. P. Walton, to place the question before the court for determination by way of injunction proceedings. Mr. Mills today indicated that the injunction proceedings might not be instituted until after the official call by the city council of the vote cast Tuesday on the commission form question.

The attorney general's idea on the subject are contained in a letter written February 10 in reply to inquiry made by former Senator M. J. Sweeley, which was made public by Mr. Sweeley today.

In this letter the attorney general says:

**Statute Lack Definiteness.** "Answering yours of the 31st ultimo, I will say that under the commission form of government for cities there seems to be no definite statement of the time when that form of government shall become effective after the election for that purpose. Section 4174 provides that immediately after the election the mayor shall transmit to the governor, secretary of state and county auditors a certificate indicating that the proposition was adopted and giving the date of the election. Section 4175 provides for the city immediately proceeding to the election of councilmen. Section 4176 provides that previous charters shall not be effective after the city becomes 'organized' under this charter.

**Question as to Time.** "Under the foregoing statutes the question seems to resolve itself into the exact time adopted that the commission has by its election or otherwise actually adopted the commission form and when that becomes binding after the day of election as to whether or not it is immediately after the election or after the election of officers. Of course, it is not certain as to what the legislature intended to be the time of adoption, but the law provides that the mayor shall immediately transmit to the secretary of state and auditor a certificate indicating that the proposition was adopted and giving the date of the election. It would be at least a reasonable interpretation of all these statutes to hold that the commission form becomes binding immediately after the election. This would seem to be reinforced by the provisions that the council must immediately proceed under the provisions of the commission form in the calling of an election for the election of officers. While the old officers do the actual work of calling the election, they recognize the existence of the new law by being required to immediately proceed under the commission law to call the election.

**Priority in Question.** "If this is true, then it would seem that the balance of the question would be whether or not the special provisions in the commission form law that cities once adopting the form could not change for six years, controlled as against the general law, section 4203, which reads as follows:

"Any city within the state of Idaho organized under the general laws of the state or under special charter or under a general incorporation act now or hereafter having, as shown by the last preceding state or national census, a population of 2500 persons or over that number, may adopt the city manager plan of government as herein set forth by proceedings as hereinafter provided."

"The special provision of the commission form law concerning the six years is found in section 4207, which reads as follows:

"Any city which shall have operated for more than six years under the provisions of this chapter may abandon such organization hereunder and accept the provisions of the general law of the state."

**Very Nice Close Question.** "The courts waver around a good deal upon the question of the effect of a later statute upon one previously existing law. The general rule, however, as announced by our supreme court in its latest decision, seems to be that the special law controls over the general law. If that rule is maintained in a situation such as is presented by these two laws: that is, if the court should find that the six-year provision is a special act and the provisions in section 4207 is a general law, then it would appear to me the special law would be controlling. It is apparently a very nice close question and I have not had time to go into the matter so far as outside decisions are concerned and have only construed it from the statutes themselves."

## TODAY'S MARKETS

MARKET FOLLOWS RISES LIVERPOOL WHEAT PRICES

Upturn of Early Decline is Maintained During Day by Persistent Demand.—Corn is Sympathetic

**CHICAGO, (AP)—**Owing chiefly to an unexpected advance in Liverpool quotations, the wheat market here made a material upturn in price today during the early dealings. Gossip was current that much smaller shipments from Argentina this week might be looked for. Scantiness of domestic farm deliveries and nearness of the opening of navigation on the Great Lakes were also talked of as contributing bullish factors. The opening, which varied from 1-2 to 2c higher, with May \$1.32 1-2 to 1.33 and July \$1.18 1-2 to \$1.18 3-4, was followed by a slight setback and then by gains in some cases above initial top figures.

Talk of an import duty of 30c on wheat tended later to curvy prices further up grade. Foreign buying ascribed to eastern interests that were the leading sellers last week gave the May delivery a decided hoist in value

Supplied by Your Local Dealer

as compared with July and September. The close was unsettled at 7-8 to 3 1-2c not advance, with May \$1.35 1-4 to 1.35 3-8, and July \$1.19 3-8 to 1.19 1-2. Corn was firmer with wheat. After opening 1-4 to 3-8c to 3-8 to 1-2c higher, July 61-7-8 to 61-7-8 to 62, the corn market scored slight further gains.

Provisions were stronger as a result of an advance in hog values.

**Cash Grain**

**CHICAGO, (AP)—Wheat**—No. 4 hard \$1.18. Corn No. 2 mixed 55 3-4 to 56 1-4c; No. 2 yellow 56 3-4 to 57c. Oats No. 2 white 38 to 39 1-4c; No. 2 white 35 3-4 to 36 3-4c. Eye No. 2 mixed quoted. Barley 54-55 to 64c. Cloverseed \$15 to 25.

**Potato Market**

**CHICAGO, (AP)—Potatoes**—Dull; receipts 50 cars; Wisconsin sacked Round Whites \$1.55 to 1.70 cwt.; Minnesota sacked Red Rivers \$1.50 to 1.60 cwt.; Idaho sacked Rurals \$1.50 cwt.; Nebraska sacked Rurals \$1.70 to 1.80 cwt.

**Chicago Produce**

**New York Stocks**

**NEW YORK, (AP)—**Active buying of high grade rails and industrials based

on better earnings and increased production, featured the further rise of prices in the stock market today. Sales approximated 900,000 shares. The stock market, almost as a whole, was firm to strong at the broad opening of today's session. Leaders of the railway, steel, equipment, motor and oil divisions continued to feature the advance. Lima Locomotive preferred gained almost five points in the first few transactions. Pere Marquette common and preferred, the two issues

of Bethlehem Steel common stock, Studebaker and Mexican Petroleum averaged one point advances. Manhattan Electrical Supply added 2 1-2 points to its recent steady rise. Domestic oil, especially Standard Oil of New Jersey and Standard Oil of California, also made material gains. Investment in shipping and tax titles were driven forward on short covering in the final hour, the remainder of the list holding most of its gain. The closing was strong.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

With \$70,00 \$36,000,000 of passed in ability and give the gre price.

Studebaker is a specialist. Builds nothing but Sixes. Its efforts are not scattered. Its entire resources, unsurpassed in the automobile industry, are devoted to a single, fixed purpose:

—to build well, by using the finest materials, and most skillful workmanship and to sell at the lowest prices possible.

How well Studebaker has succeeded is best answered by the records. In the calendar year of 1921, Studebaker produced and sold more six cylinder cars than any other manufacturer in the world.

From present indications the sales record of Studebaker cars in 1922 will greatly exceed 1921. Reports from Studebaker dealers from all parts of the country show a big increase in sales this year over the same period of 1921. Shipments of

cars from the Studebaker factories this year are 106 per cent more (at the time this ad was written) than for the same period of 1921.

That's proof that merit wins. Buyers will not be fooled by wild misrepresentations. Motor cars are now being bought on the basis of merit.

The intrinsic value of today's Studebaker cars surpasses pre-war values. Never before have we given so much positive value for the money.

Instead of skipping the real value in order to reduce the cost, low prices of Studebaker cars are due to strict economy, skillful purchase of materials, a high degree of plant efficiency and well-known, continuous large volume.

Each Studebaker model is hundreds of dollars lower in price than cars of comparable quality.

# MONDELL SAYS DOVE OF PEACE NESTLES CLOSE

Republican House Leader in a Statement Declares Congress is Not at Loggerheads with President Harding

WASHINGTON, D. C. (AP)—Congress and President Harding are not at loggerheads, despite the impression created by "certain writers and certain newspapers," Representative Mondell, Wyoming, Republican leader, declared today in a statement which he said he had prepared for delivery as an address in the house.

Relations Are Pleasant.  
"The fact is that instead of the president and congress being at loggerheads as these writers and journals would have the country believe," stated Mr. Mondell, "there never has been a time in my quarter of a century of experience in congress when the relations between the president and congress, particularly the house of representatives, were more pleasant, cordial, sympathetic and harmonious than at the present time."

"Any one who will take the trouble to read the recommendations of President Harding to this congress, from time to time and to examine the record of congress will find that practically all of these recommendations have either been written into law or are in process of enactment and this applies particularly to the record of the house."

Invites Comparison.  
The republican leader said he invited comparison with any period of American history and challenged anybody to find a record of "finer relations or more harmonious co-operation" between the president and congress. There has been a general and substantial accord, he added, not only on matters of primary importance, but in the consideration of many questions of detail and policy.

Declaring that there seemed to be a "greatest attitude" in the part of various newspapers and writers to create the impression that there was friction between the executive and republican congressional leaders, Mr. Mondell asserted that the anti-bonus campaign of certain metropolitan newspapers have yet had no to the length to which some people are willing to go in a campaign of misrepresentation. "Efforts are also being made, Mr. Mondell declared, to make it appear that there is a wide rift between the president and republican leaders in congress over legislation affecting the army and navy."

"I venture the assertion," he added, "that the president's views with regard to the military establishment is much more nearly in harmony with the action which has been taken by the house than it is with the attitude of the majority of the newspapers and newspaper writers who have assumed to know and to promulgate his views."

# Wright's A GOOD PLACE TO TRADE Easter Just a Few More Days

TIMELY MERCHANDISE!

REASONABLE PRICES!

## LACE WEEK

This has been a lace week. The new imported laces are causing lots of comment.

### VALS

There are some new val edges that are just what you need to add the finishing touches to your Easter costumes. A good assortment. 6c

### VESTINGS

Vesting of hand embroidered organdies. There is the wide piece for the vest and the narrow pieces for the collar and cuffs. Reasonably priced.

### VESTINGS

Of lace. Truly you have never seen such exquisite patterns of lace vestings. They are new arrivals, cuffs and collars to match.

## New Arrivals in Art Needlework

Some very attractive articles have just come in. Pieces that are easy to do and inexpensive, too.

### LUNCHEON SET

This set is stamped on unbleached to be done in colors. The design is coffee pot and cups. Quickly worked up cloth and four napkins. 60c

### PRETTY POLL APRON

Another shipment of that clever, appliqued Poll Parrot apron. The first of them sold in two days. Get yours this time 90c

### ROMPEES

You will find rompees for the little fellows in a number of styles, easy to do. Cheaper than they may be made at home.

### DRESSES

A few hours spent in embroidering your little daughter's dress adds to its individuality. Some cute styles. Finest quality.

## Genuine Leather Hand Bags

You will wonder how it is possible to manufacture such wonderful looking bags for so little. Each has mirror and other fittings. Equal to former \$10 values. \$2.98

## FOR THOSE WHO WANT SUITS OF THE BETTER KIND

The week has brought in some suits of the better kind. Suits of navy, tricotine and poiret twill. Carefully tailored, and each one of them having that desirable individuality. We have marked them close. Box styles and plain tailored ones at prices decidedly under the usual price for such garments.

\$29.75 and \$37.50

## We Offer an Outstanding Value in Children's Hose

A leader sold to us exclusively by a large manufacturer. It is of the quality and wear and quality of regular 30c hose. Either white or black. Fine close weave. All sizes from 6 to 9 1-2. Special. 29c

## Children's Black Knit Bloomers

Sizes from 6 to 12. Light weight black knit bloomers. Just the bloomers for the school girl. They are made of fine quality cotton. Special for Saturday 29c

## WE SUGGEST THAT YOU VISIT OUR DOWNSTAIRS STORE

There are always inducements for you to visit our Downstairs Store. We have special articles there for your approval.

### LAUNDRY SOAP

This soap is made by the makers of Crystal White. White soap. 4 c or bars. You may have it for less than wholesale. 30 bars for \$1

### TOILET TISSUE

1000 sheets tissue toilet paper. This is a quality sold elsewhere for 3 c for 50c. Finest quality. 2 for 25c

### FRUITS

Regular fruit dishes in the white ware. These sell regularly for \$1.00 the set. Saturday you may have. Set of 6 for 60c

### PITCHER

A large water or milk pitcher. Has attractive grape design. Sells regularly for \$1.25. Saturday. 98c

# SHOT FIRED BY BROTHER CAUSE OF LEAD'S DEATH

Seven Year Old Harry Martin  
Darling Died from Wounds  
Accidentally Inflicted by Older  
Brother Cleaning Gun

Harry Martin Darling, seven year old son of Mrs. Fred Craig, Rogerson, died Sunday afternoon at a hospital here from bullet wounds accidentally inflicted Saturday evening by his older brother, Claude McGary Darling, aged 14 years, while cleaning a 22-30 calibre revolver. The bullet entered the abdomen and ranged downward, making its exit at the base of the spine. The child lived for almost 29 hours after receiving the fatal injury, undergoing the hardship of an overland trip to Twin Falls from the family home about three miles north, almost until the hour of death.

## Children Watch Operation

The accident occurred during the absence of the mother and step-father, who were attending a dance at Rabbit Springs. The five children, three boys and two girls, were left alone in the house. Early in the evening Claude Darling undertook to clean one of the guns in the house, while the other children gathered around to watch the operation. Claude removed the cartridges and cleaned and oiled the revolver, drawing the hammer back while he cleaned that part of the mechanism. He then replaced the gun to its holster. The weapon was discharged, the bullet striking the little lad.

## Leaves Sister in Charge

Directing the older sister, Verona Darling, aged nine years, to attend to the injured boy during his absence, the grief-stricken older brother set out on foot to Rogerson for assistance. He explained his trouble to W. M. Hines of the Bank of Rogerson, and returned with Claude to the Craig home and brought the injured lad in to Twin Falls, while others at Rogerson went to communicate with the mother and step-father.

Resources of medical and surgical skill were exhausted in futile effort to save the little fellow's life after he was received at the hospital. Death occurred at about 4 o'clock Sunday afternoon.

# DEMANDS UPON LIBRARY ESTABLISH NEW RECORD

Monthly Circulation This Year  
Exceeds Number of Books  
Actually Owned

Average monthly circulation of books of the Twin Falls public library during the months of January and February has been greater than the number of books actually owned by the library, according to the statement of Mrs. Jessie K. Pike, secretary of the library, submitted in connection with a budget submitted by the board to the council for its consideration in preparation of next year's city budget.

The board is inclined to believe that increased library circulation records indicate increase in the growth of Twin Falls.

The approximate number of books owned by the library is 6750. The total circulation in January was 8134 and in February 7547. The largest monthly circulation of the previous year was 6906.

Average daily circulation in January was 312, and in February 314. One day in February the circulation was 479, the largest day's work in the history of the institution.

One hundred ninety-nine persons made use of the library for the first time in January, and 122 in February.

## READ THE DAILY NEWS.

# Sheriff Admits That He Was "Taken In" by Deputy's Ruse

Sheriff E. B. Sherman has developed a certain skepticism about men with mustaches, and Deputy Sheriff V. H. Ormsby is observed to betray a furtive air whenever the bulky form of his superior appears on the horizon, while other members of the sheriff's force and city police are giggling whenever they think of the elaborate joke Ormsby is charged with perpetrating at the expense of the sheriff.

It happened this way. During the early hours of the evening a certain individual adorned with elaborate hair decorations and wholly unfamiliar to the sheriff asked for an audience in the private office. The audience granted, this individual declared to the sheriff that he had knowledge of the whereabouts of a moonshiner still in actual operation and volunteered his example to the sheriff to lead him to the hideout. This individual congratulated his informant on his courage and fidelity to public interests in disclosing this information, and told him that if he would follow him to the work of the sheriff would be made of the week and more.

# LOWLY ONION SOARS TO HIGH LEVELS IN PRICES

Egypt and Argentina to Supply  
Demand Due to Shortage in  
United States

CHICAGO, (AP) — The lowly onion has risen to a common vegetable to the rank of a desirable and expensive item reported enjoying Egyptian importations as a result of diminishing supplies and a big jump in prices, according to the United States bureau of markets weekly fruit and vegetable review made public recently. Onion prices were the highest since 1917, having increased \$2.50 and \$1.50 per 100 pounds in leading eastern cities. Fifty car loads from Egypt and Argentina were received at New York. Yellow Globes reached \$10 and \$12, touching the high point in New York and Boston. California onions consumed in the middle west brought \$9.50 and \$10.

While the onion was advancing, Florida strawberries lost some price, and were wholesaling in city markets at from 45 to 60 cents a quart. Berries continued higher than last year.

# SOLDIERS OBJECT TO MRS. O'HARE'S MEETING

Wounded Veterans and Representatives of Legion Protest to Governor

MADISON, Wis. (AP) — Representatives of the local American Legion, post and of the Gun and Blade, an organization of wounded soldiers at the University of Wisconsin, met with Gov. Blaine Tuesday night to protest the use of the assembly chamber by Kate Richards O'Hare, who is scheduled to speak Thursday evening.

While no announcement was given at the executive office Wednesday, those present at the meeting say that Governor Blaine expressed the opinion that Mrs. O'Hare, who served a prison term for violating the espionage laws, should be allowed to speak in the capitol building.

The university recently denied her the privilege of addressing students on the campus.

# CELEBRANTS UNDER ARREST

Workers for Commission Form  
Deny Use of Alcoholics in  
Jubilation

Tom Conroy, Twin Falls plumber; and Andy Kinswold, formerly operator of the ferry at Shoshone falls, who were active workers for the commission form at the election here Tuesday, that evening celebrated the result of the election, in consequence of which celebration both were arrested and taken into police court this morning to answer charges of having been drunk.

Both entered pleas of not guilty and the time for trial was set at 4 o'clock Friday afternoon. Homer C. Mills, chairman of the commission form committee, is attorney for the accused men.

PLEAD NOT GUILTY.

SALT LAKE CITY, Utah, (AP) — Gilbert L. Brighton, Angeline Wencaster and Roy E. Donnell, charged with the murder of Charles A. Farnsworth, the city leader of prohibition, February 19, pleaded not guilty when arraigned in the district court today.

# STOCKHOLDERS' MEETING.

Notice is hereby given that the annual meeting of the stockholders of Deep Creek Land & Water Company, Limited, will be held at the office of H. E. Powers, Twin Falls, Idaho, on the 4th day of April, 1922, at the hour of 10 o'clock a. m. of said day for the purpose of electing a board of directors, and for such other business as may legally come before said meeting.

# SOME GOOD ADVICE

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weak-kneed kidneys prompt attention. Dr. Little made, take kidneys easily using a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Twin Falls people rely on them. Ask your neighbor. Here's one of the many statements from Twin Falls people.

Doan's Kidney Pills, 303 4th Ave. E., says: "I was all run down with an attack of kidney trouble. I had terrible headaches and dizzy spells and my back ached severely. I was all nervous and unable to get good sleep. I began using Doan's Kidney Pills and got immediate relief. Only a couple boxes were necessary to restore me to my usual good health. I have been well ever since and I gladly recommend Doan's."

# AUTOMOBILISTS STRIKE FATHER AND DAUGHTER

Continue Without Stopping After Running Down and Injuring V. W. Sloan and His Daughter

V. W. Sloan and his daughter, Miss Minerva Sloan, aged 16 years, walking toward the north on the main highway at the intersection of Main avenue with Addison avenue at about 9 o'clock Wednesday evening, were struck down from behind by a heavy car driven by unidentified persons which did not stop after the accident but turned around and came back to town.

## Both Suffer Injuries.

Both father and daughter were rendered unconscious for a few moments by the impact, and both received extensive injuries. Mr. Sloan suffered several fractures about the head and one eye was painfully bruised. The daughter's neck was most severely hurt. She was hysterical when a physician arrived to report to the authorities. They took them to their home three quarters of a mile north on Washington street and one quarter of a mile west.

Warning of the approach of the car by the glare of its headlights, the father and daughter turned toward the extreme edge of the roadway. The car advanced toward them, striking them and knocking them into the ditch on the side of the road. The car continued on for a short distance and then turned around and headed back toward town without stopping.

A mechanic residing near the scene of the accident declares the car was a heavy one, and he believes it to have been a Cadillac.

## Police Check Car Owners.

Police today were making a check of Cadillac owners. It was pointed out at the police station that a state-law requires motorists to report to the authorities accidents in which they are involved. If the persons in the car in this case fail to report and they are apprehended, the law of Idaho, enacted before today indicated the maximum penalty, under this law would be imposed.

# MAINTAINS STATUS QUO IN SALMON CANAL CASE

Court Restrains Directors-Elect, whose Election is Attacked, from Acting

An earlier issue Tuesday by Judge T. Bailey in district court at Burley, restraining E. A. Carter, B. S. Kunkle and E. L. Babcock from attempting to act or exercising authority as directors of the Salmon River Canal company, and directing the present officers of the canal company from permitting them to act pending the final determination by the court of issues raised in the case of Murray Brookman against the three men named and the canal company, was today filed in the office of the clerk of the district court here.

The three men named were elected as directors of the canal company at a meeting at Hollister which the plaintiff, Brookman, alleges was being illegal for the reason, among others, that the basis of voting was average owned by persons participating in the election rather than shares of stock in the canal company as provided by the company's regulations.

## CALLS HUSBAND CRUEL

Mrs. Anna S. Atkinson Sues for Divorce and Restraining Order

Alleging cruelty, Mrs. Anna S. Atkinson, through her attorneys, Bothwell and Chapman, has filed suit in district court here against her husband, M. S. Atkinson, asking for a decree of divorce, award to her of her separate property and a division of community property. An order of the court restraining Atkinson from selling or encumbering community property and from molesting, interfering with or annoying "his wife has been signed by Judge W. A. Babcock.

## LAND DEAL IS IN DISPUTE

Court Hears Arguments for and Against Disposition of Buyer

Trial of the case of Ernest Molander against Anton Heringer, instituted to declare forfeiture of Anton's right to hold certain land in the Buhl district sold to him under contract by Molander, was Wednesday afternoon before Judge W. A. Babcock in the district court here, and the case was taken under advisement by the court. The question at issue was whether or not certain payments under the contract had been made. Molander was represented by J. R. Bothwell of Bothwell and Chapman, Twin Falls, and L. W. Ostrom of Grangeville. Anton Heringer was represented by J. W. Taylor, conducted the case for the defendant Heringer.

# HINTS AT BLACKMAIL IN HER SUIT FOR DIVORCE

Mrs. Gager Says Husband Asks Her to Enter Collusion Against Citizen

Milton J. Gager, who recently instituted action in court here against H. B. Loe for \$10,000 claimed as damages for Loe's alleged invasion of Gager's home during Gager's absence, is the defendant in a suit for divorce instituted late Wednesday afternoon by Mrs. Pearl Irene Gager, through her attorneys, W. E. Guthrie and E. J. Hornbrook, who, also, are attorneys for Loe in the action for damages.

In her petition in the divorce action, Mrs. Gager says that her husband last December asked her to "enter into collusion with him for the purpose of blackmailing a citizen of Twin Falls."

She alleges that her husband has failed to provide common necessities of life "because of his idleness, profligacy and dissipation."

In her petition she asks for the custody of their two children, a boy 15, and a girl 12, for restoration to her maiden name of Pearl Irene Corbin, and for decree of divorce.

# FUGITIVE PAYS SPEEDING FINE

Possession of Whiskey Making Apparatus Believed Motive for the Flight

Louis Floyd, 236 Fourth avenue east, in police court this morning paid a fine of \$5 for breaking the speed limit while being pursued at about 9:30 o'clock by Chief of Police Ben J. Brown on Second avenue north.

Possession of two "mash" barrels found in his car when he was intercepted by the police chief at the end of the chase along in front of the police station, and of paraphernalia for the manufacture of home-made whiskey at his home is believed to have furnished Floyd with the motive for attempting to outrun the pursuing officer.

The whiskey-making device apparently is complete and has not been used for the purpose for which it seems to have been designed. Officers are uncertain whether the "mash" barrels Floyd carried in his car had just come into his possession or whether he had taken them out to empty their contents.

Floyd's car was observed first by the police chief as it came from the west on Addison avenue and turned north onto a muddy road that is Washington street instead of continuing on the pavement along Main avenue, as the car turned its lights were switched off. The chief swung over onto Second avenue, anticipating the course of the car under observation along a thoroughfare parallel with main avenue.

The official pursuit proved correct, and the chase that continued over several blocks in which a rate of speed estimated at about 40 miles an hour resulted.

HAVE YOU SEEN yourself in Straus and Glauber's mirror?—adv.

# Social Notes

Edited by Mrs. E. B. Williams  
Telephone 280.

Complimenting the members of the Buhl Rotary club and their wives, the Rotary club of Twin Falls entertained with an elaborate dinner dance at the Hotel Rogerson, on Wednesday evening. It was also the annual social function for the wives of Twin Falls Rotarians. The dining room was handsomely decorated in the Rotary colors of blue and gold, streamers and festoons of crepe paper being used most artistically, while the lights were softly shaded in the same colors. Rotary emblems added to the effect. A large American flag suspended from either end of the room lent patriotic note to the decorations. The long table, with covers laid for 122, had down its entire length, at intervals, vases covered with blue, and filled with candles, the red cups were in gold color. The favors were caps, horns, whistles and balloons. During dinner Mrs. R. B. Tillery of Buhl, accompanied by Mrs. A. W. Ostrom, gave two delightful vocal numbers. A chorus of Buhl Rotarians sang several of their club songs, changing the words to compliment the Twin Falls club. A sextette of Twin Falls Rotarians sang several clever parodies on popular songs, bringing in many amusing local hits. An interesting feature of the evening's entertainment was a raffle, placed in one corner of the room through which messages were received from distant points. The Rotarians and Rotrinnians present from Buhl were Mesdames and Messrs. J. T. Allen, J. H. Barker, C. D. Berling, Ed Daly, J. O. Eastman, W. Forest, T. Fritcher, K. M. Hayes, Henry Herman, J. Johnson, Charles Kallha, Margit Laird, J. Merrell, Ralph Menden, J. H. Murphy, A. W. McGillem, C. S. Peck, Jake Shank, B. Tillery, J. Thompson, H. Wilson, Everett Hall, Miss Emma Bowman, Miss Gladys McGowan, Ben Hamman, Roy McNamara and Roy Daley. The Jim Story orchestra furnished music for the occasion.

Mrs. L. Closs was hostess this week to the Wednesday Bridge club. Eleven members were in attendance, and Mrs. W. H. Greenlow received the prize for high score.

The Olso-Cozy club met with Mr. and Mrs. Reese Williams, Wednesday evening. Five hundred was the diversion. Mrs. George R. Perry winning the ladies' prize. Mr. Perry and A. O'Reilly cut for the gentlemen's prize which was won by Mr. O'Reilly. A delicious supper was served at midnight. Mr. and Mrs. R. C. Latsch were guests.

Irene Hurst was hostess Wednesday evening after school to the Owensien Camp Fire girls and their guardians, Miss Jane Maxwell, Ruth Caldwell were admitted to membership. Plans were made for a hike on the Saturday before Easter. The next meeting will be held with Julia Hunter, 166 Maple avenue.

Announcement is made of the marriage of Nina Edson Atwood, formerly of Twin Falls, and Willard C. Morrill of Rockland, Ill., on March 25. They will reside in Rockland.

Mrs. Peter Ericson entertained the M. C. B. club Wednesday afternoon at her home on Eighth avenue east. Eleven members were present. Mrs. T. A. Reed was a guest of the club, and also won the honors for highest score.
