

CLAIMS SHOT WAS FIRED IN SELF DEFENSE

Harry J. Dunlap, Murtaugh Farmer, Charged with Murder of C. G. Russell Following Dispute on Ranch

C. G. Russell, aged about 40 years, Murtaugh district farmer, is dead, and his brother-in-law, Harry J. Dunlap, also aged about 40 years, is charged with his murder as a result of a fatal shooting Sunday forenoon at the Dunlap farm about one and one-half miles east of Murtaugh.

Russell's death occurred Monday morning at a hospital here, where he was taken after being shot at about 10 o'clock Sunday morning. The fatal injury was inflicted with a shotgun, the charge being received in the right chest, appearing in fact that the shot was fired at short range and from the side of the dead man. Death resulted from shock and loss of blood, attending physicians said.

The shooting, according to Dunlap, grew out of a dispute over Russell's stray cattle which Dunlap had taken up.

Dunlap came Sunday to Twin Falls with Sheriff H. R. Sherman and Deputy Sheriffs E. C. Vannoy and H. S. Hamilton, who were called to the scene of the shooting by a telephone message from Murtaugh. Dunlap admitted having shot Russell and told his story of the circumstances that led to the tragic occurrence. He was arraigned before Kennedy Packard, justice of the peace, on a charge of assault with a deadly weapon. He was released on bond in the sum of \$2500 furnished by Hyrum E. Pickett, Ollie Peterson and T. D. Nash of Murtaugh.

Murder Is Charged. Warrant for Dunlap's arrest on a charge of murder was sworn out by Prosecuting Attorney Frank L. Stephenson Monday morning following Russell's death. The prosecuting attorney indicated that Dunlap might be released on bond on the murder charge. Under the circumstances an inquest was not deemed necessary by the prosecuting attorney and Coroner P. J. Grossman. Russell's body was taken to the Grossman undertaking establishment.

According to Dunlap's story of the fatal occurrence, Russell came to the Dunlap place Sunday morning to claim his cattle, which had broken through the fence separating the Dunlap and Russell farms. Twice before Dunlap's cattle had broken through the fence and had been taken up by Russell, who demanded and received from Dunlap on each occasion \$50 as damages. On this occasion Dunlap suggested that Russell pay \$500 damages done by Russell's cattle. Russell refused to make settlement on this basis and drove his cattle out of Dunlap's corral.

Makes Charge of Theft. While thus engaged Russell charged Dunlap with having stolen certain traps which he said were on the cattle. Dunlap denied the accusation and, he says, was made the subject of abusive remarks by Russell. In the course of the controversy, Dunlap says, Russell got down off his horse, saying, "Fix you so you can't steal any more."

Dunlap then picked up the shotgun and fired.

Russell did not fall, but was assisted by his sister, Mrs. Dunlap, to remount his horse, and rode back to his own place, from where he was taken in an automobile to the hospital in Twin Falls.

So far as official investigation has determined, Russell was unarmed.

Accused Man Nervous. Dunlap was nervous and distraught when interviewed by the officers upon their arrival at the scene of the shooting. He is a smaller man than Russell and a cripple, having had his feet crushed some time ago in a hay baler. He told the officers that he considered himself no match for his brother-in-law in an attack such as he believed Russell threatened and that he shot in self-defense.

Mrs. M. E. Russell, mother of Chester Allen Russell, who lies dead at an undertaker's chapel here, and of the wife of Harry J. Dunlap, said today in a charge of first degree murder of the dead man. Tuesday disclosed facts as to the relationships between the two families beginning years ago in a little town on the banks of the Ohio river and culminating Sunday in the tragedy.

here, told the story with visible emotion. Her granddaughter and adopted daughter, Hazel, stepdaughter of the man who is charged with murder, sat beside her and prompted her occasionally as she related the story.

The bereaved mother took up the story at its beginning almost a score of years ago back in the vicinity of East Liverpool, O. Dunlap, then a worker in a tin plate mill, was a suitor for the hand of her daughter, then a widow with her baby daughter, Hazel.

Twelve Years in Idaho. Dunlap was a successful suitor and within a few years after the wedding, the Dunlap family moved to Idaho, settling up land which has been their home for 12 years, just east of Murtaugh. Two years later Chester Russell's health failed and he followed his brother-in-law to Idaho, and bought from Dunlap half of the 80-acre farm which Dunlap had taken up.

Relations between the families were cordial, the bereaved mother said, until a dispute arose between her son and son-in-law over terms of the sale of the land by Dunlap to Russell. Russell had not made certain payments for the land and Dunlap had taken steps to foreclose. It was her son's intention to send her father to return to his former work as a teacher to earn the money to pay for the land.

The difficulties were aggravated in occasional instances when Dunlap's cattle broke through fences and trespassed on the Russell place. In one or two instances Russell demanded and received from Dunlap \$5 for damage done by the straying cattle.

On the day of the fatal shooting, Russell's cattle were taken up by Dunlap. Russell said his 15-year-old stepdaughter, Madelyn, to the Dunlap place for the cattle. Dunlap did not release the cattle but told the girl, it was her father's and her father for the cattle, promising that he would "settle reasonably."

Claims Threat Was Made. Three weeks before, Russell told his mother, Dunlap, to remain his saying, "Come up to the house and I'll fix you." Mrs. Russell at that time expressed fear for her son's safety and advised him to leave the farm. Russell replied in effect that Dunlap had a dangerous temper but that it was improbable that he would actually commit any violence.

Concerning the conversation or dispute that took place Sunday between the two men prior to the shooting, Mrs. Russell had no information. She said, however, that Russell's cattle had not been turned out when he turned to wife after the shooting, the mother said that her son declared he did not know that he had been shot until he found that he could not lift his arm to mount his horse. The shooting, according to Russell's statement to his wife, occurred as he turned to untie his horse.

Didn't Own a Gun. The manner in which Dunlap came into possession of the shotgun with which the shooting was done, Mrs. Russell is concerned. She has made her home during recent years with both families and her statement corroborated by that of her adopted daughter, is that Dunlap never owned a gun, and their opinion is that the loaded gun was borrowed.

Chester A. Russell was 41 years of age. He leaves besides his mother and widow, four children, a stepdaughter, Madelyn, aged 15 years; a son, Allen, 10, and two daughters Hilda and Mabel, aged 9 and 5 years.

Dunlap's family is composed of his wife and four of his children, Helen, aged 15 years and three sons, Robert 13, Thomas 10, and Richard 7.

BRINGS SUIT TO HALT TRANSFER OF CANAL STOCK

R. Glavin 'Renews Litigation Against Salmon River Company, Attacking Proposed Distribution of Shares

On the basis of allegations set forth in an amended complaint filed in district court here Tuesday afternoon in the case of R. Glavin "and all others similarly situated" against the Salmon River Canal company and others, request is made for issuance by the court of orders restraining the transfer of canal stock from lands of the original project lying outside the restricted area of 35,000 acres to holders of lands within the restricted area.

Further order of the court is asked to restrain the canal company from delivering during the season of 1922 water to persons holding land in the restricted area or claim on additional shares of canal stock on the basis of shares of stock rather than upon an acreage basis.

Restraint order to prevent the Peoples Trust and Savings company of Pittsburgh, Murray Brookman or any of its representatives from voting stock from lands outside the restricted area is a further objective of the action.

Stockholders Approve Transfer. The proposed transfer of canal stock from lands outside to lands within the restricted area was authorized by an amendment to the canal company's by-laws adopted at a special meeting of stockholders at Hollister last Friday.

The Glavin suit was instituted last February when request was made for restraining order to prevent the canal company from holding an election of directors on a basis of stock vote rather than on a basis of land tenure. This injunction was granted and subsequently dissolved by Judge T. Burley Lee in district court at Burley. It had the effect of postponing the election of canal company directors until last Friday.

Other Defendants. Defendants in the suit in addition to the Salmon River Canal company are G. M. Hall and George F. Grover, president and secretary, respectively, of the company; Murray Brookman, Twin Falls-Salmon River Land and Water company, Peoples Trust and Savings company of Pittsburgh. Attorney filing the amended complaint for Glavin are E. J. Hornbrook, A. A. Fraser and John W. Graham. The original complaint was filed by E. J. Hornbrook and W. P. Guthrie.

Thomas of Burley, charges defendant Dillon, who is alleged to be vice president and a director of the Bank of Murtaugh, with fraudulently withholding the proceeds from the sale of pigs mortgaged by F. COURT CLEARS WAY TO HOLDING CITY ELECTION

Judge Babcock Sustains Objection to Issuance of Writ of Prohibition Against Balloting

Holding that determination by the mayor and council as to the sufficiency of the petition for the commission form election of March 28 was final, Judge W. A. Babcock in district court here Tuesday afternoon rendered a decision sustaining the general demurrer against issuance of a writ of prohibition against the election June 6 of councilmen for Twin Falls under the commission form. Judge J. R. Bothwell of Bothwell and Chapman, attorneys for John Kosbarok, who applied for the writ of prohibition in this case, said, after the decision had been announced, that the supreme court would be asked to review the case, and that direct application to the higher tribunal probably would be made.

Clears Way for Vote. Effect of Judge Babcock's decision is to clear the way for holding of the election of June 6, unless the supreme court interposes.

In announcing his decision Judge Babcock said: "The general demurrer in this case, in the opinion of the court, overthrows all other questions involved. As I regard it, the question presented is whether this court will review the action of the mayor and council in the determination as to the sufficiency of the petition in question. The court will presume that their determination was thorough. There seems to be no provision in the statute for appeal from the determination of the mayor and council and I take it that their determination is final, unless there were some showing of fraud committed by the mayor and council in their determination. This contention practically disposes of the questions raised in the case."

Judge Babcock said further that the questions raised were perplexing and that there was considerable conflict of authorities.

Irregularities Charged. In this case, which was instituted by John Kosbarok against P. W. McElbert as mayor, charges were made that the petition for the commission form election of March 28 contained the signatures of more than 100 persons who had never signed by persons other than those whose names appeared; that it contained the names of 100 persons who were not registered voters at the time of signing and that it contains the names of 134 persons who neither registered nor voted at the election in question.

It was charged also that the mayor was without jurisdiction to call the commission form election in view of the fact that a petition for submission of the city manager plan had been filed previously.

Argument for and against the motion for dismissal of the application for the writ of prohibition was completed by attorneys late yesterday afternoon, having continued throughout the entire day.

Stress was laid by M. J. Sweeley, an attorney for the city, upon the contention that the court would not be justified in interfering with the election proceedings at this time, adoption of the commission form of government having been voted by a majority of electors at the election of March 28.

PAVING REPAIR IS ANTICIPATED BY COUNCILMEN

City Administration to Gather Information on Conditions to Deal Advisedly with Contractors Expected Soon

Pavement repair, garbage removal and a new system of house numbering, together with further consideration of the 1922 budget, occupied the attention of the city council at its meeting Monday evening at which it rounded out its first year's administration.

Members of the council were in accord in the opinion that city officials should obtain all possible information as to the condition of pavement before the contractors entered upon the work of repairing it. The subject was brought up by J. J. Pickett, street commissioner, who said that in his opinion the contractors would be here in a few days to begin the repair work. He suggested that the council might deem it advisable to make tests to determine what may be required in this regard. Such tests he suggested, might determine the penetration, composition and graduation of material entering into the pavement construction.

World Check Report. Mayor F. W. McElroy proposed that the councilmen and street commissioner should make a thorough check of defects in pavement pointed out in the Spencer-Laubach report to the former administration, and general agreement with this suggestion was expressed by other members of the council.

It would not be the purpose of the council to attempt to take the contractors what should not be done in repaving of pavement, expressions of councilmen indicated, although Councilman C. H. Kregel's remark that necessity for employment of a paving engineer was becoming increasingly evident met with general approval.

Would Check Hauling Garbage. After considerable preliminary discussion, the question of garbage removal was brought to a vote by Councilman Kregel's motion that "the city discontinue the hauling of garbage for the time being," and that Twin Falls residents be instructed to haul their own garbage. There was no second and the motion was lost. Decision on the question was postponed by agreement until next Monday.

In discussion of Councilman Kregel's motion, Councilman W. E. Snager suggested that cost of hauling garbage to individuals probably would be greater than accomplishment of the same work at community expense. Taylor Cummins, city attorney, expressed the opinion that the discontinuance of municipal hauling of garbage, which has been in effect here for three years, would greatly increase the work of the sanitary inspector.

Year's Contract Expires. Discussion of the question followed statement of the street commissioner that last year's contract for hauling garbage expired that night. He suggested that municipal garbage hauling be suspended for 90 days, and subsequently advised that if the council decided to provide in the future for municipal garbage hauling, he was certain that the work could be done on a new basis with greater economy of expense.

A. W. Murray, sanitary inspector, was instructed to survey existing conditions as to removal of garbage and make recommendations as to release of the contractors from their bond.

New House Numbering Plan. The new system of house numbering, which has been under consideration by the council for some weeks, was embodied in an ordinance presented by Councilman Kregel and placed on its first reading. Under the system out lines blocks on avenues would be numbered by 100s from Shoshone street, and blocks on streets would be numbered 100s from Main avenue, one number being allotted to each 12 1/2 feet frontage. Even numbers would be given to blocks on the right and odd numbers to blocks on the left from the point of beginning. Numbering on avenues east from Blue Lakes boulevard would begin with 1000.

Provides Sinking Fund. Under provisions of a resolution presented by Councilman Kregel seconded by Councilman Bowles and adopted by unanimous vote, \$4000 will be credited to the waterworks purchase sinking fund "out of the proceeds of any operation of the waterworks." The council was assured that sufficient funds for this purpose were available. The city clerk also was authorized to transfer from unexpended balances remaining in the general expense fund to departments provided for from this fund where deficiencies existed. The J. W. Visser of the Twin Falls clinic, offering to furnish the city with chemical and bacteriological analyses of milk and water.

Stray Dogs Numerous. Chief of Police Ben J. Brown was authorized by the council to make ar-

rangements for impounding of dogs without license tags after May 1. In this connection, the police chief told the council that the town is covered with license tags and that from 10 to 15 complaints daily on this account are received at police headquarters. Issuance of warrants was authorized in payment of claims against the street sprinkling fund in the sum of \$126.07, against the waterworks fund in the sum of \$1,080.82 and against the general obnoxious fund in the sum of \$4,935.01.

Popular interest centered upon the more tangible exhibits offered by the more numerous departments of the agricultural departments, while the agricultural departments, while the agricultural departments of the language, history, mathematics and science departments, although necessarily less limited, were in many instances novel and in every case an effective portrayal of the work done by the students in these classes.

Claim Popular Interest. Arrays of needlecraft and of cookery in the home economics department's exhibit vied with the handicraft of the flower and the manual art department in their claims upon the interest of the visitors, while the agricultural students' display of livestock including pens of blooded swine were widely commended upon.

The offerings of the mathematics departments of both high school and junior high school were considered especially creditable as well as interesting to the visitors who were engaged. Themes, compositions and other manuscripts attested to the capability of modern language, history and science departments.

Athletes Advertised. Announcing an "athletic exhibit" in a place prominently displayed in the high school entrance hall calling attention to the baseball game between Twin Falls and Buhl high schools to be played at the latter place on Lincoln field Tuesday afternoon.

DIRECTORS ARE ELECTED BY CANAL STOCKHOLDERS

Murray Brookman, G. M. Hall and W. Weddle New Members of Board

Murray Brookman, G. M. Hall and Waldemar Weddle were elected directors of the Salmon River Canal company at a special meeting of stockholders Friday at Hollister.

Mr. Brookman is the representative here of the Peoples Saving and Trust company of Pittsburgh, trustee for the Salmon river project bondholders. Both he and Mr. Weddle, a project farmer will serve for the first time as members of the canal company's directors. Mr. Hall who was elected, has served here as president of the company. Mr. Brookman and Mr. Weddle will succeed E. B. Darlington of Jerome and A. G. Howell of Hollister.

Proceedings of the meeting Friday were to have been completed at an annual meeting called to be held last February. At that time B. G. Glavin and other stockholders obtained from Judge T. H. Bailey Lee in district court, an order compelling the canal company from holding an election. Several settlers thereupon held a meeting and elected directors, votes being cast on a basis of land tenure, rather than by stock as provided by the company's by-laws. The court later dissolved the restraining order and denied the validity of the election of directors at the settlers' meeting.

Stockholders at the meeting Friday adopted by vote of 46,453 to 634, an amendment to the by-laws whereby proportionate interest in a surplus of 25,000 shares of stock remaining after the return of a project loan to \$5,000 were to be received by each of the stockholders whose land holdings are retained within the project.

KIMBERLY AGAIN BEATEN

Twin Falls Ball Players Lack Head Work, But Manage to Pile Up Big Score

The return game Thursday afternoon with Kimberly resulted in the local high school winning by the score of 18 to 4.

For five innings it was a pretty game with Twin Falls leading 4 to 1, but in the fifth and eighth Kimberly fell down, and allowed the locals to score 11 runs in the two innings. The Kimberly players made three three runtable catches of foul balls made by Groom. All three of them looked impossible, but the speedy Stanley got under all of them.

The Twin Falls boys didn't play up to their usual standard, their errors being more those of omission than commission. At times their heads refused to work for them.

Putzer got into the game in the third inning, and had his batting eye with him, nailing three hits out of three official times at the bat. Kimberly played its toughest game than on their last appearance here, and the playing of Weaver at second, was of big league caliber.

Rowland of the Kimberly team made two beautiful catches. Mussell, centerfielder for Twin Falls, was hit in the eye during practice, and was unable to play.

Each team used all its subs, and each one under a very good showing. The box score: TWIN FALLS—A. R. H. P. O. A. E. Cron, 3b, 4 2 1 5 2 3 G. ## FAST BUHL HIGH TEAM BEATEN BY EVANS' MEN

### West End Pitcher Goes Like a Whirlwind for Five Innings, Then Weakens

The Twin Falls high school baseball team added another victory to their already long chain when they defeated the fast Buhl high school nine Tuesday afternoon at Lincoln field by the score of 18 to 3.

For five innings it looked as though Kimball, the Westenders star hurler, was going to make the locals bite the dust, but in the sixth he weakened and was hit at all corners of the lot.

Several fine plays were made during the nine innings of play, but perhaps the outstanding feature was the home run clout over the right field fence made by Putzier. It was a mighty swat and cleared the fence easily.

Another feature was the all-around playing of Muszell. The local center fielder stepped to the plate five times, got three walks, made a single that scored two runs, and on his last trip to the plate he capped a three-run knock out to the barn with the bases loaded. He stole four bases, and made three beautiful catches. To Cobb in his palmy days never beat that record for a day's play.

Hodgin of Buhl had his batting eye with him, connecting for three clean hits out of four trips to the plate. Wilson made two out of five.

Kimball took into a real pitcher, having plenty of smoke, and a nice hook ball, but seemed to lose heart when his teammates kicked the ball around. Krali is a dandy catcher, and in all it looks as though Buhl and Twin will be the two teams to fight it out for the championship of this section.

Buhl started hostilities in the second by chasing two runs across the platter. Hodgin opened with a swat to left, Harper lost Krali's roller roll through his pedal extremities, and Muszell followed suit. Hodgin's tying up at third, and Krali getting his wind at second. Mullins grounded out via the fix. Hodgin's base hit. Hodgin came to Buhl's rescue, by bobbing on Kimball's grounder after Fix had hit Dolan in the slats. This error chased in two runners. Wilson forced Dolan, and Macchack ended hostilities by popping up to Fix.

Buhl Bees in Fifth. The onny proved up quite a bit in the fifth inning, and made three more tallies. Wilson singled to left, Macchack sacrificed him to second, Gerald Jarman took play on Snyder and fuzled his case, so the pitcher came to Buhl's rescue, by fielding for two bases, scoring Wilson and Snyder. Hodgin grounded out, Crom to Hammond, but Crom booted Krali's hard roller and Cox came in with the third run of the inning, and incidentally the last run that Buhl was able to make off of Fix.

After the fifth inning was invincible, allowing but one hit.

The locals made one in the second. Fix was granted a life when Wilson errored on his easy grounder, he went to second on Thometz' out, and scored on Muszell's clean swat to left. Muszell took second on the throw in, and then stole third. Hammond flew to Macchack, Muszell trying to score after the catch, but was nipped at the plate by a perfect pop. It was a nice piece of work.

The Evans' hopes rose loose in the third and ran the ball four times, with some real hitting. Harper opened up by flying out to Wilson. L. Jarman kissed the pill for a healthy swipe to right field. Crom doubled to left, sending Jarman in for a counter. Wilson booted G. Jarman's roller and Crom raced home, Jarman going to left. Putzier singled to right, scoring Jarman. Fix sent a Texas leaguer to left, scoring Putzier who had pilfered second. Thometz was granted a life when Cox missed Snyder's throw, Fix moving to second. Muszell waited for four wide ones, filling the bases. Hammond whiffed the breeze, and Jarman did likewise, leaving three men on the bases.

have been...cut down...with better weather.

All in all it was a great game with all kinds of baseball, and everybody went home satisfied.

### NOTES OF THE GAME.

Pretty keen game for five innings.

Buhl looks awful good, and will give the locals a real return game at Buhl next Tuesday.

Kimball had lots of stuff during the early innings, and in the first whiffed such hitters as Crom and Putzier.

Macchack made a beautiful pop to home in the second inning, doubling Muszell, after he had caught Hammond's long fly.

In the fifth inning Muszell stole second, third and home. The play at home was close, too close for comfort.

Putzier's home run sent in the sixth was a real swat, and drove G. Jarman in ahead of him. When Bob hits them they go.

Muszell made a dandy running catch of Krali's long fly in the seventh.

Krali made a nice catch of Harper's high foul in the seventh.

Hammond is improving right along, and his pick-up of G. Jarman's low

throw in the eighth was a pretty piece of work.

Crom made a clean hit to right in the eighth inning, but the speedy Dolan came in fast and threw Stan out at first on a close decision.

A large crowd of Rotarians were over from Buhl to lend their support to the Westenders.

### Philadelphia Team Scores Three Home Runs; Record Equalled But Twice

NEW YORK, (P)—The Philadelphia Athletics clinched the latest spotlight performance in baseball—three consecutive home runs in a single inning, a feat accomplished twice before in big league history.

Walker, Perkins and Miller of the Americans yesterday equalled the clutching history made in 1894 in the National league by Stutzert, Miller and Feltz of St. Louis and in 1902 by Lajoie, Hickman and Bradley of Cleveland. The circuit smashes all were made off McGridge and helped Philadelphia to trounce Washington, 11 to 2.

Happenings of a Day In Sports

TWIN FALLS IS EASY VICTOR IN BASEBALL GAME

Evans Men Defeat Idaho Falls by Score of 9-2—Contest is Characterized by Clever Work on Both Sides

(By PHIL GOLDWATER.)

IDAHO FALLS, (News Staff Correspondence).—Superior pitching coupled with timely hitting tells the story of the Twin Falls high school baseball team's victory over the local high school team yesterday afternoon at Hyland park. The final score was 9 to 2. L. Jarman on the mound for Twin Falls pitched a masterly game allowing seven hits and striking out ten men. At no time during the entire nine innings of play was he in danger.

The two runs made by the locals came in the last of the ninth when Thompson made a circuit out with a runner on first. Even with Twin Falls leading by nine runs it was a game well worth seeing with plenty of good baseball on both sides. Tuggle, a long rangy southpaw opened in the box for the locals and lasted six innings.

His tendency to be wild at times proved his undoing. H. Payne, who will be remembered by Twin Falls people as the lad who made the place kick two years ago when Twin Falls and Idaho Falls met on the gridiron, took Tuggle's place in the box and pitched good ball. Aside from Jarman's clever catching and Thompson's home run the work of Putzier is worthy of mention. The stoic backstop made a three-bagger, stole two bases and made three beautiful catches of high fouls. Mussell in centerfield, startled the natives with three classy catches. A neat double play, Leal's error in the game, kept in the team's record of making double play each game. G. Thompson had his battling eye peeled and slapped out three safe ones, one a triple. Fix made two nice hits as did Cron.

Wilke Does Good Work. For the locals, the fielding of Wilke is worthy of special mention. Idaho Falls has a real team and play good, consistent ball, not withstanding the fact that they have played but three games this season. In Bucklin they have a real backstop while Tuggle and H. Payne in the box looked very good. A decided feature of the game was umpiring. Both Morgan and Lindsay gave big league exhibitions. The game in detail:

First Inning. Twin Falls—Cron singled to centerfield and went to second when Tuggle threw wild on G. Jarman's bunt to the keynote sock, the ball going to centerfield. Cron was caught at third, Wilke to H. Payne. Wilke made a perfect play. Jarman went to second on the play. Putzier took a poke in the ribs and jogged to first. Fix waited for four bad ones, filling the bases. Thompson singled to center, scoring G. Jarman and Putzier. Mussell flew to right field. Hammond struck out. Two runs, two hits, no errors.

Idaho Falls—H. Payne poked a long fly into Fix's waiting diggs. H. Payne breezed Tuggle's single through short. Bucklin sent a Texas leaguer to right field. Bybee struck out. No runs, two hits, no errors.

Second Inning. Twin Falls—Harper tripped to center. L. Jarman popped to H. Payne. Cron singled to center, scoring Harper. G. Jarman took one in the ribs and meandered to first base. Putzier flamed out to Bybee in left. On a hit and run play Fix caught center scoring Cron. G. Jarman stopped at third but could easily have reached home. Thometz ended the inning by sending a long fly to Wilke. Two runs, three hits, no errors.

Idaho Falls—Wade fanned out. Thompson was wanted a score when G. Jarman and Harper collided on his easy pop fly. It was Harper's error. Thompson took too long a lead off first and when L. Jarman threw wide to first base, Thompson raced to second but was nipped by Hammond with a beautiful peg to G. Jarman. It was a pretty play. Zengle struck out. No runs, no hits, one error. Harper's triple was far over Wilke's head. Fix's double went between center and right field.

Third Inning. Twin Falls—Mussell walked, Hammond fanned for the second time. Harper sacrificed Mussell to second. L. Jarman went out to Zengle to Wade. No runs, no hits, no errors.

Idaho Falls—Wilke walked. H. Payne popped to L. Jarman who doubled Wilke at first. H. Payne sent a screamer to left field sending H. Payne to third. Bucklin threw to Mussell. No runs, two hits and no errors. Mussell's catch was a beauty and saved two scores.

Fourth Inning. Twin Falls—Cron went out, Zengle to Wade. G. Jarman singled infield and went to third on a passed ball. Putzier walked, Fix singled. Thometz grounded out, Zengle to Wade. No runs, one hit, no errors.

Idaho Falls—Bybee walked; Wade fanned. Cron took error of Thompson's pop-up. Mussell made a beautiful running catch of Zengle's long fly to left center. No runs, no hits, no errors.

Fifth Inning. Twin Falls—Tuggle and Wade took care of Mussell. Hammond cracked a single to centerfield and went to second on a passed ball. Harper struck out. H. Payne let L. Jarman's roller go through his legs, Hammond scoring and L. Jarman lying up at second. Cron knocked a hot one to H. Payne who again fumbled; L. Jarman bringing in the second run. G. Jarman struck out. Two runs, one hit, two errors.

Idaho Falls—G. Jarman took care of Wilke's pop-up. H. Payne singled to center. R. Payne fanned out. Putzier made a nice catch of Tuggle's high foul. No runs, one hit, no errors.

Sixth Inning. Twin Falls—Putzier opened the inning with a triple for over H. Payne's head. Fix struck out for the second time. Thometz tripped to right center, scoring Putzier. Mussell popped to Zengle, Hammond struck out for the third time. One run, two hits, no errors.

Idaho Falls—Bucklin grounded out, Leal's clever catching and Thompson's home run the work of Putzier is worthy of mention. The stoic backstop made a three-bagger, stole two bases and made three beautiful catches of high fouls. Mussell in centerfield, startled the natives with three classy catches. A neat double play, Leal's error in the game, kept in the team's record of making double play each game. G. Thompson had his battling eye peeled and slapped out three safe ones, one a triple. Fix made two nice hits as did Cron.

NOTES OF THE GAME. IDAHO FALLS, Ida. (News Staff Correspondence).—The Twin Falls team attended the assembly in Idaho Falls and were given the usual rah-rah. Idaho Falls has a real high school with a real bunch of good losers.

L. Jarman allowed Tuggle and Bucklin to hit safely in the first after two were out.

G. Jarman threw 12 straight strikes (most of them being fouls) in one inning before the umpire called the ball on him.

Mussell made a long run for Zengle's fly in the third.

Tuggle had the Indian sign on Fix and whiffed him in the fourth and sixth innings.

In the eighth with two down and a runner on third, Fix saved a run by dodging in between two automobiles, sparing Bybee's long drive.

LEWIS RETAINS TITLE. MINNEAPOLIS, Minn., (AP)—Ed "Strangler" Lewis, heavyweight wrestling champion of the world, retained his title here last night by defeating John Freberg of Sweden.

POCATELLO GROUND IN EXCELLENT TRIM for Today's Game. Rain Settles Dust at Brady Park; Evans' Men in Pink of Condition.

POCATELLO, Ida., (News Staff Correspondence).—The game this afternoon between Twin Falls and the local nine promises to be one of the best of the season. Fix is in tip-top shape and should have the locals ending out of his hand.

Putzier will be on the receiving end. Erickson, the local big southpaw, will oppose Fix with Cox taking care of his elands.

A slight rain last night has put the diamond at Brady park in perfect condition.

DEMSEY IS WILLING. PARIS, (AP)—Jack Dempsey told the Associated Press today it was almost certain he would meet Georges Carpentier again, in London or Paris, late this year if Carpentier defeats Ted Lewis in London May 11, and provided the purse is satisfactory.

Definite arrangements, however, are awaiting the outcome of the Lewis-Carpentier fight. Dempsey asserted it was immaterial to him whether he met Willard before or after his second go with the French champion.

"I am also ready to meet Willard or any one else provided they mean business," said Dempsey. "I hope something definite will come out of all these offers. All I want is five months training. I've seen enough and had a fine rest and am now anxious to get back to work."

Demsey criticized as pure nonsense the reports linking his name with an actress who has been much in the public eye of late. He also denied recent reports that he was going to marry a French girl.

"All the reports about that," he said, "are pure bunk. As I have already told you my heart is in America where it is held tightly by an American girl. I'm afraid my girl in America will be jealous if she reads all these yarns about my going around with French girls and will make me do a little explaining when I get home."

MILLER GETS DECISION. LOS ANGELES, Cal., (AP)—Walter Miller of Los Angeles, claimant of the world's middleweight wrestling championship, was given a decision over Kijo Ikeda of Honolulu, claimant of the catch-as-catch-can championship of Hawaii, at the Los Angeles Athletic club after eight ten-minute rounds. There were no falls.

FIFTEEN ROUNDS TO DRAW

Nick Rockson of Boise and Doll Adams of Weiser Enter-tain Fight Fans

BOISE, (AP)—Nick Rockson of Boise and Doll Adams of Weiser, light-heavyweights, fought 15 rounds to a draw here Thursday night.

The bout was scheduled for 15 rounds with a few understanding that if no decision had been reached by that time three additional rounds would be fought. Rockson led the fighting during six rounds but was dashed and staggered by repeated straight lefts to the jaw in the last five of the first period.

Adams was credited with fending the fight off at the end of the second round and had Rockson on the point of a knockout from the tenth to the fifteenth round. Judges differed in both decisions, one calling it a draw and one giving it to Rockson. The referee, Nick Collins, judged it a draw in each case.

SIX ROUNDS TO DRAW. TACOMA, Wash., (AP)—Jimmy Sacco, Boston lightweight, and Busby Michaels of New York boxed six rounds to a draw here last night. Sacco claimed a few minutes rest and was ordered a ten-minute rest and the bout continued.

Joe Gan, Boston middleweight, toyed with Eddie Hammond of Seattle, taking every round of the six they boxed.

BRITISH EXCHANGE UP. NEW YORK, (AP)—Exchange rates on London today rose to \$4.47 3/4 for demand bills, the highest price since 1919. The strength was attributed to extensive buying of bills here and in London to meet cotton and grain payments.

TO ACT AS SCOUT. BOSTON, (AP)—Alfie Donlin, former star of the Glants and the Braves, now an actor, will act as scout for the Boston Americans this summer, it was announced today. He will cover the western leagues.

OPERATION A SUCCESS. FRESNO, Cal., (AP)—A peanut kernel, lodged for more than a week in the right lung of Aubrey Meyers, two-year-old son of Mr. and Mrs. Carl Meyers of Laton, has been removed here by doctors with the use of a bronchoscope.

THE LADIES OF THE SALVATION Army will hold a rummage sale at the Army hall, 325 1/2 Main E. all day Saturday.—Ad.

## Complete Route of Forces of General Chang Tso-Lin Taken to Indicate End of Hostilities; Peking Quiet Today

**Peking, (AP)**—General Wu Peifu was in control of Peking today, and General Chang Tso-Lin, whose forces he routed yesterday in a fierce battle south of the capital, was reported fleeing to Mukden. Chang's sudden collapse has ended the hostilities.

With 50,000 troops, General Wu encircled Chang Tso-Lin's forces outside Peking and after 15 hours of relentless cannonading, machine gun fire and infantry charges routed his opponent, making himself the master of the capital.

# Camp at City Gates

Wu's forces camped last night unharmed outside the city gates, while Chang's soldiers were scattered, having retired with the main body down the railroad toward Tien Tsin, or dispersed in unorganized mobs over the hills.

The routed army left behind artillery, munitions, horses and loaded camels, and it was wounded and dead. The total casualties in Tuesday's fighting are believed to have reached from 5000 to 7000 dead and wounded.

As the fighting was brought near Peking's walls, warning was sent to the city authorities that soldiers were about to enter the capital. The gates were immediately closed, only foreigners who had been shut out being permitted to enter.

Railroad communication in all directions has been suspended.

All fighting in the vicinity of Peking has ceased this morning. The section inside the walls occupied by the Americans became greatly excited during the night by an attempt of the soldiers outside to ram the gate and gain entrance. The guards on top of the wall dispersed the attacking troops with machine guns. No foreigners were injured.

Friends of Samuel M. Ralston, former governor, were gratified with his heavy vote for the democratic senatorial nomination. He had a total of 103,670 votes, with 266 precincts missing while his nearest opponent, Dr. Jesse Sanders, who made a campaign as a "wet" candidate, had only 27,710.

# MEMORIAL TABLETS UNVEILED

# TODAY'S MARKETS

**Chicago Grain Market**  
**CHICAGO, (AP)**—Announcement that measures were being taken to provide temporary emergency storage facilities on railroad tracks here led to downturns in the price of wheat today during the early trading. Scattered selling of May took place and found support lacking. A decline in quotations at Liverpool, ascribed to an increase of the Argentine exportable surplus, counted also as a bearish factor. Deliveries of wheat here this morning on May contracts were 173,000 bushels, and there were receipts here of 125 carloads of wheat. The opening, which varied from unchanged figures to 3-4c lower, with May \$1.42 to \$1.45 and July \$1.29 1/2 to \$1.36 3/4, was followed by a slight rally and then a material decrease all around.

Subsequently the market was affected by favorable crop advices from the southwest and by reports that a single elevator company at Kansas City was loading out 700,000 bushels of wheat for Chicago and that Omaha was sending 600,000 bushels. On the other hand, vessels started loading 300,000 bushels of wheat here for the east. The close was heavy 1 3/8 to 3 1/4c net lower, with May \$1.39 1/2 to \$1.39 5/8 and July \$1.24 7/8 to \$1.25.

Corn and oats were easier with the wheat. Corn started unchanged to 1-4c lower, July 65 3/4 to 65 7/8c and later undergoing a slight general setback.

Country offerings of corn to arrive here some day later and a slight work was reported as making excellent progress. The close was weak, 3-4 to 7-8 to 1-1-4 to 3-8c net lower, with July 61 7/8 to 64 7/8c to 65c.

Outs, after opening unchanged to 1-4c lower, July 40 1-4c, held fairly steady at about the initial range.

Higher quotations on hogs helped to strengthen the provisions market.

Mercantile Marine common and preferred were under pressure as a result of official statements which discouraged the prospects of early dividend resumption. LIVELY SCENES MARK SCRAP OF HIGH STUDENTS

Hair Cutting Matches Staged Between Juniors and Seniors Culminate in Merry Fistic Encounters on Side

A score or more of close cropped heads among upper classmen of the high school are visible evidences of more or less sizeable moles which have occurred with the coming of nightfall for two or three evening past.

Although the encounters have taken place almost at the center of town and sometimes a hundred or more youths have been active participants, the casualty lists include only those who have sacrificed their curls or pompadours in their zeal for an outcome successful to the class of which they happen to be members.

It is merely the annual class fight staged for several years past between members of the junior and senior classes. Hair clippers and barbers' shears are the weapons with which the conflict is carried on. These instruments have been missing in many Twin Falls homes with the coming of nightfall and are to be found again in their proper places the next morning.

No official cognizance of the affair seems to have been taken by the police, although Chief of Police Ben J. Brown today said that he had been interviewed by a delegation of junior citizens making his advice as to whether or not school officials had authority to punish participants in class fights staged outside the school grounds by suspending them from school.

Indicating the scope of the event, Mr. Brossard has been advised that shearing will be in progress. A representative group of sheep breeders will be maintained on the station will be on exhibition. The results of experimental work in range sheep management and also the production of crops on the high, arid lands of eastern Idaho will be demonstrated. It is also planned to illustrate and explain the methods of supplying sheep with water while on the dry grazing lands.

YOUNG WANDERER BARES HISTORY FOR OFFICIALS

Summons from Massachusetts Comes for Lad who Wanted to Sleep in Jail

In consequence of investigation following his request Wednesday evening at police headquarters here for accommodations for the night, Frederick McKenzie, who gave his age as 16 years, with this evening he started on his way back to his home in South Hadley Falls, Massachusetts, from which, he says, he was driven some months ago by his guardian. Money for the youth's railway fare home was telegraphed to police here by his sister.

Police found in the possession of another youth who applied with Frederick for lodging for the night in the city jail, a woman's watch closely corresponding with one reported missing from a tent dwelling here. The youth with the watch proved to be a ward of the probation officer and was turned over to that official's charge. Frederick was held for further investigation.

Police gave at first an assumed name and made false statements as to his home. "If I had known that I was going to be asked all these questions, I would never have come here," Frederick told Chief of Police Ben J. Brown today.

POLITICAL SITUATION PRESENTS NO CHANGES

Approach of Last Hour for Nominations Does Not Hasten Developments

With only one day remaining for filing nominations of candidates for mayor and councilmen in Twin Falls' first commission form election June 9, there were no visible indications today of political activity and the situation seemed to remain pretty much as it was a week ago when the nominations of three candidates for the new council were filed for the "commission form of government committee."

Indications yesterday that an operating group of candidates might be placed in the running early today had not materialized early this afternoon, and there was no evidence of progress having been made by the "commission form" group toward obtaining candidates for mayor and one councilman to complete their slate.
