

# BUTCHERS MUST PAY UP OR GIVE UP INSPECTION

City Council Instructs Meat and Dairy Inspector to Collect Fees Under Provisions of Ordinance

Instructions to withhold inspection from slaughter house operators who should fail to pay inspection fees were delivered Monday evening by the city council to Dr. W. L. Kaur, meat and dairy inspector, who reported that out of the three operators, one had paid the fees in full and deflated answers had not been received from the other two.

Inspection of meats which was suspended under provision of a restraining order obtained by several of the butchers, has been resumed since receipt of District Judge T. Bailey Lee's decision upholding the city's meat inspection ordinance. One of the butchers has renewed the suit attacking the validity of the ordinance, but no restraining order against inspection has been asked. The city has filed suits in district court against delinquent butchers for payment of inspection fees.

**Budget Under Consideration.**

The council Monday night divided its attention between a tentative budget for the coming fiscal year reported by the budget committee composed of Councilmen C. H. Kreugel and C. P. Howley, and petitions and requests presented by individuals and delegations representing the Twin Falls Chamber of Commerce and Twentieth Century club.

Permission to the Twentieth Century club to construct a wading pool in the city park was granted by vote of the council after the proposition had been presented by a delegation composed of Mrs. H. W. Clousek, Mrs. H. P. Laird and Mrs. A. E. Martyn and accompanied by John R. Ault, probation officer.

The pool will be constructed in the south corner of the park just across the street from the Christian church. It will be built of concrete in circular form, ranging in depth from three to six inches. The estimated cost is \$200 which will be paid by the club women. It is anticipated that the pool will be a gathering place for the little folks during the period described by Mrs. Clousek as "the three most difficult months in the year." She said that no other entertaining men which the club women had embarked had commanded more nearly unanimous support than the wading pool project.

**Clean-up Suggestions.**

Suggestions on the part of Alex W. Murray, sanitary officer, for observance of "clean-up week" in Twin Falls were combined with those presented by the chamber of commerce vice-bureau members of the bureau headed by E. Hollingsworth, written upon the council with a request for prohibition by the mayor and cooperation by the city in the undertaking.

The date for "clean-up week" to which the chamber of commerce added "paint up and plant up" features, was set by the mayor's proclamation for the week beginning Friday, April 14.

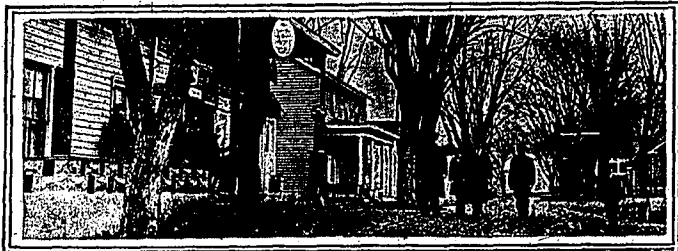

Members of the council took occasion to suggest to the chamber of commerce bureau the formulation of rules for the observance of "clean-up week" that would prevent recurrence of the situation last year when municipal garbage haulers were kept busy for three months after clean-up week hauling away garbage and trash that had been dumped into the alleys on that occasion. They argued for recognition of individual responsibility in

## Won't Pay Debts of Lady Craven, Husband Says

He will not pay the debts of Lady Craven, asserts the Earl of Craven, in an advertisement published in London newspapers. The Earl, whose mother was a daughter of Bradley Martin of New York, recently was named co-respondent in a divorce suit, it being charged that he slept to France with Countess Cathcart.

## NATION PAYS TRIBUTE TO GRANT ON HUNDRETH BIRTHDAY

FROM THE CEMENT PORCH of this home on "Main street" Mount Pleasant, Ohio, President Harding, on April 27, will make his Grant Centenary address which will be broadcasted by radio. The entire nation will pay tribute on that day to the memory of the late General U. S. Grant, who was the nation's chief executive. The lower picture shows the humble little home where the illustrious soldier and statesman was born, April 27, 1822. A great cortege of notables will go by way of river boat to Mount Pleasant from Cincinnati to attend the centenary anniversary.

the matter of disposing of garbage, and for rules for the occasion that would not forth plainly just what would and what would not be handled away by the city scavengers.

### Street Signs Costly.

The chamber of commerce bureau representatives were told that granting of their request for erection of street signs would involve an expense of "several hundred dollars," and that the city had no funds for this purpose, but promise of consideration for the request was made. City Attorney Taylor Cummins suggested that permission might be sought from owners of corner lots to attach the signs to the dwellings and thus eliminate the expense of poles, which it was asserted would be considerable.

The council took under consideration W. J. Luck's application for official sanction for his plan to construct a service station on a corner lot at "Five Points" at the juncture of Main avenue, west boundary, Addison avenue and Washington streets. In this connection the mayor advised that an ordinance under consideration would provide that new buildings erected on residents' districts would have to be built back from the property line on a line with that established by the buildings already constructed in that block.

### Authorizes Removal of Trees.

Authorization for the removal of trees in Hegburn avenue at the south boundary of Yeatman addition, preparatory to grading of that thoroughfare, was granted by the council.

Councilman W. E. Sanger was delegated as a committee of one to confer with the Twin Falls Canal company and G. W. Dean in relation to the proposed installation of a check in an irrigation ditch to provide for delivery of water to Mrs. Davis's property in the Mountain addition.

Upon recommendation of Dr. Kaur, meat dealers' licenses were granted to the Kinney Wholesale company and to the Arrington Brothers grocery, and the removal of dairy licenses for W. W. Ashbury and J. W. Young was approved.

### Death Summons Veteran

**Samuel Fouts, Who Fought for Union, Dies Suddenly at His Home Here**

Samuel Fouts, aged 75 years, veteran of the Civil war and for several years past a resident of Twin Falls, died Monday evening at his home on Harrison street. Death came suddenly although Mr. Fouts' health had been unfavorable for some time. With him when the end came were his wife, and a son who is a resident of Denver. An other son residing at Burley, arrived here Tuesday and the family was awaiting word from a daughter in Seattle before completing funeral arrangements.

Mr. Fouts was a native of Ohio. He served during the Civil war as a member of Ohio volunteer regiments, enlisting in August, 1862, in Company D, Fifth Ohio volunteers and being discharged in May, 1865, as a member of Company D, Thirtieth Ohio volunteers.

He was a member also of the Old Fellows' lodge.

## ROSEWORTH PRECINCT IS REVIVED FOR ELECTIONS

Commissioners Re-Create the Former Political Unit and Name Registrars

Roseworth precinct which was several years ago merged into Butte precinct at the southwest corner of Twin Falls county, was Monday re-created and revived by the board of county commissioners as the twenty-seventh voting precinct of the county for the coming county and state elections.

The coming of new settlers to the Roseworth district, including members of the "modern caravan" which trickled overland last fall from Brookings, is largely responsible for the re-creation of the old precinct. It is composed of the north end of what was Butte precinct.

Registrars for the several precincts were Monday appointed by the commissioners as follows:

Butte No. 1, Mr. William Schork; Butte No. 2, Mrs. William Fritch; Filer, H. W. Graves; Castleford, Mrs. J. Flora Noble; Hillier, R. E. Morehouse; Clover, Joseph Thomez; Amsterdam, Jack Kumbler; Thomez, Mrs. Samuel Morris; Marion, Jessie Moser; Berger, Fred W. Berger; Deep Creek, Mrs. Iva Thompson; Laramie, Mrs. W. S. Stewart; Bonanza, C. A. Howe; Roseworth, Mr. O. H. Williams; Butte, Mrs. Inez Clark; Twin Falls No. 1, Mrs. Kate Tabler; Twin Falls No. 2, Mrs. Mary Gilbert; Twin Falls No. 3, Mrs. G. W. Hiler; Twin Falls No. 4, Mrs. H. E. Rexroat; Twin Falls No. 5, Mrs. Irtie Swaine; Twin Falls No. 6, Mrs. F. F. Watkins; Twin Falls No. 7, Mrs. Emma T. Baird; Kimberly, Florence Bremer; Hansen, Mrs. Elvira Laycock; Mustang, T. T. Rutledge; Rock Creek, Mrs. Henry Hansen; Shoshone Basin, I. Willis.

## CONCERT THROUGH AIR INTERRUPTED BY STORM

High wind accompanying snowfall that snarbled a billboard Monday night snapped off a pole from which antennae of a radio apparatus at the home of Dr. Frederick E. Snook was suspended, interrupting a concert transmitted through the air from San Francisco. The concert, Dr. Snook says, was the best that has been received through the device since it was installed some two weeks ago. A group of friends shared the doctor's disappointment over the accident.

Power company linemen were called between 2 and 3 o'clock a. m. Tuesday to repair a transmission line bearing electric power to the filtration plant of the municipal waterworks. Damage to the line resulted from the storm. Operations at the plant were suspended while the line was out of commission.

## TO USE WATERS OF SALT LAKE FOR IRRIGATION

**North End of Water Body is "Fresh" Enough to be Used on Land**

SALT LAKE CITY, Utah. (AP)—Irrigation with water from Great Salt Lake, the whole of which has heretofore been thought to be unfit for use, was declared feasible by engineers here. The project is intended to reclaim 20,000 acres of desert land north of the lake.

Although the big lake has always been supposed too salty to sustain or develop life in any form, the northern end is now said to be almost fresh, and is becoming increasingly fresher every year. The condition is due to the fact that the upper arm which was isolated from the main body some years ago by the Larch cutoff, is now practically a separate body of water.

Water from the Bear river emptying into this arm of the lake has, in the opinion of experts, tended to make the upper lake almost fresh.

## COUNTY'S FEE OFFICES SHOW HEAVY COLLECTION

General Fund Receives \$8,540.64 Out of \$10,382.84 Taken In During First Quarter of Year

Reports submitted to the board of county commissioners Monday by the officers of the auditor and recorder, sheriff and probate judge showed collection of fees during the first three months of this year amounting to \$10,382.84. Of this amount the auditor's office remitted to the state treasury \$325 for filing fees in suits instituted in the district court, and the probate court collected \$117 in fines which was turned into the county's general school fund. The balance, amounting to \$9,540.64, reverted to the county's general expense fund.

Collections reported by each of the fee offices were: Auditor, recorder and clerk of the court, \$6,146.80; sheriff, \$2,296.00; probate court, \$928.04.

## Bandit Leaves Card and Now Languishes in Prison as Result

One of Three Armed Thugs Pays Dearly for Carelessness in Robbery in St. Louis

ST. LOUIS, Mo. (AP)—One of three armed bandits who yesterday entered a private home and robbed a number of women while they were playing cards, is in jail here today. He thoughtlessly left his address behind.

Frank Harrington, 22, was arrested shortly after the robbery. Harrington's name was found on a slip of paper he handed one of the women when he gained entrance to the home by representing himself as "From the gas company." A companion helped Harrington search the women while a third man served as a "look-out."

The slip of paper proved to be a note from a bank advising Harrington to pay a note which was due.

## WILL RETURN TO AMERICA LATER

Dr. Adolf Lorenz, Famous Surgeon, Leaves for Vienna, but Expects to Come Back

NEW YORK, (AP)—Dr. Adolf Lorenz was a passenger on La France, sailing for Europe today. He was accompanied by Anton Wolff, importer, who induced him to come to this country.

Dr. Lorenz, who treated thousands of cripples during his visit, at first was forced to curtail his operations because of the opposition he met from members of his own profession throughout the country. He finally conducted free clinics under the patronage of New York's health department, until he secured a license from the state. Later he held clinics in New Jersey and Detroit.

He is coming back to stay in September and will bring his family with him. The elder son, who is 30, is a physician and his father's chief surgical assistant, having taken care of his practice in Vienna while his father was in this country. The younger son, who is nearly 18, will enter Columbia next fall, preparatory to beginning a medical career.

When it was suggested to him that he might like America well enough to his return to become an American citizen, he said:

"I hope my son will become an American citizen."

## LAVERING DISPOSES OF HIS PROPERTIES HERE

Theatre and Pavilion Sold to W. M. Poirars, Former Laundry Manager

Transfer of the Lavinger theatre and Lavinger pavilion on Second avenue east by E. C. Lavinger to W. M. Poirars in exchange for 186 acres of farm land southwest of Filer has been recorded at the office of the county recorder. The Lavinger theatre, built in 1914 by Mr. Lavinger and for several years operated by himself, has recently been operated under lease by J. A. Kolina. Hoca Stout of Burley was for some months operator of the Lavinger pavilion as a public dance hall. The new owner was for several years manager of the Troy Laundry and Dry Cleaning company here. He has not announced his plans for the operation of the theatre and pavilion.

## SCHOOL BOARD PLACES BAN ON SUNDAY GAMES

Denies Application of Twilight League Representatives for Use of Lincoln Field for Sunday Baseball

A majority of the members of the school district at a meeting Monday night with emphasis set the ban down, individually and severally against a proposition for Sunday baseball games this season on Lincoln school field. The proposition was submitted by representatives of the Twin Falls Twilight baseball league. They offered to put a roof over the grandstand and otherwise improve the grounds at an expense of approximately \$700 and pay a nominal rental in addition for the privilege of staging Sunday games.

It was represented to the board that the league if denied use of the Lincoln field for Sunday games would endeavor to lease it for week-day games, but would construct a ball field elsewhere.

### Sunday Schools to Play

H. E. Powers, former county agent, representing a proposed Sunday school baseball game, applied for use of Lincoln field for a series of games this season. Mr. Powers, who is superintendent of schools, to further regulations on this application. It also authorized Mr. Mitchell to deal with the Twilight league in the event the Twilight league decided to lease the field for week-day games.

There will be no abandonment of the commercial course in the high school course of study, the board decided by its vote in approval of the report of a committee composed of C. E. McClain and K. B. Peters, previously appointed to investigate the suggestion of Mr. S. Hoover, proprietor of the Gregg Business college, that this course be dropped in the interests of economy. Mr. Mitchell was instructed to confer with Mr. Hoover relative to possible co-operation as between the business college and the high school department.

The board approved a list of teachers reappointed by Mr. Mitchell for the coming school year.

## ACCUSES CHECK WRITER

Chief of Police Swears to Complaint Charging Felony Against A. E. Clemo

Complaint charging A. E. Clemo with issuance of fictitious checks, constituting a felony, was Monday filed in the probate court here by Prosecuting Attorney Frank L. Stephan, at the instance of Ben J. Brown, Twin Falls chief of police. Clemo was taken in custody Friday night in a condition which the police described as a "crying jag." The complaint recites that Clemo used a fictitious name that of J. H. Davis, in signing a check for \$1.50 made payable to John Urolin, operator of a lodging house here. Other checks alleged to have been issued by Clemo under fictitious names are in the hands of the police.

Clemo's wife and three children are reported to have left Sunday evening for Portland. The family is said to have been in indigent circumstances during the winter months.

# NINE VILLAGES ARE INUNDATED IN GREAT FLOOD

Upwards of 250 Square Miles of Farm Land Under Water with Heavy Damage in Area of Lower Mississippi

VIKESBURG, Miss., (AP)—At least nine villages are inundated or surrounded by water and upwards of 250 square miles of farm land is under water as a result of floods on the lower Mississippi and its tributaries.

Reports today to headquarters of the levee district here indicated that the most severe flood conditions were confined in the Arkansas and White river basins, but the Mississippi itself approached new high records at Vicksburg and Greenville.

At many points, engineers were at work reinforcing the levees. The villages under water or cut off by the flood are Elaine, Lambrook, Cantina, Lundell, Italo, Melwood, Laconia, Modoc and Ferguson, Ark.

# GOSSACK CHIEF FACING PRISON

General Semenoff Virtually a Fugitive Due to Cancelling of Bond by Company

NEW YORK (AP)—General George Semenoff, former "Ataman of the Cossacks" in eastern Siberia, who was arrested on his arrival here last week today faces the task of furnishing a new bail bond or going to jail before night. Officials of the surety company which furnished the bond for the night after Semenoff was arrested, gave notice yesterday of the firm's intention to cancel its responsibility for the general.

Considerable mystery developed as to the whereabouts of the "Ataman" last night. Two or three deputy sheriffs were hunting for him. It was declared that Semenoff would be produced by his attorneys today.

The referee in the bankruptcy proceedings of the Younstein Home and Foreign Building company, the receiver for which named Semenoff's arrest, also intended to question the general relative to the leasing of the company's profits at Chita, claims arising from this alleged action on the part of Semenoff and his subordinates were laid before a court at Harbin, Manchuria, last December and a judgment of about \$475,000 was awarded the company.

**AIDE UNDER ARREST.**  
NEW YORK (AP)—While Deputy sheriffs were hunting today for General George Semenoff, former commander of the Cossacks, to furnish a new bond in the bankruptcy proceedings against him, his aide, George W. Krasovsky, former district attorney in Detroit, was arrested at Broadway and Chambers street, charged with carrying a pistol without a permit.

**SEMENOFF SURRENDERS.**  
NEW YORK (AP)—General Semenoff, former Ataman of the Cossacks, for whom deputy sheriff's have been searching for two days, surrendered in Sheriff Nagle's office today.

# CHIEF ADVISOR IS ARGENTINIAN

President of Mexico Sets High Value on Counsel of South America Minister

BUENOS AIRES, (AP)—The chief advisor of President Obregon of Mexico is the Argentine minister there, Dr. Manuel E. Malbran, asserts Dr. Enrique Gil, an Argentine lawyer, who has arrived in Buenos Aires after a trip through a number of Latin-American countries. To a reporter of La Nacion Dr. Gil said:

"In reality President Obregon adjusts his conduct and his decisions to the counsels of the Argentine minister, Dr. Malbran. His ideas are those of Dr. Malbran whom he consults for any decision of importance. Dr. Malbran is in this way in an admirable situation to pursue the diplomacy of Argentina. He enjoys much prestige in Mexico. President Obregon holds him in extraordinary regard. In fact, Dr. Gil said that Mexicans had a poor concept of Argentina and believed that Mexico was the most advanced of the Latin American countries.

"So great is the ignorance of Argentina in Mexico," he said, "that I was considered a chauvinist and a booster among a group of Mexicans when I told them that the great majority of the population of our country was pure white and that there were only 20,000 Indians."

"Referring to the policy of the United States toward Mexico, Dr. Gil said that any conception that the United States was actuated by motives of imperialism was entirely wrong.

**A False Start.**  
It was the seventeenth round. The two pugilists looked like drowned rats. The referee held up his hand and said: "Them last rounds don't count," he announced, harshly. "The fight will have to start all over again."

A low growl ran through the vast assembly. "What the trouble?" roared an individual in the tenth row. "The trouble is," explained the referee, "that the moving picture man has struck a bad spot in his film, and the pictures are no good. Are you ready up there, professor? All right! Spin 'em, boys! On my right we have—"

**Lumber Waste for Fuel.**  
"Hot fuel," consisting of sawdust, shavings, ground-up edgings, slabs and trimmings, is widely used throughout the northwestern lumber fields, but only as an incidental and the disposal of this material is usually a charge against the mill. A central heating plant has now been erected in Tacoma, designed especially for the burning of this fuel and with no provision for handling any other. The fuel arrives on barges and is handled by a five-ton clamshell bucket and a system of conveyors. Scientific American.

# TINY PLAYHOUSE PERFORMS WORK OF HIGH MERIT

Smallest Theatre in Country at Ypsilanti Meets Success from Inception—Seating Capacity Only Sixty

YPSILANTI, Mich., (AP)—Ypsilanti claims the smallest theater in the country, one of the kind of its kind anywhere and one that is regarded as a unique example of the "little theater movement."

The club was started seven years ago with 15 members for a study of drama. The organization has developed to a point where it occupies national prominence among supporters of the "little theater movement."

The club was started seven years ago with 15 members for a study of drama. The organization has developed to a point where it occupies national prominence among supporters of the "little theater movement."

The interior of the theater has been painted and decorated with old English lanterns, giving it an Elizabethan atmosphere. The stage, however, is equipped with the latest lighting system costing \$2000 and described by theatrical experts as unsurpassed within its limits by any stage in larger theaters.

Each play is studied in detail before being presented, costumes, announcement posters and other articles needed are prepared and all future necessary is not obtainable it is built by club members.

Among the plays presented so far this year are "The Green Snake" (Kenneth Goodman); "A Night of the Trojan War" (John Drinkwater); "Fourteen" (Alice Gortonberg); and "Her Old Son" (Marjorie Sinclair).

# COAL TAR JACKET KEEPS PHEASANTS OUT OF CORN

County Agent Offers Suggestion to Farmers Troubled by Game Birds Eating Their Seed

Seed corn when covered with coal tar is not an article diet which the pheasant smokes, according to R. E. Drossard, county agricultural agent, who offers the following suggestion to farmers who have been troubled by the game birds eating their seed corn.

Many farmers have had difficulty in the corn fields to keep the pheasants from following up the rows and eating the seed, in many cases causing such damage as to make it imperative to replant in order to get a stand.

The department of agriculture suggests that a deterrent be used on the seed corn to keep the pests from eating it. They suggest the use of coal tar, which is not a poison, but which does impart a disagreeable, crasy odor to the grain that is distasteful to them. It has the advantage not possessed by some other deterrents on the markets, of not affecting the germination of the seed, nor used in limited quantities.

A tablespoonful is used to a half bushel of corn. The grain is first heated by an application of warm water, and then drained. The coal tar is then added immediately and a thorough stirring will give each kernel an even coating. The seed is then spread out to dry in a shallow pan. The addition of sifted ashes, sand plaster, or powdered earth.

developed. Oats started unchanged to 1 1/2c, July 30 7/8 to 40c, and continued firm.

In later dealings, the aliveness of cash demand was a handicap to bulls. The finish, however, was firm, 68 to 72c, and high to 20 1/4c.

Lower quotations on hogs weakened provision values.

NEW YORK, (AP)—Tomorrow's holiday caused further realising in the stock market today, but renewed buying of transportation and utility securities offset occasional recessions among industrial. Sales approximated 1,900,000 shares.

Further selling for profits in anticipation of tomorrow's recess caused some irregularity of prices at the outset of today's stock market, but gains exceeded losses. Pierce-Farmer common and preferred, American Woolen, Royal Dutch, Shell Trading and Famous Players scored early gains of one to two points. # Theatre M

Charles Chaplin will be with us again in "Pay Day," the first National attraction which will open a run at the Orpheum theater tomorrow. "Pay Day" is declared to rank among the best comedies the star has produced. The plot is complete in itself and abounds with new stunts, novelties and humorous situations that are put across in Chaplin's inimitable style. In Mack Swain, who rejoined him during the making of "The Idle Class," the star has a good foil, while Edna Purviance furnishes very attractive and capable feminine lead. Sydney Chaplin is also in the role of a bachelor friend.

"Handle with Care," starring Grace Darmard at the Idaho theater, is the story of a wife who wanted love from a husband who gave her luxuries. Picturized for Associated Exhibitors by Al and Roy Beckett from the story by Charles Belmont Davis, "Handle with Care" discloses a new angle on the marriage tangle. And it is not a triangle! Participating in the tangle are Harry Myers, Jimmy Morrison, Lullers Stevens, Patry Ruth Miller, William Austin and William Courtleigh.

# TODAY'S MARKETS

**Chicago Grain Market**  
CHICAGO, (AP)—Wheat advanced in the early trading today helped by an upturn in Liverpool quotations and by bullish crop reports from the southwest. News of crop shortening, floods in the center sections tended to lift values. Best prices, however, failed to hold well. The opening, which ranged from 1.2 to 3-4 higher with May \$1.31 1/2 to 1.32 1/2 and July 1.23 1/2 to 1.24 1/2, was followed by slight further gains, and then something of a reaction. Subsequently intimations that export to Liverpool would be under way led to a much more pronounced upturn in values. The close was strong, 2 3/4 to 3 1/2 net higher, with May \$1.33 3/4 to 1.34 and July \$1.23 1/4 to 1.23 3/4. Corn and oats moved in sympathy with wheat. After opening 1-8 to 3-8c higher, July 63 1/4 to 63 3/8c, the market climbed a little before any setback

# FARMERS ARE SKIRMISHING WITH WEATHER

## Impatience to Begin Active Work on Larger Scale Than Backward Spring Permits Characterizes Situation

Backward spring conditions existing here are admittedly discouraging to the farming industry, but there is little or no evidence of discouragement among the farmers of this district. Employment agencies report steady demand for farm labor, with the supply continuing slightly in excess of the demand, and farmers generally have improved the timing of their preparations for intense activity when the spring actually opens, while advantage is being taken of every opportunity to get in as much work in the fields as the weather permits.

### Economic Disturbances a Factor.

Late fall conditions last year made fall plowing possible so that on many farms the land is in readiness for planting as soon as it is dry enough for the drills to start. Because of the disturbed economic conditions, however, many farmers last fall did not know whether they would be in position this year to farm or not. As a result of that fact, it is said that a greater amount of plowing remains to be done this spring than is ordinarily the case. In numerous instances it is said farmers are plowing their fields piecemeal, turning over such portions as are thoroughly dried out to permit of the work being done now and connecting them up as the weather improves.

Farmers generally express impatience to begin active work on a larger scale than weather conditions so far have permitted, but the spirit generally is far from one of disappointment. Some persons with retentive memories recall that the spring of 1917 in this district was as late or later than this, and that the harvest season that year came on only about a week later than usual, while bumper crops were produced.

### FARM BLOOD PROGRAM.

WASHINGTON, D. C. (AP)—Legislation providing long term credits for farmers, reduction of railroad rates, adequate tariff protection for agricultural products, and investment in the Muscle Shoals, Ala., projects as a fertilizer producer were announced to the senate today by Senator Capper, republican, Kansas, as among the objectives of the agricultural bloc.

### MINERS RETURN TO WORK.

NASHVILLE, Tenn. (AP)—Miners of the Bon Air corporation, which operate mines at Bon Air, Ravenscroft, Eastland and Clifty, Tenn., are said in advance today to have all returned to work on the 1917 scale with an agreement that whatever scale is adopted by the miners and operators in their negotiations eventually will be effective.

### BLAST INJURES TWO.

SALT LAKE CITY, (AP)—Two men were seriously injured and many buildings were damaged today when one-half ton of T. N. T. threw thousands of tons of large rock fragments into the business section of the town of Helper, Utah. Investigation led to the conclusion that the heavy charge of high explosive had not been sufficiently weighted prior to firing. Many structures in the business district were rocked by the force of the explosion.

# AVIATOR KILLED UPON EVE OF WORLD FLIGHT

## Famous Flyer and Passenger Lose Lives when Machine Crashes on Trial Trip

LONDON, (AP)—Sir Ross Smith, the Australian aviator who with his brother, Sir Keith, had planned to start from Croydon April 25 on a flight around the world, was killed in a practice flight at Brooklands today. Lieutenant Bennett, an engineer, who was planning to accompany Sir Ross and his brother on their around the world flight, also was killed. The machine which crashed was the one the Smiths intended to use in their flight. Captain Conkerill of the Victoria company had previously flown it for half an hour, then handed it over to Captain Bennett.

As the machine was approaching the airfield to land it got into a spin and the crash followed.

Captain Sir Ross Smith sprang into prominence in 1919, when accompanied by his brother Sir Keith he made a flight from England to Australia, 11,600 miles, winning a prize of 10,000 pounds from the Australian government. Both aviators were knighted for the feat.

### Saw Much Service.

Captain Smith saw distinguished service in the war, first with the Australian forces in Egypt and Gallipoli, and later with the Australian flying corps in Egypt and Palestine. He was one of the British army aviators who, in December, 1918, made the first flight from Cairo to Calcutta. The route of the flight around the world which the brothers expected to start from Croydon, near London, on April 25, was by way of France, Egypt, Asia Minor, India, China, Japan and Siberia, thence jumping to North America at Bering straits with landings at Nome, Alaska, and Alaska, thence across Canada to the Soo, swinging there to the southeast to New York and continuing along the New England coast to New Foundland or the jump across the Atlantic to Ireland. The aviators expected to cover the 27,500 miles in 240 hours of flying spread over a period of three months. Their machine was of the hydro-airplane type, fitted with wheels for alighting on land and propelled by an engine of 450 horsepower.

# SECRETARY FALL FAVORS PLAN OF REHABILITATION

## Scheme to Settle Former Service Men on Ten Acre Tracts with Free Irrigation and Tuition Wins Official Approval

WASHINGTON, D. C. (AP)—Secretary Fall today said he approved the bill pending in congress which provides for co-operation between the interior department and the veterans' bureau in establishing a settlement of rehabilitated former service men on a reclaimed unit of the Yuma mesa in Arizona. Enactment of the measure, the secretary said, would initiate the first practical effort in the placement of servicemen on a reclamation project. The plan of the bill contemplates turning over to the veterans' bureau a number of the ten-acre farm units for which the reclamation service will furnish a complete irrigation system. Veterans capable of farming would be schooled in agriculture during the preparation and operation of the building and as soon as the lands were productive would take over their plots.

Twin Falls Benefits by Investors' Investigation

Denver Bond House Hears Interest on City's Bonds is 'Not Always Paid Promptly When Due' But Inquiry Reveals True Condition of Affairs and Investment with Message of Congratulation Follows

Twin Falls' reputation in the outside world is so high that investors holding previous familiarity with conditions here are making inquiry as to the actual facts before making any further investments in Twin Falls securities.

'We have been told interest on these has not always been paid promptly when due,' the firm said in a telegram to City Clerk Paul R. Taber, asking for the actual facts.

The correspondence in the case is as follows, beginning with the telegram of inquiry from the bond dealers:

Denver, Colo., March 29, 1922. City Clerk, Twin Falls, Idaho. Please wire advising whether interest is being promptly paid on all outstanding Twin Falls city bonds, also what per cent of taxes now due are delinquent in Twin Falls city and county...

In reply the city clerk sent the following telegram: Twin Falls, Idaho, March 30, 1922. Bosworth, Chanute and Co., Denver, Colo. Interest and principal on all outstanding Twin Falls bonds has always been paid promptly. Fifty-one per cent of 1921 tax have been paid to date. Percentage of delinquency is not available from county auditor until after July 1. Assessed valuation of city is \$6,157,000. General obligation bonds \$490,000; special assessment bonds \$27,000; outstanding warrants, \$70,000.

The latest word from the bond dealers is this letter: Denver, Colo., April 6, 1922. Mr. Paul R. Taber, City Clerk, Twin Falls, Idaho. Dear Sir: We much appreciate your advice of the 3rd inst., concerning due dates of taxes in Twin Falls.

By way of comparison it may be gratifying to you and the other officials of the city of Twin Falls to know that when the writer was recently in western Nebraska a usual common type in which taxes actually due and delinquent were less than 50 per cent paid.

Preventative Medicine. The tendency of medical science is toward preventative measures. It is easier to prevent a disease than to cure it. SPEEDING AUTO DRIVER DRAWS JAIL SENTENCE

Hansen Man Convicted of Violating State Laws Regulating Traffic on Highway, Pays Well for Release from Prison

Convicted of exceeding the speed limit and reckless driving of an automobile on the public highway, after a trial that occupied all day Wednesday in probate court here, E. R. Webb of Hansen, was sentenced to the penitentiary by Judge O. P. Duvall to serve a term of 60 days imprisonment in the county jail. Webb's father today was permitted to pay a fine and costs amounting to \$1150 in lieu of the jail sentence. The young man spent last night in the county jail.

Damage Suit Pending A suit against Webb for damages for the loss of a horse that was killed when it was struck by Webb's car, has been instituted by Albert Estling of Twin Falls, and is pending in probate court. The criminal action against Webb for violation of state laws regulating traffic on public highways is the first of the kind prosecuted in this county. Trial of the case for the civil action was conducted by Prosecuting Attorney Frank L. Stephan. The case for the defense was conducted by S. D. Davis.

Deny Excessive Speed Defense was based on testimony of Webb and three other persons in the car with him at the time of the collision with the horse and Webb's car. These witnesses denied that the car was traveling at an excessive rate of speed. The collision occurred on Kimberly road just outside the Twin Falls city limits. The horse, driven by Mr. Estling, came on to the highway from the street as the Webb car came on from the east. The animal was a pot of the Estling family.

TANGLE OF AFFECTIONS IS CARRIED INTO COURT

Filer Man Charges Deserting Wife is Planning to Marry Another Naming Raymond D. Getchell, a former resident of Filer, as the person who is the prospective husband of his wife, Pearl M. Arnhart, who left the Arnhart home at Filer, February 1, 1922, and refuses to return from Aurora, Mo., Thomas C. Arnhart, through his attorney, W. D. Gibbs of Filer, has filed suit for divorce in district court here.

He asks also for the custody of their four minor children, three sons and a daughter. He alleges that the daughter and youngest son were with their mother in Missouri, and says that Getchell is a "cruel and coarse person and not a fit person to be a step-father to the children." Mrs. Arnhart carries out her alleged purpose to marry him as soon as Getchell has obtained a divorce from his wife in another state and Mrs. Arnhart has been released from her existing marital bonds. Getchell recently left Filer, the complaint recites.

The complaint contains alleged quotations from letters said to have been written by Mrs. Arnhart to Getchell. The Arnharths were married in July, 1909, in Lawrence county, Missouri. There had been no rift in the marital relationship until Mrs. Arnhart's departure last February, for which she gave "vague and untruthful" reasons, the complaint alleges.

NEW VEGETABLES ARE PLENTIFUL ON MARKET

Weekly Review of Market Gardening Industry Indicates Heavy Demand CHICAGO, (AP) - Coinciding with the opening of the peach season is the arrival of the season for new potatoes in cream and young onions. The markets of the country are being liberally supplied with new vegetables, according to the weekly review of fruit and vegetable lines issued today by the United States bureau of markets.

Generally ample supplies, the review points out, have induced slight to moderate declines in potatoes, new onions and celery. A rather heavy movement continues in potatoes, sweet potatoes and apple. But other stored produce seems to be nearly through.

IMPORTANT QUESTIONS TO BE AIRED IN COURT

Twin Falls Attorneys to Present Albion Normal and Irrigation Cases

E. A. Walters and R. P. Parry of the firm of Walters, Hodgkin and Bailey, attorneys, left this morning for Boise where they will appear Friday before the state supreme court in hearings in cases involving the proposed removal of the Albion state normal school from Albion to Burley, and in a case involving the question of whether a Carey company is liable for crop damage when it has made an equal division among water users of all of its available water supply.

In the normal school case the Twin Falls attorneys appear for citizens of Albion who are protesting against removal of the institution as proposed by legislation adopted at the last session of the state legislature. The district court has ruled against the Albion citizens.

PRESIDENT DAVIS DENIES INTEREST IN TOWNSITE

States That Use of Name in Connection with Promotion Not Authorized

Editor, Twin Falls News, - Information that his name is being used in connection with the sale of lots in certain townsites located along the proposed route of the Idaho Central railroad, and wishes to state emphatically if such be the case his name is being used without any authority whatever as he is not now, never has been, and does not expect to be connected with any townsites along the line of the Idaho Central railroad. There are two essential necessities for a successful townsites: first, business enough to warrant sale thereof; and second, a suitable precedent as to the location for the free movement of cars, the latter can only be determined after an absolute location of the Idaho Central railroad has been made.

I will thank you very kindly if convenient to make this letter public in your paper.

Sincerely yours, GEO. L. DAVIS.

GUARANTEE CLAIM FAILS

Jury Holds Seed Potato Buyer Liable for Payment Regardless of Yield

Claim that the seller of seed potatoes had guaranteed a crop from the seed and that no yield resulted, seemed unreasonable to a twelve-man jury today in probate court here in the trial of the case of Ross Prescott against V. H. Buster, and a verdict was returned awarding the seller, Prescott, judgment for \$1 a sack for the seed potatoes furnished Buster.

Testimony for Prescott indicated that Buster had accepted the seed potatoes under provisions of an agreement whereby he was to return at harvest time two sacks of potatoes for one of seed furnished.

Buster confessed judgment on a note for which suit was brought by Prescott, both claims being combined in the one case. The case for Prescott was prosecuted by C. A. North, assistant prosecuting attorney. O. C. Hall appeared for Buster.
