TWIN FALLS MAN HAS CLOSE CALL IN GUN DISPLAY

L. F. Bracken, Former Commander of American Legion in Idaho, Meets Lively Experiences as Federal Officer

Leo F. Bracken, Twin Falls, former commander of the American Legion in Idaho, in the capacity of federal prohibition agent to which he was recently appointed, figured last week in two narrowly averted gun battles against overwhelming odds in a raid on a pool hall at McCleary, Wash., according to word received by Mr. Bracken's relatives here.

In a letter to his wife, Mr. Bracken dismissed the incident with the laconic statements that there had been "happenings at McCleary." In reference to his commission in the episode he said "the other fellow had plenty of nerve, but he talked too much."

The Aberdeen (Wash.) Daily World, in its issue of Monday, June 19, tells the story in the following article:

Dozens of Rifles on Scene

Two men were arrested, a considerable quantity of moonshine whiskey was confiscated and a gun fight, with two officers pitted against about 75 men was narrowly averted when federal prohibition men raided the Pastime pool hall at McCleary at 9 o'clock Sunday night. A. L. McKean and A. J. Curtis are the men arrested.

But for the timely cry, "Don't shoot!" from someone in the crowd, the dozens of rifles and shotguns assembled by McCleary's citizenry to protect the city against hold-up men might have been brought into play. The shooting came after one of the federal men, backed to the wall, exhibited his badge for the second time during the evening.

Withing Under Memory of Bobby

McCleary is still writhing under the memory of the hold-up raid which carried out there several months ago. When the federal men entered the pool hall many of the citizens believed they were robbers who had come to duplicate the act of last winter. Those who had been sitting at the card tables or leaning in and near the hall watched, reappearing in a few minutes in a compact body bristling with rifles, shotguns and other weapons. Surrounding the pool hall they advanced to the windows through which some pointed guns while others entered the doors. One of the officers stood motionless, eyeing the mob with cool disregard of what might happen. The other pulled out his federal badge and said:

"Boys, here's my star. You can shoot if you want to. I have two good automatics in my pocket and I know how to use them. We are determined to carry out the law and we will continue to search this place."

Second Sally Staged

Someone cried, "Don't shoot; they are federal men alright." Then the rifles began to disappear, the mob quieted and the officers continued their search.

But later grumbling arose in the crowd outside the hall. There were those who resented the raid, and these, led by a man in a gray suit, soon had recruited a band of about 25. The 40-foot water tower and the steel dome from the cave of the two-story building, and taking this on end, the men knocked off the light wires to the building. When the pool hall was thrown into darkness, the federal men discontinued their search.

Use Giant Firecrackers

Emboldened by the success of their first efforts, the McCleary crowd brought up giant firecrackers which they placed under the three of the federal men's automobiles. A number of the fire crackers were exploded, but did no damage. The raiding party then boarded their machines with two officers and the liquor seized, and rode away amid shouts and jeers of the crowd.

A. J. Curtis and A. L. McKean, alleged operators of the pool hall, were taken to the Aberdeen city jail. McKean gained liberty last night upon deposit of \$500 bond. Both men will be given a preliminary hearing before United States Commissioner T. H. McKay on charges of sale and possession and operating a gambling game.

Deaths

ORPHEUM OWNERS CLAIM BUILDERS ARE DEBTORS

Amusement Company Asks Refund and Damages Amounting to \$2,687.50

Claim against the Sullivan Construction company for \$2687.50, is set up in the answer of the Twin Falls Amusement company filed in district court here Thursday in the suit instituted by the construction company for recovery from the amusement company of \$13,770.00, claimed as payment for labor and material expended in the construction of the New Orpheum theatre here.

In its answer the amusement company denies that it owes the building concern anything, but asserts that it has overpaid the Sullivan company, through error, \$154.10. The amusement company, in addition to this amount, \$1044.40 on account of alleged failure of the Sullivan company to fulfill terms of the contract for construction of the playhouse, and presents a claim for \$1500 damages on account of alleged malicious filing of a mechanic's lien on the property by the Sullivan company.

Contract price for building the playhouse was \$3,800, the amusement company's answer says, and extra construction brought the bill up to \$9,917. The amusement company claims that it actually paid to the building concern a total of \$10,071.10.

The amusement company's answer was signed by A. R. Anderson, as president, and filed by James H. Wise, attorney.

CHECK OPERATOR IS CAUGHT IN TOILS

Oregon Man Charged with Violating Hotel Men, Faces Prosecution

Charges of forgery or of obtaining money under false pretenses will Friday be preferred against W. E. Wood, aged about 28 years, who was Thursday evening arrested by the police, as he was about to take the evening train out of town after having spent three or four days here and swindled a hotel and a restaurant man out of about \$47 by means of fictitious drafts.

Wood's plan of operation involved issuance of drafts on a bank at Huntington, and, using the name of W. J. Wood, which Chief of Police Ben J. Brown says, is the father of the man held here and a prominent citizen of Huntington.

The Huntington bank Friday afternoon advised in response to an inquiry that it would not honor Wood's drafts. The police took up the trail and arrested him in the vicinity of the railway station just before the arrival of the evening east bound train. Wood caught sight of the officers and evidently surmising their intention, the police say, he beat a hasty retreat toward a row of boxcars. He was intercepted before he found a hiding place. The complaint against Wood was to be preferred by the management of the Hotel Peckrine, whose loss through his operations is said to be about \$40.

ELM PARK WELL COMPANY TAKES PROBLEM TO COURT

Seeks to Straighten Out the Stock Books by Judicial Decree

With a view to straightening out its stock books, the Elm Park Water company, operating a deep well and water distribution system in the southeast quarter of Twin Falls, has instituted an action in district court here against 18 persons who hold shares of stock in the company but who have disposed of their property to which the water runs to have been made apparent by the company's articles of incorporation.

The company in asking in this action for judicial interpretation of its articles of incorporation and for permission to cancel stock issued to persons who have disposed of their property in the territory served by the company and to issue new stock to the new holders of this property.

The complaint in this case was signed by J. L. Breeding as secretary and treasurer of the company, and was filed Thursday by T. K. Hackman as attorney.

The defendants named are A. C. Sheets, John R. Newton, F. C. Gibson, Fred H. Wheeler, William M. Barton, J. L. Schwin, Frank E. Barber, F. H. Rodgers, H. S. Beal, Frank Phelps, Emory Nott, Frank J. Kosharek, A. P. Culp, P. M. Nave and Richard M. White.

MURTAUGH WILL GET POWER LINE

Mutual Company Transfers Property to Burley Man to Complete Project

Construction of an electric transmission line from a terminal of the Idaho Power company's line east of Hansen to a point near the Hiram Pickett farm near Murtaugh, for which purpose the Murtaugh Mutual Electric company was organized several months ago, will be completed by A. Harvey Ball of Burley, under the provisions of an agreement bearing date of April 22, 1922, which was Thursday filed for record in the office of the county recorder. Activities on the part of the company were halted by financial conditions after a quantity of material for the enterprise had been purchased and delivered. Under this agreement the company transfers to Ball all of this material in consideration of his completion of the line. Construction is to begin within 30 days and to be completed within 90 days after the date of the agreement.

Stockholders in the mutual company will not be required to deposit a service fee but they retain no possessory interest nor other privileges in the project.

The agreement was signed for the company by A. M. Hoover, its secretary.

LITTLE FOLKS CONCLUDE STUDIES WITH PROGRAM

Exercises and Exhibits Bear Witness to Summer Work of Sunday School

Marking the close of three weeks' course of study for 137 Sunday school pupils, a program and exhibition of the work accomplished at the first Baptist church Thursday evening was attended by all of the little folks enrolled in the course with their parents, teachers and friends.

During the course of study which was taken up daily between the hours of 9 and 11:30 a. m., the little folks have heard Bible stories and "habit talks" given by the Rev. W. H. Tolliver; have learned sacred and patriotic songs under the tutelage of Mrs. I. H. Masters, and have employed busy hands with

making various things ranging from paper work by the kindergarten classes to more substantial wood work by the older boys and sewing by older girls.

Dr. Tolliver has had general supervision over the course of study and assistance has been given by 24 others, including Mrs. J. D. Whelan, Mrs. Ira Wynn, Mrs. Myrtle Johnson and Mrs. Richard Adams.

An interesting fact brought out in connection with the study course is the number of races and nationalities represented in the Sunday school enrollment, a cursory survey indicating little folks in attendance representing ones of Japanese, Chinese, Spanish, Greek, Hungarian and negro blood, and all uniting in wholehearted salutes to the American flag and the Christian flag under which they marched in daily to their classrooms.

TWIN FALLS THESPIANS SCORE ANOTHER SUCCESS

People's Players Make Good Promise to Provide Continuous Laughter

Stacking up with the best of Twin Falls talent dramatic productions, the people's Players presented Thursday afternoon and evening at the Orpheum theatre, the farce comedy, "Keeping an Eye on Hubby," in four acts, making good their promise that the offering would afford one continual laugh. The play was deserving of more liberal patronage than it received, and persons who attended were well rewarded.

The play was one without a principal role, and while character parts impersonated by Mrs. D. F. Riggs, G. F. Neill and T. C. Macaulay came in for a generous share of approving comment, the cast was a thoroughly capable one throughout, and there was little or nothing in the performance to suggest the ordinary home talent show. Other members of the cast were Dixie Hollio, Genevieve Soule, Blanch Adams, Helen A. Wolfe, Carl Edwards, Lester Ashton, Rex Beach C. N. Leavitt and Donald Crow. The play was staged and directed by Mrs. Riggs.

The next attraction of the People's Players, it was announced, is a heavy drama, "The Builder of Bridges."

BIRMINGHAM CHOSEN

KANSAS CITY, (P)—Birmingham, Ala., was chosen late Thursday as the next meeting for the International Sunday school convention. The meeting will be held in 1923. Birmingham won over Los Angeles, Detroit and Cleveland, which cities followed in order in the balloting.

Local Brevities

On a Fishing Trip.—R. E. Bohler and Ernest White left Thursday for a short fishing trip at Silver creek.

Left to Soda Spring.—Mrs. Thomas Rowberry and son, George Lincoln, were called to Soda Springs Wednesday by the sudden and serious illness of their father.

Leaves Hospital.—Lowell Mickelwait has returned home from the county general hospital where he underwent an operation for appendicitis. He is making a rapid recovery.

On Official Mission.—John R. Ault, probation officer, left Thursday for Nampa accompanying Harold Evans, who will be received there as a patient at the state mental hospital. Mr. Ault will visit in Boise while away.

Here for Vacation.—Chester Wilson of Mr. and Mrs. J. H. Wiles, has returned from Stanford university where he is a student of the school of law, and will remain here during the summer vacation.

Comes From California.—C. M. Smith, pioneer Twin Falls resident, returned Thursday from Berkeley, Calif., where he has spent several months with Mr. Smith and their daughters who are attending the University of California.

Salvationist Coming.—Col. W. J. Turner, chief secretary of the Salvation Army in the western territory, will arrive here Monday, July 3, on a visit to the Twin Falls corps and to address a public meeting, according to word received Thursday by Captain Godwin.

Guests From Colorado.—Mrs. J. F. Emery has as her guests her niece, Mrs. H. C. Moore and son, Jack, of Colorado Springs, Colo. They expect to remain here through the summer. Mrs. Moore was formerly Miss Inez Watson, a graduate of the Twin Falls high school.

Will Repeat Play.—Members of the First Baptist church will repeat Friday evening, under auspices of the Ladies' Aid society, the comedy play presented some weeks ago with so great a degree of success that a return engagement has been called for.

Sprinkling Curtailed.—Sprinkling of streets where resurfacing of the pavement is in progress is being curtailed because necessity for keeping the new paving material dry until it congeals with the pavement. Street Commissioner J. J. Piggerrim said Thursday. As early as possible, he said, sprinkling will be resumed on regular scale.

Encouraged Killing

Young matrons and girls encouraged their men in the slaying of captive mine employes.

"Let's make soap of them," one of the women suggested as six men, banded together with a rope, were shot down with one volley.

An examination showed that one of the six still breathed. An executioner with a ready knife completed what the bullets had left unfinished.

One of four men found under a tree in Harrison woods, where the body of a fifth was suspended from a branch, offered a gold watch and \$25 to his tormentors when he saw all was about over for him.

"You're a good scout," taunted one of his tormentors. "Make a run for it."

The fellow was shot down by the man who jeered at him.

"He one of us, keep moving and ask no questions," seemed to be the order in the theater of operations about Harrison. A few women ventured to take camera snapshots. The cameras were trampled under foot and the women were roughly handled.

UNION OFFICIAL DECLARES

44 MEN WERE KILLED IN ALL CINCINNATI, (P)—Forty-four persons, two of whom were union coal miners, were killed in the mine disorders at Herrin, Ill., according to the statement Thursday night of Frank Farrington, president of the Illinois district organization of the United Mine Workers of America.

Mr. Farrington declared he had received his information from an official of the union at Herrin. He also said that he had not agreed to permit the mine where the trouble occurred, to operate, which, it was said, was possible under the union's general strike policy to permit mining of coal to fuel public utilities.

MERGE IS PROPOSED

KANSAS CITY, (P)—The International Sunday School convention in session here Thursday voted unanimously in favor of merging the International Sunday School association and the Sunday School Council of Evangelical denominations.

NEW ASPIRANTS FILE PAPERS FOR COUNTY OFFICE

Four More Candidates Make
Formal Announcements of
Willingness to Serve in Offi-
cial Posts at Court House

Four more aspirants for county office—three democrats and one republican—filed formal nominations at the hands of their respective parties, making the score 5 to 4 with the democrats on the long end. Thus far no contests for nominations have developed in either camp.

A. J. Meyers, 205 Sixth avenue east was the solitary republican filing Thursday. He announced his candidacy for the republican nomination for prosecuting attorney. He is a practicing attorney and with the exception of his absence while he served in the navy during the world war, he has been a resident of Twin Falls for about eight years.

Democrats in Ring

Democrats who announced their candidacies Thursday were Edwin A. Landon, 220 Fourth avenue east, for county auditor, recorder and ex-officio clerk of the district clerk; James Fitzgerald, 125 Lincoln street, for county commissioner from the second district, and John E. Davies, 421 Main avenue west, for probate judge.

Mr. Landon has heretofore served as deputy auditor and deputy assessor, and was a year ago elected Twin Falls city treasurer, from which position he resigned to engage in the milling and grain business. He served as a volunteer in the Spanish-American war, was first lieutenant of the Bull unit of the old Second Idaho regiment, and during the world war was commissioned as a captain of the quartermaster corps.

Mr. Fitzgerald is a pioneer resident of the Twin Falls country, having operated a farm and nursery in the vicinity of Elmer in the early days. He was a candidate six years ago for the state legislature and is serving now as treasurer of the Twin Falls board of education.

Judge Davies was a candidate in 1908 for state senator from Twin Falls county. He is a practicing attorney and has served as prosecuting attorney and Twin Falls city attorney.

Previous Filings

Candidates who filed prior to Thursday were Sheriff E. R. Sherman; Mr. Emma Longley Warren, county treasurer and C. O. Higgins, county auditor, recorder and ex-officio clerk of the district clerk, all republicans and candidates for re-election.

The democrats previously filed were P. H. Crow, Twin Falls, for county treasurer, and O. W. Witham, Twin Falls for prosecuting attorney.

BRING CHASSIS OVERLAND FOR MEETING OF DEALERS

Ford Distributors of This District to See Demonstration of New Car

Driving a Lincoln chassis through from Idaho Falls, a distance of 180 miles, in six hours running time, V. H. Beckman, 842 Lake, Lincoln service man, and Hale H. Young, manager of the Ford Motor company's branch house at Salt Lake, arrived Thursday afternoon to attend a meeting here Friday of Ford dealers of this district in which the Lincoln chassis is to play a prominent part.

The chassis was driven in spurts at the rate of 25 miles an hour without a bump or jolt to discomfort the driver and his passenger. Road conditions were pronounced good with the exception of a stretch between Hansen and Burley where the Burley highway district has graveling operations under way. The start from Idaho Falls was made at 8 o'clock and at a half hour each were made at Pocatello, Aberdeen and Burley, with an hour out for dinner at American Falls. Arrival here was made at 4:30 p. m.

The chassis will be displayed and demonstrated for the Ford dealers Friday afternoon at the Western Auto company's establishment, by Mr. Young and by Mr. Erickman, who has just returned after a month's course of instruction at the Lincoln factory, lately acquired by Henry Ford.

The Ford men will close the day with a banquet in the evening. Dealers are expected from Rupert, Burley, Oukley, Jerome, Gooding, Wendell, Hailey, Fairfield, Filer and Buhl.

The Home of the Soul

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.

THIRD PARTY LEADERS IN COUNTY CERTIFIED

Frank Woodruff and Harry Kinsey Named as Head of "Progressives" Here

Certification of the election at a public meeting in Twin Falls of Frank Woodruff as chairman and Harry Kinsey as secretary of the county central committee of the "Progressive" party, in Twin Falls county, was received on Thursday at the office of the county recorder here from headquarters of the organization at Boise. Request was made in this connection that the names Woodruff and Kinsey be filed "as the official head of the party in your county". The certification bore the names of Frank Johnase, chairman, and Dow Dunning, secretary, of the state organization.

Mrs. Peter Ericson and Mrs. Mary Kelly entertained at a delightful dinner Thursday at the country home of Mrs. Ericson near Filer. The party consisted of four and dinner was served at 12:30. Mrs. A. V. Peterson, Mrs. C. H. Buhl, was a guest and brought with her a profusion of beautiful roses which were placed about the rooms. The guest list from Twin Falls included Mrs. B. E. Bohler, Mrs. Charles Neely and mother, Mrs. D. L. Hill, Mrs. H. P. Burger, Mrs. Ernest White, Mrs. C. H. Barton, Mrs. Paul Taber, Mrs. H. O. Milner, Mrs. J. Paul Johnston, Mrs. M. L. House, Mrs. T. A. Reed, Mrs. G. W. Shout, Mrs. James Wise, Mrs. May Mickelwalte, Mrs. Albert Benoit and Mrs. C. B. Channell. After dinner bridge was enjoyed. Mr. Burger winning the prize for highest score, and Mrs. M. L. House who is leaving soon for California, was presented with a guest prize.

Mrs. Thomas Rowberry was hostess Tuesday evening to the Harmony club. Bridge was the diversion and Mrs. M. O. Conover won the club favor. Dainty refreshments were served at the close of the evening. Mrs. R. M. Strowbridge was a guest and the members present were Mrs. H. P. Burger, Mrs. M. L. House, Mrs. J. A. Campbell, Mrs. Ernest White, Mrs. E. B. Bohler and Mrs. M. O. Conover.

The ladies of the Presbyterians Missionary society motored to the country home of Mrs. J. M. Spackman Thursday afternoon for their regular meeting. A brief business session was held with the president, Mrs. G. M. Hall, presiding. Mrs. D. R. Church led the devotionals. Mrs. D. F. Ratcliff assisted by Mrs. George Crater was in charge of the study book. A pleasant social hour followed and Mrs. Spackman assisted by Mrs. D. F. Sweet, Mrs. M. E. Gamble, Mrs. George Caldwell and Ed. D. Barnhart served delicious refreshments. There was a good attendance.

Mrs. Wendell J. Allen entertained six little folks Thursday afternoon in honor of the second birthday anniversary of her small daughter, Gloria Ann. Games were played on the lawn followed by refreshments served at a table having for a centerpiece a bowl of Shasta daisies. Crystal candlesticks held yellow candles and yellow nut cups in the form of a star, filled with candies were placed on each cover. The white birthday cake was surmounted with two yellow candles. Upon being seated each child received a paper hat as a favor. A fish pond was enjoyed, the little girls each receiving a doll and the little boys a horn, both of which were tied with yellow ribbons. The guests were Elizabeth Bracken, Helen Jean Alexander, Asher R. Wilson, Jr., Charles Macaulay, Jr. and Edward Louis Benoit. Mrs. Allen was assisted by Mrs. Merdin Batley.

Mrs. Ben J. Brown entertained the Thursday Kensington on Wednesday of this week at her home on Eleventh avenue east. A general social time, with conversation and most delicious refreshments, contributed to a pleasant afternoon.

Mrs. E. R. Heinicke was hostess this week to the Thursday Bridge club which met on Tuesday evening.

HOW TO BE HATED

Old Ed Howe, the Kansas woe man, used to tell the readers of his paper, the Atchison Globe, that the meanest man in Atchison always made his family wait until the January sales to buy their Christmas presents.

A man in Indiana, it is said, used to refuse to let his wife pick the apples for her own use. "John," she would remonstrate, "there aren't any of the half-rotten ones left."

"Then wait until some rot," this mean old fellow would snap back at her. "We're too poor to eat the good ones."

How everybody does despise a mean old cuss like those fellows! Women will send flowers to the jail to block the cell of a murderer, a thief may be given another chance, but when a person is just ornery and mean, there's not much sympathy for him anywhere.

What's the reason? Why, it is that we are all idealists. The rapacious old humbugs of the old days who acquired a million or so by more or less shady methods, found that after all the best use to which they could put their money was the service of mankind. We can forgive almost anything in our fellow-creatures but smallness of soul.

Every man and woman who really wants the good opinion of the neighbors, hasn't such a hard chore to perform after all. No one needs to possess the entire calendar of virtues. Just generosity, that's all. Just a little human kindness in one's make-up will make other folk overlook the faults.

DELAYING THE TARIFF

The delay to which the tariff bill is being subjected in the senate is inexcusable. At the rate the bill is progressing to the voting stage it will be many more months before it is enacted. After having held Democratic filibusters largely responsible for the unreasonable delay, Republicans, including the chairman having it in charge, now want to sidetrack the tariff bill. The country has been waiting more than a year for congress to speed up and let it know where it is to stand with respect to import taxes.

If a referendum could be had on the question and a free vote obtained, it is practically certain, that an overwhelming majority of the voters of the United States would sustain the position of President Harding regarding the greater importance of the tariff bill and his contention that it is worthy of the undivided attention of the senate. No other measure is so urgent. The tariff affects everybody while other legislation affects only a part of the people. The senate should stick to its tariff knitting.

TO KEEP PHYSICALLY FIT

Every individual should have a thorough physical examination made by a physician at regular intervals, says General Sawyer, physician to President Harding, ordering advice given before, but which cannot be reiterated too often.

When this practice is commonly adopted, Dr. Sawyer believes business men will direct their affairs in line with their physician's advice. The physician of the future, he believes, will be paid "for keeping clients well rather than for caring for them when they are sick." Under the system he advocates the word "client" instead of "patient" would seem to be decidedly the proper one to use. Writers about China have told us that physicians in the Flowery Kingdom operated on that plan long ago, but then China has a habit of coming forward every little while and claiming to have invented things and done much which has been considered quite modern.

MULLAN MINER IS KILLED

Ed Lake Victim of Accident; Partner in Hospital Following Accident as Gold Miner

MULLAN, Idaho, (AP)—Ed Lake, 40, miner, is dead, and his partner, William McCullough, in a hospital at Wallace, Idaho, as the result of an accident in the Gold Hunter mine near here Wednesday. Asphyxiation is believed to have caused Lake's death.

Details of the mishap were lacking Wednesday night. The men were working one of the older sections of the mine on contract, it was reported.

CALLS FOR 12 VOLUNTEERS TO SAVE BIG DAM

A. L. Swim, Acting for Canal Board, Suggests Dozen Men Can Complete Necessary Work for Giant Project

Twelve persons, each volunteering to secure signatures of owners of 1000 acres of lands under the Twin Falls canal system to petitions for the proposed Snake River irrigation district, can save the situation for the American Falls project within the next three days. This is the statement and suggestion made last evening by Arthur L. Swim, chairman of the Twin Falls Chamber of Commerce reclamation bureau, who has been requested by the canal company directors to assist in the circulation of petitions for this purpose.

Work Done Elsewhere

Mr. Swim pointed out that every other project in the proposed big district has completed circulation of petitions and it remains alone for the Twin Falls project to complete this work to place the undertaking on a footing where the water and electric steps may be taken toward actual construction of the giant reservoir. There remain to be signed up in this district approximately 15,000 acres out of a total of about 60,000 acres representing one-fourth of the land under the Twin Falls canal system.

Could Finish in Short Order

"Twelve men could complete this work by the end of the week," said Mr. Swim last evening. "All that is required is that each of these men should determine to sign up 1000 acres and keep at it until his job is finished. It might take him only a few hours, but the territory has hardly been touched and the task ought certainly to be completed by Saturday evening. I have myself been most successful in signing up landowners simply as I have met them on the streets here. Twelve men can save the situation in short order."

PUBLICITY WILL SPREAD GOSPEL

Episcopal Church Believes Advertising Best Method to Apply Christian Principles

NEW YORK, (AP)—Newspaper advertising to further the spread of the gospel is strongly advocated by the publicity department of the Episcopal church, which has brought out its recommendations, after a thorough study of the question of advertising, in a pamphlet, entitled "A Handbook of Church Publicity," issued under the authorization of the National Council of the church.

"No one can look at the newspapers and magazines and doubt that it pays to advertise," said the Rev. Robert F. Gibson, executive secretary of the publicity department, and author of the text book. "Why should not this method of such proven efficiency be used for the propagation of the gospel? Advertising is not necessarily sensational. It merely seems to be so because we are not accustomed to it for church purposes."

One of the striking features of the book is Mr. Gibson's strong advocacy of the fullest use by the churches of the advertising columns of the daily press not only for mere church notices, but for "preaching the Gospel" through the papers.

Narrow View of Advertising.

"We have thought of publicity in the newspapers as merely a method of giving public notice of a service or a meeting, or of making public the account of something that has taken place," says Mr. Gibson. "We have thought too much of building up the attendance at a service or of exploiting persons or organizations. We are only beginning to think of church publicity in the public press as evangelistic in purpose. The newspapers themselves are really far ahead of the churches in their recognition of this evangelistic opportunity. Many editors are convinced that the problems of the world will never be solved rightly until Christian principles are applied and that therefore it is one of the functions of the public press to present and apply Christian principles."

"Advertising with an evangelistic purpose," says Mr. Gibson, "where the aim is to reach the unchurched, must be in the newspapers." Mr. Gibson suggests a form of advertising to churches which will take the shape of a miniature sermon, "briefly interpreting some passage of scripture or briefly applying some Christian principle." Sermonettes of a hundred words in length, with the name of the preacher and his church appended, are also recommended. Mr. Gibson's conclusions and recommendations are the outcome of a resolution adopted by the national council at its Washington meeting last July. Church promotion by radio, moving pictures, posters, etc., is also considered in the handbook.

Vases

The vases which we now use for flowers are a survival of the ancient days of Grecian conviviality, when the wealthier people had wine cups of every conceivable size and form. The original name of these cups was "vase," and designers used them to produce intricate designs. With the passing of the great feast, the vases were used for ornamental purposes. The flowers were added to decorate the vase.

Mr. Smith Was to Come Off. One Sunday evening I was out with my best friend. We first went to the show and then for a walk. When we were about three blocks from his home we met his father. My beau tried to hide, but his father saw him and took him home. I followed, and when they came to his house, I stood there and listened to him yelling. The next day at school I made fun of him, but he only smiled and said sweetly that mine was coming, because his father had told my father.—Chicago Journal.

JEROME

JEROME.—The Jerome Civic club luncheon was held at the clubhouse on last Tuesday afternoon. Sixty members were present and a delicious three-course luncheon was most successfully carried out, with music and toasts. Hand-decorated programs and daily place cards were at each plate. This rose luncheon is an annual affair in Jerome and greatly looked forward to. Little Kewpie Bennett was hostess to a number of little friends to help celebrate her sixteenth birthday on last Monday. There were 20 children present.

Dick Brower returned to Jerome for the summer after having completed his second year at the university at Boulder, Colo.

Mrs. William Peters left last Sunday for Pratt, Kans., where she will spend the summer.

Mrs. Kenneth Bennett has returned to her home in Kimberly after an extended visit with friends in Jerome.

Mrs. Thelma Jaycox left suddenly for Chicago last week, having been called there by the sudden illness of Mr. Jaycox. Mr. Jaycox left for his vacation several days previous and was taken ill and operated on. At last word he was doing nicely. Mr. Jaycox is postmaster at Jerome.

Miss Mary Langer delightedly entertained the Buck Bee club of Sugar Loaf valley on last Thursday afternoon. Three new members were taken in.

Mrs. Arthur Bird of Falls City is recovering after several weeks illness with pneumonia.

Dr. and Mrs. L. G. Phillips are on a vacation and are touring Yellowstone National park.

Mr. and Mrs. Larson of Twin Falls spent last Sunday at the Lewis Linn north of Jerome.

BETTER LAWS AGAINST DOGS NEEDED TO PROTECT SHEEP

Although 48 states have dog laws designed to protect sheep, many of them are so poorly planned or so poorly enforced that dogs still do much damage to flocks, especially in the farming states where flocks are small and dogs are plentiful. There is need for improvement in these laws, but, says the

United States department of agriculture, a poor law that is enforced with energy may produce better results in sheep conservation than a much better law that is half-heartedly enforced.

Dogs keep many men from going into the sheep business, which is probably a greater setback to the industry than the actual damage done by them.

BANK OFFICIALS ARE SUMMONED BY GRAND JURY

Financiers in New York, Philadelphia, New Orleans and Jacksonville to be Quizzed as to Government Transactions

WASHINGTON, (AP)—Subpoenas have been sent out by the special war finance grand jury to officials of leading banking corporations in New York, Philadelphia, New Orleans and Jacksonville, Fla., it became known Wednesday, requiring their appearance in connection with the investigation of the contract under which the government disposed of its surplus lumber after the war.

Data also was ordered produced which would throw light on dealings of Charles Phillips, Jr., "the J. L. Phillips company" and John Stephens of the Phillips & Stephens company. It was learned authoritatively Wednesday that the grand jury has been inquiring into the activities of other directors of both firms.

To Appear Thursday. Those subpoenaed were instructed to be present before the grand jury Thursday and during the first three days of next week. It was said the grand jury would have completed its consideration of the Phillips case by next Thursday and that its findings would be at once handed down.

Heads of the banking firms and their cashiers were ordered to produce all records of transactions made by or involving J. L. Phillips, chairman of the Georgia state republican committee, who is at liberty on \$25,000 bail under charges of conspiracy to defraud the government through the lumber contracts.

TWO ARE ARRESTED FOR ATTEMPTED BLACKMAIL

Mayor Boyle of Mills, Wyoming, Center of Tangled Skein of Letter Writing

CASPER, Wyo., (AP)—Mr. and Mrs. W. K. McCane, of Mills, a town near Casper, were arrested Wednesday night on charges of attempting to blackmail Mayor Boyle of Mills.

Sheriff Marquis also said he was endeavoring to ascertain if the couple had any connection with letters recently received by the town marshal whose house was burned a few days after he received the letters. The communications were signed "K. K. K." and threatened destruction of his home. One of the letters to the marshal warned him to leave town within 48 hours, or "top you good."

The day after the marshal's house was burned, Mayor Boyle received a note signed "K. K. K." and declaring that he had seven other prominent residents of Mills were next.

Mayor Boyle recently received a letter in which a heavy mortgage on the McCane property was mentioned. The letter was signed "Finance Bureau."

Officials say that shortly before this letter was received the voters of Mills approved the issue of bonds for building a waterworks.

FIX WINS SCHOLARSHIP AT SWARTHMORE COLLEGE

Twin Falls High School Boy Forges to Front in National Wide Competition

SWARTHMORE COLLEGE, Swarthmore, Pa.,—Clifford E. Fix, a boy from Twin Falls high school, is one of the winners in the nation-wide competition for five open scholarships for Swarthmore college. He won an award of \$400 per year for each of his four years at college. The other winners are Herbert E. Cliff of Stroudsburg, Pa.; Robert C. Enlow of Evansville, Ind.; Willard P. Howard of Rahway, New Jersey; and Richard M. Perdue of Ottumwa, Iowa.

These scholarships are the largest of their kind in the country and attract a great number of applicants. Offered by an old friend of the college who does not choose to reveal his name, they are modeled after the Rhodes scholarships in England. The winner must show exceptionally fine traits of leadership, scholarship and physical vigor.

At the Twin Falls high school, Clifford Fix was a scholar leader as well as being a member of the student council for three years and captain of the debating team. He won honors as a four-minute speaker, was a member of the dramatic club and prominent in student government affairs. In athletics he was a three letter man, playing on the football, baseball and has ket ball teams.

GRAIN OUTLOOK IS FAVORABLE

Crop Ripens Rapidly in Winter Wheat Belt But General Prospects Are Good

WASHINGTON, (AP)—Generally favorable conditions for the harvesting of grain and hay and for the cultivation of crops, except in some northern and north-central states were reported Wednesday by the weather bureau in its weekly weather and crop review for the week ending Tuesday. The winter wheat belt had unseasonable temperatures, the review said, the result being that the crop ripened rapidly. The weather was too hot in Kansas and the grain in that northern state was ripening prematurely and shriveling. Harvest was in progress at the close of the week northward to Maryland, Central Indiana, Central Missouri and in the eastern half of Kansas.

Spring wheat continued to make satisfactory progress in all sections of the belt under favorable weather conditions. Moisture was sufficient to cause further improvement in southeastern South Dakota. The crop was described as in excellent condition in North Dakota and looking well in Montana.

Corn made good growth in most sections during the week.

FIRE DESTROYS LAUNDRY WITH HEAVY DAMAGE

Blaze Originating in the Boiler Room Takes Entire Building and Adjoining Structures in Denver

DENVER, (AP)—Damage estimated at \$75,000 was caused by fire which broke out in the boiler room of the Westminster Laundry shortly after 6 o'clock Wednesday night gutting the building and burning portions of adjoining structures. Many roomers in a hotel near the laundry fled with their arms filled with belongings as the flames fanned by a high wind threatened to destroy the entire block.

A watchman discovered the blaze and gave the alarm. Within ten minutes the smoke from a steel brick structure was enveloped in flames and the fire was spreading to adjoining buildings. The explosion of two large steam boilers in the rear of the laundry ripped away the back part of the roof and caved in the rear wall. Although hampered by escaping steam and huge volumes of smoke which poured from the structure, firemen succeeded in getting the blaze under control within 15 minutes after they arrived.

Moonshine Raid Ends in Double Murder of Sheriff and Minister

Oregon Rancher Takes Two Lives, Bids Wife Goodbye and Commits Suicide

ALBANY, Ore., (AP)—David F. West, 70, a farmer, shot and killed C. M. Kendall, sheriff of Linn county, and Rev. Roy Healy, pastor of the First Christian church here, at West's farm home near Plainview Wednesday, where they had gone to look for an illicit still concerning which a sheriff had received information.

Relatives of West telephoned out the news of what had transpired after a few hours and a posse of officers and citizens gathered and surrounded the house.

West thereupon bade his wife a goodbye, which he said he would be his last, sent her to the home of a neighbor and then shot and killed himself.

The Home of the Soul.

In olden times, it was believed that the seat of the soul was the stomach, and for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Colic, Cholera and Diarrhoea Remedy. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter—Adv.

BRITISH GOVERNMENT IS DEFEATED SECOND TIME

Incident Not Expected to Result in Resignation but Will Have Political Effect

LONDON, (AP)—The government Wednesday met with defeat in the house of lords on its Palestine mandate policy. By a vote of 60 to 29, the house decided on a postponement of the Palestine mandate in order to bring it into relation with the government's pledges to the people of Palestine.

The motion for a postponement was made by Lord Illingston, and it was carried after a strong speech in defense of the government's position by the Earl of Balfour. The motion of Lord Illingston declared the mandate inacceptable in its present form because it directly violated the government's pledges. Therefore its acceptance by the council of the league of nations should be postponed until modifications were proposed in it in accordance with the government's promises.

The defeat is not expected to involve the resignation of the government but it is considered as damaging to the government's political credit, coming as it does after similar incidents in both houses of parliament. It probably will have some influence on the government's subsequent policy.

Knows Not Happiness.

Some persons I know estimate happiness by fine houses, gardens and parlors—others by pictures, horses, money and various things wholly remote from their own species; but when I wish to ascertain the real felicity of any rational man, I always inquire how he is loved. If I find he has nobody, or does not love those he has, even in the midst of all his profusion of finery and grandeur, I pronounce him a being in deep adversity.—Mrs. Inchbold.

SECOND FLOOD STAGE STARTS

Many Texas Towns Threatened by New Rise in Waters of Rio Grande River

BROWNSVILLE, Texas, (AP)—A second, and more threatening flood stage in the Rio Grande, which had its origin in the country above Eagle Pass a few days ago, began to develop at Rio Grande city, at the head of the lower Rio Grande valley, Wednesday afternoon. It is expected to reach Mission in about 20 hours.

Meanwhile, the crest of the first rise, which originated in the Monterrey, Mexico, section and flowed into the Rio Grande through the San Juan and Salado rivers of Mexico, between Rio Grande city and Zapata, Texas, is passing the populated sections of the lower valley between Mission and Brownsville. It is rapidly approaching the Gulf of Mexico.

River Rising Rapidly. Latest advices from Rio Grande city said that the river was rising there at the rate of six inches an hour and at that time a stage of 25.5 feet was reported, or about two feet under the first rise of a maximum of 27.6 feet, attained Sunday.

Home, Texas, reported the river there was rising rapidly. New outcrops that are being forced constantly by the first rise are expected to mitigate the seriousness of the second rise, but towns which were waterborne in the earlier flood, are reported preparing to face even more serious conditions when the approaching rise appears.
